STAMPEDE CAUSES DEATH OF CHILDREN

Panic at Entertainment. Results Fatally for Sixteen Children—Many Injured.

Barnsley, Yorkshire, England, Jan. 12.—Sixteen children were trampled to death and 40 others, some of whom cannot live, were injured in a mad rush for better seats at an entertainment given in the public hall here this afternoon. There was a great crush to secure admittance to the entertainment, and, when the show opened, every seat was taken, and the gallery was literally packed with children, who filled the aisles and were dangerously massed against the lower railing. With a view to relieving the crush, the attendants attempted to transfer some of the children to the body of the house, and one of the ushers called out: "Some of you children come downstairs." Immediately the youngsters stampeded and, within a few seconds, hundreds of children were being trampled under foot. Even those who had seats in the gallery, doubtless being panic-stricken by the screams and struggles of the crowds fighting to reach the staircase, joined in the stampede.

The scene was a terrible one, the cries of the injured and the moans of the dying causing the greatest excitement among those gathered in the body of the hall. Police and ushers rushed to the head of the staircase, which was strewn with dead and dying and, by the most desperate efforts, managed to drag scores of the struggling children to the corridors below.

It was with the greatest difficulty that a panic among the children in the lower part of the house was averted, all of them eventually being taken to the streets in safety.

When the reserve police arrived, they found the narrow stairway practically blocked with bodies, which were crushed in some cases almost beyond recognition. Scores of children were forced by the pressure from the crowd to scramble over the fallen, whether living or dead, and many of the injured children were found later to be suffering from fractured bones and severe lacerations, caused by the indescribable manner in which they had been trampled upon.

Soon after the accident the approaches to the hall were crowded with sobbing women, searching for their missing children.

RUBBER TUBE GAVE MAN PAIN IN CHEST

Red Lodge, Mont., Jan. 12.—A local surgeon, who has performed an operation on Charles Joakinen, a young Finnish miner, for the removal of the cause of pain in his chest, found in the cavity left by a previous operation two pieces of rubber tubing four and five inches long, respectively. To one was attached a safety pin, badly rusted. The rubber tubing was nearly a half inch in diameter. The foreign substances had been left in the wound when New York surgeons sewed it up following an operation several months ago. Joakinen is recovering.

To Overthrow the "Sick Man."

Paris, Jan. 12.—Representatives of the different peoples who are being oppressed by Turkey, including the young Greeks, Armenians, Greeks, Bulgarians, Albanians, Kurds, Jews and Arabs, held a secret congress in the city today. It was unanimously decided to organize in common action to overthrow the present Turkish government, and for the substitution of a liberal constitutional regime. The basis of this revolutionary program was not published.

FINED.

Light Weight Loaves of Bread Bring Trouble to Bakers.

Toronto, Jan. 11.—For selling loaves of bread one ounce or more lighter than the proper weight prescribed by the city by-law, the Borthwick Baking Co. was fined $30 and G. Lawrence $20, by Magistrate Kingsford in police court. The hearing of several other cases was adjourned.

The prosecutions are the result of an agitation to compel bakers to sell bread by weight only.

Linotypes in the Vatican.

Rome, Jan. 12.—Following the installation of electric lighting and heating apparatus, the Vatican has now installed linotypes in the papal printing house. Cardinal Merry Del Val assisted in the work of placing the new machines, and is now giving them his personal attention.

BIGGEST FINE MAY BE DECLARED INVALID

Standard Oil Fighting Hard to Escape Paying Over $29,240,000 to State.

Chicago, Jan. 11.—Attorneys for the Standard Oil Co. today filed a petition in the United States circuit court of appeals, asking that body to certify to the supreme court of the United States an allegation as to the validity of the Elkins law, under which the oil company was indicted, convicted and fined $29,240,000 for rebating. The step is taken in pursuance of the appeal filed by the company against the big fine.

It is contended by the company's attorneys that the Elkins law was repealed by the passage of the Hepburn bill in 1906. The same contention has been advanced in an appeal to the supreme court by the Great Northern Railway Co., which appeal is now pending. The Standard Oil Co.'s petition seeks to have the question certified in the oil case so that it may be decided when the Great Northern case is settled.

Should the Elkins law be declared invalid all indictments against the corporation would be rendered void, as would also the fine of $29,240,000.

NEWSIES STRIP BADGES FROM POLICEMEN'S COATS

Boston, Mass., Jan. 12.—Three officers were assaulted and stripped of their badges and hats, and one officer and a bystander so badly injured that they had to be taken to the emergency hospital last night, in an attack made on the police by two hundred newsboys, in front of the Boston "American" newspaper office. Three of the newsboys were placed under arrest, and another disturbance followed when the officers tried to get the arrested youths to the police station.

The trouble was an incident in a strike of Union newsboys called last Tuesday against a local newspaper, which it is claimed has raised the price of the paper to the newsboys. Since Wednesday the Union newsboys have refused to handle the paper. There was little trouble until today, however, when the paper found non-union boys to take out the paper.

Nashville, Tenn., Jan. 10.—Captain Daniel Ellis, the celebrated Union scout of East Tennessee, is dead at his home near Elizabethton, 70 years old. During the Civil war the Confederacy set a price on his head.

MAYOR WILL DELIVER ANNUAL ADDRESS

Review of Past Year's Work and Future Plans Subject of Speech to Council.

Following the precedent set several years ago by J. C. Brown when he was chief magistrate of the city, Mayor W. H. Keary will this evening deliver an address to the aldermen assembled in council. He will not only give a resume of what has been accomplished by the 1907 council, but will also to a certain extent present his plans for the future, laying particular stress upon the necessity of expansion. Mr. Keary will deal at some length with the proposed advertising campaign which will be instituted shortly, a meeting to formally launch the same having been called to take place in the board of trade room on Wednesday evening of this week. The mayor's address covers several closely typewritten pages, but will not be published until after it has been delivered this evening.

A number of accounts, financial statements, reports, etc., will also be presented to the council. Neatly printed booklets, dealing with the duties of civic representatives, will be distributed to the members of the aldermanic board, who will requested to familiarize themselves with the rules of procedure in order to avoid the manifold pitfalls which sometimes beset the paths of city aldermen.

Under the head of reports, the mayor will give an account of the meeting of the executive of B. C. municipalities, which he attended on Saturday afternoon at Surrey Centre.

THIEF ARRESTED WHEN PREPARING TO BOARD TRAIN

Prompt and efficient was the response to Sergeant Geiser of the city police force last night, when in answer to a call he laid by the heels William James Barterden, self confessed thief of a sum of money in Vancouver.

Mrs. McKillop, of the Columbia street candy store, yesterday visited her mother in Vancouver, Mrs. Anna Frost, who runs a boarding house at 667 Cambie street. The prisoner was a dish washer at the boarding house and while in his presence Mr. Frost handed her daughter a satchel containing $70 to be placed in the bank for her grandchildren. The satchel at the time was placed on a shelf, but a short time later was found empty. Simultaneously the dishwasher was found to be missing. The Vancouver police were at once notified and a plain clothes man was sent to the house. He instructed the proprietress to notify the New Westminster police on the chance that the man had endeavored to leave the country through this city. Mrs. McKillop immediately left for her home and called up Sergeant Geiser. The sergeant with Officer Bourke hastened to the G. N. R. depot where they found a man answering the description given nervously pacing the platform. Upon the approach of the officers, Barterden increased his pace, but immediately he found that he was cornered confessed to the theft and gave up the money. The Vancouver police have been notified and will take charge of the prisoner.

JAMESTOWN EXHIBIT WANTED FOR THE A. Y. P.

Washington, Jan. 12.—Henry E. Reid, who is here in the interest of Alaska-Yukon-Pacific exposition, returned today from Jamestown exposition, where he went to arrange to have several of the exhibits kept intact for shipment to Seattle. He and Governor McGraw today called upon Assistant Secretary of the Treasury Edwards to ask that he have the treasury department exhibit kept boxed for ninety days, during which time they hoped to secure authorization for forwarding west.

Mr. Edwards, however, said he could not do so without an order from the president. Senator Piles conferred with Mr. Roosevelt on the matter later in the day, and the president promised to send for Mr. Edwards and see what could be done.

HALIBUT GROUNDS ARE DEPLETED BY ALIENS

Americans Took 40,000,000 Pounds of Fish From B.C. Waters in 1907.

Victoria, B. C., Jan. 11.—In a report to the Ottawa government, Capt. Newcomb, of the fishery protection cruiser Kestrel, asks that a modern cruiser, like the Canada, on the Atlantic coast, with a speed of 20 to 22 knots, and two smaller boats of 18 knots speed, be commissioned as soon as possible to protect the British Columbian fisheries.

He gives as reasons that halibut grounds of British Columbia are being depleted by American fishermen, fishing vessels which, he says, took nearly 40,000,000 pounds of halibut last year from provincial waters. He says that the American fishermen clean their catches in British Columbia harbors and asks that fast motor launches be supplied the cruisers to prevent this practice.

The Kaiser's Health.

Darmstadt, Jan. 12.—The "Darmstadter Zeitung," an official organ of the government publishes a letter from Berlin, contradicting recent reports appearing in German foreign newspapers that the emperor's catarrhal trouble was not benefited by his trip to England, and that his health latterly had shown no signs of improvement. The writer of the letter says that there is no foundation whatever for these reports, but quite to the contrary. The emperor, he says, frequents the theatres more than usual, following the plays with the liveliest interest.

SUFFRAGETTE LOOKS FOR RESULTS IN FIVE YEARS

New York, Jan. 11.—After a visit to this country, to investigate the movement for women's suffrage, Mrs. Cobden Sanderson, the English "suffragette," sailed for home today in the steamship Lusitania. Mrs. Sanderson said:

"My trip to America has shown me that the best women in America are making valiant efforts in the movement for women's suffrage. By the best women, I mean the women of the working classes. I do not mean the women of the upper classes, because the latter are indifferent to work. The labor organizations, too, are beginning to help. With the labor organizations united in the work, nothing can stop the "suffragettists."

Mrs. Cobden Sanderson concluded that in England woman suffrage would be an accomplished fact in five years.

Grand Forks Election Excitement.

Grand Forks, B. C., Jan. 12.—At Grand Forks election matters are boiling, the principal interest being in the aldermanic election. The following names have been submitted for aldermen: James McArdle, George Rutherford, Fred Clarks, F. L. McCaldum, H. E. Woodland, Frank Miller, James Hardy, Sam Horner, William Miller and Neil Matherson. Only six of the total number can be elected. G. M. Fripp will be elected mayor by acclamation. He is the unanimous choice of the ratepayers. Excitement runs high and those interested have practically suspended all other business.

GETS $5,100,000 IN ACTUAL GOLD COIN

Seattle, Jan. 12.—According to a statement made yesterday by C. E. Vilas, in charge of the local United States assay office, the government has shipped to Seattle for use of the assay office alone $5,100,000 in actual gold coin between July 1 and January 1. This coin was for the purpose of paying for the dust deposited in the assay office. The bulk of this sum of money was deposited in the Seattle banks by the owners, and is said by bankers to have been one of the most important aids in keeping the bank reserves at such an exceptionally high figure.

Police Magistrate Corbould will this morning listen to the tale of woe of a Siwash, who was arrested yesterday night by Officer Johnston, and charged with being in a state of intoxication.

ANNOYED.

All Shareholders of "Times" Stock Not Favorable to Transfer.

London, Jan. 12.—It is stated that serious litigation is threatened in connection with the sale of the London "Times," to which many of these having financial interests in the paper are strongly opposed.

The sale of the "Times" to Mr. C. Arthur Pearson, and others associated with him, was announced on January 6.

Walter J. Hill Weds.

St. Paul, Jan. 11.—Walter J. Hill, third son of James J. Hill, chairman of the Great Northern road board of directors, and Miss Dorothy Barrows, a well known St. Paul society girl, were married at the home of the bride's parents here late this afternoon.

BURNS RESULT IN DEATH OF WOMAN

While Lighting Fire With Coal Oil, Miss Susan Hagen Receives Fatal Injury

Vancouver, Jan. 12.—Miss Susan Hagen, an unmarried woman, [illegible] years of age, was fatally burned by the explosion of a coal oil can when she was attempting to light a fire in the stove in the front hall of No. 720 Hamilton street about 3 o'clock yesterday afternoon. She died after terrible sufferings shortly after 9 p.m.

Miss Hagen placed some wood in the stove and it is thought she had lighted the fire when she commenced to pour out some coal oil from a small can. The can suddenly burst, and the flames caught Miss Hagen's dress. Neighbors quickly went to her assistance and carried her into the store next door. The unfortunate girl was terribly injured, her hair and eyebrows being burned off and her features were unrecognizable.

Miss Hagen was taken to St. Paul's hospital, where she was attended by Dr. McKenzie. The unfortunate young lady was keeping house for Mr. and Mrs. Ross Howard, who are at present visiting in the east. Robert Howard, a brother of Ross Howard, is employed by the C. P. R. here.

BRUTAL TREATMENT DRIVES WOMAN CRAZY

Everett, Jan. 12.—Prosecuting Attorney Eveland today ordered the arrest of Marshal W. E. Hayden, of Sultan. The Sultan marshal is charged with handcuffing Mrs. Fred Summerfelt, of Sultan, the action causing a temporary derangement of the woman's mind.

The circumstances leading to Marshal Hayden's action were brought about by Mrs. Summerfelt's 12-year-old son. He had returned from school crying because he had failed to pass examination and his mother told him to get his books, that he need not attend school. The boy's absence caused the principal to send Marshal Hayden after him.

A controversy between the officer and the boy's mother followed and the marshal seized her and handcuffed her. She was so affected by the officer's treatment that she was seen straying without shoes, stockings or hat along the road between Sultan and Monroe early this morning. Later today she had not been found and her friends fear for her.

Memorial services were conducted yesterday by Rev. A. DeB. Owen, in St. Paul's Reformed Episcopal church in memory of the late Benjamin Burr.

WAR WOULD DRIVE OFF MARKETS OF JAPAN

Italian Statesman Sees Inevitable Clash Coming; Is Appalled at Probable Result

Rome, Jan. 11.—Deputy Nitti, a prominent politician and sociologist, in an article discussing the relations existing between the United States and Japan, and a possible situation which may arise between Japan and Great Britain, said that a war between the United States and Japan would be of great danger to Europe, but would prove a frightful disaster to Japan, which, even if victorious, would be suffocated by poverty by losing her chief commercial market, the United States.

Still, argues Deputy Nitti, with a dense population, surpassing that of Italy, and with an annual birth-rate of half a million over her death-rate, Japan requires emigration in order to live. If the United States refuses to permit Japanese immigration, he says, Japan must follow the fatal road toward the Philippines as the first step towards Australia and New Zealand, and sooner or later that towards Mongolian conquest.

TACOMA BANKS RETIRING CLEARING HOUSE PAPER

Tacoma, Jan. 12.—Banks here are retiring clearing house certificates as rapidly as they get hold of them and cheques are paid in coin or currency. All told the banks issued $500,000 in certificates, but, according to P. C. Kauffman, a prominent banker of the city, and also secretary of the State Bankers' association, at no time was there more than $200,000 in certificates outside of the banks and this amount is now being abridged daily.

Several sawmills along the line of the Tacoma Eastern railroad have announced that they will begin operating within the next two weeks.

R. N. M. P. Recruiting.

Dawson, Jan. 11.—The Royal Northwest mounted police are recruiting heavily in the Northwest Territories. Major Routledge, formerly Captain Routledge, for years in the Yukon, is recruiting officer for the force at Winnipeg. News of him being there in the work has been received by letter at the Dawson barracks. Sergt. Major Brooke, who was transferred from Dawson to the northwest this fall, has been granted a vacation.

Funeral of Frederick Homer.

The funeral took place yesterday afternoon of Frederick Homer, of this city, whose demise occurred recently in Seattle following a short illness. The cortege left the family residence on Third street and proceeded to the Holy Trinity cathedral, where a requiem service was held; the procession afterward continuing to the Anglican cemetery, where the last rites were performed by Rev. Shildrick. The pallbearers were W. H. Keary, W. Mathers, J. Harvey, G. Kennedy, L. Dickenson and D. Inglis.

The deceased was a son of the late J. A. R. Homer, formerly federal member for the district at Ottawa. He had been for some time purser on boats plying between Seattle and northern points and it was while returning to the former place that he contracted the illness that resulted in his death. The deceased leaves to mourn his loss a widowed mother, two brothers, T. W. and A. B. Homer, and six sisters, Mrs. R. J. Rickman, Mrs. (Dr.) R. E. Walker, Mrs. A. E. Greame and Miss Homer, all of this city; Mrs. Falding, of Rossland, and Miss Ethel Homer now visiting in Rossland.

Burnaby Municipality Issues Financial Statement

Reeve Byrne's report of the financial standing of the municipality of Burnaby for the year 1907 has been issued. The report indicates the progress of the municipality in figures which speak for themselves. More especially is this progress marked by the year's assessment of $1,611,612, as compared with $950,847 assessment in 1906, or a net gain of $660,765. The balance sheets for the year show the assets of the municipality to amount to $29,599.98, the liabilities $36,700.00, leaving a net liability of $7,100.02. The assets include cash in bank $6,042.97, arrears of taxes $8294.30, contributions for roads from owners $820.00 and a debenture sinking fund of $10,513.19. The liabilities are debentures $35,000 and estimated arrears of taxes to school board $1700. The expenditures for the year show the amount of $14,810.58 spent on roads and bridges.

Murderer of Addie Roper Is Given Life Imprisonment

Bellingham, Jan. 12.—Life imprisonment at hard labor in the state penitentiary is the sentence pronounced upon Harry Watts, convicted of killing Addie Roper, by Judge Neterer this morning.

The court briefly reviewed the arrest, detention and trial of the defendant. Judge Neterer said as the prisoner had maintained innocence of the crime that if at any time in the future it could be proved that he is not guilty of the crime that whether on or off the bench the judge would make an endeavor to make just reparation. Notice was immediately given by Noethe that an appeal would be made to the supreme court.

HOLY WAR IMMINENT IN STATE OF MOROCCO

Mulai Hafid Proclaimed Sultan of Fey—Trouble Will Start Soon.

Tangier, Jan. 12.—Mulai Hafid was on January 4 proclaimed sultan at Fez, one of the capitals of Morocco, and holy war has been declared.

Unverified reports to this effect have been in circulation for a day or two, but today official confirmation of them was received. Mulai Hafid, who some months ago was proclaimed sultan at Morocco City, was not present at Fez, and his uncle, Malai Saramini, was made vice-regent, pending his arrival there. Abd-El-Aziz, the sultan of record, was formally deposed from the sultanate.

The proclamations were issued at the principal mosques and all the Moorish formalities attending such ceremonies were scrupulously observed. Abd-El-Aziz was represented as having sold or connived at the invasion of the sacred soil of Morocco by Europeans, and as ready to turn the country over to the foreigners.

Mulai Hafid was proclaimed on condition that he abolish taxation, make an alliance with the sultan of Turkey and suppress all relations with Europans, except those "prescribed by custom and rules."

France Disturbed.

Paris, Jan. 12.—The government is considerably disturbed over the unexpected declaration of a holy war at Fez and the proclamation of Mulai Hafid, as sultan of Morocco. It is now anxiously waiting information as to the number of tribes who will follow the rebel sultan. Everything will depend, it is explained, upon the strength which Mulai Hafid develops.

Splendid Isolation.

A number of military men in a Washington hotel were once giving an account of an incident of the civil war. A quiet man who stood by at last said:

"Gentlemen, I happened to be there and might be able to refresh your memory as to what took place in reference to the event just narrated."

The hotel keeper said to him:

"Sir, what might have been your rank?"

"I was a private."

Next day the quiet man as he was about to depart asked for his bill.

"Not a cent, sir; not a cent," answered the proprietor. "You are the very first private I ever met."

UNION JACK OVER SCHOOLS.

In justice to Dr. Young, minister of education, we commend his action in ordering that the Union Jack be raised over the public schools of the province every day on which school is in sesion. The fostering of this sentiment (for sentiment it is pure and simple) is of vital importance in training the young to bear true allegiance to constituted authority. We are glad the minister's choice has fallen to the official British ensign because the scholar in it grasps the larger idea of empire.

Our Canadian flag, used in the Canadian merchant service, has no recognition or official status outside that service. While we love this "land of the Maple Leaf" and heartily sing its praises there is no song that so universally stirs the hearts as the National Anthem in the trust and confidence it implies. We are as yet without the details of the minister's order, but we hope it will include a brief ceremony as school assembles and the singing of one verse at least of the National Anthem. Every loyal citizen ought to respect and cherish the National Anthem, and those who are within our borders under its protection who have not as yet risen to the privilege of citizenship should readily acquiesce in the country's highest moral law being inculcated into the minds of their children.

We are surprised to find the Mennonites petitioning the government of Manitoba against this practice of hoisting the flag on the plea that it engenders warlike passions in their children, claiming this to be a breach of agreement made with the minister of the interior in 1873 when they were induced to settle in Canada in which exemption from bearing arms was guaranteed. We do not hear of their children being forbidden to read their Bible because it contains some inspiriting calls to arms, and records of bloody battles. We hope this selfish disloyalty will not weigh with the government strong enough for them to grant the prayer of the petitioners who as a community have made Canada their permanent home for nearly thirty years. We sincerely hope that from a national point of view the practice may be made obligatory from sea to sea.

THE INSURANCE BILL.

Hon. Mr. Fielding's insurance bill was introduced at Ottawa just before the holiday recess, giving ample time for criticism by insurance men and the press ere the House resumed its sittings.

An analysis of the bill gives the following:

The powers of the government are enlarged and broadened. By the new act, the minister may, for any violation of the act, suspend, withdraw or refuse to renew license.

Power is given to make special audits, appoint valuators, or inspect the books at the head offices of United States or foreign countries.

Trust funds of foreign companies must be placed under the trust of a Canadian trust company.

The surplus on dividend policies shall be distributed every three years.

The expense of new business must be shown separately from the old.

Only agents may be paid by commission.

Officials at head offices shall not be permitted to receive commissions in any shape or form.

No salary of $5000 or more may be paid without having been specially voted by the board of directors. Publicity for salaries and commissions larger than $4000 in the insurance report is demanded.

The agent who gives a rebate, and the man who receives it, are liable to a fine of $100 each. If the director or manager knows of it, he is liable to a fine of $1000.

Government refuses to abolish pensions for old employees, but they must be authorized by all those of company qualified to vote.

Recommendations of the commission as to method of voting have not been accepted.

Proxies must be executed within two months of the meeting at which they are to be used; long-standing proxies to be abolished.

Government does not demand standard policies, but certain provisions must be inserted in every policy.

New fraternal business must be carried on according to the national fraternal congress table of mortalities.

They must not take premiums from new business to pay losses from the old.

Separate forms must be provided each different line of insurance.

A new basis is provided for the delimitation of insurance investments. Five years (or six, if good reason is shown) will be allowed companies to dispose of forbidden stocks now in their possession.

Surplus funds from deferred dividends to be treated as liabilities; but in case of considerable depreciation of securities they may be charged against surplus.

Imperial or Dominion securities or the guarantee of imperial or Dominion governments accepted as deposits. Foreign companies may deposit national securities of their own country.

Under these provisions the policy holder has his interests safe-guarded. Companies and societies doing a legitimate business should gladly accept the new order of things as tending to place their finances on a sounder basis.

UNDERWRITERS' OPINION.

Insurance men by no means consider the new insurance act as a very great hardship, except as it limits the field for investment. In this respect they will seek a modification. Otherwise, the bill is not at all as fearful as were the recommendations of the Royal commissioners. In fact, it is regarded as a pretty fair one.

H. C. Cox, as president of the Life Underwriters' association, said the provisions to ensure publicity of company affairs would not be resisted. All the companies would be satisfied, he thought, and it would lead, to greater confidence on the part of the public.

The most radical change may be said to be that referring to the limitation of the class of stocks and bonds in which a company may invest. One objection is that this provision limits the amount of bonds a company may hold to twenty per cent. of the total issue.

"A company may see a desirable issue of bonds and wish to secure the whole issue. In that case I do not see why they should not do so," said Mr. Cox, "but the field is very much broadened in comparison with what the insurance commission proposed. In addition the bill provides that there must be an equity of 25 per cent. on the real estate held over and above the amounts of the bonds issued, and that I should call a restriction.

"A change in the expenses of securing new business means that there must be a change in the rates of commission companies can pay to their agents, and commissions will fall probably to fifty per cent., while now sixty and over is being paid. One result will be that companies will lose some good agents."

The triennial payment of profits on policies dating from January, 1909, will not interfere with old business. Col. W. C. Macdonald, secretary of the Confederation Life, thinks the period is too short. T. Bradshaw, vice-president of the Imperial Life, thinks likewise. The attempt to limit the expenses of the first year business also, Mr. Bradshaw believes, may have a decided effect on the premium the policyholder must pay.

Don't be persuaded to use imported salt on the grounds of economy. WINDSOR SALT at present prices, is the cheapest in the end.

Butte, Mont., Jan. 12.—According to the finding in the famous Deer Lodge smoke case filed in the federal court today, the farmers in the neighborhood of the $5,000,000 smelter at Anaconda are not likely to obtain an injunction. The master in chancery finds that although cattle have been made sick by arsenical poisoning, there have been no deaths, as was contended by the farmers.

The Reindeer Experiment.

St. John's, Nfld., Jan. 12.—The herd of reindeer imported from Norway by Dr. Wilfrid Grenfell, the celebrated missionary, were landed in Labrador, under difficulties. The deer were placed on board the steamer Anita at St. John's, but on account of numerous ice-floes, the boat was unable to get near the shore. The animals were lowered from the steamer to a body of ice. When deckhands started to drive the deer to land it was found that the ice was very thin, and in spite of the efforts of the men, several animals broke through and perished. The bull of the herd was driven ashore safely. A short time later a storm arose and the steamer was forced on a reef. Her bottom was badly damaged, and her sides were crushed by a huge ice-floe, which was carried against the vessel. The boat remained afloat, however, and was able to reach St. John's. She arrived yesterday, leaking badly.

A favorite of the elite smokers, the "Brilliante" cigar. **

Today is nomination day in Abbotsford for municipal officers and school trustees for the year.

To the man who enjoys a good dinner, try Kenny's. *

Dr. T. H. Holmes, of Seattle, is spending a few days in the city, the guest of his brother, Dr. A. J. Holmes.

Meet me at Kenny's restaurant for supper. *

An interchange of pulpits took place at the non-conformist churches of the city yesterday, the result being a largely increased attendance at all places of worship.

The annual meeting of the ratepayers of the Burnaby municipality was held on Saturday to hear addresses from the retiring members of the council and school board.

Have your meals at Kenny's today and if satisfied buy a 21 meal ticket for $4.00. *

School children will be admitted free to the afternoon performances at the Royal theatre on Tuesday and Wednesday afternoon, the proprietors taking this means of introducing themselves to the little people of the city.

Sold by the leading distributors, the "B. C." cigar. **

W. N. Norton, of Medford, Wis., who a few days ago purchased a large area of standing timber from J. J. Jones, has been called suddenly home owing to the serious illness of one of the members of his family. He is not expected to return to the coast for several weeks.

The annual meeting of the local branch of the Council of Women will be held today in St. Paul's Reformed Episcopal church. Officers for the year will be elected and other business transacted. Two sessions will be held, one at 2:30 p.m., the other at 7 o'clock.

All kinds of pot-plants and cut flowers at Tidy's. Phone A 184. **

Mr. Le Baron, the eminent engineer who is to make a survey of the Fraser river channel with a view to making it navigable for large ocean vessels and to report on the close of the undertaking to the city, leaves Cleveland, Ohio, tomorrow en route for New Westminster.

A meeting to have been held on Friday at the Columbian college for the formation of a Harriers' club has been indefinitely postponed. The reason assigned for the action is that the extra time for practice for the various college sports, required now that the vacation is ended, leaves no time for the cross-country runs.

Although the lacrosse season has been ended for many months, it is learned that the marked cheque for $100 put up by the local club as a forfeit should they default a game has not been returned. The team has played every game and are fully entitled to have the use of their money.

Do you want a new cottage on a large lot, below market value? We can suit you for $1000, only $400 cash and balance easy. Abbott & Hyde, next Guichon Hotel.

The new gymnasium at the Columbian college, now practically completed, will, it is expected, be opened on Wednesday, the 22nd inst. The new building will be used by the city boys in the place of a Y. M. C. A. hall, and the opening will be the occasion of an exhibition of gymnastics, including dumb bell exercises, and drills, etc., by a squad from the Vancouver Y. M. C. A. gymnasium.

Another show opens in town tomorrow at 2 o'clock in St. Patrick's hall. The Royal is billed to give the whole thing in moving pictures, and the management promises that there will be no disappointment for the visitors. The performance is continuous, the program for tomorrow being "Purchasing an Automobile, depicting in realistic scenes the troubles and trials of a prospective motorist in the selection of a machine. "The Red Spectre," advertised as a beautiful hand colored series of pictures; "The Monroe Juggler," a story in pictures of an eccentric character who has a mania for juggling everything the last number on the program is an illustrated ballad, "Moonbeams and Dreams of You."

No steps have yet been taken with respect to the appointment of a harbor master for this port, the position being vacant owing to the death of Captain William Rogers, who had held the position for several years. Although the names of several parties are mentioned in connection with the office, nothing definite will be known for some time.

The "Auto" cigar is becoming a favorite smoke. **

Captain Flint, of the German vessel Schwarzenbek, which was at Millside loading lumber for South American ports several months ago, arrived in the city yesterday morning on a short visit, making the run up from Seattle, where the Schwarzenbek is at present unloading a cargo. Captain Flint returned south on the Owl train. His ship is not due to come up the Fraser again for several months.

The new fisheries cruiser "North" is at present lying at the government wharf, shipping boilers and other material for her transformation from a sailing vessel to a steamship. The boat at one time had a fifty horse power gasoline engine as motor power. She will be towed to Nanaimo for her machinery to be placed in position and will then cruise in district No. 2.

The Georgia theatre proved a good attraction to the people about town on Saturday night, drawing good houses to every performance. The program was the same as the opening bill, with the exception that the dramatic recital, which was a feature of the first night's performance, was missing; the management are to be commended for their good common sense in removing the number and its perpetrator from the bill of fare. A full change of program is promised for tonight and every Thursday and Monday hereafter.

Auction sale of household furniture, cooking range, heaters, china, glassware, three tons hard coal, five cords dry alderwood, two loads cedar wood, etc., at the residence of Mrs. John S. Clute, corner Third avenue and Seventh street, on Tuesday, 14th inst., at 10 o'clock a.m. T. J. Trapp, auctioneer. **

Expensive machinery, to be used in connection with the manufacture of aerated water by J. Henley, is now on its way to this city from England, having been purchased by Mr. Henley last spring. In order to prepare for the reception of the equipment, Mr. henley has been obliged to largely increase his premises on Eighth street, and is contemplating further improvements to be completed during the present year. He estimates that the total cost of the new buildings, machinery, transportation and insurance, will total up to well over a thousand dollars.

The subjects of the May Queen, Miss Annie Tidy, who have combined to equip and furnish a ward for children in the new Royal Columbian hospital, met Saturday at the home of Miss Helen Walker, Sixth street. Quite a number of girls were present, but the amount of business transacted was not great, this being partly due to the fact that another meeting is to be held next Saturday when reports of collections will be received from the members. It was decided that meetings should be held regularly on every first and third Saturday in the month. A strong committee was also appointed to make arrangements for the proposed concert in aid of the children's ward fund, the committee consisting of Misses Dorothy Reichenbach, Grace Wintemute, Eileen Gilley, Daisy Dawe, and Annie Tidy. Subscriptions to the fund may be paid into the account opened for this purpose at the Bank of Montreal.

HEINZE ADMITS HAVING MADE MANY BAD LOANS

New York, Jan. 12.—It became known tonight that F. Augustus Heinze, the former "copper king" and deposed president of the Metropolitan National bank, had made loans of nearly $500,000 to Garrett B. Linderman, the South Bethlehem financier, whose notes for more than half a million have gone to protest in various parts of the country.

This declaration, first made by George Henry Proctor, sentenced to two years' imprisonment last week for selling bogus mining stocks, was confirmed tonight by Heinze himself.

Lindermann has said that many of the notes he allowed to go to protest are fraudulent. Heinze declined peremptorily to talk of this aspect of the affair, nor would he say upon what account he loaned the money.

NEWSPAPERMAN SHOOTS POLICEMAN IN NECK

Omaha, Neb., Jan. 11.—While crazy drunk, Col. William Lightfoot Visscher, the noted Chicago newspaper man and writer, tonight shot and probably fatally wounded Policeman Pete Dillon. Visscher was under arrest when the shooting occurred and was in the patrol wagon on the way to the station.

At midnight, Visscher is still in a drunken frenzy and the wounded policeman is resting easily, with a bullet in the back of his neck.

Breathing Plants.

Plants give off carbon dioxide just as a man does when breathing. Professor J. R. A. Davis describes an experiment in which a growing plant is placed in a glass jar just large enough to cover it, the jar being sealed with a greased glass plate. The jar is then put in a dark place for a time. When opened a lighted match plunged therein will be extinguished, showing that the plant has used up the oxygen in the jar. If some limewater has been left in the jar, it will be found to have turned milky, which shows that carbon dioxide has been given off by the plant.

Wrong Man.

"You understand," said the captain, "that we want a secretary who is thoroughly accustomed to managing men."

"In that case," answered the applicant sadly, "I'm afraid it's not me you want, but my wife."

Money does all things. It makes honest men and knaves, fools and philosophers.—Vatenge.

New York City.

During the last five years in New York city 303,714 tenants have gone into new flathouses.

At the present rate of increase there will be 8,740 more births in New York city than there were in 1906.

Real estate values in New York city, according to the assessment figures, are increasing $1,096,970 each day.

There is a daily average of one and one-half deaths in New York city chargeable to injuries inflicted by other persons.

New York city's foreign population is led by the Germans, with about 325,000; Ireland comes next, with about 278,000, and Russia third, with about 165,000.—New York Herald.

Early Dentistry.

The art of dentistry was practiced among the Egyptians and Etruscans, and there are evidences in mummies and skulls that in very ancient times teeth were filled and efforts were made to supply the loss of natural by artificial teeth. The first writer on the treatment of diseased teeth was Galen. The science was introduced into America by John Greenwood, who established himself in New York in 1788. In 1790 and again in 1795 he carved in ivory an entire set of teeth for General Washington.

She Could See For Herself.

Mrs. Citily—Bridget, who was that at the door just now? Bridget—A leddy wantin' t' know if we had furrnished rooms. Mrs. Citily—What did you tell her? Bridget—Sure, an' I towld her that all our rooms were furrnished. She's lookin' at the lib'ry now.—Puck.

Lack of Confidence.

Visitor—Do they treat you well here? Prisoner—Generally they does, only they hurts me feelin's by their lack of confidence. They won't let me have a latchkey.

Disqualified.

Although Mrs. Harlow loved her husband and admired what she considered his good points, it was a never ending source of amazement to her that he had been chosen to fill the office of mayor for three successive terms.

"Everybody knows how much I think of James," she said in a dazed way to one of her husband's cousins. "I always said and always should say that he is as good as gold. But if you'll tell me whether you think a man who is color blind and who brings home toys that won't go when you wind them and who still thinks I could like olives if I'd only try is fit for such a position why, all I can say is I don't." —Youth's Companion.

A Chinese Idea of Foreigners.

The following is a quite modern Chinese conception of the foreigners' treatment of infectious cases: "If an epidemic broke out two foreigners took the sick away and put them in a little room, washed them with lime water and then locked them up so that no one could see them on purpose that they might soon die and not propagate the disease. Wives and children might cry and weep, but the foreigner would but drive them away with sticks, for until dead no one must see those faces again. Better for all of us to jump into the sea than submit to this."—South China Post.

Antiquity of an Old Tune.

When Napoleon's army was in Egypt in 1799 and the band struck up the tune which in England is set to the song "We Won't Go Home Till Morning" its effect on the Bedouins was electrical. They leaped and shouted and embraced one another deliriously. They averred that they were listening to the oldest and most popular tune of their people. It is thought that the tune was brought to Europe from the dark continent in the eleventh century by the Crusaders.—St. James' Gazette.

The Appetite.

"The appetite," said the physician, "is always a consideration of great importance."

"Yes," answered the man who is painfully economical, "if you have a poor one you worry about your health, and if you have a good one you worry about the expense."—Washington Star.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Police Building, Ladysmith, B. C." will be received at this office until Wednesday, December 11, 1907, inclusively, for the construction of a Police Building at Ladysmith, B. C.

Plans and specifications can be seen at the office of tender obtained at this Department and on application to the Postmaster at Ladysmith, B. C.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied, and signed with their actual signatures.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honourable the Minister of Public Works, equal to ten per cent (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or if he fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By Order,
FRED. GELINAS,
Secretary.

Synopsis of Canadian North-West Homestead Regulations.

Any even numbered section of Dominion lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at an agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is rejuired to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father (or mother).

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.

ALL OVER THE HOUSE.

The Prevention and Cure of Facial Eruptions—Various Notes.

An application that sometimes helps to clear away a crop of pimples is made by shaking together until well mixed a wineglass of lime-water, half as much olive oil and a pinch of powdered borax. The skin should be thoroughly cleansed with either a bran bag or almond meal, rinsed and dried; then use the mixture, which will be a thick white emulsion, and wipe off gently with a soft cloth. This leaves the skin pleasantly soft and is really a sort of antiseptic to prevent the forming of a suitable soil for the microbes which cause boils, acne, etc.

Where pimples come to head, in place of pressing out the contents dip a fine needle in boiling water, prick the place and touch with a drop of hydrozone, which will dry up the place and leave no mark.—St. Louis Globe-Democrat.

Getting Rid of Moths.

When fighting moths in a room or closet, try burning gum camphor. The windows and doors of the room should be closed and all the bureau or closet drawers left open. The smoke should be allowed to remain in the room about an hour, after which time the room may be thoroughly aired.

After every possible precaution against moths has been taken in a closet where woolen goods are to be stored for the summer leave a piece of red flannel in the middle of the floor. Moths are said to have an especial fondness for this tidbit of moth diet, and if any intruders remain they will choose it in preference to the garments on the shelves. The trap, of course, should be watched and burned if moths are discovered in it.

Cucumber Freckle Cream.

For light summer freckles try cucumber milk. Slice without peeling four large cucumbers, add a cupful of water, boil until soft, cool and strain. To one and one-half ounces of juice add an equal portion of alcohol and one-fourth ounce of powdered castile soap. Let stand overnight, add eight ounces of cucumber juice, one ounce of oil of sweet almonds, twenty drops of tincture of benzoin and a pinch of boric acid. Shake well. Apply twice a day with a sponge.

Dieting For Rheumatism.

Diet in the treatment of rheumatism is three-fourths of the battle. Avoid red meats, beef especially; sweets and starchy foods. Eat acid fruits, spinach, tomatoes and salads freely. Drink a good natural spring sulphur water and do not touch spirituous liquors, ale or wine. Wear red flannel next to the skin the year around, a lighter weight in summer, of course, but do not lay it off at any season.

To Clean Steel Fire Irons.

To clean steel fire irons make a paste of equal quantities of whiting and brick dust mixed together with paraffin. Apply this to the steel with an old cloth and afterward polish with a leather. A piece of shabby velveteen would answer the purpose as well as a leather, and such pieces should always be saved by the thrifty housewife for polishing cloths.

To Remove Wall Paper.

Provide yourself with a pail of soft lukewarm water and several large clean sponges and soak off the paper by dabbing it, a small space at a time, until it is wet through and may be peeled off in strips. Then wash the exposed wall with warm suds to get off the clinging paste. Finally rub dry.

Paint Stained Wood.

Paint marks on wood are often most unsightly, but they are endured because people are seldom aware how easy it is to remove them. To do so spread over the marks a thick paste made of lime and soda mixed with water. Leave twenty-four hours, then wash off.

For Timbale Cases.

Batter for timbale cases so frequently served may be made by stirring together three-quarters of a cupful of flour, one-half of a teaspoonful of salt, one teaspoonful of sugar with a well beaten egg and half a cupful of milk. To this add one tablespoonful of olive oil.

For Falling Hair.

Crude petroleum will soon stop the hair from falling. Apply just a little to the scalp every night. After the shampoo, which should be with a jelly made by dissolving white castile soap in hot water and adding enough to a basin of water to make it soapy, rinse well.

The Great Pest.

Smoke of any kind will drive away gnats. If you burn thick brown paper in a room where they are, they will settle and seem to become so stupefied as not to be troublesome again for some hours.

ROVERS FOLLOW-UP VICTORIOUS RECORD

Another victory to the credit of the Rovers, they having beaten the North Vancouvers on Saturday to the tune of 5-1. And that odd one was hard fought for too. The Rovers didn't put up half the game that they played to down the Celtics—they didn't need to. The first half was entirely for the locals; the visitors couldn't make things connect right somehow, and despite all their efforts the score stood 4-0 when the whistle blew for half time. The second half was a better exhibition of football, and resulted in an extra score for each side.

The team which faced the visitors was short three men of the champion line-up, the missing players being Lockhart, who met with an accident to his knee in the match with the Celties; G. Fleming and C. Kirby. The team lined up as follows: Barbaree, goal; Clark and Cunningham, backs; Turnbull, Peele and Leamy, halves; Watson, Maling, Fleming, Locke and Lumsden, forwards.

PLAYER INJURED IN INTERMEDIATE MATCH

The Vancouver Shamrocks won from the college in the intermediate soccer match at Moody Square Saturday, by three goals to nil. The Shamrocks brought over a fast bunch of players who had their own way during the whole game, the college team having no combination and showing evident lack of practice. On the school team Williscroft at full back and Meyers and Watson on the forwards were the only players that really possessed any merit. Alberts in goal played the great game for the Shamrocks.

The one exciting event of the game was toward the first of the second half when Kerridge, one of Vancouver's backs, during a bunch-up in front of the Shamrock's goal, was accidentally kicked so savagely in the groins as to render him unconscious for several minutes. The blow did not injure him very seriously, however, and he was able to resume play after half an hour's rest.

Washington, Jan. 11.—According to Chairman Bartholdt, of the House committee on public buildings and grounds, the present congress has already asked for about $80,000,000 to be expended through bills which come under his jurisdiction. He predicts that if the constituents of the eager congressmen obtain 20 per cent. of this sum they will be lucky.
