ENRAGED HINDUS ACT JUST LIKE FIENDS

Reproved by Foreman of Lumber Yard, Indians Try to Throw Him on Saw.

Vancouver, June 1.—Enraged because they had been reprimanded for not doing their work in a proper manner, a gang of Hindoos employed in the Columbia River Lumber company's mill at Golden, B.C., came within an ace of committing a horrible crime one day last week when they threatened to throw their white foreman on one of the big circular saws.

News of the ominous outbreak on the part of the Hindoo mill hands was brought to the city today by one of the men employed in the mill, who reported that the residents of Golden were very much worked up over the affair.

The quartet who were responsible for the assault had been disobeying instructions for some time as to the lumber being shipped. Their foreman, a hot tempered Frenchman, caught them deliberately disobeying orders in connection with some lumber being cut. He gave them a severe reprimand and threatened them with discharge. At this they became half crazed with anger, and seizing the foreman, were in the act of carrying him over to the big circular saw. Just at this juncture another white employee in the mill came in. Nerved by fear when he saw what the Hindoos were about to do, he picked up a club and wielded it with such effect that he laid out three of the four Hindoos, and the remaining one turned on the young lad and chased him, but he easily made his escape.

The foreman was uninjured, but had it not been for the opportune arrival of his fellow white man, the Frenchman would have met a horrible death by being sawn in two.

PLAGUE CONTINUES TO SPREAD AT LA GUAIRA.

Great Alarm Felt Over New Cases of Bubonic Disease—Port Remains Closed.

Caracas, June 1.—Notwithstanding President Castro's decree of May 23 in which it was set forth because of the absence of any new cases of bubonic plague at La Guaira, the port would be opened to traffic with the interior on May 29, great alarm is felt here for fear of the spread of the disease. The plague continue at La Guaira and several cases are reported daily.

Willemstadt, June 1.—A Dutch steamer which arrived here today brought the information that the port of La Guaira still remained closed on account of the appearance of new cases of plague.

Joins Arbitration Board.

Winnipeg, June 1.—The government has appointed George Galt, wholesale merchant, to act on the board of conciliation investigating the shopmen's grievances.

TIMBER HOLDINGS WILL BE EXTENDED

Wisconsin Capitalist Will Buy More Timber When Market Shows Improvement.

Among the guests at the Russell hotel is Fred N. Norton, of Medford, Wis., a large lumber merchant in that state and Minnesota. Mr. Norton has for some time been interested in timber limits acquired from the provincial government at Indian river, north arm of Burrard Inlet, and when conditions in the business improve, he will extend his holdings.

He is now on a visit to British Columbia to make personal investigation of conditions. Having a ranch in Saskatchewan he came through by way of the prairies, and is very hopeful of crop prospects. The prospect of a good harvest will mean much to lumber men, who depend on a good harvest to enable the farmer to buy their output.

Mr. Norton is keenly anxious to see the Dominion regulations with regard to the early cutting of limits amended, as he says at the present time, with depression in price, to force the limits to be cut would place on the market lumber for which there can be no demand at present.

Asked as to the prospects of erecting a saw-mill by his interests at Indian river, he said that if oportunity of selling offered that was his intention, but until the prices became more encouraging to the millmen he would confine himself to the acquisition of limits in this province.

POLICE RECORD SHOWS A DECREASE OF CRIME

The police record for May is distinctly an improvement on past years for that month, only 57 cases being adjudicated. Of these 23 were for drunkness, and seven for breach of the Indian Advancement Act. The other charges, ranging over a wide field, were not of a very dangerous character, and it is satisfactory to note that there were but few assaults. The city bylaws were broken in many instances. The only case sent for trial was the charge against Labourdette, for concealing with intention to escape from the penitentiary, which indictment was quashed at the assizes

Lacrosse on Thursday.

The Sapperton lacrosse team is due to receive another lesson in stickhandling on Thursday evening, when the Reginas will undertake to show that they can hold down the latest addition to the ranks of intermediate lacrosse in this city. Sapperton will go on the field with a strong aggregation, but only residents of the far east are anticipating a victory for the boys from Nels Nelson's suburb.

Customs Returns.

The custom receipts for the port of New Westminster for the past month show a falling off of about $500, the figures being $13,938.14, as against $14,520.76 for May, 1907. The reason may perhaps be that last year there was a late season, a material factor in swelling the returns, which by the bye, show no falling off for the first five months of the year as compared with 1907.

NEW GAS COMPANY TO EMPLOY ONLY WHITE LABOR

Undertaking Is Given by Solicitor for Royal City Gas Co. That Work of Construction Will Be Confined to Caucasians—Bylaw Is Discussed at Length By Aldermen in Council.

There was a full attendance at the city council last night, Ald. Gray being again in his place after an attack of tonsilitis. The chief business was to further the bylaw authorizing the Royal City Gas Improvement company to commence operations in this city. Among those present were W. G. McQuarrie, for the city; W. J. Whiteside and Mr. Robbins, for the new company.

On the motion of Alderman Johnston the bylaw, when reached, was read a second time by the clerk. The council went into committee of the whole. Ald. Shiles was appointed to the chair.

The bylaw was then taken clause by clause. The first real difficulty arose on clauses one and two that the company should be controlled by the council in opening all streets. Mr. Whiteside contended that the city was fully safeguarded, and later the words in dispute were left to the solicitors for settlement. However an amicable settlement was subsequently arrived at.

Bond to be Put Up.

A little warmth was imported into the discussion of clause three, dealing with the amount of bond to be put up by the company. The present company have only a bond of $1000, but over this the council have no control. Considerable divergence of opinion existed on this clause, Alderman Henley contending for a bond of $5000 but Mr. McQuarrie said the sum of at least $10,000 should be put in the clause. He pointed out how necessary it was for the city to provide against law suits.

The Mayor asked what difference the larger sum would make to the company. He understood it was a matter of some $30 a year only for the bond. He must remind the council that while they were in the council practically unanimously in favor of the bylaw there was a considerable number of objectors outside. There were 200 or 300 at least in the city.

Alderman Johnston expressed his surprise at the large number mentioned by the chief magistrate.

The Mayor remarked that objectors came to him who probably would not to Ald. Johnston. No one, he continued, would more like to see the existing company brought into line in this matter, but it was impossible.

Mr. Whiteside did not object to the amount of the bond. He did not think it would make much difference to the company, although he thought $5000 sufficient. The council then passed the clause with $10,000 inserted.

In the course of subsequent discussion it was stated that the company would, in cases of emergency apply to the superintendent of works for permission for opening up streets, but the matter was objected to, as the superintendent was only an employee of the council, and the name of the chairman of the board of works was inserted. With regard to extensions the new company would not hesitate to extend up the hill if necessary.

White Labor Only.

The remaining clauses passed without material alteration. The alderman got somewhat hot in discussing a new clause proposed by Ald. Johnston, that the new company should only employ white labor on the works, and pay the same rate of wages as other businesses in town for the work. He added to this written clause that no persons of the Asiatic race be employed.

The Mayor asked what he meant by Asiatic race. The Hindus were British subjects and no resolution of that council would have any effect in excluding British subjects.

Ald. Gray suggested that a letter be sent from the company's solicitor undertaking that none but white labor be employed. This was accepted by Mr. Whiteside, and the new clause was withdrawn.

Ald. Garrett objected to see these Asiatics in the street's when white men could not get a job.

The Mayor said if the aldermen wanted to fight the Japanese he was ready to take a gun, and fight them but they could pass no resolution to exclude British subjects.

Ald. Johnston apologised to the council for the wording of the clause. He understood it was satisfactory, and had been approved by other authorities.

Ald. Garrett objected to the way in which he was "sat upon" by the chairman. He had tried to bring up the white labor question several times that night, and been told that provision was made for it.

After Mr. Whiteside had given the undertaking to employ only white labor, he having previously explained taht he had been approached on the subject by the Trades and Labor council, the matter dropped. The committee finally adopted the by-law, and in council passed its second reading.

The Board of Works reported: re petition for First street sewer. That it be referred to the city engineer with instructions to prepare plans for a system of sewerage for that portion of the city lying east of the Fourth street system. Re request of A. H. Solomon to open Regina street between First and Second streets. That an appropriation be made for the purpose of $300, as soon as funds are available. That a 4 foot sidewalk be laid on west side of McInnes street, from Carnarvon street to Royal avenue, at a cost of $140, and that the roadway be improved as soon as suitable material is available. That the street known as Buchanan avenue and also Hospital street be opened to traffic as soon as possible, estimated cost $1,000, and Alberta street be opened for traffic as far as Richmond street as soon as circumstances will permit, estimated cost $420. That the sidewalk in front of St. Andrews church has been repaired, but if the Board of Managers of the church desire to replace the present sidewalk with one of cement they be given permission, subject to the regulations. That the road at the westerly limits of the city on Lulu island has been improved and 400 yards of crushed rock used in the work, the appropriation being practically spent. Some repairs should be made to the gravel road before the rainy season, particularly as far west as the Barnet and McDonald mills. The report was adopted.

Dufferin Street Burial Ground.

On behalf of the parish of Holy Trinity, T. S. Annandale asked for permission to remove the remains interred in the C. and E. graveyard on Dufferin street to the cemetery at Sapperton. The church authorities would superintend the transfer. Permission for removal had been obtained from friends of those who had been interred there. Ald. Jardine moved that the request be granted, and this was passed. The Mayor suggested that the work should be done under the superintendence of the Board of Works.

Miscellaneous Business.

Frank S. DeGrey asked for particulars and terms with regard to a lease of waterlot 83, lying between the New Westminster bridge and the Condensed Milk factory, for a boat-house The application was referred to the Finance committee.

R. E. Hemphill, of 1506 Robson St. Vancouver, applied to be appointed building inspector. He has had much experience in British Columbia as a contractor. The letter was filed for reference.

G. D. McMurphy, poundkeeper, reported the following animals impounded, and dogs taxes collected for the month of May. Impounded, horses 12; cows; pound fees collected $34; dog tax collected $61. The report was duly received and approved.

William Henderson, resident architect for the Dominion Department of Public Works, Victoria, wrote repudiating the assessment for the Sixth street sewer of $121.60 on the Post Office building, and $12.16 on the armouries. He explained with regard to the armouries, it was under the control of the Militia department. The contractors for the Dominion building had put in a pipe to the Fraser river when it was built. The communication was referred to thte finance committee, with power to act. Later, the mayor was asked to look into the matter, with power to act.

Hill and Gauvreau, civil engineers, wrote that in acordance with verbal instructions from Ald. Henley they had made a careful survey of Columbia street from McNeeley to Fourth streets, and submitted plans and profile, showing the results, together with proposed changes of grade for street and sidewalks. The letter was referred to the board of works.

On the motion of the chairman of the lighting committe, Ald. Gray, an arc lamp will be placed at the corner of Fourth street and Fifth avenue. Ald. Henley, chairman of the board of works, said he hoped to be able to report on the cement sidewalks on Columbia street that night, but he asked for another week, as there was a little alteration to be made where the present cement sidewalks are. The time asked was granted.

The fire limits will be extended at an early date. The committee appointed to visit the market will visit there today. Little has been done with regard to Lulu Island bridge, but it is expected that one or two engineers will be consulted, as well as the firm in Chicago already approached.

CIRCUS IS COMING HERE IN THREE WEEKS

Norris & Rowe's Big Show Includes This City in Its Coast Itinerary.

Norris and Rowe's circus will be seen in town on Saturday fortnight. The advance agent, Bob Clements, has completed the necessary arrangements, and the Tiperary district will be gay with the myriad attractions which make a circus beloved of old and young, and which made the chief justice Howell of Manitoba regret last year that illness kept him from seeing this very circus. When a legal luminary says this, can it be surprising that the curious laddie and open-eyed lassie should love to see the wonders and admire gally-dressed acrobats and strange creatures which frown defiance from behind the bars.

Eighth street and Queen's avenue will be the route of the wagons, and two performances will be given. The city will benefit to the tune of $100 for the privilege of the circus showing here.

DELEGATES TO VICTORIA APPOINTED BY W. C. T. U.

At the regular monthly meeting of the local W.C.T.U. yesterday afternoon, held in Queen's avenue church parlor, delegates were appointed to attend the silver jubilee convention meeting to be held at Victoria on June 16, 17, and 18, when delegates will be present from all parts of the province, including Miss Ada Murcutt, the temperance lecturer who visited this city early in the year and is now in the upper country giving a series of temperance talks. The local delegates appointed to attend the convention were Mesdames Coverdale Watson, James Cunningham, F. P. Maxwell, Dr. Manchester, Charles Robson, H. Davis, L. G. McKam, M. Sinclair and J. Macdonald and Miss L. Davis. A number of letters and reports of an interesting nature were read at the meeting, other business of a routine nature being also transacted.

BREAKS RECORD WITH CRIPPLED MACHINERY.

London, June 1.—Despite the fact that she was using but three propellers, the Maurentia, which left Liverpool May 27, is making a remarkable trip to New York. She has already broken one ocean record. She covered 635 knots from noon May 30 to noon May 31, averaging 25.5 knots an hour.

Going to the Arctic.

Edmonton, June 1.—Miss Agnes Deans Cameron, magazine writer, accompanied by her niece, Miss Brown, has been in the city for the past few days. On Tuesday they will leave for the far north on an exploration tour down the Mackenzie river to the Arctic ocean. They will not return before October.

PLACARDS CALL FOR MURDER OF MONARCH

Newspaper Bitterly Attacks Shah of Persia and Offers to Prove All Charges.

Berlin, June 1—The most recent advices received here are to the effect that anarchy prevails throughout Persia. As an example of the Shah's helplessness to cope with the situation is a libel action brought against the Persian newspaper Mussawad for an article which contained the following passages:

"Khaltul and Ardebil, the most important posts on the Russian frontier, have been plundered. Bana and Urumian are as good as lost frontier districts. The Kermanshas are in open revolution. Blood is flowing at Shiraz, Fars and Kasmin. Hilan is in possession of brigands. Khorasan, Aterabad and Masandaren are suffering from raids of the Turks. The Governors are tyrannical, the administration is corrupt and inefficient. The taxes are in arrears, the exchequer is empty, the soldiers' wages are unpaid, and the army is helpless. What is the Shah doing in these melancholy circumstances? What are the Shah's occupaitons? He contents himself with satisfying his own animal instincts, and devotes himself to orgies night after night until daybreak?"

The newspaper proceeds to give proofs of its allegation, and concludes by demanding the dethronement of the Shah and the establishment of a republic. The Shah brought the libel action, but withdrew it when the editor offered to prove the charges in detail. Copies of the paper containing the attack on the Shah are being sold at eleven shillings each, and the walls of Teheran are covered with placards calling upon the people to assassinate the monarch.

SEVERAL WRECKS ARE REPORTED IN CHANNEL

Dense Fog Cause of Many Collisions—Steamer Vanderland Reported Lost.

Paris, June 1.—A special dispatch to the Petit Journal from Brussels says that the Red Star steamer Vaderland has been wrecked in the North sea in a dense fog. There are 1600 passengers aboard. Lloyds does not confirm this news, which, however, comes from what is usually considered a most reliable source. There were three collisions in the North sea to-day and passengers on the Dover-Ostend mail packet declare that they saw a vessel cast away on the Goodwin sands.

Dover, June 1.—A heavy fog in the channel tonight, which has lasted for twenty-four hours, has been responsible for several collisions. The British steamer Queenswood was towed into the harbor, having been seriously damaged in a collision with the Spanish steamer Bermeo. Before she could get to her moorings the Queenswood sank in the harbor. The Bermeo began leaking badly. A portion of the crew of the steamer Luanda, from Hamburg for West Africa, who landed here tonight, report a collision with an unknown steamer. The steamer Loanda is in a bad condition, and her captain and the remainder of the crew are waiting for assistance.

WANDERED FOODLESS FOR TWO WEEKS IN WOODS

Peterboro, Ont., June 1.—Word has been received of the terrible experience of Samuel Long, a Peterboro man, who had been employed as cook in a lumber camp in Algoma. Leaving the camp on a fishing expedition he lost his way and for sixteen days wandered about in the woods without food. At the end of the tenth day his boots gave out and he tore pieces off his trousers and shirt and wrapped them about his feet. At the end of the sixteenth day, on May 29, he came to a lumber camp and was looked after. Long has a wife and family residing here.

Mineral Output for 1907 Broke Previous Records

Victoria, B. C., June 1.—According to the report of the minister of mines, British Columbia last year had a record twelve months in so far as value of mineral products is concerned. The provincial mineralogist in summing up says the value of mineral products of the province for the year 1907 is greater than that for any preceding year and amounts to $25,882,560, showing an increase of the last year of $902,014.

An analysis of the returns shows that this increase is due to the greater tonnage of low grade ore mined in the boundary district and also to an increased tonnage from the collieries, both in coal and coke. The average market price for 1907 was very little if any higher than that of 1906.

The tonnage of ore mined in the province during the year 1907, exclusive of coal, was 1,894,114 tons. The gross out put of the coal mines of the province for the year 1907 was 2,219,608 tons (2,240 pounds) of which 44,760 tons were added to stock, leaving a total consumption of 2,174,848 tons of coal. Of this amount 916,262 tons were sold for consumption in Canada, 673,114 tons were sold for export, making the total of coal sales for the year 1,589,376 tons. Of the balance of the coal 419,541 tons were used in making coke and 165,931 tons under colliery boilers, etc. From this amount of coal there were produced 222,913 tons (2,240 pounds) of coke, of which 7,224 tons were added to stock, leaving the net coke sales of 215,689 tons, of which 155,579 tons were consumed in Canada and 60,110 tons exported.

Wanted -:- Lost -:- Found For Sale -:- To Rent -:- Etc.

LOST—Pony with saddle and bridle. Finder please advise F. Filgiano, B. C. Distillery. Reward.

T. J. TRAPP, Auctioneer.

New Westminster, B.C., May 23, 1908.

Watchman Beaten By Mutinous Chinese

Tacoma, June 1.—The refusal of James Gainsford, special watchman on board the British steamer Suveric, Captain William Shotton, loading lumber here for Manila, to allow her crew of seventy-two Chinese to go ashore yesterday so maddened them that they attacked him with hatchets, marlin-spikes, hatch bars and other weapons, breaking one of his ribs and otherwise injuring him.

But for the timely arrival of the ship's mate and others of the white crew, the Chinese would have succeeded in lynching Gainsford with a rope that some attempted to put around his neck. The aged watchman fought them off with his revolver, and shot one of his assailants in the wrist, inflicting only a flesh wound. No arrests were made, but the incipent mutiny may be looked into by the immigration officials.

Unexpected Answers.

An eminent lawyer had been interrogating a reporter in his hotel and the reply he got was unexpected, says the Buffalo Inquirer.

"That was an unlooked for answer, truly," he said. "It was like the answer the policeman gave to the good citizen. A good citizen, breathless and excited, ran up to a large, calm policeman one day and cried:

"'Officer, there's a terrible fight going on around the corner to the right.

"'Thank you, sir. I'll do as much for you some day, sir,' said the policeman gratefully, as he took the turning to the left and quickly disappeared."

The Bird of Death.

In New Guinea there is said to be a venomous bird called the bird of death. It is about the size of a pigeon, with a tail of extraordinary length ending in a tip of brilliant scarlet. It has a sharp hooked beak and frequents marshes and stagnant pools. The venom with which it inoculates is distilled in a set of organs which lie in the upper mandible, just below the openings of the nostrils. Under them, in the roof of the mouth, is a small fleshy knob. When the bird sets its beak in the flesh of a victim this knob receives a pressure which liberates the venom and inoculates the wound.

The East and the Wests.

The numerous kinds of west of which the effete east solemnly discourses are enough to bewilder a Philadelphia lawyer. It will assure you that besides "the middle west," a phrase that it employs continually and with evident pleasure, there are an eastern west, a western west, a northern west and a southern west. Yet there is only one east, and hardly enough of that to swear by.—Californian.

Larvae Nests.

By breaking open rotton logs one can find in midwinter the grubs or larvæ of many of the wood boring beetles, and beneath logs and stones near the margins of ponds and brooks hordes of the maggots or larvæ of certain kinds of flies may often be found huddled together in great masses. The larvæ of a few butterflies also live over winter beneath chips or bunches of leaves near the roots of their food plant or in webs of their own construction, which are woven on the stems close to the buds whose expanding leaves will furnish them their first meal in spring.

Always After Us.

"No matter what we do, there is one class of people who will always be after us."

"Who are they?"

"Posterity."—Baltimore American.

Although the world is full of suffering, it is full of the overcoming of it.—Keller.

SELECTIONS

STORY OF THE DOROTHEA.

Romance of a Vessel Assigned to the Naval Militia.

Among the vessels assigned to the naval militia is one with a history.

It seems, says Appleton's Magazine, that many years ago, when it was the custom for the insurance underwriters to put up at auction vessels that had been long overdue and not heard from, a young apprentice in Philadelphia happened to attend one of these auctions at which a large ship named the Dorothea was put up for sale. The vessel had taken aboard a very valuable cargo, which would go with the ship to the successful bidder, but the very fact that the property was so valuable had kept the underwriters from selling the craft until long after it had become generally believed that she was a total wreck. Consequently the auctioneer cried the good ship Dorothea many times without getting a bid. Finally the young apprentice jokingly bid $5, and, as nobody would bid higher, the vessel and her cargo were knocked down to him. Imagine the astonishment of the maritime world when the Dorothea was reported sailing into Delaware bay. The apprentice sold his prize for enough to start him in business, and for years the house thus founded was one of the leaders in enterprise and resources in the Quaker City. But at all times the head of the firm and his family successors made a point of owning and operating a ship named the Dorothea, which name also was always given to the oldest daughter in each succeeding generation.

Shortly before the Spanish war, however, the then head of the house was in failing health, and the only hope of saving his life, he was advised, was to live at sea. Accordingly, he gave an order to the Cramps for a large and luxuriously appointed yacht, to be called the Dorothea, of course, and no expense was spared in her construction and equipment. Unfortunately, death came to the owner before his yacht was quite finished, and the government paid a fancy price for the Dorothea early in 1898.

With the close of the war there was no purely naval duty for which the Dorothea was fitted, and yet the government did not wish to sell her, because there was no possibility of getting a price for her anything like what she had cost. She was accordingly laid up until the naval reserves succeeded in convincing the navy department that they were entitled to her.

Wonders of Machinery.

Dependence upon machinery is becoming almost an instinct among the workmen of a steel mill. A boy who was sweeping the floor of a Pittsburg mill, for example, found his path obstructed by a ten ton machine which had not yet been put in its place.

"Hello, Jim," he called to a laborer, "come here and move this machine back about ten feet. I want to sweep under it."

Jim moved a traveling crane until it stood over the machine and lifted the 20,000 pound obstacle out of the way as easily as if it were a box of cigars. The boy went on with his sweeping as if nothing extraordinary had happened. He was a Pittsburg boy and accustomed to miracles. And electricity, which is a new force—sixteen years old in steel mills—will perform its greatest deeds in the future.—Munsey's.

Passing of Crumb Brushes.

The doom of the household crumb brush has been authoritatively pronounced. Napkin and tray now comprise the outfit for removing the dinner table of crumbs. By the adoption of the latter system it is contended that the likelihood of bread particles becoming fugitive is minimized. Another objection cited to the continuance of the time honored brush method is that dust accumulates in the bristles and in due course circulates around the board. Hotel restaurants first called the halt in this direction, and gradually guests cottoned to the new idea, eventually introducing the reformation in their own homes.—New York Press.

The Esperanto Congress.

An article in a Berlin paper on the Esperanto congress, which will take place at Cambridge in August, says: "There will be more than 3,000 delegates present, representing nearly every country in Europe, and the proceedings will show what progress the universal language has made. In order to show one feature which has not been largely dwelt upon, a Shakespearean tragedy has been translated into Esperanto and will be performed while the congress is in session. For practical purposes the policemen and the waiters in the large restaurants will learn the language, so that they may converse with the delegates from other countries."

A Four Decker Sea Pie.

A huge sea pie was served to a party of fifty guests at a feast at Gorleston at which the member for Yarmouth was present. It was made by an old trawl skipper and weighed a hundredweight and a half. It was a four decker and was boiled in a vast caldron for several hours. The keel was laid with beef bones, and there was a triple bulkhead of short crust, the bunkers being filled with beefsteak and ox kidneys. There were holds also stored with meat, onions, carrots, turnips and potatoes, and the hull was constructed of a substantial short crust that alone took a stone and a half of flour.—London Globe.

E. A. Paige.....Managing Director

TUESDAY, JUNE 2, 1908.

A POOR MAN'S BUDGET.

The Prime Minister, making the budget speech he had had in preparation for months, prior to his call as first minister, told the British parliament that it was the intention of the Government of the day to inaugurate an old-age pension scheme to take effect at once. Not only was the Campbell-Bannerman ministry committed to the scheme, but the new ministry must have endorsed it ere he made the statement to the House. The pension scheme is to be very conservative in its operation, as only those over seventy-five years of age are to be the recipients of aid from the fund and not then unless they are poor. Unless they be thus in need they will have no claim on the fund in spite of they having contributed to it. So that it is essentially a pension fund in the truest sense and does not affect the endowment life assurance business in any way as was feared prior to its introduction.

The persons over seventy-five years of age debarred are criminals, lunatics, and those actually in receipt of relief from the Poor Law Guardians. Those at present entitled to pensions has been carefully estimated at 500,000 and under the new law these will draw $30,000,000 of which $5,000,000 will be paid in the present financial year. Notwithstanding this new burden (or new kind of expenditure to quote the Prime Minister) there is the welcome reduction of the duty on sugar. Mr. Asquith expects to keep on reducing the national debt as rapidly as it was reduced prior to the South African war.

One member in the debate spoke of the budget as the "poor man's budget" and as such will go down in history because it is receiving the support of an overwhelming majority in the House, irrespective of party and the House in its present frame of mind might reduce the age limit considerably at this session, the only objection appears to be the state of the national finances. Under the present system prevailing in England it is almost impossible for even those who are frugal to lay by enough to keep them from want in their old age, and it is well that someone has arisen who has not been afraid to grapple with this vital question and it matters not the political complexion of the man who introduced it into parliament, his name will be revered by thousands of the aged who have contributed their share of labor in the creation of the nation's wealth. One or two speakers suggested waiting until the reduction of national armaments, and, with this saving, making the fund more general, but we are afraid this would entail a long wait, and generations passing, before help would be rendered the needy aged. Those who have studied it economically, declare the German system inapplicable to Great Britain.

THE OPIUM CURSE.

The Imperial Government is awakening to the fact that its predecessors in 1858 made a grave mistake in forcing China to open her ports to the opium traffic. The habit of both smoking and eating opium has seriously affected the well being of the race in British East India. China, under the reform movement, is making decided and sucessful efforts to combat the evil, and now the British Government are abolishing opium dens in Hong Kong, the treaty port. So drastic are the measures taken by the Governor of Ceylon that the joints are disappearing rapidly and it will not be long ere the evil will be entirely blotted out on the Island. The Orientals are in the forefront in the removal of the blight upon their races, and we cannot see why the traffic should not be entirely stopped in Canada. It only needs a strong master hand to take away that which prevents the Mongolians, who have taken up their abode here, living as other people live, and also preventing the spreading of the habit to the white race.

The campaign hot stuff sent out by the Conservatives from Ottawa the last few days has had such a melting effect, that for a time the telegraph system was put entirely out of business.

Six Miles of Tunnels.

Phoenix, B. C., June 1.—A report of the Granby mines at Phoenix states that in their prospecting operations they have drilled nearly six miles of tunnels in their searches for ore. Probably no mine or group of mines in British Columbia has had so many bore holes made, and consequently not so thoroughly prospected as the Granby—and yet with the hill practically riddled with these apertures, and with cores taken out that would approximate six miles in length, the work goes steadily on by Boyles Bros., the contractors, who have done it all for the Granby company for nearly four years.

FIFTEEN HUNDRED NEGROES MOVING TOWARDS ALBERTA

Edmonton, June 1.—Fifteen hundred negroes have come to Alberta this spring. This is the statement of Z. W. Mitchell, a highly colored gentleman, who is at present in the city. Mr. Mitchell is the founder and leader of the Loyal Legion co-operative educational system for negroes, and is here with a view to establishing a branch of the legion. The legion was founded for the purpose of assisting negroes to become good, reliable citizens. Mr. Mitchell this morning visited Mayor McDougall and explained the objects of the legion to his worship. He was confident that the class of negroes which had come to Alberta were good, but he considered it advisable that a branch of the society be formed here.

Silent Typewriter Is Latest.

Albany, N. Y., June 1.—The Silent Typewriter Co., with $8,000,000 capital, today filed a certificate of incorporation with the secretary of state and paid $4000 organization tax. Common stock will be $6,750,000, of preferred $1,250,000, and $8,250,000 is certified as already paid up. The principal office will be in New York, but most of the directors are Buffalo men.

Silver Maple Gardens

Will appeal to the business man of New Westminster as a most desirable place, where suburban life can be enjoyed with every convenience of the city.

He can be supplied with pure spring water piped into his residence, electric light, and a 45 minutes' tram service to and from this city.

This beautiful subdivision of 230 acres is now being placed on the market in 5 and 10 ac. tracts, all cleared and in crop, at $200 per ac.; crop included

Silver Maple Gardens is about 10 miles distant from the city on the G.N. Ry., the Chilliwack tram, and has a boat landing on either end of the place.

The soil is of a black alluvial make-up and is from three to five feet in depth, with clay subsoil.

The cleared land without crop is $150 per acre; the cleared land including crop, $200 per acre; easy terms.

Remember, we advertise the truth, the whole truth and nothing but the truth. Come with us to-morrow and we will show you something worth looking at, worth purchasing, and worth staying by.

Our Great June Stock Reduction Sale Began MONDAY

THE

Boldest June Venture Ever Known

The Most Interesting! The Greatest!
The Best! A Lesson in Economy!

You know from past experience that when we make such an announcement we have values that the most aggressive competition cannot equal. It has usually been our custom to have our Summer sale in July. Owing, however, to the cold weather, we have on our hand over $20,000 more stock than this season of the year warrants and have, therefore, decided to make the sale a month earlier than usual. The sale is on our complete stock, many items being reduced 33 1-3 per cent. to 50 per cent. and more. Nothing but the most seasonable, desirable and reliable merchandise will be offered. No such kind is ever offered, but many of the following prices are so low that they might cause doubt on that point unless we give you assurance to the contrary. If money talks, then these sale prices should speak to you. Every item mentioned below points the way to a most desirable money saving opportunity. Come early.

Sweeping Reductions in Dress Goods

Two Special Lines

Line No. 1—50c, 65c and 75c Dress Goods for 39c per yard. CITY NEWS

Mrs. A. Hill will not receive again until the autumn.

Phone 8475, Royal City Cleaning and Dyeing Works opposite Pacific hotel. **

Chief Constable Spain was at Mission yesterday on business connected with licensed houses there.

To dispute the superiority of "Brilliant" cigars is to question the value of quality. **

Rev. A. H. Huntley and family, who came to reside in Ladner some months ago from New Zealand, have left for the old country and may not return.

Bring your old Victor gramophone records to be exchanged for new ones at J. H. Todd's music store, Columbia street. **

Chief Justice Hunter is expected here today, when he may take the case of Steveston vs. Hunt and Norcross up over from the assize, or fix a day for its hearing.

The trade finds it both satisfactory and profitable to sell "B. C." and "Old Sport" cigars. **

Mrs. O'Hearn, a resident of Victoria for some time back, was yesterday admitted to the provincial asylum for the insane, having developed symptoms of insanity during the past few weeks.

See our ad. Alberta Hungarian flour $1.60 sack, or $6.25 barrel. Geo. Adams, Public Supply Store. **

The police yesterday secured the placing on the list of persons to whom liquor cannot be sold. A fine of five dollars and costs was imposed on a drunk, who had combined disorderly conduct with his intemperance.

See our ad. on page 8 for sweet silver goods. Chamberlain. **

Rev. J. S. Henderson, of St. Andrew's Presbyterian church, left yesterday for the east to attend the general assembly of the Presbyterian church at Winnipeg. He will be away a fortnight, during which the church will be supplied.

Four room cottages in good condition. Pantries and large basements. Price $1000 each; terms if required. Apply Owner, 123 Eleventh street.

The provincial police are seeking the location of two boys, Newton Claire and Eberly Howe, aged 14 and 11 respectively, who left their homes on Mission on Sunday, and have not been seen since they crossed the Westminster bridge in the direction of Cloverdale during that afternoon.

During 1907 many families paid out over $500 in rent, and still own nothing. For only $600 cash and this rent on that new modern seven-roomed house, centrally located, and in a few weeks you are the owner. For full particulars see Abbott & Ryde. **

A meeting of the Y.W.C.T.U. will be held this evening at the residence of Miss V. Rowe, Sixth street, at eight o'clock, when delegates to the W.C.T.U. convention at Victoria this month will be appointed. A large attendance of members is desired.

A juvenile baseball game is scheduled to take place today between teams representing Central school and St. Louis college.

New five room house and lot for sale on Alberta street. Will sell cheap on terms. John A. McDonald, Sapperton. **

Members of St. John's Presbyterian church (Vancouver) Sunday school intend holding their annual picnic at Queen's park on Thursday, July 9.

All kinds of annuals at Tidy's, the florist. Phone 154. **

A lacrosse match is to be played this evening at Queen's Park between teams representing the two local lodges of Oddfellows, Royal City No. 3 and Amity No. 27.

Dahlias, Geraniums and all kinds of bedding and vegetable plants. Davies & Son. Telephone 1098.

A garden party will be given by the local members of the W.C.T.U. at the residence of Mrs. Gordon, Burnaby, on Monday, June 29, when all honorary members of the union will be invited to attend.

The most convincing argument in favor of "B. C." and "Old Sport" cigars is the cigar itself. **

Alderman McMillan, of Vancouver, will be invited to address the next meeting of the local branch of the Antarctic Exploration league, to be held in Eagle's hall some time next week or the week following. Several other speakers will also be invited to take part in the evening's program.

The City Council last evening granted permission to the board of control of the R. A. and L. society to select a site on Albert street for the proposed granite monument to Simon Fraser. Mayor Keary remarked that if funds permitted, a bust may be placed over the pedestal.

An elocutionary contest between members of the R. T. of T. of this city will be held in the I.O.O.F. hall during the first week in July, when six of the city's most prominent elocutionists will take part in the competition. A similar contest between the juniors of the order takes place on Wednesday evening of this week.

There will be established shortly a telephone connection with the settlement in Burnaby lake. A deputation waited upon the Burnaby council on Saturday, and urged that the B. C. Telephone company be allowed to proceed with the work. Mr. Hodge, on behalf of the company undertook that when it becomes necessary to replace the poles, the company will consult the council on the matter of their location.

The contract for the supplying of meats to the different construction camps along the line of the new B.C.E.R. line from this city to Cloverdale, has been awarded to Reichenbach & Co., the tenders submitted by this firm being accepted yesterday. Although active operations have commenced, it will be about two or three weeks before the full force of workmen is on the scene, after which work will be rushed ahead as fast as possible. The contracts for the supplying of groceries, etc., have not yet been awarded.

The following returns show the number of patients in the public hospital for the insane during the month of May, 1908: In hospital at beginning of month, males, 354; females, 127; admitted during the month, males, 16; females, 4; discharged without probation, males 2; females, 0; discharged on probation, males, 9; females, 3; discharged at expiry of probation, males, 8; females, 4; died, males, 2; females, 0; in hospital at the close of the month, males 358; females, 128; on probation, males, 22; females, 10; total under treatment, males, 380; females, 138. C. E. DOHERTY, Supt.

Although A. Lavery and P. Peebles, former occupiers of two stores in the Hamley block, Columbia street, have now left those premises and are established across the street, it is not likely that the vacant stores will be occupied for some time, as the arrangements whereby T. Freeman, proprietor of the Steamboat Exchange, expected to secure possession of these premises early this month are now at a standstill, it being impossible to get all parties interested to sign the lease and other papers, several of the Hamley heirs being away in Europe. As soon as all preliminaries are settled, it is Mr. Freman's intention to move his saloon business into the now vacant stores, continuing his wholesale business in the Front street portion of the building. He expects to secure a ten year lease on the Columbia street premises.

Tenders for jail supplies are called for by the provincial authorities, to be in the hands of the Government agent by June 12.

Dr. R. Eden Walker, of this city, took part in the exemplification o. the third second degree, Scottish rite masonry, at the Masonic temple, Vancouver, on Friday last.

The Mulligan estate near Steveston has been sold through F. J. Hart & Co. to R. A. Trotheway, for $16,000. The property is 233 acres in extent. The purchaser proposes to settle on the estate at an early date.

The Mainland club will come up at the police court this morning, and there is a probality that some progress will now be made with the proceedings as the police are anxious to have some ruling on their position in the matter.

SEE HERE

Many persons no doubt think it wise to put off wearing glasses as long as they can. This is a wrong and dangerous conclusion. The only common sense thing to do is to aid your sight by the use of glasses, without delay, when you need them. Come to us and we will test your eyes without charge and tell you honestly whether you should wear glasses or not.

As our stock is too large we have decided to give the public the advantage of reduced prices for a short time. It will pay you to call and consult our optician free.

THE SPANISH ESCURIAL.

It Is a Marvelous Specimen of Ancient Architecture.

The Escurial, the palace of the Spanish king, an architectural marvel, formerly described as the "eighth wonder of the world," is now seldom spoken of even by those who are ready to go wild over much less pretentious structures. The cornerstone of this "Spanish St. Peter's" was laid by Philip II. in 1563, but it was 302 years (1865) before the monstrous building was pronounced finished. It was built by Philip in fulfillment of a vow to "erect the finest monastery in the world" should his forces be successful in their great battle with the French. That battle was fought at St. Quentin on Aug. 10, 1557, St. Lawrence day, and in order to honor that saint as well as to fulfill his vow the king had the foundation of his great memorial laid off in the shape of a gridiron, the implement of torture upon which the goodly Lawrence is reputed to have suffered martyrdom.

To those who have never visited the Escurial the size of the gigantic structure is beyond comprehension. It is 740 feet from north to south and 580½ feet from east to west, the square towers at each corner rising to a height of over 200 feet. Within this monstrous building are the king's palace, a cathedral, a monastery of 200 cells, two colleges, three chapter houses, three library buildings, five large halls, six dormitories, three hospitals and over 3,000 other rooms. In order to make St. Lawrence's gridiron complete, the building is built in quadrangular form, with seventeen rows or ranges of monstrous stone structures crossing each other at right angles, these forming the gridiron's ribs, the handle being a wing 470 feet in length. The church, which is a part of this vast pile of masonry, is 364 feet long, 230 feet wide, with a dome 330 feet in height. It is estimated that the building cost $50,000,000.

Trees.

Authorities on forestry say that seventy-five years are required for the oak to reach maturity; for the ash, larch and elm, about the same length of time; for the spruce and fir, about eighty years. After this time their growth remains stationary for some years, and then decay begins. There are, however, some exceptions to this, for oaks are still living which are known to be 1,000 years old.

Possibilities.

"But," protested the first dear girl, "I haven't got the face to ask a favor of him."

"Well," rejoined dear girl No. 2, "you might visit a complexion specialist and have your face remodeled."—Chicago News.

To smile at the jest which plants a thorn in another's breast is to become a principal in the mischief.—Sheridan.

Lulu Island Land Sale By-Law, 1908.

A Law to Authorize the Sale of Certain Lands on Lulu Island.

WHEREAS the Corporation of the City of New Westminster is the owner of (inter alia) Lots One (1) to Thirty-four (34) both inclusive, in Block A of Lot Seven Hundred and Fifty-seven (757), Group One (1), in the City of New Westminster, Province of British Columbia.

AND WHEREAS the present wooden bridge across the North Arm of the Fraser River in the said City of New Westminster is in an unsafe and dangerous condition and it is necessary to replace the said bridge with a new steel structure.

AND WHEREAS it is deemed advisable in the interests of the said Corporation that the said lands should be sold and the proceeds devoted in part payment of the cost of construction of the said steel bridge and otherwise on Lulu Island.

AND WHEREAS by the "New Westminster Act, 1888—Amendment Act 1889," it is provided that the Council of the said Corporation may, with the assent of the ratepayers of the said Corporation, to be first had and obtained in like manner as is requisite for the issuing of debentures for the raising of any loan, sell real property belonging to the Corporation on Lulu Island with full power and authority to execute all deeds and instruments to effectuate the same.

THEREFORE the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

(1) It shall be lawful for the Council to sell and absolutely dispose of, to any person or persons, body or bodies corporate, all or any part of the said lands hereinbefore mentioned being Lots One (1) to Thirty-four (34) both inclusive, in Block A of Lot Seven Hundred and Fifty-seven (757), Group One (1), in the City of New Westminster, Province of British Columbia, upon such terms and conditions as the said Council may by resolution determine. And the Mayor and Clerk of the said Corporation are hereby authorized and empowered to execute and deliver such conveyances, agreements for sale or other instruments as may be necessary to effectuate such sale or sales; provided that the proceeds of any such sale or sales shall be devoted in part payment of the cost of construction of the said steel bridge or otherwise on Lulu Island as the Council may by resolution determine.

(2) This By-law before the final passing thereof, shall receive the assent of the ratepayers of the Municipality of the said Corporation in like manner as is requisite for the issue of debentures for the raising of any loan.

(3) This By-Law may be cited as the "Lulu Island Land Sale By-Law, 1908."

Done and passed in open Council this 20th day of January, 1908.

Received the assent of the ratepayers this day of 1908.

Reconsidered and finally passed this day of , 1908.

City Clerk. Mayor.

NOTICE.

Take notice that the above is a true copy of the proposed By-Law which will be taken into consideration by the Municipal Council of the City of New Westminster one month from the first publication thereof in the "Daily Columbian," and "Daily News" newspapers, which first publication took place on the 20th day of May, 1908, and that a vote of the electors of the City will be taken on the said proposed By-Law on the 22nd day of June, 1908, between the hours of nine o'clock a.m., and five p.m., at the following places, namely, the Council Chamber, Civic Building, the Fire Hall, Sapperton; and the Light Station, Tenth street.

The Road to Success

In All Business Enterprises

Is Opened Through

The Advertising Columns of

The Morning Paper

The morning daily paper is first in the field for sales; the information in the advertising columns rule the purchases for the day. The thrifty housewife examines the morning paper carefully before telephoning her orders, and reads the advertisements carefully before purchasing home necessities.

So That You

Mr Businessman should take advantage of, and advertise in the ***Morning Daily News***, and secure the orders that the heavy purchasers of stock make imperative to large profits and quick returns.

Synopsis of Canadian North-West Homestead Regulations.

Any even numbered section of Dominion lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at an agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is rejuired to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father (or mother).

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid for.

Sixth Street Sewer By-Law

1908

A By-law to enable the City of New Westminster to raise the sum of $20,000 for the purpose of constructing a sewer on the Streets hereinafter mentioned.

WHEREAS, Charles J. Robson and others, being two-thirds of the owners of the property to be directly benefited thereby, and representing at least one-half in value of such real property, having petitioned for the construction of a sewer, having a sectional area of not more than four feet on the following streets:

Sixth Street from Front Street to Sixth Avenue.
Front Street from Sixth Street to Lotion Square.
Columbia Street from Sixth Street to Lot 5, Block XIV.
Clarkson Street from Sixth Street to Lot 14, Block B.
Carnarvon Street from Sixth Street to Lot 17, Block 3.
Victoria Street from Sixth Street to Lot 11, Block A.
Cunningham Street from Sixth Street to Lot 12, Block A.
Queen's Avenue from Sixth Street to Lot 11, Block H.
Liverpool Street from Sixth Street to Lot 14, Block H.
St. George Street from Sixth Street to Lot 32, Block H.
Lancaster Street from Sixth Street to Lot 30, Block H.
Laird Avenue from Sixth Street to Lot 37 of Lots 7, 39 & 40, S. Blk. VI.
Blackford Street from Sixth Street to Fifth Street.
Fourth Avenue from Sixth Street to East half of Lot 5, Sub. Block VII.
Fifth Avenue from Sixth Street to Fourth Street.
Sixth Avenue from Sixth Street to Third Street.
Fifth Street from Third Avenue to Sixth Avenue.

AND WHEREAS it is deemed expedient to grant the prayer of the said petition, and that the funds to be provided for such improvements should be repaid by special rate in the dollar to be levied on the real property to be benefited thereby is as follows, that is to say:

AND, WHEREAS, the value of the whole real property rateable under this By-law, as ascertained and finally determined as aforesaid, is two hundred and eighty-seven thousand and thirty ($287,030) dollars;

AND, WHEREAS, the amount of the debt which this By-law is intended to create is twenty thousand ($20,000) dollars;

AND, WHEREAS, it will require the sum of one thousand ($1,000) dollars to be raised annually for a period of twenty (20) years to pay the interest of the said debt, and the sum of seven hundred and forty-four and 31-100 ($744.31) dollars to be raised annually during the said period for the payment of the debt to be created by this By-law, such last mentioned sum being sufficient, with the estimated interest on the investment thereof, to discharge the said debt when the same becomes payable, making in all the sum of seventeen hundred and forty-four and 31-100 ($1744.31) dollars to be raised annually as aforesaid;

AND, WHEREAS, the value of the whole real property rateable under this By-law directly benefitted by the said improvement, and work upon which it will be required to charge an annual special rate in the dollar sufficient to pay the interest and create a sinking fund for paying the said principal debt of twenty thousand ($20,000) dollars within twenty (20) years, which said debt is created on the security of the special rate settled by this By-law and on that security only is two hundred and eighty-seven thousand and thirty ($287,030) dollars;

NOW, THEREFORE, the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

(1.) During twenty years from the first day of July, 1908, the currency of the debentures to be issued under the authority of this By-law the sum of one thousand ($1,000) dollars shall be raised annually for the payment of interest on said debentures, and also the sum of $744.31 shall be raised annually for the payment of the debt, making in all the sum of $1744.31 aforesaid annually to be raised annually as aforesaid.

(2.) A special rate of 6.08 mills in the dollar is hereby imposed on the real property above described according to the value thereof as hereinbefore mentioned, exclusive of improvements, over and above all other rates and taxes, which special rate shall be sufficient to produce in each year the said sum of seventeen hundred and forty-four and 31-100 ($1,744.31) dollars, and shall be annually inserted in the Collector's Roll in each year for the next succeeding twenty (20) years, and shall be payable at the time or times and at the place and in the manner in which the ordinary City taxes are payable, provided, however, that no rebate shall be allowed on the amount levied hereunder as aforesaid.

(3.) The sum of twenty thousand ($20,000) dollars shall be raised by loan by this Corporation on the security of the special rate hereby imposed and on that security only, and debentures amounting to the sum of twenty thousand (20,000) dollars shall be issued by the said Corporation therefor.

(4.) The said debentures shall be made payable at the expiration of twenty (20) years from the date of issue of the same and bear interest at a rate not exceeding five per centum per annum.

(5.) The debentures may both as to principal and interest be payable in any place in Great Britain, in the United States of America, or Canada, and may be expressed in sterling money, or in any other currency, and may be made payable in gold and the amount to be raised therein shall be paid out and expended in paying off and discharging any temporary loans heretofore obtained on account of the said improvements and works, and for any other necessary expenses in connection with said improvements and works, and for no other purpose whatever.

(6.) If at any time any of the owners of the said real property hereinbefore described, or of any part thereof, desire to commute the Assessment imposed by this Act by the payment of his, her or their proportionate share or shares of the cost thereof as the principal sum in lieu thereof, he, she or they may so commute by payment of such sum as may be necessary to realize at the end of the currency of such debentures a sum equivalent to the balance then unpaid of the said special rate thereon.

(7) All monies arising out of the said annual special rate, and all monies received in commutation thereof under the preceding section of this By-law shall be deposited in the Savings Bank of some chartered bank.

(8) Every debenture to be issued hereunder shall contain a provision in the following words: "This debenture or any interest therein shall not, after a certificate of ownership has been endorsed therein by the treasurer of the corporation, be transferable except by entry by the treasurer or his deputy in the debenture registry book of the said corporation at the City of New Westminster."

(9) The amount of the special rate levied hereunder shall be added to the taxes for the financial year in which such rate is assessed and levied, and such special rate may be collected in every respect as ordinary land or real property taxes of the City of New Westminster and may be enforced and recovered in the same way whether by action to be brought in any court of competent jurisdiction, by sale of the land or real property upon which the same attaches. Provided, however, that no rebate shall be allowed on the amount levied here under.

(10) This By-law shall come into operation and take effect on the day of the passing thereof.

(11) This By-law may be cited as the "Sixth Street Sewer By-law, 1908."

Done and passed in open Council this 27th day of May, 1908.

W. A. DUNCAN, City Clerk. [L. S.] W. H. KEARY, Mayor.

J. W. TROUP, General Superintendent, Victoria.

Homemade Starch.

One of the simplest forms of starching in a case of sudden need is the use of borax water. A quarter of a teaspoonful of borax in half a teacupful of cold water will give a dressing like new to embroidered cuffs and collars or even those made of linen. Dip the article you wish to starch in the dissolved borax, wring and roll in a dry cloth for a few moments, then iron.

To Clean Light Furs.

To clean white or light colored furs sponge with a mixture of one part gasoline, one part alcohol and one part ammonia, or if a dry cleanser is preferred sift powdered fuller's earth into the fur and leave it covered for three days before shaking and beating out the powder. Work it well into the fur. It will extract oil and cleanse generally.

The Mirror.

The looking glass may be polished with a soft cloth wet with a few drops of aqua ammonia. It injures a mirror to allow the sun to shine full on it. In some way the sun's rays affect the metallic coating of the glass, causing it to lose its brightness, and often cracking the reflecting surface and always making it a poor reflector.

Maitre d'Hotel Sauce.

Cream one-quarter cup of butter, add one-half teaspoonful of salt, a pinch of pepper, one tablespoonful of chopped parsley and one tablespoonful of lemon juice. Spread at once on the hot meat or fish.

Cleaning Silver.

A little ammonia added to the whiting and water with which you clean your silver will improve its appearance wonderfully and quite restore that dull look.

Just as Good.

Flasherly—Such a joke! Kit talked to a wax figure for half an hour thinking it was Cholly Saphead.

Dasherly—How on earth did she discover her mistake?

"Bless you, she didn't."—New Orleans Times-Democrat.

A friend may well be reckoned the masterpiece of nature.—Emerson.

LAND REGISTRY ACT.

Re the southeast quarter of section 11, township 2, New Westminster district.

A certificate of indefeasible title to the above property will be issued to James G. Smith on the fourth day of June, 1908, unless in the meantime a valid objection thereto be made to me in writing by a person or persons claiming an estate or interest therein, or in any part thereof.

C. S. KEITH,
District Registrar of Titles.

Land Registry Office, New Westminster, B.C., May 2, 1908.

The person or persons having in their custody or possession the following title deeds relating to the said property are requested to deliver the same to the undersigned.

September 26, 1884—Charles Robert Culverwell to Montague William Tyrwhitt Drake, Robert Edwin Jackson and Harry Dallas Helmcken, mortgage in fee.

January 9, 1886—Montague William Tyrwhitt Drake, Harry Dallas Helmcken, and Robert Edwin Jackson to Henry A. F. MacLeod, assignment of mortgage.

BOYS ADMIT HAVING HELD UP G.N.R. TRAIN

Four Lads Carried Out Bold Scheme to Rob Passengers on Dark Night.

Great Falls, Mont., June 1—The hold-up last night of the northbound Great Northern train at the stock yards, about a mile and a half from this city, was the work of three boys who now occupy cells in the city jail.

A fourth youth, who admits of having assisted in planning the hold-up but took no active part, is also a prisoner. The quartette have made a complete confession to the police.

The names of the four boys are: Albert Hatch, aged 15; William Randall, aged 17; Harry Rheams, aged 15, and George Cresswell, aged 16.

Rheams states that Hatch, after they had left the scene of the hold-up, proposed that they cross Sun river to the Montana Central line and hold up passenger train No. 236 from Butte, which was due in two or three hours. Because he demurred Rheams states Hatch drew his revolver and threatened to kill him.

He was dissuaded from the second attempt at train robbery by the two youths who were with him.

The stories told by the boys, with the exception of Hatch, agreed in the main details. They state that the hold-up was planned two nights before, it being decided to rob the train on the first dark night.

Funeral of Mrs. Edwards.

The funeral of the late Mrs. W. H. Edwards, an old-timer of this city, who died at San Francisco on May 22, where she has resided for five years since leaving the city, took place yesterday afternoon to the Church of England cemetery from the residence of her son-in-law, Capt. C. H. Debeck. The funeral would have ben on Sunday, but owing to some delay in transporting the body, it did not arrive in time. At San Francisco a memorial service was conducted by the Rev. Mr. Marvack, at St. Stephen's Episcopal church. The body was laid to rest beside that of her late husband, in the presence of a large number of friends who knew her in the old days. Rev. A. Shildrick, an old friend of the family, conducted the services. The pallbearers were Mayor Keary, Henry Morey, George Turner, James W. Harvey, J. McMurphy, and A. H. McBride. The daugaters of the deceased present were Mrs. Moresby, Victoria; Mrs. C. H. DeBeck, Mrs. E. M. Knott, Mrs. Bushnell and Mrs. Goldstein, and the son, Mr. Albert Edward. C. H. DeBeck, W. Moresby, grandson, and several others of the grand children were present at the cemetery.

The funeral arrangements were carried out by W. E. Fales.

CLOUDBURST ENGULFS A MEXICAN VILLAGE.

City of Mexico, June 1.—Floods have wrought great damage in the neighborhood of the city of Pachula. In the past two days eighteen people are said to have ben drowned, and the village of Pachula entirely wiped out of existence. The extent of the property loss is not given. The flood was caused by a cloudburst which caused the Baranasca, usually a dry and much travelled road, to be transformed into a raging torrent.

Explosion on Liner.

Cherbourg, June 1.—A boiler tube in the engine room of the American liner St. Louis exploded while the vessel was entering the roadstead here this morning. Three firemen were seriously injured.

WINDSOR SALT—because it's pure, fine, clean, dry, piquant—is used by most people all the time. 132

SUMAS DYKING SCHEME MAY NOW GO AHEAD.

People resident in the territory affected by the proposed work of the Sumas Development company will be pleased to learn that there is a possibility that the litigation that has been holding back the work of the company for the past two years will be called off within 24 hours. The company has not allowed the litigation to retard the completion of its plans and the prospects now are that work on the extensive reclamation, protection and development scheme will be commenced as soon as the spring freshets are over.

Death of Mrs. Dunlop.

Sincere sympathy will be felt for W. E. Dunlop, traffic superintendent of the B.C.E.R. here, on the death of his wife, Margaret, at the age of 41. Mrs. Dunlop, who died at her residence, Princess street, at two o'clock yesterday morning from heart failure, had been ill and gradually failing for some time. The deceased lady was a native of Ontario, and came west twenty years ago. Mr. Dunlop has been connected with the company for the past 15 years. The widower has a family of four daughters, two employed in offices in the city, one who has recently returned from the east, and a girl at school. Mrs. Dunlop's father, J. Taylor, is still living at Detroit, Michigan, and her surviving brothers are living in the east. As Mr. Dunlop is a very prominent Orangeman, the local lodges will attend the funeral, which takes place tomorrow at two o'clock, from St. Barnabas' church.

Westward, Ho!

WE are now at home in our new offices, two blocks farther West, in the Westminster Trust building, corner Columbia and Lorne streets.
