## PLEASURE JAUNT IS PROMISED SOLONS

### Mayor and Aldermen Will Visit Bellingham on Board Newington—Review Fleet

The city council is to have a pleasant little pleasure jaunt to Bellingham and perhaps down the Puget Sound on Friday, Saturday and Sunday, May 22, 23 and 24, providing no obstacles arise to prevent the carrying out of the program. This was a decision arrived at during the council session last evening, and was suggested in a letter to Mayor Keary from Mayor J. P. de Mattos, of Bellingham, inviting the council to visit that city and join with the citizens of the Bay City in receiving the second of the American fleet that will visit that port. Other information is to the effect that there will be some twenty mayors of various cities present on that occasion.

No sooner was the letter read than Ald. Fader promptly placed his large yacht vessel, the Newington, at the service of the council for the occasion, inviting them to be his hosts in company with their lady friends, and review the American fleet from the decks of the ship. The invitation was unanimously accepted, and in the early hours of Friday morning the Newington will slip her moorings and down the river in state, bedecked with bunting and with Captain Fader at the wheel. A few hours will land the party at Bellingham, and after reviewing the fleet and visiting the city, it is possible that the voyage may be continued on the morrow to Seattle, the party returning home on Sunday evening. The Newington has had some experience of war vessels before, having been one of the fleet of vessels that met the Russian bombardment in the North sea and for a time strained the relations between Great Britain and Russia.

The council requested the mayor to make a suitable reply to the mayor of Bellingham accepting the invitation and stating that the party would arrive on the Newington. The invitation was as follows:

"To the Mayor of New Westminster:

"Our secretary of the navy has ordered the admiral commanding the Atlantic fleet to rendezvous with his first squadron (eight battleships, led by the flagship 'Connecticut') on Bellingham bay between May 21 and 23.

"Clasping hands with you across the Canadian border on behalf of our 40,000 citizens, I tender you and your people a cordial and neighborly welcome to visit us on May 22 and join with us in the huzzas with which we will greet our navy on its return home from the greatest voyage in the world's history. We regard this as an event in which the people of the two greatest nations on earth can fraternize as one.

"J. P. DE MATTOS,
"Mayor of Bellingham."

### LAUDER GETS DECISION.

North Vancouver, April 27.—Billy Lauder, the Calgary boxer, secured the decision at the end of a fifteen round boxing contest with Driver Miller, of Vancouver, this evening. Both boxers showed considerable ability, honors being about even for the greater part of the bout. Betting was 2 to 1 on the Calgary boy.

### BIG FIRE IN VANCOUVER.

Vancouver, April 27.—Fire this evening destroyed the Vancouver Sash and Door factory, leaving the building to the ground. The damage is estimated at $30,000. The loss was partly covered by insurance.

## CONTRACT JAPANESE CANNOT ENTER HERE

### Order-in-Council Effectively Prevents Japs Coming to Alberta From Philippines.

Ottawa, April 27.—Hon. Mr. Graham this afternoon in answer to Ralph Smith read a C. P. R. letter asking permission to bring in Japanese. The letter was written March 26, 1908, from the C. P. R. offices by Charles Drinkwater and states that "Japanese gentlemen contracted with us last autumn for the purchase of a considerable area of land in the irrigation block with a view to cutting up into small farms for Japanese settlers. He cables from the Philippines that he has arranged for the immigration of two hundred settlers this year, but Japanese government is not disposed to grant passports unless the Dominion government approves of the settlement of these people in Alberta.

Hon. Mr. Oliver in replying March 30, said: "If the arrangement proposed is in the nature of a contract for furnishing labor the government cannot approve of it and therefore cannot ask the Japanese government to grant necessary passports. As announced in parliament, however, a certain number of Japanese domestic servants and farm laborers may be given passports to Canada. Within the number agreed upon of these classes, the Dominion government has no objection to offer to Japan issuing the necessary passports."

Hon. Frank Oliver said the Japanese could not come from the Philippines in any case as the order-in-council of March 28, would prevent their landing in Canada.

## SNOW EIGHT FEET DEEP IN MANY PLACES IN ENGLAND

London, April 27.—A remarkable blizzard, the first experienced in the south of England since 1881, continued practically all over the United Kingdom throughout Friday night and Saturday until Saturday at midnight. It was accompanied by a violent northerly gale and low temperature, and in many places the snowdrifts are eight feet deep.

Railway traffic has been seriously delayed, and telegraph and telephone systems are completely disorganized. Trolley cars and motor cars have been snowed up in every section of the country. Many of the outlying districts are isolated and some deaths are reported.

Enormous damage has been done, especially to the young fruit crops. London, where much snow has fallen during the past week, was bathed in sunshine yesterday, though it is very cold.

### Nelson's New Chief of Police.

Nelson, April 26.—The police commissioners have appointed Chas. W. Young, formerly of the provincial police, chief of the Nelson force. The appointment is an excellent one and meets with public approval.

## REDUCE EXPENSES FOR THE PRESENT

### Money Bylaws Must Be Submitted to People Before Costly Works Are Begun.

"We will have to call a halt all along the line until the money bylaws have been submitted to the ratepayers," emphatically declared Mayor Keary at the council session last evening. The city, it appears, has run to close on the limit of its cash at the bank and requires what remains to meet the monthly payroll, and the debenture interest due on July 1. There will, of course, be plenty of money coming into the city coffers by June 1, but the mayor deems it expedient to be economical in the meantime, pending the decision of the ratepayers. The public works department has already been following a policy of retrenchment for the past few months, only absolutely necessary work being done, the remainder laying over until the result of the referendum is known. That department is asking for $75,000 for roads and sidewalks.

There would be plenty of money for all purposes had the city not undertaken the extensive additions to the waterworks system, but this was an absolute necessity, for to leave it undone would be to place the city in a most dangerous condition during the dry months of midsummer. His worship suggested the calling of a public meeting in order that the ratepayers might be fully informed of the conditions that made it necessary to call for the various sums.

Ald. Jardine, chairman of the finance committee, expressed his satisfaction at the mayor bringing this matter before the council, reminding them that he had been advising economy for some time. He advised the holding of the public meeting after the by-laws had been published a sufficient time for the people to become conversant with them.

Ald. Gray suggested that the school trustees should be allowed to hold a separate meeting, so that they might be able to deal fully with their special expenditures. The matter was not definitely settled either as to whether one or two meetings will be held, or in what particular hall it shall be held, some of the aldermen deeming the city hall to be large enough, others believing that it should be in the opera house. The details will probably be arranged at the next meeting of the council.

The matter of clubs in the city selling liquor without a license again came up in the form of a letter to the mayor from Joseph Martin, K. C., stating, in reply to a query from the mayor, that he believed that the clubs could not legally sell liquor against the city by-laws. The council appeared to be in favor of making a test case to ascertain their power in the matter, and in the event of their being defeated in the test case, will probably appeal to the provincial government for legislation to enable them to exercise control over the social clubs in this respect. For the present, however, the city will content itself in holding a special meeting to meet the city solicitor and fully discuss the legal aspect of the affair. A date will be set during the week for the meeting when Joseph Martin, K. C., will likely be present at the request of the city.

In committee after the regular meeting, Scavenger Booth was on the carpet to answer several charges of neglect of his duties made by various citizens. He explained that there was always trouble at this time of the year, everybody cleaning up at the same time making work too heavy to be handled. He had, however, almost caught up and would be able in future to keep up with the demand for his services. It was suggested that a good deal of the complaints probably arose from the scavenger not being properly notified, and the press was requested to emphasize the statement made that all requests for the services of the scavenger should be made in writing at the city health office, where a file is kept for the purpose.

### Communications.

W. N. Carty inviting the mayor and aldermen to be present at the May Day celebration. The invitation was accepted.

White, Shiles & Co., asking for approval of plans of subdivision of lot 18, suburban block 7. Mayor asked to sign plans if in conformity with the by-law.

W. Myers Gray, on behalf of A. Jones, calling attention to the variation in the old and new surveys of his property on Carnarvon and Jemmett streets. The old Moody plan varied somewhat from the new plan and left a strip of property between his and the adjoining lot. Mr. Jones asked that the city release any rights they have to the strip in question.

Hikokuma Nakamura and Yoshimatsu Sabato, of the Japanese barber shop on Columbia street, asking permission to erect a sign on the sidewalk outside the shop. Referred to the police committee and board of works to report.

J. Fleger, a dairyman of Sapperton, protesting against the impounding of his herd of cattle, in which he explains, got loose through some one leaving the gate open. Referred to the police committee to report.

D. E. MacKenzie, market clerk, submitted the statement for the month of March showing receipts to be $247.75. Filed for reference.

## MOUNTAIN SLIDE ENTOMBS VILLAGE

### Little Hamlet Scene of Awful Catastrophe When Landslide Occurs.

Buckingham, Que., April 27.—A terrible disaster occurred early yesterday morning at Notre Dame De La Salette, a little hamlet about eighteen miles northeast from Buckingham, by which over thirty people lost their lives. The hamlet is situated on Lievre, at the foot of a hill, and about 5 o'clock in the morning, when most of the villagers were in their beds, a tremendous landslide occurred. An enormous mass of earth and snow rushed down the mountain side and engulfed several houses with all their occupants. Owing to the remote location of the hamlet and the fact that it has neither railway, telegraph nor telephone communication, details of the catastrophe are very hard to get. Requests have been sent to Buckingham for twenty-five coffins, and these have already been sent.

The news of the terrible disaster was brought to Buckingham by Mr. Brasseau, hotelkeeper of Poupore, a nearby village. He states that a considerable portion of the mountain, which is on the opposite side of the Lievre river to Notre Dame De La Sallett, suddenly became detached and was hurled down the steep side, crossing the river and completely burying several houses in the village with all their occupants.

Immediately upon receipt of the news at Buckingham all the doctors in the place with a large force of men responded to the call for aid, and drove to Notre Dame De La Sallett, while a procession of wagons took twenty-five coffins to the scene.

It is now known that seven houses were overwhelmed and all their occupants killed. The face of the hill for a height of sixty feet fell over to a length of about half a mile along the Lievre river, precipitating the mass into the river and about 500 yards on the other side of it, smothering everything in its way under yards of earth. Several families have been completely wiped out. The known dead are, as far as can be learned:

Mrs. Camille La Pointe, five children and their grandmother.

Mrs. Paul Des Jardines, hotelkeeper, with her two sons and two unknown guests.

Cleophas Des Laurier and his wife.

Mrs. Joseph Murray and five children.

Adelard Murray.

The names of the other victims are yet unknown, while the exact number will probably not be definitely known until the houses are dug out of the masses of earth which covers them. So far seventeen bodies have been recovered, and the excavation will be resumed in the morning.

### Nelson's Car Barns Burned.

Nelson, April 27.—Fire this morning destroyed the car barn of the municipal tramway at 3:30 o'clock, under circumstances which look strongly like incendiarism. The value of the property lost is from $10,000 to $15,000, fully insured. This comes on top of the accidental fire on Saturday which destroyed the municipal power sub-station, completely putting out of business for several months to come the tramway system.

### DR. ROLLER WINS AGAIN.

Seattle, April 27.—Dr. F. B. Roller, the Seattle champion wrestler, tonight easily defeated Jack Westergaard, the bulky Norwegian, in a wrestling match at Dreamland park. Roller secured two straight falls.

## TWO SAILING VESSELS MISSING FROM FLEET

### Fishing Boats on Way From France to St. Pierre Lost With Their Crews.

Halifax, April 27.—From St. Pierre Miquelon it is learned that two of the French fishing fleet, with every soul on board, numbering seventy-five men and boys, were lost on March 27, when a number of sailing vessels left St. Malo for St. Pierre and the St. Pierre banks.

All have turned up with the exception of two, and as nothing has been heard of them since the fishing interests of St. Pierre look upon the two vessels and crews as being among the early victims of 1908.

### Former Police Chief on Trial.

Chicago, April 27.—John M. Collins and Frank D. Comerford, former police chief and police attorney of Chicago, were placed on trial before Judge McSurely today, on charges of conspiracy to defraud the city. The charges resulted from the investigation and shake-up in the police department that followed the election of Mayor Busse a year ago. Almost 400 witnesses have been summoned in the case, which is expected to continue about six weeks. Other cases in which ex-Chief Collins, Attorney Comerford and others are defendants are on the criminal court call to follow the present conspiracy charges. Their trial probably will be tentative on the outcome of the present case, which is considered the strongest one against the former city officials.

## CHINAMAN CUTS THROAT OF YOUNG GIRL SLAVE

Bellingham, April 27.—Lee Wing Waha, a rich Chinaman who, with a Chinese girl, twenty years old, whom he said was his wife, but who is believed to have been a slave of his, was detained in the United States immigration shed at Sumas, murdered the girl by cutting her throat on Saturday night.

Today at the county jail he told a Chinaman that a Chinese interpreter of the government at the dentention station planned to deport Waha to China and keep the girl himself. For this reason he says he killed her. On the way to this city he offered the sheriff $1000 if he could be allowed to go back to China. The story he told to the sheriff last night is that the woman tried to kill herself and that he finished the job by cutting her throat with a razor.

## VESTRY MEETING HEARS ENCOURAGING REPORTS

### Holy Trinity Cathedral Officers Elected — Financial Showing is Good.

The annual vestry meeting of Holy Trinity cathedral was held yesterday evening, when encouraging reports were received and adopted. Officers were elected as follows: Church wardens, J. J. Jones, Dr. R. Eden Walker; lay delegates, W. Norman Bole, T. S. Annandale, J. R. Payne; sidesmen, R. J. Rickman, G. E. Martin, J. P. Hampton Bole, Harold Disney.

The following extracts from the church warden's report shows the satisfactory financial standing of the church:

"It affords us much pleasure to be able to report a most satisfactory year's work in all matters pertaining to the church. The treasurer's report shows that $3,815.26 were received from all sources and that $1,812.46 have been expended, the balance being $1,228.06 at commencement, and $210.85 now in the bank. Practically all accounts have been paid, so that for running expenses there are no liabilities.

"St. George's hall has rented very well in the past twelve months, the total receipts from this source reaching the very handsome sum of $497. With the assistance of the Women's Auxiliary society which donated $200 and $74.10 received from the proceeds of a social gotten up by Miss Brymner, Mrs. Yuengling and others, we have been able to pay off $400 on the mortgage, which leaves only $500 now standing against the hall.

"Early in the year we learned that the lot immediately east of the church building was advertised in the city tax sale. As it would have been possible to erect a building within ten feet of the cathedral on this lot, we deemed it advisable to obtain possession of it, and we therefore purchased it at the very low price of $200.

### Gotham Remembers Its Founders.

New York, April 27.—The historical societies of Greater New York have set aside the present week for various exercises to commmorate the tercentenary of the departure of the Dutch for this country. The village of Flatbush has made especially elaborate arrangements for the event. President Roosevelt has consented to start the Flatbush festivities by pressing a button at 10 o'clock tonight, which will light up the old Dutch windmill and glorify appearances generally.

### Carnival of Flowers for Sailors.

Santa Barbara, Cal., April 27.—Several thousand sailors of Admiral Evans' battleship fleet were given shore leave today to enjoy the festivities arranged for their entertainment by the citizens of Santa Barbara and vicinity. The program began this morning with a baseball and football tournament. For this afternoon there has been arranged a floral pageant and battle of flowers, which promises to be the most gorgeous affair of its kind ever seen in California.

## *Ward Fund Subscription List Has Only Two Days to Run*

On Wednesday night the last meeting of the Children's Ward Fund society will be held and there is still wanting the sum of $125 to complete the amount required to fulfil their purpose of furnishing a twelve cot ward for children in the Royal Columbian hospital. The work is one of the noblest that could be undertaken and the young ladies who comprise the society have worked hard for some months to accomplish the task which they imposed upon themselves to commemorate the reign of the May Queen by some good work. They have appealed to the citizens, they have canvassed the surrounding districts, organized parties and concerts, held bazaars and socials, in order to swell the fund, and now two days before the close of their term, they are lacking $125 to make up the necessary $1200. The citizens have responded well to the call, but there are still many who have not given, and to them an appeal is made.

# TRADE CRIPPLED BY FEAR OF THE INDIANS

## Vigorous Campaign Planned Against Rebellious Yaquis—Thousand Under Guard.

Nogales, Ariz., April 26.—It is announced that a vigorous campaign is about to be inaugurated against the rebellious Yaquis in Sonora. The Twenty-second battalion has arrived at Guaymas from the south, and the garrison at Tampico is on the way to the same port with the Twenty-fifth battalion.

Gen. Lorenzo Torres, who is about to assume the chief command, is now in Sonora conferring with the secretary, who leaves to-morrow for a trip to Europe. There are now about 1,000 Yaquis under guard at Hermosillo, who were gathered from all over the state. They will be deported to Yucatan on the Tampico and the Alamos. There have been few depredations committed by the Yaquis reported lately but the fear inspired by them has brought mining and other enterprises to almost a standstill in the region infested by the Indians.

### GOLD DUST DISCOVERED IN LONG LOST DUNNAGE BAG

Seattle, April 26.—Three dollars invested by a second-hand man in what was apparently an old sailor's dunnage bag, brought a return of from $140 to $150 yesterday. In the disreputable looking bag was uncovered a poke containing gold dust to the amount and from the evidence of the accompanying articles instead of being the possession of a sailor it must have been that a Klondyker, probably one of the early mushers on his way home. The bargain was picked up at a sale of unclaimed baggage held by the Pacific Coast Steamship company on pier 1, and some of the stuff auctioned off was ten years old. There was no means of identifying this particular package, but from the appearance of it the old bundle had lain in storage for a long time. Presumably the original owner of the gold is dead, for it is inconceivable that he would forget his gold, and he may be one of the many men whose trail ended mysteriously along the waterfront in the days of the early rush to the north.

### New York Harbor Fogbound.

New York, April 26.—A dense fog which settled down over the bay this morning interfered seriously with the movement of shipping and made it necessary for half a dozen big ocean liners, among them the Arabic, the Lucania, the President Grant, La Savoie and the Philadelphia, with thousands of passengers from European ports, to anchor off Sandy hook to await clearing weather.

### Good News for the Scribes.

Ottawa, April 26.—The debates committee of the Commons has decided to recommend that the salary of each official reporter be increased from $2000 to $2500 per annum, and of C. W. Boyce, assistant to the chief reporter, from $1200 to $1500 per annum.

### Larger Empresses Ordered.

Victoria, April 26.—Reports were received here to-day from England that the C. P. R. has ordered two new liners, faster and larger than the Empresses for the Atlantic service, and is preparing to build vessels to augment the Pacific service.

### Shipbuilders' Lockout Ordered.

London, April 26.—At a meeting held in Carlisle yesterday the shipbuilding employers' federation decided to order a lockout in every shipbuilding yard in the United Kingdom.

## THE DOUKHOBORS.

No slander is too contemptible or mean to be uttered by the reptile Opposition press when it touches upon the Liberal Government policy with respect to immigration. Whenever a newcomer falls by the way, or misfortune falls to the lot of an immigrant and his family, the Government is to blame. If the tickets were not made as the immigrant thinks they should have been the Government is to blame. If the ticket was made out properly and accidently lost by the immigrant, the Government is to blame. If the immigrant's baggage was wrongly labelled, broken or lost, the Government is to blame. If anything in the shape of disease of mind or body happens to a late arrival, the Government is to blame. If in transit one of these new sightseers falls off the train, the Government is to blame. The fact is apparent, that the Government officials and agents, the agents of the shipping companies also, are expected to make strict examination and enquiry respecting everyone seeking our shores, and if they do wrong, or get pay for doing right, the Government is to blame.

Now it so happened that an apparently down trodden race, hunted hither and thither, their relatives massacred, without hope except the release at the hand of the assassin, sought our shores. The world looked on, and applauded the humanitarian Government that helped to release them from their thraldom and when they reached our shores; special deputations representing all creeds went down to the point of debarkation to welcome, and cheer, and care for these poor unfortunates. Clothing, food and even delicacies were distributed on the trains and at every point where such hospitality was given a chance to display itself until the point of distribution was reached. Here the Government did what it does with every nationality, housed and fed the Doukhobors until they could be settled, which settlement was finally accomplished.

Seven years later fanaticism takes possession of them and they scatter and march without definite ideas as to their destination. Some of them wander into the Province of Ontario, and at Fort William nineteen are imprisoned for non-conformity to law, there to remain for six months, during which time they can get used to some article of dress sufficiently opaque to be decent. They wore such clothing when they came to the country (although their conceptions of decency were somewhat Edenic) and there is no reason why they should not don clothing adapted to the country at this time. But the Conservative press works itself into hysterics with the demand that the Dominion Government deport these prisoners who are forcibly detained by the Ontario Government. This reckless demand is made regardless of the principle affected. If the Dominion Government could deport at will, what rights would immigrants have after their seven or ten years residence in Canada? Even governments are required to act within the law and whenever or wherever the highest authority does not conform to law it will speedily be checked. What we say is that if in the light of today an error was made in encouraging these deluded unfortunates to our shores, the whole country practically endorsing the humanitarian action of the time must share the responsibility. We have hope that in our condemnation of these fanatics, we may remember that less than two hundred years ago the hills in the mother lands resounded with the whoop of our forebears, who wildly pursued the hunt in very abbreviated costume and there is a chance yet that these despised Doukhobors may take on the arts and dress of our modern civilization. Until they do the Conservative press will blame the Government.

## ROYAL BANK OF CANADA ISSUES ANNUAL REPORT

**Comprehensive Review of Financial Situation Included in Neatly Gotten Up Booklet Just Issued.**

In issuing their thirty-eighth annual report the Royal Bank of Canada has almost succeeded in "painting the lily." No institution has ever placed before the public such an extravagantly gotten up booklet, descriptive of their own progress during the past decade, together with such a striking tribute to the financial development of the great Dominion of Canada, as the pamphlet just received by the Daily News.

Not only are the principal branches of the banks, from Nova Scotia to Victoria pictured, but also statistics dealing with such diversified topics as the population, area, public debt, imports, coal, minerals, railways, immigration, yield of crop in the different provinces, customs, metals; in fact an encyclopaedia of every import and export throughout the Dominion.

The Daily News has only one fault to find, that, whereas branches in Chilliwack, Vancouver, Victoria, etc., have found an illustrated place, New Westminster has been passed up.

The challenge to a roller race thrown out by Coleman, of Vancouver, to C. F. Perry, of Westminster, has been accepted. Three half miles heats will be raced for a purse of $25 on Friday, May 1, first heat to start at 9:45 p.m., with ten minute intervals between heats. Perry and Coleman skated a five mile race in Vancouver three years ago, Perry winning. Last winter these two skated a two mile race on the same floor, Coleman winning. This promises to be the most exciting race pulled off at the local rink, as both men are very evenly matched.

With a deep wound in the back of his neck, a half witted person giving the name of Thomas Lee, was brought to the Royal Columbian hospital on Saturday. He was found by farmers on the Yale road, and appears to remember nothing of the incidents that led to the wounding.

John Miller, of Port Haney, charged with assaulting his wife, was yesterday tried before Judge Howay in the county court and fined $25 and costs.

A queer customer walked into the office of the chief of police yesterday afternoon, demanding the protection of the police against persons who were threatening to kill him, and continually accusing himself of having murdered his mother and robbed his sister. The nam is Thomas Francis Williams, and this is the second time he has asked the protection of the police, stating in reply to their questions that he has never seen the persons who are threatening his life, but that he hears them speaking to him. Dr. Manchester has been looking after the man for some time and having come to the conclusion that he is insane, Williams was yesterday removed to the asylum.

Winnipeg, April 27.—St. Joseph's German Catholic church on College avenue, one of the largest churches in the city, was destroyed by fire early this morning. The original cost of the building was $75,000.

## BAD CROP YEARS.

**When Birds and Animals Do Not Mate at the Mating Season.**

"When birds and animals do not mate at the mating season, it is a sign that a bad year is coming," said a farmer.

"Quails, gophers, rabbits and squirrels all refuse to mate in certain years. These years afterward turn out to be bad ones. The quails are particularly weather wise. By instinct the little wild creatures know that for lack of rain or for some other reason there is to be a grass famine and a seed famine, and, instead of pairing off and mating and setting up housekeeping in little families of two, they remain unmated in the large bands in which they have flown all winter, living, as it were, a kind of apartment house life. That year inevitably turns out a bad one, though the bachelor and spinster quails, with a good deal of picking and scratching, manage to get enough to eat. But to feed families of little ones in such a famine year would be impossible.

"In California the squirrels in a famine year not only do not mate; they do not even live. They become dormant. As by a miracle, they remain dormant until a season of plenty comes with the next winter's rains."—Exchange.

**For Her Welfare.**

Mrs. Goodheart had made up her mind that most of the so called charity of the present day was not, strictly speaking, charity at all. Whoever gave, she had concluded, did so for the pleasant sensation of seeing his or her name figure on subscription lists, and she did not agree with this ostentation.

"Here, my good man," she said one day last week to a man who had begged alms of her, "here is a threepenny piece, and please to understand that I do not give this because I hope to be rewarded for my charity some day, but because it gives me pleasure to do so."

The burly beggar looked dubiously at the tiny silver coin.

"Look 'ere, mum," he said. "In this 'ere wicked world we don't orften get the chance to enjoy ourselves. Why not make it a shillin' an' 'ave a real good time?"—London Tit-Bits.

**Jury Was Experienced.**

"Flatman, I hear you were arrested the other day for insulting and browbeating a janitor. How did you come out?"

"I was tried for it and acquitted."

"On the ground that it was justifiable?"

"No: the jury couldn't be made to believe such a thing was possible."—Chicago Tribune.

**The Worst of Education.**

When the new and the old school meet, there is likely to be a clash of opinions, and so the miller, Brown, found the other day when Farmer Jackson sent his young son across to the mill with a sack of corn which he wished ground into meal. Like the miller, the mill was of the old, leisurely school, and only a tiny stream of meal trickled out. The young man waxed impatient.

"What a mill!" he said, with scorn. "Why, I could eat the meal quicker than this ramshackle old concern of yours can grind it!"

"Aye," said Miller Brown, "but how long couldst keep it up, lad?"

"Till I starved!" was the trenchant answer.

And when Miller Brown had puzzled out the inwardness of the remark he concluded that lads nowadays were "gettin' a power too sharp wi' their tongues."—London Express.

# Do You Intend Building?

"There is no time like the present" is an old saying but more especially does this apply to building operations at this moment. LUMBER HAS GONE DOWN to a very astonishing extent. It is, however, very questionable if it will remain so much longer. Labor is also much lower and more available than it was this time last year. Make inquiries and convince yourself. DON'T PROCRASTINATE until prices go up again.

Of course you will have to procure a lot and this is where WE CAN BE OF ASSISTANCE TO YOU. We have been given the EXCLUSIVE SALE of what is beyond the least shadow of doubt the most desirable property in the City of New Westminster. WE DO NOT MEAN AWAY OUT IN THE SUBURBS where it is necessary to use fancy names in order to attract prospective purchasers BUT IN THE VERY HEART OF THE BEST RESIDENTIAL SECTION OF THE CITY.

It is situated on FIRST STREET between SECOND and THIRD AVENUES. FACING ON THE BEAUTIFIED PORTION OF QUEEN'S PARK, it commands a magnificient view of the Fraser River and the Pitt Mountains. You can also see all the LACROSSE MATCHES and other sports without going out of the house. Be sure to look at these lots before buying elsewhere. Nearly every lot faces on a 66-foot street and has a lane at therear. Below is a plan of the property which you might cut out and take with you when you go to pick out your lot. If one lot is too small for your purposes you can take two or three and have just as large a frontage as you want. If you cannot aford to buy lots facing on the Park look at the back lots, the prices of which are absurdedly low. Remember: WE ARE THE ONLY FIRM IN THE CITY WHO CAN SELL THIS PROPERTY.

# SECRETARY TAFT TO GO TO PANAMA

### Aspirant For Presidential Chair Is to Spend Three Weeks at Canal Zone.

Washington, April 25.—As a result of deliberations at the cabinet session today it was determined that Secretary Taft should go to Panama. He will sail April 30 from Charleston, S. C., on the cruiser Prairie. A detachment of marines will also be sent on the Prairie. A number of questions between the United States and Panama and between Panama and Colombia will be negotiated during the secretary's stay on the isthmus. It is said to be necessary that the concessions the United States obtained from Panama provided for in a protocol should be embodied in a permanent treaty. The secretary will be gone three weeks.

### Synopsis of Canadian North-West Homestead Regulations.

Any even numbered section of Dominion lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at an agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is rejuired to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father (or mother).

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

The following communication from Secretary W. F. Hansford, of the New Westminster Publicity association, shows clearly the steps that are being taken to commence a systematic boosting campaign in the interests of the city. The attached footnote heads the subscription lists:

Chairman of Finance Committee, New Westminster Publicity association, New Westminster, B. C.

Dear Sir,—At a meeting of the executive board of the New Westminster Publicity association held on Friday, the 24th inst., I was instructed to advise the finance committee to apply for subscriptions for the purposes of the association on the following plan: The subscribers pledge themselves to pay the association a specified sum of not less than $1.00 a month for a period of six months in order to carry out the advertising plan of the association. This plan provides in the first place, that the association make the necessary efforts to have appointed a correspondent of the Associated Press for the city and district of New Westminster; secondly, the publication of three folders, each dealing with the advantages of the city of New Westminster and district from the point of view of agriculture, industrial opportunities, etc.; thirdly, the necessary steps for publishing the advantages of the city and district in 100 periodicals circulated in eastern Canada and the United States, as well as in the old country.

This plan is intended to be only a beginning, and we propose to adopt further means of advertising the city and district, when it is proved that satisfactory results have been obtained from carrying out the above scheme.

I enclose herewith forms for subscriptions to the association. I am further directed to request you as convenor of the finance committee to call the committee together and make arrangements for an early canvass of the residents and merchants of the city. You will see the necessity of having this work done speedily, on account of the limited amount of money now in the hands of the treasurer. This money will doubtless be expended in obtaining books, stationery and postage for the present requirements of the association. Another meeting of the executive board will be held about the middle of next week when the board will be pleased to have you present, and make a report of the work done by the finance committee.

Yours very truly,

W. F. HANSFORD,

Sec. N. W. Publicity Association.

To the New Westminster Publicity Association:

We, the undersigned, hereby agree to pay the amount set opposite our respective names every month for a period of six months from the date hereof, for the purpose of advancing the interests of the city of New Westminster and district according to the plans of the New Westminster Publicity association.
