WANTED. FOR SALE. TO RENT. LOST. FOUND. REAL ESTATE. PROFESSIONAL. BUSINESS. FRATERNAL, ETC.

When we talk of a successful business man these days, we say, "He's an advertiser." A certain prominent merchant in a city not far from New Westminster has the following framed motto over his private desk: "Early to bed and early to rise, work like H—l, and advertise. Good advice, that. Act upon it. The world is waiting for men who can do things, invent things, sell things, buy things; but the world will not seek out those men; they must let the world know that they are doing things. They must ADVERTISE. What made Beacham's Pills and Pears' Soap household words? Just the simple fact of ADVERTISING.

AWARDED FORTUNE FOR TEN-DOLLAR SHARE

New York, April 23.—An echo of the suicide several months ago of John H. Woodbury, the "beauty specialist," was heard in the supreme court here when a jury late yesterday awarded Payton R. McCargo a $19,400 return on a $10 investment. McCargo was manager of the Woodbury company and held one $10 share of stock. Andrew Jergens and Charles H. Gollaus, soap makers of Cincinnati, acquired 50 per cent. of the Woodbury stock from John H. Woodbury for $250,000, but were unable to obtain a controlling interest until they approached McCargo. He sold them his one share, which would give them control of the Woodbury company, for $39,000. The company failed and McCargo sued the Cincinnati men, winning the verdict of $19,400.

PRESS CONFERENCE TO DISCUSS CABLE SERVICE

London, April 23.—The first item on the program of subjects to be discussed at the imperial press conference which will open on Monday, June 7, is that of cable news services and press inter-communication. The Earl of Crewe will take the chair. The press and empire will be discussed on the two following days.

JUDGE ORDERS UNION MEN PUT INTO MINE

Fort Smith, Ark., April 23.—Chancery Judge Bourland issued an order of court here that probably is without precedent. In appointing R. A. Young receiver for the Hiawatha Smokeless Coal Company, of Coaldale, Ark., he ordered that the receiver employ none but union men in the mine, or sell it. Judge Bourland some months ago stated that he would never grant an injunction against a labor union in the interests of a corporation.

CONGRATULATES FIELDING ON CANADA'S FINANCES

London, April 23.—The Standard congratulates Hon. W. S. Fielding on his excellent financial statement. It says he chose wisely in deciding to balance the national accounts rather by a reduction in expenditure than by imposing new taxation. The renewal of the practice of attaching sinking funds to loans issued in London should have the effect of making them more popular and at the same time putting Canada's finances on sounder basis.

Good Bread is Essential to Good Health.

The staff of life forms the basis of every meal, and without it the finest menu is incomplete.

Experience has proved that to obtain Bread that is light in crumb, as well as wholesome and nutritious, the choicest flour must be used.

The Flour that has demonstrated itself superior in the baking is

Robin Hood Flour

because it is made from the finest wheat in the world, the celebrated hard Red Fyfe—wheat that is scientifically selected and milled under improved and exacting conditions.

Because of the peculiar dryness of ROBIN HOOD FLOUR it absorbs an unusual amount of water, therefore it makes more bread and holds moisture longer than other kinds of flour.

By using ROBIN HOOD FLOUR you will get more bread, better bread, sweeter bread and more nutritious bread.

ROBIN HOOD FLOUR is sold on an absolute guarantee, which means your money will be refunded if not satisfactory. Give it a trial—it will speak for itself. Your dealer will always get it for you if you insist upon having it.

BANK BILLS MUST BE PROPERLY WRAPPED UP

Postoffice Authorities Will No Longer Expose Employees to Temptation —Order in Force in May.

Ottawa, April 24.—Postmasters have received instructions from the department not to accept packages of currency from banks or private individuals, unless the bills have been tied tightly before wrapping, and are then carefully drapped in linen-lined wrappers or linen or other strongly woven material, again strongly tied or stitched before wrapping and sealed at points of closing.

There have been so many cases, within the last three years, in which bank packages, even with a double wrapping of manila paper, have been received in a damaged condition, with contents protruding, and, in a number of cases, with some of the bills missing, that the department can no longer consent to expose postoffice employees to this form of temptation.

These regulations will come into force May 1.

Sultan Prepared To Surrender All

(Continued from Page One.)

ence lasted for several hours, and finally, failing to exact a promise of unconditional surrender from Abdul Hamid, the Young Turk leaders headed by Halid Bey, withdrew, giving the Sultan until 4 o'clock this afternoon to surrender unconditionally.

A Bloody Struggle.

About fifty of the defenders succeeded in making their escape from the Taxim barracks, but every other member of the garrison was killed. Scores of defenders were found buried under the ruins of the battered walls.

So quickly were the bodies removed and so chaotic were the affairs of the hospitals tonight that it is impossible to estimate the actual number of fatalities, but it is expected that they will considerably exceed all figures given out today.

The most reliable advices tonight fix the report at 3000 dead and upward of 5000 wounded.

An investigation late tonight showed that 1000 men were killed in the seige and the capture of Taxim barracks, the bombardment of which lasted for five hours. This barracks was the last to surrender to the Young Turks.

Well Ordered City.

The conduct of the Young Turks throughout the day was such as to bring the highest praise from the foreigners in Constantinople. Not only in the generalship displayed in the fighting, but in their precautions taken to safeguard the city and protect foreigners, particularly the embassies, the Young Turks showed themselves to be fully up to the highest standards of modern warfare.

The city was never known to be so quiet before as it is tonight, and it is generally believed that once the military situation is disposed of, an investigation will be made as to the authors of the recent events, and the question of the throne will be considered. Some of the embassies were riddled with bullets.

In Asiatic Turkey.

Beirut, Asiatic Turkey, April 25.—A conservative estimate now places the number of killed in the Armenian massacres in Adana Vilayet at from 20,000 to 30,000. At the town of Adana more than 100 girls are missing. It is known that twenty-one native pastors have been killed. Fears are entertained that other American missionaries than those whose deaths have been reported, have been murdered.

A messenger dispatched for relief by Miss Lambert, the American missionary who two days ago sent an appeal to Constantinople, has been killed in the streets. A second messenger, a soldier, was shot at. The vali has given assurances of the safety of the Americans. Conditions at Alexandretta are unchanged. An appeal for help has been issued from Latakia, as the mob is nearing that city and American property is threatened. Antioch is quiet, there being no Armenians left in that town.

Barley Bread

is the most easily digested bread on the market today. THE REASON IS PLAIN—the barley from which this flour is made has been germinated sufficiently to change about ten per cent. of the starch into grape sugar—or, in other words, has predigested that part of it.

All starch must be changed into sugar before it can be assimilated. This special treatment takes three days—but it pays.

Ask your grocer for a loaf.

Barley Flour.

If you make bread, ask your grocer for a ten-pound sack to try. Recipes in every sack for making bread, scones, cakes, etc.

NATURALIZATION OF ALIENS.

The ruling which has been handed down by His Honor Judge Howay in regard to naturalization cases is highly important and must be productive of beneficial results. Briefly, the ruling requires that in future an alien applying for a certificate of naturalization will have to support his application by the evidence of two credible British subjects, testifying that the applicant has resided in Canada for the statutory period of three years, and that he intends to continue as a resident of the Dominion. The mere taking of an oath before a commissioner will no longer be sufficient to support an application for naturalization. This decision is most opportune and will be welcomed by every Canadian in this district, where the Oriental question presses so severely. Hitherto it has been far too easy for Asiatics and others to secure the honor and privilege of becoming a British subject, and there have been some unpleasant rumors about the way in which this glorious privilege has been abused. His honor's judgment will, we believe, put a stop to this.

POPE ON WOMAN.

Rome was about the last quarter of the globe from which an ex cathedra pronouncement in regard to the position and duties of woman was expected, and the utterance of His Holiness Pope Pius X. upon the vexed question of woman suffrage has fallen upon the world like a bolt from the blue. That this declaration from the papal throne will have considerable weight and influence among the great body of Roman Catholics there is not the least doubt. How many of the noble army of suffragettes, who have been making things so lively and unpleasant for Premier Asquith and other members of the British government, may or may not be of the Roman Catholic faith, we have no means of knowing. This expression of the papal displeasure may, however, be expected to thin the ranks of the aggressive combination to some extent. From the articles that have appeared of late in various magazines and periodicals we gather that the modern phase of the female suffrage movement is no longer looked upon as a purely English agitation, but is regarded by its adherents and supporters as being of international consequence. This being so, it will be interesting to watch the course of events and observe whether those militant spirits of the suffragette army who are not affected by the mandate from Rome will proceed to the Holy City and attack the noble resident of the Vatican, or waylay the ruby-clad dignitaries of the sacred college on their way to the council, with the same energy and persistence that they have displayed toward the members of the British Government. It may be, of course, that these sibyls will decide to treat the papale pronouncement with the cruel contempt of silence.

CITY MATTERS.

Now that the excitement connected with the aldermanic by election has subsided and the Council is once more complete in all its units, we may perhaps be allowed to direct the attention of this body to one or two matters that need attention. To render the excellent work of street numbering just completed really effective and helpful to residents and visitors alike, the name of each thoroughfare should be placed in some prominent position at all junctions or corners. Perhaps the front of the corner house would be the best position to place the name plates, and, if these were neat and tasteful in form, they could not be objected to as a disfigurement. At the present time it is a matter of no slight difficulty, even for a citizen of years, to be sure which street is which when he arrives at a four-want way, as it would be termed in the rural districts of England. Another matter that requires early attention is the provision of more fire hydrants in the outlying parts of the residential section. Many of the streets that have been built up during the last year or so are, we have been informed, entirely without any provision of this kind. With the summer near at hand the danger to houses in these outlying parts from contiguous bush fires is a circumstance that should not be forgotten.

A LITTLE IRONY.

A drug store in this city is just now making a special display of goods in its window under the prominent announcement of "Requisitions for athletes." In the centre of the window is a pile of crutches!

CHILLIWACK FERRY PASSES INSPECTION

The S. S. Vedder, which will replace the John P. Douglas, burned on the ice last January, was inspected and passed for service on Saturday. The new boat has been constructed at S. Dawe's shipyard, the machinery being supplied by the Westminster Iron Works. She is 75 feet over all, 16 feet beam, draws 14 inches, and can make 12 knots an hour. The gross tonnage is 102, and she can carry 25 tons of freight and from 60 to 70 passengers.

The boat belongs to the Chilliwack Ferry company and will ply from Harrison Mills to Chilliwack Landing. Captain Garvie is in charge, Mr. Henley is engineer, and A. E. Yates purser and manager. About a year ago this service was inaugurated and has been interrupted since the accident which destroyed the predecessor of the Vedder.

Portuguese Earthquake.

Lisbon, April 25.—The effect of the earthquake shock experienced last night in Portugal, was particularly severe along the lagoon between Santa Rem and Lisbon. Many houses in this district were thrown down, and the church at Salvador was almost completely demolished. At Alhambra a dozen people were killed and many were wounded. Six dead are reported from other points. King Manuel and the Duke of Oporto have left Lisbon to visit the afflicted district. No further shocks were felt today.

Grant for Burnaby Road.

A preliminary grant of $5000 was promised a deputation of Burnaby members of the council of Saturday by Hon. Thomas Taylor, minister of public works, for use in connection with the improvement of the Vancouver and Hastings road. The deputation which waited on the minister consisted of Reeve Byrne and Councillors Stride and Hill, who pointed out that the proposed work would entail an expenditure of about $25,000, but would be of immense benefit to the municipality. The work will be proceeded with immediately, under the joint supervision of the Burnaby council and the provincial government.

FORTUNE FAILS TO KEEP MAN OUT OF THE ARMY

Chicago, April 25.—James L. Dickson, 24 years old, who has a fortune of $125,000, has enlisted for four years in the United States marine corps. Four years ago, when Dickson was about to enlist in the marine corps, he received word that he had inherited $100,000 from a rich uncle in California. He served out his time just the same, and a month ago purchased his discharge and went to Toronto, where he added $25,000 to his fortune by a deal in grain elevators. He soon tired of civilian life and decided to re-enlist.

ROADS MAY RETURN TO THREE-CENT RATE

Kansas City, April 24.—Federal Judge Philipps yesterday issued an order dissolving the temporary injunction recently obtained by the circuit attorney at St. Louis in the state courts to prevent the eighteen railroads entering Missouri from returning to the 3-cent passenger rate.

Judge Philipps ruled that unless the state officials and state courts kept out of the case they would be held in contempt.

Roll Call Tonight.

The annual roll call of Amity lodge, No. 27, I. O. O. F., will take place this evening, when a large attendance is expected. The committee in charge of the event has had published a neat souvenir booklet, which contains the name of every member of the lodge, together with the date of his admission and his present address. There are over two hundred members affiliated with Amity at the present time.

Lever Brothers, Toronto, will send you free a cake of their famous Plantol toilet soap, if you mention this paper.

Synopsis of Canadian Homestead Regulations.

Any available Dominions lands within the railway belt in British Columbia, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

COAL.—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY,
Deputy of the Minister of the Interior

Synopsis of Canadian North-West Homestead Regulations.

Any even numbered section of Dominion lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at an agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is rejuired to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father (or mother).

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.

DAYLIGHT SAVING BILL FAVORED BY PARLIAMENT

Special Committee Will Report Today on Advisability of Advancing Clocks for Summer.

Ottawa, April 25.—The first reading has been given by the commons to the bill introduced by Mr. Sharpe (North Ontario) to amend the Bank act. It provides that all unclaimed balances in charatered banks, after five years, shall be transferred to the government, which shall act as custodian.

Among the bills given a third reading yesterday was one to incorporate the Kootenay & Alberta Railway Company (Mr. Knowles). Hon. Mr. Graham's bill respecting the National Transcontinental Railway has been given its first reading. It gives the transcontinental commission power to arrange with the municipal authorities of Winnipeg and St. Boniface regarding accommodation for vehicular traffic over the proposed bridge across the Red river.

The senate has given the third reading to the following bills: Respecting the Bank of Winnipeg; to incorporate the Great West Permanent Loan Company; to incorporate the Canadian Red Cross society.

On Monday the special committee of the house which has been named to consider the Lewis Daylight Saving bill will make a report to the house, approving of the proposal to advance clocks an hour during the summer months. It is hardly probable that any effort will be made to put the measure through the house this session, owing to a desire on the part of the members for early prorogation, but a campaign of education will go on.

THE "IVORY CITY."

Alaska-Yukon-Pacific Fair Adopts Color Restful to Eye.

Seattle, April 25.—Because nowhere on the grounds is there the glare of white, only the soft, mellow tone of old ivory, the Alaska-Yukon-Pacific Exposition which opens in Seattle on June 1, has come to be known generally throughout the Northwest as the "Ivory City."

Chicago had its "White City" and a magnificent sight it was, but blurred vision and bursting headache were the price of gazing too long upon it. Every other exposition since the Columbian Fair has made white its color, with the same painful results. Probably the A.-Y.-P. would have made the same mistake, had it not been for the fact that many of its structures were constructed of reinforced concrete and pressed brick. The brick in which all of these permanent buildings are finished are of the tint of old ivory and, since everything at the fair is otherwise in accord, it would not have done to have finished the many plaster staff structures in white.

Recently every building on the grounds was given its final coat of color and the practically completed exposition city presents a beautiful picture. The old ivory blends perfectly with the natural background of fir forest, into which the exposition is builded and one may wander the length and breadth of the grounds on the brightest day, without a thought of smoked glasses.

HON. CLIFFORD SIFTON ON FUTURE OF CANADA

Ottawa, April 25.—The Hon. Clifford Sifton, lecturing before the Toronto University club upon the conservation of the natural resources of Canada, said that in a very short while the waters of Lake Erie and the other great lakes would be contaminated with sewage. If properly developed, Ontario and Quebec would become the manufacturing centre of North America. The people of Canada, he said, lost annually from twenty-five to fifty million dollars through defective seed. Talking of minerals, Mr. Sifton prophesied that within the next twenty-five or thirty years the most remarkable development of mineral industries the world had ever known would take place in this country. As regards timber, he declared that forest fires during the last thirty years had consumed five times as much as the Canadian lumber firms had cut.

GIRLS MUST COOK TO WIN HUSBANDS

Coatesville, Pa., April 25.—A number of Coatesville young men have served notice on the fair sex that in effect means, "You must know how to bake or we won't consider matrimony." As a consequence the fair sex is taking lessons in pastry.

One girl, who desired to strengthen the effections of her "steady fellow," baked a nice pie and tendered it to him in his office. He ate the pie and replied "You'll do."

The edict started as a joke, but it has become quite serious.

MAYOR ARRESTED; PARISH PRIEST SUED

Montreal, April 25.—The parish priest of St. Agathe, Rev. Father Corbit, is facing three libel suits of $10,000 each, as a result of the feeling there over a local option campaign. The citizens suing charge that he used defamatory language in his Easter sermon. On the other hand, the Mayor, who is leader of the "wet" party, has been arrested on a serious charge. It has finally been decided that St. Agathe, which is a health resort, should be an entirely "dry" town.

Record Fine is Paid in Texas

(Continued from Page One.)

was sent in separate shipments to prevent any attempted robbery. The money was placed in the care of two armed guards, who were driven to the state house with it shortly before noon.

Interest Piles Up.

The original fine against the company was entered May 31, 1907. The judgment was for $1,623,900. Interest at 6 per cent, working nights and Sundays while the Waters-Pierce Company carried the case through the various courts added almost $100,000 to the fine.

What the effect of the ouster on the big oil fields of Texas will be is the question that is interesting Texas people. It is declared that the effect of the death of the Waters-Pierce Oil Company will be to give control of the field to the oil interests backed by John W. Gates. Gates declares that his companies will make no effort to take over the property of the Waters-Pierce Company which will be sold by public auction. It is declared that H. Clay Pierce and those associated with him may be able to still control their holdings by forming a partnership under the laws of Texas and buying in at the receivers' sale.

MOUNTAIN IS JOLTED OUT OF PLACE BY EARTHQUAKE

Los Angeles, Cal., April 25.—A dispatch from Ventura says an earthquake, causing the slide of a great mountain of the Sierra range, has changed the entire surface of Santa Paula canyon, dammed the Santa Paula creek and made a lake in the south fork canyon that in the wild beauty of its surroundings is said to rival Tahoe. The creek bed is said to have been raised 200 feet above its former level, and the water pours out from over a fall 200 feet high. The new lake, it is estimated, is about 1000 feet long and 50 feet wide. The water is about 50 feet deep. The earthquake that threw the mountain out of place occurred April 10.

OPTIONS TAKEN ON THOMPSON COAL LANDS

Kamloops, B. C., April 25.—Stuart Henderson, M. P. P., has taken an option on the North Thompson coal lands, above the upper Indian reserve, and the first payment was made last week. His Honor the Lieutenant-Governor Dunsmuir is stated to be interested in the deal. The opening up of the coal lands will mean much to Kamloops and district, as it is understood that extensive operations will be undertaken.

FORMER CANADIANS FORM A CLUB

Louisville, Ky., April 25.—Among the organizations of the cheerfully expatriated with which Louisville is well stocked, the Maple Leaf Club is the newest. This is composed of all the former Canadians who could be found and they numbered several hundred in high positions in the community. Norman Rushton is president. Dr. Montague, who was a member of Sir John A. MacDonald's cabinet, will address the club in a few weeks.

CLAIMS HE HAS CURE FOR CONSUMPTION

London, April 5.—Some of the most eminent physicians of England have agreed to a test of what the discoverer, Wm. Doig, claims to be a cure for tuberculosis. It has been decided to take six consumptives from London hospitals and allow Mr. Doig to treat them under the closest observation. The treatment consists of draining the pus from the lungs to the surface by means of chemical heat.

The "All Red" Project.

Ottawa, April 25.—It is understood that Deputy Postmaster-General Coulter's trip to the Australian States and New Zealand, in respect to the "All Red line" project, has not been fruitless. He leaves Australia for London on April 27. The exact standing of the negotiations will not be made known until Dr. Coulter reaches Ottawa.

The Dressmaking Disclosures.

Paris, April 25.—The dressmaking world of Paris is awaiting with intense interest the promised revelation from New York regarding the doings of the alleged smuggling syndicate. The best known dressmaking concerns deny, emphatically today the reports from America that they have furnished the authorities with a list of their clients for the purpose of facilitating the running down of the smugglers.

Miss M. Trapp competed in the ladies' saddle class but was not placed.

BOWLING

This week will be a busy one for the local bowling men, beginning with this evening at 7:30, when the Dominion Trust team and the Royals will endeavor to pile up a good total at the Vancouver tourney. Tomorrow night at 7:30 the Salmon Bellies will see what they can do, and Wednesday evening it is expected that a large representaton from this city will attend the banquet at the St. Francis hotel.

On Thursday local lovers of the game will see some of the best bowlers on the Pacific coast in a 12-hour contest on the Royal City alleys, from 9:30 a. m. to 9:30 p. m. Spectators can drop in at any hour during that contest and witness some good bowling.

All will regret to hear that Charles Davis, of Seattle, is again confined to his bed. He had intended coming up for a week for the tourney, but R. R. Carver has received word that he was again in bed and he will surely be missed, both in Vancouver and New Westminster the next week.

Bitter Campaign in Newfoundland.

St. John's N. F., April 24.—Sir Edward Morris, the premier, today brought suit for $50,000 against the leading newspaper organ of Sir Robert Bond's party. The premier alleged that the "Telegram" libeled him yesterday in commenting upon the case of Walter Baine Grieve, a prominent merchant, who was arrested a few days ago at the instance of Sir Edward, who charged that Grieve wrote a letter accusing him of being in the pay of the Canadian government, for the purpose of furthering a plan to have Newfoundland annexed to Canada. The campaign grows more bitter daily as election day (May 8) approaches.

Paperchase.

A paper chase which was held Saturday afternoon among the members of the various classes conducted in the Columbian college gymnasium was won by Jack Holt, with W. Ross second. The course laid out by the two hares, Prof. Clark and A. Berry, was about six miles long, most of it through rough timber trails. In spite of the character of the roads followed, the winner made very good time, averaging a mile in six minutes for the five miles which was the distance run. There were altogether thirteen entries and all finished.

Mishap to Aorangi.

Victoria, April 25.—With her steam pipe broken, and unable to proceed across the Pacific, the Canadian-Australian liner Aorangi returned to port last night. The accident occurred 30 miles outside Cape Flattery, when outward bound. Captain D. S. Phillips decided to run back to port, which he left at 6 o'clock this morning, rather than venture across the Pacific. The repairs will be effected here today.

SULTAN PREPARED TO SURRENDER ALL

Thousands Fall in Street Fighting at Constantinople—Palace Surrounded.

London, Sunday, April 25.—A bulletin received by Lloyd's shortly after midnight states that the palace guards defending the Sultan in the Yildiz Kiosk have surrendered and that the Sultan is a prisoner in the hands of the Young Turks. Another dispatch contradicts this telegram by stating that the besieging of Yildiz Kiosk will begin tomorrow.

Sultan Defiant.

Constantinople, April 25.—Barricaded in the most impregnable part of the Yildiz Kiosk and surrounded by several hundred of his most loyal troops—a modern, Swiss guard, the aged ruler has issued his defiance to the Young Turks' commanders and the prospects are now that the bloodiest and most terrific fighting will be necessary to bring about his overthrow.

Desultory fighting is already in progress around the palace, preliminary to an attack by the combined Young Turks, if the Sultan holds out in his present determination.

Under the command of Cheltek Pasha, the Constitutionalists are being drawn from the points that they occupied after victories.

Preparing to Storm.

The palace occupies a splendid strategic position and a few soldiers will be able to stand off a greatly superior number for hours.

It is reported that the Sultan, fearful of just such a situation as has arisen, has secretly mined the palace grounds and that a catastrophe of huge proportions will befall the attackers should any attempt be made to storm the palace.

The Sultan sent back word to the Young Turks committee that rather than surrender his throne he would die in the palace where he had reigned for thirty-three years.

Every embassy is tonight under the guard of a lieutenant and a detachment of infantry, furnished by the Young Turks. It is reported the first secretary of the British embassy is among the killed.

Opposing Forces.

Notwithstanding the unexpected reverse of the Sultan's change of attitude, the Young Turks' leaders declare that the situation is wholly cleared up. They declare that their military strength is sufficient to meet any new development and that the only question to be considered now is the successorship to the throne. According to figures obtained at the legations tonight, the forces of the Young Turks in and surrounding Constantinople tonight number about 30,000 men, while the total number of troops remaining loyal to the Sultan will not exceed 5000.

Making a Stand.

It is now declared to be the intention of the Young Turks to place one of the Sultan's sons on the throne, in preference to Mohammed Rechad Effendi, the Sultan's brother, who had been the choice of the Young Turks up to the present time. It is not stated which son the choice will fall on.

The first stand of the Sultan's supporters in the open took place immediately before the Belgian legation in the heart of the European district. Rallying about a yelping little Maxim gun, a company of Loyalists attempted to sweep the street and stand off the charge of the Young Turks, but after about four minutes of desperate fighting in which more than a hundred men fell, killed or wounded, the gun became jammed and the Loyalists broke and ran, many of them being overtaken and bayonetted as they fled. In the fight, the Belgian legation was literally riddled with bullets and scarcely a window was left unbroken, but the inmates escaped uninjured.

Street Fighting.

At the same time that the fighting was at its height here the bloodiest of street battles of the day was begun at the head of Grande Due de Pera, where two battalions of the Sultan's supporters hastening south to assist in the defence of the Yildiz Kiosk, were overtaken by a large body of Young Turks. The latter immediately opened fire and the Loyalists, driven across the street in double quick, fell back. Occasionally there would be a break and the Loyalists would be in full flight, but a pile of debris, a vehicle, or a bit of merchandise would offer a temporary barricade and the officers would rally the fleeing troops and continue the fighting.

Hardest Fight of Century.

Throughout the battle scores of persons, driven to the housetops, clear of the leaden hail, perched on the edges of the roofs to witness what was perhaps the bitterest bit of fighting that has taken place on European soil in a century. Among the spectators were dozens of American and English tourists who, well out of range of the contestants, clicked cameras while the rifles of the contestants belched death a few feet below.

Following the surrender in an instant, the firing stopped, and a round of cheers went up from the Young Turks as they swung out from behind hastily constructed barricades, and forming their badly shattered ranks, were thrown in a cordon about the Yildiz Kiosk. Without a chance of any escape for the inmates, the leaders of the Young Turks then entered the palace and demanded an audience with the Sultan. The conference

FADER ELECTED BY LARGE MAJORITY

Aldermanic Contest Gives Substantial Lead to Former Member—Heavy Poll.

The most exciting municipal by-election for many years in Westminster concluded on Saturday in the election of E. J. Fader by a majority of 80 votes to fill the aldermanic seat from which Alderman Garrett has resigned.

All day rigs and automobiles were busy bringing voters to the polls, and in spite of the heavy rain over 800 exercised the franchise. The successful candidate was well supplied with vehicles of all kinds, while the Bryson committee was handicapped in this respect. The statement published in The News on Saturday that the Coquitlam dam would be built under certain reservations had an important influence on the poll. A. M. Herring, the third candidate, only polled six votes; in fact, his campaign was not taken seriously by the electors. The women voted in large numbers, both of the leading candidates securing a large measure of support.

Mr. Fader polled better than he did in 1907 at the general municipal election, when he received 416, and had 90 more than he obtained at the election last year, when he was eight votes behind the last elected candidate. The surprise of the election on Saturday was the large vote for him in Sapperton, which was regarded as a stronghold of the Bryson party.

Details of the poll were:

	West End	City Hall	Sapperton	Total
E. J. Fader	32	349	59	440
J. S. Bryson	39	289	32	360
A. M. Herring	0	5	1	6

FOUNDER OF COLLIER'S DEATH WAS SUDDEN

New York, April 25.—Peter F. Collier, founder and publisher of Collier's Weekly, died suddenly last night of apoplexy at the Riding club. Mr. Collier died before a physician arrived. He was chief owner and editor of Collier's Weekly. Peter Fenelon Collier was born in Carlow, Ireland, and came to the United States at an early age. He was educated at St. Mary's college, in Cincinnati, Ohio.

ODD FELLOWS PARADE TWO HUNDRED STRONG

Members of Order Listen to Eloquent Sermon Delivered at St. Andrew's Church

Over two hundred members of the Independent Order of Oddfellows took part in the annual church parade yesterday evening, marching to St. Andrew's Presbyterian church, where Rev. J. S. Henderson preached an interesting sermon on "Canada's Great Need," drawing particular attention to the high objects of the order. At no stage of the world's history, declared the speaker, was there more need of men who were true to the principles of Friendship, Love and Truth, than at present, when commercialism was such a dominant factor in mundane affairs. Although the old saw that every man had his price had long been accepted as fact, the speaker quoted notable examples of men who had remained true to their trust and whose names would go down in history because they could not be influenced at any price. Mr. Henderson's impressive sermon was closely followed by the large congregation—the largest seen in St. Andrew's church for many a day.

About thirty members of the Vancouver Canton came over in full uniform, under the command of Major McKay. The parade was held under the auspices of Amity lodge No. 27, a committee consisting of W. C. Coatham, P. G., E. L. Webber, P. G., and Aleck Adams, P. G., having charge of the details. Newton R. Brown acted as marshal.

A large number of members of Beulah Rebekah lodge, No. 5, and several visiting Rebekahs, assembled at the church, where they occupied seats reserved for them.

Little Girl Who Will Be Crowned Queen of the May

MISS HELEN HALE.

May Queen-elect, who will be the central figure of the ceremonies next Friday. She is 12 years of age, a student at the West Side School, and a daughter of A. F. Hale. Her maids of honor are Miss Mabel Maud Atherton and Miss Jean Rancie.

May Day Festivals Are Gaining in Popularity

Westminster, for so long the only city in western America to celebrate the old English May Day festival, enjoys this distinction no longer. Other places are following the lead taken by the Royal City in this matter, and it is probable before many years the local celebration will be seriously challenged for premier position in fetes of its nature. This year there will be at least four May Day celebrations in the West, three in British Columbia—Kamloops, Westminster and North Vancouver—and one in Washington, where Seattle is to have its initial May Day event on May 3 and 4.

Mayor's Daughter a Candidate.

Miss Leah Miller, daughter of Mayor John F. Miller, of Seattle, at the request of many friends and patrons of the May Music Festival, to be given in the auditorium of the new armory May 3 and 4, has consented to become a candidate for queen of that event. There will be six other candidates, two of whom—Miss Gladys Fisher and Miss May Schober—have already been nominated. Other candidates will be nominated today. The unsuccessful candidates will be the queen's maids of honor.

The Ambitious City.

True to its title of "Ambitious City," North Vancouver is making a bid for popular recognition of its first May Day celebration, which is to take place on Saturday, May 1. Extensive preparations have been made for the reception and entertainment of visitors, and from all indications a thoroughly enjoyable time is assured all comers on that day. There will be a big street parade at 2 o'clock in the afternoon, the marchers dismissing at the Horticultural hall, corner Twenty-second and Lonsdale avenues, where the crowning of the May Queen will take place. A cantata, "Coming of Spring," will be one of the features of the day.

Kamloops Celebrates on Friday.

Miss Maud Kelly, daughter of Mr. and Mrs. F. A. Kelly, has been selected as the Kamloops May Queen for 1909.

The election took place in the school on Friday afternoon, when Miss Kelly secured a good majority.

Arrangements are well under way for the celebration, and the firemen, under whose auspices it is being held, have decided to hold it on Friday afternoon, April 30, because Saturday would create too much inconvenience.

The May Queen-elect has selected as her maids of honor Miss Vida Gill and Tottie Robinson. Miss Annie Noble is ex-queen this year.

Origin of May Day.

England has had its May Day so long that no one knows when it really started.

The generally accepted idea is that it sprang from the open-air ceremonials of the Druids, that curious and awesome people, who left the permanent impression of residence in the British Kingdom in the ruins of Stonehenge, believed to have been one of their temples.

The Druids had many pantheistic ideas. They were worshipers of nature. Their religious rites included many gorgeous processionals, and tradition tells of how the springtide was ever welcomed by marches of gaily-dressed maidens, rich in flowers and ornaments.

In Olden Times.

Rome and Greece born had similar processionals in honor of the worship, for instance, of Venus, and the Vestals took part in processionals that might well serve for the origin of the present-day customs.

Along the Rhine the worship of Freia, Goddess of Youth, in heathen days involved dancing and singing on the part of the beautiful young girls of the kingdom, and in many other countries can be traced ceremonials of a similar nature.

American Mixture.

In the United States the custom is curiously mixed up with the memory of a great Indian chieftain, whose name is borne by one of the most noted political organizations of the new world, Tammany, the ruling power in the politics of New York City.

It is a somewhat curious thought to connect the chieftain of the Lenapes, a stern, intelligent Indian, with the frivolous of a May Day celebration, yet it is a fact well demonstrated that the early festivals on the May Day in the United States were those in Pennsylvania and New York, long before the independence of the nation had been won, were in honor of Tamanend, or, as he is more popularly known, Tammany.

Great Indian Chief.

The great Indian was chief of the Lenape Indians when William Penn came to the new world. His signature, a curious, snake-like circle, appears on the treaties signed at that time.

His tribe was then all-powerful in the Middle Atlantic section, including Philadelphia and New York, and the superior wisdom and probity of the leader is shown by the deep love and respect borne him by both sides, white men and Indians alike.

In 1752 Tammany gave the right to the white men to fish in the waters that came under the control of the tribe, and as the opening day of the fishing season was May 1 the grateful anglers gathered to do honor to the Indian on many May firsts that succeeded, thereby furnishing the opportunity for the association of the Indian chief's good deeds with the celebration of the quaint old English custom in a new world.

TACOMA TO HAVE ITS FIRST 12-STORY BLOCK

Tacoma, April 25.—A twelve-story building will be constructed at once by Peter Sandberg, adjoining the ten-story structure owned by him on south Fifteenth street and Pacific avenue. The building will have a frontage of 100 feet on Pacific avenue and reach back 120 feet to the alley and will be the first twelve-story building in Tacoma. Two of the lots on which it will stand were bought by Sandberg yesterday from the Union Pacific Railroad Company.

FRUIT GROWERS SUFFER HEAVY LOSS

Severe Winter Killed Peach Trees and Affected Apples in Interior.

Kamloops, B. C., April 25.—There will be a heavy loss in fruit throughout British Columbia as a result of the unusually severe winter. Peach trees have been killed off by hundreds, while many apple orchards have also suffered considerably.

In the Lytton district some of the ranchers report heavy losses, one of them losing upwards of four thousand dollars. The same conditions obtains throughout the Okanagan and other fruit districts. The result is that peaches will be high this season and very scarce.

The unusually cold weather during the winter was responsible for the loss, there being no snow at the time to serve as a protection for the fruit trees.

In Kamloops district the loss will be fairly heavy and is well distributed amongst the fruit growers.

HOUSE GUTTED BY FIRE BUT FURNITURE SAVED

Children Playing With Matches Cause Destruction of E. Mason's Residence—Small Outbreak

A small residence Eighth avenue, between Eleventh and Twelfth streets, was burned down Saturday morning. It was occupied by E. Mason, and is supposed to have caught fire through the children playing with matches. The brigade was not notified until the fire had well advanced, as the occupants did not consider it serious, and when the men from Nos. 2 and 3 halls arrived the building, a frame structure, was almost destroyed. A quantity of furniture was saved. The damage amounts to between $1500 and $2000, and it not covered by insurance.

No. 1 hall was called yesterday to a small fire at the rear of Granby Farrant's residence, Agnes street, where some hot ashes had ignited the woodwork adjoining. The fire was quickly under control.

CHEAP BOOKS LEAD GIRL TO ATTEMPT DROWNING

Foolish Maiden Reader of Trash Novels Attempts Suicide Twice on Same Day.

Tacoma, April 25.—Cheap novels led Miss Coyle Brumbaugh, daughter of W. H. H. Brumbaugh, and a student in the commercial department of the Whitworth college, to reach the conclusion that life was not worth living, for writing a note to her parents and to her chum at the college that she intended to kill herself, she went down to the harbor, near the Defiance mill, and wading out until the water was up to her waist, ducked beneath the waves. Two fishermen, not far away, seeing her disappear, rowed toward her. They grabbed the girl as she bobbed to the surface.

On the way to the shore she leaped from the boat, but was fished out the second time. She declared her troubles began with reading a large stack of cheap novels owned by a student from Alaska.

ATTEMPT IS MADE TO ASSASSINATE A PRIEST

Newark, N. J., April 25.—An attempt to assassinate Rev. Glacomo Seuzarelli, pastor of St. Rocco's Roman Catholic church here, was made on the parochial grounds today. The would-be assassin fired two wild shots at the priest. The priest's assailant, who said his name was Salvatore Musumecci, surrendered. The priest worked with the police on a bomb outrage a year ago, when Musumecci was arrested.

Interior Lumber Deal.

Revelstoke, April 25.—The lumber mill of the Crow's Nest Pass Lumber Company at Wardner, B. C., and 130,000 acres of timber land belonging to that company, and to the firm of Breckenbridge & Lund, have been acquired by E. G. Filer, of Manistee, Mich., and a number of associates, for $1,200,000. The land is located in the Kootenay valley and along the rivers tributary to the Kootenay. The mill is one of the largest and most modern in British Columbia.

Death of Alexander Smith.

Alexander Smith, an employee of the B. C. Distillery for some time, died early yesterday morning at the Royal Columbian hospital, where he had been a patient for about a week. Deceased was forty-five years of age, and came to this city from Kamloops.

RECORD FINE IS PAID IN TEXAS

Oil Company, Mulcted in $1,808,754 Fine, Settles in Large Currency.

Austin, Texas, April 25.—The Waters-Pierce Oil Company yesterday complied with the penalty part of the judgment obtained against it by the state for violating the anti-trust laws by paying into the state treasury $1,808,754, less $94,000, which was deducted from the former sum for the fee of County Attorney-General Brady for aiding in the prosecution. The money was conveyed to the capitol shortly after the noon hour in an automobile accompanied by guards, while a multitude of spectators cheered.

The money, all currency, had been on deposit in two local banks for the last two days, having been shipped here from New York. The transfer of the money to the state was made by E. R. Perkins, of Dallas, attorney for the Waters-Pierce Oil Company, in the presence of Attorney-General Davidson, Treasurer Sam Sparks and a number of other state employees.

Accompanying the automobile in the mad rush were a score of officers, all armed, and four bank officials, also armed.

Money Quickly Counted.

The money was quickly counted, as $1,200,000 of it was in bills of ten thousand dollars denomination. The money went to the credit of the general revenue fund and will enable a material reduction of the ad valorem tax rate of the state. Brady paid one-third of his $94,000 fee to local attorneys and another one-third will be sent to J. P. Gruett, of St. Louis, former secretary of the Waters-Pierce Company, in payment for evidence which he furnished the prosecution in the case.

The task of counting the big fine, which it was predicted would be a strenuous one proved to be short. The fine was paid in currency. One hundred and sixty bills of $10,000 each settled the big end of the judgment. A big bundle of thousand-dollar bills made up the bulk of the remainder of the sum. The money had all been sent by express from New York. It

PROVINCE CONTINUES OUTSIDE THE FOLD STILL

British Columbia Alone Has Allowed Lord's Day Alliance Act to Be Inoperative.

Rev. Dr. Rochester, western secretary of the Lord's Day Alliance, addressed several of the city congregations yesterday on the work of that organization. In the morning he spoke at St. Andrew's, in the afternoon at a mass meeting at Knox church, Sapperton, and in the evening at Queen's Avenue Methodist church. Speaking in Queen's Avenue after the regular evening service, Dr. Rochester showed the progress of the alliance's work.

As a result of the activities of the alliance during the past two years, many men had received Sunday's rest who would not otherwise have been able to enjoy it. They were as numerous as the whole population of Vancouver today, scattered here and there throughout Canada. Having referred to the progress made in other parts of Canada he regretted that more had not been done in British Columbia toward giving people their liberty.

Drawing a metaphor from the dykes on the Fraser river, so he urged the Lord's Day Alliance had in legislation put a banner round Canada against the tide of business submerging the Sabbath. As holes in the dyke would lead to its ruin, so the alliance went up and down in Canada stopping the holes wrought by infractions of the law. Secretary Moore of the alliance wrote 3000 letters a year, bringing the attention of delinquents to the law, and 95 per cent. were rectified without prosecutions. Having made reference to the actions in Winnipeg, he stated it was not their fault they had not been able to do much for the enforcement of the law in British Columbia, still they were going on until they convinced the province otherwise. The case had been laid before the people who knew the whole facts of the situation as well as the government. He concluded by asking the congregation to pledge its support to the policy of the alliance.
