JAMES J. JEFFRIES RE-ENTERS RING

Former Champion Finally Announces His Intention of Fighting Black Johnson

New York, April 20.—James J. Jeffries announced tonight that he has reclaimed the title of heavyweight champion pugilist of the world and will be ready to defend it against all comers in ten months or a year. Jeffries wants his next fight to take place in the United States and has under consideration an offer from a fight promoter for a championship contest at the time during the Alaska-Yukon-Pacific exposition at Seattle.

Jeffries, in a statement, says he is convinced that he will be able to get into good fighting condition. For some weeks the former champion has been touring the country giving sparring exhibitions and at the same time endeavoring to ascertain if his four years' retirement from the ring had impaired his fighting ability.

Jeff Is Fat Now.

Jeffries has been out of the ring four years, and during that time he has put on flesh.

Before Jack Johnson captured the title of champion from Tommy Burns, a return of Jeffries to the "squared circle" had not been thought of either by the retired champion or the pugilistic fraternity.

The demand of the public that Jeffries fight again, following the Burns-Johnson battle, became so insistent that Jeffries, who had declared he was through with the boxing game, told his friends that if he could get into his former fighting condition he would meet Johnson.

Fans Had Despaired of Fight.

For several weeks Jeffries has remained noncommittal, so that some of his admirers despaired of ever seeing their hero put on the gloves again. Hugh McIntosh, of Australia, left New York for England last week and he says he will renew his offer for a fight at Melbourne, Australia.

Jack Johnson is now touring the country giving sparring exhibitions. He weighed in New York city the other day and tipped the beam at 210 pounds. He is matched to fight Stanley Ketchel at Colma, Cal., October 12.

MUSICAL TREAT ASSURED AT LOCAL CHOIR CONCERT

Mendelssohn's Memory Honored in Program Tomorrow by Westminster Choir.

One of the principal musical events of the season will be the concert of the Westminster choir at St. Andrew's church tomorrow evening. Fifty voices comprise the chorus, which has been training for several weeks under the direction of A. E. White. The final rehearsal will be held tonight. The principals are Clement Goss, recently come to this country, and Miss Flinn, soprano; whose voice is so much appreciated here.

In the centennial year of Mendelssohn much attention is being given to his music, and among the selections from the great composer to be rendered are "Be Not Afraid," and "Behold God the Lord Passed By," choruses from "The Elijah," and Miss Flinn takes the soprano solo in "Hear My Prayer."

Mr. Goss' songs are two from Tennyson's "Maud," also "Keunst du das Land?" (Beethoven), and "Who is Sylvia," (Schubert). Among the part songs, a German selection, "Chimes of Oberwesel," is very tuneful, another being "Boreas." The principals unite with the male chorus in the celebrated "Return of the Pilgrims," from "Tannhauser." Mr. Cameron will play a violin solo during the evening.

NEW EFFICIENCY PAY SYSTEM FOR MILITIA

Ottawa, April 20.—By current militia orders it is proposed as regards cavalry and infantry to cancel the conditions under which efficiency pay is at present granted and to substitute therefor grading of efficiency pay, with present rates based on military practice only. This new regulation means that a young man who joins the militia now and does good shooting at the end of the first year will receive as much efficiency pay as the man who has served three years.

Important Transfer.

An important sale of property has recently been completed. The large area of unimproved land between Eighth and Tenth avenues, east of Eighteenth street, lot 10, has been sold by McLeod, Leeson Co., of Vancouver to Vancouver purchasers for $12,000. The property has recently been partly subdivided for building purposes.

INTEREST CENTRES IN DATES FOR CHAMPIONSHIP

Rovers Will Probably Encounter the Crack Ladysmith Eleven in Finals—Each has Home Game.

The benefit game between Westminster and the Shamrocks on behalf of Saul, injured in the Westham Island game, will be played on Saturday at Moody square, and a large gate is requested as the expenses are heavy. The Shamrocks offer this date, which is practically the last available, and as the match has been several times posponed, it is anticipated there will be no further delay. A meeting of the executive will be held this evening at 7 o'clock to discuss finances and make arrangements for the game.

Attention is now being given in football circles to the finals for the championship of British Columbia, which must be decided next month. It is not known for certain which island team will be the rival, but Ladysmith is favored, and if such proves the case Westminster will have a tough time against a team which has been recently recruited with Winnipeg cracks, and includes many famous footballers.

Two games must be played, one in each town, to earn the championship medals, and it is anticipated Ladysmith will want the holiday date, May 24. Fortunately the governing body of soccer in this province, the B. C. F. A., has this year a Westminster president and secretary in T. J. Mahoney and E. R. McMillan respectively, and so they will get a fair showing in fixing the dates. Nothing definite will be done till the meeting of the B. C. F. A. executive on the island in the first week of May.

OFFICERS ELECTED AT ANNUAL MEETING

Mortgage on St. Barnabas' Church Property Has Been Reduced in Past Twelve Months.

The annual meeting of the synod of St. Barnabas church was held yesterday evening, when a number of reports were read and adopted. The financial condition of the church is about the same as twelve months ago, although the mortgage on the property has been considerably lessened since the last meeting.

Following were the officers elected: Rector's warden, E. B. Stinchcombe; people's warden, W. Nelson; committee, G. B. Corbould, S. A. Fletcher, J. H. Sharpe, Guy Simpson, E. Stride, A. H. Gordon; lay delegates to synod, J. S. Clute, S. A. Fletcher, V. H. C. Abbott; alternates, W. Nelson, A. H. Gordon.

Votes of thanks to the retiring officers, the members of the women's auxiliary, the organist and the Sunday school teachers were unanimously passed at the meeting.

Many Charters Granted.

Ottawa, April 20.—Hon. Mr. Graham yesterday tabled a return showing that for two decades from 1888 to 1908, exclusive of C. P. R., G. T. R., C. N. R. and G. T. P., charters have been granted for the building of 63,809 railway in Canada. Of 293 companies incorporated only 25 have constructed any portion of the lines authorized, and 86 charters have lapsed, 88 charters were given extension of time, 42 two extensions, and 18 three extensions or more.

Since 1900, 117 charters have been granted, of which 26 have lapsed.

CRUSTACEANS KEEP REBEKAHS PRISONERS

Excursion Boat Grounds Close to Shore, But Bottom of Bay is Alive With Crabs.

Tacoma, April 20.—Virtually imprisoned by crabs was the fate of a number of Seattle and Tacoma Rebekahs who last week attended the Rebekah convention at Shelton. While the party was returning on the steamer Vashon, the vessel ran ashore on a sandy beach and listed over at an angle of 45 degrees. The extreme list made all anxious to go ashore, which was only a few yards distant, with a strip of water ankle deep to wade. But the bottom of the bay was almost alive with crabs, and the women preferred waiting for the tide to right and float the steamer rather than take the chances, and the few men accompanying gallantly elected also to stand by the ship.

ESQUIMALT DEFENCES WILL BE ENLARGED

Naval Policy of Dominion Also Includes Improvements at Halifax.

Montreal, April 20.—At the reform club banquet last night Hon. G. P. Graham announced a commission to manage the intercolonial to consist of Mr. Butler, deputy minister; Mr. Pottinger, manager, and Mr. Tiffin, traffic manager of the Intercolonial, and Mr. Brady, former superintendent of the Lake Superior division of the C. P. R.

Hon. Mr. Graham and Hon. L. Brodeur intimated that the government would not contribute Dreadnoughts or a lump sum for the British navy, but will build vessels for the defence of the Canadian coasts and will enlarge the defences at Halifax and Esquimalt.

Make Nominal Charge.

Ottawa, April 20.—The railway commission has decided that in future railways must not charge more than $3 for changing the destination of a car in transit.

HERB DOCTOR LOSES PATIENT AND IS NOW IN TROUBLE

Self-styled Spanish Specialist Permits Patient to Die in His Private Sanatorium.

Bellingham, April 20.—Coroner Wear and Prosecuting Attorney Livesey stated today that they would cause to be made a complete investigation of the death yesterday morning of William A. Graham, 31 years old, who passed away at the private sanatorium of "Prof." J. Benito, a Spanish herb doctor, who was some time ago arrested on a charge of practicing medicine without a license.

Benito stated, when asked concerning the matter, that five physicians were in attendance at the time of death. His assistant said none was there. Benito said then that Dr. Smith was present, but all of the doctors by that name in this city say they know nothing of the case.

When the undertaker was called to prepare the body for burial Benito was asked for his license, showing that he had the right to sign the certificate. He said it was in the office of an attorney here. Investigation by the undertaker failed to disclose any license.

The city health officer was then called, and after a consultation with the state health office, he examined the body and signed the certificate.

Benito is well known in this city, having for a time carried on a "practice" with headquarters at a local hotel, until stopped by the police, a charge being laid against him of practicing without a license. His last appearance here was about twelve months ago.

ACID-THROWING PLAYS PART IN TEAMSTERS' STRIKE

New York, April 20.—The police are investigating what appears to be a case of acid throwing in connection with the teamsters' strike against several down town firms. Two men who said they were strikebreakers, applied for treatment at a dispensary yesterday afternoon, both of whom were badly burned about the face and neck with sulphuric acid. The attack is supposed to have been made on the waterfront near Canal street, although the police have no record of such an encounter. The condition of one of the men is serious.

Peace Congress in Chicago.

Chicago, April 20.—Limitations of armaments by the great world powers is to be one of the chief questions to be discussed at the coming national peace congress, set here for May 3, 4 and 5. The report of the committee on resolutions, of which Judge E. O. Brown of Chicago is chairman, is likely to deal in detail with this topic. It is expected that the congress will bring to Chicago between 30,000 and 40,000 visitors.

FIVE THOUSAND BALES OF COTTON DESTROYED

Spark From Passing Locomotive Starts a $250,000 Blaze in Arkansas.

Little Rock, Ark., April 20.—Five thousand bales of cotton, estimated to be worth $250,000, were burned early today in a fire which for several hours threatened to destroy the plant of the St. Louis Compress Company, valued with its contents at $1,000,000.

The fire was discovered shortly after 1 o'clock and fanned by a stiff wind, gained quick headway and was soon beyond control. After it had burned for almost two hours a sudden shift in the wind diverted the blaze from the main portion of the building in which were stored 15,000 bales of staple and the fire was finally checked shortly after 3 o'clock. The loss is fully covered by insurance.

While the origin of the fire has not been definitely ascertained, the superintendent, W. T. Black, thinks that a spark from a passing locomotive was responsible.

GEORGETOWN ROADHOUSES ARE ORDERED TO CLOSE

Midnight Roysterers of Seattle Will Have to Select Other Haunts for Revels in Future.

Seattle, April 20.—After a lively fight last night in the Georgetown council meeting, the council passed an ordinance raising the saloon licenses from $425 to $600 a year and abolishing all the road houses upon the expiration of the present licenses.

The ordinance means that the road houses on Estella street and those on Roanoke avenue will shortly have to close their doors, and that the element that seeks them in the early morning hours will not be attracted to the town.

The passage of the ordinance is part of the program of the administration party to eliminate the disorderly saloons and the road houses from the city prior to the opening of the Alaska-Yukon-Pacific exposition.

WESTMINSTER BREEDERS AT VANCOUVER SHOW

At the Vancouver Hors Show, which opens today, Westminster breeders will have fair representation. T. J. Trapp is showing in the saddle horse and combination classes, and a bay jumper also. Miss Filmore exhibits in the saddle and combination classes, while J. Cameron, of Sapperton, shows in ponies and saddle sections. Dr. A. D. Buchanan is competing in thoroughbreds, stallion and saddle classes.

Chief Watson has Robbie Patchen in the show ring again, and will otherwise be represented.

WILL BUILD CANAL TO RECLAIM 250,000 ACRES

Grand Junction, Colo., April 20.—Through the filing yesterday of a plan for an extension to the government high line canal to be built by private capital, the first public intimation was given of a project second only in importance to the government project itself. The canal will cost $2,000,000 and will reclaim 250,000 acres of land. Beginning at the lower end of the government canal the extension will run 100 miles into Utah, to a point in a canyon where a reservoir five miles long will be built.

WITHDRAWS MILEAGE BILL TO AVOID SLAUGHTER

Ottawa, April 20.—Dr. Reid's bill providing for the sale of mileage books at two cents a mile was withdrawn from the railway committee this morning by the member for Branville, because he understood that the government was going to oppose it, and he would rather withdraw it than have it slaughtered.

"I Want That America Cup," Declares Sir Thomas Lipton

Chicago, April 20.—The Tribune today prints the following special cable from Naples:

Sir Thomas Lipton, who is here with his yacht Erin, asks that formal announcement be made that he will try again for the America's cup and will forward his challenge in August next for a series of races, under universal rules with a ninety-foot boat.

"The challenge will, of course, be intended to cover a series of races under American rules. I do not ask for the English rules, but there is no sense in cup rules made a half century ago.

"Let it be understood I have no complaint to make of past treatment. The best boat has always won. The reason for my persistence is that I want the cup.

"The races will be held a year from next fall. My mind is made up for a further trial, but I shall not forward a formal challenge until August. If Americans want a race on fair terms they may have it. My designers are working on plans for my new boats."

PLANS ADVANCING FOR MAY DAY CELEBRATION

Many Details Settled by Committee—Boys' Brigade Will Parade Nearly Three Hundred Strong.

The preparations for the celebration of May Day are progressing satisfactorily and a banner festival is assured.

At a meeting of the general committee last evening it was reported that $710 was in sight, from the $244 balance brought forward, $150 from the city council, and the remainder collections, etc. About $500 is anticipated in receipts from the ball.

J. J. Cambridge, master of the ceremonies, stated that in company with S. A. Fletcher he had interviewed the city council and secured their assent to a grant.

All the committees reported progress. The arrangements for the ball, music, purchasing of supplies, and erection of a Maypole were discussed. Chief Watson, it was stated, had secured all automobiles available and Mr. French, of Vancouver, offered the lending of one to assist in the celebration. All ponies have also been engaged for the children.

The arrangements for the Boys' Brigades were left to the master of ceremonies and Otway J. J. Wilkie, and for their billeting to Messrs. Wilkie and V. H. C. Abbott. The procession will be exceptionally well organized, the children again assembling on the library square. It is expected the Boys' Brigade will muster at least three hundred strong.

Premier McBride and His Honor Judge Howay will be invited to attend. The meeting adjourned till next Tuesday at No. 1 fire hall.

ANTIQUARIAN INTEREST SLIGHT IN WESTMINSTER

Small Attendance at Professor Hetherington's Lecture on Archaeological Treasures.

A small audience, quite unworthy of the excellent lecture, listened to Rev. Prof. Hetherington at the West End Methodist church last evening when he gave an admirable address on the Ancient Civilisations of the Euphrates Valley. The lecturer pointed out the light which archaeological research had thrown upon Old Testament scriptures, following the discovery of the "Rosetta Stone" in 1798. This was a slab of basalt 3 1-2 feet long, 2 1-2 feet wide, and nearly a foot thick. One side of this stone was covered with inscriptions in unknown characters. At the upper part were fourteen lines in hieroglyphics. These were followed by 32 lines in other characters, while at the base were 54 lines which were found to be Greek. For years this stone became the enigma of scholars. It was deposited in the British museum three years after its discovery, and in 1818 Dr. Thomas Young, a Latin scholar, made a happy guess as to what certain initial words in the unknown languages stood for. In 1822 M. Champollion, a French scholar, made a further attempt at deciphering it, and ultimately it became a key, which unlocked the mystery of many inscriptions. The lecturer spoke of the explorations of J. B. Rich, A. H. Layard, both British consuls, and Sir Henry Rawlinson's splendid work. The stereopticon views which the lecturer accompanied with an interesting running commentary, showed a large number of the objects which explorers had unearthed, and brought the audience face to face with the ancient civilizations. A collection was made in aid of the Woman's Missionary Auxiliary.

MONEY FILCHED FROM POOR NOT WANTED BY CANADIANS

Fighting Joe Tells Electors of Stratford-on-Avon Farmers Here Want No Preference on Corn.

London, April 20.—Joseph Martin, speaking at Stratford yesterday, said the Canadian farmers would not accept preference on corn oppresive to the poor in the mother-country. Such money would burn in their pockets.

He favored reciprocity between the United States and Canada because it meant free trade between them. Both parties in Canada favored reciprocity. Respecting preference, speaking for Canada, he unhesitatingly said that so far as the Dominion was concerned it was a silly, ridiculous idea and could not be worked.

Polling in Stratford-on-Avon has been fixed for May 4.

MOSLEMS ARE ON RAMPAGE AGAIN

Fanatics Rise Against Christians Near Alexandretta—Five Thousand Slain.

Beirut, April 20.—Moslem fanaticism has broken out in the immediate vicinity of Alexandretta and great excitement prevails in that district. Houses in flames can be seen from the streets of Alexandretta.

No fewer than 5000 persons lost their lives in the massacres that have been going on in the vilayet of Adana during the last few days as a result of the outbreak of Moslem fanaticism.

Of this total 2000 were killed in the city of Adana, more than 200 of the victims being Moslems.

Situation Extremely Perilous.

Adana at present is quiet, but there have been renewed attacks on Christians at Marash, in the vilayet of Aleppo, about eighty miles northeast of Alexandretta. The consular advices describe the situation as extremely precarious, although the presence of the British cruiser Diana at Alexandretta is expected to have a tranquilizing effect.

Disturbances are reported from Hadjim, in the northern extremity of Adana vilayet, where a large Armenian community is counted upon to defend itself vigorously.

RUSSIANS TO SETTLE QUESTION AT HARBIN

St. Petersburg, April 20.—A committee headed by Vice-President Wentzel of the East Chinese Railroad left here tonight for Harbin and will endeavor to arrange directly with the Chinese authorities a settlement of the dispute over the administration of Harbin. Russian officials believe the mission will be accomplished to the satisfaction of China as well as the United States and other powers.

As soon as the Harbin difficulty is out of the way it is probable that Russia will negotiate for an agreement with the United States on far eastern questions.

CANADIAN DRUMMERS TO VISIT EXPOSITION

Four Hundred Have Chartered a Steamer on Which They Will Live While in Seattle.

Seattle, April 20.—The Canadian Pacific office was crowded with visiting agents yesterday connected with the Canadian Pacific Railway. C. B. Foster, assistant general passenger agent for the Canadian Pacific, came down from Vancouver to show a number of railroad agents over the exposition grounds. He was accompanied by G. B. Coombe, traveling passenger agent, Vancouver; J. C. Irons, representative of the Union Steamship Company, of New Zealand, and general agent of the Canadian-Australian line of steamers in the Canadian Pacific railway service, and C. E. Benjamin, general agent in Chicago for the Atlantic steamship lines of the Canadian Pacific Railway.

Mr. Irons was here particularly to close arrangements for the arrival of the steamship Manuka, of 8200 tons burden, which will reach Seattle on June 11 with 400 members of the United Commercial Travelers of British Columbia, who have chartered the steamship for two days. She will arrive here early on the morning of June 11 and sail on the evening of June 12. While here the steamship will be the home of the traveling men.

FARMERS STILL HOLD LARGE WHEAT SUPPLY.

Ottawa, April 20.—The trade and commerce department has furnished Lord Strathcona, high commissioner in London, with figures of Canada's crop production last yer as follows: Total yield, 474,575,855 bushels; wheat, 126,795,137 bushels; wheat production, west of Great Lakes, 105,613,454, of which more than 50 per cent. was grown in Saskatchewan. The estimated amount of wheat still in the hands of farmers, 14,672,154 bushels.

NEWSPAPER MEN SHOULD BE SHOT

Naturalist Burroughs Would Have Roosevelt Pump Lead Into Worrying Scribes.

Los Angeles, April 20.—John Burroughs, the noted naturalist and friend of former President Roosevelt, who is sojourning in Southern California, has no patience with those who rail at Rosevelt for shooting the animals of Africa, and also is very peevish with the ubiquitous newspaper correspondents who are trailing the former President into the dark continent. The correspondents, Burroughs avers, should be shot, and Roosevelt, he says, has a perfect right to do it.

In a lengthy interview here today Burroughs is quoted in part as follows:

"Mr. Roosevelt enters into his great African hunt purely in the spirit of the naturalist. He does not go as a butcher, with the desire to kill every wild beast that crosses his path. He has passed his day as the devouring hunter.

"I have no patience with this school of sentimental naturalists that has grown up within the past few years. They will try to tell us that the wild animals and the birds are endowed with human attributes. They call him 'our little brothers of the air' or 'our little brothers of the forest.' It's all downright nonsense.

"It is shameful the way the newspaper correspondents are dogging Mr. Roosevelt. Why, I have heard that some of the newspapers are putting telegraph lines into the African jungles and preparing to spy upon the former President's every move and rush it into print. Why can't they let him alone, now that he is a private citizen? I should say that he would have a perfect right to shoot the fellows who will endeavor to destroy the privacy and recreation which is fully belong to him."

PROHIBITION MEETS DEFEAT IN NOVA SCOTIA

Haliax, April 20.—A prohibition resolution introduced ten days ago in the legislature, and which has been the subject of almost continuous debate since, was put to vote yesterday afternoon and lost by 23 to 8. The resolution not only asked for a prohibitory law, but that machinery for enforcement be enacted, and that the federal government be moralized to amend its legislation to prevent importation of liquor into this province.

THE MALLEABLE RANGE MADE IN SOUTH BEND

Synopsis of Canadian Homestead Regulations.

Any available Dominions lands within the railway belt in British Columbia, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

COAL.—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY,
Deputy of the Minister of the Interior

Synopsis of Canadian North-West Homestead Regulations.

Any even numbered section of Dominion lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at an agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father (or mother).

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

COMMUNICATION WITH MARTIANS IS POSSIBLE

Trifling Expense $10,000,000 is, However, Involved in Prof. Pickering's Reflector Scheme.

Boston, April 20.—If mankind cares enough about it to put out about $10,000,000 there is no very good reason why the human race should not be able to talk with Mars—and that so soon as next July—according to Prof. William Henry Pickering, Harvard University's celebrated astronomer.

Communication with the Martians will be made possible, Prof. Pickering declares, by adopting his method of flashing messages when Mars approaches the earth to within 35,000,000 miles, or about 5,000,000 miles nearer than ever before.

Prof. Pickering's plan contemplates the use of a series of mirrors presenting a single reflecting surface turned toward Mars and occupying more than a quarter of a mile of surface.

"Supposing," he says "with such a signal in operation, we began a series of flashes, cutting off the sun's rays for an instant and then throwing on the reflection again, repeating this at irregular intervals, forwarding, say, the telegraph code of dots and dashes. I have no doubt that providing there were intelligent people on Mars the light would at once attract attention and would lead eventually to an answering signal. If we received such an answer it would be a comparatively easy matter to establish a code and transmit messages.

ADDRESS TO THE ELECTORS.

To the Electors of the City of New Westminster: Ladies and Gentlemen:

At the request of a large number of citizens I appeal to the electors of the city of New Westminster for their suffrages, the main issue being the protection and purity of our water supply. As a member of the citizens' committee appointed to oppose the erection of a dam on Coquitlam river pending the investigation and report of competent engineers, I have taken a deep interest, and approached the subject with an open mind, having only the city's interest in view. The provincial government's engineer, the city's consulting engineer, the provincial analyst and other competent authorities agree that the erection of the dam will contaminate or pollute the water.

New Westminster paid $20,000 to the Coquitlam Waterworks Company for all the water required for municipal purposes. We have an undisputed right to the water. The Dominion government by order in council reserved for the city of New Westminster a portion of the land surrounding the lake, and the timber on the water shed for the purpose of protecting the city's supply from contamination. We have an undisputed right to one-half mile of land all around the lake.

It has now been proved that the erection of the proposed dam will flood several hundred acres of swamp land, imparting to the water odor, taste and color, caused by vegetable contamination. I am therefore opposed to the proposed operations of the Vancouver Power Co., or any other company or individual that will endanger the health of the community. I stand firmly for a pure water supply and our just rights on Coquitlam lake.

(a) If elected I shall support the immediate improvement of Columbia street under the local improvement bylaw.

(b) Any measure advanced for the moral betterment of the city.

(c) An aggressive policy for advertising the city.

(d) Shall advocate an active campaign having for its object the beautifying of the city.

In conclusion I take this opportunity to solicit your support and trust the ratepayers will show by their vote Saturday that they take a deep interest in matters pertaining to the city's welfare.

I am, ladies and gentlemen, your obedient servant,

J. S. BRYSON.

Robin Hood Flour

IS DIFFERENT

It is the New Flour All Western Canada Is Interested In

We are not making this announcement for the purpose of describing the superior qualities of **"ROBIN HOOD"** Flour. We intend you to find them out for yourself. We want you to find them out as quickly as possible, because we know for an absolute certainty that once you have tested it thoroughly you will never use any but **"ROBIN HOOD"** Flour afterward. That has always been our experience, and we feel sure it will be the same in New Westminster.

Now note what we are doing. We are sending our staff of **"ROBIN HOOD"** girls into New Westminster to call upon every home. They will call upon you. They will tell you something about **"ROBIN HOOD"** Flour, about the way it is made, the quality of wheat it is made of, and they will give you some idea of what makes **"ROBIN HOOD"** Flour different from other flours. It is the flour you should use. It will prove its superiority.

All over the West **"ROBIN HOOD"** Flour is making a tremendous impression. Join the thousands of happy users.

Look for the **"ROBIN HOOD"** girls and be sure to give them an order. They will visit you in a day or two.

M'BRIDE AND GRAFT.

The exposure in yesterday's News of perhaps the most barefaced robbery in modern history by a political party to aid the pay roll of papers that support them caused consternation throughout this district.

The news that the Province of British Columbia was spending thousands and thousands of dollars of public money in a nineteen days campaign solely for newspapers that supported them has come as a thunderbolt. People could not believe it,—there must be some mistake, they said,—but not at all, the rates of the newspapers containing the advertisements can be got, and at the lowest rate in the neighborhood of $2000 will be paid to each of the Vancouver papers, with McBride leanings. What will be paid to the "Week" we do not know, we hope it will not amount to $1000, but two cents would be nearer the value of the publicity. We note in looking over the auditors reports of the Dominion Government, that where publicity is necessary, both Conservative and Liberal papers are used, as vide the $731 paid to the Conservative Telegram of Winnipeg last year. The McBride government stands convicted of a shameful waste of public money,—such a shameful waste that no fair minded persons could support them—disgusting needless looting of the public chest.

In our own city, at an expense of hundreds and hundreds of dollars are being published day by day lists of names of people, many now dead, and others throughout the Delta and Dewdney districts, when we doubt if one in a thousand ever sees a daily paper.

J. D. Taylor, M. P., that "apostle of purity," who by his vituperous language and muck-raking pen has earned the detestation of Conservatives and Liberals alike, has done nothing but shout Laurier and Loot, Laurier and Loot, in the meantime receiving into the coffers of his paper sums in subsidies that would shame the Ruef disclosures in San Francisco.

The only excuse that we can find for J.D. Taylor and his "robbery and loot" articles is that by virtue of them he and his own party are so impregnated with the juice of corruption that their vision is distorted.

It is only necessary to point out that the Dominion Government spent last year $800 in advertising in Vancouver, to show the gigantic character of the present expenditure of thousands of dollars by McBride's government for a "Nineteen days' Graft."

THREE MONTHS BUTCHERING ON AMERICAN RAILWAYS

Washington, April 20.—One hundred and eighty-four persons were killed and 2924 injured in train accidents during the three months ending December 31 last, according to the Interstate Commerce Commission report yesterday. Other kinds of accidents bring the total number of casualties to 17,644, including 798 killed and 16,846 injured. This shows a decrease of 2814 as compared with a year ago. There were 1973 collisions and 1511 derailments, causing $1,940,133 damages.

GRAFT SCANDAL IN JAPAN IS GROWING

Tokio, April 20.—The official scandal disclosed by the arrest of nine members of the lower house of the diet in connection with the alleged misconduct of the affairs of the Japan Sugar company is steadily growing and more arrests among the legislators are expected.

The department of justice says it is determined to press investigation not only of the Japan Sugar company, but of every similar concern in the empire, and to allow no guilty person to escape justice.

Electors' Meeting

Meeting in the interest of pure water, good streets and sidewalks, city advertising and progress along proper lines, will be held as follows:

Sapperton, Johnston's Hall, Columbia and Hospital streets, Wednesday, April 21, 8 p.m.

West End Parish Hall, corner Tenth street and Fifth avenue, Thursday, April 22, 8 p.m.

Central, City Hall, Friday, April 23, 8 p.m.

Every elector has a duty to perform. Be prepared to cast an intelligent vote—vote for Bryson and pure water.

Conservatives Seek Inquiry.

Halifax, N. S., April 20.—A political sensation was sprung in the legislature yesterday when the leader of the Conservative opposition gave notice of motion to appoint a commission similar to the Cassels inquiry to investigate supplies in various provincial departments of the government. It is alleged that patronage is rife, and that no system of public tender for contract exists.

Stricter Moral Code.

Ottawa, April 20.—The minister of justice gives notice of a bill to amend the criminal code, the object of which is to stiffen penalties in respect to carrying dangerous weapons and the procuration and distribution of immoral literature.

VOTE FOR

Fader for Alderman

AND ADVANCE NEW WESTMINSTER.

ADDRESS TO THE ELECTORS

Having been requested by a large number of the ratepayers of this city to allow my name to be placed in nomination for the election of an alderman at the forthcoming civic by-election to which I have consented, and I herewith briefly state my views on some of the more important matters which directly affect the city at the present time;

Water Supply.

In connection with this matter I pledge myself to the best of my ability to safeguard the city's interests to insure and maintain an adequate supply of pure water.

Street Improvement.

I pledge myself to support any action which will give the city of New Westminster good sewerage and better sidewalks, and especially in respect of the improvement of Columbia street.

Tram Extension to Millside.

I pledge myself to use my utmost endeavors to secure the extension of the tramway line from Sapperton to Millside.

New Industries.

I pledge myself to continue my efforts in the way of securing industries for the city of New Westminster,

Labor Question.

I also pledge myself to support the labor question on civic works believing that any man who works honestly eight hours a day will accomplish as much if not more than the man who works ten hours every day.

Moral Question.

I pledge myself to support any action toward the betterment of the community in this respect and to maintain the reputation New Westminster now enjoys as the most moral city on the coast.

Advertising City.

I pledge myself to do all I can, as I have already demonstrated, in advertising the city of New Westminster and bringing in new settlers, and take much pleasure in stating that I have already been instrumental in bringing into the city of New Westminster between thirty and forty families.

Liquor Traffic.

I pledge myself to encourage strictly the carrying out of all bylaws controlling the regulations in this respect.

Representation of Sapperton.

There being no representative at this time directly from Sapperton, I offer and pledge my services to the people of Sapperton to safeguard their interests in every respect.

Conclusion.

Ladies and gentlemen, in conclusion I wish to say that I could hardly do anything else than encourage to the very best of my ability the general welfare and prosperity of our city, and should you decide to elect me as your representative I can assure you that my future actions will prove that you have not misplaced your confidence.

Thanking you in anticipation, yours truly,

E. J. FADER.

WANTED. FOR SALE. TO RENT. LOST. FOUND. REAL ESTATE. PROFESSIONAL. BUSINESS. FRATERNAL, ETC.

When we talk of a successful business man these days, we say, "He's an advertiser." A certain prominent merchant in a city not far from New Westminster has the following framed motto over his private desk: "Early to bed and early to rise, work like H—l, and advertise. Good advice, that. Act upon it. The world is waiting for men who can do things, invent things, sell things, buy things; but the world will not seek out those men; they must let the world know that they are doing things. They must ADVERTISE. What made Beacham's Pills and Pears' Soap household words? Just the simple fact of ADVERTISING.

AFFINITIES RESULT OF LOVE IN OTHER WORLDS

Ceylon Advocate of Reincarnation Gives This Solution of Many Strange Matings.

Chicago, April 20.—"When two fall in love, these two souls have met and loved each other in past lives. That is the solution of many of the strange matings among men and women."

So says M. Jinarajadasa of Colombo, Ceylon, who is here to give a series of free lectures for the Chicago Theosophical Society.

"Another proof of reincarnation," he says, "is found in the strong antipathies people form for each other. Instinctively some men and some women repel us. We are at a loss to understand this until we realize that we have known them in other lives and that this antipathy is the result of indirect memory."

NOTICE TO CONTRACTORS.

Tenders for Station Building, Section and Tool Houses, between Lake Superior Junction and Winnipeg.

Sealed tenders addressed to the undersigned, marked on the envelope "Tenders for Stations, etc.," will be received at the office of the commissioners of the transcontinental railways at Ottawa, until 12 o'clock noon of the 27th day of April, 1909, for the construction and erection complete, in accordance with the plans and specifications of the commissioners, of station buildings, section and tool houses, etc., as follows, viz:

Section No. 1—From Lake Superior Junction to Mile 1629 (near Wabigoon river); 4 No. 2 station buildings; 2 No. 3 station houses; 5 section houses.

Section No. 2—From Mile 1629 to Mile 1729 (N. E. of Rennie); 1 No. 1 station building, 2 No. 2 stations buildings; 3 No. 3 station buildings, 6 section houses.

Section No. 3—From Mile 1729 to St. Boniface; 2 No. 1 station buildings, 2 No. 2 stations buildings, 4 No. 3 stations buildings, 3 section houses.

Tool houses will be required at all section houses, and at such other points as may be designated by the engineer.

Each tender must be for all the buildings, any one section, and separate tenders must be made for each section.

The work on each section must be completed on or before October 1st, 1909.

Plans and specifications may be seen, and full information obtained, at the office of Mr. Hugh D. Lumsden, chief engineer, Ottawa, Ont., and Mr. S. R. Poulin, district engineer, Winnipeg, Man.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied by the commissioners, which may be had on application to the chief engineer at Ottawa, or the district engineer at Winnipeg.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada, payable to the order of the commissioners of the Transcontinental railway, for a sum equal to ten per cent. (10 p.c.) of the amount of the tender.

The cheque deposited by the party whose tender is accepted will be deposited to the credit of the receiver general of Canada, as security for the due and faithful performance of the contract according to its terms.

Cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

The right is reserved to reject any or all tenders.

By order,

P. E. RYAN,
Secretary.

The commissioners of the Transcontinental railway, dated at Ottawa, April 2nd, 1909.

Newspapers inserting this advertisement without authority from the commissioners, will not be paid for it.

MILLMEN ADVANCE PRICE OF SHINGLES

Increase of Orders Responsible For Step Taken Yesterday—Heavy Market.

Vancouver, April 20.—British Columbia shingles advanced in price ten cents today. This increase has been expected for the past three weeks by the trade, owing to the fact that mills have for over a month been inundated with orders. So great has been the demand during the past two weeks that yesterday a conference of the owners of the largest producing mills in Vancouver decided that the time had arrived to make the advance. An agreement was accordingly made, and this morning notice was sent out to all travellers to advance their quotation on shingles to $2 f.o.b. mill Vancouver This rate applies to British Columbia Stars, and is the basis on which all prices for lower grades are made.

It is not probable that the advance in price will result in any decrease in the demand, seventy-five per cent. of which comes from the United States, where the high-grade shingles of British Columbia command the highest price on the market.

Barley Bread

DO YOU know that there are hundreds of loaves of Barley Bread sold daily in Vancouver—that 15 or more of the bakers there are making this bread? That the bakers in Victoria are also at it—and those in New Westminster are just starting? Such is the case, and we mention it.

These bakers are making good bread—moist, sweet—and having a flavor entirely different from all other breads made from wheat flour. THIS BARLEY BREAD is not only delicious in flavor, but it is the most easily digested bread on the market today—those who have used it say so—and we will give copies of their testimonials in this space later.

The reason for its easy digestibility is—the special process through which the barley passes when preparing it for milling changes ten per cent. of the starch into grape sugar, or in other words, predigests it. (It requires 3 days to do this, but it pays.)

We have spent approximately $50,000 in the erection of a mill at Calgary, Alta., to produce Barley Flour and Barley Flakes by this process; this should be convincing evidence that we have faith in the value of it.

BARLEY FLOUR

For those who make their own bread, we are filling this flour in 10-lb. sacks. In each sack there are recipes for making bread scones, cakes, etc. Ask your grocer for a sack.

We guarantee the quality of this flour.

Ask your baker for a loaf of Barley Bread.

Correspondence

THE BOODLE FUND.

Editor Daily News:

Sir,—I am glad to see that the Daily News has called public attention to the disgraceful tactics of the Tory party in this province. That such a barefaced piece of jobbery and graft should be perpetrated by those to whom has been entrusted the administration of our public affairs is a painfully startling revelation to those of us who began to think that we had passed by the days of political crookedness and dishonesty.

Whilst the filching of the public purse for purely party purposes—and that this is the one and only object of the Conservative wire pullers is too clearly evident—is sufficiently reprehensible, the attempt to profit at the polls by the removal of the names of voters on the opposition side is an infinitely worse piece of villainy. It seems to me to be an altogether unconstitutional proceeding and Liberals will do well to resent this assault upon their constitutional rights by the strongest possible means in their power.

For years the Tory organ in this city has been pouring forth its viperous onslaughts upon the head of the noble premier of Canada and the Liberal party generally, charging that the public funds have been grossly misapplied to boost the Liberal cause, and I know not what else along this line of assertion. We know very well that these charges have been utterly groundless and that the Dominion disbursements on publicity account have been fair and business like at all times. But what can be said of this brazen revelation of dishonesty, of all that is worst in the shape of corruption, on the part of the McBride administration. And what can any right minded citizen think of this would be righteous Conservative organ when it participates openly in this vast scheme of graft and boodle, receiving into its coffers for its support and maintenance a goodly portion of the vast sum that is being so wrongfully taken from the public purse.

DISGUSTED.

New Westminster, April 20, 1909.

PATRONIZING THEATRES.

Editor Daily News,

Sir,—Possibly one explanation of the poor attendance at the opera house on Saturday night, referred to by "Playgoer" in your issue of this morning, is the fact that $1.50 was charged for the best seats while in Vancouver they were only $1.00. This is the first season that any discrimination against New Westminster has been made—the same thing having occurred with "Marrying Mary."

ANOTHER PLAYGOER.

New Westminster, April 19, 1909.

BOWLING

Tonight the Salmon Bellies send a team to Vancouver to meet the Terminals. Following the Vancouver tourney next week, on Thursday, April 29, there will be an attractive feature at the local alleys when Seattle will send seven two-men teams, Vancouver as many, and Westminster will be well represented, in an endurance contest beginning at 9:30 a.m., and lasting twelve hours. At the Vancouver tourney it is expected there will be a team from the Dominion Trust Company, and many Westminster bowlers will go over to the banquet on April 28.

The Seattle Post-Intelligencer is paying the cost of a telegraphic league contest in which San Francisco, Los Angeles, Denver and Seattle as well as New Westminster and Vancouver will take part. The scores of each team will be distributed to each competitor free, prior to the Seattle congress.

INQUIRE INTO MERGER OF HARRIMAN LINES

Portland, Or., April 20.—The issuance of subpoenas today developed the fact that the hearing of the Interstate commerce commission in the matter of the alleged merger of the Union and Southern Pacific, which is to take place here, will begin May 3.

Nemo Corsets ALL THE NEW **Models Ready** SHOWN IN OUR CORSET DEPARTMENT

Nemo Corsets are a combination of perfect comfort and smart style. Nemo corsets are practical figure-builders and remodelers.

Every Nemo does something for you that no other corset can do.

Nearly every woman (in every country where corsets are worn) knows that the—

Nemo Self-Reducing

—is the *only* corset ever made that really helps a stout woman to reduce her abdomen with perfect comfort and hygienic safety—$3.00 to $10.00.

For Slender Figures

Almost equally famous are the Nemo "Willow-Shape" (with the novel Flatning-Back Skirt), the "Military Belt" Corset, the wonderful "Back-Resting" Corset, and the *chic* "Swan-Shape"—all for slender and medium figures.

See our new Nemos, if you wish to know Fashion's latest word on the all-important subject of corsets.

So many inquiries had been made at our Corset Department in the past for NEMO CORSETS that we decided to procure the agency for this particular make of Corsets. After securing samples and investigating we saw the many distinguishing advantages which NEMO CORSETS displayed in comparison with other makes. We had no hesitation in giving them a place in our Corset Section. The announcement that these Corsets can now be had at this store will prove welcome news to many women who have worn with satisfaction NEMO CORSETS. Ask to see the new models at the Corset Department. We picture here several of the new styles. **We are sole agents in New Westminster.**
