BIG TERRITORY IS ADDED TO DOMINION

Fifteen Thousand Square Miles of Land "Recovered" After Many Years.

Ottawa, Ont., April 27.—More than fifteen thousand square miles of new territory, most of which is suitable for agriculture, is about to be opened up by the Canadian government as part of the policy of conservation and railway building. The exact extent and possibilities of this new domain, which is larger in size than half of New Zealand, has just been reported to the Canadian parliament by the commissioners of the eastern section of the national transcontinental railway, which is a government project.

The territory which will be opened up forms part of the vast region of northern Ontario and Quebec, which the early pioneers passed by, because it lay north of the main route of western travel, but which has since proved to contain immense agricultural possibilities. Stretching in a great semi-circle from Lac Seul and lake of the Woods it sweeps east north of Lake Superior and Georgian bay to Montreal and Quebec. Lake Temiskaming and the Cobalt country lie in its southern bank and northward it merges into the vast plains south of Hudson bay.

In Virgin Soil.

The act of the Dominion in opening up this great country will be equivalent in its results to the creation of a new province. Over 8,700,000 acres of the land, the commissioners report, is arable for cultivation. Much of

WATER POWER SITES WILL BE GUARDED

Secretary Ballinger to Prevent Monopoly of Natural Resources of United States.

Washington, April 28.—Secretary of the Interior R. A. Ballinger is determined, if possible, to prevent monopolistic or speculative interests from obtaining control of the water power sites, and to that end yesterday he instructed the director of the geological survey to investigate such natural resources under the public domain outside of national forests which are not included within withdrawals for reclamation purposes.

Secretary Ballinger will report the results of this investigation to congress.

ROBBERS CLEAN OUT RENO GAMBLING HOUSE

Reno, Nev., April 28.—After clubbing a Chinaman into unconsciousness and locking him in the cellar, four men looted the Casino, a gambling resort of Reno, of between $4000 and $5000 yesterday. A nightwatchman who intruded was captured and locked in a closet. After the men had opened the safe, they put the money into the sack and boldly walked to the front door and started out. A policeman tried to intercept them, but they took a shot at him, and fled. They then easily made their escape, and have not yet been captured.

SEA LION ATTACKS EDMONDS FISHERMAN

Everett, April 28.—Fisherman employed at the Graham brothers' trap, near Edmonds, were attacked yesterday by a big sea lion, weighing about 1,000 pounds, which they attempted to capture alive when they discovered him robbing the trap. The sea lion, however, became the hunter, charged the men, jumped aboard the scow and compelled the crew to climb the piling to escape. The men obtained a rifle and killed the animal at one shot.

NIAGARA FREED FROM ICE BY WARM RAIN

Youngstown, N. Y., April 28.—A steady warm rain from 1 to 3 o'clock yesterday afternoon, aided by the wind and current, completely freed the shores of the Niagara river round Youngstown from ice. From the mouth of the river upward for several miles the river is practically open.

WOMEN CANNOT VOTE IN NEW BRUNSWICK

Fredericton, N. B., April 28.—A bill to give women votes in provincial elections was defeated in the legislature yesterday by 24 to 15.

Good Omen.

Scranton, Pa., April 28.—The proposed agreement that officers of the Anthracite Miners' Union hope to see signed by hard coal operators, was laid before the delegates today and the principal section, the renewal of the old agreement, was adopted unanimously.

START LAYING RAILS ON CHILLIWACK LINE

Street Cars Will Be Running Into Cloverdale Within a Few Months—Big Gang at Work.

Active work on the laying of the track of the Cloverdale section of the B. C. E. R. Chilliwack tramline was commenced yesterday morning, when the first spike was driven in on Front street, no ceremony attending the occasion. A large gang of men is at work, and in a few days the ties and rails will be laid as far as the Fraser river bridge. Once across this structure, progress will be more rapid, as the track is already leveled and ready for the rails to be placed in position.

According to an official estimate, the work should be completed within three or four months, and cars may possibly be running to Cloverdale by that time. The overhead work will not call for much delay, as everything is ready for the stringing of the wires which will convey the necessary power.

FORTUNE FOUND IN AN OLD TRUNK

Bell Telephone Shares Purchased in 1882 For $1500 Now Worth $1,750,000.

San Francisco, April 28.—Sixty shares of stock of the Bell Telephone Company, purchased in 1882, have been brought to light in San Francisco and the purchaser, a woman who invested $1500, is expected to be in a position to dispose of her property for $1,750,000, which sum she must divide with the agent of a commercial company, who located the valuable security after it had reposed in a trunk regarded in the light of worthless paper during a period of twenty-seven years.

Through an interview with W. D. Harding, fiscal agent of the United Wireless Company, last night, it became known that the stock in question was placed in escrow six weeks ago and that the beneficiaries, under an agreement recently drawn, were awaiting an offer that entitles each party to participation in an equal division of $1,750,000, which is believed to represent the market price of the long forgotten stock and accumulated dividends.

Bought Stock in 1882.

It appears that the woman in question purchased the stock in 1882, a year before the original corporation undertook construction of the first telephone between New York and Boston. At the time of her marriage according to the narration the owner of the sixty shares of Bell Telephone was advised by her husband that she had purchased a lot of worthless securities and, deferring to his advice, she buried the stock certificates in a trunk.

Divide All Profits.

Harding recently learned that the woman had purchased the stock at a total outlay of $25 a share, or $1500 for the sixty shares, and later made her an offer to divide with her all profits arising through the sale of the stock.

Since this agreement, which is said to have been consummated six weeks ago, the stock certificates are believed to have been entrusted to the Crocker National Bank, to the First National Bank, both of San Francisco, and to a financial institution of Boston which is awaiting an offer that will recompense Harding and his client to the extent of about $1,750,000.

GOLD IS DISCOVERED ON QUEEN CHARLOTTE ISLAND

Victoria, B. C., April 28—Gold has been found in the black sand of Roses pit, about thirty miles from Massett, on Queen Charlotte islands, according to advices recived by the steamer Princess May, Capt. McLeod, which arrived in port last night from Skagway and Northern British Columbia ports. Shortly before the Pincess May left Josephine arrived from Massett bringing news of the placer finds on the Northern islands. The Josephine took some machinery to the scene of the mining operations where a number of men are at work on the beach washing the black sand.

Martyrs in Chains.

London, April 28.—Four "suffragettes" succeeded in getting into the outer lobby of the house of commons this afternoon, and fastened themselves by chains to statues. The police, profiting by their previous experiences, were provided with metal-cutting implements, and quickly severed the chains and expelled the four women from the building.

Heinze Jumped Bail.

New York, April 28.—F. Augustus Heinze, the millionaire, today stands mulcted of $500 bail, which he put up for his appearance in a local magistrate's court but has the right to return and avoid its forfeiture if he wishes to face the charge of Joseph Hubbard, a taxicab chauffeur, who accuses him of disorderly conduct.

RUSSIANS TRY TO BREAK INTO STATES

Deserters From Russian Vessel Are Worrying Customs Officials at Sumas.

Bellingham, April 28.—Thirty-five burly Russians have been turned back repeatedly at points on the Canadian border north of here by American immigration inspectors. Twice the men have been returned to Vancouver under guard, but singly and in twos and threes are again being caught along the border. The men mutinied recently on a Russian ship which arrived at Vancouver from Vladivostok, and later deserted.

Twelve of the men were turned back because affected with trachoma, the others as probable criminals or paupers. The Muscovites are charged with many petty crimes across the Canadian line, and are living off the country while they try to cross into the United States. Several are now being held at Sumas, and may be ordered deported to Russia direct.

CANADIANS TO EXPLORE TIMBER IN AFRICA

Ottawa, April 28.—John Thompson of Portage Du Fort, one of the best known bush rangers in the Ottawa valley, has been engaged by a British syndicate to secure a staff of guides and assistants and proceed to East Africa, in order to explore the country there, and render an account of its natural resources in regard to timber. Mr. Thompson leaves immediately for New York, when he sails first to England, going from there through France and via the Mediterranean to his destination.

THOUSAND MEN TO HOLD BIG ROUND-UP

Hunters Will Engage in Ten Days' Hunt for Bears, Deer and Coyotes in California.

San Francisco, April 28.—One of the largest hunting parties ever organized in this state has been planned by the citizens of the northern part of Mendocino county. One thousand men will be engaged for ten days beginning August 3, in beating the country for bears, deer, coyotes, and the affair, which is known as a "buck roundup," is said to have the sanction of the state game commission.

A great circle will be formed by the hunters and this will gradually close in on the doomed beasts until they will be completely at the mercy of their pursurers.

FRUHLING DREDGE NOW PROPERTY OF GOVERNMENT

Resident Engineer Keefer, of the department of public works, yesterday afternon received a message from Ottawa from the deputy minister, Mr. Hunter, stating that the Fruhling dredge is now the property of the department, and instructing him to take over the charge of the dredge.

Since the Easter holidays the dredge has been lying idle off the department's wharf in the city, pending the legal transfer from the owners in Germany to the Canadian government. On account of the formalities necessary there has been some delay in the completion of the transfer. The vessel will resume work on dredging the river immediately.

COUPLE WEDDED WHILE STANDING IN WATER

Sailor Springs, Ill., April 28.—At a baptizing yesterday in a small creek near here, Pearl Johnson and Miss Norma Murray, both living near here, were baptized and immediately afterwad, while standing in water waist-deep, were married.

More than 300 spectators were witnesses to the ceremony.

Funeral of W. G. Cross.

The funeral took place yesterday under the auspices of the Orange order of William Gould Cross, from his residence, Seventh Avenue and Eighth Street, to St. Paul's Reformed Episcopal church, the interment being at the Oddfellows' cemetery.

A short service was held at the house, Rev. M. Madill officiating, and Rev. A. de B. Owen conducted the burial service, both at the church and cemetery. The pallbearers were: W. E. Dunlop, Alexander Garrett, W. Pope, G. Matthias, J. Smith, and J. Sawyer. About 30 members of the order attended under county master R. G. Patterson. J. Roscoe was director of ceremonies. Many beautiful flowers were sent, among them being tributes from L. O. L. 1150, and Royal Black Receptory 459, with which deceased was connected.

The funeral arrangements were carried out by W. E. Fales.

Archbishop Matheson Made Primate.

Winnipeg, April 28.—Archbishop Matheson, of Rupertsland diocese, in charge of the Anglican Church in Western Canada, has been elected primate of all Canada.

TOWN DOOMED BY RAVAGES OF RIVER

Needles, Cal., Sees Death in Constant Advance of the Colorado.

Needles, Cal., April 28.—The Colorado river is rising rapidly and is near the high-water mark. It has overflowed its banks on the California side. There is considerable apprehension lest a new channel be cut, which would result in great damage here.

A report of the government engineers shows the river has come 1,500 feet nearer the residence section of Needles within twenty years. Its advance during the past five years has been rapid, until now the situation is alarming, and an appeal has been made to the government.

Plans are perfected to construct a dike several miles in length to protect the Indian lands on the Arizona side, at a cost of $250,000 but such an undertaking makes the destruction of Needles all the more certain.

FRANCE IN FEAR OF LABOR REVOLUTION

Paris, April 28.—Although the leaders of the General Federation of Labor who are organizing a twenty-four-hour strike for May 1, disclaim any violent revolutionary intentions, the government is taking elaborate precautions to preserve order on that day. Warships rigged with wireless telegraphy have been stationed along the coast for the purpose of preserving communication with the Eiffel tower, of Paris, and heavy bodies of troops have been drafted into the capital from Versailles to St. Germain.

RUSSIAN EXPEDITION SAID TO BE FAILURE

Reports at St. Petersburg That Cossacks Have Been Skirmishing With Kurds

St. Petersburg, April 28.—A dispatch from Julfa, Persia, says the Russian expedition has encountered opposition. Kurds skirmishing with the Cossack vanguard and compelling a halt.

The Russian foreign office has no confirmation of this, but it is admitted that the troops were advancing slowly and will not arrive at Tabriz before tonight. Reassuring advices, however, have been received from the consul at Tabriz, who reports that the famine has been relieved somewhat by the grain sent by Russian merchants.

The published report that the Black Sea fleet has gone to Northern Turkey is not true.

WATERFRONT WAREHOUSE IS SET ON FIRE

A fire which might have caused considerable damage broke out shortly after four o'clock yesterday afternoon in the premises of the Westminster Fruitpacking Company on the waterfront, probably due to a spark from a passing locomotive. The brigade from the Central hall was quickly in attendance, and a delivery put to work from a hydrant on Front street at the rear of the Premier hotel.

The roof was partially burned out, the shingles having to be replaced. Fortunately the fire was confined to the roof, as the Schaake Machine Works had $10,000 worth of machinery stored within the warehouse. The premises are insured for $750. There was a good supply of water, and no difficulty arose in controlling the outbreak.

PLOT TO KILL FRENCH PRESIDENT IS DISCOVERED

Monaco, April 28.—A plot to assassinate President Fallieres of France was unearthed here today, according to the police, who have arrested one man accused of complicity. The police allege that when their prisoner was arrested he was preparing to go to Paris to kill the French president.

Details of the plot have not been made public.

Romance for Weston.

St. Louis, Mo., April 28.—It is reported that Edward Payson Weston, the famous old pedestrian, who is expected to arrive here this afternoon, will meet his wife, from whom he separated 42 years ago, and two grown children, when he arrives at San Francisco, his destination.

Buffalo Has $300,000 Fire.

Buffalo, N. Y., April 28.—The elevator of the Husted Milling & Elevator Company was destroyed by fire early today together with 200,000 bushels of grain. Loss, $300,000, fully insured.

Tacoma to Advetrise.

Tacoma, April 28.—Tacoma has decided to spend $30,000 in Seattle to advertise this city during the Alaska-Yukon-Pacific exposition. Of the total, $15,000 has already been raised. The city has been divided into fifteen districts in which there will be a house-to-house canvass.

LOCAL DELEGATE GOES TO ATLANTA CONVENTION

E. Goulet Represents Western Railway Telegraphists at Gathering Next Month in Georgian City.

The local agent of the C. P. R., E. Goulet, leaves on Saturday for Atlanta, Georgia, to attend the annual convention of the Brotherhood of Railway Telegraphers, which opens on May 10. He represents district two, of the seventh system, the C. P. R., which includes the portion west of Kamloops to the coast. Last year Mr. Goulet was chairman of the C. P. R. representatives, and in the interests of the brotherhood has attended several conventions.

Mr. Goulet will be accompanied by Mrs. Goulet, and they expect to return by June 1. The convention lasts a week, and there are several excursions arranged in connection with the convention, before which many matters of importance to the operators will come up for discussion.

EXPENSIVE HARBOR SAID TO BE FAILURE

Big Breakwaters Constructed By Mexican Government Declared Unsatisfactory.

Victoria, April 28.—That the harbor built at heavy expense for the Mexican government by Pearson & Company, of London, is proving unsatisfactory is the report brought by Captain Vonkope of the steamship Sakkaran, of the Kosmos line. When the Sakkaran was at Salina Cruz, the port authorities were considering the removal of the big breakwaters, which were built at a cost of several million dollars, owing to the sea washing the sand in and filling up the harbor. There are two large breakwaters on either side more than 260 feet wide at the bottom and thirty-three feet at the top and between them the sea is silting up the outer harbor dredged by the Pearson Company so that despite the continual dredging it is becoming shallower.

In consequence, it may be determined to change position of the breakwater. The work of changing them will probably mean an expenditure of several million dollars.

CROKER SAYS HE IS OUT OF POLITICS FOREVER

New York, April 28.—Richard Croker, the former Tammany chieftain, who sailed today on the Lusitania for Liverpool, said farewell last night to many old friends at the Democratic club. His parting message to his old-time followers was:

"I'm out of politics forever. All the world couldn't drag me into the game again. I'm coming back to America in November just after election, but there will be no politics in the visit.

"New York is the greatest city in the world. All our American cities are superior to the European cities in their fire and police departments. It is not safe for a woman to walk alone in London, but you can't say that of our American cities."

Since Croker built several Japanese rooms into his house at Glencarn, Ireland, he has been wanting a Japanese servant. Such a one he is taking back with him, having found her during his stay at Palm Beach.

TESTS PROVE FLIES CARRY DISEASE GERMS

Berkeley, Cal., April 28.—That out of hundreds of tests made in this city not one fly was found whose feet and mouth parts were not the hiding place of some germs was the statement made by Prof. W. B. Herms of the department of medical entomology in the University of California in a lecture before a mass meeting of citizens. The most interesting exhibit was that of several large cultures made by allowing flies caught in various parts of the city to walk in sterilized gelatine. The crusade against the common house fly will be vigorously waged by the people of the college city.

White Wings for Winnipeg.

Winnipeg, April 28.—White duck suits will be worn this summer by city employees working on the streets. The matter of equipping the employees with a uniform of this kind, which is used in a large number of other cities, has been under discussion by the board of control for some time and this morning a definite conclusion to adopt the system was reached. Tenders for supplying the suits will be asked for.

Manitoba Judges.

Ottawa, April 28.—It is expected that the vacancy on the Manitoba court of appeal, caused by the resignation of Judge Phippen, will be filled in a few days by the transfer of Judge Cameron from the court of king's bench to the court o appeal, and that H. A. Robson, a Winnipeg lawyer, will be appointed in Judge Cameron's place.

CRISIS CONTINUES IN TURKEY RISING

Civil War Throughout Empire Feared—Terrible Massacres of Christians.

Salonica, April 28.—Abdul Hamid arrived here this afternoon. He appeared very feeble and his faithful eunuchs almost carried him to the carriage which was to convey him to the home of General Robilant, commander of the gendarmerie, where he will be held prisoner. Robilant's villa is at Lapina, a suburb of Salonica.

Still Has Eleven Wives.

London, April 28.—Reports received by the news agencies here today state that Abdul Hamid, the deposed Sultan of Turkey, is imprisoned at Salonica. The reports have not been verified.

According to the reports Abdul was secretly placed on a train at Constantinople last night and sent to prison. He was accompanied by eleven of his wives who were allowed to share his imprisonment.

Civil War Feared.

Constantinople, April 28.—Soldiers of the fourth and fifth army corps, stationed in the vilayets of Aleppo and Erzurum, are in open revolt today and insurrections are threatened in Western Macedonia and Northern Albana. Dissatisfaction over the deposition of Sultan Abdul Hamid is creating a great deal of trouble in certain quarters and it is feared that it will be impossible to prevent a civil

CANADIAN-AUSTRALIAN SERVICE MAY CEASE

No Arrangements Have Been Made for Continuance of Subsidy Which Expires in June.

Victoria, B. C., April 28.—That the Canadian-Australian line may be discontinued as a result of the failure to provide for a continuance of the subsidy, which expires in June, is the statement made by a well informed authority. No arrangements have been made by the Canadian-Australian line for any sailings after June.

The Marima is now on the way and the Makura is to follow May 10, and there the schedules end, pending news from Ottawa with regard to the subsidy. Arrangements were being made with the Stephens shipyards at Linthouse for the construction of two liners similar to the Makura, one of the best appointed passenger liners crossing the Pacific, but the negotiations for the construction of the new liners has been abandoned.

SOCIAL GATHERING OF SONS OF ENGLAND

A pleasant social gathering was held under the auspices of the Sons of England, Rose of Columbia lodge, last evening at their new quarters in the K. of P. hall. After the lodge business C. Palgrave, in the chair, a program was successfully carried through. Among those taking part in the entertainment were H. McGowan and Mrs. Seldon, banjo and pianoforte duet; C. Palgrave, song, "I Fear no Foe;" Miss Bowell, "Come Back to Erin;" Miss Dorothy Palgrave reading "St. Crispin's Day," from "Henry V.;" Mr. Smryle, reading, "B. C. and its Beauties;" and H. Stewardson, comic.

The chairman gave an address of welcome on behalf of the lodge pointing out the assistance of the society to the Englishmen and Englishwomen in British Columbia, and the opportunities for assisting each other in this province. Refreshments were served subsequently. About 70 attended, including the Daughters of England present.

GETS $15,000 BECAUSE HE DID NOT MARRY

Los Angeles, Cal., April 28.—Because Alfred H. Wilcox, of this city, heeded the wish of his mother and did not marry during her lifetime, he is richer today by $15,000, besides a share of $2,000,000. Mrs. Antonia Arguello de Wilcox, the young man's mother was a direct descendant of one of the oldest Spanish families. She was a relative of the famous governor Pio Pico. She died April 18, and the will was probated yesterday. The instrument disposes of property valued at $2,000,000.

Big Territory Is Added to Dominion

(Continued from Page One.)

the country is now timbered, but specimen areas have been cleared and planted to wheat, oats and barley, with results which surprised the Dominion and provincial agricultural departments. Frank Moberly, one of the investigators who reported to an interesting series of experiments regarding the soil fertility of the new country. Moberly spent four years in the clay belt of northern Ontario and Quebec.

"This country is generally a pretty level clay and clay loam country," he reported, "very little rock showing except along the main height of land and some of the lake shores. The banks of the rivers are generally of a good height and wooded with poplar. The ground falls away into spruce swamps for a distance and then rises gradually to a possible 100 feet or so to a divide before reaching the next stream valley. The timber is generally a black spruce, not very large, but along the river banks and ridges it is composed of poplar, white spruce, balsam, jackpine, birch, of fair size, tamarac and balsam. The natural drainage is everywhere good when the moss is removed, and the land is easily cleared, the tree roots being largely on the surface.

Will Be Wheat Country.

"There are summer frosts and will be until the land is cleared and cultivated, but it will grow grass, oats, potatoes and such crops, and in time will develop into a wheat growing country, and will furnish traffic for the transcontinental eastern section, when the wheat along the Grand Trunk Pacific in the west is being shipped out by Prince Rupert to compete with Manchurian and Siberian grain on the Pacific.

"Our climate is about the same as southern Manitoba, but being well sheltered by the forests we do not feel the cold very much. The snowfall varies from 3 to 5 feet, this year being about 3 feet."

Good Bread is Essential to Good Health.

The staff of life forms the basis of every meal, and without it the finest menu is incomplete. Experience has proved that to obtain Bread that is light in crumb, as well as wholesome and nutritious, the choicest flour must be used.

The Flour that has demonstrated itself superior in the baking is

Robin Hood Flour

because it is made from the finest wheat in the world, the celebrated hard Red Fife—wheat that is scientifically selected and milled under improved and exacting conditions.

Because of the peculiar dryness of ROBIN HOOD FLOUR it absorbs an unusual amount of water, therefore it makes more bread and holds moisture longer than other kinds of flour.

By using ROBIN HOOD FLOUR you will get more bread, better bread, sweeter bread and more nutritious bread.

ROBIN HOOD FLOUR is sold on an absolute guarantee, which means your money will be refunded if not satisfactory. Give it a trial—it will speak for itself. Your dealer will always get it for you if you insist upon having it.

CAPITALS LOOK GOOD ON PAPER

Regina Dopist Right When He Says Next Minto Cup Games Will Be Toughest Since Mug Came West.

The Regina Lacrosse club has been successful in securing Sport Murton, the fastest man of the Toronto Tecumsehs, to play the game with this city this year, says the Regina Leader. For some time it looked as though "Sport" would not be here, but he has definitely decided now to come, and the local management has accepted his terms. Another player who has been a noted feature on the lacrosse field for years has been secured. His name is McLean, and lacrosse fans will remember his effective work with Souris when that team was famous in the west. McLean is considered an extra good stick handler and a whirlwind on the field, and should be a valuable man on the Regina team. He has played with Port Arthur, Fort William and other cities, and reports from teams he has been with are the best.

The team as it now stands includes the following players: McGregor, Stevenson, McDougall, Milne, Ross, Clarke, Taylor, Shea, Gorman, Murton, West, McLean, McCarry, and probably Skin Malone. This bunch looks good on paper, and have always looked good on the field, so everything seems to be coming our way. Shea and Gorman and Murton will arrive here in good time to practise with the bunch, and West will be here by the first of next week.

Up to the present time the practise has been entirely carried on indoors, and the Y. M. C. A. gymnasium has been occupied every night by the boys in strenuous exercise. Regina is not far behind New Westminster in getting busy on the field, and so they have not got such a bulge on the team here as was expected. Already the papers in the west are looking forward to see Regina do a hard stunt with the fish-eaters, and some of the dope writers at the coast are inclined to think that the Capitals will be the hardest aggregation to defeat that has gone after the cup since it was captured by the Westminsters.

Crisis Continues in Turkish Rising

(Continued from Page One.)

war. The new Sultan has ordered steps to be taken to check the outbreak.

New Sultan Acknowledged.

Washington, D. C., April 28.—The United States will immediately recognize Rechad as the lawful Sultan of Turkey, according to an announcement made at the state department here today. Official notification of the dethronement of Abdul Hamid was received here today from John G. A. Leishman, American ambassador to Turkey.

French Congratulations.

Paris, April 28.—President Fallieres of France today sent a message of congratulation to Mohammed Rechad Effendi, the new Sultan of Turkey.

Christians Massacred.

Beirut, Lebanon, April 28.—Scores of scattered villages in the vilayet of Adana were the scenes of massacres of Christians today and it is believed that thousands were killed.

Kasaba is aflame and it is reported the Moslems have killed nearly every Christian there. Several Franciscan monks and a family of Italian missionaries are reported to have been the only foreigners who escaped.

An Ugly Report.

London, April 28.—One hundred Protestant missionaries were killed by fanatical Moslems in the Adana district, according to consular despatches received here today.

Warned that they were to be massacred, the missionaries took refuge in a church. The rioters discovered them and surrounding the building they made a concerted rush and overpowered the inmates. The church was burned to the ground, and all of the missionaries murdered.

Missions Threatened.

Smyrna, April 28.—The wave of massacres is sweeping eastward from Adana today and every mission centre in Asia Minor is in danger of extinction. Terrible conditions prevail and unless troops are dispatched to the interior at once hundreds of thousands of persons will be murdered.

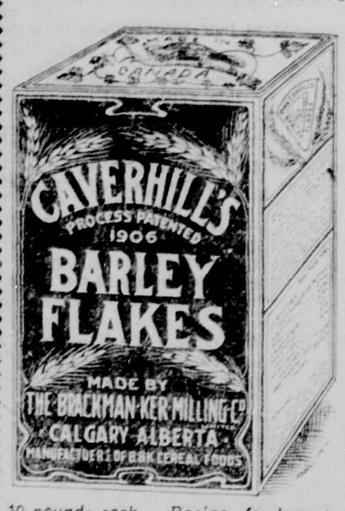
The steady increase of the rioting is causing great fear for European and American residents of Asia Minor. Up to this time they have been considered as comparatively safe, but the situation is rapidly reaching the point where no one can be said to be immune.

The rising in Asia Minor is believed to be certain indication that the Ottoman empire will soon be involved in civil war.

Trouble in Asia.

Constantinople, April 28.—Fifty Turkish officers have been arested at Erezrum by their troops and dispatched under escort to Trebizond. The significance of this action is not yet clear, but it is feared that it means the beginning of a revolt of the provincial troops against the Young Turk officers.

Lever Brothers, Toronto, will send you free a cake of their famous Plantol toilet soap, if you mention this paper.



Barley Bread

Moist, sweet and of delicious flavor—different from all other breads. The reason? Because the barley from which Barley Flour is made has gone through a process which takes three days; this process changes ten per cent of the starch into grape sugar—or, in other words, predigests that part of it, and also makes the remainder very easy digested; we have spent $50,000 in machinery and buildings to do this, and believe it will pay. We know it will pay you to use Barley Bread. Ask Mark & Sons or Gardhouse for a loaf.

Barley Flour.

We put this up in trial sacks, 10 pounds each. Recipes for bread, scones, etc., in each sack. WE GUARANTEE THIS FLOUR.

Barley Flakes.

Our latest Breakfast Food. The barley goes through the same process as for flour. Watch this space for testimonials from those who have been relieved of indigestion and constipation through using these Flakes.

QUEEN SUPPORTS THE SUFFRAGETTES

London, April 28.—There was a picturesque reception to the delegates to the International Women's Suffrage alliance at Albert Hall last night. Prior to the celebration at the hall there was a procession of more than a thousand men representing all professions and callings, through the streets of London. The hall presented a brilliant and animated scene during the evening, and speeches were made by Mrs. Carrie Chapman Catt, of New York, and Rev. Anna Shaw. Mrs. Catt announced that the Queen of Norway had sent greetings to the congress. This was the first time said Mrs Catt that a queen had ever sent greetings to a woman's suffrage convention.

CANADA WOULD BE HIT BY NEW TARIFF

London, April 28.—In the commons yesterday, Mr. F. E. Smith, K. C., asked what would be the United States' probable atttitude toward Canada under section 4 of the Payne Tariff bill, and also whether this section would subject Canadian goods to the maximum United States tariff, unless Canada granted the United States the intermediate Canadian tariff.

Sir Edward Grey's reply was that the foreign office here interprets section 4 of the Payne Tariff bill to mean that Canada will fall under the United States maximum tariff unless she grants to the United States the intermediate tariff and all the concessions given to France.

THURSDAY, APRIL 29, 1909.

CANADA'S PROSPERITY.

It is a matter for congratulation that at a time when every great nation is suffering, in a greater or less degree, from depression in trade and the tightness of money, with consequent deficits in their national exchequers, Canada is enjoying a comfortable prosperity and her Minister of Finance has the satisfaction of introducing a budget which reveals a surplus of one and a half millions. In Great Britain the Chancellor of the Exchequer has to provide for a deficit that is almost startling in amount; the German chancellor is in a very similar position and must devise fresh imposts upon a people already taxed to a burdensome extent; in the United States the Exchequer Department is engaged in devising a new tariff to meet the deficit that seems certain to arise during the current year. Canada is therefore in the proud position of being able to furnish a comparison in matters of national finance that is highly gratifying.

The surplus that Hon. Mr. Fielding was able to announce to the House of Commons is a thoroughly legitimate one. It is the balance between the ordinary revenue of the financial year ending March 31, which amounted to $84,500,000, and the ordinary expenditure, which totalled $83,000,000. True, this is not such a great surplus as that of the previous fiscal year, which reached $19,413,154, but when it is considered that the whole world has been passing through a period of stringency and slackness, and that even the Dominion of Canada has had to bear some share in this misfortune, to the extent of eleven and a half millions shrinkage in revenue, the result is, at least, one that we may be thankful for.

The capital expenditure for the year reached a total of $49,224,000, of which $32,000,000 was on account of the National Transcontinental Railway and the Quebec bridge debt. There has been added to the public debt in this way $46,029,000, and it is this circumstance that our Tory friends are handling with their usual unscrupulous adroitness in order to induce the public to believe that the Liberal Government has been wasteful and extravagant, and that the year's operations show a deficit. But the most ordinary individual acquainted with business affairs will recognize the fallacy of the Tory sophistry. The people of this great country will also, we believe, acknowledge that the $212,449,000 spent on capital account during the twelve years of Liberal administration, has produced vast permanent advantages to the Dominion in the shape of valuable canal works, river and harbor improvements, and a great railway undertaking. The last named will open up an immense track of country from seaboard to seaboard and will result in the peopling and cultivating of an immense area that is at present virtually a wilderness; thereby adding materially to the country's natural resources. As the Finance Minister remarked in his budget speech, the expenditure of thirty-two millions might have been avoided by following the Conservative precedent in the case of the C. P. R., and giving a vast land grant. If, said Mr. Fielding, the Government had been willing to give the Grand Trunk Pacifice twenty-five million acres of land in the west, a scheme could have been devised which would not have added a dollar to the debt. They, however, preferred to finance this great railway undertaking with cash, feeling certain that at no distant period this will become an interest bearing asset, and will practically wipe out the debt which its cost represents.

Notwithstanding the fact that the Government may have to face a revenue not much increased above that of the fiscal year just closed, for at present there are no signs that the financial cloud which overhangs the world will be lifted in the near future, and that they have many demands for public improvements to meet, it is not proposed to increase taxation in any way, but rather to adopt a policy of judicious curtailment in expenditure. We believe this policy will commend itself to every wise Canadian.

SALOON MEN OBJECT TO HIGHER LICENSE PLAN

Bellingham, April 28.—As a result of the introduction in the council last night of an ordinance providing for raising the liquor license from $800 to $1,000 in this city the saloon men are making all kinds of objections. The saloon men claim that liquors are sold in houses uptown and elsewhere without licenses, and that the saloons are held responsible for the criminal acts that result.

NANAIMO GAS COMPANY IN HANDS OF NEW OWNERS

Vancouver Capitalists Purchase Holdings for $20,000— Will Make Profits on By Products.

Nanaimo, April 28.—A Vancouver company, headed by C. E. Deal, purchased the Nanaimo Gas Company's holdings here tonight for $20,000.

The new company, capitalized at $100,000, wil be known as the Nanaimo Light, Heat & Gas Power Company. Six shareholders will be obtained there, with two local directors on the board. New mains and other improvements, costing a big outlay, will be undertaken at once, and the price of gas will be reduced immediately, with a further reduction to follow.

The company will use, inprimis, a gas producer running a conveyor to the Red Fir lumber mill to use their refuse. The company hopes to make its profits on by-products, minimizing the price of gas to the consumers.

TAFT TO PAY VISIT TO A.-Y.-P. EXPOSITION

Washington, D. C., April 28.—Congress will provide $25,000 as traveling allowance for President Taft and he will visit the Alaska-Yukon-Pacific exposition in Seattle and go to Alaska this year after Congress adjourns.

Chairman James A. Tawney, of the House appropriations committee, after a conference with the President, said today that the money would be provided in a bill to be passed when the tariff bill gets back to the House.

The President will go west over the northern route and return by the southern route, visiting cities on the coast as far south as Los Angeles.

CHRISTIAN SCIENCE CLASSED AS A FAKE

Ministers and Medical Men Will Unite in Fighting Spread of Cult.

Portland, Ore., April 28.—Denouncing Christian Science as a "fake" doctrine which appeals largely to the more ignorant classes, or those who in time of trouble or illness are governed by sentiment, the members of the Baptist Ministerial Association will make overtures to the physicians and surgeons of Portland to assist financially in taking steps to stay the inroads the cult is making on denominational and professional work.

The first step toward the formation of a joint defense board was taken this morning at the regular Monday meeting of the association at the Y. M.C.A. building, when Rev. Clarence Cook, pastor of the East Forty-fifth Street Baptist church, and Rev. Arthur B. Waltz, pastor of the University Park church, were appointed a committee to confer with the physicians as to ways and means of bringing to this city F. W. Peabody, of Boston, the noted anti-Christian Science lecturer, for a series of addresses.

Rev. J. F. Heacock, pastor of the Highland Baptist church, waxed vitriolic in giving his opinion on Christian Science, but doubted the advisability of adopting the methods suggested in combating it.

"I think the individual pastor should himself specialize in fighting this doctrine," he said. "The people who join its ranks are for the most part to be found in the more ignorant classes, while others fall victims owing to the personal and peculiar influences brought to bear on them in times of sickness and trouble. The doctrine makes little progress among people of intelligence."

CLOSING OF LUMBER MILLS IS OPENLY ADVOCATED

Curtailment of Washington and Oregon Output Sought by Lumbermen—Market Too Slow.

Seattle, April 28.—A delegation of prominent Oregon lumbermen is today conferring with a number of the leading Washington millmen to discuss ways and means for improving the condition of the Pacific northwest lumber market.

The plan for a further curtailment of the output from Washington and Oregon mills until conditions improve will be taken up in detail. Many lumbermen in both states are openly advocating the closing down of all mills until the demand becomes more brisk, and others favor another partial closedown.

Discussion of the question at issue will be continued during the day and it is expected that some plan of action will be arrived at tonight.

POLICE AFTER MINISTER.

Reverend Gentleman Said to Have Issued Bogus Cheques.

Minneapolis, April 28.—The police are searching for a minister, who it is said has flooded the Twin cities with bogus cheques. According to reports, Minneapolis business men lost nearly $2,500, while he obtained almost an equal amount in St. Paul. The man's name is said to be Rev. F. W. Johnson. He wears a silk hat and Prince Albert coat, according to a description in the hands of the detective bureau. The cheques which were written on the bank at Fairmont, Minn., were very clever forgeries.

CONSERVATION OF NATURAL RESOURCES

Ottawa, April 28.—In the house of commons yesterday Hon. Mr. Fisher introduced his bill to create a commission on the conservation of natural resources. The commission is to consist of 32 members, of whom 12 will be ex-officio, made up of three cabinet ministers and nine members from the provincial governments. The remaining 20 will be appointed by order in council. No salaries will be paid, but the members will receive traveling expenses. The commission will meet annually in January, or at any other time at the call of the chairman, who will be chosen by the government. The commission will have an office in Ottawa, under the civil service commission, in charge of an official, who will act as secretary.

URGE BUILDING OF GEORGIAN BAY CANAL

Ottawa, April 28.—The Canadian federation of board of trade and municipalities opened its sessions here this afternoon, with delegates present from cities, towns and other municipalities from Manitoba to the Atlantic. President Ferguson of North Bay is presiding. The chief business this afternoon was the appointment of a delegation to wait upon the premier tomorrow and urge upon the government the speedy undertaking of the Georgian bay canal.

THE FORGED TELEGRAM.

Editor Daily News.

Sir,—Having been instructed by the committee of the synod of the Diocese of British Columbia upon moral and social reform to take steps to investigate the circumstances connected with the Forden telegram scandal I first wrote to and then waited upon the Attorney-General with the request that he would institute an enquiry under the "Public Enquiries Act."

After a month's delay he decided that a formal appeal must be made to the Premier as head of the Government in order that our request might be brought before the "Executive."

This was done; a formal appeal having been handed in to the Prime Minister's office on Friday, March 12. An answer was received on April 21 in these words: "The Government does not consider that this case lies within the purview of the "Public Enquiries Act."

This answer of the "Executive" coupled with that from the Attorney-General appears to block any further constitutional action on the part of the committee of the Anglican synod and they ask to be absolved from any further responsibility in the matter. The blame (if any) must rest upon those who have refused to act.

AMENDMENTS ROYAL CITY GAS IMPROVEMENT COMPANY, LTD., BY-LAW, 1909.

A By-law to amend the Royal City Gas Improvement Company, Limited, By-law, 1908.

The Municipal Council of the Corporation of the City of New Westminster, B. C., enacts as follows:

1. That section three of the Royal City Gas Improvement Company, Limited, By-law, 1908, be and the same is hereby repealed and the following section substituted therefor:

3. It shall not be lawful for the company to proceed with any of the works authorized by this bylaw until after the company shall have entered into an agreement to perform, observe and submit to the agreements, provisoes, terms and conditions by this By-law imposed on the company, and the company shall before proceeding to break up any street, avenue, alley, highway, thoroughfare, drain, ditch or tunnel, enter into a bond with the Corporation for the sum of Ten Thousand Dollars ($10,000.00) with good and sufficient sureties to be approved of by the council conditioned for the indemnity of the corporation against all damages imposed by paragraph two hereof during the construction of the company's works, and shall after the construction of the company's works enter into a bond for the sum of Two Thousand Dollars ($2,000.00) with good and sufficient sureties conditioned for the indemnity of the Corporation against all damages imposed by paragraph Two hereof during the operation of the company's works.

2. That section six of the Royal City Gas Improvement Company, Limited, By-law be and the same is hereby repealed and the following section substituted therefor:

6. The company shall within thirty days from the passage and publication of the Amending By-law commence operations to provide an adequate supply of gas for the said city and the inhabitants thereof, and shall have its works in operation for the production and supply of gas within twelve months from the passage of this amending By-law, otherwise the council of the corporation may declare all the rights, powers, and priveleges hereby granted to be determined.

3. That section seven of the Royal City Gas Improvement Company, Limited, By-law 1908, be the same is hereby repealed and the following section substituted therefor:

7. The company shall on or before the 31st day of December in each and every year after it shall have been in operation for five years, pay to the Corporation a bonus of Two Per Cent. on the price of all gas it sells to the inhabitants of said city.

4. That section nine of Royal City Gas Improvement Company, Limited, By-law 1908 be and the same is hereby repealed and the following section substituted therefor:

9. At the expiration of the term of twenty years from the passage of this By-law, the corporation may after giving six months written notice prior to the expiration of such term, of their intention so to do, assume ownership of the company's franchise, gas works, plant, mains, pipes, and fittings, good will and real and personal property in connection with the working thereof upon payment of their value, to be determined by arbitration, under the provisions of the Act concerning arbitration now in force in British Columbia, and in case the Corporation shall fail in exercising the right of assuming such ownership at the expiration of said term of twenty years, the corporation may at the expiration of every five years, exercise the same right of assuming such ownership after one year's written notice to be given prior to the expiration of every fifth year after the aforesaid twenty, and upon payment of the value as determined by said arbitration.

5. That section ten of the Royal City Gas Improvement Company, Limited, By-law 1908, be and the same is hereby repealed and the following section substituted therefor:

10. The company shall in no case charge or collect for gas it supplies more than at the rate of One Dollar and Seventy-five cents per thousand cubic feet.

6. This By-law may be cited as "Amendments Royal City Gas Improvement Company, Limited, By-law 1909."

Done and passed in open council this 26th day of April, 1909.

PROVIDE HOME FOR WAYWARD YOUNG GIRLS

Salvation Army Takes Up a Laudable Project in Winnipeg—Citizens Volunteer Assistance.

Winnipeg April 28.—The Salvation Army is planning to add a wing, costing about $30,000, to Grace hospital, if the money can be raised, the wing to be operated as a distinct institution, to provide home influences for wayward or unfortunate girls. Grace hospital is the institution of the Salvation Army for maternity cases, and it has done a magnificent work, and it has also been able to do some laudable but limited rescue work for girls. Obviously a separate institution is needed for such cases.

Police Magistrate Daly is one of the warmest supporters of the proposal to provide this institution, and he has commented from the bench many times on the need for such a temporary home for erring girls.

It is intended to ask the city council to make a grant equal to one-third of the cost. Several public-spirited citizens have promised subscriptions, and an appeal will be made to the general public for the balance of the funds required.

PLANTERS DECLARE FIELDING WAS MISLED

Denial Entered of Charge That West Indians Conspired to Raise Price of Sugar.

London, April 28.—Leading West Indian planters yesterday waited on Lord Crewe, colonial secretary, asking him to convey to the Canadian government assurances that Hon. W. S. Fielding was misinformed in charging West Indian sugar planters, as he did in his budget speech, with combining to raise prices in Canada. They say that inquiries in the West Indies prove no such combination exists. What common action has taken place between three of the planters, it is claimed, has been entirely at the instigation of the Canadian government.

They particularly object that at the moment when a joint commission is about to investigate the scheme of extended reciprocal trade, Fielding should propose to suspend the sugar preference for five years. Prominent West Indians propose a withdrawal from the commission, of which Mr. Fielding himself is expected to be a member, if Canada persists.

HONEYMOON TRIP FROM PORTLAND TO HUDSON BAY

French Voyageur and Indian Wife Will Paddle Across the Continent in a Canoe.

Portland, April 28.—Meeting for the first time an Indian maiden named Zintka Launi last night, marrying her tonight and setting forth next Saturday on a canoe trip from Portland to Hudson bay and the Atlantic seaboard, is the unusual, not to say startling experience of Albert Chalivat, a young Frenchman.

Chalivat is impetuous and, after meeting Miss Launi, or Lost Bird, as she is known to her tribe, the Sioux, proposed and was accepted.

The two were married at the home of Mrs. Colby, editor of the Woman's Tribune, in this city. The honeymoon trip proposed by Chalivat is to canoe across the American continent, leaving here Saturday and paddling up the Columbia into British Columbia. He says he can make the trip almost entirely by water, having to portage his canoe and belongings only nine miles all told between here and Hudson bay.

LOCAL NOTES.

W. Norman Bole, K. C., accompanied by Mrs. Bole, returned yesterday from Victoria, where they had been spending a few days.

Clark Calvin, advance agent of "The Gingerbread Man," which is to be seen here on May 7, was in the city yesterday making preliminary arrangements for that attraction.

A meeting of the executive of the Westminster Baseball association, announced to take place yesterday evening at Blair's cigar store, did not materialize, several of the members failing to put in an appearance.

One hundred and seventy-five thousand pounds of halibut was brought into port yesterday morning by the steamer Flamingo, of the B. C. Packers' fleet. The cargo is being unloaded at the Columbia Cold Storage establishment.

Contrary to the general impression, the Pythian roller rink will not close for the season this week. The manager has not yet definitely decided on the closing date, but announces that his patrons will be given at least a week's notice of his intentions through the advertising columns of the News.

The Chicago Ladies' Baseball club has asked the local baseball association for dates this summer, offering to play one or more games. No action has yet been taken, but it is probable a favorable reply will be sent, as the girls proved a strong attraction last year, when they suffered defeat in an attractive game at Queen's park.

NOT CONSIDERING THE AMERICAN NAVY

London, April 28.—Answering a question in the house of commons yesterday as to whether it was the policy of the government to take into consideration the American navy when estimating the number of ships necessary for Great Britain to maintain the so-called "two-power standard," Reginald McKenna, first lord of the admiralty, said that the navy of the United States for the practical purposes of the two-power standard would not enter into account. Asked whether America was not at the present moment the world's second strongest naval power, Mr. McKenna replied: "Under the two-power standard as defined by Mr. Asquith, the American navy is not to be so regarded."

PROROGATION OF PARLIAMENT NEAR

Ottawa, April 28.—As an indication of the near approach of prorogation, the chairman of the house of commons railway committee announced this morning that the last sitting of the committee would be held on Thursday owing to the decision of the government to hold morning sittings of the house of commons starting on Monday next.

Assessment Notices Mailed.

The assessment notices for the year 1909 have all been mailed, and the assessment commissioner advises that any property owner failing to receive his or her notice within a few days should look the matter up, as the property has either been wrongly assessed or the address given wrong.

The first meeting of the Court of Revision will be held on Wednesday, May 12, 1909, at 10 a.m., and all appeals against the assessment must be presented to the City Clerk at least seven (7) days before that date.

N. H. McQUARRIE,
Assessment Commissioner.

The wants for May Day need not worry you, because you can secure your Children's Clothes here at very low prices. See our window displays.

TWO LINES MENTIONED HERE

Children's White Wash Frocks

Dainty, pretty dresses of white lawn and mull, trimmed with Valenciennes lace and embroidery insertions; some have Dutch necks and short sleeves nicely finished with fine pin tucks; for girls 8 to 16 years. Each, $1.75 to $5.00

Tucked and Plain All-Over Nets

Cream ecru and white nets with or without spots; tucked in narrow and wide tucks. Widths are 18 to 36 inches per yard 35c to 65c.

Pretty Striped and Spotted Frocks

in gingham and chambray, some with belts, and pipings of plain colors; others trimmed with wash braids and buttons. All sizes for small boys and girls; from 75c.

ANOTHER SHIPMENT OF

Lace Neckwear Novelties to Hand

So many attractive low-priced neckwear pieces are on display in the neckwear section that ladies find it a pleasure to select their collars here.

The newest range just in is made of GUIPURE and ORIENTAL stock collars, LACE TAB COLLARS, COLORED LACE COLLARS, SHOULDER COLLARS and LACE SLEEVES. Priced from 25c to $2.00 each.

Hats for the Girls

Ready for May Day in the Millinery section. Many attractive models made ready in anticipation of the rush for May Day hats. These are on display today, trimmed with appropriate flowers, wreaths, foliage, etc. Lowly priced to make them doubly attractive. Priced from $1.25 to $5.00.

An immense display of WASH TAMS, SAILOR HATS, and GALATEAS from 25c to $2.50 each.

New Delaine Waistings

The most attractive line of light weight all wool waistings we have ever had the opportunity of securing. The weight is slightly heavier than a muslin or lawn, but being all wool, will make up into warmer waists for evening or dress wear. Colors are light and dark, and patterns are entirely new, showing two tone stripes, fancy designs and spots. Per yard, 50c and 60c.
