COUNCIL PLANS TO HEAT CITY HALL

Grounding of Puritan Again Raised — New Sidewalks Under Local Improvement

The city council dealt with a number of matters last evening. Among other things the grounding of the Puritan came up again, and Mayor Keary made the announcement that one of the pilot commissioners had resigned. Ald. Adams received authority from the council to consider the prices of metal and cement water troughs in the city.

Echo of Puritan Grounding.

The general manager of the Fraser River Lumber Company, A. D. McRae, telegraphed from Winnipeg: "Understand Fraser River pilot has resigned. Absolutely essential no mistake be made in appointing a successor. Our interests do not call for immediate appointment. Hope matter will be kept open and selection made only after most careful consideration."

Alderman Adams said he understood the pilot had been handed back his certificate. When he brought the the matter before the council he understood the pilot was to blame, and now from the evidence produced he believed the captain of the tug boat Pioneer was responsible.

The mayor said one of the pilot commissioners had resigned, but declined to give his name. There will be a reply drafted, and sent to Mr. McRae through the mayor, saying that the council were unaware of a vacancy.

Claim for Compensation.

A letter was read from A. O'Connor, of Sixth avenue, asking for compensation for injuries to his child, Linton, and loss of a horse in an accident at the corner of Fourth avenue and Thirteenth street on Saturday, the accident being due as alleged to the existence of a valve connected with the water main being exposed and above the roadway. The letter was referred to a committee consisting of Aldermen Jardine, Henley and Adams to report.

Heating City Hall.

The plumbing inspector, J. J. Mahoney, reported on the heating of the city hall. He suggested refitting the windows and stated that it would require 3770 square feet of hot water radiation. Hot water heating would cost $4150, and steam heating $950.

The mayor said the cost of steam heating lies in its maintenance, and the price of fuel. The letter was referred to the special committee to report.

Building of Sidewalks.

UNITED STATES CLOSE DOWN ON IMMIGRANTS

The Standard of Inspection is Raised and the Deportations at Once Double.

New York, July 16.—Uncle Sam slammed his gates Wednesday in the faces of 247 undesirable immigrants. Ellis Island, the biggest human clearing house in the world, still has several hundred detained persons. This number of deportations probably was the largest the department has known.

The first great cause of the increase in exclusions of aliens lies in the order to immigrant inspectors issued by the new Commissioner, William Williams, on June 3, that the standard of inspection must be raised. Since then the deportations have doubled. From June 26 to July 6 inclusive 668 aliens were ordered deported.

The special boards of inquiry have had to work overtime, but Commissioner Williams does not believe it will be necessay to enlarge the force of employees.

The second cause for the growth in rejections of aliens is found in the notice of June 28, issued by the Commissioner, that steamship companies must cease bringing immigrants whose funds are manifestly inadequate for their proper support until they can obtain profitable employment. He suggested that it would be unwise for an immigrant to have less than $25.

HON. DR. PUGSLEY ARRIVES MONDAY

Minister of Public Works to Examine Fraser River Improvements.

The minister of public works, Dr. Pugsley, will be in the city on Monday afternoon, and arrangements have been made for a special meeting of the board of trade at 5 p.m. to receive him.

Dr. Pugsley will go from Vancouver to Steveston by the Lulu Island Railway, and be met by the resident engineer, G. A. Keefer, there. Mr. Keefer will go down on the snagboat Samson and meet him in the cannery town. They will look over the river improvement works now in progress in the lower reaches of the Fraser, and come up by boat to the city, seeing the progress made by the Fruhling dredge.

The secretary of the board of trade, C. H. Stuart Wade, saw the minister in Vancouver yesterday and learned with regret it would be impossible for the honorable gentleman to accept the invitation to luncheon with the board as arranged.

Mayor Keary, Robert Jardine and several prominent citizens will meet Dr. Pugsley, and extend a hearty welcome to the head of the department most intimately concerned with this city.

FUNERALS DEMONSTRATE SYMPATHY OF FRIENDS

Many Attend Interment of Miss Ankers—Two Double Funerals Arranged For Today.

The funeral of the late Gertrude Ankers, who was drowned at Fraserville on Wednesday, took place yesterday afternoon to the Odd Fellows' cemetery. Hundreds of friends showed their sympathy with the parents in the tragic death of their daughter by attending at the cemetery. The coffin was borne by Ross Jameson, T. Rennie, Henry Mackenzie, W. Lamont, A. Mowry and C. Ingle. Many of the children from Brownsville school attended.

The officiating ministers were the Revs. E. G. Thompson and Alexander Dunn. D. Murchie had management of the funeral obsequies.

Arrangements have been completed for the funerals of the other victims today. This morning the double funeral of the Murphy girls, Annie and May Murphy, will take place from the house, South Westminster, to the Roman Catholic cathedral, St. Peters, where a requiem mass will be sung by Rev. Father Maillard, assisted by Rev. Father Lambot and Rev. Father Wagner. The service will be choral.

At 2 o'clock the bodies of Signe Buck and Alfhild Pauksen will be removed from Fales' undertaking parlors to the Church of England cemetery. A brief service will be held at the parlors previous to interment.

A memorial service fo Miss Ankers will be held at Knox church tomorrow evening.

There were nearly eighty wreaths, sprays, and other floral tributes sent to Miss Ankers' funeral, among them being the following: Employees of the city waterworks, Knox Church Y. P. S. L. E., R. T. of T.; L. O. T. M., and Pacific Shingle Company.

WORDS OF WISDOM.

City Father Acts as Peacemaker at Queen's Park.

A junior lacrosse match between the Sapperton and West End teams had been planned for last evening, but was called off owing to the fact that the oval at Queen's park was occupied by the Balmoral and Young Liberal baseball aggregations. There was some altercation between the followers of the two games, and things looked like a deadlock until Ald. Fader appeared upon the scene. Ald. Fader in his capacity of peacemaker suggested to the lacrosse enthusiasts that it was their place as juniors to give way to their seniors, and the younger athletes, overcome by these words of wisdom from the city father, withdrew accordingly. Ald. Fader was urged to this course by the fact that the juniors had both Moody square and Sapperton grounds to play upon.

ELEVATOR COMPANY IS TO BE INCORPORATED SOON

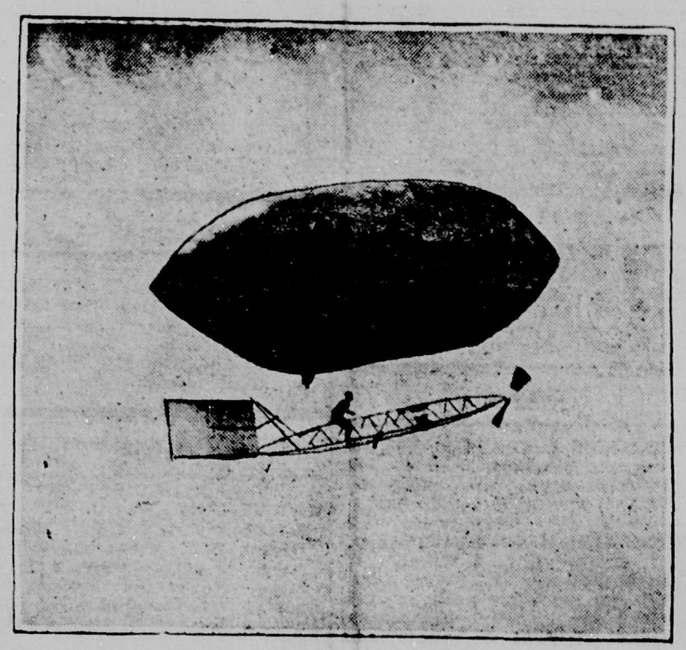
Alderman Fader's Effort to Interest Eastern Capital in the Grain Business Here Likely to Bear Fruit Quickly—Capital Proposed is Half Million Dollars.

A grain elevator company will be organized under provincial charter in the course of the next ten days to operate storage warehouses and other business connected with such concerns from this port.

The men who are behind this project have been in the city this week, and are satisfied with the feasibility of the proposal. The capital of company will be $500,000.

Early in May Ald. Fader gave an interview to the Daily News in which he stated his views on the elevator question, and then advocated a company with a million-dollar capital to buy grain direct from the farmers in Alberta, rather than handle on commission; taking the gound that while a local concern can always buy wheat, it is not always certain grain could be obtained on commission.

Since then he has been working on the proposal, and the above announcement indicates the success of his mission. The names of the men backing the company will guarantee its success, and command the respect of the financial world. They will be given as soon as possible.



J. C. Mars in dirigible airship "A. Y. P."

AERONAUT OFFERS TO BRING AIRSHIP

Interesting Visitors Have Proposal For Star Attraction at Exhibition.

J. C. Mars, of New York, and J. S. M. Eley, of Philadelphia, called on Mayor Keary last evening to discuss the proposal of a dirigible airship as the star attraction for the provincial exhibition in October. They have come recently from Seattle to look into the prospect of an engagement with the exhibition here, when Mr. Mars returns to the coast in the fall, and will also treat with the exhibition directors in Victoria.

Mr. Mars told a News representative he had just completed a five-week's engagement with the A. Y. P. directors, where he made fifty-seven flights, a world's record. He has done much to add to a knowledge of aeronautics by inventions as well as ascents, having assisted Captain Baldwin to make the first airship in America five years ago. The airship he would wish to sail here is the "A. Y. P." with a 15-horsepower four-cylinder engine, carrying one person.

He says he will make trials with a two-passenger ship around Brooklyn bridge during this fall before coming out to the coast again. His wife will accompany him in these trials, being herself a prominent aeronaut. He has taken several engagements before in Canada, and believes the airship would prove a splendid attarction to the fair. The terms he is asking are about equal to the average first-class attraction at this exhibition.

Mr. Eley, who is acting as business manager, brought the Pathfinder car across the United States from New York to Seattle in the recent automobile race for the Guggenheim cup.

As an old lacrosse man he showed great anxiety to see the champions in action while on the coast, a wish which will be gratified today. The party he came with made the four thousand miles in thirty days.

The visitors show no anxiety for publicity, and their presence in the city was only known to a few. There will be a meeting of the board of control early next week when their project will be discussed.

Wins the Albert Medal.

London, July 16.—In recognition of his researches into the nature and action of explosives, resulting in the development and improvement of modern ordnance, Sir Andrew Noble has been awarded the Albert medal of the Royal Society of Arts for the current year.

RIDER IS ADDED BY INQUEST JURY

Death of John Linn Draws Attention to Lax Observance of Rules.

The body of John Linn, the young son of James Linn, wharfinger at Brackman & Ker's wharf, who was drowned off the steamer Alice A. about three weeks ago, was noticed floating down the river by Allen McCaskell and Harold Taylor at an early hour yesterday morning. They pulled out in a boat, and recovered the body, bringing it in to the market slip.

Held Inquest.

The inquest on the body was held during the afternoon before Captain Pittendrigh. Evidence showed that on the morning of June 26 the boat was coming down the river with fish, Henry Monk steering and John Linn running the engines. There were also several fishermen on the boat. The engines were reversed when the accidnt happned and an attempt made to pick him up. Evidence showed that the steamboat had no accompanying boat to pick up a man falling overboard, and that the two persons running the boat had not papers licensing them to act. The boat had been inspected that year, and the necessary accessories including a small boat had been ordered.

The Verdict.

The jury brought in a verdict of accidental death. They also found a rider as follows: "The jury recommend that all men or boys acting as captains of fishing or other boats familiarize themselves with the working of the engine that in case of similar or other accidents they will be able to act promptly."

The funeral takes place this afternoon to the I. O. O. F. cemetery, Rev. J. S. Henderson officiating.

MILLIONAIRE'S DAUGHTER WALKS IN HER SLEEP

Ravenna, Neb., July 16.—While walking in her sleep, Miss Lois Campbell, the sixteen-year-old daughter of President Campbell, of the 'Frisco System, leaped from the rear platform of her father's private car, attached to a Chicago, Burlington and Quincy flyer, as the train was speeding over the prairies west of Ravenna, early yesterday. Rendered unconscious by the fall, the girl finally recovered and succeeded in flagging a freight on which she rode to the next station, where she was found by a special which had been sent out to search for her. She was practically uninjured.

TRADES COUNCIL EXTENDS OPERATIONS

Two New Unions Probable—Going Forward With Labor Day Celebration.

The Trades and Labor Council at its meeting last evening expressed sympathy, though without formal resolution, with the striking white fishermen. The president, Charles Feeney, said there was a prospect of organizing a union of stationery engineers and firemen in the city. The organization of the machinists is going on satisfactorily, and the charter on the way.

Labor Hall and Celebration.

The Orange hall committee was authorized to engage the old Oange hall for a Labor Hall from September 1 for the balance of the year, with privilege of renewal.

The council decided to proceed with the celebration of Labor Day, with the knowledge that the Vancouver unionists would join, whether negotiations for the lacrosse game on that date fell through or not. H. Knutson was appointed to succeed Mr. Van Stavern on the committee.

Unjust Comment.

An explanation will be demanded from the Vancouver Trades and Labor Council for an untrue and unfair statement made at the meeting on Thursday as follows about Secretary Stoney: "The tailors' delegate directed attention to the fact that the organizer for New Westminster appeared to be going about in clothes that did not have the union label."

The officers were re-elected, with R. E. Monteith as vice-president and W. Dodd as sergeant-at-arms. J. D. Herbert, of the Typographical union, was obligated as a delegate.

FOUR MUNICIPALITIES IMPROVE THOROUGHFARES

Delta, Richmond, Burnaby and Point Grey Undertake Work—Latter Lets Large Contract Here.

The municipalities of Burnaby, Richmond, Delta and Point Grey are at present engaged in extensive campaigns for the betterment of their respective thoroughfares. Burnaby recently passed a by-law authorizing the raising of the sum of $150,000 to be expended upon the improvement of existing and the making of new roads, while Point Grey has also recently passed a measure authorizing the raising of a large loan for the same purpose. Delta and Richmond are both at the same work.

All four municipalities in improving their roads, are carrying out the work in such a way that it will be permanent. The best of material is being used, and during the last few weeks Gilley Bros. of this city have forwarded large consignments of crushed rock to Delta, and Richmond.

Yesterday it was announced that Point Grey had let the contract for its supply of crushed rock to the same firm. The agreement calls for the supplying of 30,000 cubic feet in the course of the present season.

It is probable that Burnaby municipality will purchase machinery for the preparation of its own road building material.

Today's Game.

All local lacrosse fans heaved a large sigh of relief when the announcement was made last evening to the effect that there would be a game today all right.

The teams will line up as follows:

Vancouver—Goal, Gibbons; point, McConaghy; coverpoint, W. Matheson; defence field, Springer, Clarkson, G. Matheson; centre, Hennessey; home field, Murray, Allen, Godfrey; outside home, O'Brien; inside home, Lalonde.

New Westminster—Goal, Gray; point, Galbraith; coverpoint, T. Gifford; defence field, J. Gifford, G. Rennie, T. Rennie; centre, W. Turnbull; home field, Wintemute, C. Spring, G. Spring; outside home, L. Turnbull; inside home, Latham.

CLUBS AGREE ON OUTSIDE OFFICIALS

Temporary Settlement of Points at Issue at Meeting of B. C. L. A.

At the meeting of the executive of the B. C. L. A. at the Hotel Russell last evening, the threatened breach between the New Westminster and Vancouver lacrosse clubs was averted, and steps were taken which it is hoped will lead to a satisfactory settlement of all the difficulties between the two clubs.

Provisional arrangements were made in regard to both the main subjects of dispute—the referee question, and the matter of the Labor Day game, and a meeting will be held some time within the next two weeks to arrange a final settlement.

Game Today All Right.

The principal outcome of the meeting is that today's game will take place all right.

In regard to the referees, the New Westminster club consented to the appointment of officials from some neutral point, to replace the referees and judges of play appointed at the commencement of the season.

The New Westminster club had been opposed to this move, but was forced to agree owing to the fact that at last evening's meeting all the original officials withdrew. Lionel Yorke was the only one who sent in a written resignation, but Matt Barr who was also present, stated that he would act no more this season, and in order to secure a settlement, Gray and Lynch both thought it advisable to withdraw also.

Referees for Today.

As it was deemed impossible to secure neutral officials in time for today's game it was decided to appoint Joe Reynolds of Vancouver and Tim Mahoney of this city, officials for today. For next Saturday's game the officials will be chosen from among the following six: R. Dewar, W. Moresby, W. E. Ditchburn, F. Stevenson, W. Cullin, all of Victoria, and Haley Wilson, of Delta.

This arrangement will carry the club over today's game and the one following. For the establishment of a permanent settlement for the remainder of the season a meeting will be held some time before the game slated for August 7. At this meeting the matter of the Labor Day game will also be discussed. It is probable that on this Vancouver will conform to the wishes of the New Westminster club.

Meeting Was Quiet.

The meeting passed off very quietly, the officials of the two clubs finding, when once they got quietly together that the points of difference were

(Continued on Page Eight).

PROSPECTS FOR FAIR BRIGHT IN INTERIOR

Mayor Keary Finds Same Enthusiasm For Westminster's Exhibition—May Go to Seattle.

Mayor Keary returned yesterday from a visit in the upper country, particularly the Lillooet and Lower Thompson districts, in the interests of the Royal Agricultural and Industrial Society.

He reports satisfactory prospects for exhibits at the provincial exhibition, but finds that the influence of Seattle makes it harder to work up enthusiasm this year than formerly.

The fruit is looking very well, especially apples, pears and plums, but the berry crop has been short, as on the coast. People, however, were looking forward to the fair, and he had no doubt with suitable attractions the New Westminster exhibition would retain its pre-eminence as the leading show in the province.

Shot Little Girl to Rouse Sympathy For Armenians

Paris, July 16.—It has been discovered that the madman who attempted last Wednesday to shoot and kill a little girl who was playing in the Luxembourg Gardens is Avetis Toumaeff, an American sympathizer, formerly of New York city.

While in New York Toumaeff erected a monument in a cemetery to Armenians killed in the Turkish massacres of 1896. He also published numbers of inflammatory pamphlets, and was incarcerated several times in asylums, from which he was released each time as cured.

Finally he drifted to Paris, where he has been preaching the cause of the Armenians with little success.

He declares he shot at the little girl to draw the attention of the world to the suffering Armenians. He had never seen the child before.

Twelve years ago Toumaeff made a similiar attempt on the life of a child, but had only blank cartridges.

Rockefeller Donates Another Ten Millions

New York, July 16.—John D. Rockefeller yetserday increased his donations to the General Education Board by a gift of $10,000,000 and also released the board from the obligation to hold in perpetuity the funds contributed by him. The gift, announced by Frederick T. Gates, the chairman of the board, brings Mr. Rockefiller's donations to the general board to $52,000,000. It was contributed according to the statement made by Mr. Gates, because the income of the present fund available for appropriation had been exhausted and a larger income to meet its educational needs of great importance had become necessary.

LAND REGISTRY ACT.

Take notice that an application has been made to register F. McCleery as the owner in fee simple, under a tax sale deed from the mayor and treasurer of the city of New Westminster, to F. McCleery, bearing date the 9th day of January, A. D., 1904, of all and singular that certain parcel or tract of land and premises situate, lying and being in the City of New Westminster, in the Province of British Columbia, more particularly known and described as Lots 91, 92, 93 and 94, of Lot 3, Subdivision Block 14.

You and each of you are required to contest the claim of the tax purchaser within forty-five days from the date of the first publication of this notice, otherwise I shall register F. McCleery as owner thereof in fee. And I hereby direct that publication of this notice in a daily newspaper for thirty days, published at New Westminster, will be good and sufficient ervice thereof.

Dated at the Land Registry Office, New Westminster, Province of British Columbia, this 26th day of February, A. D., 1909.

To Joseph E. Gaynor, Joseph E. Gaynor Estate.

C. S. KEITH,
District Registrar.

All persons served with this notice, and those claiming through or under them and all persons claiming any interest in the said land by virtue of any unregistered instrument, and all persons claiming any interest in the said land by descent, whose title is not registered under the provisions of the "Land Registry act," shall be forever estopped and debarred from setting up any claim to or in respect of the said land so sold for taxes as provided by the "Land Registry Act."

LAND REGISTRY ACT.

Take notice, that an application has been made to register Peter Henderson as the owner in fee simple, under a tax sale deed from the Reeve and clerk of Surrey, to The Corporation of the Township or District of Surrey, bearing date the 31st day of December, A. D., 1901, of all and singular that certain parcel or tract of land and premises situate, lying and being in the District of New Westminster, in the Province of British Columbia, more particularly known and described as Lots 3 and 4, of Block 4, being part of Lots 7 and 8, Group 2, Map 456; Lot 7 of Block 4, being part of Lots 7 and 8, Group 2; Lot 9, of Block 4, being part of Lots 7 and 8, Group 2.

You and those claiming through or under you and all persons claiming any interest in the said land by virtue of any unregistered instrument, and all persons claiming any interest in the said land by descent, whose title is not registered under the provisions of the "Land Registry Act," are required to contest the claim of the tax purchaser within forty-five days from the date of the first publication of this notice upon you, and in default of a caveat or certificate of lis pendens being filed within such period, or in default of redemption before registration, you and each of you will be forever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register Peter Henderson as owner thereof in fee. And I hereby order that publication of this notice for thirty days in a daily newspaper published in New Westminster, will be good and sufficient service thereof.

Dated at the Land Registry Office, New Westminster, Province of British Columbia, this 3rd day of May, A. D., 1909.

C. S. KEITH,
District Registrar.

To Yuk Chee, Chew Sing Kap, John J. Weir.

SYNOPSIS OF CANADIAN HOMESTEAD REGULATIONS.

Any available Dominion Lands within the railway belt in British Columbia, may be homesteaded by any person who is the sole head of a family or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land on each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the commissioner of Dominion lands at Ottawa of intention to apply for patent.

Coal.—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY,
Deputy of the Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

LAND ACT.

Comox Land District.
District of Queen Charlotte Sound.

Take notice that O. B. Jacobson, of Vancouver, occupation sheep rancher, intends to apply for permission to lease the following described land:

Commencing at a post planted at the west end of Lewis island, thence northerly, easterly, southerly and westerly and northerly, following the shore line around the island to the point of commencement, containing 800 acres more or less.

Staked April 8th, 1909.

OLE B. JACOBSON.

TRANSMITS SIGHT OVER TELEPHONE

New Danish Device Enables Distant Speakers to See Each Other.

London, July 10.—The Danish brothers Anderson, already known as inventors, have invented an apparatus by the use of which it is possible to see what is going on at the other end of a telephone wire.

The technical details of this invention are so far kept secret, but a Copenhagen newspaper, wired the "Westminster Gazette" correspondent on Tuseday, recently employed an engineer of repute to test the brothers' claim. This expert declared the claim to be justified, and described the process as entirely new and very simple.

The process differs from the Korn and other systems of photography in that it makes no use of photography, but transmits light and colors directly. A speaker at a telephone fitted with the apparatus can be seen, and he can show anything he likes across the wires.

The inventors are described as sons of a saddler of Odense, and are aged twenty-eight and thirty. They have been eight years at work on the invention.

USED SPRUCE BOUGHS TO MAKE BAD LIQUOR

Cobalt, Ont., July 16.—A sensation was caused in police circles this morning by the discovery among the fire ruins of the remains of an illicit still, which had apparently been doing quite an extensive trade before the fire. The still was located on the Haileybury road, near the north end of the fire zone, and apparently it was most completely equipped with vats, worms, tubs, etc. A tall pipe carried the fumes high in the air.

The indications are that spruce bougs were used in the manufacture of a vile liquid which was sold extensively among the "blind pigs."

Has Not Seen B. C.

St. John, N.B., July 16.—Dr. Sinclair, dean of MacDonald college, in an interview here, expressed the opinion that within 25 years there would be a forest famine, and the valuable timber lands of Canada would be worthless if the necessary steps were not taken to retard the reduction of the foest lands, which had already commenced.

Council Plans to Heat City Hall

(Continued from Page 1.)

dent of Works Furness, particularly with reference to the opening up of Edinburgh street, Ald. Smith said the council should come to a definite decision as to the building of sidewalks. All future walks should be laid under the local improvement plan, the city paying one-third. The report was adopted, recommending the street should be opened when the owners showed intention of building. The cost would be $1000.

Laying Gas Mains.

W. Thomas, on behalf of the Royal City Gas Improvement Company, wrote saying his company was ready to place cross mains in connection with the distributing system on Columbia street as soon as possible. City Solicitor McQuarrie said he had been in communication with W. J. Whiteside, solicitor for the company, with reference to an agreement between the city and company. The officers of the company will be informed there will be no permission to open the streets till an arrangement has been made.

Ald. Smith asked if the Westminster Gas company could obtain an injunction against the city restraining them going ahead with the work on Columbia street if the company was not ready to lay gas mains before the Hassam Paving company's men begin work. Mr. McQuarrie promised to look into the legal aspect of the question.

First Street Sewer.

A report was presented from City Engineer Blackman and Assessment Commissioner McQuarrie on the assessment of property for the First street sewer, presenting a schedule of assessment charge on properties to be served.

Ald. Fader received full powers to deal with the use of Queen's park oval when lacrosse and basebal games conflicted, as had occurred that evening.

Miscellaneous.

Ald. Henley moved that Major James Shepherd be invited to address the council on roadmaking when on the coast next month, and the motion was passed.

Sidewalk applications were received from C. L. Holt for one on the south side of Fifth avenue between Fourteenth and Fifteenth strets, while C. F. Sibley asked for a sidewalk on Seventh avenue near Fourteenth street, and clearing of rocks. The Board of Works will report.

The time for receiving tenders for steel pipes for the proposed water works main from Coquitlam lake was extended from August 9 to August 16.

Ald. Gray and Ald. Johnston were the only absentees.

TENDERS.

Sealed tenders addressed to the undersigned, and endorsed "Tender for Postoffice Fittings, Vancouver, B. C.," will be received at this office until 5:00 p.m. on Wednesday, July 21, 1909, for the work mentioned.

Plans, specifications and forms of contract can be seen and forms of tender obtained at this department on application to Mr. C. Tossell, Clerk of Works, Vancouver, B. C.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, with their occupations and places of residence.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honorable the Minister of Public Works, equal to ten per cent. (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or if he fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The department does not bind itself to accept the lowest or any tender.

By order,

NAPOLEON TESSIER,
Secretary.

Department of Public Works, Ottawa, June 30, 1909.

(Newspapers will not be paid for this advertisement if they insert it without authority from the department.)

S. S. TRANSFER

The steamer Transfer will leave Brackman-Ker wharf every week day afternoon, except Saturday, at 3 p.m. for Ladner, Steveston and way ports. Saturday at 2 p.m., returning to New Westminster Saturday evening.

Returning, leaves Steveston every week day morning, except Friday.

Additional trip Monday morning, leaving New Westminster at 5 a.m.

This schedule subject to change without notice.

For freight and passenger rates apply to

ROBERT JARDINE,
Manager.

MAKE YOUR APPEAL to the public through the columns of THE DAILY NEWS. The Morning Paper.

LIVED AT LEAST 400,000 YEARS AGO

Oldest Known Human Skull Discovered in a Cavern in France.

Paris, July 16.—Wise men have now pronounced upon the age of the homo mousteriensis, whose skeleton was discovered in a cavern near Le Moustier, in the Department of Dordagne, south-western France, about a year ago. When discovered the skull was much damaged, but the parts of the skeleton have since been put together, and it is now thought the remains are those of a young man between 16 and 18.

The jaws are protruding, the skull markedly receding. The nose would seem to have been broad and flattened, and the nostrils directed mainly forward; all these features being very apelike. An age of 400,000 yeafrs is assigned to the deposit, which belongs to a late interglacial epoch. This would make the fossil young man of Le Moustier, the oldest of the human race yet known.

CHURCH SERVICES

(Changes for this column must be left at, or telephoned to, this office by 9 p.m. on Fridays. The omission of any church notice from this column indicates that no copy has been turned in by the pastor or other responsible party.)

FLAG IS RELIC OF NAPOLEONIC WARS

Captured at Corfu in 1811, it Returns at Last to Its English Home.

Paris, July 16.—The curious return to England of a flag of the Berkshire Regiment, which was captured by the French at Corfu in 1811, is described by the Matin. The newspaper announces that Mr. J. Jeffcock, the new owner of the flag, will restore it to the colonel of the regiment.

Mr. Jeffcock found the flag in the chateau of Asay-le-Rideau, near Touraine, where it had been placed by M. de Ricard, a grandson of a former Governor of the Ionian Islands.

It was offered for sale for £24 with a flag of the Netherlands, and Mr. Jeffcock bought both of them. The French Ministery of War investigated the matter, and decided that M. de Ricard had the right to dispose of the flags if he desired.

THOUSAND MARRIAGES DECLARED ILLEGAL

Chicago, July 16.—According to Municipal Judge Beitler, justices of the peace in Chicago have no authority to perform marriage ceremonies. They were stripped of this power when all jurisdiction in civil and criminal cases in Chicago was taken from them by the state law establishing municipal courts. Many justices of the peace have offices in both city and county.

Joseph Stanleywitz was married in the city by Justice Tompkins. Then Judge Beitler told Stanleywitz he was not married. Stanleywitz tried to obtain another license and was refused Now he and his near bride have postponed festivities until they can get out of the tangle.

Investigation shows that more than a thousand similiar marriages have been performed.

Treaty Signed.

The Hague, July 15.—The treaty concluded at the second peace conference relative to the establishment of an international prize court was signed at The Hague by the representatives of Great Britain and Japan.

LAND REGISTRY ACT.

Take notice that an application has been made to register F. McCleery as the owner in fee simple, under a tax sale deed from the mayor and treasurer of the city of New Westminster, to F. McCleery, bearing date the 9th day of January, A. D., 1904, of all and singular that certain parcel or tract of land and premises situate, lying and being in the City of New Westminster, in the Province of British Columbia, more particularly known and described as Lots 91, 92, 93 and 94, of Lot 3, Subdivision Block 14.

You and each of you are required to contest the claim of the tax purchaser within forty-five days from the date of the first publication of this notice, otherwise I shall register F. McCleery as owner thereof in fee. And I hereby direct that publication of this notice in a daily newspaper for thirty days, published at New Westminster, will be good and sufficient ervice thereof.

Dated at the Land Registry Office, New Westminster, Province of British Columbia, this 26th day of February, A. D., 1909.

To Joseph E. Gaynor, Joseph E. Gaynor Estate.

C. S. KEITH,
District Registrar.

All persons served with this notice, and those claiming through or under them and all persons claiming any interest in the said land by virtue of any unregistered instrument, and all persons claiming any interest in the said land by descent, whose title is not registered under the provisions of the "Land Registry act," shall be forever estopped and debarred from setting up any claim to or in respect of the said land so sold for taxes as provided by the "Land Registry Act."

LAND REGISTRY ACT.

Take notice, that an application has been made to register Peter Henderson as the owner in fee simple, under a tax sale deed from the Reeve and clerk of Surrey, to The Corporation of the Township or District of Surrey, bearing date the 31st day of December, A. D., 1901, of all and singular that certain parcel or tract of land and premises situate, lying and being in the District of New Westminster, in the Province of British Columbia, more particularly known and described as Lots 3 and 4, of Block 4, being part of Lots 7 and 8, Group 2, Map 456; Lot 7 of Block 4, being part of Lots 7 and 8, Group 2; Lot 9, of Block 4, being part of Lots 7 and 8, Group 2.

You and those claiming through or under you and all persons claiming any interest in the said land by virtue of any unregistered instrument, and all persons claiming any interest in the said land by descent, whose title is not registered under the provisions of the "Land Registry Act," are required to contest the claim of the tax purchaser within forty-five days from the date of the first publication of this notice upon you, and in default of a caveat or certificate of lis pendens being filed within such period, or in default of redemption before registration, you and each of you will be forever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register Peter Henderson as owner thereof in fee. And I hereby order that publication of this notice for thirty days in a daily newspaper published in New Westminster, will be good and sufficient service thereof.

Dated at the Land Registry Office, New Westminster, Province of British Columbia, this 3rd day of May, A. D., 1909.

C. S. KEITH,
District Registrar.

To Yuk Chee, Chew Sing Kap, John J. Weir.

SYNOPSIS OF CANADIAN HOMESTEAD REGULATIONS.

Any available Dominion Lands within the railway belt in British Columbia, may be homesteaded by any person who is the sole head of a family or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land on each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the commissioner of Dominion lands at Ottawa of intention to apply for patent.

Coal.—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY,
Deputy of the Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

LAND ACT.

Comox Land District.

District of Queen Charlotte Sound.

Take notice that O. B. Jacobson, of Vancouver, occupation sheep rancher, intends to apply for permission to lease the following described land:

Commencing at a post planted at the west end of Lewis island, thence northerly, easterly, southerly and westerly and northerly, following the shore line around the island to the point of commencement, containing 800 acres more or less.

Staked April 8th, 1909.

OLE B. JACOBSON.

TRANSMITS SIGHT OVER TELEPHONE

New Danish Device Enables Distant Speakers to See Each Other.

London, July 10.—The Danish brothers Anderson, already known as inventors, have invented an apparatus by the use of which it is possible to see what is going on at the other end of a telephone wire.

The technical details of this invention are so far kept secret, but a Copenhagen newspaper, wired the "Westminster Gazette" correspondent on Tuseday, recently employed an engineer of repute to test the brothers' claim. This expert declared the claim to be justified, and described the process as entirely new and very simple.

The process differs from the Korn and other systems of photography in that it makes no use of photography, but transmits light and colors directly. A speaker at a telephone fitted with the apparatus can be seen, and he can show anything he likes across the wires.

The inventors are described as sons of a saddler of Odense, and are aged twenty eight and thirty. They have been eight years at work on the invention.

USED SPRUCE BOUGHS TO MAKE BAD LIQUOR

Cobalt, Ont., July 16.—A sensation was caused in police circles this morning by the discovery among the fire ruins of the remains of an illicit still, which had apparently been doing quite an extensive trade before the fire. The still was located on the Haileybury road, near the north end of the fire zone, and apparently it was most completely equipped with vats, worms, tubs, etc. A tall pipe carried the fumes high in the air.

The indications are that spruce bougs were used in the manufacture of a vile liquid which was sold extensively among the "blind pigs."

Has Not Seen B. C.

St. John, N.B., July 16.—Dr. Sinclair, dean of MacDonald college, in an interview here, expressed the opinion that within 25 years there would be a forest famine, and the valuable timber lands of Canada would be worthless if the necessary steps were not taken to retard the reduction of the foest lands, which had already commenced.

Council Plans to Heat City Hall

(Continued from Page 1.)

dent of Works Furness, particularly with reference to the opening up of Edinburgh street, Ald. Smith said the council should come to a definite decision as to the building of sidewalks. All future walks should be laid under the local improvement plan, the city paying one-third. The report was adopted, recommending the street should be opened when the owners showed intention of building. The cost would be $1000.

Laying Gas Mains.

W. Thomas, on behalf of the Royal City Gas Improvement Company, wrote saying his company was ready to place cross mains in connection with the distributing system on Columbia street as soon as possible. City Solicitor McQuarrie said he had been in communication with W. J. Whiteside, solicitor for the company, with reference to an agreement between the city and company. The officers of the company will be informed there will be no permission to open the streets till an arrangement has been made.

Ald. Smith asked if the Westminster Gas company could obtain an injunction against the city restraining them going ahead with the work on Columbia street if the company was not ready to lay gas mains before the Hassam Paving company's men begin work. Mr. McQuarrie promised to look into the legal aspect of the question.

First Street Sewer.

A report was presented from City Engineer Blackman and Assessment Commissioner McQuarrie on the assessment of property for the First street sewer, presenting a schedule of assessment charge on properties to be served.

Ald. Fader received full powers to deal with the use of Queen's park oval when lacrosse and basebal games conflicted, as had occurred that evening.

Miscellaneous.

Ald. Henley moved that Major James Shepherd be invited to address the council on roadmaking when on the coast next month, and the motion was passed.

Sidewalk applications were received from C. L. Holt for one on the south side of Fifth avenue between Fourteenth and Fifteenth strets, while C. F. Sibley asked for a sidewalk on Seventh avenue near Fourteenth street, and clearing of rocks. The Board of Works will report.

The time for receiving tenders for steel pipes for the proposed waterworks main from Coquitlam lake was extended from August 9 to August 16.

Ald. Gray and Ald. Johnston were the only absentees.

TENDERS.

Sealed tenders addressed to the undersigned, and endorsed "Tender for Postoffice Fittings, Vancouver, B. C.," will be received at this office until 5:00 p.m. on Wednesday, July 21, 1909, for the work mentioned.

Plans, specifications and forms of contract can be seen and forms of tender obtained at this department on application to Mr. C. Tossell, Clerk of Works, Vancouver, B. C.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, with their occupations and places of residence.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honorable the Minister of Public Works, equal to ten per cent. (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or if he fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The department does not bind itself to accept the lowest or any tender.

By order,

NAPOLEON TESSIER,
Secretary.

Department of Public Works, Ottawa, June 30, 1909.

(Newspapers will not be paid for this advertisement if they insert it without authority from the department.)

S. S. TRANSFER

The steamer Transfer will leave Brackman-Ker wharf every week day afternoon, except Saturday, at 3 p.m. for Ladner, Steveston and way ports. Saturday at 2 p.m., returning to New Westminster Saturday evening.

Returning, leaves Steveston every week day morning, except Friday.

Additional trip Monday morning, leaving New Westminster at 5 a.m.

This schedule subject to change without notice.

For freight and passenger rates apply to

ROBERT JARDINE,
Manager.

LIVED AT LEAST 400,000 YEARS AGO

Oldest Known Human Skull Discovered in a Cavern in France.

Paris, July 16.—Wise men have now pronounced upon the age of the homo mousterlensis, whose skeleton was discovered in a cavern near Le Moustier, in the Department of Dordagne, south-western France, about a year ago. When discovered the skull was much damaged, but the parts of the skeleton have since been put together, and it is now thought the remains are those of a young man between 16 and 18.

The jaws are protruding, the skull markedly receding. The nose would seem to have been broad and flattened, and the nostrils directed mainly forward; all these features being very apelike. An age of 400,000 yeafrs is assigned to the deposit, which belongs to a late interglacial epoch. This would make the fossil young man of Le Moustier, the oldest of the human race yet known.

CHURCH SERVICES

(Changes for this column must be left at, or telephoned to, this office by 9 p.m. on Fridays. The omission of any church notice from this column indicates that no copy has been turned in by the pastor or other responsible party.)

FLAG IS RELIC OF NAPOLEONIC WARS

Captured at Corfu in 1811, it Returns at Last to its English Home.

Paris, July 16.—The curious return to England of a flag of the Berkshire Regiment, which was captured by the French at Corfu in 1811, is described by the Matin. The newspaper announces that Mr. J. Jeffcock, the new owner of the flag, will restore it to the colonel of the regiment.

Mr. Jeffcock found the flag in the chateau of Asay-le-Rideau, near Touraine, where it had been placed by M. de Ricard, a grandson of a former Governor of the Ionian Islands.

It was offered for sale for £24 with a flag of the Netherlands, and Mr. Jeffcock bought both of them. The French Ministery of War investigated the matter, and decided that M. de Ricard had the right to dispose of the flags if he desired.

THOUSAND MARRIAGES DECLARED ILLEGAL

Chicago, July 16.—According to Municipal Judge Beitler, justices of the peace in Chicago have no authority to perform marriage ceremonies. They were stripped of this power when all jurisdiction in civil and criminal cases in Chicago was taken from them by the state law establishing municipal courts. Many justices of the peace have offices in both city and county.

Joseph Stanleywitz was married in the city by Justice Tompkins. Then Judge Beitler told Stanleywitz he was not married. Stanleywitz tried to obtain another license and was refused. Now he and his near bride have postponed festivities until they can get out of the tangle.

Investigation shows that more than a thousand similiar marriages have been performed.

Treaty Signed.

The Hague, July 15.—The treaty concluded at the second peace conference relative to the establishment of an international prize court was signed at The Hague by the representatives of Great Britain and Japan.

THE SWIMMING BATH.

Apropos of our article in yesterday's issue respecting the establishment of a swimming bath in this city, it has been suggested to us that a really good building might be erected which would serve the dual purpose of a bath in summer and a public hall and assembly room in the winter months. The suggestion appears to us to be an excellent one, for both these institutions are much needed. At present there is no larg hall where important meetings, concerts and the like can be held. The lack of proper accomodation of this kind has long been severely felt. A city of the size and importance of New Westminster certainly ought to possess a public hall capable of seating from 750 to 1000 persons. A building to serve the dual purpose referred to would however require to be located in some fairly central position.

Another suggestion offered in respect to the bath proposition is that, in connection with the school classes, medals and rewards might be provided for competition among the natatory pupils, whilst attractive public entertainments in the shape of water polo, fancy diving and swimming and similar aquatic contests and sports, could be given from time to time. It has been pointed out to us that a public swimming bath would be heartily welcomed by many of both sexes who are engaged in business in this city. To such, an opportunity for bathing and swimming under safe and sanitary conditions would be a real joy.

It is evident that our proposal has excited a good deal of interest. These additional circumstances go to show that a public swimming bath would be a thoroughly popular and valued institution, whilst they go to strengthen our contention that it would easily prove self supporting.

CONSERVATION.

Our government has already taken steps to effect a stocktaking of the natural resources of the Dominion by the appointment of a Board of Commissioners for this purpose. Out of this wise precautionary step much good should result. Our neighbors on the other side of the boundary line are bestiring themselves in a similar manner. The first natioual conservation congress of the United States is to take place at the A.-Y.-P. exposition on August 26 and two following days. This movement was practically initiated by ex-President Roosevelt when he called together the Governors at the White House, about two years ago, for a conference upon the preservation of the natural resources of America.

As Mr. James J. Hill said at the opening of the great exposition last month, the first and most imperative word of today is "Conservation," which he placed first, not only because it belongs there in the scheme of national policies, but also because it needs to be repeated and emphasised among the people of the North Pacific coast."

In the past there has undoubtedly been a terrible waste of the wonderful resources with which Nature has endowed the whole of the North American continent.

In the States the vast forests of timber are dwindling down to the measure of the dangerously little; the rich virgin soil has been exploited by the grain grower until the yield is today not more than one-third of what it originally was; the rich yield of the sea has been so heavily drawn upon that there is a possibility of the salmon becoming well nigh exterminated in the not very distant future; and in the same way the great mineral supplies and the vast water power have been unwisely used. It is well therefore that a halt should be called and something done to at least reserve that which is left for future use and enjoyment.

Here in Canad we have not been quite so prodigal of the rich natural resources of national wealth and energy. But there are not wanting signs that unless steps are taken to check the waste of nature's gifts and the people taught to respect and value these in a proper way, that there will be a day of bankruptcy to face at some time in the future. And so the steps that are being taken by the Dominion government for guarding these most valuable resources for the benefit, both of the present citizens of the state and for posterity are to be welcomed as a policy of wisdom and foresight.

Conservation is likely to become the watchword of the age, on this continent at any rate. It has been sagely said that this holds the key to individual happiness and naional prosperity for the present as well as for the coming years. It will be increasingly recognized as a science that teaches the correct use of our natural resources to the end that all may be directly benefitted without endangering the yielding and producing source of the future.

A SIGNIFICANT JUDGMENT.

The latest decision of the Privy Council has finally disposed of the question of jurisdiction over the rivers and streams in the railway belt. Mr. McBride, relying upon his Attorney-general, contested the right of the Dominion Government to exercise any control over the Lillooet river, a tributary of the Pitt river, which is a tributary of the Fraser river. Mr. McBride wanted to "fight" Ottawa anyway, and welcomed the opportunity to establish his reputation as the great defender of "provincial rights," which in this case meant the spoliation of the rights of others in the timber lands on the headwaters of the river, whose waters Mr. McBride thought could be diverted by his government. He fought it out and lost, and a good thing for all concerned that he did lose. The cost to the Burrard Power company and the cost to the province of this inexcusable blunder will be considerable, but if the effect should be to teach the Premier and the Attorney-General a little constitutional law, and at the same time a little common sense, the money will not be wholly lost. That is the only solace the people can get out of Mr. McBride's defeat.—Victoria Daily Times.

GET $4.50 A DAY FOR ONE HOURS WORK

New York, July 16.—The remarkable wage scale of $4.50 a day for laborers, the working day being only one hour and twenty minutes, has been agreed to between the compressed air worker's union and the employing concerns.

When it is explained that the work thus paid for is to be done under 40 to 50 pounds of air pressure in caissions, the pay does not seem to high.

The new scale in full follows: Twenty-two pounds air pressure, or less, $3.50 a day; from 22 to 30 pounds, $3.75' for six hours; 30 to 35 pounds, $4.00 for four hours; 35 to 40 pounds, $4.25 for three hours; 40 to 45 pounds, $4.50 for one hour and 20 minutes.

ENGLISH VALET WINS GREAT DERBY PRIZE

Secures the Sixty-Thousand-Dollar Prize on the Derby—Horse Was Louviers.

London, July 16.—A sum of £12,000 has been won in the Derby sweepstakes by a valet at the Badminton Club, in Piccadilly.

This amount was his share in the Calcutta Turf Club's sweep, the largest in the world. Some days ago it was announced that "F. J. H.," of London, had drawn Louviers. As his horse finished second he became entitled to these thousands of pounds, 20 per cent. of the actual sum subscribed.

Over 130,000 tickets were sold for this sweep at an entrance fee of about 14s., and people in all stations of life subscribed. Last year a bank clerk won £25,000 over Signorinetta, and in 1907 over £30,000 was won by an engine driver on an Indian railway.

CUMULATIVE WAVE KILLS ONE, INJURES SIX

New York, July 16.—One man was killed and six severely injured by a cumulative wave that struck the Spanish line steamship Montserrat on her voyage from Europe that ended here today. The wave met the ship Thursday morning in the midst of a comparatively calm sea so unexpectedly taht several members of the crew and one passenger were hurled along the decks.

Boatswain Joe Lenaires, who was in the stern of the vessel, was thrown heavily to the deck and so many bones were broken that he died before sunset.

Five of the crew were hurled into the scuppers and bruised. The passenger who was hurt was able to leave the ship when she reached port.

The ship was not injured. Many of the passengers are in transit, and will remain on board until the vessel starts for Mexico on Wednesday.

PREMIER McBRIDE FOR THIRD CUP TRUSTEE

The local club received work yesterday to the effect that the governor-general had requested Premier McBride to act as third trustee for the Minto cup, and that the Premier had expressed his willingness to act. The appointment suits the Salmon Bellies down to the ground.

Hatpins Are Dangerous.

Paris, July 16.—The frequency of accidents, caused by hatpins worn by Parisiennes in their enormous headgear has aroused much indignation among the public. During the scenes on the race-course at Auteuil several persons received injuries from these weapons.

Among the victims during the last few days are two shopgirls and a conductor of a "tube" train, who is now in the hospital. Each of the victims will probably lose the sight of an eye.

Two Excellent Buys

Two lots on Dublin Street, between Fourteenth and Sixteenth Streets, each $250; one-half cash, balance good terms.

A nice new cottage on Buchanan Avenue, Sapperton; $850 cash. This is a sacrifice price. Rented now at $10 a month.

TO LESSEN BRUTALITY IN SPANISH BULL RING

The Government Promulgates Decrees Making Regulations For Future Fights.

Madrid, July 16.—With the object of rendering Spanish bull fights less cruel, less bloody and less fatal, the Minister of the Interior has decided to promulgate stricter regulations. This step is the result of the many deaths and accidents which have accompanied full fights, and of a series of recent incidents in the ring when the spectators gave themselves over to a frenzy of fury because the contests were neither fast nor sanguinary enough.

The most sensational of these occurrences was in Madrid. One of the bulls led into the ring was small, feeble and almost blind. Various missiles thrown by spectators from the ampitheatre failed to force the animal to charge. Fire darts discharged into the flanks of the beast likewise failed to make him fight, but when a hundred spectators, impatient with rage at the management's omission to supply strong, fighting bulls, jumped into the ring to protest, the wounded creature took on life, charged the crowd, and seriously gored two boys.

The authorities have likewise prohibited all amateur bull fights, which for centuries have been especially popular in the country villages.

MARKET REPORT

Yesterday's was a good market with a large attendance, and a heavy and satisfactory day's business transacted. There was a brisk demand for most lines.

A fair supply of beef was stalled, while lamb and mutton all sold readily. Veal was in good condition, and had a steady demand. A fair supply of pork met with a steady requirement. Fish was well supplied and sold at old figures, salmon, halibut, smelt and sturgeon all being offered.

Eggs were plentiful and demand was brisk, while a large supply of butter had only a limited demand. The market for fowls continued fair all selling at quotations. The call for chickens remained steady, and broilers all sold according to size. An encouraging demand for ducks met the offering of the vendors.

An average supply of potatoes was sent in, finding a good demand. Cherries were in brisk requirement the demand being steady for first-class stock. A fair offering of raspberries found a slow call, as they lacked keeping qualities. Other fruit has not yet come in, but will be forwarded before many weeks.

Official Quotations.

Beef, hindquarters, 8c to 8½c.
Beef, forequarters, 6c to 7c.

BUCK—Signe, beloved daughter of Mr. and Mrs. A. Buck, Timberland, B. C., by drowning, July 14. The funeral will take place from Fales' undertaking parlors, Saturday at 2 p.m.

Live Stock Insurance

Live stock insurance has fast become recognized as one of the best kinds of insurance in existence, and an ever-increasing number of stock owners are protecting themselves against the serious losses which they have had to suffer in the past. I represent the only strong, reliable Canadian company carrying this class of insurance, and as they do not handle any insurance but live stock they are able to fulfil their obligations to the greatest satisfaction, and every legitimate loss which has occurred on any of the company's policies since they started business, has been promptly paid, cheques usually being forwarded within a day or two, and the following letter is an instance:

New Westminster, June 23, 1909.

A. W. McLeod, Agent British American Live Stock Ass'n Ltd., New Westminster, B. C.

Dear Sir,—I beg to thank you and your company for the prompt settlement made for the loss of my mare "Nell," for although my claim form was only completed yesterday I have already received cheque for $200.00 in full payment.

Yours sincerely,
(Sgd). J. A. GIBSON.

YOUNG TURKS RETRENCH STRONGLY

Dismiss Twenty-Seven Thousand Holders of Official Sinecures.

Constantinople, July 16.—The newspapers announce that 27,000 officers and officials will be dismissed or retired on pension by the retrenchment scheme of the new government. These include the hundreds of hangers-on at Turkish Ministries and the followers of the late Sultan, who are a little army in themselves.

Of late years the monthly pay list of the Treasury had swollen to nearly £200,000

In all departments there were at least three and four men to do the work of one; but in many cases ten and more officials were employed where there was barely work for one.

Thus, at the Ministry of Public Works there were nearly a thousand clerks, where a hundred would have been amply sufficient. So great was the overcrowding that there was never room for all to be present at the same time, and the clerks therefore used to divide into batches which relieved each other weekly.

BANDITS REVENGE BETRAYAL OF CHIEF

Man Who Informed the Police is Found Dead With a Dagger in His Heart.

Lisbon, July 16.—For some time past the district of Murcia has been terrorized by a band of daring smugglers who fill up their spare time as bandits.

Their chief is the notorious Molina, and, nothwithstanding the efforts of the authorites, he always managed cleverly to evade capture. Some days ago a merchant named Ruiz, who had secret dealings with the band, in disposing of their smuggled goods, volunteered to disclose Molina's hiding place ofr 1,000 duros ($1,000). The authorities agreed, and at night a force of Civil Guards set out for the mountain retreat of the robbers. Seven of them were surprised in a cave. They offered resistance, and two fell, shot dead. The rest immediately surrendered.

The remainder of the band, five in number, including the captain, were on a marauding expedition, and thus escaped capture.

Later the dead body of the merchant Ruiz was discovered in a field with a long stiletto buried in his breast. Evidently he had met a traitor's death at the hands of the escaped bandits.

MINISTERS WIN MORALITY FIGHT

Succeed in Having Police Raid Houses of Ill Fame in Winnipeg.

Winnipeg, July 16.—The police have raided in the neighborhood of a dozen houses on the east side of McFarlane street and arrested 33 women, keepers of houses of ill fame or inmates of bawdy houses. These houses were all very recntly opened and it is claimed that some contained negroes and Japanese women, the later being recently imported from western towns. Refusing to divulge any names and all information, regarding the raid, the chief said the usual practice would be followed, but the "usual" practice has changed since the last raid, 13 months since when information was not withheld. The women were concentrated into one house and removed in nine hacks, the city not possessing any patrol wagons. The case presents some features of unusual interest, as it is alleged some one promised the women immunity, in this district which is in the heart of the town, (Ward 5), and the citizens' organization and ministerial associations have been conducting a vigorous campaign against segregation here. It is expected a vigorous effort will be made to find out what inducements were given to the women to invest in the property and who offered the inducements. Another peculiar feature is that the opposite side of the street is reputed to house more dives than the east side, but these were undisturbed.

SUPERANNUATION MAY BE HASTENED ON I. C. R.

Over One Hundred Men Already Discharged and Still There are Too Many.

Halifax, N.S., July 16.—The result of the conference o fthe Board of Trade and F. P. Brady with reference to the dismissal of the Intercolonial employees is published.

The statement made was that they had already discharged over a hundred men at Moncton and were still overmanned. It said many of the men who almost reached the superannuation point would probably be superannuated.

A preference is to be given to ex-employees, when any new men are needed.

TITLED LADY WILL FIGHT FOR SUFFRAGE

Will Transfer Her Whole Fortune From England to America For That Purpose.

New York, July 16.—Lady Francis Cook (Jennie C. Claflin) expects to transfer her whole fortune to this country, devote every penny of it to the cause of "Votes for Women," and die with nothing left to fight over, not even suffrage, unless it is a bank for those of the fairer sex who transact their own business and believe in women handling the money of women

She made her plans known today at her apartments in the Pasadena, when she announced that she was going back to England to arrange her affairs. She declared her ultimate intention is to found a bank and said she didn't know a man in politics whom she would go across the street to vote for, although she emphatically announced her desire to secure the ballot for women.

Lady Cook has recently given an order, in behalf of the National Progressive Women's Suffrage Union for a tremendous banner to be swung across Twenty-third street, in front of the headquarters of the organization, No. 122, proclaiming the issue to which she will leave or give a fortune estimated at more than $1,600,000.

The banner will show on one side President Lincoln giving suffrage to the negroes. On the other side the design calls for likeness of President Taft giving votes to women. Lady Cook hopes to see it in place before she sails next week.

STE. ANN DE BEAUPRE CURES SEVEN INVALIDS

Miracles Reported to Have Taken Place Recently at Famous Quebec Shrine.

Moncton, N. B., July 16.—Seven cures among passengers on the first pilgrimage excursion train from Ste. Anne de Beaupre are reported. Greta White, of Sydney Mines, has been deaf and partially blind for fourteen years, and now her affliction is completely cured. Sadie Gillis, of Antigonish, went to Ste. Anne on crutches, and returned without them. Allie McGillivary, of Antigonish, has been lame for 24 years, almost since her day of birth, and is now able to walk as well as anyone. Margaret Chisholm, of Antigonish, has for 11 years been suffering from paralysis and rheumatism and is fully recovered.

HID IDENTITY FOR FIVE YEARS

But Chief of Russian Secret Police is Now Known For Ex-Criminal.

Paris, July 16.—The Temps says that Premier Clemenceau has declared in the presence of several deputies that Gen. Harting, so-called, who until recently was the chief of the Russian secret police in Paris, was no other than a Russian subject who was condemned in Paris to five years' imprisonment for fabricating bombs. This bears out the assertion made a day or two ago by Bourtzeff, the exiled Russian revolutionist, who accused the Russian spy, Azeff, in a letter to the French Minister of Justice.

Bourtzeff stated that Harting had been known under the name of Landersonfi and that he was an Anarchist. Harting gave up his post in Paris last February, and was understood to have returned to Russia.

The Temps says that Harting is now in London. He was a chevalier of the Legion of Honor and would have been promoted to be an officer if he had not been identified.

Since "Gen Harting's" identity, with Landerson, the Anarchist, has been officially admitted, the accuracy of another statement by Bourtzeff, who was at first received with scepticism, is now admitted. This is the assertion that Harting was responsible for the Dogger Bank affair, when Admiral Rojestvensky's fleet while on the way to the Far East, fired upon British trawlers.

Harting, who was on board the stout ship Esmeralda, originated the scare about Japanese torpedo boats being in the North Sea, which resulted in the Russians firing upon the fishermen. Harting's promotion in the Legion of Honor would have occurred upon the occasion of the Czar's coming visit.

PURE MILK SUPPLY

A National Necessity.

There is no more far-reaching problem before the people of the day than that of a pure milk supply. Doctors and scientists are at one in their assertions that the health of the child is more seriously menaced through impure milk than through any other channel. In Chicago ther are municipal laws forbidding the delivery of milk in any but sealed containers. In New York milk must be pasteurized before it receives the seal of official approval. But the proverbial coach-and-horses can be and is driven through and through these ordinances by unscrupulous milk dealers and the peril is as great as ever. For instance, the so-called "Commercial Pasteurization" consists in superheating the milk for but a few minutes which may or may not kill the disease germs and is liable to destroy the necessary and healthful ferment elements in th milk.

There is one, only really safe and reliable source of milk supply and that is to have the milk evaporated and packed in sealed tins under conditions of ideal cleanliness in such a factory as the St. Charles Condensing company at Ingersoll, Ont. Here a mammoth modern plant, governed by the highest ideals of cleanliness, and operated by over 100 employees, draws upon the rich Oxford County milk supply through over 90 special dairy stations scattered throughout the county. The milk is handled with scrupulous care, is evaporated and packed without admixture of any description and is shipped in sealed containers under the names St. Charles Evaporated Unsweetened Cream, and in Silver Cow (Sweetened) Brand, guaranteed to keep pure and safe indefinitely in any climate.

The St. Charles goods can be diluted and instantly produce the same rich pure, fresh creamy fluid that left the Dairyman's pails.

There is not a household in the land that can afford to overlook this healthful, safe, always pure milk and cream supply. Sold by all grocers and dealers.

Lever Brothers, Toronto, will send you free a cake of their famous Plantol toilet soap, if you mention this paper.

ARCTIC EXPLORER TURNS UP SAFE

Supposed to Have Died Several Years Ago in the Far North.

Ottawa, July 12.—George Caldwell, Arctic explorer, who was supposed to have perished three years ago when searching for gold north of the Arctic circle is alive and is pushing south from the Hudson Bay region on his way to this city. With him are his two Eskimo guides, whose wives have been mourning them as dead for the last two years.

The first news from Caldwell was received here today in the form of a telegram briefly giving infromation of his early return. It is not known if he has realized his hope of discovering the richest gold field in the world. He left the police post at Cape Fullerton, Hudson Bay, in June, 1906, with the two Eskimos, intending to push through to the Copper Mine river and on to the Mackenzie river. He sent a letter to his family in August, 1906, from Chesterfield Inlet and from that time nothing more was heard from him. The letter was carried south by a party of Eskimo returning from a musk ox hunt.

Two years ago Eskimos reported that Caldwell and his two companions were dead and articles belonging to the men were picked up, and it was believed they had perished of cold. Now, however, it develops that the party came safely through all dangers and there is intense interest over the news Caldwell brings of his gold hunting. He headed into territory never before entered by white men and his journey will have a geographical value apart form the possibility of having found gold.

Society

Count Ensieldel of Coquitlam was visiting friends in the city on Wednesday.

* * *

Mrs. T. Douglas Sheriff will not receive again until the autumn.

* * *

Mrs. Alexander Cunningham and family left Wednesday for Blackie's Spit for the summer.

* * *

Mr. H. M. Stramberg, principal of the New Westminster High School, left early in the week for Victoria, Seattle and the interior. He will return home about the middle of August.

* * *

Mrs. Peter Peebles and the Misses Peebles left for Victoria on Wednesday.

* * *

Mr. Alexander M. Hall, of Toronto, is the guest of Mr. and Mrs. P. Latham, Third street.

* * *

Mrs. Frederick W. Cunningham and small son of Vancouver, were the guests of Mrs. C. E. Seymour, Seventh street.

* * *

Many friends in this city will be interested in the announcement that has just been made of the engagement of Miss Ruth E. Cassidy, daughter of Mr. and Mrs. George Cassidy, of this city, to Mr. George Devine, of London, England.

* * *

Mr. George Cassidy left Thursday on a business trip to the east. Mr. Cassidy will visit Toronto, Chicago, New York and other cities, and will be absent for two months.

* * *

Mr. and Mrs. Harold C. Cromwell of New York city are the guests of Mr. and Mrs. N. F. Sinclair, Fourth street

* * *

Mr. and Mrs. T. R. Pearson and family left for their summer home at Boundary, Bay early in the week.

* * *

Mrs E. K. Black and Mrs. Hamilton Tovey of Vancouver, were the guests of Mrs. J. J. Jones, Royal avenue, on Friday.

* * *

Mr. Shute, the new manager of the Royal Bank, and his wife, have taken the house of Mrs. C. L. Lewis, Agnes street. Mrs. Lewis, Miss Lewis and Miss Alma Lewis are at present staying at the Russell hotel.

* * *

Mrs. Angus McColl, Miss Vera Leamy and Miss Alma Lewis, returned on Tuesday from Belcarra.

* * *

Mrs. Charles Watson, Miss Annandale, Master Campbell Watson and Masters Lynn, Tom and Arthur Annandale, will leave on Monday for Blackie's Spit.

Bonfires Kill Children.

Winnipeg, July 16.—Dr. Inglis, in his report for June, calls attention to the fact that out of fifteen violent deaths, five were children accidentally burned to death as the result of playing with bonfires.

The coroner suggested a general warning to parents to look after their children during the months of the spring cleaning up, and that there should be punishment of some kind meted out to parents who neglect their children when fires are around.

Fire Among Torpedoes.

Cherbourg, July 16.—A disastrous fire broke out last evening in the storehouses here in which are accumulated the arms of percussion and the torpedoes for the submarine vessels of the navy. A great number of troops were ordered out, and they co-operated with the firemen and the employees of the station in fighting the flames. The work was attended with terrible danger. At midnight damage to the extent of several million francs had been done.

It is Largely a Matter of Deciding

Every housewife who uses flour must be itnerested in ROBIN HOOD, "the flour that is different."

You hear it makes a bigger loaf, that the loaf is sweeter flavored, more nutritious, more easily assimilated, than bread made with other flours.

We can tell you why ROBIN HOOD flour makes that kind of loaf, but what ought to interest you more than "why it does" is that "it does."

You can prove what we say is true at no risk of loss to yourself. Ask your grocer about our guarantee.

The Saskatchewan Flour Mills Co.

LIMITED.

MOOSE JAW, SASK.

P. S.—WHEN YOU USE ROBIN HOOD ADD MORE WATER THAN USUAL.

Clubs Agree on Outside Officials

(Continued from Page 1.)

really not half as big as they had appeared.

Matt Barr, who was present, explained his actions of Saturday last, which had given so much umbrage to the Westminster club. In regard to his not having ruled off Clarkson for injuring Turnbull, he explained that he had had no idea that Turnbull had been done any serious injury. "Turnbull remained standing after his encounter with Clarkson," said he to the News after the meeting. "Now you wouldn't expect that of a man with a broken rib. You would think that if Clarkson had run into him hard enough to break his ribs Turnbull would have fallen. I certainly had no idea that Clarkson had hit Turnbull so hard; had I, I should certainly have ordered him off. As it was, I thought that Alex must have strained a tendon, by slipping on the grass or something of that sort. I had no idea that Clarkson was to blame at all."

In regard to his action in taking the check away from Lynch, he stated that he had been rather irritated by the Westminster official's action in handing out nothing but 10-minute checks, and that he had remonstrated with him. Lynch, he said, had announced that he only intended to use 10-minute checks in that game. Consequently when Lynch had given out a 5-minute check, he admitted that he was irritated, and refused to acknowledge it.

Let Matter Drop.

On hearing Mr. Barr's explanation, the representatives of the local club expressed themselves as willing to let the matter drop.

Present at the meeting were President Gray, Secretary Lynch, Rev. J. S. Henderson, acting for C. A. Welsh who was ill, Matt Barr, President Con Jones of the Vancouver club, Lionel Yorke and the sporting editors of the Vancouver papers.

H. Ryall attended in the early part of the evening representing Fred Lynch, who was detained, but arrived later.

SUPERIORS CENSURE OFFICIOUS INSPECTOR

Immigration Officer Who Refused Passage to Sick Man Gets No Sympathy From Heads.

Buffalo, July 16.—A special to the Evening News from Washington, says: In the absence of official reports on the case of Frank Scopic, the injured Canadian who was held up when brought to Buffalo for an operation, officials of the immigration commission decline to discuss the case for publication. A searching investigation will be made into the conduct of Inspector Sparkling, who would not admit Scopic. Unofficially it may be said that the immigration officials here share the indignation expressed in Buffalo over the detention of Scopic.

"We expect our officers to use discretion in such matter," said an official today. "We would be sorry to hear that we had in the service any man who could act in a manner apparently so heartless."

It is pointed out that the immigration service has three years in which to arrest and deport an alien found in the United States contrary to law. Scopic could have been permitted to land immediately for treatment and could have been deported at any time within three years. Secretary Nagel directed that a speedy and thorough examination be made.

At the hospital this afternoon it is stated that Scopic is doing nicely and has a good chance for recovery.

Supreme Court.

Notice is given in this week's gazette to the effect that the Hon. Mr. Justice Clement, as vacation judge during the month of July, and the Hon. Mr. Justice Morrison, as vacation judge during the month of August, will sit at the law courts in Vancouver, at 10:30 a.m. every Thursday during vacation, while Hon. Mr. Justice Irving will sit in Victoria on Wednesday, July 7, and each Wednesday for the remainder of the month.
