COUNCIL ENDORSES PROPOSED NEW MAIN

Richmond Municipality Willing to Give Assistance With Extensive Project.

The principal business before the city council last evening was to receive a deputation from the Richmond council with reference to the proposed waterworks extension. All the members of the council were present except Alderman Fader. The deputation consisted of Reeve Bridge and Councillor F. N. Trites, while Superintendent of Water Works Stott and President H. A. Shand, of the Dominion Pipe Company, attended the meeting to give expert evidence on the cost of pipe.

Estimate of Cost.

Mr. Stott explained that a 24-inch pipe from Coquitlam lake would cost $[illegible] laid to Queen's park reservoir, and a 12-inch main from the reservoir to the city limits on Lulu Island would cost another $60,000, or thereabouts. At the present time the city was using nearly a million gallons a day from the lake.

Mayor Keary thought with the two municipalities united for this purpose they could raise a loan at four per cent.

Mr. Trites said it was the natural way for Richmond to obtain its water, namely through New Westminster city.

The mayor said he had been told by a gentleman that he would be glad to see a 24-inch main from the lake for $175,000.

Advocate Larger Scheme.

One of the aldermen mentioned that Delta might share in a water scheme. The municipality badly needed water.

Reeve Bridge promised a fair division of the expenses of bringing the water from the lake.

Alderman Adams and Alderman Keith strongly supported a 24-inch main from the lake.

Reference was made to the fact that the present 14-inch main came to the city reservoirs, while the new one would go straight to the Queen's park reservoir.

Mayor Keary said General Manager

(Continued from Page Six.)

COAL CITY ANXIOUS TO SECURE STREET RAILWAY

Residents Who Live Some Distance From Their Work Would Like B. C. E. R. to Build.

Nanaimo, May 31.—The latest move of the Citizens' League of Nanaimo is the ambitious project of securing a tram line for the city. Some time ago the British Columbia Electric Company was in communication with the league, and it was understood that the company had the matter of adding a tram line in the city under consideration. No announcement having been received from them since the question came up several months ago, the league has again taken it up, and with the help of the city council will endeavor to get some responsible company to undertake the proposition.

Such a project seems feasible, and especially so at the present time. Within the city limits, which are scattered over a large area of ground, there is a population of over 7000 people, whose work largely lies at the mines, entailing considerable travel. In addition to this there are new industries springing up in the district immediately adjacent to the city. Among these there are two mines, which it is hoped will soon be employing several hundred men, nearly all of whom will make their homes in Nanaimo. In the surounding district also there is quite a farming population, which is steadily increasing. With the extension of the E. & N. railway Nanaimo is bound to become an important distributing centre for all of the northern and central portion of the Island, and will grow accordingly.

Epworth League Meeting.

At a business meeting of the Queen's Avenue Epworth League, held last night, the election of Ernest Saunders as president was confirmed. The delegates to the Christian Endeavor convention, which meets here next week beginning today, were also appointed and are, in addition to Rev. W. H. Barraclough, who is ex-officio a delegate, Ernest Saunders, Miss May Marshall, Miss Aimee Loree, Miss M. L. Abercrombie, Leo Smith and Fred. Phillips.

Liberal Meeting.

All Liberals are requested to attend the meeting at the Liberal club, Daily News block, this evening, when the committee appointed to devise means of rendering the club more popular will report on various schemes. Other matters of importance will arise.

TOO MANY CRUISERS ON THE GREAT LAKES

Canada Will Probably Make Formal Protest to Washington—No Treaty.

Ottawa, May 31.—The fact that the American gunboat Nashville is passing up to the great lakes, making eight cruisers in these waters, is causing some criticism in the eastern press, and it is not improbable that a formal protest will be made to the United States authorities. At least some enquiry will be made with reference to the situation.

One cabinet minister whose attention was drawn to the matter, expressed the opinion that the United States has exceeded the terms of the arrangement, but as to what action would be taken he declined to state beyond asserting that the question would be looked into.

At the state department it was stated that a popular misconception is that a treaty exists between the United States and Canada on the subject. There is really no treaty, but a sort of agreement, or understanding based on an exchange of letters. On April 28, 1817, notes were exchanged in Washington between Sir Charles Bagot, a British minister and Mr. Rush, secretary of state. The effect of these was an agreement terminable upon six months notice by either party whereby the naval force on the lakes was to be limited on Lake Ontario to one vessel not exceeding 100 tons burden, with one 18 pound gun; on the upper lakes to two vessels of light burden, armed lightly, and on Lake Champlain to one. This agreement has never been terminated, though its provisions may be exceeded by mutual consent. The departments here do not seem to be at all agitated over the situation, taking it for granted that the ships are to be used only as adjuncts to the state naval militia. However, it is probable that the whole matter will be enquired into and a new understanding reached.

RACING SEASON ASSURED FOR LULU ISLAND TRACK

Sport of Kings Will Be Attraction for Thirty Days From August 20—Fine Club House.

Vancouver, May 31.—Definite announcement was made this morning that a season of 30 days racing, commencing on August 20, will be held this year at the new track to be built on the Brighouse property, Lulu island. 100 acres of level land, with a frontage of half a mile on the tram line at Brighouse station, has been secured and the work of building the track and putting up stables, club houses, stands, etc., will be commenced at once. The entrance to the grand stand will be within a few feet of the tram line and a magnificent club house, to cost $12,000, will be one of the features. The track will be built under the supervision of George T. Cotton, who built the Meadows track at Seattle.

Seventy-five thousand will be spent on the plant in addition to the price of the land and everything will be in readiness for the grand opening on August 20. The whole undertaking is being financed by local business men.

PRESENTATION MADE TO GIFTED VOCALIST.

Miss Elsie Liddelow, who has been leader of the choir of St. Paul's Reformed Episcopal church in this city for the past twelve months, will leave for New York tomorrow, where she will permanently reside. During her stay in the city Miss Liddelow has made many friends as she has been always ready to assist in every way possible with her musical talents. Miss Liddelow has been of great assistance to the choir during the time she has been in charge, and by her many excellent solos has made her singing much appreciated.

On Friday the members of the choir were the guests of Mrs. William Johnston, Agnes street, when a most enjoyable time was spent. During the evening George Burr, on behalf of the choir, presented Miss Liddelow a beautiful hand satchel as a token of her most acceptable services during the year. On Monday night, at the close of the evening service the members of the vestry and some of the congregation remained for a few minutes to bid farewell to one of the best friends the church ever had. S. J. Pearce, representing the vestry and the congregation, presented Miss Liddelow with a handsome set of pearl-handled knives and forks as evidence of the esteem with which she is held by all connected with the church. Miss Liddelow, who was very much taken by surprise, thanked the congregation very heartily for their evidence of appreciation of her services, and said she would always cherish happy recollections of the pleasant year spent among her many friends in St. Paul's church.

Trapper Kills Rancher in Duel.

Lillooet, B. C., May 31.—(Special to the Daily News.)—News was brought here this morning of a rifle duel on Bridge river, about seventy miles from here, between A. Thivarge, a rancher and a trapper whose name has not been learned. Several shots were exchanged before Thivarge was killed. The trapper is reported to be badly wounded.

Officers are leaving here today for the scene of the affray. Owing to the difficulty of establishing means of communication, no particulars of the murder will be available for several days.

The country around Thivarge's ranch, where the shooting took place, is covered with bull pines, with occasional cleared benches. Thivarge was an old settler in the district, and was well known in Lillooet.

AMERICAN FARMERS COME IN THOUSANDS

Influx of Uncle Sam's Men to Western Canada This Year May Total 100,000.

Washington, May 31.—That between 75,000 and 100,000 persons, most of them American farmers, will settle in the western provinces of Canada during the present year is the substance of a report sent by Consul Franklin D. Hale, of Charlottetown, to the department of commerce and labor.

"The total amount of wealth they will take will run into millions," continues the representative. "Since 1903 over 200,000 homesteaders have been granted to settlers, and the population of the Dominion has increased over 1,000,000. It is estimated that the total trade has increased $178,000,000 and product of grain has shown an increase of nearly 100,000,000 bushels. There are still available for homesteads in Manitoba 17,825,000 acres, in Saskatchewan 104,878,000 and 117,369,000 in Alberta."

NO HIGH WATER.

River is Running Rapidly and Flood Is Unlikely This Year.

The consensus of opinion in the Chilliwack valley is, that as the river is rising rapidly now, and a large volume of water is passing down, there will be no danger this year of extreme high water. The warm rains and the sun are having the effect of melting the snow in the mountains, so that ther will be a gradual passing off of the water therefrom before the hot days of July. Hay will be very heavy this year. The hops are looking in fine conditon, the hop flea being apparently exterminated. The fruit crop will also be very heavy in the valley, quite a number of growers are already thinning off the fruit formed. The other crops, though showing the late spring, display great promise and Chilliwack valley should this year have the most prosperous in its history.

CONVENTION DELEGATES WILL NUMBER HUNDREDS

Rev. Dr. Clark, Father of Christian Endeavor Movement, Will Give Address Tonight.

Today the Christian Endeavor Union of B. C. will commence its sittings at St. Andrew's church, and the convention will be rendered notable by the visit of Rev. Dr. Clark of Boston, Mass., founder of the movement, and at the present time president of the World's Christian Endeavor Union.

The first session will commence tonight at 7:30 o'clock with a song service. Following this will be an address by the provincial president, Rev. W. H. Barraclough, a greeting from the city by the acting mayor, Ald. J. B. Jardine, a welcome for the churches by the president of the ministerial association, Rev. A. de B. Owen, and from the local New Westminster C. E. Union by its president, Prof. A. E. Etherington. The reply for the delegates will be made by F. A. Cleland, president of the local C. E. union in Vancouver. An address, "Christian Endeavor Brothers in Other Lands," by Dr. Clark, will then be given.

Delegates will be present to these meetings from all over the province, 400 alone being expected from Vancouver, and three special cars have been chartered to convey this contingent to this city.

SPOKANE MAN WINS RACE OF 2500 MILES WITH DEATH

San Antonio, Tex., May 31.—In a race with death, in which he covered more than 2500 miles, Philip Haag, of Spokane, Wash., arrived here today, fifteen minutes before his son, Frank, died from injuries received Monday at the new Gunther building.

A Modern Meat Slicer.

George Adams has installed an up-to-date automatic meat slicer in his Columbia street store. It is V. Berkel's pattern, the lessees for Canada being the W. A. Freeman Co. Ltd., of Hamilton. The machine, which originated in Rotterdam, Holland, does its work perfectly, and is a wonderful improvement upon the old fashioned slicing machines.

DROWNING FATALITY HAS PATHETIC SIDE

Two Families in Mourning Through Sad Accident in Chilliwack District.

Fuller particulars of the said accident to hand show that the man, W. Bolden, who lost his life, hailed from Bellingham, and with a partner, Mr. Connell, was canvassing on the coupon system for the new Bell studio at Chilliwack. It was considered a good opportunity for Mrs. Bolden and her sister to take a holiday, so both sisters came up on May 26, and on Saturday went out as usual to canvass. Mrs Shepherd accompanied Mr. Bolden, while Mrs. Bolden joined Mr. McConnell, a cousin, and his partner, going in another direction.

Probable Cause.

The surmise is that in crossing the ford in the slough, which was raised last winter to allow the stage horses to cross without going into the water, they became frightened at the depth of the water and attempted to turn or they did not follow the ford and drove into deep water. The latter seems most likely as the buggy was right side up with just the cover showing, and the horse had his head out of the water and was saved. Mrs. Shepherd's body was found about six feet from the buggy, while Bolden's body was about thirty yards away, and had not finally sunk, his coat being caught in a snag. Both canvassers had been doing good business, and it was known that Bolden had over $100 with him when he started out in the morning, but when the bodies were searched only a small amount in silver was found on them, the other money having mysteriously disappeared.

Too much praise cannot be given to Mrs. Ballam, who heard the woman scream and promptly secured the assistance of a neighbor, C. C. Davis. Both worked hard to resuscitate the victims, but without success. On Sunday evening Mr. Shepherd, and the mother of the unfortunate woman, arrived in Chilliwack and yesterday returned to Bellingham with the bodies.

Pathetic Case.

The deepest sympathy was expressed on all sides for Mrs. Bolden, who was at a stroke robbed of her husband and sister, and for Mr. Shepherd, who is left with three small girls, one five years old, and the others twins under two years. An inquest was held by Coroner Pelly on Saturday evening in the court house, and a verdict of death from drowning returned, all attempts to clear up the cause of accident being unavailing.

LAURIER ACCEDES TO REQUEST OF COLLEAGUES

Veteran Premier Will Once Again Lead Liberals on to Victory—Anxious to Resign.

Ottawa, Ont., May 31.—Although he has a longing desire to withdraw from the field of political activity for ever Sir Wilfrid Laurier is said to have acceded to the wishes of the Liberal party and will remain as their leader until the next general election in 1912.

There is no secret about the premier's eagerness to retire from political life, as not long ago, it was declared today, he told the cabinet members of that desire. His advanced age, coupled with the fact that he and Lady Laurier are not enjoying good health, is said to be his principal reason for wishing to resign and quit politics. When the party leaders heard of this they urged the premier to remain, using the argument that his resignation might injure their chances of victory at the next election.

It is reported today that Premier Laurier yielded, and will remain in office for the present.

VISITING FINANCIER ARRIVES ON MONDAY

Harold Moore, private secretary of Charles F. Garfield, the financier who is paying a vist to western cities from his home at Rochester, New York, wrote to the secretary of the board of trade from Calgary that his employer expected to be here on Thursday, but he wired yesterday afternoon to Mr. Stuart-Wade promising to be here on Monday next. Mr. Garfield wishes to stay off at Banff, hence the delay.

PORTLAND PREPARES FOR ROSE FESTIVAL

Pageant is Prepared For "Homecoming Day"—Attractive Program.

Portland, Or., May 31.—The attention of all Oregonians is fixed on the coming rose festival, to be held in Portland during the week opening June 7. Festival decorations are now going up and the pageant this year promises to eclipse anything of the kind ever held on the Pacific coast. A bigger attendance than ever before is promised. The parades will outdo any thing before attempted, and the other attractions of carnival week will be ahead of former efforts. Information received by the management of the festival indicates an unusual movement of tourists this way, while out-of-town people are expected to flock here in large numbers. The city plans to keep open house for the week and all visitors will be made welcome.

Monday, the opening date, will be "Home Coming Day" with a spectacular night pageant. The rose show will open in the California building on Tuesday, and there will be a grand electric parade. The following day there will be a competitive rose exhibit and an automobile parade in the afternoon. On Thursday the horse and vehicle parade, always a beautiful feature of the show, will be given, with a night pageant. "The Spirit of the Golden West." On Friday, business firms of the city will keep open house and extend a general welcome to visitors. Races at the Country club in the afternoon will delight thousands of visitors. Further chariot and harness races at the Country Club will follow on Saturday, the final day, and the anual speed contests of automobiles will be held. Saturday night there will be a grand electrical pageant, and the festival will end in a blaze of glory.

TEMPERANCE ADVOCATES PREPARE FOR CONFERNCE

Many Delegates From This City Will Attend Big Meeting in Vancouver in Two Weeks.

Most of the business done at the regular monthly meeting of the W. C. T. U., held yesterday afternoon in the Queen's Avenue Methodist church, was in reference to the provincial convention which will be held in the Mount Pleasant Methodist church, Vancouver, on Tuesday, Wednesday and Thursday, June 15, 16 and 17. Eleven delegates will go from this city including Mrs. James Cunningham, the provincial corresponding secretary, Mrs. Coverdale Watson, local president and provincial officer, who are delegates by virtue of their positions, and also Mrs. Dr. Hacking, Mrs. Marshall Sinclair, Mrs. Maxwell and Mrs. William Cunningham. There will be in all a hundred delegates in attendance. Mrs. Robinson, of Summerland, nee Miss Ada Murcutt, will be the speaker of the convention, and will lecture on Wednesday and Thursday nights, on the first evening taking as her subject, "The Lordship of the Upper Air;" and on the second, "Party versus Principle."

Tuesday evening will be taken up with the welcoming of the delegates by the Vancouver societies and their replies of the delegates. The morning and afternoon sessions will be occupied with business, which will include the reports of the superintendents of the forty different departments of the union on the work done by the thirty-six local societies in the province. There will besides be the planning of the work for the coming year and the discussion of the local option question, in which the organization is taking an active interest. The membership in the province numbers a thousand.

WELL KNOWN MERCHANT WILL LOCATE HERE

The Thomson block on Columbia street, which is well advanced towards completion, will be occupied as soon as possible by W. Hunter, Conservative M.L.A., for the Slocan division, who till recently carried on a dry goods and boots and shoe business in Phoenix, B. C.

Mr. Hunter has sold out his holdings in the Boundary country, and will carry on the same line of business, dry goods, and boots and shoes, in the stores facing on Columbia street. Mr. Hunter has had considerable experience in business along the lines indicated.

Visit A. Y. P. Opening.

President Lee, of the board of trade, and Secretary C. H. Stuart Wade, left on the Owl train last night for Seattle to attend the official opening of the A. Y. P. exposition. Mayor Keary received an invitation from the directors.

LACROSSE CLUB NAMES DATES FOR CUP GAMES

Trustee Sir Edward Clouston Will Be Told Westminster Wants July 10 and 17.

At a special meeting of the Westminster Lacrosse club held yesterday evening at H. Ryall's office, the secretary (H. Ryall), was instructed to write to Sir Edward Clouston, of Montreal, managing trustee pro tem of the Minto cup, informing him that the only dates on which Westminster could defend that trophy against Tecumsehs without connicting with the B. C. schedule were July 10 and 17, the dates originally offered to them. Incidentally, it wil be pointed out to the trustee that the Tecumsehs have dropped the dates first assigned to them, and on which they had agreed to play, and are now seeking July 1 and 3, two dates not agreeable to the Westminster club. Sir Edward will be reminded that when St. Catharines, a challenger for the Minto cup last year, declined to play on dates accepted earlier in the year, P. D. Ross ruled that that club had forfeited its right to contend for the championship that year and declined to entertain a second challenge. The managing trustee pro tem will be permitted to draw his own inferences from this reminder.

A committee consisting of President Fred. J. Lynch, Manager C. A. Welsa and Secretary H. Ryall was named to draft the letter.

Want a Western Trustee.

The necessity of appointing a western trustee to succeed the late Sir Henri Joly de Lotbiniere will be brought to the attention of His Excellency Earl Grey, governor-general of Canada, in whose hands the appointment is vested.

Enforce the Rules.

Con. Jones, representing the Vancouver lacrosse team, attended the meeting and took part in the discussions on the schedule, no definite arrangement being arrived at. Mr. Jones made a request that "Bones" Allen and "Newsy" Lalonde, once members of a team which represented Regina for almost two weks, be permitted to play with Vancouver against Westminster on June 12, a circumstance which would involve the suspension of the clause dealing with the twenty-one day residence of players

(Continued on Page Three).

PICNIC COMMITTEE COMMENCES WORK TODAY

First Arrangements for Annual Citizen's Excursion to be Made at Meeting This Evening.

The first step toward holding the annual citizens' picnic will be taken this evening when a meeting of all interested in the excursion will be held in the board of trade room, the chair being taken at eight o'clock. While it is not likely the destination of the picnickers this year will be settled at this meeting, the date will most probably be decided upon, and a committee named to arrange details in connection with the trip.

The first citizens' picnic was held three years ago, when a visit was paid to Nanaimo. The following year Bellingham was the objective point, and last year Victoria was the place selected. On each occasion the excursion has been well patronized.

This year an effort will be made to visit Seattle, providing the directors of the A. Y. P. fair will be willing to postpone Westminster Day from June 14 to the end of July. Should this be arranged, hundreds of Westminsterites would avail themselves of the excursion, as the town is practically closed on Citizens' Day. No arrangements have been made for suspension of business on June 14.

Amity Lodge Elects Officers.

Officers of Amity lodge No. 27, I. O. O. F., were elected at the regular meeting yesterday evening, the following being honored: James Ferguson, noble grand; J. R. McLeod, vice grand; W. C. Coatham, recording secretary; J. W. MacDonald, financial secretary; Aleck Adams, treasurer; Isaac Hudson, organist; Robert May, team captain. Delegates to the Grand Lodge of B. C., which meets in Vancouver on June 8, were elected, J. A. Johnston and J. W. MacDonald being the two selected to represent Amity at this gathering.

BOARD OF TRADE—NEW WESTminster Board of Trade meets in the board room, City Hall, as follows: Third Thursday of each month; quarterly meeting on the third Thursday of February, May, August and November, at 8 p.m. Annual meetings on the third Thursday of February. New members may be proposed and elected at any monthly or quarterly meeting. C. H. Stuart-Wade, secretary.

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA.

Sealed tenders (in duplicate) for the supply of Coal and Fuel Wood required to heat the Military Buildings at Victoria, Vancouver and New Westminster, B. C., for the ten months ending March 31, 1910, will be received up to Monday, June 14, next. Each tender is to be marked "Tender for Fuel," and addressed to the Secretary of the Militia Council, Ottawa.

Printed forms of tender containing full particulars may be obtained from the Secretary of the Militia Council, Ottawa, or at the office of the District Officer Commanding, Victoria, who will furnish all information required.

Each tender must be accompanied by an accepted cheque, on a Canadian chartered bank, payable to the order of the Honorable the Minister of Militia and Defence for five per cent of the amount of the tender, which will be forfeited if the party making the tender declines to sign a contract when called upon to do so. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

EUG. FISET, Colonel,
Deputy Minister of Militia and Defence, Ottawa, May 12, 1909.
(H.Q. 99—11—7.)

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.

NOTICE RE HOUSE NUMBERING

Any persons whose houses have not been numbered, or who have any complaints to make in respect to same, should notify the undersigned at once, so that the matter may be rectified.

W. A. DUNCAN,
City Clerk.
City Hall, May 7, 1909.

TENDERS WANTED.

Messrs. Marriott and Company, Vancouver are open to receive tenders for the whole or any portion (as it lies), of the cedar lumber lying at the C. P. N. and C. P. R. wharves and also near the Royal City Mills, the street end, free of freight, wharfage or any other charges.

Quantity about 460,000 feet, common, factory and clear.

The above is the cargo brought by the Princess Ena on April 1.

The lowest or any tender not necessarily accepted.

LAND ACT.

Comox Land District.
District of Queen Charlotte Sound.

Take notice that O. B. Jacobson, of Vancouver, occupation sheep rancher, intends to apply for permission to lease the following described land:

Commencing at a post planted on the west end of Lewis island, thence northerly, easterly, southerly and westerly and northerly, following the shore line around the island to the point of commencement, containing 800 acres more or less.

Staked April 8th, 1909.

IRON MINES OF CHINA HAVE ORE NINETY PER CENT. PURE

Sufficient of It, English Expert Says, to Supply Entire World For Four Centuries.

Amoy, China, May 31.—There has entered a period of renewed activity in the development of the Awtow iron mines, located fifty miles northwest of Tsuantsiu. Work on this enterprise has been suspended for the past ten months because of the exorbitant royalties demanded by the government, from thirty to fifty per cent., and as a result of the Japanese protest against the employment of other than Japanese engineers. These difficulties now have been removed. British or American engineers are to be employed, and the payment of royalties has been temporarily suspended. They may be later assessed at from five to twenty per cent. of the output.

An old report by an English expert says that the magnetic iron ore at these mines is ninety per cent. pure, and sufficient to supply the world for four centuries. The Awtow district is rich in coal, lead, limestone and other minerals, and the distance to tidewater is only fifty miles.

BABY IS SCORCHED BY SMOULDERING FIRE IN PIT

Children Fall on Bed of Live Embers —Three-year-old Boy's Feet Literally Baked.

Kamloops, B. C., May 31.—A rather distressing accident occurred at Fruitlands as a result of which the three children of Geo. Cornish, the mill fireman at the Arrow Lakes Lumber Co.'s mills were seriously burned about the feet and legs, and are now suffering intense pain.

There was a large bonfire in the yard back of the house when the debris was being disposed of. The fire was deposited in a pit and covered with light earth late that night, and nothing more was thought of it.

The following day the children were playing in the yard when the baby, Ralph, aged 3 years, fell into the pit, and came in contact with a bed of live embers still smouldering from the night before. Milton ran to the assistance of his brother, as did also his sister Esther.

It was some time before the three children were rescued from the pit. The baby was the most seriously burned of the three, its little feet and legs being baked on the live coals for several minutes. Esther, aged 8, was also badly burned about the feet and legs, but Milton, aged 6, escaped with a few burns on one leg and about one foot. Dr. J. S. Burris was called and dressed the wounds and the injured children are doing fairly well.

FRENCH INVENTOR HAS NEW WIRELESS

Paris, May 31.—Jean Nadin, a workman at the Toulon arsenal, has invented what is said to be a vastly improved wireless apparatus, which is now being tested at the direction of the minister of marine, with a view to its adoption in the fleet. The original apparatus was constructed ingeniously out of old cans, umbrellas ribs, discarded bottles and various other articles which Naudin found to be within his reach and small means.

SYNOPSIS OF CANADIAN HOMESTEAD REGULATIONS.

Any available Dominion Lands within the railway belt in British Columbia, may be homesteaded by any person who is the sole head of a family or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land on each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the commissioner of Dominion lands at Ottawa of intention to apply for patent.

Coal.—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY,
Deputy of the Minister of the Interior.

IT PAYS TO ADVERTISE —IN— THE DAILY NEWS

Lacrosse Club Names Dates For Cup Games

(Continued from Page One.)

in a town before they can play on a team in a schedule match. The matter was left in the hands of the delegates to the association, with instructions to enforce the rules.

L. Hawels offered to take a picture of the lacrosse team, together with all trophies won by the players, and present a framed enlargement to the club, free of charge. Mr. Hawels' offer was accepted with thanks.

A vote of thanks was also passed to E. D. MacKenzie, in answer to a letter in which he declined to accept any remuneration for work performed at Queen's park during the Minto cup games.

Will Assist Intermediates.

With reference to asisting the Intermediate players, it was decided that the best time to do this would be toward the end of the season, when the boys propose taking a trip to California. To what extent the Intermediates will be helped was not decided.

Games in Seattle.

It is very probable that a laorcsse tournament between Vancouver and New Westminster will take place at the Seattle exposition toward the end of July or the first of August, according to the report of Delegates Lynch and Welsh, who returned from Seattle on Sunday. The exact dates for the games have been left with Fred. Lynch, and Mr. Inghes, president of the Seattle Athletic club, to arrange. It was not favorably thought of in Seattle to bring the St. Paul Maroons out, but Mr. Buckley, who is in charge of the athletic affairs at the fair, thought that if it could be shown that the games between the British Columbia teams would draw a good crowd, there would be no trouble in having an appropriation made.

RADIUM DEPOSITS FOUND IN PORTUGAL

Valuable Discovery Made By British Mining Engineer Interests Capitalists.

Lisbon, May 31.—Particulars of the discovery in Portugal a short time ago of mineral deposits which proved rich in radium show the deposits are situated near Guarda, adjacent to the main line of the Paris-Lisbon railway. The discovery was made in a curious manner. A British mining engineer of the name of Bower, learning that the Portuguese in the vicinity attributed remarkable health-giving properties to a certain stream, visited the locality and found that in one place the stream flowed over a yellow quartz encrusted with crystals of uranite phosphate containing over fifty per cent. of uranium oxide.

Professor Barboni, formerly a professor of chemistry in Paris, states that the mineral, by reason of its greater facility of treatment, ought to be at least three times superior to pitchblende for radium-producing purposes.

Investigations reveal the existence of one main lode extending for a mile and a half with a width of five feet at the surface to twelve feet at a depth of fifty feet. The lodes are true fissure lodes formed by volcanic action.

A syndicate of British capitalists, it is announced, has obtained control of the Portugese deposits. It is hoped that the price of radium will soon be reduced 50 per cent.

ITALY WILL NOT WAR ON RELIGIOUS FREEDOM

Recognizes That Liberty and Religion Are Co-existent—Ex-priest Makes Attack on Pope.

Rome, May 31.—A motion in the chamber of deputies for the suppression of religious institutions and convents was defeated on Saturday by a great majority, it receiving only 45 favorable votes.

Signor Orlando, minister of grace and justice, in defending in the chamber the government's policy in connection with religious corporations, stated that Italy was not prepared to follow France's example and initiate a religious war of persecution, but would continue her policy of freedom. She was powerless to avert the growth of religious institutions, which thrive under the regime of liberty.

Deputy Murri, who was formerly a priest but who was excommunicated for lecturing against the policy of the pope, made his maiden speech in the chamber today. It was decidedly anti-Clerical. He admitted the necessity for religious feeling in the country, but declared that this was now impossible, as the church was centred in the pope, who was incompetent. Besides, the pope was Italy's enemy, as he aspires to the restoration of temporal power. Signor Murri accused several deputies of Clericalism. He attacked the government, which he declared was composed of old men who were undemocratic and un-Clerical. He asserted the necessity for Italy being governed by the young men.

The speech excited more curiosity than approbation, except from the anti-Clericals.

NO LIQUOR AT WEDDINGS.

Else There Will be No Minister—An Ultimatum.

Mukegon, Mich., May 31.—At all six of the Holland-American churches in this city, where there is a large population of former Hollanders, it was announced by the ministers yesterday that they have made an agreement not to officiate at any wedding unless a pledge is made that there will be no liquor served either during or after the ceremony. The combined action of the ministers follows several scandals which had grown out of the drinking at weddings here. The ministers further announced that men affiliated with clubs which serve beer on Sunday will be cut off from the church unless they cancel their membership.

CANADIAN COLONY IN MEXICO.

Syndicate Buys 1,500,000 Acres for 10,000 Settlers in Guerrero.

Mexico City, May 31.—W. C. Bond, of Vancouver, B. C., is at the head of a syndicate of Canadians who are arranging to establish a colony of 10,000 Canadians upon 1,500,000 acres of land which they have purchased in the State of Guerrero.

The Mexican government has granted the syndicate a subvention of $3,000,000 for irrigation purposes, to be paid when the land is reclaimed. The owners of the land have made provision for establishing a special steamship service between Canada and the port of Zihautanejo.

GERMANY WILL NOT BUY COUNT ZEPPELIN'S AIRSHIP

Berlin, May 31.—Count Zeppelin's conflict with the War department has been the sensation of the last few days in Germany. The controversy bears all the earmarks of the oldtime antagonism which has pursued the veteran inventor relentlessly until the achievements of his airships last year gave his enemies their quietus.

The military authorities have not only declined to order any more Zeppelin balloons for the present, but have laid out a scheme of airship stations throughout the country, constructed on such lines as to indicate that no Zeppelins will be purchased in the future. The projected stations are designed to accommodate only the smaller semi-rigid and non-rigid airships of the Gross and Parseval types, such as are now in commission in the army. The stations, as planned, are much too small to accommodate Zeppelin's 400-foot ships, and are also of such rectangular shape as to make it impossible to shelter them.

E. A. Paige.....Managing Director

TUESDAY, JUNE 1, 1909

IN THE MINER KEY.

We spoke yesterday of the poor showing made by J. D. Taylor, M. P., in the House of Commons. His efforts have been almost entirely devoted to the incessant raising of the Miner bogey. That this was not without a purpose is of course only too evident. But that purpose was not the noble and dutiful one of serving the best interests of the electors of New Westminster. All through it has been apparent that he was engaged, as the Hon. A. B. Aylesworth expressed it, in "providing matter for a newspaper controversy," or in other words, making news copy for his own sheet.

Thus we find that notwithstanding the fact of a full, and frank statement of the whole circumstances of the Miner escape having been given by the Minister of Justice on the 11th and 17th of February, in reply to interpellations and assertions by J. D. Taylor, the latter again brought the matter up on March 2, with the reading of lengthy reports from the Vancouver Province which, he informed the House, was "an independent newspaper" of the "highest respectability." We may leave our readers to judge as to the value of this testimonial in regard to the character of our Vancouver contemporary. On this occasion Hon. Mr. Aylesworth pointed out that the reply made by him on February 17 had been telegraphed to the newspapers in this province and appeared in the Columbian as a statement by the Minister that Chief Constable McIntosh was the man who had given evidence at the penitentiary inquiry before Inspector Dawson, whereas it was Instructor Mackenzie who had been mentioned. As Mr. Aylesworth pointed out, "The telegram in every other newspaper read that the person who gave this evidence was Instructor Mackenzie, as I said, but by some misfortune, by some alteration let us suppose in the transmission of the telegram to this particular newspaper office in British Columbia, by some possible forging of the telegram shall I say * * * whether or not that message was improved by some one, influenced by motives of misguided political zeal, however it was, this newspaper published the statement that the Minister of Justice was driven to say that Mr. Chief Constable McIntosh was the person who had conveyed that information to the department." Thereupon J. D. Taylor whimpered that dishonorable motives were being imputed to him, and proceeded to explain that the message appearing in the Columbian was copied from the News-Advertiser, word for word. But as the Minister pointed out, there was no indication that this message was so copied and no credit was given to the enterprise of the other newspaper.

The energies of the Columbian were, however, displayed in the direction of working upon this manipulated telegram, and on the strength of this an interview with the ex-Deputy Warden Bourke was published with the comment that "now the people of British Columbia can see what reliance can be placed on the information which the Minister of Justice receives from his subordinates in regard to penitentiary matters in B. C." It was in this way the Taylorian organ was manufacturing sensational copy. This was the kind of thing the proprietor of that organ was manipulating to keep the Miner bogey lively and attractive.

With what a crash the sensational edifice that was built up on the false telegram and the Bourke letters came tumbling down when the latter documents became the subject of a police court enquiry is too well known. Ex-Deputy Warden Bourke had to scramble out of the mess into which he had got himself by an apology and the payment of costs and the Columbian was obliged to follow suit. Yet ten days prior to the appearance of the humble apology in the Tory organ J. D. Taylor, its proprietor and editor, had the audacity to make a statement in the House which led the members to believe that no proceedings in regard to the Bourke letters had been taken against the Columbian.

Thus throughout the session, week after week, up to within a few hours of the prorogation of parliament, the member for New Westminster was airing the Miner topic ad nauseam. It would be idle to refer to these frequent occasions at any further length. They are recorded in Hansard, which may be consulted by those who wish to see them in chapter and verse.

It is pertinent to ask, was J. D. Taylor sent to Ottawa to waste the valuable time of the Dominion Legislature in this determined way? Was he sent to Ottawa and paid by the country to hatch sensational news copy for the Columbian? Was he sent thither to advertise this same paper? Was he sent to parliament to bring contempt and evil renown upon the Royal City? Or was he sent to Ottawa to advance the interests of this constituency? If the latter was the purpose of his election as our representative, then all we can say is that he has miserably failed to fulfil the trust reposed in him.

TUBERCULOSIS FIGHTERS.

Permanent and Practical Result of Recent London Confernce.

London, May 31.—As a permanent and practical result of the tuberculosis conference there has been formed a British league against tuberculosis, the objects being to instruct the public in the dangers of communicability from animals through diseased meat and milk. Special efforts will be directed to an active propaganda through educational and local governing bodies. It is anticipated that this will create an insistent popular demand for further legislative powers or administrative action where necessary.

COUNTY COURT CHAMBERS.

Yesterday before his honr Judge Howay.

Yorkshire Guarantee and Securities Corporation vs. Scott. M. C. McLarg for D. G. Marshall made the application. Order nisi granted.

Dunkey vs. Brunette Saw Mills Co. June 10 fixed as day of trial. G. E. Martin supported application.

Ward vs. Steward. Application by J. R. Grant for service ex juris. Order for service by publication in a paper in Salisbury, Rhodesia, and service on nearest British consul.

Citizens' Annual Excursion Notice.

A meeting will be held in the Board of Trade Rooms, Tuesday evening, June 1, at 8 o'clock, to commence the preparations for the Citizens' Annual Picnic Excursion.

D. E. MACKENZIE.
Secretary.

NOTICE.

Beginning Wednesday, June 2, 1909, the channel under the south span of the present draw at Lulu Island bridge, New Westminster, will be closed to navigation during the construction of the new bridge. Boats can use the channel under the north span.

CITY NEWS

A spiritual meeting will be held in the I. O. O. F. hall this evening at eight o'clock. All are welcome. **

Everything for the garden at Tidy's, phone 184. **

Mrs. J. E. Lusley leaves today for Bellingham, where she will take part in the grand assembly of the I. O. O. F. during its session this week.

W. B. Johnston, who for the past few days had been confined to his residence with a severe attack of the grippe, is now well on the way to a complete recovery.

Lawn mowers sharpened and set at Geo. R. Specks, Trapp block. **

James Flanigan, a hobo who stole a ride on a baggage car on the Great Northern railway Sunday night, was brought up at the city police court yesterday. He will be deported today by Immigration Officer Corbett.

A novel feature at the Crystal these nights is the introduction of a comedian, who sings some capital comic songs and also tells some funny stories. Other novelties will be put on this week. **

The run of spring salmon is very steady on the river this season. All the packing firms are doing a good business shipping the fish east in cold storage, but no large catches are reported. A number of sturgeon are also being caught.

That light, delicious, wholesome bread you so much enjoyed at your friend's house was made with Robin Hood Flour. **

The Invertay, one of the large boats taking two million feet of lumber from the Fraser River Mills, to Australia, finished loading her cargo last week, and was piloted down the river by Capt. Wooster, yesterday afternoon.

Just arrived, a carload of Robin Hood Flour. Full assortment of sizes, 24, 49, 98, now in stock. Hale Bros. & Co., Ltd. **

Stanley Krida, the young Austrian who placed a tie in front of a train near Revelstoke, in order to stop it to get a free ride, and when arrested, escaped and was recaptured at the port of entry, Sumas, has been sentenced to a two-year term in the B. C. penitentiary. Provincial Constable Wilkie took him to the prison to serve his term yesterday. The young fellow is but seventeen years of age.

Excursion to Pitt Lake, June 6, steamer Transfer, leaves B. C. E. R. wharf 10 a.m., arriving Pitt Lake Brick Works 1 p.m., returning to city 6 p.m. Lunch served on board, 25 cents. Return tickets, $1 each, sold at E. J. Fader's office, Northern Crown Bank building. **

There was a large turnout of Odd Fellows and old timers who were friends of the late James Beer, at his funeral yesterday afternoon. The service took place in the I. O. O. F. hall, Columbia street, Rev. W. H. Barraclough, pastor of the Queen's Avenue Methodist church, and Rev. Green, Methodist minister at Eburne, officiating. The interment was in the Odd Fellows' cemetery. The pall-bearers were D. S. Curtis, Angus Munn, J. C. Armstrong, J. Carter Smith, B. W. Shiles and J. Tuttle, of Steveston. Many beautiful floral remembrances were laid on the coffin.

A special meeting of the Liberals in this district is called for next Tuesday evening at 8 p.m. in the Liberal club rooms, Daily News block, McKenzie and Victoria streets. ***

The second match in the city intermediate lacrosse league will take place Thursday night at Queen's park, and hereafter on every other Thursday during the summer. More interest is being taken in the league this year, and the practices are better attended. A representative team of the league will play for the city in the amateur senior league of the province, their first game against the Vancouver Maple Leafs taking place on June 24. The games of the Junior Lacrosse league have all been changed from Tuesday night to Thursday, on account of the baseball games on the former evening. The first game among these teams will come off this week at Moody square, the West and East end twelves playing.

Council Endorses Proposed New Main

(Continued from Page 1.)

A. D. McRae, of the Fraser River mills, had not shown any disposition at the present time to join the city.

All the aldermen endorsed the larger scheme of a 24-inch main to the reservoir and 12 inches to the city limits on Lulu island.

A discussion followed on the merits of wooden versus steel pipe, and ultimately a committee was appointed consisting of Mayor Keary, Aldermen Adams, Jardine and Smith, to confer with a committee from the Richmond council.

Superintendent Stott said the two mains from the lake, if the council constructed a 24-inch main, would give them ample water to supply adjoining municipalities.

Street Works.

The council adopted a lengthy report from the board of works. Among the items passed were clearing and laying of sidewalk on lane north of Fifth avenue between Eighth and Ninth streets; extending sidewalks on Regina street and Princess street; clearing brush on streets on Lulu island for G. W. Beach and for J. Fryer; that the application of C. Thompson for clearing brush off Second street between Sixth and Eighth avenues, should not be granted, as there was not sufficient settlement, and that S. J. Thompson's application should be laid over till the council had seen the place.

Accept Dyke.

On the motion of Alderman Henley, seconded by Alderman Adams, the Lulu island dyke was accepted from the executors of the Ewen estate. This followed City Engineer Blackman's report at the previous meeting of the council. Ald. Henley said the dyke was now in good condition.

New Registry Office.

James C. Allen asked for street lines on corner of Carnarvon streets and Lorne street, for position of new registry offices; also permission to lay building material on the said streets. This was granted subject to usual conditions.

No Purpose Disclosed.

George Martin tendered a cheque for first payment of $2940 on the following property on Lulu island, viz., lots 3, 4, 5, 15, 16 18, 19 and 20, G. 1. 757 A, which he wished to purchase. Three of these lots are on the water front, and before the transfer is completed the finance committee will report, as nothing was stated what he was going to do with them, and they are reserved for industrial purposes.

Miscellaneous.

Louis W. Buckley, director of ceremonies, asked for co-operation in the Dominion Day at the A. Y. P. exposition on the part of Canadian cities. Mr. Buckley will be informed that July 1 is set aside to help sports in Vancouver, and unless a change is made in the arangements the Westminster people will be unable to assist on that date.

The market clerk, D. E. MacKenzie, reported that the receipts for April amounted to $362.20.

The municipality of Burnaby asked if the council would bear half the cost of opening up Tenth avenue from Cumberland road along district lot 13, Burnaby, for a distance of about 15 chains. Referred to board of works to report.

The real estate tax bylaw 1909 was read a first time.

CONDEMNS SECRET SOCIETIES.

Archbishop Bruchesi Makes Some Vigorous Statements.

Montreal, May 31.—One of the sensations of the day is a severe denunciation of the Roman Catholic Archbishop of Montreal at Longueil, where his grace is on a pastoral visit, of secret societies such as Free Masonry, Knights of Pythias and Odd Fellows, all of which, he alleged, were the enemies of the Roman Catholic church.

Mgr. Bruchesi denounced particularly the Emancipation Lodge founded in Montreal in 1898 and affiliated with the Grand Orient of Old France. His grace had seen the constitution, and he was able to say that the object of the society was to combat the church and to dechristianize the faithful.

JAPANESE LABOR UNREST IS SPREADING IN HAWAII

Honolulu, May 31.—An unconfirmed rumor that the great sugar plantation strike had extended beyond the island of Hawaii was circulated today, but was generally discredited, although demands have been received from the Japanese laborers of five plantations outside of the present disturbed district.

WESTMINSTER'S MORNING PAPER

The Daily News

Has "ROBIN HOOD"—the Flour that is Different—been used in your home yet? You should start now. Don't put off trying this wonderful new flour.

Every woman is proud of her cooking successes. The day your husband tells you that the bread or the pastry "is simply fine" is a happier day than usual for you. Haven't you found it so?

Now, to get the best success in your baking you must use the best flour. There is a great variety in flour, far greater than most women think. There is difference in wheat, difference in machinery, difference in methods and in knowledge of milling. This all results in difference in the flour, the final product.

"ROBIN HOOD" Flour shows most surely how great a difference there can be between the best flour and poorer flours. It is made of the best Saskatchewan wheat. Our equipment is the newest and most modern in Canada. Our experience in flour making is such that we know how to avoid the mistakes and take advantage of the best improvements in the milling industry.

"ROBIN HOOD" Flour has delighted all who have used it in Canada. For one thing it absorbs more moisture than other flours. Don't forget this when preparing your dough. The loaf made from "ROBIN HOOD" Flour is light, flakey, beautifully sweet, and most nutritious. It is the finest loaf your husband, your children or you yourself can eat.

More than that "ROBIN HOOD" Flour is sold under a positive guarantee. If by any chance you are dissatisfied after you have baked twice with it, your grocer is authorized to refund your money. Could we show greated confidence in "ROBIN HOOD" Flour?

Give "ROBIN HOOD" Flour a fair trial and dont forget to note the effect of adding more water than you use with other flours.

"ROBIN HOOD" flour is the flour that is making a sensation in western Canada. All over the west it is being talked about. The question neighbors are asking today is: "Are you using that new ROBIN HOOD FLOUR?"

TRIPLE ALLIANCE DISCUSSED BY JAP

Baron Uriu Expresses Opinion That England, U. S. and Japan Should Unite.

Washington, May 31.—Baron Uriu, vice-admiral and chief of staff of the Japanese navy and a representative of Japanese political opinion, discusses a triple alliance, the parties to be the United States, Great Britain and Japan.

In view of the fact that there are rumors of war between Great Britain and Germany, the Japanese visitor's freedom of speech is regarded as decidedly interesting because he would not have talked except by permission and under inspiration. He put the chip on the shoulder of the triple alliance and Russia. Germany and France will read what he had to say with wide open eyes.

"If war should come," said the admiral earnestly, "I expect to see the United States, England and Japan lined up against the other world powers.

"These three countries stand for all that is best in modern development. If the day should come when the United States needs an ally she will find Japan ready and willing to fight for and with her to the finish.

"We owe a debt of gratitude to the United States for many things in the past. Japan owes its civilization and progress to this country. The friendship between the two countries makes war impossible. I believe there will be no more conflict in San Francisco relative to the Japanese school children."

MARCONI DECLARES AIR WAVES HARMLESS

Statement That Wireless Telegraphy Causes Spread of Disease is Refuted.

London, May 31.—William Marconi has sent an interesting letter to the London Times with reference to various statements in the English medical press dealing with "certain noxious physical effects alleged to be produced upon wireless telegraphic operators in the course of their employment." Mr. Marconi declares that his own experience supplies no evidence whatever in support of the report "of a medical officer in the French navy, who is pleased to attribute to the practice of wireless telegraphy the occurrence within his observation of various cases of conjunctivitis, keratitis, corneal ulceration, leukoma, functional cardiac and other formidable-sounding maladies," and continues:

"During the twelve years or so of our operations we have had to deal wiht no single case of compensation for any injury of this origin, nor, so far as I can ascertain, has any such injury been suffered. Speaking for myself, I may remark that my own good health has never been better than during the often extended periods when I have been exposed for many hours daily to the conditions now challenged, and in the constant neighborhood of electrical discharges at our transatlantic stations, which I believe are the most powerful in the world."

Mr. Marconi's conclusion is especially interesting. He says:

"I observe that at least one daily newspaper seems to have pressed the reports to which I have alluded into the service of a further theory that electric waves as used in wireless telegraph may be harmful not only to the operators, but to the world at large. This suggestion is a very familiar one to me, but hitherto, I confess, it has reached me only through the letters of the insane persons who occasionally besiege me with accusations and threats in respect to the tortures which they imagine me to be continually and with malice aforethought inflicting upon them by the practice of wireless telegraphy."

Synopsis of Canadian North-West Homestead Regulations.

Any even numbered section of Dominion lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or sub agency for the district in which the land is situate. Entry by proxy may, however, be made at an agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is rejuired to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father (or mother).

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.

Baseball.

This evening the Cubs and Young Liberals will meet in a scheduled city league baseball match. To date the Cubs have not won a game, although they have been playing good ball. For this evening's game they expect to make a couple of changes in their field. The Liberals will have [illegible] in new men in action. [illegible] several battery, Sayce and [illegible] their regular Welsh, will perform as usual. The likely players for the Cubs will be Howard, Davidson, Cunningham, McTavish, Wilkie, Kenny, Robertson, Corbett and Sharpe.

The Liberals' team will be Campbell, 2b.; Digman, 1b.; Fitzgerald, ss.; Welsh, c.; Mills, 3b.; Brennen, cf.; Douglas, lf.; Mannering, rf.; Sayce, p.

BOWLING

The Westminster teams were third and fifth in their five-man team contest at the Western Bowling Congress at Seattle, Westminster making 2403, and W. J. Kerr, Ltd. 2180. The scores of the local men were:

LOCAL NOTES.

The customs returns for the month of May, 1909, were: Duty collected, $16,763.19, and other revenue, $366.50, a total of $17,129.69. The increase over the coresponding month of last year is $3,191.55.

For first-class cut flowers and any kind of Floral work, telephone Davies' Greenhouse, R208. **

The Frubling dredge will leave today for the mouth of the river, where she will work on the sand heads, widening and deepening the entrance to the main channel. She has been tied up at the government wharf having her boilers cleaned.

Frank E. Wheeler and Mina Teal, of Buckley, Wash., were married on Saturday by Rev. W. H. Barraclough at the Queen's Avenue Methodist parsonage. The bridal couple left by way of Vancouver for Bellingham, where they will reside.

The pleasantest way to spend Saturday afternoon is to take a river trip to Steveston and back. The SS. Transfer leaves Brackman-Ker's wharf at 2 p.m. every Saturday, returning same evening. Fare one dollar for the round trip. ****

The closing piano recital of the Schumann club will be held at the Princess hall, Sapperton, on Wednesday of next week, when Arthur P. Brown, dramatist, and C. M. Chapman, vocalist, will assist. The final recital is being held in Sapperton this year out of regard for the number of pupils from that district.

A three-act comedy-drama entitled, "The Drunkard's Reformation," is being shown at the Crystal tonight. The pictures are very realistic and all persons interested in the temperance question should see them. "The Drunkard's Reformation" points a moral with greater effect than the well known play entitled "Ten Nights in a Bar Room." **

A very satisfactory write-up of the city appears in "The Cities of Puget Sound, Your Hosts for 1909." This is the booklet published by Wood & Reber, of Seattle, in which the city engaged $300 worth of space. Seven recent illustrations appear with the descriptive matter. The holder is attractive in style, and is sufficently interesting to be retained permanently.

The old V., W. & Y. freight sheds on the water front, which have been the cause of so much correspondence between the authorities and the present owners, the Great Northern Railway, will be pulled down at once, Superintendent O'Neill wiring yesterday that a gang of men would commence work today.

Lever Brothers, Toronto, will send you free a cake of their famous Plantol toilet soap, if you mention this paper.
