BILL MINER MAY YET BE CAPTURED

Inspector Dawson Has Not Lost Hope of Again Seeing Bill Behind the Bars.

Edmonton, Nov. 25.—G. W. Dawson of Ottawa, inspector of Dominion penitentiaries, is in the city inspecting the Alberta penitentiary. He inspects not only the prisoners, prison records, and prison equipment, but also the structural work and, indeed, everything connected with the penitentiary.

"How many penitentiaries are there in Canada?" Mr. Dawson was asked.

"There are six at present," was the reply, "and the government are already at work building another for the province of Saskatchewan at Prince Albert which will be ready for use by next year. Estimating roughly I should say there were probably over 1,600 male prisoners in the various penitentiaries. At Dorchester N. B. is situated the penitentiary for the Maritime provinces with 204 prisoners. The Quebec penitentiary is located at St. Vincent de Paul and contains 450 prisoners. There were 511 prisoners at the Ontario penitentiary at Kingston, and 175 at Stony Mountain in Manitoba. I believe there are now 47 in the Alberta penitentiary at Dominion and 184 in the British Columbia penitentiary at New Westminster.

Female Prisoners Not Numerous.

"The female prisoners at the various penitentiaries are not very numerous. There are 11 at Dorchester, 18 at Kingston and 3 at Edmonton. The Alberta penitentiary has been in existence for two years and takes all the female prisoners in the Western provinces and the number in the two years only four female prisoners have been entered here, which speaks volumes for the absence of crime among women in the west."

"Among the men I find that the number of prisoners in the Dominion has increased about 1 per cent. in the last two years. The increase in the west however, has been very slight, almost all in proportion to the increase in the population. Four years ago there were 222 prisoners at Stony Mountain from the three prairie provinces and 40 more had been sent up during 1907, in all 262. At the present time there are 175 in Stony Mountain and 97 at Edmonton, making a total of 272, or an increase of 40 prisoners."

Western Comparisons.

"How do western prisoners compare with those in the East?"

"Well they are certainly better men physically than the eastern criminal, who has been living in the slums of the large cities. I do not think they are as morally depraved either. The bad desperado we read so much about, who engages in cattle rustling and train robbery, is not so depraved as the average criminal of the large cities.

"The number of educated men in the penitentiaries is not so great now, I believe. Why, in 1901 we had in our penitentiaries enough bankers to form a complete staff for a large bank from the general manager down. We also had a Russian count incarcerated at the time. All prisoners, however, are treated exactly alike, kindness for fitness being the rule."

Where is Bill Miner?

"We have not had so many escapes this year," continued Mr. Dawson. "But then we had plenty last year. The escape of Bill Miner, the notorious train robber, from New Westminster with his companions was the worst. Those four men have disappeared as completely as if they had been swallowed up by the sea. I believe, though that we will get them yet. Miner is wanted badly both in the United States and Canada. There is a large reward offered for his recapture and the police are on the alert. Miner has an appearance and manner that will be pretty hard to disguise. He is an educated man with a mild, smooth manner totally at variance with his character as a desperate train robber. He will have to efface his personality pretty well to escape recapture ultimately."

Meteor Falls in Wyoming

Muskogee, Okla, Nov. 25.—A meteor fell seven miles south of Muskogee last night, striking the barn of Frank Keith, killing two horses and burying itself deep in the ground.

NEW LULU ISLAND BRIDGE MAY BE STARTED AT ONCE

Vice-President of Canada Foundry Co. Interviews Mayor—Special Meeting of Council to Be Held.

A representative of the Canada Foundry company, in the person of the vice-president and general manager, Mr. Frederick Nichol, of Toronto, called on Mayor Keary yesterday. Mr. Nichol occupies a prominent place in the commercial life of the Queen City, being a vice-president of the Niagara Power company, and the General Electric company, a director of the Canadian [illegible] railway, and of the Canadian Bank of Commerce.

The Canada Foundry company is the successful tenderer for the steel work for the new Lulu Island bridge, and it was in this connection the interview took place. The company is prepared with a proposition which will materially assist the city in the early construction of the bridge, and to consider the details of such offer a special meeting of the city council will be held this week, probably on Saturday, before the mayor goes to Victoria in connection with the interview of the B. C. union of municipalities' executive with the attorney-general on future municipal legislation.

SOCIALIST CANDIDATE TO BE GIVEN FREE FIELD

Nanaimo Conservatives Will Not Oppose Their Friend Hawthornthwaite in Bye-Election.

Nanaimo, Nov. 25.—The Conservatives are to leave J. H. Hawthornthwaite a free field to be elected to the legislature again. A Conservative convention has been held in Nanaimo when E. Quennel, a well known butcher, was tendered the nomination. He, however, declined and a resolution was then passed not to put a candidate in the field.

The date of the bye-election has not yet been fixed by the government, but may be expected to be announced at any time. In view of the fact that the House meets on January 21, the election will likely be held very soon.

The Liberals have as yet taken no action in the matter of nominating a candidate to oppose Mr. Hawthornthwaite.

EDMONTON PUBLICIST WAS WELL KNOWN ON COAST

Ex-Alderman Daly, who took charge of the fine district exhibit of Edmonton and Strathcona at the recent provincial exhibition, did not long survive his return to the Alberta capital, and last week he was laid to rest by the side of his wife at the Clover Bar cemetery, Edmonton, having survived her by only three weeks. The funeral was attended by hundreds of Edmonton people.

The city council was represented by Mayor McDougall and Commissioner Butchart, the Edmonton Agricultural Society, and the Edmonton board of trade by Joseph Griesenthwaite, and the Alberta government by Premier Rutherford, and Hon. W. Finlay. The Sunday school class of young men, whom the deceased had instructed, were among the mourners in a body. The floral tributes completely covered the casket. Wreaths were sent by the Methodist church, Clover Bar, the Edmonton Agricultural society, the Edmonton city council, the Edmonton board of trade and Walter Ramsay of Edmonton.

EVERETT TO RETRENCH ON ITS EXPENDITURES.

Everett, Nov. 25.—The various departments of the municipal government of Everett, whose estimates of expenditures for the coming fiscal year aggregated $145,000, will be compelled to retrench to the amount of $15,000, according to the mayor's budget, submitted to the council last night. The greatest reduction is shown in the fire department, which will receive $23,000 or a little over half the chief's estimate. That official hoped to be able to secure some new equipment.

CARNEGIE GIVES AWAY A MILLION A MONTH

Laird of Skibo, Although Lavish in Benefactions, Has Slim Chance of Dying Poor

New York, Nov. 25.—Andrew Carnegie, who has earned for himself the title of the world's most noted philanthropic capitalist, was 71 years old today. Thanks to his simple life and regular habits, Carnegie is in the enjoyment of excellent health. Despite the whiteness of his hair and beard, he might easily be mistaken for a man of 60 years or younger. His devotion to golf and other forms of outdoor recreation has kept him in the best of physical condition.

It is estimated that Carnegie's public benefactions thus far in 1908 amount to about $15,000,000. Since he made up his mind that it is not good to die rich he has given away a total of about $150,000,000 of his colossal fortune, and he declares he is still ready to give. Notwithstanding the generous hand with which he has scattered his millions for the benefit of the people on both sides of the Atlantic, there appears to be no chance of Carnegie dying poor. His income is estimated to be considerably in excess of his benefactions, though the latter average more than $1,000,000 a month the year round.

JAPAN AND AMERICA HAVE MADE NO TREATY

Washington, Nov. 25.—Secretary of State Elihu Root denies that a treaty has been negotiated by the United States and Japan regarding the protection of the principle of Chinese indemnity and the regulation of immigration between the two countries as stated by the Hawaiian Shinpo, and added that no such treaty was in contemplation.

As for the immigration question, the present understanding with Japan is working satisfactorily in keeping down Japanese immigration.

BONES RECOVERED MAY BE THOSE OF MOUND BUILDERS

East St. Louis, Ill., Nov. 25.—Human bones, believed to have been those of sixteen mound-builders, were found in East St. Louis today by workmen who were digging an excavation.

One skeleton was walled up in a stone tomb eight feet high. It was that of a man apparently seven feet tall. When the stones were removed the skeleton fell to pieces.

Buried under seven feet of earth, near the base of this ancient tomb, were the skeletons of fifteen men, all above normal height. They were seated in a circle about the tomb, where their chief had been walled up.

LORDS WILL REJECT THE LICENSING BILL.

London, Nov. 25.—By a large majority, a meeting of two hundred members of the house of lords decided in favor of rejecting the licensing bill summarily when brought up for its second reading.

As the Unionists are in a strong majority in the upper house, there will be no difficulty in throwing out any radical legislation distasteful to them.

Dice Shaking Barred.

Calgary, Nov. 25.—The shaking of dice for drinks or cigars, and the playing of slot machines for checks, has been stopped by the police. The enforcing of the order will affect trade to a considerable extent.

HINTS DARKLY AT JAPANESE CRUELTY

Keeper of British Concessions in Korea Says He Could Unfold Tragic Tale.

Los Angeles, Nov. 25.—W. S. Holloway, of London, who for five years had charge of the British concessions in Korea, and is returning after a short absence is now in the city.

Mr. Holloway said that if privileged to talk he could tell a tale of cruelty on the part of the Japanese in their treatment of the Koreans which would place every member of the white race in arms against the Mikado's people.

"I am returning to Korea, and not leaving," said Mr. Holloway, "or I would talk.

"It would be one of the most startling stories ever published if a competent newspaper man were sent to Korea and the real condition of Japanese oppression told to the world. It would make every white man revolt and turn against the Japanese. I wish I could talk, but I cannot.

"I could tell of how the Japanese surrounded the Korean emperor's palace with maxims even after they had secured what they wanted in the way of abdication, and no life was safe. Neither the government of the United States nor England knows of the dishonesty and lack of principle of the Japanese."

After a few days in this city Mr. Holloway will leave for San Francisco and thence for Korea.

FIRE DRIVES FORTY FAMILIES INTO STREET

Chicago, Nov. 25.—Forty-five families were driven from their homes today into a chilling rain by a fire that destroyed three four-storey buildings in North Winchester avenue, and occasioned a loss of $75,000. Three firemen were injured by falling while they sought to extinguish the flames and rescue the occupants of the buildings.

Three sick women were carried through smoke-filled corridors by the firemen while the blaze was spreading.

BELLINGHAM LUMBER PLANT TO RESUME OPERATIONS.

Bellingham, Nov. 25.—L. O. Waldo manager of the Bellingham Bay Lumber company's big plant here, returned today from San Francisco, where he was called for a conference with the company officials, with the announcement that the plant is to be started up, after several months' closedown. The mill will be reopened by the first of the year if lumber conditions continue to improve, and that they are bound to do so is the firm belief of the manager. Mr. Waldo says the machinery is ready to start on short notice, that the plant has been put in the best of shape by millwrights and carpenters, and that only the certainty of a market and good prices remains to force the order to turn the wheels of the big plant. Anent the reports that the mill property had been sold bodily for railroad terminals, Mr. Waldo said there is no such deal on and never has been during the last four years.

PLANS BIGGEST COAL PLANT IN THE WORLD.

Winnipeg, Nov. 25.—Today the Canadian Pacific railroad closed negotiations at Fort William for four lots on island No. 1, on which there will be erected the largest coal handling plant in the world, with a storage capacity of a million tons and a handling capacity of two million tons per season.

Explosion of Blasting Powder Causes Injury to Japanese

A young Japanese, aged 26, Masuzuki by name, was brought down yesterday to the Royal Columbian hospital from Port Haney suffering from the results of serious burns. The injured man was not feeling well in the morning, and remained indoors. Before leaving, some companions placed a quantity of blasting powder to dry on the stove. The natural result followed. An explosion ensued, and fire broke out. The unfortunate man could not make his way to the door through the flames and smoke, so breaking a pane of glass, he jumped through the window.

He sustained slight injuries in his fall, but had already been so badly burned that his recovery was despaired of at an early hour this morning.

LOCAL OPTION CONVENTION WAS LARGELY ATTENDED

E. B. Morgan, of Victoria, is Elected President of League Formed to Carry on Work in B. C.

Over two hundred delegates attended the convention called in the I. O. O. F. hall, Vancouver, yesterday for the purpose of forming a Provincial Local Option league, three meetings being held, that of the morning being occupied mostly with routine and preparatory work. At the afternoon session, George Ball, of Enderby, occupying the chair, the election of officers of the newly-formed league was duly proceeded with, the following being the result of the ballot: President, E. B. Morgan, Vancouver; first vice-president, T. T. Langlois, Vancouver; second vice-president, R. H. Cairns, Chilliwack; third vice-president, Mrs. Spoffard, Victoria; fourth vice-president, Dr Ernest Hall, Victoria; fifth vice-president, Joseph Patrick, Nelson; honorary secretary, Miss Ada Morcutt; treasurer, D. R. Stewart, Vancouver.

In the evening a mass meeting was held in the city hall, when a number of speeches bearing on the objects of the league were delivered. About 30 delegates attended from Westminster.

SMALLPOX EPIDEMIC FEARED IN CALGARY

Disease Spreading Rapidly in the Foothills City—Pest House Remains Full—New Cases.

Calgary, Nov. 25.—There is no denying the fact that the number of cases of smallpox in the city are daily on the increase, and have reached a stage that is giving some cause for alarm. Since the time of the Dominion exhibition, when it is thought the disease was introduced into the city, there have been a number of cases every week, and Dr. MacDonald, the city health officer, is being kept busy.

At present the pest house is full, and fresh cases are developing every day. The infection was carried into the South ward school a few days ago and it was closed for the purpose of being fumigated. In one case which was reported to the health officer yesterday, and which could not be attended to until today, the head of the house has been passing backwards and forwards from work without hindrance.

The majority of the local medical men report having had at least two or three patients suffering from the disease, and say that from what they can hear the number of cases is daily on the increase. The disease is not confining itself to the poorer class or any particular section of the city by any means, but has broken out in some of the best families, where cleanliness is strictly observed. It is believed that the infection to a great extent is being spread by people who move from one boardinghouse to another directly there is any suspicion of smallpox.

Sleet Storm Delays Travel.

Grand Forks, N. D., Nov. 25.—One of the worst sleet storms in years prevailed throughout North Dakota and Montana today, and as a result communication on the Great Northern line is cut off west of Petersburg, and on the main line of the Northern Pacific west of Jamestown.

Contents Unknown.

Following a custom which they have indulged in for many years, T. Freeman and M. Monk yesterday journeyed to Douglas, where they took part in the annual Thanksgiving turkey shoot. They returned late at night carrying a bulging sack.

Opium Conference Postponed.

Peking, Nov. 25.—The conference on opium traffic has been postponed until February, Mr. Mackenzie King, M. P., the Canadian delegate, will not sail until the latter part of next month.

The annual meeting of the Young Conservatives will be held in the Cunningham hall this evening, when officers are to be elected. Two factions are contesting for the different offices.

DEPUTY SHERIFFS FIRE ON JERSEY STRIKERS

Clash Occurs Between Old Employees of Fire Proof Company and Officers.

Perth Ambroy, N. J., Nov. 25.—A crowd of strikers from among the 900 employees of the National Fire-proofing company at Keasby, who went out for higher wages last week, was fired upon today by a squad of fifty special deputy sheriffs in that village and several were wounded, two seriously.

The strikers, it is charged, had attacked various parts of the plant and by their throwing stones through windows had injured several men and women employed in the office.

Governor Fort has been informed that militia may be needed and all saloons were ordered closed. Further rioting is feared tonight.

LOCATE GOLD CLAIMS BY LANTERN LIGHT

Nearly Forty Properties Have Been Filed on Southeast Chehalis—Practical Miners Work.

Chehalis, ov. 25.—The gold excitement in the vicinity of Mayfield, southeast of this city, on the Cowlitz river, shows no sign of abatement. New claims are being filed on daily and the notices of location filed with the county auditor. Up to date, nearly forty claims have been filed on, and as each entry is made, specimens of ore taken away and shown, there are numbers of others who are ready to go to the region and try their luck. So intense was the excitement last week that claims were being located by lantern light. Some claims were being jumped. One Seattle party, who located some claims a few weeks ago, has sent some practical miners to the claims to begin operations.

RAILWAY RELIEF FUND PROVES SUCCESSFUL.

Chicago, Nov. 25.—More than $25,000,000 has been paid out by the employees' relief funds of the Pennsylvania railroad system, both east and west of Pittsburg, since the organizations of the departments. Since July, 1889, on the lines west of Pittsburg, and since February, 1886, on the lines east, the sum of $15,050,644 has been paid to members who, because of illness or accident, have been incapacitated for work. The remainder, $10,276,227, has been paid to the families of members who have died.

Reports of the operation of the fund for the lines west show that during the month of October the payments amounted to $40,310. Of this $26,227 represented the payments to members disabled by illness or accident and $14,083 the amount paid in death benefits. The total payments for the lines west since the organization of the fund amounts to $6,841,118.

KNIGHTS OF PYTHIAS INVITE W. J. BRYAN.

Portage La Prairie, Man., Nov. 25.—The official visit of Grand Chancellor W. A. Elliott to Prairie Lodge No. 8, K. of P., was made the occasion of an interesting announcement that he had invited W. J. Bryan to attend the meeting of the grand lodge, which will be held here in June, and fully expected that the famous orator would come. Mr. Bryan would probably address a public meeting in the afternoon and a gathering of K. of P. members in the evening.

Immorality in Cardiff.

London, Nov. 25.—A member of a deputation who waited upon the Cardiff Watch committee on Monday with reference to the city's immorality declared the town to be the worst he knew of, and he had visited the principal cities of the world.

Smallpox in Lumber Camps.

Peterborough, Ont., Nov. 25—Smallpox has broken out in the lumber camps in Cavendish Township, in the north of Peterborough County. There are eight cases.

There is no Government inspection in British Columbia; therefore to know that you are eating carefully inspected Meats is safety

The Reichenbach Co., Ltd.

Wholesale and Retail Butchers - - - - Columbia St., New Westminster

Swiftwater Bill Gates Takes Another Wife Unto Himself

Spokane, Nov. 25.—"Swiftwater" Bill Gates, he of the many divorced wives, married Miss Sadelle Mercler, aged 18, of this city, at Coeur d'Alene, Sunday. Bill's real name is not Gates, but Anhauf. He keeps the name Gates because that is his mother's present name, and by it he is known far and wide.

Miss Mercler is a beautiful girl, with abundant dark hair, a fair complexion and dark eyes. She is a stenographer. It was her beauty, so her mother states, that first attracted Mr. Gates, and once he had seen her he watched her at every opportunity, followed her to the shows in the evenings and haunted her ways till he learned her home was with her mother, Mrs. Violet Erichson, who conducts the Webster hotel, at 417½ Sprague avenue.

Thither went Bill to board at once, where he lost no time in suing for her hand. The story of his offer of marriage is told by Mrs. Erickson as follows:

"I didn't want her to be married for two years, but then I guess Mr. Gates will be good to her. I told him if he didn't treat my girl right I wouldn't only go for him. I'd do worse than that You know I had often read of "Swiftwater" Bill, and I just wanted to meet that man to tell him what I thought of him. The idea, a man with four wives, but he says there were only three, and that two of them were dance hall girls. When he first came I was dumfounded. I told him, 'No, sir; you can't have my Sadelle. You're a regular bluebeard.' But he said even the devil was not as black as he is painted, and that he loved her. That was a month ago, and he left his hotel to come here, where he could get acquainted with her." Asked what were the future plans of her husband and herself, Mrs. Anhauf replied: "Well, we are going to Europe for a few months, and after we come back we may go to Alaska. If I can have my way about it, I never would go to Alaska at all. Oh, maybe I won't have to anyway." He may have another wife by that time."

Mr. Gates was reticent about his affairs, but vouchsafed the statement that he was going to Europe to "handle a proposition there." "We will almost surely go. They offer us a pretty good bunch of money and will pay our expenses. I haven't got any money now but I'm going to make some. We will be in Europe three or four months, and then come back to Spokane. After that I may go to Alaska, but that is not known."

HAYTI REVOLUTION IS USHERED IN WITH CRIMES

Big Quantities of Ammunition Being Rushed to the Front—One General Has Been Executed.

Port Au Prince, Hayti, Nov. 25.—The revolution against President Nord Alexis has been fanned to a brisk flame today through the announcement of the capture and execution of General Le Conte, minister of the interior; the captain of the gunboat Croyant, after a short battle with the gunboat Centennaire, and the decision of the towns of Jeremie and Aquin to side with the rebels.

Anxiety is felt at the capital over the lack of news from General Celestin Gyriaque, the minister of war, who, with General Le Conte, was sent out by the president to quell the uprising at Aux Cayes, headed by General Antoine Simon.

New troops are being recruited by the government, and big quantities of ammunition are being rushed to the front.

Forty-Million-Dollar Deal Closed.

Philadelphia, Nov. 25.—A deal was completed her today whereby control of the $40,000,000 Lake Superior corporation passes from Philadelphia financial institutions to interests represented jointly by New York and Philadelphia parties. The deal ends a long struggle between interests represented by the Canadian Improvement company and local banks.

RAIN SAVES LIVES WHEN BUILDING FALLS

Workmen Quit Because of Wet Weather; Structure Collapses Soon After.

San Francisco, Nov. 25.—With a thunderous crash the steel work of three stories of the new university club building at Powell and California streets fell today. Scores of persons were passing at the time, but the twisted mass of steel settled within the property line and none were injured.

The structural iron workers had been ordered to wait until the rain had ceased before beginning work. The order undoubtedly save many lives. The steel work for three stories was in position, but much of it had not been riveted. A strong gale loosened several channel irons, and when a column fell the rest of the steel went down with it.

WIRELESS MESSAGE SPANS THE PACIFIC

San Francisco, Nov. 25.—A wireless station in this city reports tonight hav overheard during the last fortnight code messages which are believed to have been sent from some station in Japan. To confirm the local company's belief that the messages have come from Japan; Honolulu wireless station is said to have heard the same code messages. The Japanese station is over 6,000 miles on an air line from this city, and should the signals which have been sent in the Japanese code have originated in Japan, the wireless record will have been broken by over 3,000 miles.

Germany is Interested.

Berlin, Nov. 24.—The speech delivered in the British house of lords yesterday by Field Marshal Lord Roberts, in which the speaker, hinting at the possible German invasion of England, said that a million men were needed on shore to protect England from such a contingency, has aroused considerable interest here.

SWITCHMAN ELLIS IS COMMITTED FOR TRIAL

Sworn Statement Put In by Man Accused of Manslaughter Is Contradictory

Vancouver, Nov. 25.—Upon evidence of eight witnesses and his own written statement William Ellis, the Cedar Cottage switchman, held on a charge of manslaughter in connection with the accident of November 7, was today committed for trial by Magistrate Alexander.

The evidence, largely a repetition of that given at the inquest, was to the effect that the outgoing Vancouver car had stopped at Cedar Cottage, J. N. Ferguson, T. Lawrence and Miss Blythe Sager, all passengers on this car so testified.

The statement voluntarily made and signed by Ellis at the time of his detention as a witness on November 10 flatly contradicts all three when it says:

"I threw the signal for Jamieson to stop but he did not do so. I had to jump out of the way and he went by."

Although Ellis used the name of Jamieson he mean McDonald, the motorman on the Vancouver car, Jamieson being the motorman on the incoming Westminster car. Both were killed.

Ellis also says in this signed statement that he told Motorman McArthur on the last Vancouver car which he had boarded until they reached the wreck, that "the line was not clear."

Today Motorman McArthur told the court that he had asked Ellis several times if the Westminster car had passed in, and he replied that it had.

"He also told me that 'the coast is clear,'" added Conductor David H. Miller of this car.

John Herring, Motorman Walter Goring of the Grandview car, William E. Dunlop, manager of the interurban lines, and Colin Campbell of the provincial police were the other witnesses. Mr. Dunlop put in evidence, the orders under which Ellis had been acting, as an additional precaution against accident in foggy weather, and Mr. Campbell putting in the statement signed by Ellis.

Upon the advice of his counsel, Joe Martin, K. C., Ellis made no statement at the close of the evidence submitted by the crown, represented by W. E. Burns.

GERMANY DEMANDS TWO CENT POSTAGE

Berlin, Nov. 25.—Various chambers of commerce in Germany are petitioning the imperial secretary of posts to establish in the interests of trade a two-cent postage rate between Germany and the United States such as now exists between England and the United States.

The chamber of commerce of Elberfield yesterday passed a resolution expressing its ardent desire that the empire follow the example of Great Britain and close such a convention with the United States. Business houses in Germany today send their packets for United States by mail to England to be reposted there under the lower rate.

PLAN ON TO CONSOLIDATE CHICAGO STREET RAILWAYS

Chicago, Nov. 25.—As stated by the Associated Press several days ago, a plan is in progress for the consolidation of all the street railroads of Chicago, both surface and elevated, together with some sort of deal with an electric company to furnish electrical power for all the lines. The plan involves a $246,000,000 corporation, to be organized for the purpose of this consolidation, with J. P. Morgan and his New York and Chicago business associates as controlling force.

PROSPECTUS

Pitt Lake Brick and Cement Company, Ltd

NEW WESTMINSTER, B. C.

Having been authorized by the Company to sell stock of the above Company I hereby submit to the public the following particulars: Capital, $100,000. One thousand shares at $100.00 each at par.

Subscription list is opened today for $30,000 only, there being applications already made for $40,000, and the list will remain open for ten days, when it will be closed. Should the amount be over-subscribed by the public, there will be issued to the subscriber his proportion of shares applied for.

The following gentlemen have interested themselves previously to the registration of the company:

E. J. Fader	$20,500.00	Thomas Freeman	500.00
H. P. Naylor	10,000.00	T. S. Annandale	500.00
Dr. R. E. McKechnie, Vancouver	1,000.00	Percy Shadforth	500.00
E. P. Bishop	1,000.00	John A. Montgomery	300.00
Dr. J. W. Thompson, Vancouver	500.00	Charles E. Doherty	500.00
W. H. Keary	500.00	Mrs. F. P. Bishop	100.00
T. S. Hall, M. D.	500.00	Miss Eagle	100.00
W. G. Schroeder	100.00	Edwin R. Fitzgerald	500.00
J. E. Allan	500.00	White & Shiles	500.00
Joseph Reichenbach	500.00		

NO APPLICATION WILL BE RECEIVED AFTER TEN DAYS FROM THE ABOVE DATE.

The offices of the Company shall be at the Northern Crown Bank, 248 Columbia Street, New Westminster, B. C.

Present Directors of the Company are:

E. J. FADER, Lumberman, President and Managing Director.
J. REICHENBACH, Wholesale Meat Merchant, Vice-President.
J. E. ALLAN, Bank Manager, Secretary-Treasurer.
H. P. NAYLOR, Vice-President Berg Machinery Manufacturing Co.
W. J. WHITESIDE, Solicitor.

BANKERS—NORTHERN CROWN BANK.

The Solicitors of the Company are Whiteside & Edmonds, New Westminster, B. C.

Any person subscribing $500.00 or over may become a Director of the Company upon application, subject to the approval of the Board.

It is proposed to issue the stock on the instalment plan, 20 per cent. upon application, and 20 per cent. monthly until fully paid.

The property the Company proposes to take over is known as Timber Berth No. 400, and situated on Pitt Lake, covering an area of 214 acres tributary to New Westminster and also two mineral claims situated in the middle of said property, covering an area of about 3000 feet by 1500 feet wide, and known as the Silicon Mineral Claim No. 1, and Silicon Mineral Claim No. 2, which when Crown granted entitles the Company to all the mineral rights therein under the Laws of the Provincial Government of British Columbia. The timber berth covers all the rights to all the timber thereon the said area mentioned which has abundance of timber to supply the plant with fuel and timber for many years to come.

The property is situated adjacent to the shore of Pitt Lake which is a distance of about twenty-eight miles from the City of New Westmnister, and affords navigation all the year round for steam boats and river boats and barges and has an ideal harbor where the said plant will be erected to operate on the ground. On this property there is a large deposit of clay of a cement nature which is very accessible, the bench of clay being over fifty feet high above the level of the water, which affords easy access to excavation. The clay bank mentioned is between 2000 and 3000 feet long by from 300 to 500 feet wide and affords a natural incline for transportation from the bank to the plant which will be a distance of about only 400 feet from the lake shore. The clay has been thoroughly tested by the Berg Machinery Manufacturing Company, of Toronto, which was reported on in report hereto as follows by H. P. Naylor.

The Pitt Lake Brick & Cement Company, Limited, New Westminster, B. C.

Gentlemen,—I hereby beg leave to report to you that I have on the 4th day of October, 1908, examined the property above mentioned in your prospectus on Pitt Lake and have found the material on the property to be the same as that sent to us for testing by Mr. E. J. Fader, of New Westminster, which has given the following results, that is to say. Some few months ago samples were sent to our Toronto plant by Mr. E. J. Fader for testing. We found on analysis that this clay contained properties of a very unusual nature containing almost every mineral necessary for the making of Portland Cement. We found by drying in a rotary kiln and pulverizing and pressing that we could make brick from it without burning that was superior in our opinion to any brick manufactured in Canada, being perfect in appearance, extremely rigid and of great fire resistance, and also non-porous, such as we have furnished the Pitt Lake Brick and Cement Company and stamped "Berg," which speaks for itself. My Company, namely the Berg Machinery Manufacturing Company, Limited, has guaranteed to the Pitt Lake Brick & Cement Company the manufacture of those brick at a cost on the ground not to exceed $4.00 per thousand as per exhibit. The brick was tested in the School of Practical Science of Toronto and the crushing test was 3,740 lbs. to the square inch. (Signed) H. P. NAYLOR,
Vice-President Berg Machinery Manufacturing Company.

The following is the report of J. O'Sullivan as to the fire test: Vancouver, B. C., June 29th, 1908.

E. J. Fader, Esq., New Westminster, B. C.

Dear Sir,—I beg to report that the present silica brick submitted by you for fire test was subjected to a white heat in my wind-furnace i.e., to a temperature ranging between 1300 and 1400 degree centigrade or 2372 to 2552 degree Fahrenheit for 1¾ hours without disintegration. The only effect of this great heat was to cause a slight crack in the brick due mainly to the escape of steam from the water of combination of the plastic material of the brick. In my opinion a building constructed of this brick would withstand the destructive action of fire, and can therefore be used with perfect safety. Yours faithfully, J. O'SULLIVAN, F. C. S.

It can readily be seen from the above report that the brick intended to be manufactured by the Pitt Lake Brick & Cement Company, Ltd., can be placed on the market at such a price that no other pressed brick manufactured in Canada can compete with it.

It is the intention of the Company to proceed with the erection of the plant at the earliest opportunity and place the brick upon the market of British Columbia and other places where a market can be had. Mr. E. J. Fader has agreed to sell to the Company the whole of his interest in the said property as above mentioned for the sum of $30,000, payable as follows: $2000 in cash, and $28,000 in stock in the Company. Apart from this Mr. E. J. Fader subscribes to the Company for $20,000 treasury stock, which he agrees to pay within two years.

This proposition, without exception, is believed by most expert men to be one of the best brick propositions that has been placed upon the local market, considering the fact that the brick in question is a waterproof brick, which as far as we know, cannot be found in the whole Dominion of Canada, and has all the qualities of a first class brick. As you will note from the above report by Mr. H. P. Naylor, it has a crushing test test of 3740 pounds to the square inch, which it is doubtful if any other brick made can equal. Apart from this, it is a handsome brick and will make a very pretty finished building.

The subscriber can easily judge from the cost of the manufacture guaranteed by the Berg Machinery Manufacturing Company, namely $4.00 per M what an enormous profit there must be made from the proposition, considering the fact that our local pressed brick and Seattle pressed brick is placed upon the market above $20.00 a thousand, places us in a position as you will readily see to cut those prices in two, if necessary, and then make 500 per cent. on our output, and I see no reason why the people of New Westminster should permit the outside public to take up this stock when they have at their door a proposition which cannot be surpassed by any which have been formed in British Columbia. I have already formed several companies here that the public of New Westminster know, and have made for foreign capitalists enormous sums of money which really should have remained at home. This is the first time that I have formed a company in New Westminster and asked the present public to subscribe, and I want you to plainly understand that I am not doing so with the object of coaxing you into the proposition. I am merely offering it to you as a good, solid, bona fide investment, and I am giving you the first opportunity to subscribe and at the same time knowing that the stock will be readily subscribed within thirty days in the East. I therefore consider those who have the money to invest should not lose the opportunity as there is not the slightest doubt that this Company will pay enormous dividends. Work commenced on the ground last week, and a gang of men is now clearing a site for the plant and opening large cuts into the clay, so that visitors may have an opportunity of visiting the property and seeing for themselves at any time.

The Company anticipates having the plant running within six months from the above date, and you therefore should not miss the opportunity of getting in your application at an early date.

Samples of the brick and clay may be seen at my office at the Northern Crown Bank, New Westminster, and any further information that any subscriber wishes to know, I shall be pleased to give them such particulars at my office.

Ladies or gentlemen are invited to subscribe. (Signed.) E. J. FADER, Promoter.

PITT LAKE BRICK AND CEMENT COMPANY, LIMITED.

To the Directors of the Pitt Lake Brick & Cement Company, Limited, New Westminster, B. C.

Gentlemen,—I hereby make application for ..... shares in the above named Company of One Hundred ($100.00) Dollars each, and request you to allot me that number of shares; and I hereby agree to accept the same or any similar number that may be allotted to me, and pay for the same as follows:

Twenty per cent. on the signing of this application; and 20 per cent. monthly until paid. And I authorize you to register me as the holder of the said shares.

THURSDAY, NOV. 26, 1908.

THE NEXT SESSION.

Before the Christmas joy bells ring out "Peace on Earth, Goodwill to Men" the parliament of Canada in the ordinary course of events would be in session, but with the absolute necessity of rest for the Premier and the absence of the Postmaster-General in England conferring with the British ministry and hobnobbing with the King and the minister of finance upon change rearranging the public debt of the Dominion the preparation for the impending session will be delayed. We are sorry in this connection that the minister of justice has had to seek further treatment at the hands of European experts. Doubtless this misfortune will be made the subject of another bitter attack upon Hon. Mr. Aylesworth by the front rank of the small opposition forces, instead of taking up the public issues coming within the scope of parliamentary debate. We would suggest that for the good of the country and the strengthening of our institutions, that the greatest publicity be given to the fullest enquiry of every financial question affecting the Dominion and the figures compiled in the most comprehensive manner possible so that the true position may be seen, commencing with the Liberal regime in 1896 and filled in down to the close of the present fiscal year. Then as the session progresses there will come to the surface that all-absorbing question of labor. The bureau is to be raised to the dignity of a department, which in the hands of Mr. King, will become perhaps the most interesting of all the branches of government because the new minister will vitalize it. Then we may expect effective legislation with respect to insurance and notwithstanding that this will be of very great interest to Mr. Borden's first lieutenant, Mr Foster, we think he will want as little said upon the subject as possible and therefore we may look for the close of the session before Easter.

We did not ask Lord Milner to say anything in favor of Canada on the question of the treatment of the Englishman in this country. He had his eyes open while passing through and what he has said is simply a retelling of fact. The Englishman is welcomed to the wide expanse of this great Dominion, if he wishes to become one of us in developing its vast areas and gets busy, but if he comes with any cut and dried notion that we are unaware of our responsibilities and privileges and that we are behind the times, he had better give his transportation to some intelligent neigubor and send him along as his proxy. Lord Milner, according to his reported statement, must have met sufficient Englishmen doing well in this country to warrant his declaration that there was a wealth of opportunity in Canada for men with brains and energy, even if they only possessed limited funds.

It must be a little galling to the croakwumps who spent so much time and energy in belittling the work of Postmaster-General Lemieux to find him very much in the company of King Edward. His Majesty's command for the attendance of Hon. Mr. Lemieux not only at state functions, but at private dinners, shows that the King values his services to the empire.

The Licensing Bill is to get the axe in a summary manner when it shows up in the House of Lords. The Bishops of the Scarlet Chamber regard any interference with the settled habits of the masses as unwarranted and only tending to create a very much more deplorable condition of making the honest freeborn British workingman a hypocrite and a sneak.

MARITIME EXPRESS IN A BAD SMASH

St. John, N. B., Nov. 25.—The maritime express which left Moncton last night, was badly wrecked at 5:30 o'clock at Cedar hall this morning, north of Campbellton. No lives were lost. The train was going at regular speed when the accident occurred. The baggage car left the rails and was thrown on its side. The colonist car, first-class passenger car, diner and two sleeping cars filled with sleeping passengers all left the rails, but were not overturned.

DERELICT SCATTERS SALMON ALONG SHORE

Prospector Finds Alaskan Coast Dotted With Canned Fish From Coronation Island Down.

Sitka, Alaska, Nov. 25.—A prospector while coming home from Red Fish bay, on the southerly end of Baranoff island, came across the derelict bark Star of Bengal, bottom up. While going in shore and around the many bays he found canned salmon everywhere. In fact, it is strewed all the way from Coronation island up to Cape Edgecombe, a distance of nearly 300 miles. The Sitka special agent of the Times has a sample can of salmon that made the trip, it being presented to him by the Alaska prospector.

SCHMITZ' BONDSMEN CANNOT BE FOUND.

San Francisco, Nov. 25.—The sheriff's office reported today as being still unable to find William J. Dingee, who with Thomas H. Williams gave joint bond for $400,000 to secure the release of ex-mayor Schmitz on bail.

Dingee is wanted to show that his financial standing is still good. Judge Dunne granted a continuation of the case until Monday.

GREATER BARGAINS and BIGGER PRICE REDUCTIONS THAN EVER!

We are after the business. We have the goods, too, and at prices never before quoted in the west. It makes no difference what department—in every section the same rigorous price reduction is noticeable. Come and investigate, see the values for yourself and save many dollars.

.. Important Millinery Announcement ..

We have disposed of our millinery stock and have leased our present millinery premises. In selling same, however, we gave our stock at a certain figure. In taking stock we find that goods far in excess of the amount stated to our purchasers is in the section. So we are making a whirlwind sale of seasonable millinery in order to reduce this stock to a certain low figure. This must be accomplished before the 1st of December. Everything in the millinery section is cut in half. You know what enormous saving this means to you. No reserve; but the lowest possible prices on every article right in two.

All members of the Westminster football club are requested to attend the monthly meeting of the club tonight at Murchie's parlors. A number of matters of importance will arise.

Tomorrow afternoon has been fixed by the directors of the Fraser River Lumber company to receive the members of the city council and board of trade, and show them over the new mill besides with the latest features in mill machinery. The party will take the afternoon train.

The opportunity to purchase pictures reproduced from the Simon Fraser collection of the provincial government is not being taken advantage of as should be the case, and if the citizens do not make more use of this chance, they will lose the best opportunity of possessing cheap pictures of the oldtimers.

A report was made on the progress of the Sons of England banquet on December 14 at the Russel hotel, to the Rose of Columbia lodge last evening. It is not known yet how many will attend the function, but the number will certainly be large. Another meeting of the lodge will be held before the banquet takes place.

A lecture on California will be given in the Science hall at Columbian college by Principal Sipprell, Friday evening of this week. The material for this lecture was secured mostly during the past summer, which the Principal spent in the southern clime, recuperating from his severe illness. A large number of stereopticon slides will be used in illustrating the address.

At the residence of Mrs. J. R. Gilley this afternoon there will be a meeting commencing at 3 o'clock, for women voters in connection with the municipal election under the auspices of the W. C. T. U. The invitations have been widely circulated, and a large gathering is expected. Mrs. Spofford, of Victoria, the provincial superintendent, will probably give an address. It is understood that a temperance ticket will be considered, and if satisfactory, the list approved.

The Women's Auxiliary of Westminster Hall, the new theological college of British Columbia, are holding a Thanksgiving reception in the college on Saturday, Nov. 28, from 3 to 6 and from 8 to 10. A cordial invitation is extended to all. The furnishing of the building has been done by the women of the presbytery of Westminster and will compare favorably with that of any college in the Dominion. The auxiliary expects soon to be called upon to furnish more dormitories, the enrolment having increased largely since the opening.

Two Hundred Persons Perish When Liner Burns at Sea

Valetta, Island of Malto, Nov. 25.—Nearly two hundred persons, passengers and crew of the Ellerman line steamer Sardina, are believed to have perisaed today when the steamer was destroyed by fire just after she had sailed for Alexandria, Egypt.

The Sardinia was scarcely a mile off Grand harbor when the first sign of fire appeared, but with a strong wind to fan the flames the whole ship soon was ablaze and the passengers and crew had scarcely a chance for their lives.

There was a wild panic on board as the rapidly spreading flames drove the passengers to the rails, and many not waiting for the boats to be lowered, plunged into the sea. Scores are believed to have been drowned. Others trapped by the fire were literally roasted to death.

There were many craft in the harbor at the time of the disaster, and a number of tugs and other swift small vessels rushed to the assistance of the imperilled liner. The high sea and gale which prevailed at the time however made it impossible for them to approach the Sardinia, and they could do little in the way of aid.

The Sardinia left Liverpool November 14 with a cargo of general merchandise for Mediterranean ports. Her crew numbered 44 and 20 first-class and six second-class passengers embarked at Liverpool. Most of her other passengers undoubtedly were Levantines, Maltese and Egyptians. Many of these people cross on the steamers of this line from Malta to Alexandria. It is their custom to pitch their tents on deck for shelter during the four days' trip. The decks were crowded, and this condition undoubtedly made the orderly clearing of the ship difficult. Many women and children were aboard.

Following the fire an explosion blew off the hatches. The crew fought bravely, but the high wind rendered their efforts futile. Tugs sent to the scene are cruising around in the hope of finding survivors.

Up to 3 o'clock this afternoon fifty bodies had been brought ashore from the Sardinia.

SMUGGLER ARRESTED IS IDENTIFIED AS OLD HAND

Notorious Opium Passer Captured by New Officer—Had Fifteen Pounds of "Dope" Concealed at Time.

Bellingham, Nov. 25.—Larry Kelly, one of the most notorious smugglers of the Puget Sound country, was arrested at Custer this morning by United States Immigration Inspector M. C. Farris. The old man was preparing his breakfast by a camp fire near the railroad track and the officer was attracted to the place by the smoke. While he did not know Kelly, being a new officer, he arrested the man on suspicion and an investigation brought to light fifteen pounds of opium. When Kelly was taken to Custer he was met by United States Customs Inspector J. R. Vail, of Lynden, who at once recognized the man. Kelly had given his name as Ward when arrested, but when recognized admitted his identity. He was taken to Blaine for a hearing before the United States commissioner there, and if held for trial, will be sent to Seattle. The impression had gained ground here that Larry Kelly was dead, but this is not the case, the report having gotten out by reason of the death of "Pig Iron" Kelly, who passed away some weeks ago.

CANADIANS PROTEST WHEN BUFFALO ESCAPE POUND

Winnipeg, Man., Nov. 25.—The Canadian government has decided to make a protest to the authorities of Montana against the action of certain persons at Missoula, Mont., who are opposed to allowing the buffalo in the Pablo pound to be shipped to Canada. Howard Douglas, Canada's commissioner, claims that some one opened the rear end of the corral and allowed 250 buffaloes purchased by Canada to escape, after it took weeks to round them up. There is much resentment in the states, it is believed, against allowing this herd to be removed across the border.

FREAK INCIDENTS OF SOUTHERN TORNADO

Little Rock, Ark., Nov. 25.—The known dead number 16, while unconfirmed reports declare that six other persons lost their lives as a result of the storm which swept parts of this state on Monday. Verified reports place the number of injured at 23, three probably fatally.

Several freak acts of the tornado were reported near Hot Springs and Berryville. Schoolhouses were lifted off their foundations and moved, but the pupils and teachers inside escaped.

Typhoid in Ontario.

Ottawa, Nov. 25.—So serious has the outbreak of typhoid fever at Pembroke become that Mayor Fraser has telegraphed for Dr. Hodgetts, secretary of the Ontario board of health. Both hospitals are filled with patients, there being over two hundred.

City Elections

Notice is hereby given to the electors of the City of New Westminster that I require the presence of the said electors at the City Hall on MONDAY, the 7th day of December, 1908, at 11 o'clock a.m., for the purpose of electing a Mayor and three School Trustees for the year 1909, and at 12 o'clock noon of the same day, for the purpose of electing seven persons as Aldermen for the said year of 1909.

The mode of nomination shall be as follows. Each candidate shall be nominated in writing; the writing shall be subscribed by two persons as proposer and seconder, who shall be duly qualified electors and residents in the City; and such nomination paper shall contain a statement signed by the person nominated that he consents to such nomination.

The nomination papers shall be delivered to the Returning Officer at any time between the date of this notice and (in the case of Mayor and School Trustees) 12 noon of the 7th day of December, 1908, or (in the case of Aldermen) 1 o'clock p.m. of the same day.

In the event of a poll being necessary, such poll will be opened on the 14th day of December, 1908, at 9 o'clock a.m., and will remain open until 5 p.m. of the same day at the following places: The Council Chamber, City Hall; the Fire Hall, Sapperton; and the Waterworks Storehouse, at the corner of Auckland and Eleventh Streets; of which every person is required to take notice and govern himself accordingly.

Given under my hand at the City Hall, New Westminster, the 24th Day of November, 1908.

W. A. DUNCAN,
Returning Officer.

Advantages of a Bank Account

It is well to pay bills promptly, but not to pay the same bill twice. Sometimes bookkeepers, by mistake, send out bills after they have been paid. If you pay by cheque, however, the cancelled checks are returned to you, and can be produced as receipts.

Checking accounts are, therefore, more than a convenience. They are an insurance against over-payment. Every man or woman who has little should do so with checks.

ABANDONED BY PUGSLEY

Minister of Public Works Announces His Intention of Getting all Supplies by Tender.

St. John, N. B., Nov. 25.—Hon. W. Pugsley announces that patronage lists will be abolished in his department. Tenders will be called for supplies whenever possible.

After consideration he has decided to abolish all patronage lists in the department throughout Canada, and has given directions to his deputy minister to have the tenders called for in all supplies by public advertisement where possible.

The action is taken, not because it has come to his knowledge that there has been anything wrong with the purchases in the department, but because public advertisement would insure a wider competition and probably result in more favorable prices. The change goes into effect at once.

PLAN IMMIGRATION CAMPAIGN IN FRANCE.

Ottawa, Nov. 25.—J. E. Cyr, ex.-M. P. for Provencher, has been appointed government immigration agent in France. The department plans a systematic campaign in both France and Belgium and will employ moving pictures to advertise Canada.

New Zealand Elections.

Wellington, N. Z., Nov. 25.—The second ballots in the New Zealand elections give the government 11 seats, Opposition 9, and Independents 2, with one undecided. The parties now stand: Government 45, Opposition 25, Independent 5. The Opposition gained 9 and Independents 4.

KING OF PORTUGAL

Mob of Armed Republicans Attempt to Murder Youthful Monarch.

Lisbon, Nov. 25.—King Manuel had a narrow escape from death today at the hands of a mob of armed Republicans and was saved only by the quick and vigorous action of his cavalry guard.

The king was arrayed in the uniform of a field marshal and was riding in an open carriage, participating in the Royalist demonstration.

Without warning the procession was attacked by the Republicans who had concealed themselves at a point of vantage. It was their evident purpose to kill the king, but at the order of his royal highness the cavalry charged the mob.

The driver of the royal carriage lashed the horses, a squad of cavalry surrounding the vehicle and it was driven swiftly to the palace. The cavalry followed the carriage to the palace and then returned and attacked the mob again. The Republicans were so strong that they were able to hold their own until the infantry was called out.

The foot soldiers charged the crowd with fixed bayonets, wounding many who stood in the way. After a hard fight the mob was dispersed. Many arrests were made and the city is in a state of great unrest this evening.

It is believed that Republicans here fully planned the attack to break up the Royalist celebration and assassinate the king. Many shots were fired during the rioting and in the first attack it is said that several bullets passed close to the monarch's head.

THE STAGE

"The Lion and the Mouse."

A notable feature of Charles Klein's "The Lion and the Mouse," which H. B. Harris brings to the Opera House on Wednesday, December 2, is the wholesomeness and distinct drawing of the various characters in the story.

There can not be found in the play a villian, a frivolous matron, a wayward girl, nor an adventuress. Nowadays it is indeed a rare occurrance to visit the theatre without having to hear the doings or misdoings of one or more of such characters on the stage. Mr. Klein has displayed a wonderful knowledge of what is most desired by the public of today over the footlights, and his treatment of the people in this pleasing play shows a delightful sympathy on the part of the dramatist. The cleanliness of "The Lion and the Mouse" has been a huge factor in the remarkable success enjoyed by this interesting and well-told story of certain phases of the money world of this country today.

"Little Johnny Jones."

"Little Johnny Jones," George M. Cohn's phenomenal musical comedy, or, as several dramatic reviewers have captioned it, "musical melodrama", which has been such a tremendous hit wherever presented for the past two seasons, will come to the Opera House on Thursday, December 3, and judging from the advance sale reported, "Little Johnny Jones" popularity is just as great in this city as it is all over the country. Practically the entire original cast will interpret "Little Johnny Jones" here.

TWO LEPER PATIENTS IN CALIFORNIA HOSPITAL

Los Angeles, Nov. 24.—Journeying all the way from Mexico to Los Angeles to learn what was the matter with him, Treneda Ortego, a Mexican, is today confined in the county hospital begging to be told what is his ailment and why the people are shunning him. The physicians declare he is a victim of leprosy. This makes two lepers in the county hospital. Mrs. Elizabeth Wardwell, the other victim, having been brought here from Tombstone, Ariz. The hospital authorities are quoted as saying that both will be deported to Mexico, the place where they contracted the disease.

ARRESTED FOR SENDING BODY THROUGH MAILS

Pembroke, Nov. 25.—Provincial Detective John Miller today arrested Mary Theresa Raymond on a charge of concealing the birth of a child sent from Pembroke to Ottawa on October 13. The dead baby was wrapped up as an ordinary parcel and shipped by express to Ottawa. The girl arrested is not believed to be the mother.

New Smyrna FIGS

We have bought too many figs and are selling them at very low prices:

Two inch figs in one lb. box, each 10c

Three inch fig, two lb. box, each 25c

Valena figs in baskets, each 15c

Three inch Smyrna figs in large boxes, per lb. 15c

These are all new figs, of the very best quality, and the price we are quoting is very low.

HOVERS OVER INDIA

Menace of Serious Uprising Daily Becoming More Acute—Many Murders.

Calcutta, India, Nov. 25.—The situation in India has not shown such a menace of serious uprising as it does today in many years past.

Attacks and attempts on the lives of Englishmen, officials and civilians are of almost daily occurrence. Lord Minto, the viceroy of India, returned here today from the north, cutting short his excursion in this territory for the purpose of considering measures to cope with the native disaffection, which the authorities have been forced to recognize is alarmingly on the increase.

Last night the Bengali made an unsuccessful attempt to kill Public Prosecutor Hume with a bomb in a railroad carriage near Agurpura. There were three other Europeans in the carriage at the same time, but none were injured.

Last Monday night district superintendent of Police Clough was murdered by a native at Lyallpur. The native approached the superintendent while he was asleep and cut open his head with a spade.

The police are taking remarkable precautions to safeguard Lord Minto and this is regarded as most significant.

CHILIAN BARQUE IVANHOE HAD TROUBLE IN GALE

Much interest is centred in the arrival of the bark Ivanhoe, which will load lumber at the Fraser River Sawmills this week, for she will be the first Chilean bark to take on a cargo at this mill, and on the manner in which she is handled there will depend a good deal of future trade.

Captain Kluth, of the Ivanhoe, made a fast run up from Valparaiso, getting off Cape Flattery in 39 days. A heavy gale caused the cargo ballast to shift slightly, and after driving into the straits the head winds forced the bark out to sea again, and she stood off and on until the Lorne picked her up and towed her into the Royal roads Sunday. She will load 1,000,000 feet of lumber for Valparaiso.

USE CRIMINALS FOR MEDICAL EXPERIMENT.

San Francisco, Nov. 25.—Whether criminals condemned to die may be ordered by the state to submit to inoculation with the germs of tuberculosis is the question that is agitating lawyers and physicians here today. The discussion arose from the request of Dr. Wallace Briggs, vice-president of the state board of health, to the state prison directors that doomed men be turned over to the medicos for experimental purposes in the interest of science.

Strang for Railway Commissioner.

Winnipeg, Nov. 24.—It is announced here that Andrew Strang, a wholesale liquor merchant of this city and prominent Liberal, will be appointed a member of the railway commission, succeeding the late Hon. Thomas Greenway. Premier Murray of Nova Scotia is also an applicant, but Strang will get the appointment as westerners must be represented.

Open Town Candidate Retires.

Winnipeg, Nov. 25.—C. H. Forrester retired from the mayoralty contest today, stating that he was disqualified, being still a subject of the United States. He favored segregation of the social evil.

MANY OPPORTUNITIES TO SAVE BY Buying Our Special LINES

We are continually offering exceptional values in seasonable merchandise of every description. Note carefully the low pricing for this week.

TWO SPECIAL SNAPS IN Ladies' Union and Wool Combinations

An opportunity to clean out the balance of a wholesaler's small stock at a big reduction was seized by us. We give our customers the benefit of our fortunate purchases.

At 95c each:

Two dozen only at this price, and we shall immediately clear them out so as not to interfere with our regular stock. Sizes are 32 to 38, and the regular price would be $1.50 each; while they last, each 95c

At $1.50 each:

Thirty only ladies' wool combinations of exceptionally fine, soft finish, good weight and nicely shaped; all sizes. Regular values $2.25; while they last, each $1.50

Ladies' Wool Undervests 50c each

The greatest snap which we have picked up in ladies' underwear for some time. You will think the same about them when you see them. Full large sizes, soft and comfortable.

Regular value in the usual way of buying them would be 75c each. We sell the lot while they last at, each 50c

Attractive AND Serviceable Voille SKIRTS

Made of fine French black voile with thirteen, fifteen and seventeen gores; full large and nicely flared, trimmed with rows of ribbon of varying width around bottom or down seams. One particular line is made in directoire style; a most handsome skirt. Prices range from $8.75 to $20.00

ONE LOT Ladies' Tweed COATS Half Price

Twenty only in this lot, but there is no reason why you should not have one if you come early. They are made of all wool grey tweeds; three-quarter length, trimmed with straps and buttons. Regularly priced at $8.00, $12.50 and $18.50. Now half price at $4.00, $6.25, $9.25

Black Sateen and Moreen Underskirts AT 95c each

Regular $1.25 and $1.35.

Full flare gored underskirts with deep accordeon pleated frills. Sold usually as a special value at these regular prices. This offers an exceptional snap for this week; lengths are 38, 40 and 42 inches. Each ..95c

Pleated Delaines NOW 60c per yard

Regular 75c.

Forty-two inch all wool delaine in half inch pleat; adaptable for use in ladies' and children's skirts; colors navy, brown, cardinal, sky, cream and black.

Ribbon and Silk Ends UNDER-PRICED

Suitable ends of plain and fancy silks, wide Dresden and striped ribbons for fancy work bags, etc., in lengths of from half to one yard.

Hundreds of remnants of baby ribbon and other narrow ribbons in all widths, patterns and colors.

NEAT and Comfortable Neck Mufflers

Two popular styles shown in these all wool neck protectors. One style is 24 inches long and five inches wide at the ends, narrowing considerable around neck. The other style is made in chest protector shape with band collar fastened at back of neck with dome fasteners; colors are navy, sky, Alice blue, cardinal, brown, black and white and mixed patterns. Each 65c and 75c

ANOTHER NEW LOT OF Frilling and Neck Ruches

It seems as if we could not get these dainty frillings in fast enough; the demand for them seems to grow every day. A new assortment has just arrived by express consisting of wide and medium width frillings; Bess collaretts and boxed frillings in all shades of sky, pink, Maine and cream and black and white.
