SAPPERTON DISTILLERY GETS CITY WATER

Council Reserves Right to Tap Main at Any Tir ---Opening of New Streets Planned---Dr. Jon Is Appointed Health Officer---Other Council B ess.

The civic estimates for the current year are now ready for discussion, but owing to the pressure of business at the committee of the council meeting last night, had to be laid over. Dr. Jones was appointed health officer and an agreement will be drawn up defining his duties. After discussing several matters, the committee reports were gone into, and much important business transacted. The Mayor and all the aldermen, with the exception of Ald. Garrett, were present.

A deputation from the B. C. Distillery, composed of Messrs. Morals, Brae and Campbell, waited on the council last night, with a request that the city lay water pipes from Columbia street to the distillery. The proposition made by the company was that if the city would guarantee the labor the company would furnish the pipe. It was decided to accept the offer of the company, the city reserving the right to tap the main whenever convenient or necessary for the city. Applications for the position of health officer were received from Drs. Rothwell and Jones. The application of Dr. Jones was accepted unanimously, Mayor Keary declining to vote. It was decided that an agreement should be drawn up defining the duties of health officer; it was suggested also that the new officer, in addition to the usual duties of milk testing, general health and school inspecting, should attend to city patients in the hospitals. The majority of the council considered that if the extra work be added, the salary which at present is $25.00 per month, should be increased on account of the extra work which was not included in the present duties. One clause of the agreement will probably be that schools be inspected once a month, and a report presented to the school trustees.

The matter of a sidewalk on the north side of Seventh avenue, between Twelfth and Sixteenth streets, was discussed at length, there being an opinion that a sidewalk was not necessary. Ald. Gray spoke strongly in favor of the sidewalks, and it was decided that one should be laid between Twelfth and Fourteenth streets and continued to Sixteenth street, as soon as the buildings alo ne street warranted it.

The council of Burr having offered cooperation in e matter of opening up Fifteent' reet, the city will request Burnaby to commence work immediately, and they will stand half the expense. An application from a new company to erect poles within certain parts of the city limits, was referred back for further information.

Ald. Henley suggested that as a great many houses were being built along streets that were only partially cleared, the city should see to the clearing up of these streets before building operations were commenced, as after buildings were put up no blasting of stumps could be done, which consequently increases the cost of clearing. The suggestion was readily adopted.

A suggestion from the mayor, that the street ends be attended to immediately, was endorsed. Ald. Gray remarked that the pole at the end of Eighth street, bearing the red light, was no longer safe, and it was decided to cut part of the pole off, place the red light on top, and an arc light lower down. Ald. Shiles will inspect the piles under the market wharf, as they are reported to be in a very unsound condition. An application from the Imperial Oil company for two lots for a site, was granted, the consideration being $3,000.

The mayor informed the council that he had been waited upon by a deputation from the Women's council, with a request that the city council aid in entertaining a party of ladies who will attend a convention to be held in Vancouver towards the end of June. The business of the convention having been transacted, the members will come over by special tram. The city council will second the efforts of the Westminster Ladies' council and an enjoyable time in in prospect; a tour of the city and boat ride above the bridge, being decided on.

It was decided to call for tenders for the building of an addition to the park ranger's cottage.

The tenders for water works supplies, and police clothing were in, but no contracts will be awarded until next Monday. A special meeting will likely be called for the purpose of going into the estimates.

HIGH FINANCIER LANDS IN JAIL

UNAUTHORIZED TICKET AGENT IS ARRESTED ON SERIOUS CHARGE—C.P.R. THE VICTIM.

Charged with having appropriated a number of tickets while employed as night watchman at the C. P. R. depot for a few days, in the absence of J. Walmsley, who was laid up at the time, an American, who has been working at the Brunette Saw mills for some time past, was arrested yesterday evening by Acting Chief Bradshaw, and taken to the police station, where he spent the night. It is said that the man, while looking after the company's interests, also looked after his own, and took a number of tickets from a book in the agent's office, which, with the date stamping machine, he stamped the tickets with advance dates, probably with the intention of selling the tickets later in the year. A search of his trunk at Sapperton resulted in five tickets to Montreal and Toronto being found, and seven are known to be still missing. It is not known exactly how many tickets were taken, the shortage having been discovered only a few days ago by W. Maxwell, ticket agent.

Detective Buller, of Vancouver, was placed in charge of the case, the local police not being informed until last night, when the arrest was made. The man denied any knowledge of the missing tickets, and helped to search his trunk, with disastrous result to himself, as some of the missing tickets were found in an envelope. The police hope to find the other tickets within a day or so, as they do not believe that any have been used as yet. The tickets recovered were dated several months ahead, and it was only by chance that the theft was discovered by Mr. Maxwell, as they had been removed from among the last in the ticket book, and had been cut off close to the binding.

WISE WINS.

Two Straight Falls Secure Championship and $200 purse.

The wrestling match between Arthur Wise, of this city, and J. Taylor, of Vancouver, held under the auspices of the National Sporting club of Vancouver, last night, resulted in favor of the Westminster boy, who secured two straight falls. The match was one of the hardest contested and most determined that has been witnessed for some time in Vancouver, both men being in the best of condition and went at the game for all they were worth right from the start. Wise got the first fall with a half Nelson and neck hold, in 39 minutes, and the second with a half Nelson and arm hold in 36 minutes. A number of the Westminster sports were over and, as a result of the victory, came home quite a few dollars to the good. Stanley Keefers, of Vancouver, refereed the match.

BROKEN MESHES.

Dunsmuir Disturbs Fishing Operations and Does Damage.

A suit for damages is about to be entered against the owners of the tug Dunsmuir by W. Insley, a fisherman, who asserts that the captain of the Dunsmuir carelessly allowed the tug to bear down upon his net, yesterday morning, carring away about ten fathoms of it, and rendering it practically useless. The damage is estimated at about $200, and Mr. Insley proposes to bring a suit to recover damages for this amount. The captain of the Dunsmuir informed the fishermen that he was steering for the spar buoy, and did not see the net.

Stevens is Threatened.

H. H. Stevens, secretary of the Moral Reform Association, of Vancouver, who has been one of the active figures in the abortive attempt to exterminate vice in that city, has been threatened with tar and feather decorations if he persists in his campaign.

Curzon Chancellor of Oxford.

London, arch 15—Lord Curzon, of Kedleston, ex-viceroy of India, was elected chancellor of Oxford University yesterday by 1,111 votes against 430 cast for Lord Roseberry.

GUICHON HOTEL WILL BE ENLARGED

UPPER STOREY OF BURR BLOCK TO BE ADDED TO HOSTELRY—WINDSOR IMPROVEMENTS.

The hotel Russel, which is about to be built by E. J. Fader, will have keen competition to face within twelve months of its completion, two other local men having anonunced their intention of bringing up their hostelries to a standard that will equal, if not surpass, the new caravanserai which will be built this year. These two claimants for premier honors are E. J. Crean, of the Guichon hotel, and P. O. Bilodeau, of the Windsor hotel.

While discussing the Russel hotel yesterday afternoon, Mr. Crean remarked that the Guichon would be closed for a few months towards the end of the year, in order to allow certain important additions to be made. Mr. Crean explained that the entire upper storeys of the Burr block would be connected with the Guichon quarters, and that, by this addition, the number of rooms in the Guichon would be brought up to nearly one hundred. The offices and stores on the ground floor of the Burr block will be left as at present, but the Guichon hotel will be entirely remodelled, at a cost of about $20,000. The Burr block and the Guichon hotel belong to Thompson Bros., stationers, of Vancouver, they having purchased the property about six months ago. Mr. Crean has a lease on the Guichon for the next three years, and intends to renew it after that date if possible. After all alterations are completed, Mr. Crean promised that his place will be second only to the Hotel Vancouver. The alterations will not be made until after the Russel hotel has commenced business.

P. O. Bilodeau, of the Windsor hotel, is also remodelling his premises, and is having new furnishings placed in every room of the hotel. The new furniture is the best at present in use in any hotel in New Westminster, and is costing Mr. Bilodeau a considerable sum. The upper rooms are now almost completely furnished with the new furniture, while the dining room is having new chairs and tables installed. Extensive improvements will be made in the office, sitting room and bar, and the present quarters will be enlarged by the removing of a wall at the rear of the bar. The Windsor enjoys the largest trade of any hotel in this city, every room being occupied day after day.

PITTSBURG FLOOD SUBSIDES.

Hundred Thousand Persons Thrown Out of Employment.

Pittsburg, March 15—The crest of the flood passed this city at 6 a.m. At 8 o'clock the rivers began to show signs of falling. No immediate danger is apparent at this hour. The rivers are rushing out at a terrific rate, but at this point fears are considerably allayed.

After passing the highest stage ever known, thirty-seven feet, the water slowly receded. Enormous damage has been caused. More than 100,000 persons have been temporarily thrown out of employment. Every transportation company in the city is crippled and skiffs are carrying hundreds to their places of business. The utilization of wagons and horses as conveyances, which did valuable service yesterday, were discontinued owing to the strong protests by the humane society.

Spring Stock Show.

Active preparations are being made for the Spring Stallion and Fat Stock show which is to be held in this city on Wednesday, Thursday and Friday of next week, and from present indications, the show will be a most successful one. A large number of well known ranchers have announced their intention of exhibiting their cattle and horses, while the sheep class will also be well represented. An auction sale will be held on the last day of the show, when fifty pure bred animals will be sold, including four stallions and thirty bulls. All animals purchased at the sale will be delivered by the transportation companies at special rates. As an inducement to outsiders to attend the show, the promoters have arranged with the C. P. R. to issue a one fare rate for all persons residing west of Revelstoke.

PROSPECTS FOR STRIKE ARE ROSY

Five Thousand Workers Discuss Advisability of Quitting Work in Seattle---Jenkins and Jones Make Trouble Between Unions and Master Builders.

Seattle, March 15.—Five thousand workingmen in the building trades unions, including skilled and unskilled men, will be laid off and the biggest labor war in the history of the city will begin next Monday, unless there is a speedy agreement concerning wages between the Master Builders' association and the labering men.

Notice to this effect was served on the officers of the Building Trades council today by a committee of the Master Builders' association.

Yesterday afternoon, union carpenters on a building on Madison street, were called off the job by the walking delegate because Jenkins & Jones, the contracting firm, refused to employ union laborers in the building laboring line. The union demanded the $3 scale and the contractors would not pay more than $2.50. The union men quit work and non-union day laborers were substituted.

This was the signal for the strike of the union carpenters.

If there is no early agreement between the contractors and the unions, more than 5,000 men will be laid off work in Seattle within the next thirty days. Every branch of organized labor in the building line will be affected. The contractors have declared that they will never surrender to the unions. The fight may be bitter and unless a speedy and unexpected peace is declared, Seattle will face the greatest labor war in her history.

HEARST ACCEPTS LEAGUE LEADERSHIP

ADVOCATES PARTY PRINCIPLES, AND INVITES PUBLIC TO BE VIGILANT.

Albany, N. Y., March 15.—William Randolph Hearst read himself out of the Democratic party here. At the recent meeting of all the Independence League leaders of New York he again accepted its leadership. In the course of his speech he said:

"I am happy that our league has continued to increase in strength. By first allying itself with the Republican party and then with the Democratic party it has been able always to advance the principles of the league, and I feel sure that it has reached a point where it can now advance those principles independently."

Hearst's term as Democratic representative from the Eleventh New York District in Congress expired March 4, and he is now free from all ties to that party. He especially invited his followers and the public to be vigilant in anticipation of next year's campaign.

DIVORCE INDUSTRY THRIVES.

Recent Revenue Killing Law Will not Go Into Effect.

Sioux Falls, S. D., March 15.—Contrary to expectations, the divorce industry of Sioux Falls and South Dakota has not received its immediate deathblow as the result of the State Legislature enacting a law raising the period of residence from six months to one year. Those interested in the industry have decided upon a sensational coup, which will pervent the new law going into effect for nearly two years, and possibly longer.

The referendum amendment to the state constitution, which was adopted in 1899, and which is a relic of the Populist administration, is the weapon which will be used to prevent the divorce law going into effect at the time expected by those who pushed the measure through the Legislature. Had the law contained an emergency clause, the referendum could not have been invoked.

It was announced today that the referendum amendment will be invoked. This will prevent the law going into effect until after it has been submitted to the voters of the state and receives a majority of the votes cast. It cannot be submitted until the next general election, to be held in November, 1908, and in the meantime the present law requiring only six months' residence will be in effect.

It is also officially announced that the referendum will be invoked in the case of the new law prohibiting Sunday amusements in South Dakota, such as theatrical performances and baseball games.

Still Excommunicated.

Rome, March 15—The congregation of the inquisition has renewed the order of excommunication against Archbishop Villatta, head of the French apostolic church.

CAMBRIDGE CREW MAY MEET ITS EQUAL

OXFORD ROWERS NOT SO HEAVY, BUT NEATER AND MORE ACTIVE—PROPHESY VICTORY.

London, March 15—The annual boat race from Mortlake to Putney between the crews of Oxford and Cambridge universities will take place tomorrow, and interest in the great aquatic event is as keen as ever. For weeks the papers have devoted colums to the daily work of the two eights; the betting is at its height and after all is said there appears to be little difference between the two boats.

The two crews commenced to practice the first week in January and entered strict training a month later. The last two weeks are by far the most important, and during this period only is it possible to form definite opinions upon the respective merits of the rival crews. Both wisely decided to lose no time and to proceed at once to Putney in order to obtain as much practice as possible on the varying waters of the Thames course where the race will take place. Cambridge, in the opinion of most competent critics, is a more powerful combination than Oxford, but they are not so neat or so lively. It is generally agreed that the Oxford crew of this year is superior to the one of last year.

The past history of the race between the rival universities is unique in many respects. The famous crews have fought it out sixty-three times, the first race having been rowed in 1829. Since 1856 the event has been pulled off regularly each year without a break. Of the total number of races Oxford has won thirty-four, while Cambridge has secured twenty-eight, with a sensational dead heat in 1877.

Beginning with the race of 1890 Oxford won for nine successive years. This was a repetition of a past performance, for it also had nine successive victories to its credit beginning with the year 1861.

Rockefeller Loses Suit.

St. Louis, March 15.—The suit of Frank Rockefeller, brother of John D. Rockefeller, to recover $165,000 invested in a zinc mine in Missouri, was dismissed in the circuit court on a demurrer by the defendant, Henry Goss, after all of Rockefeller's testimony had been presented. Judge Reynolds upheld the demurrer on the ground that no fraud by the defendant, as alleged, had been shown. Rockefeller declared he had been induced to buy the mine through misrepresentation.

Suffragists Sacrifice Hair.

London, March 15.—As an indication of the length to which the women suffragists are willing to go in order to gain admission to the House of Commons, where they may make a demonstration, Mrs. Martins, secretary of the women's political union, decuares they are willing to have their hair cut. When asked if the suffragists would also adopt male attire, the secretary refused to answer the question.

SPURGEON SECEDES FROM TABERNACLE

DEACONS OPPOSE RESIGNATION OF PASTOR BUT SOME MEMBERS RATHER PLEASED.

London, March 15. — The Rev. Thomas Spurgeon, pastor of the Metropolitan Tabernacle, has tendered his resignation, partly owing to poor health, which increases the difficulty of his busy charge. The deacons oppose his resignation and suggest that he take a long vacation. The question will be submitted to a vote of the members of the church next month.

The Rev. Mr. Spurgeon's pastorate has been marked by a certain amount of discord owing to the preference of an element of the membership for the Rev. Mr. Pierson, as pastor. These members were overruled when they wished Rev. Mr. Pierson to succeed the Rev. Charles H. Spurgeon, father of the present pastor, who died in 1902.

Japanese Girls in School.

San Francisco, March 15.—The nine Japanese girls who applied for admission into the Redding primary school were admitted after an examination as to their knowledge of the English language.

Gotch Defeats Rooney.

Chicago, March 15.—Frank Gotch defeated John Rooney, Chicago's wrestling policeman, two straight falls in their match last night at catch-as-catch-can style.

DEAD DOWIE CURSES EVIL DOGS OF HELL

DECEASED APOSTLE ANATHEMATIZES ENEMIES IN FUNERAL ORATION—WILL RETURN.

Chicago, March 15—Several weeks before he died John Alexander Dowie prepared his own funeral sermon. It was decided not to permit it to be read at the funeral, however, lest it should bring greater dissensions in Zion City.

The religious settlement is now torn asunder by religious factions. In an effort to bring the warring interests together, Judge Barnes preached a simple sermon in which he extolled the good qualities of the dead man. The sermon prepared by Dowie was given out for publication. This sermon makes it plainly evident that Dowie did not forgive his enemies before he died, as he terms those who ousted him as "dogs of hell"

"I shall return, and with ruthless hand shall exterminate the vipers and the dogs of hell that now hold the high places in the City of Zion. They dreamed and in the grossness of their dreams they thought they had prevailed over the first apostle. And now, priests and elders of Zion I shall return in another form, brighter and more beautiful and ten thousand times more terrible, to cut ye off in the midst of your sins and to win back Zion for the truth and for them that held to the word and did not evil."

FRIDAY'S MARKET REPORT

In spite of the threatening condition of the weather yesterday morning, the weekly market at Lytton Square was well attended, and business was well up to the usual standard. There was no marked decline or advance in the price of any commodity, the figures quoted in most cases being the same as last week. Eggs experienced a further drop of a couple of cents in price, there being a good supply on hand, the greater part of which the wholesalers eagerly bought up at 23 cents a dozen.

The price of potatoes was also increased to $22 a ton, with a strong demand for all on hand. Only first class stock was offered.

The demand for beef was exceptionally good with a strong supply on hand. Mutton did not seem to find much favor with the housekeepers, and sales were fewer than usual. Pork was not plentiful, and the strong demand taxed the supply to the utmost. There was a fair supply of veal, with a correspondingly good demand.

Chickens and fowl were the only feathered stock offered, a good demand clearing out the supply in short time. Geese and ducks have apparently gone out of favor for some time past, there having been none offered for the past two weeks.

A good quantity of apples were offered for sale, and found ready buyers. The quality of the fruit was excellent, and a larger quantity could be disposed of every week it if were brought in by the farmers. The local florists were on hand as usual with choice floral offerings.

Quotations.

Beef, hind quarters, 9c to 9½c lb.
Beef, fore quarters, 6c to 6½c lb.
Veal, 11c to 11½c lb.
Pork, 10½c lb.
Mutton, 13c to 14c lb.
Potatoes, $20 ton.
Eggs, 25c dozen.
Eggs, wholesale, 23c dozen.
Butter, 30c to 35c lb.
Fowl, $8 to $10 dozen.
Chickens, $7 to $9 dozen.
Ducks, $11 to $12 dozen.
Apples, $1.40 to $1.50 box.
Onions, $1.50 sack.

Coquitlam Council.

On March 9th, the Coquitlam council met in the municipal hall. The full council present except Coun Brennan.

The question of renting the hall was fully discussed and it was decided to charge all parties using the hall, and the clerk was instructed to draw up a new scale of fees and submit them to the council.

W. R. Austen having reported that the crib work on the Brunette bridge, North road, was in need of repairs, it was resolved to meet the Burnaby council at the bridge at 9:30 a.m. on March 20th.

A proposition was received from Messrs. Hines & Austen to pay half the cost of a road to their places on the prairie if constructed at once, and the matter was referred to the board of works with power to act.

A communication from the Dominion resident engineer re wharf on Pitt river, was received, and a public meeting will be held in the hall on March 18 at 7:30 p.m. to discuss the matter and decide on the most suitable place for a wharf.

The school accounts for February, amounting to $257.50, were ordered paid.

A communication from Chilliwack re silting up of Fraser river, was received and the council will give all the assistance they can towards obtaining data, etc.,

The colector reported the sum of $209.60 received since last report.

The following were ordered paid: James Peart, road work, $2.50; J. Smith, salary, $22.00; postage stamps $5.75; J. Gatley, hall supplies, etc. $6.55; Dingle & Galbraith, printing $15.75; Columbian company, $8.00.

The Road Tax bylaw was reconsidered, finally passed and ordered signed, sealed, and registered.

Plans for the subdivision of the West half of Lot 369, group 1, were submitted to the Council and approved of.

Mr. Corbett was requested to have his contract for hauling gravel on Pipe Line road completed by March 23.

The repairs to certain bridges in the North Pitt Meadows road were left to board of works with power to act.

The clerk was instructed to bill the Dyking Board with $25.00, which was spent by council repairing the road on the Back ditch.

The council then adjourned.

One More Bomb.

Madrid, March 15—A panic was caused in the neighborhood of the home of Baron Zerratoir, president of the Catholic league, at Valencia, Wednesday night by the explosion of a bomb in the doorway of the baron's residence. No one was injured.

TEACHERS' SALARIES.

It is to be extremely regretted that Trustees Curtis, Thornber and Trapp have not granted the request of the teaching staff for a general increase in salary. And it is more to be regretted because of the reason assigned; the teachers now are admittedly working under difficulties, because of the over-crowding of their rooms, which must test their nervous systems to the breaking strain, and when worn out with the work they so faithfully do, to have to meet the increased strain of paying more for living than they did when the duties were less arduous, is not helpful. Less than one-thirteenth of a mill on the dollar assessment would meet the increase asked and it is a poor policy to grind the workers when little fortunes are being made by speculators in real estate and every other calling is being paid higher rates than prevailed a year ago. The dearth of good teachers is another reason why we should not follow the suicidal policy of parsimony; we have a good faithful staff of teachers and it should be our aim to keep them. It yet remains to be seen how the teachers will treat this refusal of their very fair request.

OUR MINES.

The Cobalt boom is having a marked effect upon the relative mining interests of Canada. In 1906, Ontario, through the development of Cobalt and its vicinity, showed an increase of one hundred and sixty per cent in the output of the silver ores.

According to the Montreal Wtiness: "The Ontario production of metallic ores in 1906 totalled nearly thirteen and a half million dollars, while the production of metallic ores in British Columbia was a little over twenty million dollars. As there was only a matter of between five and six million dollars worth of non-metallic ores produced in British Columbia, the total was about twenty-six million dollars, while the combined output of metallic and non-metallic ores in Ontario was twenty-two and a quarter million dollars."

The Witness even sugegsts that the figures for British Columbia are somewhat fictitious. "The latter province, so the story goes, bases the value of production on the market prices in New York or London, and not on the spot value of the product. This would, of course, make considerable difference, and would easily give Ontario the lead in level values, notwithstanding the great coal fields and rich copper mines of British Columbia."

We are not in a position to make a comparison of the bases of valuation, east and west, but it would be hard to believe that on any valuation the mining industry of British Columbia would have to take second place. That, however, is what the present activity in Ontario threatens. Last year the output in that province increased 25 per cent., as against 17 per cent. in British Columbia.

It has been the habit to ridicule the "little wars" of the South and Central American republics, but they can evidently give pointers to the great powers in up-to-date conduct of their campaigns. President Bonilla, of Honduras, we are told in late dispatches, is conducting operations "at the front" against San Salvador with the aid of an automobile. Although his troops are two days' march from the base, he is able by this means to cover the distance in a few hours. Score one for Honduras.

The Times says the people of Victoria were buncoed by the Colonist into voting for the candidates of the McBride government, in the belief that the government, if sustained handsomely by the island, would do something to promote rail connection with the mainland. But, now that the election is over, the Times adds, it is apparent that the government has not the slightest intention of even lifting its little finger to meet the desires of the people of Victoria or of any other section of the island in the matter of rail connection. The Times should not let a little thing like that worry it, especially as through such bunco games as this the province has had the inestimable boon conferred upon it of four more years of McBride government. Does not the end justify the means?

What a mistake to use coarse Salt for cooking! Fine, pungent WINDSOR SALT adds such a daintiness to the food!

ORCHARDS ARE INFECTED.

Fruit Trees Must Be Sprayed or Destroyed.

Drastic methods for the ridding of the city orchards of pests and insects will be adopted in less than a fortnight's time, unless the citizens decide to profit by the warning given to them by W. J. Brandrith, secretary of the B. C. Fruit Growers' association, who has been inspecting fruit trees in New Westminster for the past week. Almost without exception, the fruit trees have been found to be infected with fungi, and this state of affairs, if allowed to continue, will lead to the deterioration of the British Columbia fruit. With a view to checking this, orders have been given to owners of infected fruit trees to have their orchards sprayed with disinfectants, and to have the work done immediately. After a lapse of ten days, if the warning has not been heeded, the trees are liable to be destroyed. The best method of disinfecting is explained by Mr. Brandith in the following letter:

To the Editor of the Daily News:

Sir,—Will you kindly allow me space in your valuable paper to draw the attention of those of your readers who are owners of fruit trees, to the danger of using concentrated lye. If used of sufficient strength to kill the oyster scale, with which most of the trees in this city are infected, it will have a very injurious effect on the buds and the tender bark of last year's growth. The lime, sulphur and salt solution is the most effective remedy for scale as well as being one of the best fungicides.

W. J. BRANDRITH.

New Westminster, March 15, 1907.

SINGULAR CUSTOMS.

Bulgarian Ceremonies That Come From Pagan Rites.

The people of Varna, on the coast of the Black sea, in Bulgaria, have a singular custom which they observe at the feast of the Epiphany, which takes place on Jan. 6. The clergy, both Greeks and Bulgarians, accompanied by an immense crowd, go to the seashore, carrying with them a wooden cross. The cross is thrown by the clergy into the sea, and thereupon the strongest swimmers jump in after it. The best swimmer gets it, of course, and brings it in triumph to shore.

The Varna people have a still more singular salt water custom on the same day. After dark at night all the newly married men in the town are conducted, with bands of music and singing, to the shore and made to take three successive plunges into the icy water. They are then conducted home, where their brides, accompanied by their relatives and friends, have been awaiting them in state. After this there is feasting and merry making. These singular customs are believed to have a Pagan origin.

Photo Amateurs a Study.

One of the most interesting places in New York to study human nature is at a counter in a photographer's shop where the customers come to get amateur photographs they have had developed and printed. The anxiety they display to get the products of their "shots" would seem to be out of all proportion to the results, when you catch a glimpse of them, and their disappointment if the prints are not ready is almost as keen, apparently, as if some important business transaction had fallen through. And when they do get the prints their faces are even more interesting. The satisfaction of these amateur photographers over a set of fairly good pictures is absolutely idiotic, and their dismay at a lot of failures is tragic. The frankness of these exhibitions is not the least interesting phase of the whole thing.—New York Press.

Firing a Distress Signal.

When a ship does not carry a cannon or mortar with which she can fire distress signals, a metal socket on the bridge or poop rail is used for that purpose. Into the socket a detonating rocket is placed, and inside this is a firing tube. A lanyard is hooked on to the tube, and a man, by giving the lanyard a sharp jerk, explodes the rocket. It contains a high explosive and on leaving the rail gives a loud report and another on reaching its highest altitude. Both reports are as loud as the report of a twelve pounder cannon. The socket is slipped in the rail at an angle to prevent the rocket touching the rigging.

SARIN STAKES GIRL IN GAMBLE

SWEETHEART STABS PLUNGING LOVER WHO WAGERED HER AGAINST PALTRY 100 FRANCS.

Paris, March 15.—Gustave Sarin, an art designer, who had gambled away every penny he had, decided to stake his sweetheart on the last throw of the dice, his opponent wagering $20 against her.

The designer lost, and he went wretchedly toward his sweetheart's home, wondering how best to inform her of her compulsory change of lovers. When he arrived, his sweetheart, a very pretty girl, named Louise Mortgage, noticed his woebegone appearance, and inquired what was wrong.

Sarin blurted out the truth, and Louise, aroused to fury, seized a knife and plunged it into his breast. The young man is now lying seriously wounded, in the Laribosiere hospital. His sweetheart is in prison, and the gambler's stake will never be paid.

Finely Tailored Garments

For Those Who want THE BEST...

There are many points of originality and good style about the Suits, Coats and Skirts sold at Smith's this spring, which have not heretofore been advertised.

This season, with our new Millinery store, we are able to devote to garments the entire ready-to-wear section of the store (which formerly contained millinery and work rooms), and every woman who is interested in good stylish clothing, at moderate prices, will do well to see what we have.

Particularly interesting are the Fancy Bolero and Eton Suits, which come in: Imported worsteds, tweeds, Vicunas, Broadcloth, Coverts and all popular materials. They have the new pleated skirts and panel skirts and trimmings of Morie Silk, Taffeta, Velvet Applique and Braid on collars and cuffs. $18.50, $22.50, $25.00, $32.50 to $35.00.

New Coats, New Misses Skirts, New Blouses, New Oversize Skirts, New Children's Wash Dresses.

See the new Mushroom Models, Boxed Turbans, Flops, Leghorns, The English Sailors.

New Westminster never before was the home of such artistic headwear. It never before saw such an elaborate display.

Last year we thought we had a magnificent display, but this year eclipses every previous one.

Miss McKenna will be delighted to show you through and explain the new wrinkles of fashion.

Imported Black Hats, of Chiffon Braid Silks, etc., $3.00, $3.75, $5.00, $7.75 to $17.50.

New English Sailors, 35c, 50c, 75c $1.00, $1.75 up to $4.00.

The Daily Details

The Seventeenth of Ireland is due here tomorrow.

For cut flowers, bridal bouquets and funeral designs, 'phone Tidy, the Florist, A184.

An enjoyable concert was given by the children of Surrey Centre in the town hall on Tuesday evening, a large number of people attending. Miss M. Buller, who had trained the children for the event, was highly complimented on the success of the evening.

Mrs. J. H. Diamond will sing that typical Irish song "The Kerry Dance," at the Irishman's concert.

A broken cowcatcher delayed the incoming Seattle train on Friday, for about half an hour at the local depot. The damage was temporarily repaired, and the train finished its journey to Vancouver without further mishap.

W. Insley will shortly commence building one of the largest fishing boats ever used on the Fraser River. The boat will be equipped with gasoline engine, and will be almost double the size of the boats at present in use during the fishing season.

Do you love bright music? Come and join in the singing at the services being held in Queen's avenue Methodist church each evening at 8 o'clock.

The annual meeting of shareholders of the Daily News Publishing Company was held yesterday evening at the registered offices of the company, Front street. The auditor's report was received and adopted, while officers for the coming year were elected.

Messrs. Davis, Gurney and Bilodeau will contribute melody to the Irish concert on St. Patrick's Day.

The Ladies' Auxiliary of the Royal Columbian hospital will meet on Monday afternoon in the board of trade room for the purpose of appointing representatives to the hospital board, and transacting other business. A full attendance is requested.

Miss E. W. Johnson has secured the contract for the building of a new pole line from New Westminster to Port Moody, her tender being accepted by the B. C. Telephone company. Miss Johnson has purchased the necessary poles and equipment, and will commence work next week.

His Worship Mayor Keary will render "Father O'Flynn," and Mr. Roche will recite "Shandon Bells" at the entertainment on March 18.

The fishermen report small salmon catches, the water being too cold to handle the nets satisfactorily, and the salmon also being scarce as yet. The fishermen are actively discussing the probable action of the council, as regards putting floats at different street ends.

For cut hyacinths, carnations and funeral designs, telephone T. Davies & Son, florists. Tel., B208.

The Schaake machine works are kept busy these days, as orders are coming in from all parts. Two shingle mill outfits have been shipped in the last couple of days, one to a Vancouver firm and the other to R. S. Henderson of Duncan. Another shingle mill has been purchased by Mr. Hayes, of Ruskin, which will probably be shipped in the near future.

Scotchmen are invited to hear Mr. Cameron, of Darcy's orchestra, play Irish melodies, and see Messrs. Matthews and Henderson dance a jig next Monday. Reserved seats, 50c, now on sale at Ryall's drug store.

The late spell of mild weather has caused many of the farmers and ranchers who have been residing in town during the winter to think seriously of getting back to their properties. This morning the S.S. Transfer had over 20 head of livestock belonging to Messrs. Noble and Kirkland, who are prominent ranchers down river.

Miss Weart will sing "Killarney," and Miss Lewis will render "Tipperary," at the St. Patrick's Day concert.

Everything points to the rifle association of New Westminster having the biggest membership in 1907 of many years past. Although the list has only been before the public for about a week, sixty members have been enrolled. The list will close at eight o'clock this evening, after which a meeting will be held in the board of trade room.

Three noted electrical engineers, Mr. Jenks, of the General Electrical company, Schenectady, N. Y., Mr. Hart, of the Canadian General Electric company, and Mr. Miller, of the Westinghouse company, arrived in Vancouver yesterday for the purpose of making a complete inspection of the proposed tramline to Chilliwack for the British Columbia Electric Railway company. Upon their report the local office will present its views to the London board.

While working on Front street on Wednesday afternoon, a business man of this city had occasion to remove his coat, in the pocket of which were a number of letters, orders, and other papers of use to himself only. While away from his coat, it disappeared, and the supposition is that someone picked it up and walked away. If the finder will return the missing papers to the News office, the proprietor of the coat agrees to relinquish all title to that article of clothing.

Are you a stranger? Are you homeless and friendless? You will be welcome at the services held each evening in the Queen's avenue Methodist church.

F. R. Glover, in company with Messrs. Hart, Miller and Jenks, three prominent eastern engineers, is at present making an inspection tour of the proposed route of the Chilliwack tram line. These four gentlemen will make an exhaustive report to the head office, and it is expected that active construction work will commence shortly after the report has been handed in. The tour of inspection will be completed this evening.

The death of John Henry Graham, an inmate of the provincial asylum, took place yesterday morning, the deceased succumbing to an attack of pneumonia. He was about fifty years of age, and had only been a patient for about four mouths, being brought here from Salmon Arm, where he had been working as a telegraph operator. He leaves a brother in Vancouver to mourn his loss. The funeral arrangements are being looked after by W. E. Fales.

The High School football team is going to play the champion juniors of Vancouver (Shamrocks) at Moody Square this afternoon. The game is for the championship of the Mainland, the winner to play Victoria on Good Friday for the championship of British Columbia. The team will be as follows: Goal, G Corbett; full backs, J. Davidson, H. Munn; half backs, J. Gifford, Barclay, H. Tidy; forwards, A. Sharpe, C. Oxenbury, K. McKenzie, A. Whittaker, E. Currie; referee, Professor Davidson of Vancouver; spare man, J. Disney.

It is reported on good authority, that the police forse will petition for an increase of salary in the near future. The men state that they have longer hours and less pay than any other employees of the city. They are at present drawing $60 per month, out of which they have to buy their own boots, which, considering the amount of walking they do, is no small item. The boot question semes to be a sore point, as in all other police forces, boots are provided with the uniform. The Winnipeg force today gets two pairs of boots and two suits during the year, and an average salary of $75 per month. The men say they are not trying a hold up game, nor are they kicking about the hours, but the increased salary is a case of necessity, as, on account of the high cost of living, and all other necessary expenses, it is practically impossible to save anything at the present wage.

Dyking Meeting.

A private meeting of farmers and others interested in the dyking of lands in and around Pitt Meadows, Maple Ridge and Coquitlam, was held in F. J. Hart's office yesterday afternoon, when Inspector of Dykes Wilmot, C. E., was present, and offered several valuable suggestions to the meeting. Ways and means of improving the present conditions were discussed at length, and a strong committee was appointed to look fully into the matter. Recommendations with regard to the maintenance of the dykes during a possible flood year were adopted, and committees representing the Coquitlam and Maple Ridge municipalities were appointed to carry out the plans proposed by the inspector.

...There's Just One Chance in a Thousand...

Of course it's very improbable, but still there's just the chance, that when you contemplate house furnishing you might not know just where to go for the BEST FURNITURE at the BEST BARGAIN PRICES. Take no chances, but enquire of any prominent citizen of New Westminster or surrounding country and the unanimous verdict of Merchants, Traders, Farmers and Mechanics (all of whose happy homes bear evidence of our Magic Touch) will be, go to JOHN A. LEE for Carpets, Linoleums, Oil Cloth, Lace Curtains, Coverings for Furniture, or any article required for complete house furnishing.

POINTED PARAGRAPHS.

The only way some people know is their way.

Hospitality is often nothing more than loneliness.

A secret is never safe after some one knows you have it.

If you are naturally rude it's pretty hard to disguise the fact.

Are you so conceited that you believe people never talk behind your back?

The trouble is some pushers are as liable to push on the wrong side as on the right.

Watch your side issues. Don't give them so much attention as to ruin your main issue, which makes you a living.

Don't be mad if you are interrupted when you are talking. It may have prevented you from saying something foolish.—Atchison Globe.

Where He Failed.

"He is a very influential man."

"Oh, I don't know."

"Show me anything in this town that he can't do."

"I'd like to see him make the baby stop crying."

Common to Both.

"Is reticence in regard to age a weakness of the female sex alone?"

"I should say not. I often see an old rooster in our boarding house posing as a spring chicken."

Nature's Training School.

"He came right off the farm and was able to throw professional wrestlers."

"Never had any training?"

"Just teaching calves to drink."

Naturally.

"That aristocratic bank president that we used to did not know is serving a term in the penitentiary."

"Ah, still exclusive, is he?"

Mean Man.

"What's your idea of revenge on your enemy?"

"Giving him the address of a poor dentist."

Her Love.

"Do you call your husband Honey?"

"No, I call him Pickle."

"Good gracious, doesn't that make him mad?"

"No. He knows I detest honey, and every woman loves pickles."—Houston Post.

Oratory.

"Your son won a prize for oratory while he was in college, I believe. What is he doing now?" "He got a job in the union depot announcing the departure of the trains."—Chicago Record-Herald.

Awful Risk.

"He seems to bear a charmed life."

"What's the answer?"

"He called his wife down in company and I noticed he was still alive the next day."

Thorough Soak.

He soaked his watch and overcoat
To buy him board and bread,
And, having nothing else to pawn,
He went and soaked his head.

Recipe For Humorist.

"He is the funniest man I ever met."

"What he says or the way he says it?"

"Neither. The way he has his hair cut."

PERT PARAGRAPHS.

A man may be the master of his house, but, as a usual thing, he'd rather not have his wife's attention called to the matter.

To hear congressmen talk before election you would think they were going to have nothing but fried octopus for breakfast as soon as they got to Washington.

MODES OF THE MOMENT.

Of the princess and empire styles, both of which are worn, the empire is rather in the lead, and the surplice and shirred waists seem to have the preference.

Some modistes are featuring little lace coats in empire, sack or pony styles of negligee garments. They are worn over slips of lighter silk fastened with ribbons.

Slowly but surely the tea gown is coming back to its own, and perhaps even before the season is over we shall see them as of yore in the drawing room at 4 o'clock.

Since trimmings are such an important factor this season, the market is flooded with new passementeries, applique embroideries, jeweled bands, etc., while jet has come to the fore with surprising vim.

In the way of negligee—under which head come the kimono, short and long, dressing jacket and bathrobe—there is nothing really new and startling to be said unless it is that the Japanese designs have taken an extraordinary leap ahead of all others.—New York Post.

PLAYS AND PLAYERS.

"The Love Route" has proved a mighty fine route to travel.

"The Social Whirl," a hit in New York, is a big success on tour.

Louise Gunning made a big success in "The Flower Girl" in Chicago.

Mrs. Fiske has made a great hit in New York with "The New York Idea."

Manager Savage has added another American girl to his prima donna forces for "Madam Butterfly." This is Ethel Houston, a contralto who came from Paris three years ago to sing contralto roles with the English Grand Opera company.

Vera Michelena, the prima donna of "The Tourists," practically stepped from a convent on to the stage; also her father, Fernando Michelena, the once famous tenor, while singing as a choir boy in the great cathedral of Venezuela was heard by a man of wealth who saw great promise in his voice and sent him to Rome to study music.

Says Football Players Were Bought.

President C. W. Dabney of the University of Cincinnati has received the bulk of the blame for the last season's disastrous showing by the football team. It is charged that he barred the best players in his strict interpretation of scholarship requirements. President Dabney has given out a rather heated explanation and defense of his attitude.

"In 1905," said he, "men were brought here and given $25 a game—bought like so many horses or mules. No reputable university will allow outside men to come and take places in this way of men who should be given the privilege of playing. Rhodes and Yeardley were ringers and were brought to Cincinnati especially to play football. Yeardley went to school here, but Rhodes never attended classes that I know of."

A Spoiled Sermon.

A clergyman was unexpectedly called upon to preach before the students of a well known college. He chose a sermon from his "barrel" and without reading it went to the college chapel. He got on splendidly until near the close, when he amazed the boys with his peroration, beginning, "And now a word in conclusion to you who are mothers."

The Woman In Business.

A New York real estate agent has been telling of some of his business experiences with women. Mrs. A., he says, wanted to find a house that would fit her carpets and wasted several weeks on the job. Mrs. B. had six children of her own, but wanted a guarantee that no other children would be allowed in the building. Mrs. C. signed a lease with a clause that no dogs should be brought in and then deliberately brought several into her family and told the agent such restrictions in a lease were of no account. "Do you wonder," he asks, "that men do not like to deal with women?" Of course, however, Massachusetts women would never do anything like that.—Boston Globe.

An Ideal Bath.

An ideal combination is to soap the body all over, using tepid water before plunging into a cold bath. But there are many good folks who cannot face a cold bath daily and who after taking one are apt to be cold and shivering all the day through. For these the best plan is, after a warm bath, to sponge the throat and chest with cold water, which is most stimulating and especially so where the bather suffers from chronic colds. To insist on a cold bath is just as unwise as to have a bath that is too warm and to remain in it too long. That is the more general mistake.

Her Word of Honor.

"Don't you love me?"

"Yes, dear, but I'm already engaged."

"Break your engagement."

"Oh, George, that wouldn't be honorable! An engagement is a sacred thing, not lightly to be entered into or broken off. Besides"—

"Well?"

"Well, I'm engaged to two men, and that makes it even worse."—Cleveland Leader.

Stabbed.

"Whew! That's the first time I ever made a speech. I felt like I had forgotten all I had ever learned."

"You appeared to be talking just as you felt."—Houston Post.

A deep, genuine sincerity is the first characteristic of all men in any way heroic.—Carlyle.

SOCIAL and PERSONAL

Maurice Gaynor, the young son of Mrs. Gaynor, Agnes street, left yesterday for Campbell Forth College, York, England, where he will complete his education. Mr. Gaynor will sail on the Empress of England.

F. C. Beckett left yesterday morning for Haney, where he will remain some time.

The Rev. Father Lardon returned yesterday from Victoria, where he has been taking part in a series of evangelistic services for the past ten days. The services attracted considerable attention, and it is expected that much good will result from the series.

Dr. W. A. DeWolf Smith returned yesterday morning from Victoria where he has been attending the annual grand session of the A. O. U. W.

W. E. Fales is confined to his house with an attack of the grippe.

Conductor Donald, of the B. C. E. R. staff, who was recently injured by falling off the top of a freight car, will resume his duties in about two weeks' time. He has almost completely recovered from his injuries, which were at first feared to be very serious.

C. G. Major, who was operated on yesterday at the Royal Columbian hospital, is reported to be progressing favorably. Dr. Jones, of Victoria, and Drs. Drew, Rothwell and Walker of this city, performed the operation.

H. L. Edmonds, who has been for some time a patient at the St, Mary's hospital, is now reported out of danger, and is expected to be out in the course of a couple of weeks.

The Missouri Girl.

One of last season's most emphatic successes in the theatrical line, was Fred Raymond's famous comedy, The Missouri Girl. It has been secured for Monday, at the Opera House.

This season's company is said to be the best that has ever produced the piece and includes some of the leading lights in the theatrical profession.

An elaborate set of new special scenery, which will positively be used here, is also carried this season, and a complete metropolitan production is assured.
