states, shortly after their settling in the new world, and the practice gradualy spread until now, a day is set apart by proclamation both in Canada and the United States.

Today is Thanksgiving day, and will be observed as such in every organized community in the Dominion by a general cessation of business and the holding of religious services. New Westminster will enter heartily into the spirit of the occasion.

## ECIAL POLICE WILL PREVENT TROUBLE

### ficers Sworn in to Quell ny Attempt to Start Trouble in Chinatown.

o trouble is anticipated in connec- with the big anti-Asiatic meet- which takes place this evening in opera house. The dare-devil g which prompted the Vancouver strations has but few adherents sity, and it is a foregone con- that any demonstration which te started will be the work of couver visitors and Bellingham tators, a number of whom are in- ding to come over on the afternoon n to take part in the big meet- The local people, whether they Anti-Asiatics or Pro-Orientals, will countenance any attempt at rio-

visitor from Vancouver who was the city yesterday commented up- the fact that if the crowd attempt- to enjoy itself at the expense of Oriental, the police force would unable to check it, especially in w of the fact that some of the bers are now at the present time g active duty, for reasons best n to themselves and to the police missioners. All the same, any boyo noise maker had better care- y consider his position, especially view of the fact that eight special lice officers have been sworn in duty in and around Chinatown s evening. If necessary, a dozen re men will be available at a min- s notice. All the officers will be med, and their instructions will be: revent any attempt at a demon- ation, and discourage any desire on part of the crowd to congregate und Chinatown." 'Discourage' is an atic term which will be interpreted the specials in a manner that will ok of no argument.

### W ASSOCIATION WILL SHORTLY BE FORMED

As a result of the wholesale pro- ionalizing of coast athletes by stern Representative Smith, of the A. A. U., a meeting of delegates New Wesminser, Vancouver and toria athletic organizations will e place in the Vancouver Y. M. C. on Saturday evening, when a prop- ion to organize a B. C. Amateur letic union will be discussed. In- ations have been sent to all clubs rested, with a request that their egates be on hand at 8 o'clock. he following organizations will be resented:

Columbia College Athletic associa- n, New Westminster; Vancouver trict Football association, Inter-As- ation Baseball league, Canadian teur Athletic league, High School letic association, James Bay Ama- r Athletic association, of Victoria; M. C. A., Victoria; Y. M. C. A., couver; North Vancouver Athletic b, City Basketball league, Vancou- Athletic club, British Columbia teur Lacrosse association, Van- ver Rugby union, British Columbia tball association, Vancouver Row- g club, Brockton Point Amateur letic association, Sixth Regiment letic club, and Vancouver Island tball league.

## FOOTBALL WILL BE KICKED ALL OVER

### Veterans Rely on Past Prowess to Terrify Present Day Players This Afternoon.

Football at Queen's park this afternoon is the sport program for the day. The match, which will be commenced promptly at 3 o'clock, will be between the present New Westminster team and a team made up of past masters who can tell of victories so ancient that no persons now taking an interest in the game can offer evidence in rebuttal. The veterans who call their aggregation the Past eleven, believe that they are anything but the skidoo bunch. In fact, some of them, as they watched the young bloods canter about the field last Saturday, shed tears of sorrow for the degeneration of the standard of football material since their day, and thereupon resolved to call the roll of the old guard and put a bunch of them in the field. A challenge was issued and promptly accepted. It now remains to be seen whether the faded ones can still play, or have only had their upper storeys ryalled.

The veterans have gathered up the following men from whom a team will be picked: Turnbull, Barbaree, Wedge, Kirby, Ryall, Anderson, Canfield, Oddy, Gibson, McKenzie, Robb, Mathews, and Malins.

The young fellows have been practicing well and have greatly strengthened their line-up during the past week. The game should be a good one. It will be called at 3 o'clock.

## SWINDLER WORKS BRAND NEW GAME

### Plague Scare in Seattle Furnishes Brainy Crook With Paying Idea.

Seattle, Oct. 30—Seattle policemen are looking for the most novel swindler they have heard of for a long time. Representing that he is an authorized agent of the Seattle board of health, this man has been going from house to house in the neighborhood of Twentieth avenue and Yesler Way selling packages of white powder for 25 cents each, declaring that it is poison that the board of health has decided is the proper thing to kill rats and that an order has been passed requiring every residence in Seattle to have one package.

It is claimed that the original schemer sold a package of his powder, claimed to be pure chalk dust, at almost every house in three blocks.

The unsuspecting housewife believes the bogus health agent and readily buys as she is directed. Many of them have put out the powder as directed, but to date it has not caused the death of a single rat so far as is known.

F. W. HOWAY

F. W. Howay received his commission as county court judge yesterday, being sworn in by Mr. Justice Morrison. The ceremony took place in the judge's private rooms at the court house in the presence of Court Registrar J. J. Cambridge who signed the oath as witness.

Mr. Howay has been appointed to the bench in succession to W. Norman Bole, K. C., who resigned about a month ago and is now engaged in private practice.

## SOME ATHLELES TAKING SMITH SERIOUSLY

There are a few persons in the city who have taken seriously the ultimatum of the great and only Smith, who, during the last month, has been snuffing out the sporting life in dozens of athletes, as recklessly as though they were plague inoculated rats.

The sad truth came out the other day when an effort was made to organize a local basketball league of four teams, representing the militia, the college, the Crescent club and the city. Several players who expect to line up on the militia team announced in tragic tones that they could not play in the same aggregation or on the same acre of ground with the tainted athletes. If this rule is adopted, it will mean that all the members of the Lacrosse club will be unable to play basketball, and there will not be enough players in the city besides them to make up the teams. How the matter will end is still in doubt.

## SCARCITY OF TURKEYS MOST REMARKABLE

There may be people in the neighborhood today who are thankful for the supply of turkeys, but they are probably persons who had chickens for sale. The supply of turkeys was a disappointment in the extreme. It was generally known that the number of turkeys for the holiday trade was small, but it was not realized that the stock was as insignificant as it really turned out to be.

A canvass of the dealers yesterday afternoon developed the fact that there was not a turkey on sale shortly after noon, the local and the imported stock having both been exhausted, with many people still unsatisfied. The Reichenbach firm sent to Vancouver for a supply, but were unable to obtain any.

Mr. Justice Morrison held supreme court chambers yesterday morning in the New Westminster court house, and granted a number of applications.

## *Fifteen Thousand are Buried by Landslide*

Tashkend, Russia, Oct. 30.—The whole of the town of Karatagh has been destroyed and almost the entire population, numbering about 15,000, was buried by a mountain slide following the recent earthquake there.

The governor of Karatagh and his mother are among the persons who survived the disaster.

## DELEGATES WILL DISCUSS PROPOSAL

### To Have Separate Classes for Fruit Exhibits at Big Fair in Future.

A joint meeting of delegates representing all the agricultural societies in British Columbia east of the Cascades will take place in Vernon on November 14, for the purpose of considering the suggestions for the amending of the R. A. & I. society regulations made by Interior members at the annual meeting of the society, held here about the first of the month.

The suggestions had to do especially with the district exhibits in which connection the Interior people believed they are placed at an unfair advantage. They contend that they can not be expected to transport butter and certain varieties of vegetables over hundreds of miles of railroad to New Westminster and exhibit them in competition with produce grown within a few miles of this city and placed on view in a fresh condition.

An effort will be made by the upcountry growers to have separate prizes for exhibits from districts east and west of the Cascades, under similar regulations as govern the exhibition of fruit.

Mayor Keary will attend the meeting, and there will be delegates from Kamloops, Salmon Arm, Nelson, Wilmer, Grand Forks, Keremos, Summerland, Pearhland, Kelowna, Armstrong and Vernon.

## THOMPSON'S THANKS ARE MOST SINCERE

### Dollar Invested in Cambridgeshire Sweep Brings Returns of $1180.

George B. Thompson has something to be thankful for today besides good health and single blessedness, if he has any regard whatever for profits. A short time ago he invested the sum of $1 in a Cambridgeshire sweep ticket issued by H. L. Solmon, of Victoria, and yesterday after the race was run, a telegram was received from Victoria announcing that he had drawn the first prize, amounting to $1,180.

The telegram was received by J. G. Gamon, through whom the ticket was purchased. Mr. Thompson will get his money as soon as confirmation of the result of the race arrives from England by mail.

This is the second time this summer that a local man has purchased a sweepstake ticket from Mr. Gamon and drawn first prize, L. B. Davies, a B. C. E. R. freight clerk, being the other lucky man.

A special meeting of the board of managers of the R. A. & I. society will be held at 4 o'clock tomorrow afternoon, when several important matters will be considered, among them the advisibility of taking action against the Calgary Albertan for libel, for an article appearing in that newspaper of an alleged slanderous nature.

## GIRL CONFESSES TO HORRIBLE CRIME

### Brutally Murdered Her Lover Forged a Will, and Thinks It a Joke.

Berlin, Oct. 30.—Confession of a crime of the most brutal character has been callously made by Grete Beier, a good-looking girl 22 years of age, the daughter of the late mayor of Brand, in Saxony. For cool deliberation on the part of the perpetrator, who snared her victim with a joke, the story is one almost without parallel in criminal annals.

May 14 a chief engineer named Pressler was found lying dead in the furnished room which he had rented in the great industrial center of Chemnitz. A bullet had passed through his head by way of the mouth, the revolver from which it had been fired was at his side, and appearances pointed to suicide. His landlady, however, insisted that the dead man never possessed a firearm, but the police scoffed at her assertion, and came to the conclusion that he had taken his own life.

There the matter was allowed to rest. It was remarked at the time, as an especially sad feature of the case, that Pressler was shortly to have been married, and among his papers was found a will leaving his entire possessions to his fiancee, Grete Beier.

She, however, soon consoled herself with another lover, a merchant named Merkel, living in Dresden. Subsequently her father died, and a few days ago she, her mother and her new lover were all taken into custody on a charge of forging the will of a citizen of Freiburg. In connection with the accusation the house was searched a number of papers were discovered which suggested that the girl must have had a hand in the death of her former lover.

On being confronted with these evidences of her crime the girl confessed to it in the most heartless manner, telling the story as though it were a good joke. She had taken with her on her visit to the unfortunate man the will that was found leaving everything to her, and secreted it among his papers.

After the girl's amazing confession further investigations were made, with the result that she has been charged with a number of other crimes. It is alleged that she murdered several children and buried the bodies in her father's garden. She is suspected of a series of forgeries, and has confessed to a charge of embezzling a friend's savings bank account of a large sum of money.

### Machine Guns Quell Mutiny.

Vladivostok, Oct. 29.—A mutiny this morning among a number of the recently arrived army sappers was quickly suppressed by the use of machine guns. A battalion of sappers armed with rifles tried to capture one of the barracks here, but two companies of a rifle regiment which were quartered there, brought machine guns into action and routed the attackers. A dozen of the latter were killed or wounded.

# INDIANS CAROUSE WITH WHITE MEN

## Ringleader Among Lawbreakers Arrested---Liquor Supplied to Aborigines.

Thomas O'Connell, Provincial Indian officer, who returned from the Salmon river district yesterday bringing with him ten persons sentenced to serve verious terms for furnishing whisky to Indians, tells an interesting story of the arrests and conditions prevalent in that section of the province.

Numerous complaints have reached the Indian department and also the Provincial police respecting the general debauchery resulting from the relations of white men and Indians in the Salmon river territory, and of late these have become so persistent and serious that a special officer was dispatched to the scene with a view to breaking up the practices. Officer O'Connell was the man selected. His arrival at Salmon river was unheralded, and he is a stranger, so that he went on a still hunt for evidence on which to make arrests. Camping in a small cove in the river just outside Kusan bay, he was able to scan the river for several days and note passing canoes and the movements of the Indians as well as of the white men who mingled freely with them.

The ringleader of the lawbreakers, a man known as Chilean Pete, was lured to Mr. O'Connell's retreat, and, with another man who had been seen carousing the night before, was placed under arrest. Mr. O'Connell had these men in irons for thirty hours before the relief boat came to his assistance. Other arrests, both of Indians and whites, were quickly effected, and on Monday of last week by prearrangement W. H. Halliday, Indian agent for the Kwawkewith agency, arrived in his launch, and court was held on board the little ship. The evidence was conclusive and ten convictions were secured, Magistrate Halliday committing five of the offenders to jail for three months, two for one month, two for six months, while Chilean Pete was committed for one year, with an additional fine of $100 and three additional months in default of payment. The Indians were allowed to go on suspended sentence after being gwarned by the magistrate that these illicit practices must stop.

The settlers, what few there are along Salmon river, consider it a blessing that such energetic steps have been taken under the direction of Superintendent Vowell for the breaking up of the gangs that have been a disgrace to the community. In one of the canoes captured twenty-four bottles of whisky were found by the officer.

Petitions have been sent to the Provincial government with the signatures of a hundred and twenty residents in an extended territory asking for the appointment of two justices of the peace or a stipendiary magistrate and the erection of a jail at Salmon river. The nearest officer is forty miles away, at Alert bay on the north, and another is forty-five miles away at Heriot bay on the south.

### Harold Jarvis Concert.

The Harold Jarvis concert tomorrow night in Queen's Avenue Methodist church is in aid of the gymnasium of Columbian college. Arrangements are being made to make the gymnasium not only an acquisition to the college but to the young men of the city also. The college students are sparing no energies in making this one of the finest concerts ever given in New Westminster, and are appealing to the general public to assist them in gaining funds for a first class gymnasium, which will be a credit to the college and to the city. Tickets one dollar.

### Empress of China Delayed.

Victoria, Oct. 30.—The Empress of China will not leave for the Orient until midnight. Owing to a defect in a dynamo it was impossible for her to leave. On her arrival here last evening it was found that the dynamo was not working, and an effort was made to secure another. None suitable could be obtained and it was decided to take the dynamo from the Tartar and place it on the Empress. This is now being done, and she will sail late tonight. During the search for the dynamo the ship was in darkness, and passengers and crew were making the best of candles and lamps.

### Land League Winner.

London, Oct. 30.—At Newmarket today the Cambridgshire Stakes, a handicap of 25 sovereigns each with 500 sovereigns added for three year olds and upwards, one mile and a furlong, was won by Land League, Malua being second and Stirup third. The betting was 8 to 1 against Land League.

# GIRLS COMING IN LARGE NUMBERS

## Two Hundred English Maidens Will Land on Pacific Coast in March, 1908.

Vancouver, Oct. 30.—More than two hundred girls, specially selected in the Old Country for fitness as domestic servants in the problem-ridden city of Vancouver, will arrive here early in March.

This ought to settle for two or three weeks at least the shortage that exists in Vancouver, though Chinese and Japanese and any Orientals who can be hired are employed in Vancouver. Adjutant Wakefield of the Salvation Army is now open to receive applications, and if the people of Vancouver are the first to apply at the western headquarters in Vancouver, they can have the entire number.

The first steamer of Army immigrants is to leave Liverpool this year on February 20. This entire shipload is destined for British Columbia. There are over fifty families, besides the young women, who have been specially selected by two Canadian staff officers who were sent to Great Britain this summer for this purpose.

Most of the men and heads of families are destined for farming sections all over the province where they have already been placed. Very industrious sober men have been secured. They are laborers, and not mechanics. Application forms and other information will be furnished by Adjutant Wakefield to farmers, fruitgrowers and others who wish to secure men.

### CANNIBALS FEASTED ON CREW OF SAILING SHIP

New York, Oct. 30.—That forty sailors of the big ship Arthur Sewall furnished a cannibal feast on Noir island, near Terra del Fuego, is indicated by the investigation of the crew of the sealing steamer Fridthjof, which on August 20 discovered the derelict of the Sewell off Noir island and then proceeded inland searching for survivors. The Fridthjof party followed the trail until finally it was abandoned owing to the danger to themselves from the fierce cannibal natives inhabiting Noir and neighboring islands. A letter today from the captain of the Fridthjof tells of the loss of the Sewall and the discovery of her floating wreck and the conclusion of his investigating the crew's fate.

## TAFT IS TOLD TO HURRY TO GERMANY

### President Roosevelt Has Another Mission for Heavy Diplomat of America.

Manila, Oct. 30.—As a result of voluminous cable correspondence between President Roosevelt and Secretary of War William H. Taft, it is understood that the latter will leave Manila November 2, in order to reach Berlin at the earliest possible date. It is impossible to communicate with the secretary at present, and the officials here are reticent regarding this change in his plans. It is understood however, that he will leave here on the flagship Rainbow.

Rear Admiral Hemphill received a cablegram Monday asking whether or not he could make the cruiser ready to sail Saturday. He responded in the affirmative and was informed, unofficially, that a matter of the utmost importance is pending in Germany, and Taft's presence there is necessary immediately.

The hasty departure of Secretary Taft will cut short his stay in the Philippines one week. He originally intended leaving Sunday, but recently changed his plans so as to permit of a longer stay so as to clear up important business. The summons he has received from President Roosevelt will cut short the program prepared for his entertainment in Manila.

### Insect Causes Erysipelas.

Spokane, Oct. 30.—Joseph Douchart, of St. Marys, Idaho, who was bitten in the ear by a spider two weeks ago, has been brought to the Sacred Heart hospital here, and is suffering from erysipelas declared by the attendants to have been contracted from the insect's sting. Dr. Rohrer believes the patient will recover unless other complications set in.

### Big Realty Sale.

Winnipeg, Oct. 29.—Yesterday a large realty deal was closed, whereby W. F. Lee, the well-known local contractor, sold three lots on Mill street to a Mr. Jones, for a consideration of about $40,000. This is one of the largest sales that has taken place in the city for some time. In itself it would be an event, considering that the real estate movement has been anything but brisk recently, but greater importance is attached to the sale as it is rumored Mr. Jones was acting for the Canadian Northern.

### TURNKEY REFUSED TO SLEEP IN JAIL QUARTERS

Woodstock, Oct. 30.—James Forbes, turnkey of the jail, has handed in his resignation to Sheriff Brady.

Some little time ago, Dr. Bruce Smith, inspector of prisons, sent word to the sheriff telling him to see that the rule requiring the turnkey to sleep in the jail was enforced.

A special meeting of the county council was called and it was decided to fix up a room at the jail which the turnkey said was unsanitary. Rather than occupy the new room and endanger his health, the turnkey says he would resign. He sent in his resignation, to take effect at the end of this month.

### "PROGRESS."

That is the title under which Collier's prints an article about the Hague conference which is in refreshing contrast with some on the same subject which we have read. The article is a short one and we quote it in full:

"Every great nation represented at the Hague honestly wanted to avoid war. Suspicion of the others less than malice restrained each with the fear of sacrificing its self-interest to a rival's machinations. Until such suspicion is removed we may not have an international tribunal with anything like plenary powers. Cynics may smile over what was to them the felicitous uselessness of the meeting. Enthusiasts expecting too much may be disappointed over net results. Practical men who never expect to find the millennium around the next bend in the road measure gratefully the few steps taken. At least no such aggression and distrust were shown in any quarter as in '99, and the mailed fist was always in ambassadorial kid. Since the first conference the horror of war has been increased by the growth of the precision and power of weapons. This drastic form of education will continue working hand in hand with the spread of peace sentiment. It is something gained that the babel of nations may meet for months without angry words and part in good-will. From the name of the capital of a small neutral state The Hague has risen to be the world's password to the world's noblest ideal."

A Toronto paper expects a sarcastic poem from Rudyard Kipling in revenge for the im e which some of its contemporaries presented to the public as the poet's likeness.

The rain of the past two days, particularly the heavy showers of Tuesday, must have been of immense value to the cities from a sanitary point of view. When summer weather runs on, almost without a shower, until November, a good washing down of all street surfaces and surface drains is an unmixed blessing.

Thanksgiving Day is intended to be a national "sacrifice of praise" for national blessings and of these Canada has had a large measure during the year. For the individual, thangsgiving is in order every day, although some days are dark.

"Into each life some rain must fall;
Some days must be dark and dreary."

The bye elections for the Commons resulted in Conservatives winning the London seat, where the Liberals did not put a man in the field but left the course free for a straight run between the Conservatives and a Labor man, and both parties holding their own elsewhere. So it is pretty much "as you were"; no "handwriting" that is readable.

The News-Advertiser wants the Ottawa government to spend more money on harbor improvement in British Columbia, which is quite a proper demand; then it goes and spoils its sensible request by intimating that the extra expenditure should be on fancy improvements in Vancouver harbor, and has not a word about the crying necessities of the port of New Westminster.

The last provincial census of Ontario shows that the rural population is decreasing, while that of the cities is increasing. The assessed taxes amount to an average of 16.3 mills on the assessed value of property, varying from a little under 11 mills as the rural rate to a little over 22 mills in cities and towns. The eighteen cities of the province have an assessed value of over $330,000,000, with a bonded debt of about $52,000,000.

The London Times thinks that British Columbia is "hysterical" on the anti-Oriental question. A Japanese London correspondent of the Morning Post looks forward with confidence to a satisfactory settlement of the Japanese part of the matter as the result of Mr. Lemieux' visit to Tokyo. Which seems to show that the Japanese mind is more capable of sizing up the situation, than is the mind which expresses itself through the Times.

The balloon race which took place the other day from St. Louis, has the story of its usefulness told by the fact that, while the balloons had a common starting point, the winning post was wherever the balloon which covered the greatest distance happened to alight. It is plain, therefore, that for any purpose other than "the fun of the thing," the balloon is no use. This, of course, applies to the old style spherical balloon—the dirigible variety is already far enough advanced to offer some chance of usefulness as an "observation car" in war, scarcely more than that as yet.

### Leprosy in Vancouver.

Vancouver, Oct. 30.—A case of leprosy was discovered in the city this morning, and the unfortunate victim of the dread disease is now in confinement at the Chinese hospital, from which place he will probably be removed to Darcy island pending the time when the Dominion government will transport him to China in accordance with the new policy of the officials.

The man, Lee Gim, came from outside the city recently, intending to take passage on the Empress for his native land. The surgeon of the liner refused to receive him, stating his belief that he had leprosy. He was taken to the Chinese hospital, and this morning Medical Health Officer Underhill made an inspection. A microscopical examination proved conclusively that he was afflicted with leprosy.

### Fernie Mine Is In No Danger.

Victoria, Oct. 30.—Some alarm has been occasioned at Fernie as a result of the discovery of a crack in the mountain over Coal Creek, and fears are entertained that the big mine might collapse. G. G. S. Lindsey, manager of the mines, in answer to inquiries, said: "A small fissure, due to natural settling along natural lines of cleavage, which shows in the mountain, is quite harmless. Eminent officials brought here from Illinois to investigate report that the settling is not likely to cause damage and that there is no danger to life or property at the mine creek or town of Coal Creek."

Owing to the inability of the police commissioners to assemble in the city hall yesterday afternoon on account of the usual pre-holiday rush, the special meeting of the commission which was called for that time was not held. A date will be fixed upon later.

The marriage of J. H. Vidal and Mrs. Rolph took place at 7:30 o'clock last evening in the West End Presbyterian church, the Rev. Dr. T. Wardlaw Taylor officiating. A number of friends of the contracting parties occupied the pews during the ceremony. The newly married couple will reside on Fifth avenue.

The application of J. P. H. Bole for a writ of habeus corpus in favor of Cheslatta Jack, the Hazelton Indian undergoing sentence in the Provincial jail, came up again before Judge Cane in Vancouver yesterday afternoon, and was again adjourned, this time for a month. H. L. Edmonds represented the Crown at the hearing.

Two young men while on their way home late last night, discovered a man lying in the mud and water on Sixth street. He was so drunk that he could not move or tell his name. A police officer was notified, and the wayfarer was helped to the police station.

The Westminster Junior Football team will play a match with the Junior Shamrocks, of Vancouver, at Queen's park this morning, commencing at 10 o'clock. The local youths have been doing good practice already this season and are confident that they will be able to carry away the honors. The New Westminster team will line up in the following manner: Goal, Davidson; full backs, Archibald, Barclay; half backs, Hoult, Wilkie, Corbett; forwards, Currie, Collier, McKenzie, Sharp, Munn; spare, Sutherland.

St. George E. Jeffery, the only local newspaper reporter who has been brave enough to assume the responsibilities of matrimony, was yesterday afternoon informed by the nurse that the youngster was fine and healthy—and a boy. In order to fittingly celebrate the event, there will be no publication of the Columbian this evening, while the News will also miss an issue tomorrow morning.

Inquiries by telephone, mail, telegraph and by personal call were frequent at the police station all day yesterday, the attraction being a sum of money found on a street car the previous evening by a young lad and turned over to the police. In every instance where claimants demanded the money, the amount lost did not tally with the amount found by the lad, and as a consequence, the wad still remains in the possession of the chief of police. For the guidance of intending applicants, it may be stated that the sum awaiting a claimant is below a hundred dollars.

The evidence in connection with the suit started by Christopher Brown, of Delta, to secure from the V. V. & E. a certain value for 15 or more acres which the railway company requires as a right-of-way, was heard yesterday afternoon by a special board of arbitration, consisting of Judge Howay, J. J. Cambridge and F. J. Coulthard. Mr. Brown demanded about $5,000 for the property in question, but the company offered a sum less than half that amount, with the result that a settlement could not be reached. A long list of witnesses have to be examined, and it is probable that the hearing will occupy the greater part of tomorrow.

## COPPER CAUSES CAMP COMMOTION

### Discovery of Big Deposits Near Jedway Startle Old Prospectors---No Test Yet.

Victoria, Oct. 30.—News of a rich strike of copper near Jedway in the Queen Charlotte islands, was brought to Victoria this morning by the steamship Amur, which arrived from Northern B. C. ports. The discovery was made recently within a mile of Jedway by a party of prospectors working for an American capitalist who bought the claim from a prospector a short time ago.

The claim was owned by a prospector who had little idea of its worth, and when it was purchased by the present owner the news of the discovery caused considerable commotion on the island. The seam which has been discovered is, in places, over 12 feet wide and extends for over a thousand feet. While it has not yet been submitted to a thorough test, it is believed that the strike will prove one of the most profitable in the islands, as the ore is of a good grade.

Jedway is at present booming. Considerable work is being done on the mines there although no copper is being shipped south on account of the prevailing low prices. The saw-mill which is being erected there is well under way and all the plant has been delivered from Vancouver. From all ports of call the Amur brought highly gratifying news of the island's development.

## IN TRUMPET TONES

"It was the second appearance of Mr. Jarvis in Utica this season, and the many who heard him for the first time were eager to hear him again. Mr. Jarvis is a tenor of robust type. He has a voice of splendid quality and remarkable power. His style is admirable, and his methods so varied that there is no monotony in the effects he obtains. His work last night was admirable and excited unusual enthusiasm. Every number he gave was graciously responded to by an encore. He said his train did not leave till mid-night and he gave his audience even to a fifth encore after some selections. Among his encore numbers were several Scotch songs which were received with especial marks of favor. Mr. Jarvis' numbers included songs of every description from classical oratorio to dainty ballads. He gave by special request, "Holy City," "Face to Face," "Cameron Men," in addition to his "Out of the Depths," from oratorio of "Nain," and "Total Eclipse" from "Samson." Although Mr. Jarvis gave more than a dozen selections, he was as fresh at the finish as at the start. It is to be hoped that Mr. Jarvis will be persuaded to come here every year.—Utica, N. Y. Daily Trumpet.

### PACKERS CUT PRICES AND DEALERS BENEFIT

Kansas City, Oct. 30.—In sympathy with a drop in prices of live cattle and hogs at the stock yards, packers are selling dressed beef and pork at prices somewhat below the wholesale prices of a week ago. The reduction in meats is about 25 cents a hundred for prime beef and 50 cents a hundred for common beef, with pork prices correspondingly low. Shippers are somewhat indifferent about sending livestock to market and packers are not disposed to load up heavily is the explanation given for the drop in prices. The packers' reduction in fresh meat prices has not been met by the retail dealers. Consumers are paying practically the same prices they paid last week.

## RAFFLES PRODUCTION IS REMARKABLY GOOD

Rising time and again to the height of dramatic power and proving to the satisfaction of all that he possessed histrionic ability far above that usually displayed even by starred leading men, S. Miller Kent, in his impersonation of "Raffles, the Amateur Cracksman," at the Opera house yesterday evening, showed himself to be a peer among actors, an artist who must be seen and seen again to be appreciated at his true worth.

The character made famous by E. M. Hornung in his magazine sketches a few years ago, loses none of its attractiveness when presented by a living exponent before the footlights. Raffles is the same loving, debonnair rouge in the flesh that he was in the magazine stories, his peculiar points a little more accentuated, perhaps, but still the same Raffles.

Supported by a cast the equal of which has not been seen on the western coast for some time, Kent scored a triumph at the local theatre. His bosom friend, Bunny, was in the capable hands of W. Garwood, jr., while Jack Bennett impersonated the commonplace alley sneak-thief, Crawshay. In the third act, when alternately pleading and threatening with Raffles for his share of the famous necklace, the acting produced one of the strongest scenes of the evening. Roydon Erlyanne, who was cast for the trying and difficult part of Captain Bedford, the ultra-English detective, acquitted himself as only a finished actor could have done, creating a favorable impression on all. J. C. Lewis took the part of old Lord Armesteth in a creditable manner.

Jane Fearnley, as Gwendolyn Condron, in love with Raffles, and Sara Leigh, as Mrs. Vidal, the scheming female, assumed the heavy roles allotted to the ladies in the cast, and acquitted themselves of their task with striking honors. All smaller parts were in capable hands, and altogether, the play produced yesterday is one that is destined to be long remembered by those fortunate enough to have seen it.

### PROVINCIAL FAIR GROUNDS IMPRESSED RICHARDSON

E. L. Richardson, manager of the Dominion 1908 fair, which will be held at Calgary, was struck by the beautiful grounds and the businesslike arrangements of the exhibition buildings at Queen's park. He was conducted about the park yesterday afternoon by Mayor Keary, who pointed out all the interesting features and later furnished Mr. Richardson from his records in the city hall with the names of all the breeders of thoroughbred stock in the province.

Mr. Richardson arrived from Victoria yesterday morning and left for the Okanagan district on the 3 o'clock train. He will endeavor to interest the farmers and stock-raisers along his route home to place an exhibition at next Calgary's fair. While here, Mr. Richordson met S. Shannon, of Cloverdale, and Reeve H. M. Vasey, of Ladner, both of whom promised to exhibit stock at the fair.

N. L. MacGregor, of Calgary, arrived yesterday from the Alberta metropolis, and will be in New Westminster for a few days.

## Real Saving

Whether or not a price is low depends on what sort of value you receive for the price. On this basis we save you money on everything that druggists sell. Our first aim is to supply our trade with dependable goods; our second to save our customers something on the cost. We are invariably successful in both these intentions.
