## ATTORNEY-GENERAL ON THE DEFENSIVE

Legislative Library

### Bowser Attempts to Justify His Policy of Persecution Toward Fraser Fishermen

Victoria, Jan. 29.—Attorney-General Bowser resumed the debate on the address in reply to the speech from the throne at half past two o'clock this afternoon. In answer to the comprehensive criticism of the government's policy by Liberal Leader MacDonald and John Oliver, the attorney-general attempted to show that over five hundred miles of railway had been built in the province without a single dollar being subscribed by the government. He contrasted the policies pursued in other provinces to that of British Columbia.

**On the Defensive.**

Taking a more decided stand than his leader, Mr. Bowser undertook to defend the accusation of J. A. MacDonald to the effect that government agents and other civil servants in the Kootenays had used their official positions for the advancement of the Conservative cause in the recent Federal election. Although the attorney-general used vehement language while denouncing the action of the accused parties, his denial of the charges against them was not convincing.

The action of the government with reference to the placing of the issuing of liquor licenses in unorganized districts in the hands of the provincial police was explained by the speaker, who contended that the administration of this department was absolutely free from politics, and that no one entitled to a license was denied because he was a Liberal or Socialist, or granted one because he was a supporter of the government.

**Fisheries Question.**

Dealing with his own administration of the Fraser fisheries, and replying to the charges of persecuting the fishermen that have been openly made against that department, Mr. Bowser made a bold attempt to satisfactorily explain his policy, maintaining that the cost of licenses had been reduced. He intimated that he would deal with the question at greater length later in the session.

**Reserved Lands.**

As a reply to the arguments advanced by the member for Delta on Wednesday to the effect that lands in unorganized districts, and particularly in the Nechaco valley, had been disposed of to speculators to the exclusion of bona fide settlers, the speaker quoted figures to show that over seven million acres of land had been specially reserved for the latter. These lands included some of the best in the province.

**Fire Protection.**

The fire protection of forests last year had entailed an expenditure of $2,000, a sum of money which was considered well spent, considering the valuable timber which was safeguarded by the measures adopted by the government.

**Bowser's Justification.**

In concluding a powerful two-hour speech, the attorney-general was loudly cheered by the members on the government side, the applause being prolonged when he referred to his controversy on the Oriental question with Duncan Ross. He made a lengthy attempt to justify his conduct in avoiding a meeting after having bragged that he would pursue Ross on the hustings during the federal election and make his "eat his words in front of the electors."

John Oliver, at this stage, was observed to make copious notes, evidently with the intention of referring to Bowser's "justification" at a future meeting.

**Better Fire Protection.**

Price Ellison (Okanagan), who followed the attorney-general, contended that there should be a larger appropriation for the protection of standing timber from fire. While he considered that the government had done very well, he believed a great deal remained to be done in this matter.

That the fruit industry of the province would eventually be the chief industry, eclipsing even the fisheries and the timber, was one of the assertions made by the speaker.

The approval of the Canadian Northern railway plans was strongly urged on the House, Mr. Ellison paying a lengthy tribute to the energy and resourcefulness of the men who were at the head of this railway system.

Frank Williams, of Newcastle, moved the adjournment, the House rising until two o'clock Monday afternoon.

## WESTMINSTER BREAKS EVEN IN BASKETBALL GAMES

### Seniors Defeat V. A. C. by 25 Points to 10—Intermediates Lose After Keen Contest.

A picked V. A. C. basketball team, brought over here yesterday evening to compete against the Westminster basketball team, was defeated at Columbian college gymnasium by the decisive score of 25 points to 10, the locals having the best of the argument at all stages. But for an accident to Cliff Spring, who sprained his ankle early in the second half, the score would have been even greater. Although he returned to his position on the team after a short absence, his injury prevented him taking as active a part in the game as earlier in the evening. At half time the score stood 9 to 3 in favor of Westminster.

Following were the teams:

Westminsters—Forwards, L. Turnbull (0) and C. Spring (11); centre, Robertson (10); guards, O. Peele (0) and G. Spring (4).

V. A. C.—Forwards, Reekie (3) and Gunn (3); centre, Colquhoun (0); guards, Sweeney (0) and Farr (4.

The intermediate match, which preceded the main event, was fast and classy, the teams being evenly matched. The home boys were defeated by the narrow margin of two points, scoring 14 against Vancouver's 16. Gifford hurt his ankle during the game and had to be replaced by Roy Priest. The visitors led in the scoring all the time, having twelve points to their credit at half time, as against the home quintette's six. A feature of this game was a long shot by Davidson, who placed the ball in the basket from the most distant part of the room.

The tetams:

V. A. C.—Forwards, Wright (2) and Ellis (10); centre, Matheson (2); guards, Stoess (0) and Vickers (2).

Westminster—Forwards, White (0) and Smith (6); centre, Ferguson (2); guards, H. Gifford (0) and J. Davidson (6.

Mr. Clark, physical instructor at Columbian college, refereed both games.

## D. D. MANN IS IMPRESSED WITH TERMINAL FACILITIES

### C.N.R. to Commence Surveys to Coast---Visitors Find City Worthy of Transcontinental Terminus---Resident Engineer Keefer Says Ship Channel Will Be Completed in Two Years.

Before Donald D. Mann, first vice-president of the Canadian Northern system and subsidary corporations, left the coast, this city has had the opportunity of hearing him address the members of the city council and the board of trade, with special reference to the Pacific terminals of the projected railway. He was accompanied by Col. A. D. Davidson, of the railway's land department, and the meeting took place yesterday morning. Mayor Keary presided.

**The First Visit.**

Mr. Mann was well received and remarked it was his first visit to the city. He was surprised at the appearance of New Wetminster, and found it a city well worthy of a transcontinental railway. After many trips to the coast he had at last decided that by bringing the railroad through Yellowhead Pass the company would have the best railroad in the country. It would follow the valleys of the North Thompson and Fraser river to the sea, and would have the best grades of any railroad. He was glad to have secured the approval of the provincial premier and government, who agreed it was the best route.

**Come Through City.**

Continuing he said, "It is our intention to cross the Fraser river bridge at New Westminster. We will build the railway along the most fertile valleys, where the best trade and traffic is to be found and run spurs to the mines. When I return home I will recommend that our company place engineers in the field in the early spring to locate the line from the Yellowhead Pass to the coast. There is no doubt that a great amount of grain will be shipped from the prairies by the Pacific coast."

Having referred to the absence of government aids to their subsidiary lines Mr. Mann reminded them the company had 3000 miles constructed and in operation and 2000 additional miles had been financed; the company would keep up its record in the past of building the road at an average of a mile a day, though not perhaps on this section of the road.

"I look forward to the day when the whole pensinsula between Burrard inlet and the Fraser river will be one great city with an important port both on the inlet and the river," said the speaker.

Before concluding he referred to the advantages of possessing a fresh-water port all the year round.

**Introducing Letters.**

Col. Davidson, who is a director of the Fraser River Lumber company, alluded to the river channel improvements, and remarked that the building of the C.N.R. would provide an outlet for the lumber of the district. Speaking as representing the land department he said: "Wherever our lines pass we will undertake to settle the country. Whenever a man sells a farm in the United States, the C.N.R. land department immediately knows it and goes to work to bring that man to Canada."

E. J. Crean quoted figures to show that the channel had been suitable for large vessels before the fire, and speaking of timber limits, remarked that the returns showed there were 360 billion feet of standing timber in the district, which would take at least 900 years to cut. This was estimating the timber at 30,000 feet to the acre a conservative estimate.

**The Ship Channel.**

W. R. Gilley presented a chart, showing the depth of the river, and indicated the improvements proposed, explaining the details to the visitors.

The chart showed there was already a minimum of twenty-five feet in the channel except for some eighteen miles at the mouth. Wing dams were under construction to deepen the shallower portions inland, and one had just been completed at Annieville bar. Captains and the city pilot reported that this was a great success and that the channel at that point was deepening rapidly. Once the jetty on the north side was completed, he believed that there would be no difficulty in obtaining at least forty feet of water. He thought when the railway reached here it should stay here. Mr. Gilley pointed out that there was twenty-four miles of the finest water frontage available from the city to the mouth of the river. Frontage was much cheaper on the river than on Burrard inlet. Material to build wharves was more easily obtained, and the cost of maintenance was smaller.

**Other Speakers.**

E. J. Fader believed the selected route was an ideal one for the line, with easy grades and fertile valleys. D. S. Curtis followed, speaking on the advantages of the valley, and moved a vote of thanks. The president, J. A. Cunningham, pointed out the amount of lumber shipped to the prairie and trusted the company would give Westminster every consideration before making a final decision on the coast terminals.

T. J. Trapp pointed out the advantages of a fresh water port compared with that of a salt water port, and showed the city had grown rapidly in spite of difficulties.

**A Wealth of Sites.**

Robert Jardine claimed there was

(Continued on Page Six.)

## SEMI-FINAL FOR B.C. CUP TO BE PLAYED TODAY

### Great Interest in Football Match With Nationals at Vancouver—Westminster Well Represented.

The principal attraction in football circles at Vancouver today will be the match between the Nationals and the Westminster team in the semi-final of the B. C. cup. Both teams will be fully represented, but it is not yet known who will be in goal for the visitors, as Lock is not out this week, though qualified. Either Barbaree or Watson will take the position. Johnston plays in the blue and red colors for the first time this season. R. Cavers will referee, and the boys leave by the 1 p.m. car, to kick off at Recreation park at 2:30.

The line-up is as follows:

Westminster—Goal, Barbaree or Watson; backs, Bruce and Kirby; halves, Saul, Sawyers and Carse; forwards, Hayes, Shawcross, Johnston, McGowan and Caydzien; reserves, Reid and Hannah.

Nationals to be selected from Smith, Herring, Braun, Holt, Feeney, Ken Badham, L. B. McEwan, Mumrock, Whitefield, F. Herring, H. Westerman, R. Jones, J. Butchart.

## CARTWRIGHT SATISFIED WITH CANADIAN LOAN

### Sir Richard Believes Taking Up of Loan Compares Favorable With Recent British Transactions.

Ottawa, Jan. 29.—Sir Richard Cartwright believes that the result of the Canadian loan in London may be compared under the circumstances with any recent sale in the British financial centre.

There will be no difficulty, he said in placing the balance of the loan, and there is no sign of a decrease in Canada's credit on the foreign money markets.

### ASK GOVERNMENT TO ESTABLISH LABORATORY

Toronto, Jan. 29.—At the annual meeting yesterday of the Canadian Society of Civil Engineers a recommendation was made that the Dominion government should be requested to establish a department of research similar to that established by the United States government to investigate all properties of all material of engineering interest. Pending the establishment of such a laboratory, the society suggests that an arrangement be made for the use of universities, staff and equipment for the purpose.

### RAILWAY COMMISSIONERS SETTLE SITTINGS DATES

Ottawa Jan. 29.—The railway commission has definitely decided on the following dates for sittings of the board in the west.

Winnipeg, Feb. 1 to 10; Regina, Feb. 11 and 12; Medicine Hat, Feb. 15 and 16; Calgary, Feb. 17 and 18; Edmonton, Feb. 19 and 20; Vancouver, Feb. 23 to 26; Victoria, Feb. 27; Nelson and Lethbridge, during the first week of March.

It has been decided that Commissioners Mills and McLean and Traffic Officer Hardwell are all who will go

## NEW STORE BUILDING ON COLUMBIA STREET

### Plans Approved For New Block---Another Sapperton School Site Suggested.

A number of smaller matters were dealt with by the city council in committee of the whole last evening. Plans for Mrs. Melville Thompson's building on Columbia street were approved. The council decided not to contribute per capita to the Tranquille sanatorium, as a grant in aid has already been paid over.

**New Store Block.**

Parr & Fee, architects, of Vancouver, submitted plans for the building which Mrs. Melville Thompson proposes to erect on the north half of lot 4, in block 6, Columbia street, opposite No. 1 fire hall. It provides for three stores on Columbia street, two stories high, and an upper and lower basement approached from Lytton street. The city market stairs will be altered at the cost of the builder, to give access to the basements on the square.

**Sapperton School Site.**

Mayor Keary and Ald. Jardine have been looking into the question of the Sapperton school site, and now state that either the park site or the twenty-six small lots opposite the present school site which the owners were prepared to exchange with the Westside school site at a valuation by arbitrators, would be the better proposal than the one presented by the school trustees. The trustees will be approached on the subject. Mention was made of an offer to take over the present Sapperton site at a valuation later.

**Street Improvements.**

Ald. Henley read a report of the board of works. Among the recommendations were to open Ash street, at a cost of $250, but to delay for the present, the construction of a sidewalk requested by petitioners. Building is contemplated here.

With reference to the request of the school trustees for clearing water from the vicinity of the Westside school, the chairman said it came from the neighborhood of Hamilton street. Steps will be taken to remedy this.

New sidewalks will be laid on Brantford street. A number of larger improvements were laid over for the present, until the estimates are prepared. The council appointed a small committee to look over the position in several cases.

Ald. Henley also spoke of the condition of the Glen bridge, which is now closed to traffic owing to the unsafe condition, and it was decided to request Messrs. Calbick & Buckland to examine the bridge and report on the

(Continued on Page Three.)

### BAD STORM RAGES IN MIDDLE STATES

Chicago, Jan. 29.—Telegraph service to points west and north of Chicago were almost completely severed today by the worst storm of the season. Scores of telegraph poles and miles of wire to many sections were borne down and rendered useless by the high winds and heavy snowfall.

In Kansas City and St. Louis the sleet and snow were heavy. All telegraph wire between San Francisco and the east were severed.

## MORALITY OF RUPERT LAUDED BY DR. CHOWN

### Prominent Methodist Declares City Is Cleaner Morally and Socially Than Other New Towns.

"The average intelligence and the morality of the people of Prince Rupert is far superior to that of any other new town which I have ever been privileged to visit," is the statement made to the News yesterday evening by Rev. Dr. S. D. Chown, a widely travelled advocate of moral and social reform who was in the city for the purpose of delivering a lecture at Queens avenue church. Dr. Chown has been spending some days visiting Prince Rupert, and has come away from the future metropolis firm in the opinion that that place is destined to become one of the strongest arguments in favor of temperance legislation that social reformers can possibly use.

During his short stay in Prince Rupert, Dr. Chown organized a branch of the Moral and Social Reform council, of which Bishop du Vernet will probably be the first president. The object of the council is to maintain the present high moral standing of the infant city.

At a largely attended meeting, a resolution, proposed by L. W. Passmore, barrister, and seconded by Mr. McLeod, was passed unanimously to the effect "that in the opinion of this meeting of representative citizens, it is neither desirable nor necessary that liquor licenses be granted in the city of Prince Rupert."

A second resolution, asking the provincial government to be guided by the wishes of the majority of the citizens in the issuing of licenses, was also unanimously passed.

**Kill Suffragette Bill.**

Sacramenton, Cal., Jan. 29.—The woman's suffrage constitutional amendment was defeated yesterday afternoon by a vote of 39 to 37.

### SINCLAIR FOR GOVERNOR.

London, Jan. 29—It is reported that Right Hon. John Sinclair, secretary for Scotland, will be the next governor-general of Canada.

## *Married Men Will Replace Orientals at Fraser Mills*

In a short time the Hindus at Fraser Mills will be displaced by white labor.

Col. Davidson, one of the directors of the Fraser River Lumber company, who was in the city yesterday in company with D. D. Mann, will be going to Ottawa at an early date, and while in the east will select a number of expert millhands from the mills on the Rideau river and district, giving a preference to married men. He will settle them in the little township at the Mills.

The explanation for this action is said to be the constant trouble experienced with the Orientals. Hindus are employed in the rougher work to a large extent, and Chinese in the planing shops. The company thinks that experienced white help, especially with their families, will encourage the men to stay.

The Royal Columbian hospital had a very large percentage of Hindu cases last year, and of nine advanced cases of tuberculosis five died. The moist climate of the coast district is felt to advance incipient cases of the dreaded white plague. In this connection it may be mentioned that a number of names of East Indians will be placed on the register this year, as they have duly qualified by ownership of land. An amendment to the charter prevents Chinese, Japanese or Indians otherwise qualified from voting, but the Hindus cannot be prevented as they are British subjects.

## *Escaped Convict Captured Day After Becoming Benedict*

After an interval of seventeen months, Louis Kelly, one of two convicts who escaped from Wright island on Aug. 21, 1907, has been captured at North Yakima, Wash., and will be brought here on the G. N. R. train this morning to complete his sentence in the B. C. penitentiary.

Kelly's arrest by the Washington authorities took place only a few hours after he had become the husband of Mrs. Sarah Olney, of Wapato, the ceremony having taken place on Wednesday. He was arrested on Thursday afternoon, torn from his bride and incarcerated in the city jail pending instructions from the B. C. penitentiary authorities.

Warden J. C. Brown, speaking to the News yesterday evening, stated that a search had been maintained for Kelly and his companion ever since their escape, but they had been unable to locate the man for a long while. Apparently the officials overlooked the possibility of Kelly being in jail during that period, but such was the case, as he only finished serving a term in Yakima jail a few months ago, having been convicted of horse stealing early last year.

At the time Kelly escaped from Wright island, in company with a half breed named William Brewer, he was serving a two and a half year term for robbery at Quesnel. Brewer was serving four years for theft at Vernon. The two men escaped by stealing the only boat on the island, having previously killed the pigeons used as means of communicating with the penitentiary. The men were not seen at any time after rowing away from the penal settlement.

## Wanted -:- Lost -:- Found For Sale -:- To Rent -:- Etc.

LOST—Near Sixth avenue and Eighth street, Irish terrier pup about four months old. Finder will be rewarded. Notify this office or P. O. Box 692.

WANTED—Girl for general housework; Mrs. F. Smith, Leopold Place.

WANTED—Day work; apply Mrs. Bradbury, P. O., city.

FOUND—Royal Bank of Canada bank book. Owner can have same by applying at this office and paying for this advertisement.

FOUND—Lady's glove. Owner apply to this office.

WANTED—A first-class canvasser. Apply Royal City Dye Works, Columbia street.

EASTERN capital ready to investigate legitimate investments—lands, timber or mines—in British Columbia. Address in first instance, witn full particulars, "Capital," care of Noble & Co., Molson's Bank building, Vancouver.

WANTED—Position by experienced lady stenographer. Accustomed to law work. Apply A. B., this office.

FOUND—Purse containing sum of money, etc.; owner can receive same by proving property and paying for this advertisement. Apply David Saunders, corner of Columbia and Knox streets, Sapperton.

TO RENT—One large furnished bedroom, near library, suitable for two. Also two small ones. Rent reasonable. Apply 287 Victoria street.

WANTED—A nurse girl; services required from 1 to 6 p.m. Mrs. Dr. Jones, Royal avenue.

WESTMINSTER EMPLOYMENT AGENCY—Under new management, 266 Columbia street, Phone 366, P.O. box 807. Can supply you with all kinds of help promptly, free of charge. Branch office, 107 Cordova street west, Phone A 2750, Vancouver, B. C.

TO RENT—A furnished house for 3 months; board owner. Apply 215 Twelfth street, between Fifth and Sixth avenues.

TO RENT—Furnished, four roomed house, on Eighth street, between Third and Fourth avenue. Apply J. H. Todd, music store, Columbia street.

## DOMINION MINES SHOW BIG GAINS

### Output for 1907 Valued at $86,138,000 --- Possibilities Are Unlimited.

Ottawa, Jan. 29.—The report of the department of mines, just issued, shows a mineral production for all Canada valued at $86,138,000 in 1907, as compared with only a little over $20,000,000 twelve years ago. In the Yukon the total production of gold in that territory from 1896 to 1907 was $122,951,000. The immense possibilities of the coal-bearing areas of Alberta and Saskatchewan are enlarged upon, and it is pointed out that the extensive amount of railroad construction under way and projected by three great railway companies must result in a great increase in the production of steam coal, so that a country, originally deemed purely agricultural, will soon become one of the leading coal mining regions of the Dominion.

Twenty years ago the total value of the mineral production of Canada was not more thatn $10,000,000 a year. To-day it is probably over $100,000,000 and rapidly increasing.

### PREMIER REPLIES TO BRIDGE DEPUTATION

Victoria, Jan. 29.—The Second narrows bridge deputation had a long interview today with the government. The government will consider the question. The premier said he could not give an answer now, or until the estimates were made up, which would not be for three weeks. He said that the assurance that the Dominion government grant would be forthcoming, and would greatly implement the present petition and request.

## Vancouver Power Company, Limited

NOTICE is hereby given that two weeks after date application will be made to the Lieutenant-Governor in Council by the Vancouver Power Company, Limited, for a further Certificate of Approval of its further undertaking in the matter of the construction of a dam at the outlet of Coquitlam Lake in the District of New Westminster.

The works intended to be undertaken by the construction of the said dam and in connection therewith are the following:

The erection of a hydraulic earth-filled dam about 650 feet in length, with a crest width of about 20 feet and a thickness at the base of about 430 feet at the upper end of the main upper channel; the dam to be of a sufficient height to raise the waterlevel of Coquitlam lake by about 60 feet; a spillway channel to be made about 150 feet wide, 12 feet deep to carry away surplus water.

And all such necessary and incidental works that may be necessary to fully and effectually carry out and complete the aforesaid further undertaking.

It is intended to instal a 24-inch concrete pipe extending from the upstream toe of the dam up into the lake for a distance to be agreed upon with the City of New Westminster, and to erect a tower for the gates and screens at the toe of the dam, and from this toe to carry a 24-inch cast-iron pipe surrounded with concrete in a deep trench underneath the dam to a connection with the present pipe to New Westminster.

The area which will be flooded by the raising of the water level is 1300 acres, of which the commercial value would not exceed $1.00 an acre, and the approximate estimate of the quantity of timber on this flooded area would not exceed 1500 feet B.M. per acre.

It is proposed that the waters at present recorded by the Company from Lake Coquitlam and from Lake Buntzen be utilized to generate the power required to operate the said further undertaking of the company and also under the said record the waters so to be conserved by the execution of the aforesaid further undertaking shall be utilized in the operation of and the carrying out of the undertakings of the Company previously hereto approved by Certificates of Approval of the Lieutenant-Governor in Council, and that the Certificate of Approval of which notice is hereby given do so provide.

The estimated cost of the undertaking is about $200,000.

The Power Company will have duly subscribed before it commences the constructions of the said further undertaking and works or exercises any of the powers in that behalf conferred by the Water Clauses Consolidation Act 1897 Part IV, one thousand (1000) shares of one dollar ($1.00) each, and the further amount of capital required to fully complete the said undertaking will be provide by a loan of one hundred and ninety-nine thousand dollars ($199,000) to be made by the British Columbia Electric Railway Company, Limited, to the Power Company to be secured by Mortgage Bonds of the Power Company in sterling or decimal currency carrying interest or by such other form of security as may be agreed upon between the said parties.

The time within which the said further capital of one thousand dollars ($1,000) is to be subscribed is two months from the date of obtaining a certificate of approval of the undertaking and works.

The said undertaking and works are to be commenced before the expiration of three months from the date of obtaining a certificate of approval to the same and the said works shall be in operation within two years from date of commencement of the same.

And upon such application all the usual and necessary powers to fully and effectually carry out the said proposed further undertaking will be applied for.

Dated at the City of Vancouver, in the Province of British Columbia this 24th day of December, A. D. 1908.

VANCOUVER POWER COMPANY, LTD.
R. H. Sperling, General Manager.

## NOTICE.

THE BURRARD WESTMINSTER BOUNDARY RAILWAY AND NAVIGATION COMPANY

will apply to the Parliament of Canada at its next session for an Act extending the time within which the Company may commence and complete the Railway the construction of which was authorized by the Company's Act of Incorporation being Chapter 68 of the Statutes of Canada 1907, and to authorise the Company to enter into any agreement with the Vancouver, Westminster and Yukon Railway Company which is authorized by Section 361 of the Railway Act and for other purposes, and authorising the construction of a branch line from a point in the main line authorised by clause (c) of subsection 8 of the Company's Act of Incorporation, thence in an easterly and northerly direction by the most feasible route through Yale, Lillooet and Cariboo districts to the most convenient point where a junction can be made with the branch line of the Vancouver, Westminster and Yukon Railway which runs from the main line of said Railway easterly to Edmonton.

Dated at Vancouver, B. C., December 30th, 1908.

TUPPER & GRIFFIN,
Solicitors for Applicant.

## NOTICE.

NOTICE is hereby given that the Vancouver Power Company, Limited, has this day deposited in the Land Registry Office in the City of New Westminster, British Columbia, the plan and book of reference of its Westminster-Chilliwack Railway from the town of Huntingdon to the City of Chilliwack, passing through the municipalities of Sumas and Chilliwack and the town of Huntingdon and the city of Chilliwack, being sections four (4) and five (5) of the said railway as shown on the said plan and approved by the Chief Commissioner of Lands and Works for the Province of British Columbia.

Dated this 12th day of January, 1909.

A. E. BECK,
Solicitor for Vancouver Power Company, Limited.

### Synopsis of Canadian North-West Homestead Regulations.

Any even numbered section of Dominion lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at an agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is rejuired to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father (or mother).

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.

### Tender for Supplies.

Sealed tenders addressed to the undersigned at New Westminster, B. C., and endorsed on the envelope "Tenders for Supplies," will be received up to noon of Saturday, the thirtieth day of January, 1909, for supplying the ship chandlery, groceries, meats, coal, and rough lumber, required for the use of the Department of Public Works at New Westminster, B. C., until March 31st, 1910.

The supplies furnished must be of the best quality of their several kinds and must be delivered at the Government wharf, New Westminster, or where specified in the form of tender.

The department reserves the right to accept the whole or part of any tender.

Forms of tender may be obtained at the office of the resident engineer, Department of Public Works, New Westminster, B. C.

Papers inserting this advertisement without authority from the department will not be paid for it.

The lowest or any tender will not necessarily be accepted.

G. A. KEEFER,
Resident Engineer.

Department of Public Works, New Westminster, B. C. January 18, 1909

### Synopsis of Canadian Homestead Regulations.

Any available Dominion lands within the railway belt in British Columbia, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

COAL.—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY.
Deputy of the Minister of the Interior

## MARKET REPORT

The market is recovering its activity, and yesterday was attended by both buyers and sellers, with a strong demand for most lines. Two or three farmers had placed cars of potatoes for future delivery to buyers. There was a good auction sale.

Meat was well supplied, and there was a heavy offering of beef, of fine quality. Mutton and lamb was not so plentiful, with a strong demand. The fair amount of veal met a ready call, while pork was scarcer, receiving a brisk call.

An average supply of eggs, with a somewhat greater demand was the rule. Poultry was largely offered, with a bigger supply of fowl, while chickens were in great demand. A few ducks were sold readily. Fruit came in small quantities, and were quickly bought up. Potatoes came in very large supplies, and all found ready sale at quotations. Flowers are increasing, and fish was also noticed in moderate quantities.

Official Quotations.

Beef, hindquarters prime, 8 to 8½c; forequarters, 5½ to 6½; mutton 11 to 12c; lamb, 13 to 14c; veal, medium, 11 to 11½c; veal, large, 8 to 9c; pork, dressed, 9c; eggs, wholesale, per doz., 45c, retail, per doz., 50 to 55c; butter, retail, 35 to 40c; fowl, per doz., $8.50 to $10; chickens, per doz., $7 to $8.50; ducks, per doz., $11 to $12; apples, per box, $1 to $1.50; carrots, per sack, 60c; parsnips, per sack, 75c; turnips, per sack, 50c; onions, per sack, $1.50; potatoes, per ton, $18 to $20.

### OREGON STUDENTS EAT NO FOOD IN FOUR DAYS

Eugene, Ore., Jan. 29.—Ormond Rankin and Tom Word, University students, ended last night at 6 o'clock a fast of four days on a wager that the other could not go voluntarily without eating during that time. No ill effects were experienced by either of the men, and they attended regularly university classes.

One of them said that his head was clearer than usual, and that his college work was easier than when he ate full meals.

## "Water Clauses Consolidation Act 1897 and Amending Acts."

### Vancouver Power Co., Ltd.

Notice of Application for Further Certificate of Approval.

Notice is hereby given supplementary to the notice of the 24th day of December, 1908, that, two weeks after date application will be made when application is made in pursuance to the notice of the said 24th day of December, 1908, for a further certificate of approval (to be included in the one certificate of approval) of its further undertaking in the matter of the construction and operation of a single or double track tramway from a point at or near the New Westminster junction of the Canadian Pacific railway where the branch line to the City of New Westminster branches off to the City of New Westminster to a point at or near the southerly end of Lake Coquitlam, with the necessary sidetracks and turnouts and branches for the passage of cars, teams, carriages and other vehicles adapted to the same and to build bridges and exercise any of the powers as set forth in section 96 of the Water Clauses Consolidation Act, 1897, with amongst all other powers the power to take, transfer and carry passengers and ore, minerals and freight upon the tramway by the force or power of animals or such steam, electric, water or other motive power as the Company may deem expedient.

And upon such application all the usual and necessary powers to fully and effectually carry out the said proposed further undertaking will be applied for.

Dated at the City of Vancouver, in the Province of British Columbia, the 25th day of January, A.D. 1909.

VANCOUVER POWER CO., LTD.
R. H. Sperling, general manager.

### TENDERS.

Tenders for the furnishing of material and construction of cement walls and floor containing thirty (30) cubic yards more or less. Tenders to be in cost per yard. Plan and specifications may be seen at the office of Walker & Peers, Edmonds Station, B. C. E. R., on Monday, Feb. 1, 1909.

The lowest or any tender not necessarily accepted.

## NEW STORE BUILDING ON COLUMBIA STREET

cost of putting it into a safe condition.

It was decided also to lay crushed rock on the path across Tipperary park for the accommodation of foot passengers.

The Westminster Gas company will be notified that when they disturb the streets for mains the street must be put back in proper shape, and if this is not done, the city roller will be sent down and the time charged up to the company.

Plumbing By-Law.

The plumbing inspector, J. J. Mahony, suggested a number of amendments to the plumbing by-law, which will be taken up at a meeting next week. The following is a summary of a substitute clause for 19: "When the roughing-in of any plumbing or house drainage has been completed, before it is covered in it must be subjected to a series of tests, and when this is done the inspector should be notified to inspect same. In outside sewer work no vitrified pipe is to run within five feet of the building." Regulations are also fixed for soil and waste pipes.

The regulations for water services in all buildings will be: "All water pipes when placed underground shall not be less than thirty inches below the surface of the ground, and all other pipes where so situated as to be exposed to frost shall be properly protected by having a box placed around them filled with sawdust." In this connection the superintendent of waterworks will be notified with reference to the mains.

Miscellanea.

The plans for improvements along Columbia street in front of the asylum and penitentiary, by rounding off Grant's corner and laying cement sidewalks at the expense of the governments concerned, were submitted and approved.

The special committee to whom was referred the question of negotiations with the railway commissioners for a sitting here at the end of February will continue to make arrangements.

Owing to the late hour the estimates for 1909 were not reached.

### BLAME RAILWAY WRECKS ON TIRED OPERATORS

Winnipeg, Jan. 29. — Telegraph operators throughout the prairie province on all lines are signing a monster petition to parliament for an eight hour law. The preamble declares that many wrecks are due to the fact that operators are overworked. Where only one man is employed at a station he is practically on duty all the tim

## SENATE REFORM IS ADVOCATED

### Hon. Mr. Scott Would Make Upper House Two-Thirds Electoral.

Ottawa, Jan. 29.—Hon. Mr. Scott startled the senate yesterday with an elaborate scheme of reform for the upper house. He wants two-thirds of the senate elected by popular vote and the other third appointed by the government, the term of each senator, whether elected or appointed, to be eight years. Mr. Scott urges compulsory voting at the election of senators; any voter refraining from exercising his franchise to be fined $10.

The government bill amending the Immigration act, introduced by Hon. Mr. Oliver yesterday afternoon, is designed to render more effective the provisions of the existing law respecting the immigration of undesirables. It is proposed to exercise closer supervision at ports of embarkation, on shipboard, and at ports of arrival in Canada. This will involve the stationing of Canadian immigration inspectors at Liverpool, Glasgow and other British ports. The time within which undesirables may be deported is extended from two to three years, making it coincide with the American statute. The clause to prevent misrepresentation by agents is made more drastic. The government is empowered to fix by order-in-council the monetary values which immigrants landing in Canada must possess.

The house again debated the opening of public tenders in the presence of the tenderer, but reached no conclusion.

The amusing feature of the discussion was the speech of Mr. McAllister who defeated George Fowler. He inadvertently addressed the house as "boys."

Hon. Mr. Lemieux introduced a bill providing for indemnification against loss of registered packages to the value of $50.

The postmaster-general introduced a bill to amend the post office act for the purpose of permitting compensation to the amount of $25 to be m in cases of registered letters o cels which are lost in the m pa is to apply alike to d mails. This foreign mail matter. omestic and is now taken in The step which on regulations this matter is based Postal union of the International similar Compensation under in C mitt ms is already allowed in the United States a Great Br ita al union countries. and other post Alphonse Verville, Maissonneuve president of the trades and labo congress, introduced a bill to establis an eight hour day for workmen on Dominion public works. A simil measure has been before the Ho on previous sessions. Richard Blain inquired w government would intr ne the sion to produce government prohibit or cigarettes. The replied it was not t ion to present any amendme act which was passed on t last session.

## MR. MANN'S VISIT.

It was well the City Council and Board of Trade should have seized the opportunity and invited Mr. D. D. Mann over yesterday. Mayor Keary acted promptly when the occasion had almost been missed, and it is at least a satisfaction to know Mr. Mann has had an opportunity to see something of a city of which he would get but meagre information in Vancouver, and little to our credit.

He maintained his reputation for conveying little precise information, but has abandoned some of the silence which marked his earlier attitude to public authorities, though there was little in his speech yesterday which the city can use in the future as a pledge. Perhaps it was that he had already talked to the Canadian Club at Victoria, and had an appointment today of a similar character at Vancouver. All cannot be satisfied, and generalities must be the rule. The determination to build to the coast, to make surveys at an early date, and to bring the railway by way of the fine Fraser bridge summarize the speech. It was well that Mr. G. A. Keefer was ready to make a declaration as to the ship channel being ready at the end of next year, long before the company can reach the coast.

There is this fact about Mr. Mann that he does not hastily promise, and having risen through all the rungs in the ladder he understands railway development as few men do in Canada today, ranking worthily among the half dozen leading railway directors in this country. His work has been well done and he is associated with some of the greatest enterprises of the Dominion, railways, street car services and waterworks.

## COMOX-ATLIN VACANCY.

The Conservative party in this province certainly has little sense of decency, when such a responsible paper as the News-Advertiser expresses disappointment at the attitude of the Provincial Conservative Convention last week in not wishing to put a candidate in the field against Hon. William Templeman when he offers himself for election in a few weeks for the constituency opened by Mr. Sloan's resignation. It however seems certain that Mr. Templeman will be compelled to fight a winter campaign in Canada in order to gratify the ill-feeling of the majority of the opposition in British Columbia. There can be no plea urged now that the Conservatives are without representation in the House of Commons, but apparently even a minister, who has been in charge of the mining department, of great influence in the cabinet counsels, and of special importance to this province, cannot be permitted to take his seat without obstacles in the way.

The Liberals did not oppose Hon. Thomas Taylor in Revelstoke on his seeking re-election when taking office as minister of works, and the party as such was in no way responsible for a socialist coming out in a forlorn hope against him. The advantages of a minister representing that provincial constituency were urged by the Revelstke Conservatives, and the Liberals consequently gracefully gave way. The arguments are equally applicable to either case, what is fair in Revelstoke is equally just in Comox-Atlin.

Politically we know people do things which they would refuse to sanction in ordinary business life, but the same code of ethics should universally exist. In addition to this sentimental reason, if it is so, it is of material advantage to have a B. C. member in the Federal Cabinet.

## MR. MANN IS WELL PLEASED WITH CITY

In connection with the visit of Donald D. Mann, vice-president of the Canadian Northern railway, and Col. Davidson to the city, and their tour round the city with Mayor Keary and J. A. Cunningham, president of the board of trade, it is satisfactory to note that Mr. Mann expresses complete satisfaction with the city after a further examination, and had visited the wharves and Front street to see the existing transportation accommodation.

### Japanese Ships to Australia.

Wellington, N. Z., Jan. 28.—It is likely that a Japanese squadron of eight ships will visit Australia early in 1910.

A meeting of the members of the Delta Agricultural society is called for today in the council chamber at Ladner.

For first-class cut flowers and any kind of Floral work, telephone Davies' Greenhouse, B208. **

W. Walker has again secured a number of successes with his white Plymouth Rock birds, this time at the Victoria poultry show.

It is definitely announced that the Beaver will run to Chilliwack on Monday, and freight and passengers will be accepted for same.

Clear Havana cigars of exclusive merit—the "Brillante," made by the B. C. Cigar factory. **

Three Chinamen who were captured in a gambling raid on Thursday evening in Chinatown will come up for trial at the police court on Tuesday morning.

A progressive euchre party will take place in St. Patricks hall on Wednesday evening, under the patronage of Mesdames A. T. Morrow, E. Goulet, (Dr.) J. Harold Jones and T. Sampson. At the close of the card games, which will commence at eight o'clock, refreshments will be served by the ladies. The proceeds derived from the evening's entertainment will be applied to paying for certain needed improvements at the hall.

Try Hans Vaglsang Poultry Food. It's the best. It's the stuff all people keeping poultry should use. At your grocers and druggists. **

An effort is being made to secure a branch from the C. P. R. Eburne line to Woodward's landing, in order to connect Ladner by a fast boat service with Westminster and Vancouver more directly than at present.

Ben Bowie, a negro deported some days ago by the immigration officials from this city, having managed to escape examination by the officials at the boundary, again appeared in town yesterday with a colored companion named Walter Brown, having come from Vancouver. The men were held last evening at the city police station pending deportation.

Knock the cover off a box of "B. C." cigars and try one. It will make a "hit." **

An offer has been received from Nanaimo by A. Saul to work in the mines there. If the offer is accepted it will be a great loss to the Westminster Football club, but employers here have been able to give the club but little assistance towards finding employment for men owing to various causes this winter.

A meeting of the executive and players of the Westminster Lacrosse club will be held early next week, when the suggestion of the Tecumsehs that the championship lacrosse games to be played here this season be postponed until July will be considered and acted upon. A proposition will be placed before the meeting that the Capitals, of Regina, be requested to play here on May 24 in the event of the Tecumsehs failing to fill that date.

For table decorations and wedding bouquets—a specialty. Ring up Tidy, the Florist, 184. **

After an illness of about three weeks, Mrs. Elizabeth Esther Butters, wife of Thomas Butters, First avenue, died yesterday morning at the age of 49 years and six months. She is survived by her husband, one son, Lawrence, and three daughters, Mrs. J. E. Brown, and the Misses Edna and Gladys Butters. The funeral, which will be strictly private, will take place to the Odd Fellows' cemetery at two o'clock this afternoon, when Rev. J. S. Henderson will officiate.

Assistant Roadmaster Volland, of the C. P. R., and his work gang are still having trouble in fixing up the roadbed on the Eburne branch close to the boundary of the South Vancouver and Burnaby municipalities and a large quantity of gravel and brush has been brought from various points to complete the work. As the material is placed in position the bog sinks, which causes the track bed to cave-in.

All dealers handle "B. C." and "Old Sport" cigars. The old reliable brands. **

An interesting lecture on "Socialism and the Teachings of Christ" was delivered at Queens avenue Methodist church yesterday evening by Rev. Dr. S. D. Chown, secretary of the moral and reform department of the Methodist church of Canada. In an able and lucid manner the speaker contrasted the advanced arguments of Karl Marx and other leaders of Socialistic thought with the teachings of the Christian church, making clear to his hearers that Christianity would never be supplanted by Socialism, which he described as slowly and ever evolving into a newer and more advanced system, the ultimate aim of which was not properly understood by the masses of the people and many of the followers of the belief.

### DIED.

BUTTERS—Friday, Jan. 29, 1909, in this city, Elizabeth Esther, beloved wife of T. E. Butters, aged 49 years. Funeral will take place from the family residence, 147 First street, Saturday, Jan. 30, at 2 p.m., to the I. O. O. F. cemetery. No flowers.

### NOTICE.

Take notice that I, C. W. Preston, of Vancouver, B. C., farmer, intend to apply to the Honorable Chief Commissioner of Lands and Works for a twenty-one year grazing lease on the following described land: Commencing at a post on the east shore of Zayas Island, Port Simpson district, about a mile south of the mouth of Lake creek, thence west across the island to the shore, thence following the shore northerly, easterly and southerly to the point of commencement.

No. 2 lease.—Zayas island, Port Simpson district, starting at a post at the southeast corner of No. 1 lease, thence west across the island to the shore, thence following the shore southerly, easterly and northely around to the point of commencement.

C. W. PRESTON.

## D. D. MANN IS IMPRESSED WITH TERMINAL FACILITIES

(Continued from Page One.)

river facility for a railway to Mission. He supposed the C. N. R. was looking for the trade to the Orient, and he believed that it would not be many years before the company had its largest vessels coming to this port. He could see no reason why the C. N. R. should not choose this for its terminal on the Pacific.

J. A. Lee, the vice-president, said the citizens only wanted an opportunity to show the company they were in a position to build up a city here second to none. He trusted that Col. Davidson would soon be a constant visitor to the city and that in the not distant future the C. N. R. would have its terminals in the city.

### The Fruhling Dredge.

Aldermen Henley and Johnston followed, and the resident engineer, department of public work, G. A. Keefer, made an important speech with reference to the channel improvements. He was in a position to say that in the near future there would be as deep a channel to the Gulf of Georgia from this city as could possibly be desired. The entire difficulty to navigators was confined to eighteen miles of the river near the mouth. By the end of next year he was able to announce that there would be at least thirty feet of water between the city and the gulf. There are no insuperable difficulties and the dredge will be able to keep the channel at the required depth until the jetty is built. The Fruhling dredge has been reported from Acapulco, Mexico, but the report is unconfirmed.

### Mr. Mann Impressed.

A. E. White seconded the vote, and J. B. Kennedy, ex-M. P., wound up the discussion. In replying to the vote of thanks Mr. Mann said he had been very much impressed by the remarks that he had heard, and which had contained much valuable information with regard to the shipping of grain from the coast the drawback so far had been that owing to the deteriorating influence of the climate around the equator the grain had to be carried in sacks. But if the shortness of the Panama canal route would permit, there was no doubt that a great amount of the grain would be shipped from the prairies by the coast. At Fort William the grain was passed through a drying plant, an inexpensive process which would harden the grain so as to stand the trip.

The visitors spent some hours in the city visiting various points before returning to Vancouver.

### Brewster's Millions.

It is with an aroused anticipation of good things in view that the local theatre-goers await the coming of "Brewster's Millions" which will be the bill at the opera house on Thursday, February 11. The play is a stage version of George Barr McCutcheon's lively and successful book of that name. The story is old, and tells of the efforts of Montgomery Brewster to spend a million dollars left him by his grandfather within a year, and to preserve complete secrecy regarding his object. He is not permitted to give or gamble it away, nor is he permitted to endow any institution or erect any permanent memorial. This is made a condition under which he inherits this fortune ten times as vast from an uncle who had conceived and nursed a bitter hatred for the grandfather. The comedy will be presented by the Cohan and Harris Comedian, headed by that capable and well known comedian, Robert Ober.

## DISMISS CREW AND CLOSE LIFEBOAT STATION

Victoria, Jan. 29.—In consequence of the wreck of the Bamfield creek motor lifeboat, the Dominion government has dismissed the life-saving crew, and will temporarily close the station, leaving only a caretaker at Bamfield.

### Messina Still Feels Quakes.

Messina, Jan. 29.—A number of severe earthquake shocks yesterday, just a month since the earthquake overthrew Messina, caused great alarm. Terrific rainstorms have caused much distress among the people and suspension of work.

## BALKAN SITUATION CAUSES MUCH ANXIETY

### Bulgaria Calls Out Her Reserves and Powers Try to Bring About Peace With Turkey.

London, Jan. 29.—The Balkan situation is causing anxiety again in European capitals. Fearing trouble between Turkey and Bulgaria as a result of Bulgaria calling out her reserves, the powers are bringing pressure for a peaceful settlement. Sir Edward Grey has sounded the powers on the subject, and Russia has proposed that common representation be made both to Sofia and Constantinople against any change in the frontier which would endanger European peace.

Great Britain has advised Turkey to accept an indemnity of $20,000,000. Bulgaria is inclined to pay this, provided Turkey abandons her claim for rectification of the frontier.

## COMMISSIONER WAS ONCE CHIMNEY SWEEP SLAVE

An interesting lecture was given yesterday evening at the Salvation Army barracks by Commissioner Cadman, an old timer in the Army, and one of the few living today who assisted General Booth in founding the great organization with which he is still associated. The commissioner, who was accompanied by Lieut.-Colonel Howell and Mrs. Howell, Major and Mrs. Morris, and the silver band of Vancouver, dealt with his life history in an interesting manner, relating how, having been left an orphan at an early age, he was virtually sold into slavery to a chimney sweep in London, and forced for years to climb chimneys and sweep them, often at the risk of his life. He remained at this hazardous occupation until legislation was passed prohibiting boys from engaging in that trade. Converted shortly after he attained his majority, he went through several exciting experiences while preaching in the open air, having trouble alike with the rowdies and the police.

At the conclusion of his lecture, a vote of thanks, proposed by George Small and seconded by James Cunningham, was tendered the commissioner, who replied in a few apt and humorous sentences.

## HEAVY TAXES TROUBLE PEOPLE OF PORTLAND

Portland, Ore., Jan. 29.—Everywhere in Portland the earnest cry is going up for a limitation of expenses, at least, if not actual retrenchment. So much influence is being brought to bear on the legislature that even meritorious appropriations are being sidetracked. The complaint from Multnomah county is great, for taxes in Portland thiis year will be almost unbearable.

This county alone has to raise $4,581,500 during February. The assessor made his last levy on what purported to be a true cash value. The result was an assessment over $3,000,000 higher than last year. It was hoped the levy might be kept down, but it is 45 mills. Unprecedented municipal improvements, coming in a bunch, have caused it.

### Will Go to Edmonton.

Montreal, Jan. 29.—Rev. John E. Duclos, of Valleyfield, has accepted a call to Norwood Presbyterian church, Edmonton.

### RAILWAY BOARD VACANCY.

It is stated that the name of a prominent local Liberal is mentioned in connection with the proposed appointment of a British Columbia member to the railway commission. This appointment would be a tribute to Westminster such as is seldom accorded western cities.

**ATTENTION**

If you have property of any description to sell, rent, or exchange, either in the City or District, it will pay you to list with us at once.

We have the experience, organization and connections, and can guarantee you good service.

## Closes on Saturday Night

Another tumble in the prices of many lines. which have been on sale during the past few weeks. These lines mentioned have been sold down until only a small quantity remains. They must be cleared out before Saturday night.

*MISSES'*
***Dress Skirts***
***$1.55 EACH***

Have been on sale at $1.95; regular values $3.00 to $4.00. The balance at this special low price to clear them out $1.55 each.

***Ladies' Skirts***
***$1.95 EACH***

The balance of the lot which has been on sale at $2.95 each; regular values $5.00 to $8.50. You can choose nice skirts now in this quick clearing offer. Each $1.95.

*ONE LOT*
***Ladies' Skirts***
***Still further reduced to $3.95 each***

This means the balance of the lot on sale previously at $4.95. Every skirt is worth double and more than the low price now asked. However, they must not go back onto the racks; only a small quantity left; choose now, at $3.95 each.

*CHILDREN'S*
***Warm Coats***
***at $1.55 each***

Sale price on this line has been $1.95; regular values of which were $3.00 to $3.75. Sizes suitable for girls six to nine years. An exceptional chance to secure a comfortable coat at this small price, $1.55 each.

One lot Childrens'
Coats now $1.95

This lot has been on sale at $2.95; regular values $5.00 to $6.75. The further reductions denote our determination to clear out the balance. Materials used are dark tweeds and Kersey cloths; four or five sizes in the lot; each $1.95.

***Another Reduction***
*On this line of*
***BLOUSES***
***Now 75c Each***

Have been selling at 95c during this sale and the small quantity left must find purchasers by Saturday. The lot consists of black sateen and dark colored flanelette waists in almost all sizes. Regular values were $1.25 to $2.00; to clear them out price now 75c.

*A SATEEN*
***Underskirt***
***AT 75c EACH***

Ladies' black sateen underskirts in the quality which has been on sale all month at 95c each, and we make this further reduction to complete the clearance of the small balance. Choose one of the three styles at 75c each.

Many other special clearing lots on sale for the closing days of our sale. Every department has some odds and ends to clear out.

***WRAPPERS at 75c each***

Less than you could possibly buy the material for making into ladies' wrappers. This small lot has been on sale at 95c, and the further reduction will clear them out quickly.

***White Muslin WAISTS 25c each***

Regular values 50c and 65c, and of special value at that. As the quantity is too small to put back into regular stock we shall clear the small balance out at 25c each.

***Corsets Down to Another Low Price 75c pair***

A small lot of Crompton's corsets in such well known styles as Magnetic, Victoria, Geo. Military 209, etc. These have been on sale at 95c; regular values being $1.25 and $1.50. All sizes as yet, in the one or the other of the styles; now on sale at 75c per pair.
