DEMAND ORIGINAL LACROSSE OFFICIALS

New Westminster Wants No Change in the Matter of Referees.

The New Westminster Lacrosse club will stand for no changes in the officials. The game on Saturday will played under the referees chosen at the commencement of the season, or not at all. This was the decision arrived at at the meeting of the club held last evening.

Furthermore it was decided that Vancouver be requsted before the game, to give satisfactory assurance to the effect that the original agreement as to the Labor Day match will be adhered to. Until this is done there will be no game.

This decision on the part of the local club means that Saturday's game must be played under either Gray and Yorke, or Lynch and Barr, and in the second place that Vancouver must either promise to play the Labor Day game here or if played in Vancouver to hand over one-half the gate receipts to the New Westminster club.

Decision is Final.

This will be the stand taken by the local club at the meeting of the executive of the B. C. L. A. tomorrow.

At last evening's meeting the team was chosen for Saturday as follows: Goal, Gray; point, Galbraith; cover point, T. Gifford; first defence, J. Gifford; second defence, T. Rennie; third defence, G. Rennie; centre, W. Turnbull; third home, Wintemute, second home, C. Spring; first home, G. Spring; outside, L. Turnbull; inside home, Latham.

The defence is lining up much as was expected, but the arrangement of the home comes as something of a surprise.

URGES ESTABLISHMENT OF MUNICIPAL ABATTOIR

Dominion Veterinary Director-General and Live Stock Commissioner Condemns Slaughter House.

Ottawa July, 14.—"Municipal meat inspection throughout Canada is simply a farce." This is the statement made by Dr. J. G. Rutherford, Veterinary Director-General and Live Stock Commissioner, who has for the past year and a half been investigating conditions for the Dominion government. Vast quantities of diseased meat, he says, is being consumed daily.

What is needed, Dr. Rutherford's report states, is the "abolition of the private slaughter house, with all its abominations, and the establishment of municipal abattoirs."

Conditions as they exist here, he claims are worse than those revealed recently in Chicago. The need is for a campaign of education which will rouse every municipality to the need of careful inspection.

LOVE'S YOUNG DREAM VANISHES IN COURT

Vancouver, July 13.—"I'll not marry that kind of a man, and I break off our engagement right here and now!"

Standing in the witness box in police court this morning, Agnes Alona Hale, a prepossessing young woman from Aberdeen, dramatically broke her engagement with Alva Merill of Seattle.

Merrill was arrested on a charge of vagrancy. Miss Hale told the court that three weeks ago Merrill sent for her. She came with considerable money, which he promptly borrowed from her at divers times in small amounts. Finally he frankly told her that he did not bring her here to lie around all day and that she must get out and work.

Burglar Shoots Woman.

New York, July 14.—Mrs. Sophie Staber, wife of George Staber, an importer on Duane street, this city, was shot and instantly killed in her home in Flatbush, Long Island, while aiding her son in a struggle with a burglar early today.

The burglar, shaking off the son, dove through a window and escaped. Two hats found in the yard indicated that the murderer had an assistant on guard outside the house.

ITALIAN MINISTERS FIGHT IN HOUSE

Mercantile Subsidies Bill the Cause of Riot Among Deputies.

Rome, July 14.—The political parties have been waging a hot war for the last few days on the mercantile subsidies bill, which is causing uncommon agitation in the shipping industry. The temper of the deputies has often been at white heat, and it almost led to a riot today. Signor Colojanni, Republican, said the ministers responsible for the subsidies ought to be prosecuted, whereupon Signor Scanzar, minister of posts and telegraphs, rushed at Colajanni and punched him. Pandemonium broke out. The minister's friends pulled him form Colajanni, tearing his coat in doing so. Schanzar escaped, and made another rush at Colajanni, but was stopped.

The struggle was repeated four or five times, Schanzar all the time in a furious rage. The Republicans taunted him, and the public in the galleries shouted rival epithets, according to their views. The president was unable to quell the uproar, and suspended the session. The ministerialists flocked around Schanzar, and embraced and applauded him. The incident semed to have caused a reaction in the government's favor.

BIG PACKING FIRM BUYS SITE HERE

J. Y. Griffin of Vancouver Buys Large Lot on Front Street Suitable for Industrial Purposes.

A big real estate deal which may be the first step toward the establishment of an important industry in this city was put through yesterday.

The deal in question was the sale of lot 2, city block 7, situated on Front street, one lot to the east of Lytton square, to J. Y. Griffin, head of the well known firm of packers in Vancouver. The deal was put through by W. J. Kerr, of this city, and the consideration was $12,000.

In making the purchase Mr. Griffin made no definite statement as to his intentions, but it is understood that the lot is to be used in connection with the business of the Griffin firm. It is rumored that work will in the near future be started upon the erection of a large warehouse and plant.

The lot is well suited for industrial purposes. It fronts upon the tracks of the Great Northern and C. P. R., and the new line of the B. C. E. Ry. Co., to Chilliwack runs immediately in front of it. Easy access is to be had to the river by means of the Great Northern wharf which is immediately across Front street.

Mr. Griffin was head of one of the largest packing firms in Winnipeg, which he sold out to the Swifts, on moving to Vancouver.

GUM CHEWING CONSTABLE SHOCKS COMMISSION

Hamilton, July 14.—The police commissioners held a meeting at noon yesterday to consider a charge laid by Sergeant Knox against Constable Hay, who was on the carpet for chewing gum while on duty. Hay's explanation of the charge was that he was the possessor of false teeth, and that on the occasion in question he was holding these unnatural teeth at a fountain and was compelled to chew a chicklet to take the taste of the ablutions out of his mouth. The commissioners referred the matter to Police Chief Smith, with full power to deal with the gum chewing policeman.

BANKERS STILL TALK OVER CHINESE LOAN

London, July 14.—The meetings of the international bankers, so far as London is concerned, have been concluded without arrangements for the participation of Americans in the Hankow-Sze-Chien railroad loan of $27,500,000 being agreed upon. The negotiations, however, are still going on, and further meetings will be held in Paris and probably Berlin. It is said that the meetings of the foreign bankers was adjourned to allow the representatives of the continental consuls to consult with their governments.

TRAGIC CONCLUSION TO MERRY-SCHOOL PICNIC

FIVE GIRLS ARE DROWNED IN BURRARD INLET

Miss Ankers Takes Party From South Westminster to Aliceville—Girls Lose Lives in Effort to Save One Another—Two Bodies Recovered.

THE GIRLS DROWNED AT ALICEVILLE.

Gertrude Ankers, Sapperton, aged 22, body found.
Annie Murphy, South Westminster, aged 19.
Lyle Buck, Timberland, aged 15, body found.
May Murphy, South Westminster, a ed 14.
Alfhild Paulsen, Timberland, aged 11.

A sad accident has marred the picnic season in the drowning yesterday of Miss Gertrude Ankers, aged 22, and four other local girls at Aliceville, near Port Moody on Burrard inlet.

A Picnic Party.

Miss Ankers, a daughter of John Ankers, in charge of the city pipe line to Coquitlam lake, has taught school for some time at the Brownsville school, and it was a picnic to her young charges which took the party yesterday to the resort. There were fifteen in the merry group which met at the Fraser bridge yesterday, being driven out by L. T. Brown. The party included several members of the Murphy and Paulsen families and other residents of Surrey. Upon arrival at the bathing beach the boys separated from the girls, and all began bathing. S. J. Pearce, the city sanitary inspector, who is spending a few days at the resort with his daughter, and son-in-law, W. H. Clarke, warned the girls not to go into the water till after 3 o'clock, but they disregarded him, and decided to wade at a place some sixty yards from the summer residence of Mr. Pearce. Here the water is obstructed by reeds about a hundred feet out, and the beach shelves sharply close to the shore.

Self Sacrificing Heroism.

It was about 12:30 when the girls entered the water, Alfhild Paulsen, aged 11, going first. She had not gone far when she gave a cry for help, and Miss Ankers, anxious for her charge, went to her assistance. She was provided with a pair of swimming wings, but got out of her depth, and May Murphy, aged 14, followed. She too could not do any good, none of them being able to swim, and her sister, Annie, aged 1,9 rushed to her assistance. Four were now in the water struggling, and Lyle Buck, aged 15, from the bank, pushed her way through the reeds to the others A younger sister of the Murphys came next, but she had the good sense to go back.

Recover One Body.

A cry of horror called the boys to the rescue, but the crying children on the bank could not give the elder ones much idea of what had happened. However, Tom Murphy, a brother of the girls, and another, put out in a boat, and saw Miss Ankers' head above water. They dragged her aboard, still breathing, and pulled her to shore.

Fortunately one was present with police experience in the person of Mr. Pearce, and he took charge of operations for the recovery of the bodies. For an hour he and others assisted in an effort to resuscitate the unfotunate girl, but she never showed signs of returning consciousness. About 20 minutes elapsed before the body was on the bank from the time the girls entered the water.

C. P. R. Lends Help.

While anxious eyes were watching for returning signs of vitality, a C. P. R. work train came along, and the crew, who had seen something of the searchers stopped it, found what was amiss, and went on to Port Moody to bring Dr. Robert Robinson, the divisional coroner, and took the body back to the town, where the doctor declared an inquest unnecessary, and permitted the removal of the remains from Port Moody to this city in Murchie's undertaking wagon, which had already been sent for.

Meanwhile rigs had been arriving from the city, among those coming out being John Jackson, a neighbor of the Ankers, J. Wise, Rev. E. G. T. Thompson, and J. J. Cambridge.

Police on Scene.

Provincial Police Constables Wilkie and Gammon had arrived with expedition, and started to drag for the bodies, but lacked proper grappling irons. Rowboats belonging to the oilieries at Port Moody, and Robert Abernethy's gasoline launch The White Heather, were pressed into the service, and the search continued with energy all afternoon. Ultimately after hours of work, the body of Miss Buck was recovered, and removed to Fales' undertaking parlors. J. Wise, who had worked assiduously, caught the bathing dress in the grappling hooks, and the place was marked for futher examination today.

Adverse to Dynamite.

Every device which could suggest itself to the searchers was tried. A loaf of bread was thrown in the hope it would sink over the bodies according to time-honored superstition, but the eager watchers never saw it sink. Others suggested using dynamite, but Provincial Constable Wilkie was adverse to it at the present stage as it would ruin the bodies, which are believed to be held in the weeds. It was not till 7:30 p.m. that Miss Buck's body could be found. With the ebb tide the searchers are confident of finding the remainder.

Mr. and Mrs. J. E. Murphy, parents of the two girls, had been notified and Mr. Murphy arrived as soon as possible, overcome by the distressing fatality.

Families Well Known.

The families are so well known that the accident has cast a gloom over the city and neighborhood. Miss Ankers had been teaching for the past three or four years, and had passed her pupils with honors. She was engaged to be married, and the wedding was to have occurred this vacation. Much sympathy will be felt for Mr. and Mrs. Ankers, who are left with only a son living.

Miss Buck was a daughter of A. Buck, Dominion fire ranger, formerly postmaster of Timberland, and Miss Paulsen was daughter of S. O. Paulsen, of the same place.

ENGINEER WILL BE NAMED ON MONDAY

Burnaby Council Wants Man With Knowledge of Road-making.

The Burnaby council dealt with the the applications for the position of municipal engineer yesterday, and weeded out the applications to three or four, who will be asked to meet the council, and a decision will be made on Monday.

Tenders were called for the supply of rock for use on the Vancouver and Hastings roads and Third avenue, and also for the cut and fill on the Vancouver road as shown on Col. Tracy's profile. The council also considered the advisability of purchasing road making machinery laying the matter over for further consideration.

Had to Follow Law.

Ottawa, July 14.—The calling out of the troops at Glace Bay was done by County Judge Finlayson, who addressed the necessary requisition to the D. O. C. at Halifax on the mayor having refused to do so. The mayor, on Judge Finlayson taking action, telegraphed a protest to the militia department here. The protest, however, was useless, as the department has no volition in the matter, the requirements of the law having been carried out.

PHYSICIANS DECLARE LEPER TO BE HEALED

After Eight Months Treatment Skin and Cancer Experts State That Patient is Whole.

New York, July 14.—After eight months' confinement in a solitary prison with a stone wall separating him from the rest of the world in the firm belief that he was a leper, John R. Early, who was brought to this city for treatment on July 3, was pronounced cured tonight. He was declared free from affliction by Dr. L. Duncan Bulkeley, the expert at the Skin and Cancer hospital, who rescued him from the hands of the Washington authorities.

PHOENIX ELIMINATES EIGHT OF HER SALOONS

Phoenix, B.C., July 14.—The moral wave which has been sweeping over Phoenix since the election of the 1909 city council, last January reached a climax last night when the police and license commissioners met and granted renewals for the current half year to only seven of the fifteen licenses held by hotels in the city at present. The discontinuing of the licenses goes into effect on July 16, with no provision for the disposing of their present stock of liquors on hand or compensation for loss to realty.

The only hotels doing business on the 16th will be the Brooklyn, King, Dominion, Central, Alexander, Knob, Hill and Butte, while the Summit, Bellevue, Cottage, Mint, Nordon, Maple Leaf, Golden and Stem Winder pass out of existence. The action of the commissioners is a lively topic in this city. Gambling and open bars on Sunday were elminated in this city some months ago.

SERVIAN GOVERNMENT ARRESTS AUSTRIANS

London, July 14.—A Belgrade despatch to the Daily Mail says that 200 Austrian soldiers and fifty gendarmes, who were found occupying a Servian island in the river Drina, have been formally arrested.

The Servian government has protested to Vienna.

Everybody is very much excited over the incident. There is much discussion of the problem of what to do with the captives.

All Quiet at Glace Bay.

Sydney, N.S., July 14.—There are no signs of any kind of disturbance in the strike situation today. The company is bringing in men by water from Montreal and claim they are improving their situation daily.

CANNERS ADHERE TO ORIGINAL OFFER

Decide Not to Go Above 12 1-2c and 10c For Sockeye This Year.

The B. C. Canners are still holding by their determination to pay only 12 1-2c and 10c for fish this season.

A meeting was held in the rooms of the association in Vancouver yesterday to consider the demand of the white fishermen to the effect that the price of 15c per fish be paid during July, and 12 1-2c for the remainder of the season. After some discussion, however, it was unanimously decided to stay by the original offer of 12 1-2c for July and 10c for the rest of the season.

This decision on the part of the canners has been conveyed to the white fishermen but up to the present they have made no statement as to their intenions in the matter.

The first of this season's sockeye were taken in the river yesterday, several of the fishermen who were out with sockeye nets making small catches. About one hundred fish in all were received by the local canneries.

Now that the sockeyes have once appeared in the river it is anticipated that they will continue to come in increasing numbers.

Australia Not Arid.

Melbourne, Australia, July 14.—Senater McCall, who represented Australia at the farming congress held recently at Cheyenne, Wyoming, today said to the Australian farmers assembled in convention at Bendigo, that Australia was a much better agricultural country than either the United States or Canada. He combatted the idea that Australia was arid, saying that he had seen drier areas than those of Australia successfully farmed in America.

BATTLE RAGES IN STREETS OF CAPITAL OF PERSIA

Nationalist Rebels Make Headway Against Cossacks of the Shah—Hundreds Killed.

Teheran, Persia, July 14.—Canonading today resulted in the heaviest losses in both Royalist and Nationalist armies that have been suffered since the rebels stormed the city early yesterday morning. Hundreds of soldiers were killed and the fighting is still in progress. It is impossible to estimate the loss in either army since the fighting began because of the wide area over which the battle has ranged. The rebels, who are determined to overthow the Shah and reestablish the constitution, are making a hard fight to reach the palace and early this morning stormed the barricades which are the last hope of the Royalists.

Three attacks were made upon the entrenchments surrounding Central square during the night. Twice were the rebels repulsed, but at last succeeded in overpowering the defenders and gaining a foothold in th garden of the home of Col. Liakhoff, commander of the loyal Persian Cossacks. This garden adjoins the barricade and is a position of great advantage to the attacking forces.

The cossacks are now shelling the position of the rebels in the hope of dislodging them.

COMPULSORY SERVICE SHELVED FOR PRESENT

London, July 14.—The house of lords yesterday by a vote of 123 to 103 decided not to proceed with the National Service bill which Lord Roberts had introduced. The bill provided for the compulsory service in the territorial amy of all male citizens between the ages of 18 and 30.

The decision of the lords was taken at the advice of the Unionist leaders, who considered it inadvisable to interfere with War Secretary Haldane's scheme for the reorganization of the territorial forces until a change of government should make it possible to introduce some such idea as that proposed by Lord Roberts.

Grecian Army Mobilizes on Frontier of Turkey

Salonica, Turkey, July 14.—A declaration of war aginst Turkey and Greece is momentarily expected and troops are being mobilized by both nations in anticipation of the clash. Today it appears but a matter of hours before the fighting will begin.

The immediate cause of the quarrel between the two countries is the result of a recent order issued at Constantinople for the troops to drive all Greeks off the Turkish frontier. Several days ago the third army corps mobilized in this section and commenced giving the Grecians of the frontier claiming that the Greeks were acting as spies.

Indignant at their treatment at the hands of the Turks, the Greeks made formal complaint to their king and the result was that secret orders were issued to mobilize the Greek army.

Amir Orders the Afghans to Cease Raids on Border

Simla, July 14.—News has been received from the frontier that the Amir has issued strict orders to the Afghan officials on the Kurram border to refrain from creating trouble in British territory. He has also instructed the border officials not to correspond with British officers, but to refer all disputes to Kabul in order that he many correspond personally with the Viceroy.

The notorious Mullah Powindah is reported to be collecting a number of pensioned Indian Army Sepoys, offering them good pay and a share of the property collected in raiding the British border.

The News regrets that owing to a breakdown of the machinery, it appears with less matter than usual this morning.

Prince Kuni to Visit Canada.

London, July 14.—Prince and Princess Kuni of Japan, who have been making a prolonged tour of Europe, and who will spend the summer in England, have decided to return home by way of America, and will leave for New York late in August. Prince Kuni distinguished himself in the Russo-Japanese war, when he was a member of the staff of General Kuroki.

Mysterious Disease.

Weymouth, N. S., July 14.—John Pleasant (colored) died yesterday. He was the fourth member of the family to die in as many weeks. They were taken with a disease somewhat resembling typhoid, and nine days afterward died in spite of everything that could be done. Mrs. Pleasant, mother of the family, has now been taken ill.

Chief of Russian Police May Be One-Time Anarchist

Paris, July 14.—Considerable comment was caused here today by the publication of the assertion attributed to M. Bourtzeff, the exiled Russian literateur, who exposed Eugene Azeff, to the effect that Gen. Harding, head of the Russian secret police in Paris, is identical with Anderson, sentenced by default to five years' imprisonment in Paris in 1890 for organizing dynamite outrages against the Czar, Alexander III.

The Government has ordered an enquiry to establish the truth of Bourtzeff's statement, and if it is substantial, Harding will be struck from the list of the Legion of Honor and forbidden to enter France.

LAND REGISTRY ACT.

Take notice that an application has been made to register F. McCleery as the owner in fee simple, under a tax sale deed from the mayor and treasurer of the city of New Westminster, to F. McCleery, bearing date the 9th day of January, A. D., 1904, of all and singular that certain parcel or tract of land and premises situate, lying and being in the City of New Westminster, in the Province of British Columbia, more particularly known and described as Lots 91, 92, 93 and 94, of Lot 3, Subdivision Block 14.

You and each of you are required to contest the claim of the tax purchaser within forty-five days from the date of the first publication of this notice, otherwise I shall register F. McCleery as owner thereof in fee. And I hereby direct that publication of this notice in a daily newspaper for thirty days, published at New Westminster, will be good and sufficient ervice thereof.

Dated at the Land Registry Office, New Westminster, Province of British Columbia, this 26th day of February, A. D., 1909.

To Joseph E. Gaynor, Joseph E. Gaynor Estate.

C. S. KEITH,
District Registrar.

All persons served with this notice, and those claiming through or under them and all persons claiming any interest in the said land by virtue of any unregistered instrument, and all persons claiming any interest in the said land by descent, whose title is not registered under the provisions of the "Land Registry act," shall be forever estopped and debarred from setting up any claim to or in respect of the said land so sold for taxes as provided by the "Land Registry Act."

LAND REGISTRY ACT.

Take notice, that an application has been made to register Peter Henderson as the owner in fee simple, under a tax sale deed from the Reeve and clerk of Surrey, to The Corporation of the Township or District of Surrey, bearing date the 31st day of December, A. D., 1901, of all and singular that certain parcel or tract of land and premises situate, lying and being in the District of New Westminster, in the Province of British Columbia, more particularly known and described as Lots 3 and 4, of Block 4, being part of Lots 7 and 8, Group 2, Map 456; Lot 7 of Block 4, being part of Lots 7 and 8, Group 2; Lot 9, of Block 4, being part of Lots 7 and 8, Group 2.

You and those claiming through or under you and all persons claiming any interest in the said land by virtue of any unregistered instrument, and all persons claiming any interest in the said land by descent, whose title is not registered under the provisions of the "Land Registry Act," are required to contest the claim of the tax purchaser within forty-five days from the date of the first publication of this notice upon you, and in default of a caveat or certificate of lis pendens being filed within such period, or in default of redemption before registration, you and each of you will be forever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register Peter Henderson as owner thereof in fee. And I hereby order that publication of this notice for thirty days in a daily newspaper published in New Westminster, will be good and sufficient service thereof.

Dated at the Land Registry Office, New Westminster, Province of British Columbia, this 3rd day of May, A. D., 1909.

C. S. KEITH,
District Registrar.

To Yuk Chee, Chew Sing Kap, John J. Weir.

SYNOPSIS OF CANADIAN HOMESTEAD REGULATIONS.

Any available Dominion Lands within the railway belt in British Columbia, may be homesteaded by any person who is the sole head of a family or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land on each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the commissioner of Dominion lands at Ottawa of intention to apply for patent.

Coal.—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY,
Deputy of the Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

LAND ACT.

Comox Land District.
District of Queen Charlotte Sound.

Take notice that O. B. Jacobson, of Vancouver, occupation sheep rancher, intends to apply for permission to lease the following described land:

Commencing at a post planted at the west end of Lewis island, thence northerly, easterly, southerly and westerly and northerly, following the shore line around the island to the point of commencement, containing 800 acres more or less.

Staked April 8th, 1909.

OLE B. JACOBSON.

MODEL OF THE FIRST STEAMBOAT IS LAUNCHED

Replica of Fulton's Famous Vessel Takes the Water—Will Voyage From New York to Albany.

New York, July 14.—The staunch looking little craft which is a replica of Robert Fulton's Hudson river steamboat, the Clermont was launched today under the auspices of the Hudson-Fulton celebration committee at the marine harbor yards of the Staten Island Ship-building company. During the Hudson-Fulton celebration next fall the Clermont replica will be the central figure in a great flotilla of warships of all nations which will accompany her over the same course on the Hudson from New York to Albany when Hamilton took the original trip on Aug. 17, 1807. The replica is as nearly the duplicate of the original as the commission could build from plans and dimensions produced.

AMERICAN TOURISTS DISGRACE THEMSELVES

Cause Commotion in Toronto By Dragging the Canadian Flag in Dirt of Streets.

Toronto, July 14.—"If there is a repetition of the trouble, the police will be armed with authority to make the offenders respect the flag." This was the answer given by Mayor Oliver to a deputation comprising Controller Hocken, Rev. John Coburn, W. H. Elliott and James Hales, who appeared in his office yesterday to enter a protest against the conduct of some American visitors who disregarded national etiquette in a ruthless manner by allowing a Canadian flag to trail behind a tally-ho.

It appears that on Monday, last a party of Americans who came to Toronto to celebrate their national holiday hired a tally-ho and decorated the seats with American flags, while a Canadian flag was tied to the back axle of the rig and allowed to drag in the mud.

A sergeant and policeman who witnessed the incident had their attention called to it by some pedestrians, but they declined to act, as they did not think they had the authority to interfere in a case of this kind.

Subsequently the matter was discussed by Queen City L. O. L., 857, with the result that the above deputation was appointed.

MONEY TO LOAN

FRANCE SPENDS MONEY, GERMANY GETS RESULTS

Paris, July 14.—Nothing in the chamber of deputies' debate on the navy committee's report created a greater impression than the comparison between French and German expenditures, which showed that during the past ten years France spent $600,000,000 on her navy, and Germany rather isss, but in that time the two nations had exactly changed places as sea powers, France dropping from second place to fourth, while Germany advanced from fourth to second place.

TENDERS.

Sealed tenders addressed to the undersigned, and endorsed "Tender for Postoffice Fittings, Vancouver, B. C.," will be received at this office until 5:00 p.m. on Wednesday, July 21, 1909, for the work mentioned.

Plans, specifications and forms of contract can be seen and forms of tender obtained at this department on application to Mr. C. Tossell, Clerk of Works, Vancouver, B. C.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, with their occupations and places of residence.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honorable the Minister of Public Works, equal to ten per cent. (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or if he fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The department does not bind itself to accept the lowest or any tender.

By order,

NAPOLEON TESSIER,
Secretary.

Department of Public Works, Ottawa, June 30, 1909.

(Newspapers will not be paid for this advertisement if they insert it without authority from the department.)

S. S. TRANSFER

The steamer Transfer will leave Brackman-Ker wharf every week day afternoon, except Saturday, at 3 p.m. for Ladner, Steveston and way ports. Saturday at 2 p.m., returning to New Westminster Saturday evening.

Returning, leaves Steveston every week day morning, except Friday.

Additional trip Monday morning, leaving New Westminster at 5 a.m.

This schedule subject to change without notice.

For freight and passenger rates apply to

ROBERT JARDINE,
Manager.

JAPANESE PLAN TO ELECTRIFY ALL LINES

Special Commissioner Visits England, Europe and the States to Investigate Conditions.

Seattle, Wash., July 14.—The department of communication, under the supervision of which the railroads of Japan are operated, is considering a plan to electrify the railways of the island empire, and with that object in view the Japanese government has made S. Kondo, chief of the electrical division of the department, special commissioner to investigate conditions under which electrical railways are most successfully operated in England, Europe and the United States.

Mr. Kondo has just completed his tour and is in Seattle on his return to Tokio.

"It will be a matter of a very short time," said oKndo today, "until all of the branch lines in Japan will be operated by electricity, although the conversion of the main lines from steam to electricity is not immediately contemplated. The element of economy is the greatest consideration, and so far as it is possible to utilize water power in the operation branch lines construction of plants for the operation of the roads will be begun immediately."

Kondo will visit the water power plants of the city and that of the Seattle Electric Company at Snoqualmie Falls, before he departs for his home.

GERMAN CONDUCTED AGENCY FOR DESERTERS

Assisted Refugees From French Army to Get Clear Away Across the Border.

Paris, July 14.—A German, who is accused of having carried on a desertion agency at Longway, has just been expelled from the city. The action was taken at the request of the prefect of the Meurthe et Moselle. It is stated that the agency was run on a large scale. The German not only sought to encourage French soldiers to desert, but also took in hand German deserters when they crossed the frontier, and made it his business to dissuale them from joining the French Foreign Legion. There is a suspicion that the German's activities were not confined to these duties. He made a point of scraping up acquaintance with all the soldiers and non-commissioned officers who he though might possess secret information concerning the national defences. His doings became known to the military authorities in the district, and a sharp watch was kept on him. It was found that he was always the first to know when a Grman deserter had crossed the frontier, and his expulsion was decided upon. Smelling a rat the German came to Paris, and took up his abode with a relative in the Rue Ordener. He was found there and ordered to quit France without delay.

WOULD ESTABLISH SCHOOL FOR LIBRARY ASSISTANTS

Toronto, July 14.—A school for library attendants next year is the plan which George H. Loke, chief library of the Toronto public library, intends to put into operation next year. Similiar schools have been successful in other large cities and he does not see why the idea should not go in Toronto.

Mr. Locke has just returned from the American Library Association, which has been meeting at Bretton Woods, New Hampshire.

AIDS PLANT GROWTH BY ELECTRICITY

Kaiser Adopts Latest Agricultural Wrinkle on His Private Estates Near Berlin.

Berlin, July 14.—The kaiser has introduced on his private estates at Dahen, a few miles from Berlin, the new system of stimulating the growth of plants by electricity. Experiments systematically conducted under the supervision of Dr. Hochstermann have already demonstrated that the growth of plants, flowers, cereals and in fact all kinds of vegetations thus far tested can be stimulated by charging the air above and around them with electricity. Further systematic experiments are now being carried out to ascertain the precise diffeences in the growth of plants in an atmosphere charged with electricity and plants which grow under normal conditions, and also to find a cheap and simple method of charging the atmosphere with the necessary electricity.

On approaching the fields where the experiments are in progress one notices red poles supporting a network of wires. In one corner of this area machines are working to produce an electic current of 250,000 volts. A wire connects the negative pole with the earth while the positive pole is connected with the network of wires spread over the fields. By this means between the negative earth-electricity and the positive air-electricity there is a discharge, and in this atmosphere charged with electricity plants grow more rapidly and attain greater size.

FLAG INCIDENTS.

In a recent parade in this city one of the chief features was the carrying of the Stars and Stripes, and to those, who, true to their own country, thought it very bad form, the following editorial from the Ottawa Free Press will be read with considerable interest as showing how misunderstood we are in allowing such incidents to pass unnoticed:

"The two flag incidents of the Fourth of July have evoked widespread comment in the press of both countries. The loyal skipper of a British merchantman unfurled the Union Jack in Stamford Harbor, but was compelled by the mob to haul it down and stow it snugly away in the 'foc'sl.' The second incident was the trailing of a British flag about in the dust of Toronto streets after an automobile gaily decked with the Stars and Stripes.

"The action of the British captain in appeasing the wrath of the multitude will commend itself to many as a course which displayed a goodly measure of sound sense. Every one knows what the American populace is on the "Glorious Fourth," and had the captain refused to lower the British colors violence would probably have resulted and international complications might have ensued all over a little incident of much less real significance than is generally attributed to it, when one reflects upon the spirit of tinderlike 'patriotism' with which Americans are imbued on their 'Independence Day.' Of course, the captain was entitled to the protection of the United States government in flying his national flag in an American harbor on the Fourth or on any other day of the year. In fact the 'jus gentium,' or international law, expressly states that a sea captain of one country who flies at his masthead the flag of another country renders himself liable to punishment for piracy. But the little incident is a thing of the past, and no purpose can be served by continuing to harp upon it day after day.

"Even a more trivial thing in its final analysis is the Toronto incident. It now appears that the celebrators were in a very jovial mood when they trailed the British flag about in the dust; in other words, they were intoxicated to such an extent that they were in an irresponsible state of mind. The 'flagrant indignity,' the 'outrage upon the British flag,' then resolves itself into nothing more than an irrational action on the part of a few Americans who had imbibed too deeply of the flowing bowl, and whose actions would not have been condoned by the American people generally They were not official representatives of the United States government despatched to Toronto to hurl a humiliating insult at Canada and Great Britain, as many newspaper comments would fain have us believe. Then, in the name of common sense and reason, what end is to be served by magnifying into an international complication what is but a case of disorderly conduct on the part of a few drunken individuals?

"True, these fellows should have spent a night in the police cells with the drunk and disorderlies, and the policeman who declined to arrest them should lose his job; but to declare that their foolish actions are characteristic of the whole American people is absurd.

The complaint is often made that Canadians do not enthuse sufficiently over their flag, and we are advised to follow the example of the people of the United States, who are wont to show a noisy affection for the Stars and Stripes. We have never been able to fully sympathize with this idea. The man who shouts the loudest is not always the best patriot. The wearing of a badge, no matter how brilliant, does not of itself make men loyal.

"Patriotism is not something which flares up for a moment like a flashlight powder in the darkness of the night on the slightest or most insignificant provocation and then is gone. True, patriotism is something which endures; it is a brightly burning beacon light which shines with steady glow by day and night, and one of the essentail ingredients of the oil which it burns is a combination of ordinary common sense and coolheaded reason.

"By all means let us revere and honor our flag, but we do not need to act like a lot of drunken sailors in order to show that reverence. And when men make fools of themselves, as they did in Stamford and in Toronto, let us pity their ignorance and lack of the elementary principles of courtesy."

THE LACROSSE SITUATION.

There seems to be neither rhyme, reason, nor common sense about the attitude adopted by the Vancouver papers toward this city in regard to lacrosse. We drew attention in our editorial column on Tuesday to the outpourings of discontent printed in Sunday's News-Advertiser and Monday's Vancouver Province, and expressed the wish that these journals and the Vancouver people generally would endeavor to bring themselves to a condition of normal sense and understanding, and to act in a proper sportsmanlike manner.

Now in yesterday's News-Advertiser we are told that the News "takes a very partisan view of the unpleasantness of recent occurrence," and so forth. Here and now we say that it was not New Westminster, nor was it the News that started the ball of discontent rolling. Nor have we taken any partisan views of the said recent unpleasantness, or on any other lacrosse affairs. If ever there was a display of sordid, miserable partisanship surely that was to be seen in the Vancouver papers, wherein the Westminster boys were told that their win of Saturday was due to mere luck and unfair refereeing.

As we have already said, the soreness of Vancouver is due solely to the fact that their interest is primarily one of dollars and cents, and repeated defeats of a team that has cost them a pretty penny to get together from the four corners of the Dominion does not help to swell their receipts. Against this liberally endowed team New Westminster is playing her own native boys, and it evidently annoys Con Jones and his myrmidons to see their precious stars go down to defeat time after time.

As to the question of refereeing, it is certain that Fred. Lynch acted fairly and properly in his awards on Saturday. He has the experience of years at this work behind him, and we venture to say knows more about lacrosse than half a dozen Matt Barr's rolled into one. If there were any suspicion of unfairness about Lynch's awards New Westminster would be the first to place him on the shelf and engage a properly qualified substitute. The object of the Royal City team is to play the game fairly and squarely, and generally to act in a sportsmanlike manner. And they are ready to play day in and day out in defence of their championship if need be, but they will have the game played in the right style.

We have already indicated that the feeling in this city is that just to show the whimpering, whining Vancouver folk where they really stand it would be preferable to default a game and make them a present of $100. Such a gift to these dollar-seeking individuals would not hurt this city one bit. A score of good sports would be ready to put up the sum if required. This would teach them at a cost of a few thousand of gate money, what their unsportsmanlike tactics might cost them.

The News Advertiser says: "Does the News man think that for one moment the world's champions would run away from engagements just because the other fellows are showing them how to play the game." This is most amusing, it is altogether too funny. There is no fear of our boys running away from Vancouver, even if they had not met and vanquished stronger and better, aye and fairer players, than they are putting into the field. Oh no. But as to Vancouver showing "the world's champions" how to play the game! Well, this is delicious. Vancouver can do a lot of banging and slashing, and their referee can make himself the laughing stock of every true lover of sport by his crazy actions; but it has not yet fallen to their lot to teach the royal city boys how to play the game. It is kind, so very kind, of the News-Advertiser to inform us that the New Westminster team are the world's champions. But how oddly this contrasts with the tirade of the Province on Monday, which told us that our boys only won by luck, unfair refereeing and so forth.

Then, to return to the forfeit question. Have the Vancouver papers forgotten that last year, when their team sustained one defeat after another, their withdrawal from play was endorsed by the same local papers as a wise decision? Yet now, when some fresh financial backing has enabled them to gather together a team of paid players, they begin to sing another tune, and such a miserable tune it is, too.

It is time the Vancouver sporting editors tried to infuse something of the true spirit of clean, honest sport into their players, as well as the people. Surely there has been enough of this wretched whimpering and whining about their defeats in one branch of sport and another. Let the Vancouver folk try to realize that they must sometimes suffer defeat, and endeavor to bear such a misfortune with that nobility and fortitude which has already been characteristic of Britishers. In brief, let them try to become real sportsmen. Then, perhaps, good, fair play may prevail. Under such a changed condition New Westminster will always be delighted to meet them in any contest on the field.

No. 4 Post, Native Sons B. C.

On the occasion of the regular meeting of this post, to be held on Thursday evening, 15th instant, Grand Chief Factor Stannard proposes to pay an official visit. A full attendance is requested.

K. C. BROWN, Secretary. A. W. GRAY, Chief Factor

Accident Insurance

I represent the Employers' Liability Assurance Corporation of London, England, a company writing the most up-to-date policy offered to the public today. The fact that there are so many accidents occurring right in our midst should make you ask the question, Why have I not an accident policy? It costs you nothing to ask me about my rates. Accident insurance is something every man should carry. For a small premium I can assure you a good weekly benefit in case of accident.

Two hundred dollars down will secure a modern five-room house within one block of Twelfth street. Balance in monthly or quarterly payments, whichever suits you best. Price $2100. White, Shiles & Co., Columbia street, city.

At a meeting of the Lower Mainland Milk and Cream Shippers Association held yesterday in this city the members of the association decided to hold out for an increased price for milk and cream, namely, 20 cents a gallon for milk, and $1.10 per gallon for 25 per cent. cream delivered in Vancouver. The milk wholesalers object to the figures while on the other hand the large dairies are prepared to support the farmers. A meeting will be held in Vancouver today on the matter, to try to arrive at some arrangement.

FRENCH DEPUTIES ADOPT NEW CANADIAN TREATY

Paris, July 14.—In discussing the Franco-Canadian treaty yesterday, M. Ledin, Mando, Meron, Rosemond, Boguere opposed its adoption on the ground that it was not sufficiently advantageous to France, especially with regard to silks and laces. They said also that the amendment regarding cattle was not rigorous enough and that the granting of the minimum rate on agricultural machinery would be dangerous to home industries.

Minister of Commerce Cruppi and Minister of Agriculture Ruan defended them easure with energy, pointing out that the treaty was a good business arrangment, insomuch that it opened up a big market for French goods.

The motion made by M. Ledin for a postponement was defeated and the treaty as amended was adopted.

Mail Service

Following are the hours of despatch and arrival of mails at the New Westminster post office, the hour given in each case being the hour of closing, which is half an hour, as a rule, before the actual despatch. All mails, unless otherwise stated, are despatched and received daily except Sunday. The only mails dispatched and received Sunday are the G. N. R. South and C. P. R. east mails, not including the way mails, Sapperton, Fraser Mills and Coquitlam.

Mails Despatched.

6:00 a.m. (closed at eleven o'clock the previous night)—Vancouver via G. N. R. Owl.

8 a.m.—Vancouver and Victoria via B. C. Electric railway.

First C. P. R. east taking all points east including Langley and district.

The mail for Abbotsford and district, Clayburn and district, Huntingdon and district, and Matsqui are despatched by way of Vancouver.

8 a.m.—Blaine and Seattle, including all U. S. points east and south; and Hall's Prairie, Fernridge and Hazelmere, on Tuesdays, Thursdays, and Saturdays.

All Surrey mails are received from Cloverdale, except Hall's Prairie, Hazelmere and Fernridge, which arrive on the Port Guichon train on Tuesdays Thursdays and Saturdays.

11:00 a.m.—Vancouver, Victoria and Central Park, via B. C. Electric Railway.

12:30 p.m.—Strawberry Hill, Timberland and South Westminster, by courier (Tuesday and Friday).

1:30 p.m.—East Burnaby, by courier.

2:00 p.m.—Burquitlam, by courier.

2:00 p.m. (Summer months close at 2:30 except Saturday)—Ladner, Port Guichon, Westham Island and Sunbury, daily except Sunday; Woodward, Tuesday, Thursday and Saturday, via "J. C. Bruce." (Steveston mail despatched and received via Vancouver.)

2:30 p.m.—Vancouver and Piper Siding, via G. N. R. north.

3 p.m.—Cloverdale, Nicomekl, and Port Kells daily, Clayton on Tuesday, Thursday, Friday and Saturday; Tynehead on Tuesday and Friday; Bon Accord, Tuesday and Friday.

4:00 p.m.—Vancouver and Burnaby lake, via B. C. Electric Railway. Saturday an extra mail is despatched to Victoria via Vancouver at this hour.

Blaine and Seattle, including all U. S. points east and south, via G. N. R. "Flyer."

6 p.m.—Second C. P. R., east, Fraser Mills. This mail takes the following local places: Barnet and Port Moody, Pitt Meadows, Port Hammond, Port Haney, Mission, Chilliwack, Harrison Hot Springs, Agassiz, Lytton, Lillooet, Spences' Bridge, Nicola and district, and all points east except Kootenays.

Mails Received.

6:45 a.m.—Blaine and Seattle, including all U. S. points, via G. N. R. "Owl."

8:20 a.m.—Vancouver and Victoria (except Tuesday), via B. C. Electric Railway.

9:00 to 10:00 a.m.—Strawberry Hill, by courier (Tuesday and Friday).

9:30 a.m.—Vancouver and Victoria, via G. N. R.

10:00 to 11:00 a.m.—Ladner, Port Guichon, Westham Island and (Tuesday, Thursday and Saturday) Woodward, via steamer J. C. Bruce. (Steveston despatched and received via Vancouver.)

8:40 a.m.—C. P. R. east (first train) Sapperton, Fraser Mills and Coquitlam.

1:00 p.m.—Vancouver, Central Park and Fraser Arm.

1:30 p.m.—East Burnaby, by courier.

2:30 p.m.—Burquitlam, by courier.

3:30 p.m.—Blaine and Seattle, including all U. S. points.

9:40 p.m.—Second Mail east, and closed mail from Sumas, and Seattle, including U. S. A. matter, and also Fraser Mills.

HEALTH OF CANADIANS IS VALUABLE ASSET

Country Must Take Care to See That it is Not Destroyed By Imported Disease.

London, July 14.—At the weekly meeting of the Charity Organization Society, T. Hunter Boyd, of New Brunswick, lectured on Canada's possibilities. The superb health of the Canadians was pointed out, together with the exceptional qualities of the climate and the desirability of co-operation between the Federal Department and the inter-provincial authorities. Canada had strict rules regarding immigrants, even those affected with a preventable disease like tuberculosis, which is also behooved them to use all possible diligence to diminish disease where already existing. The Federal government protects from new additions stringently, and Provincial or Municipal laxity is thus inexcusable. Health is the finest asset of the nation and Empire. He suggested that King Edward inaugurate an Imperial health congress.

WOODMEN OF WORLD TO VISIT A.-Y.-P. FAIR

Members of Great Fraternal Society Will Gather For Week's Celebration.

Seattle, July 14.—Woodmen of the World day at the Alaska-Yukon-Pacific exposition falls on August 4.

The presence of I. I. Boak, head consul, and associate head officers, indicates that unusual interest will be taken in the day at the fair.

While the program for the day is in the course of preparation, Seattle officers of the order promise that it will be a banner event in the history of the A. Y. P. exposition.

Exhibition drills, open to all teams of the Woodmen of the World, will be a fetaure of the day with substantial cash prizes as an inducement for the members of various teams to devote considerable time to practice.

The first prize will be $300 and the second prize $200. The team awarded the third prize will receive $100 in cash.

In Seattle, where the Woodmen of the World is one of the strongest and most popular of fraternal organizations, great preparations are being made to entertain visitors from the outside.

Out at the exposition some unusual amusement and musical features will be offered. This added to the program to be prepared by the Woodmen will make the day one replete with new and interesting facures.

FARMER PLANS LONG TRIP IN HIS WAGON

Brandon, Man., July 14.—George Cowling, a farmer, passed through here today from Earl Grey, Sask., en route to Toronto, a distance of 2,100 miles. The peculiar part of his journey is that he intends to cover the entire distance in an ordinary farm wagon and is provided with a rough camping outfit. He is now headed for Winnipeg, and thence will go by way of Minneapolis and Chicago on account of the rough nature of the country in Western Ontario.

Surplus Is Problem.

Sandwich, Ont., July 14.—A. Adams, a former Windsor merchant, disappeared recently leaving unsatisfied claims of $1800.

An inventory of the stock made for the purpose of conducting a sale show the goods worth more than double the liabilities. They do not know what to do with the surplus.

Adams is still missing.

Centeniarian Washerwoman.

Columbus, Ga., July 14.—Emily Morgan, colored, probably, the oldest resident of Georgia, is dead at the age of 117.

"Aunt Emily" took in washing until she was 109 years old. For a year or two she had suffered with a "misery."

Lever Brothers, Toronto, will send you free a cake of their famous Plantol toilet soap, if you mention this paper.

WE ARE READY TO SHOW you how it is cheaper to buy our high-class building materials than it is to purchase the poorer kind. We can point to buildings built with our materials that never need repairs. We can point to some others that need repairs all the time. But they were not built of our materials. See where real cheapness lies?

NOTICE.

Notice is hereby given that the "Pitt River Lumber Company, Limited," having applied to His Excellency the Governor-General in Council for the approval of a certain site for the construction of certain booms and booming grounds in the Pitt River, in the District of New Westminster, Province of British Columbia, have deposited with the Honorable the Minister of Public Works, at Ottawa, plans of said booms and booming grounds, together with a description of the site thereof, and have also deposited a duplicate of each in the office of the Registrar of Deeds for the said District of New Westminster, in which district said works are proposed to be constructed, in accordance with the requirements of Section 7 of the "Navigable Waters Protection Act," Chapter 115, Revised Statutes of Canada, 1906.

Dated June 24, 1909.

Royal Standard

AND WHY IT IS A BETTER FLOUR.

We use selected wheat from the best wheat producing regions of the Canadian West, where the sunshine is long, where the soil is rich, giving to the wheat that quality of gluten which makes the very finest flour. This is factor No. 1.

Scientific milling which follows the wheat step by step, selecting only the best and purest portions of the wheat grain and making it into the most perfect flour. This is factor No. 2.

Care exercised in storage and marketing so that there is no possibility of deterioration from the time the flour leaves our hands until it reaches you. This is factor No. 3.

Now isn't there a reason why you should ask for Royal Standard Flour? And besides, in every 49-lb. sack there is a numbered coupon entitling you to a chance to win one of ten beautiful dinner sets given away each month.

ENGLAND MUST HAVE ASSISTANCE OF COLONIES

Earl of Portsmouth States That the Young Natives Must Co-operate With Mother Land.

London, July 14.—Speaking in the House of Lords the Earl of Portsmouth urging the danger of British military weakness said it was clear "we could not maintain the two-power standard without colonial assistance. We could hardly expect the colonies to provide Dreadnoughts to protect the English Channel."

Berlin, July 8.—The Conservative Deutsche Tageszeitung referring to the Imperial defence conference says the immediate results which the conference may achieve are of secondary importance compared with the object which its promoters have in view. It would be politically unwise, the journal continues, to consider the speeches made at the Imperial Press Conference as merely the outcome of groundless anxiety or nothing more than a trick to prepare the people for increased armaments, the cost of which would be shared by the colonies. On the contrary, Garmany must look at the intended, not the actual effect of these speeches, for to postpone taking account of the propaganda until it had produced definite results is to pursue an ostrich policy. "Invasion-panic" and "spy-disease" may serve as fit objects for ridicule, but the statements of responsible Ministers cannot be disposed of merely by attributing them to groundless anxiety.

WILL MAKE BUTTER FROM PETROLEUM

John D. Now Plans Excursion Into the Dairy Produce Line of Business.

New York, July 14.—"Petroleum butter" will be put on the market by John D. Rockefeller before long, if experiments now being made in the laboratory of the Standard Oil company's big refinery, at Bayonne, N.J., are not deceiving the company's chemists. Although those in authority, both at the refinery and at No. 26 Broadway denied that there was any truth in the reports that a process had been devised whereby butter can be made from petroleum, still a young chemist at the Bayonne laboratory stated that for some time before C. L. Robinson, chief of the company's chemistry department went to Europe, he had been making experiments and was satisfied that the process would prove a success.

"Petroleum jelly," it is understood will be the base of the new food compound. About 75 per cent. of that material mixed with 25 per cent. of "cow butter" and the constituent elements. A Standard Oil chemist told a reporter that he frequently analyzed oleomarine. He had found that thta compound consisted of 75 per cent. of lard and the remainder of pure butter. The "petroleum butter," he contends, will be chemically pure and healthful and superior to all other butter compounds.

TRADES COUNCIL WANTS UNION STAMP ON BOOKS

Buffalo, N.Y., July 14.—The Allied Printing Trades Council of New York yesterday sent a letter to Gov. Haskell, of Oklahoma, calling attention to the fact that the union label does not appear on the books now being manufactured for the state as specified in the contract with a printing house. A telegram was also sent to J. W. Hayes, secretary of the International Typographical Union, informing him of the situation. The council will elect officers today.

CITY OF NEW WESTMINSTER

TENDERS FOR STEEL PIPE.

Tenders will be received by the undersigned, up to Monday, August 9, at 8:00 p.m., for supplying about 74,600 feet of steel pipe, with an inside diameter of 24 inches, and about 16,000 feet of steel pipe with an inside diameter of 12 inches.

Specifications may be seen at the City Clerk's office, City Hall, or at the office of Messrs. Hermon & Burwell, Vancouver, B. C.

A deposit of an amount equal to five per cent. of the contract price must be made with each tender, by marked cheque payable to the City Treasurer.

The lowest or any tender not necessarily accepted.

W. A. DUNCAN,
City Clerk.

City Hall, New Westminster, B. C., July 10, 1909.

CAPTURED AFTER CHASE OF TWO YEARS

Police Get Their Hands on Man Who is Said to Have Taken Bribe.

Toronto, July 14.—After a chase extending over two years during which he was hunted by the Northwest Mounted Police from ane end of the western provinces to the other, eluding them time after time, whey they were confidnt they had him cornered John Piche, a middle-aged French-Canadian, a former magistrate in Sudbury district, and one of the original prospectors of the Temiskaming and Hudson's Bay mine, was run to earth in New Liskeard by Chief of Police Caldbeck yesterday afternoon.

Piche, for whose arrest a warrant has ben in existence since April 12, 1907 is wanted in Toronto on the charge of accepting a bribe. He was brought down to Cobalt by Chief Caldbeck yesterday and will be held there until the arrival of Detective Mackie of the Toronto force.

The detective left for Cobalt last night and will bring the prisoner back tonight.

The charge against Piche is that early in 1907 he accepted a bribe, said to have been $2,500 for abstaining from giving evidence in the trial of an action before the High Court of Justice for Ontario, wherein the Attorney-General of the province was the plaintiff and Henry Thompson and the Temiskaming and Hudson's Bay Mining company were the defendants.

GREAT WAREHOUSE FALLS SUDDENLY

One of the Finest Buildings in Quebec Collapses—The Foundations Were Poor.

Quebec, July 14.—The great part of the interior of the Garneau warehouse in Lower Town, one of the large and handsomest blocks in the city, collapsed yesterday afternoon without any previous warning, causing a very heavy loss.

The principal members of the Garneau firm are Sir George Garneau, Mayor, and Hon. E. B. Garneau, M.L.C., and director of the Richelieu Company.

The building, which faces the river front on Dalhousie street, is one of the most striking features of that part of the city seen from the river. It was erected by the late Hon. Pierre Garneau, then head of the firm, some fifteen years ago. The foundation being made the ground proved uncertain for such a weighty structure. For several months past the structure has been in the hands of workmen for strengthening purposes by the insertion of new iron beams, etc. It is thought that some of the temporary supports collapsed. From the fourth flat to the cellar the floors all gave way in the centre for a large space crashing into the cellar and filling it with debris, the dust flying out of doors and windows as if the building was on fire. Fortunately nobody was seriously hurt, though at first it was feared that there was much loss of life among the workmen.

The firm has been doing business for some time past in the old Bank of Montreal building.

DENATURED ALCOHOL PROVES DISAPPONTING

Wasington, July 14.—Seventeen inspectors and four revenue agents on the denatured alcohol rolls of the Internal Revenue Bureau have been dismissed because their services are no longer needed.

It is explained that the expectation that denatured alcohol would quickly supplant gasoline for small farm engines, automobiles, etc., has been disappointing; first, because the engines now in use are not adapted to alcohol; and, second, because of its comparatively high cost of manufacture by present methods. So far as being any indirect benefit to farmers of the country the removal of the tax of $1.10 a gallon on denatured alcohol has been up to this time inconsequential.

A Reliable Clock

Is a necessity in every home. I have just received an assortment of 8-day Parlor Clocks. These are both useful and ornamental, being accurate timekeepers and in handsome cases. Prices from $7.50 to $12.00. Also the following:
