RECOVER BODIES FROM INLET WATERS

Victims of Aliceville Drowning Accident Will Be Buried Here.

The provincial police, and other searchers for the badies of the girls who were drowned at Aliceville on Wednesday, worked hard through yesterday, and their efforts received complete reward in the recovery of all the remaining bodies. The bodies of the two Murphy girls were found first, and removed to Fales' undertaking parlors, and not long after the searchers had the good fortune to locate that of Alfhild Paulsen, the first drowned. Her body was brought into the city later.

The success of the efforts yesterday was due to the apparatus available, being better than on the previous day.

The funeral of Miss Gertrude Anders takes place this afternoon at 3 o'clock to the Odd Fellows' cemetery. Details have not yet been arranged.

The two Murphy girls, Annie and May, will be interred tomorrow morning at the Catholic cemetery, the funeral leaving the family residence at 9:30 a.m., and there will be another double funeral in the afternoon, according to present arrangements, when Messrs. Paulsen and Buck will bury their daughters who were victims of the accident. The Murphys will be removed directly to the cemetery from the house.

NO LIBRARY BOOKS FOR CONSUMPTIVE PATIENTS

Ottawa, July 15.—The Ottawa Carnegie Library board issued an order this morning that no library books hereafter should be given out to any person who is a consumptive. This will apply whether the application is made personally or by some member of the family, as it is the policy of the board to keep all library books immune from any germs of tuberculosis. Consumptive persons can only receive books hereafter by furnishing a medical certificate to the effect that there is no danger of infection.

GRAND CHIEF FACTOR IS VISITOR TO LOCAL POST

Large Gathering Welcomes Mr. Stannard at Native Sons' Meeting—Delegates to Nanaimo.

The regular monthly meeting of the Native Sons Post No. 4 was held last evening, Chief Factor A. W. Gray in the chair. The meeting was more interesting than usual on account of the visit of F. J. Stannard, of Nanaimo, grand factor of B. C. After the opening of the post, Ald. Johnston introduced the chief factor, who was received with the honors of the order. The chief factor referred to the progress of the work in B. C., and complimented the officers of the post on the manner in which the work of the post was presented. He alluded to the number of members of that society in the champion lacrosse team, and said Nanaimo, in common with other parts of B. C., congratulated the city on its lacrosse fame, and accepted the commemorative button.

Victor Eickhoff was initiated and the delegatees to the grand post meeting in Nanaimo, on July 26, were elected as follows: Alderman Gray and Johnston, and J. Stilwell Clute; alternates, H. Parnell Keary, H. C. Major and J. P. Hampton Bole. The party subsequently adjourned to the banqueting hall, where Alfred Johnston was complimented on his arrangement of the festive board. Musical items helped to pass the time, Frank Major assisting. About fifty attended.

CUTTING FISH NETS.

Explanation Given of Incident Down River on Sunday.

An explanation was afforded in the district court yesterday of the cutting of the nets of Andrew Swanson by Knut Johnson down river on Sunday night. He stated that he had heard a man threaten to murder Swanson, and he went to warn him of the danger. His propeller caught in the nets, and he had to cut them to get free. The amount of damage was about $2. Capt. Pittendrigh ordered the defendant to pay the costs of the damage. W. G. McQuarrie appeared for the defence.

MAPLE LEAFS LOSE BY LARGE MARGIN

Westminster Wins the First Game of Pacific Coast Lacrosse League.

The Maple Leafs will have to produce some better lacrosse material than they sent over to Queen's park last evening before Trainer White will see his boys get the better of the deal from the Westminster team. There is little doubt who will win the Pacific Coast league championship on last evening's form. Although the Maple Leafs were in almost every case heavier than their checks, they were outplayed at every turn, and the locals won easily by a large margin. It was only good fortune which left the score seven to one in favor of the red shirts, when time was called. The Westminster home put up a capital game, showing good combination and being quick with the ball. McCuaig and Homewood could do nothing to stop the rushes of the Westminster home.

Visitors Outmatched.

The defence, too, was capital, all working in harmony, and some bright crisp work was done in the field. Few of the visting team proved stars, and lacked the energy to follow up the ball when they did get it. Before the next game a few good runs would be of service to the Maple Leafs, if they are to come anywhere within the pace set by the Westminsters.

Some Notes of Play.

In the first neither team succeeded in scoring though both tried hard. E. Warwick put in the first shot, and Vernon was called on to save soon after from Lund. Mackenzie and Okey Smith passed in well, and Westminster had the best of the early exchanges. McGuigan put in a fine run, but Marshall took from him, and just before the bell rang Purdy banged the ball in, the goalkeeper effecting a save.

Only One Penalty.

Only a minute after restarting Purdy obtained the first goal in a rush, and though each side pressed in turn, fortune was unkind. Munn was called on to save a long shot from Wright, but put the ball away ultimately. Patchell kept his check well covered, and Wilson could not pass at all.

Crossing over for the third, Westminster went away with a rush, and the home kept up a regular bombardment for a couple of minutes, from which at last Lund scored. Crookall a minute later netted the only tally

(Continued on Page Six).

BOARD OF TRADE READJUSTS FEES

Cuts Entrance Charge to $5—Preparing to Entertain Distinguished Guests.

The monthly meeting of the Board of Trade was principally occupied with a discussion of the reduction of the fee for joining the board, which was fixed at $5 per member. Many other matters came under review.

President J. A. Lee occupied the chair, and there were present George Small, E. Goulet, P. O. Bilodeau, W. T. Reid, A. E. White, Marshall Sinclair, H. A. Belyea, B. G. Walker, W. G. McQuarrie, Angus Munn, the secretary, C. H. Stuart Wade. W. A. Robertson of Port Haney was also present on behalf of the local improvement association, and addressed the board, and expressed his confidence in the establishment of a board of trade for Maple Ridge to work in co-operation with the Westminster board.

Question of Fees.

In making a motion calling upon new members to pay their first quarter's dues, $3, in advance on election and abandon the entrance fee now fixed, E. Goulet said he believed the removal of the admission feet of $10 would assist the board in obtaining new members.

Vice-President Small seconded, instancing a town in New York State with a slightly larger population than this where they had a Business Men's association with nominal fees, which embraced all classes, having a membership of over 400. What they wanted in Westminster was a public forum with opportunity for the discussion of matters of public benefit.

Amendment Passed.

W. G. McQuarrie did not think the removal of the fee would attract other business men. The people in this city were prosperous, and those they desired were not the transient merchants, but men who would assist in building the town up.

B. G. Walker made a capital speech, deprecating the pessimism which seemed to pervade some of the Westminster citizens. The people of Westminster did not show enough faith in the conditions lying around them, and were not growing as fast as the adjoining municipalities.

A. E. White said that the board had the capital investment of 26 years' work, and it ought to be some honor to belong to it. He moved an amendment that the fee should be $5 on entrance.

Marshall Sinclair expressed his dis-

(Continued on Page Two).

BURGLAR ENTERS HOUSE IN BROAD DAYLIGHT

Take Pocketbook From House of Mr. Hornby During Temporary Absence of Owner.

A burglary took place yesterday at the residence of Mr. Hornby, at Edmonds. A pocketbook containing $40 was stolen from Mrs. Hornby's bedroom during her absence from the house. She had occasion to go across to a neighbor's about 5 o'clock for some 20 minutes, and when she came back she found a window had been forced, and a pocketbook and contents stolen. Nothing else was missing, although jewelry and other valuable articles were lying about.

The police have the investigation in hand.

ENORMOUS WHALE CAUGHT ON ATLANTIC COAST

New York, July 15.—The biggest whale ever seen on the Atlantic coast, if reports of its length are correct, was harpooned on Tuesday a hundred miles southeast of Cape Henry and brought alongside one of the smallest two-masted whaling schooners, the Margaret, hailing from Salem, Mass. The whale, measured conservatively by Capt. Leslie, of the steamship Curityba, which arrived today from Cuba, was not less than 100 feet.

The capture of the whale was witnessed by the Curityba's passengers.

The Hamburg-American liner Sarnia, Capt. Messener, in today from the West Indies, passed when within two days of Sandy Hook, the halves of a big whale floating near each other. Capt. Messener thinks he cut the whale in two himself when bound out.

Rejected Co-Partnership.

Swansea, July 15.—The Wingate Grange miners last night unanimously rejected Sir Christopher Furness' co-partnership proposals in connection with that colliery.

NO HALIBUT BAIT FOR AMERICAN BOATS

Recent Order in Council to Protect Canadian Interests.

Vancouver, July 15.—According to advices received here the Dominion government has just cancelled a regulation which permitted American fishing vessels to purchase fresh herring for bait purposes in Canadian harbors on the Pacific coast. The order has caused dismay and consternation among the owners of the Puget sound fleet. It is regarded as a serious blow to the industry and as one tending to assist their Canadian rivals now handicapped in the United States market by an import duty of one cent per pound on fresh fish.

Diplomatic Move.

The action of the federal authorities is considered here as the first move in a diplomatic campaign to ensure the conservation of the halibut fisheries in northern waters, including Hecate straits and that portion of east and west boundary line separating British Columbia from Alaskan waters, as defined by the London convention of seven or eight years ago. Thus far the Ottawa government has refrained from enforcing its claim to exclusive jurisdiction in that region outside of the three-mile limit.

In view of the Alaska boundary award and impending developments of the Canadian fishery industry in the north, Canada, it is said, is preparing to claim that all these waters are extra-territorial and exclusively within Canadian jurisdiction.

New England Company Exempt.

The recent order from Ottawa prohibiting American boats from purchasing fresh bait in Canadian ports will prove a serious blow during nine months in the year, the period when

(Continued on Page Seven).

Queen Alexandra Refuses Gift of Docked Horses

London, July 15.—S. H. Terry, speaking at the anti-vivisection congress, told the story of horses with long manes and tails presented by Canadian women to the Queen and which prior to their despatch were docked by a veterinary. The Queen is an opponent of docking, and eventually the horses were returned to Canada and replaced at the veterinary's expense, by undocked animals, "thus closing what the veterinary had turned from a pleasant incident into an unpleasant one."

RECEPTION ACCORDED TO NEW MINISTER

Congregation of Olivet Baptist Church Holds Social in Honor of Rev. A. T. Baker.

The congregation of the Olivet Baptist church gave a reception in honor of their new pastor, Rev. A. T. Baker, last evening. A large number were present, and the affair proved very enjoyable.

Invitations had been extended to the ministers of all the other churches in the city to be present, and several took advantage of them. Among the ministers of other denominations present were Rev. J. S. Henderson of St. Andrew's Presbyterian church, and Rev. C. W. Brown of the Queen's Avenue Methodist, both of whom spoke in the course of the evening. Addresses were also given by Rev. T. Lennie and Rev. A. C. Demmings.

A musical program was given in the course of the evening. Mrs. Bell and Mrs. Eric Anderson contributed solos, and several selections were rendered by a quartette consisting of Mrs. Bell, Miss Laird, Miss Battson and Miss Dimock. Mr. Bell, the church organist, acted as accompanist.

Refreshments were served by the ladies of the church in the course of the evening.

PRESIDENTS WILL MEET ON INTERNATIONAL BRIDGE

Washington, July 15.—A meeting between President William H. Taft and President Diaz of Mexico now being practically assured for about the middle of October, the President and his cabinet are giving some attention to arrangements for carrying out such an unusual and notable event.

Exchanges are in progress between the two executives, Taft, it was said today, having taken the initiative in expressing a wish that the heads of the two great republics of North America might come together.

Suggestions have been made that the two executives clasp hands under a canopy erected midway of the international bridge at El Paso, or that they in turn visit either shore and extend their well wishes at those places.

MOTHER'S PRESENCE OF MIND SAVES BABY

London, Ont., July 8.—Rare presence of mind and magnificent pluck were all that prevented Mrs. Oscar Wanton and her two-year-old baby from being ground to death beneath the wheels of the merry-go-round at Springbank park. Mrs. Wanton was standing on the platform holding the baby on a horse when a section of the merry-go-round gave way and she and the baby were thrown between the wheels. She managed to grab the flooring with one hand and held on to the child with the other and was dragged around twice before the machine was stopped.

ESCAPE FROM GUARD AT PRISON FARM

Charles Kendall Obtains Civilian Clothes—Is Still at Large.

For the first time for a long period a man escaped from the custody of the guards at the provincial jail farm at Lulu island yesterday, about the lunch hour.

Charles Kendall, the man concerned, who is about 28 years of age, and 5 feet 8 inches in height, was sentenced in Vancouver some weeks ago for slashing a companion with an axe in one of the G. N. R. boarding cars between Vancouver and this city. He was lodged first in the city lockup and sent over to Vancouver for trial, where he received a term of six months for inflicting personal injuries.

Kendall was with a gang of men who were working on the farm, and slipped away from the guards into the bushes. He was last seen in the vicinity of the Westminster marine ways just beyond the bridge. The other prisoners were returned to the jail to their cells, and a search instituted to recapture Kendall. The provincial police have already commenced a vigorous search, and means of egress in every direction are guarded.

It appears that Kendall purchased a suit of clothes from a store on Lulu island and discarded his prison garb in the bush. Where he obtained the money is not known.

He had not been recaptured late last night, but a diligent search was in progress.

CHURCH BURNS ON DAY OF OPENING

Gimli, Man., July 15.—On the very day on which a joyous feast was to be held in honor of its completion the Roman Catholic church of St. Cyril was burned to the ground early yesterday morning. It has taken six years to raise the necessary funds, and to complete the church, the settlement being a very new one, and the settlers are very poor, and it was planned to hold a large feast day in honor of its completion.

GREEK FISHERMAN STABS BOAT MATE

Leaped Into River in Effort to Escape, But Was Captured and Awaits Trial.

S. Saterious, a young Greek fisherman in the employ of the Harlock cannery, Westham island is held by the police on a charge of having murdered his boat companion, Tony Jordan, while in their boat on the Fraser, near Steveston, at about 2 o'clock yesterday morning.

Saterious was caught by other fishermen who rowed up on hearing the noise of the scuffle between Saterious and Jordan, and who claim that, through the breaking dawn, they saw the Greek throw himself into the water in a vain endeavor to escape.

He was quickly fished out of the water, and the fishermen then turned their attention to the boat. In it they found Jordan, lying along the bottom and pumping out his life through a great gash in his thigh. An attempt was made to staunch the flow of blood, but the great artery had been cut and he expired before anything could be done.

Saterious was at once handed over to Constable Harris of Steveston and is now in the cells awaiting a preliminary hearing.

The coroner's inquest will be held this morning in Vancouver.

STRIKE RIOTS AGAIN START AT PITTSBURG

Pittsburg, Pa., July 15.—Forty members of the state constabulary were rushed to McKee's Rocks, six miles below Pittsubrg, today to quell the rioting between the striking employees of the Pressed Steel Car company and a force of strikebreakers that has been in progress for the last twenty-four hours. The company made no effort today to open the plant, and resume operations. While strikebreakers are present in great numbers, protected by the local authorities, in view of the angry demonstrations of hundreds of strikers and their friends, and threats to storm the plant, the officials delayed throwing open the doors.

Federal Government Will Investigate Power Resources

Ottawa, July 15.—The Federal department of public works has issued instructions to all its district engineers to make a complete and exhaustive study of all natural resources in their respective territories with particular reference to possibilities for the production of power and improvement of navigation. This step is necessitated by the rapid development of the country and the need of keeping pace with it. When the reports are received they will be embodied in a special report to parliament setting forth in type the resources of the country. The United States some time ago began similiar investigations.

WARSHIP WILL SEARCH FOR MAROONED MARINERS

Victoria, B. C., July 15.—There is a probabilty that H. M. S. Algerine may be dispatched from Esquimalt to the South Pacific ocean to make a cruise among the islands of the South Seas for traces of possible survivors of the Greenock ship Australian, which has just been posted as missing at Lloyds, being considered hopelessly overdue on a voyage from Mazatlan to Sydney, New South Wales. The vessel left the Mexican coast in November of last year and no trace has since been found of her. The owners, Lang & Fulton, of Greenock, have asked the British Admiralty to send a warship to search the groups of islands in the South Pacific ocean for probable survivors. Some slight hopes are entertained by the owners and relatives of the missing crew that the vessel may have gone ashore on one of the uninhabited South Sea islands and that the shipwrecked men are marooned on one of these islands.

Counterfeiters Active.

Pittsburg, July 15.—Counterfeit two-dollar bills, said to have been made in Canada, are at present in circulation in Western Pennsylvania. The bills have even found their way into the packages received by the banks, two having been handed over to John B. Washer, the local secret service operator, by the Monongahela National bank.

DOCTORS WILL REACH WESTMINSTER TODAY

Travelling in Interests of Interprovincial Registration for Western Canada—Idea Favored.

Dr. Patterson and Dr. Milroy of Winnipeg, Dr. Brett of Banff and D. Kennedy of Macleod, Alta., will be in the city today in the interests of registration of a uniform character for the proposed interprovincial association of Manitoba, Saskatchewan, Alberta and British Columbia. This important subject will be fully considered and finally dealt with at the annual meeting of the council to be held at Seattle on July 27 at a congress of physicians of the coast.

The visitors suggest the appointment of a joint board of examiners to insure an equality of standards and for the safeguarding of four provinces against the possibility of an "open door" to the physicians of other provinces and states who, though fully qualified in their own districts, might not be acceptable in the four provinces.

King Edward Favors Technical Education

London, July 15.—While laying the foundation stone of the new building of the Imperial College of Sciene and Technology, at South Kensington today, King Edward gave a helping hand to the campaign in favor of higher scientific education, to the lack of which most public speakers here are in the habit of attributing England's loss of ground in her industrial race with America and Germany. After emphasizing the "supreme importance" of the highest specialized instruction in science, especially in its application to industry, his Majesty continued: "I feel more and more convinced as time goes on that prosperity and even the very safety of the existence of our country depends on the quality of scientific technical training of those who are to guide and control our industries. With the present rapid growth of knowledge, specialism of a higher order is necessary to success."

Medals For Bravery.

London, July 15.—One hundred and twenty King's medals for conspicuous bravery and devotion in the police forces and fire brigades in the empire will be awarded annually. Thirty are for the colonies.

Baptist Minister Attacks University of Chicago

Chicago, July 15.—prepared to denounce the University of Chicago for accepting money from Baptists under the guise of being a Baptist institution and then advocating free-thinking, Prof. Johnston Myers, of the divinity school of the university, made ready to appear before the Baptist Theological Union today to oppose his ousting by that body.

"I will inaugurate a fight against the University of Chicago," declared Myers, "that will be nation-wide in its proportions. I will see that the institution is so generally denounced that the people of the United States will look with horror upon it.

"I will work until no reputable students go there and before the fight is done, the University of Chicago will have ceased to exist.

"My principal charge outside of one that the university teaches atheism and immorality, will be that its whole conception and existence is a deception.

"It was started as a Baptist institution and as such thousands of dollars of Baptist money was poured into its treasury. Then it began advocating free-thinking, and was not true to its promises."

Take notice that an application has been made to register F. McCleery as the owner in fee simple, under a tax sale deed from the mayor and treasurer of the city of New Westminster, to F. McCleery, bearing date the 9th day of January, A. D., 1904, of all and singular that certain parcel or tract of land and premises situate, lying and being in the City of New Westminster, in the Province of British Columbia, more particularly known and described as Lots 91, 92, 93 and 94, of Lot 3, Subdivision Block 14.

You and each of you are required to contest the claim of the tax purchaser within forty-five days from the date of the first publication of this notice, otherwise I shall register F. McCleery as owner thereof in fee. And I hereby direct that publication of this notice in a daily newspaper for thirty days, published at New Westminster, will be good and sufficient ervice thereof.

Dated at the Land Registry Office, New Westminster, Province of British Columbia, this 26th day of February, A. D., 1909.

To Joseph E. Gaynor, Joseph E. Gaynor Estate.

C. S. KEITH,
District Registrar.

All persons served with this notice, and those claiming through or under them and all persons claiming any interest in the said land by virtue of any unregistered instrument, and all persons claiming any interest in the said land by descent, whose title is not registered under the provisions of the "Land Registry act," shall be forever estopped and debarred from setting up any claim to or in respect of the said land so sold for taxes as provided by the "Land Registry Act."

LAND REGISTRY ACT.

Take notice, that an application has been made to register Peter Henderson as the owner in fee simple, under a tax sale deed from the Reeve and clerk of Surrey, to The Corporation of the Township or District of Surrey, bearing date the 31st day of December, A. D., 1901, of all and singular that certain parcel or tract of land and premises situate, lying and being in the District of New Westminster, in the Province of British Columbia, more particularly known and described as Lots 3 and 4, of Block 4, being part of Lots 7 and 8, Group 2, Map 456; Lot 7 of Block 4, being part of Lots 7 and 8, Group 2; Lot 9, of Block 4, being part of Lots 7 and 8, Group 2.

You and those claiming through or under you and all persons claiming any interest in the said land by virtue of any unregistered instrument, and all persons claiming any interest in the said land by descent, whose title is not registered under the provisions of the "Land Registry Act," are required to contest the claim of the tax purchaser within forty-five days from the date of the first publication of this notice upon you, and in default of a caveat or certificate of lis pendens being filed within such period, or in default of redemption before registration, you and each of you will be forever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register Peter Henderson as owner thereof in fee. And I hereby order that publication of this notice for thirty days in a daily newspaper published in New Westminster, will be good and sufficient service thereof.

Dated at the Land Registry Office, New Westminster, Province of British Columbia, this 3rd day of May, A. D, 1909

C. S. KEITH,
District Registrar.

To Yuk Chee, Chew Sing Kap, John J. Weir.

SYNOPSIS OF CANADIAN HOMESTEAD REGULATIONS.

Any available Dominion Lands within the railway belt in British Columbia, may be homesteaded by any person who is the sole head of a family or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land on each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the commissioner of Dominion lands at Ottawa of intention to apply for patent.

Coal.—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY,
Deputy of the Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

LAND ACT.

Comox Land District.
District of Queen Charlotte Sound.

Take notice that O. B. Jacobson, of Vancouver, occupation sheep rancher, intends to apply for permission to lease the following described land:

Commencing at a post planted at the west end of Lewis island, thence northerly, easterly, southerly and westerly and northerly, following the shore line around the island to the point of commencement, containing 800 acres more or less.

Staked April 8th, 1909.

OLE B. JACOBSON.

GERMANY STILL HOLDS MONOPOLY

American Interests Fail to Break Hold of Teutons on the Potash Market.

Berlin, July 15.—The attempt of the American fertilizer interests to break the German potash monopoly has failed. The power of the German trust, after having its life endangered for a week by the manoeuvers of the American chemical and packing companies, was tonight renewed for five years. This means that America, which was the heaviest foreign consumer of German potash, will have to continue, as in the past, to buy of the syndicate at syndicate prices. Some Americans, however, succeeded in making a contract for a heavy supply of potash at below the syndicate price while the fate of the syndicate hung in the balance. The contracts for this supply have been taken over by the syndicate, which will deliver in accordance with the contract price; the difference will be borne by the Sollstedt mine, which made the sale. The Americans have, therefore, securd only tmporary relief from the syndicate's extortion. The Sollstedt mine, which entered into negotiations with Americans, was frightened back into the syndicate by the Government threats of a prohibitive export duty on potash.

Board of Trade Readjusts Fees

(Continued from Page One.)

satisfaction with both the motion and the amendment. Other speakers followed, and when the division was taken, some having left, the amendment fixing the joining fee at $5 was carried by five votes to three.

University Site.

Premier McBride wrote promising legislation would be offered at the next session of the house dealing with the appointment of commissioners to look into the university site question. To the president, vice-president and secretary was left a suggestion to confer with the officials of the Vancouver board for united action to secure the university on the lower mainland, convenient to each city.

Invitations to Visitors.

The secretary reported that he had interviewed Hon. Charles Murphy, M. P., the secretary of state. He, with Hon. Dr. Pugsley, would visit during next week and accept the hospitality of the board to luncheon. The Chilliwack Board of Trade asked for cooperation in getting the minister to visit the upper river. On A. E. White's motion the luncheon was ordered to be held at the Russell hotel.

Further action with regard to the invitation to be extended to visiting delegates from the British association meeting in Winnipeg was left to the secretary. When President R. G. Maclean, of the Wilmington Board of Trade (Delaware) comes to the coast he will be invited to luncheon at the board's request. The president said Vice-President D. D. Mann, of the Canadian Northern Pacific railway, would be on the coast shortly, ane board will get in touch with him.

Transportation.

Secretary Wade reported the result of an interview held by Reeve Laity, W. R. McMyn, of Pitt Meadows, Donald McLean of Coquitlam, and himself, with General Superintendent Busteed of the C. P. R., with reference to the improvement of transportation along the lower Fraser, the replacement of the Agassiz local, and better accommodation at Westminster Junction. The interview had been successful in obtaining several concessions from the company.

George E. Martin wrote referring to a matter introduced by him at the February meeting, of reduced fares to Vancouver on the interurban line, and urged action. The secretary reported that he had discussed the question with Assistant Manager F. R. Glover of the B. C. E. R., who pointed out the time was not opportune for a change with all the expenditures in this neighborhood.

Marshall Sinclair said the board should continue the agitation for a reduction, and the matter was held over for further consideration at the next meeting.

The secretary was instructed to draw the attention of the G. N. R. to the bad sidewalk from the depot to Fraser bridge.

Resignation of Committeemen.

F. B. Lyle and J. A. Cunningham resigned from the chairmanship of the commerce and industries and transportation committees respectively, the former owing to his leavingt own, and the latter from want of time. Their resignations were accepted with regret, and the appointments will according to constitution be filled by the executive council of the board.

Miscellaneous.

The Reeves of Burnaby, Langley, Coquitlam and Maple Ridge, wrote accepting office in the board as honorary representatives of their districts. Reeve Bose, of Surrey, wrote explaining the steps taken to form a board of trade in the municipality. The president and secretary were named a committee to draft resolutions for forwarding to the chambers of commerce convention in Sydney, Australia, in September next. The suggested boulevard through South Vancouver by way of the Eburne line was referred to the roads committee for further information.

TENDERS.

Sealed tenders addressed to the undersigned, and endorsed "Tender for Postoffice Fittings, Vancouver, B. C.," will be received at this office until 5:00 p.m. on Wednesday, July 21, 1909, for the work mentioned.

Plans, specifications and forms of contract can be seen and forms of tender obtained at this department on application to Mr. C. Tossell, Clerk of Works, Vancouver, B. C.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, with their occupations and places of residence.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honorable the Minister of Public Works, equal to ten per cent (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or if he fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The department does not bind itself to accept the lowest or any tender.

By order,

NAPOLEON TESSIER,
Secretary.

Department of Public Works, Ottawa, June 30, 1909.

(Newspapers will not be paid for this advertisement if they insert it without authority from the department.)

S. S. TRANSFER

The steamer Transfer will leave Brackman-Ker wharf every week day afternoon, except Saturday, at 3 p.m. for Ladner, Steveston and way ports. Saturday at 2 p.m., returning to New Westminster Saturday evening.

Returning, leaves Steveston every week day morning, except Friday.

Additional trip Monday morning, leaving New Westminster at 5 a.m.

This schedule subject to change without notice.

For freight and passenger rates apply to

ROBERT JARDINE,
Manager.

FAITHFUL DOG KILLS MASTER

Brings a Stick of Dynamite and Drops it on the Ground at His Feet.

Montreal, July 15.—A very remarkable accident occurred at a mining camp at Hanging Stone Lake, near Gow Ganda, by which one man was killed and two injured.

Andrew Dunn, with two companions named J. T. Hackett and W. F. Sims had been working on a claim near the edge of the lake. It was decided in the beginning of last week to blow out the rock with dynamite and follow up the promising vein. A stick of dynamite was accordingly brought from the shanty, which was quite near the workings, by Dunn, whose dog, which had the reputation of being an intelligent collie, followed at his heels and stood at the side of the diggings while the explosive was being laid. Having finished, Dunn and his two partners ran for refuge to the shanty, thinking the dog would follow. He did, but first he went to the cavity under the rock and seized the dynamite stick in his teeth, thinking his master had placed it there for him to bring along to the hut, just as he sometimes did an ordinary stick. With a dozen bounds the dog was at the shanty door and there dropped the dynamite, which instantly exploded, blowing up the front of the shanty and precipitating Dunn and the other two men in the ruins. Dunn was killed almost instantaneously, his skull being fractured in two places, and one of his arms and two ribs being broken. One of the other men, Sims, was stunned and badly cut about the neck, while the other miner, Hackett, escaped with a few bruises. The dog which was the cause of the disaster bounded away and escaped injury.

VICTORIA COUNCIL MUST MOVE FASTER

B. C. Power Co. Inform Aldermen That Reply to Proposal is Required by Tuesday.

Victoria, July 15.—The city council will have to hurry up if the citizens are not to lose the opportunity of securing a reduction of lighting and power rates from the B. C. Electric Railway company. After lying unacknowledged and untouched on the table of the council for three months the agreement was taken up a fortnight ago and disucssed by the aldermen. A few changes were made at the suggestion of the city barrister and the draft sent on to Vancouver for consideration by the directors.

Last night a letter from A. T. Goward, local manager of the company, was read, agreeing to all the amendments but one. A fair draft of the agreement as the company is willing to have it go through was enlosed and in regard to this Mr. Goward said that if it was not acceptable negotiations must cease. He trusted that the city would be able to give the company a definite answer before Tuesday next, July 20, on which date the companys proposals would have to be regretfully withdrawn, if not accepted before that.

ENGLISH NAVAL EXPERTS RECOMMEND 13.5 GUN

London, July 15.—English naval experts are at work today over the desirability of arming the four "provisional" Dreadnoughts in this years battleship building program with 13.5-inch guns.

From both mechanical and financial standpoints the question is most serious As a mechanical proposition, the advocates of the new calibre ordnance maintain that a 13.5-inch bore will be so much more effective than a 12 inch as to give England once more the enormous naval lead it formerly possessed over all other sea powers, but partly lost through the economies of the present national administration.

Opponents of the change hold, however, that the advantage the 13.5-inch, 1250 lb. shell, will possess in weight over the 12-inch, 850 lb., will be discounted by the loss in rapidity of fire.

MADE CONFESSION TO THE MURDER

Winnipeg, Man., July 15.—Deputy Jailer Handel gave sensational evidence in the trial of two Galicians for the murder of their mate in camp at Sandilands last March.

Handel testified that on Good Friday morning one of the accused, M. Pidhoney by name, had made an unsolicited confession to him and also to another prisoner admitting that he killed Hewka for his money.

Pidhoney has since absolutely denied the confession.

At a late hour the jury was still out.

DRUNKEN SAILORS ATTACK THEIR CAPTAIN

Honolulu, July 15.—Members of the crew of the German ship Flensburg are held in detention here as the result of a mutiny aboard the vessel late yesterday.

Drunken armed sailors with revolvers drove the ship's officers to the upper deck and threatened them with violence. The captain, aided by his officers, held the men at bay until the arrival of police from shore.

EXPRESSMEN TO FORM A UNION

Will Take in the Whole of the Dominion—Want Ten-Hour Day.

Montreal, July 15.—There is a movement at present on foot to organize a union for express workers all over Canada, and the organizer, who was for years connected with the express companies of this city, intends to apply for a board of conciliation under the Lemieux act. He will start with the Dominion Express Company, he says.

It is claimed that the men now work twelve and thirteen hours a day on the wagon and at the stations, and that some of the messengers are on continuous duty for as long as thirty-six hours at a stretch.

Among the demands to be made are the following:

1. Longest run to be ten hours.
2. Nine-hour day for drivers, porters and clerks.
3. Ten days' vacation with full pay. A man may get off now for a week, but his wages are stopped.

CONGREGATION MOBS SOCIALIST MINISTER

Curate Who Mixed Sociology in His Sermon Is Mobbed by His Parishioners.

London, July 15.—One of the most remarkable scenes ever witnessed in an Essex village took place at Tilty, near Dunmow, on Thursday evening, when the vicar of the parish, the Rev. E. G. Maxted convened a meeting on the village green to hear addresses by himself and Harry Quelch on Socialism and Christianity. Practically all the parish turned out, and violent and determined opposition was offered to the creed which the vicar was anxious to teach.

The village throng came with bugles, gongs, bells and clappers, such as are used for scaring birds, and even babies held in the mothers arms were given toy trumpets to blow. The police, who were present in force, did not attempt to stop the terrible din which was set up, but when an ugly attempt was made to violently rush the bank on which two Socialist speakers stood they interfered to stop it. The name of the countess of Warwick, who owns the whole of Tilty parish, and presented the Rev. E. G. Maxted to the living, was frequently introduced ,and it was openly stated that the only people in Tilty who turned to Socialism lived under the countess, and were afraid of being turned out. The vicar described such assertions as downright lies, and he frequently dubbed those parishioners who heckled and disturbed him as a pack of fools and liars.

When the meeting ended there was a rush for the vicar and Mr. Quelch, but the police kept the angry crowd back while the speakers passed over the green and along the road to the vicarage. Amid the disorder and hubbud which ensued the vicar could be heard inviting the parishioners to go to church on the following morning.

WOODSTOCK WILL HONOR CALVIN

Woodstock, July 15.—Woodstock churches will combine in commemorating the 400th anniversary of John Calvin, the great religious founder, who was born in Picardy, in the north of France, in July, 1509.

A committee from the Woodstock Ministerial Association has the matter in charge, and they have arranged to hold a union service of a memorial character in the Central Methodist church on Sunday evening following the regular church service. Addresses will be given by several of the clergy and a combined choir from the churches will lead in the singing.

WALLS WERE INJURED IN SEARCH FOR BODY

Paris, July 15.—Damages to the amount of $1,800 have been awarded to Mme. Faidherbe, tenant of a laundry the walls of which were injured during the search made by Gen. Horace Porter for the body of Paul Jones. She sued to recover $6,000 damages.

The judgement is against the landlord of the property, who was a joint defendant with the city of Paris. The city escapes liability.

LORD KITCHNER WILL INSPECT CANADIAN FORCES

London, July 15.—The Express says the Canadian and Australian invitations to Lord Kitchner to inspect and report on the defensive forces of those countries will be accepted. It has been suggested that Lord Kitchner be appointed inspector-in-chief of the oversea forces of the Crown.

Going Some!

Northampton, Mass., July 15.—Residents of the little country town of Goshen have an interesting subject for gossip in the arrival of the new preacher from Chicago, with eight children, four of whom are double pairs of twins or quadruplets. The mother is the wife of the Rev. Samuel Howe Seecombe, who has come to a pastorate which pays only $600 a year.

FRIDAY, JULY 16, 1909.

THE ALICEVILLE DISASTER.

The lamentable drowning fatality that occurred at Aliceville on Wednesday has cast a great gloom over this city. That five girls, all in the full bloom of vigirous maindenhood, should go to their death in so sudden and so certain a manner is a most sad and painful circumstance. It is but the simple truth to say that the whole city mourns with the parents and friends of the deceased girls and that thousands of hearts go out to them in sympathy in the terrible loss sustained.

What seems to us to increase the bitterness of this most sad occurence is the fact that among the whole party of fifteen who participated in the occasion that was designed to be one of joy and pleasure, not one could swim, that no one of the number was able to render any practical assistance to the unfortunate girls struggling in the water. Nor is it entirely the fault of these youths and maidens that they did not possess any knowledge of swimming. The fault lies chiefly with the system, or rather the lack of one very important feature in the system of educating and training our children. We believe it would be quite within the bounds of fact to say that not one twentieth part of the young people in New Westminster and its vicinity possess any knowledge of the simple and natural art of natation. The defect is a very serious one, and no time should be lost in remedying it.

The circumstances of the Aliceville occurrence alone show how necessary it is that something should be done towards instructing the young in swimming. Lessons in this simple art should indeed form part of their school training quite as much as the teaching of reading and writing. Here, where everyone is likely at one time or another to be at the mercy of that element force which is at once a necessity for the sustenance of life and a menace to its preseravtion, it is most important that some knowledge of swimming, or at the very least an acquaintance with the simple mode of keeping afloat, should be taught to every child.

Swimming is an optional subject of instruction in the public and elementary schools of British, German, French and Belgian towns, whilst every Dutch babe takes to the water like a duckling. It is time the educational authorities woke up to their responsibilities in this respect and encouraged the children in their charge to become familiar with the pleasure and ease of floating and moving in the water. It would be found indeed that very little encouragement would be required To the young a paddle and a swim is ever a vision of delight and nine-tenths of the school children would eagerly flock to the swimming instructor's classes.

We are aware that so far there are practically no facilities in this city for teaching children to swim. It is, as we have said before, a serious reproach to a city like this, about and around which water is so abundant, that nothing of the kind is provided. Wednesday's disaster is in itself a serious lesson in respect to this need, and it should not be forgotten.

Again we urge the city fathers to bestir themselves and see about the erection of a swimming bath for the accommodation of the inhabitants of this city. Such a bath need not be an elaborate affair. The excavation and construction of the bath proper would be the main expense, and we do not see why this should not be done by the chain gang. The cost of maintenance would be easily provided by the payment of a small fee, and it is quite likely that the capital expenditure would be refunded from the same source in the course of a few years. As to the site, there need be no difficulty about this. There is ample space at Queens park, and the necessary water is ,or will be there. We hope the Council will take this matter into serious consideration, so that before another summer is upon u s a really good swimming bath will be one of institutions of this city.

THE WORLD'S PLAY-GROUND.

That British Columbia is destined to become not only the a great agricultural and industrial province, but a popular play-ground for the people of the world, and particularly Europeans, seems certain, judging from the various notices and allusions to our beautiful province that have recently been made. In the public press. Earl Grey, the Governor-General, recently wrote to Mr. W. T. Stead, the proprietor-editor of the well known Review of Reviews, as follows:"It is in the power of British Columbia to furnish the world with a playground superior to any existing elsewhere. Glacial ice-falls with huge lumps of ice, as large as a log hut tumbling at periodical intervals during two months of the year, over precipices from 1000 to 2000 feet high, with the rattle of reverbrating thunder all round; hot springs, Alladin caves, snow slides where people can slide down 3500 feet like a streak of lightning, innumerable, unscaled but scalable peaks, virgin heights where the foot of man has never trod—all this and more is in the possession of British Columbia."

Let the tourists come as often and as numerously as they please. They will secure a hearty welcome from all.

JUNIOR LACROSSE TONIGHT.

Sapperton and West End at Queen's Park.

Another junior lacrosse match will be played this evening between the Sapperton and West End teams. The ball will be faced off at 6:30 p.m. at Queen's Park. The lineup will be:

Sapperton—Goal, Roy Coulson; point, Lorne Carroll; cover, Wilson Patchell; defence field, Lionel Potter, George Atkinson, W. Follis; centre, W. Sclater; home field, Ham, Sclater, Gordon Coulson, Eustace Gillanders; outside home, Wm. Harvey; inside home, Alf. Follis.

West End—Goal, George Feeney; point, Frank Battson; cover, Leo. Gregory; defence field, George Currie, Art. Russell, Clarence Ackley; centre, James Burr; home field, Tom Fenton, Otway Wilkie, Lewis Sangster; outside home, Philip Sangster; inside home. John Johns.

612-618 Agnes Street.

NEW ARCHITECT ARRIVES.

Gardiner and Sheriff Now Becomes Gardiner and Gardiner.

The firm of Gardiner & Sheriff, architects of this city, has been dissolved by mutual consent, and in future the business will be continued under the name of Gardiner & Gardiner, the new partner being Frank G. Gardiner, brother of William Gardiner, the well known architect of Vancouver.

Frank Gardiner, who is residing permanently in New Westminster, has recently returned from South Africa, where he has been in private practice and also engaged with the public works department in Pretoria.

The new firm has taken offices in the new building now being completed for the Westminster Trust Co., Columbia street, of which the late firm were the architects.

The new firm will shortly be calling for tenders for the erection of a new two-story building proposed to be erected at Chilliwack for the Westminster Trust Co.

OPEN CUSTOMS OFFICE.

U. S. Authorities Instal Station at Point Roberts.

Word has been received by the collector of customs in this city to the effect that the authorities of the United States customs department at Blaine have opened a temporary office at Point Roberts.

The office has been established for the convenience of fishermen, and will only be maintained throughout the fishing season. Past experience has demonstrated the need of such an arrangement, and it is expected that it will be of the greatest assistance to the fishermen.

Kerosene Explodes.

Providence, R.I., July 15.—The explosion of one hundred and thirty-five thousand gallons of kerosene in the barge Harrison, in the Providence river, caused the destruction of the barge and an unknown lumber schooner. Two men were fatally injured and the plant of the Texas Oil company was badly damaged. The loss is $100,000.

Maple Leafs Lose By Large Margin

(Continued from Page 1.)

for Maple Leaf. Henry Mackenzie was sent to the fence for the only penalty of the game, and with a man off the visitors made futile efforts to equalize. The chance went from when Bert Henry made the next goal, and then onwards the Mount Pleasant boys were a beaten team.

Purdy's Good Shooting.

Before the close of the quarter Purdy beat Vernon easily. In the last period the red shirts did pretty much as they liked. Lund scored from a run by Smith, and from the faceoff Bert Henry obtained another tally. Munn had a little work toward the close, but the Maple Leafs failed and Purdy annexed the last half a minute before the gong was sounded.

Summary.

FIRST QUARTER. ... ...
No score.

SECOND QUARTER.
Westminster—Purdy 1:00

THIRD QUARTER.
Westminster—Lund. 4:00
Maple Leafs—Crookall 1:00
Westminster—Henry 8:00
Westminster—Purdy 2:00

FOURTH QUARTER.
Westminster—Lund 3:00
Westminster—Henry... ... . :45
Westminster—Purdy 10:00

Penalties.

Third quarter—Mackenzie, 5 min.

The Teams.

The teams were:

Westminster—Goal, Munn; point, R. Pearson; cover, B. Galbraith; defence field, D. Marshall, W. Patchell, H. Gifford; centre, H. H. Mackenzie; home field, E. Warwick, J. A. Smith, W. Lund; outside, B. Henry; inside, Purdy.

Maple Leafs—Goal, Vernon; point, McCuaig; cover, Homewood; defence field, McGuigan, H. Painter, Martin; centre, F. Painter; home field, Wright, Wilson, Crookall; outside, Radlet; inside, Gibbon.

Officials.

Referee, E. Ravey, Vancouver; judge of play, C. D. Peele.

Timekeepers—J. J. Johnston, Westminster, and H. Sacret, Maple Leafs.

SUNLIGHT SOAP

The finest fabric is not too delicate to be safely washed with Sunlight Soap. When other soaps have injured your linens and faded the coloured things, remember the word Sunlight.

MONTREAL ALDERMEN WERE VERY CORRUPT

Judge Testifies That Under Management of Council Police Department Was Rotten.

Montreal, July 15.—Ald. Wilfrid Joseph Proulx was the chief witness at today's session of the Royal Commission. He was called upon to deny or affirm the testimony of numerous witnesses, who swore that they had paid him money for city prisoners, for leniency in the prosecution of the law, or for help in getting city contracts.

Ald. Proulx denied everything. He swore that he didn't know some of the witnesses who claimed to have done business with him. He admitted taking $25 from one man, but said it was for services as a salary. He said he helped dismiss charges against a police captain because he was moved by the latter's tears, not for any pecuniary gain.

Judge Choquette testified concerning his observations of police force workings, and during his testimony he condemned the system of supervision of the force by the city council.

"I came to the conclusion," he said, "from the first of my judicial experience, that it was absolutely necessary the city police force should, both as regards their nomination and administration, be under control of an authority other than one composed of aldermen."

BACK BROKEN; MAN LIVES FOR OVER MONTH

Toronto, July 14.—After lingering for a little over a month with a broken back in St. Michael's hospital as the result of being jolted from a street car, John Richardson, 30 Arthur street, died in the hospital yesterday.

Richardson was riding on a street car on Saturday, May 29 last, when nearing the corner of King and Simcoe streets he leaned over to pick up a cigar which he had dropped on the back platform.

As he did so he lost his balance through the jolting of the car and was thrown to the pavement. He was taken in the police ambulance to the hospital, where he died yesterday.

DISTINGUISHED GAUL WILL VISIT CANADA

Montreal, July 15.—A cablegram received by Gonzalves Desauliniers, vice-president of the Alliance Francaise, from the president Sir Henri Taschereau, who is now in Paris, says that Hon. Gavriel Honotaux, former minister of foreign affairs in the French government and one of the leading litterateurs in Europe, will arrive in Canada during the latter part of October, as a guest of the Alliance Francaise of this city. M. Honotaux will deliver three lectures in Canada, the cities indicated being Montreal, Quebec and Ottawa.

Dogs Kill Fine Sheep.

Ellensburg, July 15.—C. C. Churchill a farmer of the Demark district, and owner of one of the finest bands of pedigreed sheep in the valley, has lost during the past week over half of a band of Hampshire lambs and ewes, which were killed by dogs. There were seventeen sheep in the flock and nine were lambs of exceptional quality which Mr. Churchill intended to exhibit at the Alaska-Yukon-Pacific exposition.

TRADE REVIVES IN NEW ZEALAND

Exports and Imports Increase After Recent Period of Depression.

Wellington, N. Z., July 15.—From general indications there will soon be a general revival of prosperity and the fact that for the first five months of this year the exports have exceeded those of the corresponding period of last year by $7,500,000 is convincing evidence that the depression is at an end. Sir Joseph Ward, in an interview given before leaving for London, said the Dominion's recuperative power will be vindicated within a very short period.

According to a statement issued by the Dominion industries and commerce department for the month of April the total value of the chief items of export amount to $7,763,775, or an increase of $2,000,000 for the month compared with April, 1908. The exceptions to the increase in agricultural products exported were in the semi-manufactured fibres of hemp and tow.

This was due to the closing down of the mills for the Easter holidays and the freshets in the Manawatu river. Wellington, however, still maintains its position as the chief exporting center of the best fiber.

It is estimated that in the Auckland district the supply of standing timber in Kauri will last only seventeen years if the present rate of cutting goes on. The 63 mills, employing 2655 men, produced over 212 millions superficial feet last year.

ISLE OF SPICE TO PLAY AT OPERA HOUSE

Up-to-date Musical Comedy Will Appear Here Wednesday of Next Week.

Coming to the opera house on Wednesday, July 21, is "The Isle of Spice" one of the most conspicuous successes among the musical plays in recent years. The present tour is an enterprise quite out of the ordinary. It was brought together for a trip contemplating in equal measure business and pleasure. Thus its members have been enabled to visit the Exposition at Seattle and at the same time realise a handsome profit to and from that point. Its members include the best musical talent in the United States numbered among them being Adele Oswald, Nellie V. Nichols, Essie Barton, Carolyn Woods, E. Coit Albertson, Frank D. Nelson and Frank French. The company secured from B. C. Whitney his complete production of the "Isle of Spice." Just as much care has been taken in the selection of the chorus as the principals. The girls are all from the best road companies, and include a galaxy of Chicago show girls and eight as clever dancing broilers as could be obtained from the important theatres of New York. The entertainment, on the whole should constitute the big musical hit of the year.

The advance sale of seats will open tomorrow mornig.

LABOR MALCONTENTS RESORT TO DYNAMITE

Detroit, July 15.—As an outcome, the police think, of labor troubles, a suit case containing gun cotton was placed under a pile of steel girders early today in the yard of the Whitehead plant on Beecher avenue and exploded. The terrific explosion wrecked windows for half a mile around, causing considerable damage to nearby factories, especially the plant of the Seitz Auto and Transmission company, where all of the windows were smashed and some of the machinery was thrown off its balance. The girders were for use in an extension to the post office, which is being constructed by Whitehead and Kales. The firm has conducted an "open shop" and has had more or less labor trouble as a result.

POLICE FIND BOOKS OF COPPER COMPANY

Were Wanted as Evidence Against F. Augustus Heinze—Hidden in Steamer Trunks.

New York, July 14.—The missing books of the United Copper company, sought for in connection with charges against F. Augustus Heinze regarding his handling of Mercantile National bank funds, are today in the possession of the United States district attorney. The records were found late last night packed in two steamer trunks in a house on West Fifty-fifth street. A third trunk, said to conttain his "private papers," is still missing and the federal authorities are looking for it.

Arthur P. Heinze was before the grand jury today, but it was understood the district attorney was unable to gain information regarding the books still missing.

These records are alleged to have been sent to Butte, Mont.

Alligators Eat Swimmer.

Pensacola, Fla., July 15.—With the bones stripped of flesh by alligators the body of Herman Wilcox of Chicago was found yesterday in Good Time Lake, two miles from Camp Walton, a summer resort, where Wilcox has been residing with his mother for the past two months. Not knowing that the lake contained hundreds of alligators, Wilson went in for a swim. He had been missing for four days.

May Have Four Wards.

Hamilton, July 15.—A proposal was made by City Clerk Kent at yesterday afternoon's session of the Finance Committee to divide the city into four wards instead of seven. This is to avoid the necessity of too large a council.

Royal Standard Flour

Royal Standard Flour is preeminently a product of quality. You may buy a cheaper flour, but flour is the staff of life and the one product which you need always—a food which above all others should receive the utmost care in its manufacture. We have made a hobby of making good flour. Its reputation is known throughout British Columbia. There is and there can be no better.

Then, too, in each 49-lb. sack is placed a numbered coupon entitling you to a chance to win a beautiful 109-piece dinner set.

Ask your grocer for Royal Standard Flour.

ENGLISH MINERS RIOT OVER TIME FOR DINNER

Hanley, Eng., July 15.—Serious riots occurred yesterday through the North Staffordshire coal fields. A dispute regarding time allowed for meals under the new eight hour act let thousands of the pit lads to cease work. They marched from colliery to colliery bringing out the adult miners. Much colliery property was destroyed, and there were many conflicts with the police, several of the men being injured. Some of the works closed down and there were numerous arrests.

CITY OF NEW WESTMINSTER

TENDERS FOR STEEL PIPE.

Tenders will be received by the undersigned, up to Monday, August 9, 8:00 p.m., for supplying about 74,- feet of steel pipe, with an inside diameter of 24 inches, and about 000 feet of steel pipe with an inside diameter of 12 inches.

Specifications may be seen at the City Clerk's office, City Hall, or at the office of Messrs. Hermon & Burnett, Vancouver, B. C.

A deposit of an amount equal to per cent. of the contract price must be made with each tender, by marked cheque payable to the City Treasurer.

The lowest or any tender not necessarily accepted.

W. A. DUNCAN,
City Clerk.

City Hall, New Westminster, B. C., July 10, 1909.

No Halibut Bait For American Boats

(Continued from Page 1.)

bait is scarce in the waters of Puget Sound. It has been the practice of the American craft to secure these supplies at Nanaimo from a company whose boat operates in that vicinity and at points up coast where herring can be secured nearly all the year around. The fish were usually placed in cold storage at Nanaimo. The Ottawa order does not apply to the New England Fish company, which enjoys a special bonding privilege permitting it to ship its catches from Vancouver. The bait company's steamer Squid is now fishing up coast near China Hat, principally to secure bait for the New England company's three fishing steamers. The bonding privilege of the New England company will expire in January of next year and its renewal is very uncertain in view of the strong opposition already in sight, especially at a juncture when the Dominion government is increasing the patrol fleet in northern waters.

Took His Boot Off.

Woodstock, July 15.—A heavy rain, accompanied by thunder and lightning, did considerable damage in this neighborhood Wednesday night.

Martin Allan was reading a newspaper at his home when the lightning passed down the flue and out into the kitchen knocking Allan from the chair into the sink, and tore off a shoe. He was also burned severely but will recover.

Lever Brothers, Toronto, will send you free a cake of their famous Plantol toilet soap, if you mention this paper.

CORPSES REMAIN IN MESSINA'S RUINS

But Marrying and Giving in Marriage Goes on in the New Town.

Rome, July 15.—Thousands of bodies of the victims of the December earthquake that devastated Messina are still in the ruins of that city, and will not be dug out to receive burial until winter.

In an effort to convince King Victor that it is doing every possible thing to remedy the conditions existing in Messina, the interior department has submitted its first comprehensive report. It is understood that the King, though not doubting the honesty of the officials, was angry that there had been so much delay, and had demanded speedier work.

In reply to the accusation that no excavation had been made in the ruins, the interior department declares it has been found necessary to suspend all work of this nature during the warm weather. Up to that time 30,000 bodies had been recovered.

The interior department declares that there has been delay in constructing shops and shelters. The old town, the department concedes, is still a pile of ruins, reaching as high as two-story buildings, as a result of the decision that it is unsafe to continue uncovering corpses during the heated spell.

New City Prosperous.

The new city, however, in the centre of the district occupied by the wooden shelters, is declared to be quite as prosperous as could be expected. On June 1 there were running 428 food shops, 329 restaurants and taverns, and two hotels, while 53 cabs were doing a lively business. Small trade is reported as already beginning to flourish. Electric lighting, only resumed June 6, is inadequate, but the streets are being lighted by petroleum lamps.

On June 1 there were 3243 temporary buildings erected, while 2452 more had been completed in the neighboring villages. The present population of the city is placed at 40,000 and that of the adjacent territory in the earthquake zone is placed at 60,000. The first earthquake sufferers fled immediately after the quake, and are said to be returning rapidly. During May there were 87 births, 49 deaths, and 44 marriages in the wrecked city.

THIRTEEN DROWN IN BRITISH SUBMARINE

Catastrophe Takes Place in Course of Naval Maneuvres in the English Channel.

Sheerness, England, July 15.—One British submarine boat was wrecked and sunk to the bottom of the English Channel, causing the loss of 13 lives, and another was seriously damaged in a collision today, according to wireless despatches received here. Reports of the collision are conflicting and few details of the disaster are known.

According to the advices, the submarine C 11, with thirteen men aboard is lying wrecked at the bottom of the channel. The C 17, with which another vessel is reported to have collided, is said to be hurrying to Yarmouth to have serious damages repaired.

Later it was confirmed that 13 men were drowned when the submarine C 11 went to the bottom, and that both C 11 and the C 17 were damaged by a collision with a third vessel, the name of which has not been learned. The collision occurred during the naval manoeuvers in the channel this morning.

An official statement given out by the authorities this afternoon says that Lieutenants Vrodie and Watkins and Seaman Stripes were rescued from the C 11 when she sank, and that 13 seamen were drowned.

It is believed the freight steamer, Eddystone, caused the disaster by crossing the line of the flotilla as the submarines were aligning to enter the Thames. All other vessels in the flotilla have been accounted for.

WOOD ALCOHOL PLANT TO BE BUILT

Parry Sound, Ont., July 15.—The Algoma Lumber and Chemical company, which includes the J. B. Tudhope and ex-Mayor Juppin directorate, have presented plans to the town council for the erection of a wood alcohol and chemical plant.

It would be at a cost of at least $75,000 and the terms asked are a loan of $30,000 to be repaid in 20 years, securing by a first mortgage and a fixed assessment of $10,000 and the town to supply 20 to 40 horsepower of electric power at $12.50 per horsepower per annum, electric light at current power per annum, electric light at current rates.

No money is asked of the town until the plant is in operation. A by-law embodying this agreement is to be prepared for submission to the ratepayers at the next meeting of the council.

Japan to Get Brazilian Warships.

Tokio, July 15.—The report is revived and apparently has good foundation that Japan will acquire the three Brazilian Dreadnoughts now building in England.

Early developments are expected with reference to the Antung-Mukden railway.

WANT LACROSSE FOR A.-Y.-P. FAIR

Management Plans Great International Tournament of Canadian Game.

Seattle, July 15.—A lacrosse tournament for the championship of the world to take place at the stadium of the Alaska-Yukon-Pacific exposition some time in August, is being planned by Major Wm. M. Inglis, director of athletics at the fair.

This will be the first large lacrosse match ever contested in the western part of the United States. Lacrosse is essentially a Canadian sport and the large games have always been played across the border.

After some correspondence, Major Inglis is in receipt of letters from the manager of the New Westminster team, champions of the world, and from the manager of the Calgary team, champions of Alberta. These teams are all anxious to play and only wait satisfactory arrangements to agree to come.

There are a number of other strong teams in Western Canada an all of these are anxious to meet the championship teams.

The games will be played on the regular stadium field of the eposition. This field was made for a baseball and football field but with slight alteration it will do as well for lacrosse. There is the small matter of installing the goals and changing the lines, and that is all that is necessary.

According to the officials of the New Westminster Lacrosse Club prospects are not particularly bright for the trip to Seattle as suggested above.

ALDERMAN O'CONNELL AGAIN HEARD FROM

Says He Will Get Either His Traveling Expenses or the Minto Cup —Will He?

Considerable interest, not to say amusement, was aroused among local lacrosse fans yesterday by the appearance in the Vancouver Province, of a dispatch from Montreal to the effect that in an interview given in that city Ald. O'Connell, who refereed the Tecumseh games here, had stated that he would either get his traveling expenses or the Minto cup out of the local club.

While all those who have heard of the said Alderman O'Connell's predicament, have the heartiest sympathy with him, the general opinion is that that gentleman, in receiving his $50 referee's fee got all that was coming to him, and that he can reasonably look for nothing more.

It is intimated that Ald. O'Connell should have looked before he leaped, and that if he wasn't willing to referee the games on the usual terms he should have said so before starting west. So far as the local club is concerned there is absolutely no precedent for paying a referee traveling expenses in addition to his regular fee.

All things considered it looks as if Ald. O'Connell might have considerable difficulty in convincing the trustees of the cup that he had any particular right to traveling expenses.

As to getting back the cup or the cash—well, the local club is perfectly willing to send Mr. O'Connell a cup—any sort of receptacle for liquid, in fact, from a beer stein to a watering can—but as to the cup. Hardly.

And in the meantime it may be observed that the club has seen nothing more of the $50 cheque which was sent Mr. O'Connell immediately after the game.

May Build New Plant.

Pittsburg, July 15.—The men out in the tin-plate strike have been given food for thought by an announcement made by the United States Steel Corporation that they are to construct a new fifty million dollar tin-plate plant at Gary Ind. Some believe this to be only a threat, but others feel the corporation are anxious to get their plant near the water, and would move if given any cause.
