SUCCESSFUL CONVERSAZIONE.

Ladies of Holy Trinity Hold a Ice Cream Festival.

A most delightful en nment took place last night the St. George's hall, under t' spices of the ladies of Holy T church.

The program th out was well sustained and hig ntertaining, the choir rendering several glees which well merited the hearty applause of the audience they received. Master Peebles also favored the gathering with selections on the fife, and later on a diminutive set of bagpipes. His efforts were loudly encored.

The program was interspersed with orchestral music, during which ice cream, cakes, strawberries and cream and sundry other delicate refreshments were served.

Following the conclusion of the program, dancing was indulged in for a couple of hours, after which the gathering dispersed, bringing to a conclusion one of the most successful conversaziones of the season.

The following are a few of those who took an active part in the musical part of the program: Choir, Mrs. C. Woods, Mr. Morey, leader, the Misses Wardel, Miss Turnbull, Miss Peele, Mr. and Mrs. Broad, Mr. Dingle, Mr. Insley, Mr. Whitmore and Mr. Beattie. Orchestra, Mr. Morey, Mr. Insley, Mr. Smith, Mr. Bracher. The refreshment arrangements were conducted by the ladies of the W. A. society of the church.

Osler Dubbed "Medical Nihilist."

Los Angeles, June 20.—A resolution denouncing Dr. William Osler as a "Medical Nihilist," and refuting his theory regarding the age limit was introduced yesterday in the convention of the National Eclectic Medical association by Drs. C. G. Winter of Minneapolis and E. G. Sharp of Guthrie, Okla. The resolution was referred to the advisory board and will be reported back to the convention for action.

RUSSIA RETURNS STOLEN MILLION

After Fifty Years Family Receives Compensation for Confiscated Goods.

Chicago, June 20.—After being deprived of his inheritance for more than half a century, Dr. Franklin Slocum, a prominent physician of this city, left yesterday for Washington city to conclude final arrangements through Baron Rosen, the Russian ambassador to the United States, for the recovery of his father's fortune, which amounts now to more than $1,000,000.

The story of the seizure of the Slocum fortune, the original amount of which was about $275,000, goes back to the time of the famous Russian uprising in 1849. At that time the elder Slocum was an exporter of silk and tea from China and Japan, doing business at Moscow.

Incensed by the excessive importation duties exacted from them by the Russion government a number of importers, including Slocum, made personal remonstrance to the Czar with the result that they and their families were banished from the country and one-half of their property seized by the government to be held in trust for their heirs.

Officials and Jury Clash.

Kingston, Ont., June 20.—One year ago the Grand Jury visited the penitentiary, as was the custom, and subsequently criticised some of the arrangements in the prison. They were in particular, severe in their condemnation of the practice of distributing food to the men, which seemed like handing it out to so many dogs.

For this criticism the threat was made by the officials that the jury might in future be refused admission. This threat was given effect to yesterday in the actual refusal by the authorities to admit them to the industries, the shops, and kitchen, and further refused to answer any questions put to them by the jurors. The matter will be brought to the attention of the Minister of Justice. The course pursued by the prison officials is a novelty in Canada.

ONE CENT A POUND BREEDS TROUBLE

Fishermen Object to Decrease in Price Paid for Salmon—Union to Act.

A meeting of the Fishermen's union will be held on Saturday afternoon for the purpose of discussing the action of the local fish buyers, who on Wednesday reduced the price of spring salmon by one cent a pound. As might be expected, the fishermen object very strenuously to this reduction in price, and the meeting on Saturday is likely to result in some drastic move on their part.

Interviewed by the News yesterday, several of the local fishermen declared that they would on no account go out fishing for less than five cents per pound, as the salmon was now running in such small numbers that the fishermen had great difficulty in catching enough to make it worth their while to cast out their nets. Judging by the remarks made by the men, a large vote in favor of a cessation of work will be cast at the meeting tomorrow.

Very few salmon were caught yesterday, a large number of the boats returning without hauling in a single fish.

Another matter which will be discussed at the union meeting will be the resolution recently introduced at a board of trade meeting with reference to the tearing up of nets by booms of logs going up the river. The fishermen consider that they do all in their power to get out of the way of booms, and blame any accidents that happen on the river to the tugs.

TRAIN WRECKERS.

Detectives Investigate Attempt to Ditch Westbound Express.

Calgary, June 20.—Canadian Pacific railway detectives are investigating what is believed to have been a deliberate attempt to wreck the westbound passenger train near Maple Creek.

General Jail Breaking Planned.

Portage la Prairie, Man., June 20.—In connection with the recent breaking from jail of the prisoners Phillips and Leary, some details have come to light which lead the authorities to suppose that a more or less general escape was planned. Six other inmates were implicated and these appeared before the magistrate yesterday charged with assisting the prisoners to escape. The case was conducted behind closed doors, but it is learned that one pleaded guilty and the others denied the charge. As the investigation is not yet complete, on the application of the crown prosecutor a remand was granted after the evidence had been taken.

To Eradicate Hobo Fraternity.

Chicago, Ill., June 20.—Harriman, Hill and other big railroad chiefs have entered into an agreement with the national conference of charities and corrections to secure a national commission of vagrancy. The plan is to clear all railroads and small towns of bumbs, hobos or vags generally, and to force them to be sanitary, to earn their living or to disappear altogether from districts where the strong arm of the commission can reach them.

It is estimated that "hobos" cost the railroads annually $2,500,000. They infect the yards, set fire to cars, throw switches out of malice, assault tower men and switchmen, break signals and cause disastrous wrecks with appalling loss of life and property.

Bloodhounds After Murderer.

Trenton, Ohio, June 20.—A family tragedy occurred at Symmes Creek yesterday, when Charles Shafer shot his wife, her mother and his eight-year-old boy, the last-mentioned being instantly killed. Mrs. Shafer died later. Her mother, Mrs. Thacker, will recover. Shafer is alleged to have whipped his wife cruelly, and a constable arrested him. He was released on bond and returned to his mother-in-law's house. He shot both the women. His son begged to be left with his mother, but the father dragged him into the woodshed, blew out his brains and attempted to burn his body. Shafer escaped, but is being hunted by men with bloodhounds.

RUSSELL HOTEL SOLD.

C. J. Tabor Purchasers Property From E. J. Fader.

Following the decision made by the board of license commissioners at the meeting Wednesday night, granting a liquor license for the new hotel Russell, a deal which had been in progress for some time was closed yesterday, and E. J. Fader has sold his interest in the business to C. J. Tabor, of Woodstock, N. B.

The deal, which was put through by Hale & Lane, would have been concluded some time ago had a license been secured, as the whole transaction hinged on the action of the commissioners in granting Mr. Fader's application. Mr. Taber is well known in Woodstock, having conducted one of the finest and most up-to-date hotels in New Brunswick, and will run the Russell on the same business principles which have made him popular in that part of the world.

No change will be made regarding the furnishing and specifications of the hotel. The work will be carried on the same as when Mr. Fader had charge, and the new building is expected to be ready for guests some time before the provincial exhibition opens.

Purdy Takes a Partner.

C. A. McKillop, an experienced candy and ice cream manufacturer, has purchased a half interest in the fruit and candy business conducted by R. C. Purdy, next to the tram office, Columbia street. The increase of the business during the past few months had been so marked that Mr. Purdy decided to take some one into partnership with him, and after negotiations, Mr. McKillop, a recent arrival from Edmonton, secured a half interest. Mr. McKillop conducted a candy business in Vacouver for a considerable time, and was also in the same business in the Alberta capital.

ROOSEVELT HANKERS AFTER B. C. BEARS

Grizzlies of Cariboo to Be Sure Targets for Teddy's Trusty Rifle.

Shortly after his present term of office expires, Theodore Roosevelt, president of the United States, will leave for British Columbia on a hunting trip. Such is the information contained in a letter from Warburton Pike to a friend in Victoria.

Mr. Pike was in Washington recently and was a guest of Mr. Roosevelt at dinner. During a conversation the president of the great republic disclosed a wide knowledge of this province and its resources, but his peculiar interest was in the reports he had heard and read of the big game to be found in the forests. Mr. Roosevelt's love for the strenuous chase, and the heads and hides of wild beasts, slain by his own hand, is well known, and having achieved about all the fame that the wild woods of the United States can offer, he is now looking for greater conquests entailing more hardships and excitement than he has been able to find in the hunting grounds of his own country.

It is the grizzly bears of the Cariboo district that the mighty hunter is particularly interested in. He has learned of their existence in plenty, and of their readiness to give battle to anyone who challenges them in their own domain, the northern wilds of British Columbia. A whole kingdom of grizzlies is what Mr. Roosevelt, with his many laurels, regards as a worldly paradise, and as soon as he is relieved of the duties of his high office, which does not permit him to venture outside of the United States, he will prepare for the invasion.

One Hundred Persons Drowned.

Athens, June 20.—More than one hundred persons were drowned by the flood caused by the overflowing of the Lothos river, which inundated the town of Trikkala in Thessaly Tuesday.

Zion Property to Be Sold.

Chicago June 20.—Judge B. M. Landis, of the United States district court granted to J. C. Hately yesterday authority to sell property in Zion city, held by him as receiver.

DANGER IS PAST CLEVELAND LIVES

Former President on Road to Complete Recovery After Serious Illness.

New York, June 20.—Advices from Princeton, N. J., early today announced that former President Grover Cleveland last night passed the danger point of another serious attack of sickness. He had been perilously ill for some days. The crisis has now safely passed and his recovery is looked for.

Cleveland was stricken just after the beginning of the commencement at Princeton university. The attack was diagnosed as stomach or intestinal trouble. So alarming did his condition become last Saturday that Dr. Carnochan and Dr. Bryant summoned in consultation in Princeton Drs. Edward G. Janeway and Andrew J. McCosh, New York specialists. Sunday the patient's condition remained the same. Fearing a desperate siege, plans were made by the physicians to have the spacious Cleveland grounds roped off and privately policed to prevent the intrusion of strangers and to prevent unnecessary noise.

Cleveland will be confined to his home for some time and it is expected will have to spend his entire summer in seclusion.

GAZEEKA DAMAGED.

Swift Vancouver Yacht Hurled on Side by Gale.

Vancouver, June 20.—Probably the worst damage caused by the storm last night was the wreck of the yacht Gazeeka, owned by Captain Thynne. The trim yacht, which is well known to local yachtsmen and which has taken part in many races, was hauled up on the ways on the beach near the club house, to allow the official measurer, George Bushby, to get in his work. Unfortunately she was not properly supported on the high lock, and the strength of the wind was not allowed for. When the gale struck her she was hurled from the ways to the stones beneath, and fell on one side, almost completely smashing it. She is badly damaged and will not take part in the cruise to Seattle, where it was Captain Thynne's intention to race her. Coming, as it does, at this time, the accident is extremely unfortunate, as the Gazeeka is one of the best yachts in the fleet, and would have held her own in Seattle.

Ellis Sighs for Old Days.

Okanagan, June 20.—Thomas Ellis, formerly king of Southern Okanagan, but now a resident of effete Victoria, arrived in town yesterday and proceeded to Penticton to attend the general annual meeting of the Southern Okanagan Land Co. It was to this company that Mr. Ellis sold his immense estate and thousands of head of stock for over half-a-million dollars. Mr. Ellis is one of the pioneers of the Okanagan, and although now a dweller in cities, he loves his old camping ground so well that he must need be coming up here every little while. At one time Mr. Ellis did all his travelling per broncho; now he rides on C.P.R. trains. But this is more of necessity than choice on the part of Mr. Ellis. Yesterday, as he put in a wearisome hour waiting for the C. P. R. Old Never-on-time from Sicamous, he remarked, with a sigh, of the days gone by when there was no waiting for trains in the Okanagan. Then one travelled about by horse and could tell when one would be at a given time or when night fell; but now one is liable to be sidetracked while the old C. P. R. engine is shunting cordwood or lubricating its old rusty parts! Some of the Cheechacos even can sympathize with Mr. Ellis.

GOLD STRUCK IN GRAVE.

Ballarat Cemetery Staked Out With Claims.

Sydney, N. S. W., June 20.—An accidental discovery by a grave digger has started a gold rush to Ballarat.

While digging a grave in the cemetery there, the workmen struck a vein of gold-bearing stone, nineteen inches thick.

Prospectors have already pegged many claims around the cemetery.

BROKER DISAPPEARS.

Creditors Fear That Salvation Army Leader Has Absconded.

Regina, June 20.—"If I am not back in three days you need not expect me at all," were the parting words of Walter C. Clarke, prominent in local Salvation Army work, real estate broker, auctioneer and general man of affairs, just before he left Regina not to reappear. He is owing a good many thousand dollars in the city and his creditors have small hopes of seeing him again.

Tomorrow an auction sale in being conducted of his office fixtures. Clarke was prison gate missionary for the army for Saskatchewan and it is alleged that he traded on his godliness to bolster his tottering credit. He was engaged to a girl of good family here and stuck his prospective father-in-law for $8,000, while he induced a young Englishman to leave his job in a chartered bank and invest his slender capital in the firm.

A vigorous, but not very judicious advertiser, he stuck several eastern papers for considerable sums. The only ray of hope for his creditors lies in the report that he went a similar mucker in Kamloops some years ago and then got down to business and finally paid all his debts off in full. A qualified member of the English bar, he often styled himself the "Converted English Lawyer." Some of those who trusted him would like to see his prophises converted into cash. He was last seen at Pense.

Japanese Excluded.

Mexico City, June 20.—According to a report, a thousand Japanese who reached Salina Cruz June 16, have been forbidden to land owing to the bubonic plague, which it is said exists among them. The men are laborers sent here to work in coal mines in Coahuilla.

DEPUTIES INSULT FRENCH PREMIER

Clemenceau Has No Desire to Retain Power—Situation is Acute.

Paris, June 20.—In the chamber of deputies today after a tumultuous scene during which Premier Clemenceau was addressed in insulting terms for his interpellation of the government on its repressive measures towards wine growers, action was postponed until tomorrow when the fate of the cabinet may be decided.

The premier said he had no particular desire to remain in power.

Paris, June 20.—Premier Clemenceau received grave news last night from the Midi, where the exasperation of the people was increasing. Messages to the premier came indirectly via Lyons, indicating that the wires had been cut.

The principal center of disaffection, Narbonne, is now occupied by 10,000 troops against whom the populace is greatly incensed, refusing to receive the cavalry horses in their stables and hooting and pelting the officers, in one instance burning a wagon load of forage on its way to the cavalry quarters.

A violent mob, comprised of residents of outlying villages, gathered at Narbonne last night. They poured petroleum over the door of the subprefecture, which they set on fire, but were driven off after repeated charges by the troops. In the course of the fighting the manifestants fired revolvers, but no one was hit. The disorder was agumented by the absence of lights, the mob having cut the electric cables. In other parts of the town, barricades were erected. These were stormed by the troops and torn down, only to be set up again by the rioters.

There was serious rioting at Montpelier last night, lasting all evening. The mob attempted to burn down the door of the prison and rescue the prisoners. The troops were turned out but were received with volleys of stones and bottles. Troopers were pulled off their horses and clubbed.

Premier Clemenceau has not yet received confirmation of the arrest of Marcelin Albert, the leader of the disturbing element, who was reported captured yesterday. The premier is inclined to believe that another of the leaders has been arrested by mistake in Albert's stead.

SALVATION ARMY TO BUILD HOSPITAL

Commissioner Coombs Will Settle Final Details When He Reaches Coast.

Vancouver, June 20.—Brigadier Smeeton, head of the local work of the Salvation army, stated this morning that one of the matters which will be discussed with Commissioner Coombs during his approaching visit to the city, will be the final details of the establishment of a hospital here under the army auspices. The local leader discussed this question with General Booth during his recent visit, and the idea was thought to be a good one. Advices from Commissioner Coombs now indicate that the scheme will be advanced if not brought to a conclusion during his visit next week.

The idea at present entertained is the enlargement of the present home under the auspices of the army at Eighth avenue and Birch street, fairview. It is contemplated to place a main building and wings in front of the structure, thus giving good facilities for the hospital work. It was stated that though popular rumor had associated the name of Dr. Ernest Hall of Victoria with the new institution, it was improbable that he would be placed in charge of the new work.

JURYMEN FEARED KISSES.

Cashier Found Not Guilty Brazenly Shows Her Joy.

Chicago, June 20.—When Mary Wightman, cashier for a store in this city, was found not guilty of stealing $1,300 from the house, she was so elated that she attempted to kiss the jurors. Pandemonium reigned, and the jurors fled, unkissed, while the excitement was at its height.

The scene was the finale of a startling trial. Miss Wightman, who is a graduate of Northwestern university, was charged with tampering with the books and misappropriating the money. The fact was brought out in the trial that she wore noisy and expensive stockings, but even this had no influence with the jury. If the jury had foreseen Miss Wightman's attempt on them, the ballot might have been different.

Dynamite Accidents Numerous.

Nelson, June 20.—There has been another narrow escape from a fatality by the handling of dynamite. Two men, named Kerr and Gray, have been engaged for some time in clearing land on J. J. Campbell's ranch up the lake. They have been using dynamite for blowing out the stumps, and yesterday afternoon they were removing a box which contained five or six sticks of the deadly stuff. In the box there was an unexploded cap. For some cause still unexplained, the cap exploded two of the sticks of dynamite. The two men were standing close to the box at the moment the explosion took place and for a minute were rendered insensible. When they came to it was discovered that Kerr was badly burned on the face and arms, but without other serious injuries external or otherwise. Gray was hit in the back by fragments of the box but escaped unharmed. The two men started for the Kootenay lake general hospital and reached there last evening. Their injuries were attended to and they will be around again in a few days. A great number of accidents resulted from the use of dynamite the last few years in the Kootenays, and it is the opinion of many that greater care should be taken in handling this explosive.

Mobs Gets Violent.

Narbonne, France, June 20.—A violent mob from the outlying villages gathered last night. They poured petroleum over the door of the sub-perfecture, which they set on fire, but were driven off after repeated charges by the troops. In the course of the fighting the manifestants fired revolvers, but no one was hit. The disorder was augmented by the absence of light, the mob having cut the electric cables. In other parts of the town barricades were erected. These were stormed by the troops and torn down, only to be set up again by the rioters.

Bella Donnan Goes Free.

Grand Forks, B. C., June 20.—Acting upon the request of City Solicitor Ernest Miller, Police Magistrate Cochrane, yesterday afternoon dismissed the charge of manslaughter against Miss Bella Donnan for causing the death of her sister Emma some few weeks ago. Great satisfaction is expressed on all sides at this termination of the case.

INDIANS RECEIVE MONEY FOR LAND

Cheque for $50,000 Handed Over by Indian Agent—Two Hundred Benefit.

Port Essington, B. C., June 20.—The final step in the land deal between the Metlahkatlahs and the G.T. P. was consummated at 10:15 on Monday evening, when Indian Agent Morrow handed to Chief Councillor Joseph Leighton, Metlahkatlah, a check for $50,000, being half the purchase price to be distributed among Indians, male and female, aged twenty one and over. The other half is held in trust by the department for mines and municipal improvements of the village. Cannon boomed a salute, the band paraded, sky rockets were sent up and Roman candles blazed forth the Indians' delight at the consummation.

Mr. Bacon, head surveyor of the G. T. P., Bishop Duveret, and Agent Morrow spoke at a banquet on the happy termination. Money was distributed by checks, payable at the Bank of Commerce, Rupert, six miles from Metlahkatlah. A large delegation was present from Rupert and Essington. The beneficiaries number two hundred. One family receives six thousad dollars. A check, photographed, will be sent to the Victoria museum.

Bishop Duvernet paid a high compliment to Agent Morrow for the wise provision made for children. The festivities continued on Tuesday and wound up with a dance in the evening.

STOCKING ISLAND WATERS.

Forty Thousand Salmon Fry Placed in Englishman's River.

Nanaimo, June 20.—The introduction of Atlantic salmon fry, the famous sporting fish of the east, continues in the island waters. The second batch of fry to be placed on the island took place yesterday, when some thirty or forty thousand of the fry arrived in Nanaimo on the government steamer Georgia, and were placed in Englishman's River, under the supervision of the local fisheries office.

These fry all arrived in perfect condition, not one being lost, which shows that they are a hardy fish and should do well in these waters. It is the intention to bring many more of the fry to the Island, placig them at Qualicum and many other streams around about. Mr. Sloan, who is no mean fisherman himself, has been the cause of the fry coming here. Apart from the commercial value of the salmon to the Island, their introduction enhances the value of the Island from a tourists standpoint.

Five Hundred in Panic.

San Francisco, June 19.—Five hundred passengers were thrown into a panic when the ferryboats James M. Donahue and Cazadero collided tonight in a dense bank of fog in the bay between Alcatraz island and Angel island.

While hundreds were drenched and dozens were restrained with difficulty from jumping overboard in life preservers, only one man was injured and his hurts were received in rescuing three passengers from what seemed certain death.

The crews of both boats did heroic work in rescuing the eighty passengers from the Donahue. The Cazadero was bound from San Francisco to Sausalito and there the passengers from the Donahue were taken.

The Donahue was taken in tow by the General Frisbee and brought, with her pumps working full capacity, to keep her afloat, to the Lombard dock, where she lies with a great gaping hole in her side.

Criminal Charges Against Railways.

AT OLD WESTMINSTER.

Here are a couple of glimpses from the gallery at the "Mother of Parliaments" carrying on its work. The first is an episode in the House of Lords when the lordly dovecotes had been fluttered by the bill which proposed to reform land tenure in England to a certain extent. By the way, recent estimates show that about one-third of all the land of Britain—England, Scotland and Wales—is owned by the members of the House of Lords, and a good deal of the other two-thirds is the property of their sisters and their cousins and their aunts. No wonder, then, that the Liberal proposals in the line of land tenure reform brought them out in strength:

"Fear for the land brought a large number of Tory peers to the Upper House to support Lord Landsdowne in his attack upon the Prime Minister. Even Mr. Gladstone was not more dreaded than Sir Henry Campbell-Bannerman. He has challenged the House of Lords and now he is challenging the territorial system on which the world moves. In order to deal with such an enemy the Marquis of Lansdowne urged circumspection. In his prudent, calm manner he educated his party. 'You are all in favor of small holdings,' he said in effect; 'you are as friendly to this system as any of these Radicals.' They were not quite sure if they were, but before they had made up their minds the diplomatic Marquis led them to a more agreeable path. 'Small holdings, although good in theory, may be very bad in practice; everything depends on the conditions and circumstances; it is really for you to decide when to grant such holdings, because you are the best judges of the interests of all classes; Lord Carrington, it is true, has adopted the Radical policy, but he is like the converted black man exhibited at missionary meetings; and in any event Sir Henry Campbell-Bannerman is guilty of slander when he dares to assert that you withhold land from use or labour.' "

Then we have a "look in" at the House of Commons. The Prince of Wales has come into the peers' gallery to hear Mr. Austen Chamberlain open a debate on "preference." H. R. H. is a little early and so has an opportunity to enjoy the lively ten minutes which concludes question time. Impromptu questions are shot at the front benches and the shots are returned amid cheers and counter-cheers, laughter and cries of "Order!" Then the orders of the day have precedence and Mr. Chamberlain rises:

"The Prince listened steadily to Mr. Chamberlain's long, laborious discourse, and naturally he remained to hear also the very able reply of Mr. McKenna, who, although Minister of Education, remains one of the government spokesmen on finance. Mr. McKenna's exposure of the new fiscal doctrines was one of the most brilliant debating performances of the session. His rapid, trenchant, animated style was in marked contrast to the dawdling effort of the ex-Chancellor of the Exchequer. Perhaps the presence of the royal visitor over the clock incited him to his best, although it had only rendered Mr. Austen Chamberlain more conventional. Most of the members showed less interest than the Prince in the preference debate. They went elsewhere to talk of other subjects—of India and the Whitsuntide recess, the Irish Council Bill and the state of business."

An official of the Ontario government is on the coast, looking for curios to embellish the museum at Toronto. There are some in or around James bay which he can have and welcome.

One of the phunny men on the Vancouver press is trying to capture an elusive joke about "plucked" dentists

and bad grinders. A handsome reward will be paid to any one who will either capture the thing or prove that it is a spook.

An alarmist speech which Premier Roblin of Manitoba delivered during a recent visit to Ontario—a speech the burden of which was that immigrants to Canada were so largely from foreign countries that a few years would see that part of our Canadian citizens who were of British origin ad British sympathies in a hopeless minority—has led to the examination of immigration statistics, and that examination shows that Mr. Roblin is very badly out of line with the facts of the case. For the nine months ending with March last British immigration exceeded other European by twenty-two thousand in a total of ninety thousand, and comparison with the previous year showed that the British was increasing much faster than the continental. During the same period, while the United States got 38 per cent. of its total immigration from the countries classed as most desirable and 45 per cent. from those called least desirable, Canada received 56 per cent. of her total from the former and only six per cent. from the latter. So we may sleep in peace for a few nights yet.

ADDITIONAL LOCAL NEWS.

The Scandanavian Temperance association will meet tomorrow evening at eight o'clock in the Oddfellows hall for the purpose of passing a social evening. A well selected musical program has been prepared, following which refreshments will be served.

A detachment of A and B companies will parade at the Armouries at nine-thirty o'clock Saturday morning, and will leave shortly after for Vanconver, where it will act as a guard of honor to His Royal Highness Prince Fushimi. The men will parade in dress review order. Col. Sergt. T. Kelly, of A company, has been deputed to command the detachment, and will also have the task of selecting the twenty men who are to be under his command.

The Rev. J. C. Coleman, a colored Christian, was in the city yesterday in the interest of the Methodist Episcopalean church of Vancouver. Mr. Coleman made a number of inquiries concerning the number of colored families in the city, but, up to last night, he had not succeeded in discovering any. A few colored individuals reside in New Westminster, but, so far as is known, these do not belong to the Methodist Episcopalean denomination.

A quiet wedding took place at the residence of the Rev. B. A. Sands, Wednesday evening, when Leo. Spangerberg and Miss Emma Perilla Johnston, were united in the bonds of matrimony. The Rev. B. A. Sand, pastor of the First Lutheran church, performed the ceremony, which was witnessed by a small circle of the contracting parties and intimate friends. The happy couple left yesterday for Anacortes, Wash.

Application was made yesterday by A. Rowan and F. J. Bayfield to secure the right to two inches of water to be taken from Allan creek running through district lot 950 North Vancouver. An application was also received from J. A. Catherwood for one inch of water to be taken from an unnamed stream flowing through lot 32, subdivision of lot 1, group 3, New Westminster district. The water is requested for domestic and agricultural uses.

The police rounded up an individual yesterday whom they suspect of having committed the theft of a considerable amount of jewelry from a Ramage street resort yesterday afternoon. No incriminating evidence was found on him, but two of the parties who laid the complaint swear that he is the man. The prisoner belongs to one of the farming districts close to the city, and has not many friends in town, but those who know the man think that a mistake has been made as they vouch for his good reputation and honesty.

It is believed that the police have succeeded in locating one of the perpetrators of the house robberies which occurred in the city during the time the circus was here. The man in question was seen in Vancouver with a coat which has been identified as one which was missing from one of the houses looted. The suspect was arrested and turns out to be a young man originally from this city, who did not bear the best of reputations while in the Royal Burg, having, it is stated, purloined money from his parents, and skipped across the line, where he picked up with the circus. He is at present being held in Vancouver pending investigation. Although no clue was discovered at the time the robberies were committed, Chief McIntosh has not been idle, and it is the prompt investigations he made, both here and in Vancouver, that led to the capture of the young man in question.

FOREIGN TRUST TO INVADE AMERICA

Steamship Company Plans to Capture Bulk of Ocean Trade to Europe.

Washington, D. C., June 20.—The Hamburg-American Steamship company is said to be at the dead of a gigantic foreign trust organized for the purpose of getting the trade of the United States in its control.

Because of the falling off in the amount of commerce carried in American bottoms, it is believed that the new trust was planned. It would get control of the immense export and import trade of the country if the scheme is successful.

Just what the American shipowners plan to do, if anything, is not known. It is likely this move of the foreign interests will be the means of bringing the ship subsidy question before congress at the next session, and may be mentioned in the president's message.

Duke Spoils Good Story.

London, June 20.—The Duke of Manchester, in a statement made here, denied that he was to take up a permanent residence in America and there engage in railroad work.

"I hate to spoil a good story," he said, "but there is no prospect of my engaging in railway work. I shall remain in England."

SURPRISE SPRUNG AT SECOND SESSION

Americans at Hague Conference Reserve Right to Re-Open Armament Question

The Hague, Holland, June 20.—The various delegations to the peace conference met today and selected members to be assigned to the four general commisisons created yesterday. As in many instancs, especially in the case of the smaller delegations, the same members will be assigned to two or more committees, and it will be necessary for the committees to assemble on different days. The real work of the conference will be done in committees.

A month is expected to elapse before the third plenary sitting, as the plan is to have the committee work well advanced before another full conference. This was the procedure in 1899, when there was a period of twenty-eight days between the appointment of the committees and the presentation of the first report.

The second day's session of the peace conference yesterday lasted only on hour. Publicity for future plenary sessions was unanimously adopted.

Baron Marshal von Bieberstein, of Germany, submitted a proposition for the creation of an international prize court for the settlement of difficulties arising from the judgment of local prize courts. This was referred to a committee. Great Britain and the United States supported the proposition. The remainder of the session was perfunctory.

The surprise of the second session was the formal reservation by Gen. Horace Porter, on behalf of the United States, of the right to present the question of limitation of armaments. Together with this, he also reserved the right to introduce the subject of the collection of contractual debts by force.

While this reservation was made quite naturally, in accordance with a notice served on Russia during the preliminary negotiations last spring, and in order that silence now might not be construed as acquiesence in the restriction of the work of the conference to the limits of the Russian program, it is believed to indicate a firm resolve on the part of the Washington government, after seeing the trend of the situation here, to raise the question later if it becomes apparent that the subject is going by default.

It can be stated positively that no proposition has been formed by the American delegates, but this action has renewed hopes that the United States would bring up the question of the limitation of armaments.

Count-Policeman Runs Amuck.

Calgary, June 20.—On Monday night last, a mounted policeman, going under the name of Morris, but really a French count, De Lavinac, ran amuck at the Barracks here and emptied his six-shooter three times at comrades who were endeavoring to effect his capture. His aim was bad and no one was hit. He was crazy with drink.
