COLUMBIAN HOSPITAL IS FINANCIALLY SOUND

Annual Meeting Shows Vigorous Progress of Institution During Past Year.

The annual meeting of the Board of Managers of the Royal Columbian hospital was held yesterday afternoon at the board of trade room. It showed that the financial standing of the institution continues ina most satisfactory state.

Superintendent's Report.

James Cunningham presided, and there were present Mrs. Broad, Mrs. Hill and Mrs. Pearce, L. A. Lewis, M. Sinclair, H. T. Kirk, James Johnson, and W. H. Keary, secretary-treasurer.

Salaries and accounts were passed, and the report of the lady superintendent (Miss Martin) for last month was approved. This was as follows:

I beg to submit herewith, statement of patients, Royal Columbian hospital, for the month of July, 1908: No. of patients in the hospital July 1, 51; discharged, 71; died, 2; admitted during July, 66; remaining July 31, 46; No. of patients treated during July, 117; No. of hospital days, 1591; No. of maternity cases treated in cottage, 16; received from paying patients, $1136; No. of patients in hospital August 26, 61.

Annual Report.

The annual report was as follows:

Ladies and Gentlemen,

During the year ending June 30, 1908, five pupil nurses, Miss Stott, Miss Turnbull, Miss Betts, Miss Smedley and Miss Dalglish passed their final examinations, receiving certificates and medals. Sixty-seven applications for admission to the training school were received, sixteen of these during one month.

A new maternity cottage was built during the year and handsomely furnished by the Women's Auxiliary. The old cottage has been renovated and is used for private ward patients. Owing to these new buildings and to the increased number of patients, it was necessary to appoint two more graduates; Miss Cunningham, one of our graduates, and recently returned from taking a post-graduate course in the General Memorial hospital, New York, was appointed head nurse, and Miss Turnbull was put in charge of the cottage.

Our staff consists of, Lady Superintendent, Head Nurse, graduate in charge of the operating-room, graduate in cahrge of the cottage, fourteen pupil-nurses and three probationers. We are grateful to the following members of the medical staff who have lectures to the nurses: Dr. Walker, medicine; Dr. Rothwell, surgery; Dr. Drew, obstetrics; Dr. Jones, materia medica; Dr. Kenny, physiology and hygiene.

The nurses are enjoying the comforts of their new home. We received a book case with a hundred and thirty-eight books as the result of a voting contest, subscribed by the merchants and public generally. These books are much appreciated and probably it will be the nucleus of a permanent library. We must thank the women's auxiliary for supplying us with linen and attending to the sewing, also to the friends who gave papers and magazines.

The statement of receipts and expenditures for the year ending June 30, showed that the receipts were: Patients' fees $11,515.05; grant from provincial government, $8922.87, and women's council $350, refund cheque issued to E. W. Salt, $392.85; a total of $21,180.77. The expenditure had been $20,512.14, which together with an overdraft on June 30, 1907, of 294.52, left a balance in hand of $374.06.

Finance.

This having been approved, the secretary presented the cash statements of the general account, savings bank account and building fund expenses. These were received and referred to the auditor, E. L. Webber.

Building Fund Account.

The building fund account, from Dec. 16, 1907, to June 30, 1908, showed that from the sum of $19,000 transferred from the savings bank account, the following expenditures had been made: J. Common, contract for carpenter work, etc., on nurses' home and maternity cottage, $14,668.10; A. Hardman & Co., contract for heating, $1335; E. G. W. Salt, architect's fees, $700.35; Archibald Bros., contract for plumbing, $1711, extras, $125, $1836; a total of $18,609.45, leaving a balance in the bank of $390.55.

Miscellaneous.

The election of officers for the ensuing year resulted: J. Cunningham, president; Marshall Sinclair, vice-president, and W. H. Keary, secretary-treasurer—all re-elected.

Visiting Committee.

The report from the visiting committee, Mrs. Pearce, Messrs. Kirk and Sinclair, reported that everything was satisfactory. The committee appointed for the month were Mrs. Broad, the chairman and Mr. Lewis.

The secretary was authorized to secure a night-watchman for the winter months. It was reported that the contract for the isolation cottages would be signed today.

FISHERIES BUILDING AT EXHIBITION PLANNED

Lumber Mills Asked to Contribute Native Woods for Structure at Park.

The estimated cost of the proposed fisheries building at the exhibition grounds will be $1450, as the idea is to construct it of native woods, thus making it representative of two of the chief industries of the province.

Now that the millmen will not be asked to put their hands directly into their pockets for the celebrations in connection with the exhibition, it is thought that they will contribute material for the building which will be of a permanent character. Negotiations to this end are already in progress, and are expected to terminate successfully. The board of control of the R. A. & I. society would very much like to see the lacrosse team build a similar structure (octagonal) as a dressing room, in place of the present pavilion. The cost in this case would be much less, as the ornamental interior would not be required.

VACCINATION OF SCHOLARS PROTESTED BY PARENTS

School Trustees Decline to Take Responsibility for Provincial Government Regulations.

The vaccination regulations of the provincial government are causing very much dissatisfaction in the city, and although the public schools have re-opened, a number of children have been kept away.

About 150 children have been sent down to the doctors to be vaccinated, but the medical men refuse to act without instructions from the school board, and the trustees decline to say whether the children shall be vaccinated or not.

The education department at Victoria has come to the conclusion, it is said, not to make the inoculation compulsory, but optional to the parents of the children. No official notification to this effect has been received locally.

As a board, the trustees repudiate all responsibility in the matter.

A young named Sayce, employed at Tate's mill, yesterday suffered the loss of three fingers by getting his hand caught in come machinery. He is now under treatment at the Royal Columbian hospital.

Entombed Miners Face Fearful Death

McAlester, Okla., Aug. 26.—One of the worst mine disasters in the history of this part of the Southwest occurred at Haileyville, fifteen miles east of here today, when between twenty-five and thirty miners were entombed in the Hailey-Ola Coal Mine No. 1, the result of a fierce fire that it is believed has shut off all means of escape.

The men, whose escape was shut off, are in the lower part of the mine. At noon a telephone message from the scene stated that the fire was burning so fiercely that it was impossible for rescuers to enter the shaft, and it was then believed the emtombed men must surely be burned to death. All of the miners are foreigners.

A number of miners were killed near the mouth of the mine trying to escape.

The officials of the mine refuse to discuss the situation and the actual number of men entombed is difficult to ascertain.

The fire spread with such rapidity that the miners on the lower tiers were unable to reach the shafts.

The mine is owned by Dr. D. B. Hailey. of McAlester, and is one of the largest mining properties in the state.

Soon after the fate of the entombed men became generally known crowds of wildly excited women and children, relatives of the unfortunate men, appeared at the mouth of the shaft. Their grief was pitiable and their fruitless cries for the entombed miners added much to the confusion.

The officials of the company aided by the mine bosses and others immediately set to work to rescue the men still in the mine. It was soon apparent, however, that no one could enter the mine as volumes of smoke began to pour from the openings. The catching on fire of a barrel of oil started the conflagragation.

FIRE UNDER CONTROL.

Muskogee, Okla., Aug. 26.—A telephone missage from Haileyville this afternoon says the fire in the Hailey-Ola mine has been placed under control. A rescue party tried to enter the mine late this afternoon, but so far has been unsuccessful.

King Edward Intends to Forsake the Racing Game

London, Aug. 26.—King Edward contemplates retiring from the turf. His majesty is heartily tired of racing, so well-informed owners of racing stables assert.

Secretly perhaps the American and English women, in whose society the King finds most enjoyment, will be glad with this news. Whenever one of the king's horses runs these women bet on him loyally—wager much gold or many gloves that the royal colors will be in front at he finish, and, of course, the women have lost, as has the King. Secretly too, but not the less sincerely, these women's husbands will rejoice—for sentiment persuades very few men to back horses, even if a King owns them.

That the King left Goodwood last week deeply chagrined by his horses' failure to win is entirely certain. Small wonder if he is weary of his racing experiences. Miserable luck has pursued Edward on the turf for years. He pays out $1,000,000 every year to maintain the royal steeds, and this great expense with no profits from winnings to offse it partly, is a particularly hard drain on the royal purse. Next to the defeat of his horse Perrier in the $10,000 event, the severest blow to King Edward this year was when Queen Alexandra's favorite filly, Princess De Gales, was beaten at Goodwood. Jockey Jones, who had the mount on the filly, was so certain she was winning easily that he eased her up. Danny Maher, on Roseberry's Attic Salt, stole up on Jones and snatched away the race by the narrowest of margins.

The King's intimates say they never saw him in such a furious temper as after the race which Jones' confidence threw away. Lord Marcus Beresford who manages the royal stable, did not dare approach His Majesty, and the success of the Duke of Richmond's house party was ruined by the King's continued anger.

When King Edward owned good horses like St. Flagqueen, Persimmon and Diamond Jubilee, which won valuable stakes, he was far from disdaining the nice sums he won in bets and which came in nicely. But for three of four years, although the King has expended large sums in buying brood horses, he has not won a stake worth $5,000. The death of his stallion, Persimmon, by an accident not long ago, meant a loss of $30,000 a year to him.

Particularly galling to the King has been the defeat of some of his horses by those owned by "Jakey" Joel, the millionaire kinsman of the late Barney Barnato. After Joel figured so unpleasantly in the libel suit brought against him by Robert Selvier, editor of the Winning Post, it is reported the King said angrily:

"The turf could get along well enough without either Joel or Selvier."

PRINCESS MAY PASSENGERS SAW SADDENING SIGHT

Lurid Glare of Burning Timber Illuminated Night—Damage Is Inestimable—Many Forest Fires.

Victoria, Aug. 26—Fires are consuming miles of timber limits on mainland side of Johnstone strait and on Vancouver island above Port Rupert, according to the officers of the Skagway liner Princess May, wulch arrived from the north last evening. In the vicinity of Knox bay a fire over two miles in extent and blazing with great fury was observed from the steamship during her passage down to the strait while in innumerable other places the ravaging flames could be seen at dark.

A fire which started nearly two months ago north of Port Rupert, a point above Alert Bay on Vancouver island, has swept several miles of forest clear and is now burning itself out. No reports of loss of life or domestic properties have been received as the areas in which the fires are at work are practically unpopulated, but the loss is inestimable. The May passed down Johnstone strait at night and the sight, which was seen by only a few of the passengers, and the officers on duty, was a magnificent, if saddening one. The timber in the vicinity of Knox bay is heavy and the flames, fanned by, a light wind, curled over a vast area fully two miles in extent on the waterfront and extending back into the forests for several miles.

BARBERS UNION ELECTS OFFICERS

Latest Local Association of Workers Launched to a Fair Start.

The formal organization of the Journeymen Barbers' union, Local No. 573, New Westminster, was proceeded with yesterday evening, when all the members met in George Brown's tonsorial parlors to receive their charter and elect officers, R. A. Stoney, chairman of the organization committee of the trades and labor council of this city, conducted the installation of the officers.

The following were elected officers: Dan Rogers, president; W. E. Berry, vice-president; W. Breimer, financial secretary; Arthur Carriere, recorder; Dave Boyle, treasurer; George Martinich, guardian; Sam Jackman, guide. Three delegates were appointed to the trades and labor council, these being Dan Rogers, W. E. Berry and D. Boyle. Frank Richardson, A. S. Ross and A. Carriere were named an auditing committee.

Meetings of the union will be held on the last Wednesday of the month, but for the purpose of perfecting the organization of the local, a special meeting will be held next Wednesday. At the conclusion of yesterday's meeting, votes of thanks were passed to George Brown, for the use of his shop, and to R. A. Stoney, for assisting in the organization work.

PROVINCE ARTICLE IS CREATING RESENTMENT

Partial Correction Made on Behalf of J. W. Weart, Who Says Delegates Were Properly Appointed.

Yesterday's Vancouver Province contains the following lopsided correction of part of the vindictive editorial against Westminster Liberals which appeared in its columns on Monday:

J. W. Weart, who was chairman at the so-called "Jardine convention" held last fall by the New Westminster Liberals, wishes The Province to correct what he says is a false impression, as far as he, at least, is concerned, created by an article in this paper last evening.

Of that convention Mr. Weart says:

"I went as a delegate for Burnaby. Plenty of time was given our district to appoint delegates. To my surprise I was appointed chairman.

"I read a letter from Kennedy as to his views about the convention. Jardine, Kennedy and Oliver were nominated. Jardine got, I think, 84 out of 113, the balance between Kennedy and Oliver.

"I did at Kennedy's meeting explain the whole of the above and did appeal to the meeting to meet Mr. Kennedy's wishes by having a new convention, so as to be fair and treat him properly.

"I am and have been branded as a Kennedyite, and should not have treated Mr. Kennedy unfairly, anyhow.

"I am not, never have been, nor ever will be a party to do another wrong, whether politically or otherwise."

The record sturgeon for the year was brought down to M. Monk's yesterday. It weighed 571 pounds, and was caught with a baited hook off Devil's run, Sumas. The fish was eleven feet in length, and was landed without much difficulty.

YESTERDAY'S BASEBALL.

SATURDAY'S GAME WILL BE BEST OF SEASON

Vancouver's Strongest Team Coming Over to Tackle the Champions of the World.

No selection of referees for Saturday's lacrosse game between the Westminsters and the reinforced Vancouvers has yet been made, every suggestion of the home club having, so far, been carefully sidetracked by the officials of the Vancouver club. A choice of the men who will hand out the time checks will probably be made today.

Twelve Strong Men.

More interest is being taken in the forthcoming game than has been the case for a long time past. There is no disputing the fact that the the Westminsters will be opposed to the strongest aggregation that has lined up against them on the coast for years past, not excepting visiting teams. The correct lineup of the Vancouver twelve is not yet available, although several different combinations have been published, the men have not yet been picked.

Spares Will Play.

The Westminsters will walk out on the field minus "Punk" Wintemute and Billy Turnbull. The former is not in shape, and has not been turning out to practice recently on this account. Billy Turnbull is far from well, and is not likely to handle a stick again in a schedule game this season. Their places on the team will be filled by Pete Latham and "Doughey" Spring, both of whom have been training hard for the big event. Spring is still suffering from a cut received in last Saturday's game against the Victoria intermediates, but will be in good condition by the end of the week.

Vancouvers Not Practicing.

That the boys are confident of winning the game goes without saying. Reports from Vancouver tend to show that the members of the all-star (?) team are not turning out to practice with any alarming degree of regularity. It is just possible that the paper reputation which has been foisted upon them is considered sufficient by the players. They will realize their mistake long before the gong sounds for half time on Saturday afternoon.

Record Crowd Will Watch Game.

The attendance on Saturday, given a fine day, will certainly tax the seating accommodation of the grand stand and bleachers to the utmost. Everybody in this city is bent on attending the game, while hundreds will come over from Vancouver.

So far, there has been very little betting on the game, but there is all kinds of coin waiting to be covered in this city.

CLAYTON'S RESIDENCE DESTROYED BY FIRE

House at Burnaby Burned to the Ground in Short Time Damage About $3000.

George E. Clayton's residence at Deer Lake, Burnaby, was totally destroyed by fire yesterday afternoon, the house being reduced to a smouldering heap less than an hour after the flames had first been noticed.

The fire is supposed to have started in a wing which was only party built, and in which Mr. Clayton was working at the time. Owing to the difficulty in fighting the flames, there being no large supply of water immediately at hand, the fire made rapid progress and was soon beyond control.

Besides the house, considerable furniture was destroyed. The total loss is estimated at about $3000, the house being worth in the neighborhood of $2000. There was some insurance on the place.

Kootenay Drouth Ended.

Nelson, B. C., Aug. 26.—Long desired rain in the Kootenay country has wholly extinguished all the forest fires. The drouth lasted for nearly a month, about the longest on record as far as Nelson is concerned.

Big Fire in Toronto.

Toronto, Aug. 26.—Half of the Union Stockyards in West Toronto was wiped out by fire tonight. Loss, $150,000. Seven houses on Keel Street were also destroyed. The origin of the fire is not known.

CONDENSED STORIES.

How a Shrewd Hotel Clerk Tested an "Honest" Man.

The late ex-Senator Mahone of Virginia was trying to effect a settlement with a man who he knew to be dishonest. The man declared he was above suspicion and wanted the ex-senator to be careful and not accuse him of double dealing. "I won't accuse you," the ex-senator drawled, "but I'll tell you a story of a man who knew himself to be thoroughly honest. This fellow registered late at night at a popular hotel in a big city. His sporty look and general demeanor made the hotel clerk wary, and he promptly said that every room was occupied. 'Aw, come off,' said the sport, 'I'm just as good as anybody, and I must have, at least, a bed to sleep in.' The

"WHY, THAT OLD MAN IN MY ROOM IS DEAD!"

clerk said he had one bed not occupied, but the man who slept in it must be not only honest, but above suspicion. In strong language the sport asserted that he was all right and had never done a dishonest act. Then the clerk explained that he had a room with two beds in it, and the farther one from the door was occupied by an old man, an eccentric millionaire, who insisted upon sleeping with a bag of precious stones under his pillow. This old man retired early, slept soundly, and got up late. If the sporting man would agree not to strike a light, not to disturb the sleeper, but to undress quietly and get up early, he might occupy the bed near the door. He readily agreed, saying he had often slept in rooms where other parties had great wealth in gems lying around loose. Three hours after he had been shown to the room he rushed downstairs in his pajamas, quivering with excitement, and exclaimed to the clerk.

"'Why, that old man in my room is dead; dead as a doornail!'

"'Yes, I know it. How did you find it out?' queried the clerk."—Leslie's Weekly.

Put His Foot In It.

On one occasion in Scotland a guest arriving rather late at a country house was quartered in the haunted room. Although professing to be a skeptic, like many others, his courage vanished with the light. Determined, however, to protect himself as well as possible, he placed a loaded revolver under his pillow and awaited events. As the clock struck midnight he saw a fleshy hand at the end of the bed, and, steadying his nerve, he addressed the visitant thus: "If you do not instantly remove your hand I shall fire without further warning." He counted three and then discharged the bullet. A howl of pain which aroused the household followed, and it was soon discovered that the successful marksman had shot away two of his own toes.

SUBSCRIPTIONS COMING IN FOR FRASER CENTENNIAL

The following donations have been received so far towards the dollar subscription collection for the Simon Fraser centennial fund. The News will acknowledge any sent to Exhibition Manager, care of City Hall, and a separate account will be opened at one of the banks. Donations will be welcome at once as the monument is already ordered.

Notice to Contractors

SEALED TENDERS addressed to the undersigned, marked on the envelope "Tender for Construction," will be received at the office of the Commissioners of the Transcontinental Railway, at Ottawa, until twelve o'clock noon of Thursday, the 29th day of August, 1908, for the work required for the construction, in accordance with the plans, profiles and specifications of the Commissioners, of the following sections of the Transcontinental Railway, viz:

(1) District "C."—From a point designated on the plans of the Commissioners near Weymontachene, in the province of Quebec, 196.38 miles west of the north abutment of the Quebec bridge, (such point being on the boundary between Districts "C" and "D") westerly for a distance of about 107 miles. Date of completion, 31st December, 1910.

(2) District "C."—From a point designated on the plans of the Commissioners, about 107 miles west of Weymontachene, in the Province of Quebec, westerly to the end of the Grand Trunk Pacific Railway Company's contract, a distance of about 114.97 miles. Date of completion, 31st December, 1910.

(3) Districts "D" and "E."—From a point designated on the plans of the Commissioners, being at the western end of Fauquier Bros.' Abitibi contract, in the Province of Ontario, in a westerly direction for a distance of about 104.24 miles. Date of completion, 31st December, 1910.

(4) District "E."—From a point designated on the plans of the Commissioners, about sixty miles west of the easterly boundary of District "E," in the Province of Ontario, easterly to the end of Fauquier Bros.' contract, north of Lake Nepigon, distance of above 100 miles. Date of completion, 31st December, 1910.

(5) Districts "E" and "F."—From a point designated on the plans of the Commissioners, at the western end of Fauquier Bros.' contract north of Lake Nepigon, in the Province of Ontario, westerly to a point at or near Dog Lake, a distance of about 126 miles. Date of completion, 1st September, 1910.

(6) District "F."—From a point designated on the plans of the Commissioners at or near Dog Lake, in the Province of Ontario, to a point at or about mile 2.6 west of what is known as Peninsula Crossing, by alternative routes as shown on the plans, a distance of about 23.76 miles by the northerly route, and 24.13 miles by the southerly route, and the selection of the route to be at the option of the Commissioners. Date of completion, 1st September, 1909.

Plans, profiles and specifications may be seen in the office of the Chief Engineer of the Commissioners at Ottawa, also in the offices of the following District Engineers, viz: John Ayles, Acting District Engineer, North Bay, Ont.; T. S. Armstrong, Nepigon, Ont.; and S. R. Poulin, St. Boniface, Man.

Persons tendering are notified that tenders will not be considered unless made in duplicate, and on the printed forms supplied by the Commissioners.

A separate tender must be submitted for each section.

Tenderers shall not be in any way entitled to rely upon the classification or any other information given by any person on behalf of the Commissioners, and before submitting any tender tenderers should make a careful examination of the plans, profiles, drawings and specifications, and read the forms to be executed, and fully inform themselves as to the quantity and quality of materials, and character of workmanship required; and are understood to accept and agree to be bound by the terms and conditions in the form of contract, specifications, etc., annexed to the form of tender.

Each tender must be signed and sealed by all the parties to the tender, and witnessed and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada, payable to the order of the Commissioners of the Transcontinental Railway, as follows:

For Sec. No. 1, District "C"..$150,000
For Sec. No. 2, District "C".. 150,000
For Sec. No. 3, Dist. "D & E". 150,000
For Sec. No. 4, District "E" .. 150,000
For Sec. No. 5, Dist. "E & F".. 200,000
For Sec. No. 6, District "F".. 100,000

Any person whose tender is accepted shall within ten days after the acceptance thereof furnish such additional approved security as may be required by the Commissioners; sign the contract, specifications, and other documents required to be signed by the said Commissioners; and, in any case of refusal or failure on the part of the party whose tender is accepted to complete and execute a contract with the said Commissioners, and to furnish the additional approved security within ten days after the acceptance of the tender, the said cheque shall be forfeited to the Commissioners as liquidated damages for such refusal or failure and all contract rights acquired by the acceptance of the tender shall be forfeited. The cheques deposited by parties whose tenders are accepted will be deposited to the credit of the Receiver General of Canada as part of the security for the due and faithful performance of the contract according to its terms. Cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

Attention is called to the following clauses in the form of contract:

"All mechanics, laborers, or other persons who perform labor for the purposes of the construction of the works hereby contracted for, shall be paid such wages as are generally accepted as current for competent workmen in the district in which the work is being performed, and if there is no current rate in such district, then a fair and reasonable rate; and, in the event of a dispute arising as to what is the current or a fair and reasonable rate, it shall be determined by the Commissioners, whose decision shall be final."

"This agreement is subject to the regulations now in force, or which may at any time hereafter be in force during the construction of the works hereby contracted for, made under the authority of the Department of Labor, and which are, or shall be, applicable to such works." (The schedule of minimum wages determined upon by said Department will form part of the contract).

"The contractor shall in connection with the whole of the said work, as far as practicable, use only material, machinery, plant, supplies and rolling stock manufactured or produced in Canada, provided the same can be obtained as cheaply, and upon as good terms, in Canada as elsewhere, having regard to quality and price."

The contractor shall conform to the fire regulations adopted by the Commissioners, and also to the laws and regulations respecting fires in the different provinces wherein the work is being performed.

The right is reserved to reject any or all tenders.

By order,

P. E. RYAN,
Secretary.

The Commissioners of the Transcontinental Railway.
Ottawa, 18th July, 1908.

Newspapers inserting this advertisement without authority from the Commissioners, will not be paid for it.

Department of Agriculture

Sale of Government Quarantine Steamer "Earl."

Tenders are invited for the purchase of the Government Quarantine Steamer "Earl," lying at the Quarantine Station at William Head, British Columbia.

The sale will be made for cash.

The highest or any tender will not necessarily be accepted.

Sealed tenders addressed to the undersigned and endorsed "Tenders for Purchase of Steamer "Earl," will be received at this office up to Tuesday the 15th September, 1908, at 12 o'clock noon.

By order,

A. L. JARVIS, Secretary.

Department of Agriculture, Ottawa, 7th August, 1908.

N.B.—Newspapers inserting this advertisement without authority from the Department will not be paid for it.

MAIL CONTRACT

SEALED TENDERS addressed to the Postmaster-General, will be received at Ottawa until noon on **Friday, the Second October,** for the collection of letters on a proposed contract for four years, **from the proposed Street Letter Boxes in the City of New Westminster,** from the Postmaster-General's pleasure.

Printed notices containing further information as to conditions of proposed Contract may be seen and blank forms of Tender may be obtained at Post Offices of New Westminster and Sapperton and at the office of the Post Office Inspector.

JOHN R. GREENFIELD,
Post Office Inspector.

THE REAL CHINESE GONG.

It Makes an Uproar as Awful as It Is Astonishing.

By the way, did you ever hear a real Chinese gong? I don't mean a hotel gong, but one of those great moon disks of yellow metal which have so terrible a power of utterance.

A gentleman in Bangor, north Wales who had a private museum of south Pacific and Chinese curiosities, exhibited one to me. It was hanging amid Fiji spears beautifully barbed with sharks' teeth, which, together with grotesque New Zealand clubs of green stone and Sandwich Island paddles wrought with the baroque visages of the shark god, were depending from the walls, also there were Indian elephants in ivory, carrying balls in their carven bellies, each ball containing many other balls inside it.

The gong glimmered pale and huge and yellow, like the moon rising over a southern swamp. My friend tapped its ancient face with a muffled drumstick and it commenced to sob like waves upon a low beach. He tapped it again, and it moaned like the wind in a mighty forest of pines. Again, and it commenced to roar, and with each tap the roar grew deeper and deeper till it seemed like thunder rolling over an abyss in the Cordilleras or the crashing of Thor's chariot wheels.

It was awful and astonishing as awful. I assure you I did not laugh at it at all. It impressed me as something terrible and mysterious. I vainly sought to understand how that thin disk of trembling metal could produce so frightful a vibration. He informed me that it was very expensive, being chiefly made of the most precious metals, silver and gold.—From "Life and Letters of Lafcadio Hearn."

His Legs.

Up in northern New Hampshire there lived a good woman who was an ardent Second Adventist. One night in the winter she was awakened by a loud noise, caused by the tumbling over of the woodpile in the shed connected with the house. Sitting up in bed, she shook her husband, who was sound asleep, and said: "John, wake up. Old Gabriel is coming. I hear his chariot wheels rumbling."

John, half awake, said: "Mary, lie down and go to sleep. Old Gabriel isn't such a fool as to come on wheels in such good sleighing as this."

THURSDAY, AUGUST 27, 1908.

DO NOT FORGET.

Do not forget the Conservatives are pledged to increase the duty on woollens to enrich a few at the expense of the multitude.

"Thirty feet to the gulf."

BIRDS OF A FEATHER.

Editorialy in Tuesday evening's issue the Columbian calls attention to the scurrilous article which appeared in the Province of Monday and in evident glee said it seemed to indicate a shocking state of affairs and adds: "Fancy the risk to which the country would be subjected if the affairs of the Dominion were left in control of men who put up jobs of this kind in connection with the management of their own party." This is practically an acceptance and endorsation of the contents of the article. Its style and untruthfulness no doubt was a sweet morsel for the Columbian, in that at last it had discovered a British Columbia journal that could nearly equal itself in virile abuse. One would have thought that when the journal of another city ran the gamut in calling some of our best citizens "thugs" and "thimbleriggers" that the Columbian would have resented it.

Has the Columbian ever found any of the gentlemen who were delegates from this city to the Liberal convention to be thugs? Has not the Columbian had the experience, in common with all our citizens, that these gentlemen are above reproach in the business and social circles of the city? Then why not defend them against a journalistic libertine who happens to be in the employ of a great corporation for the purpose of aiding its interests as against the Commonwealth. Putting aside all party differences both Conservative and Liberal papers should be ready to uphold the honor and integrity of those who have helped to bring our city into its present position, men who stood by the city in the dark days when less staunch supporters ran away to our sister city on the inlet. As Conservatives and Liberals we may be divided by party cleavage and may not see eye to eye on political questions, but we can at least give each other credit for being honest in our convictions and in the carrying out of those convictions and when assailed from outside we should stand shoulder to shoulder in defence of each other and not take the course of the Columbian and call attention to the offence and endorse its contents.

"Thirty feet to the gulf."

POWDER MAY BE MADE TO ARTICULATE SOUNDS

Explosive Is Made Sensitive to Sound in the Manner of a Phonographic Record.

Paris, Aug. 26.—Powder that speaks when it explodes is the latest wonder attributed to French inventors. Details of its composition and manufacture are wanting, but it is declared that the wonderful powder invented by Professors Georges and Gustave Loudet can be made to repeat inarticulate sounds instead of making a deafening report. Presumably the powder is made sensitive to sound in the manner of a phonographic record.

Various utilities are suggested for speaking powder. On patriotic occasions powder may be made to shout "Vice la Republique!" or if exported to Canada may be used during the election campaign to shout "Hurrah" for any given candidate. Signal cartridges on railroads could be made to shout "Danger!" but until the alleged vocal attainments of this powder are demonstrated, practical scientists are incredulous.

Increasing Milling Industry.

Moose Jaw, Aug. 26.—All this week a gang of 100 men have been at work on the Prague Milling company's new flour mill and elevator here. The old building was raised one storey and the structure made flush with the elevator the interior space being doubled. The new elevator has capacity for 100,000 bushels; while the old one is fitted up to hold 65,000 bushels. A warehouse will also be built beside the mill. When completed 35 men will be required to operate.

Every grocer keeps WINDSOR SALT. No other is so pure, so delicate. Best for the table.

GAS TO DESTROY BURGLARS.

German Firm Invents New Method Of Protecting Valuables.

Sturtgart, May 26.—A chemical firm in the small town of Aalen has perfected and patented an invention that threatons burglars with instant death after they succeed in opening a safe vault door, either by skeleton key or with the aid of compressed air, nitroglycerine, and other burglars' paraphernalia.

The moment an outsider opens the door, or bores through it, poisonous gases are released, destroying the invader and leaving him dead on the floor.

New Copper Strike.

Wilson Bros. and O. N. Reister have made what appears to be a strike of real importance at a point about five miles northwest of the telegraph trail near McGuiness' ranch, says the current issue of the Bulkley Poineer. They were on their way to Babine lake, but finding the country very hard to get through, made their way back to the trail for an attempt at another point. The large ore samples brought down look exceptionally good for surface rock. They consist of chalcopyrite and pyrrhrotite, also tetrahedrite. The discoverers state that the ore lies under a capping of hematite and specular iron and that they have traced one wall of the lead (quartzite) a considerable distance. It appears so far to be over twelve feet in width. They secured supplies and tools in town (Aldermere) and returned to open up their showing on which they have so far staked two claims.

Two Scholarships

Friday, the 28th inst., a scholarship for the Commercial Course at St. Ann's Academy, donated by the Right Rev. A. Dontenwill will be open for competition to any properly qualified young lady of St. Peter's Parish. Candidates will please be at the Academy at 9:30 a.m.

At 1:30 p.m. a second competition will be held at the Convent open to any young lady of the city. This scholarship has been kindly offered by Mayor Keary.

All are requested to be punctual.

The Commercial Course and the other classes at the Academy reopen Tuesday, September 1st, 9 a.m.

LIVED IN GUELPH SINCE YEAR FIRST TREE WAS CUT THERE

Guelph, Aug. 26.—Guelph's earliest surviving resident in the person of Mr. David Stirton, for many years a member of parliament, and from 1876 to 1904 postmaster of Guelph, passed away at an early hour yesterday morning, after being in failing health for ten or twelve years.

The deceased was born in the year 1816 in Brechin, Scotland, and when a boy went with his father and others to Venezuela. They did not stay there long, but took ship to New York in 1827, where through instructions from John Galt, the founder of Guelph, they were sent there, arriving after a tedious journey, four months after the first tree had been cut for Guelph. Mr. Stirton was then eleven years of age.

Open to Charter

The fast and commodious launch J. C. Bruce, carrying forty passengers, is open to charter by picnic or private parties. For terms and dates apply to White, Shiles & Co., Columbia street.

At the regular meeting of the Royal Columbia court, A. O. F., last evening the secretary, J. J. Randolph, reported on the recent district meeting at Victoria, where he represented the local court.

W. J. Walker has been appointed to attend the general synod of the Anglican church of Canada, which will meet on September 23 in Ottawa, as one of the representatives of the diocese of New Westminster.

Not made to please the eye, but to please the palate. The "B. C." and "Old Sport" Cigars. **

Gramaphones in an Indian encampment, almost at the spot where Simon Fraser first landed here, seems a strange sight, yet such solaces the leisure hours of the Siwash camp on Front street.

Among the visitors to town is P. W. Lefebre, of Vancouver, who has recently returned from Prince Rupert. He reports that there is no business doing, and of over 300 who travelled up with him to the north in search of work, 110 returned after a fruitless journey.

W. McKee and W. Smith, of Burquitlam, waited on the mayor yesterday and asked him to bring the condition of Gillanders hill on the Port Moody road before the city council. He explained that the board of works already had the matter in hand, and would bring in a report. They also urged the necessity of a drinking trough for horses being placed there.

A Hindu named Pulla Singh, recently from across the line, will appear at the city police court this morning charged with the theft of $100 from a fellow countryman, who lent it to him for safe custody and alleges that he cannot get it back.

Workmen are engaged preparing for the new Howe Truss bridge for the spur track of the C. P. R. over the Brunette river at the mills, Sapperton. This will replace the one which broke down under a locomotive some three weeks since.

The weekly band concert will be held at Albert Crescent on Friday evening. About twenty musicians will turn out. Arrangements are being made for one or more vocal soloists. There will be one band concert next week, the last of the season.

The tests of the dipper dredge Ajax are well under way, and the government officials are well pleased with results. The tests will becompleted this week, after which Captain Newcombe takes the dredge to Victoria, where some work will be done in the harbor.

Arrangements are being made for a ball game between the senior team and the Sinkers at Queens park on Friday evening, when the question of the supremacy of the veterans will probably be settled to the satisfaction of the winners. According to present arrangements, none of the members of the Rustlers will have a place on the Sinkers nine.

The Canadian-Mexican liner Lonsdale sailed yesterday with a light cargo for Mexican ports. She had a consignment of grease, fifty barrels, and loaded 4000 soap boxes at the Brunette green, her crew of Chinese having dale will be taken out by Capt. Lindgreen, here crew of Chinese having been replaced by Jamaican negroes, as the owners had been fined on several occasions for allowing Chinese seamen to land and remain ashore.

There does not appear to be any prospect of further intermediate lacrosse games between the city teams this season, a match arranged for this evening between the Westend and the Reginas having been cancelled in order to give the seniors the use of the field for practice purposes. One postponed match remains to be played between these two teams, but the short evenings make it difficult to play a game to a finish. There is a possibility that the two old rivals may meet some Saturday afternoon early in September.

S. A. Fletcher, registrar of voters, gives notice that courts of revision for the New Westminster, Delta and Dewdney electoral districts will be held at the court house on Monday, November 2.

The North Pacific Lumber Co., Ltd., of Barnet, apply to the water commissioner for a record of five inches from an unnamed stream flowing north into Burrard inlet for domestic and industrial purposes on district lot 212.

Too Late.

One incident of the Fernie fire has escaped general notice, it certainly points a moral even if it does not adorn a tale. The Bank of Hamilton lost several thousand dollars through not being able to close its safe in time.

QUEER LOVEMAKING.

A South American Bird Which Wins Its Mate by Dancing.

There is a bird in South America that makes love with its feet. It is a handsome creature, but walks clumsily, and the only sound it can utter is a hoarse cluck. It dances, however, in a way that wins admiration from the females of its sex, though its antics only serve as an incentive to laughter to human beings who see them.

This bird, known as the cock of the rock, lives in the northern mountainous portion of South America. It is about the size of a large chicken.

The entire bird—body, head wings and tail—is blood red in color, with the exception of the tail feathers, which have a narrow band of brown across them near the ends which are tipped with buff. On the head is a crest of feathers like a great red ball, which contracts or expands at the pleasure of its owner.

When the mating season comes seven to ten males seek some secluded spot where there is a level patch of ground and clear it of any sticks stones or leaves, stamping down the dirt till it is hard and level.

Then they call the females, who stand at the edges of this novel arena. One at a time the males then perform a most curious dance. Each dancer will first strut up and down a few times and then, to the apparent delight of the rest, commence to caper around in an extremely ludicrous manner, spreading his tail and wings, puffing up his breast, bowing to the others and at the same time keeping up a hopping gait until he is exhausted.

When all the males have danced each female will choose a mate, and the happy pairs depart to begin housekeeping.

The Beard In Tunis.

In Tunis when a reigning prince finds it necessary to go outside his immediate family to choose his successor he follows an odd custom. There the wearing of hair on the face is the exclusive privilege of sovereignty. When the prince selects a successor he sends the court barber to the fortunate individual to notify him that he may wear a beard. This intimation is equivalent to a formal announcement that he has been selected as the heir presumptive.

Synopsis of Canadian Homestead Regulations.

Any available Dominion lands within the railway belt in British Columbia, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

COAL.—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

Sales of Lands for Delinquent Taxes in the Municipality of Burnaby, Province of B. C.

I Charles Thomas Saunders, Collector of the Municipality of the Township or District of Burnaby, hereby give notice pursuant to the Municipal Clauses Act, 1906, and amendments thereto that on Saturday, the 12th day of September, A.D. 1908, at the hour of two o'clock in the afternoon at the Municipal Hall, Edmonds Station, Burnaby, B. C., I shall offer for sale at Public Auction the lands and real property of the persons in the list herein after set out for the delinquent taxes unpaid by the said persons on the 31st day of December, 1907, and for the interest, costs and expenses including the Collector's commission of 5 per cent, and the cost of advertising the said sale, if the total amount due is not sooner paid.

YOUR BUSINESS NEEDS HELP

Advertising

COSTS MONEY

Too much money is spent on useless advertising by city merchants every month. Many columns might be written on the folly of using certain advertising mediums, but the moral in the end would be that there is only one really sure remunerative advertising medium.

The Daily Paper

Reaches customers past, present and prospective, in all parts of the city and district. These people read the advertisements, study the bargains offered, and realize the need of goods the merchant has for sale.

TELL the story of your store offerings to the public early in the morning, through the medium of Westminster's morning newspaper.

This Little Story Comes From Toronto:

Newspaper Advertising Best

The Retail Merchants' Association of Chatham is a level-headed organization. At a recent meeting newspaper advertising was discussed, and the general opinion of the members was that newspaper advertising was the best, and program and other advertising of that class was almost useless.

Synopsis of Canadian North-West Homestead Regulations.

Any even numbered section of Dominion lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at an agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is rejuired to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father (or mother).

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.

ADVERTISE — IN — THE DAILY NEWS

Large Sum Robbed From French Colony

Halifax Aug. 26.—Information comes from St. Pierre, Miquelon, of the big robbery in the French colony discovered a few days ago, when the official for the French Government, who visits St. Pierre every five years in inspect the treasury, made his regular visit. The sum missing is 38,000 francs.

The money was the property of the French Government and kept in the treasury vault in leather bags. It is suspected the robebry is the work of some one connected with the government service and an employee who left for Montreal some time ago is suspected. The French Government has been notified of the robbery.

CHEESE INDUSTRY.

Reasons Why Market n England is Far From Good.

Ottawa, Aug. 25.—So far this season Canadian cheese has been neglected in the North of England, reports Mr. P. B. McNamara, Commissioner at Manchester to the Department of Trade and Commerce. This, he says, is due to the fact that domestic cheese is cheaper than the Canadian. He adds: "The retail and wholesale trade has an impression that cheese prices are being held up by forces that they cannot control, and are content to leave it severely alone, or at any rate deal with only compulsory quantities."

CROWN PRINCE LOOKING FOR AMERICAN HEIRESS

Vienna, Aug. 26.—It is reported from Belgrade that Crown Prince George, of Servia, is leaving for Paris on a three weeks' stay, during which he will visit a number of aristocratic families in their chateaux. All precautions are taken to make the Crown Prince produce a good impression. Cable despatches a few weeks ago announced that the Crown Prince was looking for an American heiress as his wife.

The Fraser Mills company are taking adequate precautions against fire in their great premises, as they have just purchased 1500 feet of two and a half inch, and 800 feet of two inch hose for that purpose.

A test was made yesterday of the new 500 feet of Eureka hose for the fire department, which has just arrived, and the test proved satisfactory. Tenders for additional apparatus are sought, and those firms which have recently applied to the council for business will be given a chance to compete. E. G. W. Salt will prepare plans for the new hall at Queens park, and meanwhile tenders will be called for clearing the site.

Important Notice

The plans, profile and estimate of cost of the proposed permanent improvement of Columbia street (including a main, trunk sewer, cement sidewalks and street paving) have been prepared and placed on view in the room lately occupied by the school board, city hall, where they may be inspected during office hours by parties interested in this very necessary local improvement.

N. H. McQUARRIE,
Acting City Clerk.

City Hall, New Westminster, B. C., August 25 1908.
