LITTLE INTEREST SHOWN IN ELECTION

Candidate J. S. Bryson and Friends Discuss Water Issue at Sapperton.

There was a small attendance at a meeting of the electors at the Johnston hall, Sapperton, last evening, when one of the candidates in the aldermanic by-election, James S. Bryson, addressed the citizens. He was supported by ex-Alderman Garrett as chairman, John A. Lee, and Alfred Hardman. Each speaker dealt with the water question, which is the main issue of Mr. Bryson's platform. Another meeting takes place in the West End this evening in the interests of his candidacy.

The chairman, in introducing the candidate, said it was to be regretted there were not more Sapperton residents present, as there were often matters which came before the city council which specially belonged to that district.

Mr. Bryson thought it a misfortune that an election had become necessary at this juncture, but it was not Mr. Garrett's fault. It was the water question which had brought him out at the present time. Having assured the citizens he would not sit on the fence on any public question, the candidate remarked that when he joined the citizens' committee of investigation, without however his seeking, as he was named on it when absent, he had started out to examine the water question, and had carefully done so. Starting with an open mind, he had been compelled by the reports received from experts and engineers to recommend opposition to the dam, as all the reports said the water would be contaminated to some degree, to what degree they did not know. The speaker described the decayed vegetation around the lake, and stated he had taken samples that day near the

(Continued on Page Three.)

Sports for Ladner.

Ladner is again coming to the fore this year with a strong attraction for May 24, when a good program of amateur sports will be pulled off in that burg. Seventeen events are listed on the program, including boys', girls', women's and men's races, high and long jumps, and the usual run of freak performances. A Marathon race, for which entries will be received until May 8, will be one of the features. As a fitting close to the day's amusement a dance will be held in the municipal hall in the evening.

Joke Crazes Child.

Tacoma, April 21.—As a result of a playmate's prank in winding a dead snake around his neck, the seven-year-old son of C. D. Seeley, living at Merritt's ranch, has become violently insane and the indications are that he will never recover his reason.

STEAMER RAMONA SINKS NEAR WHARTON'S LANDING

Up-River Boat Ends Career After Many Years' Usefulness—Western Steamboat Company Will Build New Craft to Replace Lost Vessel—Her History.

The steamer Ramona, after many years' service, has at last made her final run on the Fraser river, being sunk yesterday afternoon near Wharton's landing, and a big hole pierced in her side makes recovery out of the question.

The steamer was returning to the city from her regular run upriver when the accident happened. She had made a landing at Wharton's, on the south side of the river, opposite the Maple Ridge shore, when a bump was felt. The boat had run into a snag. The water is extremely low, so no blame can be attached to Captain Young, and the crew. A big hole had been made amidships on the port side, and although the syphons were put in operation at once, within ten minutes the vessel filled.

Twelve passengers, and about five tons of freight, were being carried at the time and also two valuable stallions. Fortunately at Port Haney and Langley 15 tons of freight had been unloaded. A gangplank was run ashore, from which the steamer was a few feet, and the passengers disembarked. Later they were rowed across the river, and caught the Seattle train into the city. The freight, which consisted mainly of perishables, fish, meat, and other articles, was placed on a scow, and will arrive in the city today.

The Ramona carried a crew of about 18, belonged to the Western Steamboat Company, an organization of local merchants, and was valued at $10,500. At a meeting of the directors last evening, it was decided not to attempt to raise the boat, owing to her condition. She will be dismantled at once—the boilers, machinery, and everything of value being removed. A new boat will be built, and meanwhile negotiations are under way for chartering a steamer from one of the Vancouver companies.

The history of the Ramona has been a varied one. She was bought on the American side to replace those destroyed in the 1898 fire, and operated between Westminster and Ladner under the old Lower Fraser River Navigation Company, being purchased by the Western Steamboat Company for the upriver service some years ago. She has had several misfortunes, being wrecked at Sumas in 1903, and on November 11, 1908, under somewhat similar circumstances.

This is the second steamer operating on the river which has terminated its usefulness this year, the Favorite being broken up during the ice-snap near the Oileries wharf.

MASS MEETING PLANNED BY NEW YORK CRIPPLES

Victims of Defunct Railway Company Will Attempt to Arouse Interest in Their Plight.

New York, April 21.—To arouse interest and bring about relief, if possible, for 15,000 crippies, widows and orphans who hold judgments aggregating $2,000,000 against the New York City Railway Company, it is proposed to hold a great mass meeting in Cooper Union. Because of the corporation's bankruptcy the holders of judgments are unable to collect their claims, but lawyers believe that if a few thousand of cripples and unfortunates are brought together it would bring the plight vividly before the public, judges of federal and state courts, the state legislature and congress, and perhaps result in some form of relief.

The company, which controls by lease several surface traction lines, went into the hands of a receiver in the fall of 1907, when thousands of damage suits were pending against it for deaths and injuries in street railway accidents since 1903. The aggregate amount sued for was about $50,000,000.

BIG TRACTS RESTORED TO THE PUBLIC DOMAIN

Washington, April 20.—More than a million acres of land were today restored to the public domain by Secretary Ballinger. Of the total acreage restored, 400,000 acres are in the Billings and Bozeman land district in Montana; 250,000 acres in the Bozeman, Great Falls and Helena land districts, also in Montana, and 327,000 acres in the Evanston land district in Wyoming.

SASKATCHEWAN PAYS CASH FOR PHONES

Regina, Sask., April 21.—The Saskatchewan government has purchased all long-distance lines, local exchanges and equipment of the Bell Telephone Company in this province, and will take over the system on May 1. Nothing as to the details of the transaction is obtainable. It is understood, however, that the purchase price is to be paid in cash, and not provincial bonds, as was the case in Manitoba.

BULLDOGS PROTECT BAND OF CRAP PLAYERS

New York, April 21.—Bulldogs as a means of protecting a crap game were used by a band of young men in a basement on the East Side last night. Three detectives who raided the game found themselves struggling not only with the players, but with the snarling dogs, and a lively fight ensued.

Nine young men were arrested and the dogs were clubbed into submission after one of the detectives had been severely bitten.

PRICE OF SALMON DROPS ANOTHER CENT

The price of salmon dropped another cent yesterday morning, reds now selling for five cents and whites for three cents. Overstock of the New York market due to heavy shipments from California, is given as the reason for the cut.

BRYCE INVITED TO GIVE ADDRESS AT A.-Y.-P. FAIR

British Ambassador Will Reply to Formal Invitation Later—Is Asked to Attend Opening.

Seattle, Wash., April 21.—Josiah Collins, chairman of the committee on credentials and special events, has received a telegram from British Ambassador Hon. James Bryce, acknowledging the invitation to give an address at the opening of the Alaska-Yukon-Pacific exposition, and saying that a definite answer would be sent later. Ambassador Bryce has just returned to Washington from a visit to California.

British subjects in Seattle, Victoria and Vancouver will join in the invitation to the English diplomat and it will be forwarded within a few days.

B. C. CUP DATES NOT TILL BEGINNING OF JUNE

At a meeting of the executive of the Westminster Football club held last evening dates for the provincial championship matches were left with President E. R. McMillan to arrange. The games will not take place till the end of May, or beginning of June. A team to meet the Shamrocks in a benefit game at Moody square on Saturday was selected, an opportunity being taken to introduce some juniors in senior company.

The team will be: Goal, Barbaree; backs, Bruce and Burrows; halves, Craig, Sawyers and Locke; forwards, Johnston, Shawcross, McGowan, Munn and Dickenson. Rickman was picked as reserve.

TOO MANY ACTORS STRANDED IN STAMFORD

Stamford, Conn., April 20.—Mayor Tupper, of Stamford, is up in arms at the theatrical profession. So many players have been left stranded in Stamford that he declares he will revoke the license of the local opera house if possible. The mayor is literally swamped with complaints and requests for aid by actors and actresses, and with protests from indignant boarding-house keepers. The crisis came Saturday night when several members of a troupe had to seek lodging in the city jail.

CHIEF OF POLICE IS UNDER CLOUD

Los Angeles, April 21.—Thomas H. Broadhead, former chief of police, is at liberty on bonds in the sum of $2500, having been indicted by the special grand jury on a charge of accepting bribes from the keepers of immoral houses.

Former Mayor Harper and former Chief of Police Kern, who were under investigation, were not indicted, and the grand jury adjourned yesterday after submitting a report.

Extension Society of Catholic Church.

Ottawa, April 21.—Notice is given in the Canada Gazette that a bill to incorporate the Catholic Church Extension society of Canada will be introduced this season so as to give the society power to establish territorial branches, together with all other rights and powers incidental to the business of a religious and charitable nature. The society headquarters are to be in Toronto.

HOSPITAL HAS GOOD BALANCE AT BANK

Royal Columbian Board of Managers Meets in Monthly Session.

The monthly meeting of the board of managers of the Royal Columbian hospital was held yesterday, Marshall Sinclair presiding in the absence of James Cunningham, who is ill. There were present Mrs. Pearce, Mrs. Ferguson, Mrs. Broad and Mrs. Hill, T. Gifford, M. L. A., James Johnson, H. T. Kirk, J. J. Jones and W. H. Keary, secretary.

Miscellaneous.

The salaries and accounts for the month were passed for payment. Authority was given to build a six-foot fence along the whole length of the property below the isolation cottages on the Brunette side. The visiting committee for the month reported through Mrs. Pearce, and for the coming month, Mrs. Ferguson, H. T. Kirk and the chairman were named. Thanks were extended to E. J. Fader for his contribution to the building fund.

Finance.

The question of the admission of Hindus was again discussed, but nothing definite decided. The plans of the new buildings were referred to the building committee for consideration. A cash statement was presented by the secretary for the nine months ending March 31, showing a balance in the bank of $1047.04 to general account, and $455 to the credit of the building fund account.

Superintendent's Report.

The lady superintendent, Miss Martin, reported: "I beg to submit herewith statement of patients, Royal Columbian hospital, for the month of March, 1909: No. of patients in hospital March 1, 62; discharged, 82; died, 7; admitted during March, 79; remaining March 31, 59; number of patients treated during March, 141; number of hospital days, 1964; number of maternity cases treated in cottage, 25; received from paying patients, $1988.37; number of patients in hospital April 21, 54.

CHRISTIAN SCIENCE CHURCH DENIED CHARTER IN QUEBEC

Members of that Denomination Are Very Much Annoyed—Protest Against Discrimination.

Montreal, April 21.—The refusal of the Quebec legislature to grant a charter of incorporation to the First Church of Christ, Scientist, on West Mount, has caused indignation among the trustees and members of the church. G. L. Burland, a member of the church, said the refusal on the part of the provincial government to grant the church a charter was nothing short of infringement of the rights of the subject.

If the Christian Scientists could be accused of any wrong doing there might be some grounds for refusal, but the facts are, he said, that they are a very powerful force for good, and consequently this parliamentary refusal of their rights was nothing short of outrageous.

Every other religious body had been able to secure what they had been denied. Even religions of extreme type had been granted these privileges, and yet they whose very foundation was the doing of good could not, in this free country, get the same treatment as other citizens.

WANT IMPERIAL DEFENCE FREE OF PARTISANSHIP

London, England, April 20.—In connection with Premier Asquith's imperial defence conference a desire is expressed by all members of the opposition that the question should be as free from party sentiment as possible. Mr. Asquith, it is said, would receive the full and hearty support of Mr. Balfour if he announced his intention to deal with the subject in a broad and non-partisan manner.

SULTAN REMAINS AS FIGUREHEAD

Young Turks in Control of Ottoman Affairs—Slaughter of Christians.

Constantinople, April 21.—The massacre of the Christians by the fanatical Mohammedan hordes was renewed with redoubled fury in a large part of Asia Minor today, according to despatches received here.

Details of the butchery are meagre.

Antioch and Buredjik in the province of Aleppo and Damascus, in Syria, are the centres of the new outrages. The few troops stationed in Aleppo are powerless to protect the Christians from the fanatics who are conducting a reign of terror more horrible than any inaugurated recently.

Children Tortured.

Entire villages have been destroyed, Christians' homes burned and women and children mercilessly tortured to death. The foreign population is fleeing to the consulates for protection. The British cruiser Diana has landed a strong force at Alexandretta and the arrival of Admiral Howe, commander of the fleet en route to the scene from Malta, is momentarily expected.

Admiral Howe wil probably despatch a force of marines inland to protect European residents of the villages there. Despatches received here this evening say the loss of life in the massacres in the vilayet of Aleppo is even greater than at Adana, where more than 5000 persons were slain. The population of Aleppo is more than 1,000,000 and the meagre reports say that thousands of persons were killed there within the past 24 hours.

To Retain Throne.

London, April 21.—The Sultan of Turkey is to retain the throne, but his cabinet is to resign immediately, under an agreement he has signed with the leaders of the Young Turks, according to despatches received here today.

The correspondent of the Exchange Telegraph is authority for this statement, which he declares is authentic.

Advance Resumed.

Berlin, April 21.—The Young Turks' advance against Constantinople was resumed today. Advices received here say the invaders were plainly visible from the outskirts of the capital. They are expected to enter the city within a few hours.

Guards have been landed at Constantinople from foreign ships in the harbor and every preparation is being made to protect the foreign population. The leaders of the Young Turks have sent word that this precaution is unnecessary as they will see that no harm befalls the foreigners.

It is expected that martial law will be proclaimed at Constantinople this afternoon after a meeting of the cabinet is held.

STREET CAR MEN IN PITTSBURG STRIKE

Pittsburg, Pa., April 21.—Motormen and conductors of the street railways in this city today voted to strike. This afternoon the officials of the carmen's union conferred with the officials of the railway company and demanded either the agreement of the company to a new wage scale or the settlement of their differences by arbitration.

Amending Criminal Code.

Ottawa, April 21.—In the Commons this afternoon Hon. Mr. Aylesworth introduced a bill to amend the criminal code. The bill makes carrying of offensive weapons, such as a dagger, knife or dirk, punishable by imprisonment as well as fine. It stiffens the law relating to indecent literature and to procuration, the penalty in the latter case being increased to five years' imprisonment. The bill also makes it an indictable offense to steal silver or gold-bearing quartz, and makes it easier to secure a conviction.

Cubs Practice Tonight.

A meeting of the Cubs Baseball club, called yesterday evening for the purpose of electing a captain, adjourned without selecting that official, the attendance being too small to warrant transacting this business. A practice will be held at Moody square at six o'clock this evening, when players are requested to turn out in uniform.

...uiser Kestrel Captures Steamer Levi Woodbury

...ncouver, B. C., April 21.—For the ...time since the Canadian fishery ...er service has attempted to inter... with American halibut fishing in ...thern waters, alleged to be con... ...ss to Canada, the Dominion gov... ...ent cruiser Kestrel last Sunday ...noon got in a real action with her ...Nordenfeldt machine gun.

...ur volleys were fired at the Seat... halibut fishing steamboat Charles ...Woodbury. Bullets tore through ...atmosphere in the direction of the ...odbury each time as the fishing ...el headed at full speed from the ...t coast of Vancouver island and ...ted out toward the middle of the ...fic ocean.

...t the last volley the gun was point... directly at the fishboat, which was ...n at a distance of only a couple of ...dred yards. The bullets, aimed ...h, ripped the mainsail of the ...oner and one or two knocked ...ters off the mainmast.

...p went the hands of Captain Sin... ...f, for he feared that he would be ...k right there if he did not stop. ...the same moment the second gun ...the Kestrel was swung across her ...k to get into range of the fishing ...t. Immediately the engines of the ...odbury were stopped. Captain ...nclair declined to tie a hawser ...board his vessel, but a few minutes ...r an officer and three men from the Kestrel boarded him and took charge.

Captain Newcomb, of the Kestrel, declares that if he ever had a clean case against an American vessel this is the one. Early Sunday afternoon the Kestrel was steaming leisurely north from Quatsino sound, on the west coast, when Captain Newcomb espied an American vessel fishing between East and West Haycock islands. These islands lie about ten miles off Cape Scott, the northernmost point of Vancouver island. The islands are themselves five miles apart, so that it is impossible that the American boat could be more than two and a half miles from either shore.

As a matter of fact, Newcomb says that when he first observed her the fishing vessel was within a mile of East island. By the time she had picked up her dories she was within a short distance of West island.

Capt. Sinclair, of the Woodbury, apparently did not notice the arrival of the Kestrel on the scene until the government vessel was within about three miles. Then the American ran along picking up his five dories, the fishermen cutting their gear without wasting time to pull a fathom of it in. Within twenty minutes after the Kestrel was sighted, the last dory had been picked up and the schooner, with her motor power working to its full capacity and her sails spread to a fine western breeze, turned tail toward the broad, blue Pacific.

The cruiser gradually overhauled the American in a classy race. When Capt. Newcomb got abreast he ordered the American to stop, but no notice was taken until shots had been fired. Capt. Sinclair and his crew refused to assist in navigating the captured vessel, so the warship turned herself into a tow boat and headed for Vancouver. She arrived at 7 o'clock this morning and the prize was tied up.

The Woodbury is a pretty schooner about 100 feet long and is of 120 tons burden. She has been fishing out of Seattle for a number of years. She had about 1000 pounds of fish on board when she was taken. There was no time to clean the fish and the cargo will be destroyed.

Ten Thousand Killed.

London, April 21.—A special dispatch received from Athens today says that telegrams have been received from Mersina stating that fully 10,000 persons were killed in the anti-Christian rioting of the last few days in the Adana and Tarsus districts. Entire villages were razed and the country is a smoking wilderness.

Grand Trunk Railway to Spend Ten Millions This Year

Winnipeg, April 21.—General Manager Chamberlain, of the Grand Trunk Pacific Railway, arrived in Winnipeg today after a trip over the system from the Pacific coast. He says that the company will spend $10,000,000 this year on construction.

The first hundred miles east of Prince Rupert, the Pacific terminus, is now under contract and will be finished by September 1. On that date a contract will be let for 140 miles farther east, which will take the road into the mountains. Between Winnipeg and Prince Rupert there are only 260 miles not yet under contract.

Trains will be running from Fort William to the Rocky Mountains this fall, a distance of 1700 miles. Mr. Chamberlain will go to Montreal Saturday, but will return here May 15 to make it his headquarters for the summer. Next year branches will be built to the international boundary line.

ADDRESS TO THE ELECTORS.

To the Electors of the City of New Westminster: Ladies and Gentlemen:

At the request of a large number of citizens I appeal to the electors of the city of New Westminster for their suffrages, the main issue being the protection and purity of our water supply. As a member of the citizens' committee appointed to oppose the erection of a dam on Coquitlam river pending the investigation and report of competent engineers, I have taken a deep interest, and approached the subject with an open mind, having only the city's interest in view. The provincial government's engineer, the city's consulting engineer, the provincial analyst and other competent authorities agree that the erection of the dam will contaminate or pollute the water.

New Westminster paid $20,000 to the Coquitlam Waterworks Company for all the water required for municipal purposes. We have an undisputed right to the water. The Dominion government by order in council reserved for the city of New Westminster a portion of the land surrounding the lake, and the timber on the water shed for the purpose of protecting the city's supply from contamination. We have an undisputed right to one-half mile of land all around the lake.

It has now been proved that the erection of the proposed dam will flood several hundred acres of swamp land, imparting to the water odor, taste and color, caused by vegetable contamination. I am therefore opposed to the proposed operations of the Vancouver Power Co., or any other company or individual that will endanger the health of the community. I stand firmly for a pure water supply and our just rights on Coquitlam lake.

(a) If elected I shall support the immediate improvement of Columbia street under the local improvement bylaw.

(b) Any measure advanced for the moral betterment of the city.

(c) An aggressive policy for advertising the city.

(d) Shall advocate an active campaign having for its object the beautifying of the city.

In conclusion I take this opportunity to solicit your support and trust the ratepayers will show by their vote Saturday that they take a deep interest in matters pertaining to the city's welfare.

I am, ladies and gentlemen, your obedient servant,

J. S. BRYSON.

New Westminster, April 19, 1909.

NEW WESTMINSTER LAND DISTRICT.

Take notice that the undersigned intends to apply to the hon. the commissioner of lands for permission to lease the undermentioned lands in New Westminster district:

Commencing at a point where the section line (prolonged) running east and west between sections seven (7) and eighteen (18), intersects the westerly boundary of lot 505, group two (2), New Westminster district; thence westerly 100 feet, thence southerly and easterly parallel to the westerly and southerly boundary of the said lot 505 to the centre line (prolonged) running north and south thorugh section eight (8), township one (1), New Westminster district; thence south 150 feet, thence easterly parallel with the said southerly boundary of the said lot 505 to a point immediately south of the point where the centre line (prolonged) running east or west through section ten (10), intersects high-water mark; thence north along the westerly boundary of said lot 505 to the point where said centre line of section ten (10) intersects high-water mark; thence westerly and northerly along the southerly and westerly boundary line of said lot 505 to the point of beginning, containing by estimation 60 acres more or less.

Dater at White Rock, B. C., February 23, 1909. E. W. LEESON.

HENRY T THRIFT, Agent

NOTICE.

New Westminster District.
District of New Westminster.

Take notice, that Harriet Ford, of Pitt Meadows, B. C., occupation married lady, intends to apply for permission to purchase the following described lands: Commencing at a post planted at the southeast corner of Lot 1020, thence west 20 chains, thence south 80 chains, thence east 18 chains more or less to Agamenmon Channel, thence northerly along the shore to the point of commencement, containing 160 acres more or less.

HARRIET FORD,
M. L. GORDON, Agent.

McBRIDE HEIGHTS

Select Residential Lots situated on

Eighth Avenue and Sherbrooke.

The new street car line will run along Eighth Avenue right past the front of McBride Heights, my new subdivision situated on the highest crest of the hill and overlooking the city.

It is an ideal location for a homesite, has beautiful view of the river, mountains, waterront and surrounding country.

The new school site adjoins the property.

All lots front on wide streets.

The new homes that are being constructed in this vicinity are large, commodious residences —nothing cheap.

Even now McBRIDE HEIGHTS is just two blocks from the car line. The lots are $300 each, terms very easy, are considered good buys as investment or homesites.

The property corners on Sherbrooke and Eighth Avenues, and is quite close to the East End Park.

Come in tomorrow and inspect the plans. Office open in the evening.

These lots are right in the city, consequently those who build will have all modern conveniences in their homes — electric lights, water, etc.

W. J. KERR

Phone 170. New Westminster, B. C.

ADDRESS TO THE ELECTORS.

Having been requested by a large number of the ratepayers of this city to allow my name to be placed in nomination for the election of an alderman at the forthcoming civic by-election to which I have consented, and I herewith briefly state my views on some of the more important matters which directly affect the city at the present time:

Water Supply.

In connection with this matter I pledge myself to the best of my ability to safeguard the city's interests to insure and maintain an adequate supply of pure water.

Street Improvement.

I pledge myself to support any action which will give the city of New Westminster good sewerage and better sidewalks, and especially in respect of the improvement of Columbia street.

Tram Extension to Millside.

I pledge myself to use my utmost endeavors to secure the extension of the tramway line from Sapperton to Millside.

New Industries.

I pledge myself to continue my efforts in the way of securing industries for the city of New Westminster.

Labor Question.

I also pledge myself to support the labor question on civic works believing that any man who works honestly eight hours a day will accomplish as much if not more than the man who works ten hours every day.

Moral Question.

I pledge myself to support any action toward the betterment of the community in this respect and to maintain the reputation New Westminster now enjoys as the most moral city on the coast.

Advertising City.

I pledge myself to do all I can, as I have already demonstrated, in advertising the city of New Westminster and bringing in new settlers, and take much pleasure in stating that I have already been instrumental in bringing into the city of New Westminster between thirty and forty families.

Liquor Traffic.

I pledge myself to encourage strictly the carrying out of all bylaws controlling the regulations in this respect.

Representation of Sapperton.

There being no representative at this time directly from Sapperton, I offer and pledge my services to the people of Sapperton to safeguard their interests in every respect.

Conclusion.

Ladies and gentlemen, in conclusion I wish to say that I could hardly do anything else than encourage to the very best of my ability the general welfare and prosperity of our city, and should you decide to elect me as your representative I can assure you that my future actions will prove that you have not misplaced your confidence.

Thanking you in anticipation, yours truly,

E. J. FADER.

New Westminster, April 19, 1909.

Little Interest Shown in Election

(Continued from Page One.)

intake and some miles up, the former of which was rusty in color. The proposal of the Vancouver Power Company would take 775 times as much water from the lake as the city of Westminster was using at the present time, and cut off further water supplies for the city and neighboring municipalities. The question at issue was one of the most far reaching which had ever come before the citizens. He had no quarrel with Mr. Fader, the fight was on the issue of the water supply.

Mr. Lee strongly supported Mr. Bryson as a man giving effect to the expression of several public meetings on the water question. Was the city to be dominated by an outside corporation? The promise of filter beds was inadequate to protect the purity of the water, which was vital to the development of the city. If Mr. Fader was defeated the industries he promised would come here just the same.

Mr. Hardman corroborated the candidate's statements on the water question, having accompanied him to the lake.

NEW WESTMINSTER LAND DISTRICT.

District of Surrey.

Take notice, that Henry T. Thrift intends to apply for permission to lease the following described land: Commencing at a post planted where the southerly boundary of lot 505, group two (2), New Westminster district intersects the quarter section line, prolonged, running north and south through section two (2), township one (1); thence south 160 rods, thence east 160 rods; thence north to a point 200 feet south of the before mentioned southerly boundary of lot 505, group two (2); thence easterly parallel to the said southerly boundary of lot 505, group two (2), to a point 62 rods north of the 49th parallel of north latitude; thence west to low water mark and 62 rods distant from the said 49th parallel of north latitude; thence south 62 rods; thence east to the point where the southerly boundary of lot 505, group two (2) intersects the before mentioned 49th parallel of north latitude; then following the said southerly boundary of lot 505, group two (2), to the point of commencement, containing by estimation two hundred and forty acres more or less.

Dated at White Rock, B. C., this 22nd day of February, 1909.

HENRY T. THRIFT.

The Brackman-Ker Milling Co., Ltd.:

Dear Sirs:

I have been daily using Barley Bread during the past six months with great satisfaction; previous to this bread coming on the market I was able to eat but small quantities of white or ordinary brown bread from whole wheat flour, because of distress after all meals, but Barley Bread agrees with me perfectly after eating fully of it, and I am enjoying better health in consequence.

I most heartily welcome this addition to our bread list as I consider it of great value. Your Truly,

GEO. W. HARE,

(Mr. Hare is Magistrate of Tillsonburg.)

The Daily News

Published by The Daily News Publishing Company, Limited, at their offices, The Daily News Block, corner of McKenzie and Victoria streets.

E. A. Paige.....Managing Director

TYPOGRAPHICAL UNION LABEL NEW WESTMINSTER

THURSDAY, APRIL 22, 1909.

DANGER OF INVASION.

The ministerial announcement made at Montreal on Tuesday to the effect that the government propose to strengthen and improve the defences at Esquimalt and to build vessels for the defence of our coast will serve to reassure Canadians that the question of the risk of invasion is receiving careful attention at Ottawa. There is a general feeling that the time has come when the very valuable interests of this great country should have some efficient means of protection against the possibility of invasion by a foreign foe and this wise naval policy of the Government will be welcomed throughout the Dominion.

Apropos of this question of invasion, there has just been published an English translation of a rather remarkable war romance, by a German author , the scenes of which are laid on American soil. Presumably the spirit of unrest that has prevailed in the United States in regard to affairs in the far East is responsible for the inspiration of the author of this story, which appears under the title of "Banzai.". Though the characters are of very little interest, the sensational incidents and the extraordinary plan of campaign which the writer has conceived are decidedly absorbing, whilst the part which is played in the sanguinary drama by Canada endows the book with an interest to the people of this Dominion. Incidentally this romance may be said to illustrate the possibility of danger to this country, from both a military and political point of view, which is created by the presence among us of vast hordes of Japanese.

The author gives a vivid sketch of the attack by the Japanese on America, supposed to take place in the spring of this year. The Americans were deceived by their foes persistently encouraging the belief that the Philippines would be the point of attack. "The world had allowed itself to be deceived a second time, and, convinced that the first blow would be struck at Manila and Hawaii, they spent their time in figuring out how soon the American fleet would be able to arrive on the scene of action in order to save the situation in the far East." With that cunning they displayed in their recent contest against Russia the Japs, however, struck the great blow by means of immigrants, who had landed on the Pacific coast and crossed the Mexican and Canadian frontiers. Thus, the author says, "A Japanese army stood right in the very midst, prepared and fully armed, merely waiting until the military and financial conditions at home rendered the attack feasible." In San Francisco the Japs made excellent use of the "endless network of subterranean passages" and early one morning they surprised the American garrison, captured the city and occupied their quarters. Then mysterious battleships turned up in all directions and Japan once more makes it evident that there "has never yet been a time in the history of the world when war was prevented by lack of funds." There is an interesting note by the author in regard to the policy of ex-President Roosevelt. He says, "Absolutely convinced that his country would have to bear the brunt of the next Asiatic thunderstorm, Theodore Roosevelt gained one of the most momentous victories in the history of the world when he removed the payment of a war indemnity from the conditions of peace. And he did this not because he had any particular love for the Russians, but because he wished to prevent the strengthening of Japan's financial position until after the completion of the Panama canal." The campaign finally results in victory for the Americans, this being proclaimed by the President from a window at the White House.

MUNICIPAL CAMPAIGN.

It was a misfortune that the candidates were not all present at the municipal by-election meeting last evening, as only one question was taken up by Mr. J. S. Bryson, and his supporters, and nothing practically said about the advancement of New Westminster city and district. More attention should be given by the citizens to the campaign, which is of unusual importance, and it is to be hoped Mr. Fader will be invited at tonight's meeting.

Ask Taft to Visit Alaska.

Nome, April 20.—The Arctic Brotherhood of this city has sent a telegram to President Taft asking him if he comes west, to be sure and visit Alaska, and assuring him that his visit will be made memorable if he will but touch the shores of the great northern country.

Vote for Fader and keep our water pure **

Robin Hood flour is gaining in popularity every day, not only amongst the private consumers but also among the dealers. In the windows of the Pure Food Supply Co., Burr block, there can be seen an artistic window dressing made up of sacks of this much sought after household flour. The local agents of the Robin Hood Flour Mills are Hale Bros., of Columbia street, who report a strong, steady demand for this particular brand of flour. **

Large transfers of property at Westminster Junction have been completed recently, which indicates the confidence investors have in that portion of Coquitlam municipality.

Hear W. Morris Chapman in "Go to Sea," and "The Veteran's Song," next Monday evening at St. Paul's church. **

Thomas Mayes, superintendent of the branch provincial asylum at Vernon, died yesterday morning at that place, after a short illness. Deceased was about forty-five years of age, and leaves a wife and three children, two daughters and one son, to mourn his loss. Before being promoted to the superintendency of the Vernon branch, Mr. Mayes was for several years chief attendant at the provincial asylum here, and later stewart of the Westminster club. It is probable the remains will be brought to this city for interment.

The buns were light,
The bread was good,
Because they were made
From Robin Hood.

CAL IMPROVEMENT CENERAL BY-LAW 1909.

g a general by-law to provide for e assessment of real property bene- ted by local improvement.

e Municipal Council of the Cor- tion of the City of New Westmin- enacts as follows:

The cost of constructing such of works and improvements mention- Section 256 of the Municipal ses Act as made applicable to the of New Westminster by Section 2 e Municipal Clauses Act Amend- Act 1909, as are referred to in By-Law, shall be assessed, levied collected by means of a special for local improvements on the and real assessable property im- ately benefited thereby.

The Municipal Council may by ution determine and specify what or improvements it is desirable e carried out.

On the passage of such resolu- and after it shall have been en- in the minutes of the Council, thereof shall be transmitted by Clerk to the City Engineer and Assessor.

On the receipt by the City En- of a copy of the said resolu- it shall be his duty to proceed to ascertain and determine the works or improvements, and to and certify as correct, a plan or ation or specification thereof, to make an estimate of the ex- of cost thereof, and to ascertain, mine and show on said plan wha or real or assessable property will mediately benefited by the pro- improvements, and the City En- and City Assessor shall, after plan has been made and certified tly, ascertain and determine portion in which the assess- is to be made on the various s of the land or real or assess- property so benefited, and shall a joint report of all such mat- the said Council, which report, approved of and adopted by the Council, shall be entered by the Clerk in a book to be kept for pose, and to be called the Improvement Book," and a of the plan aforesaid shall be by the said Engineer and filed in ices of the City Clerk.

The said report of the City En- and Assessor shall state:

What land or real or assess- property will be immediately bene by the proposed improvements.

The probable lifetime or dura- of the improvement.

An estimate of the probable of the proposed improvements, amount thereof which should against the property im- ately benefited.

The proportions in which the ment should be made on the var- portions of the land or real or able property so benefited.

In ascertaining and determining of laying, making, enlarging structing or prolonging any of local improvement consist- the construction of a main or on sewer, the said City Engineer Assessor shall estimate the cost construction of branch sewers e line of the street, and include of such branch sewers in es- ing the assessment for such main mon sewers, and report to the ll thereon.

In every case where an outlet er sewerage works for the sewer- and drainage of property (not ng or abutting upon a street in a sewer is or is proposed to to nstructed) is required to be con- d of a capacity larger than is ed for the effective sewerage and ge of the property so fronting utting or upon the street, the Engineer shall estimate, deter- and report to the Council the nal cost of so enlarging the ca- of the outlet or sewerage works, e Engineer and Assessor shall te, determine and report to the what amount of special assess- should, in their opinion, be im- on the other land or real or able property, not so fronting utting, but which may be bene- by the construction of such sewer in so enlarged as aforesaid.

When a vacant space intervenes en the line of a street and a g into which or under which a pipe is to be taken to connect any sewer, the cost of laying sewer across such vacant space nder such building shall be paid e owner of such property to be nnected with such sewer, and, paid, shall be a charge on such rty.

In all cases where a main or on sewer is or shall be laid in reet or through any lot or land said City Engineer and Assessor in accordance with the provi- of this By-law, ascertain and mine the cost per foot frontage ch main or common sewer upon s on each side of the portion of said street on the lands, or assessable property if any on side of the said sewer in which, ough which, the said sewer shall time to time be laid.

The following shall be deemed works of local improvement in ion to any works defined herein the Municipal Clauses Act:

) The creating, opening or mak- of a new street.

) The widening and extending, ging, constructing or reconstruc- or altering of an existing public et.

) The paving or macadamizing planking, grading or levelling any et, lane, alley, public way or place, y bridge forming any part of a way, or sidewalk, or of curbing, ing or planking any street, alley other public place, or reconstruc- as well as constructing any work this and the previous sub-section vided for.

The estimated cost of any such ks as may be determined upon ll be assessed, levied and collected means of a special rate for local rovement upon the land, real or essable property immediately bene- d thereby.

1. The City Engineer shall, upon receipt of a copy of the resolution termining to carry out any such al improvement work, proceed at ce to ascertain and determine the d works, and to make the estimates and all other matters directed by section 4 hereof, and with the assistance of the Assessor, ascertain and determine the assessment, and make the report and do and perform all other matters and things required by the said section 4 hereof. The cost of such work of local improvement may be ascertained and determined at per foot frontage of all land, real or assessable property fronting or abutting or upon the highway, bridge or street, place or land wherein or whereon such work of local improvement is proposed to be made or done.

12. Where it shall appear to the City Engineer and Assessor that any portion of the works dealt with by sections 6 and 10 or any work of local improvement immediately benefits property of the City, or that the carrying out of such work includes the benefiting of the Municipality at large in respect of the crossings of intersections of the highway, bridge or public streets or place, or otherwise, the Engineer and Assessor shall report and recommend what proportion of the total cost of the work immediately benefits, in their judgment, the land, real or assessable property, and in what manner and by what deductions they have arrived at such proportion.

13. Nothing herein contained shall be deemed to prevent the City from assessing the whole of the cost of any work upon the lands, real or assessable property immediately benefited thereby, or of levying and collecting the special rate in respect of the same but the Council shall, in the by-law levying any special rate determine what proportion of the cost of the work will thereafter be refunded to the persons having paid such special rates, and in what manner, and at what times, or they may determine to allow any proportion by way of rebate or deduction upon punctual payment of such rates.

14. When it is the duty of the Engineer and Assessor to ascertain and determine the proportion of assessment for works on corner lots, triangular and other irregular shaped pieces of land situated at the intersection or junctions of streets, the said Engineer and Assessor shall recommend what in their opinion would be an equitable mode of assessment by having due regard to the situation, value and superficial area of such lots, as compared with the lots and pieces of land more immediately adjacent to such work.

15. Whenever it is necessary or proposed to assess lands or real or assessable property not fronting or abutting or upon any highway, street or place wherever or on which works are proposed to be carried out, but which are adjacent to and immediately benefited by such works, full consideration shall be given by the City Engineer and Assessor in all cases to the value of the lands or real or assessable property as regards to their suitability or adaptability for building purposes, and the relation their value for all purposes shall bear to the value of the lands, real or assessable property fronting or abutting or upon any such highway, street or place.

16. Whenever under this By-law it is determined to assess land or real or assessable property with the cost of main or common sewer, or a local improvement, and the assessment cannot be equitably adjusted and made on the basis of a frontage charge or rate, such other equitable mode of assessment shall be resorted to as the Council may from time to time, or in each case, determine, and the City Engineer and City Assessor shall determine the amount of assessment in the mode so directed by the Council.

17. So soon as the report of the City Engineer and Assessor shall have been received and the report of any amendment thereof shall have been adopted by the Council and entered by the Clerk in the Local Improvement Book as aforesaid, the Clerk shall, save as provided in the following section, cause a notice to be inserted in at least one newspaper published in the city to the effect that the said report, or a necessary part thereof, is open for inspection at the office of the Assessor, and signifying the intention of the Council to make the assessment therein set forth; and it shall be the duty of the Assessor to see that such report, or part thereof, is open for the inspection of all persons during office hours.

18. No such public notice as aforesaid shall be given when the proposed improvement consists of the construction of branch sewers to connect any real property with a common sewer, or connecting any building with a branch sewer, making necessary house or building connections with such sewer, or of laying a sewer pipe across any vacant space and under any building when such vacant space intervenes between a line of a street and such building. In all such cases the cost of the same shall be payable and paid by the owner of such real property, and if any damage be done to this portion of the sewer, or its connections or its fittings, either by neglect or otherwise, the cost of the same shall be paid by the owner of the real property, and shall be charged as aforesaid whenever the Council authorize and have made the repairs to the same.

19. If within a period of fifteen days from the date of the first publication of such notice as aforesaid any petition is presented to the Council against any improvement of which notice has been duly advertised, as provided, it shall be the duty of the Assessor to ascertain and report to the Council whether the said petition is signed by a majority of the owners of the land or real or assessable property to be assessed, representing at least one-half in value of said land or real or assessable property so to be assessed, and to certify upon his finding upon the said petition, and to report the same to the Council.

20. Should a petition as in the preceeding section contemplated not be presented to the Council, or should the Assessor certify on any other petition that may have been presented and entertained by the Council that said petition is not signed by a majority of the owners of such land, real or assessable property, so to be assessed and representing one-half in value of such property, then and in each case the Council shall proceed with the proposed improvements under such terms and conditions as to the payment of the cost of such improvement as the Council may by By-law in that behalf regulate and determine; and the assessment roll showing the property and the amount assessed for the local improvement shall be prepared and open for inspection at the office of the Assessor and the Clerk shall cause notice to be inserted in at least one newspaper published in the City to the effect that the assessment roll is so open for inspection.

(a) In case the owner or any person interested in any of such property desires to appeal from such assessment he shall within the period of eleven (11) days from the first publication of the said last mentioned notice, give notice to the clerk, in writing, of his intention to appeal.

(b) If any such notice of appeal be so received by the said Clerk trial of such complaint shall be had at the first instance by and before the Court of Revision which the Council shall from time to time as occasion may require hold on some day not earlier than two (2) days and not later than fifteen (15) days from the expiration of the said period of eleven (11) days.

(c) Such Court of Revision shall be composed of the Mayor or acting Mayor and not less than four (4) members of the Council and shall hear such complaints and after hearing the parties complaining as well as the Engineer and the Assessor as such other evidence as may be adduced the Court of Revision may confirm, alter, raise or lower the assessment and every such decision shall be considered as final except the same is further amended on appeal as hereinafter provided.

(d) At the Court of Revision the Complainant and all witnesses shall give evidence upon oath. The Mayor or acting Mayor and four (4) members of the Council shall be a quorum of the Court. Any member thereof may administer the oath to any person giving evidence thereat and the Clerk of the Council shall be the Clerk of the Court unless the Court otherwise determines. The assessment as finally passed by the Court of Revision and certified by the Clerk as passed shall, except in so far as the same may be amended on appeal as hereinater provided be valid and bind all parties concerned nothwithstanding any error or defect in or with regard to such assessment.

(e) If any person be dissatisfied with the decision of the Court of Revision he may appeal therefrom in which case he shall within two (2) days after the decision of the Court of Revision in person or by his solicitor serve upon the City Clerk a written notice of his intention to appeal to the Judge or acting County Court Judge, having jurisdiction within the said City. The Judge shall appoint a date for hearing the appeal notice of which shall be given by the Clerk. The Judge shall hear the appeal and the evidence adduced upon oath at the time and place appointed in a summary manner and may adjourn the hearing from time to time and defer judgment therein at pleasure.

21. Where an owner of land or real property at his own expense, but with the sanction of the Council previously had and obtained, constructs the portion of the any sidewalk fronting upon his own property as a permanent sidewalk, the Council may refund to him the whole or such portion of the cost of such construction as they may think just.

22. In case the Council shall by resolution determine to carry out any work of improvement which, under the provisions of the Municipal Clauses Act and Amending Acts, may be carried out under the Local Improvement plan, and the Council propose to defer making assessment for any such work or improvement until after the same has been carried out, the procedure shall be as follows:

(a) The City Engineer and City Assessor shall proceed in manner directed by Sections 4, 5, 12, 14, and 15, of this By-law and all other provisions of such sections and of sections 16, 17, 18, and 19, hereof, shall, if applicable, be followed.

(b) The council may hereafter by By-law determine to proceed with the proposed work of improvement and for the purpose of obtaining temporary advances and loans for meeting the cost of the work of improvement pending the completion thereof, shall determine the amount to be borrowed, and the rate of interest and other terms of borrowing.

(c) Immediately the said work or improvement has been completed it shall be the duty of the City Engineer and City Assessor to make a report of the cost of the said work or improvement and to ascertain and determine the proportions in which the assessment for the same or such proportion thereof as shall not be contributed by the Council, is to be made on the various portions of land or real property benefited as ascertained and determined by the report as to the said work or improvement made pursuant to section 4 hereof.

(d) Thereupon the Council shall by By-law assess and direct to be levied and collected the cost so estimated of such improvement under such terms and conditions as to payment, and in such manner as the Council in that behalf may regulate and determine; and may by the same By-law or any subsequent By-law authorize the issue of debentures to repay the amount of the temporary loan or advance as well as to provide the balance of cost.

23. The following By-laws are hereby repealed, namely: "Local Improvement By-law 1889" and "Local Improvement By-law 1889, Amendment By-law 1905."

24. This By-law may be cited as the "Local Improvement General By-law 1909."

Done and passed in open Council this 14th day of April, A. D., 1909.

Reconsidered, adopted and finally passed the 19th day of April, A. D., 1909.

W. H. KEARY, Mayor.

W. A. DUNCAN, City Clerk. [L.S.]

LAND REGISTRY ACT

Re subdivision 11 of Lot 79, Group 1, New Westminster District; Lots 18 19 and 20, Block 1, and Lot 1, Block K. V., being part of Lot 6, Suburban Block IV., New Westminster City:

Whereas proof of the loss of certificate of title number 16027 I, issued in the names of Charles Frederic Sprott, Francis Kaia Schou, Lucy Christine Schou, has been filed in this office.

Notice is hereby given that I shall, at the expiration of one month from the date of the first publication hereof, in a daily newspaper published in the city of New Westminster, issue a duplicate of the said certificate, unless in the meantime valid objection be made to me in writing.

C. S. KEITH, District Registrar of Titles.

Land Registry Office, New Westminster, B. C., March 22, 1909.

NOTICE TO CONTRACTORS.

Tenders for Station Building, Section and Tool Houses, between Lake Superior Junction and Winnipeg.

Sealed tenders addressed to the undersigned, marked on the envelope "Tenders for Stations, etc.," will be received at the office of the commissioners of the transcontinental railways at Ottawa, until 12 o'clock noon of the 27th day of April, 1909, for the construction and erection complete, in accordance with the plans and specifications of the commissioners, of station buildings, section and tool houses, etc., as follows, viz:

Section No. 1—From Lake Superior Junction to Mile 1629 (near Wabigoon river); 4, No. 2 station buildings; 2 No. 3 station houses; 5 section houses.

Section No. 2—From Mile 1629 to Mile 1729 (N. E. of Rennie); 1 No. 1 station building, 2 No. 2 stations buildings; 3 No. 3 station buildings, 6 section houses.

Section No. 3—From Mile 1729 to St. Boniface; 2 No. 1 station buildings, 2 No. 2 stations buildings, 4 No. 3 stations buildings, 3 section houses

Tool houses will be required at all section houses, and at such other points as may be designated by the engineer.

Each tender must be for all the buildings, any one section, and separate tenders must be made for each section.

The work on each section must be completed on or before October 1st, 1909.

Plans and specifications may be seen, and full information obtained, at the office of Mr. Hugh D. Lumsden, chief engineer, Ottawa, Ont., and Mr. S. R Poulin, district engineer, Winnipeg, Man

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied by the commissioners, which may be had on application to the chief engineer at Ottawa, or the district engineer at Winnipeg.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada, payable to the order of the commissioners of the Transcontinental railway, for a sum equal to ten per cent. (10 p.c.) of the amount of the tender.

The cheque deposited by the party whose tender is accepted will be deposited to the credit of the receiver general of Canada, as security for the due and faithful performance of the contract according to its terms.

Cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

The right is reserved to reject any or all tenders.

By order,

P. E. RYAN, Secretary.

The commissioners of the Transcontinental railway, dated at Ottawa, April 2nd, 1909.

Newspapers inserting this advertisement without authority from the commissioners, will not be paid for it.

Good Bread is Essential to Good Health.

The staff of life forms the basis of every meal, and without it the finest menu is incomplete.

Experience has proved that to obtain Bread that is light in crumb, as well as wholesome and nutritious, the choicest flour must be used.

The Flour that has demonstrated itself superior in the baking is

Robin Hood Flour

because it is made from the finest wheat in the world, the celebrated hard Red Fyfe—wheat that is scientifically selected and milled under improved and exacting conditions.

Because of the peculiar dryness of ROBIN HOOD FLOUR it absorbs an unusual amount of water, therefore it makes more bread and holds moisture longer than other kinds of flour.

By using ROBIN HOOD FLOUR you will get more bread, better bread, sweeter bread and more nutritious bread.

ROBIN HOOD FLOUR is sold on an absolute guarantee, which means your money will be refunded if not satisfactory. Give it a trial—it will speak for itself. Your dealer will always get it for you if you insist upon having it.

REWARD OFFERED FOR CAPTURE OF CHINAMEN

Four Celestials Run Away from Steamer Century—Unless Escapes are Caught Owners Pay $2000.

Four Chinamen, members of the crew of the steamer Century, now loading lumber for Australia at Fraser Mills, escaped from the boat on Sunday evening and are still at liberty, in spite of the $100 a head reward offered for their capture by Captain Downie, master of the Century, who delayed three days in notifying the city police of the escape of the Chinamen. The local members of the provincial police have not yet been officially notified of the escape of the Celestials.

Each of the escaped is bonded to the amount of $500, equal to the head tax imposed on a Chinaman entering this country in the usual way. If the four fugities are not captured by Friday, the day on which the Century sails, Captain Downie will be compelled to pay $2000 to the customs authorities before he can obtain his clearance papers.

Week day games start at 6:30 p.m.

ANGRY WOMAN THREATENS TO HORSEWHIP PASTOR

Everett, April 21.—An angry woman threatened to horsewhip a clergyman in Lowell, yesterday. The principals were Mrs. James Vance and Rev. R. H. Parker. The minister had gained the enmity of Mrs. Vance some time ago and meeting her yesterday, is said to have made faces at her.

Mrs. Vance secured a horsewhip and shook it under the clerical nose, threatening to thrash him soundly if her tormentor did not immediately leave the premises. Mr. Parker withdrew.

REGINA IS OFFERING BIG MONEY TO STARS

Ottawa, April 21.—Harry Pickering, the well known Tecumseh lacrosse player, who is employed as an expert jeweler in this city, is now carrying on negotiations with Manager Charlie Querrie of the Tecumsehs, and it is more than likely he will play with his old team this season. Pickering got an offer of $1000 to play the season with Regina, but asserted the club was apt to blow up at any moment, and preferred playing in a centre where the game is now established.

YUKONERS PREPARE FOR BIG CLEANUP

Dawson, Y. T., April 21.—The first general thaw this spring began yesterday. There is much activity in preparing for the spring cleanups and the starting of dredges.

The spring rush of travel is over on the winter road from the coast. A stage left yesterday with Arnold George, who goes as commissioner to Seattle to be there in time for the exposition on behalf of the Yukon. He carries many views and has arranged for the shipment of some exhibits.

Lever Brothers, Toronto, will send you free a cake of their famous Plantol toilet soap, if you mention this paper.

Important Announcement

Nemo Corsets ALL THE NEW **Models Ready** SHOWN IN OUR CORSET DEPARTMENT

Nemo Corsets are a combination of perfect comfort and smart style. Nemo corsets are practical figure-builders and remodelers.

Every Nemo does something for you that no other corset can do.

Nearly every woman (in every country where corsets are worn) knows that the—

Nemo Self-Reducing

—is the *only* corset ever made that really helps a stout woman to reduce her abdomen with perfect comfort and hygienic safety—$3.00 to $10.00.

For Slender Figures

Almost equally famous are the Nemo "Willow-Shape" (with the novel Flatning-Back Skirt), the "Military Belt" Corset, the wonderful "Back-Resting" Corset, and the *chic* "Swan-Shape"—all for slender and medium figures.

See our new Nemos, if you wish to know Fashion's latest word on the all-important subject of corsets.

So many inquiries had been made at our Corset Department in the past for NEMO CORSETS that we decided to procure the agency for this particular make of Corsets. After securing samples and investigating we saw the many distinguishing advantages which NEMO CORSETS displayed in comparison with other makes. We had no hesitation in giving them a place in our Corset Section. The announcement that these Corsets can now be had at this store will prove welcome news to many women who have worn with satisfaction NEMO CORSETS. Ask to see the new models at the Corset Departmeut. We picture here several of the new styles. **We are sole agents in New Westminster.**
