ANTI-ASIATIC AGITATION SPREADING

MONSTER PARADE TAKES PLACE TONIGHT

Thousands Will Take Part in Demonstration Against Influx of Undesirables.

Vancouver, Sept. 6—The big parade and anti-Asiatic demonstration to be held on Saturday evening under the auspices of the Asiatic Exclusion league promises to be one of the most impressive affairs of the kind ever seen in British Columbia, and if the expectations of the committee are realized the parade will undoubtedly be the largest ever seen in the city.

It is expected that nearly every lodge, labor union and fraternal organization in the city will be represented. A feature of the parade will be the attendance of large numbers of service men who have signified their intention of taking part. All men who have served in the army or navy or any branch of the Imperial forces are requested to parade, and will wear their medals.

Three brass bands will take part and if possible a number of torches will be secured.

The parade will assemble on the Cambie street grounds and the start will be made sharp at 7:30. The route will be along Georgia street to Granville, and to the city hall via Hastings street.

At the city hall a mass meeting will be held at which many prominent citizens will be heard. Harry Senkler will act as chairman, and C. M. Woodworth will be one of the principal speakers. A. E. Fowler, secretary of the Exclusion league in Seattle, will be in the city for the occasion and will also address the meeting.

LOCAL FEELING STRONG AGAINST ORIENTALS

Contingent From This City Going Over to Vancouver to Support Protest.

Although New Westminster has no Asiatic Exclusion league regularly organized, yet the feeling here against the continued influx of Orientals is very strong, and the pent up spirits of many who are out and out for White Canada may be expected to break out and assert itself before many moons have passed. In fact, from the expressions of sympathy heard yesterday in several quarters with the movement undertaken in Vancouver to demonstrate the hostile attitude to Oriental immigration, it is probable that not another sun will rise before many New Westminster citizens will have shown their attitude. The big parade and anti-Asiatic demonstration which will be held in Vancouver this evening by the members of the Asiatic Exclusion league and friends will be attended by many people from this city.

The demonstration has been well organized in Vancouver, and the most impressive demonstration of the kind ever witnessed in this province is expected to take place. So far as New Westminster is concerned, the movement will be spontaneous as no attempt has been made to organize a contingent here to attend the demonstration, yet there is every probability of a large turn-out. It is understood that arrangements will be made with the B. C. Electric Railway company to take the crowd on special cars over to Vancouver.

VICTORIA PROPOSES EXCLUSION LEAGUE

Capital City Workmen Take the Lead in Organizing Keep-Away Association.

Victoria, Sept. 6—Victoria is to have an Oriental Exclusion league. Last night the permanent committee appointed by the trades and labor council to watch the developments in the immigration of Oriental coolies and to make recommendations from time to time, reported to the council, and one of their most important recommendations was that a public meeting should be called in the near future to form a branch of the exclusion league, which was given birth some time ago in Vancouver. The matter was left in the hands of the executive committee for action. In the meantime the council is in correspondence with the organizations, both in Vancouver and Seattle, to find out just what has been done and what their intentions are for the future. They are also arranging a meeting with Hon. William Templeman to find out the views of the Dominion government and to discuss the matter with him.

The action of the school board in excluding the Chinese from the schools was endorsed, and the delegates to the trades congress at Winnipeg were instructed to co-operate with the other British Columbia delegates in order to have the congress adopt the strongest possible measures to bring before the government the necessity of excluding all Asiatic coolies from the country.

REFORM BUREAU IS LATEST SUGGESTION

Ministers Will Discuss a Scheme to Establish Vice-Combating Office.

The formation of a local Reform bureau is the latest weapon suggested for use in the present campaign against vice in its different forms in this city. No active steps have been taken as yet towards the formation of such a bureau, but at a meeting of all the ministers in the city to be held on Monday afternoon, the proposition will be fully discussed, and the promotors of the scheme are confident that it will carry unanimously. Similar institutions have been found helpful in the fight against immorality in eastern cities and towns, and the church members are of the opinion that the time is ripe for the creation of such a bureau in this city. The cost is borne by the Moral Reform association.

Another subject which will be discussed at the meeting will be the proposition to hold union services in this city within the course of the next two months. It is also possible that the ministers may draft a resolution asking the city council to make a strong effort to suppress the social evil in this city.

FIRST SERVICE IS HELD IN ROBSON CHURCH

West Robson, B. C., Sept. 6—The new Baptist chapel at West Robson which has been built by the missionary pastor, A. W. Dymock, formerly of New Westminster, was formally opened on Monday. The heavy rain and thunderstorm of the early forenoon prevented a large number from being present. About twenty-five came from Nelson, and several from Rossland Trail, Grand Forks and other districts.

A fleet of boats met the visitors at the steamboat landing and conveyed them and their heavily laden lunch baskets to the west side of the river. There the spacious dining room of a long unused hotel had been fitted out as a banquet hall, and lunch was served. The bulk of the work being done by the ladies of Robson, Castlegar, and vicinity. The church was then visited and the large bell donated by Messrs. McDermid and McCarty of Nelson, was put in motion, arousing multitudes of mountain echoes.

A service of a dedicatory character was then held. Pastor Dymock took charge. Pastor F. T. C. Lever, of the Trail-Rossland district, read the scriptures and Rev. E. H. Shanks, of Nelson, preached from Gal 6:2 "Bear ye one another's burdens and so fulfil the law of Christ."

The balnce of the afternoon and evening was spent in games of various description and at 6 oclock dinner was served up in splendid style. Tables were then cleared away and an enjoyable program of reading, songs, etc., was rendered by the Nelson B. Y. P. U., assisted by a few others.

The second match of the Gun club vs. Militia competition will take place this afternoon at the rifle range across the river. His honor Judge Bole will referee.

LONG DISTANCE WALKER DROWNS AT NANAIMO

C. J. Lee Warner, a young Englishman from Victoria, well known in this city, and recently a resident of Vancouver, was drowned at Nanaimo on Wednesday afternoon. The unfortunate man had undertaken to swim from the waterfront to Protection island. He had reached Protection and was on his way back, when just near the red beacon, he was eivdently seized with cramps, for the crew of the Kestrel, lying in the harbor, heard him calling for help. They immediately lowered a boat and started to his rescue, but he sank before they could reach him.

The deceased was a man of about 30 years of age. He was tall, powerfully built and an athlete, being an enthusiastic long distance walker. He was representing Westward Ho magazine. He was a journalist, and had done good work for various publications in the province. At the present time he was "doing" some articles on the island for an English publication. He was a great traveler and during his residence in South Africa had gained the championship as a long distance walker at 20 and 25 miles.

THREE SWIFT RUNNERS EAGER TO COME TO FAIR

Chandler, Vancouver; Burns, of Calgary; and Longboat May Race Together.

Another star Canadian runner has applied for an engagement to run in this city during exhibition week. This last applicant is no less a notable than Chandler, of Vancouver, whose performances at the Seattle Marathon races last winter placed him in the front rank of western runners. A statement to this effect was made at the meeting of the board of control of the exhibition which was held last evening in the board of trade room.

C. A. Welsh, chairman of the sports committee, who has just returned from the coast, reported at length respecting his negotiations with the Tecumseh lacrosse team and Tom Longboat, the Indian runner. Mr. Welsh stated that Longboat was anxious to meet Burns, of Calgary, and that he would gladly come if Burns could be induced to run against him. No replies have yet been received by the manager of the several communications sent to Burns, but the board is still hopeful of arranging an event in which both Burns and Longboat will figure, and probably Chandler as well. A three sided race with these three reputable pacers would be an interesting attraction and it is probably that the men will be engaged if possible. Tim O'Rourke, the champion heavy weight thrower of Canada, will bring Longboat out if the negotiations go through, and will give exhibitions of weight throwing

Authority was given the manager at the meeting last evening to arrange for judges for the fair, and to have certain improvements made to the buildings at the grounds.

C. A. Welsh and W. R. Gilley were named to act as a committee in secuin gate-keepers.

Manager W. H. Keary reported that all the concessions on the grounds, as well as all the space in the buildings had been taken and that no more applications for room could be considered.

RECEPTION TO PASTOR.

Rev. J. S. Henderson Welcomed Back By His Congregation.

A reception to the Rev. J. S. Henderson on his return from the east was tendered by the members of his congregation on Thursday evening in the lecture room of St. Andrew's church.

The entertainment took the form of a program of songs, musical selections, and speeches, etc. The chair was occupied by Hugh Wilson, who, in a few appropriate remarks, welcomed the pastor and the strangers who have lately arrived in the city and associated themselves with the church. Mr. Henderson replied in a fitting manner.

Among those who took part in the program were Miss Laird who sang, Miss Veda Bass who rendered a piano selection, and Miss Myrtle Brown who recited. Horace Dorer also sang.

Refreshments were served after the completion of the program.

ODDFELLOWS RECEIVE GRAND MASTER EMBLETON

The combined local lodges of Oddfellows, assisted by the members of the Rebuckahs, officially received last evening Grand Master Thomas Embleton, of Rossland, who is paying a visit to all the provincial lodges. The attendance last evening was large and a most enjoyable time was spent.

The Royal City lodge held a regular session early in the evening and at which the grand master was received on behalf of the members of the city, after which the public function commenced in the main hall. The chair was occupied by Grand Treasurer E. L. Webber. Those who took part in the program were Thomas Embleton, Grand Master, speech; Grand Representative D. E. McKenzie, speech; Rev. A. DeB. Owen, solo; James Chambers, speech; Miss Spring, instrumental solo; C.H.Clow, speech; C. S. Richmond, speech, and Mrs. Diamond, noble grand of Rebuckahs, speech.

Refreshments were served at the conclusion of the program and the gathering broke up about 11 p. m. after a most enjoyable evening had been spent.

HINDUS START ON TREK TO BRITISH SOIL

Terrorized Sikhs Seek to Escape From Frenzy of Bellingham's Maddened Mob.

Bellingham, Sept. 6—One hundred and thirty-five Hindus, terrorized by the mobs which have gathered about the mills in this city, have left for other fields over the Bellingham Bay & British Columbia and Great Northern railroads, going to northern points Thirty others have taken up their few belongings and departed on their way to Oakland, Cal. There are now only 135 Hindus left in Bellingham, and these are vociferous in their explanation that they are only delaying their departure in order to collect the wages due them from the mills.

The rioting is practically at an end. The chief feature centered today in the efforts of the authorities to swear in a special force of police. Mayor Black announced early in the day that the situation was serious, and that if order was not speedily restored he would call upon the state troops to stop further rioting.

Councilman Sells, a Socialist, took occasion to denounce the methods adopted by the police in coping with the riots, and declared that they had been a disgrace to the city. With this criticism rankling, the mayor promptly announced that he would swear in fifty special policemen to aid the regular force before calling for outside aid.

There was some trouble in the mill district tonight, and a mob which had collected at one time made an attempt to attack several of the Hindus. The Orientals were promptly placed under arrest, and the police were able to explain to the mob that the men would all leave town before there was any opportunity for further violence.

The mills principally affected are those of Larson & Lake, Bellingham Bay Improvement company, E. K. T. Wood & Morrison's. These are now guarded by fifteen deputies. It is believed that all danger of further trouble is now over, and that the Hindus wil lbe allowed to leave in peace.

HABERDASHERY STORE OPENS THIS MORNING

J. Eugene Brown, New Westminster's new haberdasher, will open his doors for business this morning for the first time. For several weeks he has been getting his premises remodeled to suit the requirements of a retail establishment, and getting his stock on the shelves, and although some of his goods are still on the road, he has decided to get going without further delay.

The premises in which Mr. Brown has established himself are situated between W. J. Kerr's real estate office and Peter Peebles' office. The fixtures, including counter, shelving, show case, tables, etc., are of convenient and up-to-date design.

Mr. Brown opens with a complete line of clothing, including suits, hats of all styles, and qualities, hose, shirts, collars, and in fact everything necessary in a man's wardrobe.

FROG CATCHING PAYS COLLEGE EXPENSES

Peterboro, Sept. 6—Harvey Wilkinson, a student in Toronto university, is spending his vaction at the Kawartha lakes, but he is making his stay here a profitable one, and when he returns to resume his studies will have cleared $700, enough to pay his expenses at college during the coming year and something in addition.

He is earning this money catching frogs, which he sends to New York and Chicago, cities in which frogs' legs are considered a delicacy. They bring 35 cents a pound there, and, since it requires from two to seven frogs to make a pound of meat, it can be seen that he has to catch a great many in order to make it profitable. He catches the frogs by a simple method, the only bait used being a piece of red flannel on an ordinary fish hook. The frogs' legs are shipped in cans containing eighty pounds each, and during the summer the enterprising young college man has had a greater demand for the delicacy than he has been able to supply.

His success has given others the idea, and recently a number of young men have been engaged in the business, with success proportionate to their skill and perseverance.

NEVER COMEDY SCORED A SIGNAL SUCCESS

As a mirth making laughter provoking piece, "Mrs. Temple's Telegram" scored a signal success at the opera house yesterday evening. It is rich.

This comedy of errors is without doubt one of the best plays that has appeared locally for some time, the cast being strong and well balanced, all working harmoniously throughout the piece. Ungallant as it may seem, the palm for the acting must be awarded to the male members of the company, who showed to better advantage than the ladies—although this is no reflection upon the histrionic abilities of any of the actresses. It is merely that the calcium did not hover around them quite so consistently.

Franklyn Underwood and Edward Emory shared even honors as Frank Temple, the obliging friend in need, and Jack Temple, the loving husband under unjust suspicion. Wigson, the obsequious and loquatious butler with an effective mind found a capable exponent in the person of Joseph Daily. Mrs. Brown, the amorous hairdresser, was sufficiently exaggerated by Edward Lawrence. Frances Slosson, as Mrs. Jack Temple, the sender of the telegram that caused all the trouble, had a difficult weeping willow part to which she did full justice. Gwyne Darling creditably impersonated Mrs. Brown, an irate femle with a soft spot in her heart for handsome men. The smaller characters in the comedy were all in capable hands.

The house was well filled, but only those whom it didn't hurt to laugh managed to give their risible faculties a swing until the end of the third, and last act.

Serious Shooting Accident.

Victoria, Sept. 6—At least one shooting accident occurred yesterday in the city, the victim being Herbert Cunningham, who lives at the Colwood hotel. Cunningham and his friend, George Aikman, went out shooting bright and early in the morning close to the Colwood and met with some success. Cunningham had shot a bird and was taking it out of the dog's mouth when another grouse rose in front of him. Aikman let fly at it and as he did so Cunningham straightened up, receiving a charge in his stomach and thighs.

TOO MANY GIRLS OGLE KERMIT ROOSEVELT

Chicago, Sept. 6—It developed today that Kermit Roosevelt, son of the president, who was making a march from Fort Leavenworth, Kansas, to Fort Sheridan, with the Thirteenth cavalry, deserted the soldiers at Joslyn, Ill., because he could no longer endure the lionizing to which the girls and women subjected him.

The squadron of cavalry with which young Roosevelt rode is today marching between Elgin and Chicago and is expected to arrive at Fort Sheridan tomorrow morning. Lieut. Phillip Sheridan said today: "We have not heard from Kermit since we left him at Joslyn two weeks ago. All along the road he was lionized and great crowds would visit the camp to see him. They would not leave him alone even at meals. Curious people would pull back the flap of the tent where he was eating. Early one morning while we were at Joslyn an elderly woman invaded his tent while he was still in his cot. She patted him on the cheek and called him a 'dear boy.' She was only acting in a motherly spirit and seemed proud that the president had such a fine son. However, that was the last straw for Kermit. He said he would take a train to Chicago, and we have not seen him since.

Kermit joined the cavalry at Fairfield, Iowa, and rode with it for seven days. He stood the hardships of the march with evident enjoyment, the officers declare, until he was forced to flee from the women and girls.

Miss Marjorie Rambeau, the talented young actress who is starring in the Rambeau stock company, will be seen as a boy on the opera house boards this evening, when "Carrots" will be put on as a curtain raiser. "Merely Mary Ann" will appear for the last time this evening, next week's play being "Thelma."

The local council of women will met in the board of trade room on Monday afternoon at three-thirty o'clock, when the report of the work done at the national council of women held in Vancouver during the month of July will be discussed. A general invitation is extended to all ladies interested in the work of the council to be present.

ANOTHER SUSPECT HELD IN ROPER MURDER CASE

Bellingham, Sept. 6—Harry Watts, who the officers have been watching for the last three weeks on suspicion that he was inplicated in the murder of Addie Roper here last winter, was arrested at Anacortes today. He will be charged with murder, and the officers are firmly convinced that if he was not one of the men who committed the crime that he was at least an accessory.

About three weeks ago Watts, while drinking in a saloon here, is alleged to have said that he stood as lookout while Doane Bell, now in the county jail charged with the Roper murder, entered the little cottage where Miss Roper lived, and committed his foul crime, which he afterwards attempted to hide by setting the house on fire. Watts has been shadowed ever since his alleged confession and when the officers learned that he was going to depart for Seattle they ordered his arrest.

The sheriff declares that the bloody handkerchief which was found in the Roper cottage belonged to Watts, a fact that has been determined since Watts made his alleged confession to his drinking companions.

It is the present plan to try Watts at the same time that Dell is tried, and for the same crime.

Partner Drags River for Remains of Alec. McDonald.

Up till late yesterday evening the remains of Alex. McDonald, who was drowned at Millside on Wednesday morning, had not been taken from the river, although the deceased man's rooming partner, E. McCallum, has been dragging ever since the drowning.

McCallum and McDonald were boys together in the same place in Michigan and together they left their home on the twenty-fourth of June last to come to the coast. McCallum has notified the parents of the deceased of the sad affair.

McDonald was 23 years of age and single. He left no valuables in his room at Millside where he worked for the Fraser River Sawmills, Limited, but it is understood he left trunks and considerable personal property at Bellingham. He carried insurance on his life.

CORRESPONDENCE

The Social Evil.

Editor Daily News, New Westminster.

Sir: The author of the article signed "Sensible View," has made such sweeping assertions that, under ordinary circumstances, one would feel like allowing such to pass without notice, but since the question at issue is of such great moment, and the apparent object of these statements is to influence the public mind and defeat any effort to stamp out the "social evil' in our city, they cannot be allowed to pass unchallanged.

At the outset he admits that in the very best interests of society the eradication of this awful traffic is imperative, but immediately after this admission he begins to inform us that we cannot expect conditions to change very materially in the future in this western country. Certainly, I say, there would be no change for the better if his suggestion were acted upon. His "Railway construction camp" argument certainly is the climax.

Suppose for the sake of argument that the men who may be employed in connection with that work, will be, as he suggests of that character, does he mean to tell an intelligent public that the city of New Westminster is in duty bound to furnish all the means necessary, and practically invite such characters to come and let loose reign to their lust and sin in the vicinity of anybodys home?

The statement is made in this article that in every instance in the past where there has been a cleaning out of this element, that seduction and rape has greatly increased, and refers to Winnipeg, Brandon and Souris, Manitoba, and states that in Brandon illegitimate births increased to the enormous extent of 800 per cent and that the city was shunned by all respectable girls, etc. And that in Souris these evil women were invited to return by prominent citizens, forsooth.

Mr. Editor, these statements are not in accordance with facts, and I hereby challenge the author to produce and publish the testimony of one reliable individual in support of such statements.

As one who is somewhat acquainted with prevailing conditions in these cities referred to, both before and since the cleaning out system has been tried, I have this to say that one result has invariably been a great many of these characters have left the city entirely and those remaining were not free to display their colors as before and thus much of the temptation to the youth was removed.

As a citizen of the Royal City and of Canada, I would be ashamed to say that my sister, wife or daughter ought to be protected from possible insult or assault or any of the moral dangers with which they are surrounded in this life at the expense of the moral degradation and probable destruction of poor unfortunates.

This argument that there is less assault, rape and seduction under present conditions is not correct. There is a great deal more of such crime at present than there would be after three years had elapsed under the complete supression system.

The same principle applies here as does in the case of any other crime.

Suspend the law against murder and theft for one week and we would not be safe in our beds at night.

This infamous traffic is a cess pool of corruption that breeds all kinds of crime. It is there the lustful passions of the youth are cultivated and then he seeks after a time to invade the homes of respectable families. Frequenters of those places are in the majority of instances the very ones who are guilty in this respect.

The sarcastic reference to the clergymen, who are always ranged on the side of morality, and the mothers and sisters of the congregations, who realize to some extent at least the awful danger to which their sons and brothers are subjected by the presence of this evil in our midst, is worthy of note.

I admit that there may be a great deal about the business that these don't know and don't wish to know, but will not admit that their opinion as to the best methods of dealing with the question is not correct.

Because other cities have not accomplished all that they set out to do does not go for argument that our police officers will do likewise, nor that an effort shall not be put forth.

I agree with Rev. Dr. Tufts when he says that the publication of the names of frequenters of these places is a proper step. The knowledge that their names would appear in the public press if they went there would certainly have a prohibitive effect. The mistaken identity problem would not cause the police officers much worry; they come pretty nearly knowing who are and are not frequenters of these places.

There is but one course open to the city council and that is to instruct the officers to enforce the law and suppress the evil. They have always had the authority and have now the opportunity.

MARKET REPORT

Fruit was again the predominating feature of the weekly market yesterday and trading was heavy. The supply of apples was the largest of the season so far, a great portion of which was of a first class grade. The prices ruled from 75 cents to $1.25 a box. A. J. Peschke of Hall's Prairie offered some very fine Alexanders at $1. Others with apples were William Foreman of Langley and William Barrett of Sumas. There was a splendid demand for apples of the better class.

Pears and plums were very plentiful and the demand was firm for good stock. Some very fine stock was offered for sale by A. Unsworth o Sardis, Ozias Tribe of Rosedale, and J. N. Thompson of Sumas. The ruling prices for pears and prunes respectively were about 70 cents and 40 cents per crate. Meats were fairly plentiful and the demand was strong for prime stock. Beef sold at 8 1-2 and up to 9 1-2 for hindquarters and front quarters brought six and seven cents. Mutton was in good demand at 13 and 14 cents per pound. The supply was larger than usual. Lamb brought 15 cents per pound. There was a fair supply of veal which was all disposed of at 11 cents per pound. Pork sold briskly at 11 cents er pound. The suply was not large and all was disposed of early.

The supply of produce was not so heavy as usual and prices were a little firmer. Eggs brought as high as 45 cents retail, and 37 cents wholesale. The great bulk of the supply sold for 40 cents to local dealers. Butter was in good demand at 40 cents a pound. This article is growing scarcer owing it is reported to the growing scarcity of feed. The price is expected to remain firm at 40 cents for some time.

Fowls of all kinds were plentiful and prices for them were about the same as last week. Good fowls brought from $6.50 to $7.50 a dozen while chickens sold for from $3.50 to $5 a dozen. The demand was strong for both. There was a fair supply of ducks on sale and the demand was equal to the supply. The call for full grown birds was especially brisk.

The demand for potatoes was not strong, while the supply was fair. The ruling price was $20 a ton.

T. J. Trapp sold several teams of horses for high figures under the hammer.

The attendance at yesterday's market was larger and a large amount of trading was done in all lines.

THE DAILY NEWS

Published by the Daily News Publishing Company Limited, at their offices, corner of Sixth and Front streets, New Westminster, B. C.

E. A. Paige.....Managing Director

SATURDAY, SEPT. 7, 1907.

A GREAT UNDERTAKING.

The building of the Georgian bay canal would enable the shippers to consign wheat directly from Fort William and Port Arthur to Great Britain. Ore could be carried through and steamship passengers could be carried direct from London to Fort William. The building of the canal would result in a vast commercial development to the province of Ontario, and benefit would accrue to the remotest portions of the Dominion.

That is the way in which Mr. Perks, the well known English M. P., now visiting Canada, speaks of this great canal project. He points out that the State of New York is spending one hundred millions to make the Erie canal fourteen feet deep, and he thinks that Canada should not and will not hesitate to spend the same amount on a canal twenty-two feet deep, seeing that it would be of such great value to the country. Evidently Mr. Perks has been impressed by the vast possibilities of Central and Western Canada.

ABOUT CHRISTIAN SCIENCE.

Here is an extract from an article contributed to a recent number of the Cosmopolitan by the Earl of Dunmore:

"When I joined the Christian Science church I had been suffering for four years with an ailment which one of the leading surgeons in London told me was incurable. I was unable in consequence to take any violent exercise. As soon, therefore, as I realized what Christian Science meant, I put myself unreservedly in the hands of a member of my family, and after five weeks' treatment was completely healed."

The ailment is not named, but organic disease of the heart is pretty clearly indicated. Now read this from a late telegraphic dispatch from London:

"Death from natural causes was the verdict of the coroner's jury this evening in the inquest on the body of the Earl of Dunmore, the most prominent Christian Scientist in England, who died during the night of August 26, at Trimley Manor, near Canterbury. The post-mortem examination showed that his heart was diseased."

Commenting on a case in which a yellow journal was punished for the publication of lies about a business man, an exchange points out that, while the law can be appealed to when a man's material interests are assailed, there is no court of justice to repair the mischief when the devices of the slanderer are employed to prejudice a government or to advance a bad cause or defeat a good one. The matter is one which is very largely in the hands of the public. If they demand that accusations shall be proved; if they withdraw their patronage from any paper which makes a business of slander and revels in vague insinuations of bad faith and sinister motive, the evil done by journalistic misrepresentation would be greatly lessened.

The scandal mongers must be hard up for material when the Mail and Empire prints, and the little local echoes copy, articles founded on second hand hearsay and contradicted by known facts.

The Globe thinks that if there is any truth in the report that United States officials are successful at Victoria in unloading on Canada defective and unfit Japanese who would be rejected at Seattle some means should be found to put a stop to this process of selection.

WATCHES AND MEDALS ARE GIVEN FOR BRAVERY

Victoria, Sept. 6—The officers and several members of the crew of the Dominion lighthouse tender Quadra, which rescued the crew of the wrecked American barkentine Coloma off Cape Beale on December 7 last, were rewarded today by the United States government through Hon. W. Templeman, acting minister of marine. Gold watches, suitably inscribed as the gift of the United States government, were presented to Captain Charles Hackett and Chief Officer MacDonald of the Quadra, and medals, similarly inscribed, were given to Seamen Fisher, Cox, Evans and Roche.

Mrs. Minnie Paterson, wife of the light-keeper at Cape Beale, who made a remarkable overland trip to Bamfield creek to notify the Quadra of the peril of the men on the wrecked vessel, has also been rewarded by the United States government.

WOMEN THROWN TO SHARKS BY SOLDIERS

Constantinople, Sept. 6—Discharged Turkish soldiers who arrived at Hodeidah from the inland part of Yemen, but were prevented from going home immediately by the lack of steamers, have been committing excesses of the grossest kind. When one steamer did arrive, two thousand soldiers embarked thereon, several with their sweethearts. Terrible quarrels broke out on board, and a hundred and ten persons were killed or wounded.

The women were thrown overboard alive to the sharks surrounding the steamer, and there was an awful scene as the tigers of the sea, seized their screaming, struggling prey.

Then came eighteen hundred more discharged men, who, not finding any transports cut the waterpipes, attacked the shops and destroyed everything within reach. They also seized the general in command of the troops and dragged him about amid coarse insults.

More discharged soldiers are expected, and therefore the town is greatly excited. The Italians have asked the governor of Erythrea to send a ship, and a British vessel is expected at Hodeidah.

ADDITIONAL LOCAL NEWS

Edward Hoult, of the exhibiton billeting committee, has received notice from twenty residents that they are prepared to give accommodation to visitors during fair week. Names and addresses of all persons offering room accommodation is tabulated by Mr. Hoult, and the information will be at the service of persons interested.

J. A. Young, for a number of years bookkeeper for H. Belyea & company is negotiating with the Royal City Planing Mills company with the aim of securing the position in the office staff made vacant by the resignation of Ald. Jardine. E. J. Wilkinson, a late arrival in the city, has already joined the office staff of the Royal City Planing mills.

The steamer Favourite will make her first trip on Monday since coming under the management of the Cunningham Hardware company. She has been re-fitted with new furnishings and completely overhauled and is now in first class condition. She will be in charge of Captain Young, Engineer James Greir, and Purser T. Coldicott. The Favourite will return to the New Westminster-Mount Lehman run.

The provincial police are after the man who stole a row boat owned by Frank DeGray from the wharf on the river front. The boat was stolen three days ago, and yesterday morning as Mr. DeGrey, in company with provincial Constable Deane, was casting longing eyes up and down the river in an effort to locate if possible the missing boat, they discried the lost property transporting a small boy down the stream. They hailed the lad and questioned him as to where he obtained the boat. The boy informed Mr. DeGrey and the officer that he had been loaned it by his uncle who lives on the south side of the river. The police are now looking for uncle.

Sunday at sundown commences the first day of the month of Tisri of the year 5668, according to the Jewish calendar. It is the Jewish new year, or Roush Ashonno, the Feast of the Trumpets. Before the departure of the Israelites from Egypt their year commenced at this season, that of the autumnal equinox. In order to solemnize the memory of the deliverance the month of Nisan in which that event took place, about the time of the beginning of the ecclesiastical or legal year. However, in civil affairs and in the regulation of the jubilee and sabbatical years the Jews still adhere to the ancient year.

THE HOME OF GOOD CLOTHES

MAN'S INHUMANITY TO MAN.

"The average man comes very near being an idiot in taking care of himself. You have seen him wearing a fur cap on his head while his shoes let in the snow and water. He wears an overcoat on his back and nothing but a thin shirt over his chest. He is mighty scared about freezing his fingers while his throat is exposed to blizzards and he is often ailing or thinks he is. It's herb tea, root tonics, Peter's pills, Paul's pine tar cordials or plasters and cures, until the balance wheel in the machine comes to a stop. Nature wants to keep going, but she can't. He drinks whisky and that clogs the valves; he drinks beer and that clogs the wheels; he pours down lemonade, gingerale, buttermilk, ice water, tea, coffee, and what not, and then wonders why the fire under the boiler does not burn. If you should take an ox and put him through a like performance he'd be dead in a year. The simplest and plainest laws of health are outraged every hour of the day by the average man. Did Adam smoke? Did Eve wear corsets? Did Solomon chew tobacco? Did Ruth chew gum? Did the children of Israel make for a beer garden after crossing the Red Sea? Did Rebecca eat gum drops and ice cream and call for soda water? Adam was the first man and was made perfect from head to heel. How long would he remain so after eating a mince pie before going to bed? Suppose he had slept in a bedroom 5x7 with the windows down, the door shut and two dogs under the bed? Suppose Eve had laced herself up in a corset, put on tight shoes, and sat up all hours of the night eating her fill of trash and sizzled her hair. When you come to look at the way a man misbehaves himself you can only wonder he ever lived to get there.

According to the foregoing you may be a fool—you certainly are if you neglect your **eyesight**, and yet hundreds are putting off the use of glasses because they do not want to "look old"—nonsence—you can get a new set of teeth, but nobody can give you a new pair of eyes. Be wise. Consult our OPTICIAN—DON'T BE AFRAID OF THE COST—you can get fitted at your own price and fitted properly.

SLIGHT REDUCTION IN LOG OUTPUT

Thirteen Million Feet of Timber Scaled During August -Demand Fairly Good.

The log production of the British Columbia coast fell off thirteen million feet during the month of August as compared with July, according to figures furnished by Andrew Haslam, supervisor of logscalers. The reduction of output was caused by a number of reasons, chief among which was the poor demand for anything but number one timber.

The August returns show that the cut of timber during that month was 41,175,291 feet. During July the cut was 54,000,000 feet in round numbers. During the early part of August, a number of camps were either shut down altogether or else producing less than cpacity.

The production for August this year was however, greatly in excess of that of the corresponding month in 1906, when but 29,062,730 feet of logs came out of the woods. The balance of over 11,000,000 feet in favor of the past month indicate the growth of the logging industry during the past twelve months.

The demand for logs in general is only fairly good. First class timber is less than the demand, and prices for No. 1 material do not show any decrease, about $10 per thousand being the rate prevailing. The demand for the poorer grades of logs is not good however, and a considerable amount of the August cut does not find ready sale on that account.

BOSTON MEN PROPOSE TRAMLINE FOR REGINA

Regina, Sept. 6—Boston capitalists are looking over this city with an idea of placing a street railway here. The project of the Boston firm is not one for Regina alone. If the charter which they seek is granted, they will also make application to the legislature for permission to build from Regina to Long lake and will commence the operation of a suburban system to that summer resort. The idea is that Long lake will eventually become a very popular summer resort for Regina people, and with an electric street railway operating to that place, it should be a paying investment. Just whether or not the local system would pay is an open question, but at any rate the system would not be in operation before about three years. It is understood that if the right to run the cars is granted this firm, it will guarantee to have them in operation in three years.

Coke Question at Trail.

Trail, B. C., Sept. 6—The Trail board of trade last night passed the following resolution:

"Resolved, That owing to the injury to the smelting and mining interests of Southern British Columbia, caused by reason of the shortage of coke, the provincial government be urged to take immediate action under schedule A, Chapter 73, Statutes of 1901, in order that an adequate supply of coal and coke for the smelters of Southern British Columbia be assured for the future."

The Rev. J. A. Doyle, of Regina, western field secretary of the Epworth league and Sunday school movement of the Methodist church, will arrive in this city next week, and will take part in the ceremony of opening the new addition to the schoolroom of the Queen's Avenue Methodist church.

SYNOPSIS OF CANADIAN HOMESTEAD REGULATIONS.

Any available Dominion Lands within the Railway Belt in British Columbia, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

W. W. CORY,
Deputy of the Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid for.

In the Matter of the "Trustees and Executors Act," and in the Matter of the Estate of Augustus William Lundbom, Deceased.

All persons having any claims or demands against the estate of Augustus William Lundbom late of Surrey Centre, British Columbia, deceased, are hereby requied to file with the undersigned their names and addresses and full particulars of their claims, and the nature of the securities (if any) held by them, duly verified, on or before the 31st day of August, 1907.

Notice is hereby given that after the said date the executors will proceed to distribute the said estate amongst the parties entitled thereto, having regard only to the claims of which they shall then have had notice, and they will not be liable for the proceeds of the estate, or any part thereof, so distributed to any person of whose claim they had not notice at the time of distribution thereof.

Dated this 24th day of July, 1907.

F. W. HOWAY,
Solicitor for John McKenzie and John Churchland, executors of above estate.

LAND REGISTRY ACT.

TAKE NOTICE that application has been made to register Margaret Robson as the owner in Fee Simple, under a Tax Sale Deed from The Corporation of the Township or District of Surrey, to Margaret Robson, bearing date the 7th day of November, A. D., 1901 of all and singular that certain parcel or tract of land and premises situate, lying and being in the District of New Westminster, in the Province of British Columbia, more particularly known and described as lot 7, subdivision of Northwest quarter of Section 19, Township 2.

You and each of you are required to contest the claim of the tax purchaser within forty-five days from the date of the first publication of this notice upon you, otherwise I shall register Margaret Robson, as owner thereof in fee. And I hereby direct that publication for thirty days in a daily newspaper published at New Westminster of this notice will be good and sufficient service thereof.

Dated at the Land Registry Office, New Westminster, Province of British Columbia, this 18th day of July, A.D., 1907.

C. S. KEITH,
District Registrar.

To Fredrick Throssell and H. Burton.

All persons served with this notice, and those claiming through or under them, and all persons claiming any interest in the said land by virtue of any unregistered instrument, and all persons claiming any interest in the said land by descent, whose title is not registered under the provisions of the "Land Registry Act," shall be forever estopped and debarred from setting up any claim to or in respect of the said land so sold for taxes as provided by the "Land Registry Act."

FRENCH FLANK TURNED BY MOORISH HORDES

Paris, Sept. 6—The latest advices from Casa Blanca telling of Tuesday's fight place the situation in more alarming colors than ever before. It now appears that the Moors actually succeeded in turning the French flank and were in a fair way to cut them off from the camp when reinforcements arrived and saved the day for the French, slaughtering the Moors right and left. The Moorish losses are now placed at about 1,000.

According to the despatches received today Major Prevost was not killed while on his way back to camp but fell in the thick of the fight at Sidi Moums, when the Moors attacked a flying column on its return from Littellil, where it had been destined to drive back several tribesmen who were threatening the town.

Major Prevost was at the head of his men and had just cried: 'Forward, my children, forward!" when he fell with a bullet through his heart.

A desperate fight at once began and centered around the body of the fallen commander of the Foriegn Legion, the French refusing to abandon the body of their leader and the Moors making every effort to capture it.

The French horsemen held their ground until reinforcements from the camp arrived, and the Moors were driven off with tremendous losses. It was during this engagement that the French flank was turned.

Foreign Minister Pichon announces the sending of a note to the powers informing them that the Moroccan minister of war, Mohammed Gahas, has admitted his inability to guarantee the lives of European instructors to the proposed police force, according to the terms of the Algeciras conference.

It will be necessary, said the minister, to organize a force consisting of Frenchmen and Spaniards. This is taken to mean that France and Spain may be obliged shortly to land detachments of troops at the Moroccan seaports.

Tangier despatches say there are 20,000 hostile Moors concentrated near Taddert and Littellil and 10,000 Kayables near Alcahazar. The natives insist that the Moors have plenty of ammunition.

Raisuli is camped fifteen hours' marc from Tangier but is not showing any signs of preparing to make a hostile move.

The government is somewhat concerned over the distrustful attitude of Germany and Great Britain. A despatch from Berlin today quotes Herr Tschiersky, German foreign secretary, as saying to the representatives of other powers he had called on, that while Germany fully accepted the assurances of France to the extent of the operations in Morocco, the Algeciras conference of course did not contemplate the suppression of a civil war in Morocco by Frnace and Spain. England has signified her intention of awaiting Germany's action.

The Vancouver lacrosse team still has a chance for the championship of British Columbia by winning all its matches between now and the end of the season. In such an event that team will tie with the New Westminster team. For that reason the match today between the Vancouvers and Maple Leafs should be a hard one. It will no doubt be full of interest to both Vancouver and New Westminster people going over to see the match.

ROOM THIEF SHOT DEAD BY DETECTIVE

Seattle, Sept. 6—City Detective Lee A. Barbee shot and killed a burglar on the third floor of the Butler hotel shortly after 8 o'clock last night, after a desperate fight in a large sample room. The room worker was the first to use a gun. His bullet went wild but at least six of the nine bullets that Barbée sent after the thief took effect.

The burglar, a well dressed young man about 26 years old, had absolutely nothing on his person that serves as a clue to his identity. At the time he was shot he was wearing a pair of suspenders, a pair of silk stockings and a pair of hose supporters that had been stolen from the same room in the hotel he visited just before his fatal encounter with the officer.

The shooting created little excitement, notwithstanding the fact that it took place on one of the lower floors of a hotel in the central part of the city. The revolver duel was fought in the hallway and the shots could not be heard in the lobby below. Few guests of the hotel knew of the affair until the police detectives arrived and the dead wagon took the body away.

A little son was added to the family of Provincial Constable John R. C. Deane on Thursday night. Mrs. Deane and the child are getting along splendidly.
