Legislative Library Assembly MAR 24 1909 VICTORIA, B.C.

COUNCIL PASSES MOTION OF THANKS

Robert Jardine, J. B. Kennedy and Mayor Keary Are Praised For Efforts.

All the members of the city council were present at the meeting last evening. A number of new matters arose for discussion and the civic estimates were not reached. A resolution of thanks to the men instrumental in securing the Fruhling dredge for Westminster was cordially passed.

City Hall Extension.

Arising out of the necessity to provide office accommodation for the city engineer, a committee was appointed, consisting of Aldermen Jardine, Henley and Smith, to bring in a report at the next meeting with reference to the matter, particularly as to the extension of the city hall back to Clarkson street, in order to house the electric light and other departments of the council which were overcrowded at present.

Alderman Johnston said it might be desirable to make other accommodations in the council chambers for the convenience of public meetings.

Mayor Keary said in looking to the future they must expect to have to move the board of works' stables from Tipperary reserve. If he had property in the neighborhood he should strongly object. More room was required at the city hall.

The Fruhling Dredge.

The council passed a resolution thanking the Hon. Dr. Pugsley, federal minister of public works, and Hon. W. Templeman, minister of inland revenue, for sending the Fruhling dredge to improve the channel of the Fraser river.

On the motion of Alderman Johnston the thanks of the council will be conveyed to J. B. Kennedy, ex-M. P., Robert Jardine and Mayor Keary for their efforts to secure the dredge.

Mayor Keary said there was no person who knew more of the inner workings of the dredge undertaking than he did himself and the thanks of the city were really due to Mr. Jardine and Mr. Kennedy, without whom the appropriation would never have been granted. Their thanks were also due to G. A. Keefer resident engineer of the department of public works, who had set his heart on the Fruhling dredge and had done everything to secure it.

Board of Trade Room.

The W. T. C. U. having applied for the use of the Board of Trade room on the fourth Monday in the month for their regular meetings, a debate followed on the alleged misuse of the board room by parties who did not apply to the council for permission.

Mayor Keary said the ladies meeting in the room in the afternoons did not cause trouble to the janitor, but it was the men's meetings in the evenings, the room being left like a barroom, without the whisky, after certain meetings had been held. He reminded the council that an arrangement had been made with the Board of Trade which was not lived up to by the board.

Ald. Garrett thought the city clerk, being in the hall at office hours, might have some control.

It was decided to notify the Board of Trade of the present condition of the office.

The W. T. C. U. will be permitted to use the room, subject to it not interfering with other societies.

Lulu Island Dyke.

Ald. Henley, chairman of the board of works, brought in a report with reference to the complaints of interference with the Lulu island dyke by Barnet & McDonald, the Dawe Shipyard company and the application of Edward Mercer to do likewise, for the purposes of their respective businesses. Supt. Furness reported that in connection with the Dawe shipyard company the firm was under the impression permission had been granted, but the works placed to protect the land were insufficient.

Messrs. Barnet & McDonald had built their dyke round the portion interfered with. The superintendent wished the Dawe shipyard company to put the dyke back into proper shape to the satisfaction of the Council, and Mr. Mercert o do likewise when carrying out the work.

The report was adopted.

First Street Sewer.

After City Engineer Blackman had left, Mayor Keary brought in the question of the First st. sewer, the plans for which he said did not commend themselves to Mr. Blackman. The engineer was not satisfied with the sewer pipe supplied and following this on Ald. Adams' motion it was left to the finance committee to advertise for tenders for crushed rock, pipe, and cement. H. T. Kirk's tender for $1545.45 for pipe and fittings for the waterworks system was accepted. There were six tenders received.

The Council went into committee of the whole on the plumbing bylaw, but did not get through a clause, as they could not agree on the definition of a "drain" and "sewer," and the committee rose and reported progress, meanwhile the city solicitor will be consulted.

City Scavenger.

There were three applications for the position of city scavenger, from W. R. Bradbury, Lulu Island; J. McBroom, and F. Booth. On a ballot McBroom received 5 votes, Booth 2, and Bradbury 1. McBroom was appointed.

Withdrawal.

Ald. Garrett took occasion to withdraw a statement which he had been making, in company with others, in ignorance, that Superintendent of Waworks Stott had reported that the swamp at Coquitlam lake had been cleared up by the Vancouver Power Company. The statement was not true, as no report of that nature had ever been made by him to the City Council.

Miscellaneous.

Among a large number of minor requests conveyed in the applications made was an offer of $533 f. o. b. from the Waterous Engine Works Co., for two hind wheels for the road roller. The board of works will deal with the matter.

The application of the school board for electric light at the Lord Kelvin school was referred to the lighting department.

Ald. Gray reported that the B. C. E. R. were ready to lay heavier steel on Columbia street, changing over from 40 to 60 pound steel. The B. C. E. R. will be allowed to lay the heavier steel, subject to the grade not being changed.

A communication from the secretary of the B. C. Anti-Tuberculosis society, Dr. C. J. Fagan, asking for financial assistance for Tranquille sanatorium, was referred to the finance committee.

J. C. Loree, a member of the school board, waited on the Council with reference to the improvement of the Westside, or Lord Kelvin school under Superintendent Furness' direction.

PRESIDENTS TO MEET AND ARRANGE PEACE PACT

Heads of Fighting Little Republics in Central America Will Fraternize Soon.

City of Mexico, March 22.—A conference of the five presidents of Central American republics will be held soon. Word has reached here that Presidents Cabrera, of Guatemala; Davila, of Honduras, and Zelaya, of Nicaragua, have agreed to the proposed meetings. It is thought that President Figueroa, of Salvador, and the president of Costa Rica will consent to the invitation. The purpose of the gathering will be to devise ways and means of living up to the letter and spirit of the Washington peace pact.

The news of the acceptance of Estrada Cabrera, of Guatemala, and his enemy, Jose Santos Zelaya, of Nicaragua, comes as an agreable surprise to the well-wishers for Central America.

PRISONER BREAKS AWAY FROM OFFICER'S CHARGE

When Officer Bourke was taking two men, Walter Dilman and J. Short, to the police lock-up on Sunday, they proved unmanageable. Bourke had his hands full with Short, and Dilman got away, going back to his hotel to sleep where he was arrected during the evening. At the city police court yesterday the men were fined for fighting and Dilman sent up for trial on a charge of breaking away from lawful custody.

His honor Judge Howay heard the case in the afternoon, W. G. McQuarrie defending the prisoner, and released him on suspended sentence, ordering two sureties of $250 to be forthcoming. In giving this small penalty his honor was influenced by the statement of the prisoner's employer and Chief of Police McIntosh.

Liberals Return to Power.

CALGARY, March 22.—Only three Conservatives were elected in today's provincial election, two being returned from this city and one from Okotoks. The next house will consist of 38 Liberals and 3 Conservatives.

GERMANY RAPIDLY INCREASING WARSHIPS

Kaiser to Have Thirteen of Big-Gun Type Afloat By Spring of 1912.

Berlin, March 22.—In view of the assertions made in the British house of commons that Germany in the spring of 1912 would have seventeen warships, all of them of the big gun type, the navy department authorizes the statement that in the autumn of 1912 Germany will have thirteen such vessels. These will be the battleships Nausau and Westfalen, which will be ready for sea in the autumn of 1909; the battleships Rheinland and Posen and the cruiser Von Der Tann, which will be ready for sea in the spring of 1910; three battleships to replace the Oldenberg, Siedried and Beowulf, and a cruiser to replace the armored cruiser "G," which will be ready in the summer or autumn of 1911, and three battleship to replace the Frithof, Hildebrand and Heimgahl, and a vessel to replace the cruiser "H," which will be ready for sea in the autumn of 1912.

STEAMER SURROUNDED BY MOUNTAINS OF ICE

Halifax, N. S., March 22.—Miles of icefields and bergs mountains high were passed by the Furnes liner Evangeline which arrived from Liverpool on Saturday. Forty miles out of her course went the steamer to avoid ice, and even then she did not get rid of it all. From her foremasthead as far as the eye could see there was nothing but ice for three days and one night. Captain Philips stopped the engines and lay-to, rather than proceed in the darkness.

GANGPLANK GAVE WAY; THREE KILLED

Barrow-in-Furnes, Eng., March 22.—A gangplank connecting the battleship Vanguard with the wharf collapsed Saturday. Fifty men were precipitated to the dock. Three of them were killed and 40 injured. The accident occurred in the Vickers Sons & Maxim yards.

COUNTY COURT CHAMBERS.

County Court Chambers yesterday bofer his honor Judge Howay:

Klemr vs. Birmingham. Order by consent to take evidence of witnesses. A. D .Wilson for plaintiff. H. L. Edmonds for defendant.

McKee vs. Allen. Over holding tenants act. Set for April 5. J. R. Grant made application.

Falch vs. Bridge. Order for payment out made Adam S. Johnston far W. Norman Bole, K.C., on behalf of the plaintiff.

Brantford Cuts Tax Rate.

Brantford, Ont., March 22.—The City Council struck the tax rate at 21 mills, a reduction of one-half mill on last year's rate. The civic expenditure due to street paving was the largest on record, but from the increased assessable income $15,000 more taxes were derived.

Buys Lumber Business.

Winnipeg, March 22.—J. D. McArthur has bought out the retail lumber business of the Keewatin Lumber Company, of this city, paying $50,000 cash to Senator Gibson to seal the bargain. It was mainly owned by Ottawa capitalists.

Sea Claims Ghastly Toll.

New York, March 22.—Two hundred and twenty-one persons perished by shipwreck and eighty-nine vessels met with disaster off the New England and British North American coasts during the fall and winter season of 1908-09, which ended tonight. Of the eighty-nine vesels cast ashore or lost at sea, six steamers and fifty-six sailing craft were totally wrecked. The total loss exceeded $3,000,000.

ANGLICAN CHURCH ATTAINS JUBILEE

Fifty Years Since Establishment of Episcopate in British Columbia.

This year is a notable one in the history of the province as commemorating the jubilee not only of the settlement of the lower mainland, but as the ecclesiastical jubilee of three of the principal denominations claiming a large portion of the adherents of Protestant churches in the province, the Anglican, Presbyterian and Methodist congregations.

Three Churches.

The News has already referred to the early days of Methodism and Presbyterianism in the province, particularly in Westminster, and reference should be made to the Church of England, as here is located the earliest church on the mainland, and the ecclesiastical see has its headquarters in this city. Acknowledgment is made here to the "Church Times," of London, England, which has dealt with the matter, especially with reference to the first bishop, at some length in a recent article.

The Founder.

To that good and great lady Miss, Burdett-Coutts, afterwards a baroness, the first step was due. With splendid generosity she came forward, and though she had already bestowed one bishopric upon South Africa and a second upon Australia, she added that of British Columbia with a bequest, which was sufficient to endow both the new bishopric and also two archdeaconries, the value of which latter to the Church of British Columbia, not only in its early beginnings, but still

(Continued on Page Seven.)

NEW YORK PLANS UNDERGROUND WALKS

New York, March 22.—The remarkable scope of Greater New York's plans for providing adequate transportation facilities is indicated in a statement issued here today which shows that the expenditure of nearly $500,000,000 is contemplated. Of this amount nearly $400,000,000 is included in projects for tunnels and subways. Work involving a fourth of this total will probably begin before the end of the present year.

A continuous transit line, which proposes an eight million dollar system of moving sidewalks beneath the most crowded business centres, is also planned.

LOST FOR TWENTY YEARS MAN RETURNS TO FAMILY

Chicago, March 22.—After an absence of twenty years, John Alies returned to his wife in Evanston today, having been found by a son of an orange rancher near Whittier, Cal. When he disappeared search was made in many cities. He was later given up as dead.

Waterspout Is Observed.

Portland, Or., March 22.—The local weather bureau this evening received a wireless message from the commander of the steamship W. S. Porter, in latitude 41 north 125 west, reporting that a waterspout passed very close to his vessel yesterday afternoon. The spout was traveling from southwest toward the northwest.

Britain Proposes Russian Alliance.

St. Petersburg, March 22.—It is learned that among other things discussed at the special state council held at Tsarskoe-Selo on Saturday evening was an important communication from England which is tantamount to a proposal for a political and financial alliance between Russia and Great Britain. The communication promised a market for Russian loans in case of hostilities and co-operation in other ways.

HAZING OF STUDENT RESULTS IN HIS DEATH

College Boy Strung up by Heels to a Tree and Left to Meet Untimely Fate.

La Porte, Ind., March 22.—County authorities last night started an investigation tht will probaly lead to the arrest and prosecution of several young men students of the White county school, following the death of Charles Stintson, a student, who was hazed.

For some time, it is said, the pupils of the school have shown a disposition to conduct the school themselves and have driven seven teachers from their positions. Last week the latest teacher arrived, and after calling the chief trouble-makers together, administered a sound threshing. The ringleaders then accused young Stintson of "telling" and hazed him. Stintson was taken to a tree near the school building and strung up by the heels, it is alleged, and while dangling in the air ,frantically trying to reach the ground his tormentors stood by and chided him. They left after a time, and an hour later Stinston was found unconscious by a passerby.

Young Stintson did not regain consciousness and died, without being able to make known who had hazed him.

FIFTY-FOUR JUNKS SINK IN DISASTROUS TYPHOON

The Tyo Maru, when she reached Victoria, brought news of the disaster that overtook a fleet of Japanese sailing craft during a typhoon near Shimonoseki. At Shimonoseki alone fifty-four junks foundered. The British steamer Tsinau rescued a man and his wife, the survivors of a submerged junk, found clinging to a capsized vessel in the Sea of Japan, and the French steamer Salazie took off sixteen survivors of the sailing junk Yebisu Maru, who were clinging to the wreck during the gale. The rescue was bravely done, the boat from the liner being almost swamped.

ROBERT KERR TO RETIRE ON PENSION

Winnipeg ,March 22.—Robert Kerr, passenger traffic manager of the C. P. R. for many years, is to be retired on a pension, and Mr. W. R. McInnis, freight traffic manager, will succeed Mr. Kerr, having control of both the freight and passenger traffic departments. Mr. Lanigan is appointed to the position of freight traffic manager, having control of the whole freight system under Mr. McInnis, and his headquarters will be in Montreal.

BUSY BURGLARS HAD WORKING AGREEMENT

Chicago, March 22.—Proof of a working agreement between gangs of burglars has been discovered by the police. After raiding one house and making five arrests, officers went to another district and captured another group. Property stolen by the first gang was found in the possession of the second and later developments showed that an agreement existed between the crooks whereby the territory of each other was respected.

BATTLESHIP OFFERED TO BRITAIN BY NEW ZEALAND

Wellington, New Zealand, March 22.—The New Zealand government has offered to defray immediately the cost of a first class battleship of the Dreadnought type. Also a second one if necessary. This is in addition to the annual grant of one hundred thousand pounds given by New Zealand to the Admiralty, which has no conditions attached regarding the keeping of vessels in New Zealand waters. It is expected Australia will follow suit, the Australian cabinet having the matter under consideration.

Eight New Stores for Blaine.

Blaine, March 22.—Work has been commenced by Messrs. Booker & Campbell on the foundation of the eight new stores on Washington avenue, between G and H streets.

FANS ORGANIZE LIVE ASSOCIATION

Baseball Enthusiasts See Fine Prospects Ahead—Officers Elected, Umpires Named.

The baseball bug has arrived!

Moved by a kindred spirit, some tarce dozen fans assembled at the Russell hotel yesterday evening and proceeded to organize the Westminster Baseball association, electing officers as follows:

Hon. president, Dr. C. E. Doherty; president, Sid. Malcolmson, vice-president, C. G. McLean; secretary, Ellis C. Turner; treasurer, W. E. Sinclair. These, together with a representative from each of the teams in the league, will conduct the business of the association.

Ten Days' Grace.

At least four, probably five, teams will be in the league. Columbian college has not definitely decided whether to enter, and has been given ten days in which to give an answer. Any other team wishing to join is given the same option as the college, but it is not thought likely there will be more than five teams in the league.

These are the four aggregations already formed: Balmorals (manager, Sid Malcolmson), Young Liberals (manager, W. Sayce), Russells (manager, C. G. McLean), Cubs (manager, Walter Cunningham).

Quick Work.

The business of the meeting was carried through with considerable promptitude, no lengthy speeches being tolerated. Sid Malcolmson, who occupied the chair, discharged his duties with the ease which only long experience in such matters can bring.

Details Settled.

Following the general meeting an executive meeting was held, with C. G. McLean in the chair. It was decided that all players already signed would be held to their contracts, and that anyone declining to be so bound would be dealt with by the executive. Any player dissatisfied with his team, or having a grievance with his manager or captain, will be granted his release after presenting satisfactory reasons to the executive, who will assign him to one of the other teams in the league.

The consent of the manager or captain of the opposite team will be necessary before a player can be added to the strength of a team which goes on the field a man short. Refusal to accede to the request of their opponents to play without a full team will result in the game being lost by default.

Wealth of Color.

The Russells will wear green and red uniforms, the Cubs will don sober garments of grey and blue, the Young Liberals will be conspicuous in blue and white, and the balmorals will be swathed in red and blue rags.

All monies collected at games will be pooled and used by the executive for the running expenses of the club.

Double-Header on Good Friday.

A double-header will be played on Good Friday at Queen's park, when the Balmorals will meet the Russells at 1:30 p. m., and the Cubs will clash with the Young Liberals at half-past three o'clock.

Each team manager is instructed to forward to the secretary of the association a list of the men who will play on his team before the first scheduled game of the season.

An effort is to be made to sell 150 tickets at $1.00 each. Official umpires for the season were selected: Dr. C. E. Doherty, J. A. Cunningham, S. W. Bodley and A. W. Gray.

BLUE FUNNEL LINER HAD EXCITING TRIP

Victoria, B. C., March 22.—The Blue Funnel liner Oanfa arrived here this morning from Liverpool, via Oriental ports, with 7000 tons of cargo and 72 Chinese. The latter were landed here and the steamer departed for Tacoma.

At Jeddah 1000 half-clad pilgrims from Mecca were taken on board the Oanfa and conveyed to Singapore. Soon after they embarked smallpox broke out and was with difficulty checked. One of the religious enthusiasts leaped overboard in broad daylight, but no sooner had his body struck the water than he was seized by a shark and devoured in sight of the passengers and crew of the steamer.

Classified Advertisements

WANTED. FOR SALE. TO RENT. LOST. FOUND. REAL ESTATE. PROFESSIONAL. BUSINESS. FRATERNAL, ETC.

Man wants but little here below; but he will have to advertise if he expects to get it. Advertising may not bring visible results every week in proportion to its cost, any more that a salesman does, but that advertising as a selling help stands squarely on all fours there is no longer any doubt. "When the dimpled baby's hungry, what does the baby do? It doesn't lie serenely and merely sweetly coo; the hungry baby bellows with all its little might till some one gives it something to curb its appetite... The infant with the bottle which stills its fretful cries, a lesson plainly teaches; It pays to advertise."—Chicago Record-Herald.

WANTED.

WANTED — JUNIOR REPORTER. Must have good education, one with knowledge of shorthand and typewriting preferred. Apply Daily News office, Front stret, after 7 p.m.

COAL COMPANY EXPECTS TO DEVELOP TRADE IN B.C.

Removal of Duty on Combustible Exported to America Would Have no Effect on B. C. Industries.

Nanaimo, March 22.—The management of the Western Fuel company, interviewed regarding the possibility of the removal of the import duties on coal passing between Canada and the United States said that they believed that reciprocity in coal between the States and Canada would be a good thing for both countries. So far as British Columbia is concerned, it would tend to extend the field in the States where its coal could be marketed and inasmuch as there is no American coal imported into British Columbia, the removal of the duty by Canada could not have any effect on any of the existing industries here and particularly as British Columbia coals are of a high stadard.

The Western Fuel company has been making a specialty of developing trade in British Columbia and is now marketing fully 65 per cent of its output in British Columbia. But in order to keep its mines working to capacity it is obliged at present to seek an outlet in other countries and in the States is the only field available. The company would welcome the day when its entire output can be marketed in British Columbia.

FOR SALE

Seven-roomed house, modern improvements, and six lots in orchard, between Pine and Third streets, facing Fourth avenue. Price $8000, half cash, balance terms. Apply McQuarrie & Co., Front Street.

Nervy Japanese.

Husum, March 22.—The Japanese who was injured from the explosion of dynamite while clearing land on the Dorr ranch exhibited considerable nerve when it was found that the amputation of an arm was necessary. During the operation the Japanese coolly gazed into a looking glass and watched the amputation, refusing to take an anaesthetic.

Eight New Stores for Blaine.

Blaine, March 22.—Work has been commenced by Messrs. Booker & Campbell on the foundation of the eight new stores on Washington avenue, between G and H streets.

MAIL STOLEN FROM TRAIN IS RECOVERED

Spokane, March 22.—A portion of the registered mail of the Seattle postmark, stolen from Great Northern Train No. 4 December 9 near Hillyard by two bandits, was discovered today cached beneath some small pines in the northern part of the city. The mail was but slightly mutilated, and it was evident that the envelopes had been hastily opened in a search for money. The contents of the sack were entirely exposed to the weather, but judging from the fact that only those letters at the bottom were watersoaked, the sack had not been there more than a month. Six sacks of registered Seattle mail were secured at the time of the holdup.

PADEREWSKI SEIZED WITH RHEUMATISM IN ARM

Famous Pianist Cancels all Engagements and Starts for New York in Special Car.

Milwaukee, March 21.—Paderewski will not appear in Milwaukee on Tuesday night. All his dates for next week are canceled and the famous pianist is now speeding to New York in his special car.

The couse of his sudden change of plans is an acute attack of rheumatism in his arm, which prevents him from playing.

TWO WOMEN CONTEST FOR MANGLED REMAINS

Spokane, March 21.—A special from Wallace, Idaho, to the Chronicle, says: Each claiming that the twenty pounds of bits of mutilated flesh and bones heaped in a dirty nail keg are all the mortal remains of her husband, two widows of victims of Wednesday's powder mill explosion are contesting for the right to bury the mangled shreds. Mrs. J. K. Skilburg wants to ship the remains to California. Mrs. P. E. Pisco desires them sent to her husband's old home in Seattle.

LAND ACT.

New Westminster Land District. District of Sayward.

Take notice that I, C. W. Preston, of Vancouver, occupation farmer, intend to apply for permission to purchase the following described lands:

Commencing at a post planted on the north shore of south Twin Island, thence following the shore eastern, southerly, westerly, northerly and easterly back to point of commencement, taking in the whole island containing 200 acres more or less.

C. W. PRESTON.

Dated Feb. 2nd, 1909.

MAKE YOUR APPEAL to the public through the columns of THE DAILY NEWS. The Morning Paper.

NOTICE.

New Westminster District. District of New Westminster.

Take notice, that Harriet Ford, of Pitt Meadows, B. C., occupation married lady, intends to apply for permission to purchase the following described lands: Commencing at a post planted at the southeast corner of Lot 1020, thence west 20 chains, thence south 80 chains, thence east 18 chains more or less to Agamemnon Channel, thence northerly along the shore to the point of commencement, containing 160 acres more or less.

HARRIET FORD.

M. L. GORDON, Agent.

VOLUNTEER BOUNTY ACT, 1908.
WARNING TO PURCHASERS.

Every assignment of the right of a South African Voluteer entitled to a land grant must be by way of appointment of a substitute and must be in the form provided by the Act.

Special attention is called to Subsection 3 of Section 5 of the Volunteer Bounty Act, 1908, which provides that no assignment of the right of a volunteer by the appointment of a substitute shall be accepted or recognized by the Department of the Interior which is not executed and dated after the date of the warrant for the land grant issued by the Minister of Militia and Defence in favor of the volunteer.

J. W. GREENWAY,
Commissioner of Dominion Lands, Ottawa.

NEW WESTMINSTER LAND DISTRICT.

District of Surrey.

Take notice, that Henry T. Thrift intends to apply for permission to lease the following described land: Commencing at a post planted where the southerly boundary of lot 505, group two (2), New Westminster district intersects the quarter section line, prolonged, running north and south through section two (2), township one (1); thence south 160 rods, thence east 160 rods; thence north to a point 200 feet south of the before mentioned southerly boundary of lot 505, group two (2); thence easterly parallel to the said southerly boundary of lot 505, group two (2), to a point 62 rods north of the 49th parallel of north latitude; thence west to low water mark and 62 rods distant from the said 49th parallel of north latitude; thence south 62 rods; thence east to the point where the southerly boundary of lot 505, group two (2) intersects the before mentioned 49th parallel of north latitude; then following the said southerly boundary of lot 505, group two (2), to the point of commencement, containing by estimation two hundred and forty acres more or less.

Dated at White Rock, B. C., this 22nd day of February, 1909.

HENRY T. THRIFT.

NEW WESTMINSTER LAND DISTRICT.

Take notice that the undersigned intends to apply to the hon. the commissioner of lands for permission to lease the undermentioned lands in New Westminster district:

Commencing at a point where the section line (prolonged) running east and west between sections seven (7) and eighteen (18), intersects the westerly boundary of lot 505, group two (2), New Westminster district; thence westerly 100 feet, thence southerly and easterly parallel to the westerly and southerly boundary of the said lot 505 to the centre line (prolonged) running north and south thorugh section eight (8), township one (1), New Westminster district; thence south 50 feet, thence easterly parallel with the said southerly boundary of the said lot 505 to a point immediately south of the point where the centre line (prolonged) running east or west through section ten (10), intersects high-water mark; thence north along the westerly boundary of said lot 505 to the point where said centre line of section ten (10) intersects high-water mark; thence westerly and northerly along the southerly and westerly boundary line of said lot 505 to the point of beginning, containing by estimation 60 acres more or less.

Dater at White Rock, B. C., February 23, 1909. E. W. LEESON.
HENRY T THRIFT, Agent.

NOTICE.

Take notice that I, C. W. Preston, of Vancouver, B. C., farmer, intend to apply to the Honorable Chief Commissioner of Lands and Works for a twenty-one year grazing lease on the following described land: Commencing at a post on the east shore of Zayas Island, Port Simpson district about a mile south of the mouth of Lake creek, thence west across the island to the shore, thence following the shore northerly, easterly and southerly to the point of commencement.

No. 2 lease.—Zayas island, Port Simpson district, starting at a post at the southeast corner of No. 1 lease, thence west across the island to the shore, thence following the shore southerly, easterly and northely around to the point of commencement.

C. W. PRESTON.
Jan. 28, 1909.

Mail Service

Following are the hours of despatch and arrival of mails at the New Westminster post office, the hour given in each case being the hour of closing, which is half an hour, as a rule, before the actual despatch. All mails, unless otherwise stated, are despatched and received daily except Sunday. The only mails dispatched and received Sunday are the C. P. R. south and C. P. R. east mails, not including the way mails, Sapperton, Fraser Mills and Coquitlam.

Mails Despatched.

6:00 a.m. (closed at eleven o'clock the previous night)—Vancouver via G. N. R. "Owl." Victoria except Wednesday.

8:30 a.m.—Vancouver via B. C. Electric railway.

Sumas and Seattle, including all U. S. Points east and south, and points between New Westminster and Huntindon, B.C., via C. P. R. south. Coquitlam, Sapperton and Fraser Mills.

8:30 a.m.—Blaine and Seattle, including all U. S. points east and south; also all points between New Westminster and Blaine, via G. N. R.

Note.—Cloverdale and district (Clover Valley, Surrey Centre, Elgin, Alluvia and Kensington Prairie) Hazelmere, Port Kells, Hall's Prairie and Nicomekl despatched daily except on Sunday; Clayton, Monday, Tuesday, Thursday and Saturday; Tynehead and Bon Accord, Wednesday and Saturday. These mails are all received same days as despatched.

11:00 a.m.—Vancouver, Victoria and Central Park, via B. C. Electric railway.

12:30 p.m.—Strawberry Hill, Timberland and South Westminster, by courier (Tuesday and Friday).

1:30 p.m.—East Burnaby, by courier

2:00 p.m.—Burquitlam, by courier.

2:00 p.m.—Ladner, Port Guichon, Westham Island and Sunbury, daily except Sunday; Woodward, Tuesday, Thursday and Saturday, via "J. C. Bruce." (Steveston mail despatched and received via Vancouver.)

2:30 p.m.—Vancouver and Piper Siding, via G. N. R. north.

4:00 Vancouver and Burnaby lake, via B. C. Electric railway. Saturday an extra mail is despatched to Victoria via Vancouver at this hour.

Blaine and Seattle, including all U. S. points east and south, via G. N. R. "Flyer."

2:30 p.m.—C. P. R. east, Sapperton, and Fraser Mills.

Mails Received.

6:45 a.m.—Blaine and Seattle, including all U. S. points, via G. N. R. "Owl."

9:00 to 10:00 a.m.—Strawberry Hill, by courier (Tuesday and Friday).

8:20 a.m.—Vancouver and (except Tuesday) and Victoria, via B. C. Electric railway.

2:30 p.m.—Burquitlam, by courier.

3:30 p.m.—Blaine and Seattle, including all U. S. points; also all points

1:30 p.m.—East Burnaby, by courier.

9:30 a.m.—Vancouver and Victoria, via G. N. R.

10:00 to 11:00 a.m.—Ladner, Port Guichon, Westham Island and (Tuesday, Thursday and Saturday) Woodward, via steamer Favorite. (Steveston despatched and received via Vancouver.)

12:30 to 1 p.m.—C. P. R. east, Sapperton, Fraser Mills and Coquitlam.

1:00 p.m.—Vancouver, Central Park and Fraser Arm.

7:00 p.m.—Sumas and Seattle, including all U. S. points and points between Huntingdon and New Westminster, via C. P. R. south; also Fraser Mills.

Synopsis of Canadian North-West Homestead Regulations.

Any even numbered section of Dominion lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at an agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is rejuired to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father (or mother).

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

W. W. CORY.
Deputy of the Minister of the Interior

Lumber Tariff Schemers Now Showing Their Hand

Washington, D. C., March 22.—The Washington corespondent of the Washington Lumberman, the editor of which, J. E. Defebaugh, has been a leading member of the so-called lumber lobby in Washington this winter, has sent the following story to his paper:

"Having succeeded in getting a reduction of 50 per cent. in the lumber schedule in the Payne tariff bill, the American owners of Canadian timber have temporarily transferred the scene of their activities from Washington to Victoria, B. C. Members of the ways and means committee have been advised that the lumber combine which strenuously advocated free lumber before the committee, is now earnestly at work with the members of the provincial body to have their present leases, which now run for twenty years, made perpetual. The head of the organization, which is composed entirely of citizens of this country, is from Minneapolis, and it is said that a fund of a quarter of a million dollars has been set aside to accomplish this plan of getting absolute control of the Canadian forests, which, with the duty of $1 a thousand on lumber coming into this country, would give a monopoly of the industry to the ruin of owners of American timber lands.

"The organization is declared to be planning to enter Canadian politics on a large scale at the next election, and it has appeared so strong that both Conservatives and Liberals are seeking its support. When the lumber schedule was before the ways and means committee the Minneapolis combine sought to have lumber placed on the free list. It was then revealed that its interest was not in making the product cheaper for the American consumer but to enable the holders of leases upon Canadian timber lands to get their product into the United States without the payment of duty. Although they did not succeed in doing this, they were able to get the rates cut in half, and with this much accomplished they are now said to be seeking to get their Canadian leases extended indefinitely and thus control adsolutely the lumber trade of the country.

"A part of the scheme is to swamp the Pacific coast with the British product, deplete the Canadian limits, and thus double the value of the holdings which they have in the American Northwest.

"These men have also launched a $6,000,000 Canadian timber-holding company and are now selling stock to the American people, offering as an inducement that the tariff on lumber is to be removed."

BALLOON IS LOST IN MOUNTAINS OF CALIFORNIA

Six Men Sailing Through Clouds in Grand Canyon May Have Perished in Blizzard.

Los Angeles, Cal., March 22.—Up to 9 o'clock this morning no word whatever had come from the big Ferris racing balloon America, which ascended from Tournament park in Pasadena at 3 o'clock on Saturday afternoon with A. E. Mueller and five other men in the basket. There is a strong probability that the men have perished in the mountains in the midst of the terrible blizzard that has been raging there since early Sunday morning.

The last trace of the balloon was when it disappeared through the clouds in Grand canyon on the slope of Mount Lowe, where it was observed from Alpine tavern, near the summit. The big balloon, containing 78,000 cubic feet of gas, was being driven by a strong north wind toward the peak of the range.

Two searching parties were organized early today at Pasadena, and will go into the mountains at once. Every point in the mountains that could be reached has been communicated with, but no trace of the balloon has been found. There is also a possibility that the men may have landed in the mountains near some habitation which they reached in safety, and have since been unable to make their way out or communicate with the city.

Captain Mueller is the only experienced aeronaut in the party. He has passed through so many perils that confidence is felt that he will bring the men with him back safely. Mueller is a noted aeronaut.

EFFECT ON CANADA OF AMERICAN TARIFF

Winnipeg, March 22.—According to Manager Lindsey of the Crow's Nest Pass Company, British Columbia would be affected in five respects by the proposed American tariff revision.

"In lumber it means a wider market. In bituminous coal and coke, if Canada reciprocates there will be an enlarged and increased American market for British Columbia. As Canada imposes no duty on coke the American duty will be removed. Canada does levy 53 cents on bituminous coal, so reciprocity is a condition here. In pulpwood and lumber British Columbia will derive a decided benefit. In one particular, zinc, the new tariff is unfavorable, as a duty of one cent per pound on zinc in ore is proposed. However, the important commodities are lumber, pulpwood, coal and coke, and such changes are favorable."

MARINE BUOY DEPOT AT PRINCE RUPERT

Victoria, March 22.—Arrangements are being made by the department of marine and fisheries at Ottawa for the establishment of a buoy station at Prince Rupert where the buoys to replace those in northern waters and for any new menaces to navigation which it is decided to mark in this manner will be stored. Ultimately it is probable a subagency of the department of marine and fisheries in this province, which is located at Victoria, will be established at the new railroad terminus in the north. At present the intention is to establish a buoy depot at the northern port.

Waterspout Is Observed.

Portland, Or., March 22.—The local weather bureau this evening received a wireless message from the commander of the steamship W. S. Porter, in latitude 41 north 125 west, reporting that a waterspout passed very close to his vessel yesterday afternoon. The spout was traveling from southwest toward the northwest.

WHEN TO ADVERTISE.

There's nothing on earth so mysteriously funny as an advertisement. The prime, first and last, and all-the-time objects of an advertisement is to draw custom. It is not and never will be designed for any other purpose. So the merchant waits until the busy season comes and his store is so full of customers that he can't get his hat off, and then he rushes to his printer and goes in for advertising. When the dull season gets along, and there is no trade, and he wants to sell his goods so badly he can't pay his rent, he stops advertising. That is, some of them do; but occasionally a level-headed merchant does more of it, and scoops in all the business, while his neighbors are making mortgages to pay the gas bill.

There are times when you could not stop people from buying everything in the store if you planted a cannon behind the door, and that's the time when the advertisement is usually sent out on its holy mission. It makes light work for advertising, for at such a time a chalk sign on the sidewalk would do all that was needed, and a half-holiday six days in a week; but who wants to favor an advertisement? They are built to do hard work and should be sent out in dull days, when a customer has to be knocked down with hard facts, and kicked insensible with bankrupt reductions, and dragged in with irresistible slaughter of prices, before he will spend a cent. That's the end and aim of advertising, and if ever you open a store, don't try to get them to come when they are already sticking out of the windows, but give them your advertisement right between the eyes in a dull season and you will wax rich, and perhaps be able to own an automobile or a fast horse, or to smoke a cigar once or twice a year.

The time to draw business is when you want business, and not when you have more business than you can attend to already.

SCENES IN THE HOUSE.

J. D. Taylor, M. P., "In fact, with what little knowledge I have of artillery, it seems to me that about two days' work of a few men and two teams of horses should be all that was required to transfer these guns.

We should have some explanations of so extraordinary a charge."

Mr. Talbot—Will the honorable member (Mr. J. D. Taylor) tell me if I understood him rightly to say that two teams of horses could have hauled those guns?

Mr. Taylor—When I said two teams of horses—a team is a very elastic expression—I mean the number of horses which in ordinary course you would attach to a gun carriage drawing these guns.

Mr. Talbot—Does the honorable gentleman think that the two best teams of horses in Canada could haul a twelve-inch gun?

Mr. Taylor—As I said, I meant the number of horses which one commonly attaches to a gun carriage.

Mr. Talbot—Probably the honorable gentleman meant a locomotive.

Mr. Taylor—I have been out of the militia for a few years. . . We did not depend on locomotives to haul our guns.

Then comes the inevitable Mr. Foster, "This is another case of Bill Miner.

RATHER COARSE.

The Columbian of May 31, 1906, under the caption "Laurier and Loot," has the following choice morsel:

"The members of Parliament themsleves held up Sir Wilfrid last year for a rakeoff of $5000 dollars apiece added to their 'indemnity' for the parliamentary term, and their participation in this raid effectually seals the lips of the majority in the commons as to the rascalities, the subject of daily revelation."

Rather coarse, but still to salve his conscience, we sincerely hope our member will refuse the tainted increase and send it along to Mayor Keary for the Columbian hospital, always a deserving charity.

J. D. Taylor, M. P., apparently has Miner on the brain. In a discussion on the merits of the appointment of an inspector in Nova Scotia, in which, of course, our member had a finger, the Hon. Wm. Pugsley had to address the chairman as follows. "Do you not think Mr. Chairman, that instead of discussing William Miner we might take up this item?"

We don't know what sort of a disease "Mineritis" will eventually lead our member into, but we do hope, that the disease in running its course will allow of a few lucid intervals during which New Westminster will not be entirely forgotten.

LICENSE FOR HORSES IN SAN FRANCISCO

San Francisco, March 22.—All of the horses driven over the streets of this city, from the plodding dray to the high-stepping carriage horse, will be compelled to wear a tag if an ordinance prepared by the tax collector meets with the favor of the board of supervisors. The tags, like those worn by dogs, must be displayed on the left hand side of the headstall, and the horse that appears without this decoration will be summarily removed from the vehicle which he is drawing and taken to the pound. The license will be $1.50 a year. The present ordinance is designed to take the place of the rule requiring wagons to be licensed.

Organize for Fair at Cranbrook.

Cranbrook, March 22.—An enthusiastic meeting was held this evening in the committee rooms at the Cranbrook hotel for the purpose of arranging for the organization of an agricultural society to take charge of the holding of an agricultural and industrial fair in this city next fall. F. E. Simpson, editor of the Herald and president of the board of trade, was elected president. Dr. S. F. Tolmie, chief veterinary inspector of British Columbia, gave a most interesting address on agricultural and horticultural needs in connection with fairs.

Crime on the Increase in World's Metropolis

London, March 22.—In his charge to the grand jury at the Old Bailey the recorder commented on the constant increase in the business of the court, which had been sitting practically since January 12. He contrasted conditions today with those existing when he was first with the Central Criminal court forty-five years ago.

Then the sessions seldom lasted over Thursday, and sometimes concluded on Wednesday. He ascribed the increase in cases of crime to the vast increase of the population in London, the extension of the area and the greater complexity of modern business.

An examination of the last report of the commissioner of police of the metropolis also suggests that there has been a distinct increase in recent years in serious crime in London. Thus the number of principal offences rose from 18,907 in 1906 to 21,340 in 1907.

The report comments on "the marked increase in burglaries and housebreakings." The proportion of felonies relating to property to the population in the police area has risen steadily of recent years. In 1907 it was 26.89 to each thousand of the population, a higher figure than in any year since 1895.

The criminal statistics for the whole of England and Wales corroborate the increase in serious crime and show that it is general throughout the country. The number of persons sentenced at the assizes and quarter sessions rose from 7975 in 1900 to 10,390 in 1906, the last year given in these statistics, an increase which greatly exceeded the growth in population.

Strike of Postal Employees Is Practically Settled

Paris, March 22.—In spite of minor details, the adjustment of the strike of the French telegraphers and postmen that has disorganized the business life of France for a week or more, is considered virtually in sight. Fully five thousand employees returned to work this morning.

A meeting attended by five thousand strikers was held this morning. It was decided that the recommendations of the strike committee in the matter of a settlement constituted a surrender to the government because the resignation of M. Simyan, under secretary of posts and telgraphs, has not been secured. Consequently another committee was appointed to see Premier Clemenceau this afternoon.

The general opinion is that the strikers will emerge victorious, and that the government has saved its dignity in promising to oust M. Simyan. This official has already been practically eliminated.

The newspapers of Paris are reviewing the strike movement as if it was over. The Socialist papers claim a victory; the government is gratified at the ending of the unfortunate misunderstanding, while the independent conservative press says that the incident furnishes an eloquent lesson of the dangerous state of socialism toward which France is drifting.

The strike committee yesterday decided to call off the employees and made the first move to effect a settlement virtually suing for peace. The strikers communicated to the minister of public works the terms on which the allied associations collectively would resume work. These were: The resignation of M. Simyan, under secretary of posts and telegraphs; that no employees should be dismissed on account of the strike. They desired also the assurance that the delegates of the association hereafter should be permitted to lay their grievances directly before the minister of public works.

M. Barthou recived the deputation in a conciliatory spirit. He said that the government could not discuss the resignation of an official except at parliament, but he gave the delegation the satisfaction it demanded on other points.

The publication in today's official journal of a lengthy circular addressed to M. Simyan and the postal chiefs, minutely instructing them as to the manner of applying the promotion system recently inaugurated, is evidence of the fact that the government has no intention of abolishing the system, which was repugnant to the men. The circular states that the object is to remedy the widely varying methods employed in the selection of employees for promotion, which has caused most regrettable jealousies among the officials of the same grade.

First get her answer—then come to Me.
My Rings for engagements she surely should see;

WOMAN SEEKING DETECTIVE THIEF

Comes West to Look For an Officer Who Rifled Her Safety Box.

Los Angeles, Cal., March 22.—Mrs. Mary Wilmot, of Allentown, Pa., accompanied by Private Detective John Reese, is in this city on a search for former Detective George T. Brown, of Allentown, whom she accuses of having stolen $15,000 worth of diamonds and valuable papers from her safe deposit box in an Allentown bank some months ago.

Mrs. Wilmot says that Brown obtained possession of the key to her safety deposit box through misrepresentations, and fled after taking the diamonds and papers.

Brush Fire Is Disastrous Beacon

San Francisco, March 22.—Mistaking a brush fire on shore for a ship on fire, her captain while endeavoring to succor the vessel by altering the course of the steam schooner R. D. Inman, ran the ship on the rocks near Bolinas Point last night, and it is believed today that she will be a total wreck. The Inman sailed from this port Saturday evening in ballast for Portland. She had arrived about two miles off Bolinas Point when Captain Lancaster observed what appeared to be a burning ship close inshore. Running close in to see if he could be of any assistance, Captain Lancaster found himself inside the line of jagged reefs, and in the heavy weather and a severe electrical storm which prevailed, the Inman was driven on the rocks. The hack of the vessel appeared to have been broken by the impact. Captain and crew reached the shore in rowboats. It was only then that the skipper found that what he had taken to be a burning ship was a brush fire. The news of the disaster was brought to the city by the captain of the steamer Sea Foam.

The Inman was owned by the Loop Lumber Company, and was 186 feet in length, and valued at $100,000.

COSTLY RADIUM TUBES ENCASED IN QUARTZ

London, March 22.—The Royal British Radium Institute has accentuated the interest in radium and a firm of medical and scientific instrument makers is supplying tiny tubes of radium bromide for internal therapeutic work.

As glass absorbs some of the emanations the radium bromide is enclosed in a very small dome about a quarter of an inch in height by three-sixteenths of an inch in diameter, made of quartz. The tube is hermetically sealed to a rod and can be introduced into an incision or into the interior of the body. The quartz holds only about the sixth of a grain of radium bromide, but it costs $500.

PRISONER ENDS HIS LIFE AFTER CONFESSING MURDER

Boulder, Colo., March 22.—With a towel wrapped thrice around his neck, with the loose ends caught about a hook, Lem C. Mayhew ended his own life in jail today. He was accused of having murdered William Collier, a rancher, living near Longmont. Mayhew left a complete confession of the killing of Collier, written before he hanged himself today.

LAND REGISTRY ACT.

Take notice that an application has been made to register George Adams as the owner in Fee Simple, under a Tax Sale Deed from the Mayor and Treasurer of the City of New Westminster, to George Adams, bearing date the 25th day of September, A.D. 1902, of all and singular that certain parcel or tract of land and premises situate, lying and being in the City of New Westminster, in the Province of British Columbia, more particularly known and described as Subdivisions 15 and 16 of Lot 8, Suburban Block 11.

You and those claiming through or under you and all persons claiming any interest in the said land by virtue of any unregistered instrument, and all persons claiming any interest in the said land by descent, whose title is not registered under the provisions of the Land Registry Act, are required to contest the claim of the tax purchaser within forty-five days from the date of the first publication of this notice upon you, and in default of a caveat or certificate of lis pendens being filed within such period, or in default of redemption before registration, you and each of you will be forever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register George Adams as owner thereof in fee.

And I hereby certify that publication of this notice for thirty days in a daily newspaper published in New Westminster will be good and sufficient service thereof.

Dated at the Land Registry Office, New Westminster, province of British Columbia, this 16th day of March, A. D., 1909.

C. S. KEITH,
District Registrar.

To Thomas William McColm, Charles W. Wise, Caroline A. Jack.

Synopsis of Canadian Homestead Regulations.

Any available Dominions lands within the railway belt in British Columbia, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

COAL.—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

TENDER FOR RED RIVER BRIDGE.

Sealed tenders, addressed to the undersigned, and marked on the envelope "Tender for the Red River Bridge," will be received at the office of the Commissioners of the Transcontinental Railway until 12 o'clock noon on the 8th day of April, 1909, for the construction and erection of a steel and concrete bridge and approach spans over the Red river between Winnipeg and St. Boniface, near the foot of Lombard street, together with grading and approach spans over streets in Winnipeg.

Separate tenders must be submitted for the substructure with other works, as per schedule, and for superstructure.

Plans, details and profiles may be seen and full information obtained at the office of the chief engineer at Ottawa, and also at the office of the district engineer at St. Boniface, Man.

Persons tendering are notified that tenders will not be considered unless made on the forms supplied by the Commissioners, which may be had on application to Mr. Hugh D. Lumsden, chief engineer, Ottawa, Ont., and M. R. Poulin, district engineer, St. Boniface, Man.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada, payable to the Commissioners of the Transcontinental Railway, for the sum of $25,000 for substructure and other work as per schedule, and for the sum of $25,000 for steel superstructure and floor.

The cheques deposited by the party whose tender is accepted will be deposited to the credit of the Receiver-General of Canada as security for the due and faithful performance of the contract according to its terms. Cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

The right is reserved to reject any or all bidstaoin ....6 ..ogicOthe ao or all tenders. By order

P. E. RYAN, Secretary.

The Commissioners of the Transcontinental Railway.

Dated at Ottawa, 6th March, 1909.

Newspapers inserting this advertisement without authority from the Commissioners will not be paid for it.

MEDICAL MEN ARE ACHING FOR POWER

Physicians Would Prohibit Perpetuation of Physical Misfits By Legislation.

New York, March 22.—Medical men should be placed in sole control of the dependent classes and criminals according to Dr. Woods Hutchinson, an eminent medical authority, in an address last night before the University of Michigan in New York Dr. Hutchinson said in part:

"Physicians should have the authority to prevent the perpetuation of unfit citizens. The time of medical leadership is coming. Much of the mystery which surrounds medicine has already disappeared, and the rest is fast disappearing."

Dr. Hutchinson said that the more enlightened physicians in this country were anxious to get into politics in order that they might carry into effect new ideas for the protection of health. Physicians, he said, were becoming eager to get into state legislatures, into congress, and into the cabinet.

Anglican Church Attains Jubilee

(Continued from Page One.)

more at the present day, cannot be overestimated.

Thus the money was provided, and before so very long the man was forthcoming also.

George Hills, vicar of Great Tarmouth, was chosen. He spent a few months in England after his consecration, during which he made a vigorous effort to secure men and funds, being backed up with a hearty goodwill by Bishop Tait, of London, and Bishop Wilberforce, of Oxford. Among those young men to whom the call of God came at this particular moment was another Leeds curate John Sheepshanks, who followed George Hills out to the distant West, and after nine years of unremitting toil at New Westminster on the banks of the Fraser river, returned to England, afterwards becoming Bishop of Norwich.

Financial Depression.

After Bishop Hills sailed in November 1859, a period of financial depression set in. The endowments of the diocese had been invested in the province itself, and anxiety for the future followed. Then, once more, internal troubles sprang up in the shape of a schism in Victoria itself. Still, in spite of all these difficulties, the good work grew and prospered. On commencing operations, Hills found only one solitary clergyman at work, but in twenty years' time he had succeeded in dividing up his great diocese into three portions and returned to England.

Westminster Diocese.

In 1879 the diocese was divided, and the see of New Westminster formed, under Bishop Sillitoe. Although the church in the diocese of New Westminster has been confronted with no small amount of difficulties in recent years, yet it has never slackened in its progress. Fifteen years ago there were only 18 clergy in Kootenay and 33 in New Westminster. Then, there was not, properly speaking, one single self-supporting church; today there are 18. The diocese of Kootenay was formed in 1900, remaining under the spiritual jurisdiction of Bishop Dart, of New Westminster, who succeeded the late Bishop Sillitoe.

Training the Clergy.

The leaders of the church have decided to throw in their lot with the province and to establish an institution, which will be known as St. Mark's College, the main object of which will be the training of British Columbia's future clergy. It will be attached to the university as a self-governing hostel, and its students, though possessing their own chapel, and under the guidance of their own officer, will nevertheless be enabled to participate in all the many advantages derivable from a great centre of higher education.

The establishment of St. Mark's College is to be a memorial of Bishop Hills.

Local Churches.

The first Holy Trinity church was a small wooden building reared among the stumps, and Rev. John Sheepshanks, now Bishop of Norwich, the rector, lived in a little log hut near the church. The first stone edifice was built in 1870, and though damaged in the fire, has since been rebuilt. St. Mary's, Sapperton, the pioneer church, still remains, though built by the Sappers under Col. Moody's direction 50 years ago. St. Barnabas was founded some 17 years since.

EPWORTH LEAGUERS WILL MEET IN SEATTLE

Special Arrangements Will Be Made for Receiving of Methodist Guests At A.-Y.-P. Exposition.

Seattle, Wash. March 22.—With the spirit of enterprise and accomplishment manifested in all its undertakings, Seattle is preparing to take care of the International Convention of Epworth Leagues, which meets in Seattle July 7 to 12, and extends to all of the 5,000,000 members of the Methodist church and especially to the 1,500,000 Epworth Leaguers, a cordial invitation to attend.

The 300,000 people of Seattle are largely transplanted Easterners, Southerners and Canadians They represent the pioneer elements of these people and are the wells from which the Seattle spirit bubbles—the spirit which makes Seattle famous for the accomplishment of great things. The latest evidence of this spirit will be found by visitors in the Alaska-Yukon-Pacific Exposition which will be one of Seattle's attractions this summer. The exposition will be the most unique ever given on the American continent and there is every indication that it will be both artistically and financially successful. The natural surroundings of the exposition grounds are certainly the most beautiful in which any American exposition has ever been held, as beautiful views of lakes and mountains can be had from many points on the grounds. The architecture is good and the fair will be ready June 1, with buildings and exhibits valued at over $50,000,000. July 12th will be Epworth League Day at the Exposition.

Death of Mrs. Joseph Dockrill.

Mrs. Joseph Dockrill, of Sunnyside, Port Moody, died yesterday morning after a short illness. The interment is today at the Church of England cemetery, Sapperton, and will be preceded by a service held at the English church, Port Moody, at 11 a.m. Deceased, whose maiden name was Maria Catherine O'Gorman, was a native of Ireland, and married Mr. Dockrill on September 14, 1858, at Florence, Ont., celebrating her golden wedding at Port Moody last year, when her eight children (two boys and six girls), twenty-six grandchildren and two great-grandchildren, were present. Mr. and Mrs. Dockrill had lived in B. C. for over a quarter of a century. Mrs. T. J. Trapp, of this city, is the eldest daughter of the deceased.

Kansas Takes Island.

Washington, March 22—The U. S. supreme court, in an opinion written by Justice Oliver Wendell Holmes, today decided the Missouri-Kansas boundary line dispute in favor of Kansas, ending the long controversy relative to Goose island, in the Missouri river, near Kansas City.

An Ideal Farm Home

We are offering for sale an ideal farm home in the Fraser valley. There are 80 acres of the richest alluvial soil; 40 acres cleared and balance very light brush. It is convenient to town, water mains pass the door, and water is pumped to the buildings. We offer this farm for only $9000; half cash, balance at 7 per cent.

Here's another only four miles from town; 80 acres; 60 cleared. This is a money-making investment. Price $8000.

To rent—100-acre farm; 80 acres cleared, and free from stumps; balance good pasture land. There is a first-class orchard on the property from which last year over $400 worth of fruit was sold; 20 acres are in fall wheat. The buildings are good. It is an ideal dairy and fruit farm and a money-maker to any one. Easy terms.

The Millinery Section
ANNOUNCES THE DISPLAY OF MORE NEW HATS

New shapes, new flowers, new ornaments, straw braids, and other trimmings of every description, have arrived since the Grand Millinery display. Those in charge have been busy turning out hats trimmed in styles which are models hard to distinguish from the expensive pattern hats. The adaptation of styles to suit your requirements, the pricing of hats so that they are within the reach of every purse, are features carefully thought out and are what make our Millinery Department so popular. Then again there is placed before you here an immense range of everything to choose from in the matching and making up of hats to your liking. Select now when you have such choice—and leave your orders early.
