NO BAIL ALLOWED PRISONERS ARRESTED AT NIGHT BY POLICE

Role Comes Operative in Consequence of Murray Case and City Council Exonerates Police—Tenders Called For Queen's Park Fire Hall—Petitions for Street Improvements.

There was a light list of communications at the meeting of the city council last evening. In the absence of the mayor, Ald. Shiles presided. The chief discussion ranged round a report of the police committee exonerating Sergt. Geiser and Officer McLeod for arresting Hugh Murray at South Westminster on Aug. 21.

The Police View.

Ald. Fader moved the adoption of the following report of Chief McIntosh with reference to Hugh Murray's arrest:

"In reference to the complaint of Hugh Murray contained in his letter of Aug. 31 to the city council, I beg to report that in consequence of a complaint made to Sergt. Geiser by one Andrew Linn, that man had shot at him (Linn) on the south side of the river, on the night of Aug. 21, Geiser and Constable McLeod went across the river about one o'clock the same night, and arrested Hugh Murray in his house, which is situated in the city strips on the south side of the river. On being brought to the police station Murray wanted to be released on bail. He was allowed to go up the police magistrate in order that bail might be arranged, but could not raise him on the phone. He did not have any money on him to put up in case bail had been granted him. No person has authority to grant bail in any case without the consent of the police magistrate, who has authorized me to allow bail in cases of misdemeanors, but all other applications for bail must be referred to him. The following morning the complainant Linn came to the station, and gave us a complaint charging Murray with shooting at him, and was told by me that it would be necessary for him to be in court at 9:30 a.m. with the evidence. When Murray's case was called in court, Linn did not appear and the case was therefore dismissed. In regard to his complaint that it is a standing order at the police station that no person will be admitted bail after 10 p.m., I would say that I have been called up by phone hundreds of times after that time in order that people might be bailed out, but as it is not my business to grant bail, in future I will refuse to have anything to do with settling bail."

Defence of Murray.

Ald. Johnston said Murray was an old resident, he had known him as long as any man in the city, and he had yet to find Murray had done anything which would call for his arrest. He (Ald. Johnston) was sorry that Mr. Murray was not as favorably known to the police as to some of the others. A summons to appear was all that was necessary. This was the first time complainant had got into trouble that had caused him to take any material part at the police station, and if the facts were known to whole council he thought they would regard it somewhat in a different light. As far as he knew, Murray shot in the air, and not at Linn. He believed, under similar circumstances he would have shot at the man himself. He was sorry that Mr. Murray had been behind the bars for even so short a time as one night. Had Mr. Murray caused the police trouble in the past, he would not take his part.

A Criminal Case.

Ald. Fader replied that a summons was impossible. It was a criminal offence, and meant an arrest, or nothing at all. The police had no alternative when a complaint was laid. After all, it was the case of one man's word against another, and had to be decided by the court. When the man made the complaint, and demanded Murray's arrest, the police had no alternative in the matter.

Ald. Johnston asked if Linn had been located, if not an effort should be made to do so.

Ald. Fader replied that Murray did not dispute the facts. He said, however, he shot in the air.

Ald. Johnston remarked there was no question that the place of the arrest, in South Westminster, was in the city.

Ald. Gray said that the very fact of firing a gun in the city limits constituted an offence.

Report Adopted.

Ald. Henley said that if similar circumstances arose he would not hesitate to defend his home. There had been a number of complaints as to the depredations of tramps, and boats had been stolen. This man Linn came to the boat house at 1 a.m., began to meddle with Murray's possessions, and the shot was fired to scare him.

The report of Chief McIntosh was then adopted.

New Fire Hall.

In committee Ald. Johnston reported that the tender of Joseph Jackson for clearing the site of the new Queens park fire hall, for $250, had been accepted. This was the lowest. He also presented plans of the new hall, which embraces a two-storey building, on the ground floor a large space for hose wagon, and at the rear stalls for two horses. Upstairs living accommodation for four men is provided, and a tower for drying hose is a new feature to be introduced. It was resolved to advertise for tenders to be in by Sept. 21, in three sections, painting, carpentering and plumbing. On the motion of Ald. Jardine it was resolved, at the request of Fire Chief Watson, to vote $100 towards the entertainment of the fire chiefs of B. C. on their visit here during exhibition week. One excursion projected will be a visit to the Fraser mills.

Milk Supply Improving.

Dr. Jones, medical officer of health, reported that for the month of August six cases of scarlet fever were reported cured, and were released from quarantine. Samples of milk from the different dealers, and hotels, all of

(Continued on Page Eight.)

TERMINALS OF G. N. R. ON BURRARD INLET

Big Expenditure on Fine Depot Outlined--Northern Pacific Trains Through Here.

Alex Stewart, assistant chief engineer of the Great Northern railway, and John S. Sharp, the right-of-way agent, are now in Vancouver in connection with proposed preliminary expenditures of $500,000 for wharves and tracks on Burrard inlet, and $100,000 for facilities for yardage on False creek. All the plans have been drafted and approved by the company, and the work on the False creek yards will be proceeded with forthwith.

It is also announced that when the Cloverdale-Sumas cut is completed, in about two months' time, the trains of the Northern Pacific railway will run into this city over the Great Northern tracks. In the past the Northern Pacific has come into Vancouver over the Canadian Pacific railway, but that agreement will soon be terminated.

The reduction of the grade on the Great Northern where the track rises from the east end of False creek is now almost completed, and when done the work of filling in the east end and the south side of False creek for yardage purposes will be proceeded with. Room will be made for a series of tracks to accommodate standing cars, also for the erection of warehouses and shops.

It is hoped that the foregoing work will be completed this year, and then the construction of a union line to the company's waterfrontage on Burrard inlet will be proceeded with. The company owns 2000 feet of waterfront along the old Vancouver engineering works site, between the Hastings sawmill and the B. C. Sugar refinery.

COUNTY COURT COMPLETED HEARING OF MANY CASES

County court yesterday before His Honor Judge Howay:

The sittings were continued yesterday of the September court. A large number of witnesses were called in the case of Johnson vs. Knox, the counter claim for $856 being under consideration. The judge had found for the plaintiff on the main claim $421, and the counter claim, loss of profit on 7360 ties at 13 cents each, was the question at issue. Knox, the defendant, who was represented by A. H. McNeill, has a contract with the C. P. R. to deliver ties, and a certain number had been cut when plaintiff it was alleged interfered to prevent defendant's agent from completing the work. His honor decided to go over the ground at Port Moody with one of the principal witnesses from each side before giving a decision. J. D. Kennedy appeared for the plaintiff.

Gilley Bros. vs. Jones and Hannah: H. L. Edmonds for plaintiff. Judgment for amount ($52.60) claimed with costs.

Miles vs. Burnett: This was an action to recover balance of debt ($88.14) for work done at the defendants house at the corner of Third street and Sixth avenue. Defendant let a contract for plumbing to plaintiff, and paid $50 on account. Material, labor and supplies came to another $90, and objecting to the plaintiff's charges, defendant tendered $82.50 in full settlement, which was refused. Expert evidence was called on the question of value received, and the judge reserved his decision. W. G. McQuarrie for plaintiff, and W. J. Whiteside for defendant.

Big Liberal Meeting.

Hon. William Templeman, minister of inland revenue, addressed a mass meeting in Victoria yesterday evening. This was his first address in his home city since his return from Ottawa.

YESTERDAY'S BASEBALL.

MUNICIPALITIES CANNOT AGREE ON WATER SOURCE

Westminster Representatives Attend Joint Meeting on Water Question at Vancouver.

The representatives of the city of Vancouver, this city and the municipalities of South Vancouver, Point Grey and Burnaby met at the city hall, Vancouver, yesterday afternoon to discuss the question of water supply for the districts between Burrard inlet and the Fraser river, especially in view of the by-law vote at South Vancouver for the $500,000 scheme on Saturday. The local jealousy between the public bodies was shown in the way Vancouver aldermen attempted on Tuesday evening to prevent a representative attending from that city, and the municipalities themselves are by no means united on the subject. Ald. Shiles and Superintendent of Waterworks Stott, who attended the meeting, found no reference to Westminster's supply at Lake Coquitlam, as the municipalities are all looking to develop their records on Seymour and Lynn creeks, but in what manner they are far from knowing. It was resolved after some discussion to appoint two representatives from each district to form a committee which would be called together at a latter date.

POLITICAL INTELLIGENCE.

Cowan Nominated.

George H. Cowan was yesterday evening selected as standard bearer for the Conservatives of Vancouver at a meeting called for that purpose in O'Brien's hall. The only other serious candidates for nomination were C. M. Woodworth and Charles E. Tisdall. A public meeting in honor of the nominee will be held in Vancouver on Friday evening. This will be attended by several members of the provincial cabinet.

W. W. B. Opens His Campaign.

W. W. B. McInnes, Liberal nominee for Vancouver, speaks on the Asiatic question in that city this evening.

Wilmot for Conservatives.

Georgetown, N. B., Sept. 9.--R. D. Wilmot, M. P., was nominated by Queens-Sunbury Conservatives today.

Lieut. T. Cunningham returned yesterday from the east, after his many successes at the ranges both at the Ontario meeting and the Dominion gathering at Ottawa.

CRUSHED TO DEATH UNDER WHEELS OF STREET CAR

C. Dynes Meets With Cruel Fate While Travelling on Sapperton Car—Fell From Front Platform—Tragic Fatality Preceded by the Destruction of Victim's Home by Fire.

An awful death overtook C. Dynes, of 755 Columbia street, shortly after half past five o'clock yesterday evening, the unfortunate man being crushed beneath the wheels of B. C. E. R. car 106 near Leopold Place while on his way home from the city.

The unfortunate man was riding on the front platform of the car and was standing on the steps with one hand grasping the rail. The car had just left the switch, where it had waited for the city car passengers to transfer, and was starting towards Sapperton when Dynes apparently leaned forward and lost his balance, the weight of his body carrying him under the front trucks of the car. Before the car could be stopped, the wheels had passed over the unfortunate man, instantly crushing out life.

Awful Injuries.

The victim's chest was reduced almost to a pulp, the ribs being crushed in and broken. The right arm was broken in two places and the flesh ripped open from the wrist to well above the elbow. The left arm was broken at the wrist, the flesh being also torn open, the bone being exposed. A gash across the forehead and a slight contusion on the cheek are the only marks on the face. Besides these, numerous other injuries were received on various parts of the body.

Although the accident happened shortly after half past five o'clock, the body was not removed from the scene of the fatality until nearly seven o'clock, when it was taken to Marchie's undertaking parlors, where it was prepared for interment.

Morbid Curiosity.

Dr. Hall, who was called to the scene shortly after the accident, could only certify to the decease of the unfortunate victim. Sergt. Geiser and Officer McLeod, of the city police, were also on the spot shortly after the accident to restrain the morbid curiosity of the crowd which gathered at Leopold Place as soon as the news of the fatality became known.

Car 106 was manned by Conductor E. J. Pentland and Motorman D. Gracey. No blame is attached to either.

Inquest Today.

Riding on the front platform with the motorman and Mr. Dynes at the time of the accident were R. Jamieson, J. Digby and W. Bowers. These men will be called upon as witnesses at an inquest over the body which is to be held by Coroner Captain Pittendrigh at Marchie's parlors today.

Statement by Local Manager.

D. J. McQuarrie, local manager of the B. C. E. R. company, speaking to the News shortly after the fatality had occurred, expressed the opinion that it was a pure accident. As far as he could see, there could be no blame attached to anyone. He also called attention to a notice posted conspicuously in all cars warning passengers against riding on the steps of platforms.

Here Twenty Years.

Deceased was well known in this city, where he had lived continuously for nearly twenty years, coming here direct from Ireland. For fourteen years he worked at the Brunette saw mills. He abandoned this work about twelve months ago, when he started in the grocery business at Sapperton, commencing shortly after the Brunette store, managed by the Johnston brothers, had been destroyed by fire.

Leaves Five Small Children.

A widow, five small children, and a brother, Ralph, are left to mourn his sudden and cruel death. Deceased, who was only 38 years of age, had been twice married, his first wife being Miss Lilly Munday, by whom he had three children, Mary, now aged 10, Joseph and Annie. Two children, Alice and Margaret, the latter a babe of only four weeks, followed his second marriage, his widow being a sister of Pat Devine, one of the guards at the penitentiary. Ralph Dynes, brother of the deceased, is also em-

(Continued on Page Four.)

Decade Has Passed Away Since Westminster Fell Easy Prey to All Devouring Flames

Just a decade ago today New Westminster was visited with the most dreadful fire of its history which swept through its business and residential districts with paralyzing rapidity. The fire began at 11 p.m., and quickly spread all over the lower portion of the city, the business section being a heap of ruins by daylight next morning.

Like so many famous fires its origin was simple. A pile of baled hay in the Brackman-Ker warehouse was the first to catch on fire, thence spreading to three sternwheel steamers, which, taking fire, cut adrift and became fire ships bearing destruction all along the wharves. The hay at the C. P. N. warehouse caught fire and from this the buildings on Front street ignited.

A long dry spell had preceded the outbreak, and soon it was found that the water pressure was failing, and the danger of a stiff breeze was being increased by the draught of the fires. Waterless, the struggle became hopeless, and practically the whole of the down town district from the Burr block to the Royal City mills was destroyed. The waterfront buildings were completely gutted with the exception of the C. P. R. freight sheds, and the fire spread north to Royal avenue on the west, and Agnes street on the east. Three million dollars damage was done, only about half that amount being covered by insurance.

For long afterwards the business of the city was carried on in shacks, but there is now very little vacant land on the lots burned over by the fire. New churches have arisen, and blocks of business premises better than before. The Carnegie library occupies City Hall square, but a new hall, now seven years old, and one of the best city halls in the province, has taken its place on the business street. Brick or concrete has almost replaced frame structures, and under the fire protection by-laws even frame buildings for business use will be a thing of the past. The Anglican cathedral, which suffered very severely in the fire, has been restored, and other churches which have been rebuilt more commodious than formerly are the Baptist, Reformed Episcopal and Queens avenue Methodist. The Baptist and Methodist churches have both changed their sites. A number of fine public buildings, including the Dominion Trust building, the court house, and many public halls, have been re-erected. With the construction of Lavery's block east of No. 1 fire hall, there will be no gap on Columbia street.

City of New Westminster As It Looks Today, Ten Years After the Big Fire.

Jones Is Washington's Choice For United States Senator

Seattle, Sept. 9.—Returns received from various sections of the state this morning indicate that Wesley L. Jones is the choice of the people for United States senator, his lead over Senator Ankeny being one of a wide range. Incomplete returns show that Jones is leading by a tremendous vote and Ankeny will have to poll heavier than first estimated from the larger cities in order to nose in ahead. Figures are only given in the estimate.

Gubernatorial Contest.

Judge Snell has carried Pierce county and is leading in second choice in nearby counties. Samuel S. Cosgrove, of Pomeroy, is leading by several thousand over Mead. On the east side of the mountains it is now estimated that Cosgrove has polled five to one over Mead. McBride will undoubtedly be third in the race, although the second choice votes are not being tabulated for distribution, the first only being roughly given. McBride has run stronger east of the mountains than expected.

Candidates Pattison, Durkin, Spawn, Atkinson, Blackman and Bryne are running so far behind that their vote is lost in the count.

Samuel G. Cosgrove is the Republican nominee for governor of Washington on the face of the returns so far received from King county and the state at large.

In the vote on preference for the nomination for United States senator for Washington at the Republican primaries yesterday, incomplete returns from twenty-nine counties gives the following result:

Levi Ankeny, 10,466.
W. L. Jones, 12,196.
W. H. Snell, 3325.

This Is My 53rd Birthday

Poultney Bigelow.

Poultney Bigelow, well known as an author and journalist, was born in New York City, Sept. 10, 1855. He is the son of John Bigelow, who served as United States minister to France for some years, and who is now in his ninety-second year. Poultney Bigelow graduated from Yale and later attended the Columbia law school. He was admitted to the bar in 1882, but has never practiced law. Much of his time has been spent in foreign travel. He resided in Germany for some years and was known as an intimate friend of the German emperor. Mr. Bigelow has made a special study of modern history and colonial administration and has lectured on those subjects before several leading American universities. During the Spanish-American war he represented the London Times in Cuba. In 1906 he attracted attention to himself by several articles he wrote in criticism of the policy of the administration in the construction of the Panama canal.

MINISTER PLEADS GUILTY OF THEFT

Trusted Statesman Commits Series of Frauds Against Bank in Denmark.

Copenhagen, Sept. 9.—M. Alberti, who retired recently from the post of minister of justice, yesterday surrendered to the police and confessed to a series of frauds against the Bondestandens Sharkasse, a savings bank of which he was president. The affair has caused a sensation, as it was entirely unexpected. Alberti was an intimate friend of the King and very popular at court. Only two days ago he dined at the palace, sitting at the King's right hand.

The frauds exceed $2,500,000, which the ex-minister lost in speculations in stocks in the United States. The Bondestandens bank has stopped payments, having been closed by order of the authorities. M. Alberti was given a brief examination last night, after which he was sent back to prison.

This Date in History

SEPTEMBER 10.

1785—United States and Prussia concluded a treaty of amity and commerce.

1810—James Pollock, of Pennsylvania, who as a member of congress had place on national coins the motto "In God We Trust," born.

1828—Don Pablo Obregon, Mexican minister to the United States, died in Washington.

1862—Governor Curtin, of Pennsylvania, expecting an invasion of the state, called on all able-bodied men to organize for defence.

1863—President Juarez, of Mexico, proposed an alliance ofSouth and Central American republics to resist encroachments by the United States and European nations.

1868—A band of Cheyenne Indians invaded the towns of Sheridan and Butler, Kansas.

1894—The Republicans carried the Maine state election by a plurality of 38,000.

MORROW, PIG-TRAINER, FOUND DEAD IN PORTAGE

Portage la Prairie, Man., Sept. 9.—Frank Morrow, better known as "Doc," a well known character about town, was found dead last night in the yard at the rear of the Merchants hotel. He had been a hard drinker for years. Morrow was well connected, and came here originally from Ontario. He was a veterinary surgeon, but of late years his time has been given up to the training of pigs. When he got a big porker hitched up, mounted the box and drove down the main street, it was a picture which attracted great attention.

SMALLPOX IS RAGING IN SASKATCHEWAN

Regina, Sask., Sept. 9.—A smallpox quarantine has been declared in two different districts of the province. At Halbrite, in the south end, there are thirteen cases of the disease under quarantine, and at Maple Creek there is also a quarantine enforced, the parties affected with the disease there being in destitute circumstances and depending upon the government for sustenance.

Suicides in Russian Capital.

St. Petersburg, Sept. 9.—There were sixty-six suicide cases in this city last week. A large portion of that number were among the working classes.

GIRL AND DOG SAVED MAN FROM SAVAGE BULL

Marsboro, N. J., Sept. 9.—Attacked by a bull which became suddenly enraged when he entered the barnyard, Rufus Jennings, a farmer, received injuries yesterday that will probably prove fatal. The savage animal tossed Jennings against a fence several times and hurled him to the ground, and but for the interference of his 12-year-old daughter and a large Newfoundland dog would have killed him on the spot.

As the dog seized the bull's hind leg the girl dragged her father away, but the bull shook off the dog and attacked the girl, knocking her down, but not seriously injuring her. The girl finally got her father out of the barnyard and then collapsed.

Work of Rebuilding Fernie Is Progressing Rapidly

New Houses Are Being Built of Fireproof Material—Every Precaution Being Taken Against Future Ravages of the Fire Fiend.

Nelson, Sept. 9.—The work of reconstruction at Fernie is making remarkable progress. Phœnix-like the city is arising in a way that is little short of marvellous from the ashes of the terrible conflagration, which recently well nigh wiped it off the map. The business-like methods that are being adopted are most commendable.

It is the intention to erect a fireproof city and everything is being systematized and carried out on a well settled plan with the definite object of preventing a reoccurrence of the recent disaster.

One important feature in this connection is the discovery since the fire of a large bed of clay of the very best quality and in close proximity to the town. This bed of clay is practically free from sand, and brick can be made from it by the ordinary process which George C. Egg, a Nelson architect, declares to be the equal, if not the superior, of pressed brick. The Fernie Brick Co. has taken hold of this proposition and is turning out large quantities of the article of the finest quality as rapidly as possible.

Cement is being shipped in to the town of from three to four carloads every day, and this is being used up as fast as it comes. The principal source is Exshaw, but the article is being brought in from other points as well. Lumber is also being rushed in, although the supply is far from being equal to the demand.

The people are enthusiastic and progressive. Business is brisk. The temporary hotel accomodation is good. There are as yet no lights or telephones, but these will be installed ere long.

As a practical example of what is being done, Mr. Egg gave the following instances:

The hotel Fernie is being constructed at a cost of $40,000. Brick and cement are to be utilized with stone trimmings and everything is to be thoroughly up to date.

Bean Bros.' foundry will be of reinforced cement construction throughout.

The Fernie Club promises to be a model of its class. Brick, stone and cement are the materials, and this edifice promises to be a pattern of elegance.

The Salvation Army citadel is to be a brick structure, with pressed concrete trimmings.

The Canadian Bank of Commerce offices will be of brick with trimmings of Calgary sandstone.

The trustees of the Home hospital have chosen brick and stone.

The Dominion government are using pressed brick and granite for the post-office and custom house.

The representatives of the newspaper and printing industry, the Free Press and Ledger, are each of them letting contracts for fire-proof buildings and have made arrangements for installing new and up-to-date machinery and printing presses in the same.

Residences, in which concrete is the material used, are springing up in every direction and numbers of other large undertakings wil shortly be under way, but the instances cited above show in a graphic way the spirit and determination of the people of Fernie in tackling the gigantic task which lies before them.

Wireless Station for Bellingham.

Bellingham, Sept. 8.—Within the next few days a contract will be signed by the Alsop brothers with the United Wireless Telegraph company establishing a station here on the roof of the exchange building, at the corner of Elk and Holly streets.

UNION LABEL

THURSDAY, SEPTEMBER 10, 1908.

ADVERSITY—PROSPERITY.

Sept. 10, 1898—Sept. 10, 1908.

Ten short years span these two dates, a single decade bridges over this brief space of time, and yet in that period mighty changes have come to pass in this fair city of ours. From a smoking, smouldering heap of charred and unsightly ruins, havoc wrought by the sweep of all-embracing flames throughout the entire business district, Westminster has changed to a beautiful home-studded city, peopled by loyal residents jealous of her fair name and eager to enhance in every way her manifold attractions.

Pluck, indomptable pluck, coupled with the illimitable resources of the far famed Fraser Valley and district, the Fraser River and the natural timber wealth of our mighty forests, has contributed in an immense degree to the rebuilding of the City.

Only ten short years ago—and yet note the wonderful changes that have taken place since that fateful day when hell burst loose and reduced to ashes property valued at three million dollars.

Then—Drear desolation on all sides, a future dark as the deepest abyss.

Now—Splendid business blocks flanking the main streets, a community more prosperous and happy than of yore, a city with a future brighter and bigger than ever, a port rapidly coming into its own.

TOO SUDDEN.

Challenges have been hurled at the Federal Government for over a year to come on and engage in a battle royal. We have been told that the Opposition organization is perfect, the committees have been drilling for over a year, so as to be ready at any moment time was called to enter the fray. Now the cry of dread is heard in the land, Sir Wilfrid Laurier is going to take a mean, unfair advantage of these fighting Tories by springing the elections on them so soon and so sudden. As the general result is not in danger or doubt for never in the history of elections has an Opposition been as poorly equipped as the Bordenites are today. The Tory party at present has no cohesion, is practically without a leader able to frame up the kind of an issue on which to win support from the electorate. Thus derelict, it is supported by men whose names mean graft and wrongdoing who cannot at this time receive support. The Bordenites recognise the failure that must inevitably result from their attempts to mislead the people about mythical scandals and desire to let themselves down light.

"Thirty feet to the gulf."

THE C. P. R. STRIKE.

The reports as to the immense amount of motive power laid up at the divisional points, only a portion of which is allowed to filter through, tell of a very bad state of affairs and the yards becoming blocked with freight may take months to unravel and get moved to its destination.

Apart from the delay which must now be inevitable in the moving of the crops, the merchants of the country are going to be thrown on their beam-ends because very much of the freight will reach its destination after the season for which it was intended has closed. This means financial disaster and panic which we doubt if the strike were settled instanter can now be averted. The whole commercial interests of the Dominion are at stake and we think it is time for the Dominion Government to step in and take absolute control of the system until such time as the Company who are universally believed to have erred in this instance can control the situation themselves. That something must be done and done quick is sure, and the demoralizing of the trade interests of the Dominion by a Railway Company for political purposes must be stopped, and if necessary the Government must take over the entire system and let us have a trial of public ownership.

There would be considerable leeway between the enormous profits now made by a system that is not working satisfactorily and one operated as a transportation in and for the interests of the whole people and the Dominion could just as easily carry the finances on paper as the Company does. It is understood that the engineers and firemen have given notice that if a conference is not held at Winnipeg within seven days they will tie up the whole system, and although this would be a calamity it would bring the matter to a focus at once and end the agony.

"Thirty feet to the gulf."

"YOUR MAJESTY" IS WINNER OF ST. LEGER

Doncaster, Eng., Sept. 9.—"Your Majesty," owned by J. H. Joel, won the St. Leger stake of £6500 at the Doncaster meeting today. Although "Your Majesty" was the favorite at 11 to 8, his victory was greeted with hoots and yells on account of the unpopularity of his owner. Hall Walker's "White Eagle" was second, 100 to 7, and Baron Rothchild's "Santa Strate" was third at 100 to 6. King Edward was present at the meeting, which was witnessed by a tremendous crowd.

CRUSHED TO DEATH UNDER WHEELS OF STREET CAR

(Continued from Page One.)

ployed at the penal institution in the capacity of farm instructor.

The funeral will be held on Friday morning at nine o'clock from St. Peter's cathedral to the Catholic cemetery at Sapperton.

Home Destroyed by Fire.

A peculiarly sad circumstance in connection with the fatality is the fact that the residence and store of the Dynes family was gutted by fire in the early hours of yesterday morning, practically nothing being saved. The family had a very narrow escape from suffocation, having to rush from the house in light apparel. Mrs. Dynes, who is still in a delicate condition, is at present staying with her brother-in-law.

Widow Prostrated.

The loss of her husband following so soon upon the destruction of her house and home has been a cruel blow to the sorely tried widow, who remained unconscious for several hours yesterday evening after being informed of the fatality.

Today: Special Blouse Day

Today, Thursday, will be special blouse day at the White House re-adjustment sale. Every blouse in the store will be sold at prices less than cost. We intend to make a clean sweep of the entire lot. Cost or less will cut no figure in the selling. This is the most extraordinary opportunity you were ever offered.

All Blouses up to $1.50 in value will be sold at 65c
Blouses up to $2.00 and $2.25 are offered at 95c

The higher priced waists will be sold at prices proportionately low—less than cost.

Other departments offer bargains equally as great as these. Come and see for yourself. These prices will dispose of the entire stock in the required thirteen days.

About Shoes

We're after the Shoe trade of every man and every family that can make it possible to come here to buy. That our shoes are away above the level of "just shoes," and that our prices defy competition, are facts that will assert themselves if you will but take the trouble to investigate. If you would be interested in seeing the best $3.50 or $5 Men's Shoes, the best $3 and $3.50 Women's Shoes, the best $1.50, $1.75 and $2 School Shoes---in fact, the best shoes any stated price ever bought for any man, woman or child, you can see them here. We are now talking Fall Shoes. Already we have unpacked several thousand dollars' worth. Shoes have never been sold cheaper than we are selling them this fall; $3.50, $4.50 and $5 are the popular prices for Men's Shoes; and $3 to $4 for Ladies' fine fall Boots. Boys' and Girls' School Shoes command our special attention.

CITY NEWS

A mild cigar but strong on quality, the "Auto." **

Arthur Smith, late of F. J. MacKenzie's drug store, left yesterday for Montreal, where he will attend McGill college.

For cut flowers for any floral work, ring up Tidy, the florist. Phone 184. *

The usual monthly meeting of the Westminster Benevolent society will be held this afternoon at 2:30 p.m. in the board of trade room.

For first class cut flowers pot plants or bouquets, telephone Davis & Son, florists. Tel. B 208. **

A meeting will be held at the home of Miss Helen Walker today, when matters in connection with the children's ward fund will be discussed.

The case against a man named Rogers for furiously driving an automobile on Columbia street was adjourned till Monday at the city police court yesterday.

Miss Ella Walker will be at the residence of Mrs. Charles Watson, 190 Fourth street, from eleven o'clock until 4 p.m. on Saturday, Sept. 12, to make arrangements for her classes in vocal instruction. **

It is stated on good authority that the Trader will make two trips a week from Victoria to Westminster instead of one, the change to come into force at an early date.

The pocket book belonging to Dr. Henderson, of Vancouver, containing cheques and documents was claimed by him from the city police yesterday afternoon.

For sale—Seven roomed house, bath room, pantries, closets, woodshed; horse stall, carriage house; fruit trees; on full lot. For further particulars apply to owner, 192 Eighth street. **

Mr. and Mrs. Dan Johnston, of Elgin, left yesterday afternoon for Owen Sound and other Ontario points, where they propose spending a three months' holiday.

Mrs. (Dr.) Hacking was a passenger on yesterday afternoon's eastbound C. P. R. train, leaving for Chicago and other eastern cities, where she will spend some time.

Columbian college will reopen at 9 a.m. Tuesday, Sept. 15. Classes in all departments will begin at the above hour. Gymnasium classes for the general public will open at the same time. Tickets good for the college year may be obtained at the charge of $6 each. **

David Hadden, shingle manufacturer of Cloverdale, has returned from a business trip east. He reports business conditions in Ontario as anything but lively in his particular line.

A fire broke out in the burner of the Royal City mills yesterday afternoon, small damage being done. The firemen of No. 1 hall responded to a call from box 6, the blaze being subdued shortly after their arrival.

Not made to please the eye, but to please the palate. The "B. C." and "Old Sport" Cigars. **

E. F. Jones supported the application made yesterday before the water commissioner for a record of twenty inches from Cold creek, a tributary of Seymour creek, for an addition to the water supply of the city of Vancouver.

The funeral of the late George Pollard takes place this afternoon to the Odd Fellows' cemetery. Deceased, who was an Australian by birth, was a lumber inspector at the Fraser mills. He succumbed to a cardiac attack at the age of 43.

Miss Veda Leamy, daughter of James Leamy, crown timber agent, left yesterday for the east, where she will study for some time. She is accompanied on the journey by her aunt, who is returning from a visit to her brother.

The building on Columbia street destroyed by fire early yesterday morning was the property of E. Herring, of Alberta, not A. M. Herring, of this city. White, Shiles & Co., as agents for the owner, had the building insured, while the late Mr. Dynes' loss in the contents is also covered by insurance.

The Spokane Spokesman-Review says: "Fred J. Lynch, a veteran lacrosse coach, who deserves, more than any other man, credit for the development of the famous New Westminster team, now champions of Canada, and, of course, of the world—is stopping for a few days at the Halliday hotel. Lynch hopes to interest a few Spokane men in bringing some big British Columbia lacrosse matches to Spokane.

E. J. Crean has been awarded the contract for the second section of the Bon Accord road, and the work will be rushed to completion. The municipality has taken immediate steps to gazette the third and last portion, and will then call for tenders for that portion of the work.

The billeting sub-committee of the city directors of the provincial exhibition request that all persons having rooms to let during exhibition week will leave particulars with the city hall janitor, E. Hoult.

W. Norman Bole, K.C., sends a number of postcards of Irish scenes to his friends here. He has been for some time in Dublin.

Murdoch Martyn, Dominion fire ranger, left the Royal Columbian hospital yesterday afternoon after having been a patient for about two weeks. Mr. Martyn was suffering from internal trouble.

Duel in the Dark Ends in a Draw

Kamloops, Sept. 9.—With bullets whizzing past them, Special Constables Welch and Baker on Sunday night fought a battle with a man who attempted to break into some freight cars at the C. P. R. yards and made his escape after giving the officers an exciting ten minutes.

Welch was patroling the tracks between two freight trains when he noticed a man skulking along the line. He shadowed him, but the man disappeared. Constable Baker coming up at this point, the two officers instituted a search for the unknown and found him entering a freight car, having broken the seals. As soon as he saw the constables he jumped to the ground and ran along the tracks, disregarding the command to halt. When he found that the officers were in hot pursuit he drew a revolver and emptied it at them, cutting up the side of a car a foot from where the officers were. Guided by the flashes from the rubber's gun, Officer Welch returned the fire but without effect, and the man managed to effect his escape.

VACCINATION IS ALLEGED CAUSE OF GIRL'S DEATH

Edmonton, Sept. 9.—As a result of the death last Saturday of Vivian Victoria, the eight-year-old daughter of W. A. Foley, provincial poultry superintendent, a great deal of discussion has arisen among those who have been interested in the case. The matter reached such a stage that the medical health officer, Dr. Whitelaw, yesterday demanded an inquiry.

On August 20th last the child was vaccinated by Sydney C. Main, assistant health inspector, at the offices of the health department, and, it is alleged, her death is due to vaccination.

HAS DENIED CHRIST AND RANKS AS PAGAN

St. Petersburg, Sept. 9.—The Holy Synod addressed an appeal to all believers not to participate in the celebrations last Wednesday in honor of Count Leo Tolstoi's eightieth birthday on the ground that the honor rendered an opponent of the church would be a stumbling block to the youth and persons of weak faith. The encyclical is marked for its bitter language. "Tolstoi denied the Saviour and backslid from the church," it says. "Since 1901 he has ranked among the pagans. Believers must abstain from honoring such a man in order to save their souls from the judgment of God."

GERMAN SPY CAUGHT BY FRENCH OFFICERS

Orleans, France, Sept. 9.—The police have arrested a German spy while attempting to bribe a French soldier to abstract important parts of a field gun. An individual describing himself as an agent of a German brewery, recently got into communication with an artilleryman who, however, informed the commandant of the German's proposition, with the result that a trap was set and the German was caught red-handed. The police, who attach much importance to the capture, are maintaining the greatest secrecy.

LOGGER KILLED BY FALLING TREE

Grand Forks, B. C., Sept. 9.—E. A. Henning of St. Peters Creek near Malo Wn., died at the hospital here today. Deceased was cutting saw logs when a tree on which he was working broke. He ran down hill and before reaching a safe point he was hit by the butt and pinned to the ground, sustaining internal injuries which resulted in his death.

His son narrowly escaped the same fate, the tree just grazing him as it fell.

C. B. FOSTER SUCCEEDS MR. COYLE IN VANCOUVER

Vancouver, Sept. 9.—C. B. Foster, district passenger agent of the Canadian Pacific railway, Toronto, has been appointed assistant general passenger agent in succession to E. J. Coyle, resigned. He has been in the employ of the company for many years. Mr. Foster formerly occupied the position of district passenger agent at St. John, N. B. He will reach here on Thursday, and will enter upon his new duties at once.

ADVERTISE — IN — THE DAILY NEWS If You've LOST Anything.

ADVERTISE — IN — THE DAILY NEWS FOR BIG RESULTS.

Synopsis of Canadian North-West Homestead Regulations.

Any even numbered section of Dominion lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at an agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father (or mother).

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid for.

Tenders Wanted

Public tenders are requested for the Westend school. Plans and specifications can be seen at the City Hall. Tenders must be made on form supplied and as noted on specifications. A cheque for 10 per cent. of value of contract must accompany tender, the same to be forfeited if contractor refuses to accept contract. Tenders must be in the hands of the secretary of the school board not later than twelve noon, Friday, 11th of September, 1908. Lowest or any tender not necessarily accepted.

ROBERT LENNIE,
Secretary.

Notice to Contractors

Sealed tenders will be received by the undersigned up to noon of Tuesday, Sept. 8th, for the erection and completion of proposed Oddfellows' Hall on Eighth and Carnarvon streets.

Plans and specifications may be seen at the office of C. H. Clow, Architect.

Lowest or any tender not necessarily accepted.

J. W. MacDONALD,
Chairman of Committee.

FRONTIER RISING WILL TAKE MONTHS TO SUPPRESS

Northern Indian Tribesmen Become Crafty in Acts of Guerrilla Warfare—Englishmen Murdered.

Simla, India, Sept. 9.—British troops are concentrating at Peshawur to suppress a fresh uprising of Northern Indian tribesmen.

Warned by the losses they suffered when herded together and shot down by the British a few months ago, the natives have split into small raiding parties and are ravaging the country all along the frontier.

The scattering character of the campaign makes it especially difficult for the British to deal with the revolt and officers in the field are agreed that it will probably take months to put it down. Dozens of different detachments must be sent out to corner and subdue the various small parties of rebels.

The latter are particularly active along the Peshawur-Shebkagar road. They have murdered a number of pro-English natives and several Englishmen and secured an immense amount of plunder.

The Khoda Khel, Utman Khel, Kandahari Hafis and Utmanzat tribes are involved in the uprising, which the native priests are suspected of encouraging.

DYNAMITE EATEN BY STEERS, THEN TERRIFIC EXPLOSION

The Saskatchewan Courier tells a tragic dynamite story to all readers handling dangerous explosives. The narrative concerns Oskar Ruff, the owner of two steers, in the vicinity of Regina, winners of many prizes and medals at exhibitions, including the recent one in that capital city. The shocking details as chronicled are that the farmer had been using dynamite in clearing a field of stumps of trees; that one evening he hid the explosive in a fence corner, where the two animals found it and at it. The next morning the farmer, not finding his dynamite, and realizing what had become of it, became so enraged that he picked up a large stone and hurled it at the two steers, which were quietly feeding side by side. His aim alas! was only too good. In the next instant a frightful explosion occurred, and there was nothing left of the two steers but a tail, which was found on a neighboring farm, wound around a tree.

NEW STEAMSHIP LINE FROM SAN FRANCISCO

San Francisco, Sept. 9.—Announcement was made today of the purchase by E. H. Harriman from John D. Spreckels of three large steamships which formerly composed the liners of the Oceanic Steamship company, plying between this city and Australian ports.

The liners will hereafter run from this city to Ancon, the Panama canal town. Lately the vessels have not been in commission, it being unprofitable to operate them without a subsidy, which was refused by the government.

Opening Grand Trunk Pacific.

Winnipeg, Sept. 9.—F. W. Morse, vice-president of the Grand Trunk Pacific, announced today that the Grand Trunk Pacific will be opened for freight and passenger traffic to Wainwright, 666 miles, on September fourteenth.

RACES AT CHILLIWACK WILL BE WORTH SEEING

Special Arrangements Being Made for Cheap Transportation From This City.

The progress of the horse races arranged by the Chilliwack Driving Park association next Saturday looks good. Special transportation arrangements have been made from Vancouver, Victoria and New Westminster, in order that the start of the races may be seen. They commence at one o'clock sharp. Ponies must be measured by D. H. McKay, at his stables, and a certificate lodged with the secretary at the time of entering. No entries will be taken on the grounds, and the latest hour is 6 p.m. Friday night.

The events are as follows:

Trot or pace, three in five, $150.

Free-for-all, trot or pace, three in five, $200.

Farmers' race, trot or pace, for local green horses, amateur drivers, $75.

Running pony race, 14.2 and under, half mile heats, two in three, catch weights, $75.

Running race, open, one mile dash, catch weight, $100.

Indian race, open to all Indians, half mile best two in three, $25.

Half mile hurdle race, over six hurdles, all horses to carry not less than 140 pounds, $50.

All money to be divided 60, 25 and 15 per cent.

A special event is the three-quarter mile hurdle race over three hurdles, eligible only to members of the Chilliwack Hunt club and horses that have run in the club.

CHEERS FOR YANKEES, LOVE FOR HOMELAND

Australia's Welcome to Uncle Sam's Fleet Furnished Excuse to Root and Yell.

London, Sept. 9.—The governor of Victoria, Sir Thomas Gibson Carmichael on behalf of all the ministers, has sent a cablegram to Lord Crewe, secretary of state for the colonies in London, that events in connection with the visit of the American fleet at Melbourne will only strengthen, if that is possible, the feeling of loyalty which is so deeply rooted in Victoria. Hon. Alfred Deakin, the premier of the Commonwealth, has also issued a statement which has been made public here, explaining in a similar way that the reception of the Americans does not imply any failure to recognize the kinship of the mother country of Great Britain's naval power.

TUPPER HAS DECIDED TO SHUN TORY POLITICS

Gallant Knight Declares He Has Not Altered His Mind Concerning Helping Conservatives.

On the question of whether he would be a candidate in Vancouver, Sir Charles Hibbert Tupper yesterday made the following written statement:

"It is perhaps sufficient to refer you to my letter addressed to the Conservative convention of Pictou not long ago when resigning the nomination for that county. In that communication I endeavored to make it clear that I had not only decided to withdraw my name as a candidate for Pictou, but also that I did not intend to take any active part in the coming campaign. I have not changed my decision."

LACROSSE PLAYERS ARE BADLY BATTERED

Ottawa, Sept. 9.—Ernie Butterworth, the Capital lacrosse player, who was slashed in Saturday's match with Montreal by Mike Angus, has been taken to St. Luke's hospital, where it is feared he will lose an eye. Billy Starrs is laid up with a broken collarbone, and his right shoulder dislocated. They are both in bad shape and will not be able to play lacrosse this year, and perhaps never again will they line up on an athletic field.

Big Company for Cariboo.

London, Sept. 9.—The Canadian Alluvials, Limited, has been formed with a capital of $375,000, to acquire the mining property at Little Valley, Cariboo, B. C.

NO BAIL IS ALLOWED PRISONERS ARRESTED

(Continued from Page One.)

which were up to the standard save those from three Japanese restaurants which showed very low as regards butter fats. However, upon warning them and then making another test, these were also satisfactory. At present there is not a single case of infectious disease in the city.

Street Improvements.

A petition of residents on Tenth street between Eighth and Tenth avenues asked the council to proceed at once with the work of clearing and grading Tenth street, as they were deprived of city water and light, and even access to their homes, the trails being very unsatisfactory. The communication was referred to the board of works to act.

Another petition asked for a sidewalk on Seventh avenue between Sixth and Eighth, and a crossing from Seventh avenue to Moody square on Eighth street. Referred to the board of works.

A petition of Chinese drew the attention of the council to the state of McInnes street, asking that the sidewalk should be improved, and that the condition of the street itself should be improved. Referred to the board of works to act.

A Lesson to Others.

H. A. Jones, of Vancouver, asked for a street to be opened up through the centre of suburban block 6, lots 14, 29 and 30, according to promise. Ald. Henley, in supporting the reference to the board of works, said it was the first time real estate men had done what they promised. (Laughter.)

Miscellaneous.

The report of Chief Watson stated four fires had been attended during August. A number of applications for permission to lay material on streets, and crossing sidewalks, were received and permission granted under the supervision of the board of works. An application of the residents of Alice and Bushby streets for a street light at the corner was referred to the light committee to report. A lamp will be placed at the corner of Hospital and Blair streets, Sapperton.

J. A. Motherwell, secretary, wrote on behalf of the Westminster Lawn Tennis club, complaining that the July bill for watering the courts was $13.95, and in August $2.11. This was in spite of the fact that less water than usual was used, only two courts being watered. The communication was referred to the water committee to report.

Reports of the finance committee, formally approving the vote of $2000 to the provincial exhibition, and the lighting committee, recommending the payment of a bill for seven months for the Canadian General Electric company, for $5809.26 was approved, as also a bill for $330.54 for the Canadian Westinghouse company.

The application of the school trustees for the janitors at the Central schools to be sworn in as special constables was referred to the police commission with a favorable recommendation. The Pacific Coast Association of Fire Chief asked for the attendance of Westminster's fire chief at the sixteenth annual convention at Victoria on Sept. 28, 30, and Oct. 1. Referred to the fire committee to act. A date for the annual visit to Coquitlam lake will be fixed at the council meeting on Monday night.

The manager of the provincial exhibition wrote asking for the allocation of a site on Prospect park for the Simon Fraser memorial. Ald. Johnston suggested that the council be requested to meet at an early date at the Crescent, and select a site, and this was carried.

Nothing but Salt — and such Salt! You will find no other so delicate in flavour, so pure as WINDSOR TABLE SALT. 145

"Uncle Josh Perkins."

The richly prolific rural comedy drama, "Uncle Josh Perkins," is down for a return visit to the opera house tonight. The play of which Uncle Josh is the central figure, possesses merit of the real sort and at times is roundly melodramatic and strenuous, and teaches a good, wholesome lesson all the way through the four acts. The atmosphere of both farm and city life saturates the play, connected by a pretty tinge of romance, coupled with brusque masculine sympathy and natural country attractiveness.

The character of Uncle Josh is one that the auditor never grows weary of, in its repetition; it is full of ruggedness, honesty and sincerity and at times quite picturesque, combined with that native Yankee shrewdness and simplicity, so characteristic of the New England farmer. High class and high priced specialties, by artists engaged specially for their fitness to furnish numbers which harmonize with the play, are introduced from time to time through the various acts.

LANGLEY

160 acres at $13 an acre.

You can make 50 per cent on your money before Xmas by buying this.

Diamond & Corbould, Dominion Trust Building
