WESTMINSTER MEN ON OTTAWA TEAM

Capt. Corbett and Lieut. Cunningham Will Shoot at D.R.A. Meet.

Two New Westminster men will figure upon the team selected by the B. C. Rifle Association to go to Ottawa, for the Dominion Rifle Association shoot this year. The Royal City marksmen who by their good showing at the B. C. R. A. meet which closed on Saturday have won the right to this privilege are Lieut. Cunningham and Capt. Corbett of the local companies of the Sixth Regiment, C. O. R.

Ten Men to Go.

The B. C. Rifle Association will send a larger team to Ottawa this year than has ever been the case before. In past years the team had consisted of the eight men who secured the highest aggregate in the Westminster, Nanaimo, Victoria, Vancouver Bankers' and Lieut.-Governor's matches. This year the team will be composed of ten men. Capt. Corbett and Lieut. Cunningham were third and sixth in the ranking, Capt. Hart-McHarg of Vancouver securing the highest aggregate of all those competing. The other men who secured the right to a place on the Ottawa team are: Sergt.-Major McDougall, Fifth Regiment, Victoria; H. J. Ferris, Vancouver Rifle Association; Capt. Boult, Vancouver; Sergt. Tayler, Vancouver; Company Sergt.-Major Caven, Victoria; D. McDougall, Victoria Rifle Asocisation; Lieut. Clater, Vancouver; Armorer-Sergt. Newhill, Vancouver; Col.-Sergt. Mostrop, Vancouver.

Gains Nanaimo Cup.

Capt. Corbett gained laurels in Saturday's shooting by making the highest score in the Nanaimo match, and bearing off the cup together with the prize of $10. This is the only one of the trophies offered by the B. C. R. A. which will secure lodgment in New Westminster this year.

Several other New Westminster men made good scores in the course of the day. Capt. Corbett came third in the Grand Aggregate, while Lieut. Cunningham was fifth in the same competition. In the Vancouver Corporation match, shot at the 500-yard range, Col.-Sergt. Sloan came third with a score of 47, carrying off a prize of $7.

Other local marksmen made creditable scores.

TO CONSIDER TENDERS.

Meeting of Royal City Navigation Co. Wednesday.

A meeting of the Royal City Navigation company will be held in the Board of Trade rooms at the city hall on Wednesday evening of the present week.

At this meeting the tenders both for the machinery and hull of the steamer which the company has been formed to build will be opened and considered. At the last meeting of the company a committee was appointed to look after the tenders, and it will report at Wednesday's meeting.

It is expected that the tenders will be awarded and actual work begun on the construction of the new vessel within the next ten days.

Docks for Dreadnoughts.

London, July 25.—An important Admiralty departure was announced in the recent Naval Estimates which provide for one of two floating docks to be stationed at Portsmouth, where the present accommodation for Dreadnoughts is inadequate. Each dock (the other is to be in the Medway) is to have a lifting capacity of 35,000 tons, more than capable of lifting a waterlogged Dreadnought or super-Dreadnought. The site chosen for the anchorage of the new dock at Portsmouth is well protected from attack, and also from the swirl of the tide, and is yet near the main channel.

MARVELLOUS ESCAPE OF HORSE AND DRIVER

Struck by Interurban Car and Thrown Into Ditch, Mr. Buckley Yet Escapes Injury.

A car from Vancouver coming down the Vancouver road between Wise road and Edmonds about 4:30 on Saturday ran into a rig driven by Mr. Buckley, of this city. The motorman brought on the brakes so quickly that the passengers were shaken out of their seats, but probably by so doing saved the life of the occupant of the rig. Animal, man and vehicle were thrown into the ditch, but strange to say escaped with practically no damage. Mr. Buckley was able to drive on.

Had the collision happened nearer town where the hill is steeper, both driver and horse would probably have been killed.

WANTS EASY DIVORCE FOR BRITISH ISLES

Move to Transfer Jurisdiction From Lords to the County.

London, July 25.—Lord Gorrell, who, as Sir John Gorrell Barnes, was President of the Divorce Court, moved in the House of Lords that County Courts should have the power to grant divorces, thus bringing the law within the reach of those whose circumstances prevented their proceeding in the High Court, the only tribunal in England empowered to deal with divorces.

Lord Gorrell urged in support of his motion that much immorality resulted from the present law.

ONTARIO FARMERS LACK HIRED HELP

Cannot Find Enough Men to Aid in Harvesting This Year's Bumper Crop.

Toronton July 16.—There is a great scarcity of farm labor in the Province of Ontario and farmers may have difficulty in securing men to help gather in the crops. With a demand from the west for 25,000 farm laborers Ontario farmers are wondering how they will manage things. The demand for laborers, according to Mr. Donald Sutherland, director of colonization, comes more particularly from western Ontario, but the same conditions are general throughout the entire province.

"While the crop which has been sown can be taken care of," said Mr. Sutherland, "the scarcity of labor has had the effect of reducing the acreage under cultivation by almost fifty per cent. For instance, there are 188,000 acres less in wheat in Ontario this yea than last and 300,000 less hogs will be bred."

Statistics prove that farmers' sons and daughters prefer the city to country life. In the 22 years from 1885 to 1907, since when no figues are available, the decrease in the rural population of the province, not including New Ontario, was 517,450, while for the same period the increase in cities, towns and villages was 587,098.

The Koran Says So.

Constantinople, July 23.—The Grand Vizier has ordered the Sheik-Ul-Islam to prepare a manifesto demonstrating by the text of the Koran and traditions that it is the duty of Moslems to treat Christians with justice and to regard them as fellow-citizens. This has renewed the confidence of Armenians in the government.

FIRE DESTROYS LARGE PORTION OF BARNET-McDONALD PLANT

Lulu Island Industry Suffers Severe Loss From Sudden Conflagration—Steamer Senator Jansen Does Great Service as Fireboat—Saw Mill, Shingle Mill and Boiler House Burned Out.

A serious mill fire occurred on Saturday evening at the Barnet-McDonald mill on Lulu island, the new sawmill, shingle mill and boiler house being gutted.

The watchman who came on duty after the men quit work had commenced his shift, and was in the mill premises when a sudden burst of flame shot up from below, some material apparently having ignited in the sawdust lying in the yards. It was about 6 o'clock and the blaze attracted universal attention from the situation of th premises on the low land across the river.

Firemen Turned Out.

Firemen at No. 2 Hall noticed the outbreak and the central hall being notified, immediately the teams were quickly out on the run, but owing to the distance and the faulty construction of the present Lulu island bridge they were forced to make slow time, while as the mill lies quite a distance across the bridge the plant was well alight upon their arrival.

Here a great difficulty awaited the firemen. The mill owners had standpipes in the yard, but the couplings only fitted the smaller diameter hose used in the yards, and were valueless for the city hose. Meanwhile a bucket brigade had been busy, and the firemen took up the work of saving the yards, the main plant being beyond their efforts.

Secures Fire Boat.

Willing workers drew water from the neighboring ditches, and held the fire in check. At last Chief Watson succeded in rigging up a contrivance to get the city hose connected with the standpipe, and this slender stream was utilized to save the dry kiln, aided by extinguishers.

Alderman Johnston, chairman of the fire committee, suggested to the chief that application should be made to the Fraser Mills for the Senator Jansen, the best fireboat on the river, and one of the partners, F. L. Johnson, welcomed the idea with the result that the boat was requested from the mills, and they lost no time in coming to the assistance of a sister industry in trouble.

The powerful pumps were brought to work, and a steady stream of water poured on the burning plant. The ditches had been drained by the bucket brigade, but the combined efforts of the firemen and steamboat saved the yards, only a small portion of the lumber being destroyed.

Still the fire burned steadily during the night, and kept the brigade busy till 4 o'clock next morning. It

HARVEST WILL COMMENCE AUGUST 20

Dispatches Fom All Over the West Promise a Splendid Crop For This Year.

Winnipeg, Man., July 25.—"Harvest should commence about August 20." That is what the Canadian Northern Railway weekly crop report says. In the message from Warman and it is practically the same from all over the west. Each of the agents tell a story of magnificent prospects with great big crop in view. Wheat is now 40 to 46 inches high in Humboldt, and in most other places it has attained a height of 30 inches. The grain is all said to be much ahead of last year, and is looking very well. No damage is reported. In some districts dealers report large sales of harvesting machinery, in anticipation of a bumper crop.

Concerning flax, the report says that there will be a heavy crop this year.

FARMERS REPORT POOR CROP OF HAY

This Year's Yield Will Be Only From Two-Thirds to Three-Quarters of the Average.

The farmers of the valley are at the present time busy with their hay crops. Cutting is now mostly over, and it is possible to form some idea of what this year's yield is to be.

Although the crop is better than had been anticipated, the reports that are coming in from the country are not particularly bright. In no part of the valley is this year's crop up to the average. In Delta it is stated that the yield will be about 75 per cent of what it was last year, while from the upriver points reports are to the effect that the crop will be anywhere from two-thirds up, of the average.

Grain appears to be doing fairly well, but the outlook for fruit is not encouraging. The apple crop promises to be considerably smaller than usual, while pears also promise to be scarce this year.

Calculates Cost of Disease in Millions of Dollars

New York, July 25.—That the people of this country are annually throwing away a sum of money that represents 50 per cent. more than it costs to operate the government—in cold figures $1,500,000,000—is statistically shown by Prof. Irving Fisher of New York, issued by the government printing office and entitled "A Report on National Vitality."

Prof. Fisher is a member of the faculty of Yale University and a member of the national conservation commission appointed by Theodore Roosevelt.

In discussing the national waste in lives, Prof. Fisher shows that there are 3,000,000 persons needlessly and continuously ill in the United States and that this condition might well be prevented by strict attention to even the simplest hygienic measures. He shows also that tuberculosis alone is responsible for 500,000 persons continually ill and that it is entirely possible that this scourge be wiped out within one generation.

Typhoid alone costs the nation $350,000,000 annually, and this is a disease that can be wiped out by attention to neglected details.

IMMIGRATION RULES BRAINLESSLY ENFORCED

Carrying Out of U. S. Regulations to Letter Drives Foreigners to Revolt.

New York, July 25.—Following the attempted uprising of immigrants on Ellis island, another case typical of those that aroused revolt came to light yesterday.

On June 20 Johann Wirzy, an immigrant boy, arrived here on the Hamburg-American liner Cleveland. He had $15 and a ticket to Saskatchewan, Northwestern Canada, where he intended joining his father. He had left Europe before Commissioner Williams 'ruling requiring immigrants to possess $25 or be excluded had gone into effect, and he knew nothing of it until he was informed by the authorities here that he would have to be deported because he was $10 short. The father of the boy awaited him outside the gates with $125, but was refused admission.

TO RUN FROM CANADA TO SUNNY NAPLES

New Line of Steamships Will Be Inaugurated in November of the Present Year.

London, July 25.—A new line of steamships to carry cabin and emigrant passengers, is to begin service from Naples to Canada next November. In the summer time they are to land on the other side at Montreal, and in the winter at Portland, Me.

Mr. J. P. Spanier, of Naples, is now in London, having just arrived from Scotland, where he has been in connection with the building of boats. He states that the owners are Messrs. Gairus, Noble and Company, and that the line will be known as the Thompson line.

The first steamship, the Tortuna, will be launched in a month, from Messrs. Swan and Hunter's yard at Newcastle, who were the builders of the Mauretania.

CABLE BREAKS WITH GRIP ON LOCOMOTIVE

Recovery of G. N. R. Engine Again Delayed By Accident—Wreck Expensive to Company.

The work of recovering he locomotive lost in the accident at the Fraser river bridge on June 19 will have to be all done over again. The special cable brought from across the line and procured after great difficulty, broke on Saturday under the strain, and another must be secured before operations can be resumed.

What appeared to be a simple matter a few days after the accident has puzzled the G. N. R. mechanics, and tried the patience of the numerous officials who have visited Westminster in connection with the wreck. The accident has already cost about a sixth of the value of the wreckage, which should be worth $12,000 to $14,000. The company is not willing to confess itself beaten, and doubtless another effort will be made.

CAST CHILDREN TO THE SHARKS

Mother Throws Offspring Overboard to Save Them From Cannibals.

Sydney, N. S. W., July 25.—The steamer Tafua came in here bringing five survivors of the Norwegian bark Errol, from Chimbote, April 1, for Newcastle, N.S.W., which was wrecked June 18 on Middletop Reef. Seventeen of the ship's company, his wife and four children, lost their lives when the ship was wrecked.

The survivors tell a story of fearful privations resulting from the lack of food and water. One of them alleges that the captain's wife threw her children overboard because she feared cannibalism.

AVIATOR CROSSES ENGLISH CHANNEL

Louis Beloit Flies Form France to England—Wins Prize of London Daily Mail.

London, July 25.—The English channel has been crossed in an aeroplane.

Leaving Calais, France, early this morning, Louis Bleriot, the noted French aviator, made a successful flight across the channel, landing in Dover.

Bleriot started from Calais at 5:20 a.m., just as day was breaking, having waited all night for favorable weather conditions. The trip was made in a little less than one hour.

The machine was slightly damaged in landing on the cliffs.

Two other aeroplanes were to have made the attempt to cross, those of Comte de Lambert and Hugo Latham but no word has been received regarding them.

By crossing the channel, M. Bleriot wins the prize of £5,000 offered by The London Daily Mail. The flight may be regarded as the most successful and daring ever taken by an aviator.

The Bleriot machine is a monoplane of the variety used by M. Hubert Latham in his unsuccessful flight of Monday, but is smaller than the Latham aeroplane and slightly smaller than that of the Wright brothers.

It is noteworthy that M. Bleriot, who has successfully accomplished the feat that has been the ambition of aeronauts for years, has just been nominated for the Legion of Honor in recognition of his aeronautic achievements.

N. S. W. Leads in Wages.

Sidney, July 25.—According to an official return, the wages and salaries paid throughout the Commonwealth in factories during the yar 1907 were £18,323,977. New South Wales led with £6,650,715, Victoria being second with £5,982,677.

The Manchester Corporation Waterworks require about 3600 tons of 44-in. welded steel pipes and collars.

CHAMPIONS LOSE WITH CRIPPLED TEAM

With Everything In Favor Vancouver Takes Another Officials Penalise Locals.

The Vancouver fans who crowded the fence at Queen's park on Saturday had a field day, and at last were able to go home with a victory snatched in the lion's den. But like everything else there was a fly in the ointment, and in the shouts of triumph they forgot what the world's champions were up against with a weakened team, the weakest which has been put in the field for many a day. With Alex. Turnbull in the hospital from serious injuries received in games with the green shirts, Pat Feeney laid up wtil rheumatism, Charlie Galbraith off, and three of the men who played suffering from the brutal treatment meted out to them at Vancouver the previous Saturday no wonder the Vancouver men, in the pink of condition, could have an easy mark.

Stand Game to Finish.

Clearly the Salmon Bellies were not in a position to play at all, but stood game against overwhelming odds. One of the rankest pieces of refereeing was Cullin's decision in sending Jimmy Gifford to the fence when Bones Allen was laid out. There is no doubt Bones got a nasty cut, but apparently the blow was accidental, and the referee admitted the penalty was given in deference to the clamoring of the crowd, and not because he saw the offender. No man on the Vancouver team is less likely to be the subject of attack than Allen, and a penalty of 20 minutes was grossly unfair.

Again no one was penalised for hitting Cliff Spring in the groin, nor did anyone go off for striking Sandy Gray. The home team had the rough end of the stick every time as is shown by them getting penalised twice as long as the visitors.

The outcry for impartial referees from the visiting cluf officials did not turn out quite the success expected, as the men from Victoria have not been in the game recently. The champions had a tough time at their hands and long penalties were the rule.

The third and fourth were hotly contested, and Westminster had many chances which, but for the fine display of Dave Gibbons would have set them equal.

As usual Con Jones became the centre of attraction in the fourth, and wanted Chief McIntosh to run a well-known Westminster citizen in, which nearly resulted in the redoubtable Vancouver manager taking a walk with the Chief himself. His constant excursions into the playing field raised the ire of the home spectators.

Hard Checking Rules.

Again both teams showed a tendency to hard checking, but Lalonde went down a number of times when unnecessary, and Tom Rennie came to the fence once when the fast inside fell without there being any cause for his getting the penalty tag.

The Westminster home showed a lack of generalship and concentration without Dad Turnbull. Cliff Spring experienced difficulty in breathing, and was off for the fourth. The two intermediates made a good showing, but the day was not one for them to have much of a chance. Crippled by a bad ankle Geo. Rennie could not set the pace he usually does. Vancouver was so scared of Tom Rennie and the Giffords that everything was done to provoke them into blows so that they might decorate the fence.

Chicago Commences Fight Against Civic Graft

Chicago, July 25.—Chicago's latest grand jury has been in session four days and has indicted 131 persons. One of the greatest crusades against vice in the history of the middle west metropolis is now in full swing, and some sensations will follow before it is ended.

A week ago today Chicago's notorious tenderloin district of the West Side was revelling. Tonight the streets are quiet and almost deserted. The cry of "ten on the black" no longer floats from saloon doors. Slot machines and gambling devices are gone.

And friends of State Attorney Wayman, who has jarred Chicago with a vice crusade never before equaled, hail him as the Folk of Illinois.

The anti graft prosecution has lost, and the grand jury has brought such startling revelations that already the talk of the sweeping investigation regarding the city hall is current.

The last indictment returned by the grand jury—that of Inspector of Police McCann—strikes at the first of the "higher-ups," who, it was promised, would be dragged into the glare of the searchlight. McCann is one of the highest officers in the department. His indictment was foreshadowed when true bills were rendered against Jerry Graves, McCann's personal detective, indicted on a charge of keeping a dive and influencing witnesses to stay away from court.

McCanns turn came Saturday when five separate indictments were brought in charging him with having collected "protection money" from individual resort keepers, and five other indictments charging malfeasance in office.

Customs Officers Destroy Valuable Aigrette Plumes

New York, July 25.—Collector Loeb announced today a decision of much interest to women. After much correspondence between the local customs officials and the Treasury Department, the decision has been reached that some $1500 worth of aigrettes which were seized on the Lamport and Holt liners Tennyson and Verdi, will have to be desroyed instead of sold, as are other undeclared goods.

The decision followed a protest from the president of the National Association of the Audubon Societies of Wild Birds and Animals. The association protested to Collector Loeb against the plumage being sold at auction if forfeited, as such sale would be against public interests.

TENDERS.

Sealed tenders will be received by the undersigned up to noon on the second day of August for the purchase of a quantity of timber on the Indian Reserve at Campbell River. This timber consisting of one million feet more or less, has been felled and cut into lengths ready to haul. A few trees in the block are still standing.

The tenders will state the price per thousand feet board measure according to the official scale of British Columbia, which will be paid in cash for the timber as it is at present on the ground. The timber must be removed before the thirty-first day of March, 1910.

The lowest or any tender not necessarily accepted.

GAELIC REVIVAL IN EASTERN CANADA

Scotchmen in Eastern Ontario Attempt to Bring Ancient Tongue Into Use.

Alexandria, Ont., July 23.—A Gaelic revival is in prospect in the county of Glengarry. Recognizing the fact that in many portions of the county the Gaelic is rapidly disappearing, together with many of the customs which were common among the early settlers, a number of the leading Highlanders, including Messrs. J. F. McGregor, Dr. D. D. McDonald, Angus McDonald, Norman McRae, Duncan N. McLeod and Angus Cameron, proposed to test the local feeling by giving a purely Scottish concert, in which the Gaelic language would be a conspicuous feature. The largest audience ever gathered in the Alexander hall met and thorough enjoyed the several numbers, while very many persons were unable to secure admission. From all parts of Glengarry there was a rally of old and young, and the proceedings were characterized by enthusiasm throughout. An address in Gaelic by Senator McMillan eplained the object of the meeting, while recitations in that tongue by Dr. McDonald, solos and choruses in character, and fulling, carding and spinning bees, such as prevailed in former times, were presented on the platform and received with evident delight. The dancing in costume and the pipes completed the Scottish flavor. The committee will in the near future hold a meeting of the Scotch residents for the purpose of organizing a Gaelic society.

THOUSANDS GATHER TO SUPPORT BUDGET

London, July 15.—No Hyde Park demonstration of recent years has been able to boast of such an array of members of Parliament as spoke this morning from the platforms erected in London's great open-air meeting place in support of Mr. Lloyd-George's Budget. The crowd in the park probably approximated 500,000 people.

LONDON MARKSMAN WINS KING'S PRIZE

London, July 24.—The King's Prize of $1250, a National Rifle Association gold medal and a gold badge, the principal trophy competed for by marksmen of the British empire at the National Rifle Association meeting at Bisley, was won this afternoon by Corporal H. G. Burr, of the London Rifle Brigade with a score of 324 out of a possible 355. Lieutenant Beatty, of the Transvaal, won the Silver Medal, and Corporal McCue, of the Argyll Sutherland Highlanders, the Bronze Medal.

The shooting conditions were ideal and the number of Canadians and South Africans in the last stage of the King's Prize was unusually large. At the final long ranges, however, they did not show the same marksmanship that they displayed earlier in the shooting.

Queensland Flourishes.

Brisbane, July 25.—The revenue returns for the state which have just been issued show that the figures reached during the financial year just closd are the highest since 1899. The total revenue was £4,760,000, as compared with £1,488,000.

is likely to smoulder for some days.

No Fault of Brigade.

Had the brigade had all the hydrants of the district at their disposal when they arrived they could have done little, as the conflagration had gone too far, but it is possible the whole of the lumber yards might have been saved.

Officers of Company.

The officers of the company are H. G. Barnet, Hugh McDonald and F. L. Johnson. The shingle mill, equipped with six iron-frame shingle machines, engine room with three engines, twin 14x18 inch cylinder developing 300 horsepower, and one 12 horsepower, and the iron covered boiler room, with its two boilers, were installed about twelve months ago, and this year a sawmill has been added. For fire protection purposes the company had laid 5000 feet of four-inch wood pipe connected with the city water main across the bridge.

Estimate of Loss.

The officers are looking into the matter of the insurance carried. An unofficial estimate places the loss at $100,000, and with the amount of new machinery in the buildings destroyed it will approximate this figure.

The cause of the fire has not yet been positively determined. What steps will be taken to rebuild the mill will be decided upon shortly. The members of the company had not determined on Sunday upon their plans. It will require some time to clear up the debris.

The dry kiln, outbuildings and bunk houses were uninjured, and will form the nucleus of the new plant. The watchman had a narrow escape, having had to run hurriedly from the mill as it was burning.

MYSTERIOUS DISEASE CARRIES OFF BEES

London, July 23.—The mysterious "Isle of Wight bee disease," discovered two years ago, which makes the proverbially busy bee disinclined to do any work and then paradoxically causes him to die of exhaustion, has broken out in Buckinghamshire.

It is a microbe similar in many ways to the plague bacillus which attacks human beings. The germ caused such havoc in the Isle of Wight that bee-keeping was practically killed there as an industry. The board of agriculture are not yet aware how the disease is caused nor how to cure it.

Hertfordshire, Surrey and Kent are suspected districts, and a keen watch is being kept there by experts for any sign of the plague.

FIRE BREAKS OUT IN ALBERTA MINE

Edmonton, July 23.—Fire broke out in the Clover Bar mine last night, destroying the woodwork of the shaft and the engine house. The coal in the mine has become ignited and the flames, gas and smoke prevent it being extinguished. The origin of the fire is unknown. The mine was in operation yesterday as usual.

Children Joined at Birth.

Mobile, July 25.—News was received here from Port Limon, Costa Rica, that in a border town of Guatemala a woman gave birth to two children united somewhat like the celebrated Siamese twins. The little ones were joined face to face, with one stomach, two complete heads, four arms and legs. They lived for two days and created great curiosity.

To Issue Canal Bonds.

Washington, July 25.—As a result of a conference held at the White House today the tariff bill conferees will write into the tariff measure a provision authorizing the secretary of the treasury to issue bonds for the construction of the Panama Canal to an amount equivalent to the total cost of canal construction. Col. Goethal, the chief engineer of the canal, has estimated that the limit of cost for the building of the great waterway will be $397,000,000, and under the authority to be conferred on the secretary of the treasury bonds to that amount may be issued by the secretary in his discretion.

Will Not Visit England.

Berlin, July 25.—It is rumored that Crown Prince Frederick William has given up, for reasons that are not known, his contemplated visit to England.

JEALOUS MOHAMMEDANS SPIRIT AWAY GROOM

Young Toronto Turk Gave Up His Religion in Order to Marry Christian Maid.

Toronto, July 25.—It is believed that a groom was stolen from his bride on the very day of his marriage by fellow-countrymen who resented his abandonment of the Mohammedan in favor of the Christian faith. He was a prominent young member of the local Turkish colony. The case is actively engaging the closest attention of the police.

The young Turk and the Christian girl, both residents of Toronto, had been keeping company, much against the wishes of the man's co-religionists. Secretly they made arrangements for their marriage, the groom embracing the Christian religion some days previous to the ceremony. The marriage actually took place, and both young people separated to go to their individual homes. From that moment nothing has been heard of the husband, and all inquiries by the frantic bride have brought only answers that pretend complete ignorance.

FIGHT TO A FINISH WITH HUDSON'S BAY CO.

Toronto, July 25.—The attorney-general's department has taken up the case of the fisheries department against the Hudson's Bay Company, and an important test case will result when the trial comes on at North Bay. The company is charged with having otter and beaver skins in its possession at the store in North Bay, contrary to law, and these have been seized.

Some years ago the company was acquitted when it pleaded that similar skins had been brought in from Keewatin for shipment to headquarters in England, but the government will fight this contention, if it is made in the present case, on the ground that the skins were brought into Ontario as if with the intention of concealment and without notice to the department. Mr. Edward Bayly, K. C., solicitor to the attorney-general, may fight the case for the department.

WEALTHY WOMAN TRIES TO SMUGGLE BIG PEARL

New York, July 25.—There is a pearl in the safe of Collector Loeb here which was seized on the Canadian border.

It was surrendered on the demand of the customs authorities. Its value is given as $23,000, and it belonged, or belongs, to Mrs. Fremont B. Chesbrough, whose husband owns the Chesbrough coastwise line of steamers with headquarters in Boston. Mrs. Chesbrough is in a sanitarium near Boston. She is under indictment for smuggling.

VICTORIA SCHOOL SAID TO BE UNSAFE

Victoria, July 25.—Thomas Hooper has been asked by the provincial government to report upon the condition of Lampson street school building, which has been found to be such a jerry-built structure that it will not stand the addition of a second story. Mr. Hooper has entered upon his duty, and has already partially examined the building and will complete the work at once. He will report to the government as soon as the work is complete.

SASKATOON CITY INVOKES LEMIEUX ACT

Ottawa, Ont., July 25.—The first application from a municipality for a board of conciliation and investigation under the Lemieux act has been received by the labor department. The city council of Saskatoon, Sask., has applied for a board to adjudicate on matters in dispute with civic employees respecting wages and conditions of work.

Champions Lose With Crippled Team

(Continued from Page One.)

The Vancouver home continues to improve steadily, and the defence was quick with the ball, while they have strengthened the field by dropping Weldy Clark for Art Garvey.

First Quarter.

The first quarter was keenly contested, Lalonde obtaining the only tally three minutes after the start. The ground was slippery, and the boys could not pass with judgment. Len Turnbull put in a beauty, which Gibbons saved, and at the opposite end Godfrey and O'Brien shot well. Ernie Murray put in some useful work, but he was marked. Tommy Gifford being laid off for ten minutes the visitors had the best of exchanges. A fine piec of passing was initiated by Tom Rennie, who sent to Wintemute, giving to Grumpy Spring, however, W. Matheson got the ball. Springer and Garvey executed some useful runs, but the Rennies returned the sphere. Clarkson received a five minutes tag, and Garvey and Lund getting into a mix-up with a similiar rest, four men decorated the fence at once. Another penalty occurred in the quarter Bill Turnbull being given a breathing spell for trouble with O'Brien. Moresby roused the clamor of the fans by his inaction when dirty pieces of play occurred.

Vancouver Fans Excited.

The second opened with the teams playing a loose combination. Len Tunbull put in a beautiful shot, and the whole team worked industriously. When Lund had failed the boys trenched in goal, and Dave Gibbons slipping out to save Cliff Spring gained the champions only tally. Checking was so keen several sticks were broken. Vancouver took up the cudgels, and Murray soon had his team ahead

ST. CHARLES CONDENSING COMPANY, Ingersoll, Ont.

Severe penalties were handed out to Bill Turnbull, Godfrey, and Buck Marshall, and with them at the fence Lalonde scored again. This was the great quarter for the visiting fans, and cheers went up as the green shirts cinched the victory by scoring from Bones Allen and Godfrey assisted Newsy Lalonde to make another. Half the game over found Vancouver with a comfortable lead of five to one, and Westminster without the opportunity to recover all the lost ground with their brilliant rushes which none can stay.

Uninteresting Finish.

In the third the Salmon Bellies showed occasional flashes of their old excellence. The Giffords held down the fast Vancouver home, but Galbraith was badly missed. Play was loose and dull, only a few bright passages occurring. The champions' home attacked splendidly, and crippled as they were, managed to hold the quarter down to a pointless one. The trouble with Con Jones arose towards the close, after Bones Allen went off the field to get three or four stitches put in his head. Lund came off to even up, but when the fourth started Doughy Spring was not seen again, in fact was not in condition to play at all.

The last 20 minutes was devoid of interest. Murray scored about half way through, making the final six to one. The Vancouver team just played rag knowing the game was safe, not troubling to put up anything of an exhibition.

AND WHY IT IS A BETTER FLOUR.

We use selected wheat from the best wheat producing regions of the Canadian West, where the sunshine is long, where the soil is rich, giving to the wheat that quality of gluten which makes the very finest flour. This is factor No. 1.

Scientific milling which follows the wheat step by step, selecting only the best and purest portions of the wheat grain and making it into the most perfect flour. This is factor No. 2.

Care exercised in storage and marketing so that there is no possibility of deterioration from the time the flour leaves our hands until it reaches you. This is factor No. 3.

Now isn't there a reason why you should ask for Royal Standard Flour? And besides, in every 49-lb. sack there is a numbered coupon entitling you to a chance to win one of ten beautiful dinner sets given away each month.

ABUSE CONTINUES.

The Mail and Empire continues its tirade of abuse against Hon. MacKenzie King. The Mail takes the position that a man who writes a thesis and therefore earns an honorable degree, is less entitled to it than a man distinguished by the size of his purse upon whom the degree is conferred without any special literary ability.

Such argument will not go far with thinking people. The Hon. Dr. King was unfortunate enough to have been member of the Globe staff at one time, which accounts for the jealous animosity of the Mail. Had Dr. King been upon the Mail staff at any time a very different story would have been told.

It is a remarkable fact that for some time past Sir Wilfrid Laurier has been the only minister in Ottawa. This means that every department of the government is under the personal supervision of the Prime Minister.

A few days ago the Mail and Empire printed a space filler from Ottawa to the effect that Sir Wilfrid was about to retire from active participation in public affairs. The wish was father to the thought. Sir Wilfrid has no such intention, and the article referred to had no foundation whatever, upon which to rest, but was the creation of an individual over anxious to send in good copy.

For a man whose health, according to the Tory press, demands his retirement, Sir Wilfrid Laurier is a poor example. The Premier is doing the work of several men during the dog days, and is just as sprightly and lively as the youngest civil servant in town. He never felt in better health or higher spirits. Sir Wilfrid is good for many years to come.

During the Orange festivities on the 12th July at Ottawa, a young man of limited experience and no discretion, failed to grasp the responsibilities which pertain to a public speaker before a mixed audience. This individual, the Rev. R. H. Steacy, pastor in an obscure suburb of Ottawa, known as Bell's Corners. Bell's Corner's may in time arrive at the dignity of an unincorporated village. Mr. Steacy is one of those who imagine, when surrounded by their friends that the world at large hangs expectant upon their utterance. Among other outre things this eminent divine (sic), made use of the following language:

"A few years ago Ottawans had the humiliating spectacle of seeing Premier Laurier crawling out Bank street, crawling along the canal to the residence of an Italian priest, and asking him what the civil government of this country shall be."

This outrageous falsehood was uttered before a large audience by a man whose avocation is supposed to be the dissemination of truth. It mattered nothing to the pastor from Bell's Corners that there was not the shadow of truth in his statement, but an eminent man, the Prime Minister of Canada, must be publicly insulted under conditions, which preclude a reply.

This same clergyman whose talents are wasted at Bell's Corners, said that the churches were divided and loved division. He also thanked God that no Unitarian could be an Orangeman, and after making the assertion that "the liberal party was kept in power by the Church of Rome" he said "he had expected to see the man (Mr. R. L. Borden) who had been elected as member for Carleton county, but he was not there." This reverend gentleman regretted the absence of the Prime minister, although he must have known that the Prime Minister had received no invitation, and that Mr. Borden was in England. After a further allusion to the "Christless Unitarians" by this charitable preacher, he concluded by an attack on Mr. Borden in these terms:

"The Conservative party could not do it, because Mr. Borden and his followers would rather purchase by sacrificing that which was dear to us, than conquer the Church of Rome."

The intempeate observations of Rev. Mr. Steacy did not create a favorable impression on his audience. There were present supporters of both political parties, and the unjistifiable attack upon both political leaders was not well received.

This moral giant and intellectual Colossus must be excused for his violent attack upon the two great Canadian political leaders, when he expresses the opinion that President Taft, Jos. Chamberlain, Dr. Everett Hale Waldo Emerson, Whittier, Holmes, and many other eminent Unitarians are unfit to be Orangemen.

SOCKEYE CONTINUE TO DEFER APPEARANCE

Few Were Taken in River Last Evening—Good Number of Boats Were Out.

According to the latest reports received last night it appears that the sockeye are still deferring their appearance in the river.

It had been hoped that the run might have commenced during the close period and yesterday evening a large number of boats put out. The tide during the earlier part of the evening was not very favorable for fishing, anl although few salmon were taken most of the fishermen persisted in hopes that as conditions improved with the tide more fish would appear. By midnight, however, the majority of the fishermen had become convinced that there were none but a few stragglers in the river, and most of them took in their nets and put to shore again.

HORRIBLE DISEASE APPEARS IN ASYLUM

Pellagra, a Rare Malady, Attacks Six of the Inmates— No Cure Is Yet Known.

Chicago, July 25.—Pellagra, a mysterious plague as fatal as leptrosy and usually found only in the southern states and in tropical countries, has been discovered among inmates of insane wards at the Dunning asylum. Three middle-aged women are now suffering with the dread malady and six other women have succumbed to the disease within the past year. At time of their death Dunning physicians were mystified as to the nature of their ailment. A suspicion that pellagara was the affliction of the women was confirmed yesterday by Dr. Lavinder, a surgeon of the United States Public health and Marine Hospital service, who for the past two years has been making an exhaustive stury of the baffling disease at Columbia, S. C.

"Pellagara is a disease of the most mysterious kind known to science," said Dr. Lavinder. "Its cause is not entirely understood, and no certain cure has been found for it. Most authorities attribute the disease to the use of food, of spoiled or damaged corn or its products. But no one is able to state that corn in a certain condition will cause the disease, nor can anyone guard against it. Pellagara eats out the body and mind, but is a chronic disease and not acute and usually when insanity is caused the patient is depressed and moody rather than violent.

"The disease is not considered communicable and no efforts are made anywhere, either in Europe or in the United States, to quarantine any of the cases."

Trade Opening for Canada.

Cape Town, July 25.—An official communication was received from Canada, stating that the manufacture of the Dominion are interested in the importation of white maize from this country. It appears that white maize has hitherto been imported in large quantities to Canada from the United States, but if South African exporters can compete with the product of the states a very large business can be done, particularly in the Eastern provinces, Montreal and Toronto.

COMBINE AGAINST ACCIDENT FAKERS

Canadian Electrical Railways Unite For Mutual Protection.

Toronto, July 25.—In an attempt to curtail the growing list of alleged fake accident claims registered against them, the electric railway systems of Canada intend to establish a "bureau of information and identification." By means of this all suspicious claimants can be traced from city to city, and their records kept almost as minutely as the police chronicles of criminals. Mr. Acton Burrows of Toronto, the secretary of the Canadian Street Railway Association, will keep these records, in addition to his regular association work, but each railway company will assume the responsibility of sending to him information of possible "frauds" who may make claim against them for alleged accidents. His office will then act as a clearing house, and any railway company in any other city can get the information from him.

The bureau will be worked out along the lines of the present system used by the street railway companies in the United States. Cards bearing the name, address and a full description of the claimants, together with the witnesses in the case, will be filled out. Border cities, such as Buffalo and Detroit, in the east, will be included in the association because of the fact that the systems of these places have interests in roads operating in Canada. It is planned to have

FARMERS TO HAVE DAY.

Northwest Agriculturists Will Gather at Seattle Fair.

Seattle, July 25.—The farmers of the Pacific Northwest will have their inning at the Alaska-Yukon-Pacific exposition, on Wednesday, September 8. G. D. Wilson of Peag, Ill., has been appointed director-general of the day, and is now busy in the preparation of the program. Mr. Wilson officiated in a like capacity at the St. Louis Exposition with marked success.

The object of this special event is to show to the farmers in a systematic way the possibilities and opportunities which are in store for them and to awaken them to a keener sense of appreciation of the lavish gifts which nature has bestowed upon this highly favored region.

The program will consist of a parade, addresses, a basket picnic at noon in the Lakeside park, and a rainbow banquet at the evening hour. As a rule these special events and festivities are confined to industrial, financial and commercial organizations, but the A. Y. P. management very properly considers the farming industry as one of the potent factors in the development of the Great Northwest and in keeping with that idea will strive in every possible way to keep the agricultural interests of the region well up toward the front of the procession.

Live Stock Insurance

Live stock insurance has fast become recognized as one of the best kinds of insurance in existence, and an ever-increasing number of stock owners are protecting themselves against the serious losses which they have had to suffer in the past. I represent the only strong, reliable Canadian company carrying this class of insurance, and as they do not handle any nsurance but live stock they are able to fulfil their obligations to the greatest satisfaction, and every legitimate loss which has occu red on any of the company's policies since they started business, ha been promptly paid, cheques usually being forwarded within a day o two, and the following letter is an instance:

Advertising Debenture By-Law, 1909.

A By-law to enable the Council of the City of New Westminster to raise by loan the sum of Four Thousand ($4000.00) Dollars for the purpose of advertising the City.

Whereas, it is expedient to expend the sum of Four Thousand ($4000.00) Dollars in advertising the City and that the said sum should be raised on the credit of the Corporation.

And Whereas, It appears that if the sum of Four Thousand ($4000.00) Dollars be appropriated from the general revenue of the City for the current year the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the Corporation, and that debentures should be issued for that amount.

And, Whereas, for the payment of interest on the debentures proposed to be issued under this By-Law, and for creating a sinking fund for the payment of the said debentures when due, it will be necessary to raise by special rates, in addition to all other rates, each year during the currency of the said debentures, the sum of Two Hundred and Thirty-Five and 46-100 ($235.46) Dollars.

And, Whereas, in order to raise the said yearly sum of Two Hundred and Thirty-Five and 46-100 ($235.46) Dollars an equal special rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster;

And, Whereas, the whole rateable property of the said City, according to the last revised assessment roll thereof, is Five Millions, Three Hundred and Ninety-One Thousand, Four Hundred and Forty-Five ($5,391,445.-00) Dollars.

And, Whereas, the total amount of the existing debenture debt of the said City is One Million, Two Hundred and Nineteen Thousand, One Hundred ($1,219,100.00) Dollars irrespective of the sum of Three Hundred and Ninety-four Thousand ($394,000.-00) Dollars proposed to be raised under the "Hospital Debenture By-law 1909," the "Waterworks Debenture By-law 1909," the "Street Improvement By-law 1909," the "Incinerator Debenture By-law 1909," and the "City Gaol Debenture By-law 1909," of which none of the principal or interest is in arrears.

Now therefore the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the debentures, hereinafter mentioned, any sum or sums of money, not exceeding in the whole the sum of Four Thousand ($4000.00) Dollars and to cause the same to be paid into the Treasury of the said City for the purposes mentioned herein.

2. It shall be lawful for the Mayor to cause any number of debentures to be made, not exceeding in the whole the sum of Four Thousand ($4000.00) Dollars, for such sums of money as may be required, not less than $100.00 each, or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland, at a value of 4.866 to the pound sterling; and all such debentures shall be sealed with the Seal of the Corporation signed by the Mayor and countersigned by the Treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

3. The said debentures shall be payable on the first day of July 1959, at such place or places as the Council of the said Corporation may from time to time appoint, with the approval of the holders thereof, and shall have attached to them coupons for the payment of interest at the rate of five per centum per annum on the amount thereof, which interest shall be payable half yearly on the first of January and the first day of July, in each and every year, and the said coupons shall be signed by the said Mayor.

4. A special rate on the dollar shall be levied and raised in each year, in addition to all other rates, on all rateable property of the City, sufficient to pay the interest on the debentures, and to create a sinking fund for the payment of the principal thereof when due, subject to any Act or enactment respecting the same.

5. Subject as aforesaid, there shall be raised annually by special rates as aforesaid, during the currency of the said debentures, the sum of Two Hundred ($200.00) Dollars for the payment of interest thereon, and the sum of Thirty-Five and 46-100 ($35.46) Dollars to provide for the repayment of the principal

6. The proceeds of the sale of the said debentures shall be applied as follows, and not otherwise: Towards paying the cost of the passing of this By-law and the issue and sale of the debentures therein referred to.

7. This By-law shall take effect on the 25th. day of August 1909, and may be cited as the "Advertising By-law 1909."

8. This By-law before the final passing thereof, shall receive the assent of the electors of the said City in the manner required by law.

Received the assent of the electors on the.....day of.....1909.

City Hall, July 22nd, 1909.

City Gaol Debenture By-Law, 1909.

A By-law to enable the Council of the City of New Westminster to raise by loan the sum of Six Thousand ($6000.00) Dollars for the purpose of building a City Gaol and Police Court Room.

Whereas, it is expedient to erect a building to be used as a City Gaol and Police Court Room, and to use that portion of the Civic Building, now used for those purposes, for other purposes and to expend in the erection of the said building the sum of Six Thousand ($6000.00) Dollars, and that the said sum should be raised on the credit of the Corporation.

And Whereas, It appears that if the sum of Six Thousand ($600.00) Dollars be appropriated from the general revenue of the City for the current year the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the Corporation, and that debentures should be issued for that amount.

City Hall, July 22nd, 1909.

Waterworks Debenture By-Law, 1909.

A By-law to enable the Council of the City of New Westminster to raise by loan the sum of Two Hundred and Thirty-Four Thousand ($234,000.00) Dollars for the purpose of increasing the capacity of the City Waterworks System.

Whereas, it is expedient to construct an additional Main Pipe Line for the City Waterworks System from Coquitlam Lake to the Queen's Park Reservoir, and also from the Reservoir to the City limits on Lulu Island, and for that purpose to expend the sum of Two Hundred and Thirty-Four Thousand ($234,000.00) Dollars.

And Whereas, It appears that if the sum of Two Hundred and Thirty-Four Thousand ($234.00) Dollars be appropriated from the general revenue of the City for the current year the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the Corporation, and that debentures should be issued for that amount.

And, Whereas, in order to raise the said yearly sum of Thirteen Thousand Seven Hundred and Seventy-Four and 52-100 ($13,774.52) Dollars an equal special rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster;

And, Whereas, the whole rateable property of the said City, according to the last revised assessment roll thereof, is Five Millions, Three Hundred and Ninety-One Thousand, Four Hundred and Forty-Five ($5,391,445.-00) Dollars.

And, Whereas, the total amount of the existing debenture debt of the said City is One Million, Two Hundred and Nineteen Thousand, One Hundred ($1,219,100.00) Dollars irrespective of the sum of One Hundred and Sixty-Four Thousand ($164,000.-00) Dollars proposed to be raised under the "Hospital Debenture By-law 1909," the "Waterworks Debenture By-law 1909," the "Street Improvement By-law 1909," the "Incinerator Debenture By-law 1909," and the "City Gaol Debenture By-law 1909," of which none of the principal or interest is in arrears.

Now therefore the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the debentures, hereinafter mentioned, any sum or sums of money, not exceeding in the whole the sum of Two Hundred and Thirty-Four Thousand ($234,000) Dollars, for such sums of money as may be required, not less than $100.00 each, or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland, at a value of 4.866 to the pound sterling; and all such debentures shall be sealed with the Seal of the Corporation signed by the Mayor and countersigned by the Treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

3. The said debentures shall be payable on the first day of July 1959, at such place or places as the Council of the said Corporation may from time to time appoint, with the approval of the holders thereof, and shall have attached to them coupons for the payment of interest at the rate of five per centum per annum on the amount thereof, which interest shall be payable half yearly on the first of January and the first day of July, in each and every year, and the said coupons shall be signed by the said Mayor.

4. A special rate on the dollar shall be levied and raised in each year, in addition to all other rates, on all rateable property of the City, sufficient to pay the interest on the debentures, and to create a sinking fund for the payment of the principal thereof when due, subject to any Act or enactment respecting the same.

5. Subject as aforesaid, there shall be raised annually by special rates as aforesaid, during the currency of the said debentures, the sum of Eleven Thousand Seven Hundred ($11,700) Dollars for the payment of interest thereon, and the sum of Two Thousand and Seventy-Four and 52-100 ($2074.52) Dollars to provide for the repayment of the principal.

6. The proceeds of the sale of the said debentures shall be applied as follows, and not otherwise: Towards paying the cost of the passing of this By-law and the issue and sale of the debentures therein referred to.

7. This By-law shall take effect on the 25th. day of August 1909, and may be cited as the "Waterworks Debenture, By-law, 1909."

8. This By-law before the final passing thereof, shall receive the assent of the electors of the said City in the manner required by law.

City Hall, July 22nd, 1909.

Hospital Debenture By-Law, 1909.

A By-law to enable the Council of the City of New Westminster to raise by loan the sum of Thirty Thousand ($30,000.00) Dollars for the purpose of granting the same to the Royal Columbian Hospital.

Whereas, it is expedient to grant the sum of Thirty Thousand ($30.-000.00) Dollars for the purpose of assisting in the erection of a new building for the Royal Columbian Hospital in this City.

And Whereas, It appears that if the sum of Thirty Thousand ($30,000.00) Dollars be appropriated from the general revenue of the City for the current year the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the Corporation, and that debentures should be issued for that amount.

And, Whereas, for the payment of interest on the debentures proposed to be issued under this By-Law, and for creating a sinking fund for the payment of the said debentures when due, it will be necessary to raise by special rates, in addition to all other rates, each year during the currency of the said debentures, the sum of Seventeen Hundred and Sixty-Five and 96-100 ($1765.96) Dollars.

And, Whereas, in order to raise the said yearly sum of Seventeen Hundred and Sixty-Five and 96-100 ($1765.96) Dollars an equal special rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster;

And, Whereas, the whole rateable property of the said City, according to the last revised assessment roll thereof, is Five Millions, Three Hundred and Ninety-One Thousand, Four Hundred and Forty-Five ($5,391,445.-00) Dollars.

And, Whereas, the total amount of the existing debenture debt of the said City is One Million, Two Hundred and Nineteen Thousand, One Hundred ($1,219,100.00) Dollars irrespective of the sum of Three Hundred and Sixty-Eight Thousand ($368,000.-00) Dollars proposed to be raised under the "Hospital Debenture By-law 1909," the "Waterworks Debenture By-law 1909," the "Street Improvement By-law 1909," the "Incinerator Debenture By-law 1909," and the "City Gaol Debenture By-law 1909," of which none of the principal or interest is in arrears.

Now therefore the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the debentures, hereinafter mentioned, any sum or sums of money, not exceeding in the whole the sum of Thirty Thousand ($30,000.00) Dollars and to cause the same to be paid into the Treasury of the said City for the purposes mentioned herein.

2. It shall be lawful for the Mayor to cause any number of debentures to be made, not exceeding in the whole the sum of Thirty Thousand ($30,000.00) Dollars, for such sums of money as may be required, not less than $100.00 each, or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland, at a value of 4.866 to the pound sterling; and all such debentures shall be sealed with the Seal of the Corporation signed by the Mayor and countersigned by the Treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

3. The said debentures shall be payable on the first day of July 1959, at such place or places as the Council of the said Corporation may from time to time appoint, with the approval of the holders thereof, and shall have attached to them coupons for the payment of interest at the rate of five per centum per annum on the amount thereof, which interest shall be payable half yearly on the first of January and the first day of July, in each and every year, and the said coupons shall be signed by the said Mayor.

4. A special rate on the dollar shall be levied and raised in each year, in addition to all other rates, on all rateable property of the City, sufficient to pay the interest on the debentures, and to create a sinking fund for the payment of the principal thereof when due, subject to any Act or enactment respecting the same

5. Subject as aforesaid, there shall be raised annually by special rates as aforesaid, during the currency of the said debentures, the sum of Fifteen Hundred ($1500.00) Dollars for the payment of interest thereon and the sum of Two Hundred and Sixty-Five and 96-100 ($265.96) Dollars to provide for the payment of the principal.

6. The proceeds of the sale of the said debentures shall be applied as follows, and not otherwise: Towards paying the cost of the passing of this By-law and the issue and sale of the debentures therein referred to.

7. This By-law shall take effect on the 25th. day of August 1909, and may be cited as the "Hospital Debenture By-law, 1909."

8. This By-law before the final passing thereof, shall receive the assent of the electors of the said City in the manner required by law.

Street Improvement Debenture By-Law, 1909.

A By-law to enable the Council of the City of New Westminster to raise by loan the sum of One Hundred and Four Thousand ($104,000.00) Dollars for Street Improvements.

Whereas, certain sums of money have this year been expended out of the general revenue of the City for the construction, improvement and repair of certain streets and sidewalks, and it is expedient that certain additional sums be spent in like manner, amounting in all (with sums already so spent) to the sum of One Hundred and Four Thousand ($104,000.00) Dollars.

And Whereas, It appears that if the sum of One Hundred and Four Thousand ($104,000.00) Dollars be appropriated from the general revenue of the City for the current year the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the Corporation, and that debentures should be issued for that amount.

And, Whereas, for the payment of interest on the debentures proposed to be issued under this By-Law, and for creating a sinking fund for the payment of the said debentures when due, it will be necessary to raise by special rates, in addition to all other rates, each year during the currency of the and debentures, the sum of Six Thousand One Hundred and Twenty-two ($6,122.00) Dollars.

And, Whereas, in order to raise the said yearly sum of Six Thousand One Hundred and Twenty-two ($6,122.00) Dollars an equal special rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster;

And, Whereas, the whole rateable property of the said City, according to the last revised assessment roll thereof, is Five Millions, Three Hundred and Ninety-One Thousand, Four Hundred and Forty-Five ($5,391,445.-00) Dollars.

And, Whereas, the total amount of the existing debenture debt of the said City is One Million, Two Hundred and Nineteen Thousand, One Hundred ($1,219,100.00) Dollars irrespective of the sum of Two Hundred and Ninety-Four Thousand ($294,000.-00) Dollars proposed to be raised under the "Hospital Debenture By-law 1909," the "Waterworks Debenture By-law 1909," the "Street Improvement By-law 1909," the "Incinerator Debenture By-law 1909," and the "City Gaol Debenture By-law 1909," of which none of the principal or interest is in arrears.

Now therefore the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the debentures, hereinafter mentioned, any sum or sums of money, not exceeding in the whole the sum of One Hundred and Four Thousand

TO ASCERTAIN SOURCE OF TUBERCULOSIS

French Doctors Discover Means of Finding Whether Infection is of Animal or Human Origin.

Paris, July 25.—Dre. Calamete and Guerin announced in the Fourth Academy of Science last night the discovery of an easy method for the determination of whether tuberculosis in individual cases is of boverine or human origin. They proved that the bacilli in tuberculosis of human origin did not affect cattle by a series of experiments among which was the inoculation of a goat with germs from tubercular patients at the sanitarium at Sancaric Lake, N. Y. The goat practically was unaffected and continued to give nourishment to its young, the health of which was in no way affected. Another goat was inoculated with a culture taken from a boy suffering from tuberculosis and this inoculation resulted fatally. From this the doctors were able to conclude that the boy's infection was not of human origin but resulted from milk taken from tuberculosis cattle.

WARSHIPS BOMBARDED TUG BY MISTAKE

Paris, July 25.—An extraordinary accident occurred at Toulon, when the gunners at the Cape Brun Batteries shelled an inoffensive tug instead of a target which was being towed during firing practice.

The tug had towed the targets 1000 yards from shore when the shore batteries opened a brisk fire. The first shell passed a few feet above the heads of the two men on the bridge of the tug.

Before they recovered from their surprise a second shell struck the funnel, and a third smashed the wheelhouse, passing a few inches from one of the umpires who was about to report on the shooting. The man at the wheel was so frightened that he fainted.

Danger signals were immediately hoisted by the tug, and the bombardment ceased.

CHANGES EXPECTED IN JAPANESE CABINET

Tokio, July 25.—The minister of foreign affairs, Baron Komura, is expected to resign before the new session of the Diet, owing to ill health. His recovery is doubtful.

Baron Inchinda, formerly general secretary of the department of foreign affairs, is mentioned as his successor.

The excessive heat has caused many causalties in the military manoeuvres. Eighty men of the Eighth infantry at Osaka were sunstruck, and two died. One hundred and fifty of the Fifteenth infantry were also struck, and four died.

How Long!

Newcastle-on-Tyne, July 25.—Inquiries received by the Armstrong shipbuilding firm indicate that the government will give out almost immediately orders for four additional super-Dreadnoughts, which it is expected will be armed with 13.5 inch guns.

VANCOUVER AHEAD IN GOALS SCORED

Terminals Have 43 to Their Credit as Opposed to 37 For Salmon Bellies.

Vancouver is now five ahead of the Salmon Bellies in the scoring in the league matches of the present year. Up to Saturday the two teams were equal, each having 37 goals to their credit. Last Saturday's defeat, however, put Vancouver in the lead—for the time being at any rate.

The scores in the matches are as follows:

Westminster ...	8	Vancouver ...	5
Westminster ...	9	Vancouver ...	8
Westminster ...	8	Vancouver ...	7
Westminster ...	8	Vancouver ...	7
Westminster ...	4	Vancouver ...	10
Westminster ...	1	Vancouver ...	6
Totals	38		43

Lalonde, the fast Vancouve home man is far and away the biggest scorer in the league, having sixteen goals to his credit. Next to him comes C. Spring with ten, and then his brother "Grumpy," with nine. The goal makers of the league and their tallies are as follows:

BIG C.P.R. ENGINE IS WHITE ELEPHANT

Proves So Heavy That It Cannot Move Itself, Much Less a Train.

Montreal, July 25.—Officials of the Canadian Pacific Railway are worried over the disposal of a gold brick, in the shape of a monster locomotive, which was built in the Angus shops, at a cost of approximately $25,000.

The locomotive was completed a week or ten days ago, and taken out for a trial run between Hochelaga and Mile End, but to the consternation of the many officials who had gathered to see this most wonderful of all locomotives, it refused to haul and after many fruitless attempts it was taken back to the Angus shops and the officials returned to their respective duties.

Mr. Vaughan, under whose supervision the locomotive was designed, said this morning that he had no statement whatever to make regarding the locomotive, but said through his secretary that the only trouble with the engine was that it was too heavy and that it was taken to the shops in order that the weight might be reduced.

Most Powerful in World.

The locomotive was intended to be the most powerful locomotive built in Canada in fact, in the world. It was intended for use on the mountain section of the road and was to do away with the necessity of a pusher.

C. N. R. Traffic Earnings.

Montreal, July 25.—The traffic earnings of the C. P. R. for the week ending July 14, were $1,621,000, an increase of $214,000 over the same week last year. The Grand Trunk earnings for the same week were $789,746, an increase of $40,743 over last year.

Discoveries of copper, gold and silver are said to have been made on the Fiji islands.
