INDUSTRIAL GROWTH RAPID ON ISLAND

Eastern Part of Lulu Island Ideal For Manufacturing Sites and Market Gardens.

All visitors who have been shown the possibilities of Lulu island as a manufacturing district, particularly that part of the island within the city limits, admit that there are few such sections of land similarly placed on the Pacific coast.

Water and Transportation.

The two things which were necessary for the success of the island as an industrial centre were the improvement of transportation and the provision of a better water service for fire protection purposes. With the announcement that the B. C. E. R. will build to the city limits as soon as the new bridge is opened in the fall, and the prospect of a six-inch water main across the bridge when the waterworks extensions are carried out along down Ewen avenue, with connections to each of the industies, the danger which a recent fire showed to exist will be immeasurably reduced. An erroneous impression seems to exist that the residents will be permitted to tap the Richmond main, but this will be intact to the city boundary. However, the city intends to put in better water service as soon as the proposed extensions receive the assent of the ratepayers.

To Rebuild Mill.

While the fire at the Barnet-McDonald mill has thrown a damper on expansion there just at present, there is no doubt the mill will be

(Continued on Page Three).

POUND BY-LAW TO HAVE STRICT ENFORCEMENT

Attention of Ratepayers Called to Clauses Dealing With Stray Animals.

Poundkeeper McMurphy wishes the attention of the public called to the pound bylaw, which prohibits animals and poultry of all kinds straying or being tethered on public streets, or unenclosed lots.

The amended bylaw covers the whole city bounded by Fourteenth street, Eighth avenue to junction with Columbia street, and thence to Fraser river, thus embracing nearly all Sapperton which was excluded in the earlier regulation.

Clause seven runs: "It shall not be lawful for any person to permit any horse, mule, ass, bull, cow, goat, sheep, swine or any geese, ducks or any poultry to run at large or trespass in or upon any unenclosed land or premises or vacant lot or public place whether in the custody or charge of any person or otherwise."

Section seven A says: "It shall not be lawful for any cow to run at large or be on any street, land, park or other public place."

BIG SOCKEYE RUN IS NOW ON IN GULF

Next Three Days Will Show Decisively Whether or Not Fish Are to Enter River.

Fraser river canners are now sure that the big run is on the way, and are eagerly waiting to see what the next few days may bring forth. The fish are known to be in the gulf, and on their way to the Fraser. If they do not arrive within the next three days it will be certain that the worst fears of the canners have been fulfilled, and that the traps on the American side have had the effect of stalling the main body of fish.

Catches on Increase.

Increasingly large catches are reported from the traps, and the fishermen in the river are also doing better. Unless the fears of the canners are realized and the big run turned by the traps, the fishermen should continue to get larger and larger catches from now on.

Bellingham yesterday reported the receipt of 120,000 fish from traps and 22,000 from seiners, while at Anacortes 50,000 fish were reported of which about 15,000 were from seiners.

Island Traps Do Well.

The Vancouver island traps have been doing well, the average catch being about 25,000 to the trap. The Boulder trap is reported as having been washed out just as it was beginning to fill with fish.

Fish are reported to be running in large numbers past Carmanah Point. The northern canneries are not doing well. On the Skeena there is a great shortage, but at Rivers inlet sockeye are more plentiful, and fair packs are expected.

Daily Report.

The report of the Canners' Association for yesterday was as follows:

Ewens—Average 96 from 62 boats.
St. Mungo—Average 115 from 79 boats.
Imperial—Average 50 from 62 boats.
Richmond—Average 50 from 60 boats.
British America—Average 96 from 90 boats.
Brunswick—Average 160 from 90 boats.
Vancouver—Average 50 from 108 boats Boats doing better this morning.
Phoenix—Average 95 from 135 boats
Scottish Canadian—Average 51 from 105 boats.

CROP PROSPECTS GOOD IN MARITIME PROVINCES

Halifax, N. S., Aug. 3.—The Nova Scotia government crop report just out, compiled from reports sent in by 128 correspondents shows a good outlook and indicates a prosperous year for farmers.

In the fruit sections, conditions at the time of bloom were almost ideal, and for the most part the set of fruit was abundant. During the dry weather, however, much fruit dropped, but recent rains have brought about almost ideal conditions for growth.

The hay crops will be from 90 to 92 per cent. of that of last year. Oats of an average, potatoes 106 per cent. of an average, potatoes 10* per cent., turnips and other roots 106 per cent.

POMP AND CEREMONY ACCOMPANY UNVEILING

Premier McBride Speaks at Presentation of J. J. Hill Bust to Seattle Fair.

Seattle, Aug. 3.—The colossal bust of James J. Hill was unveiled at the fair this afternoon. The occasion was accompanied by much pomp and ceremony, orations being delivered by Premier McBride of British Columbia, who represented Canada; by the Japanese minister, T. Tanaka, by Governor John A. Johnson of Minnesota, and many other celebrities.

Bishop Delivers Invocation.

At 3:15 o'clock in the afternoon H. S. Walker, president of the Minnesota club, introduced Judge Thomas Burke as chairman of the exercises in the auditorium. The invocation was by Bishop E. J. O'Dea, and a short address made by the chairman. A. J. Blethen spoke, then letters and telegrams were read by the chairman and an address made by ex-Senator John L. Wilson, after which the speech of the day was given by Governor John A. Johnson.

Under the direction of C. W. Corliss, the audience then proceeded from the auditorium to the Klondike Circle, following a platoon of exposition guards, the A. Y. P. band, and the guests of honor and their escorts. At Klondike Circle the monument was presented to the exposition and the university by J. M. Hawthorne, President Chilberg for the exposition and President T. F. Kane for the university, responded, after which Rev. M. A. Matthews spoke.

Slowly Revealed.

Gov. Johnson pulled the cord which unloosened the flags so that they slid slowly to the base of the monument. The British flag was then handed to Premier Richard McBride of B. C., while the band played "God Save the King." After the prime minister's address the Japanese flag was handed to Japanese Consul T. Tanaka, while Japan's national air was played by the band. Mr. Tanaka spoke, after which the American flag was handed to Gov. M. E. Hay. After the "Star Spangled Banner" by the band, Gov. Hay delivered an address.

Reception to Visitors.

The assembly then marched to the Washington State building where a reception was given to Gov. and Mrs. Johnson, Premier McBride of British Columbia and Mrs. McBride, Imperial Consul Tanaka and Mrs. Tanaka, and the governor of Washington and Mrs. Hay.

SEEKING TO RECORD WATER SUPPLIES

Municipal Authorities Jostle One Another to Secure Records Across Inlet.

The rush of the various public bodies to secure water records on the valuable rivers and creeks which flow from the Cascades into the waters of Burrard inlet through the municipality of North Vancouver has led to the "plastering" of the creeks by representatives of the various bodies.

Municipalities Want Records.

The city of North Vancouver obtaining its water from Lynn creek and the city of Vancouver from the Capilano and Seymour rivers, and the municipality of North Vancouver having interests in the water supply of the district it covers, all the public bodies are vitally concerned in the issue of further records. In addition to this the four municipalities of Point Grey, Burnaby, South Vancouver and Richmond have a joint record on Seymour creek, and when the cities of Vancouver and North Vancouver began to ask for additional records, the engineer, Donald Cameron, got busy for the rural municipality and sought records of about 700 cubic feet for the public use.

Court Held Yesterday.

The applications came up before Water Commissioner S. A. Fletcher yesterday, the various bodies being legally represented. As the chief water engineer for the province has not yet been appointed, and the amended act passed at the last session of the legislature provides for setting up a board of investigation, the commissioner adjourned the applications for three months and they will therefore come up on November 3.

George E. Cowan, K. C., M. P., appeared for the city of Vancouver, C. M. Macneill for North Vancouver city, W. E. Burns for the North Vancouver district. A. G. Smith for the joint municipalities (except Richmond, which is taking a supply from Coquitlam lake), and Mr. Sinclair for the B. C. Timber & Trading Company, which seeks a record on Lynn creek.

An official of the G. T. P. stated yesterday that since the company placed town sites in the market they have sold 5000 lots. About twenty new town sites will be placed on the market within the next two months.

PROHIBITION WAVE AFFECTS U.S. TREASURY

Whisky and Beer Tax Receipts Show Great Falling Off Last Fiscal Year.

Washington, Aug. 3.—The federal treasury suffered a shrinkage because of the prohibition wave during the fiscal year ending June 30. During this time there was a decrease of $5,290,773 in whisky tax receipts as shown by the preliminary report of the internal revenue bureau made public today.

Whisky tax collections last year were $134,868,034, as against $140,158,807 for the preceding year. The receipts of beer and other fermented liquors amounted to $57,456,411, a decease of $2,351,205 compared with 1908.

The nation's tobacco bill, however, showed an increase. The government tax on all sorts of tobacco aggregated $51,887,178 an increase of $2,024,423 over the previous year.

The oleomargarine tax collections were $902,197, a falling off of $52,107.

WOULD POSTPONE SATURDAY'S GAME

Executive of Local Lacrosse Club Would Like to Put It Forward One Week.

The New Westminster Lacrosse club is making an attempt to have the game scheduled to take place in Vancouver this Saturday postponed until the following week.

"Several of our men are not really in a condition to play,' said Fred Lynch, president of the club, to The News last evening. "Cliff Spring, for instance, has not properly got over the effect of having his nose broken while several of the players would be all the better for a week more of rest. Taking this into consideration, the management is endeavoring to have next Saturday's game postponed for one week."

Con Jones Not Willing.

"I spoke to President Jones, of Vancouver, about the matter the other day," said Mr. Lynch, "and he made no bones about his attitude. 'We realize,' he said, 'that we have you New Westminster people at your weakest now, and naturally we don't feel like letting you off the game.'"

"However," concluded Mr. Lynch, "the whole matter will be brought up before the meeting of the executive of the B. C. L. A., which President Gray has been asked to call for Thursday of the present week."

To Avoid Clash of Dates.

Mr. Lynch pointed out that the postponement of the game would make no material difference in the schedule. The next game after that scheduled for Saturday is booked to take place on August 21 in this city. Now August 21 is also the date of the opening of the race track on Lulu island, and the New Westminster club would like to avoid the clash of dates if possible. To do this the local club proposes to postpone next Saturday's game until August 14 and that slated for August 21 until the following Saturday.

A strong effort will be made to carry this amendment to the schedule at the coming meeting of the B. C. L. A. executive.

Codling Moth Ruins Fruit.

Harrisburg, Pa., Aug. 3.—Not more than a fourth of a crop of peaches and one-third of a crop of apples will be gathered this year in Pennsylvania, according to information received at the state department of agriculture. State Zoologist Surface estimates that the loss to the apple growers this year will amount to $1,000,000.

"This will be due mostly to the codling moth," said Prof. Surface. "The inspectors of the department say that nearly 95 per cent. of the apples of the state have been stung or are wormy. The drought is responsible for some of the shortage to the apple crop, but the moths have damaged most of the apples that did develop."

The peaches of the state also will be small in number. The pear crop will be almost an entire failure this year.

WAGE EARNERS WILL BUMP MILITARISM

Subject Is Booked For Discussion at Coming Labor Congress in Quebec.

Judging from the convention call, sent out by the officials of the Trades and Labor Congress of Canada, it looks as if some severe bumps to the militaristic spirit would emanate from the twenty-fifth annual session of the Trades and Labor Congress of Canada, which is booked to open in the parliament buildings, Quebec, on September 20.

Object to Militarism.

Consideration of means to combat the spirit of militarism will be one of the items of business to come before the congress. In part the call, reads as follows:

"The matters that will be presented for the earnest consideration of the delegates are not less weighty than heretofore. Indeed, at no priod in its history has the Congress had a more important duty to perform. Apart altogether from the important legislation of the Dominion parliament and of the provincial legislatures, the ever pressing demands for the amelioration of industrial conditions and the betterment of the whole of our industrial forces—apart from these altogether, a pronouncement is urgently needed upon the present jingo propaganda for military training in the schools, military and naval equipment. Canada is a country of peace. The problem of living in times of peace is difficult enough without having foisted upon us a vast expenditure for non-productive, but highly destructive, effort. "War is Hell!"—for the workingman. Labor cannot afford to be silent at this critical juncture but should unite with all peace loving citizens of Canada to squelch, in its incipiency, the forced sentiment that would involve us in the quarrels of other lands."

Beware of Capital.

Wage earners are further warned that "following the financial and in-

(Continued on Page Two).

AUTOMATIC DEVICE REGULATES SPEED

English Invention Removes Clutch and Applies Brake When Machine Travels Too Fast.

Washington, Aug. 3.—A device has been invented by which the speed of automobiles may be automatically controlled. Report to this effect is made by Vice-Consul H. K. Byington of Bristol, who describes the device as it has been attached to English machines. The attachment removes the clutch when the speed of the car slightly exceeds the arranged limit. When necessary the brake is automatically applied so that the speed is reduced to just below the arranged limit.

The brake is removed and the clutch again put in. The apparatus is put in action or out of gear in an instant. It fits in a compact aluminum box and takes up very little space.

WAITERS BEAT CAPTAIN OF PRINCESS VICTORIA

Master of Vessel Tries to Climb In Stateroom Window and They Land on Him.

Victoria, B. C., Aug. 3.—Capt. Hickey of the steamship Princess Victoria, gave two waiters over to the police on arrival yesterday in consequence of a mutiny and rough house on board.

They were drinking in a locked stateroom and refused admission to the captain, who climbed in through a window and was severely pummelled by the mutinous waiters and a passenger before two freight clerks broke into the room and assisted in placing the mutineers in irons.

ATTEMPT TO WRECK TREASURE LADEN TRAIN

Obstruction of Steel Rails Was Placed on Track Near Dangerous Curve.

Crawford, Neb., Aug. 3.—As a passenger train on the Chicago, Burlington & Quincy Railroad was rounding a hazardous curve near the station of Belmont, ten miles out from Crawford, early yesterday morning, the engineer discovered on the track a few rods ahead an obstruction of steel rails. Engineer Wade immediately reversed the wheels and the train came to a stop within a few feet of the obstruction.

It is said that the express car contained $250,000 in gold bullion billed to New York city.

A farmer named Chris Berger was found near the vicinity by a searching party and taken into Alliance, where he was placed in jail.

Berger said he had nothing to do with the job and says he was at this point for the purpose of flagging the train to get into Alliance for medical aid.

Berger's arm was badly torn, caused, he said, by the accidental discharge of a shotgun.

NONRIGIDS FOR ARMY, DIRIGIBLES FOR NAVY

British Defence Committee Recommends Type of Balloons for Land and Sea.

London, Aug. 3.—The subcommittee of the imperial defence committee appointed to consider matters of aviation have reported in favor of rigid dirigible baloons for naval purposes and nonrigid balloons for the army. The aeroplane committee considers that these machines possibly may become valuable to the army, but says they must be able to ascend to a much greater height than has been achieved, when they will be safe for reconnoitering purposes. War Secretary Haldane announced in the house yesterday that the admiralty had ordered a rigid dirigible of the largest type from the Vickers, and that the government factory at Aldershot was busy with the construction of three non-rigid balloons and two aeroplanes for experimental purposes.

Ottawa, Aug. 3.—The Hon. Sydney Fisher left today for the west. He will be away two months.

Labor Strike Threatens Revolution in Sweden

Stockholm, Aug. 3.—A labor strike throughout Sweden which is scheduled to begin tomorrow threatens to develop in Stockholm into something approaching a revolution.

The trouble will be aggravated by the present general strike and lockout.

The members of the young Socialist party are striving to give the movement a revolutionary character and the government has taken steps to nip the expected disorders in the bud. The authorities have decided at the first signs of insurrection to declare Stockholm in a state of siege.

Soldiers are being quartered in different sections of the city and suburbs, and the entire standing army of Sweden is ready for action. The situation has suddenly taken so serious a turn that King Gustav has summoned parliament to Stockholm and a special session of the Rigsdag is expected. A civil corps guard is being organized for the protection of property and the banks are closed and guarded.

It is anticipated also that the street car service is Stockholm will stop on Wednesday, and arrangements are being made today to run the waterworks and the electric light plants by the soldiers.

The bridges leading to the islands adjacent to Stockholm are closely guarded. Many stores have been closed and no milk is delivered in the city. The sale of spirits, beer and wine has been prohibited.

The labor conflict at the bottom of this trouble originated in a dispute over wages in the woollen and cotton industries.

MONTREAL MERCHANTS FIGHT EARLY CLOSING LAW

Object to Civic Ordinance Enforcing Shutting of Shops at Seven in the Evening.

Montreal, Aug. 3.—A determined effort will be made by the retail merchants of the city to upset the recently enforced early-closing bylaw, which enacts that every store shall close at 7 o'clock on Wednesday and Thursday evenings, with the exception of saloons, cigar and fruit and ice cream stores, etc. A meeting of retail merchants was held this evening, at which it was decided to carry the fight to the Privy Council, and nearly $1500 was subscribed to meet the costs of the legal fight before the meeting adjourned.

LEADER OF THEOSOPHISTS EXPECTS CHRIST AGAIN

New York, Aug. 3.—Mrs. Annie Besant, head of the Theosophical society, and successor to Mme. Blavatsky, who arrived in this country from her home in India on Saturday, has announced he belief that Christ will soon make another personal visit on earth. She said that the spirit of Christ would manifest itself through the specially fitted pyhsical body of some western person, possibly a woman, but more likely a man.

EARTHQUAKE SHOCK ALONG B.C. COAST

Slight Tremor Was Felt at Coal Workings at Bamfield Creek, on Barkley Sound.

Victoria, B. C., Aug. 3.—A slight shock of earthquake was experienced at Bamfield creek, Barkley sound, this morning. The news was brought by the steamer Queen City, which returned today from Rivers inlet, where engineers were locating the railroad, wharves and bunkers for a new colliery port to be established at Suquash, near the northeast point of Vancouver island, where the Pacific Coast Co. is developing coal fields. The steamer brought shipments of coal from the mines there for exhibition at the Seattle exposition.

PRESIDENT OF G.T.P. WILL PAY VISIT TO COAST

Montreal, Aug. 3.—Sir Charles Rivers Wilson, president of the Grand Trunk Railway, leaves tomorrow on an inspection of the G.T.R. and the G. T. P. He goes to Stratford, Ont., and Battle Creek, Mich:, to inspect the shops, then to Chicago, Seattle, Victoria, Vancouver and Prince Rupert, returning East over the G. T. P. from Edmonton to Fort William, then by boat to Sarnia. He expects to be back in England by the end of September.

Ice Blockades Prevent Fishing Off Labrador

Denison Island, Labrador, Aug. 3.—This coast has been so blocked with ice until a few days ago that fishing has been practically impossible. This is the worst season the fishermen have experienced in years, not half a dozen quintals of fish having been caught up to the present time, whereas the fishermen usually make their harvest before this. Not half the vessels arrived at their destination owing to ice. The fishermen say the people of Labrador will starve to death unless the fish soon come near the land, or the government sends relief.

Doctors Are Unable To Cope With Cholera

St. Petersburg, Aug. 3.—Despatches from Polotska, in the government in Viebaska, the only city in Russian aside from St. Petersburg where the cholera has made much headway, say that the population is panic stricken owing to the inefficiency of the sanitary administration and the shortage of physicians. Forty cases of cholera are reported daily. To cope with this situation there are only five doctors who are so overwhelmed with work that they are obliged to refuse their services at night. Heartbreaking scenes are witnessed at the physicians offices, where relatives of the stricken fight to gain attention. Many stores have been closed and all well to do people are fleeing from Polotska.

. O. O. F.—ROYAL CITY LODGE No. 3—Meets in Oddfellows' hall, Columbia street, every Friday evening at 8 o'clock. Visiting brethren will be made welcome. G. E. Gilley, N. G.; C. E Osborne, P G, recording secretary

OTHER FRATERNAL SOCIETIES include the Union Lodge, No. 9, A. F. and A. M., King Solomon Lodge, No. 17, A. F. and A. M.; L. O. L. No. 1150; L. O. L., No. 1593; Court Sapperton, No. 4683, I. O. F.; C. O. F. Court Westminster, No. 330; Brotherhood of Owls, Nest No. 29.

TENDERS.

Sealed tenders will be received by the undersigned up to noon on the second day of August for the purchase of a quantity of timber on the Indian Reserve at Campbell River. This timber consisting of one million feet more or less, has been felled and cut into lengths ready to haul. A few tree in the block are still standing.

The tenders will state the price per thousand feet board measure according to the official scale of British Columbia, which will be paid in cash for the timber as it is at present on the ground. The timber must be removed before the thirty-first day of March, 1910.

The lowest or any tender not necessarily accepted.

By authority of the Department of Indian Affairs.

INCENDIARY FIRE SCOURGES EVERETT

Five Snccessive Blazes Do Damage to the Extent of $120,000

Everett, Aug. 3.—Five successive fires of incendiary origin wiped out no less than twelve business establishments yesterday afternoon and evening, entailing a loss of $120,000 The Snohomish county courthouse also was among the first buildings to succumb to the flames.

After seven hours of incessant combat with the conflagration, firemen and citizens were rendered desperate by another and more serious fir which had been started in a barn at about 10 o'clock and spread rapidly into the business district.

The mayor requested that the local company of State militia be called out and 35 armed men were sworn in as deputy sheriffs to guard property and prevent further operation by incendiaries, while hundreds of citizens enlisted as volunteers to assist the firemen who were all but exhausted.

Rang in False Alarms.

That the fire was the work of incendiaries is not doubted by any one here. All of the five fires broke out in localities and under circumstances that practically precluded accidental origin.

Feeling was very bitter against George Ryan, an engineer, who was recently discharged by the Great Northern railroad and who was arrested on Saturday night charged with tuning in false alarms of fire. He was released yesterday morning after having received a fine of $50 and a jail sentence, which was suspended due to good behavior. Members of the fire department were so embitterd against Ryan on Saturday evening that some of them might have done him injury had they not been held back at the point of a gun in the hands of a special detective who made the arrest. He could not be located last evening, but it was urged in his behalf that he could establish an alibi.

FEAR EXTINCTION OF ... WOOD BISON HERDS

Ottawa, August 2.—The wood bison of Canada ar threatened with extinction says reports which have reached Comptroller White of the North West Mounted Police. The Mounted Police patrols in northern Canada have come to this conclusion and they are of the opinion that the wolf not the Indian, is the enemy. Only the head and hide are of use for commercial purposes, and if Indians had been killing off these buffalo there would have been evidence of the fact.

STANDARD OF MUSIC HIGH IN CANADA

London, August 2.—Dr. Albert Ham, speaking at the distribution of diplomas of the Royal College of Organists, said the standard of music in Toronto was extremely high. Canada wanted only first-rate Englishmen in music, as in other departments of life for such there were plenty of opportunities.

Sir F. Bridge gave reminscences of his tour in Canada, and said the choir of St. James' Cathedral equalled many cathedral choirs in Britain.

SLIVER CAUSED DEATH OF BOY

Smith's Falls, August 2.—Willie Gork, a ten-year-old boy of Arnprior, ran a sliver into the ball of his big toe one day last week. Fearing the operation of having it removed he said nothing about it until Tuesday of this week, when the pain became so intense he could stand it no longer. A physician was at once summoned, but it was too late to do anything for thet relief of the boy. Tetanus had developed and the case was hopeless. The little fellow lingered in great agony until Thursday, when death ended his suffering.

Jeffries Will Sail.

New York, Aug. 3.—James J. Jeffries announced today that he would sail for Europe next Thursday regardless of Jack Johnson's demand that he remain in this country and sign articles for a fight.

CARLETON GILBERT, Mgr.

Wage Earners Will Bump Militarism

(Continued from Page One.)

dustrial depression of the past year or two, organized capital will be found ready, as ever, to foist its troubles upon the wage earner. The latter must be up and doing for his own sake. Wtih prosperity in sight, labor must prepare to share in it."

Commenting on the suitability of Quebec as a place of meeting for the congress, the call says:

"It is singularly appropriate that the organized wage earners of Canada should assemble in this ancient capital to discuss the welfare and progress of the toiling masses. To the vision of the immigrant and visitor it typifies all that bright hope and lofty ambition inspired in the traveler from old countries, who comes to seek that peace, progress and spiritual uplift that make for material and moral contentment. Fleeing from the tyranny and oppressive industrial and national conditions that surround him elsewhere, he sees in Quebec the promise of a better home life, higher civilization, loftier aspirations, nobler aims in life and religous freedom. How appropriate, therefore ,that the congress, representing all these ideals on behalf of the masses, should meet at Quebec to further the moral and material interests of its constituents."

The call bears the signatures of Alphonse Verville, the president of the Canadian Council, and M. P. for Maisonneuve, P. Q.; James Simpson, the vice-president, who lives in Toronto and is well known as a socialistic journalist and authority upon civic administration, and P. M Draper, secretary treasurer of the council.

Winners for July

You probably drew one of these numbers in a sack of Royal Standard Flour.

73137	61148	56087
68273	56543	67592
39998	57342	70002
	65738	

If you did, you are entitled to a 109-piece china dinner set. Each month from the duplicates of the coupons placed in the sacks of Royal Standard Flour leaving our mills, we draw ten numbers. If you are fortunate enough to secure one of these, you are entitled to a dinner set free of charge. There have been many winners. It may be your turn now. Watch this paper every month.

Royal Standard is the best and purest flour on the market in Western Canada today. Remember Royal Standard is a better flour—not merely different, but better.

For thoroughly cleansing floors, metal-work, walls and woodwork, Sunlight is the most economical both in time and money.

RATS IN HAIR WERE SOME USE AFTER ALL

Champaign, Ill., Aug. 2.—Score one for the fanatic feminine. The prevailing styles in hair dressing undoubtedly saved the life of Miss Frances Thurman, of Urban, for when a glass show case ten feet square, weighing more than 100 pounds, fell upon her head she was only jarred and frightened. The young woman was dusting a case in a photograph gallery when it fell, but the force was broken by her coiffure. The case itself was sadly damaged, the glass doors breaking.

"Rats" for Protection.

Indianapolis, Ind., Aug. 2.—Andrew Cooper went home after being away several days and Mrs. Cooper refused to have anything to do with him. In fact, she ordered him out of the house and upbraided him for leaving her so long. Andy got mad and picking up a heavy hammer, struck his wife on the head but failed to bring her to the floor. It appears that Mrs. Cooper had "rats" in her hair, and the hammer struck these and made only a slight cut in the scalp.

SYNOPSIS OF CANADIAN HOMESTEAD REGULATIONS.

Any available Dominion Lands within the railway belt in British Columbia, may be homesteaded by any person who is the sole head of a family or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land on each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the commissioner of Dominion lands at Ottawa of intention to apply for patent.

Coal.—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY.
Deputy of the Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

The Value of Really Pure Milk.

Nathan Straus, New York's millionaire milk philanthropist, in an article, "The White Peril," in a recent issue of the "Delineator," states that it has been conclusively proved that impure milk is frightfully responsible for the spread of tuberculosis, diphtheria, scarlet fever, diarrhoea, etc., especially amongst children. It is a very difficult matter, even under most favorable circumstances, for the householder to get a supply of really pure, fresh milk as disease organisms breed with extreme rapidity in exposed milk. One sure, unfailing method of securing a perfectly safe milk supply is to use the St. Charles Condensing Company brands of evaporated cream. These goods—in a class by themselves from ordinary condensed milk in which a large proportion of sugar is used—use the whole of the milk and are supplied by selected dairies in the rich Oxford county (Ontario) district. The St. Charles brands are prepared under conditions of ideal cleanliness and are absolutely free of any foreign substance. On dilution they produce the same rich, fresh, creamy fluid just as it left the dairyman's pails; the heavy air-proof tins keeping the cream absolutely immune from possible danger from germ or dirt. The St. Charles goods come both sweetened and unsweetened and should be on the shelves of every housewife who wants to supply her family with absolutely safe milk—a prime consideration at all times—in hot weather a matter of vital importance.

PREMIER McBRIDE EXPRESSES SATISFACTION

Approves of Work of International Fish Commission—Looks For Good Results.

Premier McBride, who is at present in Seattle, where he has gone to represent Canada at the unveiling of the J. J. Hill monument, is quoted by the Seattle Post Intelligencer, as expressing himself as well satisfied with the work of the International Fish Commission. Hon. Mr. McBride is quoted as saying in part:

"The work of the International Fish Commission is sure to result in good for both countries, and the vexed questions affecting the salmon industry, I hope, will be settled satisfactorily. The salmon really want to get to Fraser river, where they spawn. When they return to that stream the American fishermen, with their fish traps at Point Roberts, would soon put an end to the salmon unless some protection were afforded. I think fishermen on both sides will agree that some protection is needed to preserve the industry.

Canadian Laws Liberal.

"We are not looking for the best of it on our side of the line. We have the most liberal of laws. Why, an American can come over to our side and do most anything without even being a citizen. He can take up land on the promise that he will become a citizen. He can work mineral and other lands. Really, I am quite sure that Americans who have come to British Columbia feel that they have been well treated, and much of our population is made up of Americans. We can't come here and find nearly as liberal laws. But we welcome you to our country. We need you."

SILVER PLATE ON BRAIN CAUSES FOUR YEARS SLEEP

Awakening Comes When Surgeons Discover Cause and Moor It With Gold Wire.

New York, Aug. 3.—A despatch to the Herald from Lockport, N.Y., says: Reuben Wood, a veteran of the civil war, a member of the Fourteenth Heavy Artillery and the Fifty-fifth Infantry, relates a marvellous experience. At Antietam he was wounded in the head and a silver plate was inserted in the frontal bone. He was an inmate of the Soldiers' Home at Bath, and in May, 1905, started for Hampton Roads. At Waverly his silver plate dropped down on his brain, and he fell into deep sleep which lasted four years.

He had troubled dreams through the long slumber, and at times he thought enemies were trying to arouse him. Several times he heard the call to arms but was unable to get his eyes open, and something seemed to pinion his arms. He told a surgeon of the silver plate in his head, and the plate was lifted by the surgeon and fastened in place with gold threads, and Wood immediately recovered his normal condition. He is on his way to Buffalo to present his papers and collect back pension due him since 1905.

CZAR OF RUSSIA ARRIVES IN ENGLAND

Cowes, Isle of Wight, Aug. 2.—Guarded by four French cruisers, ten destroyers and a fleet of Russian warships, the Czar and Czarina of Russia, aboard the imperial yacht Standart, arrived at Cowes today. As the Standart was escorted to her anchorage by British, Russian and French warships, the main British fleet anchored in the roadstead fired a salute.

King Edward and Queen Alexandra, on board their own yacht, the Alexandra, visited the Standart immediately after she anchored. They were accompanied by a full staff of naval officers.

Visits were exchanged by the Russian and British monarchs and their staffs during the day.

To Work Up Treaties.

Berlin, August 2.—The German Commercial Treaties association has memorialized the chancellor for the appointment of a German trade expert in Canada. The request is based upon replies received to the circular addressed by the association to a large number of firms trading with Canada, by whom such an appointment is considered highly desirable. At the same time many firms remark that the end of the tariff war is of far greater impotance, that before normal trade relations between Germany and Canada be restored on very great results are to be expected from the appointment of a trade expert.

CITY OF OTTAWA LIKES BOARD OF CONTROL

St. John, N.B., August 2.—Napoleon Champagne, a member of the Board of Control of the city of Ottawa, was in St. John yetserday, at the Royal. In conversation with a reporter he said that the system of government by Board of Control has been in force in Ottawa now for two years. Under a provincial statute it has still three years to run and at the end of that time it would take a two-thirds vote of the council to revert to the old system.

He said he did not believe the city of Ottawa would willingly do away with the Board of Control now as taken all in all, the results were more satisfactory and economical than before.

ST. CHARLES EVAPORATED CREAM

Scientific selection is the principle on which St. Charles Evaporated Cream is prepared.
The best milk — Cows fed scientifically
Selected dairies — All sanitary safeguards applied
You take no chances when you use St. Charles Cream. It is as good for any purpose as the best milk or cream produced by the best dairy anywhere. For many purposes it is far superior. It never curdles. It agrees with the most delicate stomach. All it needs is the addition of pure water to make it the best food on earth—best for the nursery—best for the kitchen.
Sold by Best Grocers Everywhere
Handsome booklet of valuable information to mothers and nurses sent free upon application.
T. CHARLES CONDENSING COMPANY, Ingersoll, Ont.

LUNATIC SCARES INDIANS FROM HUNTING GROUNDS

Thinking Him Possessed by Evil Spirit They Flee to Nearest Whiteman's Trading Post.

Ottawa, Aug. 3.—Because one of their number became "Windago," which in plain English means a violent lunatic, the tribe of Cree Indians who make their trading quarters at Moose Fatcory, came near starving during the winter just passed. Word of their condition has reached the Department of Indian Affairs, and Constable Giroux of the Dominion Police force, has been despatched to bring the insane Indian to the asylum at Hamilton. So superstitious are the Indians regarding insane persons, that instead of continuing their usual fishing and hunting occupations, they flocked to Moose Factory, and having very little provisions, affairs soon became serious and the officials at the post at Moose Fatcory decided to notify the authorities here. Constable Giroux travels via the C.P.R. to Missinabie, from there an arduous canoe trip of ten days on the Moose river to his destination will be necessary, some three hundred miles having to be covered in this manner. In old days this insane Indian would have been killed off without any delay, but in recent years the Indians have come to realize that they will suffer the full penalty of law if they carry out such course of action.

Industrial Growth Rapid on Island

(Continued from Page 1.)

built on a more ambitious scale than ever. Across Ewen avenue the lots cleared by the Coast Central Milling Company are the scene of the activities of carpenters who are building the first portion of the shingle mill to be installed there. Good progress has been made by Edward Mercer, with his ship ways, and the Westminster Marine Railway nearer town has several works on hand. The B. C. box factory and other industries are as busy as ever. The whole industrial prospect for Lulu island is most encouraging, and with the completion of the bridge in about two months, and the introduction o fthe anticipated improvements in transportation and water, the eastern portion of the island should see great development.

The Chinamen have not been slow to test the value of the land for gardening purposes, and the acres under vegetables demonstrate the fertility of the surface soil. Just now the Celestials are very busy in the fields.

DOG DECORATED BY MIKADO.

Now on Exhibition in Government Building at Seattle Fair.

Seattle Aug. 3.—An ordinary cur cringed into the post office at Albany, New York, one evening in 1886. He was the most despondent little dog that ever lived and hid himself away underneath one of the tables to avoid a possible kick. His pitiful upturned face touched the heart of one of the clerks and he was fed and given a bed. "Owney," he was called, and his history and travels began from that moment. Never before had he been honored by having a name and when he was given a bright collar and nameplate he felt so proud that he followed a mail cart on its trip to the depot.

The railway mail car was new and Owney proceeded to investigate it. The mail racks and clerks looked familiar so he lay down on a bundle of sacks and went to sleep. He was discovered at New York city and sent back to Albany. But having learned the trick Owney began traveling all over the United States and Canada and was given medals and badges in every place he landed. To the inscription on his collar had been added the words "Albany, New York," and he always arrived back in that city after his long trips. He traveled abroad and the Mikado of Japan decorated him with a silver medal and the national coat of arms.

Owney met an untimely fate in 1897, at Toledo, Ohio. He was tied in the post office there, awaiting the photographer who was to take his picture; he became irritated and when a clerk tried to quiet him, bit the clerk and on the report that he was mad a policeman's bullet ended his career.

The body of Owney was sent to a taxidermist and is now on exhibition in the post office section in the government building at the Alaska-Yukon-Pacific exposition together with many of the medals and tokens of honor which he received.

ANTHRAX SWEPS THROUGH PARISH

Thousands of Cattle Die And Human Beings Are Infected.

New Orleans, La., Aug. 3.—The Department of Agriculture has taken charge of the fight against anthrax, which has broken out in an epidemic form among cattle in Cameron, an isolated parish in south-west Louisiana, on the Texas border. The parish is mainly swamp lands and is without railroads, and largely cut off from the world. Anthrax, one of the oldest and most deadly and loathsome of animal diseases, broke out among the cattle last month and spread rapidly. Ignorant of the infectious nature of the malady, which requires the burning of the bodies of all animals dying from the disease, the bodies were allowed to be unburied on the prairies or in the marshes, so that swarms of flies carried the disease to other animals, with the result that one-fourth of those in Cameron died. In some cases attempts were made to skin the dead animals, and eight men are now under treatment at Leesburg, the parish seat.

The disease is very rare in human beings, and is equally as fatal as with cattle, although none of the men victims of the malady have died as yet.

USE BONES OF SOLDIERS TO MAKE GUNPOWDER

Enterprising Chinamen Export Vast Numbers of Russian Skeletons to Japan.

St. Petersburg, Aug 3.—The irony of fate, writes the Vladivostok correspondent of the St. Petersburg Novoe Vremya, was never better illustrated than by certain facts that have just come to my knowledge. A committee has been formed recently in the Russian capital under the presidency of the Grand Duchess Olga Alexandrovna, with the object of keeping the soldiers' graves in the far east in proper repair. Monuments have already been erected on certain battlefields, the Japanese having taken the laudable initiative at Port Arthur and on the Island of Oki in Tsu Shima straits. But lately there has sprung up in Japan a great demand for carbonized bone, which it understood serves as a basis for a newly invented explosive of tremendous power. Japanese agents are swarming all over Manchuria and congregate on the spots where battles have raged most fiercely to procure the raw material. The Chinese, of course, dare not touch Japanese graves and carefully avoid them, but at Bensihu station on the Mukden-Shaho line, immense heaps of Russian soldiers' bones, mixed with horse skeletons, can be seen. The dealers, it is added, leave the skulls alone, but pay on the average of a yen, or half a dollar, per 100 tsin (140 pounds), of mixed bones.

FREE THINKERS CAUSE RIOT IN PORTUGUESE DIET

Lisbon, Aug. 3.—Free Thinkers from all political parties in Portugal represented by a Liberal committee today, presented to the court a petition for the suppression of the religious orders in Portugal, and the abrogation of the existing laws against freedom of conscience. This step was the outcome of a meeting held in this city yesterday. The committee was accompanied to the House of Parliament by an immense crowd and some wild scenes ensued. Among other things the petitioners asked for the abrogation of the recent law permitting religious associations to acquire land property, a procedure which up to the present time has been illegal. Senor Camacho moved the consideration of the subject, and when he motion was voted down, the galleries broke out in protestation. There was considerable violence on the floor of the house. The deputies engaged in a struggle in which desks and chairs were overturned, and the chamber had to be cleared twice while the tumult was continued in the streets without serious results.

Moyer Re-elected.

Denver, Aug. 3.—Charles H. Moyer was unanimously re-elected president of the Western Federation of Miners, today. C. F. Mahoney was elected vic-president.

UNION LABEL

WEDNESDAY, AUGUST 4, 1909.

FOOLISH.

The Berlin Deutsche Tages Zeitung is a very unwise paper, if it made the comments which are credited to it by the cables. It declares that the Germans who are settled in British Colonies will have to be reckoned with in the future when these Colonies think of presenting Dreadnoughts to Britain or taking similar action. "German colonists," it says, "will not submit quietly to have their money taken out of their pockets to strengthen a fleet directed against their home," and holds that "this evolution of national feeling among Germans living abroad, will constitute a counterpoise to the jingoism of the English."

Now this is, we believe, the veriest nonsense; but if it continues to be printed in German papers, it will create a prejudice against an innocent and valued section of the Colonial populations amongst their fellow colonists who may lack opportunities for knowing them. The Germans who have settled in Canada are as far as possible removed from anything approaching an "opposition"—to quote the Berlin paper again—to the progressive Imperial aspirations of other Canadians. They are simply not heard from on the subject at all, except when they feel that some zealous speaker or writer has misrepresented the position of their Fatherland. They are naturally very well informed in German history and they know pretty well what is going on in Europe; and they do not hesitate to set their less instructed neighbors right when they find them mistaken.

But who is conscious in Canada of any "opposition" on Imperial questions from German settlers? They are themselves of an Imperialistic race. They appreciate—often better than our people—the need for national self-defence. The Civil War in the United States demonstrated that they make splendid soldiers when they rally to another flag and in a cause which touches their hearts. As for not submitting to having money taken out of their pockets to be used on national defence that is the silliest sort of twaddle; for the aforesaid money will be taken along with the other revenues of the country by tariff taxation and not even a German can tell when he is paying for sugar, when for Parliamentary oratory and when for a British battleship.

Our Germans are all right in this country and we are glad to have them; and everything will be lovely—even in the case of a much-to-be-regretted war—if foolish journalists will leave them alone. It is gratifying to notice that the Berlin Tageblatt rebukes its contemporary in vigorous terms and undoubtedly German opinion generally will be strongly against so insane and impossible a policy.

FALL DOWN BEFORE MR. BOWSER

Is it an offense against public morality to refuse to swing a censer and to burn incense continually before that mighty political god, Mr. W. J. Bowser, K.C.? Is it not true that the career of that honorable gentleman as "first law officer of the Crown" in British Columbia has been a career of failure or farce from the beginning, except in so far as it had to do with the promulgation of gross falsehoods on the eve of elections for the purpose of deceiving the voters of the province into voting for the candidates of the government of which he is a member? We can understand a newspaper of the reputation of the Colonist having a fellow-feeling for Mr. Bowser, because it too has been guilty of forgery for the same reason as the Attorney-General committed offences of a like character—to win an election. Besides, if there had been an Attorney-General who had a finer conception of his duty, the Colonist might have been punished for its lapse. It is therefore not a matter for surprise that the Tory organ pleads fo a suspension of judgment in the case of Mr. Bowser. It says he has not really lost his latest appeal to the Privy Council; that he may win yet—provided he be given the expenses of another trip to London next year—for the benefit of his health.

It seems the Judicial Committee did not actually decide against the Attorney-General in the Water Rights case, in which leave was asked to appeal against a judgment of the Exchequer Court of Canada. The court merely held that the province should first secure a judgment from the Supreme Court of Canada, and, if not satisfied with that, then the case might be carried to the ultimate court of appeal. If this was not practically in the nature of a snub for our first law officer of the Crown, it might easily be construed as such. Their lordships of the Judicial Committee have apparently a higher opinion than Mr. Bowser of the standing and ability of the members of the Supreme Court of Canada, as they expressly intimated a desire for the opinion of that court in the Water Rights case. Possibly the judges are becoming tired of the Attorney-General's appeals, which have hitherto had only one result.—Victoria Times.

SEDITION.

For months there has been published in London a journal with the title, "The Indian Sociologist," edited by Mr. Shyamaji Krishnavarma, in which the doctrine was promulgated that the assassination of Indian officials in India was justifiable, and all believers in the cause of Indian Nationalism were urged to take a hand in that method of removing "the British yoke" from India. Mr. Krishnavarma considered it advisable a couple of months ago to move from London to Paris and edit his organ of incendiary fanaticism from the latter city. The murder of Sir Curzon Wyllie has demonstrated the unwisdom of allowing such advocacy of assassination. One of the delegates from India to the Imperial Press Conference, Mr. Surendranath Banerjee, declared that "if any one man is to be blamed for instigating that crime, that man is Krishnavarma." In a letter to the London Times Krishnavarma, as already noted in the Free Press, said: "I approve of the deed, and regard its author as a martyr in the cause of Indian independence." He will no longer be allowed to carry on his propaganda by means of "the Indian Sociologist." The printer of that journal, A. F. Horsley, has been sentenced to four months' imprisonment for issuing a seditious publication. No doubt there are other Dhingras, who, like the murderer of Sir Curzon Wyllie, under the joint influence of the fanatical incitations of Krishnavarma and the Indian drug thang, imitate his crime. It is as well to do what can be done to prevent such incitation.—Free Press, Winnipeg.

CORPORATION OF BURNABY.

Bert Gregory has returned from a trip to the Seattle fair.

Spend a pleasant day at the seaside. Bring your friends to Blackie Spit for citizen's day, August 11. **

The steamer Transfer runs to Steveston every week day. **

Buy your tickets early for the citizens' picnic at Blackie Spit on Wednesday. Adults, $1.25; children, 50 cents. **

Do not forget the sale of household effects at Capt. Cards, 514 Carnarvon street on Thursday, at 10 a.m. **

The West End Methodist church held a successful ice cream social at Moody square yesterday afternoon and evening.

Everything for the garden at Tidy's phone 184. **

There will be a meeting of the Citizens' picnic committee tomorrow evening to complete the arrangements for the picnic next week at Blackie Spit.

For first-class cut flowers and any kind of Floral work, telephone Davies' Greenhouse, R208. **

Do not forget the citizens' picnic. Every attraction at Blackie Spit. Sports, bathing, etc. on Wednesday. Tickets from members of the committee. **

That light, delicious, wholesome bread you so much enjoyed at your friend's house was made with Robin Hood Flour. **

Reeve McNaught, Municipal Clerk Alex. Philip and Engineer D. Cameron were in the city yesterday from North Vancouver in connection with water record applications.

Westminster to Westminster, via Steveston and Vancouver; buy your tickets at the B. C. E. R. tram office—$1.50 for the round trip. Steamer Transfer leaves every day at 3 p.m. except Saturday 2 o'clock **

The Maple Leafs baseball team will play the Fraser Mills team this evening at Sapperton. On Friday the Balmorals will accept the challenge of the Maple Leafs for a game at Queen's park.

Remember Hale Bros. when you require hay, grains, etc. They always have a large stock. **

Secretary Herbert Ryall, of the New Westminster Lacrosse club, who has been suffering from mumps since Friday of the past week, was better yesterday, and expects to be out by Friday.

Commencing tomorrow, August 1, and during the fishing season, the SS. Transfer will make round trips to Steveston on Sunday afternoon leaving B. C. E. R. wharf at 3 p.m., returning about 7:30. **

About four hundred tax receipts have been issued up to the present time at the city treasurer's office, which shows that citizens are willing and able to pay their assessments as soon as the demand note is issued.

The city is absolutely free of infectious disease according to the health inspector, S. J. Pearce. This is specially satisfactory for the time of year.

If you want a good house with ten acres of first-class land within fifteen miles of New Westminster and on C. P. R. main line, you can have it cheap for cash, or will take city property in exchange. White, Shiles & Co., ** city.

Mr. Percy B. Brown, of the Settlers' Association of British Columbia, and family have removed to their new residence, "Knights," Edmonds, Burnaby, where they will be pleased to receive their friends after the 15th of the month.

Four large iron tanks were brought into the city on a G. T. P. car over the Great Northern. They were consigned to Victoria, and will be shipped to Sidney on the Great Northern car ferry.

Professor Prince and Dr. Starr Jordan, international fisheries commissioners, returned to the city yesterday and immediately left again after luncheon at the Russell hotel. Dr. Jordan and Herbert R. Stolz, secretary of the commission, left for Bellingham. Professor Prince and C. R. Herbert went away for a couple of days to watch the salmon fishing. They will return on Friday.

An invitation has already been extended Hon. Sydney Fisher, minister of agriculture, to visit New Westminster when on the Pacific coast. According to press despatches he left Ottawa yesterday for a two-months' visit through the provinces.

"Wid" Warwick, the West End lacrosse player, who has been confined to the Royal Columbian hospital for some weeks past, having undergone an operation for appendicitis, is out and around again.

THE ABBOTSFORD HOLDUP.

Robbers Cross Into State of Washington When Police Search.

Provincial Constables Hutchinson and Gammon returned yesterday from Abbotsford where they went to examine into the complaint of Santa Singh, a Hindu, who complained that he had been held up by two men, and his money taken from him.

When it was known the police were on the track of the robbers, they took advantage of the proximity to the international boundary, and slipped across the line. The officers could not get any trace of them.

Mercer-Eustace.

The wedding took place at St. John's, Maple Ridge, yesterday, of Miss Emmeline Georgina Eustace, to Archibald Allen Mercer. The ceremony was performed by Archdeacon Pentreath, and the rector, Rev. William Govier. The bride, who was given away by Otway J. J. Wilkie, was accompanied by Misses Edna Eastman and Beatrice Wilkie. Mr. Haweky, of Whonnock, acted as best man.

The wedding breakfast was held at the Station hotel, Port Haney, where many friends of the contracting parties assembled.

B.C. PACKERS SEND SALMON TO NORTH

Charter Steamer Flamingo to Take Sockeye Caught in Island Traps to Northern Canneries.

Vancouver, Aug. 3.—Owing to the comparative smaliness of the salmon run in northern waters the British Columbia Packers' association has just adopted a novel device to keep its canneries in that region busily employed. It will ship north salmon caught in traps located in the vicinity of Sooke, Vancouver island.

The fish will be iced and placed in the hold of the Canadian Fishing company's steamer Flamingo and conveyed to the notrhern canneries. This will relieve the Fraser river and adjacent canneries which, owing to the recent heavy run in the gulf, are unable to handle the surplus catch now being secured in those waters. The charter of the steamer was effected today.

Captain Waldo of Bellingham taking the same peculiar conditions on the American side, has likewise chartered the same company's steamer Celestial Empire to load American-caught salmon for the northern canneries. This arrangement will not inconvenience the vessel as she will pick up its cargo before sailing on her weekly trips to the halibut fishing grounds in Hecate strait. The American fish canned in Canada and re-exported will secure a refund of 99 per cent. of the import duty.

ONTARIO GOVERNMENT BUMPS SPECULATORS

Cancels Leases, Holders of Which Failed to Live Up to Requirements.

Toronto, Ont., Aug. 3.—That the Ontario government intends to make holders of power concessions live up to the terms of their contracts or step down to make way for others was evidenced in the recent cancellation of no less than seven leases of valuable waterpowers scattered over a large portion of New Ontario and one at Healey Falls on the Trent river. Regarding this action by the department Hon. Frank Cochrane, minister of lands, forests and mines, said yesterday: "The government is determined to put a stop to the peddling of power leases. This is not a question of politics, for some of the leases cancelled were granted by the persent government, and on these the deposits have been forfeited. There are a number of other leases which will be dealt with in the same way unless some practical work is done. We do not wish to be unduly harsh in this matter and a reasonable time will be given for development, but the government will not allow these valuable assets to be held merely for speculation.

Toronto city architect is prosecuting a citizen for erecting a soundproof fence between his house and an apartment house.

CALGARY EXHIBITION RESULTS IN DEFICIT

But Still Directors Consider It a Success—Fall Five Thousand Dollars Behind.

Calgary, Aug. 3.—To the directors of the Calgary exhibition yesterday afternoon Manager Richardson read out the partial financial report of the recent exhibition. He showed that the deficit will be slightly under $5000, which was a little better than was expected. Manager Richardson recalled the policy of the Exhibition Company, which was to put up the very best possible exhibition regardless of the results, believing that though the attendance for this year and perhaps next year would not justify the expenditure, that it very soon would.

The directors were more than satisfied with the outcome, believing that the exhibition was a great success, in fact better than was expected.

A new chair for the speaker has been installed in the Commons, the old one, in accordance with custom, becoming the property of Ex-Speaker Sutherland. The new chair is a most ornate and artistic specimen of wood carving.

NEGRO DIES AFTER BOUT FOR PICTURE MACHINE

Messmate on Battleship Vermont Succumbs to Injury Received in a Boxing Exhibition.

Providence, R. I., Aug. 3.—"It was not a prize fight or a boxing bout, but an exhibition for a moving picture machine," declared Admiral Seaton Schroeder yesterday in referring to the death of Hanson H. Foster, a colored messmate on board the battleship Vermont.

A committee of officers was appointed to make an investigation. Those who saw the exhibition say the men went six rounds and then as prearranged. Foster took the count. That was on Friday evening. The next morning the negro complained of pains in the head. He died Saturday night. The autopsy revealed that Foster died of cerebral hemorrhages caused by a blow or fall.

Petroleum oil has been found in Brooke township, Lambton county, on lot 4, concession 2, and lot 6 of the same concession. Wells have been drilled in several places in this township on different occasions, but this is the first discovery.

Live Stock Insurance

Live stock insurance has fast become recognized as one of the best kinds of insurance in existence, and an ever-increasing number of stock owners are protecting themselves against the serious losses which they have had to suffer in the past. I represent the only strong, reliable Canadian company carrying this class of insurance, and as they do not handle any insurance but live stock they are able to fulfil their obligations to the greatest satisfaction, and every legitimate loss which has occurred on any of the company's policies since they started business, has been promptly paid, cheques usually being forwarded within a day or two, and the following letter is an instance:

New Westminster, June 23, 1909.

A. W. McLeod, Agent British American Live Stock Ass'n Ltd., New Westminster, B. C.

Dear Sir,—I beg to thank you and your company for the prompt settlement made for the loss of my mare "Nell," for although my claim form was only completed yesterday I have already received cheque for $200.00 in full payment.

Yours sincerely,
(Sgd). J. A. GIBSON.

You may be the next to lose some valuable stock, enquire for particulars.

Advertising Debenture By-Law, 1909.

A By-law to enable the Council of the City of New Westminster to raise by loan the sum of Four Thousand ($4000.00) Dollars for the purpose of advertising the City.

Whereas, it is expedient to expend the sum of Four Thousand ($4000.00) Dollars in advertising the City and that the said sum should be raised on the credit of the Corporation.

And Whereas, It appears that if the sum of Four Thousand ($4000.00) Dollars be appropriated from the general revenue of the City for the current year the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the Corporation, and that debentures should be issued for that amount.

And, Whereas, for the payment of interest on the debentures proposed to be issued under this By-Law, and for creating a sinking fund for the payment of the said debentures when due, it will be necessary to raise by special rates, in addition to all other rates, each year during the currency of the said debentures, the sum of Two Hundred and Thirty-Five and 46-100 ($235.46) Dollars.

And, Whereas, in order to raise the said yearly sum of Two Hundred and Thirty-Five and 46-100 ($235.46) Dollars an equal special rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster;

And, Whereas, the whole rateable property of the said City, according to the last revised assessment roll thereof, is Five Millions, Three Hundred and Ninety-One Thousand, Four Hundred and Forty-Five ($5,391,445.00) Dollars.

And, Whereas, the total amount of the existing debenture debt of the said City is One Million, Two Hundred and Nineteen Thousand, One Hundred ($1,219,100.00) Dollars irrespective of the sum of Three Hundred and Ninety-four Thousand ($394,000.00) Dollars proposed to be raised under the "Hospital Debenture By-law 1909," the "Waterworks Debenture By-law 1909," the "Street Improvement By-law 1909," the "Incinerator Debenture By-law 1909," and the "City Gaol Debenture By-law 1909," of which none of the principal or interest is in arrears.

Now therefore the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the debentures, hereinafter mentioned, any sum or sums of money, not exceeding in the whole the sum of Four Thousand ($4000.00) Dollars and to cause the same to be paid into the Treasury of the said City for the purposes mentioned herein.

2. It shall be lawful for the Mayor to cause any number of debentures to be made, not exceeding in the whole the sum of Four Thousand ($4000.00) Dollars, for such sums of money as may be required, not less than $100.00 each, or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland, at a value of 4.866 to the pound sterling; and all such debentures shall be sealed with the Seal of the Corporation signed by the Mayor and countersigned by the Treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

3. The said debentures shall be payable on the first day of July 1959, at such place or places as the Council of the said Corporation may from time to time appoint, with the approval of the holders thereof, and shall have attached to them coupons for the payment of interest at the rate of five per centum per annum on the amount thereof, which interest shall be payable half yearly on the first of January and the first day of July, in each and every year, and the said coupons shall be signed by the said Mayor.

4. A special rate on the dollar shall be levied and raised in each year, in addition to all other rates, on all rateable property of the City, sufficient to pay the interest on the debentures, and to create a sinking fund for the payment of the principal thereof when due, subject to any Act or enactment respecting the same.

5. Subject as aforesaid, there shall be raised annually by special rates as aforesaid, during the currency of the said debentures, the sum of Two Hundred ($200.00) Dollars for the payment of interest thereon, and the sum of Thirty-Five and 46-100 ($35.46) Dollars to provide for the repayment of the principal

6. The proceeds of the sale of the said debentures shall be applied as follows, and not otherwise: Towards paying the cost of the passing of this By-law and the issue and sale of the debentures therein referred to.

7. This By-law shall take effect on the 25th. day of August 1909, and may be cited as the "Advertising By-law 1909."

8. This By-law before the final passing thereof, shall receive the assent of the electors of the said City in the manner required by law.

Received the assent of the electors on the.....day of.....1909.

Reconsidered and finally passed in open Council the.....day of..... 1909.

City Clerk. Mayor.

NOTICE.

Take notice that the above is a true copy of the proposed By-law which will be taken into consideration by the Municipal Council of the City of New Westminster one month from the date of the first publication thereof in the "Daily News" and "Daily Columbian" newspapers, which first publication took place on the 22nd. day of July 1909, and that a vote of the electors of the City will be taken on the said proposed bylaw on the 25th day of August, 1909, between the hours of nine o'clock a.m. and five p. m., at the following places, namely: The Council Chamber, civic building; the Fire Hall, Sapperton; and the Waterworks Storehouse, Eleventh street.

W. A. DUNCAN,
City Clerk.

City Hall, July 22nd, 1909.

City Gaol Debenture By-Law, 1909.

A By-law to enable the Council of the City of New Westminster to raise by loan the sum of Six Thousand ($6000.00) Dollars for the purpose of building a City Gaol and Police Court Room.

Whereas, it is expedient to erect a building to be used as a City Gaol and Police Court Room, and to use that portion of the Civic Building, now used for those purposes, for other purposes and to expend in the erection of the said building the sum of Six Thousand ($6000.00) Dollars, and that the said sum should be raised on the credit of the Corporation.

And Whereas, It appears that if the sum of Six Thousand ($600.00) Dollars be appropriated from the general revenue of the City for the current year the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the Corporation, and that debentures should be issued for that amount.

And, Whereas, for the payment of interest on the debentures proposed to be issued under this By-Law, and for creating a sinking fund for the payment of the said debentures when due, it will be necessary to raise by special rates, in addition to all other rates, each year during the currency of the said debentures, the sum of Three Hundred and Fifty-three and 19-100 ($353.19) Dollars.

And, Whereas, in order to raise the said yearly sum of Three Hundred and Fifty-three and 19-100 ($353.19) Dollars an equal special rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster.

And, Whereas, the whole rateable property of the said City, according to the last revised assessment roll thereof, is Five Millions, Three Hundred and Ninety-One Thousand, Four Hundred and Forty-Five ($5,391,445.00) Dollars.

And, Whereas, the total amount of the existing debenture debt of the said City is One Million, Two Hundred and Nineteen Thousand, One Hundred ($1,219,100.00) Dollars irrespective of the sum of Three Hundred and Ninety-Two Thousand ($392,000.00) Dollars proposed to be raised under the "Hospital Debenture By-law 1909," the "Waterworks Debenture By-law 1909," the "Street Improvement By-law 1909," the "Incinerator Debenture By-law 1909," and the "City Gaol Debenture By-law 1909," of which none of the principal or interest is in arrears.

Now therefore the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the debentures, hereinafter mentioned, any sum or sums of money, not exceeding in the whole the sum of Six Thousand ($6000.00) Dollars and to cause the same to be paid into the Treasury of the said City for the purposes mentioned herein.

2. It shall be lawful for the Mayor to cause any number of debentures to be made, not exceeding in the whole the sum of Six Thousand ($6000.00) Dollars, for such sums of money as may be required, not less than $100.00 each, or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland, at a value of 4.866 to the pound sterling; and all such debentures shall be sealed with the Seal of the Corporation signed by the Mayor and countersigned by the Treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

3. The said debentures shall be payable on the first day of July 1959, at such place or places as the Council of the said Corporation may from time to time appoint, with the approval of the holders thereof, and shall have attached to them coupons for the payment of interest at the rate of five per centum per annum on the amount thereof, which interest shall be payable half yearly on the first of January and the first day of July, in each and every year, and the said coupons shall be signed by the said Mayor.

4. A special rate on the dollar shall be levied and raised in each year, in addition to all other rates, on all rateable property of the City, sufficient to pay the interest on the debentures, and to create a sinking fund for the payment of the principal thereof when due, subject to any Act or enactment respecting the same.

5. Subject as aforesaid, there shall be raised annually by special rates as aforesaid, during the currency of the said debentures, the sum of Three Hundred ($300.00) Dollars for the payment of interest thereon and the sum of Fifty-Three and 19.100 ($53.19) Dollars to provide for the repayment of the principal.

6. The proceeds of the sale of the said debentures shall be applied as follows, and not otherwise: Towards paying the cost of the passing of this By-law and the issue and sale of the debentures therein referred to.

7. This By-law shall take effect on the 25th. day of August 1909, and may be cited as the "City Jail Debenture By-law, 1909."

8. This By-law before the final passing thereof, shall receive the assent of the electors of the said City in the manner required by law.

Received the assent of the electors on the.....day of.....1909.

Reconsidered and finally passed in open Council the.....day of..... 1909.

W. A. DUNCAN,
City Clerk.

City Hall, July 22nd, 1909.

Waterworks Debenture By-Law, 1909.

A By-law to enable the Council of the City of New Westminster to raise by loan the sum of Two Hundred and Thirty-Four Thousand ($234,000.00) Dollars for the purpose of increasing the capacity of the City Waterworks System.

Whereas, it is expedient to construct an additional Main Pipe Line for the City Waterworks System from Coquitlam Lake to the Queen's Park Reservoir, and also from the Reservoir to the City limits on Lulu Island, and for that purpose to expend the sum of Two Hundred and Thirty-Four Thousand ($234,000.00) Dollars.

And Whereas, It appears that if the sum of Two Hundred and Thirty-Four Thousand ($234.00) Dollars be appropriated from the general revenue of the City for the current year the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the Corporation, and that debentures should be issued for that amount.

And, Whereas, for the payment of interest on the debentures proposed to be issued under this By-Law, and for creating a sinking fund for the payment of the said debentures when due, it will be necessary to raise by special rates, in addition to all other rates, each year during the currency of the said debentures, the sum of Thirteen Thousand, Seven Hundred and Seventy-Four and 52-100 ($13,774.52) Dollars.

And, Whereas, in order to raise the said yearly sum of Thirteen Thousand Seven Hundred and Seventy-Four and 52-100 ($13,774.52) Dollars an equal special rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster;

And, Whereas, the whole rateable property of the said City, according to the last revised assessment roll thereof, is Five Millions, Three Hundred and Ninety-One Thousand, Four Hundred and Forty-Five ($5,391,445.00) Dollars.

And, Whereas, the total amount of the existing debenture debt of the said City is One Million, Two Hundred and Nineteen Thousand, One Hundred ($1,219,100.00) Dollars irrespective of the sum of One Hundred and Sixty-Four Thousand ($164,000.00) Dollars proposed to be raised under the "Hospital Debenture By-law 1909," the "Waterworks Debenture By-law 1909," the "Street Improvement By-law 1909," the "Incinerator Debenture By-law 1909," and the "City Gaol Debenture By-law 1909," of which none of the principal or interest is in arrears.

Now therefore the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the debentures, hereinafter mentioned, any sum or sums of money, not exceeding in the whole the sum of Two Hundred and Thirty-Four Thousand ($234,000) Dollars, and to cause the same to be paid into the Treasury of the said City for the purposes mentioned herein.

2. It shall be lawful for the Mayor to cause any number of debentures to be made, not exceeding in the whole the sum of Two Hundred and Thirty-Four Thousand ($234,000) Dollars, for such sums of money as may be required, not less than $100.00 each, or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland, at a value of 4.866 to the pound sterling; and all such debentures shall be sealed with the Seal of the Corporation signed by the Mayor and countersigned by the Treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

3. The said debentures shall be payable on the first day of July 1959, at such place or places as the Council of the said Corporation may from time to time appoint, with the approval of the holders thereof, and shall have attached to them coupons for the payment of interest at the rate of five per centum per annum on the amount thereof, which interest shall be payable half yearly on the first of January and the first day of July, in each and every year, and the said coupons shall be signed by the said Mayor.

4. A special rate on the dollar shall be levied and raised in each year, in addition to all other rates, on all rateable property of the City, sufficient to pay the interest on the debentures, and to create a sinking fund for the payment of the principal thereof when due, subject to any Act or enactment respecting the same.

5. Subject as aforesaid, there shall be raised annually by special rates as aforesaid, during the currency of the said debentures, the sum of Eleven Thousand Seven Hundred ($11,700) Dollars for the payment of interest thereon, and the sum of Two Thousand and Seventy-Four and 52-100 ($2074.52) Dollars to provide for the repayment of the principal.

6. The proceeds of the sale of the said debentures shall be applied as follows, and not otherwise: Towards paying the cost of the passing of this By-law and the issue and sale of the debentures therein referred to.

7. This By-law shall take effect on the 25th. day of August 1909, and may be cited as the "Waterworks Debenture, By-law, 1909."

8. This By-law before the final passing thereof, shall receive the assent of the electors of the said City in the manner required by law.

Received the assent of the electors on the.....day of.....1909.

Reconsidered and finally passed in open Council the.....day of..... 1909.

City Clerk. Mayor.

NOTICE.

Take notice that the above is a true copy of the proposed By-law which will be taken into consideration by the Municipal Council of the City of New Westminster one month from the date of the first publication thereof in the "Daily News" and "Daily Columbian" newspapers, which first publication took place on the 22nd. day of July 1909, and that a vote of the electors of the City will be taken on the said proposed bylaw on the 25th day of August, 1909, between the hours of nine o'clock a.m. and five p. m., at the following places, namely: The Council Chamber, civic building; the Fire Hall, Sapperton; and the Waterworks Storehouse, Eleventh street.

W. A. DUNCAN,
City Clerk.

City Hall, July 22nd, 1909.

Hospital Debenture By-Law, 1909.

A By-law to enable the Council of the City of New Westminster to raise by loan the sum of Thirty Thousand ($30,000.00) Dollars for the purpose of granting the same to the Royal Columbian Hospital.

Whereas, it is expedient to grant the sum of Thirty Thousand ($30,000.00) Dollars for the purpose of assisting in the erection of a new building for the Royal Columbian Hospital in this City.

And Whereas, It appears that if the sum of Thirty Thousand ($30,000.00) Dollars be appropriated from the general revenue of the City for the current year the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the Corporation, and that debentures should be issued for that amount.

And, Whereas, for the payment of interest on the debentures proposed to be issued under this By-Law, and for creating a sinking fund for the payment of the said debentures when due, it will be necessary to raise by special rates, in addition to all other rates, each year during the currency of the said debentures, the sum of Seventeen Hundred and Sixty-Five and 96-100 ($1765.96) Dollars.

And, Whereas, in order to raise the said yearly sum of Seventeen Hundred and Sixty-Five and 96-100 ($1765.96) Dollars an equal special rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster;

And, Whereas, the whole rateable property of the said City, according to the last revised assessment roll thereof, is Five Millions, Three Hundred and Ninety-One Thousand, Four Hundred and Forty-Five ($5,391,445.00) Dollars.

And, Whereas, the total amount of the existing debenture debt of the said City is One Million, Two Hundred and Nineteen Thousand, One Hundred ($1,219,100.00) Dollars irrespective of the sum of Three Hundred and Sixty-Eight Thousand ($368,000.00) Dollars proposed to be raised under the "Hospital Debenture By-law 1909," the "Waterworks Debenture By-law 1909," the "Street Improvement By-law 1909," the "Incinerator Debenture By-law 1909," and the "City Gaol Debenture By-law 1909," of which none of the principal or interest is in arrears.

Now therefore the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the debentures, hereinafter mentioned, any sum or sums of money, not exceeding in the whole the sum of Thirty Thousand ($30,000.00) Dollars and to cause the same to be paid into the Treasury of the said City for the purposes mentioned herein.

2. It shall be lawful for the Mayor to cause any number of debentures to be made, not exceeding in the whole the sum of Thirty Thousand ($30,000.00) Dollars, for such sums of money as may be required, not less than $100.00 each, or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland, at a value of 4.866 to the pound sterling; and all such debentures shall be sealed with the Seal of the Corporation signed by the Mayor and countersigned by the Treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

3. The said debentures shall be payable on the first day of July 1959, at such place or places as the Council of the said Corporation may from time to time appoint, with the approval of the holders thereof, and shall have attached to them coupons for the payment of interest at the rate of five per centum per annum on the amount thereof, which interest shall be payable half yearly on the first of January and the first day of July, in each and every year, and the said coupons shall be signed by the said Mayor.

4. A special rate on the dollar shall be levied and raised in each year, in addition to all other rates, on all rateable property of the City, sufficient to pay the interest on the debentures, and to create a sinking fund for the payment of the principal thereof when due, subject to any Act or enactment respecting the same.

5. Subject as aforesaid, there shall be raised annually by special rates as aforesaid, during the currency of the said debentures, the sum of One Hundred and Four Thousand ($104,000.00) Dollars for the payment of interest thereon and the sum of Two Hundred and Sixty-Five and 96-100 ($265.96) Dollars to provide for the payment of the principal.

6. The proceeds of the sale of the said debentures shall be applied as follows, and not otherwise: Towards paying the cost of the passing of this By-law and the issue and sale of the debentures therein referred to.

7. This By-law shall take effect on the 25th. day of August 1909, and may be cited as the "Hospital Debenture By-law, 1909."

8. This By-law before the final passing thereof, shall receive the assent of the electors of the said City in the manner required by law.

Received the assent of the electors on the.....day of.....1909.

Reconsidered and finally passed in open Council the.....day of..... 1909.

City Clerk. Mayor.

NOTICE.

Take notice that the above is a true copy of the proposed By-law which will be taken into consideration by the Municipal Council of the City of New Westminster one month from the date of the first publication thereof in the "Daily News" and "Daily Columbian" newspapers, which first publication took place on the 22nd. day of July 1909, and that a vote of the electors of the City will be taken on the said proposed bylaw on the 25th day of August, 1909, between the hours of nine o'clock a.m. and five p. m., at the following places, namely: The Council Chamber, civic building; the Fire Hall, Sapperton; and the Waterworks Storehouse, Eleventh street.

W. A. DUNCAN,
City Clerk.

City Hall, July 22nd, 1909.

Street Improvement Debenture By-Law, 1909.

A By-law to enable the Council of the City of New Westminster to raise by loan the sum of One Hundred and Four Thousand ($104,000.00) Dollars for Street Improvements.

Whereas, certain sums of money have this year been expended out of the general revenue of the City for the construction, improvement and repair of certain streets and sidewalks, and it is expedient that certain additional sums be spent in like manner, amounting in all (with sums already so spent) to the sum of One Hundred and Four Thousand ($104,000.00) Dollars.

And Whereas, It appears that if the sum of One Hundred and Four Thousand ($104,000.00) Dollars be appropriated from the general revenue of the City for the current year the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the Corporation, and that debentures should be issued for that amount.

And, Whereas, for the payment of interest on the debentures proposed to be issued under this By-Law, and for creating a sinking fund for the payment of the said debentures when due, it will be necessary to raise by special rates, in addition to all other rates, each year during the currency of the and debentures, the sum of Six Thousand One Hundred and Twenty-two ($6,122.00) Dollars.

And, Whereas, in order to raise the said yearly sum of Six Thousand One Hundred and Twenty-two ($6,122.00) Dollars an equal special rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster;

And, Whereas, the whole rateable property of the said City, according to the last revised assessment roll thereof, is Five Millions, Three Hundred and Ninety-One Thousand, Four Hundred and Forty-Five ($5,391,445.00) Dollars.

And, Whereas, the total amount of the existing debenture debt of the said City is One Million, Two Hundred and Nineteen Thousand, One Hundred ($1,219,100.00) Dollars irrespective of the sum of Two Hundred and Ninety-Four Thousand ($294,000.00) Dollars proposed to be raised under the "Hospital Debenture By-law 1909," the "Waterworks Debenture By-law 1909," the "Street Improvement By-law 1909," the "Incinerator Debenture By-law 1909," and the "City Gaol Debenture By-law 1909," of which none of the principal or interest is in arrears

Now therefore the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the debentures, hereinafter mentioned, any sum or sums of money, not exceeding in the whole the sum of One Hundred and Four Thousand ($104,000,000) Dollars and to cause the same to be paid into the Treasury of the said City for the purposes mentioned herein.

2. It shall be lawful for the Mayor to cause any number of debentures to be made, not exceeding in the whole the sum of One Hundred and Four Thousand ($104,000.00) Dollars for such sums of money as may be required, not less than $100.00 each, or an equivalent expressed in pounds, sterling of the United Kingdom of Great Britain and Ireland, at a value of 4.866 to the pound sterling; and all such debentures shall be sealed with the Seal of the Corporation signed by the Mayor and countersigned by the

S. S. TRANSFER

Incinerator Debenture By-Law, 1909.

A By-law to enable the Council of the City of New Westminster to raise by loan the sum of Twenty Thousand ($20,000.00) Dollars for the purpose of building an Incinerator.

Whereas, it is expedient for the improvement of sanitary conditions in the City that a public Incinerator should be built for the destruction of refuse at the cost of Twenty Thousand ($20,000.00) Dollars.

And Whereas, It appears that if the

sum of Twenty Thousand ($20,000.00) Dollars be appropriated from the general revenue of the City for the current year the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the Corporation, and that debentures should be issued for that amount.

And, Whereas, for the payment of interest on the debentures proposed to be issued under this By-Law, and for creating a sinking fund for the payment of the said debentures when due, it will be necessary to raise by special rates, in addition to all other rates, each year during the currency of the said debentures, the sum of One Thousand One Hundred and Seventy-seven and 30-100 ($1177.30) Dollars.

And, Whereas, in order to raise the said yearly sum of One Thousand One Hundred and Seventy-seven and 30-100 ($1177.30) Dollars an equal special rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster;

And, Whereas, the whole rateable property of the said City, according to the last revised assessment roll thereof, is Five Millions, Three Hundred and Ninety-One Thousand, Four Hundred and Forty-Five ($5,391,445.00) Dollars.

And, Whereas, the total amount of the existing debenture debt of the said City is One Million, Two Hundred and Nineteen Thousand One Hundred ($1,219,100.00) dollars irrespective of the sum of Three Hundred and Seventy-Eight Thousand ($378,000.00) Dollars proposed to be raised under the "Hospital Debenture By-law 1909," the "Waterworks Debenture By-law 1909," the "Street Improvement By-law 1909," the "Incinerator Debenture By-law 1909," and the "City Jail Debenture By-law 1909," of which none of the principal or interest is in arrears.

Now therefore the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, bodies corporate, who may be willing to advance the same on the credit of the debentures, hereinafter mentioned, any sum or sums of money, not exceeding in the whole the sum of Twenty Thousand ($20,000.00) Dollars and to cause the same to be paid into the Treasury of the said City for the purposes mentioned herein.

2. It shall be lawful for the Mayor to cause any number of debentures to be made, not exceeding in the whole the sum of Twenty Thousand ($20,000.00) Dollars for such sums of money as may be required, not less than $100.00 each, or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland, at a value of 4.866 to the pound sterling; and all such debentures shall be sealed with the Seal of the Corporation signed by the Mayor and countersigned by the Treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

3. The said debentures shall be payable on the first day of July 1959, at such place or places as the Council of the said Corporation may from time to time appoint, with the approval of the holders thereof, and shall have attached to them coupons for the payment of interest at the rate of five per centum per annum on the amount thereof, which interest shall be payable half yearly on the first of January and the first day of July, in each and every year, and the said coupons shall be signed by the said Mayor.

4. A special rate on the dollar shall be levied and raised in each year, in addition to all other rates, on all rateable property of the City, sufficient to pay the interest on the debentures, and to create a sinking fund for the payment of the principal thereof when due, subject to any Act or enactment respecting the same.

5. Subject as aforesaid, there shall be raised annually by special rates as aforesaid, during the currency of the said debentures, the sum of One Thousand ($1,000.00) Dollars for the payment of interest thereon and the sum of One Hundred and Seventy-Seven and 30-100 ($177.30) Dollars to provide for the repayment of the principal.

6. The proceeds of the sale of the said debentures shall be applied as follows, and not otherwise: Towards paying the cost of the passing of this By-law and the issue and sale of the debentures therein referred to.

7. This By-law shall take effect on the 25th. day of August 1909, and may be cited as the "Incinerator Debenture By-law, 1909."

8. This By-law before the final passing thereof, shall receive the assent of the electors of the said City in the manner required by law.

Received the assent of the electors on the.....day of.....1909.

Reconsidered and finally passed in open Council the.....day of..... 1909.

City Clerk. Mayor.

NOTICE.

Take notice that the above is a true copy of the proposed By-law which will be taken into consideration by the Municipal Council of the City of New Westminster one month from the date of the first publication thereof in the "Daily News" and "Daily Columbian" newspapers, which first publication took place on the 22nd day of July 1909, and that a vote of the electors of the City will be taken on the said proposed bylaw on the 25th day of August, 1909, between the hours of nine o'clock a.m. and five p.m., at the following places, namely: The Council Chamber, civic building; the Fire Hall, Sapperton; and the Waterworks Storehouse, Eleventh street.

W. A. DUNCAN,
City Clerk.
City Hall, July 22nd, 1909.

WATER NOTICE.

Notice is hereby given that an application will be made under Part V. of the "Water Act, 1909," to obtain a license in the New Westminster Division of New Westminster District.

(a). The name, address and occupation of the applicant is the Vancouver Power Company, Limited, having its head office at the City of Vancouver, British Columbia, having capital of $2,500,000, divided into 2,500,000 shares of $1.00 each, all fully paid up.

(b) The name of the lake, stream or source (if unnamed, the description is an unnamed creek coming from the northeast emptying into Mislilloet river, North Arm Burrard Inlet (Indian River) at or about four miles from its mouth.

(c. The point of division is about five miles fom the junction of said creek with said river.

(d). The quantity of water applied for (in cubic feet per second), 150 cubic feet per second.

(e). The character of the proposed works is the diversion of said creek by means of dam, ditch, flume, natural waterways, tunnels and pipes, and the establishment in connection therewith of a water power plant for the generation of electricity for mechanical, industrial and commercial purposes and particularly in the operation of motors, machinery, electric lighing, tramways and other works for which such light, heat and power are suitable and available.

(f). The premises on which the water is to be used is to generate electric power, light and heat for traction, lighting, heating, manufacturing and all and every industrial or other purposes to which it may be applied.

(i.) If the water is to be used for power or mining purposes describe the place where the water is to be returned to some natural channel, and the difference in altitude between point of diversion and point of return. The water is to be returned to the North Arm of Burrard Inlet at or near the place where the present power house of the applicant is situated. The difference of elevation between point of diversion and point of return is about 2200 feet.

(j). The area of Crown land intended to be occupied by the proposed works will not exceed 80 acres.

(k). This notice was posted on the 13th, 14th 16th 19th day of July, 1909, and application will be made to the Commissioner on the 20th day of August, 1909.

The part of the memorandum of asosciation of the company which authorizes the proposed application and works, reads as follows:

(3). The objects for which the company is established and to which objects the company are restricted are the acquisition of water and water power by records of unrecorded water or by the purchase of water records or water privileges for.

(a). Constructing, operating and maintaining electric works, power houses, generating plant and such other appliances and conveniences as are necesasry and proper for the generating of electricity or electric power, or any othe form of developed power, and for transmitting the same to be used by the company or by persons or companies contracting with the company therefor, as a motive power for the operating of motors, machinery, or electric lighting or other works, or to be supplied by the company to consumers for heating or as a motive power for propelling tramways, or for driving, hauling, lifting, pumping, lighting, crushing, smelting, drilling and milling or for any other operations to which it may be adapted or to be used or supplied for or in connection with any other purposes for which electricity or electric power may be applied or required.

(g). For rendering water and water power available for use, application and distribution by erecting dams, increasing the head of water in any existing body of water, or extending the area thereof, diverting the waters of any stream, pound or lake into any other channel or channels, laying or erecting any line or flume, pipe or wire constructing any raceway, reservoir, aqueduct, weir, wheel, building or other erection or work which may be required in connection with the improvement and use of the said water and water-power or by altering, renewing, extending, improving, repairing or maintaining any such works or any part thereof.

The water is to be returned to river near mouth of same, and difference of elevation between point of diversion and point of return is about 300 feet. (j) Area of Crown land intended to be occupied by the proposed works will not exceed 320 acres. (k) This notice was posted on the 7th day of July, 1909, and application will be made to the Commissioner on the 11th day of August 1909. (l) Give the names and addresses of any riparian proprietors or licenses who or whose lands are likely to be affected by the proposed works, either above or below the outlet, B. F. Dickins, Vancouver, B. C.

The part of the Memorandum of Association of the Company which authorized the proposed application and works, reads as follows:

(3) The objects for which the Company is established and to which objects the Company are restricted are the acquisition of water and water power by records of unrecorded water or by the purchase of water records or water privileges for (a) Constructing, operating and maintaining electric works, power houses, generating plant and such other appliances and conveniences as are necessary and proper for the generating of electricity, or electric power, or any other form of developed power, and for transmitting the same to be used by the Company or by persons or companies contracting with the company therefor, as a motive power for the operating of motors, machinery or electric lighting or other works or to be applied by the Company to consumers for heating or as a motive power for propelling tramways, or for driving, hauling, lifting, pumping, lighting, crushing, smelting, drilling and milling or for any other operations to which it may be adapted or to be used or supplied for or in connection with any other purposes for which electricity or electric power may be applied or required. (g) For rendering water and water power available for use, application and distribution by erecting dams, increasing the head of water in any existing body of water, or extending the area thereof, diverting the waters of any stream, pond or lake into any other channel or channels, laying or erecting any line or flume, pipe or wire constructing any raceways, reservoir, aqueduct weir, wheel, building, or other erection or work which may be required in connection with the improvement and use of the said water and water power or by altering, renewing, extending, improving, repairing or maintaining any such works, or any part thereof.

KING ALFONSO LOSES POPULARITY

And Queen Victoria Has no Place In the Hearts of the Spanish People.

Vienna, Aug.3.—Don Jaime, pretender to the Spanish throne, declared in an interview here yesterday that he had no intention of interfering in the present crisis of Spain, and that his retirement to Frohsdorf, in Lower Austria, far from the Spanish frontier, was proof of his peaceful purposes.

Dreads Civil War.

"The Carlist party is a party of order," said Don Jaime. "I will never take upon myself to bring an entire people in danger for my own ends. Never will I lead Spaniard against Spaniard. Should I return to Spain at the head of an army, it will be to restore order. This might happen, should the revolutionists drive out King Alfonso, or the welfare of the country require it.

"The popularity of King Alfonso is declining through no fault of his own, and Queen Victoria is less liked than the King.

"Spaniards dread foreign influence, Victoria has remainder a stranger too long, and the people never will forgive her."

Don Jaime is of the opinion that the war in Morocco was unavoidable, and he fears it will last a long time.

Country Now Tranquil.

Madrid, Aug. 3.—Tranquility now reigns throughout Spain, except in cetrain isolated localities of Catalonia, according to an official announcement made today. A column of troops, composed of artillery, cavalry and infantry, is today marching on Sabadall, ten miles from Barcelona where the insurgents are still holding out.

The general strike at Madrid and Bilboa announced for yesterday failed owing to the precautionary measures taken by the authorities.

Moorish Campaign.

Madrid, Aug. 3.—General Marina, the Spanish military commander in Morocco, is awaiting reinforcements. As soon as the necessary troops arrive the advanced Spanish positions at Mount Atalayou Sidiamet will be strengthened, preparatory to an advance upon Zeluan, the Spanish objective.

WILL ATTEMPT TO SALVE SUNKEN MISSION SHIP

Efforts Are Being Made to Raise the Udal, Lying in Thirty Fathoms of Water.

Vancouver, Aug. 3.—Bringing word that efforts were being made to raise the missionary vessel Udal in Portland canal, the Princess Beatrice, Captain Whitely, reached port at 10 o'clock this morning from northern Britsh Columbia with 55 passengers. The passengers included Professor Prince, the Dominion fisheries expert; Mr. Robert Draney, the canneryman; Rev. Dr. White, superintendent of Methodist missions, and a number of English and American sportsmen who have been fishing the Campbell river.

"It was my intention to come south on the Udal," said Dr. White, "but as you know the vessel lies in 30 fathoms of water in Portland canal. Efforts are being made to raise her, and I think these will be successful. The Udal was on her maiden trip in the north and would have proved extremely useful now the fishing season is on. The Methodist missionaries are carrying on their work among the Skeena Indians, those engaged in the task being Dr. Spencer of Skidegate, Rev. George Raley, of Port Simpson, and Rev. Mr. Freman of Prince Rupert. Rev. C. F. Conner, M.A., will come down next week to get married, the bride-to-be being an eastern lady."

Dr. White also stated that the contract had been let for the Methodist personage at Prince Rupert and that construction had started.

Canadian Aeroplane Wrecked.

Petewawa, Ont., Aug. 3.—The famous "Silver Dart" aerodrome lies a huge mass of twisted steel wires and rubbered silk on the cavalry field at the Military camp here. "An error in judgment on our part in giving a in judgment on our part in making a reasons for this state of affairs.

EASTERN SPORTS THINK TEAM IS WRECK

Montreal Star Discusses Recent Mishaps to the New Westminster Twelve.

The interest that is taken by eastern lacrosse fans in the game in this province is shown by the following article which appeared in a recent issue of the Montreal Star:

"It was announced in New Westminster with considerable regret, that Alex Turnbull, the oldest Canadian lacrosse player and the greatest home player ever seen in the west, will not play again this or any other season. His broken ribs are healing well, but he cannot afford to take any more chances. This removes a grand player from the game. His great work was mainly responsible for Canada winning the lacrosse championship at the Olympic games last season. Bryson, the inside home man of the champions, is also out of the game for the season with a stiff knee. Grumpy Spring is on his honeymoon, and his absence from the team weakens it considerably. Galbraith is not keeping fit, and his position will be filled by another man. George Rennie is troubled with a bad ankle and he may have to rest up, while Gray, the goaltender, is feeling the effects of a blow over the heart from the ball, and has not been able to be out to practice. The champions appear to be almost a total wreck.

The game next Saturday will probably show the eastern fans that the Salmon Bellies are not such "total wrecks" as they appear to think.

ROVERS TO ELECT OFFICERS.

Annual Meeting of Club Called for Friday.

The annual meeting of the Westminster Rovers Football Club will be held on Friday evening at Blair's cigar store, Columbia street, when officers will be elected, and a number of matters dealt with. The registration forms have arrived, and several men have already signed on. A delegate will be appointed to the meetings of the Vancouver District league, where an important matter will at once arise in connection with the admission of Vancouver Island teams to the Mainland league. There is no doubt it will be unfavorably received, on account of the expense, and the superiority of the island teams to those on the mainland due to the unlimited means at the disposal of Ladysmith and Nanaimo enabling them to import players when necessary.

Intermediate Lacrosse Tomorrow.

The seventh and possibly the last of the matches between the Reginas and West End in the City Intermediate league will take place tomorrow evening at Queen's park, the faceoff being timed for 6:45 p.m. The teams have been steadily practicing, but there is little doubt of the result of the game with the West End without Buck Marshall and Lund, now in senior company, and the Warwicks off. The teams will be picked tonight. So far this season the Reginas have won four, the West Ends one, and one match was drawn.

PHILIPPINES TO HAVE SUBMARINE FLOTILLA

Washington, Aug. 3.—Plans of the navy department contemplate a large and efficient fleet of submarine torpedo boats for defensive purposes at the United States naval station at Cavite, Philippine islands. Already two vessels are there and before long the flotilla will be composed of eight such vessels. The Moccasin and Adder have been fitted with new conning towers, and batteries are now on the first stage of their long voyage to the Philippines on board the collier Caesar.

Later on the submarines Grampus and Pike, which are now at San Francisco, will be taken to the Philippines. Besides these two large submarines are being built at San Francisco, and they will go to Manila in due time.

A Massachusetts militia captain made 62 consecutive bull's-eyes at 500 yards at a tournament at Wakefield.

Lever Brothers, Toronto, will send you free a cake of their famous Plantol toilet soap, if you mention this paper.
