ORK MAY RESUME AT COQUITLAM LAKE

ominion Government Permits Vancouver Power Co. To Continue Operations.

n important announcement is e that the officials of the Vancou- Power Company received word erday that permission had been n by the department of the inte- at Ottawa for the company to y on its preliminary work in con- ion with the Coquitlam dam. me few weeks ago the Dominion rtment of justice through F. C. e, K. C., notified the Vancouver er Company that the proceedings be stayed till the department of interior was satisfied the Domin- owning the timber berths round, the bed of Coquitlam river. nce then negotiations have been rogress, and doubtless the an- cement has been made this week e final meeting of the executive ncil has been called for Septem- 1 at Victoria, when representa- of the Westminster city council attend.

OUSAND CARPENTERS STRIKE IN WINNIPEG

Winnipeg, Aug. 25.—Eleven hun- d carpenters quit work today and holding a mass-meeting this af- oon. They refuse to give out any- g regarding their strength until r. It is reported, however, that firms out of about 60 have ed up agreements offered them by strikers, which give a 10 per increase in wages. The identity hese firms has not transpired, but hey include some of the biggest tractors, it is likely that the oth- will come in and that the strike be averted. On the other hand master builders claim they are ically solid in holding out against demands of the men.

There will be a special meeting of city council tomorrow evening.

WARNING TO MOTORISTS.

Police Will Take Action if Regulations Are Disobeyed.

The danger of automobiles exceeding the speed limit in the city was drawn to the attention of the city council by Alderman Henley on Monday, and that the limit is exceeded in the district is shown by the recent prosecution at Burnaby.

On the back of every license issued in the province under the Motor Vehicles Speed Regulation act, the regulations are endorsed, and No. 9 empowers the driver of a horse to call the driver of a motor vehicle to stop upon putting up the hand. Complaints are constantly reaching the police that this regulation is not obeyed. The penalty for failing to observe the rules is $25 on summary conviction.

RIVER AGAIN OPEN.

Many Logs Will Come Down Now That Nets Are Out.

Although the mills on the river are still well supplied with logs, this satisfactory condition of affairs is due entirely to their forethought in storing a large supply prior to the freshet for the delays this season were unusually long. First came the freshet, and following immediately came the fishing season, filling the river with nets. It is expected that now that the river is clear of nets, there will be a heavy call on the timber limits for logs, and that large numbers of booms will soon be brought to the mills.

Jones-Wardle.

At Holy Trinity Cathedral yesterday morning the marriage took place of Miss Ethel Glover Wardle, eldest daughter of Mr. and Mrs. James Wardle, of Hope, B. C., to Hugh Lleyellyn, eldest son of Mr. and Mrs. J. J. Jones, of Royal Avenue. The officiating clergyman was the Rev. A. Shildrick. Miss Hope Wardle, sister of the bride, accompanied her, and Tony Clark, of Victoria, acted as best man.

The service was fully choral, Henry Morey, uncle of the bride, being at the organ. The bride was given away by her father, and after the ceremony, the guests and choir were entertained at the residence of the bride's uncle Mr. Morey. Many handsome presents were received. Mr. and Mrs. Jones left subsequently for Vancouver en route to Sechelt for the honeymoon.

RAREPAYERS GIVE ASSENT TO LARGE DEBENTURE ISSUE

Loan By-Laws Totaling $398,000 Are Approved—Analysis Of Poll Show How Electors View Various Projects—Advertising and Gaol By-Laws Have a Very Close Call.

Westminster property owners yesterday braved a drenching rain to go to the polls and vote on six bylaws amounting to $398,000, made up of Waterworks, $234,000; Street Improvements, $104,000; Royal Columbian hospital, $30,000; Incinerator, $20,000; City Jail, $6000; Advertising, $4000. The effect of the weather was seen in the small poll, only 444 voting at the three stations, whereas the by-election in April brought out over 800, and the last general municipal election 852. However, it does not look so bad in comparison with the smaller vote last July, when only 181 exercised the ballot in the poll for the debenture issue of $132,000.

Great Interest Shown.

The interest taken in the poll was much keener than usual, and it was the only topic of conversation in the city during the day. Tales were told of all kinds of hardships endured to reach the poll. One lady walked a mile and a half in the rain from Tenby to catch the train at Crescent, in order to come in and vote, and others did not spare themselves in order to register their vote in favor of a progressive city.

Numerous inquiries reached the News office last evening from all over the district, and particularly from Richmond, where the Waterworks bylaw naturally aroused considerable interest, and everyone seemed glad to hear the outcome, as the condition of the weather had made many anxious how the vote would go, particularly as three-fifths majority of the vote cast was necessary, not always easy to secure.

The Returning Officers.

City Clerk Duncan acted as returning officer, and the deputies were: City Hall, Capt Peele; Sapperton, C. W. Gillanders; West End, Hugh Burr. The result was known shortly before 7 o'clock. The poll on a new register seems to have been satisfactory, though several entitled to vote were kept from exercising the franchise by the assessment roll not being revised in the sense that a voters' list is by the county court judge.

THE DEBENTURES.	Sapperton	City Hall	West End	Total	Over three-fifths Majority
ADVERTISING—					
For	26	195	20	241	18
Against	18	90	23	131

For	36	288	36	360	107
Against	11	37	14	62	

Three spoiled ballots, City Hall. One spoiled ballot, West End.

West End Has Objections.

An analysis of the poll shows that the advertising bylaw, as well as that for the jail, found little favor in the West End, but the former apparently was the only one in serious danger. The large vote given for the incinerator was a distinct surprise, but shows

(Continued from Page Four.)

THE NEW STEAMBOAT.

Work Is Progressing Rapidly on Hull of New Vessel.

The new sternwheeler for the Royal City Navigation Company, and intended to take the route between the city and Chilliwack formerly catered to by the old Ramona, is now well under way.

She is being built at the ways of the Westminster Marine Railway Company and her frame is almost completed. The contract for the engines and boilers has been given to the Schaake Machine Works of this city. The cylinders for the new engines have been cast and are now being fashioned into shape. A member of the new company stated yesterday that it would take at least ten weeks to complete the boat and make it ready for commission. The steamer will be 125 feet in length and 25 in beam, rather shorter and slightly wider than the Beaver.

CONTEMPORARY OF FRASER.

Indian Woman Dies at Reputed Age of 132 Years.

The queen of the Chehalis Indians, Jeannie, as she has been known to the white people, died yesterday on the Indian reservation in the West End at the residence of her niece, Mrs Vlamen. She had been ill for some days, and came to the coast to die. Her reputed age was 132 years, which would make her 31 when Simon Fraser passed down the river where Westminster now stands. Her longevity is a tribute to the healthy climate of the Fraser valley.

Boston Broker to Surrender.

Boston, Mass., Aug. 25.—It was announced here today that counsel for A. D. F. Adams, the Boston broker under indictment in New York, had arranged with District Attorney Jerome that Adams should surrender himself to the authorities in New York tomorrow morning. Adams, therefore, will not be placed under arrest in Boston. The indictment against Adams followed the disclosures regarding alleged hypothecation of stock certificates which followed the arrest in New York of Donald L. Persel.

RIVER CHANNEL IS GREATLY IMPROVED

Successful Work on Annieville Bar—Soundings Show Deep Water.

The Annieville bar, the most dangerous spot for large shipping on the river has been conquered, and in the future the largest of ocean-going vessels will be able to pass this once dreaded place without thought of danger.

Wing Dam Successful.

Last year the Dominion government built a large wing dam on the south side of the river, on the recommendation of resident engineer, G. A. Keefer. The high water proved to be too strong for the dam and carried part of it away. But it did its work before collapsing and the remaining part is apparently sufficient to continue the work. Sounding taken last week showed that there was over 21 feet of water in the channel at this point in all but one place, where for a very short distance there were only 19 feet. The soundings were taken at extreme low tide and are exceedingly satisfactorily to the engineer.

Seen regarding the work of this and the other dams, Mr. Keefer stated that all had done the work expected of them and that only the one had been damaged. This was due to the filling of the dam having been too fine. It was possible that the dam was built too long in the first place, and it would be left at the present length long enough to determine whether this was the case or not. If it had to be built out again, the work would be made solid enough to stand any assault of the river.

Samson at Work.

Profiting by the experience gained in the recent freshet, the engineering staff is strengthening the outer ends

(Continued on Page Two).

rince Goes on Hunt For Eligible Heiress

Geneva, Aug. 25.—Prince Hermann, Saxe-Weimar, who was recently ged to relinquish his right to the hy because of his heavy debts and nged his title to Count Ostheim, ends to go to America in search of a wife with millions.

He has openly boasted that he will return to Germany within a year and pay his debts out of his new wife's dower. The prince is now staying at Zurich anxiously waiting funds from his family.

Short Circuit Kills Twenty in Italian Town

London, Aug. 25.—A dispatch from Lecco, Italy, to the Daily Telegraph says that as a result of a short circuit the Town of Olginate, which is supplied with electricity form Lecco, was suddenly plunged in darkness. The residents of the place who endeavored to manipulate switches in their houses received terrible shocks Twenty persons are known to have been killed and many others were badly injured.

RTHQUAKE SHAKES CITY OF SIENE

mbers Are Killed by Falling Walls and Chimneys—Much Damage in Outlying Towns.

Siena, Italy, Aug. 25.—A series of rthquake shocks occurred here beeen 1 and 2 o'clock this morning, d a number of persons are reported have been injured by falling chimys and walls. It is feared that comete details will include many more alities.

Siena province is 1,500 miles square d is inhabitated by 300,000 people. n Lorenzo is reported to have been ly damaged by shocks, although they were light. The greatest mage was done to outlying towns. ena is the capital of the Siena provce, and has a population of approxiately 38,000 people. It is situated three connecting hills and is surunded by old stone walls. The uniersity buildings, begun in the thirenth century are the best architecral examples of the Italian Gothic tant. It is celebrated for the numer of famous painters who have been orn within the city walls.

MISSION STEAMSHIP SINKS WITH CAPTAIN

Hiram Bingham, Which Sailed From San Francisco, Founders in Gilbert Islands.

Boston, Aug. 25.—The loss of the missionary steamship Hiram Bingham and the death of her master, Capt. Alfred C. Walkup, were reported in a cablegram from Sydney, N. S. W., received yesterday by the American board of commissioners for foreign missions. The cablegram gave no details of the disaster.

The Hiram Bingham sailed from San Francisco November 10 1908, and after visiting Honolulu proceeded to the Gilbert islands. She was last heard from March 25, when she was at Ocean island, and one of the Gilbert group.

Henry C. Hoard, one of the best known residents of Darlington township, died yesterday morning, in his seventy-first year, after a long illness, from anaemia. He was manager of West Durham fall fair.

Hold Greek Shoe Blacks In Condition of Slavery

Toronto, Aug. 25.—A Greek shoeshiner, who has Anglicized his name to George Williams, and who has a stand of his own in a local hotel, has taken up the cause of his less fortunate fellow-countrymen who work in some of the Greek shoe-shine parlors in the city, and who are unable to speak English as well as Williams can. He claims that owing to their ignorance of language and of their rights, many of these boys are kept in a state little better than slavery. Boys are hired by proprietors of the parlors (Greeks who have amassed some capital) at a small wage, from $125 to $150 a year. They are not paid until the end of the year, and not even then unless they are leaving to seek other employment. If they are remaining the boss continues to hold their money for them, while if they leave they seldom get the full amount. They are tendered half or three-quarters of the sum, and in their ignorance and helplessness the boys accept what is offered, and take no steps to get the balance.

Their hours of labor are from six a.m. to eleven p.m., while after closing Saturday night they are kept for a couple of hours cleaning up shop, then they are made to spend Sunday in washing their clothes.

The boys are discouraged from talking to outsiders, or learning anything about general conditions, and Williams says that they have been beaten by bosses for disobeying in this particular.

He also tells of another case where the boy, who insisted on leaving and drawing his full pay, was later assaulted by two partners who employed him. The lads are lodged in premises provided by their bosses, and one concern keeps its thirty or more boys in room over a small shoe-shine parlor.

WANT SHORTER CLOSE SEASON

Fishermen and Canners May Unite in Asking for Open Fishing From Sept. 8.

It is probable that an attempt will be made both by the fishermen of the Fraser river and the Canners' Association to get the department of fisheries to place the termination of the close season in the river a week earlier than set by law.

Shorter by Week.

According to the regulations no nets can be shot in the Fraser until September 15. The canners are, however, discussing the advisability of asking that fishing be permitted again after September 8, and if they make an appeal to Ottawa it is possible that they may have the support of the fishermen. The canners wish to have an open season for fishermen using the ordinary regulation nets after September 8. On the matter of nets, however, the Fishermen's Union differs from them, and if any appeal on the matter is sent to Ottawa, it is probable that the Fishermen's Union will ask that the additional open season, if granted, be limited to nets having a seven-inch mesh. The present regulation sockeye mesh is five and three-quarter inches. Numbers of fish that would be taken by the smaller mesh nets would be able to pass through the seven inch mesh, and the fishermen hope that there may be no difficulty in getting an extension of the open season for the larger mesh nets.

Favors White Fishermen.

The fishermen belonging to the union are practically the only ones possessed of seven inch mesh nets, these being used for taking spring salmon, and the limitation of the fishing to these nets would have the effect in a large measure of shutting out the Japanese.

Neither the canners nor fishermen have yet taken any definite action, but it is probable that some steps will be made within the next few days.

The daily report of the Canners' Association for Tuesday, the last day of the open season, showed an average of only about 50 to the boat, all over the river.

FATE OF THRONE HANGS ON BATTLE

Spanish General Admits That Alfonso's Crown Is now in Danger.

Melilla, Aug. 25.—General Marina, commander of the Spanish forces, said today that he planned to assume the offensive within ten days. It is evident that he feels keenly his responsibility, knowing that far more depends upon the next movement than upon the actual success or failure of the military operations against the Moors.

The events of the next few weeks may fix the fate of the Spanish dynasty. A reverse might prove fatal; hence General Marina is leaving nothing to chance. When he moves he will be at the head of a force so strong that the Riffs can not by any possible means win a victory in the open. Melilla and the railway have been converted into a veritable fortress and it would require an army with a siege train and modern ordnance to capture the points.

Everything now turns on the construction of the canal to Marchia. If this fails, the task of the Spanish will be greater as all the supplies must be brought by land and exposed to Moorish attacks.

ALBERTA PHYSICIANS WANT AFFILIATION

Still Try to Arrange for Uniform Regulations for the Three Povinces.

Calgary, Aug. 25.—At this morning's session of the annual meeting of the Alberta Medical Association, a resolution was passed to affiliate the Alberta Association with the Dominion Association. Dr. Kennedy, of MacLeod, and Dr. Lafferty of Calgary were appointed to endeavor to arrange the affiliation. The discussion on inter-provincial registration resulted in a resolution that the four western provinces of British Columbia, Alberta, and Saskatchewan and Manitoba unite and that one board of examiners be appointed to examine applicants for registration, thus giving physicians who pass the examination and register the right to practice in any of the four provinces.

Delegates will be appointed to meet representatives of the associations of the other three provinces with this end in view. The new officers elected for next year are: President, Dr. H. Smith, Edmonton; first vice-president, Dr. Wibert, Calgary; second vice-president, Dr. Mewburn, Lethbridge; third vice-president, Dr. Archibald, Strathcona; fourth vice-presidtn, Dr. Rush, Leduc; secretary treasurer, Dr. Cobbat, Edmonton. The next place of meeting will be Banff.

EMPLOYEES SHARE HEAVILY IN PROFITS

Chicago Firm Distributes $40,000 Among Its Workers as Year's Bonus.

Chicago, Aug. 25.—More than $40,000 in cheques was distributed last night by Seiz, Schwab & Co. to its employees as their share in the year's profits. For more than four years the company has been dividing a percentage of the increase in profits pro rata with its salesmen, and 175 of them at a banquet at the Midday club were handede cheques ranging from $7,500 down, according to the extent of increase made by the individual. By the system of sharing its profits with its salesmen the company has, in four years, increased its business $5,000,000 a year.

Earl Grey's Visit.

An effort will be made to get Earl Grey to spend at least a few hours in the city when he comes to Vancouver on Labor Day, where he will open the Granville street bridge. As his excellency is attending as few functions as possible when on the coast it will probably be difficult for him to break into the rule he has made to curtail public engagements. The governor-general is expected in Victoria on Sunday, and will be the guest of Lieut.-Gov. Dunsmuir for a few days.

No Talking With Mars Say Eminent Astronomers

Williams Bay, Wis., Aug. 25.—Communication with other planets is by no means likely, according to a resolution unanimously adopted by the Astronomical and Astrophysical society of America in session at the Yerkes observatory on Lake Geneva. The resolution says: "As the public, through misrepresentation of the view of certain astronomers, has formed the impressions that communication with other planets is possible, the Astronomical and Astrophysical Society of America desires to express its belief that all such proposals fall outside the range of sober contemporary science."

Prof. Edward G. Pickering, director of the Harvard University observatory is presiding over the meeting at which sixty astronomers are in attendance.

AERIAL INVENTORS PLAGUE WAR OFFICE

Singular Case in Which the War Office Gives Evidence—Colored Swindler.

London, Aug. 25.—A case at Manchester on Thursday disclosed that the war office is plagued by airship inventions at the rate of thirty to forty per day.

A native of Barbadoes, named Arthur Richardson, was charged with obtaining £5 by false pretences from Joseph Burrows, another man of color. The accused, a stylishly dressed young man, had been arrested in London.

Acordicng to Burrows the prisoner told him of an aerial machine which he said he had invented and intended to patent. It would carry six guns, he said, but if he took it out before it was patented it would be claimed by the government. They had offered him £80,000 for it. Burrows accordingly gave him £5 to help to defray the cost of taking out the patent.

The aeroplane, so Burrows was told was lying in a brickfield in Straffordshire, watched day and night by ten men.

Captain Charles Owen, staff captain attached to the headquarters of the war office, said the accused had communicated with the war office on the subject of plans for a navigable balloon, and called at the war office on June 18. Witness made a note of the conversation.

The captain added that he got literally hundreds of these things brought under his notice. Richardson desired him or any other officer to go out at once and see the balloon somewhere in the neighborhood of Stoke, but he would not say exactly where. Therefore he doubted his story. At the same time it struck him that if the balloon were not in Stoke the accused would not have asked him to go and see it.

ACTIVE SEARCH FOR LOST NOVA SCOTIA CHILD

Halifax, Aug. 25.—Large parties are still searching the woods at Mount Williams, Stellarton, for the lost two-year-old Mueller child, missing since Tuesday. The citizens of Westville turned out in large numbers today, but made a fruitless search for the child. The farmers for miles around the vicinity are still keeping up a diligent search.

Mayor Campbell of Stellarton had an interview with the managers of the different coal mines, and they agreed that should the child not be found by Saturday night that they would urge their men and furnish teams to make a final search on Sunday. The Drummond mine officials are to run a special train Sunday morning over their line to give conveyance to all near points to the woods that are searched. The underbrush is very thick in the vicinity, and besides there are many old pits filled with water and almost overgrown, where a child might easily be lost.

River Channel Is Greatly Improved

(Continued from Page 1.)

of the dams on Lulu and Annacis islands. The snag boat Samson is engaged on the work and is filling in between the rows of piles with heavy logs and tree trunks.

Engineer Keefer expressed the conviction that there would be no more trouble with the Annieville bar in the future. It was on this bar that the large four-masted barque Lord Shaftebury went ashore last year while carrying a cargo of lumber to Australia. She was got off without damage, but the event was largely instrumental in bringing the necessity of early action before the authorities.

Taking Soundings.

The snag boat Samson with Engineer Turner of the department of public works staff on board, is at work at the mouth of the river, taking soundings in connection with the annual government survey. The work will take about two weeks and will be of great value in showing the state of the river channel following the recent high water, and the work necessary to be undertaken to keep it in shape. The surveying was delayed for some weeks owing to the fishing season being at its height, the nets filling the channel and preventing the carrying on of such work. The gasoline boat of the department is being overhauled and fitted to take a share in the surveying, her light draft enabling her to work in channels where the Samson cannot go except at high tide. She is being equipped with powerful new four-cycle engines in order to enable her to be used as a light towboat in case of necessity.

The government dredge Fruhling returned to the Sandheads yesterday and is again at work on the dredging of the river channel in pursuance of the government's project of making a thirty-foot channel from the city to the gulf. The Fruhling was compelled to cease work in the channel owing to the fishing operations which hampered her movements. In the meantime she has been engaged in deepening the water around the wharves at Chemainus. It was originally intended to use the suction dredge King Edward for the purpose but the Fruhling being compelled to suspend operations on the rivers, it was thought best to send the larger boat, and keep the King Edward at the deepening of the channel at Ladner.

Bank of Montreal

ESTABLISHED 1817.

CAPITAL $14,400,000.00
RESERVE 11,000,000.00

Branches throughout Canada and Newfoundland, and in London, England, New York, Chicago and Spokane, U. S. A., and Mexico City. A general banking business transacted. Letters of Credit issued, available with correspondents in all parts of the world.

Savings Bank Department—Deposits received in sums of $1 and upward, and interest allowed at 3 per cent. per annum (present rate).

Total Assets over $168,000,000.00.

SYNOPSIS OF CANADIAN HOMESTEAD REGULATIONS.

Any available Dominion Lands within the railway belt in British Columbia, may be homesteaded by any person who is the sole head of a family or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may, however, be made at certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the commissioner of Dominion lands at Ottawa of intention to apply for patent.

Coal.—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY, Deputy of the Minister of the Interior.

ORIENTAL JUGGLERS.

Feats Performed by Chinese and East Indian Magicians.

"During a trip through the far east I was much impressed with the wonderful feats performed by some of the Chinese and Indian jugglers and sleight of hand artists," said a Chicago man the other day. "In American theaters we see some skillful work along these lines, but the performer is usually at a considerable distance from the spectators and could employ many aids that the orientals do not use.

"I have seen Chinese and Indian magicians come on board a ship and in the center of a circle of passengers perform tricks that are little short of marvelous. For instance, one of the Chinese would ask a spectator to place a coin in the latter's hand. The Chinaman would close the fingers one after another over the piece of money and then, by passing his hands over the closed fist of his "subject," would in some mysterious manner extract the coin. I have had this trick worked on me a number of times, and I am no nearer to knowing how it is done than I was the first time.

"Then I have seen an Indian magician come out on deck, place a small seed on the planks, pour a little water over it, cover with a small cloth for a moment and then remove the cloth to disclose a living plant a foot or more high. These fellows do not wear long baggy sleeves in which a piano might almost be concealed, but have bare arms. There is said to be a clan of jugglers, among whom the secrets of the craft are jealously preserved and handed down from father to son."—Detroit Free Press.

THE SACRED LOTUS

Sentiment of the Orient About the Fruit of Destiny.

Concerning the rich fruit of the lotus, which grew luxuriantly in the Nile many charming legends have been told It was believed that it was so delightful that those who ate of it would never leave the spot where it grew, but for it would abandon home and friends to spend their lives in a dream of serene delight. Homer, in the Odyssey, mentions the lotus eaters who lived on the northern coast of Africa and records their attempts to detain the followers of Ulysses by giving them the fruits of the lotus to eat so that they should never wish to leave the spot where it grew.

The same poetical idea is known to the Arabs, who call it the "fruit of destiny," which is to be eaten in Paradise, and it is on this foundation that Tennyson built his charming poem of the "Lotus Eaters." This mythical lotus has been identified by several botanists with that indigenous to Tunis, which is a thorny shrub, with berries the size of an olive.

Mungo Park found a species of lotus in Central Africa bearing berries of a delicious taste, which on being dried and pounded made wholesome and pleasant bread. The lotus fruit found in Tunis has a stimulating, almost intoxicating, effect, and it is therefore probable that this plant furnished the foundation of the ancient legends.

THE WORLD'S WHEAT CROP.

The London Economist asserts that "the world's cereal harvest of 1906 cannot fail to prove one of the greatest ever produced." The wheat crop is above the average in the north of France, but it has suffered from drought in the south and west. France will need to import very little if any wheat. Spain has reaped a good harvest generally, while Germany has good crops of barley and oats as well as of wheat and rye. Austria-Hungary will produce a much larger wheat crop this year than last. In Russia the winter wheat crop has been officially reported to be a good one, while the more important spring wheat crop is poor in all but a few provinces. Roumania is now expected to produce a record wheat crop, and Servia and Bulgaria have good crops The Canadian wheat harvest will not prove very abundant. India's wheat crop harvested last spring was the greatest but one ever known.

Pope's Skull.

The skull of Alexander Pope, the poet and satirist, is in the private collection of a phrenologist. During some alterations in the churchyard where Pope was buried it was necessary to move his coffin, which was opened at the time to ascertain the state of his remains. By bribing the sexton of the church possession of the poet's skull was obtained for the night, and in the morning a different skull was returned instead. The cost of the skull, including the bribe, was £50.

Scandalous.

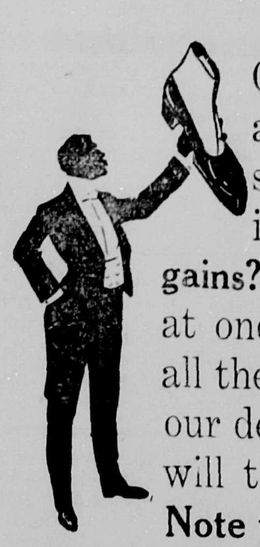
Mr. Moth—Glad to see you on your feet again, old man! What caused all the trouble?

His Neighbor—Why, I dined off a seemingly woolen overcoat, and it turned out to be the worst kind of shoddy. I tell you the extent to which food adulteration is carried on nowadays is nothing short of criminal.—Puck.

Flowers and Voice.

Mrs. Howells (reading)—A German scientist claims that the odor of flowers has a pernicious effect on the human voice. Howells—That's all rot. I used to buy flowers for you before we were married, and your voice wasn't nearly so sharp as it is now.

We've Stirred the Town



Our Shoe Sale has set the whole town agog! Good shoes were never priced so low and never before sold so rapidly. **Been getting your share of bargains?** If you're not, be sure to come here at once. We are determined to close out all the Summer Stock we have on hand, and our deeply-cut prices on all our good shoes will tell you how anxious we are to sell. **Note the prices and then act.** You certainly can not, in justice to yourself, let such a shoe opportunity slip away from you. **Come here and make your selections, pay the nominal price we ask for this good Footwear, take it along and jingle in your pocket the sum you have saved.**

THURSDAY, AUGUST 26, 1909.

A PROGRESSIVE VERDICT.

The decision of the ratepayers yesterday at the polls in authorizing the City Council to go ahead with the full policy of expansion mapped out during the sessions of the last six months, receives the endorsation not merely of the comparatively small number who voted, but the general body of the electorate.

To the outer world, to whom New Westminster is just begining to be known, apart from successes in the educational and sporting fields, the fact that the city is going to improve the chief streets, particularly the one which every visitor must see, and to advertise the advantages of the city and district to the world, will have a most beneficial effect. Westminster has lagged behind in this as in other things, and the determination to take a definite stand for progress will produce not only material benefit, but a confidence among the citizens which has often been wanting.

The City Council having secured a favorable verdict, will have to go cautiously in awarding the contracts, and avoid the suspicion which has undoubtedly been responsible for a large number of the adverse votes cast yesterday, many thinking that everything was not strictly aboveboard. Lack of information has bred a distrust which threatened to wreck the passage of the bylaws, and for this the Council is itself to blame. Private meetings with companies having business with the corporation have been held, and the public always willing to believe the worst, has jumped to the conclusion that insidious influences were at work for private gain at the expense of public right.

We are heartily glad to see the Advertising By-law passed, for it was an innovation, and novelties are perilous experiments with the electors. When the money for publicity work has been laid out judiciously in the course of the next two years, if the Council has to come to the citizens again, it will be in a position to show results. The new Gaol bylaw had a close call also, due more probably to objection to the suggested location than to dislike of the proposal in itself. We are certain that had the weather been more congenial the vote in favor of the bylaws would have been much greater.

ADVANCE GREAT BRITAIN.

Stands England where she did? is a question that has geen propounded in many quarters during recent times. The character of this interrogative exclamation is such as to assume a depreciatory negative reply. But we venture to say that after what has transpired during the past few months none will be bold enough to say that such an answer can be a true one. Both as a world power and as a factor in international affairs Great Britain has advanced rather than receded. The old supremacy is still with her; her potency in this respect has in fact increased in a considerable measure.

To this result a combination of influences has contributed. The three principal factors have been the Imperial press conference, the Imperial defence conference and the South African constitution bill. To allocate the rightful measure of influence towards the magnificent result attained, that each of these things exercised would not be easy. But it may be said that neither one without the other could have produced this. Jointly the three factors brought about a univalent purpose which marks a distinct epoch in the glorious history of Great Britain.

The press conference, which in a certain measure paved the way for the discussion of the Imperial statesmen, resulted in a wonderful enlightment of those who are responsible as leaders of opinion in the vast overseas dominions of the Empire; whilst also it brought to the minds of those at the hub of Imperial affairs the real measure of that reverent feeling for the motherland which the colonies possess. It was good for the visitors from the distant points of the realm to discover that, notwithstanding all that has been said to the contrary and the outburst of self depreciation which has emanated from politicians and the press alike, the heart of the Empire is still sound and throbbing with vigorous life; to find themselves everywhere welcomed joyously as true children of the Empire; to feel that they could return to their labors in distant corners of the globe endowed with the power to preach the message come weal come woe, the mother and her children stand or fall together.

As to the Imperial defence conference, this has resulted in a happy agreement between Great Britain and her colonies as to the measures to be adopted for the preservation and defence of the Empire. There was not a discordant note throughout the conference, as Sir Edward Morris, Premier of Newfoundland, has just assured us, and it was altogether a wonderful success. The real outcome of this conference will not be an alliance of forces offensive to other nations, but an effective means of preserving the peace of the world at large. It is in this respect that these two Imperial gatherings have been so notable and so valuable. Sir Edward Morris, admirably expressed the innate feeling of the delegates, just before he sailed for home on Tuesday. Every British colony was, he said, anxious to share in the burdens and responsbilities of Empire, and to contribute to a central fund for the maintenance of the whole family. They did not want their lives and trade liberty any longer to be protected by the British "tar" and soldier without contributing to the maintenance of both by sharing in the work of both.

The material result of the conference will be the contribution of an annual sum by each colony to the Imperial navy, whilst each will establish and maintain a navy of its own, which will for a unt in the reorganised Imperial navy. Whilst these units will be utilised primarly for the purposes of local defence, they will be available for combination with the central Imperial force at sea in case of need. Each colony will not soon be busy in the establishment of its fleet and the training of men, and ere long practically the entire waters of the world will be patrolled by the British Imperial forces. By such means will war be rendered impossible.

Into the kindly bosom of the great mother has now been enfolded the immense territory embraced in the federation of the South African colonies. The new constitution which will unite this land, that has been for so long the scene of bloodshed and strife, will make possible its attainment to a very high degree of prosperity and power. There is a very general opinion that the first prime minister of the new federal dominion will be Sir Louis Botha, commander in chief of the Boer forces during the late war, but who has since been the foremost influence in the new order of things that has come about since the termination of that terrible conflict. To him in a very large measure is due that rapid progress towards pacification which has resulted. This good work has been altogether remarkable, and as Mr. Balfour, the leader of the opposition in the British House of Commons said the other day the incident is one of the most important in the history of the British Empire and the world can never show anything like it.

"TEMPERANCE BEER" TO BE ANALYZED

Toronto, Aug. 25.—Six sample bottles of "temperance beer" reached Mr. Eudo Saunders, K.C., head of the Provincial license department, by express from Cobalt yesterday. The liquid was promptly turned over to the Government analyst, who will determine whether it contains more than the meagre percentage of fermentation permitted by the Ontario act.

Upon the decision rests the future of a storeroom of barrels and bottles seized by the Government license officials at hte northern town. If the finding is adverse to the liquid it will all be destroyed and the dealers in it —some seven in number—will be confronted with charges under the license act.

Moreover, the manufacturing firm is interested in the outcome. The liqour was prepared as a "temperance beer" within the act, but the departmental officers allege that thirsty customers succeed in becoming bibulous.

Mr. Saunders expects a decision by the end of the week.

BAD BOY TRIED TO CAUSE TRAIN WRECKS

South Haven, Mich., Aug. 25.—Richard Phelps, aged 13, son of a Chicago railroad man, was arrested yesterday a tCovert, charged with four attempts to wreck trains on the Fruit Belt Railway. It is said the boy, who was lodged in jail, has confessed.

Phelp's father has a summer home at Covert, where the lad has been spending the summer vacation.

$100,000 Gift to Princeton.

New York, Aug. 25.—Princeton University is given $100,000 by the will today of Cornelius C. Schuyler, the banker who was killed recently in an auto accident in France.

This sum is to be known as the Theodore C. Schuyler fund, the income to be used as the trustees may deem best.

BLAME TORONTO COUNCIL FOR DESTRUCTIVE FIRE

Toronto, Aug. 25.—That Clara Andrew's death was accidental and that the city and ferry company were conjointly to blame for lack of proper fire protection at Hanlan's Point was the verdict of the coroner's jury.

MADDENED BULLS FIGHT ON BOARD SHIP

Enraged by Snapping of Caged Alligator, They Battle to the Death.

(Vancouver World.)

Passengers coming up from Mexico on the steamer Ella went treated to an unusual and horrible sight while the vessel was between Victoria and San Francisco, and the sight was nothing short of a bull fight, without the matadors and accompanying Spanish splendor.

The vessel was bringing some Mexican cattle to this coast, among which were several bulls, on the after deck. Next to the bulls were some aligators, whose constant snapping so enraged the bulls that the latter broke from their stalls and egaged in a free-for-all fight. According to one of the passengers, the mixup did not end until the deck was so slippery with blood that the bulls could not keep their footing. The biggest bull in the herd was singled out by the others as a special object of attack, and he was finally killed by the continued goring of his mates.

Fire destroyed the stables of the McKellar house at Glencoe yesterday afternoon. The loss is about $2000 with $1000 insurance.

ACCIDENT MARS BIG AERIAL MEET

Fournier's Aeroplane Buckles and Brings Driver Heavily to the Earth.

Rheims, France, Aug. 25.—While an immense crowd at Bethany Plains gazed horror-stricken, the aeroplane being driven by Henri Fournier, suddenly "buckled" this afternoon, turned a complete somersault in the air and dived from the great height directly to the ground, where it was shattered and Fournier was seriously injured.

No sooner had the aeroplane struck the earth than a hundred willing hands tore away the twisted steel and splintered wood and extricated the unfortunate aeroplanist from the smashed machine. He was immediately placed under the care of physicians who were on the grounds. The extent of his injuries are unknown as yet, and but meagre reports are given out by the doctors.

When the machine bearing Fournier crashed to earth a number of women fainted and the police had much trouble with the people present to restrain them from pouring out on to the field.

Fournier was dazed when taken from the wreckage. He stated that a wire supporting one of the wings parted, which caused the machine to buckle and throw the biplane beyond his control.

Fred. Urry, of Port Arthur, has declined to act as representative of the Fort William C. P. R. dock laborers on the board of conciliation under the Lemieux act. A new nomination will be made.

Ratepayers Give Assent to Large Debenture Issue

(Continued from Page 1.)

the electors are behind any move for the satisfactory treatment of garbage, and sick of the antiquated methods in vogue at the present time. The waterworks extension were carried by a much larger majority than expected.

City Council Pleased.

The members of the city council are delighted with the result, and regard it as an expression of confidence in their actions, and appreciation for the work they are able to do. Ald. Adams wishes to thank the electors for the result, and other aldermen share his sentiments. The president and members of the board of trade feel grateful for the passage of a bylaw which was not sufficiently understood to receive the suffrages of the property owners readily.

The decision yesterday will enable the city solicitor and engineer to draft a local improvement bylaw for Columbia street, covering the sewer and sidewalks, in order that the work may progress at the same time as the street paving, for which the council will shortly be in a position to let the contract and for which a tender has already been provisionally accepted. All possible expedition will be given the improvement.

AMERICAN COLLEGES TURN OUT ILLITERATES

President of Brown University Arraigns Lack of General Knowledge of Graduates.

Chataqua, N. Y., Aug. 25.—That the American people are murdering their mother tongue and that one of the great opportunities for reform at the present is to teach them to reverence and prize the English language and also speak and write it decently was the opinion expressed here by President Faunce, of Brown University. He did not spare the American colleges in his general arraignment and declared that they are turning out an alarming proportion of graduates who are actually illiterate.

"I would like to see," he said, "the colleges of the country join in an endeavor to have the people of the country taught to write and speak the English language correctly. The colleges are not doing it now. It is a fact that the colleges are sending out illiterates. Many of our college seniors cannot write a decent business letter. Large numbers of them cannot express themselves in writing so as to be understood.

Our Intellectual Heritage.

"We Americans should link our minds and hearts and hands in an effort to preserve this mother tongue, which is our definite intellectual heritage. We should prize English speech and English literature and pass on this heritage of the past to the children of the future."

President Faunce said that he had been surprised and shocked recently when he mentioned the name of Professor Huxley to a group of Brown students and no one knew whom he meant, and was more surprised on asking one of his students the meaning of the word "chimeras." He was answered: "The chimeras are a group of small islands in the Mediterranean Sea."

Mrs. Sarah Rowland Morris, aged 100 years, died at her home in Lelia, N. Y., yesterday. She was born in Wales, but had been in this country for 84 years.

George Deacon, principal of the Dovercourt school, Toronto, has succumbed to the attack of apoplexy which he suffered a few days ago, when he was removed to the Victoria Memorial hospital.

Lifebuoy Soap is delightfully refreshing for Bath or Toilet in hot weather. For washing underclothing it is unequalled. Cleanses and purifies. **

WE ARE READY TO SHOW you how it is cheaper to buy our high-class building materials than it is to purchase the poorer kind. We can point to buildings built with our materials that never need repairs. We can point to some others that need repairs all the time. But they were not built of our materials. See where real cheapness lies?

W. E. SINCLAIR

THE SHOE MAN,

HOLMES BLOCK, COLUMBIA STREET, NEW WESTMINSTER.

Mortgaged for $200,000,000.

Spokane, Aug. 25.—The largest mortgage ever filed in Spokane county was placed on record Monday—a $200,000,000 mortgage covering all of the right of way, terminals, rolling stock and branches of the Chicago-Milwaukee & Puget Sound Railway, from South Dakota to Seattle and Tacoma. The filing fee here was $53. The document, containing 100 pages, is bound in morocco.

Rev. Dr. J. H. Jowett, of Carr's Lane Congregational church, Birmingham, the celebrated English scholar and theologian, is at present in Toronto.

EIGHT PACIFIC CRUISERS ORDERED TO FAR EAST

Washington, Aug. 25.—Another "peace" fleet is to be sent across the Pacific by Uncle Sam. It will comprise eight of the strongest and fastest cruisers in the naval force and will leave San Francisco a week from next Sunday. It will be occupied with its mission, which is declared to be friendly, more than five months.

The vessels which have been ordered to prepare for the journey are the fully armored cruisers Tennessee, California, South Dakota, Washington, West Virginia, Colorado, Maryland and Pennsylvania.

According to the navy departments schedule of their 23,000-mile journey, after making several side trips to Chinese and Japanese ports, the whole squadron will reassemble at Yokohama and will sail for home on January 10, 1910.

SPORTING NEWS

NOTHING TO IT BUT NEW WESTMINSTER

Salmon Bellies Have Strongest Team for Saturday Since the Tecumseh Games.

The main attraction on the sportsman's horizon these days is the match with Vancouver, booked to take place in this city on Saturday of the present week. Indications at present are all to the good for New Westminster, and unless the decidedly unlooked for happens, it's hard to see how there can be anything to it but red and blue.

The boys have been practicing hard of late, and the aggregation that will take the field for the Royal City on Saturday will be the strongest that has lined up for this city since the Tecumseh games. Doughey Spring and Pat Feeney will figure on the field, both men being now in the best of shape, while so far as could be learned yesterday all the other men are in the pink of condition.

Alex Turnbull has been turning out to practice of late, not for the purpose of getting in the game, but to give the players the benefit of his sage advice. For Dad is now manager of the team pro tem. Dad was elected to this proud office at the last meeting of the executive of the club and will stay by it until C. A. Welsh returns from his trip to the east.

It is improbable that either Turnbull or Bryson will be out again this year. Turnbull's injuries have healed up all right, but Bryson's knee is still in a far from satisfactory condition.

The team will probably take the field on Saturday something in the following order: Gray, goal; Galbraith, point; T. Gifford, cover point; J. Gifford, T. Rennie, G. Rennie, defence field; Feeney, centre; W. Turnbull, Doughey Spring, L. Turnbull, home field; G. Spring, outside; Lund or Latham, inside.

The club has renewed negotiations with the management of the R. A. & I. Society for the construction of a big new grandstand at Queen's park to take the place of the present one, the accommodation in which is quite unequal to the demand. Secretary Ryall and Acting Manager Turnbull interviewed Mayor Keary in regard to the matter yesterday but arrived at no definite conclusion.

A reply is now being awaited from Calgary Lacrosse Club, to which Secretary Ryall wrote yesterday stating that the Salmon Bellies would be pleased to knock the stuffing out of its players on September 25 and October 2, at the Queen's park oval—or words to that effect.

YESTERDAY'S RACING

FIRST RACE—Five furlongs, selling, mares; four-year-olds and up.
1, Aunt Polly; 2, Grace; 3, Illusion.

SECOND RACE—One mile and 20 yards; selling; four-year-olds and up.
1, Dr. White; 2, J. C. Clem; 3, Col. Bronston.

THIRD RACE—Five and a half furlongs; selling three-year-olds.
1, Salvage; 2, Philistina; 3, Burleigh.

FOURTH RACE—Four furlongs; juvenile stakes; two-year-olds.
1, Napa Nick; 2, Miss Picnic; 3, Irma Lee.

FIFTH RACE—Seven furlongs; purse; three-year-olds.
1, Ocean Queen; 2, Servicene; 3, Workbox.

SIXTH RACE—One mile; selling three-year-olds.
1, Frieze; 2, Cheers; 3, Beau Man.

Will Play in Victoria.

The team to represent Westminster in the Pacific Coast Amateur Lacrosse League game at Victoria on Saturday was selected last evening. The boys will go down on Friday, according to present arrangements, J. I. Keary being the manager. Those chosen are: Goal, D. E. Munn; point, D. Digby; cover point, R. Pearson; first defence, B. Galbraith; second defence, W. Patchell; third defence, H. Gifford; centre, H. MacKenzie; third home, J. Fitzgerald; second home, W. Sangster; first home, V. McPhadden; outside home, V. Purdy; inside home, O. Swanson; reserve Coutts.

EXAMINED WORKINGS OF GERMAN RAILWAYS

Montreal, Aug. 25.—Hon. G. P. Graham passed through the city en route to Ottawa last night. He stated that he had been in Europe particularly Germany, with a view to comparing the workings of state owned and corporation owned railways. He saw none better than the Intercolonial, which, however, is hampered by the publicity given details of tenders, etc., which enable contractors to reach an understanding. He found the passenger rates on state owned railways in Germany practically the same as on the Intercolonial, while freight rates are much higher, and, in fact, could be cut in half, and leave a profit. The state owned lines turn over a large profit to the government yearly which Canada would not stand for.

TORONTO MARKSMAN MAKES BIG SCORE

Sergt. Major Dymond of R. C. R. Makes 136 Out of 140 at Second Day of Meet.

Ottawa, Aug. 25.—The weather is splendid for the second range of the governor's cup started this morning. So far the leader in the aggregate is Russel, of Ottawa, 268, Forrest is 6th, 263, and Boult has 257.

In the Borden, four ties shot off for the cup, medallian and $16.25. Major Singer, 35 points, $5; Sergeant Duvoisen, 33; Sergt. Richardson, 33, $4; Private Mackintosh, 32; Sergt. Youhill, 32, Sergt. Perry, 30, $4; J. Stevens, 29.

Sergt.-Major Dymond of the R. C. R., Toronto, made the remarkable score of 136 out of 140 yesterday.

The Dominion match was seven shots each at 600 and 800 yards. The possible was 70. The winner of the Patterson cup and $30 was Lieut. M. E. Sutherland of the 78th with 69. The B. C. winners were: $19, C. Milne, D. C. O. R., 68; $8, Capt. J. A. Boult, D. C. O. R., 67; D. P. McHarg, V. R. A., 66; Sergeant W. A. Taylor, D. C. O. R., 65; Col.-Sergt. S. J. Perry, D. C. O. R., 65.

The team match in connection with the Dominion match was for teams of five men of each corps, and the only prize, the Gurd cup, was won by Royal Grenadiers with a score of 323. Third Victorias of Montreal were second and the Army service corps third.

OKLAHOMA WANTS THE BIG PRIZE FIGHT

Kalamazoo, Mich., Aug. 25.—Joseph M. Miller, who owns the 101 ranch near Bliss, Okla., in company with three other millionaire brothers, while here today made the largest cash offer for the Jeffries-Johnson fight that has yet been reported, offering $75,000 cash for the bout. He prepared a certified cheque for $25,000 and stated his willingness to place it in any bank named by the managers for the fighters to show his good faith in making the offer. "I am also willing to place $75,000 in cash in any bank they name if they want that. I want Oklahoma to have that fight and will do everything possible to land it. Our ranch is only 40 miles from Oklahoma City."

WRESTLING.

The "Terrible Turk," big Yousiff, beat Joe Parr at the City Hall, Vancouver, last evening, in two falls, 10 minutes and 11 minutes respectively. Fireman Burke refereed.

CRICKET

The Nanaimo Cricket Club will probably pay a visit to Westminster on Labor Day to play the local team.

PREACHING AS PRELUDE TO BASEBALL GAMES

Chicago, Aug. 25.—A sermon would be a fitting opening to each major league baseball game played on Sunday, according to Bruce Barton, son of the Rev. W. E. Barton, pastor of the First Congregational church, Oak Park. He declared last night that although he did not favor Sunday baseball, he thought the plan feasible.

Barton said he had mentioned the matter to some of the prominent ministers of Chicago and also had set the facts before persons connected with the management of major league teams, and that in all instances his suggestion had been approved. Barton says that the matter had been approved both by President Charles Murphy of the Chicago Nationals and Charles Ebbets of Brooklyn.

The Nights

are getting long and the eyesight in consequence is getting short. Science, however, has to some extent overcome the natural decline of the eyesight by substituting properly fitted glasses. Occasionally we find a case so complicated that we cannot correct. When we meet such cases we are candid enough to say so. Two essential things you can depend upon in dealing with us; first, we fit your eyes perfectly; second, we do not overcharge you, and in every case when not satisfied we cheerfully return the money. We have spectacles as low as 50c a pair. Try us for your next pair.

Live Stock Insurance

Live stock insurance has fast become recognized as one of the best kinds of insurance in existence, and an ever-increasing number of stock owners are protecting themselves against the serious losses which they have had to suffer in the past. I represent the only strong, reliable Canadian company carrying this class of insurance, and as they do not handle any insurance but live stock they are able to fulfil their obligations to the greatest satisfaction, and every legitimate loss which has occurred on any of the company's policies since they started business, has been promptly paid, cheques usually being forwarded within a day or two, and the following letter is an instance:

New Westminster, June 23, 1909.

A. W. McLeod, Agent British American Live Stock Ass'n Ltd., New Westminster, B. C.

Dear Sir,—I beg to thank you and your company for the prompt settlement made for the loss of my mare "Nell," for although my claim form was only completed yesterday I have already received cheque for $200.00 in full payment.

Yours sincerely,
(Sgd). J. A. GIBSON.

You may be the next to lose some valuable stock, enquire for particulars.

ALFRED W. McLEOD

INSURANCE BROKER,

657 COLUMBIA STREET. PHONE 62.

Pittsburg, Aug. 25.—The Pressed Steel Car Company is in the market for a $4,000,000 fire insurance policy and the men who look after business of that character are doing their best to provide the corporation with the required protection.

When the policies are issued they will probably be over the names of no fewer than 200 companies and it will be the largest insurance deal Pittsburg has known in many years if, indeed, it does not break the record.

The car company has been carrying in the neighborhood of $360,000 fire insurance.

LADIES PREDOMINATE AS CHURCH MEMBERS

Of 33,000,000 in United States Only 43 Per Cent. Are Males—Catholics Show Great Increase.

Washington, D. C., Aug. 25.—Standing out as a conspicuous feature of a bulletin issued today by the census bureau entitled "Census of religious bodies," is the fact that out of a church membership in the United States in 1906 of nearly 33,000,000, males formed less than half of the total. Of the total church membership reported by the various religious bodies and classed by sex, 43.1 per cent. were males and 56.9 per cent. were females. Among the Protestants the difference was greater, 39.3 per cent being males, while in the Roman Catholic church the males formed 49.3 per cent. of the total membership. Fewer males than females were found among the Latter Day Saints, the Lutherans, Disciples, Methodists, Baptists, Presbyterians and Protestant Episcopalians, the percentage of male members decreasing in the order shown and there being but 35.56 per cent. males among the Episcopalians. Among the Christian Scientists only 26.7 were male, and of the Shakers only 21.3 per cent., but in the Greek Orthodox church 93.9 per cent. were males.

Other salient features of the report show that there are a billion and a quarter dollars invested in church edifices and that every day eight new churches send their spires skyward.

TELEGRAM LOSES FIGHT AGAINST TORONTO COUNCIL

Toronto, Ont., Aug. 25.—Despite the most determined hostile campaign by the Evening Telegram in civic history the city council ratified the final sale to the National Iron copany of 611 acres of land and 20 acres of water lots on the east shore of Toronto harbor. Cawthra Mulock is at the head of the new iron industry, which will be a mammoth one. The vote was 19 against 2.

J. E. Ross Robertson, proprietor of the Telegram, blocked the former transaction for sale by an injunction He claimed the price, $35,000, was absurdly low.

RICH CORPORATIONS WELCOME THE TAX

They Desire Most of All at the Present Time to Be Let Alone.

Buffalo, N. Y., Aug. 25.—Commencing on the new corporation tax in the September number of the National Monthly of which publication Chairman Norman E. Mack, national committee is the editor and publisher, former Judge Alton B. Parker says the new tax is welcomed by the giant corporations of the country in the belief that they can seek immunity behind it. Former Judge Parker says that the great combinations in restraint of trade wish to be let alone and to that end seek immuniy even at the cost of increased political contribution. "But a few days ago" says former Judge Parker, "Mr. Cory the president of the United States Steel corporation returning from Europe hailed with appoval the tariff bill containing the coropration tax, in which his department associate Judge Garry heartily joined adding to the prediction "that now will enter upon a period of great prosperity. Naturally the small corporations engaged in honest business prosecuted by law, do not look kindly in this attempt to add to their burden of taxation, otherwise however with the great combinations of trade which seek to dominate so mny fields of endeavor they wish to be let alone, and to that end seek immunity even at the cost of increased taxation and continued political contribution."

To some writers the statute apparently seems entirely innocent of a purpose to trepass upon the powers reserved to the states and the people. It appears to me, on the contrary, but another step in he carrying out of a carefully devised plan of centralization of power in the federal government.

Guide Found $1,000.

Montreal, Aug. 25.—A brief telegram received at the C. P. R. offices today announces that a pocketbook containing a thousand dollars was picked up on the peak known as the Galcier, near Field, B.C. No owner could be found for the pocket-book, and it was turned in to the company by the guide who found it.

Mail Service

Following are the hours of despatch and arrival of mails at the New Westminster post office, the hour given in each case being the hour of closing, which is half an hour, as a rule, before the actual despatch. WATER NOTICE.

Notice is hereby given that an application will be made under Part V. of the "Water Act, 1909," to obtain a license in the New Westminster District. (a) The name, address and occupation of the applicant is the Vancouver Power Company, Limited, having its head office at the City of Vancouver, British Columbia, and having a capital of $2,500,000 divided into 2,500,000 shares of $1.00 each, all fully paid up. (b) The name of the lake, stream or source, Mislilloet River, Indian Arm, Burrard Inlet, (Indian River). (c) The point of diversion is situated about 12 miles from the mouth of the river. (d) The quantity of water applied for in cubic feet per second, 800. (e) The character of the proposed works, a water power plant for the generation of electricity for merchanical, industrial and commercial purposes and particularly in the operation of motors, machiney, electric lighting, the operation of tramways and other works for which such light, heat and power are suitable and available. (f) The purposes on which the water is to be used is situated at or near high tide mark at the mouth of the river. (g) The purposes for which the water is to be used to generate electric power, light and heat for traction, lighting, heating, manufacturing and all and every industrial or other purposes for which it may be applied. (i) If the water is to be used for power or mining purposes describe the place where the water is to be returned to the natural channel, and the difference in altitude between point of diversion and point of return. The water is to be returned to river near mouth of same, and difference of elevation between point of diversion and point of return is about 300 feet. (j) The area of Crown land intended to be occupied by the proposed works will not exceed 320 acres. (k) This notice was posted on the 7th day of July, 1909, and application will be made to the Commissioner on the 7th day of August 1909. (l) Give the names and addresses of any riparian proprietors or licenses who or whose lands are likely to be affected by the proposed works, either above or below the outlet, B. F. Dickins, Vancouver, B. C.

The part of the Memorandum of Association of the Company which authorized the proposed application and works, reads as follows:

(3) The objects for which the Company is established and to which objects the Company are restricted are the acquisition of water and water power by records of unrecorded water or by the purchase of water records or water privileges for (a) Constructing, operating and maintaining electric works, power houses, generating plant and such other appliances and conveniences as are necessary and proper for the generating of electricity, or electric power, or any other form of developed power, and for transmitting the same to be used by the Company or by persons or companies contracting with the company therefor, as a motive power for the operating of motors, machinery or electric lighting or other works or to be applied by the Company to contracters for heating or as a motive power for propelling tramways, or for driving, hauling, lifting, pumping, grinding, crushing, smelting, drilling and milling or for any other operations to which it may be adapted or to be used or supplied for or in connection with any other purposes for which electricity or electric power may be applied or required. (g) For storing water and water power available for use, application and distribution by erecting dams, increasing the head of water in any existing body of water, or extending the area thereof, diverting the waters of any stream, pond or lake into any other channel or channels, laying or erecting any line or flume, pipe or wire constructing any raceways, reservoir, aqueduct weir, wheel, building, or other erection or work which may be required in connection with the improvement and use of the said water and water power or by altering, renewing, extending, improving, repairing or maintaining any such works, or any part thereof.

LAND REGISTRY ACT.

Take notice that an application has been made to register Annie Ryder as the owner in fee simple, under a tax sale deed from Sidney A. Fletcher to Annie Ryder, bearing date the 13th day of October, A. D., 1906 of all and singular that certain parcel or tract of land and premises situate, lying and being in the district of New Westminster, in the province of British Columbia, more particularly known and described as Lot 23, Block 1; Lots 8, 9, 16 and 17, Block 4; Lots 1, 8, 9, 16 and 17, Block 6; Lots 4, 5, 12, 13 and 20, Block 9; Lots 1, 8, 9, 16 and 17, Block 10; Lots 1, 8, 9, 16 and 17, Block 12; Lots 4, 5, 12, 13 and 20, Block 13; Lots 1, 8, 9, 16 and 17, Block 14; Lots 1, 8, 9, 16 and 17, Block 16; Lots 4, 5, and 20, Block 17; Lots 1, 8, 9, 16 and 17, Block 18; Lot 6, Block 21, all subdivisions of Lot 203, Group 1. Lots 10, 11, 12, 13, 14 and 15, Block "K" subdivision of Lot 268, Group 1. Lots 24, 25, 26, 27, 31 and 32, Block 1; Lots 2, 3, 4, 5, 6, 7, 10, 11, 12, 13, 14, 15,18, 19 and 20, Block 4; Lot 16, Block 5; Lots 1, 8, 9 16 and 17, Block 15; Lots 4, 5, 12, 13 and 20, Block 9, subdivision of Lot 203, Group 1. Lot 7, Block 4 of Lot 227, Group 1, Map 174.

You and those claiming through or under you and all persons claiming any interest in the said land by virtue of any unregistered instrument, and all persons claiming any interest in the said land by descent, whose title is not registered under the provisions of the "Land Registry Act," are required to contest the claim of the tax purchaser within twenty days from the date of first publication of this notice upon you, and in default of a caveat or certificate of lis pendens being filed within such period, or in default of redemption before registration, you and each of you will be forever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register Annie Ryder as owner thereof in fee. And I hereby order that publication of this notice for twenty days in a daily newspaper published in New Westminster will be good and sufficient service thereof.

Dated at the Land Registry Office, New Westminster, Province of British Columbia, this 4th day of August, A. D., 1909.

W. S. KEITH,
District Registrar.

To Charlotte Cooper, James Anderson Laidlaw, J. Laidlaw Estate, George F. Wells, William Marchant Smith, Edward James Thain.

WATER NOTICE.

Notice is hereby given that an application will be made under Part V. of the "Water Act, 1909," to obtain a license in the Municipality of Burnaby Division of Lot 144 District.

(a.) The name, address and ocupation of the applicant is Horace Williamson, 442 Westminster avenue, Vancouver, B. C.

(b.) The name of the lake, stream (if unnamed, the description) is unknown, rising in Lot 210, running in a southerly and westerly direction through District Lot 144, Burnaby.

(c.) The point of diversion is about 400 feet south of a stake marked Block one (1) in the northwest corner of District Lot 144.

(d.) The quantity of water applied for (in cubic feet per second) is two (2).

e.) The character of the proposed works is to run power machinery and electric dynamo, domestic or irrigating.

(f.) The premises on which the water is to be used is known as Block one (1), two (2) and sixteen (16) in District Lot 144, Burnaby.

(g.) The purposes for which the water is to be used are domestic, power, light and irrigation.

(h.) If for irrigation describe the land to be irrigated—about tweive (12) acres.

(i.) If the water is to be used for power or mining purposes describe the place where the water is to be returned to some natural channel, and the difference in altitude between points of diversion and point of return. The water is to be returned about two hundred (200) feet below in same channel and about sixty (60) feet lower.

j.) The area of Crown lond intended to be occupied by the proposed works is none.

(k.) This notice was posted on the 14th day of August, 1909, and application will be made to the Commissioner on the 15th day of September, 1909, at 2.30 o'clock.

(l.) The names and addresses of any riparian proprietors or licensees who or whose lands are likely to be affected by the proposed works, either above or below the outlet are the Crown, H. B. Scott, Vancouver, and E. Pakhman, Vancouver.

HORACE WILLIAMSON,
442 Westminster avenue, Vancouver, B. C.

EARL GREY TO TAKE A HUNTING TRIP

Will Be Guest of Lieutenant-Governor on Board of the Yacht Dolaura.

Victoria, Aug. 25.—It is understood that His Honor Lieut.-Governor Dunsmuir has extended an invitation to His Excellency Earl Grey and party to be his guests on a hunting and fishing trip on the yacht Dolaura, and that the same has been accepted.

His Excellency is due to reach Victoria on Sunday next on the Quadra from Prince Rupert, and the palatial private yacht is being made ready in anticipation of sailing shortly afterwards on a short cruise to Island points with the distinguished guest.

The season of the year is very favorable for such an outing as has been arranged for Earl Grey and party, and Victoria is fortunate in numbering amongst its citizens one able to offer such princely accommodation on such an occasion as the present. His Excellency, who is already enamored of the charms and attractions of British Columbia, will assuredly, as a result of the proposed yachting trip, have his pleasant impressions of this section of the Dominion greatly augmented.

It is likely that the Dolura will rendezvous at Campbell river, and that the distinguished party of sportsmen will make short trips to the neighboring territory, which is a veritable hunter's paradise, in search of game.

MILLIONAIRES WILL SUE NOTED AUTHOR

Claim That Robert W. Chambers Was Too True to Life.

New York, Aug. 25.—Robert W. Chambers, the author, may be the victim of a coincidence that may result in a suit because of his latest novel, "The Danger Mark." So also may the publishers of the magazine in which the story is at present running in serial form.

Relatives of Louis Gordon Hamersley and Katherine Hamersley, the young heirs to the $50,000,000 estate of the late James Hooker Hamersely, believe it is said, that those children are being protrayed by Chambers in his novel, as Scott Seagrave and Geraldine Seagrave, and the Seagrave children in the story are more or less of a bad lot, especially the girl. Each has inherited weakness. The girl shows hers by soaking lumps of sugar in eau de colonge, and eating that during her childhood days, and later drinking much champagne, and many Scotch highballs.

The boy in the tale falls in love with his nurse.

Cortlandt de Peyster Field, who is an uncle by marriage to the Hamersley children, and is one of their guardians, admitted today that he had notified the attorneys for the Hamersley estate, chief of whom is Henry H. Man, of this city, to examine "The Danger Mark," and see if any part of it is actionable. Field said he saw a very close parallel between the fictitious Seagrave children and the real Hamersley children. The likeness between the imaginary young millionaires and the real ones will be appreciated by society people who know the Hamersleys in the very first instalment of the book, which depicts them in lonely granduer in depicts them in lonely grandeur in a nurse, who kept even playmates away from them lest they should hear the forbidden message that they were immensely wealthy.

Then the picture of the testy old gentleman of the "Half Moon Trust Company," gravely debating about "Geraldine's under garments, and Scott's new gun," has caused many a nod of appreciation and many a grin of amusement.

Honey Prices to Stay High.

London, Ont., Aug. 25.—By present indications the prices for honey will remain fairly high in western Ontario this year. The bees wintered well, but the late spring had its ill effect. This season's crop of honey is of excellent quality, however.

The demand for honey from the west has become quite a factor in determining the price of honey in western Ontario. The western demand is increasing every year, as the cold winters prevent much being done there in the way of keeping the bees.

Miss Margaret Ferguson, of the staff of the head office of the Alberta Grain Company at Calgary, and Miss Carrie Baynes of Vancouver, are visiting their uncle, Chief of Police J. W. McIntosh.

For first-class cut flowers and any kind of Floral work, telephone Davies' Greenhouse, R208. **

Only one law breaker adorned the railing at the police court yesterday morning. The magistrate imposed the usual fine of $2.50 and costs.

Buy orchard lands while they are cheap and become independent. We are the official agents of The Western Home and Improvement Co., Ltd. Let us tell you about their choice holdings at Appleland. A new townsite and fruit district along the line of the B. C. Electric Chilliwack line and V. V. & E. Cloverdale to Sumas Railway. This section excels in the production of all fruits. Come at once while the best lands are selling cheap and let us show you this section at our expense. We can sell five, ten, fifteen and twenty acre tracts on easy terms. F. J. Hart & Co., Ltd. **

Secretary G. H. S. Wade, of the board of trade, yesterday evening visited Port Hammond and addressed a meeting of the newly formed district board of trade. Officers were elected for the year, and the board started under good auspices.

Don't miss seeing the "eighth wonder of the world," the salmon fishing on the Fraser river, during the present season; the greatest in four years. Thousands upon thousands of fish to be seen. Visit the canneries at Steveston. The S.S. Transfer leaves Brackman-Ker's wharf daily at 3 p.m. except Saturday, when the steamer leaves at 2 p.m., returning same day. One dollar return. On Sundays a special excursion to Steveston and return is made, remaining at Steveston about an hour and a half. Steamer leaves B. C. Electric wharf at 3 p.m., arriving back at New Westminster at 8 p.m. Fare, one dollar return. **

John Hendry of Vancouver is spoken of as the next president of the Canadian Manufacturers' Association according to the statement made by J. D. Rolland of Montreal, one of the leading manufacturers of the east, and prominent financial man.

Starting Saturday, August 21, the B. C. Electric city and Sapperton cars will make one extra trip for the accommodation of the New Westminster people attending the horse races at Minoru park, Lulu island. The last Sapperton car will leave the office at 11:30 p.m., and the city car at 11:20 p.m. **

Vancouver is making a strong bid for the Dominion Fair of 1910 and a delegation of leading merchants and citizens headed by Mayor Douglas will take up the matter with Hon. Sydney Fisher, minister of agriculture, when he arrives in that city today.

Be sure and attend the free garden party at Mrs. Claude Hill's residence, Burnaby Lake, on the 28th inst., from 3 to 9. Refreshments and sports of all kinds. Gifts of fancy and useful articles will be sold; also baskets of lunch. Between 3 and 4 o'clock carriages will meet the cars at Douglas road station. Proceeds to be devoted to St. Alban's, Burnaby. 197-3

The funeral of John M. Robertson, whose body was recovered from the North Arm on Sunday, took place yesterday to the Odd Fellows' cemetery, Rev. A. E. Vert officiating. The Sons of Scotland paid the expense of a lot in the cemetery, deceased being a Scotsman from the Isle of Skye, recently come to this country.

The application which Galbraith & Sons have made for a lease of the waterfront situate on the North Arm of the Fraser between Sixteenth and Eighteenth streets, and below Fifth avenue, covers one of the Indian reserves, the reversionary interest in which the city council has purchased at a nominal figure from the provincial government, but it has yet to treat with the department of the interior for is acquisition.
