Makes the Irish Sore.

London, Oct. 27.—Widespread in- nation has been caused in Ire- d by the announcement that the ld-famous Giants Causeway is t to be shipped to the United es. The first consignment of 200 s will go to Philadelphia. It is rently the intention to erect the seway as a show.

Husband Willing to Forgive.

erlin, Oct. 27.—The immigration horities at New York have been ed to intercept and deport Eliza- Hesse, the wife of the secretary he post office at Friedenaw, a sub- of Berlin, who is aboard the North man Lloyd steamer Rhein, which ue in New York on Monday. The man deserted her husband, and t away in the company of Hans chtigall, who is twenty years her lor. Her husband's counsel has led to the immigration authorities etain Mrs. Hesse under the United es laws, to treat her kindly and transport her at the expense of the band, who is willing to forgive and et.

PETTIBONE TRIAL PUT OFF UNTIL NOVEMBER 18

Boise, Oct. 27.—The trial of George A. Pettibone, charged with complicity in the murder of the late ex-Gov. Steunenberg, has been postponed to November 18. The reasons for the postponement were based on the inability of Clarence Darrow to be present. Darrow will be engaged in the trial of Steve Adams at Rathdrum, Idaho.

If the Adams trial will have not been completed by November 18, a further continuance will be granted. In Boise it is generally believed that the Pettibone trial will never be called.

President Charles Moyer, of the Western Federation, has received a message from Clarence Darrow in San Francisco stating that as the court will not grant a continuance in the Steve Adams trial, he will postpone the operation on his ear and return to Rathdrum. He will reach Rathdrum by the time the jury is obtained. A special venire will be examined Tuesday.

RUNNER'S CHAMPION ATTACKS MGR. KEARY

Calgary "Albertan" Snorts Fearfully in Support of Art. Burn, Amateur?

The Calgary Albertan is giving New Westminster some valuable advertising these days in a frantic endeavor to square Art. Burn and his trainer, Jimmy McEwen, in the eyes of the sporting fraternity of their home city. In the following article the mayor of this city is severely censured for taking the stand that he did when Burn and McEwen attempted to get "anything else" instead of a cup, the prize offered for the Burn-Chandler provincial exhibition race.

For the second time, the News calls the attention of the Albertan to the fact that at no time did Manager Keary offer a $250 trophy to the winner of the race, neither did he have the offer published in the coast papers. Perhaps the sporting editor of that sheet will also explain what McEwan meant when he informed a News reporter on Friday, Oct. 4, that he was perfectly satisfied with the treatment he had received in New Westminster?

The dope is under the heading. "Small Trick by New Westminster," and here it is:

"An article appeared in a local paper taken from the New Westminster Daily News, which though utterly void of truth, will do a lot of harm to Art. Burn, Calgary's famous distance runner. The article refers to the fact that when Burn and McEwan, his trainer, returned from the coast, they had given some unpleasant truths to the Albertan for publication regarding the manner in which the New Westminster Fair authorities had buncoed them out of $250 trophy which the coast papers had stated would be given for the race at the fair.

"This truth rather hurt the feelings of Mayor Keary, of New Westminster, as it naturally would, and to take a crack at Burn, he had the statement published that both of the men, Burn and McEwan, endeavored to have the cup turned into a cash prize, and thereby leave Burn open to disqualification as an amateur. This is a remarkably small way of getting after a man, as Manager Keary well knows, for though utterly false, it casts a reflection on Burn's amateur standing that is liable to cause him trouble.

"Burn is perfectly innocent of the charge, as is McEwan, but the reflection is there and is liable to crop up.

"After the race, Burn and McEwan called for the cup, but were informed that there was not one, but the management would send to Toronto for one, and as a bit of irony, Keary asked them what they wished to have inscribed on it.

"It is up to the management, and Keary in particular, as secretary and manager of the fair, for offering a prize, knowing well that he would not have it to deliver, and probably not having any intention to deliver it.

"Mr. Keary then tries to bluff the matter over by saying that McEwan wanted the management to give them money instead of the trophy, which to say the least,is a highly colored stroke of business.

"The manner in which the Vancouver Athletic club treated Burn when he won the race there is a very strong contrast to Keary & Co., but at the same time New Westminster receives a black eye in athletic circles, for it is an assured fact that in the future athletes will not travel to that town when it has the name of holding out large inducements in the way of trophies for competition and then when the events are competed for, they fail to come through with the much wanted trophy."

WOMEN SCATTER THROUGHOUT CITY

Seven Notorious Demi-Mondaines Rent Houses in the Residential Districts.

Anticipating the trouble that will result if an attempt is made to clear out the restricted district, seven of the inmates of houses on McNeeley and Ramage street have recently left their erstwhile haunts and established themselves in the residential section of the city. Their present abode is known to the police.

As far as can be learned, the women are not conducting their nefarious traffic in their new homes, and, apart from one instance, there is no attempt made to advertise the character of the inmates of the house by means of signs. In the exception above noted, there is a blazing red light over the door which is kept lit all night. The woman who is making her home there co-habits with a well known Japanese.

Unless they are able to secure evidence to the effect that the women are carrying on their vicious trade in their homes, the police will be powerless to act. According to the best authorities, it is almost impossible to secure evidence of this kind, as before a woman is convicted, proof of her guilt must be forthcoming. While spotters may be hired to inform upon the women for the sale of whisky, it is impossible to hire men to swear on the witness stand that they have positive knowledge of her immoral character. Even the Thiel detective agency refuses to furnish agents for this class of work.

For the benefit of the parties concerned, it may be stated that two of the women have elected to take up their residence within a couple of hundred yards from the home of a moral reformer who has been particularly active in the purity campaign.

WHALES TO BE HUNTED AT PAGE'S LAGOON

Nanaimo, Oct. 27.—The new whaling station at Page's lagoon, which has been under course of erection for several weeks past, is to be opened this week, according to a statement made by an official of the company in Victoria yesterday.

It is probable that the steam whaler St. Lawrence will leave Kyuquot to commence whaling in the Gulf, contrary to the first reports that the Orion would be sent around from Sechart. Whether the Kyupuot station will be operated all winter or not has not yet been decided, but there is a probability that the St. Lawrence will be replaced by the Orion at that station should the company decide to keep it open during the winter months.

The station at Page's lagoon is all ready for the commencement of hunting and, as the reports from vessels passing through the Gulf recently indicate a plentitude of whales, the opening should be auspicious.

Montreal Sunday Amusements.

Montreal, Oct. 27.—As the result of a deputation of theatre managers calling to see Chief of Police Campeau yesterday and furthermore acting on advice of city law office, no attempt was made by the police to close Sunday amusement resorts, wherein moving pictures are exhibited. The change of view is due largely to theatrical managers convincing authorities that they were not giving theatrical performances. They admit they are providing amusements, but not theatrical amusements.

GENERAL BOOTH IS VERY SICK MAN

Pittsburg, Oct. 27.—General William Booth, of the Salvation Army, who arrived here late today from Columbus, Ohio, is in a very serious condition at the Hotel Henry. He had to be carried into the hotel.

WATER EXPERT GOES TO WORK

Victoria, Oct. 27.—Arthur L. Adams, the water expert from San Francisco, who will pass upon the various sources of supply available for Victoria, arrived in the city yesterday morning, coming over from Seattle. Mr. Adams will go thoroughly into the whole question of a supply of water for Victoria and is wasting no time getting to work. He will look over the ground at the four sources of supply, Elk lake, Sooke lake, Goldstream and Highlands.

Soon after his arrival in the city Mr. Adams got to work. Naturally he refuses to make any statement as to the situation here and will not do so until he has completed his work and then his report will go first to the council. Mr. Adams has already been supplied with all the data he asked for and it is probable that after he has gone over the ground he will be in a position to give an early report.

STREAMS OF LAVA MUD RUSH DOWN HILLSIDES

Italy Suffering From Intermittent Landslides, Avalanches and Train-wrecks.

Rome, Oct. 27.—Floods such as Italy has not known in generations are sweeping Northern Italy, the Neopolitan provinces and the island of Sicily.

Drownings, landslides, avalanches of mud, the collapse of buildings, train wrecks due to softened tracks, the flight of panic-stricken thousands from their homes and incalculable property loss are reported from a score of cities.

The list of dead may mount into the hundreds. The financial damage will aggregate millions.

The cities of Mallanzo, Laveno and Canrobbio and a dozen villages which line the shores are inundated to a depth of several feet along the banks of Lake Maggoire.

The suburbs of Genoa are also flooded, and in that vicinity many of the most disastrous landslides have occurred, wrecking buildings, sweeping away mountainside roads and railroad tracks. Only the meagrest details have been received here.

It is on the slopes of Vesuvius, however, that the most fearful havoc has been done by avalanches. Whole morasses of lava mud have rushed down the mountainside, overwhelming or sweeping away houses and burying many human beings in the ruins.

POET OF THE SIERRAS FAVORS ORIENTALS

Oakland, Cal., Oct. 27.—Joaquin Miller, poet of the Sierras, delivered a lecture at California college last night in which he made a stirring appeal for the Orientals. His subject was: "Render Unto Caesar the Things That Are Caesar's."

He said, among other things, that but for the 100,000 sober and submissive Chinese there would have been no Pacific railroad in the nineteenth century.

Miller referred to the anti-Oriental agitation on the coast and declared Chinese and Japanese labor out here a necessity.

Five Murdered.

Elizabeth, Grad, Russia, Oct. 27.—Administrative Chief Kelepoffsky, of his district, his wife, mother and two children, were surrounded in their home here yesterday by twenty armed tenants and murdered. Kelepoffsky fought desperaely until the house was fired and the inmates were forced to leave. They were shot down as they stepped outside.

Crooks Swarm in Gotham.

New York, Oct. 27.—Police Inspector McCafferty, head of the detective bureau, issued a special warning to householders today that professional burglars, second story porch climbers and sneak thieves are swarming into the city, evidently counting on rich hauls from persons who have drawn money from banks and who are keeping it at home. McCafferty advises that money either be redeposited as quickly as possible or placed in safety deposit vaults.

CITIZENS FAVOR A SOBER MASS MEETING

Element of Vancouver Agitators Viewed with Distrust by Most Thinking Men.

Quite a number of New Westminster citizens who represent the sober sense of the community are desirous that any resolutions which may be endorsed at Thursday evening's meeting will be the result of cool rational judgement, and not "hot air" expressions forced out by Vancouver agitators.

A sufficient number of people have expressed this sentiment to show that all the talk about a grand stand demonstration set off with a street parade, bands and torches does not appeal to the New Westminster public.

A prominent citizen expressed himself to a News reporter last evening in the following manner. "What we want is a quiet meeting of New Westminster citizens to talk over the situation, and under such conditions any resolutions passed favoring Asiatic exclusion would have ten times more weight than 'demands' from a meeting, stampeded by Socialists, labor unionists and chronic agitators. When I signed the petition asking Mayor Keary to call a public meeting to discuss the Oriental immigration issue, I did so with the expectation that the subject would be discussed by New Westminster citizens in a sober manner. From the way things are shaping, it appears that the meeting will be dominated by recognized Exclusionists, in which event the meeting will be no place for the unbiased, to say nothing of the pro-Asiatic.

"The speakers will have to talk to the 'gallery' in tongues of fire or be hooted down. I am in sympathy with the object of the meeting, but it is my opinion that the committee having the movement in charge are, by 'whooping it up' with the aid of Vancouver Exclusionists, defeating their own object."

Mayor Keary will act as chairman on Thursday evening.

ARMOUR PACKING PLANT TO BUILD IN PORTLAND

Portland, Oct. 27—Representatives of Armour and company will be in Portland this week to select the site for a million dollar packing plant, which will be constructed northwest of the city on the penisula, where active operations are already under way by Swift and Schwarzchild & Sulzberger. The advent of the thirn great packing firm into the local field means stockyard facilities of immense magnitude as is shown by plans now being outlined to corral Oriental trade, and reach out into the livestock centers of Washington and Oregon and as far east as the Rockies. The Armour plant here will be largely a duplicate of the St. Joseph packing terminal as far as can be learned, to be used in common with the other two packing houses.

HAUNTED CABIN.

A Mystery of Scotch Creek, Shuswap Lake.

Vernon, B. C., Oct. 27.— Strange tales have been brought down by prospectors, cruisers and others coming from the north of Shuswap Lake, of a solitary cabin buried in the forest on the banks of Scotch Creek, one of the biggest feeders of the lake. In years gone by and in the olden days when the rush for gold was going on and the almost frenzied mania of gold seeking had seized nearly everyone in the country, this little shack appears for the first time, not the one in existance now, but what was in those days a general store for prospectors and trappers, etc. An air of mystery hovers around that locality known as the Canyon and rumors of dark deeds have always been current relating to the time when lawlessness was much in evidence and the power of British authority was scarcely heeded. The spot whereon the present cabin now stands, was once the site of a store or trading house, and rumor says that a trapper was done to death in the building. All trace of the old place has long since disappeared and a log cabin of more modern construction now takes its place. But those who have slept there report strange noises and sounds at night, unaccountable and uncanny. Statements to this effect have been corroborated and the cabin has now the reputation of being haunted and the crime committed in by gone days has thus been perpetuated.

SOLDIER SENT TO PRISON FOR GOING TO PICNIC

Berlin, Oct. 27.—The court-martial of the Eighteenth division at Hamburg has just inflicted an extremely severe sentence on a Landwehr soldier, who had been called up to do his thirteen days' training.

He was given a day's leave of absence, which he passed in taking part in an excursion of a trade union to which he belonged. The military authorities declared that this trade union was a Social Democratic one, and expressed the opinion that the Landwehr soldier's presence in uniform was a breach of military discipine.

The man declared that he was not a Social Democrat and was of opinion that he had only taken part in a harmless excursion to the country with his comrades of his own trade. He was nevertheless found guilty and sentenced to two months' imprisonment. As he is a married man, with a family, this rigorous sentence has caused considerable surprise.

RIVER COMMITTEE TO MEET LEMIEUX

Need of Deepening Channel to be Brought to Special Envoy's Notice.

The Hon. Rudolphe Lemieux, special commissioner to Japan to discuss immigration matters with the Mikado's government, will be asked to come to this city either this afternoon or tomorrow morning to hear what the members of the river improvement committee have to say in support of the proposition to deepen the Fraser river channel from this city to the mouth. The minister is expected to arrive in Vancouver this afternoon en route from Ottawa to Japan. He will sail on the Empress of China, which is scheduled to leave port tomorrow. Before Mr. Lemieux sails, however, the local river improvement committee will endeavor to see that he has packed away in his grip ample information bearing on the Fraser river and the needs of a deeper channel, to be persued at his leisure or on his return to Ottawa.

The committee,since its appointment at a meeting of citizens held some months ago, has lost no opportunity to bring the all important subject before the attention of the members of the federal government, and they will at an early date appoint a deputation to visit Ottawa to press the scheme on the attention of the government.

ARKANSAS MILLIONAIRE CHARGED WITH PEONAGE

Jackson, Miss., Oct. 27.—O. B. Crittendon, rated as a millionaire, and principal owner of the Sunnyside plantation at Lakevillage, Ark., one of the largest in the Arkansas river valley, was arraigned before a United States commissioner on a charge of peonage today and bound over for preliminary hearing.

The plantation employs a force of 1,000 Italians and Spaniards, and Crittendon is accused of holding the former in bondage. The evidence on which the arrest was made was gathered by Mrs. Mary Grace Quackenbos, a New York woman lawyer, who has been aiding the inquiry as a special assistant in the United States justice department.

NOTORIOUS ALASKAN HAS GONE INSANE

Tacoma, Oct. 27.— Joe Carbon, known throughout Alaska as a notorious character and a dangerous man, who was sentenced to ten years' imprisonment for assaulting and attempting to kill a United States marshal at Fairbanks, has gone insane since his imprisonment on McNeil island, Aug. 28. Shortly after he was taken to the prison, Carbon developed unmistakable indications of mental derangement and for the past month he has been violent, the authorities having to take unusual precautions to keep him from killing himself and other prisoners.

Carbon will be brought to Tacoma Monday and arraigned before a superior court judge on an insanity charge and will doubtless be committed to the asylum at Stellacoom. Carbon was sentenced by Judge Wickersham from Fairbanks.

CARNEGIE'S COMMENTS FLATTER ROOSEVELT

Andrew Makes Keen Analysis of Eastern Financial Situation.

New York, Oct. 27.—In a keen analysis of the financial and industrial situation, Andrew Carnegie today described the events of the past few days as a "clearing house cyclone," and he declared that the "flurry will soon be over," that recovery will be rapid because of the immense resources of the country, and he warmly upheld President Roosevelt's policies as essential to the protection of the public.

"The President," he said, "stands today where he stood for years, and where it is to be hoped he will stand until our laws protect honest investors from dishonest officials and their swindling schemes."

Carnegie insisted emphatically that the welfare of the country required the re-election of President Roosevelt.

Declaring that the President had been a truly conservative force, Carnegie predicted a new period of business expansion as a result of the federal plans to prevent investors being swindled, and new volumes of foreign capital would be atracted.

Salvos of Applause.

Speaking of the reception given to Harold Jarvis, Canada's tenor robusta, the Halifax, Nova Scotia, Herald says: "It is seldom that Halifax accords such a reception to anybody as was given to Harold Jarvis last night. He has a magnificent stage presence, a grand voice, which he manages with ease and grace, and delightfully distinct enunciation. His aria from "Queen of Sheba" showed the superb qualities of his voice and brought a beautiful encore. Each appearance heightened the good impression he had created until salvos of applause made the hall ring, and Halifax woke up and became enthusiastic. Mr. Jarvis certainly took the audience by storm."

Harold Jarvis will be the leading attraction at the Queen's Avenue church concert on Nov. 1.

Synopsis of Canadian North-West Homestead Regulations.

Any even numbered section of Dominion lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at an agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is rejuired to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father (or mother).

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

LEMIEUX WILL HEAR FACTS FROM KING

Deputy Minister of Labor to Meet Special Commissioner at Glacier.

Vancouver, Oct. 27.—Hon. Rudolphe Lemieux, minister of labor and special commissioner of the Dominion government to meet the Japanese government, will reach Vancouver on the Pacific express tomorrow afternoon. He will embark on the R. M. S. Empress of China for Tokyo, where he will meet the Mikado's government and endeavor to settle the trouble over the invasion of British Columbia by Japanese.

Mackenzie King, deputy minister of labor, who is now investigating the claims of the Japanese for damages arising out of the riots in Vancouver in September, left on the Atlantic express yesterday afternoon for Glacier, where he will meet Mr. Lemieux and accompany him to this city. He will furnish the special commissioner with data regarding the local situation which he has gathered since coming to the city a week ago.

Upon his arrival here, Mr. Lemieux will be met by a deputation from the Asiatic Exclusion league, and all matters pertaining to his commission will be discussed before the minister departs for the Orient.

KENT, AS RAFFLES, IS DEBONNAIR ROGUE

No crook from the worlds of reality or romance ever came with stronger letters of recommendation than does the gentle Raffles through the medium of the dramatic sensation of two seasons and the personality of dashing and handsome S. Miller Kent, who will be seen at the New Westminster Opera house Wednesday night, October 30.

Here is a crook with a character. He is warranted to wear for three hours an evening and give complete satisfaction. It is not often that a burglar is welcomed to town, but Raffles has been met at the depot of nearly every city he has visited, not by a deputation from the detective bureau, but by a brass band. Raffles really is the suavest, most debonnair and irresistible, yet warmest hearted and most lovable villain that ever cracked a safe or went through the strong box of a belated earl. He does not make crime attractive—no one would ever be inclined toward wrongdoing from seeing the Horung-Presbery drama—but he wins the hearts of his audiences and they wonder why so fine a fellow ever came to deviate from the straight and narrow path. Raffles' splendid references come from

Miss Hilda Vernon, in "Raffles."

New York and a dozen other cities, in fact wherever he has been seen.

Kent has not visited this section before, and he will be warmly received. He is undoubtedly one of the leading young romantic actors of the day, and in Raffles has a part for which he is physically as well as temperamentally fitted.

BACTERIOLOGIST IS CERTAIN OF DISEASE

Seattle, Oct. 27.— The following statement was issued last night by W. R. M. Kellogg, city bacteriologist: "From laboratory work already done the existence of plague in Seattle is established. The plague bacillus has been grown from buboes in the case of Leung Sheng, the Chinaman who died October 18. Of the animals inoculated three have already died and the disease has been typically reproduced by inoculation. Work on other suspected cases in human beings and rats is now going forward."

MR. BORDEN'S WEAKNESS.

The manner in which Mr. Borden handled, when in this province, the two questions which have the leading place here—Japanese, or rather Oriental immigration, and "Better Terms"—has drawn down upon him some very caustic criticism. He is held, and we think it can be shown, justly held, to have proved his unfitness for the position of leader. Commenting upon the manner in which he treated the immigration question, the Toronto Globe says:

"It has long been an accepted principle in Great Britain that foreign affairs shall not be a field for party battles. So much has it been removed as a partisan factor that the continuation of the foreign secretary from one administration to another has been mooted. The precedent seems to possess no validity for Mr. Borden. He conceived that he could score a party advantage in British Columbia by representing that the Dominion government was responsible for the sudden influx of Japanese. He had not a particle of ground for this, but it served his purpose, and consideration of Imperial or Canadian policy went by the board."

That is a correct statement of the case. As we have shown in a former article, Mr. Borden had his chance to "get his work in" on this question, and failed to use it. When the government proposed to the House of Commons that Canada should legislate herself into the treaty with Japan, two views were taken of the probable effect of the clause which gives the people of each country free access to the other. One view was that the clause was dangerous. That view found one exponent only—J. B. Kennedy, member for New Westminster. The other view was that the side agreement with Japan as to limiting immigration of her people to Canada, obviated the danger. This view was taken by all the rest of the House, and was voiced by the premier; as for Mr. Borden, he thought the discussion of so little moment that he did not even speak, except to ask when some trade figures were quoted, "What is the value of a yen?" It is quite evident that Mr. Borden thought the government was doing exactly the right thing; was doing something which it would be bad policy to oppose in any way. This we can understand easily enough. That attitude is entirely in accordance with Mr. Borden's platform. It will be remembered that the argument for the treaty was that it would promote trade; not only that it would increase the exchange of the natural products of Canada for those of Japan; but also that it would open a new market for the Canadian manufacturer, and that fact made it impossible for the Conservative party to oppose the treaty on any ground. When a Liberal member rose, as Mr. Kennedy did, to enter a protest against the action of the government he supported, the leader of the opposition would naturally have backed him up and endeavored to use him as a club to belabor the government withal, had he not been restrained by some motive stronger than the always present desire to score against his opponents. In this case, the motive was his fear of offending the Manufacturers' association, in whose interest his platform is constructed.

We are not now criticising that motive. What we set out to show was that Mr. Borden was not only grossly unfair in endeavoring to shuffle out of his own and his party's responsibility for the adoption of the Japanese treaty; but also that, by this shuffling, he has betrayed a weakness which stamps him as unfit for leadership. In parliament, even when his attention was particularly called to the danger of opening the door to undesirable immigration, he did not think the matter worth a word of comment; but coming out here and finding that there existed a very strong feeling about it, he endeavors to pose as the sworn opponent of the admission of Orientals to Canada.

It is said that the New Westminster post office will, before next year is out, be made a "city office" and have all the postal rights, powers and privileges belonging to offices of that status. While it is quite likely that this is true, seeing that progress in equipment and efficiency, and not the mere piling up of a surplus, is the watchword of the present postmaster-general, it can do no harm for the proper authorities to have a talk with Mr. Lemieux about it when he is here, which will, we presume, be today or tomorrow. By the way, some omissions and delays are blamed on the postal authorities for which, so far as our information goes, they are not responsible. It might be well to call the attention of the P. M. G. to the injustice done his department in this way.

Inventor Dies at Helena.

Helena, Mont., Oct. 27.—Leroy B. Firman, an inventor of note, is dead at Anaconda, where he for two years has made his home with a daughter. He was associated with Thomas A. Edison, Alexander Bell and others who did so much to develop the telegraph and telephone. He invented the Gamwell telegraph fire alarm system and the messenger call box, being the originator of the American District Telephone company. With Edison he put in a dozen or more telephone instruments in Chicago and simultaneously Bell perfected his invention. The two concerns were merged, and Firman was made Chicago manager. He was 74 years old. Most of his earnings were invested in a 10,000 acre Kansas farm.

Upholding the Order.

Fort William, Oct. 27.—Robert Birmingham, grand lodge organizer of the Orangemen for Ontario, addressed an open meeting in the auditorium here last night on the principles of the order. After stating that the order was non-political, he launched into a denunciation of the Liberal administration, holding up Premier Laurier to ridicule.

E. Hoult, M. Monk, J. Lynn and Messrs. Matthews and Atkins spent Sunday shooting at Pitt lake, in the neighborhood of Gilley's quarry. Their bag—according to their own statement not made under oath—consisted of two deer, forty-seven pheasants and nineteen grouse.

Fine dairy farm of 100 acres, best black soil; part underdrained. House and small barn; only eight miles from New Westminster; good road. For short time at $70 per acre. Abbott & Hyde, next Guichon hotel, New Westminster, B. C.

The congregation of St. Alban's church, Burnaby, will hold a thanksgiving service and entertainment this afternoon and evening in the Burnaby municipal hall. After an interesting program of singing and recitations has been rendered, a sale of fruits, etc., will take place.

Now is your chance to secure the choice of the 15-acre plots in best fruit growing district of B. C.; only 15 minutes' walk from R.R. station and steamboat landing, and one hour's travel to either Westminster or Vancouver. Price $60 an acre and up; by Abbott & Hyde, next Guichon hotel.

The musical instruments which will be used in connection with the St. Barnabas Boys' brigade band, have arrived, and are at present at the brigade headquarters. A parade of the boys will be held tomorrow evening for the purpose of serving out the bugles and drums, when the most suitable budding musicians will be selected. Practices will be held in the St. Barnabas parish hall throughout the winter.

The formation of a cadet corps in this city will be formally taken in hand on Friday evening next, when a meeting of boys who wish to join will be taken in the St. Barnabas parish hall. It is the intention of the organizors to start the corps with at least twenty-five or thirty members, every one of whom must be over sixteen years of age. The corps instructor will be appointed by the government within the next couple of weeks.

Molly and I and the baby are all going to "Raffles" on Wednesday, Oct. 30.

Over one and a half miles of the B. C. E. R. Westminster-Chilliwack track has now been logged, this cleared portion being along the Scott road, about a mile beyond the top of the big hill. The number of men employed on construction and clearing work between this city and Cloverdale will be materially increased in the near future, when work will be rushed ahead much faster. Two more camps are expected to be started before the end of next month.

If you like to see good acting, see S. Miller Kent in "Raffles" at the Opera house, Wednesday, Oct. 30.

A meeting of the police commissioners will be held tomorrow afternoon or on Wednesday when the resolution passed by the city council one week ago respecting the houses of ill-fame in the city will be discussed and probably acted upon. It was the intention to hold the meeting tomorrow, but Ald. Garrett is out of the city on a trip down river, and as he is chairman of the police committee and a member of the commission, the meeting will not be held until he returns.

"Raffles" played 225 nights at the Princess and Savoy Theatres, New York, and pleased all.

"Tennessee's Partner," a melodrama, will be produced by Marjorie Rambeau, assisted by Henry Esmond and a full company at the Opera house this evening and tomorrow evening. The company has contracted to fill a number of engagements in southern towns this fall, and after tomorrow will be absent from the New Westminster play house for two months. "Tennessee's Partner" is credited with being a good play of its class, and well worthy of the attention of theatre goers in general.

"Raffles, the Amateur Cracksman" will be at the Opera House, Oct. 30.

Art Burn, the speedy Western runner, will go into active training under the care of Jimmy McEwan at Calgary, and will probably put in three weeks of hard work before leaving for the east, though McEwan will take good care not to over-train, or get him stale. Burn is a man that eats up work, and has to be carefully handled or he will over-do it, but fortunately the greatest trainer in Western Canada is handling him, and Burn will be in the best of shape when he meets the famous Indian on an Eastern track.

Society will assemble in force at the Opera Rouse to see "Raffles, the Amateur Cracksman."

Fire Chief Watson is leaving this morning for Delta, where he will spend a couple of days shooting at pheasants. The recent agitation among the Delta farmers, who object to city sportsmen hunting on their grounds, has not affected the chief, as he has accepted the invitation of a friend to shoot pheasants on his farm.

Only one drunk was gathered in by the city police on Saturday, the victim being a Hindu, picked up in the lower end of the town. After sobering up and depositing $5 bail money, he was allowed provisional liberty until this morning, when he will be the star actor in the police court proceedings.

The prices for "Raffles" on Wednesday, October 30, are $1.50, $1.00, 75c, 50c, and 25c. Reserve your seats at Ryall's. Plan on sale Saturday, October 26.

Laboring with the hallucination that a man from Honduras was following him about the country with the intention of depriving him of a billion dollars worth of property, located in Bruce county, Ont., a man named Anderson walked into the police station yesterday and asked for police protection. He endeavored to impress upon Jailer McInnes the utmost importance of shooting the man from Honduras on sight, and talked learnedly about the present financial stringency in the eastern states, claiming to be directly interested in some of the big deals, but all the talk about large sums of money was foreign to Mr. McInnes, who inveigled the stranger into a cell and locked him up. Chief McIntosh later interviewed the man, and decided that the case was beyond him. Dr. Jones, appealed to, declared the man insane, and ordered his commitment to the provincial asylum, where he will be taken today. Anderson hails from Delta, where he had been working for some time.

ANCIENT FORT FOUND STANDING NEAR NOME

Nome, Oct. 27.—Standing near Glacier lake like a giant sentinel is a remarkable relic of the past in the shape of a great towering fort, fifty feet in height, at whose base may still be found in grimly suggestive quantities piles of human bones.

This fort stood unseen throughout all the years of Nome's mining history until a few days ago, when Albert Fink, Gordon Hall and Emil Lehnfeldt happened upon it while on a hunting trip. It had been battlemented when built, but now the battlements have decayed and their ruins are overgrown with weeds and grass, which add the final touch to its weird exterior. The trenches are still visible.

CRIME SYNDICATE FLOURISHED IN FRANCE

Only Meagre Details of Gigantic Organization of Crooks Made Public.

London, Oct. 27.— Sir A. Conan Doyle never invented an imaginary crime syndicate as remarkable as the real one against which the Paris police are seeking evidence all over Europe.

Paris is the headquarters and France its main field of operations. It is always on the lookout for profitable "jobs" in other countries, however, and it is believed the organization can be connected with crimes in every country in Europe. While French secret service agents think they already know the head men as well as many subordinates, arrests are being delayed pending the quest for still more conclusive evidence.

Antoine Thomas, of a wealthy family at Clermont-Ferrank, through whose confession the existence of the "Black Gang," as it is known, was revealed, is the only prisoner thus far.

Thomas, himself, held a comparatively unimportant post in the organization. He gave himself up, he said, to save his sweetheart, who had fallen under suspicion. His story has been amplified by the police inquiry.

The organization is said to be managed by a secret governing committee of men so prominent that the arrests will create an international sensation. District agents are in charge of operations in the provinces and abroad and under them are veritable armies of thieves and receivers of stolen goods.

The leaders know they are under surveillance, but seem to rely on their influence, financial strength and skill to protect them.

ROVERS AGAIN MEET DEFEAT AT HOME

Local Pigskin Kickers Have Not Yet Struck Winning Gait---Islanders Win.

The Rovers football team again earned second place in the match on Saturday at Queen's park with the Westham island team. New Westminster, however, put up a better game than heretofore, and with a little more practice there is prospect of their striking a winning gait. The score was three to one in favor of the visitors. The match was pretty fast all through, although the players were considerably hampered by the wetness of the grass. The Rovers worked hard during the first part of the game, but the forward line was weak and shots on the enemy's goal were few and far between. On the other hand, the visitors were successful in getting within reach of the goal time after time, and it was only by the good work of Barbaree in goal that the score was not more one-sided. Alex. Turnbull played centre and put up a good vigorous game. For the Islanders, Trim, McCallum, and Savage, did splendid work.

The first goal was scored by Westham island, Alf. Trim placing the pigskin in the proper fashion, and McCallum followed a short time later with a long shot which passed over Barbaree's head. New Westminster secured its single goal in the last half.

The match was refereed by C. Campbell, of Vancouver.

The football match between the Columbian college team and the Queen's school team, of Vancouver, resulted in a tie, no goals being scored. The match was called sharp at 1 o'clock on Saturday, at Queen's park.

Ollie Davidson, the find of the year 1906 in N. L. U. circles and who played here with the Tecumsehs, has hinted to his Eastern friends that he will go to Vancouver next spring. Davidson graduates from the Toronto Medical college in March. He is a great defence fielder, one who makes those rushes down the field which so often culminates in goals. Felker, centre fielder of the Tecumsehs, was also seen furtively looking over locations in the West on his recent trip, and it is not improbable that he will be found on the line-up of one of the Western teams next season.

Aldermen Wanted to Fight.

Brandon, Man., Oct. 27.—The long drawn out struggles in the city council with regard to what should be charged the C. P. R. for city water, was settled last night, when the rate was fixed at 7 cents per one thousand gallons up to 150,000 per day, and that the excess of that amount will be charged at 6½ cents per thousand gallons. The argument lasted for four hours, and was of the warmest description. More than one alderman challenged the other to step outside and engage in a fist encounter.

Real Saving

Whether or not a price is low depends on what sort of value you receive for the price. On this basis we save you money on everything that druggists sell. Our first aim is to supply our trade with dependable goods; our second to save our customers something on the cost. We are invariably successful in both these intentions.
