ART WORK ON NEW ASYLUM WARD

Excavations For Foundation Commenced Yesterday on Coquitlam Farm.

Yesterday two steam shovels commenced the work of excavating for the foundations of the first and largest of the six large asylum buildings on the new Coquitlam farm—the psychic building.

To Cost $369,000.

The preliminary operations have been in process for some six weeks, the arrival of the shovels marks the first actual work on the permanent buildings. The first of the buildings, the chronic, will cost $369,000, and when completed will accommodate 600 patients. The contracting firm is the Westholme Lumber Co., and the plans are those of H. S. Griffith. The building will be completed in from eighteen months to two years, whereupon a second building, similar in every respect, will be erected and then in turn the remaining four buildings, of which the administration building will be the last.

These buildings will cost about $[illegible],000, and will be completed in about twenty years, being constructed as required by the increase in the number of patients. The material will be obtained as far as possible, be obtained in the province, and a large quantity will be supplied by the New Westminster district. Three firms are at the present time tendering for the supply of brick for the first of the buildings, two of these being in this district and the third on Vancouver Island.

Work on the Farm.

The work on the farm at Coquitlam was started in July, 1906, when three barns were erected on the ground, and a carpenter and ten patients were sent to the site of the proposed farm. They erected a temporary building, 30 by 60, two stories high for the use of the workers on the land. Shortly after the number of patients was increased to 25, and these have worked steadily on the land since that time. In April, 1908, twenty more men were sent out and later thirty more. By their efforts 285 acres of land have been cleared, 85 acres of up-

(Continued on Page Two).

...ENT $13,000 BELOW THE ESTIMATE

Hamilton Board of Public Works Makes a Big Saving on Its Road Work.

Hamilton, Sept. 14.—The Board of Works met tonight and a statement was presented showing that the permanent road work done this year in connection with the street railway construction had been done $13,000 below the estimate. The chairman gave the whole credit to the secretary, Wm. G. Brennan. It was thought that the surplus might be used by the board to make improvements on other streets, but before anything is done, the matter will be discussed with the Finance committee, as the money was raised by special debenture and subject to approval. Any change in the plans. There will also be a saving of $4,817, and the chairman thought it should be returned over to the board. A subcommittee was appointed to confer with the Street Railway company to see what repairs and new works are to be done by the company next year. The board decided to fix up two blocks on Delaware avenue at an estimated cost of $1,200.

CHICAGO MEAT PACKERS LOOKING TO SIBERIA

St. Petersburg, Sept. 14.—Representatives of Chicago packing firms are at presnt in St. Petersburg investigating the possibilities of the Caucasus and Western Siberia as a source of meat supply. The Caucasus is as yet an untouched field, although there are great quantities of sheep available and the presnt beef shipments from Siberia are made in the most primitive fashion. The project involves the construction of freezing plants and the organization of refrigerator car service.

PRICE OF MILK MAY RISE FOR THE WINTER

Shippers' Association Plans to Send Up Price Two or Three Cents a Gallon.

Present indications are to the effect that the near future will see a rise in the price of milk of from two to three cents a gallon.

Intimation to this effect was given at the meeting of the Lower Mainland Milk and Cream Shippers Association, held in the board of trade rooms at the city hall yesterday afternoon. It was decided to make no rise in the price at the meeting, but another gathering will be held on September 24 at which it is probable that the advance will be decided upon. Present prices are 20 cents a gallon for milk and $1.10 a gallon for cream.

Yesterday's meeting was called for the purpose of considering the question of persuading all the dairy farmers of the district to join the association, ther still being some in East Delta and Abbotsford who are not members. It is expected that their adherence to the association will be reported at the meeting on the 24th.

Representatives of the Vancouver wholesale and retail milk dealers will be asked to attend the coming meeting.

CANADA STILL OWNS NORTH POLE

International Jurists Decide That United States Has No Title.

Paris, Sept. 14.—The Temps, discussing the sovereignty of the North Pole, expresses the opinion that the relative permanence of the ice there might properly raise the question whether this territory comes under the ordinary rules applying to land and the high seas.

Have No Title.

The paper insists, however, that exploring expeditions such as Cook's and Peary's cannot give title and to this end it quotes Calvo to the effect that the acquisition of sovereignty is involved with effective occupation, namely accompanied or followed by the commencement of administrative organization or commercial and industrial exploitation.

A majority of the authorities agree, the paper says, that the simple planting of the flag is not sufficient. It points out that this doctrine was affirmed by the international conference at Berlin in 1884, and that it was applied by the Pope when he acted as mediator between Germany and Spain in 1885 in the dispute regarding the Caroline islands. The pontiff held that Spain was obliged to occupy the islands effectively. More recently the entire question between Turkey and Italy regarding Massouah hinged upon this point.

Criticise Peary.

The Temps severely criticises Commander Peary's "broadcast accusations" against Dr. Cook, as well as his "general grandiloquent atttitude," saying in this connection:

"Peary's patriotic declaration about taking possession of the pole in the name of the President of the United States contrasts with the commercial spirit he displayed in copyrighting the story."

MORE WATER AT SLIP.

Dredging Is Needed at the Public Wharf on Sixth Street.

The shallowness of the water at the new slip constructed by the city at the foot of Sixth street, is a continual source of annoyance to the many persons who use this place, including a large number of marketers each week. Not suspecting trouble they tie their boats at the slip with plenty of water, only to return and find that the falling tide has left their craft high and dry.

The matter was brought to the attention of the city council some time ago with a request that the water be deepened at the slip. The services of the King Edward dredge were, it is understood, requested from the government, but there being no hold for the spuds in the deep channel where she would have to lie to do the work, the employmet of the boat for the purpose was impossible.

Since then no further steps have bent aken to remedy the trouble.

FISHERY EXHIBIT READY FOR FAIR

Naturalist En Route From Ottawa—Complete Display Sent Next Season.

Andrew Halkett, Dominion naturalist, will arrive on the coast in a few days to arrange for the exhibit in the Fisheries building, now in course of construction at Queen's park.

The acting deputy minister of marine and fisheries, G. J. Desbarets, writes to Mayor Keary on the matter in the course of which he says: "Such British Columbian specimens as are on exhibition at Ottawa will be forwarded for use this season, and by next year it is hoped a complete set of specimens will be available for this exhibit.

The deputy minister definitely states it is the intention of the department to maintain a permanent exhibition of fish of the Pacific coast in this building, which will form an added attraction to Queen's park.

PRAYER DID NOT SAVE LIFE OF CHILD

Welland, Ont., Sept. 14.—Ruth, the five year old daughter of Mr. and Mrs. Edward Becken, of Crownland, is dead. The child was taken ill and last Tuesday Dr. Colbreck was called to diagnose the case, which he pronounced a bad case of diptheria. The parents are members of the sect known as "Saints" and believe in prayer instead of medicine. They refused to have medicine or antitoxine for the child.

Funeral of Miss E. L. Townsend.

The funeral of the late Effie Lilian Townsend took place yesterday from the residence, Fifth street, to the Odd Fellows' cemetery. Rev. C. W. Brown officiated at the brief service, in the house. The pall-bearers were boy friends of the deceased, George White, Kenneth Casselman, Leslie Manuel and Leonard Tupper Many floral tributes were received including the following: Mr. and Mrs. George Saunders, Gertrude Diamond, Maggie Purdy, Amelia Plester, Mr. and Mrs. F. Raith, Mr. and Mrs. Trodden, Mr. and Mrs. Kellington, Mr. and Mrs. J. Reid, Mission Circle, Mr. and Mrs. J. A. Sinclair, Mr. and Mrs. J. M. Kenny and family, Mr. and Mrs. R. G. Patterson, Netta and Emma Tretineway, Mrs. R. B. Armstrong, Mr. and Mrs. Stride, Mr. and Mrs. W. Medley, Mr. and Mrs. C. Welsh, Mrs. P. Latham, Mr. and Mrs. C S. Keith, Mr. and Mrs. A. Fitzgerald, Mr. and Mrs. W. Chamberlin; wreaths, Mr. and Mrs. H. C. Major, Mr. and Mrs. R. Wintemute and family, Mr. and Mrs. Lee, Mr. and Mrs. Roberts (Ladner), Ida Huff, Mr. and Mrs. T. R. Pearson, Mrs. P. Young, Mrs. C. C. Fisher, Mr. and Mrs. Woodworth (Vancouver); star, Mrs. J. A. Lee; crosses, Evelyn and Muriel Cunningham, Mrs. Edward Phillips and family, Capt. and Mrs. Young; anchor, Mr. and Mrs. A. P. Grant.

The funeral arrangements were carried out by D. Murchie.

WOMAN PREACHER DIES WHILE ADDRESSING MEETING

New York, Sept. 14.—An Ocean Grove, N.J., special to the Times says that the closing hours of the ten-days' camp meeting there last night was marked by the tragic death of Miss Anna Hughes, a well-known evangelist, who was also the daughter of the late Rev. George Hughes, one of the founders of Ocean Grove.

In the sight of 2,000 men and women attending the twilight meeting of the Temple, opposite the great auditorium. Miss Hughes, while speaking from the platform, suddenly fainted and plunged forward to the floor, dying shortly afterwards.

THREE-YEAR-OLD CHILD TAMES FEROCIOUS LION

Crawled Into Cage of Wild Beast Which Had Already Killed Three Guards.

Pittsburg, Sept. 14.—Conah, the most feared lion at the Highland Park Zoo, yesterday caused wild excitement when Lena Meik, three years old, placed her hand in the savage monster's cage and he jumped towards the baby. Women in the crowd watching the beast screamed, several of them fainting and men turned their faces, fearing to see the child mangled by the animal. Keepers rushed to the scene and stood stupefied for an instant when they saw the lion affectionately licking and pawing the hand of the little girl. However, they soon caught the child and took her out of harm's way. A remarkable instance of the affair is that but a few moments before the lion had tried to break through the heavy bars of his cage in an effort to reach another beast with which he had a quarrel.

The animal several years ago killed three of his gurds, and while with a side show at an amusemnt part broke away and killed a woman.

MANY CASES HEARD IN COUNTY COURT

Judge and Counsel Honor Memory of the Late W. Myers Gray.

The regular September sitting of the county court opened yesterday morning with His Honor Judge Howay on the bench and a goodly representation of the bar of both New Westminster and Vancouver present. There were eighteen cases on the list but some of these had been settled out of court and others were not ready for trial. There were sufficient, however, to keep the court sitting until 5:30 when it adjourned to this morning at 10:30.

In Memoriam.

Before the business of the court was taken up, G. E. Corbould, K. C., senior member of the local bar, paid a tribute to the memory of the late W. Myers Gray. No member of the profession he said, knew the late Mr. Gray better than he. For many years the late Mr. Gray had held the position of president of the legal association, and nobody had done more to surmount the difficulties which faced the earlier members of the bar in the city. For fifty years the late Mr. Gray had practiced law, and the speaker believed that every member of the bar felt his loss.

His Honor Judge Howay added expressions of deep regret at the removal of the late Mr. Gray. Having been in the east when the end came, and expecting on his return to find

(Continued on Page Three).

MANITOBA SCHOOL BOOKS ORDERED IN SCOTLAND

Winnipeg, Sept. 14.—At a meeting of the ministers of the local governmen tthis morning it was decided to accept the tender of Thos. Nelson and Sons of Edinburgh, Scotland for the supplying of a primer, first and second reader, which books are now being distributed free to the school children of Manitoba. Theirs was the lowest and most satisfactory tender submitted. The contract is a ten year one, and goes into effect January 1, 1911, the present readers being used up until that time.

Overdose of Medicine.

Galt, Ont., Sept. 14.—At the inquest on the death of Alexander Waugh held here tonight the jury returned a verdict attributing death to self-indulgence and an overdose of patent medicine. Evidence submitted went to prove that decased had been drinking previous to his death. The post-mortem showed no signs of poison, but a bottle of patent medicine half empty was exhibited and it was affirmed that deceased had drunk it after looking for a bottle of liquor.

Great Northern Lets Big Contract.

Great Falls, Mont., Sept. 14.—The Great Northern Railway Company announces that the contract for the cutoff on the line between this city and Belt has been awarded to A. B. Cook & Co. About twenty-two miles of new railway will be built, including a tunnel 16,000 feet long, and the cost will be in the neighborhood of $1,000,000.

BIG HONOR FOR INSPECTOR RUTHERFORD

Ottawa, Sept. 14.—Dr. J. G. Rutherford, Canada's veterinary director-general, has gone to Chicago to preside over the forty-seventh annual meeting of the American Veterinary association. This is the biggest thing of the kind in the world, and it is the first time a Canadian has been its president.

DUTIES COLLECTED AT THIS PORT

New Westminster Contributed $144,469 in Customs to Dominion Treasury Last Year.

The report of the department of customs for the fiscal year, ending March 31, 1909, giving detailed accounts of the customs duties collected at all points of entry into the Dominion has just arrived in the city.

The report shows that the sum of $144,469.62 was collected in the course of the past fiscal year by the New Westminster customs authorities. For the district of which this city is the head the colections on dutiable goods came to $200,231.05. The difference was made up from collections from subsidiary stations as follows: Aldergrove $435.71, Douglas $34,629.99, Huntingdon $17,880.67, Upper Sumas $675.48, Ladner $1,630.74, Agassiz $129.03, Chilliwack $345.20, Yale $34.61.

Customs collected at Vancouver in the course of the year amounted to $2,580,504.98, while Victoria contributed to the department the sum of $1,027,282.87.

The total customs collections for the province were $4,469,970.14.

SIMILKAMEEN TRADE FOR FRESH WATER HARBOR

Suggestion for Board of Trade to Take Action Aiding Interior Towns.

The board of trade will be asked at the monthly meeting tomorrow night to lend assistance to the efforts put forward by the Similkameen Star and the Hedley Gazette for the development of trade between the boundary and the coast which the proposed V., V. & E. Railway through the Hope mountains is certain to open.

The Star came out strongly in its last issue for the fresh water port of the Pacific, New Westminster, and its advantages over Vancouver with the waterfrontage in the hands of a few corporations. The V., V. & E. having already possession of a portion of the waterfront there is no reason why they should not choose to come here.

Another matter which will come up at the board of trade meeting will be the provision of an attractive recreation and seaside resort before next summer to accommodate the increasing demands of the city for picnics and other outings. There are several to choose from with different attractions, but it is believed that the formation of a club to boost one particular resort, given water, transportation and other facilities, would tend to help the creation of a resort dependent on the city for its existence.

BURGLARS STRANGLE NANAIMO MAN

Gus Carlson is Victim of Brutal Murder—His Wife Bound.

Nanaimo, Sept. 14.—The most brutal murder in the history of Nanaimo was perpetrated last night when Gus Carlson, a resident of the city for over twenty years, was murdered by two masked burglars who, after killing Carlson, bound and gagged the murdered man's wife and then rifled the home of money, getting away with about $90.

Carlson was found by neighbors lying on the floor with a rope tightly drawn about his neck, life being extinct, death evidently being due to strangulation. On the side of the head behind the right ear was a wound, either caused by the fall of the body to the floor or by a blow from some blunt instrument, probably by a block of wood some 18 inches long which was found lying beside the body. The rope with which Carlson had been strangled to death appears to be a skipping rope, one of the kind that has a noose at one end with a weight of lead in the centre. The noose was first placed around the neck of the murdered man, drawn tight and then the remainder of the rope coiled tightly also around the neck. There were no signs in the sitting room of a scuffle having taken place.

ORGANIZE CANTON.

General Raney Visits Westminster Today to Establish It.

In the person of General Raney, of Baltimore, a distinguished member of the Independent Order of Odd Fellows arrives on the noon train today to establish the new canton here. It will take the name of Canton Westminster No. 4, and will commence with a membership of about twenty, who up to the present time have been affiliated with the Vancouver canton.

The canton, which is the uniform rank of the I. O. O. F., will flourish in this district when placed on an independent basis. The organization meeting will be held this evening when General Raney will deliver an addres. He will go south later to attend the Canton functions in Seattle next week.

Los Angeles, Sept. 14.—Reports received today from the fire swept forest areas of this section of Southern California indicate that the flames have been brought under control and further damage averted.

CONFERENCE HEARS COQUITLAM'S DESIRE

J. R. Grant Submits Proposal For Intake to Supply Neighboring Districts.

As an outcome of the conference between representatives of Coquitlam municipality and the city council yesterday afternoon their application to convey their water supply through the city's intake at Coquitlam lake, should the dam be built by the Vancouver Power Company, was referred to the engineers, and solicitors of the various bodies to deal with, to prepare a resolution for approval at the next meeting of the city council that the city has no objection to the proposal, provided there are no engineering difficulties.

There were present Mayor Keary, Ald. Jardine, Fader, Johnston, Smith and Adams, City Solicitor McQuarrie, City Engineer Blackman, Superintendent of Waterworks Stott, for the city; Reeve Welcher and Councillor Fox for Coquitlam, with their solicitor, J. R. Grant, J. S. Bryson, a member of the citizens' committee on the water question also attended.

Nature of Application.

Mr. Grant said the municipality of Coquitlam and the residents of Port Moody wished for leave to appeal to the Lieutenant-Governor in council for power to increase the size of the intake pipe in case the dam should be built, so that when it was built the municipality would not be shut off from a water source, the intention being to ask for a record of 1000 inches from the government for domestic supply.

The present records on the lake covered 15,000 inches, and if the dam should be constructed it would add 17,000 more to the capacity of the lake. They wanted the right of the first 1000 inches of that water, and did not doubt the government would give it.

In the course of the discussion the mayor said there was no record now on Gold creek, he had taken one out himself for the Dominion Pipe Works, but it had lapsed.

Subject of Arrangement.

Mr. Grant pointed out that if the dam was built, and provision made to supply these districts, an arrangement could be made with the city

(Continued on Page Three).

ONTARIO FARMERS FORGETTING THEIR ART

Agricultural Expert Says That They Are Excelled by Ranchers of British Columbia.

Toronto, Ont., Sept. 14.—An alarming statement of the decadence of Ontario agriculture wsa made by E. C. Drury, master of the Dominion Grange at the Exhibtion "Farmers' Day" lunch. He said that the agricultural population of Ontario was decreasing 6,000 yearly, that many farms were badly cultivated and that the majority were not yielding four per cent. on the invested capital. Other industries were protected to the disadvantage of the farmer. President Black, of Manitoba Agricultural college, said that the West had been filled by the influx of Ontario farmers and that the settlers pouring in from the United States, were becoming good Canadians. He regretted to state that fruit packed in Ontario arrived in Western Canada in a condition not creditable to the province and that the people turned to the British Columbia products, which were looked after.

MACKENZIE AND MANN AFTER MAIL CONTRACT

London, Sept. 14.—The Financial Review speculates whether the acquirement of the fast Mediterranean steamers Cairo and Heliopolis by the North-western Transport company does not indicate that Mackenzie & Mann who are in close relationship with Mr. Peterson, manager of the company, intend having a shot at a Canadian contract for the All Red route.

Spends the Night Locked in a Cemetery Vault

Kingston, Ont., Sept. 14.—A funeral at Sydenham north of here, came near being the scene of a tragedy. Wm. Lawson, justice of the peace, at Elginburg, being the victim. Mr. Lawson was examining the vault at the Sydenham cemetery when another gentleman closed the door of the vault behind him and it being a spring lock Mr. Lawson was made prisoner. His shouts and cries for help were of no avail as they could not penetrate the thick walls. Fortunately for the imprisoned man there was a funeral next day. When the door was thrown open Lawson rushed out in a terrible condition of mind as the result of his experience. His liberator and those standing around were terrified at what appeared to be an apparition rushing from the vault. Mr. Lawson was half famished and suffering severely from shock. He had been locked up for over 24 hours.

Bar Indians From States From B. C. Hop Fields

Bellingham, Sept. 14.—For the first time in the memory of the Indians living on Lummi reservation the red men have been prohibited this season from crossing the line on their way to the hopfields of British Columbia.

A sad-looking party reached their reservation homes last night after permission to cross the line had been refused them. The Indians have each year in the past gone with their wagons and families to the Chilliwack hopfields for the picking, and many a dollar they have brought back with them. This is all ended now.

No reason can be given for the refusal of the British Columbia officers to allow them to cross except that the Canadian government has become very strict of late, and it is possible may have considered that the Indians came under the contract labor clause.

Start Work on New Asylum Ward

(Continued from Page One.)

land, comprising sites for the buildings, lawn and orchards, and the remainder lowland for the farm proper. In the spring of this year the staff was augmented by the employment of twenty-five day laborers and contract men, mostly engaged in dyking and ditching work. Besides the work on the farm and site, the construction of a new road was undertaken, the site of the buildings cutting off a portion of the old Dewdney road. The new portion, of excellent construction and at a much better grade than the original, is practically completed, and will be opened for traffic as soon as it has been rolled, wet weather being awaited for that purpose. It is the intention to widen the road from the Brunette Mills to meet this diversion and to rock the same right through and this work will, it is expected, be done as soon as the other work is completed.

The patients employed on the work at the Colony Farm are harmless chronics and convalescents, under the care of Mr. Humphreys, one of the oldest attendants in the local institution. He is thoroughly conversant with the work, and next year will have charge of the operation of the farm proper. The care exercised in the selection of men for the farm and in their control is shown by the fact that they have not only been employed with axes and on donkey engine cables, but have had the handling of some ten tons of dynamite and blasting powder this season alone, and yet there has been only one slight accident. The grounds are being laid out by E. B. Stinchcombe, an expert in landscape gardening.

It is the intention that the farm shall supply the present institution in the city with all the vegetables, milk, butter and a certain proportion of the beef, required. Already ten head of thoroughbred Holstein cattle and three thoroughbred Clydesdale mares have been placed on the farm, to form the nucleus of one of the finest herds in the country, and the medical superintendent, Dr. Doherty, has recommended to the provincial government that J. H. Steves, the Holstein expert, be sent to the east to purchase more of these cattle for the herd. It is expected that about 35 head will be added this fall and that next year the number will be brought up to seventy head.

What will be the destiny of the present asylum buildings in the city, when the new sturctures are all in use, has not yet been decided. Dr. Doherty, when asked this question yesterday, expressed the opinion that what had been in the east would happen here. There, although large buildings have been added to the institutions continually, the governments have been unable to gain on the demand sufficiently to allow the older buildings to be put out of commission. Here, in the west, with the rapidly increasing population of the province, the doctor believed that the government would never be able to erect enough buildings to provide all the accommodation required, and that the buildings in the city will still be in use when the others are filled.

SYNOPSIS OF CANADIAN HOME STEAD REGULATIONS.

Any available Dominion Lands within the railway belt in British Columbia, may be homesteaded by any person who is the sole head of a family or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land on each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the commissioner of Dominion lands at Ottawa of intention to apply for patent.

Coal.—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY.

Many Cases Heard in County Court

(Continued from Page One.)

the aged lawyer in his usual health, the news had come to him as a stunning blow. He well remembered the last time that Mr. Gray came before him with a case, and even at that time, although he had passed the allotted years of men, he displayed the same energy, the same zeal, and the same knowledge which had characterized him in the earlier days. The late Mr. Gray had been a great help to him in his work, for he felt that when Mr. Gray took hold of a case, he would do everything that was possible for his client. His Honor was sure that the sympathy of the bar would go out to the widow and family and only regretted that he had been unable to be present to pay the last respects to the man who had ben so very prominent a member of the bar of this city for so many years.

Cases Before Court.

The case of Rex vs. Prasoloski was the first called, the case being one of perjury in connection with a settlement regarding a cow. The accused a Pole, elected speedy trial through his counsel, and the case was called for trial on Wednesday, September 22.

In the case of Rex. vs. J. E. Loyle, in which the accused was committed for trial by a Burnaby magistrate on a charge of stealing articles to the value of $25 from S. M. Eveleigh, the accused chose speedy trial. He pleaded "Not guilty," and stated that he would conduct his own case, and had no witnesses. The case was set for Tuesday, September 21, at 11 o'clock.

Other cases dealt with were:

Vanstone H. & P. Co., vs. Kwong Man Tai and Brymner. December court.

Shawnigan Lake Lumber Co. vs. Steves. Venue changed to Vancouver.

Cowie vs. White. Stands generally.

Rutledge vs. Hornby. Adjourned to today.

Harper vs. Campbell River Lumber Co., and Charbonneau. Day to be fixed.

Patterson vs. Steves. Settled.

J. Hanson vs. A. T. Killiher. Venue changed to Vancouver.

Schaake Machine Works vs. DeVoy. Settled, order for payment of money into court.

Kinney vs. Carleton. Next court.

Wilkie vs. Wright. Adjourned to this morning at 11 a.m.

Constantineau vs. Robinson. Stands pending settlement.

Larsen vs. Jones. Trial fixed for Friday, September 24 at 11 a.m.

Gilley vs. Broder. Next court.

Manson Campbell Co. vs. Matchell. Case set for October 4 at 11 a.m. Plaintiff to pay witness expenses.

Leitch vs. Harrison River Shingle Co. Day to be fixed.

Turner vs. Western Lumber & Shingle Co. Adjourned to this morning at 10:30.

Shannon vs. V., V. & E. Railway & Navigation Co. Adjourned to October 11.

Name Was Changed.

In the case of Reid vs. Canada Fish Product Co., D. G. McQuarrie, who appeared for the plaintiff, asked for the changing of the name in a disputed note, in which it was stated that no such company as the Canada Fish Products Co. on Watt island existed. The amendment making the name the Canada Fish Products, Ltd., was ordered.

New Method

I have commenced a NEW METHOD in tailoring, hitherto untried in New Westminster.

The great advantage of this NEW METHOD will enable me to sell you the same high grade ggoods for which I have always been noted at much lower prices than heretofore AND THUS COMPETING WITH THE EASTERN MANUFACTURER.

With this carefully planned "NEW METHOD" I can make you

MEN'S SUITS AT THE FOLLOWING REDUCED PRICES:

Our original price ..... $35.00 NEW METHOD PRICE . $23 to $30
Our original price ..... $42.00 NEW METHOD PRICE $37.00

guaranteed correct in style, exclusive in design and right in prices.

LADIES' SUITS MADE UP AS LOW AS $10.00.

Our original price..... $18.00, NEW METHOD PRICE $14.00
Our original price ..... $20.00 NEW METHOD PRICE $16.00
Our original price ..... $25.00 NEW METHOD PRICE $20.00

A room is being fitted up especially for ladies.

In fall suitings you will find our stock complete in every shade and pattern for ladies' and Men's suits.

In comparison with other firms it can plainly be seen that the difference in favor of NEW METHOD prices is very important.

GALVIN, THE MERCHANT TAILOR

625 Columbia Street and 626 Clarkson Street.

Robin Hood Flour Is Different

If, Madam, we could take you right into our Model Bakery at the Mill, where all our tests are made, you would see exactly what we mean when we say, "Robin Hood Flour is Different."

You would see how favorably it compares with other flours in respect to color.

Its superior quality would be plainly visible to you.

You would quicker realize why you are to add more water than usual when using it.

The bigger loaf made by it would lie before you. Seeing it, you would note its closer texture—no waste. Tasting it, you would admire its finer flavor.

In short, you would surely decide that you ought to start using Robin Hood Flour right away.

But, Madam, if you cannot come to our Bakery, we can help you to have better Baking Results of your own.

Use Robin Hood Flour yourself, and prove that what we claim for it is true.

We supply the flour-quality. We give the guarantee. It is up to you to get the benefit.

Have you asked your grocer about our Money-back-guarantee yet?

Conference Hears Coquitlam's Desire

(Continued from Page One.)

for conducting it in the pipes to Westminster Junction, where it would be distributed, and if at any future time the city and Richmond needed the whole of their record, the Coquitlam municipality would put in their own waterworks. All they sought now was protection of their supply.

From a brief calculation the city engineer said a 40-inch pipe at the intake would provide for a population of 600,000.

Mr. Grant asked for an early answer. Ald. Jardine could see no trouble provided the engineers saw no difficulty, and Ald. Johnston, taking the same line, believed the city having by a majority vote turned down the proposals of the Vancouver Power Company, should be guarded in the line taken, and the resolution to be adopted should state the city had no objection, but not go further.

The matter was referred to a committee consisting of Consulting Engineer Burwell, City Engineer Blackman, and Superintendent of Works Stott, together with the city solicitor and Mr. Grant.

A resolution will be drafted for submission to the council.

CITY VOTERS' LIST.

W. A. DUNCAN,
City Clerk.

City Clerk's Office, New Westminster, B. C., September 3, 1909.

MAKE YOUR APPEAL to the public through the columns of THE DAILY NEWS. The Morning Paper.

BLAME THE CHURCH FOR CIVIC BURDEN

No Need For Two Contagious Disease Hospitals in Montreal, Says Alderman Dagenais.

Montreal, Sept. 14.—Roman Catholics, Ald. Dagenais declared before the Royal Commission yesterday, were responsible for two contagious disease hospitals being established in the city, when one hospital under civic control would have sufficed. Petitions had ben signed in Roman Catholic churches against having a single institution, so there were now the St. Paul hospital, under the control of a Catholic institution, and the Alexandra hospital, managed by a commission from the three main Protestant hospitals. The city had little to do with these two contagious disease hospitals, except to contribute ever-increasing sums to them.

"I do not see why religion should have been considered in this matter at all," said Ald. Dagenais, who is chairman of the Civic Health Committee. "There is no danger to Catholics in having one hospital." Yet, Ald. Dagenais said that after he had proposed a single civic hospital for the city some years ago, the parish priest in his ward had declared he could not support Ald. Dagenais as candidate for alderman. Nevertheless, Ald. Dagenais had afterwards defeated the opponent brought out against him.

Then Ald. Dagenais paid compliment before Commissioner Cannon to the way the Montreal General hospital respected Roman Catholic patients. Out of 2,000 patients a year there were usually 60 per cent Catholics, and every time one of these wanted a priest he was sent for and always respected in the hospital.

To this Ald. Lavalle afterwards added that there was only one jail in the city, yet each male prisoner was allowed to seek salvation the way he wanted.

Chatham, Sept. 14.—A masked man entered the house of Miss Henry, two miles from Blenheim, and demanded money. Miss Henry and her neice, Miss Moore, were alone but they drove the man away with a curtain pole. A warrant has been issued for a Blenheim man.

THE CITY WHARF.

The decision of the City Council to provide the required wharfage accommodation for the ocean-going steamships that are about to make New Westminster a port of call comes none too soon. The Council has certainly been somewhat dilatory in dealing with this important matter. The resolution reached at Monday night's meeting ought to have been adopted weeks ago when the matter first came up. In consequence of this delayed action and the lack of wharfage facilities, Capt. Worsnop states that the Canadian-Mexican Steamship Company have been obliged to insert a conditional clause as to landing goods in lighters, in their bills of lading, making the expense almost equal to that of transfer from Vancouver. However, all's well that ends well, and we hope that not one moment's delay will now be allowed in completing the wharf extension and the works necessary thereto.

It is good to hear that at least one other line besides the Canadian-Mexican has decided to call here. There is little doubt that if every necessary facility is provided for handling cargo promptly and efficiently, we shall soon have the vessels of all the lines that make the Pacific ports calling in at New Westminster. But, as we have said before, there must be no half measures, no hesitation over the spending of a few dollars, in carrying out this work of wharf extension. It must be done thoroughly, and every necessary adjunct and appurtenance provided for enabling cargo to be dealt with in the best possible way.

GOOD FOR US.

It is evident that a very favorable impression was made upon the mind of Lord Strathcona upon his recent visit to this city, in regard to its advantageous position and future importance. Upon arrival in Montreal on Monday the High Commissioner stated that his trip to the west had been quite a revelation to him; the growth of the country was beyond his dreams. His Lordship also expressed his agreement with the view that generally obtains as to the shipping of a portion of the wheat crop of the prairies to Europe via the Pacific. It was in this connection that he spoke of the importance of our city as one of the great ports of the future.

That one of such pre-eminence in the affairs of the State should be so favorably impressed with the prospects of this part of the Dominion is matter for congratulation. Lord Strathcona and other notable men of the Dominion who have been with us recently, and were impressed in a similarly favorable way, will be the means of spreading this news of high repute not only in the far distant points of this continent, but throughout Great Britain and Europe. In this way we shall benefit considerably. Personal impressions disseminated abroad and afar are generally more potent than the best written newspaper accounts, or the descriptive literature sent out by publicity agencies. These latter, however, lay a ground work upon which the personal impressions of influential people erect a solid reputation of significance and truth. Altogether the result of the recent invasion of this city by notable men is likely to prove in every way advantageous to our progress and development.

LABOR FOR THE G. T. P.

There is again published a statement alleged to have been made by Mr. Collingwood Schreiber, the consulting engineer of the Department of Railways, to the effect that the mountain section of the Grand Trunk Pacific will not be built for a long time unless the contractors are allowed to import other than white labor. The reason for this is not stated, but if what has already been said in this connection be true, the fault is due to the men who have been engaged declining to work because the luxuries of city life are not available in the region through which the railway is being constructed. Such a condition of things is certainly to be much regretted and is distinctly unfortunate, but some other means of overcoming the difficulty must be found than the importation of Asiatics.

The policy of the Laurier Government upon the subject of Asiatic labor is well known, and we feel sure that no countenance will be given to the suggestion that either Japanese or Chinese help should be acquired. As the Ottawa Free Press remarked upon this question when Mr. Schreiber's previous statement to the same effect was published: "Eastern Canada wants the western division of the G. T. P. completed as rapidly as possible, but if a condition of that completion is that the work must be done by Chinese and Japanese labor, then Eastern Canada will prefer to wait a year, or two, or three if necessary."

CANADA'S OWN.

We ventured the assertion a few days ago, with reference to the report that it was the intention of the United States authorities to lay claim to the North Pole region upon the strength of recent discoveries, that Canada would be entitled to a word in regard to this. An Ottawa telegram states that the Cabinet has taken the official position that the northern hinterland, including the Polar region, belongs to this country, and will advise the Colonial Office accordingly. There may be an interesting point for international lawyers to discuss and settle in this.

PREMIER WHITNEY KNOCKS ANTI-TUBERCULOSIS METHODS

Toronto, Sept. 14.—Sir James Whitney did not give an enormous amount of encouragement to a deputation of about forty representing the Association of Ontario Municipalities for the Betterment of Consumptives, which waited upon him asking that the government establish two or more sanitariums where indigent patients could receive proper treatment. The premier was in favor of withdrawing the grant from any hospital that refused to take in a tubercular patient.

"It has been suggested," observed Sir James, "that when a doctor finds tuberculosis in the system of a patient he should notify the hospital, which should send down, not to him, but to the patient, a mass of papers to be read by the women in post offces, that he may be boycotted in the neighborhood. It is monstrous, gentlemen."

PEASANTS MURDER BOY WHO KILLED DOG

Madrid, Sept. 14.—The villagers at Astudillo, Province of Valencia, lynched yesterday a law student named Manrique, aged seventeen years, son of a member of the Cortes, in revenge for killing a dog. Manrique was bicycling when a big dog sprang at him. He had a revolver and shot and killed the animal. The people hearing the shot, rushed from their houses and chased Manrique, stoning him. He would probably have escaped, but a stone hit him on the head and knocked him from the wheel. The people seized him, dragged him back to where the dog's carcass lay, beat the lad to death, and left his body in the road

LAND REGISTRY ACT.

SPORTING NEWS

AMATEURS REGISTER APPEAL FROM DECISION

Westminster Claims Unregistered Men Were Played by Maple Leafs on Saturday.

The first appeal under the provincial senior amateur lacrosse championship rules will come up before the governing body shortly, arising out of the match between the Maple Leafs and Westminster at Recreation park on Saturday last.

The charge which the local team brings is that the Maple Leafs won their unexpected victory with the aid of several unregistered players, men who had figured in the colors of the V. A. C. during the past season.

If they can uphold this claim the match should be awarded the Westminster boys, otherwise ther must be a final match to decide the championship. This will probably take place on September 25, though nothing definite will be determined till the appeal has been settled.

Baseball Fans Awake.

After a long period of quiescence, baseball enthusiasts of this city are stirring again, and a challenge has been sent to Millside by a team composed of members of the clubs which existed in this city earlier in the year, but which, one after another went into dissolution until only the Balmorals remained. It is proposed to play the game in the city. An attempt is also being made to arrange for a match between teams representing the city and Columbian College for Saturday of the present week.

MORE RACING.

Minoru Track Will Remain Open to October 9.

It has been definitely announced by the B. C. Thoroughbred Association that the present race meeting at Minoru park will be extended until October 9, the main reason being that the horsemen here now have no other place to go until the meet at Salt Lake City opens. The extension of time will give three more weeks of racing.

CRICKET

Irishmen Beat New Yorkers.

New York, Sept. 14.—Finishing the international cricket match which began at Livingston, Staten island, on Saturday, the Gentlemen of Ireland defeated the All-New York eleven yesterday with a margin of five runs and five wickets to fall.

Coast Tennis Champion.

Philadelphia, Sept. 14.—Melville H. Long, Pacific coast tennis champion, and representative of the University of California, won the national intercollegiate championship here yesterday, defeating Wallace F. Johnson of the University of California. Johnson surprised every one by winning the first set 6-4. He fell off slightly in the next two sets, which went to Long, 6-3, 7-5.

Auto Records Broken.

St. Paul, Minn., Sept. 14.—Ralph de Palma in his 90-horsepower Flot cyclone, broke three world's records at the state fair track on Saturday afternoon. All the records were for a circular track.

In the one-mile de Palma lowered his own record of 51 flat made on the state track last year, going the distance in 50 4-5. He lowered the three-mile record from 2:43 to 2:38, and the ten-mile to 8:49 3-5.

YESTERDAY'S RACING

1, Irish Mail; 2, Lord Rossington; 3, Mechlin.

FOOTBALL

Football Executive.

The meeting of the Westminster Rovers Football Club executive called for last evening was adjourned in the absence of a quorum.

Spokane Reserves Men.

Spokane, Sept. 14.—Manager Robert Brown of the Spokane Baseball team in the Northwestern league will send Secretary Farrell a list of 20 players he has placed on the reserve list for 1910. These include Laughlin, Ostdiek, Spencer, Boettiger, Nordyke, James, Burnett, Altman, Clynes, Brinker, Weed, Jensen, Baker, Gregg, Wright, Killilay, Holm, Bonner, Davis, Rush, Morrill, Skillman, and Spoonmore. Skillman, though he has refused to join the team, has been retained on the list, and must come here or play independent ball.

Phil McGovern in a Draw.

New York, Sept. 14.—Phillie McGovern, a younger brother of Terrible Terry, and Joe Wagner of New York, promising local bantams, fought ten hard, fast, but inconclusive rounds last night at the Bedford Athletic Club in Brooklyn. Wagner got the worst of the punishment, but was coming strong in the last rounds.

KETCHEL WORKS HARD FOR LANGFORD BOUT

New York, Sept. 14.—Stanley Ketchel now weighs 176 pounds, and says that he will not be under 175 when he enters the ring for a ten-round bout with Sam Langford at the Fairmont Athletic Club in this city next Friday night. Ketchel is working like a beaver, and is apparently in as good condition as ever he was.

After reeling off eight miles in a dog trot on the Westchester county roads, the Montana cowboy returned to his quarters, stripped and took on four training partners for four rounds each. Each bout was a fast and hard one and at the conclusion Ketchel did not seem to be in the least winded. Instead of showing any distress he punched the bag for 15 minutes at a lightning pace.

Reports from Boston indicate that Langford is preparing himself for what he considers the most serious bout of his career. It is not believed that he will weigh more than 160 pounds, possibly 158. A large delegation of his supporters plan to accompany him to New York, but there is little likelihood of these witnessing the fight, as only recorded members of the club will be admitted and the members have already engaged all the seats.

EXPRESS COMPANIES KICK ON BIG HATS

Sample Bonnet For the West Fills Half a Car—May Cause Readjustment of Rates.

Toronto, Sept. 14.—Express companies have again taken up the question of rates to be charged on millinery. Headgear this season is larger than last and an effort is being made to have charges regulated on a basis of size.

A recent sample hat shipped to the west occupied more space in the express car than a pile of general merchandise with an aggregate weight of 500 pounds. The case in which the hat was shipped was considerably larger than an ordinary wash tub.

QUEBEC BRIDGE HEIGHT DETERMINED

Commission Decides That It Shall Be One Hundred and Fifty Feet.

Montreal, Sept. 14.—The Quebec bridge commission composed of Modjeska, of Chicago, Vautelet, of Montreal, Fitzmaurice, England, and H. Holgate of Montreal, as consulting engineer, have decided that the height of the new bridge shall be 150 feet instead of 190 as was asked by shipping interests. The free way for ships will be 600 feet at least. The middle span, formerly 1,800 feet, will be possibly 100 feet less but the same piers will be used. If the middle span is made 1,700 feet a secondary pier will be built out from the main piers.

HOODLUM GANGS NOW RULE NEW YORK

Gotham Police Make a Desperate Effort to Crush Bands of Rowdies.

New York, Sept. 14.—To save this city from a reign of terror by its rowdy rabble on Sundays the police are today massing to make one last attempt to crush the gangs of toughs that are defying the law and order on every excursion route from the island. The battle of the bluecoats with this hoodlum host during the next few weeks will alone determine whether New York can control its lawless element, the authorities declare. To stir out from home on a Sunday and ride in any public conveyance has today become an impossibility for decent men with their women and children here. Rampant crowds of roughs invade the trains to and from town and terrorize their passengers and crew into silent submission by the insulting revels. Hundreds of stout policemen will take a hand in these proceedings next Sunday in a final desperate attempt to restore some semblance of decency hereabouts. If these emergency measures fail, Gotham must suffer the shame of seeing her civilization sink below the par of that of a rough mining camp.

ADVERTISE IN THE NEWS

COLUMBIA STREET LOCAL IMPROVEMENT NOTICE.

The Municipal Council of the Corporation of the City of New Westminster having by resolution determined and specified that it is desirable to carry out the following works, that is to say:

(a) To construct a sewer to be known as the "Columbia Street Sewer" on Columbia street between McNeely street and Fourth street.

(b) To construct cement sidewalks on both sides of Columbia street between McNeely street and Fourth street with necessary retaining walls.

And that the said works shall be carried out in accordance with the provisions of the Local Improvement General Bylaw, 1909.

And the City Engineer and City Assessor having reported to the Council in accordance with the provisions of the said bylaw upon the said works giving statements showing the amounts estimated to be chargeable against the various portions of real property to be benefited by the said works and other paticulars and the said reports of the said City Engineer and City Assessor having been adopted by the Council,

Notice is hereby given that the said reports are open for inspection at the office of the City Assessor, City Hall, Columbia street, New Westminster, B. C., and that unless a petition against the proposed works above mentioned signed by a majority of the owners of the land or real property to be assessed or charged in respect of such works representing at least one-half in value thereof is presented to the Council within fifteen days from the date of the first publication of this notice the Council will proceed with the proposed improvements under such terms and conditions as to the payment of the cost of such improvements as the Council may by bylaw in that behalf regulate and determine and also to make the said assessment.

Dated this 1st day of September, A. D. 1909.

W. A. DUNCAN,
City Clerk.

Date of first publication, the 2nd day of September, 1909.

Mail Service

Following are the hours of despatch and arrival of mails at the New Westminster post office, the hour given in each case being the hour of closing, which is half an hour, as a rule, before the actual despatch. All mails, unless otherwise stated, are despatched and received daily except Sunday. The only mails dispatched and received Sunday are the G. N. R. South and C. P. R. east mails, not including the way mails, Sapperton, Fraser Mills and Coquitlam.

Mails Despatched.

6:00 a.m. (closed at eleven o'clock the previous night)—Vancouver via G. N. R. Owl.

8 a.m.—Vancouver and Victoria via B. C. Electric railway.

First C. P. R. east taking all points east including Langley and district.

The mail for Abbotsford and district, Clayburn and district, Huntingdon and district, and Matsqui are despatched by way of Vancouver.

8 a.m.—Blaine and Seattle, including all U. S. points east and south; and Hall's Prairie, Fernridge and Hazelmere, on Tuesdays, Thursdays, and Saturdays.

All Surrey mails are received from Cloverdale, except Hall's Prairie, Hazelmere and Fernridge, which arrive on the Port Guichon train on Tuesdays Thursdays and Saturdays.

11:00 a.m.—Vancouver, Victoria and Central Park, via B. C. Electric Railway.

12:30 p.m.—Strawberry Hill, Timberland and South Westminster, by courier (Tuesday and Friday).

1:30 p.m.—East Burnaby, by courier.

2:00 p.m.—Burquitlam, by courier.

2:00 p.m. (Summer months close at 2:30 except Saturday)—Ladner, Port Guichon, Westham Island and Sunbury, daily except Sunday; Woodward, Tuesday, Thursday and Saturday, via "J. C. Bruce." (Steveston mail despatched and received via Vancouver.)

2:30 p.m.—Vancouver and Piper Siding, via G. N. R. north.

3 p.m.—Cloverdale, Niomekl, and Port Kells daily, Clayton on Tuesday, Thursday, Friday and Saturday; Tynehead on Tuesday and Friday; Bon Accord, Tuesday and Friday.

4:00 p.m.—Vancouver and Burnaby lake, via B. C. Electric Railway. Saturday an extra mail is despatched to Victoria via Vancouver at this hour.

Blaine and Seattle, including all U. S. points east and south, via G. N. R. "Flyer."

6 p.m.—Second C. P. R., east, Fraser Mills. This mail takes the following local places: Barnet and Port Moody, Pitt Meadows, Port Hammond, Port Haney, Mission, Chilliwack, Harrison Hot Springs, Agassiz, Lytton, Lillooet, Spences' Bridge, Nicola and district, and all points east except Kootenays.

Mails Received.

1:30 p.m.—East Burnaby, by courier.

2:30 p.m.—Burquitlam, by courier.

3:30 p.m.—Blaine and Seattle, including all U. S. points.

9:40 p.m.—Second Mail east, and losed mail from Sumas, and Seattle, ncluding U. S. A. matter, and also Fraser Mills.

ST. CHARLES
EVAPORATED CREAM

There is nothing so good for the baby as St. Charles Cream. The result of analysis by prominent expert chemists shows that St. Charles Cream, when properly reduced with **pure boiled water**, is almost identical in every respect with **human milk**. It differs from other milk products in that it is sterilized by heat alone.

St. Charles Cream does not curdle when used on acidulous fruits and imparts a rich, delicate flavor. It is **humanized milk**. It is not only best for mother and infant—it is better than the best ordinary milk for all purposes.

Sold by best grocers everywhere.

ST. CHARLES CONDENSING COMPANY. Ingersoll, - - Ont.

SOCIETY TO STUDY AERIAL NAVIGATION

Toronto Aeronautical Experts to Experiment With Different Kinds of Airships.

Toronto, Sept. 14.—A society for the advancement of the science of aeronautics was founded in this city on Wednesday evening, at a meeting held at the offices of Fetherstonhaugh and company, in the Royal Bank building, 10 King street east. The new organization will be known as the Aeronautical Society of Canada, and will have its headquarters at Fetherstonhaugh and company's offices until a regular meeting place has been secured.

At the opening of the meeting, Mr. F. B. Fetherstonhaugh was selected at the suggestion of Mr. G. N. Thomas, as chairman. At Mr. Fetherstonhaugh's residence, on the Lake shore road, it is said experiments are being made with an airship. Mr. M. B. Logan was elected secretary pro tempore, and outlined the objects of the association as follows:

"The society is to be established for the purpose of giving a stronger impulse to the scientific study of aerial navigation, to promote the intercourse of those interested in aeronautics in the Dominion of Canada and to aid with advice and instruction those studyig the subject." Seconded by Mr. E. M. Ashworth, Mr. Logan proposed that the organization be known as the Aeronautic Society of Canada. This suggestion was adopted and a sub-committee was appointed to dessiminate the ideas of the society, and to put forth every effort to increase the membership.

Siam Advances.

Washington, Sept. 14.—The Anglo-Siamese treaty which was ratified on July 16, has opened a channel for a remarkable industrial advance along all lines in the Siamese pensinsula, states Mr. Hamilton King, of Bangkok. The chief improvement is the extension of the country's railway system. The opening up of these lines will bring the entire pensinsula within easy touch with the markets of the world.

SPENT TWO YEARS AMONG SAVAGES

English Naturalists Back From a Perilous Trip in Papua.

London, Sept. 14.—Three English naturalists, a father and two sons named Pratt, have just returned to Samaranfi, in Java, after spending two years among the savages of Dutch New Guinea.

"Two years ago," says the Singapore correspondent of the Pall Mall Gazette, "the naturalist landed at Doreh, in Geelvink Bay, where missionaries have been stationed for over fifty years. Behind Doreh stretch the Arfak mountains, with two large lakes lying at a height of 8,000 feet above the sea. There the naturalists took up their quarters in the midst of savage Papuans, whose characteristics they soon discovered were untrustworthiness and thirst for the blood.

"They were right on the extreme fringe of the Dutch authority, so had to look after themselves, to the utmost. They found the savages far below the African natives, without knowledge or understanding of the most elementary virtues—even kindliness or thankfulness. They were of good physique and lived partly by agriculture, but their habits were loathsome.

"It was largely due to his ability to keep his temper even under provocation that Mr. Pratt was able to manage them. They fancied that the traveler must have supernatural powers to control his anger, and in addition to that they were notified by the Dutch authorities that any harm to the naturalists would meet with prompt vengeance.

Perpetual Warfare.

"Perpetual warfare is waged among the tribes, for treachery is constant and every death leads to blood vengeance. The naturalists were often goaded to near the danger point of shooting, but restrained themselves and so won to some extent the confidence of the savages.

"Head hunting is a custom of the land and not merely villages have, but also houses are at war against houses. The result is that fear and treachery stalk like twin demons through the island. Women never go out except under armed masculine guard. They do the work in the fields with a man guarding them with his native weapons.

"European and Chinese traders who have attempted to treat the savages with their own methods have rued the day, for vengeance has fallen swiftly in the night. It is a country where every rustle may mean the approach of death bearing treachery. Even their warfare is stealthy murder, not open fighting in which bravery is required.

Still in Stone Age.

"After a year at the lakes the traveler went to Humbolt Bay, where the mountain natives are still in the stone age and had never seen any European. They live miserably on wild plants, insects and grubs, with an occasional wild pig as a delicacy.

"In the distance they sighted the standing problem of New Guinea—the Snowy mountains. Certain scientists have scoffed at the title, maintaining that in that latitude there are no snow mountains and what has been seen is the reflection of light from the white rocks on the mountain tops. Mr. Pratt is convinced, however, that they are veritable snow caps.

WATER NOTICE.

Notice is hereby given that an application will be made under Part V. of the "Water Act, 1909," to obtain a license in the New Westminster District, Division of New Westminster District. (a) The name, address and occupation of the applicant is the Vancouver Power Company, Limited, having its head office at the City of Vancouver, British Columbia, and having a capital of $2,500,000 divided into 2,500,000 shares of $1.00 each, all fully paid up. (b) The name of the lake, stream or source, Mislloet River, North Arm, Barrard Inlet, (Indian River). (c) The point of diversion is situated about 12 miles from the mouth of the river. (d) The quantity of water applied for in cubic feet per second, 500. (e) The character of the proposed works, a water power plant for the generation of electricity for merchanical, industrial and commercial purposes and particularly in the operation of motors, machinery, electic lighting, the operation of tramways and other works for which such light, heat and power are suitable and available. (f) The premises on which the water is to be used is situated at or near high tide mark at the mouth of the river. (g) The purposes for which the water is to be used is to generate electric power, light and heat for traction, lighting heating, manufacturing and all and every industrial or other purposes to which it may be applied. (i) If the water is to be used for power or mining purposes describe the place where the water is to be returned to some natural channel, and the difference in altitude between point of diversion and point of return. The water is to be returned to river near mouth of same, and difference of elevation between point of diversion and point of return is about 300 feet. (j) Area of Crown land intended to be occupied by the proposed works will not exceed 320 acres. (k) This notice was posted on the 7th day of July, 1909, and application will be made to the Commissioner on the 11th day of August 1909. (l) Give the names and addresses of any riparian proprietors or licenses who or whose lands are likely to be affected by the proposed works, either above or below the outlet, B. F. Dickins, Vancouver, B. C.

The part of the Memorandum of Association of the Company which authorized the proposed application and works, reads as follows:

(3) The objects for which the Company is established and to which objects the Company are restricted are the acquisition of water and water power by records of unrecorded water or by the purchase of water records or water privileges for (a) Constructing, operating and maintaining electric works, power houses, generating plant and such other appliances and conveniences as are necessary and proper for the generating of electricity, or electric power, or any other form of developed power, and for transmitting the same to be used by the Company or by persons or companies contracting with the company therefor, as a motive power for the operating of motors, machinery or electric lighting or other works or to be applied by the Company to consumers for heating or as a motive power for propelling tramways, or for driving, hauling, lifting, pumping, lighting, crushing, smelting, drilling and milling or for any other operations to which it may be adapted or to be used or supplied for or in connection with any other purposes for which electricity or electric power may be applied or required. (g) For rendering water and water power available for use, application and distribution by erecting dams, increasing the head of water in any existing body of water, or extending the area thereof, diverting the waters of any stream, pond or lake into any other channel or channels, laying or erecting any line or flume, pipe or wire constructing any raceways, reservoir, aqueduct weir, wheel, building, or other erection or work which may be required in connection with the improvement and use of the said water and water power or by altering, renewing, extending, improving, repairing or maintaining any such works, or any part thereof.

LAND REGISTRY ACT.

Take notice that an application has been made to register Annie Ryder as owner in fee simple, under a tax sale deed from Sidney A. Fletcher to Annie Ryder, bearing date the 13th day of October, A. D., 1906, of all and singular that certain parcel or tract of land and premises situate, lying and being in the district of New Westminster, in the Province of British Columbia, more particularly known and described as Lot 23, Block 1; Lots 8, 9, 16 and 17, Block 4; Lots 1, 8, 9, 16 and 17, Block 6; Lots 4, 5, 12, 13 and 20, Block 9; Lots 1, 8, 9, 16 and 17, Block 10; Lots 1, 8, 9, 16 and 17, Block 12; Lots 4, 5, 12, 13 and 20, Block 13; Lots 1, 8, 9, 16 and 17, Block 14; Lots 1, 8, 9, 16 and 17, Block 16; Lots 4, 5, and 20, Block 17; Lots 1, 8, 9, 16 and 17, Block 18; Lot 6, Block 21; all subdivisions of Lot 203, Group 1. Lots 10, 11, 12, 13, 14 and 15, Block "K" subdivision of Lot 268, Group 1; Lots 24, 25, 26 27, 31 and 32, Block 1; Lots 2, 3, 4, 5, 6, 7, 10, 11, 12, 13, 14, 15 18, 19 and 20, Block 4; Lot 16, Block 5; Lots 1, 8, 9, 16 and 17, Block 15; Lots 4, 5, 12, 13 and 20, Block 9, subdivision of Lot 203, Group 1; Lot 7, Block 4, of Lot 227, Group 1, Map 174.

You and those claiming through or under you and all persons claiming any interest in the said land by virtue of any unregistered instrument, and all persons claiming any interest in the said land by descent, whose title is not registered under the provisions of the "Land Registry Act," are required to contest the claim of the tax purchaser within ten days from the date of the first publication of this notice and in default of a caveat or certificate of lis pendens being filed within such period, or in default of redemption before registration, you and each of you will be forever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register Annie Ryder as owner thereof in fee. And I hereby order that publication of this notice for ten days in a daily newspaper publised in New Westminster will be good and sufficient service thereof.

Dated at the land registry office, New Westminster, Province of British Columbia, this 30th day of August, A. D., 1909.

C. S. KEITH,
District Registrar.
To Samuel Coulter, Esq.

WATER NOTICE.

Notice is hereby given that an application will be made under Part V. of the "Water Act, 1909," to obtain a license in the Municipality of Burnaby Division of Lot 144 District.

(a.) The name, address and ocupation of the applicant is Horace Williamson, 442 Westminster avenue, Vancouver, B. C.

(b.) The name of the lake, stream (if unnamed, the description) is unknown, rising in Lot 210, running in a southerly and westerly direction through District Lot 144, Burnaby.

(c.) The point of diversion is about 400 feet south of a stake marked Block one (1) in the northwest corner of District Lot 144.

(d.) The quantity of water applied for (in cubic feet per second) is two (2).

(e.) The character of the proposed works is to run power machinery and electric dynamo, domestic or irrigating.

(f.) The premises on which the water is to be used is known as Block one (1), two (2) and sixteen (16) in District Lot 144, Burnaby.

(g.) The purposes for which the water is to be used are domestic, power, light and irrigation.

(h.) If for irrigation describe the land to be irrigated—about twelve (12) acres.

(i.) If the water is to be used for power or mining purposes describe the place where the water is to be returned to some natural channel, and the difference in altitude between points of diversion and point of return. The water is to be returned about two hundred (200) feet below in same channel and about sixty (60) feet lower.

j.) The area of Crown lend intended to be occupied by the proposed works is none.

(k.) This notice was posted on the 14th day of August, 1909, and application will be made to the Commissioner on the 15th day of September, 1909, at 2.30 o'clock.

(l.) The names and addresses of any riparian proprietors or licensees who or whose lands are likely to be affected by the proposed works, either above or below the outlet are the Crown, H. B. Scott, Vancouver, and E. Pakhman, Vancouver.

HORACE WILLIAMSON,
442 Westminster avenue, Vancouver, B. C.

KILLED HIS FRIEND WHILE THEY TALKED OF WORK

Was Placing Revolver Under His Pillow When It Caught Bedclothes and Exploded.

Montreal, Sept. 14.—Alfred Lavelle, 17 years old, who was in the employ of a farmer named St. Aubin of St. Laurent, was shot and killed Sunday night by a companion named Edouard Laframboise, who occupied the same room with him and another young fellow named Maranda.

Young Lavelle was killed instantly, the bullet entering his head, embedding itself in his brain, while he was lying in bed. The shooting appears to have been the result of an accident Laframboise was in the act of taking the revolver from the hip pocket of his trousers hanging at the head of the bed, to place it under his pillow, when in some manner the trigger caught, discharging the weapon and the bullet entered Lavelle's head, killing him instantly, as he was talking to Maranda of work they would have to do in the morning.

DOCTOR RESCUES WOMAN FROM BURGLAR

Cincinnati, Ohio, Sept. 14.—Responding for a call for aid at the house of a neighbor, into which a negro burglar had forced an entrance, Dr. Robert Maddock, a prominent physician shot and killed the negro early Saturday.

The burglar who was later identified as John Scott, a former convict broke into the residence of Mrs. Florence G. Barnes, Walnut Hills. Mrs. Walter Woodward, of Syracuse, N.Y., a visitor at the Barnes home, awoke to find the intruder in her room. When he moved in the room she turned in a call for the police and also notified Dr. Maddock next door. The burglar was preparing to give battle when Dr. Maddock fired three pistol bullets into him. An open knife was found in the fingers of the dead man. Dr. Maddock was not arrested.

Port Hope, Ont., Sept. 14.—For failing to stop their automobile while passing a funeral, F. G. Kay of Pittsburg and A. E. Hamilton, a chauffeur, were fined $5 and $4.25 costs each in the police court yesterday. The law requires that the machine must stop and turn down a side street.

TENDERS FOR STEEL BRIDGES.

Sealed tenders addressed to the undersigned, and marked on the envelope, "Tenders for Steel Bridges," will be received at the office of the commissioners of the Transcontinental Railway, until 12 o'clock noon of the 28th day of September, 1909, for the construction and erection of steel superstructures and floor systems (with ties and wooden guard rails complete) required for bridges at the points named below:

District "A."

Mile.	Bridge.	Date of Completion.
82.0	Caing River	Dec. 1, 1909.
124.5	South West Maramichi, N. B.	March 15, 1910.
133.0	" " "	" "
134.07	Juniper Brook	April 1, 1910.
149.0	Odell Brook	" "

District "D."

62.25	Circle River	July 1, 1910.
62.5	Low Bush River,	June 1, 1910
99.0	Brule Creek	April 1, 1910
109.29	Frederichouse River,	" "
113.48	Buskgow River	April 15, 1910.
123.5	Driftwood River,	May 1, 1910.
135.0	Mattagama River,	June 1, 1910

Plans and profiles may be seen and full information obtained at the office of the Chief Engineer at Ottawa, Ontario

After contracts are awarded the successful tenderers must submit designs of all superstructures with stress sheets all to be in accordance with the Specifications of Department of Railways and Canals of the Dominion Government, 1908. The class of load to be used is that designated "Heavy" in the said specifications.

Tenders will be received for one or more of the structures required.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada payable to the Commissioners of the Transcontinental Railway, for a sum equal to five per cent. (5 p.c.) of the amount of the tender.

The right is reserved to reject any or all tenders.

By order,

P. E. RYAN,
Secretary.

The Commissioners of the Transcontinental Railway, Dated of Ottawa, August 28, 1909.

IRON FAMINE THREATENS WORLD

German Writer Makes a Gloomy Forecast as to the Future.

London, Sept. 14.—The greatest danger to the world's industries at the present day is the threatened scarcity of iron, says S. Philipp, a writer in the September issue of the German review Nord und Sud. The exhaustion of the world's iron ore fields, he contends, is far nearer than is generally realized, and he adds that the much-talked of failure of the coal supply in the near future would be far less important than a dearth of iron.

The writer estimates the world's demand for iron during the next ten years at 60,000,000 tons a year, which means from 150,000,000 to 180,000,000 tons of ore. Ore containing less than 20 per cent, of pure iron is not regarded as worth smelting. It is, therefore, only the ore fields yielding more than 20 per cent of the metall that enter the calculation. The largest of these, that of Kirunavara-Laossavara in Sweden, contains, according to the latest estimates, from 600,000,000 to 800,000,000 tons of ore which would be sufficient to cover the world's need, for barely five years.

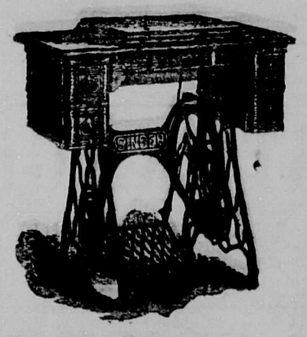
There are, of course, numerous other sources of supply, but of late it has become increasingly plain that the probable yield of these has been greatly overestimated, M. Sjongren, a Swedish expert, estimates the world's iron ore supply at 9,250,000,000 tons. To test this figure thoroughly will be the main task of the International Geological Congress, which is to meet at Stockholm next year, but if Sjongren's figures be taken as approximately correct, and, if it is further assumed that the world's demand will remain stationary at 60,000,000 tons of crude iron annually, which is hardly probable, then the result is that within sixty years all the iron ore fields now know will be exhausted.

Whirled in Shafting.

Berlin, Sept. 14.—A fatal accident occurred at Bridgeport this morning, in the flour mills of Shirk and Snyder, the victim being Arnold Payne, aged 19, who came here from Peterboro. He was drawn into the shafting by a belt making 200 revolutions a minute. The body was horribly mangled, the legs being severed below the hips.

Son Strangles Mother

Pottsville, Pa., Sept. 14.—After killing his mother, probably a week ago, George F. Simons, 21 years old, shot and killed himself tonight at the home of Violet Hartranft, to whom he had been paying attention. The body of the mother was found in the attic of her home tonight by the father. The door of the room was fastened with large screws and the crevices sealed with parrafine. It is believed the man quarreled with his mother about his paying attentions to the girl who had been his steady company for the last five years.



Now is the time to get your Sewing Machine for your fall sewing. I have a complete stock of Singer, Wheeler & Wilson. Our prices are the lowest, for cash or monthly installments, don't purchass until you get our prices and terms

Be sure your Fall shoes have Hercules soles on.

A meeting of the special committee appointed by the Board of Trade to deal with matters connected with the B. C. E. R. service in the neighborhood will be held today The cheapening of the interurban fare will be the principal change sought.

For first-class cut flowers and any kind of Floral work, telephone Davies' Greenhouse, R208. **

Mrs. T. H. Barbaree will hold her post-nuptial reception at her home, 829 Fifth avenue, on the afternoon and evening of Wednesday, September 22.

For light lunches, teas and candies, the place is Smith's, late Ayling, 715 Columbia street. 207-6

Hercules sole leather will wear out two pairs of any other sole leather made.

The third quarterly meeting of the licensing commissioners will be held this evening.

B. C. E. R. city and Sapperton cars will make one extra trip for the accommodation of the New Westminster people attending the horse races at Minoru park, Lulu island. The last Sapperton car will leave the office at 11:30 p.m., and the city car at 11:20 p.m. **

If you wear Hercules soles your shoes will never need resoling.

The annual meeting of the board of managers of the Royal Columbian hospital will be held this afternoon, when the accounts for the past year will be presented.

Buy orchard lands while they are cheap and become independent. We are the official agents of The Western Home and Improvement Co., Ltd. Let us tell you about their choice holdings at Appleland. A new townsite and fruit district along the line of the B. C. Electric Chilliwack line and V. V. & E. Cloverdale to Sumas Railway. This section excells in the production of all fruits. Come at once while the best lands are selling cheap and let us show you this section at our expense. We can sell five, ten, fifteen and twenty acre tracts on easy terms. F. J. Hart & Co., Ltd. **

Lost—Lady's tan raincoat, while driving. Please return to this office and receive reward. **

The closed season for sockeye salmon ends at midnight and the fishermen are all ready to cast their nets to take advantage of the three weeks' respite given the delicate denizens of the Fraser. Sockeyes are fairly good in the river and gulf, while humpbacks are almost over. A fair supply of cohoes is anticipated.

October 15, at 4 p.m., has been fixed as the closing time for receiving tenders for the debenture issue of $398,000, authorized recently. The issue is a fifty-year one, at 5 per cent., tenders to be forwarded for purchase en bloc. Advertisements have been authorized in the Canadian Municipal Journal Financial Post and Monetary Times.

Major Shepherd, lecturer at the McDonald College of St. Anne de Bellevue, near Montreal, a recognized authority on roadmaking, who has undertaken a series of lectures in the province under the auspices of the government, will speak this evening at the city hall. T. J. Trapp will preside.

Seabrook Axle Coupler.

A. Denny, of 817 Queen's avenue, who is an agent for the Seabrook box differential axle coupler, gave a demonstration yesterday of the work of the coupler, which is in use on many railway lines, and showed its advantages by means of models. The coupler saves the wear on the flanges, and eight more cars can be operated than with the regular couplers. Several Westminster men have taken stock in the concern, this being the object of the demonstrations in this city.

Scholarship For Commercial Course.

His Worship Mayor Keary has again donated a scholarship to St. Ann's Convent for the business course in connection with that establishmet. This scholarship comprises a free six months' course in typewriting and shorthand. Any young lady of the town, Catholic or non-Catholic, desirous of competing for the scholarship may do so by presenting herself at the convent Thursday at 4 p. m. Aspirants must have passed the High School entrance examination or its equivalent. 214-2

FROM LINING TO THE OUTER TRIMMING AND THROUGH AND THROUGH THEY EXEMPLIFY THE MOST RECENT STYLE THOUGHT OF TWO CONTINENTS. AT EACH PRICE OUR HATS SURPASS IN BEAUTY, STYLE AND VALUE THOSE COSTING MANY DOLLARS MORE ELSEWHERE. IN FACT, THERE IS NO CRITERION TO JUDGE THEM BY IN THIS VICINITY.

CHOICE IS FROM LARGE HATS OR THE SMALLER MODELS, TRIMMED ELABORATELY OR IN A STYLE MOTIF OF RICH SIMPLICITY. FEATHERS OF ALL KINDS AND IN MANY NOVELTY EFFECTS, WINGS, MILITARY BRUSHES, AIGRETTES—THE VARIETY OF THE TRIMMINGS USED IN THESE PARIS TOUCHED CREATIONS IS WELL NIGH UNLIMITED.

FASHION DISCLOSES THAT THE USE OF THE HAT SET WELL DOWN ON THE HEAD CONTINUES, BEING EVIDENT EVEN IN THOSE MODELS OF A CLOSE AND SOMEWHAT BRIMLESS NATURE, SUCH AS TOQUES AND TURBANS WHICH ARE LARGE. HATS ARE INTENDED TO BE JAMMED DOWN OVER THE EARS, TILTED, RAKISHLY AT ONE SIDE, BUT DESCENDING ALMOST TO THE EYEBROWS ON THE OTHER, GIVING A PARTICULARLY DASHING APPEARANCE TO THESE STYLES.

YOUR PRESENCE TO THE LEADING STYLE FUNCTION OF THE YEAR IS CORDIALLY REQUESTED. LET US AWAIT YOUR JUDGMENT.
