ACKING PLANT MAY LOCATE HERE

he Vancouver Produce and Meat Co. Asks Council For Privileges.

P. J Russell, representing the Van-ver Produce & Meat Co., last even- addressed the council in committ- on a proposition to erect and ate a large packing plant near Distillery, providing the city uld grant water, sewerage and tax- on privileges.

Large Establishment.

n connection with the plant there uld be an abattoir, cold storage ice manufacturing plant, fertil- factory, lard refinery, stockyards. icken feeding plant, and soap fac- The latter had already been ken for by a firm already manufac- ing soap on the market.

The final cost of the plant would be m $40,000 to $50,000. The com- would buy all material possible the city and district, and they de- d to have civic inspection of their nt and meat until such time as vernment inspection was in force. ey were anxious to ensure the pub- getting good meat.

Look for Privileges.

Mr. Russell asked for not less than ,000 gallons of water, permission to p sewerage into the Brunette er, and any taxation concessions t the council might see fit to grant. regard to the sewerage it would be sed through septic tanks before ing discharged and all solids re- ved.

It was the intention to proceed with e work as soon as arrangements re completed with the city. Most the stockholders were ranchers of e district. The list was read and cluded many well known men in the ovince. The pay roll would be out $60,000 for the first year, and e headquarters of the company uld be moved here.

Will Be Large Concern.

At present the company was having killing done at P. Burns & Co.'s attoirs in Vancouver, but were anx- us to get away. It was expected at the business would grow very pidly.

The members of the council indivi- ually expressed their desire to meet e wishes of the company as ex- essed by Mr. Russell. They anti- pated no trouble in regard to the ewer question, provided the company dhered to the city health regulations.

SE GATTLING GUNS AGAINST STRIKING MEN

Fighting Is Renewed at Pittsburg Steel Car Company's Works—Strike-breakers Imported.

Pittsburg, Aug. 16.—Gatling guns, mounted on river boats to protect several thousand workmen that the local car companies have brought in to take the places of their striking employees, are laid in readiness today to resist any attack upon the works. A pitched battle betwen mounted state constabulary and the strikers occurred last night and the rioting ceased only when a number of strikers were driven into the Ohio river by the troops.

The attack started when a force of strikers fired on a steamboat carrying strike-breakers into the Pressed Steel Car Company's works. The boat was forced back from the landing which was crowded by a mass of strikers. The constabulary was ordered to clear the pier and the charge followed. Revolvers were fired on both sides, but no one was injured by bullets. When the mob was dispersed 280 non-unionists were taken into the plant. Rumor that 1000 more would be brought in today led to the prediction that a serious clash would occur and the precaution of mounting the machine guns by the state troops was taken.

FORFEITED MILLIONS FOR SINGLE SPREE

Colorado Springs, Col., Aug. 16.—Robert Womack, who discovered gold at Cripple Creek, died of paralysis here today, after a lingering illness. In his last year Womack was dependent on a sister who keeps a boarding house here.

This is the end of a man who in one sense paid $280,000,000 for one spree.

That stupendous sum has been taken in gold from the land on Cripple Creek, where Bob Womack first found the yellow metal. Crazed with success, after he struck the Bonanza lode, Bob jumped on his broncho and rode through the streets brandishing his six shooter and proclaiming his secret. The next few days witnessed one of the biggest rushes to the scene of his discovery that the west has ever known.

When Womack sobered up two or three days later, he returned to the district only to find that the best mining property had been located by others. He staked out a claim or two, but they proved worthless, and soon he was compelled to go to work for day wages. But he never complained.

ATTENDED INTERNATIONAL GATHERING OF SHERIFFS

T. J. Armstrong Was Delegate to the Great Convocation Recently Held in Seattle.

Sheriff Armstrong returned to the city yesterday after attending the three-days' session of the Convocation of the National Sheriffs' Association, which was held this year at Seattle, for the purpose of discussing the laws affecting the various states and the Dominion, several papers being read on different subjects by officials and members of the convocation.

The meetings were held at the Hotel Butler on Tuesday, Wednesday and Thursday, Captain W. S. Seavey, of the Thiel's Detective Agency, acting as host and master of ceremonies.

Capt. H. B. Kennedy, owner of one of the most palatial excursion boats of Seattle, royally entertained the visitors on his steamer the "H. B. Kennedy," on Wednesday afternoon, taking the party on a trip to the U. S. naval yards at Bremerton, where every courtesy was paid them by the United States officers, and a visit was paid to the U. S. S. Colorado, one of the four cruisers now being fitted out for an extensive voyage to the Orient.

On Thursday the Washington Sheriffs' Association looked after their visitors, arranging in the afternoon sight seeing trips in automobiles to Lakes Union and Washington, and other places of interest, while in the evening they were entertained at the Alhambra theatre.

On Friday they were again the guests of the Washington Sheriffs Association, and a trip was made on the SS. Chippewa to Bellingham, where the salmon traps were visited, the operation of securing the fish being a revelation to the visitors from the east.

The National Prisons Conference being convened for the 14th, several of the sheriffs stayed over, the federal govrnment being represented by W. P. Archibald, inspector of the Dominion penitentiaries.

POWERS WILL RE-ENTER CRETE

People of Turbulent Island Refuse to Haul Down the Greek Flag.

London, Aug. 16.—The Cretan situation, thought to have been peacefully settled, is again causing disturbance, and a naval demonstration by the powers is to be made. The population of Crete has shown such strong Greek sympathies as to induce Crete to defy the order of the protecting powers to haul down the Greek flag, which was raised when the troops of the powers recently evacuated the island. As a result of this difficulty the situation has again become acute. The powers Great Britain, France, Italy and Russia, have ordered warships to Crete and probably will re-occupy the island in order to force compliance with their wishes.

Army Joins Mutineers.

Canea, Crete, Aug. 16.—Nearly the entire Cretan army joined the mutineers today to resist the orders of the powers that the Greek flag be lowered. According to reports the flag will come down before night, and serious trouble is feared. Trouble is also fermenting in the interior and an extensive campaign by foreign forces may be necessary to quell the threatened uprising. A message today states that a number of Moslems have been massacred in the interior. The Cretan government officials have resigned and the administration of the island has been entrusted to provincial committees. The committees have had the armed peasants expelled from the fortress, which they occupied Saturday night, intending to resist the orders of the powers that the Greek flag be lowered.

Warships Arrive.

Italian and French warships are expected to arrive in the harbor today to force compliance with the powers wishes.

The British battleship Swiftsure has arrived in Huda bay, in the western portion of the island.

FIERY SOUTHERNER BEATS OFFENDING NEWSPAPERMAN

Louisville, Ky., Aug. 16.—Present-day journalism and "Old Kentucky" clashed yesterday when Adjutant-General Philip P. Johnston, of the Kentucky National Guard, caned Benny B. Goode, editor of a weekly social and political paper. The general took umbrage at an editorial reference in the paper to him as "General Peacock J. Johnston," and an epigramatic remark that Johnston is a man who spells "me" in capitals and "you" in agate type.

General Johnston, with one of his aides, entered Mr. Goode's office, and when assured by Mr. Goode that the editor had written the objectionable statement, General Johnston laid over Mr. Goode's head and ears with a thick black cane. General Johnston was arrested.

CONSERVATION OF NATURAL WEALTH

Superintendent of Forestry Service Tells of Work of His Department.

R. H. Campbell, superintendent of Dominion forestry, arrived in the city from Ottawa yesterday, on his way to attend the sittings of the B. C. Timber and Forestry commission in Victoria next week. On August 5 and 6 Mr. Campbell represented the Dominion government at the irrigation convention in Lethbridge, Alberta, Hon. Mr. Fulton representing this province. Last week the superintendent visited the International Irrigation Congress in Spokane, Washington, and read a paper on "Forests and Their Relation to Water Supply."

Preserving the Forests.

While in the province Mr. Campbell will have a large amount of work on hand in connection with several great schemes for the preservation of forests and game and the furthering of the movement for irrigation.

Interviewed by a Daily News reporter yesterday Mr. Campbell gave a brief outline of the work of the department in this province. The protection of the forests of British Columbia against fire has been an especial care with the department for many years, and the patrol system has been improved and enlarged to such an extent that now destructive fires are few even in the worst of seasons. The superintendent has been all over the land and speaks from personal knowledge, finding that this year conditions were greatly exaggerated as to damage done and though the destruction last was light, yet this year there was not nearly as much damage, partly due to the damp weather.

Conserving Water Source.

The department, stated Mr. Campbell, is working on a mammoth scheme for the accumulation of the water which now runs to waste through the country, with the object of utilizing it for irrigation and other purposes. Engineers of the department were at present investigating the practicability of storing the water on the watersheds by damming up natural lake basins. Should it prove feasible and an appropriation for the purpose be made, the water would be stored and used to bring tracts of dry lands into cultivation. There is, said Mr. Campbell, far more land to be irrigated than there is water available for the purpose, so that every drop of water stored and used for this purpose means so much more

(Continued on Page Seven).

ALBERTANS WILL VISIT ROYAL CITY

Governor and Premier of Prairie Province Will Be Here Today.

Today Lieut. Gov. G. H. V. Bulyea and Premier A. C. Rutherford, of the province of Alberta, will visit the city.

The distinguished visitors are returning to Alberta after paying a visit to the Seattle exposition, and intended to leave Vancouver this morning for the prairie capital. They were met, however, in Vancouver by Secretary C. H. Stuart Wade, of the Board of Trade, and formerly a resident of Edmonton. Mr. Wade interested the governor and premier in this city and the Fraser river and induced them to spend an extra day on the coast and visit New Westminster.

Hon. G. H. V. Bulyea and Hon. A. C. Rutherford will arrive in the city during the afternoon and will be driven around the city and district by Mayor Keary and President J. A. Lee and Secretary Wade, of the Board of Trade. After the drive they will be entertained to dinner at the Russell hotel.

COMMENCE WHEAT HARVEST.

Mud Bay Farmers Begin To Get in This Year's Crop.

Word was received from Mud Bay yesterday to the effect that some of the farmers in that neighborhood had commenced to harvest their wheat crop.

The grain is not ripe throughout the district, and at present it is only some of the farmers having grain under particularly favorable conditions who have commenced to cut. It is expected that cutting will commence throughout the remainder of the district at about the end of the present week.

From the upper valley word has also been received that cutting has commenced in some places, but that the harvest will not become general until the end of the week.

Farmers throughout the valley state that this year's wheat crop is to be of the first order. The grain is sound and healthy, the weather of the last few weeks having been very favorable to it.

Englishmen Are Warned.

London, Aug. 16.—The board of trade issued a warning to English strikebreakers going to Sweden that they are running a grave danger. The notice was issued upon official representations made to the board of trade.

Germans Are Hit Hard By New Taxation

Berlin, Aug. 16.—It is not often that economists get the opportunity to observe an entire nation suddenly trying to adjust itself to an abrupt increase in many of its ordinary living expenses. This is the interesting spectacle which Germany has been presenting during th week owing to the introduction of the new system of taxes and tariffs, the new provisions of which are now being brought into effect.

The result has been to create something like a panic among German retailers and consumers. To just what extent the social and domestic life of the nation will be affected when all the new regulations are in force is yet to be determined; but, from calculations made by experts, it is easy to foresee that the average German houshold in which coffee, tea, beer, cigars, gas lamps, and matches are used is likely suddenly to find its outgo swelling out of all proportions to its income.

The first consequence of the new laws has been an enormous temporary demand for these articles. For days the good housewives of Berlin have been loading up with advance supplies of the commodities on which the tax falls most heavily. The demand for matches for instance, the price of which will rise from 2½ cents to 7½ cents, has been so great that the shops are unable to supply it in spite of the fact that more than 100 carloads of matches have been shipped into Berlin in the last few days.

At the shops of tea and coffee dealers the police in some cases had to be called on to pacify the mob of anxious customers, some of whom came with hand-cars in order to get a sufficient supply.

AMERICA AS SEEN BY AN ITALIAN HISTORIAN

Repetition, Under Modern Form, of Struggle Which Rent Rome for Three Centuries.

Paris, Aug. 16.—Concluding a series of impressions of America which he gained during a recent visit to that country Cuglielmo Ferrero, the Italian historian, finds that the anti-plutocratic movement is essentially a struggle between the old traditions of the puritan democracy and civilization, gold, luxury, and pleasure, a repetition under modern and more complicated forms of the struggle which rent Rome for three centuries.

The rapidity of development, lightning changes in customs and the creation of a multiplicity of new needs, he says, eat up the large earning of the people who, though they are living better and livger than the Europeans, unfortunately have not acquired the habit of saving. Signor Ferrero believes that while the anti-plutocratic movement is a triumph in some directions, it is destined to fail in others because Americans forget in their superb optimism and enthusiasm that the morality of modern civilization is improved.

DELEGATION OF LAYMEN WILL VISIT WEST

Fourteen Missionaries, Denominational Secretaries and Laymen Will Be Here in October.

Toronto, Aug. 16.—Thirty district Layman's conferences will be held in Western Canada during the fall and winter. A delegation of fourteen denominational secretaries, returned missionaries and prominent laymen including several from Toronto will make a tour of the west, holding a convention at Winnipeg on October 1 to 3.

From Winnipeg the delegation will visit Calgary, Medicine Hat, Lethbridge, Macleod, Fernie, Cranbrook, Nelson, Rossland, Grand Forks, Revelstoke, Vancouver, Victoria, New Westminster, Nanaimo, Chilliwack, Kamloops, Golden, Vernon, Red Deer, Strathcona, Edmonton, Saskatoon, Regina, Moose Jaw, Brandon and Portage La Prairie. The Evangelical association which has a membership of 9,000 has just united with the other denominations by appointing a secretary to establish a laymen's missionary department.

CITY GOES AS PART GUARANTOR TO BONDS

Along With Vancouver and North Vancouver Backs $3,000,000 Issue For New Railway.

Mayor Keary was authorized, at last evening's meeting of the council, to sign a request that the provincial government give its careful consideration to the application of the Vancouver Northern Railway Co., to guarantee the interests of the company's bond to the amount of $3,000,000 at 4 per cent. for a period of twenty-five years. The company proposes to build a line through the valley of Seymour creek to the mouth of the Squamish river, connecting there with a line to the Pemberton Meadows.

Mr. Moberly pointed out the great advantages of the construction of the line in opening up valuable mining and timber lands. The company also proposed to harness the "great falls" and supply water by gravitation and electricity to the cities of Vancouver, North Vancouver and New Westminster. The signatures of the mayors of the two former cities were already affixed to the memorandum to the government.

TO DISCUSS BYLAWS.

Public Meeting Called For Monday Evening of Next Week.

A public meeting will be called for next Monday evening at 8 o'clock in the City Hall for the purpose of discussing with the members of the city council the money bylaws which will be voted upon on Wednesday of next week. This decision was reached by the council last night.

Captain Peele, Hugh Burr and C. W. Gillanders were appointed deputy returning officers for the balloting on August 25. The city clerk is returning officer by virtue of his office.

THE DAILY MAIL EXPLODES BOMB

Says That English People Favor the Lloyd-George Budget.

London, Aug. 16.—A bombshell was exploded in British politics last week and practically changed the whole aspect of the situation in regard to David Lloyd-George's budget.

The Chancellor of the Exchequer has been waging, ever since he introduced the financial proposals in the spring, a fight which has been growing more bitter every week. Not for years has a political question in England given birth to such a flood of personal invective as the present discussion of the budget. His opponents began by calling Mr. Lloyd-George a Socialist. They have now reached the point of describing him as a Jack Cade, and, in the approaching defeat, are likely to go even farther in the way of invective.

Mr. Lloyd-Geogre is not the man to accept denunciation mutely, and as his is perhaps the most nimble wit in the British political arena he is a dangerous antagonist to tackle.

A Grudge Against Dukes.

"Mr. Lloyd-George seems, I do not know why, to have a special grudge against Dukes," writes Lord Avebury to a correspondent. "They are twenty-seven in number, and if he confiscated the whole of their property it would only bring in, say, from £20,000,000 to £30,000,000, and affect our taxation for one or two years; after which everything would go on as before, but with this unfortunate dif-

(Continued on Page Three).

New Speller Is Out.

Toronto, Aug. 16.—Following the four Ontario readers published a few days ago comes "The Ontario Public School Speller," issued last night by the department of education.

The new book is in every respect a worthy unit in the new series and while the old book was considered cheap at 25 cents, the new is better and only 15 cents. The present speller follows the English standard laid down by the government in adopting "The Concise Imperial Dictionary," as a criterion. The words ending in "our" retain the English form. Eight grades are marked correspond ing with several Ontario classes and rendering the book available in the other provinces.

B. C. E. R. CO.'S FREIGHT CAR SEVERS EMPLOYEE'S LEG

Vancouver, Aug. 16.—Jack Campbell, an employee of the B. C. E. R. Co., had his leg cut off on the Eubrne line yesterday afternoon. Campbell was engaged in uncoupling two freight cars when the accident occurred. Just as he had uncoupled the cars and given the signal to go ahead he slipped and fell with one leg on the track. The car moved forward cutting his leg clean off. He was removed to the Vancouver hospital, and is now reported doing well.

CITY GETS TITLES TO INDIAN RESERVES

Mayor Makes Important Announcement—Many Matters Before Council.

Last night was a busy time for the mayor and corporation, many matters of importance having accumulated on the order list for the session

The mayor reported that with regard to the Indian reserves adjoining the city he had received notice from the provincial secretary that a quit-claim had been granted by the executive council. This, he stated, made it possible for the city to deal direct with the Indians for the purchase of the lands included in the reserves.

B. C. E. R. Power Wire.

The B. C. Electric Railway brought before the council a scheme to enable them to carry their 40,000-volt power wires to the Fraser river bridge, and this was discusssed and agreed to. In addition to the passing of the monthly accounts and the disposal of an unusually long list of communications come the reading of the many tenders for the supply of steel pipe required by the city. This proved a long task. The matter was left to a special meeting of the council on Monday evening at 7 o'clock, prior to the public meeting.

Tenders for Pipe.

The tenders were for 24-inch steel pipe for the construction of the proposed new water main, and twelve tenders were received, exclusive of two for wooden pipe. The tenderers were Drary & Co., Montreal; Robson & Co., Montreal; Jens Orton & Co., Montreal; Vulcan Iron Works, New Westminster; Evans, Coleman & Evans, Vancouver; Vancouver Engineering Works; C. Gardiner Johnston &

(Continued on Page Seven).

GOES TO SANDHEADS.

Dredge Fruhling Left Port to Resume Work on River Yesterday.

The Dominion Government dredge Fruhling which for some weeks past has been berthed at the Government wharf undergoing repairs to the machinery, cleared yesterday for the sandheads at the mouth of the river.

While moored at the Government dock the Fruhling underwent a thorough overhauling and is now in first rate working order. She will probably be engaged at the handheads for some time.

NEW WESTMINSTER LOOKS GOOD TO BELLINGHAM MAN

A. C. Blake Sees Great Future Ahead of City—New Tariff Will Make Little Difference.

A. C. Blake, who until recently owned one of the largest hardware stores in Bellingham, and who arrived in this city a few days ago, with a view to making it his future home, is much struck with the possibilities of New Westminster and the district.

"One like myself," said he to the News yesterday, "who comes in from the outside, is, I think, in a better condition to size affairs up than people who are living in the midst of them. To me this city appears to have a great future ahead of it. You have all the requisites, and I don't see how New Westminster can fail to become a great city. Personally, I think that I shall endeavor to get in on the ground floor by settling here."

Mr. Blake states that he finds everything here from real estate down to groceries cheaper than in his own part of the country.

"Things have of late been very slack in the Pacific Northwest," said he. "Around Bellingham our chief industry is lumbering, and this has received many hard knocks of late. In the first place we had a hard fight to get rates that would enable us to compete for the market of the middle west with the lumbermen of the south, and then when we had won that fight along came the tariff.

"I do not think," he continued, that the reduction of the tariff on rough lumber from $1.50 to $1.25 is going to injure our part of the country much. In fact I think it will make very little difference in the amount of exportation from Canada. Things had been very stagnant around Bellingham but from now on I look to them to pick up."

Mr. Blake is at present with Anderson & Lusby. He will probably bring his family here in a few months' time.

8:40 a.m.—C. P. R. east (first train) Sapperton, Fraser Mills and Coquitlam.

1:00 p.m.—Vancouver, Central Park and Fraser Arm.

1:30 p.m.—East Burnaby, by courier.

2:30 p.m.—Burquitlam, by courier.

3:30 p.m.—Blaine and Seattle, including all U. S. points.

9:40 p.m.—Second Mail east, and closed mail from Sumas, and Seattle, including U. S. A. matter, and also Fraser Mills.

TINY PARCEL THREATENS LIFE OF THE FINDER

All Paris Wonders Over Fate of Tube Containing $5000 Worth of Radium.

Paris, Aug. 16.—Paris is excited over one of the most curious cases of loss ever known. A gentleman left on a seat in an omnibus a tiny package valued at $5,000. The peculiarity of the package is that it will injure for life the person who picks it up and opens it, being a tube containing salts of radium.

Although one-sixtieth of a grain, its emanations are sufficient to cause fearful and incurable wounds. The fate of the finder who looks into the tube, which is the size of a cigarette, is certain.

No infernal machine was ever so frantically sought as this tiny tube by the Paris police. All the omnibusses were searched and swept, and urgent warnings were posted in public places. The newspapers united in advertising notice to the finder not to open it.

Nearly a week has now passed since the packet disappeared. Hope of its immediate recovery is about abandoned. The imagination of a fiction writer might find a thrilling field in depicting the adventures of the mysterious, fatal tube, should it turn up in years to come, in a series of fearful works of mischief and terror.

Lever Brothers, Toronto, will send you free a cake of their famous Plantol toilet soap, if you mention this paper.

Railway Time Tables

B. C. E. R. Westminster Branch.

Week Day Schedule.

Cars leave Vancouver for New Westminster at 5:50, 6:50, 7:20 and 8:00 a.m., and every half hour thereafter until 11:30 p.m.

Cars leave New Westminster for Vancouver at 5:50, 6:20, 6:50, 7:20 and 8:00 a.m., and every half hour thereafter until 11:00 p.m.

Sunday Schedule.

Cars leave Vancouver for New Westminster at 8:00 and 9:00 a.m., and every half hour thereafter until 11:30 p.m.

Cars leave New Westminster for Vancouver at 8:00 a.m., and every half hour thereafter until 10:00 p.m. Last car 11:00 p.m.

BOLIVIA MAY FIGHT PERU TO GET PORT

Inland Country Is Desirous Of Ocean Outlet, and May Get Chile's Help.

Washington, Aug. 16.—Is Bolivia seeking a pretence to bring on a war with Peru?

This question is being asked seriously by South American diplomats who are watching every development in the situation in which Argentina, Bolivia and Peru are directly interested and Chile and Brazil indirectly. Some of the diplomats profess to think that the excitement in Bolivia over the Argentine award, which was favorable to Peru is really a blind on the part of politicians there to bring about an armed conflict, nominally to secure a more satisfactory adjustment of the boundaries of the disputed tract but actually aimed at territorial conquest.

Bolivia has no sea coast. A successful war with Peru might give her an outlet to the sea by demanding as an indemnity Noque Gua province, the southernmost in Peru and adjoining the Chilean frontier. In that province is the harbor of Ilo, at the mouth of the river of that name. The harbor is said to be an excellent one, and its acquisition by Bolivia would be of great advantage to her.

Chile's probable attitude in the event of hostilities between Bolivia and Peru is being discussed with much animation. Her financiers have been spending considerable money in the work of railroad construction in Bolivia, and the popular sympathies are believed to be with that country. Her unfriendliness for Peru dates back to the Chilean-Peruvian war of a quarter of a century ago.

With Chile's assistance Bolivia would have a decided advantage and from the military standpoint, it is believed, could more easily effect the prior occupation of the disputed tract because of the practical impossibility of Peru's transporting men and munitions of war.

FRANCE MAKES PLANS FOR ARMY OF NEGROES

May Call Up Army of 100,000 Blacks to Take Place of Native Frenchmen.

Paris, Aug. 16.—Is the negro destined to be the soldier of the future? France is so pleased with the record of th 2,000 black men in her army that she is considering the idea of recruiting from her West African possessions an army of 100,000 negroes available for service in France or wherever French troops are called.

The father of the scheme is Col. Mangin, who proposes that the French conscription law be extended to the African colonies with their native population of 12,000,000. This would give a black force of 100,000 with a reserve of 500,000.

French experience with black troops proves them faithful, easily controlled fond of military life, brave and even foolhardy in the presence of danger.

It is recalled, too, that France has reason to respect the prowess of the blacks, for the Haitians not only drove out the French from Santo Domingo, but successfully defied Napoleon's veteran troops and Generals.

It is probable that Parliament will shortly authorize the enlistment of at least 40,000 blacks for service in Algeria, as it is deemed unwise to garrison Algerian posts with Arabs. Arabs who are enlisted in the future will be brought to France.

The Daily Mail Explodes Bomb

(Continued from Page 1.)

ference—that the security of property would have been shaken, enterprise and thrift would hav been discouraged, and capital driven out of the country."

The Duke of Portland, one of the great London landlords, has been singled out for attention, which his grace resented to such a degree that he addressed a meeting of his tenants at Welbeck Abbey and delivered himself of his opinion on the budget. The Chancellor's speeches, he said, he read with surprise, sorrow and a certain measure of contempt.

Journalistic Volte-Face.

But a blow was dealt the Unionist party which has thrown it into complete disarray, horse, foot and artillery—in other words, both Lords and Commons. This was the admission by the Daily Mail that the country generally is not sympathizing with the hard case of the ducal and other landowners menaced by Mr. Lloyd-George, but, on the contrary, is welcoming the promises of an amelioration of the lot of other classes of the population promised by the budget.

Coming from a paper which had hitherto been strongly denunciatory of the Lloyd-Georgian proposals, that volte-face is a political sensation on a grand scale. The attitude of the Daily Mail is taken by friends and foes alike to mean that David Lloyd-George's is the winning side—the side on which are the big batteries, which make journalistic as well as Napoleonic successes.

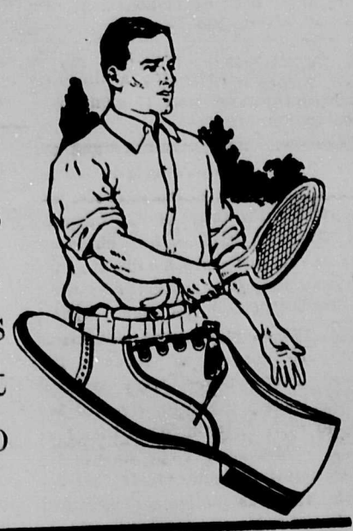
Save Dollars on SHOES

Would you like to save a few dollars on Shoes? It's an easy proposition. Here's the situation in a nutshell: Fall's already treading on our heels, and Fall Shoes must have room. If we fail to close out the remainder of our Summer Shoes right now we'll have to carry them over to next season and our Fall Shoes won't have a fair show. There's only one thing to do. It's this:

HAVE A SHOE SALE!

That's our only salvation, and HERE WE GO!

Plenty of time yet to buy Summer Shoes, but little time in which to sell them. The shoes must go! Big shoes, little shoes, all sorts of shoes included in this sale. Now is the time to root out the old pocketbok. It can do so much for so little.



Ponder a moment on these prices, then act quickly.

MEN'S $5.00 AND $6.00 SHOES FOR ... ...$3.75 AND $3.95

MEN'S $3.50 BOOTS FOR ...$2.50

MEN'S $3.00 WHITE CANVAS BOOTS FOR $1.50

MISSES AND CHILDREN'S SHOES AT ALMOST YOUR OWN PRICE.

LADIES' $4.00 EMPRESS SHOES FOR ... ...$2.50 AND $3.50

LADIES' $4.00 FINE LACE BOOTS FOR $1.95

LADIES' HOUSE SLIPPERS ..95c

LADIES' $1.75 WHITE CANVAS OXFORDS 95c

THIS'LL BE A GREAT WEEK FOR BARGAINS—CAN YOU STAY AWAY?

TUESDAY, AUGUST 17, 1909.

A COLLEGE CAREER.

The advantages of a university carer to the average young man are unbounded. It is there that the uncouthness of a narrow bringing up is dispelled, and men are taught to rub shoulders not only one with the other, but with the world at large. To broaden their ideas, enlarge their sympathies, and fit them for the life-work before them, a college life is indispensable. In this respect the Toronto Globe says:

"A New York business man, out of his wide experience in business life, in the United States, came to the conclusion that "a man can't keep a steady hold on morality unless he may occasionally get away out of ceaseless, business rush and have the chance of facing himself manfully before the bar of his own conscience." Out of that conviction has grown an interesting movement among the laymen of the Roman Catholic church in New York city. A building at Fordham University has been set apart for the use of men from the city who may spend their week-ends there in "retreat." Addresses and meetings of a devotional sort will fill up part of the time. Several hours each day will be spent in individual meditation and self examination in the quiet of each man's own room. It is believed that this opportunity for "examination of conscience" will be accepted by very many Catholic laymen during the year.

"This is only one more instance of what every student of life in America finds in the midst of the superficial din and materialism of our every day affairs. The din fills all ears and the materialism is vulgar and obstrusive enough all over this continent, but deeper than all else, more significant because more penetrating, is the inextinguishable desire for a life that is more than meat or raiment or a good time.

"No man knows university and college life in the chief academic centres of the United States and Canada who has not felt the throb of this new and irrepressible passion for character and for service which disturbs the old-time pose of negation and indifference among college men. There never was as much vital religion in American colleges as there is just now. There never were so many college leaders eager for lives of service to their fellow-men as there are today. The most virile life in the great university centres is impelled by the religious motive. The matriculants of today enter an atmosphere entirely different from what it was a generation ago. It may not be always orthodox or even ostensibly religious, but it is not agnostic or self-centred or blatantly irreverent.

"From the colleges that spirit is spreading to the ordinary walks of life. There is a stirring among the dry bones. The sensual lives of the smart set, the libertinism of men of wealth, and the selfish indolence of women of fashion disgust people who formerly took these things for granted. The Roman Catholic man of business who arranges regular occasions for "facing himself manfully before the bar of his own conscience" has his kindred spirits in all the churches, and outside the church pale, where men try to keep a grip on themselves and on the things that count.

It is just such incidents as these, suggestive of new conditions, that give encouragement to all who hope for the redemption of our modern civilization. The prophets of pessimism may still moan "I only am left," but the men of vision and of faith know that those who have not bowed the knee to Baal are a great and a growing host."

THE GREATEST GENERAL IN THE WORLD.

Under whatever title the British nation may choose to confer on him, Lord Kitchener is today beyond question the most eminent military man in the world. Lord Roberts, who made his great prestige in India and Afghanistan, has passed; General Gallifet, the last of the Franco-Prussian War French commanders, died a few days ago; not a single eminent German commander in that war has survived; all the generals of any note in the American Civil War have long since gone over to the majority; there is no one of any nationality left to dispute Lord Kitchener's pre-eminence in the way of actual achievement and well-established reputation.

That reputation is based, not on mere success as a strategist in campaign work, but much more on the application of scientific methods to the crushing of his enemy. He brought scouting to a high state of perfection, and was himself the most efficient scout in his army. He took years to prepare for his Soudan campaign by organizing and equipping his army and by constructing a railway for the transportation of both troops and supplies. He has the faculty of holding everything in reserve until the right moment comes to strike, and then striking with a force that nothing can resist.

Lord Kitchener's temper is proof against annoyance of every sort. As nothing ever ruffles him, he is always at his best and on the alert. In five years he not only reorganized the army in India, but put Lord Curzon out of the way in order that he might carry out his plans. Before another five years have elapsed he will probably have made the most of the British "regular army" and also of the British "territorial army." What either or both will be like when he has had his way with them no man can at present say, but that they will be effective as a fighting machine is as sure as any future event can be.

His most difficult task will be to bring the colonial forces into effetcive military relations with the British army proper. He will have to move warily in order to secure the co-operation of the colonial authorities, but he is not likely to spoil everything by trying to accomplish too much or trying to accomplish anything too suddenly. His staying powers are marvellous, and he will need them in his new position. Of course his way to success has been paved to some extent by what is known of his results and his methods, but he is the very last man to trade on past achievements as the only or even the chief means of solving new difficulties.

The outstanding peculiarity of Lord Kitchener's career is the fact that he won his present position not because he had influential backing, or even because there were none to stand in his way, but beause he had democratic ideals to carry out in the face of aristocratic opposition, and succeeded in spite of difficulties formidable enough to bring a man of less ability and persistence to a standstill. His success shows that, contrary to the general impression, contrary also to appearances, Great Britain is today the most democratic country in the world. Before many years have passed the same statement will probably be true of the British army.—Toronto Globe.

GOVERNMENT EXPERIMENTS WITH PEAT AS FUEL

Ottawa, Aug. 16.—The Government has begun the creation of an experimental station for peat. This station is situated on the southern outskirts of the city and the first experiments will be with peat blocks manufactured at Alfred, Ontario, where there is an excellent peat bog.

This experimental station, which is under the care of Dr. Haanel, Dominion Superintendent of Mines, and is fashioned upon the principle of those in Norway and Sweden, will provide tests for the application of peat as a fuel. For instance, its value in the household will be examined, and from that all the long way to its use for smelting. Experts state that the supply of coal in Canada for fuel may be measured, while the supply of peat is possibly unlimited. Therefore, immediate experiments with the latter are calculatd to place the Dominion in possession of an everlasting and wholly adequate fuel. Dr. Haanel is exceedingly optimistic as to the result of the experiments which have proved of immense value in Scandinavia.

The Scrap Book Age.

Chautauqua, N.Y., Aug. 16.—Prof. Richard Burton, of the university of Michigan, scored the magazines and certain classes of newspapers in an address before the Assembly here Saturday.

"This is the scrap-book age," said Prof. Burton. "The country is flooded with a lot of cheap literature unfit for reading. Newspapers are our best educators if they live up to their highest functions. The time is coming when women will take a larger part in our public affairs and enjoy a franchise, and when this time comes there will be a change in regard to the literature that comes into our homes.

Forgot Hubby's Name.

London, Aug. 16.—A woman about 35 years of age, giving the name of Grace Sellin, of Toronto, walked into the police station this morning and asked the detectives to arrest a man she claimed married her on Monday, and skipped out yesterday with all her money. The woman said she first met the man in a King street car on Sunday. He asked her on Sunday night to marry him. On Monday afternoon they drove to London township and were married. Yesterday Her husband left suddenly, taking all her money, about $200, with him. The woman gave the name of a boarding house where she had stayed, and on investigating the police found she had been there but had been put out yesterday because she had no money to pay her board bill. Mrs. Sellin says she has forgotten the name of the man she was married to, but described him as being tall and rather good-looking and a nice talker.

SOCKEYE REMAIN SCARCE IN RIVER

Run Picked Up At Midnight On Sunday, But Has Since Slackened Off Again.

The run of sockeye picked up after midnight on Sunday, and yesterday fair catches were reported at the local canneries. The fishermen in the upper reaches of the river did better than those toward the mouth, and while at the St. Mungo cannery the average catch reported was 250, at the Imperial it was only eighty. The catch was not nearly so large as had been expected and canners and fishermen are disappointed over the scarcity of fish.

The smallness of Sunday night's run is accounted for by the fact that the difference of six hours between the close seasons on the American and Canadian sides of the line allows the fish to get past. While the traps which bar the river to the sockeye are up, during the weekly close season, many fish are able to enter the Fraser, and it is these for which the fishermen always look on Sunday night. The close season on the American side however, ends at noon on Sunday, while on this side of the line it lasts until 6 o'clock. By the time that the fishermen in the Fraser are able to get out their nets on Sunday the fish which passed while the traps were up, have gone by, and the entrance of other large schools is blocked by the traps which were let down six hours earlier.

This probably accounts for the fact that Sunday night's run was heavier in the upper than the lower river. The fish which the upriver fishermen got were those that had escaped the traps during the close season.

Slack Last Night.

Last night the run slackened off again, and from reports received toward midnight it looked as if today's catch were to be small again, probably not above 200 to the boat.

Yesterday's report of the canners' association is as follows:

Bellingham—Canneries have sufficient fish this morning. A considerable number of humpbacks showing up.

Anacortes—Got about 40,000 fish this morning, half sockeyes.

St. Mpngo—Average 250.

Ewens—Average 175.

British America—Average 210.

Brunswick—Average 175.

Phoenix—Average 100.

Scottish Canadian—Average 100.

Imperial—Average 80.

Vancouver—Average 280.

British America cannery reports that license J. L. 4932, Jack Lewis, boat or net not reported or delivered fish to the cannery since August 9.

ITALY JOINS RACE FOR CONQUEST OF THE AIR.

Rome, Aug. 16.—A new military dirigible airship is about to depart from Bracciano, near this city, for Venice. It will carry three passengers, and it is planned the distance of more than 400 miles will be covered with only one stop, at Akoona, for a supply of petrol. The journey is expected to last about seven hours. Great importance is attached to the experiment, as the dirigible must ascend 3000 feet in crossing the Apennines. If the experiment is successful many of these dirigibles will be constructed and this particular one will take part in the grand military manoeuvres in the autumn. King Victor Emmanuel is an enthusiast in aerial navigation.

ENGLISH TAKE MANAGEMENT OF TURKISH NATIONAL BANK

London, Aug. 16.—Sir Henry Babington Smith, secretary to the post-office, has accepted the presidency of the National Bank of Turkey, which is now being formed. Sir Henry has been principal private secretary to the Chancellor of the Exchequer, a clerk in the Treasury, secretary to the British delegations to the Brussels monetary conference and president of the Council of Administration of the Ottoman public debt.

WEST ONTARIO WOULD BECOME SEPARATE PROVINCE

PortArthur, Ont., Aug. 16.—J. G. G. Bagely has announced that a public meeting will be held in a few days to discuss separation from Old Ontario and the forming of a new province on account of dissatisfaction of the government's timber policy.

GERMAN STATIONS IN SOUTH PACIFIC

Capital Has Been Removed to Simptonshaven and Many Improvements Effected.

Sydney, Aug. 16.—There have just been signified development at Simptonshaven, the principal German station in the South Pacific. The German government has decided to remove the capital of the German possessions thither from Herbertshohe. Wharfs at Simptonshaven, capable of accommodating the largest ships, have already been erected. Provisions have been made for a future coaling base. Tracks usable for military purposes extend to the surrounding hills. A residental area has been planned. Simptonshaven is a natural land locked harbor, capable of being rendered impregnable in a short time. Reports of private visitors have been furnished to the federal military authorities.

KING EDWARD WORKS TO SHUT OUT KAISER

Britain's Monarch's Fine Hand Apparent in Arrangements for Visit of King Emanuel of Portugal.

Lodon, Aug. 16.—Th fine hand of King Edward is seen in the arrangements for the approaching visit of King Manuel of Portugal to this country, but it is held by many diplomats that before these arrangements reach fulfilment they may be disturbed by the heavy hand of Edward's German nephew. They point out that the Kaiser has not forgotten his uncle's former efforts to build a corral about him with a series of treaties with the surrounding powers, and they point out moreover that something of the same "excluding" methods is being attempted again.

Thus it is announced from Lisbon that, while King Manuel will sail from Portugal on Queen Anelia's yacht and be escorted by a Portuguese cruiser, his real, his imposing guard of honor, will be a squadron of British warships. It is also pointed out that while the official program announces that after leaving England King Manuel will spend three days at Paris and ten days at Madrid, no mention is made of any intended visit to Germany or of any arrangements for a meeting with the ruler of Europe's great military power.

HIGH CHOKERS ARE CUASE OF HEADACHE

London, Aug. 16.—A Vienna doctor has discovered that one of the most frequent causes of headaches is the tight and high collar. He has been experimenting with various patients and he finds that these who suffer from headaches very often are almost always those who are in the habit of wearing high collars.

His attention was drawn one day to the high neckband of a woman patient who was subject to violent pains in the head and dizziness. He persuaded her to lay aside this form of neckwear, with the result that the compression of the neck ceased and she was cured.

Struck by this result, the doctor has paid particular attention to the collars worn by his headache patients and in almost all cases the change to lower and easier neckbands gave a beneficial result. The doctor declares that nobody with any tendency to headache should wear a high collar.

SPORTING NEWS

SATURDAY'S GAME WILL BE POSTPONED

Such Sems to Be the Probability at Present Time—Salmon Bellies Getting Back to Form.

It now seems to be almost certain that there will be no lacrosse game on Saturday of the present week.

For some time past negotiations have been going on between New Westminster and Vancouver for the postponement of the game booked for next Saturday, and although up to last night no definite agreement had been arrived at, it appeared from utterances of the officials of the local club to be extremely probable that the game would be called off.

Vancouver wishes to call the game off, because Con Jones wishes to attend the opening of the race track on Lulu Island. New Westminster wants to call the game because it is feared that the counter attraction of the opening of the Minoru club would have the effect of hurting the attendance.

Also the Salmon Bellies could do very nicely with a little more rest. If necessary the boys could play on Saturday. Doughey's nose is not yet quite well, but he would be in a condition to play by Saturday. The other men have all been resting since the last game, and are now in very good shape.

If nothing untoward happens in the meantime, it looks very much like a sure thing for New Westminster in the next game. If they could beat Vancouver without Doughey Spring and with Rennie off for a part of the game, they should be able to run rings round them, with those two redoubtables on again. And they will be on again when next the teams meet.

And one more game to New Westminster squashes all Vancouver's hopes of the Minto cup for this season.

CRICKET

Calgary and Victoria were the winners in the big interprovincial tournament which commenced in Vancouver yesterday. Victoria beat Portland by 14 runs, while Calgary took the game from Vernon by 98.

Vancouver and Seattle and the Burrards and Vernon will meet today.

Honors for Sergeant BlackBurn.

Winnipeg, Aug. 16.—A civic reception awaist Sergt. Blackburn upon his return from Bisley. He will be presented with a gold watch and chain by Mayor Evans on behalf of the city.

REVIVE PLAN FOR ATHLETIC ASSOCIATION

Scheme for the Establishment of Club for This City Is Again Receiving Consideration.

The agitation for the establishment of an athletic club in this city has been renewed, and it looks very much as if some definite steps would be taken in the near future.

At the present time the move is confined to a number of citizens interested in athletics, and the present is not regarded as an opportune time for springing the scheme upon the general public. Although, however, no general canvass has been made, it is understood that over three thousand dollars have been promised, while it is further stated that one public-minded citizen has offered the use of a valuable piece of property as a site for the proposed building.

At the present time the mind of the public is occupied with outdoor sports. It is probable, however, that with the coming of the fall and the renewal of interest in indoor athletics an appeal will be made to the general public.

The plan is to start an amateur athletic association in this city, having its own building, provided with baths, gymnasium and all the other outfit of the regular club. It is anticipated that such an institution would serve as a headquarters for amateur athletics in this city.

HORSES ARRIVE FOR MINORU CLUB MEET

Vancouver, Aug. 16.—About two hundred horsese are now quartered at Minoru club and more are coming just as fast as the railroads and steamship companies can bring them. By Saturday, when the first race meeting under the auspices of the British Columbia Thoroughbred association begins, there will be six or seven hundred speedy equines quartered at the fine new racecourse at Brighouse Station, Lulu island. Th 370 horses which have been racing at the Willows track, Victoria, will require the greater part of the week to get here as the stamship companies are finding it quite a problem to bring them all over in a hurry. Every boat yesterday and today brought its quota.

B. C. RIFLE TEAM REACHES TORONTO ON WAY TO SHOOT

Toronto, Aug. 16.—The British Columbia rifle team which will compete in the annual shoot of the Ontario Rifle association at the Long Branch ranges, arrived last night with all the men in good shape. There are over three hundred entries for the meet and the shooting commences tomorrow. There will be fourteen British Columbia men competing. The conditions appear favorable.

FIRE IS QUENCHED IN CUNARD LINER

Big Vessel Which Was Sunk on Sunday to Extinguish Blaze Is Now Refloated.

Liverpool, Aug. 16.—The Cunard line steamer Lucania, which was seriously damaged by fire and sunk at the Huskisson dock last night, has been refloated with the aid of tugs and pumps and today sho is being drydocked for repairs.

The fire broke out on the big liner Saturday evening and is supposed to have originated in the saloon kitchen. The flames spread until they reached the steerage, consuming all the woodwork and then attacked the fore hold. Thousands of persons were attracted to the river to watch the flames shoot from the vessel which was a roaring furnace.

Early Sunday morning the vessel was flooded and soon settled on the mud bottom. The second class quarters and the after part of the boat, including the engine room, escaped injury and little damage was done to the exterior of the vessel. Some of the hull plates were warped by the heat.

ADDITIONAL CITY NEWS.

The tug Flyer left port yesterday afternoon with a scow of rock from Gilley Bros., consigned to the municipality of Point Grey.

A parade of A and B Companies of the Sixth D. C. O. R. will be held in the armories this evening in preparation for the expedition to Seattle in connection with the dedication of the Vancouver arch there on Saturday. The Vacouver companies parade tomorrow evening.

A sailor from the Canadian Mexican steamship Georgia raised a storm at the city police station last night, when arrested for drunkenness and disorderly conduct. He was found by a constable lying apparently dead to the world on the street, after having assaulted another man, and was taken to the station. He remained fairly quiet until the police commenced to search him, then he attempted to fight. He was overpowered and put away in the cells to cool off.

D. J. McQuarrie, local manager of the B. C. Electric Railway Co., his brother A. L. McQuarrie, the Misses Morrison, Miss McKinnon of Portage la Prairie, and Miss Wilson of Seattle, cousins to M. McQuarrie, returned yesterday from a camping trip at his summer home near Pender harbor.

Some Aeroplane, This!

Toronto, Aug. 16.—Behind locked doors a Toronto man is working on an aeroplane that he claims will make him world famous as an aviator. The aeroplane will carry three people, can stay in the air more than half-a-day, travel 30 miles an hour, and is run by a four h.p. cylinder gasoline engine. If the first flight succeeds the aviator will try to fly across the lake to Niagara, a distance of thirty miles.

ADVERTISE IN THE NEWS

Advertising Debenture By-Law, 1909.

A By-law to enable the Council of the City of New Westminster to raise by loan the sum of Four Thousand ($4000.00) Dollars for the purpose of advertising the City.

Whereas, it is expedient to expend the sum of Four Thousand ($4000.00) Dollars in advertising the City and that the said sum should be raised on the credit of the Corporation.

And Whereas, It appears that if the sum of Four Thousand ($4000.00) Dollars be appropriated from the general revenue of the City for the current year the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the Corporation, and that debentures should be issued for that amount.

And, Whereas, for the payment of interest on the debentures proposed to be issued under this By-Law, and for creating a sinking fund for the payment of the said debentures when due, it will be necessary to raise by special rates, in addition to all other rates, each year during the currency of the said debentures, the sum of Two Hundred and Thirty-Five and 46-100 ($235.46) Dollars.

And, Whereas, in order to raise the said yearly sum of Two Hundred and Thirty-Five and 46-100 ($235.46) Dollars an equal special rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster;

And, Whereas, the whole rateable property of the said City, according to the last revised assessment roll thereof, is Five Millions, Three Hundred and Ninety-One Thousand, Four Hundred and Forty-Five ($5,391,445.-00) Dollars.

And, Whereas, the total amount of the existing debenture debt of the said City is One Million, Two Hundred and Nineteen Thousand, One Hundred ($1,219,100.00) Dollars irrespective of the sum of Three Hundred and Ninety-four Thousand ($394,000.-00) Dollars proposed to be raised under the "Hospital Debenture By-law 1909," the "Waterworks Debenture By-law 1909," the "Street Improvement By-law 1909," the "Incinerator Debenture By-law 1909," and the "City Gaol Debenture By-law 1909," of which none of the principal or interest is in arrears.

Now therefore the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the debentures, hereinafter mentioned, any sum or sums of money, not exceeding in the whole the sum of Four Thousand ($4000.00) Dollars and to cause the same to be paid into the Treasury of the said City for the purposes mentioned herein.

2. It shall be lawful for the Mayor to cause any number of debentures to be made, not exceeding in the whole the sum of Four Thousand ($4000.00) Dollars, for such sums of money as may be required, not less than $100.00 each, or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland, at a value of 4.866 to the pound sterling; and all such debentures shall be sealed with the Seal of the Corporation signed by the Mayor and countersigned by the Treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

3. The said debentures shall be payable on the first day of July 1959, at such place or places as the Council of the said Corporation may from time to time appoint, with the approval of the holders thereof, and shall have attached to them coupons for the payment of interest at the rate of five per centum per annum on the amount thereof, which interest shall be payable half yearly on the first of January and the first day of July, in each and every year, and the said coupons shall be signed by the said Mayor.

4. A special rate on the dollar shall be levied and raised in each year, in addition to all other rates on all rateable property of the City, sufficient to pay the interest on the debentures, and to create a sinking fund for the payment of the principal thereof when due, subject to any Act or enactment respecting the same.

5. Subject as aforesaid, there shall be raised annually by special rates as aforesaid, during the currency of the said debentures, the sum of Two Hundred ($200.00) Dollars for the payment of interest thereon, and the sum of Thirty-Five and 46-100 ($35.46) Dollars to provide for the repayment of the principal

6. The proceeds of the sale of the said debentures shall be applied as follows, and not otherwise: Towards paying the cost of the passing of this By-law and the issue and sale of the debentures therein referred to.

7. This By-law shall take effect on the 25th. day of August 1909, and may be cited as the "Advertising By-law 1909."

8. This By-law before the final passing thereof, shall receive the assent of the electors of the said City in the manner required by law.

Received the assent of the electors on the.....day of.....1909.

Reconsidered and finally passed in open Council the.....day of..... 1909.

City Clerk. Mayor.

NOTICE.

Take notice that the above is a true copy of the proposed By-law which will be taken into consideration by the Municipal Council of the City of New Westminster one month from the date of the first publication thereof in the "Daily News" and "Daily Columbian" newspapers, which first publication took place on the 22nd. day of July 1909, and that a vote of the electors of the City will be taken on the said proposed bylaw on the 25th day of August, 1909, between the hours of nine o'clock a.m. and five p.m., at the following places, namely: The Council Chamber, civic building; the Fire Hall, Sapperton; and the Waterworks Storehouse, Eleventh street.

W. A. DUNCAN,
City Clerk.

City Hall, July 22nd, 1909.

City Gaol Debenture By-Law, 1909.

A By-law to enable the Council of the City of New Westminster to raise by loan the sum of Six Thousand ($6000.00) Dollars for the purpose of building a City Gaol and Police Court Room.

Whereas, it is expedient to erect a building to be used as a City Gaol and Police Court Room, and to use that portion of the Civic Building, now used for those purposes, for other purposes and to expend the erection of the said building the sum of Six Thousand ($6000.00) Dollars, and that the said sum should be raised on the credit of the Corporation.

And Whereas, It appears that if the sum of Six Thousand ($600.00) Dollars be appropriated from the general revenue of the City for the current year the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the Corporation, and that debentures should be issued for that amount.

And, Whereas, for the payment of interest on the debentures proposed to be issued under this By-Law, and for creating a sinking fund for the payment of the said debentures when due, it will be necessary to raise by special rates, in addition to all other rates, each year during the currency of the said debentures, the sum of Three Hundred and Fifty-three and 19-100 ($353.19) Dollars.

And, Whereas, in order to raise the said yearly sum of Three Hundred and Fifty-three and 19-100 ($353.19) Dollars an equal special rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster.

And, Whereas, the whole rateable property of the said City, according to the last revised assessment roll thereof, is Five Millions, Three Hundred and Ninety-One Thousand, Four Hundred and Forty-Five ($5,391,445.-00) Dollars.

And, Whereas, the total amount of the existing debenture debt of the said City is One Million, Two Hundred and Nineteen Thousand, One Hundred ($1,219,100.00) Dollars irrespective of the sum of Three Hundred and Ninety-Two Thousand ($392,000.-00) Dollars proposed to be raised under the "Hospital Debenture By-law 1909," the "Waterworks Debenture By-law 1909," the "Street Improvement By-law 1909," the "Incinerator Debenture By-law 1909," and the "City Gaol Debenture By-law 1909," of which none of the principal or interest is in arrears.

Now therefore the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the debentures, hereinafter mentioned, any sum or sums of money, not exceeding in the whole the sum of Six Thousand ($6000.00) Dollars and to cause the same to be paid into the Treasury of the said City for the purposes mentioned herein.

2. It shall be lawful for the Mayor to cause any number of debentures to be made, not exceeding in the whole the sum of Six Thousand ($6000.00) Dollars, for such sums of money as may be required, not less than $100.00 each, or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland, at a value of 4.866 to the pound sterling; and all such debentures shall be sealed with the Seal of the Corporation signed by the Mayor and countersigned by the Treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

3. The said debentures shall be payable on the first day of July 1959 at such place or places as the Council of the said Corporation may from time to time appoint, with the approval of the holders thereof, and shall have attached to them coupons for the payment of interest at the rate of five per centum per annum on the amount thereof, which interest hall be payable half yearly on the first of January and the first day of uly, in each and every year, and the aid coupons shall be signed by the aid Mayor.

4. A special rate on the dollar hall be levied and raised in each ear, in addition to all other rates on all rateable property of the City, sufficient to pay the interest on the debentures, and to create a sinking fund for the payment of the principal thereof when due, subject to any Act or enactment respecting the same.

5. Subject as aforesaid, there shall be raised annually by special rates as aforesaid, during the currency of the said debentures, the sum of Three Hundred ($300.00) Dollars for the payment of interest thereon and the sum of Fifty-Three and 19.100 ($53.19) Dollars to provide for the repayment of the principal.

6. The proceeds of the sale of the said debentures shall be applied as follows, and not otherwise: Towards paying the cost of the passing of this By-law and the issue and sale of the debentures therein referred to.

7. This By-law shall take effect on the 25th. day of August 1909, and may be cited as the "City Jail Debenture By-law, 1909."

8. This By-law before the final passing thereof, shall receive the assent of the electors of the said City in the manner required by law.

Received the assent of the electors on the.....day of.....1909.

Reconsidered and finally passed in open Council the.....day of..... 1909.

City Clerk. Mayor.

NOTICE.

Take notice that the above is a true copy of the proposed By-law which will be taken into consideration by the Municipal Council of the City of New Westminster one month from the date of the first publication thereof in the "Daily News" and "Daily Columbian" newspapers, which first publication took place on the 22nd. day of July 1909, and that a vote of the electors of the City will be taken on the said proposed bylaw on the 25th day of August, 1909, between the hours of nine o'clock a.m. and five p.m., at the following places, namely: The Council Chamber, civic building; the Fire Hall, Sapperton; and the Waterworks Storehouse, Eleventh street.

W. A. DUNCAN,
City Clerk.

City Hall, July 22nd, 1909.

Waterworks Debenture By-Law, 1909.

A By-law to enable the Council of the City of New Westminster to raise by loan the sum of Two Hundred and Thirty-Four Thousand ($234,000.00) Dollars for the purpose of increasing the capacity of the City Waterworks System.

Whereas, it is expedient to construct an additional Main Pipe Line for the City Waterworks System from Coquitlam Lake to the Queen's Park Reservoir, and also from the Reservoir to the City limits on Lulu Island, and for that purpose to expend the sum of Two Hundred and Thirty-Four Thousand ($234,000.00) Dollars.

And Whereas, It appears that if the sum of Two Hundred and Thirty-Four Thousand ($234.00) Dollars be appropriated from the general revenue of the City for the current year the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the Corporation, and that debentures should be issued for that amount.

And, Whereas, for the payment of interest on the debentures proposed to be issued under this By-Law, and for creating a sinking fund for the payment of the said debentures when due, it will be necessary to raise by special rates, in addition to all other rates, each year during the currency of the said debentures, the sum of Thirteen Thousand, Seven Hundred and Seventy-Four and 52-100 ($13,774.52) Dollars.

And, Whereas, in order to raise the said yearly sum of Thirteen Thousand Seven Hundred and Seventy-Four and 52-100 ($13,774.52) Dollars an equal special rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster;

And, Whereas, the whole rateable property of the said City, according to the last revised assessment roll thereof, is Five Millions, Three Hundred and Ninety-One Thousand, Four Hundred and Forty-Five ($5,391,445.-00) Dollars.

And, Whereas, the total amount of the existing debenture debt of the said City is One Million, Two Hundred and Nineteen Thousand, One Hundred ($1,219,100.00) Dollars irrespective of the sum of One Hundred and Sixty-Four Thousand ($164,000.-00) Dollars proposed to be raised under the "Hospital Debenture By-law 1909," the "Waterworks Debenture By-law 1909," the "Street Improvement By-law 1909," the "Incinerator Debenture By-law 1909," and the "City Gaol Debenture By-law 1909," of which none of the principal or interest is in arrears.

Now therefore the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the debentures, hereinafter mentioned, any sum or sums of money, not exceeding in the whole the sum of Two Hundred and Thirty-Four Thousand ($234,000) Dollars, and to cause the same to be paid into the Treasury of the said City for the purposes mentioned herein.

2. It shall be lawful for the Mayor to cause any number of debentures to be made, not exceeding in the whole the sum of Two Hundred and Thirty-Four Thousand ($234,000) Dollars, for such sums of money as may be required, not less than $100.00 each, or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland, at a value of 4.866 to the pound sterling; and all such debentures shall be sealed with the Seal of the Corporation signed by the Mayor and countersigned by the Treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

3. The said debentures shall be payable on the first day of July 1959, at such place or places as the Council of the said Corporation may from time to time appoint, with the approval of the holders thereof, and shall have attached to them coupons for the payment of interest at the rate of five per centum per annum on the amount thereof, which interest shall be payable half yearly on the first of January and the first day of July, in each and every year, and the said coupons shall be signed by the said Mayor.

4. A special rate on the dollar shall be levied and raised in each year, in addition to all other rates, on all rateable property of the City, sufficient to pay the interest on the debentures, and to create a sinking fund for the payment of the principal thereof when due, subject to any Act or enactment respecting the same.

5. Subject as aforesaid, there shall be raised annually by special rates as aforesaid, during the currency of the said debentures, the sum of Seven Hundred and Forty-Four and 52-100 ($2074.52) Dollars to provide for the repayment of the principal.

6. The proceeds of the sale of the said debentures shall be applied as follows, and not otherwise: Towards paying the cost of the passing of this By-law and the issue and sale of the debentures therein referred to.

7. This By-law shall take effect on the 25th. day of August 1909, and may be cited as the "Waterworks Debenture, By-law, 1909."

8. This By-law before the final passing thereof, shall receive the assent of the electors of the said City in the manner required by law.

Received the assent of the electors on the.....day of.....1909.

Reconsidered and finally passed in open Council the.....day of..... 1909.

City Clerk. Mayor.

NOTICE.

Take notice that the above is a true copy of the proposed By-law which will be taken into consideration by the Municipal Council of the City of New Westminster one month from the date of the first publication thereof in the "Daily News" and "Daily Columbian" newspapers, which first publication took place on the 22nd. day of July 1909, and that a vote of the electors of the City will be taken on the said proposed bylaw on the 25th day of August, 1909, between the hours of nine o'clock a.m. and five p.m., at the following places, namely: The Council Chamber, civic building; the Fire Hall, Sapperton; and the Waterworks Storehouse, Eleventh street.

W. A. DUNCAN,
City Clerk.

City Hall, July 22nd, 1909.

Hospital Debenture By-Law, 1909.

A By-law to enable the Council of the City of New Westminster to raise by loan the sum of Thirty Thousand ($30,000.00) Dollars for the purpose of granting the same to the Royal Columbian Hospital.

Whereas, it is expedient to grant the sum of Thirty Thousand ($30.-000.00) Dollars for the purpose of assisting in the erection of a new building for the Royal Columbian Hospital in this City.

And Whereas, It appears that if the sum of Thirty Thousand ($30,000.00) Dollars be appropriated from the general revenue of the City for the current year the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the Corporation, and that debentures should be issued for that amount.

And, Whereas, for the payment of interest on the debentures proposed to be issued under this By-Law, and for creating a sinking fund for the payment of the said debentures when due, it will be necessary to raise by special rates, in addition to all other rates, each year during the currency of the said debentures, the sum of Seventeen Hundred and Sixty-Five and 96-100 ($1765.96) Dollars.

And, Whereas, in order to raise the said yearly sum of Seventeen Hundred and Sixty-Five and 96-100 ($1765.96) Dollars an equal special rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster;

And, Whereas, the whole rateable property of the said City, according to the last revised assessment roll thereof, is Five Millions, Three Hundred and Ninety-One Thousand, Four Hundred and Forty-Five ($5,391,445.-00) Dollars.

And, Whereas, the total amount of the existing debenture debt of the said City is One Million, Two Hundred and Nineteen Thousand, One Hundred ($1,219,100.00) Dollars irrespective of the sum of Three Hundred and Sixty-Eight Thousand ($368,000.-00) Dollars proposed to be raised under the "Hospital Debenture By-law 1909," the "Waterworks Debenture By-law 1909," the "Street Improvement By-law 1909," the "Incinerator Debenture By-law 1909," and the "City Gaol Debenture By-law 1909," of which none of the principal or interest is in arrears.

Now therefore the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the debentures, hereinafter mentioned, any sum or sums of money, not exceeding in the whole the sum of Thirty Thousand ($30,000.00) Dollars and to cause the same to be paid into the Treasury of the said City for the purposes mentioned herein.

2. It shall be lawful for the Mayor to cause any number of debentures to be made, not exceeding in the whole the sum of Thirty Thousand ($30,000.00) Dollars, for such sums of money as may be required, not less than $100.00 each, or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland, at a value of 4.866 to the pound sterling; and all such debentures shall be sealed with the Seal of the Corporation signed by the Mayor and countersigned by the Treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

3. The said debentures shall be payable on the first day of July 1959, at such place or places as the Council of the said Corporation may from time to time appoint, with the approval of the holders thereof, and shall have attached to them coupons for the payment of interest at the rate of five per centum per annum on the amount thereof, which interest shall be payable half yearly on the first of January and the first day of July, in each and every year, and the said coupons shall be signed by the said Mayor.

4. A special rate on the dollar shall be levied and raised in each year, in addition to all other rates, on all rateable property of the City, sufficient to pay the interest on the debentures, and to create a sinking fund for the payment of the principal thereof when due, subject to any Act or enactment respecting the same.

5. Subject as aforesaid, there shall be raised annually by special rates as aforesaid, during the currency of the said debentures, the sum of Fifteen Hundred ($1500.00) Dollars for the payment of interest thereon and the sum of Two Hundred and Sixty-Five and 96-100 ($265.96) Dollars to provide for the payment of the principal.

6. The proceeds of the sale of the said debentures shall be applied as follows, and not otherwise: Towards paying the cost of the passing of this By-law and the issue and sale of the debentures therein referred to.

7. This By-law shall take effect on the 25th. day of August 1909, and may be cited as the "Hospital Debenture By-law, 1909."

8. This By-law before the final passing thereof, shall receive the assent of the electors of the said City in the manner required by law.

Received the assent of the electors on the.....day of.....1909.

Reconsidered and finally passed in open Council the.....day of..... 1909.

City Clerk. Mayor.

NOTICE.

Take notice that the above is a true copy of the proposed By-law which will be taken into consideration by the Municipal Council of the City of New Westminster one month from the date of the first publication thereof in the "Daily News" and "Daily Columbian" newspapers, which first publication took place on the 22nd. day of July 1909, and that a vote of the electors of the City will be taken on the said proposed bylaw on the 25th day of August, 1909, between the hours of nine o'clock a.m. and five p.m., at the following places, namely: The Council Chamber, civic building; the Fire Hall, Sapperton; and the Waterworks Storehouse, Eleventh street.

W. A. DUNCAN,
City Clerk.

City Hall, July 22nd, 1909.

Street Improvement Debenture By-Law, 1909.

A By-law to enable the Council of the City of New Westminster to raise by loan the sum of One Hundred and Four Thousand ($104,000.00) Dollars for Street Improvements.

Whereas, certain sums of money have this year been expended out of the general revenue of the Ctiy for the construction, improvement and repair of certain streets and sidewalks, and it is expedient that certain additional sums be spent in like manner, amounting in all (with sums already so spent) to the sum of One Hundred and Four Thousand ($104,000.00) Dollars.

And Whereas, It appears that if the sum of One Hundred and Four Thousand ($104,000.00) Dollars be appropriated from the general revenue of the City for the current year the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the Corporation, and that debentures should be issued for that amount.

And, Whereas, for the payment of interest on the debentures proposed to be issued under this By-Law, and for creating a sinking fund for the payment of the said debentures when due, it will be necessary to raise by special rates, each year during the currency of the and debentures, the sum of Six Thousand One Hundred and Twenty-two ($6,122.00) Dollars.

And, Whereas, in order to raise the said yearly sum of Six Thousand One Hundred and Twenty-two ($6,122.00) Dollars an equal special rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster;

And, Whereas, the whole rateable property of the said City, according to the last revised assessment roll thereof, is Five Millions, Three Hundred and Ninety-One Thousand, Four Hundred and Forty-Five ($5,391,445.-00) Dollars.

And, Whereas, the total amount of the existing debenture debt of the said City is One Million, Two Hundred and Nineteen Thousand, One Hundred ($1,219,100.00) Dollars irrespective of the sum of Two Hundred and Ninety-Four Thousand ($294,000.-00) Dollars proposed to be raised under the "Hospital Debenture By-law 1909," the "Waterworks Debenture By-law 1909," the "Street Improvement By-law 1909," the "Incinerator Debenture By-law 1909," and the "City Gaol Debenture By-law 1909," of which none of the principal or interest is in arrears

Now therefore the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the debentures, hereinafter mentioned, any sum or sums of money, not exceeding in the whole the sum of One Hundred and Four Thousand ($104,000,000) Dollars and to cause the same to be paid into the Treasury of the said City for the purposes mentioned herein.

2. It shall be lawful for the Mayor to cause any number of debentures to be made, not exceeding in the whole the sum of One Hundred and Four Thousand ($104,000.00) Dollars for such sums of money as may be required, not less than $100.00 each, or an equivalent expressed in pounds, sterling of the United Kingdom of Great Britain and Ireland, at a value of 4.866 to the pound sterling; and all such debentures shall be sealed with the Seal of the Corporation signed by the Mayor and countersigned by the

S. S. TRANSFER

Incinerator Debenture By-Law, 1909.

A By-law to enable the Council of the City of New Westminster to raise by loan the sum of Twenty Thousand ($20,000.00) Dollars for the purpose of building an Incinerator.

Whereas, it is expedient for the improvement of sanitary conditions in the City that a public Incinerator should be built for the destruction of refuse at the cost of Twenty Thousand ($20,000.00) Dollars.

And Whereas, It appears that if the

sum of Twenty Thousand ($20,000.00) Dollars be appropriated from the general revenue of the City for the current year the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the Corporation, and that debentures should be issued for that amount.

And, Whereas, for the payment of interest on the debentures proposed to be issued under this By-Law, and for creating a sinking fund for the payment of the said debentures when due, it will be necessary to raise by special rates, in addition to all other rates, each year during the currency of the said debentures, the sum of One Thousand One Hundred and Seventy-seven and 30.100 ($1177.30) Dollars.

And, Whereas, in order to raise the said yearly sum of One Thousand One Hundred and Seventy-seven and 30-100 ($1177.30) Dollars an equal special rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster;

And, Whereas, the whole rateable property of the said City, according to the last revised assessment roll thereof, is Five Millions, Three Hundred and Ninety-One Thousand, Four Hundred and Forty-Five ($5,391,445.00) Dollars.

And, Whereas, the total amount of the existing debenture debt of the said City is One Million, Two Hundred and Nineteen Thousand One Hundred ($1,219,100.00) dollars irrespective of the sum of Three Hundred and Seventy-Eight Thousand ($378,000.00) Dollars proposed to be raised under the "Hospital Debenture By-law 1909," the "Waterworks Debenture By-law 1909," the "Street Improvement By-law 1909," the "Incinerator Debenture By-law 1909," and the "City Hall Debenture By-law 1909," of which none of the principal or interest is in arrears.

Now therefore the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, bodies corporate, who may be willing to advance the same on the credit of the debentures, hereinafter mentioned, any sum or sums of money, not exceeding in the whole the sum of Twenty Thousand ($20,000.00) Dollars and to cause the same to be paid into the Treasury of the said City for the purposes mentioned herein.

2. It shall be lawful for the Mayor to cause any number of debentures to be made, not exceeding in the whole the sum of Twenty Thousand ($20,000.00) Dollars for such sums of money as may be required, not less than $100.00 each, or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland, at a value of 4.866 to the pound sterling; and all such debentures shall be sealed with the Seal of the Corporation signed by the Mayor and countersigned by the Treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

3. The said debentures shall be payable on the first day of July 1959, at such place or places as the Council of the said Corporation may from time to time appoint, with the approval of the holders thereof, and shall have attached to them coupons for the payment of interest at the rate of five per centum per annum on the amount thereof, which interest shall be payable half yearly on the first of January and the first day of July, in each and every year, and the said coupons shall be signed by the said Mayor.

4. A special rate on the dollar shall be levied and raised in each year, in addition to all other rates, on all rateable property of the City, sufficient to pay the interest on the debentures, and to create a sinking fund for the payment of the principal thereof when due, subject to any Act or enactment respecting the same.

5. Subject as aforesaid, there shall be raised annually by special rates as aforesaid, during the currency of the said debentures, the sum of One Thousand ($1,000.00) Dollars for the payment of interest thereon and the sum of One Hundred and Seventy-seven and 30-100 ($177.30) Dollars to provide for the repayment of the principal.

6. The proceeds of the sale of the said debentures shall be applied as follows, and not otherwise: Towards paying the cost of the passing of this By-law and the issue and sale of the debentures therein referred to.

7. This By-law shall take effect on the 25th. day of August 1909, and may be cited as the "Incinerator Debenture By-law, 1909."

8. This By-law before the final passing thereof, shall receive the assent of the electors of the said City in the manner required by law.

Received the assent of the electors on the.....day of.....1909.

Reconsidered and finally passed in Open Council the.....day of..... 1909.

City Clerk. Mayor.

NOTICE.

Take notice that the above is a true copy of the proposed By-law which will be taken into consideration by the Municipal Council of the City of New Westminster one month from the date of the first publication thereof in the "Daily News" and "Daily Columbian" newspapers, which first publication took place on the 22nd day of July 1909, and that a vote of the electors of the City will be taken on the said proposed bylaw on the 25th day of August, 1909, between the hours of nine o'clock a.m. and five p.m., at the following places, namely: The Council Chamber, civic building; the Fire Hall, Sapperton; and the Waterworks Storehouse, Eleventh street.

W. A. DUNCAN,
City Clerk.

City Hall, July 22nd, 1909.

WATER NOTICE.

Notice is hereby given that an application will be made under Part V. of the "Water Act, 1909," to obtain a license in the New Westminster Division of New Westminster District.

(a). The name, address and occupation of the applicant is the Vancouver Power Company, Limited, having its head office at the City of Vancouver, British Columbia, having capital of $2,500,000, divided into 2,500,000 shares of $1.00 each, all fully paid up.

(b) The name of the lake, stream or source (if unnamed, the description is an unnamed creek coming from the northeast emptying into Mislilloet river, North Arm Burrard Inlet (Indian River) at or about four miles from its mouth.

(c. The point of division is about five miles fom the junction of said creek with said river.

(d). The quantity of water applied for (in cubic feet per second), 150 cubic feet per second.

(e). The character of the proposed works is the diversion of said creek by means of dam, ditch, flume, natural waterways, tunnels and pipes, and the establishment in connection therewith of a water power plant for the generation of electricity for mechanical, industrial and commercial purposes and particularly in the operation of motors, machinery, electric lighing, tramways and other works for which such light, heat and power are suitable and available.

(f). The premises on which the water is to be used is to generate electric power, light and heat for traction, lighting, heating, manufacturing and all and every industrial or other purposes to which it may be applied.

(i.) If the water is to be used for power or mining purposes describe the place where the water is to be returned to some natural channel, and the difference in altitude between point of diversion and point of return. The water is to be returned to the North Arm of Burrard Inlet at or near the place where the present power house of the applicant is situated. The difference of elevation between point of diversion and point of return is about 2200 feet.

(j). The area of Crown land intended to be occupied by the proposed works will not exceed 80 acres.

(k). This notice was posted on the 13th, 14th 16th 19th day of July, 1909, and application will be made to the Commissioner on the 20th day of August, 1909.

The part of the memorandum of asosciation of the company which authorizes the proposed application and works, reads as follows:

(3). The objects for which the company is established and to which objects the company are restricted are the acquisition of water and water power by records of unrecorded water or by the purchase of water records or water privileges for

(a). Constructing, operating and maintaining electric works, power houses, generating plant and such other appliances and conveniences as are necessary and proper for the generating of electricity or electric power, or any othe form of developed power, and for transmitting the same to be used by the company or by persons or companies contracting with the company therefor, as a motive power for the operating of motors, machinery, or electric lighting or other works, or to be supplied by the company to consumers for heating or as a motive power for propelling tramways, or for driving, hauling, lifting, pumping, lighting, crushing, smelting, drilling and milling or for any other operations to which it may be adapted or to be used or supplied for or in connection with any other purposes for which electricity or electric power may be applied or required.

(g). For rendering water and water power available for use, application and distribution by erecting dams, increasing the head of water in any existing body of water, or extending the area thereof, diverting the waters of any stream, pound or lake into any other channel or channels, laying or erecting any line or flume, pipe or wire constructing any raceway, reservoir, aqueduct, weir, wheel, building or other erection or work which may be required in connection with the improvement and use of the said water and water-power or by altering, renewing, extending, improving, repairing or maintaining any such works or any part thereof.

LADY ABERDEEN NOW A MEDICO

British Medical Association Admits Her as Honorary Life Member.

Belfast, Aug. 16.—At a general meeting of the British Medical Association the Countess of Aberdeen was unanimously elected an honorary life member of the association. The ceremony of installation was performed by Dr. Edmund Owen, of St. Mary's Hospital, London, chairman of the council, who said that Her Excellency was the only lady who was an honorary member of the association.

One of the most interesting discussions of the day was that on the medical aspects of athleticism which took place in the section of medicine. The subject was introduced in papers by Dr. Tyrell Brooks, of Oxford, and Dr. Clement Dukes, of Rugby.

Dr. Brooks said that athleticism was the intemperance of physical exercise, which was injurious to the not full-grown body. Physical examination and medical direction were necessary to avoid this.

Dr. Anthony Traill (Provost of Trinity College, Dublin) declared himself to be still a vigorous athlete, though aged 71 years. The physical and mental effect of athletics was to banish morbid desire. Dr. Triall ran over the list of college championships which for a succession of years he had won and retained. In golf he had won numbers of tournaments, but now he had been handicapped practically out of the prize list. (Laughter.)

Sir James Barr, who took part in the discussion, said that if they improved the physique and character of the race they provided a good substrata for mental evolution.

The more hazardous the game, the better the development of the character of the individual. Golf, bowls, and curling might be reserved for elderly gentlemen.

CARS PLAYED CATCH WITH TORONTO MAN

Toronto, Aug. 16.—Almost miraculous was the escape from death of a young man on College street last night.

He attempted to cross in front of two cars, one going east and the other west. Misjudging the speed at which the cars were travelling, he was struck by the westbound car and picked up on the fender. He was thrown violently against the car-body, rolling off onto the south track, directly in front of the swiftly approaching east-bound car. Luckily he was picked up on the fender. By acting promptly the motorman stopped the car before there was time for him to roll off the fender.

His injuries amounted to only a few bruises.

STREET CAR THREATENS HEALTH OF RACE

Cheap Rates Induce People to Forego Necessary Exercise of Walking.

London, Aug. 16.—The Lancet publishes a strong warning against dangers to the race arising from too cheap transit facilities. "The inducement to ride rather than walk is a temptation" says the Lancet. "It is not difficult to see in this process which is calculated to lead to physical and not improbably mental demoralization. If a man can reach his home by tram car or omnibus for 1 cent he is not going to trouble himself to walk any distance.

"He thus loses daily a valuable and healthful form of exercise because the travelling is so cheap. Formerly he walked to save the relatively costly fare.

Riders Lose Neede Exercise.

"The lift is another example of modern innovation which encourages idleness, and furthermore threatens to make the staircase superfluous and obsolete.

"Another example of the demoralizing tendency to cheap transit is seen in the travelling platform which is designed to save so much walking. Every where machinery is devised to save physical effort, as if we possessed no means for getting about ourselves.

Predicts "State of Atrophy."

"Surely this state of things cannot count for sturdiness and healthful activity in future generation, but is more likely to lead to a state of atrophy which must react unfavorably on the individual. It is open to question whether the human race is better off for the number of facilities which constantly are thrown in its way."

Conservation of Natural Wealth

(Continued from Page 1.)

land available for cultivation, and so many more homes for the country.

The department is also preparing to measure the water in all the streams and lakes of the country, in order that the water supply to municipalities and other bodies requiring it may be regulated. At the Lethbridge convention strong resolutions were passed urging the government to protect the forests in irrigated districts. Mr. Campbell assured the convention that the government would do this, and was already engaged in the work.

Protecting Crown Lands.

Crown timber lands along the railway belt are also to receive more attention than has heretofore been possible, and survey parties are already in the field in Shushwap lake region surveying the timber lands held by the Dominion. The railway belt will be thoroughly surveyed, and accurate information will be obtained for the government of the actual lay of the land and the location of the bodies of timber, with a view to deciding as well what portions are available for settlers. The department recognizing the necessity of reforestration in the province, is working also on a scheme for the preservation of young timber.

Another great work that the department has on hand is the opening of national parks and the preservation of game. There are two of these parks in the province, the Yoho park near Field on the western slope and Glacier park in the Selkirks. The department is increasing the staff of wardens in the parks, and new regulations are in force which provide that no firearms may be taken into the parks without the government seal attached, and no parties may enter carrying firearms without licensed guides, who must be of the It is to prevent any infraction of their laws on penalty of forfeiture of licenses. The number of persons visiting the parks is increasing rapidly and the government is extending tourist roads for the accommodation of the tourists and sightseers. The last of these has just been completed to the falls in the Yoho valley.

ABDUL'S WIVES RETURN TO HOMES

Members of the Ex-Sultan's Harem Receive Liberty From New Government.

London, Aug. 16.—When Abdul Hamid was deposed by the Young Turks one result of the revolution was the emancipation of the slave girls who formed the ex-Sultan's harem. An account is given in Turquie, a French daily newspaper published in Constantinople, of their restoration to their families and friends.

"The Government," it says, "first sent telegrams to all parts of Anatolia in which were to be found Circassian refugees or colonists likely to have daughters, sisters or relatives in the harem of Abdul Hamid. They were summoned immediately to Constantinople in order to take back into their own country the ladies of the harem who belonged to them. For several days these Circassian villagers have been arriving in the city wearing their picturesque costume, with dagger in girdle."

The reunion of the long spearated kinsfolk is thus described: "Tears, caresses and cries of enthusiasm and excitement prevailed. The girls recognized fathers, brothers, uncles or cousins; they kissed, they wept, they uttered exclamations of joy at the recovery of the dear relatives from whom they had been separated for so many years.

"They asked for news of their mothers their sisters, their brothers and their friends. Some there were who did not know their relatives, from whom they had been taken away in early childhood. The recognition was only made by a reference to family names and names of the vilayets from which they had been exiled."

Glad to Quit Their Cage.

The young women are described as being heartily glad to leave the perpetual seclusion of the harem for the liberty of peasant life: "These ladies, woh lived like princesses of fairyland, in a sumptuous palace, who wore bewitching dresses and ate off plate, who floated in gilded shallops on enchanted lakes, and still were unhappy, are suddenly snatched by a social revolution from the shores of the Bosphorus and sent back to the isolated villages of Asia Minor. Here their only dwelling will be a thatched cottage, their only pastimes the cultivation of the soil, the milking of cows, the herding of cattle.

"Their evening meal will be a piece of maize bread with a bowl of skim milk, but they will have health. Death by consumption or the tuberculous diseases of the harem will not be theirs. They will live happy lives surrounded by love and affection."

Yildiz, the home of Abdul Hamid for thirty-five years, has been thrown open to the public, visitors being admitted through turnstiles at one shilling a head, an overcharge, says an English correspondent who has inspected the place, for all that is to be seen. He asserts that the much-vaunted pleasure grounds of the Sultan are without beauty or attraction of any sort. There is nothing beyond what can be seen in any private garden. The paths are narrow, and the shrubs meagre, and the park at Yildiz is as great a fraud as the palace itself.

High Tension Wires.

Alderman Gray asked what it was proposed to do with respect to the request of the B. C. Electric Railway company for permission to string a high-tension power line through the city on 65-foot poles for the operation of the Chilliwack car line. R. H. Sperling, general manager of the company, wrote, making a proposition to carry the line along Eigth avenue and the boulevard to the bridge. There would be no danger from breaking wires, since a broken wire would not reach the ground on the high poles, and also since by a new system the wire once broken would become automatically dead. The railway company had been prevented from stringing the line on Front street by the other companies using the poles. A resolution in favor of granting the request of the company was passed.

Hon. H. E. Young, provincial secretary, wrote informing the council that the final plans of the proposed dam of the Vancouver Power Co., Ltd., at Coquitlam lake had been filed and that a meeting of the executive council would be held on Wednesday, September 1, for final decision in the matter. R. H. Sperling, general manager of the Vancouver Power Co., wrote enclosing a copy of the final plans for the dam. The matter was referred to the special committee dealing with the matter to report.

Ald. Adams reported for the special committee enquiring into the accident to Lincoln O'Connor on Thirteenth street, caused by his horse striking a hydrant, recommending the payment of $100 in full settlement. The report was adopted.

The board of works recommended that the sewer near Gilley's wharf be extended into the deep water, and the cost be charged to the health department.

C. H. Stuart-Wade, secretary of the board of trade, wrote respecting the condition of the sidewalk leading from the G. N. R. depot to the bridge approach. Mr. Wade also called attention to the fact that there was no sign for the guidance of strangers to the city, nothing to show that cars pass near the station, and no conveyances to meet trains. Referred to board of works and light committees to report.

C. E. Fowler, president of the International Contract Company, wrote: "Referring to our former communication regarding our contract for removing the old bridge—as we will have to remove nearly half of it before you can operate the new draw, we feel sure that you will find it cheaper in the end to instruct us to remove it all, we to take the old iron and allow you a credit of 1-2c per pound."

A number of ratepayers of Lulu island wrote petitioning the council to supply them with river water for irrigation purposes and for drinking water for horses and cattle. Referred to board of works to report.

W. Fisher wrote asking the council to improve Distillery street.

Peter McLean, a resident of Lulu island, wrote notifying the city that he had suffered considerable damage by the flood gates on Lulu island not being properly looked after. His land had been flooded. Unless the city could guarantee him that the tides would in future be kept out of the land, he would sue the city for damages. Another petition from residents of the island asked that the flood gates be opened by the city. Both were referred to the board of works.

AGED WOMAN BARRED FROM RETURNING TO STATES

St. John, N.B., Aug. 16.—Through the action of the United States immigration officials here, Mrs. Gallant, an elderly woman, a native of Summerside, P.E.I., but for 24 years resident in Boston, may be prevented from returning to her relatives in Boston. The woman had been visiting in Summerside, and on her way back to Boston was stopped here by the United States immigration officials, as she was penniless. Relatives in Boston sent $60 to her. Through an attack of rheumatism she is now helpless, and United States officials refuse to allow her to proceed until relatives file a $500 bond that she will not become a public charge. This she claims, they are unable to do, and as a result she may be detained here indefinitely in the municipal home.

CITY NEWS

Mr. and Mrs. A. L. Lusby and family returned yesterday afternoon from a two-weks' visit to Blackie Spit.

Furnished house to let, Eighth street, between Third and Fourth avenues; $20 a month. Apply J. H. Todd's music house, Columbia st. **

The tug Dunsmuir arrived in port yesterday afternoon with a scow of coal from Ladysmith.

Everything for the garden at Tidy's phone 184. **

Eight cases of drunkenness came before the police magistrate yesterday morning, one being fined ten dollars for fighting while drunk, and another $25 or three months for having liquor in possession.

For first-class cut flowers and any kind of Floral work, telephone Davies' Greenhouse, R208. **

T. A. McCurdy of Hood River, Ore., is spending a few days in this city, the guest of Miss Rogers, Park Row. Mr. McCurdy is well known in this city in which he calculates that he has sixty cousins, in greater or less degree of removal.

Some things new in men's soft shirts. See our windows. J. E. Brown & Co. **

The members of the Bible class of St. Andrew's church will hold their annual picnic to the Capilano today. A special car will leave from the B. C. E. R. station at 9 a.m., and another leaving Vancouver at 9 p.m. will bring the picnickers back to New Westminster.

Some things new in men's soft shirts. See our windows. J. E. Brown & Co. **

A small fire called out the fire brigade yesterday afternoon. The blaze was located at Galbraith's sash and door factory and was quickly extinguished. There was practically no damage done.

Buy orchard lands while they are cheap and become independent. We are the official agents of The Western Home and Improvement Co., Ltd. Let us tell you about their choice holdings at Appleland. A new townsite and fruit district along the line of the B. C. Electric Chilliwack line and V. V. & E. Cloverdale to Sumas Railway. This section excels in the production of all fruits. Come at once while the best lands are selling cheap and let us show you this section at our expense. We can sell five, ten, fifteen and twenty acre tracts on easy terms. F. J. Hart & Co., Ltd. **

On Friday morning at the market square a quantity of goods seized by the customs will be sold by public auction. Among the articles is included a quantity of tobacco, a phonograph, three shotguns and two revolvers. Most of the goods were confiscated at the boundary line.

Don't miss seeing the "eighth wonder of the world," the salmon fishing on the Fraser river, during the present season; the greatest in four years. Thousands upon thousands of fish to be seen. Visit the canneries at Steveston. The S.S. Transfer leaves Brackman-Ker's wharf daily at 3 p.m. except Saturday, when the steamer leaves at 2 p.m., returning same day. One dollar return. On Sundays a special excursion to Steveston and return is made, remaining at Steveston about an hour and a half. Steamer leaves B. C. Electric wharf at 3 p.m., arriving back at New Westminster at 8 p.m. Fare, one dollar return. **

Tomorrow President J. A. Lee and Secretary C. H. Stuart-Wade of the board of trade visit Port Haney to address a meeting of the residents of the land between the Pitt and Stave rivers, called for the purpose of instituting a board of trade for that section of the country.

Camping at White Rock, with its bathing, boating, cool sea breezes and its excellent train service is proving attractive to many these hot days. We have seven lots left at $100 each. Secure one now; they will be $200 or more next year. Twenty-five dollars down will hold one for you. White, Shiles & Co., city. **

Tomorrow is the last day for the receiving of rebates on city taxes, and the city offices will be kept open in the evenings today and tomorrow from 7 till 10 o'clock in order to permit of late arrivals being given every opportunity to take advantage of the rebate.

The first portion of the steel structure of the Lulu island bridge was placed in position yesterday morning, the big span being floated into place on a scow with the tide in the early morning. Other spans will be placed in the same manner as they arrive from the east.

STORE CLOSES 5 P.M. DAILY EXCEPT SATURDAY.

AUGUST Move-On Sale

MOVE ON! MOVE ON! WE HAVE BEEN DOING POLICE DUTY IN EVERY DEPARTMENT. ALL LAGGARDS AND LOITERERS GIVEN THE "MOVE ON, MOVE ON" SIGN.

WE MUST BE CUSTODIANS OF OUR OWN STOCKS—WE MUST COMPEL TAG-ENDS, ODDMENTS AND ENDMENTS TO "MOVE ON" IN THIS STORE—STAGNATION IS THE DEATH OF TRADE.

WE GO AFTER THEM WITH THE BIG STICK AND PRICES ARE RADICALLY AND EFFECTIVELY LOWERED.

WHAT IS THE NATURAL RESULT? WHAT HAPPENS TO SEASONABLE, DESIRABLE, FASHIONABLE GOODS WHEN THEY ARE PRICED FAR BELOW REGULAR? THEY "MOVE ON" AND THEY MOVE AT A PRETTY LIVELY GAIT.

THESE ARE THE FACTS OF THE STORY WE HAVE TO TELL TODAY BUT THE FIGURES ARE THE INTERESTING PART OF IT.

REMEMBER—IT'S TIME FOR ALL SUMMER GOODS TO GO—FALL GOODS ARE PUSHING THEM FROM BEHIND. THEY MUST "MOVE ON"—REMEMBER—ALL SORTS OF ODDMENTS AND ENDMENTS OF STAPLE LINES HAVE RECEIVED "MOVE ON" ORDERS AND WILL LEAVE THE STORE IN TRIPLE QUICK TIME.

Tuesday, August 17

Move On!

TAILORED SUITS, WASH SUITS, AND DRESSES, WAISTS AND SKIRTS—MOVE ON!

We have given every wearable in our Garment Department the "Move on" sign. They have stayed long enough—that have worn out their welcome. The scene must change. Fall Suits, Skirts, Waists, etc., are waiting to go on parade. The Summer Garments must make way for them.
