DOMINION INSPECTOR MAKES ANNUAL VISIT

G. W. Dawson Well Pleased With Penitentiary Here—Improvements Under Way

G. W. Dawson, of the department of justice at Ottawa, and E. J. Adams, government architect, are at present inspecting the penitentiary here. Mr. Adams is looking over the new buildings in progress and Mr. Dawson is making his annual inspection.

Mr. Adams found everything in first class shape at the penitentiary. During the past few years the old building has been torn down and a new one erected almost at the same time.

Many Improvements.

Recently the buildings at the penitentiary have been undergoing a complete transformation. Four new tiers of cells with the latest modern sanitary and safety conveniences have been built, and in a short time work will be started which will double the cell capacity. As soon as possible the old cells in the original building will be taken out and a large hall left where it is at present.

These cells are fitted with self-locking doors, so that a guard standing at one end of a row of cells can open the whole line with a few turns of a crank.

A new prison wall, which will enclose about five acres, is being built and is almost half completed. The arrangement of the watch towers on this new wall will give the guards a much better opportunity of seeing what the prisoners are doing than they have at present.

Convicts Do the Work.

Although the improvements now under way would cost thousands of dollars if done by outside labor, their cost is astonishingly small owing to the fact that only convict labor is employed. The prisoners make the bricks, do the blacksmithing, make the cement blocks, do the carpentering and almost everything else necessary in the construction of the new buildings, except some of the finer machine work.

In one part of the prison there is a tailor shop and a cobbler shop, where all the clothes and boots and shoes used in the institution are made.

When a Daily News representative called at the penitentiary yesterday Mr. Dawson took him around to the place where Bill Miner made his historic escape. "When the towers are built," said he, "there will not be much chance of anything like that happening. The guards will have the prisoners within view all the time, and if they get too near the wall they will be ordered back at once."

Plenty of Rock on Hand.

The government is not conducting quarrying operations on Wright island in Pitt lake at present and probably will not do so until next year, as there is a good supply of rock and gravel in the ravine in the penitentiary grounds.

There are no women prisoners kept here. All females sentenced in this part of the country are sent to Fort Saskatchewan penitentiary, as are all the female convicts from Alberta, Manitoba and Saskatchewan. As an index to the little crime committed by women in Western Canada, it is interesting to note that there are at present only three female inmates of the Alberta institution.

HAMILTON PLANS FLIGHT ALONG NEW YORK STREETS

New York, June 14.—Speaking tonight of his proposed exhibition flight for New Yorkers, Charles K. Hamilton, who yesterday flew from New York to Philadelphia and back, said: "I'll guarantee to fly up Broadway from the Battery to Harlem at an elevation not exceeding the third stories except where I have to go over the L of some construction like that. There is plenty of room between the building lines of Broadway for my biplane, and I'll make the whole trip just clearing the trolley wires."

EIGHT ABBOTSFORD MEN ANXIOUS TO STAKE LAND

Properties on Which Mineral Rights Are Reserved Are in Big Demand, Owing to Oil Boom.

In the mining recorder's office yesterday eight residents of Abbotsford filed applications for coal and oil prospecting licenses. The lands for which the licenses are asked are all in the Matsqui district and are within a mile or two of Abbotsford in Township 19. The names of the filers are George Beckett, Norman Caswell, J. A. McGowan, Alexander Johnston, T. Walters, R. A. Trethewey, J. F. Boyd, John Beckett.

Since the boring machine has arrived at Clayburn and actual booking for oil started there has been considerable excitement in the municipality. On most of the land in that section the mineral and petroleum rights belong to the owner of the land, but there is a little on which these rights are reserved and prospectors and speculators are busy trying to find and stake any land of this nature.

STEAMER IS STOPPED BY SEA OF LOBSTERS

Captain of Hermine Reports Striking Little Crustaceans in Dense Masses off Mexico.

Seattle, June 14.—To navigate his ship through a sea of lobsters, with the crustaceans so thick that they clogged the injection pipes, was the experience of Capt. A. Gerolimich, of the Austrian steamer Hermine, well known in Seattle. The Hermine left Seattle last month with wheat for Manzanillo, and the unusual experience occurred while making the return trip up the Mexican coast.

The incident has been officially reported by Capt. Gerolimich to the branch hydrographic office at Port Townsend as follows: "May 29, 1910, while steaming between Cape Corrienties and Cape Lucas, encountered dense masses of small, soft lobsters about one and a half inches long. The steamer had to stop, and a five-gallon bucketful of these small lobsters was taken from the circulation pump."

At the time of her strange experience the vessel was under charter to Jebsen & Ostrander, of Seattle. The Hermine is now at Nanaimo loading coal for Nome, under charter to Sessnon & So. The Hermine is taking the place of the British steamer Kilbarn, which was wrecked near Fiji.

ARTIST SHOOTS HIMSELF.

Distressed Because of Ill Health, Illustrator Commits Suicide.

New York, June 14.—Leon Guypon, well known as an artist and illustrator, shot himself through the head in his studio here today and was found dead on the floor, a revolver by his side. H. C. Merrill, a friend, said tonight that Guypon had been engaged to Miss Agnes Foster, daughter of a Boston banker, but had broken the engagement because of ill health. He suffered with heart trouble and had been told by physicians that he might die any time.

Warned by a hysterical letter, Merrill hastened to the studio this afternoon, hoping that he would be in time to dissuade Guypon from doing anything rash, but when he threw open the door of the studio he found Guypon dead.

Postpone Increase in Rates.

Washington, D. C., June 14.—Various eastern railways, including the Boston & Maine and also the Canadian Pacific, have agreed to postpone the date of a proposed increase of ten per cent in lumber rates from June 15 to August 1, in order to give the Interstate Commerce commission an opportunity to investigate the proposed increases.

RADICALS UNEASY ON VETO PROBLEM

Joseph Martin Will Ask Premier Asquith a Direct Question on Subject Today

London, June 16.—Advanced radicals still feel uneasy over the step taken by the government on the veto question. Like the nationalists and labor members, they are not prepared to endorse any modification of the policy or program outlined in the veto resolutions, and some assurances are felt to be necessary.

Tomorrow Joseph Martin, the liberal member for East St. Pancras, and former premier of British Columbia, will ask Premier Asquith whether in any conference that may be entered into with the opposition as to the veto question, the government proposes to commit the liberal party to any change in their present announcement without first submitting such a change to their supporters in the commons.

Discussing Copyright Questions.

London, June 14.—The subsidiary conference on the copyright question was resumed today. It is understood that with regard to the copyright within the Empire, a satisfactory conclusion has been reached in respect to Canadian copyrights, which hitherto has proved an embarrassing factor in all similar negotiations.

Imperial Pioneers Organized.

London, June 14.—The Imperial Pioneers were organized on a permanent basis at a meeting of the United Empire club today. A council will be elected, representing Great Britain, Canada, Australia and South Africa, which will be included in this new organization and be called the Imperial mission. A campaign has been arranged for the summer and autumn.

MAYOR NOT ANXIOUS TO SEE CITY'S BUSINESS CRIPPLED

Strikebreakers Coming to Replace Teamsters in Portland Will Be Given Protection.

Portland, Ore., June 14.—Encouraged by the firm stand taken by Mayor Simon in connection with the teamsters' strike, members of the Draymen's association are reported to be preparing today to import strikebreakers and at the same time put a number of local nonunion teamsters to work in the places made vacant when 400 union teamsters walked out three weeks ago.

In a lengthy announcement the mayor stated that he would double the police force if necessary to protect "any man who wants to work." He made it plain, however, that he will not look with favor upon the importation of professional strikebreakers.

"As mayor I cannot stand by and see the city's business crippled when there are men who want to work," said he, "therefore, I intend to give every person living in Portland, having a desire to work, an opportunity to do so without fear of personal injury."

The mayor said he would order the chief of police to see that neither strikers nor their sympathizers be allowed to congregate on the streets.

As a result of the mayor's announcement, unionists doubled their picket lines today and prepared for a fight "to the last ditch," as a strike leader put it. The mayor's announcement is looked upon as fair by both the teamsters and employers. Both sides claim that they are winning the strike.

COBDEN CLUB REGRETS DEATH OF GOLDWIN SMITH

London, June 14.—The committee of the Cobden club has placed on record its sense of the great loss the club has sustained in the death of Dr. Goldwin Smith, who was a member of the club since its formation, and who was the author of its motto: "Free Trade, Peace and Good Will Among Nations,' and who through his long life was a strenuous advocate of the policy embodied in this motto.

Newspaper Proprietor Dead.

Adelaide, South Australia, June 14.—Sir Robert Evan Kyffen Thomas died here yesterday. Sir Evan was the proprietor of The Register, The Observer and The Evening Journal.

Millionaire Wanders Penniless.

Chicago, June 14.—The police here have in their custody a man believed to be R. H. Edmiston, a former millionaire dry goods merchant of Buffalo. The prisoner was found wandering in the streets Saturday night penniless. He was placed in an Eastern sanitarium two years ago.

Money for British Columbia.

London, June 14.—An issue of £800 of six-percent debenture stock of the Dominion Saw Mills and Lumber Co., Ltd., of British Columbia, will be shortly placed on the market at 98.

DONKEY ENGINE IS RAISED FROM RIVER

Diver at Work Locating Valuable Cargo Lost in Fraser Last Week.

Work was started yesterday on attempts at salving a part of the cargo dumped off a scow near the end of Poplar island in the north arm of the river on Friday night. The company secured the services of H. Cook, the North Vancouver diver, who last year raised the engine sunk at the end the Westminster bridge. Diver Cook yesterday located one of the donkey engines and the snag boat Samson hauled it on board. He also located the other engine and it will probably be raised today.

In addition to the engines there is lying at the bottom of the river a cook stove, several cooking utensils, five coils of wire worth several hundred dollars, a hammer for a pile driver, and about $1,000 worth of groceries. It is expected that most of this stuff will be saved, although most of the groceries will be lost.

There is about thirty feet of water where the cargo went down; the water is dirty and the current is very swift, making the work of the diver arduous and dangerous. Thirty feet below the Fraser in the muddy water there is no light whatever and the diver has to conduct all his operations by the sense of touch.

H. D. Blackford, manager of the Brooks-Scanlon Lumber company, to whom the stuff belonged, was in the city yesterday overseeing the salving operations.

The cargo dumped off the scow was a valuable one. In addition to the two donkey engines, which were quite new and the best obtainable, and the other machinery, there were enough supplies on board to stock the company's big camp at Harrison lake.

SYSTEMATIC INSPECTION OF COLONIAL FORCES

Lord Lucas Unfolds Scheme to Improve Overseas Military Troops by Visits of Distinguished Soldiers.

London, June 14.—In the house of lords last evening Lord Lucas, parliamentary secretary to the war office, speaking in connection with Lord Kitchener's resignation, said that so much benefit to the forces of the Dominion was anticipated from the recent visit of Lord Kitchener to Australia, and that of General French to Canada, that if as a result of the next colonial conference, visits to the dominions for the purpose of inspection and advice on military matters could be made more or less systematically by an officer of high rank and distinguished military service, the government believed it would produce more useful results. If this should be agreed to, the most appropriate officer to carry out such a duty would be the commander in chief of the Mediterranean forces.

Lord Landsdowne remarked that he could imagine nothing more unfortunate than that the Canadian and Australian governments should read this proposal for the first time in the public press.

Lord Lucas said he had made qualifications with regard to Canada and Australia; the governments of these countries certainly would be consulted before anything was decided.

GOING BACK HOME.

Young Man Who Attempted Suicide in Europe Returns to Father.

New York, June 14.—Estrada Cabeira, son of President Cabeira, of Guatemala, arrived here today on the steamer Kron Prinzessin Cecilie, accompanied by a nurse and two doctors and apparently little the worse for the wounds from which the Cherbourg authorities found him to be suffering on his arrival there on the steamer from Paris and which were said to have been self-inflicted. Young Cabeira's brow was slashed with a broken bottle, but the wounds were not serious. The young man had been in ill-health and under constant medical attention while in Europe. He is on his way back to Guatemala.

CHARLES HAMILTON WILL FLY TO CHICAGO

New York, June 14.—Disparaging his biplane flight from New York to Philadelphia and return nearly to the starting point and evidencing dissatisfaction with the accomplishment, Charles K. Hamilton today announced that he expects soon to make a "real flight." He intimated that he would undertake a long distance flight that would smash all previous records.

Hamilton plans to enter the contest from New York to Chicago or the St. Louis races, which carry prizes of $25,000. He is preparing today to fly from Governor's island round Van Cortlandt park to the extreme northern end of New York.

SETTLERS ARE OF STAMP THAT IS SURE TO SUCCEED

Britons Brought by C. P. R. and Settled Near Calgary Show Aggressiveness From Start.

Calgary, June 14.—British agriculturalists now coming to Alberta accept conditions as they find them. On Wednesday last a party arrived and by Saturday a number of them were erecting buildings on land they had secured. Some are living in tents.

"Such aggressive settlers cannot fail in this country," says G. B. Gray, in charge of the last party brought out by the Canadian Pacific railway.

These people purchased over 7,000 acres of Central Alberta land. Mr. Gray reports that the members of the British party arriving last March have already largely increased the size of their original holdings. The London office of the Canadian Pacific has found so much inquiry for lands that the staff has been largely increased.

UTILIZES RATTLESNAKE AS WEAPON OF ASSAULT

Gordon King Throws One at Head of Colorado Sheriff and Now Languishes in Jail.

Greeley, Col., June 14.—Gordon King, who says he has no home, is under arrest here accused of resisting an officer and of assault with a deadly weapon, namely, a rattlesnake.

King came here to attend the fortieth anniversary celebration, which closed yesterday, of the founding of the town by Horace Greeley. When about to depart he became involved in an altercation with a railroad section hand, and Sheriff Florance arrested both men. King broke away, and as the sheriff covered him with a revolver, reached in his pocket and threw something at the official, which squirmed as it went through the air, and coiled up when it struck the ground. The sheriff shot its head off and counted its three rattles after he had handcuffed King.

At the police Station King produced three more snakes, which were killed. He now acsserts that he has been deprived of his means of livelihood as a snake charmer.

GOOD CROP REPORT.

C. P. R. Statement Shows Healthy Conditions in West.

Winnipeg, June 14.—The Canadian Pacific has issued a crop report covering its widely extended system in the west which shows that, generally speaking, the weather is favorable and the growth rapid. Of the thirty-nine sections reporting, only four sound a note of alarm.

In the Lethbridge section the crops are said to be needing rain urgently, and on the Langdon branch crops are suffering on account of dry weather.

Calgary also reports that rain is needed, and the same cry comes from Souris and Medicine Hat.

All the other sections, however, report enthusiastically in regard to favorable weather and rapid growth. From five to ten hours of rain has been the general rule.

The Canadian crop report for the week ending June 11 gives evidence that the prospects generally are regarded as better than ever for a record-breaking crop. The warm weather of the last week, which succeeded intermittent spells of frost and snow, has been exceedingly beneficial all around. With the exception of flax, all the seeding is completed and the growth of crops is very favorable.

Teachers Ask More Salary.

Portland, Ore., June 14.—Twenty school teachers, acting as a committee representative of all teachers employed in the public schoo's of Portland, are conducting an active campaign for a general increase of salary. The teachers assign the high cost of living as one of the reasons for desiring pay each month in the year.

HANGS SUSPENDED BY TEETH OVER NIAGARA

Spectacular Feat at International Carnival Almost Has Tragic Ending.

Niagara Falls, N. Y., June 14.—Niagara's first international carnival nearly came to a sad end early tonight when Oscar Williams, a local steeplejack, who essayed a trip across the gorge on a wire hung at the base of the cataract, sustaining his weight by his teeth, came to a stop when above the middle of the river and hung forty-five minutes until rescued by the steamer Maid of the Mist.

Apparatus Goes Wrong.

Williams' apparatus began to balk soon after he left the American shore and when it struck the up grade to the Canadian side he came to a stop and then swung back to the middle of the wire, which cleared the river by 125 feet just over the Swift Power company's tunnel outlet.

Firemen to the Rescue.

Firemen from this city rigged a pulley with ropes and sent it out to him. Hand over hand he made his way to the deck of the Maid of the Mist, which had taken up a position below him.

Spectacular Suicide.

At the height of the carnival festivties an unknown man jumped into the river from the Luna island bridge before the eyes of thousands of people and was swept in a twinkling over the brink of Luna falls, which never gives up its dead.

Almost within an arm's length was a bridal couple from Detroit, who described the suicide as a man of fifty years, 200 pounds in weight, of dark complexion, close-cropped black mustache, and wearing dark clothes.

An attempt to rescue the body at the Cave of the Winds failed.

Indian Giant Dies.

Victoria, June 14.—The biggest Indian in British Columbia has just been laid to rest in the native cemetery of the Cowichan tribe with all the honors due to a great man among his own people. "Doctor Tom" was the departed brave. He was the hereditary medicine man of the Cowichans, who in addition to being reputedly a maker of mighty medicine, weighed in life but eighteen pounds under a quarter of a ton. More than 300 Indians attended his funeral, and nine stalwart Siwashes acted as pall bearers.

EUROPEAN BANKERS BUY SOUTHERN PACIFIC BONDS

New York, June 14.—Kuhn, Leob & Co. today announced the closing of negotiations for the sale of $25,000,000 of the Southern Pacific company's San Francisco Terminal first mortgage four-percent bonds to an European syndicate made up of bankers in Berlin, Hamburg, Amsterdam, Paris and London. The bonds are to be issued to reimburse the Southern Pacific company for money expended in acquiring terminal properties in San Francisco.

Ore-laden Ship Stranded.

Norfolk, Va., June 14.—The British steamer Dundonian, from Cuba to Baltimore with a full cargo of iron ore, stranded on the Virginia coast last night, two and a half miles south of Cape Handy, during a light fog. Tugs are alongside.

MGR. SBARETTI ISOLATED.

Delivery Man Fined for Taking Only Avenue to Residence.

Ottawa, June 14.—A unique case was before the local police court yesterday when the driver of a delivery rig was fined for driving on an improvement commission driveway contrary to the bylaw forbidding the presence of commercial vehicles thereon.

It developed that the man was on his way to the residence of Mgr. Sbaretti, the papal delegate, and that there is no other means of getting there. The home of the Pope's representative in Canada is therefore commercially isolated until some amendment is made in the regulations to cover the case.

Worst Cloudburst in Years Does Immense Damage in Berlin

Berlin, June 14.—The worst cloudburst in many years caused hundreds of thousands of dollars damage in Berlin tonight.

Cellars everywhere were flooded and street cars, omnibuses and other traffic stopped.

The subway was filled with water.

The tables and chairs of out-of-door restaurants were swept away.

For a time the water was three feet deep in most of the principal thoroughfares. Twenty persons were struck by lightning, but so far as is reported, none were fatally injured.

Cologne, Germany, June 14.—It is estimated that 200 persons lost their lives in the flood that swept the valley of the River Ahr. Eighty-seven bodies had been recovered today.

A report received here yesterday says that fifty lives were lost at the village of Sehult when a bridge crowded with persons watching the turbulent waters was carried away.

Throughout the Ahr valley only one bridge is left standing.

The floods were caused by a heavy rain that had continued for several days, causing the River Ahr to break its bounds. Sunday night there was a cloudburst and the waters choked the valley, drowning every living creature in their path and causing immense monetary damage.

Two barracks in which Italian and Croatian laborers were housed were swept away, and their occupants, who were in their beds, were drowned.

The railway was washed out and several villages were destroyed. Lightning which accompanied the rains did much damage. Yesterday the flood subsided.

There is much distress among the surviving peasants of the valley, as most of them have lost their possessions.

Southern States Would Rival Canada as a Field for Immigrants

Washington, June 14.—With "Go South, young men, and emigrate as his keynote, Representative Ransdall, of Louisiana, today addressed the house as a sort of advance agent for the Southland in general and Louisiana in particular.

He based his remarks on the exodus of many of "our best citizens into the British possessions north of the United States and the rapid congestion of our cities caused by the growing unpopularity of life on the farm and the large influx of immigrants, many of whom settle in cities."

As a remedy for all these problems he suggested to the house that the persons concerned should be induced to come to the South.

He showed that during the last five years 314,614 citizens, carrying with them material in money and property valued at over $12,000,000, to say nothing of the immense personal value of each of these persons, emigrated to Canada from the United States. He commented at length upon the concentration of aliens in the cities of the United States.

"The Southern states would gladly furnish homes to every one of our own citizens," said he, "who have gone to Canada or contemplate such a move and would welcome our own boys and girls who have left or expect to leave the hardships of Northern farms to the unfamiliar life in the congested city. Moreover, we can supply farms to a great many of the foreigners who seek our shore, and we are anxious to receive all good immigrants of the Teutonic, Scandinavian, British and French races."

STREET IMPROVEMENT DEBENTURE OR REGISTERED STOCK BYLAW, 1910.

A Bylaw to enable the Council of the City of New Westminster to raise by loan the sum of One Hundred and Fifty Thousand ($150,000.00) dollars for Street Improvements.

Whereas, certain sums of money have this year been expended out of the general revenue of the city for the construction, improvement and repair of streets and sidewalks, and it is expedient that additional sums be spent in like manner, amounting in all (with the sums already spent) to the sum of One Hundred and Fifty Thousand ($150,000.00) dollars;

And Whereas, it appears that if the said sum of One Hundred and Fifty Thousand ($150,000.00) dollars, be appropriated from the general revenue of the city for the current year the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the corporation, and that debentures or registered stock certificates should be issued for that amount;

And Whereas, for the payment of interest on the debentures or registered stock certificates, proposed to be issued under this Bylaw, and for creating a sinking fund for the payment of the said debentures or registered stock certificates when due, it will be necessary to raise by special rate, in addition to all other rates, each year during the currency of the said debentures or registered stock certificates, the sum of Seven Thousand, Five Hundred and Ninety and 32-100 ($7,590.32) dollars;

And Whereas, in order to raise the said yearly sum of Seven Thousand, Five Hundred and Ninety and 32-100 ($7,590.32) dollars, an equal rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster.

And Whereas, the whole rateable property of the said city, according to the last revised Assessment Roll thereof, is Seven Million, Two Hundred and Forty-nine Thousand and Ten ($7,249,010.00) dollars;

And Whereas, the total amount of the existing debenture debt of the said city is One Million, Six Hundred and Seventeen Thousand, One Hundred ($1,617,100.00) dollars, irrespective of the sum of One Hundred and Seventy-four Thousand, Five Hundred ($174,500.00) dollars proposed to be raised under the "Lulu Island Bridge Debenture or Registered Stock Bylaw, 1910"; the "Fire Debenture or Registered Stock Bylaw, 1910"; the "Schools Debenture or Registered Stock Bylaw, 1910," and the "Parks Debenture or Registered Stock Bylaw, 1910," of which none of the principal or interest is in arrears;

Now Therefore, the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said city to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the debentures or registered stock certificates hereinafter mentioned, any sum or sums of money, not exceeding in the whole the sum of One Hundred and Fifty Thousand ($150,000.00) dollars, and to cause the same to be paid into the treasury of the said city for the purposes mentioned herein.

2. It shall be lawful for the Mayor to cause any number of debentures or registered stock certificates to be made, not exceeding in the whole the sum of One Hundred and Fifty Thousand ($150,000.00) dollars, for such sums of money as may be required, not less than $100.00 each, or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland, at a value of 4.866 to the pound sterling; and all such debentures or registered stock certificates shall be sealed with the seal of the corporation, signed by the Mayor and countersigned by the treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

3. The said debentures or registered stock certificates, shall be payable on the first day of July, 1960, at such place or places as the Council of the said corporation may from time to time appoint with the approval of the holders thereof, and shall bear interest at the rate of four and one-half per centum per annum, payable half yearly on the first day of January and the first day of July in each and every year, and the debentures shall have attached to them coupons for the payment of interest, which said coupons shall be signed by the said Mayor.

4. A special rate on the dollar shall be levied and raised in each year, in addition to all other rates, on all the rateable property of the city, sufficient to pay the interest upon the debentures or registered stock certificates, and to create a sinking fund for the payment of the principal thereof when due, subject to any act or enactment respecting the same.

5. Subject as aforesaid, there shall be raised annually by special rate as aforesaid, during the currency of the said debentures or registered stock certificates, the sum of Six Thousand, Seven Hundred and Fifty ($6,750.00) dollars for the payment of the interest thereon, and the sum of Eight Hundred and Forty and 32.100 ($840.-32) dollars to provide for the payment of the principal.

6. The proceeds of the sale of the said debentures or registered stock certificates shall be applied as follows, and not otherwise: towards paying the cost of the passing of this Bylaw and the issue and sale of the debentures or registered stock certificates therein referred to, recouping the treasury of the city such sums as have been this year expended in street works, or may be so expended until the proceeds of the sale of the said debentures or registered stock certificates have become available, the making, improving and repairing of such streets and sidewalks in the city as may be deemed expedient by the council, but no sidewalk or street shall be made or repaired out of the moneys borrowed under this Bylaw unless the same shall have first been approved by a resolution of the Council.

7. This Bylaw shall take effect on the day of 1910, and may be cited as the "Street Improvement Debenture or Registered Stock Bylaw, 1910."

8. This Bylaw before the final passing thereof, shall receive the assent of the electors of the said city in the manner required by law.

Received the assent of the electors on the day of 1910.

Reconsidered and finally passed in open council the day of 1910.

NOTICE.

Take notice that the above is a true copy of the proposed Bylaw which will be taken into consideration by the Municipal Council of the City of New Westminster one month from the day of the first publication thereof in the "Daily News" newspaper, which first publication took place on the 13th day of June, 1910, and that a vote of the electors of the city will be taken on the said proposed Bylaw on the 14th day of July, 1910, between the hours of nine o'clock a.m. and five p.m. at the following places, namely: The Council Chamber, Civic Building; the Fire Hall, Sapperton; and the Waterworks Storehouse, Eleventh street.

W. A. DUNCAN,
City Clerk.

City Hall, June 11, 1910.

SCHOOLS DEBENTURE OR REGISTERED STOCK BYLAW, 1910.

A Bylaw to enable the Council of the Corporation of the City of New Westminster to raise by loan the sum of Ninety-seven Thousand, Five Hundred ($97,500.00) dollars for School Purposes.

Whereas the Board of School Trustees of the City of New Westminster have caused to be prepared and laid before the Council a detailed estimate of the sums required by the Board for the current year's ordinary expenses of maintaining the schools of the said City of New Westminster; and have also prepared a like detailed estimate of the sums required to meet any special or extraordinary expenses legally incurrable by the Board, which last mentioned estimate is subject to consideration, alteration and final approval by the Council, and the same has been finally approved by the Council.

And Whereas, the amount required under the said last mentioned estimate for schools amounts to Ninety-seven Thousand, Five Hundred ($97,-500.00) dollars, made up as follows: Thirty-five Thousand ($35,000.00) dollars for the erection and equipment of the new Sapperton school; Two Thousand, five Hundred ($2,500.00) dollars for the erection and equipment of a school on Lulu Island, and Sixty Thousand ($60,000.00) dollars for the erection of a High school.

And Whereas, by Section 40 of the the Public Schools Act 1905, as re-enacted by Section 30 of the Public Schools Act 1905, Amendment Act 1906, any statute to the contrary notwithstanding, the Council of any city, town or rural municipality in the Province including the City of Vancouver and City of New Westminster, may in each and every year pass a Bylaw or Bylaws for levying aspecial rate of not more than Five (5) mills on the dollar for school purposes, and the Council may in addition to such rate apply any portion of the ordinary revenue to school purposes.

And Whereas, it appears that the amount required to meet the current year's ordinary expenses of maintaining the schools will exhaust the amount authorized to be levied under Section 40 of the Public Schools Act 1905, as re-enacted by said Section 30 of the Public Schools Act 1905, Amendment Act 1906, and it will be necessary also to apply a portion of the ordinary revenue for such purposes.

And Whereas, it appears that if the said sum of $97,500.00 be appropriated from the general revenue of the city for the current year, the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the corporation, and that debentures or registered stock certificates should be issued for that amount.

And Whereas, for the payment of interest on the debentures or registered stock certificates proposed to be issued under this Bylaw, and for creating a sinking fund for the payment of the said debentures or registered stock certificates, when due, it will be necessary to raise by special rate, in addition to all other rates, each year during the currency of the said debentures or registered stock certificates the sum of four Thousand, Nine Hundred and Thirty-three and 70-100 ($4.933.70) dollars;

And Whereas, in order to raise the said yearly sum of $4,933.70, an equal special rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster.

And Whereas, the whole rateable property of the said city, according to the last revised Assessment Roll thereof, is Seven Million, Two Hundred and Forty-nine Thousand and Ten ($7,-249,010.00) dollars;

And Whereas, the total amount of the existing debenture debt of the said city is One Million, Six Hundred and Seventeen Thousand, One Hundred ($1,617,100.00) dollars, irrespective of the sum of Two Hundred and Twenty-seven Thousand ($227,000.00) dollars proposed to be raised under the "Street Improvement Debenture or Registered Stock Bylaw, 1910;" the "Fire Debenture or Registered Stock Bylaw, 1910;" the "Lulu Island Bridge Debenture or Registered Stock Bylaw, 1910," and the "Parks Improvement Debenture or Registered Stock Bylaw, 1910," of which none of the principal or interest is in arrears.

Now Therefore, the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said city to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the debentures or registered stock certificates hereinafter mentioned, any sum or sums of money not exceeding in the whole the sum of $97,500.00, and to cause the same to be paid into the treasury of the said city for the purposes mentioned herein.

2. It shall be lawful for the Mayor to cause any number of debentures or registered stock certificates to be made, not exceeding in the whole the sum of $97,500.00 for such sums of money as may be required, not less than $100.00 each, or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland at a value of 4.866 to the pound sterling; and all such debentures or registered stock certificates shall be sealed with the seal of the corporation, signed by the Mayor and countersigned by the treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

3. The said debentures or registered stock certificates shall be payable on the first day of July 1960, at such place or places as the Council of the said corporation may from time to time appoint with the approval of the holders thereof, and shall bear interest at the rate of four and one-half per centum per annum, payable half yearly on the first day of January and the first day of July in each and every year, and the debentures shall have attached to them coupons for the payment of interest, which said coupons shall be signed by the said Mayor.

4. A special rate on the dollar shall be levied and raised in each year, in addition to all other rates, on all the rateable property of the city, sufficient to pay the interest upon the debentures or registered stock certificates, and to create a sinking fund for the payment of the principal thereof when due, subject to any act or enactment respecting the same.

5. Subject as aforesaid, there shall be raised annually by special rate as aforesaid, during the currency of the said debentures or registered stock certificates, the sum of $4,387.50 for the payment of interest thereon, and the sum of $546.20 to provide for the repayment of the principal.

6. The proceeds of the sale of the said debentures or registered stock certificates shall be applied as follows, and not otherwise; towards paying the cost of the passing of this Bylaw and the issue and sale of the said debentures or registered stock certificates therein referred to, and all expenses connected with the issuance of the said loan, and the balance shall be paid over from time to time as required upon the order of the trustees by the city treasurer to the several persons to whom moneys are payable.

7. This Bylaw shall take effect on the day of 1910, and may be cited as the "Schools Debenture or Registered Stock Bylaw, 1910."

8. This Bylaw before the final passing thereof, shall receive the assent of the electors of the said city in the manner required by law.

Received the assent of the electors on the day of 1910.

Reconsidered and finally passed in open council the day of 1910.

NOTICE.

Take notice that the above is a true copy of the proposed Bylaw which will be taken into consideration by the Municipal Council of the City of New Westminster one month from the date of the first publication thereof in the "Daily News" newspaper, which first publication took place on the 13th day of June, 1910, and that a vote of the electors of the city will be taken on the said proposed Bylaw on the 14th day of July 1910, between the hours of nine o'clock a.m. and five p.m., at the following places, namely: The Council Chamber, Civic Building; the Fire Hall, Sapperton; and the Waterworks Storehouse, Eleventh street.

W. A. DUNCAN,
City Clerk.

City Hall, June 11, 1910.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Steel Tug Boat for British Columbia" will be received at this office until 4:00 p.m., on Monday, July 4, 1910, for the construction of a steel tug boat.

Plans, specification and form of contract can be seen and forms of tender obtained at this department, at the offices of G. A. Keefer, Esq., district engineer, Post Office building, New Westminster, B.C., and William Henderson, Esq., resident architect, post office building, Victoria, B. C.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation and place of residence of each member of the firm must be given.

Tenders must specify time of delivery of tug boat at New Westminster, B.C., free of all risks and charges.

The Department does not bind itself to accept the lowest or any tender.

By order,
NAPOLEON TESSIER,
Secretary.

Department of Public Works,
Ottawa, June 6, 1910.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.

NOTICE TO CONTRACTORS.

Notice.

All vehicles while waiting on Columbia street must stand lengthways with the street, and not back up against the sidewalk, so that there may be sufficient room for vehicles and especially the fire teams to pass along the street with safety to the public.

By Order: W. A. DUNCAN,
City Clerk.

City Hall, May 27, 1910.

SEALED TENDERS addressed to the undersigned, and endorsed "Tenders for Steel Dredge for British Columbia," will be received at this office until 4:00 p.m., on Wednesday, July 13, 1910, for the construction of a Steel Bow-Well Twin Screw Barge Hopper Dredge.

Plans, specification and form of contract can be seen and forms of tender obtained at this department, at the offices of J. L. Michaud, Esq., District Engineer, Merchants Bank Bldg., St. James Street, Montreal; J. G. Sing, Esq., District Engineer, Confederation Building, Toronto, Ont., and G. A. Fraser, Esq., District Engineer, New Westminster, B.C.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation and place of residence of each member of the firm must be given.

Tenderers must specify time of delivery of dredge at Vancouver, B.C., free of all risks and charges.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honorable the Minister of Lands and Works, for twenty-five thousand dollars ($25,000.00), which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The department does not bind itself to accept the lowest or any tender.

By order,
NAPOLEON TESSIER.
Secretary.

Department of Public Works,
Ottawa, May 31, 1910.

LOCAL IMPROVEMENT NOTICE.

The Municipal Council of the Corporation of the City of New Westminster having by resolution determined and specified that it is desirable to carry out the following works, that is to say:

To construct cement concrete sidewalks on both sides of Tenth street from Sixth avenue to Tenth avenue, except on the east side of said street between Sixth and Eighth avenues, also on both sides of London, Edinburgh, Dublin and Hamilton streets, Eighth and Seventh avenues between Tenth and Twelfth streets.

And that the said works shall be carried out in accordance with the provisions of the Local Improvement General Bylaw, 1909.

And the City Engineer and City Assessor having reported to the Council in accordance with the provisions of the said bylaw upon the said works, giving statements showing the amounts estimated to be chargeable against the various portions of real property to be benefited by the said works and other particulars and the said reports of the said City Engineer and City Assessor having been adopted by the council.

Notice is hereby given that the said reports are open for inspection at the Office of the City Assessor, City Hall, Columbia street, New Westminster, B.C., and that unless a petition against the proposed works above mentioned, signed by a majority of the owners of the land or real property to be assessed or charged in respect of such works representing at least one-half in value thereof is presented to the Council within fifteen days from the date of the first publication of this notice the Council will proceed with the proposed improvements under such terms and conditions as to the payment of the cost of such improvements as the Council may by by-law in that behalf regulate and determine and also to make the said assessment.

Dated this 9th day of June, A.D., 1910.

W. A. DUNCAN,
City Clerk.

Date of first publication, the 10th day of June, 1910.

LAND ACT.

New Westminster Land District.

Take notice that James Bateman, of Vancouver, B. C., occupation, stonecutter, intends to apply for permission to purchase the following described lands:

Commencing at a post planted at the southeast point of a small island lying about 10 chains north of Nelson Island; thence northerly, westerly, southerly and easterly, along the shore to the place of commencement; containing 6 acres more or less.

JAMES BATEMAN,
Applicant.
JOHN F. BAGGS,
Agent.

ADVERTISE IN THE DAILY NEWS

LAND REGISTRY ACT.

Take notice that an application has been made to register Duncan Bell Hall as the owner in fee simple, under a Tax Sale Deed from E. A. Wilmot, Inspector of dykes, to Duncan Bell Hall, bearing date the 13th day of June, A.D., 1907, of all and singular that certain parcel or tract of land and premises situate, lying and being in the District of New Westminster, in the Province of British Columbia, more particularly known and described as part 3.60 acres of the southeast quarter of Section 18, Township 3, Range 29, west of 6th Meridian.

You and those claiming through or under you and all persons claiming any interest in the said land by virtue of any unregistered instrument, and all persons claiming any interest in the said land by descent, whose title is not registered under the provisions of the "Land Registry Act," are required to contest the claim of the tax purchaser within forty-five days from the date of the first publication of this notice upon you and in default of a caveat or certificate of lis pendens being filed within such period, or in default of redemption before registration, you and each of you will be forever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register Duncan Bell Hall as owner thereof in fee. And I hereby order that publication of this notice for thirty days in a daily newspaper published in New Westminster will be good and sufficient service thereof.

Dated at the Land Registry Office, New Westminster, Province of British Columbia, this 30th day of April, A. D., 1910.

C. S. KEITH,
District Registrar.

ENGLAND EXCITED OVER NAVAL DEVELOPMENTS

Mysterious North Sea Manœuvers and Strike on Battleship Disturbs London.

London, June 14.—There have been several naval sensations recently; the narrow escape of a crew when a submarine remained on the bed of the ocean for an hour, a strange strike on a battleship at Portsmouth, said to be due to the unpopularity of an officer, and the mysterious maneuvers in the North sea. Admiral Prince Louis of Battenburg, admittedly one of the cleverest officers in the navy, in charge of an inferior attacking force, was able not only to elude a great fleet of battleships, cruisers and destroyers, which were supposed to be defending the east coast of England, but managed to destroy the northern base and capture thirteen of its defenders ships, which were commanded by Admiral Kay. In other words it was shown that foreign invasion was comparatively an easy task.

In the London Service clubs there have been gloomy shakings of the heads on the part of retired "seadogs," but at Portsmouth, where active service men are more behind the scenes, there have been shakings of inward mirth, for it is said there that the startling affair was very quietly prearranged between the attacking and the defending admirals, the idea being to shake up Mr. McKenna and the other officials at the admiralty into further strengthening the personnel of the fleets as well as the coast defences.

Meanwhile a new office is to be erected at the admiralty and will be known as the director of finance. This official will cut down all unnecessary expenses and be directly responsible for all items of expenditure. Everyone hopes that the new official will be a genuine business man with a hatred for red tape. A little event, which will give pleasure in Canada, is the appointment of Commander M. B. MacDonald, a Canadian officer and the son of Senator Macdonald of Victoria, B. C., to take command of the cruiser Miobe. The Miobe sails for Halifax about two weeks hence, and it is believed that a public reception will be given to her officers and men at that port.

HIGH COST OF LIVING GOES MONTHLY HIGHER

Washington, June 14.—Beginning with September, 1908, there has been a monthly increase in wholesale prices without a break up to March, 1910, and during the latter month the prices were higher than at any time in the preceding twenty years, according to a report just issued by the bureau of labor.

The report, which is based upon an investigation of 257 commodities, says that wholesale prices during March, 1910, were 7.5 per cent higher than in March, 1909; 10.2 per cent higher than in August, 1908; 21.1 per cent higher than the average yearly price of 1900; 49.2 per cent higher than the average yearly price of 1897, and 33.8 per cent higher than the average price for the ten years 1890-1899 inclusive.

The wholesale prices of 1909 advanced three per cent over the prices of 1908, but with this advance they were still 2.3 per cent below the average of 1907.

Of the 257 articles investigated, 125 showed an increase in the moving price for 1909 as compared with 1908; thirty-one showed no change and 101 showed a decrease.

VERDICT PROVES COSTLY TO INSURANCE COMPANIES

San Francisco, June 14.—After forty-eight hours' deliberation, a jury in the United States circuit court reached a verdict that gives a judgment of $268,446.68 to claimants against three companies that sought to escape payment on thirty-five policies held by several of those who lost heavily in the fire on April 18, 1906. A liberal legal interest of $56,616.47 is added to this amount. The company defendants are the Commercial Union Assurance company, Alliance Assurance company and Palatine Insurance company. The plaintiffs were awarded the following amounts:

California Wine association, $242,465.83; Marie Tucker MacDonald, $3,801.44; Mount Shasta Mineral Springs, $3,802.67; Baker & Hamilton, $18,376.74.

The case was tried before Judge William C. Van Fleet.

CANADIAN IMMIGRATION POLICY.

Quite a storm of excitement has been raised in Great Britain over the Canadian Immigration regulations, owing to certain cases of alleged harsh treatment in the way of discrimination against certain classes of would-be immigrants. Many of these have been of a class of people who are being assisted to emigrate by one or more of the various charitable societies which exist on the other side of the Atlantic. These bodies are protesting against the regulations and strong criticisms of the immigration policy of the Canadian government have been made by some of the British newspapers. Such criticism has been mainly directed to two of the regulations. The first of these requires immigrants coming here to employment other than farm work, or, in the case of females, to domestic service, to have in their possession the sum of $25, in addition to railway transportation to their ultimate destination. The second provides that the approval of assisted emigrants coming to Canada, by law required to be given by the Assistant Superintendent of emigration for Canada in London, England, shall only be given to such as are suited for and have assured employment for farm work. To these two regulations exception is made in favor of those who are coming to join relatives in Canada, of whom all that is required is good physical health.

In both these cases, the protest of the British emigration societies on the one hand and the criticisms of the newspapers on the other, there is a failure to comprehend or appreciate two salient features of the Dominion government's policy, which, by the way, may be said to have resulted from the serious condition of things that prevailed in the winter of 1907-8, when great numbers of unemployed immigrants rushed to our cities and put a very great strain upon the charitable and those responsible for the administration of local affairs. Our British friends do not seem to understand that the Canadian government has considered it necessary in the interests of this country to enforce certain regulations designed first for the purpose of preventing an influx of pauper immigrants and a consequent congestion in the larger cities, and secondly to encourage the coming of those who will settle on the land and assist in the development of our resources. What the British emigration societies ask for, in which they are being supported by the British press, is that if a man or woman is coming to employment he or she shall not be required to possess the money qualification, no matter what his vocation or employment may be.

But in its wisdom the Canadian government has decided—and we think our British critics will have the fairness to allow that our government is best qualified to understand and direct its own affairs—that encouragement shall only be given to two classes of workers who are specially needed by the labor and economical conditions of this country. Artisans, clerks and others who are neither fitted nor prepared to perform agricultural work, or, in the case of women, to act as domestic servants, are not excluded, but are simply required to possess a modest monetary qualification, as some kind of assurance that they will not readily become chargeable upon the public funds. There is surely nothing harsh or unreasoning in this. If our British critics will only regard this matter dispassionately they must recognize that the Canadian government is acting wisely and properly in discouraging the immigration of those who are likely to increase the crowding of our big cities and possibly add to the slum districts.

* * *

The republic south of us for half a century gave unrestricted welcome to any and every person who would help to swell the population.

This open hearted action weighted the nation with an intolerable burden, and prevented, by the wailing of many to those at home, the coming of the immigrant who would have helped to build up the United States.

Those who waited were never fitted for new experiences in a rapidly developing country and it would have been a mercy for them to have been refused.

Canada is now big enough to say who shall come to her shores and to refuse to be made the dumping ground of thousands of undesirables.

BRITAIN DELAYS IN FORWARDING NAVAL PLANS

Ottawa, June 14.—Hon. L. P. Brodeur, minister of marine, has made excellent progress with the organization of the naval department over which he is to preside. Yesterday he installed as deputy minister George Desbarats, who has for a couple of years been acting as deputy minister of marine and who was formerly chief engineer of St. Lawrence river improvements and of the government shipyard at Sorel.

But preparations for the practical work of constructing the Canadian navy are not keeping pace with the progress of the organization of the civil branch. The minister is anxious to call for tenders as soon as possible for the first two or three cruisers of the new navy. He is handicapped, however, by unwillingness of the British admiralty to forward to Ottawa the plans of the ships.

The authorities in England seem to fear that certain important details may leak out if the plans are placed in the custody of the Canadian naval bureau. Until the plans are forthcoming, however, the bureau will be unable to draw up specifications.

The situation is believed to be causing irritation in government circles. Mr. Brodeur is by no means satisfied and it is said he had asked the prime minister's consent to address a letter of protest to the admiralty.

JAPANESE ORDERED TO GET AWAY FROM DARRINGTON

Darrington, June 14.—Sunday there were thirty Japanese in Darrington. Today there is not a yellow-skinned man in or near the town. A mob of 100 white men yesterday marched on the Japanese, practially all of whom were employed by the United States Lumber company, gave them an hour to gather up their effects and then accompanied them to the station and saw them aboard a Seattle-bound train. The Japanese arirved here three weeks ago from Seattle, the first large party of Orientals ever brought into the town. Saturday night a mass meeting was held and yesterday's move decided on. The Japanese offered no resistance and there was little disorder.

Darrington is a town of 400 people, in the extreme northern part of Snohomish county, about forty miles back from the Sound, the terminus of a Northern Pacific branch line.

CLAIM TO BE SETTLED.

Ambassador Bryce Authorized to Sign Agreement with U. S.

London, June 14.—The Times understands that James Bryce, the British ambassador at Washington, has been authorized to sign the pecuniary claims agreement with the United States.

In the general arbitration treaty between Great Britain and the United States, which was signed in April, 1908, a proviso was made that the treaty would not apply to existing pecuniary claims which, therefore, were left open for future negotiations.

TRY TO WRECK PRISON.

Life Convicts at Dannemora Smuggle Dynamite Into Cell.

Plattsburg, N. Y., June 14.—A desperate but unsuccessful attempt to blow up the Clinton State prison at Dannemora was made by convicts yesterday. A fierce fight with one of the men involved, who had obtained a revolver, followed, but the threatened outbreak of prisoners was quelled by guards. Details of the affair did not become known until last night.

The dynamite was smuggled into the cell of Edward Brogan and touched off, but the explosion did little damage. Guards who rushed to the spot found Brogan armed with a revolver, but managed to overpower and disarm him. A double guard was then thrown about the section in which the explosion occurred, and all the cells searched.

Another revolver was found in the cell of Fred Schultze, a life convict. Brogan and Schultze hoped to escape in the wreck they expected the dynamite would make. A rigid investigation is being made to determine how the explosive and arms were smuggled into the prison.

GETTING READY.

Big Freight Traffic Is Expected in a Few Months.

Winnipeg, June 14.—Remarkable activity prevails on the Canadian railroads. When questioned today some of the chief officials of the company said that not only has the passenger traffic taken a tremendous leap forward, but also that the freight traffic was working employees to the limit at all points.

In answer to the interrogation as to whether the traffic was greater this year than in the same period last year, the reply was, "I should say so.' When the harvesting is over and the wheat goes east the carriage facilities of the company are expected to be taxed almost to their full capacity and with a view to seeing that, if possible, no delay will occur, several hundred new cars will be required. All railway men expect a bumper crop and they are, metaphorically speaking, starting to roll up their sleeves to deal with its transportation.

Thrown From Cart; Women Dies.

Kenora, June 14.—Whilst riding into town yesterday in a cart with her husband Mrs. Frank Moon was thrown out and fatally injured. The cart gave a bad jolt and Mrs. Moon was thrown out, one of the wheels passing over her neck. Mrs. Moon has since died from her injuries.

CARD OF THANKS.

Mr. and Mrs. Carl. W. Bowman wish to thank all who expressed sympathy for them in their recent bereavement.

Trapp Block Phone 714

THE TIME

to buy real estate is now, during the lull before the storm, while prices are stationary long enough to see them plainly. For instance, for a few days we can offer: Lot 6, Block 22, Royal Avenue, at $5,000; half cash. Be wise in time. Some day this lot will be worth $20,000.

THE PLACE

to buy is a matter of opinion. We suggest the West end, Surrey, and Sapperton. We have a bargain in each. Agnes Street, 6-room cottage on full sized lot, $4,200; $1,500 cash. This will undoubtedly be business property.

Five acres in Block 5 of Section 36, Surrey; $800 per acre; third cash.

Columbia Street, Sapperton: Two new modern houses on four lots; $8,000 for the outfit, or separately; third cash.

AND

80 acres, Mount Leman, $5,200. The soil will grow anything the climate will stand for. Note the terms, $1,600 cash, 1, 2 and 3 years, 7 per cent.

As for

THE GIRL

she won't love you the less if you have a good piece of real estate going up like a sky-rocket.

Trapp Block Phone 714

ST. LOUIS MILLIONAIRE PREPARES TO DIE POOR

St. Louis, June 14.—To die poor, David Rankin not only has given up his fortune of more than $3,000,000 to the support of his favorite school, but the $3,000 per annum he has reserved for his own support during the rest of his life, will revert to the institution at his death.

The David Rankin, jr., school of mechanical trades is to be enlarged and its curriculum improved, but Mr. Rankin himself does not care to talk about what he has made possible. Few people, even in St. Louis, know him personally, for he avoids publicity. He is seventy-five years old, a native of Ireland, and a bachelor, who has amassed his fortune in real estate and stock deals.

FELL 45 FEET FROM TOWER.

Painter at North Battleford Escapes Death Miraculously.

North Battleford, June 14.—Charles Dumage fell forty-five feet from the scaffolding of the water tower this morning, where he was painting. He took hold of the rope to descend. The carpenters, who were finishing the roof of the tower had loosened the derrick to which the rope was attached. The derrick fell and the rope, being twisted around the man's legs, he was jerked from the scaffold and fell to the ground. His escape was marvellous. No bones were broken and while he is badly bruised the doctor says that so far there is no trace of serious internal injury and his chances for recovery are good.

STUDY INDIAN LANGUAGES.

Professor Will Visit All Branches of Great Algonquin Family.

Chicago, June 14.—Dr. Truman Michels, formerly professor of comparative physiology at the University of Missouri, who recently has been added to the staff of the bureau of American ethnology of the Smithsonian Institute, will attempt to determine the linguistic inter-relationship of the greater groups of the Algonquin language.

For this purpose he will visit the Blackfoot and the Northern Cheyenne reservations in Montana; the Wind River reservation in Wyoming; the Menominee reservations in Wisconsin, and the Micmac reservation in Quebec and New Brunswick.

POPE DOES AWAY WITH FEES AT CHURCH DOORS

New York, June 14.—The latest reform document of Pope Pius, as interpreted in the Ecclesiastical Review, the official organ of the Catholic clergy in this country, will do away with the existing practice of collecting a fee at the doors at services in this and other countries.

The Pope also has demanded a report from the bishops of the zeal with which priests answer sick calls, and whether they shirk confessional or other duties.

Bull Fight in France.

Paris, June 14.—At their recent marriage Mr. and Mrs. Francis de Croisset entertained their guests with a bull fight. This was suggested by the playwright bridegroom, who has already begun to scatter some of the millions of the banker's widow whom he wedded. The affair took place in Provence in the old Roman Theatre built when Julius Caesar conquered Gaul. To crown all, the famous Mistral, the provincial poet who lives at Arles and whose statue has been erected during his lifetime, read a poem in favor of the bride. Six bulls were killed.

RY EFFORT MADE TO SAVE GRIFFITH'S EYE

ncouver, June 16.—With the sight one eye completely gone, Harry ith, the big point player of the ouver lacrosse team, who was in- in Saturday's game with New minster at Recreation park, was d to St. Pauls hospital yester- treatment by experts. After me the eye was pretty bad, but it showed such improvement the doctors were confident that th would be out in a few days. rday morning the eye took a turn the worse, and last night a con- tion of oculists was held to con- what was best to be done to the sight.

present the eye is entirely blind, it is believed that an operation overcome the difficulty. Griffith hit in the eye by a stick early e game Saturday. The gut of the cut his forehead and cheek, e the string went into the eye scraped the pupil. The injury is painful, and at present it is just uestion whether Griffith will get sight back. In any event it will everal weeks before he will be to play again, if at all. In the ntime he is being treated in a ened room.

JOE GANS IS DYING OF CONSUMPTION

Francisco, June 14.—News came from Phoenix, Ariz., today that Gans, former lightweight cham- is very near death from tuber- is.

San Francisco newspaper wished have Gans write a story of the es-Johnson fight and offered the hampion liberal terms, but a let- came today from Gans' doctors ng that Joe was grateful for the , but was not in physical condi- to stand the long journey to Francisco. He added that con- ption has made rapid strides since s arrived at Phoenix, and the cli- e did not seem to help the veteran, e remained too long in Baltimore re trying a change.

ans is said to be a mere shadow he old fighter who once conquered Nelson and all other aspirants lightweight honors.

MES JEFFRIES PAYS HIS GAMBLING DEBTS

eno, Nev., June 14.—James J. Jef- s will not have to cease active ning and go to Nevada City, Cal., orrow to answer a suit filed inst him to recover $5,000. His orneys have made a settlement h the plaintiffs. Stout & Miller, mbling house proprietors at Reno, Jeffries was willing to pay the ney rather than leave camp. effries contracted the debt, alleged plaintiffs, four years ago.

Middlesex Defeats Somerset.

London, June 14.—In a cricket atch between Middlesex and Somer- today the former won by an in- ngs and 152 runs.

Mon Cheri Wins Big Race.

Paris, June 14.—The Prix De La alve, run at Anghien today, was won Eugene Fisch on Mon Cheri.

LEGAL LIGHTS MAY LEARN BUSINESS FROM BUN CLARK

Con's Eastern Acquisition Transmits Power of Attorney to Vancouver Via Telegraph.

It will probably require the services of several lawyers to decide whether Bun Clark, of Walkerton, will be eligible to play lacrosse here with the Vancouver team on Dominion Day. According to the rules of the association a player must be registered with the secretary of the association twenty-one days before he can play. On the form of registration the player has to sign his name.

In order to be able to play on July 1, Clark had to have his papers in on June 9, and his papers, of a sort, are in sure enough.

Here is where the lawyer comes in. Clark did not sign his registration, but Con Jones did sign it for Mr. Clark, and the reason given for that is that Con received, on June 9, Clark's power of attorney by wire from Walkerton.

As far as can be learned the idea of appointing an attorney by wire is altogether new to legal practice.

Sandy Cowan's registration certificate is also in the hands of the secretary and it also does not look good to the unpracticed eye. Sandy may have signed it, though that is a matter of doubt, but the witness is R. Springer, per W. E., which means W. E. Ellis, secretary of the Vancouver club. It would be necessary for Ellis to have Springer's power of attorney to witness a document for him and it would appear that this registration is also illegal.

Then Longfellow comes in. According to the rules of the association, it is necessary for a club to release a signed player before he can play with another club. Con Jones has not signified his willingness to part with Longfellow, but the poet has not been paid for the last couple of weeks and Con has not played him in any of the matches, so the question arises as to whether he is released or not. There has been no getting together on any of these matters yet, but someone will have to consent to something before eighter Clark, Cowan or Longfellow cacn play.

JOHNSON MAN QUITS.

Matty Cutler Silently Slips Away From Champion's Camp.

San Francisco, June 14.—After the day's outing Jack Johnson enjoyed yesterday he got down to real work today. He was on the road for the usual twelve miles in the morning and although it had not been his intention to box in the afternoon he sparred four rounds with Al Kaufman. The work was not strenuous, however, and the champion evidently held himself in.

"Why should I box hard?" he said. "I am in condition and down to weight. I weigh only 212 pounds and as I will be boxing every day I don't want too much exercise just now."

According to Tom Flanagan, Johnson will continue his road work to within a week of the fight.

It was learned here today that Matty Cutler, one of the sparring partners, had left camp without warning. Rumor says that since Cutler was knocked out by Johnson, as a matter of discipline, he has nursed a grudge and his departure was no surprise to the camp.

HE HIT THE BALL.

"Down at Woonsocket one day, before my name had been in the paper more than half a dozen times," says Lajoie, according to the Washington Star, "a big, broad-shouldered, athletic-appearang man came out to the ball park and asked to be allowed to play.

"He was so big and powerful we decided to give him a chance. He knew nothing at all about the game, but he did quite well in practice. He got in front of everything batted in his direction, and once his hands clasped the ball it was a case of Maggie lock the door.

"When he came to bat the opposing pitcher shot the ball straight across the plate.

"'One strike,' yelled the umpire.

"'Why is it one strike?' asked the man.

"'Because I said so. Look out! There comes another.

"The big man let it go by.

"'Here, explain this thing to me,' the fellow said. 'Why do you say two strikes when I haven't struck at the ball at all?'

"Before the umpire could reply up came another—a straight one—waist high. Mr. Amateur let go with all his might, and away went the ball—faster and faster, higher and higher, as it sailed away. Just as the ball was passing over the fence I looked toward the plate and there that numskull was standing stock still, a look of abject alarm on his face.

"'Run!' I shouted with all my might for we needed the tally. 'Run!' Don't you see the ball has gone over the fence?'

"'Run?' he howled back. 'Not on your life. I've done nothing to run for. I didn't mean to lose the ball, but I've got the money to pay for it. How much is the damage?'"

Nominated to Oppose Sifton.

Edmonton, June 14.—Vermillion conservatives nominated John Clarke, a prosperous farmer of that district, against Premier Sifton for the bye-election on June 29. The convention was largely attended and a strong campaign is being organized in the district with the assistance of Edmonton conservatives, who were well represented at the convention last night. The conservatives state they will put up a strong fight.

MARRIAGES ANNULLED.

Wedding Ceremony Performed Forty-Five Years Ago Declared Illegal.

Chicago, June 14.—By a decision of Judge Cutting in the probate court today a marriage which took place in 1865, and which the contracting parties thought to be legal, was declared invalid and six children, all of them grown, lost their status. The mother of the children, Mrs. Laura Mar Baumgardten Neidhold, was declared to still be the wife of Charles Baumgardten, of Lockport, Ill., from whom she was separated by an agreement signed before a justice of the peace shortly before her supposed marriage to William Neidhold.

The matrimonial tangle, which had its origin more than forty-five years ago, was disclosed when Laura Mar and her six children by Neidhold sought to share in an estate left by William Neidhold's aunt, Mrs. Hattie Buman, valued at $30,000. The validity of their claim was contested by another aunt and uncle, Mrs. Anna Lindner and Charles Neidhold.

Laura Mar, who is now more than seventy years old, lives with some of her children in Milwaukee. Charles Baumgardten, her husband, who is now seventy-nine years old, feeble in mind and health, was a witness. He testified that he had no clear recollection of the marriage or separation.

Justice of the Peace Stephen J. Dowse, who drew up the contract of separation for Baumgardten and Laura Mar and is now ninety-four years old, testified. W. S. Moyer, of Lockport, who married Baumgardten and Laura Mar, also testified by deposition.

William Neidhold has been dead several years. Baumgardten, it is said, has been married twice since his separation from Laura Mar, and by the decision of the court these marriages are also invalid. Judge Cutting ordered Attorney Charles H. Pegler representing the petitioners, to draw up a complete table of heirship, eliminating the Neidhold children entirely.

Mr. Bourassa in Field.

Ottawa, June 14. — Henri Bourassa is credited with the intention of being a candidate for the Dominion house of commons again, and is said to be looking towards Labelle.

New Westminster, B. C., June 13, 1910.

TO WHOM IT MAY CONCERN:—

This is to certify that we have lost a horse insured with the British American Live Stock Association, Ltd., of Vancouver, B. C., and have this date received, through A. W. McLeod, their local representative, settlement in full.

Dated at New Westminster, B. C., this 13th day of June, 1910.

(Signed) BELL INGLES & CO.
Per C. Ingles.

Statistics show that there are millions of dollars invested in stock in British Columbia, and it is safe to say that in ten years three-fourths of the stock now alive will be dead and become a total loss to the owner unless insured.

BE ON THE SAFE SIDE BY INSURING YOUR HORSE NOW.

ALFRED W. McLEOD
"The Insurance Man"
Suite 1, Curtis-Armstrong Blk. Phone 62

Look Here!

DOES it ever strike you, Mr. Merchant, what a vast increase of business you could have by advertising your goods to the general public?

Do you ever consider how few of the people in this town know that you are in business, or what line of goods you carry?

You may have fine window displays, splendid assortments, and very moderate prices compared with Vancouver. The shoppers who come down town can inspect your goods, appreciate your displays and purchase exclusively from the merchants who claim their attention and can supply their needs.

But there are large numbers of people living up town, away from the main centre, who, on account of the distance they have to walk, seldom come to see what you have.

For this reason we advocate advertising in **The Daily News.** Let those people living some distance from your store know what you are selling and at what prices. Let them know that they can get goods at your store as excellent in quality and moderate in price as those obtained in Vancouver, or any mail-order stores out of town.

WHY NOT TRY AN AD. IN THE DAILY NEWS

INTERNATIONAL CRISIS FORCED BY GERMANY

Europe Alarmed by Kaiser's Open Door Announcement in Persian Situation.

Berlin, June 14.—Unless all indications fail, Europe will very shortly find itself in the presence of another first-class international incident. The apple of discord is Persia, and the stormy petrel Germany.

German pretensions with reference to "open door" rights under the Anglo-Russian convention have been put forth with the dramatic suddenness of which Teuton policy is so fond, and are being pressed with unmistakable emphasis.

Notes have been exchanged in profusion between the cabinets of London, St. Petersburg and Berlin within the past ten days, but no basis for satisfaction of Germany's claims has yet revealed itself.

The inspired German press has already referred to the ominous resemblance of the Persian situation to the Moroccan crisis. The situations, from the German standpoint, are indeed absolutely analagous. The raison d'etre, both of German armaments and German foreign policy is unceasingly declared to be the necessity of safeguarding German trade—not only trade that the Fatherland has, but which she hopes and aspires to get in the world's few remaining open markets.

It was out of such considerations Germany alleged, that she threatened France with war over Morocco; and if there be any consistency in German policy, she would not shrink from going to similar extremes for the protection of her endangered rights in Persia.

Rights Still in Doubt.

As to just what these rights are German officialdom still leaves us in the dark. So far we have heard of nothing but "economic aims" in general as the goal of Teuton ambition in the Shah's domains. The representative of the Deutsche Bank, who has been looking into German commercial and financial opportunities in Persia, is now on his way back to Berlin. The position will probably not develop definitely until this emissary, Said Ruete, has reported to his superiors.

Meantime the vigorous diplomatic action which the Wilhelmstrasse has initiated in London and St. Petersburg will be pursued. The unexpectedness of Germany's conduct gives rise to wonder whether the Kaiser's government did not choose what it considered a psychological moment for launching the Persian thunderbolt, particularly with regard to England's preoccupation with domestic affairs.

Simplicissimus Barred.

Simplicissimus, the famous Munich comic weekly, has been officially barred from the army. General von Heeringen, the minister of war, has issued a peremptory order, which has become public with alarming alacrity, prohibiting officers not only from subscribing to Simplicissimus, but from reading it under any circumstances. In order to pledge officers to obedience to the order they were called upon to sign it individually. Their honor is now rigidly engaged, and infractions, it may be supposed, will be relentlessly punished.

Simplicissimus hardly needed the splendid advertisement the war minister's order has given it. The journal contrives to get itself confiscated with regularity, owing to its daring caricatures of the Kaiser and other exalted personages.

Simplicissimus is published in Bavaria and is not subject, therefore, to prosecution for "lese majeste" against the King of Prussia, and it is accustomed to cartoon Emperor William and other members of the Hohenzollern dynasty with much freedom.

Factor in Public Opinion.

Its humor, when directed at august personages, is seldom devoid of malice and is often downright brutal in tone; yet Simplicissimus is an undoubted factor in modern German public opinion, and the recognition of its power by the war minister's latest order is not likely to decrease the paper's popularity or influence.

In many quarters the expulsion of Simplicissimus from the army is ridiculed as a childish maneuver, which reflects unfavorably on the individual sense of honor and propriety of the German officer, quite apart from the manner in which his personal liberty of conscience is interfered with.

THE ALASKAN.

An appropriate offering is the Totem Pole Musical Comedy "The Alaskan," which comes to the Opera house on Monday evening.

The piece has been entirely revised and "musicalized" by Richard F. Carroll and Gus Weinberg, who have taken care, in the general revision, to equip themselves with strong comedy parts, so much so that now the laughter is incessant from rise to fall of curtain. Several new interpolations have been made, and the novel "Snowballing" song, in which the audience is allowed to pelt the Esquimo girls with fluffy white missiles, creates no end of excitement. "Laughing Powders," "For I Dream of You," "Hi Hi Hi" and "The Face of the Girl I Love" are amongst the song hits.

Several new terpsichorean divertisements have been added, and an entire general going over of everything makes "The Alaskan" a welcome visitor. The piece in its present form, it will be remembered, has had a five months run in Chicago, and was voted the best musical comedy exploited in many years. Detmar Poppen, Al Rauh, Leo Kendall, Sidney Algiers, Jessie Stoner, Alice Keen, Etta Lockhardt, Marcel Scott and a large and exceptionally well trained chorus go to form the present "Alaskan" company.

DOMINION LANDS RAILWAY BELT BRITISH COLUMBIA.

Coast Division.

Surveyed agricultural Dominion Lands in the Railway Belt not reserved or withheld from entry and not disposed of or occupied, are open to entry under the provisions of the British Columbia Dominion Land regulations.

In the Coast Division of the Railway Belt any male person over eighteen years of age and otherwise eligible, may obtain under entries as homestead and pre-emption, a legal subdivision of forty acres of Bench Land. Residence is required for at least six months in each of five years. Total cultivation required to earn patent for a twenty acre homestead, ten acres cleared and six cultivated, and if the remaining twenty acres is pre-empted by the homesteader, an additional ten acres cleared and six cultivated either on the homestead or pre-emption,, no additional residence for the pre-emption. Price of pre-emption, five dollars per acre, payable in five installments with interest.

Conditional purchase entries may be obtained for twenty acres of Bench Land by a male over eighteen and otherwise eligible and not holding homestead or pre-emption. Residence required only for six months during the fifth year but cultivation duties increased. Price, ten dollars per acre, five installments.

Bench Lands in this division are lands below twenty-five hundred (2,500) feet above sea level. Uplands are lands above that altitude and are subject only to disposition by quarter sections under homestead entry or grazing lease to settlers. Flooded lands may be reserved for hay purposes or leased to settlers by legal subdivisions.

Entree fee for homestead, pre-emption and conditional purchase is ten dollars for each entry. After securing patent in connection with the land first entered for, the settler may secure another entry and so on, but not for more than a total of one hundred and sixty acres.

Entries under the British Columbia Dominion Land Regulations, effective on the 2nd July, 1910, may on and after that date be made for lands then open to entry. Any lands withdrawn from timber berths, as well as newly surveyed lands, will before becoming available for entry require advertisement for thirty days. "Surveyed" Lands for the purpose of entry means legal subdivisions abutting on a surveyed line, or in case of Uplands, quarter sections abutting on a surveyed line.

For further information apply to the Dominion Land Office, New Westminster, B. C.

P. G. KEYES,
Secretary.

MAIL SERVICE.

Following are the hours of despatch and arrival of mails at the New Westminster postoffice and hour given in each case being the hour of closing, which is half an hour, as a rule, before the actual despatch. All mails, unless otherwise stated are despatched and received daily except Sunday. The only mails despatched and received Sunday are the G. N. R. south and C. P. R. east mails, not including way mails, Sapperton, Fraser Mills and Coquitlam.

Mails Despatched.

8 a.m.—Vancouver and Victoria via B. C. Electric railway.

First C.P.R. east taking all points east including Langley and district.

The mail for Abbotsford and district, Clayburn and district, Huntingdon and district, and Matsqui are despatched by way of Vancouver.

8 a.m.—Blaine and Seattle, including all U. S. points east and south, and Hall's Prairie, Fernridge and Hazelmere, on Tuesdays, Thursdays and Saturdays.

All Surrey mails are received from Cloverdale, except Hall's Prairie, Hazelmere and Fernridge, which arrive on the Port Guichon train on Tuesdays, Thursdays, and Saturdays.

11:00 a.m.—Vancouver, Victoria and Central Park, via B. C. Electric railway.

Mails Received.

8:30 a.m.—Vancouver and Victoria including U. S. matter, and also (except Tuesday) via B. C. Electric railway.

9:00 to 10:00 a.m.—Strawberry Hill, by courier (Tuesday and Friday).

9:15 a.m.—Vancouver and Victoria, via G. N. R.

8:30 a.m.—C. P. R. east (first train) Sapperton, Fraser Mills and Coquitlam.

12:00 p.m.—C. P. R. east.

1:00 p.m.—Vancouver, Central Park and Fraser Arm.

1:30 p.m.—East Burnaby by courier.

2:30 p.m.—Burquitlam, by courier.

3:15 p.m.—Blaine and Seattle, including all U. S. points.

7:00 p.m.—Revelstoke local and C. P. R. intermediate points.

way.

1:30 p.m.—Strawberry Hill, Timberland and South Westminster, by courier (Tuesday and Friday).

1:30 p.m.—Ladner and down river points, East Burnaby, Queensboro and Burquitlam, by courier.

2:30 p.m.—Vancouver and Piper Siding, via G. N. R. north.

3 p.m.—Cloverdale, Nicomekl, and Port Kells, daily, Clayton on Tuesday, Thursday, Friday and Saturday; Tynehead on Tuesday and Friday; Bon Accord, Tuesday and Friday.

4:00 p.m.—Vancouver and Burnaby Lake, via B. C. Electric railway. Saturday an extra mail is despatched to Victoria via Vancouver at this hour.

Blaine and Seattle, including all U. S. points, east and south, via the G. N. R. "Flyer."

Nominations in Manitoba.

Winnipeg, June 14.—A. Prefontaine, the present member for Carillon, was again nominated by the Conservatives for the provincial legislature. A. J. Andrews, a prominent lawyer and ex-mayor of the city was nominated by the Conservatives to contest West Winnipeg seat for the legislature.

TAMMANY GETS HARD REBUKE FROM GAYNOR

New York City Executive Makes Stinging Remarks About Organization.

New York, June 14.—For the time since he assumed office, M. W. J. Gaynor today granted an i view on his work and his adm tration. He mentioned no names, he nevertheless delivered a stin rebuke to George B. McClellan, predecessor, and to Tammany H His criticism of McClellan was in wer to a question as to what had the fundamental principles he thought to establish in his adm tration.

"Well", said the mayor, "I sup I may say properly enough th came here with my mind filled the desire to make the Governm honest and intelligent. That was main idea.

"Just like others, I supposed I filled with an implacable hatred o corruption and degradation of go ment, which I had seen here fo many years. I wanted to destroy if I could. Every other idea I had incidental to this main one.

"I wanted also to make the admi tration of the government free f the control of outsiders, whether ticians or others. The politica tem under which the government city is not controlled and run by th elected and appointed for that pose, but at the dictation of out people who control them, always detestable to me. I just look at contemptible characters who trolled my predecessor."

VATICAN OBJECTS TO SPAIN'S ROYAL DE

Madrid, June 14.—Mgr. Vic papal nuncion, has formally pro against the royal decree issued re day authorizing edifices of non-C olic religious societies to display th insignia for public worship and ot ceremonies, on the ground that t government should maintain the st us quo pending negotiations with t Vatican.

Premier Canajelas in reply says t decree does not touch matters cover by negotiations.

It is understood the answer of th Vatican relative to the revision of th concordat and the reduction of th public worship budget is not satisfac tory, and that the premier has not fied the Vatican that unless it change its attitude the government will be compelled to break off the negotia tions.

START BIG MOVEMENT TO MAKE WORLD GOOD

Washington, June 14.—The first concerted step toward suppressi graft in all its forms throughout th country was taken here this wee when the organization whose future name probably will be the National Anti-Graft movement, will open office here. Harry W. Walker will be in charge.

The movement is the direct resul of an anti-graft speech made last wee by former Governor Folk, of Missouri at a banquet tendered him by th Missouri democracy.

Among those said to be identified with the movement are Perry Bel mont, Rudolph Spreckels, Augustu Thomas, the playwright; Joseph G Willett, of Alabama and Norman Hap good.

BUTTE-CALGARY ROAD SOON TO BE BUILT

Winnipeg, June 14.—St. Paul capi talists are about to establish a stee plant and smelter near Cowley, Al berta. Kelso capitalists have turned over immense coal and iron deposits near Cowley to the syndicate, and the latter have taken an option on iron deposits for $250,000.

The ore is magnetite, adapted for the manufacture of steel.

The St. Paul capitalists have also secured a charter for a railroad from Butte to Calgary. This line has been located and contracts will be let this month. The syndicate's chief object is the development of iron and coal.

BRITISH FIRM WILL BUILD CHILE ROAD

London, June 14.—J. Norton Griffiths, M. P. for Wednesbury, and managing director of Messrs. Griffiths & Co., Ltd., contractors, left London recently with a staff of engineers and surveyors to begin the work of constructing the great railway over the mountains of Chile, for which he has just secured the contract.

An international struggle has for some time raged round the contract which amounts to $21,500,000, and was open to the world. A group of American capitalists were well in the running and the success of the British firm is a matter for hearty congratulation.

Mr. Griffiths will have to be in Chile for about two months.

ONTARIO TOWN IS SURROUNDED BY FIRES

Fort William, June 14.—For the past twenty-four hours forest fires have been burning north and west of here, fanned by a strong west wind, and they are now sweeping south.

The power plant at Waministiquia Falls, which supplies both Fort William and Port Arthur, has been closed down to enable the men to fight the flames. The bush between Port Arthur and beer is now on fire, but there is no danger.

Hymers, on the Canadian Northern, is surrounded by fires. Crown Timber Agent Oliver says he has received twenty-five urgent appeals for help from settlers to fight the fire, which at noon today was covering a distance of three townships.

The loss to timber will be many thousands of dollars.

HOW FRENCHY.

Paris, June 14.—Paris theater managers today sent a telegram to Sarah Bernhardt protesting against the seizing of her theater by Henry Bataille in satisfaction of a judgement he obtained against her for her failure to produce the adaptation of Faust.

One telegram declared that: "On behalf of the drama, who sympathize with you, we protest against this abominable action. You may authorize any of us to act as your substitute in this suit. We kiss you."

ENGLAND FLOODED WITH BIOGRAPHIES OF EDWARD

First Work Published Within Twenty-Four Hours of King's Death and Sold for Penny.

London, June 14.—England is in for a terrible time. An inundating biographical wave is sweeping over the land from which there is no escape. There is to be an obsession of the Edwardian era. The virtues of Edward the Peacemaker are to be proclaimed from the publishers' house tops at so much a dime, and a period of appreciative surfeit is in store. Every publisher of a speculative turn of mind is preparing a biography of the late King.

Sir George Newnes put out a 30,000 word booklet within twenty-four hours of the King's death at the phenomenal price of a penny. Nelson, who is revolutionizing the English book trade, followed with a seven-penny life, printed in large type, on excellent paper, well stitched and bound in cloth. Everleigh Nash is to publish a more expensive volume in a few days' time. In addition Sir George Newnes is publishing a life of the King in fifteen seven-penny parts and Hutchinson's is following suit.

Then Cassell, Murray and Greening and half a dozen others are weighing in with their contributions towards the Edwardian pool so that one wonders if bankruptcy will be the reward of patriotism. In the words of Hamlet, there is "something too much of this," for appreciative as English people are of Edward's merits, they scarcely are likely to store up a library of untruthful history, which repeats itself on almost every second page and which is no more index of the real man than the fulsome obituaries which overflowed their newspaper columns. Before the authoritative life is issued, England will be completely tired of the name of Edward.

KAISER WILHELM TO LOSE HIS STRONG MAN

Munich, June 14.—A newspaper here prints the statement that Bernhard Dernburg, the Secretary of State for the Colonies, has resigned his portfolio and will leave the government service in a short time. He will not take any other position.

Herr Dernburg, who is under fifty years old, was known as the Kaiser's hustling colonial secretary. He gave up the managing directorship of a great bank with £12,500 a year and a dozen company directorships netting him as much again for a Cabinet position of £1,250. He was known as a rejuvenator of financial lame ducks and within four months of his entrance into German official life achieved national renown and meteoric popularity. He became the "strong man" of the government in a day and fought the aristocrats, who bitterly resented the rise of a commoner, with Semitic ancestry, to such a high position. He made many enemies among this class and it has been freely predicted that they would force him out of the government.

CHIEF OF COMANCHES VISITS WASHINGTON

Washington, June 14.—Quanah Parker, of Oklahoma, chief of the Comanche Indians, son of a white mother and an Indian father, is making his eighteenth visit to the home of the "great white father." His mission is three fold.

First, he will endeavor to persuade President Taft and the commissioner of Indian affairs that the Comanches should have more money from the sale of their lands. In the second place he will ask that the Indians be allowed to use a certain herb called peyote, which the Indian agents have forbidden the tribe to use in their ceremonials in case of sickness and which Parker says is beneficial. Last he hopes to hear Representative Stevens, of Texas, speak on a bill appropriating $1,000 to remove the bodies of the chief's mother and sister from Texas to a burying ground near Parker's home on the Indian reservation. Colonel Roosevelt, on a hunting trip through Oklahoma several years ago was entertained at the home of Chief Quanah.

STOCKS FOR HIS.

Former Priest Will Try to Beat Wall Street.

New York, June 14.—Declaring that he intended becoming a stock broker, Alphonse M. Consolazio, the former priest who recently married sixteen-year-old Katherine Johann, of Trenton, said today that for two years he had tried to forget the girl, but that finally he became convinced it was his duty to abandon the church and wed.

"When Bishop McFaul, of Trenton, called me before him," said Consolazio, "he refused to discuss anything with me but Miss Johann. He said my name was being connected with hers, and when I found there had really grown up a great deal of talk, I made up my mind that the truest thing to do was to quit the church and marry Miss Johann.

"I have received several offers from institutions of learning to take a position as a teacher of the classics, but Wall street appeals to me. I want to become active in this commercial center, and I intend to serve in a broker's office here, after which I shall open an office for myself."

Cold Hits Coney Island.

New York, June 14.—Because of unseasonably cold and rainy weather, thirty concessionaires at Coney Island gave up their places today. Bad weather has cost the island, it is estimated, over $200,000 in the last two weeks. Unless real summer days come quickly, it is believed many more persons at the resort will have to go out of business.

FRENCH POLITICIANS MAY FORM NEW PARTY

With Preparatory Work of Chamber of Deputies Completed, Talk of Catholic Organization Begins.

Paris, June 14.—Now that the newly elected Chamber of Deputies has about finished its preparatory work, there is considerable talk of the formation of a Catholic party, powerful enough and disciplined enough to count for something when a vote is taken.

It is significant that there are 200 new deputies in the new chamber. There has never been such a clearing out of the "old gang" before. It proves not that the country was discontented with its present form of government, but with the old deputies—particularly the speed with which they voted themselves an increase of salary.

The new men label themselves Radicals and supporters of the republic; but such is the ingenuity of the politician in France that this may be merely a little party jugglery. Some of the so-called Socialists may prove the allies, on occasion, of the church with the object of overthrowing the ministry. There is no doubt that some sort of secret compact does exist between the clericals and their supposed arch enemies of "The Mountain."

It is impossible to say what will be the result of this strange fusion of political contrasts. Meanwhile M. Briand appears to have no particular anxiety and cheerfully announces his intentions to institute this and that reform. One of the first to come about is that of the method of election. The "scrutin d'arrondissement" has clearly had its day, and the 'scrutin de liste' (or list voting) will be called to take its place.

If, as M. Jean Finot and others would have the people of France believe, female suffrage is at hand, something like a revolution will be affected in this country, which already has experienced so many changes.

IMPORT RECORD OF 1907 CERTAIN TO BE BROKEN

Washington, June 14.—The high record of imports of manufacturers' materials will be reached during the present fiscal year, which will displace 1907 as the "banner year," in the importation of such articles. The opinion of the bureau of statistics is based on the figures for the ten months ending April 30, 1910.

In the cases of all the important articles, with the exception of fibers and cotton, which showed a slight decrease as compared with 1907, the importations materially exceeded those of 1907 in quantity, the increases ranging from ten to more than 100 per cent.

Measuring the entire group of manufacturers' articles in dollars, the bureau of statistics figures showed importations for the first ten months of this year valued at $728,000,000, as against $629,000,000 in the corresponding period of 1907, or an increase of sixteen per cent.

The indications are, it is said, that the total importations of these materials for the entire year will aggregate $900,000,000.

NEW GRAFT SCANDAL IN RUSSIAN MUSEUM

St. Petersburg, June 14.—The Czar's collection of pictures is the subject of the latest graft scandal. It is reported that many of the most famous pictures in the Hermitage Museum, a wing of the Winter Palace, have been stolen and copies substituted. Two Rembrandts, a Murillo and several works of the old French and Spanish masters are among the pictures that have disappeared. The copies are skillfully executed, and would deceive all but experts.

This is not the first scandal connected with the museum. Some time ago Director Lohmann, of the museum, was convicted of replacing, by paste imitations, the jewels in the imperial collection, and two years ago part of the famous collection of Byzantine antiquities, worth $1,000,000, was stolen.

RIDES LOG THROUGH TURBULENT HELL GATE

New York, June 14—Edward A. Chase, a river driver of Bangor, Me., perched on a log, rode through the turbulent waters of Hell Gate, in the east river today. At one point Chase jumped from the log to a dredge just as the log plunged under. He sprang on the log again when it reappeared and finished the journey without mishap.

WHY SALVES FAIL TO CURE ECZEMA

They Clog the Pores—Only a Liquid Can Reach the Inner Skin.

Since the old-fashioned theory of curing eczema through the blood has been given up by scientists, many different salves have been tried for skin diseases. But it has been found that these salves not only clog the pores and cannot penetrate to the inner skin below the epidermis where the eczema germs are lodged.

This—the quality of penetrating—probably explains the tremendous success of the only standard liquid eczema cure, oil of wintergreen, thymol, glycerine, etc., as compounded in D. D. D. Prescription.

After ten years of cure after cure, the world's leading skin specialists have accepted this as the true eczema cure. If you are a sufferer from skin disease, or have a friend who is, write at once for a free trial bottle to the D. D. D. Labortories. Department N.N., 23 Jordan street, Toronto. This trial bottle will relieve the itching at once. Try it on our recommendation. Frank McKenzie, Druggist. **

SYNOPSIS OF CANADIAN HOMESTEAD REGULATIONS.

Any available Dominion Lands within the railway belt in British Columbia, may be homesteaded by any person who is the sole head of a family or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land on each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the commissioner of Dominion lands at Ottawa of intention to apply for patent.

Coal.—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY.
Deputy of the Minister of the Interior

N.B.—Unauthorized publication of this advertisement will not be paid

WATER NOTICE.

Notice is hereby given that an application will be made under Part V. of the "Water Act, 1909," to obtain a license in the New Westminster Division of New Westminster District. (a) The name of Company, Vancouver Power Company, Limited. The head office at the City of Vancouver, British Columbia. The capital, $2,500,000, divided into 2,500,000 shares of $1.00 each, all fully paid up; (b) The name of the lake, stream or source, unnamed stream running through section 29, block 5, north range 2, west, thence in a northwesterly direction flowing into the Fraser river; (c) The point of diversion, 2,300 feet in a southeasterly direction from the southeast corner of section 19, block 5, north range 2, west; (d) The quantity of water applied for, .166 cubic feet per second; (e) The character of the proposed works, a small dam and pipe line; (f) The premises on which the water is to be used, two (2), three (3) and four (4), group two (2), New Westminster District; (g) The purpose for which the water is to be used, domestic; (h) If for irrigation describe the land intended to be irrigated, giving acreage, no; (i) If the water is to be used for power or mining purposes describe the place where the water is to be returned to some natural channel, and the difference in altitude between point of diversion and point of return, no; (j) Area of Crown land intended to be occupied by the proposed works, none; (k) This notice was posted on the 2nd day of June, 1910, and application will be made to the commissioner on the 13th day of July 1910; (l) Give the names and addresses of any riparian proprietors or licensees who or whose lands are likely to be affected by the proposed works, either above or below the outlet, none; (m) The part of the Memorandum of Association of the company which authorizes the proposed application and works reads as follows: "(3) The objects for which the company is established and to which objects the Company are restricted are the acquisition of water and water power by records of unrecorded water or by the purchase of water records or water privileges for,——— (g) Rendering water and water power available for use, application and distribution by erecting dams, increasing the head of water in any existing body of water, or extending the area thereof, diverting the waters of any stream, pond or lake into any other channel or channels, laying or erecting any line or flume, pipe or wire, constructing any race-way, reservoir, aqueduct weir, wheel, building, or other erection or work which may be required in connection with the improvement and use of the said water and water power or by altering, renewing, extending, improving, repairing, or maintaining any such works or any part thereof." (n) The Company applies for a license to store water. The place of the proposed reservoir for storing the said water is section twenty-nine (29), block five (5), north range two (2) west; (o) The means by which it is proposed to store the water, by dam; (p) The area of the reservoir site or sites at each foot in depth above the outlet, the depth above the outlet will approximately average about six or seven feet; (q) How it is proposed to acquire the land necessary for the purpose, by purchase, or if necessary by expropriation; (r) Approximately the number of acre feet intended to be impounded, 20,000 square feet.

Something New in Floor Wax

The easiest way to finish a floor is to saturate a soft cloth with Columbus Liquid Wax and apply lightly to the floor, let it dry for about fifteen minutes, and bring to a polish by light rubbing with a soft cloth.

No brush to push—no work—no backache. Resists heel-marks, scratching, and water will not turn it white. Goes farther and lasts longer than any paste wax. Try it! Be sure to ask for the genuine

CITY NEWS

There is still no trace of the expected run of spring salmon.

See the new Camp and Veranda Furniture at Fales, Agnes street. **

The board of trade will hold its regular monthly meeting tomorrow night.

Phone L-528 for all kinds of teaming. J. H. Huggard. **

Columbian college has received aid from Toronto towards adding a course in domestic science to the curriculum.

For Bamboo Shades see Fales. **

The Burnaby assessment court will begin to hear a list of about 240 appeals against the assessment this morning.

For a pleasant cool drink, try the Ice Cream Sodas at The Royal Cafe. **

The management of the Edison theatre has made arrangements to show the pictures of the king's funeral here next Monday.

Awnings—All kinds at Fales, Agnes street. **

E. J. Fader has disposed of the entire grocery stock in his Agnes street store, intending to close up that branch of his business.

We have a number of fine residences for sale on easy terms. Come in and see me. S. Fader. **

A strawberry social and apron sale will be held on the grounds at St. Barnabas rectory tomorrow afternoon. The social will be continued in the parish hall in the evening.

The Bohemian Cafe will in future be open all night. Special arrangements for private parties. **

The board of managers of the Royal Columbian hospital will not hold its regular monthly meeting this afternoon on account of the regular annual meeting coming in a week.

For spring plants or cut flowers, phone Davies' Greenhouse, R208. **

Rev. C. W. Brown, B.D., officiated yesterday at the wedding of Albert S. Emsley and Miss Gertrude Frier, both of Vancouver. The ceremony took place at Queen's avenue Methodist church parsonage.

The proper place to dine is at the Bohemian Cafe, Depot Hotel block. The best of everything. **

The reception committee of the local W. C. T. U. will meet in Queens avenue church tomorrow afternoon to make arrangements for the reception of the delegates to the convention which is to be held here next week.

Spring is here—how about those plants for the garden? Tidy, the Florist, can suit you to a T in anything in that line. **

A reception to Mrs. Day, vice president of the British Columbia local Councils of Women, will be given Thursday afternoon in Queens avenue church from three to six o'clock. All members of the local council are requested to be present.

For Geraniums, Dahlias and all kinds of Spring Bedding Plants phone Davis' Greenhouse, R 208. **

Five timber limits were sold by E. J. Fader yesterday, the consideration being in the neighborhood of $80-000. Mr. Fader is at present negotiating with eastern capitalists for the disposal of immense timber reserves, the price of which will run close to $700,000.

J. C. McPherson, of the Vancouver office of the National Finance company, was in the city yesterday. He will remain here for a few days, making his headquarters at the local office of his firm, in the Curtis block. Mr. McPherson has at his disposal $50,000, which he is anxious to loan on improved city property.

The thirteen-months-old child of Mr. Eberts, of Sapperton, died on Monday night. The funeral will take place at 2.30 o'clock this afternoon.

The date when "The White Squaw" will appear at the opera house has been changed back to the original date, June 30, and "The Alaskan' will show here next Monday night.

A successful strawberry and ice cream social in aid of Knox Presbyterian church, Sapperton, was given last night on the lawn of Mrs. L. Williams' residence, Columbia street. Between $50 and $60 will be realized by the church from the function.

Acting Mayor A. W. Gray, City Engineer Blackman, City Electrician Bowler and several members of the city council yesterday inspected the location of the light poles on Columbia street and after having a thorough look around decided to have the pole at Eighth street about three feet from the spot first suggested.

Howard Wilson, an employee of one of the city mills, had one of his arms badly cut in some machinery yesterday afternoon. Removed to the Royal Columbian hospital, he underwent an operation to permit the removal of a piece of bone which was badly crushed. He will remain at the hospital for some days under the care of Dr. Green.

A valuable horse belonging to Belyea & Co. was drowned by falling into the river off Gilley Bros'. wharf yesterday morning ,the animal backing the rig to which he was harnessed over the edge of the wharf and being dragged into the Fraser by the vehicle. After much trouble the horse was dragged ashore, and for a long time efforts were made to resuscitate it, but without avail.

J. E. McFerran, a lineman employed on the power line of the B. C. E. R. at Westminster Junction, was electrocuted yesterday by coming in contact with a high tension wire. Constable Wilkie and Coroner Pittendrigh went to the scene of the accident, where a coroner's jury was empanelled. The verdict was that McFerran had met with accidental death. The deceased was about thirty-four years of age and has a wife and child in Eastern Canada.

Police Magistrate Edmonds had a busy time yesterday morning, when he disposed of five cases. The most serious cases were against a couple of bartenders charged with selling liquor to drunken men. One was fined $20; but there was not sufficient evidence to convict the others. One drunk was fined $2.50 and costs, and another paid $10 for the privilege of being disorderly in addition to being drunk. A case against James Corbett for an infraction of the health bylaw was dismissed.

After a four months' illness, John Hinch, an octogenarian, died at the residence of his daughter, Mrs. W. R. Gilley, yesterday morning. He was a widower, but leaves a son, George, of Port Haney, and a daughter, Mrs. Gilley, to mourn his loss. The deceased was one of the pioneers of the Fraser valley, settling near Port Haney in 1875, and remaining there for many years. The funeral, which will be in charge of W. E. Fales, will take place from his late residence to the Church of England cemtery on Thursday.

MARRIED.

At Queens avenue Methodist parsonage, on June 11, by Rev. C. W. Brown, B.D., Miss Mary Dickenson to Fred J. Mark, both of this city.

DIED.

HINCH—In this city, June 14, John Hinch, a native of County of Dublin, Ireland, aged 80 years. Funeral Thursday.
