UNCIL INVITES BRITISH FLEET HERE

Wilfrid Also Favored—olons Are Hospitable Despite Heavy Business.

e British fleet, which the ad- is contemplating sending d the world on a grand tour of olonies, will be invited to come w Westminster. This is the sug- n of Mayor Lee and was unani- y adopted by the council at its g last night. The invitation will off at once. Mayor Lee thinks able that even if the whole es not come up the river, some smaller gunboats and torpedo will. The tour will not com- for at least a year.

ther invitation which will be ded by Mayor Lee on behalf of council will be one to Sir Wilfrid r to come here when he is mak- s proposed tour of the west.

The Bridge Wire Trouble.

y other important matters were t up at the meeting last night. ouble with the wires over the inster bridge caused a tremend- mount of oratory, but nothing e was decided. The boat Marie- has to get up the river, but it that the British Columbia Elec- ere granted permission to string wires there at their present . Some of the members blamed ifficulty on the pilot board, but ajority seemed to favor laying lame at the door of the harbor- r, who is said to have stated 165 feet was high enough for wires. Whoever caused the diffi- provided food for conversation e aldermen last night, but they not offer a solution. Mayor Lee he had consulted the British Co- ia Electric Railway and the sug- n had been made that the e lower its masts, and he had ted the captain of the vessel, had suggested that the British bia Electric Railway take down ires.

yor Lee has written to the Do- on government and to the Pro- al government regarding the er. In the meantime the mayor left with authority to make any gement he saw fit to overcome rouble.

e tender for laying cement walks tain streets under the local im- ment plan was let to the Pa- Construction company of Seattle, nder of $13,297 being only half uch as that of the only other r received, from William Town- and George R. Morris, of New minster. The acceptance of the is contingent on the local im- ment bylaw, providing for the passing.

A Little Difference.

report presented by Alderman n of the water committee ht on the first tiff that has so arred the serenity of the meet- of this year's council. Alderman n recommended that a three- main be connected with the plant he British Columbia Packers' As- tion plant as requested, that the r system be not extended up th street at present and that a est of Mr. Bradbury, of Lulu isl- for water be granted.

lderman Gilley said that he was a ber of the water committee and did not know anything of the rec- endations. He had not been d to attend any meetings and was prepared to support the recom- lations without first looking into m.

lderman Welsh, the third member he committee, said that he also not been notified of any meeting this was the first time a report of water committee had been pre- ted when he was not asked to sign

lderman Bryson was taken by sur- e. "I understood that the chair- n was supposed to look after the e things," said he. "I had no in- ion of slighting any of the other mbers of the committee." The re- t was only a verbal one and he not ask Alderman Welsh to sign He was a member of two or three er committees and with the ex- tion of one meeting of the light mittee he had not attended nor been asked to attend any meet- s of committees.

After a few more words from all

STARS WITH MELBA.

nest Harpist and Greatest Flutist in World to Tour Canada.

London, May 25.—Madame Melba s engaged for her forthcoming anadian tour Miss Ada Sassoli, de- ribed as the finest harpist in the orld. John Lemmoine, the great utist, who came from Austrialia, will company Melba. Her Canadian gents report that houses in many anadian towns have been already old out.

CRITICIZED.

ustralians Disagree With High Commissioner on Pauper Immigration.

Melbourne, May 25.—Sir George eid, Australian high commissioner London, has been subjected to trong criticism owing to a speech he ade in London on April 1, wherein e is alleged to have encouraged pau- er emigration to the island conti- ent.

CHINAMAN GUILTY OF THREATENING GIRL

Jury Believes Johnnie Meant it When He Offered to Murder Miss Stickles.

The first day of the New Westminster assizes before Juage Clement yesterday resulted in a verdict of guilty in the case of the Chinaman, J. C. Johnnie, who was charged with writing a threatening letter to Lina Stickles, a Pitt Meadows school girl. Miss Stickles gave her testimony in a very straightforward manner and the only point on which the defence tried to make a case was in the interpretation of some of the phrases in the letter.

The damning fact in the evidence for the prosecution was that when Johnnie was arrested, a few days after he wrote the letter, a revolver was found on him. He was evidently infatuated with the girl and had bought her presents, her refusai to accept one of these, a gold watch, precipitating the trouble.

The jury was out but a short time and returned a verdict of guilty, recommending that the prisoner be shown mercy. No decision was given. J. A. Russell, of Vancouver, appeared for the accused, while Deputy Attorney-general McLean conducted the prosecution.

The case occupied the attention of the court from 11 o'clock in the morning till 4 in the afternoon. At the conclusion of the case the one against Kengo Ishimaru, accused of murder, was called, but the lawyer was not ready to go on and the court was adjourned. It will be called at 10:30 this morning.

DISCOVER PLOT TO MURDER KING AND QUEEN OF SPAIN

Anarchists Become Active After Alfonso's Return From England—Suspect Commits Suicide.

Madrid, May 25.—The revelation of a formidable plot to assassinate King Alfonso and Queen Victoria of Spain caused the doubling of the king's bodyguard today. The death of an anarchist named Callemayor by his own hand, after the premature explosion of a bomb, is regretted by the police as they believe it prevents them from learning the identity of persons now engaged in further plots to kill the Spanish ruler.

Following Callemayor's suicide, the police ransacked his rooms and gathered evidence showing that plans to kill Alfonso and the queen are still under way. The evidence threw no light upon the identity of the persons engaged in the plot.

Although Callemayor was injured by his own bomb and then took his life to escape arrest, open threats of vengeance for his death have been made. The police attribute the anonymous letters they are receiving to anarchists who have become active since the return of Alfonso from England.

Barcelona, May 25.—The barracks in Barcelona and vicinity were filled with additional troops today in anticipation of a revolutionary outbreak. The reinforcements arrived in time to quell several anti-government demonstrations that took place in the streets today.

The editor of "Land and Liberty," an anarchist paper, was placed in jail this afternoon following the assertion in the periodical that the recent bomb outrages here and at Madrid were planned and consummated by anarchists. The statement removes all doubt of the existence of a plot to assassinate the king.

The boldness of the editor is known to have caused delight among the "reds" and consternation among the authorities. It is believed in some quarters that it foreshadows a revolutionary movement. The police are greatly worried.

NO MORE SURVIVORS.

Toll of Great Lakes Wreck Is Placed at Eighteen.

Sault Ste. Marie, Mich., May 25.—Capt. William McElroy, of the upbound steamer Sir William Siemans, was within a mile of Monday's fatal collision on Lake Huron, when eighteen lives were lost from the steamer Frank H. Goodyear. The Siemans crew witnessed the rescue of the five survivors by the crew of the steamer Wood. Some hope was entertained yesterday that the Siemans might have picked up additional survivors, but this hope proved to be unfounded.

FRENCH BANKERS WILL INVEST IN CANADA

London, May 25.—It is understood that a prominent banker of Montreal has been for some time working hard in an endeavor to interest French bankers and capitalists in Canada, with the result that a group of French bankers and capitalists are ready to invest several million pounds sterling in any group of sound Canadian securities that might be placed before them.

JOE MARTIN WOULD TIE UP LIQUOR TRADE

English Publican Gets Very Little Sympathy From Strenuous Canadian M. P.

London, May 25.—The general board representing the licensed victuallers of the old country has received a striking reply from Joseph Martin, M. P. for St. Pancras east, in reply to its appeal for support in its protest against Chancellor Lloyd-George's alleged oppression of the liquor trade.

Only noble lords and members of parliament, remembering doubtless the electoral power of the liquor vote, replied sympathetically.

Martin wrote: "Yours to hand. I take very little interest in the wail of the publican. If I had my way, restrictions on liquor sellers would be much more severe than they are, and their licenses would cost much more."

When read at a meeting of the board the letter was received with laughter and cries of "Shame." The chairman said that the reply of the honorable gentleman would be borne in mind by the trade.

AYLESWORTH WILL WATCH CANADA'S SIDE AT HAGUE

Minister of Justice to Be Business Manager at Fisheries Tribunal—Kind Words for English.

London, May 25.—Hon. A. B. Aylesworth is leaving for The Hague as business manager of the Canadian side of the fisheries tribunal.

Mr. Aylesworth indignantly denied a published report that the Canadian representatives had been slighted in connection with the King's funeral. He said: "We were royally treated like princes. Indeed, nothing could have been more courteous than the way we were considered."

Referring to the remarkable change in general British official and unofficial attitude to Canada, Mr. Aylesworth added: "Dominions overseas nowadays are listened to and considered in a way they were not in the old days. Perhaps were are more worthy of consideration than we used to be. Young nations are very different from young colonies. As for the colonial office, I have nothing but kind words to say of its officials."

EXPECT RUTHERFORD TO RESIGN FROM OFFICE TODAY

Premier of Alberta Slated to Step Down and Make Way for Chief Justice Sifton.

Edmonton, May 25.—It is considered practically certain that Premier Rutherford will resign from the Alberta government tomorrow.

It is said that his resignation is now in the hands of the lieutenant-governor and that tomorrow Chief Justice Sifton will be called on to form a government. This the latter has consented to do providing the Great Waterways contract is cancelled. This contract has caused Mr. Rutherford's downfall.

Bonds of the railway to the extent of $7,000,000 are now held in New York, Montreal and London. No effort will be made to involve this bond issue but the money on deposit in local banks for which the bonds were sold will be taken over by the government. The road will be constructed as a government-owned highway and operated probably in connection with the C.P.R. or the Grand Trunk Pacific.

There is a statement in circulation that a coalition government will be formed and that R. B. Bennett, leader of the Opposition, will be given a cabinet portfolio.

CROPS ARE FINE.

Rains Bring Joy to Hearts of Alberta Farmers.

Calgary, May 25.—From practically every portion of Alberta dispatches were received today announcing the condition of the crops. Reports show that rains were general through the province last week, the precipitation lasting from four to forty hours' duration. The condition of crops is reported as good and growth fine. No damage from any cause has been recorded.

GOLDEN RULE CHIEF SUSPENDED BY MAYOR

Cleveland, May 25.—Pending an investigation of charges against him, Chief of Police Frederick Kohler, who has a national reputation as the "Golden Rule Chief," was suspended by Mayor Baher late today. The charges filed yesterday accuse the chief of misconduct in office and immorality.

STREETS SUBMERGED IN NORWEGIAN TOWN

Heat Melts Snow on Mountain Tops With Disastrous Result to Valleys.

Christiana, May 25.—The extraordinary heat during the spring months has melted the snow on the mountains in the interior, causing a flooding of the lakes and rivers far beyond the record in 1860.

The situation is critical at several places, especially at Lillestrommen, near Skedado, where the streets are submerged to the first floor of the buildings. M. Bteanne, minister of public works, is now inspecting the city in a motorboat.

Flowing timber endangers the bridges over many rivers. At Fe'sund 360,000 pieces are afloat and it is feared that the railroad bridge will be damaged.

The question of state assistance has been submitted to the Storthing.

Length of Mourning Decided On.

London, May 25.—Full mourning for King Edward ceases on June 17 and half mourning on June 30.

ELEVATOR COMMISSION COMMENCES ACTIVE WORK

Manitoba Is Proceeding to Establish System of Public Owned Storehouses—Make Investigations.

Winnipeg, May 25.—The Manitoba elevator commissioners took the oath of office this morning before Chief Justice Mathers and have held their first session. They have opened offices and are now prepared to receive communications.

They are proceeding immediately to the establishment of a public owned system of grain elevators, and preparatory to that the commissioners will make an investigation of the conditions and requirements at the various points throughout the province.

The members will go out separately and will hold no formal sessions at present.

Will Consider Labor's Offer.

London, May 25.—The offer of trade unionists to provide funds for labor members of the British parliament is to be considered by a labor conference this week.

AULD SCOTIA BECOMING MUCH MORE TEMPERATE

Number of Inebriates Arrested in 1909 Shows Great Decrease Over Preceding Years.

Glasgow, May 25.—There was a great decrease in 1909 in the number of persons apprehended for drunkenness in Scotland, compared with the preceding year. In cities and burghs the decrease amounted to 10,068 and in counties to 2,700, making a total decrease of 15,858.

According to the half-yearly census taken by the Scottish police in June, 1908, there were 10,199 vagrants at large, 1541 of whom were children under 14 years of age, and in June, 1909, there were 12,474, of whom 1539 were children. A large proportion of these are offenders who beg and commit petty thefts and cause considerable damage by fires when they lie out about stockyards and outhouses at night.

The astonishing decrease of drunkenness in Scotland is also illustrated by the report of the chief constable of Glasgow, which shows that last year 14,167 apprehensions were made for drunkenness, a decrease of nearly 4500 compared with the previous year and of full 6000 on two years ago.

Will Close Stock Exchange.

New York, May 25.—The governors of the stock exchange today decided to close the exchange on Saturday, May 28, the Saturday preceding Decoration day, a legal holiday on which the exchange will also be closed.

Reception for Roosevelt.

London, May 25.—Lord Strathcona, in his capacity as high commissioner, is giving a reception on Tuesday next at 28 Grosvenor square, in honor of Mr. Roosevelt, to visiting and other Canadians.

Empress of Britain Due Today.

Montreal, May 25.—The C. P. R. steamer Empress of Britain was ninety-two miles southeast of Cape Race at 2 p. m. today. She is due in Quebec about midnight Thursday, with 1,500 passengers.

Mauritania Reported.

New York, May 25.—The steamer Mauritania, Liverpool for New York, was reported 865 miles east of Sandy Hook at 11 a. m. She will dock late Thursday night or at 7:30 a. m. Friday.

BLUEFIELD BLUFF IS SCENE OF BIG BATTLE

Fight Progresses All Day—Meagre Reports Give Victory to Government.

Bluefields, Nicaragua, May 25.—A Nicaraguan government force from the gunboat Venus today boarded and captured the American schooner Esfuerso, flying the Stars and Stripes. The action was in definance of a ruling from Washington that the Venus had forfeited her right to search.

Following the search the Venus and another Nicaraguan gunboat, the San Jacinto, were seen approaching the Bluefield Bluff. The American gunboats Paducah and Dubuque were lying off Bluefields and it is expected here that the commanders will take prompt action.

The fighting outside Bluefields continues without definite results. Throughout yesterday the battle raged without decided advantage to either side. General Lara, of the Nicaraguan government army, who is seeking a position near the city, was repulsed by General Estrada and sustained small loss. The situation at Roma remains unchanged.

San Juan Del Sur, Nicaragua, May 25.—A report has just been received from government sources of the complete defeat of the insurgents at Bluefields Bluff. The telegraph lines are working badly and details are lacking.

C. P. R. Earnings.

Montreal, May 25.—C. P. R. earnings for the week ending May 21 were $1,812,000, an increase of $320,000 over the corresponding week last year.

RIPON'S RULING DEFINES DOMINION TRADE TREATIES

White Paper Just Issued by British Parliament Curbs Canada's Power With Foreign Governments.

London, May 25.—A parliamentary white paper has been issued dealing with colonial treaty-making powers, containing correspondence between the home government and those of the overseas states. Lord Ripon in 1895, in connection with speeches made at the conference on trade relations within the empire, held at Ottawa, sent a circular dispatch to the governments of the self-governing colonies, laying down the principle that a foreign government can only be approached through the British representative at the court of that power. He said that to give the colonies the power of negotiating treaties for themselves without reference to His Majesty's government would be to give them international status as separate sovereign states, which would be equivalent to breaking up the empire, but it would be desirable generally that the British ambassador who was conducting such negotiations should have the assistance of a delegate from the colonial government to act as a second plenipotentiary or in subordinate capacity.

On July 4, 1907, Sir Edward Grey, when informing the British ambassador in Paris of the desire of the Canadian government to open negotiations with the French government for a new commercial convention, recalled the above dispatch of Lord Ripon, and added: "I do not, however, think it necessary to adhere in the present case to the strict letter of this regulation, the object whereof was to secure that negotiations should not be entered into or carried through by a colony unknown to and independently of His Majesty's government. The selection of a negotiator is principally a matter of convenience, and in the present circumstances it would obviously be more practical that these negotiations should be left to Sir Wilfrid Laurier and the Canadian minister of finance, who will doubtless keep you informed of their progress. If the negotiations are brought to a conclusion in Paris, you should sign the agreement jointly with the Canadian negotiator, who will be given powers for that purpose."

In a subsequent dispatch to the ambassador, Grey added: "In the event of the Canadian delegates desiring to make or accept any verbal alterations, either in the English or French text, you are authorized thereto without reference to me."

Want to Relax Rules.

London, May 25.—A further conference of emigration societies has decided to take steps to obtain a relaxation of Canadian rules in cases of individuals who are not desirable. It is also suggested that three months' notice of all new rules be given.

Murder Suspect Acquitted.

May's Landing, New York, May 25.—William Seyler, charged with the murder of Jane Adams on the million-dollar pier at Atlantic City, N. J., last February, was acquitted tonight. The jury was out a little more than five hours.

CANADA IS FIFTH IN WHEAT PRODUCTION

Dominion Leaps From Tenth Place to Fifth in One Year—World Statistics.

Ottawa, May 25.—According to a statement issued by the census and statistics branch of the department of agriculture, Canada now holds fifth place among the wheat producing nations of the world. In the past two years this country has moved up five places, as it ranked tenth as recently as 1908.

Canada's total wheat production in 1909 is given as 166,744,800 bushels, as compared with 112,434,000 bushels in the previous year.

Last year the wheat production by countries was as follows:

Country	Bushels
Russia	786,472,363
United States	713,286,923
France	361,050,530
British India	253,592,377
Canada	166,744,800
Italy	155,711,230
Spain	144,511,581
Germany	138,399,277
Argentine	133,581,000
Hungary	125,363,237
Australia	82,383,514
Great Britain and Ireland	67,525,212

In 1908 the order of precedence in respect to product was as follows: United States, Russia, France, British India, Hungary, Argentine, Italy, Germany, Canada and Australia.

MAY DAY DANCE.

Function Tomorrow Evening Promises to Be Record-breaking Affair.

The May day dance to be held on Friday night promises to be a record-breaking affair. The committee in charge has been working hard and everything is in readiness for a first-class time. The city band will be present and the floor is in excellent shape.

In order to accomodate the crowd and that everyone may dance, the youngsters will have possession of the floor till half past ten, when the older dancers will come on.

The May Queen will be taken up to the hall in her royal carriage, just as she would have been on May 6, if the death of King Edward VII. had not occurred on that day.

ROMAN IS FAST.

Halibut Boat Distances All Others in Northern Waters.

The Roman came in yesterday with 120,000 pounds of halibut. She will leave for the north again this morning.

The Roman had a quiet trip, the weather being fine and the fishing good. So far as the men on the Roman have been able to find out, they are on board the fastest vessel engaged in the halibut trade. Coming down on the last trip she easily overhauled and passed the Seattle boat San Juan and the engineers are confident they could administer like treatment to any of the boats they are liable to meet.

This trip the Roman caught many more sturgeon than usual.

POLITE PICKPOCKET.

Retains Only Cash From Wallet of Japanese Merchant.

Cape Race, Nfd., May 25.—One of the most courteous pickpockets on record came to light today on the steamship docks, where the liner Majestic was preparing to sail for Liverpool. Kyosuskann Iwai, a Japanese business man, missed his wallet when he reached for his ticket. The wallet contained, besides his ticket, a draft on London for $250 and $50 in cash. He was standing around despondently when a messenger boy appeared waving a wallet which he said a man told him to give a Japanese on the steamer. The London draft and the steamship ticket were still in the receptacle. Instead of the cash was a laconic note which read, "Many thanks."

SAYS STEEPLEJACK STOLE CHURCH ROOF

Philadelphia, May 25.—Charged with stealing the metal roofing from the steeples of the Roxborough Baptist church and St. John's Roman Catholic church, Earl Knoll, a steeplejack, was arraigned in the Central police court here today and held in bail for a further hearing.

It was testified that during the night he had climbed 110 feet on St. John's church steeple, from which 160 pounds of copper sheathing were removed. From the sixty-foot steeple of the Baptist church it is alleged he obtained forty-eight pounds of metal.

PRESIDENTIAL NOMINEE.

New York, May 25.—That Judson Harmon, governor of Ohio, will be nominated for president in 1912 by the Democrats and elected was a prophecy made today by Melville E. Ingalls, chairman of the Big Four railroad. Mr. Ingalls' name has been mentioned to succeed Senator Dick in case that state should go Democratic in the coming fall.

CORPORATION OF BURNABY.

Edmonds Waterworks.

Notice is hereby given that all parties requiring water service are requested to make application on printed forms, to be obtained at the collector's office, as early as possible.

C. T. SAUNDERS, C. M. C.

Municipal Hall, Edmonds, B. C., May 23, 1910.

Real Estate vs. Mortgages

Some of our shrewd clients are beginning to feel that outside property is now nearly as high as it is worth. They say that the old stock exchange axiom is good which says "Sell when everyone wants them; buy when no one wants them." They have figured out that they have done pretty well by real estate and are now buying mortgages. They say that seven to eight per cent. is good for such high class, gilt edged security—in fact there is no security better than a mortgage on improved real estate which has withstood all the scrutiny given morgages which passes through our hands. They feel that with such mortgages they can sleep pretty comfortably—no anxiety as to a possible drop in value.

If real estate has done well for you, or if you are for any reason looking for the greatest security in investment, it will pay you to see us and talk over the matter. Our knowledge is at your disposal without charge. Years of experience and study of financial matters of all kinds fit us to speak with some degree of authority.

Dominion Trust Co., Ltd.

T. R. PEARSON,
Manager N. W. Branch.

DISTRICT COUNCIL.

BURNABY.

The regular meeting of the council was held in the Municipal hall on Saturday, May 21, 1910, at 2 p.m. Present His Worship Reeve Byrne and Councillors McGregor, Stride, Coldicott, McKee, Hill and Rumble.

The tender of the Dominion Wood Pipe for the laying of pipe and the construction of water tower for Edmonds Waterworks system was accepted, the price of same being as follows: Supplying and laying six-inch wood pipe, 45 cents per foot; supplying and laying four-inch pipe 32 1-4 cents per foot. Tank and tower on foundation to be built by council, $3715.

All parties requiring water service were requested to make application on printed forms to be supplied and notices to this effect were to be inserted in the papers.

The following members were constituted members of the Court of Revision: Councillors McGregor, Stride, McKee and Rumble and the Reeve.

Complaints having reached the council that nothing had been done in regard to the crossings on the B. C. E. Ry. it was arranged for the committee appointed to see the company with a view to having roads fixed.

The clerk was instructed to write the B. C. E. Ry. stating that the council were prepared to proceed with the regrading of the Vancouver road from Edmonds to Tenth avenue and to ask the company to relocate their track.

The following tenders were accepted: Grafton road, south through Block 52, D. L. 33, J. G. Keefer $18; road from Smith avenue to Inman avenue, Gower and Roberts, Section 1, $5 per chain, section 2, C. Chaffey $24 per chain; road through Block 35, D. L. 153 (17 chains) Gower & Roberts, $12 per chain; Carlton avenue (five chains) Philpot and Sinclair, $16.50 per chain; Buller road (18 chains) Gower & Roberts, $11 per chain. Caribou road (15 chains) H. A. McIntyre at $15 per chain; Cumberland road (13 chains) J. Campagne $12 per chain; Royal Oak road (25 chains) Gower & Roberts, $5.60 per chain; Guichon road, J. L. Kirkland at $14 per chain; Nelson road from Vancouver road to B. C. E. Ry. Charles Chaffey, $150; Fourth avenue (15 chains) Cherry & Bergmann, $12 per chain; Arthur road H. A. McIntyre $14 per chain; Brantford road, C. Burchell $28.50 per chain. Tenders were received for clearing North Arm road from Boundary road to D. L. 172 and laid over and the work was ordered to be done by day labor. Tenders for Caribou road cut and fill were received and laid over and the work ordered to be proceeded with by day labor. The work on Beach avenue was also to be done by day labor. Tenders for Ward road and Hamilton road were also laid over. Tenders were called for five chains of Gilmour avenue, Eleventh avenue from Sixth to Eighth street, 6 chains of Thorn road and grading road south of Block 4, D. L. 90. Permission was granted the B. C. E. Ry. to erect poles on the Royal Oak road ten feet from the fence, one line. A ditch was to be constructed on the South road and the matter of placing flood box on the river end was referred to Councillors McGregor, Stride and Rumble, and the Reeve to deal with. Tenders for Tenth avenue were received and laid over by the board of works and the work was recommended to be done by day labor and Councillor Stride and the engineer were to obtain the approval of the city council. The engineer was instructed to take a vote of the men employed by the council by day labor as to the advisability of quitting at noon on Saturday.

Communications were received and dealt with as follows:

From Bretell & Cotching asking for 20 chains of Hamilton road to be gravelled before next fall as in the rainy season the road was in bad condition. Referred to Councillor Coldicott to report at next meeting of the council.

A letter was also received asking for return of guarantee deposit as house was now in course of erection. Resolved that request be granted.

From H. Hornby resigning position as Constable and Janitor on account of ill health. Received and laid over.

From H. C. Howell & Co., with quotations for Pea Coal in carload lots. Referred to Councillors Stride and Rumble to consider as to building store-house.

Councillor Coldicott asked for Fourth street to be slashed out and logs removed and Sixth street to be graded level with car line from Fourth to Sixth avenues.

Applications for the position of auditor were received and referred to committee of Councillors Hill, McGregor and Coldicott.

It was resolved that the road foreman be notified that all work be stopped on Victoria Day.

The council then adjourned until Saturday, June 4, at 2 p.m.

BIG DRYDOCK SINKING.

Carelessness of Workmen Held Responsible for Accident at Manila.

Manila, May 25.—It is the general opinion that the sinking yesterday of the drydock Dewey was due to carelessness rather than a deliberate purpose on the part of the station employees who are Japanese, to cause damage.

The experts declare that the great floating dock, which was towed here from the United States at much expense, will be saved despite the likelihood that it will be submerged before tomorrow morning.

A "SHAMEFUL EXHIBITION."

Johnson-Jeffries Battle Denounced by Presbyterian Assembly.

Atlantic City, May 25.—The Presbyterian General Assembly yesterday adopted a formal resolution of protest against the Johnson-Jeffries fight, which is termed a "shameful exhibition." The assembly, while sympathizing with true clean sport and with athletics in moderation, appeals to Governor Dillett, of California, to stop the fight.

TRUST TO BUILD THEATRES ON COAST

Seattle, May 25.—Klaw & Erlanger have secured the best location in Seattle and will begin at once the construction of an ideal playhouse, which will cost more than a quarter of a million dollars. Big new theatres will also be constructed at once in Tacoma, Spokane and Portland. These will all be completed and opened before the winter with the regular syndicate bookings.

Such is the message brought to Seattle last night by Mr. Edward G. Cooke, representing Klaw & Erlanger and Melville Marx, of San Francisco.

LAND REGISTRY ACT.

Re Lots 29 and 30, Block K, St. Andrew's Square, Map 165, New Westminster City.

Whereas proof of the loss of Certificate of Title Number 1726 F, issued in the name of Aulay Morrison, has been filed in this office.

Notice is hereby given that I shall at the expiration of one month from the date of the first publication hereof, in a daily newspaper published in the City of New Westminster, issue a duplicate of the said Certificate, unless in the meantime valid objection be made to me in writing.

C. S. KEITH,
District Registrar of Titles.

Land Registry Office, New Westminster, B.C., May 6, 1910.

CONQUEST OF THE AIR.

Interest in the science and pursuit of aerostation is growing apace. The novelty of the automobile is wearing off and the world talks now of the flying machine. Scarce a week passes without some new triumph being added to the list of achievements with the aeroplane. It is only a few months since that M. Bleriot startled the world by flying from Paris to Dover across the English Channel. But this feat has been eclipsed by the recent flight of another doughty and clever Frenchman, M. Paulhan, from London to Manchester, a distance of 185 miles. This is the most important flight that has yet been accomplished and goes to show what can really be done by this modern triumph of engineering science. The journey was accomplished in four hours and two minutes of actual flying time, traversing great towns, hills, forests and villages at a height varying from 300 to 1,000 feet. The first part of the flight was to Litchfield, 117 miles, where darkness compelled the aviator to descend. He started again early the next morning and completed the journey in a little less than one hour and a half. No accident of any kind happened in connection with either the ascents or descents, and the aviator proved in more than one respect that he had his machine under perfect control.

It is not perhaps altogether strange that many are attracted by this new form of thrilling, adventurous sport. People are already busy calculating what the great flight of M. Paulham will mean to the world in the future. The one time sceptics are engaged in declaring that the aeroplane will soon rival the automobile in popularity as a means of travel. This may be so one day, but at present it is altogether unlikely, if not impossible. Considerable advances in invention must be made before aeronautics can be other than a sport for the few, or be more than a great spectacular feature and possibly potent as an instrument of war. Much must be accomplished in fact, both by invention and science, before the aeroplane can become a general means of travel. This machine depends so largely on the skill of the aviator in fighting the air currents that it can only be used at present by the very few who have obtained some mastery of this very intricate subject. Before aviation can become in any sense popular the whole question of air currents will have to be elaborately studied and recorded. Up to now next to nothing is known of these elements of the atmosphere. And our knowledge of the air can only be acquired as our knowledge of the sea has been, at much cost.

Speaking at New York a few days ago, Dr. Ritter however expressed a confidence that airships for public use will soon be a possibility. But we are inclined to think the respected doctor is a little too sanguine about this. It is nevertheless evident, as Dr. Ritter pointed out, that with the general use, either of airships or aeroplnes, will arise many international questions, and that it will be necessary to formulate some regulations to preserve the peace of the world. It is apparent to the most ordinary person that a flying machine could be used for many illegal purposes and some form of protection against such a dangerous source of evil and harm will become necessary.

As an engine of war the airship, which differs from the aeroplane in having a gas bag or bags attached, is being already rapidly developed by the nations of the world. Although Germany's attainments in this direction have been most extensively advertised, Great Britain and France are by no means behind them. The latest British airship is reported to show a very decided advance upon anything yet achieved, and among its features is a wireless telegraphy attachment which will render it most valuable for scouting work.

It is unfortunate that more care was not taken to reserve proper accomodation for the members of the press who had to attend the opening of the assizes in this city yesterday. It is impossible for the reporters to obtain any proper account of the proceedings when they are prevented from obtaining access to the body of the court by the crowd and press of people, and their usual seats taken up by persons who have no business there. It is to be hoped that some better arrangements will at once be made so that the assize proceedings can be properly reported.

Council Invites British Fleet Here

(Continued From Page One.)

quarters Mayor Lee undertook to smooth things over. He said that the chairman was supposed to look into a matter. If he could get the members of the committee to go with him, so much the better, but if he could not it was his duty to look up the matter and then report the facts of the case to his committee and have the opinion of the committee on the matter before reporting to the council. Alderman Bryson had gone to conisderable trouble in collecting the information and was to be commended, but he thought in future it would be well for any chairman of any committee to make the members cognizant of the gist of any report before it was presented to the council.

To Watch Hookey Players.

On the motion of Alderman Smith, chairman of the police committee, the city clerk was instructed to write to the secretary of the school board asking him to have the principals of the schools send in reports of the truant students to the chief of police, who would take steps to remedy the evil.

The board of health asked for further time to report on the alleged unsanitary condition of Princess street.

The trouble over the payment of water rates at the yards of P. Burns & Co., near the distillery, was patched up, the company paying the city $50 for arrears in water rates.

The Seventh Day adventists were granted the use of part of Tipperary to hold their camp meeting here some time in August.

The public school debenture bylaw, the high school debenture bylaw, the street improvement debenture bylaw, the Lulu island bridge debenture bylaw, the fire debenture bylaw, the streets and sidewalks amendment bylaw and the liquor license amendment bylaw were all read a first time by title. The council will hold a special meeting next Monday night to consider these bylaws.

The real estate tax bylaw was read for the third time and finally passed.

The Poundkeeper's Job.

Several applications for the position of poundkeeper were read. Before voting on the names Alderman Bryson said that he had heard that one of the applicants was going around stating that he was going to get the job and he wanted to know if any of the aldermen had promised it to him. None of the aldermen looked guilty and Alderman Smith said that it was not he. After voting, R. H. Batt was declared elected. "That's the man I heard about," said Alderman Bryson, when the result was announced. He will receive $70 per month.

Tenders for some cast iron water pipe were opened and referred to the water committee for report.

Must Have New Survey.

Mayor Lee anounced that after a consultation he had held with the surveyors of the city he had come to the conclusion that it was absolutely necessary to have a new survey made of the city, as the errors in the original survey were annoying and if the work of correcting them was left off for a few years it would be a much more expensive undertaking. The permission of the Provincial government will be asked for the taking of the new survey, which will cost about $2000, according to a guess of Mayor Lee.

Street Improvements.

The board of works brought in a voluminous report recommending the improvement of many streets in different parts of the city.

Essex street will be reopened at a cost of about $200. The question of extending Boulevard road to Eighth avenue was laid over for the present. Some cleaning up will be done on Seventh avenue. Dufferin street will not get a sidewalk just yet, but will be considered when Agnes street is undergoing permanent improvements. St. Andrews street, between Eighth and Ninth streets, will get a sidewalk at a cost of $70. The report further recommended that James Cunningham be not allowed to cut down shade trees on Royal avenue, as requested in a letter received a week ago. The matter will come up when the permanent improvements to Royal avenue are being made.

The Letter File.

The correspondence was small and mostly consisted of requests for the approval of plans of subdivisions.

A petition signed by nearly 75 per cent. of the property owners on Columbia street east, between Fourth street and Leopold place, asking for a Hassam pavement and cement sidewalks in front of their properties, was received.

The work will be done under the local improvement plan.

Sanitary Inspector S. J. Pearce called the attention of the council to the broom growing in the public cemetery on Eighth street and suggested that it either be cut down or dug up. The suggestion will be carried out. Mayor Lee announced that as soon as the council could get the title to the cemetery in shape it was the intention to improve it considerably.

George Henderson and C. Finnie, on behalf of the residents of the block bounded by Eleventh and Twelfth streets and Third avenue, asking for the grading of the street along the face of the hill. Alderman Jardine announced that the work was already under consideration.

Robert Robertson's request for a plank sidewalk on Pine street was referred to the board of works.

H. T. Kirk asked that the council take steps to improve the sidewalk in front of his place of business. Referred to the city engineer to act.

George L. Saunders declined the position of poundkeeper as he understood the wages were better when he applied for the job.

Q. McGill and F. S. Craig submitted a plan of a subdivision in lot 6, block 7, but some of the lots were facing on a nine-foot lane and were, on that account, not approved.

WOULD DISSOLVE TRUST.

New Jersey Court Asked to End Life of Packing Company.

New York, May 25.—Application to the courts of New Jersey for the dissolution of the National Packing company will be the next movement by Prosecutor Garven, of Hudson county, in his war on the so-called meat trust. The concern was indicted in Hudson county last February. Prosecutor Garven announced today he would apply for its dissolution June 7.

CANADIAN WHEAT FOR MEXICO.

More Than 12,000 Tons Due in Manzanillo This Month.

Mexico City, May 25.—The advantage of the opening of the port of Manzanillo on the Pacific coast by the building of the branch line of the National railway in Mexico to that place is shown in the heavy shipments of wheat now arriving there from Canada. One steamer from Victoria recently brought a cargo of 5,000 tons of wheat to Manzanillo, where it was unloaded and shipped by rail to different parts of the country where there is a shortage of that grain. More than 12,000 tons of Canadian wheat are due to reach Manzanillo before the close of the present month. Several large shipments will also enter Mexico via the port of Salina Cruz.

Veto Question Again.

London, May 25.—It is understood that on the reassembling of parliament Mr. Asquith will be interrogated from the Nationalist benches as to the intentions of the government regarding the veto question.

Betting on Derby.

London, May 25.—Following is the latest betting on the Derby, distance one and a half miles, to be run Wednesday, June 1: Neil Gow, 2 to 1; Lemberg, 2 to 1; Charles O'Mally, 12 to 1; Greenback, 14 to 1; Tressady, 16 to 1.

QUEEN MOTHER AND COLONIES' DEVOTION

London, May 25.—The Queen Mother Alexandra yesterday received Lord Strathcona and Sir George Reid, in order to mark her appreciation of the sympathy shown her in Canada and Australia.

Each had a quarter of an hour's conversation with the Queen Mother.

Sir George Reid states she expressed in the most touching terms her gratitude for the royal devotion shown to King Edward's reign and memory and for the kind messages sent her from over the sea.

Fatal Collision on Intercolonial.

St. John, N. B., May 25.—Brakeman John Casey, of Moncton, was killed, some dozen people sustained minor injuries and much damage to rolling stock was done on the Intercolonial railway yesterday in a collision at Nauwigewauk, about fifteen miles from here. The trains colliding were the Maritime express from Moncton for St. John and a suburban train from the city.

GETS $25,000,000 ESTATE.

California Man Made Wealthy by Long-lost Sister.

Worcester, Mass., May 25.—Although he had not seen his sister, who supposed him dead, for thirty-eight years, William Venna, a hostler of San Mateo, Cal., was able to prove himself to be the only heir to her $25,000,000 estate, and today Judge William T. Forbes, of the probate court, allowed his claim.

SONS OF ENGLAND.

All sons of England and friends are invited to attend the annual church parade in Vancouver on Sunday at 2 p. m. A free car will be provided. A special invitation is extended to ladies.

JOHNSON IN GOOD PHYSICAL CONDITION

ian Declares Black Champion to Wonderfully Built Man, With ungs in Perfect Condition.

Francisco, May 25.—Jack John- t in a busy day at his head- s today. In the morning he the road with his new spe- Tom Flanagan, who held a on the champion. The regular n of boxing was taken up in ernoon.

on underwent a physical ex- on at the hands of Dr. A. F. n, who has been named offi- miner.

ampson tested Johnson as to t and lungs before he began nasium work and immediately the boxing. He said Johnson's was magnificent and that he hardly detect any difference in the pulse beats between the two examinations.

"He is a wonderfully built man physically," said Dr. Sampson, "and we would all be lucky if we had hearts like his. His lungs are in perfect condition and as a fighter I would say he is in great condition."

Johnson today weighed 218 pounds. He boxed eight rounds and the work was the fastest he has done. That, with some bag punching, completed his gymnasium work.

OLD STICKHANDLERS ARE WANTED BACK IN GAME

Harry Latham and Alex Turnbull Have Almost Promised to Get Back Into Harness.

There is a possibility that before the lacrosse season is very much farther advanced some of the old guard of the Salmonbellies will again be seen in a Red and Blue uniform, the latest candidate for this honor being Harry Latham, who quit the game three years ago when still one of the best home players in the business. Harry has not been doing much strenuous work since then, most of his time having been occupied counting the civic shekels in the city hall. Now that he has entered business for himself he may have a little time to devote to recreation on the greensward.

Latham has been approached by some of the club officials with a request that he connect himself with a lacrosse stick once again and, while he has not yet given a definite answer, he is understood to have stated he would not be averse to playing a few games this season provided his old tillicum, Alex Turnbull, was in the game with him. As Turnbull has made a remark to the same effect concerning Latham the hopes of the local supporters of the national game are rising every day.

With Turnbull and Latham back on the job, Con Jones would be faced with a distressingly difficult task in prying the Minto cup from its sockets in the Carnegie library.

Lines are out for another warrior of the past who has still enough youth on his side to make it mighty interesting for any visiting lacrosse team, but the officials will not name him until his present reserve has thawed a trifle.

South African Preference.

Bloemfontein, May 25.—In a speech here Dr. Jameson pledged the Progressive party to a policy of imperial preference.

ADVERTISE IN THE DAILY NEWS

GOVERNMENT WORRIED ABOUT NATIONALISTS

British Agent in Egypt Blames Death of Boutros Pasha on Party.

London, May 25.—The activity of the Nationalists in Egypt is causing concern in government circles. The restless attitude of the people is indicated in the annual reports of Sir Eldon Gorst, the British agent in Egypt, recently issued, and which deals with the seriousness of the Nationalist agitation. Its most striking feature is the strong terms in which the Nationalist leaders are held responsibile for the murder of the late Premier Boutros Pasha.

The Premier was fatally wounded, says the report "as he was leaving his office by the hands of one of those miserable creatures of feeble intellect and disordered ideas who are unconscious dupes of the greater criminals who preach violent methods which they are afraid themselves to carry into effect.

"Though their wretched and misguided follower will pay the penalty, I have no hesitation in saying that the leaders of the Nationalists party are morally responsible for the murder of Boutros Pasha. For years past they have fomented these attacks, in full knowledge of the fact that their words could not fail to stir the ignorant and excitable youths to whom they were addressed to the act of vigilance, which they now pretend to ignore."

Too Moderate Press Laws.

Sir Eldon Gorst admits that the new press laws have been supplied perhaps with too great moderation. They were not sufficient he says, to prevent the extreme Nationalist journals from continuing to pour odium and contempt on the authorities, and "the Government may perhaps be blamed for not having used more freely the powers which they possessed to put a stop to these abuses.

"Sad experience," says the report, "has now shown that the attitude of silent contempt does not suffice in Egypt. It is possible, though not, I fear, probable, that those who have been engaged for the last few years in stirring up the evil passions of the ignorant and credulous may at last perceive that they are playing with fire, and endeavor to mend their ways.

"If this should not turn out to be the case, it will become necessary to apply the press law with greater severity than heretofore. No obligation of government is more imperative than to protect efficiently the lives and reputations of those who devote themselves to the service of their country."

Interest Exceptional.

With regard to the election of the new provincial councils, the agent says: "The interest taken was quite exceptional for an Oriental country, and justifies the hope that the large landowners and notables in the provinces will help in making these bodies a useful and successful part of the machinery of government.

"If that should turn out to be the case, I venture to reiterate my opinion that this measure will, in the long run, prove a not unimportant step in the direction of preparing the Egyptians to govern themselves."

BABY IN A VALISE.

Young Woman Creates Sudden Excitement at Montreal.

Montreal, May 25.—At the Windsor Street station today a pretty young woman of eighteen stepped from the Halifax Express, carrying a large-sized valise. An elderly person followed from the same car, and walking rapidly to the end of the platform, addressed the constable in a very excited manner with the startling announcement "That young woman has got a baby in that valise."

There was instant excitement. The constable called the lady outside, and the bag was opened. It contained a fat, smiling rosy infant, looking not at all unhappy in its circumscribed abode. The valise had not been actually closed fast, so that there was no question about its having sufficient air to breathe.

The young woman looked at first very confused in the presence of the crowd which speedily congregated, and then she blushingly stammered forth that she had become its temporary guardian and put it there because she did not wish to be seen carrying it. She was to take it to the Archbishop's palace for baptism, and [illegible] the Grey Nuns. She had brought it from St. John. Those who heard the story were at first a trifle incredulous, but the constable accompanied the damsel to the palace and there it became apparent that she was an expected visitor. That ended the police connection with the affair. After the baptismal rite had been performed, the child was duly conveyed to the convent.

KEEPS THE LID ON THE SALOONS

Rockford, Ill., May 24.—After a "dry" spell of twelve months, the saloons of Rockford were permitted to re-open for business today by virtue of the new liquor ordinance passed by the city council. The city authorities in deciding to again permit the sale of liquor have at the same time taken steps to prevent the city becoming as "wet" as a sponge. In other words, they intend to keep the lid in readiness to be clamped down if the saloons do not conform to the strict regulations described for the conduct of their business. The order has gone forth that the saloonkeepers are not to treat nor permit treating in their establishments. Free lunch, music, and games of chance are also put under the ban.

Tenders addressed to the undersigned at Ottawa in sealed envelopes and marked on the envelopes "Tender for gasoline launch for the Quarantine Service," will be received up to the 1st June for the construction of a gasoline launch for the Quarantine Service at Prince Rupert, British Columbia, of the following leading dimensions, viz:—

Length over all ..... 50 feet.
Beam extreme ..... 11 feet.
Depth amidships, moulded, 5 feet.

to be delivered at Victoria, in the Province of British Columbia.

Specifications of this launch may be procured upon application to the Department of Agriculture, Ottawa, or to the Superintendent of Quarantines at William Head, British Columbia, up to the 16th May, 1910.

The contract to include installation of engine, the property of the Department, now at Victoria, B.C.

Each tender must be accompanied by an accepted cheque equal to ten per cent of the whole amount of the tender, which cheque will be forfeited if the individual or company sending it declines to enter into a contract with the Department or fails to complete the launch.

The Department does not bind itself to accept the lowest or any tender.

Newspapers copying this advertisement without authority from the Department will not be paid.

E. corner of Section 29; thence south one mile; then west one mile; then north one mile; then east one mile to the point of commencement; 640 acres.

GRACE CRUICKSHANK,
Matsqui, April 18, 1910.

ESTABLISH FARM TO BREED ARMY HORSES

British Officer Reaches West For That Purpose—Discusses King's Death.

Winnipeg, May 24.—The Canadian West has proved the great field for investment and profit for hundreds of British capitalists, but it is doubtful whether money was ever launched in such a worthy project as that which is to be undertaken by a syndicate which has recently been formed in London.

The scheme of the Britons is to take up land somewhere between Winnipeg and the Pacific coast which they contemplate turning into a great horse breeding farm. With this object in view an officer recently attached to the 17th Lancers, more familiarly known and respected as "The Death or Glory Boys," has arrived in Winnipeg and is at present staying at the Royal Alexandra making preliminary enquiries regarding suitable land. The officer stated that it was proposed to import Arabian stallions, it being an acknowledged fact that these steeds proved of inestimable value owing to their powers of endurance.

The syndicate expects to have a farm of tremendous size in a few years time, it being the intention to sell some of the stock to both the Imperial and Canadian governments.

The Arabian horse can travel over country far better than any other breed, so in time of war the British Empire would be able to command the best in the equine world.

The officer who left England the day after the King's death, stated that one of the most pathetic incidents he had ever witnessed, his experience in the South African campaign notwithstanding, occurred at the Army and Navy club, London, when the sad tidings was being flashed throughout the universe that the King was dead. Veterans and subalterns who a minute previously had clinked glasses, instinctively rose to their feet and saluted. Everything was silent and those Empire defenders who had been so gay at other times quietly wended their way homeward at much earlier hours than usual.

START AT PORT MANN.

C. N. R. Preparing to Commence Construction Work Across River.

Toronto, May 25.—The middle of June, if present plans are carried out, should see D. D. Mann, vice-president of the Canadian Northern railway, in British Columbia directing preparations for the starting of construction of that railway from Vancouver to the Yellowhead Pass. It is even possible that Mr. Mann will be able to leave Toronto for the west during the first week of June, in which event proceedings incidental to the starting of work will be more rapidly advanced.

According to the terms of its contract with the government of British Columbia the Canadian Northern agreed to start the building of its line through the Pacific province not later than July 1, 1910.

Construction operations on the coast will be commenced on the south side of the Fraser river a short distance to the east of the government bridge, which will be used by the Canadian Northern in reaching New Westminster and Vancouver. It is reported that the first work to be done will be on land which it is said will be townsited and named after Mr. Mann. This place will at the outset of construction form a general base from which will be handled all the supplies incidental to the work on the coast sections of the road.

A GENEROUS PARLIAMENT.

Transvaal House Votes Itself Full Pay For 16-Day Sitting.

London, May 25.—Some sharp comments have been made on a fine bit of political graft at the end of the expired Transvaal government's term of office. Premier Botha was about to dissolve his parliament in order to make way for the advent of the union of South Africa. The session had been an extraordinary one, lasting for sixteen days. For this to each member was due the sum of $10 for each working day, plus $50 for the whole, or $210 altogether. The payment for an ordinary session was $1500.

In a mood of daring benevolence to itself, the parliament has voted full pay for an ordinary session, at $1500 each, for the members. But the second chamber contained some members who refused to be parties to the job and protested against it on the ground that it was a case of spending the public money in a manner contrary to the law. The governor withheld his signature from the warrant and an interdict stopping the disbursement of the money was obtained provisionally from the high court.

Everything will depend now, so far as the members and their money are concerned, upon the decision of the court touching the legality of the vote.

RICH COAL STRIKE.

Victoria, May 25.—A seam of coal eight feet thick has been struck on Tubo Island at 874 feet. The property is under option to A. E. Hepburn, of Vancouver from F. W. Foster, T. B. Hall and J. H. Sayward of this city.

The coal in character is identical with that of the Nanaimo mines and bears out Dr. Dawson's contention that rich coal measures would reoccur in the islands of the Gulf. Already six coal claims have been staked on Saturno island.

Botha's Cabinet Complete.

Cape Town, May 25.—Premier Botha has provisionally completed his cabinet and the names will be announced on May 31.

CITY NEWS

Miss Jessie Maclachan, or as she is in real life, Mrs. Robert Buchanan, scored a great triumph last night when she appeared here under the auspices of the Sons of Scotland. Her singing was splendid. The ancient fairy lullaby, "A Golden Cradle Holds Thee," her first number, was possibly the most appreciated, although all her offerings brought hearty applause. Miss Maclachlan's company was not far behind her in merit and the theatre-goers of New Westminster will long have kindly remembrances of Craighall Sherry, Barnaby Nelson and Robert Buchanan, who, in addition to fulfilling the important role of Miss Maclachlan's husband, is also a competent pianist and conductor.

Double your enjoyments. It is the cheerful, harmonious atmosphere of the Royal Cafe that attracts guests quite as much as the excellence of the food and service. The artistic decorations of this beautiful cafe will soothe your nerves, raise your spirits and satisfy your appetite at one and the same time. Dine here tonight. There will be music from 6 to 8 and from 9 till 11:30. The Royal Cafe is open day and night. **

Look at my advertisement of today. It may be what you want. P. Peebles. **

The regular meeting of the board of trade, which was postponed from last Thursday on account of the death of His Majesty King Edward VII., will be held tonight.

The proper place to dine is at the Bohemian Cafe, Depot Hotel block. The best of everything. **

Workmen are renewing the old tower on Holy Trinity cathedral. This work was recommended by the church wardens in their annual report.

I handle every trunk as if it held a stick of dynamite. Wm. Medley. Call 664 nights or 421 days. **

The stock of footwear formerly owned by Robert Stevenson, and recently acquired by the Eastern Sales company, will be placed on sale today.

To Furnish an Office, see W. E. Fales. **

A large number of the local Sons of England will go to Vancouver on Sunday to attend the annual church parade of that organization. A British Columbia Electric Railway car has been chartered, on which all members and friends will make the trip free of cost.

The Oliver Typewriter Agency at 746 Columbia street is being constantly asked for stenographers. You can learn the Oliver at home. Seventeen cents a day pays for it. See Holton E. Sands and ask him to tell you all about it. **

The city police have once again placed the ban on slot machines, a number of these coin separators having been ordered out of public bars yesterday.

Some men transfer their affections but I transfer baggage, express and household goods. Call 664 days or 421 nights. Wm. Medley. **

R. Burden who has been spending the past few weeks in Calgary, returned home yesterday.

Delicious food and pleasant surroundings, combined with perfect service are the essential points we rely upon to make our dining room the most popular in the city. Dine at the Central Hotel Cafe today. **

At the opening of court yesterday morning Judge Clement, in his address to the grand jury, intimated that the grand jury system had practically outlived its usefulness in respect to civil matters.

The aroma of "Solo Special" cigars is delicious; try them. **

Archibald J. S. Barnes, who was taken ill with typhoid fever a few weeks ago, died yesterday morning at the Royal Columbian hopsital. He leaves a mother living here and a brother. Deceased was a member of the local aerie of the Fraternal Order of Eagles and that body will have charge of the funeral, which will take place on Friday afternoon from the residence of his uncle, H. Schofield.

The Bohemian Cafe will in future be open all night. Special arrangements for private parties. **

Spring is here—how about those plants for the garden? Tidy, the Florist, can suit you to a T in anything in that line. **

J. D. Kennedy, of this city, has applied for a water record of 3.99 cubic feet, to be taken from Allen Creek, on the northeast shore of Pitt Lake, the water to be used for hydraulic purposes.

For spring plants or cut flowers, phone Davies' Greenhouse, R208. **

See Fales for Bed Lounges. Guaranteed goods at prices cheaper than the cheapest. **

The Westminster University club is making arrangements to dine the members of the University Site commission when they arrive at the coast some time within the next few weeks.

A payment of $25 procures a lot in South Westminster from Hale Bros. & Kennedy, Ltd. These lots are in great demand. **

For Geraniums, Dahlias and all kinds of Spring Bedding Plants phone Davis' Greenhouse, R 208. **

The case against Dedul, for arson, which was laid over from the last assize, has been withdrawn by the crown.

For a pleasant cool drink, try the Ice Cream Sodas at The Royal Cafe. **

Anything in our line 10 to 20 per cent. saved for you. Fales. **

In the city police court yesterday morning W. Geary, a Vancouver autoist, was charged with speeding on the New Westminster bridge. The case was adjourned till Saturday.

The Northern Crown Bank beg to announce that they will be open on Saturday evenings from 7 till 9 o'clock. **

Get the habit, smoke "Solo Special" cigars, havana filled. **

Henry T. Thrift, of Surrey, has applied for a water record of six cubic inches, to be taken from some springs on the northeast quarter of section 10, township 1, the water to be used for domestic purposes.

Until further notice the Bank of Montreal, New Westminster, will be open for business Saturday evenings from 7 to 9 o'clock. **

A water record of five cubic feet, to be taken from a small stream in section 20, has been applied for by James A. McNair and Thomas A. Hamilton, of Hillcrest, the water to be used for hydraulic purposes.

South Westminster property is handled by Hale Bros. and Kennedy, Ltd. Call in and see them, and they will put before you some good things.

TIGHTS AND SHORT SKIRTS ARE BARRED ON BILLBOARDS

Cincinnati, May 25.—"The abbreviated skirts and tights must go from the billboards. We'll go further than that—we will not print anything which a reputable newspaper or magazine would reject." This was the declaration here today of Clarence E. Runey, secretary of the International Poster Printers' Association of the United States and Canada.

A BARGAIN

DAINTY WASH FABRICS

They are the prettiest we have ever had—exquisite in design and coloring—charming flower-strewn effects and smart conventional patterns.

Qualities are excellent—they will bear the test of hard service, and bear it well. Yet, withal, prices are modest in the extreme.

Materials for a complete spring outfit of pretty, washable wear-things can be chosen from these selections with ease and economy.

Sheer and heavier textures, dark and delicate colorings are amply represented. Frocks for the children to wear at play or in school, dresses for the woman to wear about her daily tasks, dainty afternoon gowns, separate waists and the hundred and one washable garments for which warm weather brings such urgent need can be fashioned from them.

You are especially invited to inspect the new muslins, summer suitings, cotton shantungs and mercerized fabrics.

At 10c per yard

Heavy muslin; light grounds, with floral and conventional designs, stripes and spots. Special this week

At 15c per yard

Hundreds of patterns of dainty dimities, corded muslins, spot muslins, crossbar muslins, fancy zephyrs, ginghams and our well known "hard-to-beat" English prints and Canadian ducks.

At 20c per yard

Japanese crepon, English seersucker, American percales, fancy muslins, fine corded dimities, Indian head, drills, ducks, Indo linens, etc.

At 35c per yard

Cotton shantung, repp, Bengaline, foulard poplinette in all the newest shades so much in demand this season.

Special Trimmings For Wash Goods

Little things most appropriate and necessary in the finishing of the summer costume.
White Cotton Soutache Braid—Per dozen.....10c to 20c
Colored Mercerized Soutache—In shades to match most wash fabrics; per dozen.....20c
Colored Buttons—Washable kinds; three sizes in washable buttons, suitable for trimming of wash dresses.

1300 Yards of Lace---5c per yard

Special values obtainable at the lace counter; odds and ends on sale at greatly reduced prices. Torchons, valenciennes, Maltese, etc., in widths ranging from 6 to 10 per yard; to clear, per yard.....5c
