ERMANS EXPECT BIG TRADE IN CANADA

my of Salesmen Are Being ent Here to Represent Big Exporting Houses.

erlin, March 16.—The cessation of surtax on German goods is one he topics of the hour in commercircles here. Great exporting s are energetically seeking travrs and agents with an intimate wledge of Canadian conditions. en familiar with trade practices he Dominion, especially with the idly developing communities in the dle and far west, are being ened at fancy salaries and will be patched to the field of operations ipped to conduct one of the most ive business campaigns Germany ever waged on foreign soil. They l be preceded by an avalance of alogues and other advertising tter printed in the English lange and offering unprecedented incements to Canadian buyers to esish connections with German nses.

All branches of German trade exts a boom in Canadian orders. The nagement of an aniline dyes syndie, Germany's most important mical trade, says that tariff conions justify the hope of a heavy rease in the sale of the syndie's products in Canada.

Herr Graumonn, proprietor of an portant millinery establishment, s, "The settlement of the tariff r will certainly be of immense ben to the entire German trade."

Herr Levin, a leading manufacturer overcoats, says: "Our branch has a long time been magnificently anized in Canada. Our travellers er the entire Dominion, and our orts are sure to increase extrainarily henceforth, as the country's suming power is enormous."

NADA'S TARIFF OFFICIALS NOT MAKING CONCESSIONS

minion's Representatives at Washington Are Carrying on Negotiations With a Firm Hand.

Washington, March 16.—The netiations regarding the tariff of Canla remain unchanged. Up to this me, the Dominion officials have eadily declined to make any consssions whatever in favor of the nited States.

In justification of that position they int out that the American tariff is ry much higher than that of Canda, and for the United States, to sist it is entitled to the same rates have been given France and other untries would be an unwarranted allenge of Canada's treaty making hts.

EN MADE BIG MONEY SELLING WOLF SKINS

elts Bought for $2 in West Were Worth $15 Government Bounty in Ontario—Crooks Caught.

Fort Frances, Ont., March 16.—One f the biggest conspiracies to deraud the government that has been nearthed for some time developed oday, when Detective Greer, of Toonto, and Provincial Constable Campell brought into town nine Indians rom the reserve at Barwick and two hite men, M. T. Cathcart, of Barwick, and George Westcott, of Rainy River, arrested for illegally selling he government wolf skins which had een bought in Alberta and Saskatchewan. They bought the skins for $2 each and sold them for the bounty of $15 each.

The case is likely to be of much interest, as there are many unlooked for situations liable to arise out of the evidence which will be forthcoming.

STRIKERS GIVE UP.

Twenty-five Hundred Thread Operatives Return to Work.

Pawtuckett, R. I., March 16.—The five thread mills of J. P. Coates, Limited, of Glasgow, Scotland, located at Pawtucket and Central Falls, which was shut down five weeks ago because of a strike of boys, will re-open Monday morning. At a meeting today the strikers, by a vote of 221 to 14, agreed to return, although the firm has made no concessions.

Twenty-five hundred operatives have been out of work since the mills closed.

NEW CAR SHOP TO BE OPENED BY END OF WEEK

B. C. E. R. Employees Will Be Able to Turn Out More Cars With Increased Acommodation.

The cramped conditions under which the men have been working at the B. C. Electric railway shops for so long will, in a few days, be overcome, as the new sheds, which are now completed, will be opened.

This new building will accommodate, at a pinch, some twenty cars. It contains four sets of rails over good cement piles, and leaves ample room for any necessary machinery, on the west side.

In the old sheds there are many new cars being built and repaired. A line car is nearing completion and just by it is a well designed attendance car which goes with a portable sub-station. In this there is good accommodation for the men and the room will be nicely furnished with bed lounges, etc. A room is also provided for coal, and another for tools. A shunter is also under construction, as well as a new combination line and wrecking car. This is an addition to the service that has been badly needed for sometime, and is quite a new departure. It will, however, only be serviceable for small wrecks, as there is no crane attached, but will be extremely useful in cases of emergency. It is forty feet long and will be able to carry a large crew of men as well as all the necessary apparatus for wrecking.

The company is building altogether seven new freight cars and two are under way now. In the adjoining room eight city "Pay as You Enter" and eleven interurban cars are being built and can be seen in all stages of development. With the exception of the iron, steel, brass and glass work all the parts are made in these shops whilst the imported materials are fitted and finished by the men on the premises. The accommodation for all this work consists of a small office where the plans for new cars are made and business conducted; freight, repairing and constructing rooms; a carpenter shop, where the body and parts are constructed; a finishing room, a forge and a paint shop. The machinery throughout is of the best and the latest labor saving device is a cross arm borer which is capable of drilling fourteen holes at once—nine one way and five another. Before the machine was purchased every hole had to be hand bored, and as numbers of cross arms are needed every day for telephone and power wires, work was liable to be held back.

Altogether about one hundred men are employed in these shops and are kept busy all the time. When the new shed is open there will be considerably more work turned out. As the growth of the city and suburbs go on, so it becomes necessary to enlarge these works in order to keep pace with the times. No better sign of the prosperity of this city could be found than in the enlargement of these shops.

SHORT KOW'S CLAIM FOR BONUS IS THROWN OUT

The case of Short Kow vs. Sum Wum Ko, involving a claim for wages amounting to $36, was dismissed yesterday by Judge Howay. Short Kow swore that he was hired by Chung Nye, who was made a defendant in the suit, for the sum of $50 per month with the promise of a bonus of $50 at the end of the year if his work proved satisfactory. Chung denied knowledge of the promise of the bonus, which was the bone of contention.

Short said he had a man who heard Hung tell his bookkeeper about the bonus. The man was called, but denied hearing the bookkeeper say anything about the bonus, and Short's chances subsided. The defence put in no evidence, and Judge Howay dismissed the case. H. L. Edmonds appeared for the plaintiff and J. R. Grant for the defence. The litigants were Chinamen.

'TRIAL BY JURY" TO BE PRESENTED AFTER EASTER

The St. Barnabas Dramatic club is making strenuous efforts to have their play "Trial by Jury," ready for presentation by the first week after Easter. Under the musical direction of J. W. Mackness and the management of Bernard Hill, the players are preparing to put on a comic opera which should be the best thing seen here this year. The plot of "Trial by Jury," with the fair plaintiff and the susceptible jury is well known, but it is one of the plays that one never tires of seeing.

Miss Vera Corbould will be the plaintiff and J. W. Mackness the defendant. Bernard Hill will occupy the judge's chair and Nigel O'Brian will present the case of his fair client. Rev. C. W. Houghton will be the usher.

Tom Browne is Dead.

London, March 16.—Tom Browne, the painter and black and white artist, died today. He was born at Nottingham in 1872.

NEED CO-OPERATION WITH MOTHERLAND

Earl Crewe Points Out Need of Common Action Between Colonies and England.

London, March 16. — Earl Crewe, secretary of state for the colonies, speaking last night at a dinner given to Sir George Reid, high commissioner in London for Australia, in suggesting a division of the colonial secretaryship, said crown colonies should be handed over to another secretary. He added that any arrangement of formal and continuous co-operation between the home government and these crown dominions in the form of an imperial council would be difficult of achievement, but much could be done by inducing the dominions to take part in imperial diplomatic problems which concerned relations with the powers of the world when any question arose affecting any dominion.

He believed the mother country was showing great faith in the statesmen of the dominions affected, "But what we had to aim at was co-operation and common action, for any question to be settled wholly, say at Melbounre, would be as bad as if it had been settled wholly in Downing street."

MILLINERY OPENING IS REAL TREAT FOR LADIES

Harriet G. Moore's Display Includes Many Novel and Pretty Creations—Chantecleer Hat There.

The Mecca of the ladies of New Westminster yesterday was Harriet G. Moore's millinery store, where the spring opening so eagerly awaited by the fair sex was at last a reality. All through the morning and afternoon the cosy little show parlor was thronged with prospective buyers whose admiration and envy were alternatively excited by the beautiful models on exhibition.

With such a number and variety of creations on display as are to be seen at Mrs. Moore's it is unnecessary to attempt more than a brief reference to some of the prevailing styles and fashions of the season. Most of the hats shown are Parisian importations, although quite a few come from New York and other American centres. Many of the most attractive hats in stock have been trimmed in Mrs. Moore's workrooms.

On entering the showroom yesterday, the visitor was at once struck with the pleasing appearance of the place, which has been recently decorated in soft tone effects. Bunches of princeps, tulips, daffodils and violets, artistically arranged, lent an added charm to the parlor.

Some of the new shades which will be immensely popular this year, according to the dictates of Dame Fashion, are lichen, praline, sevres and ciel blue, ardoise and an almost unlimited number of tones in feuillage. Champagne and suede will be largely worn, while cherry red promises to be in great demand among the younger ladies.

More turbans will probably be sold than any other style of hat this spring, these being made in a number of shapes and various degrees of sizes. The Dollar Princess turban, a natty confection of Wisteria braid trimmed with loops of Wisteria velvet relieved with a light buckle, is sure to be much in evidence. Another turban, named for the famous North Pole discoverer, and the Lauder turban, are two styles that are as up to the minute as the names indicate.

Edmond Rostand's now world famous barnyard play, Chanticleer, has reached the pinnacle of fame, a decidedly attractive hat designed, of course, in la Ville Lumiere, has been styled Chanticleer. These come in two distinct styles, tricorns and bicorns. Flowers are used with pleasing effect in the trimming.

Motor hats, always popular, are well in evidence. One of these, with a flowing veil and ribbons, and relieved by a cairn gorum, attracted much attention during the day. There are also a number of motor hats without veils, these coming in a variety of shapes and shades, the most striking of these being the Napoleon.

A novelty in trimming style is to be seen in a large black hat with white facing and cherry red velvet lining, having a bunch of cherries attached on the side.

Trimmings this season run to small clusters, roses being favored, more especially rosebuds. The bows and ribbows are somewhat larger than in previous years and the tendency is to use less material in the trimming.

Mrs. Moore's opening will be in progress today.

Paris, March 16.—Maurice Hutin, the former president of the New Panama Canal company, died today.

LACROSSE BOYS WILL HAVE GOOD OFFICERS

Fred Lynch Re-elected President—Manager Welsh Resigns—Money in Treasury

Honorary president—Thomas Gifford, M. L. A.

President—F. J. Lynch.

First vice-president—A. W. Gray.

Second vice-president—W. G. McQuarrie.

Secretary-treasurer—H. Ryall.

Assistant secretary—Irving Wintemute.

Executive committee—George Rennie, Len Turnbull, Tom Rennie, C. A. Welsh and A. Turnbull.

Delegates to B. C. L. A.—C. A. Welsh, W. G. McQuarrie, Nels Nelson.

Alternates—A. W. Gray, J. S. Henderson, H. Ryall.

Auditor—C. D. Peele.

Timekeepers—J. J. Johnston and C. G. Major.

The above are the officers elected last night at the largely attended annual meeting of the lacrosse club. Although the crowd insisted on electing C. A. Welsh to the office of manager again, he said that he was too busy to attend to it and not to do any sidestepping, he would not act. His determination rather staggered the meeting and they decided to leave the matter of a choice to the executive, Rev. J. S. Henderson remarking, that now that Mr. Welsh had got his resignation off his chest, he might be amenable to reason.

Bob Cheyne in Line.

However, Manager Welsh seems to be firm in his decision and it is not likely that he will manage the Salmonbellies this year. A probable candidate for the position is R. H. Cheyne, who has had experience in lacrosse in New Westminster for many years.

There are only a few changes in the officers this year. They are all, with the exception of the executive committee, returned by acclamation, but there was a good run for the seats on the board.

Most of the oficers are the same as they were last year, but W. G. McQuarrie comes in with two offices. Rev. J. S. Henderson remarked that it would be well to have a lawyer on the executive and most of those present were of the same opinion.

No Easterners Wanted.

The meeting was very enthusiastic and optimistic. All the speakers declaimed against the idea of bringing any players from the east. "Far better to play and lose with the boys we have at home, than import a lot of strangers and win," said Rev. J. S. Henderson.

More Power for Referees.

The referee question was productive of considerable oratory, and the trend of it all was that the referee should be given more power and more backing. J. A. Agar said that he thought the whole future of the game on the coast depended on the referees, and many other players spoke to the same effect. By means of efficient referees the rough work, which was becoming too prevalent in the game, could be suppressed, and Rev. J. S. Henderson followed this by saying that he did not believe in two and three minutes penalties. Five minutes was the least that should be imposed and if the player was peristent in his offences he should be put off the field and, if necessary, out of the league and out of the game. Mr. Henderson qualified his statement with the remark that football was getting to be far worse in that respect than lacrosse had ever been.

Residence Rule Objected To.

None of the amendments to the constitution suggested by the Vancouver Lacrosse club were discussed at all, except the ten-day residence rule, and all the speakers were opposed to that. They said that New Westminster had been forced into professionalism but that the players were really amateurs. They were not like the Vancouver men who did not do anything but play lacrosse. W. G. McQuarrie thought that Vancouver should be satisfied that New Westminster consented to play in her class.

These matters were all left over for the executive to deal with.

The Grand Stand.

The grand stand question, which was introduced by H. Ryall, was referred to a committee consisting of F. J. Lynch, H. Ryall and Rev. J. S. Henderson, who will look into it. Mayor Lee was there and the meeting tried to entrap him into promising something definite about the desired stand, but His Worship, although he spoke on the question for five minutes, was not communicative on the point at issue. He said that other clubs and societies and the city at large had to be considered in any proposition which touched Queen's park, and he could make no rash promises.

The meeting upheld the action in the course adopted in fixing the dates for the Minto cup games with Montreal.

Biscuits Not Sore, But ——

Nels Nelson suggested that the medals which had been offered for the intermediates at the time of the exhibition in 1909 and which had never been granted should be given for competition among the juniors by way of encouragement. Rev. J. S. Henderson opposed the idea on the grounds that the medals really belonged to the intermediates, as they had kept in training for the games that were to have been played and were ready to play them at any time, but the Vancouver team defaulted. C. D. Peele was of the same opinion. He did not want to make any threats, but if those medals were not handed over to the intermediates, the R. A. & I. society would never receive assistance from that team again.

The Financial Standing.

Treasurer Ryall read a very brief financial report, showing that the receipts for the year had been $18,878.90 and the expenditures $18,241.08, leaving a balance in the bank of $637.83. For the two Minto cup games with Regina the club took in $8578.90, the one on May 24 bringing in $4807, the largest sum that was ever taken at a single game here. The receipts for the two games with the Tecumsehs were $6454.55, or about $2000 less than the Regina games.

The president's report, showing a very successful season in 1909, is given in full below.

President's Report.

Gentlemen: In making my report as president of the New Westminster lacrosse club, champions of the world, I do so with a certain amount of pride and certainly with a great deal of pleasure. Last year was a very strenuous time for our club. The boys went into training early in the spring and almost as soon as the schedule season was open were called upon to defend the Minto cup against a team hired by Regina. You know the result. Following these games, a month later, namely, June 24 and 28, the Tecumsehs, of Toronto, champions of the N. L. U., made a determined effort to lift the world's championship trophy and the class of lacrosse played in these two games was not only a credit to both teams participating, but was the greatest boon to the game, from the standpoint of "clean lacrosse," that it has been our pleasure to witness in many years, and I am indeed very proud of the

(Continued on Page Eight).

IRISH CONCERT LEFT LITTLE TO BE DESIRED

St. Patrick's Eve Entertainment a Decided Success—Performers Were in Fine Voice.

Ireland had justice done to her by a first class concert at the opera house last night. In New Westminster the principle is to be ahead of the times, which accounts for the concert being held last night, instead of tonight. Irish songs, Irish tunes, and Irish men and their sweet colleens were the order of the eve and though the Irish songs fell short in the real old Irish brogue, they did not lack the good old Irish swing.

Miss Alvina Munn was the triumph of the evening and her song, "The Kerry Dance," brought the house down, and her quaint little encore, with allusions to the little pig that did it, was the chef d'oeuvre of the concert.

Conrad White, who followed his wife, who recited an excellent little sketch entitled "The Lady of the West," has a fine baritone and showed up well in his song, "Off to Philadelphia."

The bass solo "Killarney" was well received and W. Gillespie had to return.

Amongst the other singers were Willie Keary, Fred Filgiano, Miss Alberta Lavery and A. Williams. Very seldom has New Westminster been able to muster so many good singers in one concert, and that is why one feels that justice has at last been done to the gold old Emerald Isle.

The committee in charge of the entertainment, consisting of Rev. Father O'Boyle, J. M. McDonald and A. L. Lavery, deserves congratulations on the success of the concert. About two hundred dollars will be realized from the entertainment.

WHITE SLAVE BILL IS SOON TO BECOME LAW

Washington, D. C., March 16.—An agreement was reached today by the conference on what is known as the White Slave bill, and will become a law as soon as it is signed by the president. The chief object is to prevent the importation of women for immoral purposes.

New Appointment for Strathcona.

London, March 16. — Lord Strathcona has been appointed a member of the advisory committee on commercial intelligence of which Sydney Buxton, president of the board of trade, is president.

TRAMP NUISANCE IS ALMOST INTOLERABLE

Undesirables Walk Across Boundary and Annoy Farmers—Remedy is Sought.

Complaints are being made that the boundary between the States and Canade is not adequately protected against undesirable immigrants in the vicinity of Blaine. There are only two men statoned there by the Canadian authorities, and they give all trains a thorough inspection but there is very little to prevent indigent foreigners from walking into Canada by any of the numerous roads in that district.

A petition is being prepared by the residents on the Canadian side asking the Dominion government to take steps to remedy ths condition. The Canadian border residents claim that the country is overrun with tramps from Bellingham, Seattle, Anacortes and other American centres.

The American government has eleven men posted on the different roads and these officials effectually prevent the return of any undesirables that get across into Canada, but naturally take no steps to stop them leaving the States. The residents have nothing to complain of in the services of the Canadian officials as far as they go, but they assert that the staff is insufficient for the work. The petition is being largely signed, as there is hardly a farmer living within three or four miles of the border who has not suffered more or less from the tramp nuisance.

Inland Revenue Growing.

Ottawa, March 16.—The inland revenue of the Dominion for February was $1,195,377, as compared with $1,085,302 for the same month a year ago.

FORTY LIVES LOST WHEN PORTUGESE BARK SINKS

Bodies of Twenty-Nine Victims Are Washed Ashore—Twenty-Three Escaped Watery Grave.

Lisbon, March 16.—A Portuguese bark loaded with emigrants for America was lost in a storm off Pico island, in the Azores, today. Forty lives were lost.

The Portuguese governor of the Azores cabled from Harta, Island of Fayal, that twenty-three passengers and the crew were saved. The bodies of twenty-eight victims have been washed ashore. The governor reports that the bark was an old hulk, and was inadequately manned. When the survivors reached land they were terror stricken, and many of them sought refuge in the hills.

NAME ROYAL COMMISSION TO INVESTIGATE BIG DEAL

Alberta Insurgents Force Government to Accede to Their Demands in Great Waterways Affair.

Edmonton, March 16.—By a unanimous vote at ten o'clock tonight the legislature agreed to appoint a royal commission, consisting of Justices Harvey, Beck and Scott, of the supreme court, to investigate the entire Great Waterways deal.

The vote was recorded after one of the most strenuous fights in the history of the province and was only reached after the government had acceeded to all of the insurgents demands.

Old Postmaster Dies.

Fort Erie, March 16.—William Baldwin, postmaster at Fort Erie for the past twenty years, died this morning, aged 89 years.

OLDFIELD BREAKS ALL SPEED RECORDS

Dayton, Fla., March 16.—Barney Oldfield, driving against time from a flying start in a 200 horsepower Benz auto of special design, covered the fastest mile this afternoon ever travelled by a human being. His time was 27 33-100 seconds.

Nothing projected into space by man, save a bullet, has ever travelled 5280 feet at equal speed.

Oldfield's average today was 132.72 miles an hour.

Music and Drama

"A STUBBORN CINDERELLA."

Theatregoers of this city, especially lovers of musical comedy, have a genuine treat in store tonight, the occasion of a visit at the opera house of Mort H. Singer's quality musical play, "A Stubborn Cinderella," the latest of the Princess Theatre, Chicago, successes of Messrs. Hough, Adams and Howard, who are also authors of "The Goddess of Liberty," "The Golden Girl," "Honeymoon Trial,' "The Time, the Place and the Girl," "The Prince of Tonight," etc. Mr. Singer announces the re-engagement of Mr. Homer B. Mason as "Mac," a selection that will meet the approval of all who have witnessed his admirable performances. There is a magnetism and an intelligence about M. Mason's work which is very hard to resist. His sincerity in the serious moments developed through his love affair with Cinderella is unquestioned. But on the other hand, his comedy is equally earnest and equally capable.

The authors have given Mr. Mason the part of an irresponsible college youth, who feels bound to terminate a flirtation with the heroine, a Scotch young lady of title, who has had little or no experience in the ways of the world; so he tells her the story of Cinderella, and the Fairy Prince who disappears at the stroke of twelve, leaving her with only the memory of her happy dream. The scene at which this takes place is by an open fire in the midst of a big desert of the far Southwest, and with its realistic settings and its open fire together with Mr. Mason's boyish earnestness, his costume of knee breeches, long curls and brocaded suit, and the ballet of Watteau shepherdesses, form a combination which is not only unusual, but far above anything else heretofore seen in musical comedy. The company supporting Mr. Mason is a very large one, and the local management guarantee that the production as seen in the original run of the piece at the Princess theatre, Chicago, will be duplicated here in its entirety.

YOUNGSTERS TERRORIZE CITIZENS OF SPOKANE

Spokane, March 16.- The mystery of Black Hand letters which have terrorized Spokane's wealthy citizens for many months, ended Saturday afternoon when Rudolph Kline's horse broke his leg by breaking through the roof of a shallow cave at Lenway avenue and Martha street, in the northwestern part of the city. Passers-by investigated, and found in the cave seven small boys, plotting Black Hand operations. Their cave was fitted up with wooden daggers, airguns, one pistol, old and rusted and without hammers, and a quantity of red ink and white paper, and some Black Hand letters already written. Eddie Bloom, aged 14, son of a carpenter, is leader of the band, aided by Joe Parata, an 11-year-old Italian boy, who dictated the letters.

The boys have made a confession, and admitted that they have mailed more than a score of Black Hand letters—"just for fun," and without expecting the money they demanded.

$30 per acre will buy 160 acres of good land; partly covered with heavy cedar. Langley. One-fourth cash; balance over three years.

Nine acres near junction of Clarke and North roads; $375 per acre.

$40 per acre buys 160 acres of good farming land in Surrey; one mile from tram line. This is suitable to subdivide.

$350 per acre for nine acres off the North road on the Clarke road in Coquitlam; one-fourth cash; easy terms on balance.

Will exchange a complete equipped five-acre ranch near Sapperton for house and lot in New Westminster of equal value.

SHINGLE MILL, fully equipped, and in running order. Free grant of 8040 acres of timber land containing 30 million feet of timber, 19 million feet of good cedar and 11 million of good fir. $12000 will handle it. This is a splendid buy. Full particulars on application to us.

Factory site, main channel of Fraser river, near New Westminster, having 475 feet of waterfrontage. See us for price and terms.

$4.00 per front foot will buy 1000 feet of waterfrontage on North Arm of Burrard Inlet. This block contains 45 acres. Must be sold at once.

Nine chains of waterfrontage on North Arm of Fraser. Block contains 45 acres. Price $300 per acre; $3000 cash; balance over five years. Has house and barn and part under cultivation.

50 chains water frontage containing only 11 1-2 acres; all cleared. This property is in the city limits; Lulu Island. Good price and terms.

Home on Royal avenue; fully modern 6 rooms; $1500 cash and terms.

House and barn on Fourth street; $1000 cash; balance easy.

Barn to rent on Royal avenue; $8.00 per month.

We have a buyer for a small piece of acreage in Burnaby.

NEW WESTMINSTER LAND DISTRICT.

District of New Westminster.

TAKE NOTICE that the Pitt River Lumber Company, Limited, a body corporate having its head office at the City of New Westmister, intends to apply for permission to lease the following described lands:—

Commencing at a post planted on the westerly shore of Pitt river at its intersection with the northerly side of the Canadian Pacific Railway Company's right-of-way, thence following the westerly shore of Pitt river in a northeastly direction, seven thousand eight hundred (7,800) feet more or less to a witness post planted on said shore to locate the most northerly corner of the Pitt River Lumber Company, Limited, Booming Site; thence at right angles to said shore a distance of about three hundred and fifty feet (350) feet to the said northerly corner of Booming Site, said point being two hundred (200) feet from low water mark of said shore; thence southwesterly and two hundred (200) feet from said low water mark seven thousand eight hundred and thirty (7830) feet, more or less, to the southwesterly corner of said Booming Site; thence northwesterly to point of commencement, and containing sixty (60) acres, more or less.

THE PITT RIVER LUMBER COMPANY, LIMITED.
T. W. GRAY, Agent.

Dated at the City of New Westminster, B. C., this 28th day of February, A. D. 1910.

LAND REGISTRY ACT.

Re Lot 5, Block 23, New Westminster City.

Whereas, proof of the loss of Certificate of Title Number 14,068a, issued in the name of William Roxburgh, has been filed in this office.

Notice is hereby given that I shall, at the expiration of one month from the date of the first publication hereof in a daily newspaper published in the City of New Westminster, issue a duplicate of the said certificate, unless in the meantime valid objection be made to me in writing.

C. S. KEITH,
District Registrar of Titles.

Land Registry Office, New Westminster, B. C., February 11, 1910.

For Cheap, Quick Sale

Two adjoining lots at Kennedy Station on tram line in Delta, containing 9½ acres. Well situated, fine view and good soil; alder bottom. Would make a beautiful suburban residence site.

"Westminster View"

The Place to Buy
To Get Quick Returns

$25.00 Cash
will secure one
of these LOTS

Balance Spread Over 18 Months

The way the people are snapping up these lots is ample proof that we made no mistake in believing this to be the best subdivision proposition yet to hand. The South side of the River is bound to build up rapidly, especially when the tram commences to run regularly, which will be in a short time. Already several handsome residences are contemplated at "Westminster View" and more are sure to follow. Those who have inspected this property declare it to be the most ideal residential site to be found anywhere, overlooking as it does the Fraser River from Lulu Island to Millside, and the City of New Westminster.

Then the low price and exceptionally easy terms---**$25.00 Cash,** balance over 18 months, puts these lots within the reach of all.

Come To-Day and Let Us Show You Over the Ground.

THURSDAY, MARCH 17, 1910.

SNUBBING THIS CITY.

The letter printed in the News yesterday, anent the new Great Northern depot, is in some measure an index to the general feeling that has been aroused in this city with respect to the action of the Provincial Government engineer in stopping the work, and thus delaying the carrying out of this very necessary improvement for an indefinite period.

New Westminster has been striving for years past to get the Great Northern Railway company to replace the ancient and discreditable shack that has for so long done duty as its depot, by a decent brick and stone building that should serve both as a convenient shelter for passengers, with proper quarters for the company's officials, and as some indication to the ordinary traveller that New Westminster is a city of some importance and not a mere wayside settlement. The existing hut has always been a disgrace, and, as the letter of "Storekepeer" shows, very detrimental to the Royal City. This miserable depot and its surroundings most certainly do serve to discount our city's good name and, as we have heard it said many times, suggests the feeling in the mind of a newcomer which our correspondent voices thus: "If New Westminster is all on this scale of magnificence there is not much of a chance for a business man."

When therefore the Great Northern commenced work upon the new station a few weeks ago everybody felt glad the long wished for improvement had been taken in hand, and looked forward to the appearance of a handsome and recommendatory structure at the foot of the Leopold Place embankment. Alas! Our hopes and anticipations have been dashed to the ground by the peremptory action of Engineer Gamble. Why and for what reason this official issued an injunction for the stoppage of the work it is not easy to decide. It is said that he was surprised to discover the work was being carried out in such a way as to threaten the collapse of Columbia street at this point. If there really was such a danger of course his interference would probably be justified. But it is to be presumed that plans of the work and details of the arrangements in connection therewith were submitted to the government engineer by the company previous to the undertaking being commenced, and that he was aware of what was to be done, and consequently that the work was being carried out by that official's sanction and approval. Therefore we do not quite see how he should be taken by surprise.

As far as we can see and learn there was no danger of the street sliding. Moreover it is but reasonable to suppose that the company would not undertake the execution of expensive works and the erection of a costly building if there were any risk of this being swept into the river by a landslide. In this connection we are informed that the company's engineers had adopted all necessary safeguards. The only solution to the question which everybody is asking "Why was the work stopped?" is that it was at the whim of an official in authority.

This affair is but one more instance of the evident purpose of the government to hamper and hinder the progress of the old capital of the province, a policy that has been pursued almost continuously since the early days when Governor Douglas was the centre of authority. Exactly the same spirit of indifference to the needs of this city revealed in connection with the freeing of the Fraser River bridge from tolls—but just now accomplished after years of effort—and the proposed laying out of the embankment near Leopold Place as a garden and pleasance. Time after time for years past attempts have been made to get the powers that be to carry out this simple piece of work, the entire cost of which would be only a few hundred dollars, but the execution of which would considerably enhance the beauty and attractiveness of this city. Yet now, after all this while the only satisfaction that Engineer Gamble can afford respecting this proposal is that the matter is under advisement—as it has been for the past four years or so.

It is high time the people of New Westminster spoke their minds plainly respecting the mean, shuffling, and indifferent policy of the Government towards this city. This matter of the Great Northern depot is of sufficient urgency and importance to warrant the calling of a towns meeting to consider it. An opportunity would thus be given for the best of our citizens to get together and express their sense of this latest holdup on the part of the Government and demand arrangements for the continuation and completion of the work.

St. Patrick's Day

There are Irishmen in England
And Irishmen in Spain
With half a dozen in Japan
And five or six in Maine
There's a bunch in Philadelphia
Some more in Montreal
And half a score in Singapore
And fourteen in Bengal.
In France, in Madagascar,
In Chili, in Peru,
In every standing army,
In every steamship crew
There's a faithful son of Erin,
Maybe dirty, maybe clean
But all the same an Irishman, a wearer o' the green.
And where you find an Irishman,
There's sure to be a fray
On the seventeenth of Ireland, St. Patrick's Day.

There are Irishmen in Scotland
And Irishmen in Cork
And one or two in Saskatoon
And millions in New York,
In Edmonton, in Calgary, in Mission and in Wales.
In packing plants, in drygoods stores, asylums or in jails,
On sea, on land, in mines, in air, in Skagway or in Nome,
You'll always find an Irishman, who's more or less at home.
There were Irishmen with Peary, an Irishman was Cook
And one is high adviser to the Rajah of Gazook,
And wherever there's an Irishman, thare be the deuce to pay
On the Seventeenth of Ireland, St. Patrick's Day.

There are Irishmen in heaven
Who grieve and mourn today
For they find no four-leaved clover
Where happy angels play.
You'll find him here and there and everywhere,
The Irishman from County Clare.
You'll know him by the verdant tie he'll wear,
The Paddy bhoy who knows no fear.
He's the lad the lassies love, with his blarney and his fun.
He's a happy-lucky devil with a happy-lucky way
And where there's a bit of green, an Irishman is to be seen
On the Seventeenth of Ireland, St. Patrick's Day.

Correspondence

(The Daily News is not responsible for the opinions expressed by its correspondents.)

CHEAPER FARES.

Editor Daily News,

Sir,—Westminster is prospering! But? The next thing we require to keep things moving along smoothly is easier and cheaper communication with Vancouver. I suggest that we agitate for commuter's tickets for $3.50 per month, or, say a season ticket, payable in advance for $36 per year. This would pay the B. C. Electric Railway company. The transient trade would be enormously increased; families contemplating moving to Vancouver, to be nearer their work, would stay at home. Others who have gone, would come back and many would settle here and work in Vancouver, on account of Westminster's beautiful situation and surroundings and low rents and cheaper living. The company could then solve the problem of the smoking nuisance by providing separate cars for smokers and other odoriferous persons. The idea is not new, but requires passing on.

G. GOING.

New Westminster, March 16, 1910.

New Houses Building.

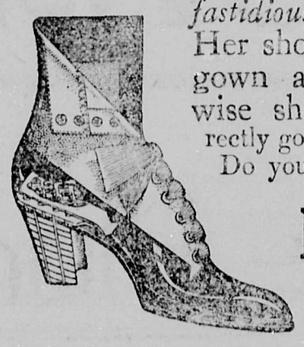
The city building contractors are all beginning to get busy now that the weather has cleared, orders for houses are coming in steadily. W. W. Forrester is building on Sixth avenue, between Third and Fourth streets; Capt. Croll is erecting two homes on Third Street and Sixth avenue; Mr. Swayne has the foundation laid for three homes on the corner of Ninth Street and Sixth avenue; John McLellan is building on Ash street; Sam Bole is building a store and residence on Fifth avenue, corner of Eighth street; Mr. Peacock is building on Seventh avenue, between Thirteenth and Fourteenth streets.

RELINDO TRADE MARK

MILLINERY FOR THE FEET

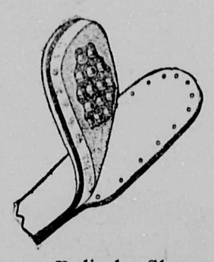
RELINDO TRADE MARK

Ladies! is it reasonable to invest $20.00 in a hat and wear cheap, ordinary shoes? The best gowned woman in our town *is fastidious about her footwear.* Her shoes harmonize with her gown and headgear. Otherwise she would not be correctly gowned. You *know* this lady. Do you know why she *insists* on



RELINDO SHOES?

Here are a few of the reasons: The Relindo Shoe is tailor made for particular women. It's an apt expression of the latest style—built to fit on a "Last" moulded from the human foot. Relindo Shoes need *no breaking in.* You can walk as easily the first day you put them on as when you've worn them for a month.



The pneumatic cushion heel—an exclusive feature of Relindo Shoes—makes them so much superior to the next best that there is no comparison.

The pneumatic cushion is sunk in a pocket in the heel as shown in the cut. It is resilient—honeycombed with air cells, making walking easy, graceful and natural. You do not know what shoe comfort and style means until you wear Relindo Shoes.

REMARKABLE SCORES ROLLED AT BIG BOWLING CONGRESS

Detroit, March 16.—Tom Haley, of Detroit, was the sensation of the closing day of the tenth annual tournament of the American Bowling Congress tournament, when he rolled the remarkable score of 705 in the individual event, winning that event and setting a new tournament record. He also won the prize for the best total for nine games with 1961, which is another new American bowling congress record.

William Richter, of Chicago, finished second with 692 and George Qualey was third with 689.

Albert Daiker and Ed Watterman, of Cincinnati, won the $500 prize for first place in the two-man event in the tenth annual tournament of the American Bowling Congress, which closed today.

ERNIE SINCLAIR IS GIVING GOLD MEDALS AWAY

W. E. Sinclair has promised to give to the best lacrosse player on the New Westminster team this year a solid gold medal. He will hand the medal over to the executive, which will appoint a committee to choose the best player at the end of the year. It was Mr. Sinclair's first intention to give the medal to the player scoring the most goals during the season, but Manager Welsh thought that the players might be inclined to play a selfish game instead of passing. The Lacrosse club passed a vote of thanks to Mr. Sinclair last night.

SPORTS

IT IS TIME TO GET BUSY WITH BASEBALL

Diamond Dusters Are a Lit- Slow in Getting Down to Business.

The Maple Leafs are the first men in the field with a baseball team this year and the other teams ought to follow their example and get busy. There is room in New Westminster for a good city league with three or four clubs in it. Columbia college is almost certain to be out with a team but the other nines which figured in the games last year are rather disorganised. Sapperton should be able to put a team in the field and there are enough young fellows living in the Dominion Trust block to turn out a respectable nine.

Most of the players seem to think that it would be impossible to form an inter-city league with Vancouver. If some of the best teams the Vancouver City league, and say, two teams from New Westminster, got together they could form a nice little league and the games would create a great deal more interest that they do at present.

The local men seem to fear that they would not get enough support to carry the thing through, but they can be sure of getting as much backing as the soccer men do, and they manage to come up fresh and smiling every year.

SAM LANGFORD AND FLYNN TO FIGHT FORTY-FIVE ROUNDS

Los Angeles, March 16.—Sam Langford and Jim Flynn will fight forty-five rounds in Jeffries' pavillion at Vernon tomorrow afternoon. Although at the end of a ten-round bout between the pair some weeks ago Flynn was given the newspaper decision, he is on the short-end odds of 2 to 1 and 10 to 6 for tomorrow's event.

Barred for Season.

Hill, a B. C. E. R. soccer player, has been suspended for the remainder of the season for insulting Referee Beer during the recent Thistles- Electric game. A few more suspensions for like offences would place B. C. soccer on a higher plane.

Archie Adamson for Vancouver.

Con Jones has secured a speedy home lacrosse player in Archie Adamson, formerly a Tecumseh man. If Con keeps on signing men like Lalonde, Adamson, Pickering and Griffiths, there will be some lacrosse games on the coast during the summer of 1910.

Billy Lauder Challenged.

Calgary, March 16.—Billy Lauder, of this city, has received a challenge from Frank Carroll, of Toronto, to meet him in the near future for a $1000 side bet. The date and place of the bout is to be arranged later.

EMPLOYERS' LIABILITY
Why You Should Insure Against Lawsuits
WORKMEN can sue you without cost to themselves, and they have EVERYTHING to gain and small chance to lose by so doing.
PERSONS other than employees accidentally injured about the premises invariably sue for damages.
REGARDLESS of their own responsibility for the accident, or the existence of negligence on the part of others.
ON the slightest pretext employees may sue you, even for accidents caused by the negligence of a fellow-workman, and
THE suit may be brought against you long after the occurrence of the accident by which he was injured.
EMPLOYERS and business men can ill afford to assume the risk of this ever-increasing and uncertain liability.
CREDIT of otherwise responsible manufacturers and business firms is sometimes seriously impaired by such damage suits.
TO go to law means loss of time, money, endless annoyance and worry.
YOUR profits may be seriously curtailed as a result of accident unless you are insured.
ONLY insurance against such risks will enable you to fix and reduce your expenses to a minimum.
UNDER the protection of a Liability Policy in the Railway Passengers' Assurance Company you will save money and time and be relieved from all such annoyances.
Alfred W. McLeod
Phone 62 "The Insurance Man" 657 Columbia St

You Can't Do A Thing Without Real Estate

Did you ever consider how little you can do without buying or renting real estate. The aviators have come closest to dispensing with it, but they have to have a place to light or fall on. You may feel quite independent walking around the town but somebody paid for every foot of ground you step on. Little wonder that Mother Earth is the greatest medium for investment, for it is the only thing in the world essential to development. To own a piece of this revolving sphere makes a fellow feel good too, for within the bounds of such is the only place where he can say "Here I am King." You can't start a store without real estate to put it on, you can't grow a spud without being an owner or a renter. If you don't want anything to do with real estate you've got to get off the earth, and then you'll need six feet of it to get under if you want to be conventional. Here are some city specials that will help you to independence.

$2100

Lot on Royal avenue near Fourth street; all cleared, with lane at back; terms, 1-3 cash, balance 6 and 12 months.

$4000

Two lots on Royal avenue, 66x132 each; with lane at back; all cleared; terms, 1-3 cash, balance 6 and 12 months.

NOTICE TO CONTRACTORS.

Tenders for Machinery, Belting, Shafting, Cranes, Air Compressors, Etc.

SEALED TENDERS, addressed to the undersigned, and marked on the envelope 'Tender for Machines and Tools,' 'Tender for Leather Belting,' etc, etc., as the case may be, will be received at the office of the Commissioners of the Transcontinental Railway, at Ottawa, Ontario, until 12 o'clock noon of the 12th day of April, 1910, for:

(1) Machines and tools;
(2) Leather belting;
(3) Shafting, hangers, steel frame work, etc.;
(4) Miscellaneous equipment, industrial track and lockers;
(5) Motors;
(6) Furnaces and forges;
(7) Cranes;
(8) Air compressors;
(9) Grey iron foundry equipment and brass foundry equipment;

required for the equipment of the locomotive and other shops of the Commissioners of the Transcontinental Railway at Springfield, east of Winnipeg, Manitoba.

Tenders will be received and considered for any or all of the items indicated above and numbered from 1 to 9, both inclusive.

Plans and specifications may be seen in the office of the Chief Engineer of the Commissioners at Ottawa, Mr. Gordon Grant, and in the office of the District Engineers of the Commissioners at St. Boniface, Man., Mr. S. R. Poulin.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied by the Commissioners, which may be had on application to the Chief Engineer at Ottawa, or to the District Engineer at St. Boniface, Man.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada, payable to the order of the Commissioners of the Transcontinental Railway for a sum equal to ten per cent (10 per cent) of the amount of the tender.

Any person whose tender is accepted shall within ten days after the acceptance thereof sign the contract, specifications and other documents required to be signed, and in any case of refusal or failure on the part of the party whose tender is accepted to complete and execute the contract with the Commissioners, the said cheque shall be forfeited to the Commissioners as liquidated damages for such refusal or failure, and all contract rights acquired by the acceptance of the tender shall be forfeited.

The cheques deposited by parties whose tenders are accepted will be deposited to the credit of the Receiver General of Canada as security for the due and faithful performance of the contract according to its terms.

The cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

The right is reserved to reject any or all tenders.

By order,

P. E. RYAN,
Secretary. The Commissioners of the Transcontinental Railway
Ottawa, March 2, 1910.

Newspapers inserting this advertisement without authority from the Commissioners will not be paid for it.

LAND REGISTRY ACT.

TAKE NOTICE that an application has been made to register George Troughten as the owner in Fee Simple, under a Tax Sale Deed from Edwin M. Carncross, collector of the Municipality of Surrey, to George Troughten, bearing date the 7th day of September, A. D. 1908, of all and singular that certain parcel or tract of land and premises situate, lying and being in the District of New Westminster, in the Province of British Columbia, more particularly known and described as:—

Lot 7, Block 1, being a portion of Section 20, Block 5, North Range, 2 West. Lots 3 and 4, part of a portion of fractional section 21, Block 5 North Range 2 West.

You and those claiming through under you and all persons claiming any interest in the said land by virtue of an unregistered instrument, and all persons claiming any interest in the said "Land Registry Act," are required to contest the claim of the tax purchaser within forty-five days from the date of the service of this notice upon you, and in default of a caveat or certificate of lis pendens being filed within such period, or in default of redemption before registration, you and each of you will be forever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register George Troughten as owner thereof in fee. And I hereby order that publication of this notice for thirty days in a daily newspaper published in New Westminster will be good and sufficient service thereof.

Dated at the Land Registry Office, New Westminster, Province of British Columbia, this 9th day of March, A. D. 1910.

C. S. KEITH,
District Registrar.

To:—Michael Robert Barry, John Douglas, Alexander G. Macfarlane.

Mrs. Moore's millinery opening is now in full swing. See what she has in all that is the latest and best in millinery. **

Mrs. Nakayama, a Japanese woman, was badly burned yesterday by an explosion of a gasoline engine on a launch at Port Hammond. She was brought to the Royal Columbia hospital here and is progressing well.

Mrs. H. Ryall has returned from an extended visit to relatives and friends in Toronto.

Lacrosse Boys Will Have Good Officers

(Continued from Page One.)

fact that our boys came out of such a series with a glorious victory.

In the schedule games we had a more formidable rival in the Vancouver Lacrosse club of last year than for many years heretofore, and though we were successful in winning seven out of the ten games played, still some were by very small margins. This was particularly so during the middle of the season and just after we had disposed of the Minto-Cup chasers from the east. This was, to my mind, the most critical time with our team last year, as they had had a hard and strenuous two months already and the season only half finished. At this time, you will remember, the management made arrangements to have the lacrosse boys rest up and a couple of weeks at Boundary bay brought them back to such form that they went through the balance of the season with flying colors.

During such times as these the management has many troubles. They figure and scheme and sometimes lay awake at nights, but you see the same old heads, growing grey from the many committee-room battles, back at it again and looking for more. There must be a fascination in the thing. So when they say that they must step down—well, we take it for what it is worth.

This club will have some drastic amendments as well as a solution of the referee question to consider this year, and they are questions which you should see will receive the most serious consideration of your delegates to the association.

Now, in conclusion, I want to take this opportunity of extending to the citizens the thanks of the officers as well as the players of the New Westminster Lacrosse club for the loyal support you have given us and to assure you that your encouragement is indeed greatly appreciated. We sincerely hope that we shall be always worthy of that support.

FRED J. LYNCH,
President Westminster Lacrosse Club.

"SILENT PAT" WILL PLAY WITH VANCOUVER

Flanagan, the hardest hitter of the Northwestern league of 1908, has been signed on by Bob Brown for the Vancouver Beavers. "Silent Pat" hit a .354 average two seasons ago.

Farmers Want 10,000 Men.

Winnipeg, March 16.—Ten thousand men are wanted by the farmers of western Canada at the present time and, according to J. B. Bruce Walker, commissioner of immigration, great difficulty is being experienced in filling the demand.

Comfort and Economy With Electricity

To the Housewife the Electric Sad Iron is the greatest boon possible. No device has so lessened the household labor. The Electric Sad Iron is so simple that a child can operate it; and it can be used in any part of the house where there is an electric light. Iron always hot; no useless walking or waiting; ironing done in half the time. We carry different makes and styles. Call in and let us show them to you.

Women's Neckwear Novelties

FASHIONS FAVORITE STYLES

We have waited long for this delayed shipment of all these dainty little neckwear pieces. **Dutch Collars, Linen Collars, Muslin and Silk Bows and Jabots** are the most popular styles shown. They are here by the hundreds and inexpensively priced.

Shantung and Pongee Silks

Indications are that later in the season a scarcity of these popular silks will be hard to overcome. More orders have been placed than can be filled, such is the demand for the Spring and Summer wear. Just now we have on hand a large stock of **Natural Pongees, Coatings Pongees, and Colored Shadings,** in 26 and 34 inch widths, per yard ..45c to $1.75

Moire Silk and Velvet

Fashion reports feature the Moire trimmings to a large degree. You have but to pick up a book of fashions, read the descriptions of popular styles, to note the extended use of Moire silks and velvets for trimming purposes.

Moire Velvet, in shades to match, popular dress fabrics, per yard $1.25

Moire Silks with black the most used colors, follow closely in popularity, per yard $1.00 to $1.25

All Wool Suitings 90c Per Yard

Spring Dress Suitings of a weight most suitable for present day styles. All the new colors are prominent in these serviceable materials. Chevron, self stripes, French twill, serges, satin stripe, venetians and light weight worsteds, width 44 inches, shown in shades of Wisteria catawba, taupe, purple, reseda, myrtle, old rose, grey, brown, light and dark navy, cardinal, cream and black, per yard 90c

WASH FABRICS!

Shirt Waist Suitings 25c per yard

Materials with weight sufficient for tailored styles of shirt waists are more to the front than ever before.

The showing before you in our wash goods section contains a wonderful range of entirely new materials or old fabrics in new disguise. They are all attractive and serviceable. **36-inch Indian Head** in white, pink, fawn, cadet, navy and black.

Figure Picque in all white fancy designs. White and black, white and cardinal, white and blue, etc. 27-inches wide, several weights.

Corded Bengalines in plain colors, or striped, two toned stripes.

Linen Colored Brilliants imitative of Pongee suitings, these are absolutely fast color.

White Vestings in dozens of small and large designs.

Fancy Crepons reminding one most forcibly of what was at one time sold as seersucker; attractive colors and designs.

Stencilled Curtain Materials

NEW DESIGNS

Warm Spring days turn the thoughts of housekeepers towards the house furnishing problem. House cleaning reveals a host of improvements that seem absolutely necessary. Are your windows in need of up to date draperies?

STENCILED ETAMINE SCRIM, PER YARD 40c

The newest curtain material, 40 inches wide; stenciled in a manner that leaves both sides alike. Patterns represent the old cathedral stained glass windows or natural floral or conventional designs. Colors are harmoniously arranged in two or three toned combinatons of cardinal, green, brown and blue on white or natural ground. Colors are absolutely fast, per yard 40c

36-INCH STENCILED SCRIM PER YARD..... 30c

A few attractive designs at this price, colors are conbinations of green, red and brown.

40-INCH PLAIN SCRIM, PER YARD 30c

Ecru and white only, suitable for use as sold or for stenciling.

36-INCH ART SILKOLINES, PER YARD 20c

A new shipment of these ever popular materials. Patterns are new colors, are natural in their shades of green, pink, cadet, blue, lavendar, fawn and their various conbinations. Designs suitable for window draperies, comforters, etc, per yard 20c

Corded Neck Ruching

Small and large silk and gold cord Ruching in all the new shades of pink, sky, old rose, cream, purple, black and white. Also shown with satin edge in the popular colors. Sold in boxed lengths or by the yard.

Plain and Embroidered Linen Collars

20c to 45c Each

Tailored waists with linen colors—another of fashion's decrees. Low or high linen collars with or without embroidered designs, or set with insertion and beading. Sizes 12½ to 14½, each ..... 20c to 45c
