## NATIONAL REVIEW EULOGIZES FIELDING

### Member of Canadian Cabinet is Styled "Minister of Surplusses by "M"

London, April 25.—An appreciative article of Hon. W. S. Fielding by "M" appears in the National Review. It says of Sir Wilfrid Laurier is the chief seigneur of Canadian politics, and leading is essentially the business leading of the party.

The article deals mainly with the political career of the "Minister of Surplusses" and gives him credit for being the first practical step in the matter of preference, which Whittier says was one of the greatest strokes of Imperial statesmanship the world had yet seen.

"M" concludes by stating that there is ample ground for confidence in the reflection that Fielding is not to be filled by Germany or the United States or any other country. He has not forgotten that while furthering Canadian interests he is also a statesman of the whole British Empire.

**Select Name for Princess.**

Copenhagen, April 29.—The new princess of Sweden's first daughter and third child of the crown princess will be named Ingrid Victoria Louise Margaretta, but despite this is a fine, healthy little girl. The crown prince and crown princess are delighted at the advent o fa daughter, the two older children, the Dukes of Westerbotten and Upland, being boys.

## REAL ESTATE TRADING CONTINUES TO BE ACTIVE

### Several Good Deals Have Been Put Through This Week in Burnaby—Surrey Land Picks Up.

Thursday showed a marked improvement in real estate sales. Business was brisk all round and every office reported sales both in the city and suburbs.

There has been a particularly strong demand during the last few days for Burnaby lake propery. Acreage round here is selling well for from $800 to $1,000 per acre.

The National Finance company put through several deals in that locality last week and the early part of this week, and yesterday they closed a deal on the north side of ten acres in district lot 46 for $10,000. District lot 56 a few days ago changed hands at a record figure.

Burnaby lots were also handled freely by many of the other agents at market prices.

City lots have also had extra good attention.

The early prospect of the cars being run on the Fraser valley branch of the B. C. E. R. has made property all along the line pick up, and Abbotsford has now come into the bidding.

Surrey has been an extremely lucky card for Cook & Wilson and yesterday was another record one for them.

W. J. Kerr has sold the first section of his Cherryvale subdivision and most of the buyers intend commencing work on their new purchases at once. Several blocks, however, have been bought by local and Vancouver business men for speculation. The bulk of the land has gone to buyers from Vancouver.

There are rumors abroad that some definite news of doings across the river will be given out to the press in a week or two, and that the early part of May will see another rapid rise in prices.

**RAILWAY MAGNATE COMING.**

**William MacKenzie May Be Among Visitors to Coast in May.**

Victoria, April 29.—Distinguished railway men will be much in evidence among the notable visitors to British Columbia and to Victoria during the month of May. In addition to vice President D. D. Mann and Mr. Phippen, general counsel of the Canadian Northern, who are awaiting the return of President William MacKenzie from London, and are expected to leave Toronto for this city within the ensuing few days, it is quite probable that Mr. MacKenzie also will take time for a flying trip to the Pacific coast to witness the initiation of construction of the British Columbia portion of the new transcontinental system, and their formal taking over of the Dunsmuir colliery interests.

President J. J. Warren, of the Kettle River Valley Railway company, is also leaving Toronto, the new Canadian headquarters of his company, for British Columbia during the initial week of May, and his construction program will be made public immediately upon his arrival on the coast.

**Off to Scale Mount McKinley.**

Nanaimo, April 29.—The United States revenue cutter Tahoma arrived here today with the expedition whose object is to ascend Mount McKinley. The cutter will coal tomorrow and will then leave for Port Graham, where the expedition will be landed.

## INCORRIGIBLE GIRL SINGS WAY TO FREEDOM

### Plaintive Melody Sung in Jail Causes District Attorney to Release Prisoner on Parole.

Fresno, Cal., April 29.—Ethel Boyakin, aged sixteen years, detained in the county jail for allege incorrigibility, yesterday sang herself to freedom. Her voice, issuing from the bars of the jail in plaintive melody so appealed to Assistant District Attorney McCormick that he made a plea before Judge Austin, of the juvenile court, to release her on parole.

McCormick said in court he believed the girl would win fame as a prima donna if her voice were trained. The court complied with the request of the assistant district attorney.

**Chewing Gum Is Barred.**

Montreal, April 29.—Gum chewing is barred from the stock exchange according to a bylaw passed yesterday which prohibits its use by members as well as clerks and employees. Violation of the rule on the part of the latter means dismissal.

**Senator Saves His Seat.**

Ottawa, April 29.—Senator Sullivan, of Kingston, took a seat in the senate Wednesday, thereby saving it, as it was stated that he was in danger of losing it because of non-attendance for two years.

**C. N. R. Terminals at Montreal.**

Toronto, April 29.—According to a statement made yesterday by D. B. Hanna, of the Canadian Northern, that railway will spend in the near future about $4,000,000 in providing terminals at Montreal.

**Professor Allen Honored.**

Winnipeg, April 29.—At a special meeting of the council of the University of Manitoba yesterday, Professor Frank Allen, M.A., was elected dean of the university faculty.

**Famine in Mothballs.**

New York, April 29.—A famine in mothballs threatens Greater New York at the house cleaning season, as the result of a downtown fire last night, which destroyed the stockrooms of a manufacturer of coal tar products. Fifteen thousand dollars' worth of mothballs was destroyed.

## VETERAN MINER DIES IN SIGHT OF RICHES

### W. G. Stegner Stricken With Paralysis at Moment When His Dreams Come True.

Spokane, April 29.—W. G. Stegner, a "Forty-Niner," who has worked alone on a placer mine near Leonia for a decade, was stricken with paralysis when his hands were within the touch of richness, and lies unconscious on a cot in the hospital at Bonners Ferry, Idaho, while others are developing the gold ground. Mrs. Stegner has come from California to be with the veteran gold hunter, whose mining prospects have made many men rich during the last half century.

The property, consisting of 680 acres, has been tested by panning at many points, the average value being 50 cents the cubic yard. It is estimated that the cost of extraction will not be more than 12 1-2 cents and as low as 8 cents. J. M. Schnatterly and his associates, who have taken over the group of claims, are constructing a flume of three and a half miles to bring water from Boulder creek to operate four giant hydraulics to tear down the benches of from fifteen to 200 feet in depth.

**CHURCH WOMEN TO DON OVERALLS AND LABOR**

Spokane, April 29.—Women of the Baptist church of Wallace, Idaho, will don overalls tomorrow and do the work of day laborers. The church is being raised and a basement fitted up under it, and the women have decided to help.

For some time past the pastor of the church, Rev. C. C. Rickman, has been working in the capacity of man of all trades in the work of remodelling the church, and his activity is said to have inspired the women to action.

## EDITOR GIVES ADVICE TO BUDDING PASTORS

Chicago, April 29.—Twenty-nine new ministers were graduated at the McCormick Theological seminary last night. J. A. McDonald, member of the Canadian parliament and editor of The Toronto Globe, in an address to the graduates said:

"There is no place in the world for the man without a message and without power. It is not in the higher criticism of the Bible and the learned dissertations on the knotty theological problems that have occupied hours of study that the people want. It is the real heart messages they want and need."

## HOPE HAS NATURAL RESOURCES FOR IDEAL SUMMER RESORT

### Charming Spot in the Mountains, Long Neglected, is Now in Line For Tardy Recognition---Holiday Homes Will Spring Up This Season

Hope has ever been alluring and the little town of Hope lying hidden away in the Rockies and circled by the rushing Fraser seems to have been well named. Fifty years ago it was the jumping-off place for the thousands of miners who tramped the trails in search of gold. To Hope came all the supplies, the food and the pack horses that bore them over the mountains. All along the banks of the river and on the flats spreading back past where the centre of the town is today thousands of tents gleamed in the sun and reflected the whiteness of the snow-capped mountains for Hope in those days had a floating population of five thousand. Today the Indian breeds and whites only total a hundred or so.

Were it not for the broad grass covered roads, the well-worn trails and one or two old timers, who sit of an evening on the counter of the store or the stoop of the hotel, none would know of the past glories of Hope. Even the writer of guide books overlooked it as the train seems to have rushed on past, a rising fir covered hill on the one side and a distant view of Hope mountain across the river. The rushing of this mighty stream just here as it takes a double curve has claimed his attention and he has forgotten to inquire where Hope is or if there is any Hope. The name is marked up on the station and there are a couple of wooden shacks adjoining, then the river and the mountains.

To reach Hope one has to slide down a steep path to the river side, jump into a canoe, unless you prefer the gasoline launch which crosses the swift rushing river in almost a bee line. At the landing you will be met by a heavy four-wheeled buggy drawn by a pair of impatient horses which seem half inclined to dump you back into the river and unless you are slick and hustle your grips into the wagon and yourself into a seat you will be left behind.

A quick run along a good road lined with blossoming fruit trees and dotted with Indian shacks takes you in a few minutes to the hotel.

In the old days men went to Hope to leave it and wander in search of wealth. Today they go to Hope and stay there for they are looking for rest, renewed health and good sport and none leave it without a desire to return for there is a something in the peace of this wayside, almost forgotten spot, that pulls at ones fancy and twines round ones imagination in a way few, if any, other places do. There is a soft vigor in the air that takes the tiredness out of one and a grandeur in the scenery that lures one out on the trails for long tramps in the heat of the day or the silence of the evening.

For twenty years this garden in the mountains has been forgotten or passed by except by a few who having found it have held their tongues and guarded the secret of its charms jealously from the crowds of pleasure seekers, ardent fishermen and lovers of the beautiful. These few have stolen there for peace and pleasure from time to time. You can see their names recurring periodically in the visitors book at the hotel for the last few years. Some of them have bought land and built summer homes there and others are clearing the bush and planting fruit trees with a view to settling there. Others again within the last year or so have settled away back a mile or two from the township and if you follow a stray telephone wire through an avenue of trees for a few miles you will come across one of the most picturesque ranches your eyes have ever lit upon; where nature and art, commerce and scenery are so softy blended that there is perfect harmony. Money will not buy this ranch for the man who owns it values the scenery more than he values gold, and he knows enough philosophy to be content with the joys he has rather than seek out new ones. Money can at best only buy happiness; having found that who cares for money?

Gradually the news has gone abroad that in Hope lies peace and rest and good sport and after its long neglect this little town in the mountains has come into prominence and people are beginning to talk of it. Railway companies have suddenly realized its importance and a dozen other strange things have happened and soon Hope will be a busy thriving centre not only for tourists, sportsmen and holiday makers, but business men. For instead of the trains passing it by on the other side of the river, three separate lines will cut through Hope and one if not two will make it a divisional point. At the back of where the centre of the town now lies will be a busy depot and trains with passengers from all parts of the world will pull up at Hope and the glories of its scenery and that something else which it has which no words can describe will be whispered abroad and thousands will go there and again the trails will be trodden and laughter and merriment will echo in the woods, and from mountain to mountain the glad sounds will be passed.

The now deserted lakes will no longer only see the solitary Indian and his dug-out, for the word will be passed along and many will come to see them and in among the firs, summer houses will crop up and happy parties will make merry in them from morning till night.

Hope, itself, is a quaintly picturesque little village as unlike other Canadian villages as it is possible to imagine.

A traveller from the Old Country, who happened to be there at the same time as the "Daily News" representative, said that it was the only place in all Canada where he felt at home.

"There are no square-faced blocks, no 'match box' houses, run up with a view to cheapness, and, above all, no flaming advertisements to be found here, what business is done is done quietly, whilst worry and hustle seemed to have gone past Hope."

These were the views he expressed and it is easy to see how true his words are after ten minutes' stay in this mountain and river village.

There are broad grass covered roads, log houses and beautiful orchards right in the centre of the township and there is not a street in Hope that has houses on both sides. Whichever way one looks the view is different and ever changing.

Hope mountain, like a guardian angel, looks down upon this quiet little spot to remind its residents that Hope is a very big thing.

From a sportsman's point of view there are few places in Canada where such good sport can be had without the necessity of roughing it too much. One can go out with gun or rod from the hotel in the morning and return to its quiet hospitality in the evening, having had the best of sport, with none of its inconveniences.

The Coquahalla river is an Eldorado for the fisherman. Splendid catches of Steelhead trout are always being reported, whilst river trout, and in season, salmon, can be had in abundance.

The lakes, the nearest and prettiest of which is Kawkawa, lies about a mile from the village along a beautiful woodland trail, and is full of lake trout.

There is a good punt there which seems to be owned by no one, and used by anyone from which a fisherman can fill his basket, as well as enjoy to the full the beautiful scenery of the lake by rowing about it. There are also three or four Indian dug-outs which lie ownerless on the shores.

Kawkawa is about a mile and a half long and a mile broad. Beyond this some twelve miles is another lake where more fish can be obtained and a change of scenery found. For an ideal camping ground near to the town, Kawkawa lake cannot be beaten.

From a commercial standpoint the possibilities of Hope just now are great and property there is already on the jump as the advantage of three railways where there has only been one, a long way off, is going to make a big difference to the place. Also Hope will undoubtedly be the centre for the Kamloops district, the outfitting point for hunting expeditions to the Skagit, where some of the best big game shooting in Canada can be found, and last, but not least, it is certain to be the divisional point for at least one of the three railways—either the C.P.R., the C.N.R. or the V.V. & E.

**Fenian Raid Veteran Dead.**

Brockville, Ont., April 29.—Peter Dyer, a Fenian war veteran, died suddenly at his home here, following an attack of heart failure. He was born in Newfoundland in 1850 and coming to Brockville four years later resided here almost constantly since. For many years he was an engineer of the G. T. P. and the C. P. R., retiring from active service in 1885. He leaves a widow and three children.

**Victoria Wharf Work Stops.**

Victoria, April 29.—Work stopped on the G.T.P. wharf here today by order of the agent of marine and fisheries, owing to the wharf plans not yet having been accepted by the minister of marine.

**TRADE OF COMMONWEATH SHOWS A HEALTY INCREASE**

Melbourne, April 29.—Imports into the Commonwealth for the month of March amounted to £4 907,000, showing an increase of £603,000 as compared with the imports for March, 1909.

March exports amounted to £6,225,000, being an increase of $932,000 as compared with exports of the corresponding month of last year.

**For Stock Exchange Listings.**

London, April 29.—Applications have been made to the London stock exchange to last £127,000 branch line four per cent and £300,000 West Canadian Land five per cents.

## HALF OF BIG BUILDING IS GUTTED IN WINNIPEG FIRE

### Foley Bros. & Larson Suffer $125,000 Loss in Evening Blaze—Damage Covered by Insurance.

Winnipeg, April 29.—Fire which broke out at 8:30 tonight in the big six-story warehouse of Foley Bros. & Larson, wholesale grocers, manufacturers and confectioners, on Market street east, completely gutted half of the building and caused a loss of $125,000.

The building is separated by a fire wall in the centre, and the brigade was able to confine the fire to that portion where the blaze started.

The loss is fully covered by insurance.

**TRIAL BY JURY.**

**Amateur Dramatic Society Will Present Operetta on Tuesday.**

The operetta, "Trial by Jury," will be given by the Dramatic Club of St. Barnabas church in the parish hall on Tuesday evening. The caste has been practicing for months and the production ought to be a noteworthy one in musical circles.

Among those who will take part are Miss Jennette Peele, Miss Josephine Martin, Miss Corbould, Miss Vera Corbould, Miss Macgowan, Miss Elsie Emett, Mrs. V. H. C. Abbott and Messrs. Nigel O'Brian, Gordon Smith, Celery and Ironsides.

Bernard Hill and Mr. Mackness will have charge of the music at the production and Rev. C. W. Houghton will be stage manager.

"Trial by Jury" is probably the brightest little comedy written by those great masters of musical mirth, Gilbert and Sullivan. The plot centres on a breach of promise suit, brought by an extremely attractive young lady against a gentleman who is more the victim of circumstances than the perpetrator of a crime. The bewitchery of the jury by the fair plaintiff provides a field for considerable comedy, which the efficient caste trained by Mr. Mackness will present to its best advantage.

**Smelter for Kingston, Ont.**

Kingston, Ont., April 29.—The city council has before it a proposal by a company operating leading mines on the Perth road to build a $75,000 smelter here.

## GERMANY TO UNIFY STATE INSURANCE

### Reforms By Which Its Scope Will Be Enlarged and Expenses Cut Down Now Before Reichstag.

Berlin, April 29.—A great project for reforming and unifying the various systems of state insurance in Germany is now under consideration in the reichstag. The scheme is most comprehensive—it contains more than 1,700 articles—and it is a monument of the thoroughness and care with which Germany carries out social legislation. All the innumerable existing laws regulating sick, accident, old age, widows' and other insurance and pension systems are codified and arranged in a homogeneous system, which, if the bill becomes law, will prevail through the empire.

Chief among the projected reforms is the replacing by new insurance departments of the heterogeneous bureaus which at present administer to the different systems of insurance. About 1,000 of these offices must be opened and maintained at the yearly cost of $1,700,000, which represents a large saving over the cost of controlling the different pension insurance systems. These offices will be conducted with the collaboration of laymen, representatives of employers, and of the insured themselves; but the conduct of affairs will be entrusted to a specialist.

The reform extends sick insurance to agricultural laborers, foresters, casual laborers and others; also to actors and musicians whose salaries are under $500 a year. The premiums paid by employers and employees will be equalized, instead of remaining in the present relation of two to one. This equalization is also to apply to insurance against invalidity. Employers and employees will be equally represented on the management organizations.

## SOCIETY OF ARTISTS IS GIVEN A CHARTER

### Duke of Argyll Suggests Vancouver for Next Royal British-Colonial Exhibit.

London, April 29.—The Royal British and Colonial Society of Artists received its charter from the king through the hands of the Duke of Argyle at a banquet here last night at which Lord Strathcona presided.

The Duke of Argyle in a speech paid a tribute of praise to Canada and Australia's work for the furthering of art, and he suggested that the next meeting of the society should be held in Vancouver.

Lord Strathcona, in reply expressed his pride at receiving the charter on behalf of the society. He said that their members desired to emulate the Royal Academy. The Duke of Argyle, in the course of his speech, told an amazing story in connection with the efforts to form a Royal Academy at Ottawa a generation ago.

"I entered into a conspiracy," he said, "with certain genlemen to secure a statue. They secured the co-operation of a French-Canadian of great physical beauty and encased him in a plaster cast. After a short time they found him turning pea green. As he became perfectly inanimate they broke the plaster quickly, but two bottles of whisky were required," added the duke, amidst laughter, "before he recovered from the operation."

## FIRST OF C. N. R. FLEET IS A SPLENDID STEAMER

### Royal Edward Carries Many Guests From Glasgow to Bristol—Fine Third Class Acommodation.

London, April 29.—The Royal Edward, the Canadian Northern Railway company's new steamer, which inaugurates a new Canadian service by sailing from Bristol on May 12 for Montreal, arrived here today with 250 guests, after a delightful voyage from Glasgow. The vessel, despite a heavy sea, progressed well, averaging 21 knots until off Holyhead. There was no vibration and no rolling during the run.

The furnishings of the vessel will compare favorably with any steamer crossing the Atlantic. The guests were surprised at the sumptuous quarters provided for second and third class passengers, the latter accommodation being equal to the comforts and appointments of the second class on many other liners.

At a dinner last night, with William MacKenzie, president of the company, in the chair, Hon. Robert Rogers, minister of public works for Manitoba, in a brilliant and witty spech, proposed the health of Mr. and Mrs. Mackenzie. Mr. Rogers spoke of the possibilities of the future, predicting that soon there would be a fleet of twenty vessels sailing under the flag of the Canadian Northern railway. He eulogized the enterprise of Mr. MacKenzie and his partner, D. D. Mann.

Mr. MacKenzie, in responding, hoped that Mr. Roger's predictions would come true. Mr. Perks, representing D. B. Hanna, third vice president of the Canadian Northern railway, made a very interesting speech. The lord mayor and other prominent Bristol citizens emphasized the advantages the line would offer to emigrants, referring especially to the accommodation for third class passengers.

Mr. MacKenzie said today that the Canadian government had offered a subsidy for 21-knot boats, but here were such without a subsidy. Mr. MacKenzie hopes that the steamers Royal Edward and Royal George will reduce the Atlantic record, especially when the Straits of Belle Isle were used. He is very pleased with the Royal Edward, both in regard to speed and steadiness. There are already 700 emigrants booked for the steamer.

**PRESS IS WELDER OF EMPIRE UNITY**

London, April 29.—Earl Crewe, speaking at the Press Fund dinner, said that unless there could be a regular daily interchange of opinion, not mere only great events, but on everyday events, between Britain and the overseas dominions, he did not believe that anything like a real union of the Empire could ever be reached. It was the privilege of the press to play the first and principal part in bringing about this means of union.

**LECTURES ON DAIRYING.**

**Hon. E. T. Judd, of Salem, Ore., Will Tour Interior.**

Nelson, April 29.—G. G. McLaren, secretary of the Nelson and District Farmers' institute, has received notice from R. W. Hodson, livestock commissioner, that Hon. E. T. Judd, of Salem, Ore., will lecture in Nelson on dairying on May 26. He will speak at Edgewood on the Arrow lakes on May 23 and at Myncaster on May 28.

Miss Bessie Livingstone will speak on the same dates and in Nelson will address the Nelson and District Woman's institute.

## CITY OF WINNIPEG TO SELL MORE BONDS

Winnipeg, April 29.—City debentures to the amount of $300,000 will be sold to the trustees of the city sinking fund if a recommendation of the board of control is passed by the council on Monday. The sale was decided upon this morning as the result of an interview between the mayor and the trustees' representative. Par price will be paid for the debentures and until the annual expenditure on local improvements is allocated temporary bonds will be made out. It was suggested at the time that in addition to the £500,000 of debentures, which were sold recently on the London market at a premium, a parcel of $300,000 should be sold to the sinking fund totalling $2,500,000. These $300,000 debentures are for seven years and bear 4 per cent interest.

The money to be obtained will be used for local improvements, for which there is such a steady demand.

# Real Estate vs. Mortgages

Some of our shrewd clients are beginning to feel that outside property is now nearly as high as it is worth. They say that the old stock exchange axiom is good which says "Sell when everyone wants them; buy when no one wants them." They have figured out that they have done pretty well by real estate and are now buying mortgages. They say that seven to eight per cent. is good for such high class, gilt edged security—in fact there is no security better than a mortgage on improved real estate which has withstood all the scrutiny given morgages which passes through our hands. They feel that with such mortgages they can sleep pretty comfortably—no anxiety as to a possible drop in value.

If real estate has done well for you, or if you are for any reason looking for the greatest security in investment, it will pay you to see us and talk over the matter. Our knowledge is at your disposal without charge. Years of experience and study of financial matters of all kinds fit us to speak with some degree of authority.

### Robson-Smith.

A very pretty home wedding t place at the home of Mr. and M Charles J. Robson ,St. George str on Wednesday morning April 27, wh their eldest daughter, Helen Doug was married to Mr. Paul Moody Smi C.E., of Vancouver. Only relati and a few young friends witnes the ceremony. The decorations of house were most unique and artist lovely spring cherry blossoms bel used. The girlish bride, who look very charming was attended by cousin, Miss Constance J. Robs of Vancouver, and her sister, M Carrie Robson, as bridesmaids. Rod Smith, of Victoria, brother of groom acted as best man. The bri party stood under a lovely floral of cherry blossoms and smilax in low window made beautiful with same blossoms. The impressive vice was performed by the Rev. T. Pearson, great uncle of the bride, sisted by Rev. Dr. Sipprell, of the lumbian college, and Rev. C. W. Bro of the Queen's Avenue Method church. The wedding breakfast w served at a table made very dainty white and green cherry blossoms smilax. Afterwards the happy cou left amid showers of bright colo confetti for Victoria en route to Sh nigan lake, where the honeymoon be spent. On their return Mr. Mrs. Smith will reside in Vancouv The bride is a native daughter, she was one of the first to get degree in arts in New Westminster

## ALL ROADS LEAD TO THE ROYAL CITY.

The announcement that the Fraser valley branch of the B. C. Electric railway will be opened for freight traffic next week will give very general satisfaction. This will confer a great convenience not only upon the farmers of the Fraser valley but also the merchants of this city, both of which classes have been suffering for some time from the lack of any reliable means of communication through this country.

From what we have been able to learn it would seem likely that the opening of Columbia street renascens, as one might say, and the opening of the Fraser valley branch for passenger traffic to Cloverdale will occur at about the same time. It would indeed be a happy combination of circumstances if arrangements could be made to celebrate these two important events in the history of New Westminster on one and the same day. Therewith would also be included of course the formal opening of the new double track of the city car line.

New Westminster owes no small debt to the B. C. Electric Railway company for its ready and generous assistance towards the city's improvement and progress in the past, and certainly in the future this indebtedness will be increased by the sterling advantages which the Royal City will derive by its being made the virtual centre of the company's extensive car line service. To invite the B. C. Electric company to participate in the forthcoming celebration of the completion of the Columbia street improvement would, it seems to us, be a pleasing compliment in recognition of their public spirited policy.

We therefore suggest to Mayor Lee that he might with advantage endeavor to arrange affairs so that these two great avenues of traffic, by road and by rail, into and from this city, should be formally declared open at one and the same time. Such a combination would give eclat to the occasion, which would certainly be well worth a day's holiday to every citizen for rejoicing.

Reference to the work of the B. C. Electric Railway company reminds us that they are about to commence the construction of another important line, which will have its terminus in New Westminster. We refer to the Hastings-Burnaby Lake road, which will furnish another link between this city and Vancouver.. We believe tenders for the construction work on this line are all in, and that in a very short time work will be in full swing. The superintendent of construction has already pitched his camp and is now engaged in completing the usual preliminaries ready for the commencement of operations. The grade of this road will be a pretty easy one, and the terms of the contracts about to be let, the line being divided into four sections, require the grading and laying of ties to be completed within three months. We may therefore expect to see this road in operation by the end of the year at the latest.

Rumors says that some important branches from the Hastings-Burnaby Lake line are likely to be decided upon in the near future. But however this may be, the new road will of itself be a very valuable addition to the means of communication for New Westminster. It will also serve to open up to settlement a considerable area of land in the northern portion of Burnaby municipality.

## LANDSCAPE COMPETITION.

**Government Is Calling for Plans to Beautify Coquitlam Grounds.**

Victoria, April 29.—An opportunity by which some landscape artist of British Columbia may win enduring fame is presented in the announcement by the government that competitive plans are invited for the "laying out" and beautification of the extensive grounds of the Coquitlam Retreat for the Insane, such plans with specifications and an explanatory report to reach the public works minister not later than May 16. Success in the competition will carry with a money reward of $200, while as a second prize $100 is provided.

**Sir George Newnes Ill.**

London, April 29.—Sir George Newnes, the founder of Westminster Gazette, Tit Bits and Strand, and donor of the international chess trophy bearing his name, is seriously ill.

Wonder, wonder, wonder. The Pythian Sisters will give a wonder social on Monday evening at eight o'clock in the K. of P. hall. There will be a wonder gathering and sale of work at three o'clock in the afternoon, when tea will be served. **

## MARKET REPORT

An entire absence of apples marked the regular weekly market yesterday. The supply has been getting slimmer every week and yesterday none of the farmers brought in any. The supply is about exhausted, but there will probably be a few offered in May.

Scarcity of meats of all kinds drove the prices higher than they have been this year, beef advancing a cent, lamb 3 cents, mutton 2 cents, veal 1 cent and pork half a cent per pound. All the meat brought in sold at these prises.

The attendance of both buyers and sellers was good, and there was considerable business transacted.

fresh fish, including some oolichans, were offered on the market for the first time this season and brought good prices.

The demand for potatoes continues slow, the quantity brought in large and the price stationary at $16 a ton.

Very few geese and ducks have been offered lately and yesterday was no exception. There is a good demand for these fowl and all offered are readily sold, but the supply continues to be very small.

There were also many inquires for small pigs but only one or two were offered for sale.

Vegetables of all kinds, cut flowers, and bedding plants occupied the attention of most of the purchasers, large quantities of the commodities being disposed of at satisfactory prices.

During the morning a good auction sale of farm animals and vehicles was held on the market square.

The wholesale price of eggs took another drop of one cent a dozen, but the retail price was maintained at 35 cents a dozen.

The remains of Colin C. Taylor, who was drowned in the Fraser river some weeks ago, were interred yesterday morning in the I. O. O. F. cemetery, Rev. J. S. Henderson conducting the funeral service. Mrs. Sutherland, the sister of the deceased, was present at the obsequies. Mr. Taylor had a brother living in Scotland and it is thought he has no other relatives.

The commercial class of the Columbian college gave a banquet at the Royal Cafe last night in honor of one or two of their members who are leaving this term. There were between thirty and forty of the class present and a merry evening was spent. Professor A. E. Etherington was in the chair. Principal W. J. Sipprell assisted him, whilst Mrs. Etherington and Mrs. Sipprell acted as chaperones.

### BASEBALL TODAY.

**Balmorals Threaten to Pound Vancouver Clovers All Over the Lot.**

The baseball game scheduled for this afternoon between the Vancouver Clovers and the Westminster Balmorals promises to be the nearest approach to the real thing in sphere sporting yet seen on a local diamond this season, as both teams are in something like shape. The locals have been practicing with religious regularity and are almost sanguine enough to bet on their chances of humbling the cocksure Clovers.

The event takes place at three o'clock this afternoon, the scene of the encounter being Queen's park. In a weak moment Sid Malcolmson yesterday consented to stand for all the abuse which will be coming to the umpire.

The Balmorals will have the following on the field: Bilodeau, c; Smith, p; Sinclair ,1b; Howard, 2b; Wright, ss; Stein, 3b; Canfield, lf; Ryall cf; Kidd, rf.

**Rowing Event in Nelson.**

Nelson, April 29.—Word has been received from the Winnipeg Rowing Club that a crack four will come to Nelson on Dominion Day to row a race of the local club. This event will be a feature of the two days' celebration in Nelson.

**Roller Has Blood Poisoning.**

Chicago, April 29.—Dr. B. F. Roller, of Seattle, who was to have met Jesco in a wrestling match tonight, is suffering from blood poisoning in a Chicago hospital. As a result Jess Westergaard, of Des Moines, has been substituted for Dr. Roller. Dr. Roller's illness is due to an injury he received in his recent match with Hussiff Mahmout in April at Kansas City.

### MUST PROVE CELTICS PROS, OR PLAY FOR PEOPLE'S SHIELD

The meeting of the executive of the executive of the Senior Soccer league held in Vancouver on Thursday night was mainly taken up with the question of the professionalism of the Celtics. The Celtics want Calgary to come to Vancouver on May 24 and play for the People's Shield, which is at present technically held by both teams, although in reality it has never seen Vancouver.

The People's Shield is emblematic of the amateur championship of Canada and now the Calgary Caledonians claim that the Celtics are professionals and object to coming.

At the meeting in Vancouver the executive did not take any action in the matter. The senior division league has accepted the Celtics as amateurs all season, and now it will be up to Calgary to prove the Celtics professionals or forward the shield.

The trustees ordered the game played, but if Calgary proves her contention that the Vancouver men are professions, the shield will remain in Calgary.

**Big Year for Lacrosse.**

Today's Vancouver Saturday Sunset says: Lacrosse seems destined to enjoy a big year at the coast. The professional league should provide better games than ever owing to the strengthening up of the Vancouver team, while the amateurs are also planning a better season than ever. The organization of a school's lacrosse league is one of the most important and far-reaching events in lacrosse matters in recent years for in no better way could the game be fostered than by developing players and a love of the game in boys from the time they are able to handle a stick with any degree of success. The school's league has proved a great success in Winnipeg and with the lacrosse spirit even more marked at the coast than in the Prairie City, it should not be long before Vancouver should assume a commanding position in that game and reap the fruits of a league filled with all sorts of possibilities but whose organization has only been too long delayed.

## LABOR CABINET IN AUSTRALIA IS FILLED

### Leader Takes Treasury Portfolio—Hughes is Appointed Attorney General.

Sydney, April 29.—The ballot for position in the labor cabinet of the Commonwealth has results as follows: Prime minister and treasurer, Hon. Mr. Fisher; attorney general, Hon. Mr. Hughes; minister of external affairs, Hon. Mr. Batchelor; postmaster general, Hon. Mr. Butler; minister of defence, Hon. Mr. Pearcy; Minister of customs, Hon. Mr. Tudor; home secretary, Hon. Mr. O'Malley, and for vice president of the council, Hon. Mr. McGregor. Messrs. Findley and Fraser were elected ministers without portfolios.

Owing to differences among his followers Premier Fisher recently declared that his cabinet would have to be chosen by ballot.

### ST. ELMO TRAIL BLAZER FOR BELASCO PRODUCTIONS

St. Elmo (the real St. Elmo that ran for months in New York, the inspired version by Willard Holcomb) has a double mission to perform. It is the most faithful and realistic book story ever placed upon the stage, and has been due to the literary lovers of America for the past fifty years. Three generations of theatre-goers mingle their laughter and tears at its every performance. More than that it has blazed the trail for all the noted Belasco attractions. And it is the first Belasco play ever to be witnessed in New Westminster.

### INTERNATIONAL BOUNDARY

**Party Will Leave for North Sunday to Continue Work.**

Seattle, April 29.—Prof. Thomas Riggs, John P. Poe and Mac Pope, all of Baltimore and all Princeton university men, heading a party of forty-two hunters, mountain claimbers and surveyors, will leave Seattle Sunday to resume the survey of the Alaska-Canadian boundary.

They will begin work near Eagle, 118 miles south of Dawson.

**Honolulu Theater Burned.**

Honolulu, April 29.—The Orpheum theater in this city was destroyed by fire today. The loss is about $25,000.

**Charity to Get $750,000.**

New York, April 29.—Religious and charitable institutions will receive bequests aggregating about $750,000 under the will of Mary Rheinelander King, a daughter of John A. King, once governor of New York. The appraisers report, made public here, places a value of $815,000 on the estate.

**Honor Polish Patriots.**

Washington, April 29.—If present plans are carried out, over 7,000 men will march in the parade incident to the dedication of statues to the Polish heroes, Kosciusko and Pulaski, on May 11. The column will include 3,000 soldiers and 4,500 Polish patriots. Information of the large attendance of the Polish-Americans was received at the War Department today.

**Spokane Votes on Booze.**

Spokane, April 29.—Spokane County will vote on local option at an early date. The anti-saloon league has filed a petition asking for a local option election for the county, and Judge Huneke, of the superior court, has ruled that the county auditor is authorized to call an election in spite of the fact that the townships have already voted on the question.

**EMPLOYERS' LIABILITY**

Why You Should Insure Against Lawsuits

WORKMEN can sue you without cost to themselves, and they have EVERYTHING to gain and small chance to lose by so doing.

PROTECT YOU

PERSONS other than employees accidentally injured about the premises invariably sue for damages.
REGARDLESS of their own responsibility for the accident, or the existence of negligence on the part of others.
IN the slightest pretext employees may sue you, even for accidents caused by the negligence of a fellow-workman, and
THE suit may be brought against you long after the occurrence of the accident by which he was injured.
EMPLOYERS and business men can ill afford to assume the risk of this ever-increasing and uncertain liability.
CREDIT of otherwise responsible manufacturers and business firms is sometimes seriously impaired by such damage suits.
TO go to law means lass of time, money, endless annoyance and worry.

YOUR profits may be seriously curtailed as a result of accident unless you are insured.
ONLY insurance against such risks will enable you to fix and reduce your expenses to a minimum.
UNDER the protection of a Liability Policy in the Railway Passengers' Assurance Company you will save money and time and be relieved from all such annoyances.

## DELAY IN CONGRESS ANGERS ROCKEFELLER

### Oil King Contemplates Abandonment of Bill to His Foundation.

New York, April 29.—It was reported here today that John D. Rockefeller, angered at the reception accorded his plan to establish an enormous philanthropic foundation, and weary of the delays imposed upon the national incorporation of the plan, will abandon the bill introduced by Senator Gallinger.

Although no one could be found today at 26 Broadway who would discuss the report, it was said in partial confirmation that Starr J. Murphy, the oil king's attorney, has let it be known that Mr. Rockefeller is displeased with the delay and lack of enthusiasm which his proposition has received.

In case Mr. Rockefeller decides to abandon the project for federal incorporation he may attempt to secure a charter from some state, probably New York, it was said.

In this connection, it was noted that a bill is now before the state Legislature for the incorporation of a charitable foundation which is said by its backers to have the support of an unnamed New York millionaire who wishes to leave a large share of his fortune to be administered for charity through this medium.

### "SLIGHT FLURRY," SAYS MINISTER OF TRIAL

New York, April 29.—"A slight flurry up in our little provincial town," is the way Rev. Algernon L. Crapsey of Rochester, N.Y., whose trial for heresy some years ago stirred the whole country, chose to describe that trial, in an address on liberal tendencies in religious thought, delivered before the Unitarian club here last night.

"Formerly," he continued, "it would only have concerned that little community, but owing to a thinking world it spread broadcast. It is thought that rules the world at last, not the emotions. The present tendency is toward more liberal thought. Our theological systems will have to be recast. All the present religious bodies will in time disintegrate. Thought will rise above form. Differences will in time disappear as the units become centered. Thinking will lead us out of the dark.

"One good thing the churches are now doing is to deal directly with social evils. In olden times we should have prayed to God to relieve them. It is in doing things ourselves that we grow."

### TORONTO'S NEW Y. M. C. A.

#### Large Sum Subscribed at Dinner to Inaugurate Collecting Campaign.

Toronto, April 29.—Two hundred thousand dollars was subscribed last night at the banquet which inaugurated the two weeks' campaign to raise $600,000 for the new buildings for the Y. M. C. A. The total amount subscribed is conditional upon the total being given within the specified time.

The donors are: The Massey estate, through C. D. Massey, $100,000, of which $75,000 goes to the university branch of the building; E. R. Wood, chairman of the Citizens' committee, $50,000; J. C. Eaton, $50,000.

The banquet was held at the King Edward, with His Honor Lieutenant Governor Gibson presiding.

### COLORADO'S VENERABLE CATHOLIC SISTER DIES

Denver, April 29.—Sister Europia, the oldest nun in Colorado, who crossed the plains to Denver by ox team and established St. Mary's Academy here, died here yesterday at Loretto Heights Academy, aged 80 years.

Sister Europia was a native of Ireland and her family name was Tollan. She came to America as a young girl and entered Loretto academy at Loretto, Ky., the mother house of the order in America.

In recent years Sister Europia has had charge of the dormitories at Loretto Heights academy and, until ten days ago, when she was stricken with pneumonia, she had been quite active.

### Belasco's Unerring Judgment.

The same master intuition that discerned genius in Blanche Bates, Florence Roberts, Nance O'Neil and Francis Starr, has guided Frederic Belasco once more in the selection of his leading lady for St. Elmo. In Gerda Nelson he has secured an actress so spirituelle that she seems to be the Edna Earl of the story stepped on to the stage from the pages of the book.

No prettier picture than her fragile beauty cameod against the strong manhood of Charles Gunn, who plays the role of "St. Elmo," has been witnessed west of the Great Divide for some years.

St. Elmo appears in the Opera house tonight.

# Business Men

I offer for sale in the West End, a few excellent, large size, trackage lots which I consider extremely good value.

These lots front on the Eburne line and back, practically, on the new Cut-off, on 5th Avenue between 15th and 16th streets. All are level, cleared, and now in garden. After due consideration of surrounding values and in view of the great industrial future of the vicinity I consider these lots very careful buying at $3,000. Terms, $500 cash; the remainder in $500 payments every six months.

## SAN FRANCISCO RAISES MILLIONS FOR FAIR

Business Men Become Enthusiastic as Total Subscribed Goes Up to $4,089,000.

San Francisco, April 29.—Amid scenes of wildest enthusiasm on the floor of the Merchants' Exchange more than four million dollars was subscribed today by the citizens of San Francisco to the stock of the Panama-Pacific international exposition, which is planned to be held here at the opening of the Panama canal in 1915. As the figures rolled up, the great crowd on the floor of the exchange cheered itself hoarse and business men threw their arms about each other and danced in glee. The total amount subscribed was $4,089,000. It is expected that by next Monday $5,000,000 will have been subscribed.

Japanese residents contributed $50,000 toward the stock. The Japanese form less than 1 per cent of the population of the city. The Chinese residents duplicated the Japanese figures. The Italian residents subscribed $30,000.

### COTTON SEED MADE TO YIELD EATING FLOUR

Washington, April 29.—"If at any time the wheat crop should fall short, it can be made up by the use of cottonseed flour," said Representative Beall, of Texas, in conversation with a party of friends. "What about cottonseed flour? Why our people in Texas now convert cottonseed into a fine flour, that produces the most nutricious bread to be had. Not only bread, but cake as well, can be made of this new flour. There is but slight difference in the taste, while the color of bread baked is something on the order of rye and graham. It is wholesome and sweet. I received some from Ennis, Texas, the other day and distributed it among my friends on the floor of the House and they pronounced it good. I did not tell them what it was until after they had eaten it, and they they had a good laugh.

"In my judgment, the time is here when cottonseed flour will prove a rival to wheat flour. The difference in price will give it a boost, and will aid in reducing the cost of living. To give you an idea of what cottonseed is worth to Texas, last year it brought the state an income of $30,000,000. It hasn't been so many years ago that farmers threw cottonseed away or fed it to the cattle, but now they realize that it is increasing in value all the time. The process of converting it into flour is something new. The indications are that in a year or two cottonseed flour will be a staple as much so as wheat."

## MAMMON TO ERECT COSTLY CHURCH TO WHITE CHRIST

New York Congregation of Millionaires to Expend $1,000,000 in Luxurious and Aristocratic Structure.

New York, April 29.—Actual work on construction of the new church edifice for St. Thomas Protestant Episcopal church at Fifth evenue and Fifty-third street will be begun next month. The structure will cost more than $1,000,000 and two-thirds of this amount is already in the hands of the trustees. The building will be the most luxuriously appointed of any of New York's smaller churches.

The St. Thomas is counted the most aristocratic of the Fifth avenue churches. It includes in its membership five railroad presidents, a dozen bank presidents and several multimillionaires. Six subscriptions of $50,000 each started the building fund.

### FRANCE SETTLES GRAVE ISSUE OF STATE DRESS

Paris, April 29.—A very serious question has been troubling M. Molard, the director of the Protocol and grand master of ceremonies at the Elysee. The president of the republic is going shortly to pay an official visit to Switzerland. On his return he will visit the Savoie country, and on this occasion M. Fallieres has expressed a desire to go to Chamonix and make an excursion of Mont Blanc.

The question was raised, what costume would M. Fallieres be able to wear for that excursion. Being on an official visit, and according to the Protocol he ought to wear evening dress, even in the morning, but all agreed that evening dress for a trip in the mountains would be somewhat uncomfortable, if not ridiculous, and so M. Fallieres has decided to have a special costume made for the occasion. The tailor of the Elysee had patterns sent from London of certain famous clothes worn by King Edward at Marienbad, and M. Fallieres selected one of them. In order to give a more official appearance to his dress, the president intends wearing a white waistcoat with his "English suit."

### Moorish Pirates Operate.

Paris, April 29.—Piracy still flourishes along the North African seacoast, and lately has become much too prevalent. The crews of the lobster boats fishing in Algerian waters have accordingly been armed to enable them to resist the Moorish buccaneers. Each boat now carries eight rifles and the necessary ammunition, supplied by the naval authorities at Brest on instructions from Henry Cheron, under-secretary of the navy.

### ANGLICANS TO BUILD CHURCH AT FERNIE

Fernie, April 29.—The congregation of Christ church (Anglican) are contemplating erecting a handsome edifice in the very near future. The basement was built last year and has been used for services for some months, but the congregation has increased considerably and greater accommodation is required.

The city council has made a grant of $300 towards the maintenance of the city band. The organization has reached a high state of efficiency and has for the last few years afforded much pleasure to the music loving public.

## PUBLIC NOTICE.

Unclaimed land warrants issued to members of the Red River Expeditions of 1870, 1871, 1872 and 1873, and to members of the North-West Mounted Police.

NOTICE is hereby given that warrants, entitling in each case the grantee or his assignee to a free grant, without actual residence or settlement duties, of a quarter section of Dominion lands, containing 160 acres, of the class open to homestead entry in the Province of Manitoba, Saskatchewan or Alberta, which were issued some years ago by the Department of the Interior for services rendered in connection with the Red River Expeditions of 1870, 1871, 1872 and 1873, or for service in the North-West Mounted Police to the persons hereinafter named, have not yet been delivered owing to the fact that they have not been applied for by the grantees and that their addresses are not known to the Department. The warrants in question will be delivered to the grantees thereof, or in case of their death, to their personal representatives, upon satisfactory evidence being sent to the Secretary of the Department of the Interior, Ottawa, that the applicants are entitled thereto.

The undelivered warrants referred to are the following:

ORDINARY paints very soon discolor and fade. ML Pure Paints withstand sun and weather and stay bright, because ML Pure Paints, besides pure lead, pure zinc and pure oil, contain a special ingredient that makes them last about twice as long... and better protect any surface they cover, indoors or out. Other makers haven't found out yet just how to use that ingredient in the right quantity and the right way. If you buy paint for real service... real economy... real money's worth then buy

## WHISKY DRINKING S.O.S INCREASE

### Prohibition Seems to Have Little Effect According to Official Figures.

Washington, April 29.—Statements made today by experts from the internal revenue service seem to indicate that the theory of the increased sale of beer as a substitute for whisky does not hold in the United States.

That idea appears to be based on the fact that during one month of the year beginning July 1909, the revenue taxes from beer were $500,000 more than for the same month of the year 1908, but other figures indicate the whisky is five to one in the lead since July of last year.

So far in this fiscal year there have been large increases in the revenue from distilled liquors and fermented liquors.

The revenue from all sources since July last is about seventeen millions of dollars over that of the corresponding period of 1908-1909. Of this, ten millions are from whisky and about two millions from beer. Both products are heavy revenue producers, but according to Commissioner Cabell, whisky has produced about ten millions up to date over last year and beer about two millions over last year.

The seeming paradox in the statement that whisky is not driven out as against beer in dry states and districts, is explained by the officials, who say: "Where men will drink, they will drink whisky. It is their habit to buy whisky which will last a long time where it is hard to get. They will not buy beer, which may be called perishable goods as compared with its fiery rival."

## PROFESSIONAL STRONG MEN TO FORM LABOR UNION

Paris, April 29.—A union consisting of professional strong men may be regarded as the "last word" in unionism. In Paris such an organization exists. These men handle the produce and meat supply which is brought into the city from the country late each night, and which is intended for consumption the following day. They carry supplies from point to point in immense baskets, which are balanced on their broad muscular shoulders.

One member of the union, it is boasted, can carry on his back as much as seven horses, incredible as it may seem. Frequent weight-carrying contests take place between members of the union, at which cash prizes are offered for those carrying the greatest weights.

## AUSTRIAN COURTS UNJUST TO VENERABLE WOMAN

Vienna, April 29.—An old woman living near the Bohemian-Saxon frontier has been condemned to a fine of $210 or two months' imprisonment for bringing into Austria an old pack of cards given her for her grandchildren to play with, and which she failed to declare at the Austrian customs house.

The duty would have been 3 cents, but the judge fixed the fine at $3.60 on every card in the pack, or over 6,000 times the duty. As the old woman, who keeps herself by collecting herbs, is unable to pay the fine, and probably would not survive imprisonment, she has sent in a petition to the Emperor asking for a free pardon, which his majesty doubtless will grant.
