PUBLIC OPINION SHOWS LITTLE CHANGE

Government Coalition Still Leading in England — Small Hope of Tory Success

London, Dec. 5.—The position of the parties tonight after the second day's polling in the general elections is:

Government coalition—Liberals, 87; Labor, 14; Nationalists 16; total, 117.

Opposition—Unionists, 116.

Joseph Martin was re-elected for East St. Pancras by a majority of over 200.

The result merely confirms the opinion formed that as the results of Saturday's contest the Unionists now have no possible hope of replacing the Liberal government in power. The only question remaining is whether the Liberals will return with the larger or smaller majority.

Two Lost in London.

The two seats the Liberals lost in London today. Islington north and St. Pancras west, were held by very small majorities in the previous parliament. Apparently, therefore, the metropolis is much the same as last January in its attitude toward the contending parties.

Much Enthusiasm Shown.

London tonight is displaying much enthusiasm and the successful candidates are being borne in torchlight processions through the streets. As the returns come in, showing the closeness of the contest, interest is greatly increased on the vast crowds gathered in Fleet street, Trafalgar square and other places where the results were shown, cheering and booing according to their political affiliations.

There were similar scenes in Liverpool, Leeds and other towns where elections were held.

The weather improved greatly during the afternoon and evening, so that the crowds were enabled to watch the returns without discomfort.

Tories Gloomy, Liberals Rejoice.

The political clubs were filled. At the Carlton and other Unionist gathering places, much disappointment was expressed at the smallness of gains, which were expected to be treble.

In Liberal quarters the greatest enthusiasm prevailed for it had been predicted, even among the staunchest supporters of the government, that the Unionists would make a net gain of eight seats in today's pollings.

Small Hope for Unionists.

To gain a bare majority in the parliament the Unionists must make a net gain of sixty-two seats. Thus far, with 130 pollings, they have a net gain of only five seats. They have gained eleven and the Liberals six seats.

The gain by the Unionists on Saturday was seven, while the Liberals gained four. Today the Unionists gained four and the Liberals two.

A continuation at this rate would fullfil the Unionists prediction that the Asquith cabinet would be more than ever dependent upon the Irish and Labor allies.

PHYSICIST TAKES PICTURE OF VOICE

Paris, Dec. 5.—Voice photography is the invention of a French physicist, Dr. Marage. He says it will be of great value to orators, actors and singers, and indirectly to musical critics.

The sound strikes a small disk of India rubber, the vibrations of which are minutely and exactly reproduced in a small mirror. A ray of light is thrown on the mirror, which reflects the vibrations at various angles on a sensitive film which is unwound by clockwork and receives the impression. The reflections make the picture.

According to the inventor the device will indicate if a singer's voice is true, if his tempo is correct and if his method of breathing is right.

A true note is shown by a series of parallel equal bands, while a wrong note produces a rough, irregular impression. It is suggested that pocket voice cameras would be great for the use of persons of a critical turn of mind who are fond of going to the opera.

PACKER CUDAHY LEFT $20,000,000 ESTATE

Chicago, Dec. 5.—Church and philanthropic enterprises for three years have been receiving the bulk of the income of the estate of the late Michael Cudahy, the millionaire packer, who died recently, and accordingly when an examination of his property was made today it was found to be several millions short of the total expected.

In spite of his many benefactions, however, Cudahy's estate will amount to approximately $20,000,000.

Attorney Nobel B. Judah and the packer's children are trying to place an exact valuation on it.

A Hindu, caught between shunting cars, had an arm broken at Fraser Mills yesterday afternoon. He is being cared for at the Royal Columbian hospital.

OIL TO BE USED ON G.T.P. STEAMERS

Lead of C. P. R. Followed by Rival Company---Improvements to Boats.

Victoria, Dec. 5.—The steamers Prince Rupert and Prince George, of the G. T. P. line are to be converted into oil burners. Investigations are now being made of various types of burners and the work of converting the two steamers will be undertaken soon after a decision is reached.

The proposal for the conversion of the two steamers to oil burners has been under consideration for some time and it is stated that authority for the change has now been given by the officials of the company. The Prince George is now having a cold storage plant with capacity of 2000 cubic feet installed and a number of changes are being made in her accommodations, some of the staterooms being altered and some changes being made in the galley. She will be completed in a few days and will leave on Friday for Boat harbor to coal. From the bunkers she will proceed to Tacoma for inspection.

The steamer Princess May, the first of the C. P. R. boats to be converted into an oil burner, is expected to be ready to leave the B. C. Marine Railway company's yards next week. The work of equipping the vessel to burn oil is well under way. As recently announced the C. P. R. has decided to convert all its vessels to oil burners.

It is stated that the new steamer recently ordered to duplicate the Princess Adelaide will be fitted to burn fuel oil. The other vessels will have their furnaces altered as soon as opportunity offers.

SHACKS FALL BEFORE ONSLAUGHT OF WRECKERS

Firetraps in Chinatown Razed to the Ground Under Direction of Chief J. H. Watson.

A scene of considerable interest was enacted in Chinatown yesterday, when a gang of men under the command of Fire Chief Watson commenced to tear down the shacks on Ramage and McNeely streets, condemned by a recent mandate of the city council. Operations started bright and early, about eight o'clock to be exact, and long before the inhabitants of the buildings had begun to stir, for no preparations had been made by the occupants to vacate, although they had had abundant notice. By noon or shortly after five shacks on the north side of Ramage had been reduced to a heap of ruins, resembling a train wreck or the scene of carnage following a bombardment, an effect heightened by pools of water died carmine by the addition of some unknown pigment. The destroyers then turned their attention to the other side of the street, where three more boxes required their administrations, and these were cleaned up by nightfall.

This morning the good work will be continued, six houses on McNeely street will fall before the axe.

The modus operandi employed is simple in the extreme. Two men with axes hew a hole in the wall of the building, the end of a steel wire hawser is passed through and shackled, and at the signal, the road roller proceeds to haul away. Heave, slack away, and heave again, and half the side of a house comes crashing down to wreck and ruin.

After the wreckers had got through with the first batch, the denizens of the neighborhood swooped down on the scene, Chinamen, Japs and whites, and proceeded to carry away the timber piecemeal. The intention was to burn the wreckage on the vacant lot fronting on Carnarvon street, but judging from the rate at which it is being stored in the neighboring woodyards there will be little left to burn, and the threatened coal famine will have no terrors for some people this winter.

"Great work," says Chief Watson, "one of the worst fire traps in the city."

CRYSTAL WEDDING.

Friends Descend Upon Residence of Mr. and Mrs. W. A. Duncan.

The friends of Mr. and Mrs. W. A. Duncan made the fifteenth anniversary of their wedding the occasion for a delightful surprise party last night.

Joseph Henley read a complimentary address to the surprised couple and when he had finished Miss Crake, on behalf of the guests, presented them with a beautiful cut glass fruit dish.

Both Mr. and Mrs. Duncan briefly replied, thanking the invaders for their good wishes and then the rest of the evening was given over to music and games.

FINE SUSPENDED WHEN CIGARETTES ARE FORSWORN

Denver, Dec. 5.—"If you solemnly swear that you will smoke no more cigarettes I shall suspend your fine," said Judge Stapleton today in the municipal court to Robert Watkins, who had been fined for spitting in a street car. Watkins, who is twenty years old, took the pledge and left the court a free man.

Closing Session of Congress.

Washington, Dec. 5.—The closing session of the sixty-first congress opened at noon today. No business was transacted, both branches meeting merely to appoint a joint committee formally to apprise the president that the legislative branch of the government was ready to proceed to call the rolls and to adourn after adopting resolutions to the memory of members who had died since congress last met.

Many Lives Lost.

Manila, Dec. 5.—Messages indicate that twenty-five lives were lost and property damage amounting to $300,000 was done by the storms that have swept Mindanao and Zamboanga during the last forty-eight hours. The total damage probably will be increased when reports from other islands are received.

Must Pay Their Way.

Wellington, N. Z., Dec. 5.—Troops will not be sent by this dominion to the coronation, but some may go at their own expense.

MARY BAKER EDDY IS DEAD IN BOSTON

Mother of Christian Science Faith Passes Away at Ripe Old Age.

Boston, Dec. 5.—A million Christian Scientists scattered throughout the land are sorrowing today for the death of Mary Baker G. Eddy, "Mother" of the faith, as she originally was called, but of late years "Our Leader."

While the body of the leader of Christian Science awaits consignment to the tomb, her closest followers prepared a brief statement for the public which was issued today by Alfred Farlow of the publicity committee of the mother church here.

"We lose the counsel of our leader," said Farlow, "but the church, organization is complete. It is perfectly understood that no successor to Mrs. Eddy will be named."

Funeral arrangements, which Mrs. Eddy requested should be simple, probably will not be made until the arrival of George W. Glover, Mrs. Eddy's son, who is on his way here with his two children from Deadwood, S. D.

Leaders refused today to discuss the disposition of Mrs. Eddy's fortune, which is believed to be large. In 1909 she announced she had settled $245,000 on Glover and $45,000 on Ebenezer Foster Eddy, Mrs. Eddy's adopted son.

The actual cause of Mrs. Eddy's death was not determined. Dr. George W. L. West, medical examiner, was called to the mansion after death. Regarding his visit he said:

"The body lay in the room in which she died. Death apparently had been peaceful. The features were impassive, but the ninety years of her life were plainly shown. I was told that Mrs. Eddy had been ill several days ago, but nothing specific—merely the indisposition of old age.

"No physician treated her during her illness. I do not know the cause of death. There was not the slightest sign, however, that death was anything but natural."

Boston, Dec. 5.—That the body of Mary Baker Glover Eddy, founder and head of the Christian Science church, who died Saturday night, will find its last resting place in the crypt under the altar of the First, or "Mother" church in Boston, is the belief tonight of many leaders in the denomination.

No official intimation to that effect can be made, but as far as learned, no arrangements have been made to take the body to Mrs. Eddy's birthplace, at Bow, N. H., or to Concord, N. H., where she long resided.

When it was known at the time the new church was built a few years ago that a crypt was built in its foundation walls, it was generally reported that it would eventually hold the body of the founder of Christian Science.

Arrangements have been completed for the funeral on Thursday .

PAY $12,000 INTO COURT.

C. N. P. R. Expropriating Towle's Hotel at Langley.

The Canadian Northern Pacific railway parted temporarily with another large wad of cash yesterday when it paid $12,000 into court pending the arbitration over the price of Towle's hotel at Langley through which the Honorary president, His Worship veyed.

The hotel must come down and the company offered George Towle, the owner, $6000 for the premises. This offer was refused and the expropriation proceedings before Judge Howay were inaugurated.

The hotel is one of the historic landmarks at Fort Langley, having been there ever since the early days.

In another case of the same nature, the C. N. P. R. vs. Smith, Judge Howay reserved his decision.

The trial of Furrey vs. Barnet and MacDonald was set for January 16 at 11 a.m. West vs. Clark will be tried on December 6 and Merry and Slee vs. The Delta Shingle company on January 10 of next year.

WANT MORE TIME.

Government Not Ready to Pick Out University Lands.

Victoria, Dec. 5.—Included in the governmental program for the approaching session of the local house will be a measure for the amendment of the "University Aid Act" of 1897, which amendment is solely in the direction of further extending the time in which the government may make selection of the 2,000,000 acres of crown land which is to constitute an endowment of the future seat of higher education in British Columbia. The legislation of 1897 in this behalf provided that the lands in question should be selected "within three years from and after the passing of this act."

The further period will possibly extend to five years, although two or three years is the more probable period.

FEW STUDENTS EAGER FOR A NIGHT SCHOOL

Only Seven Applications Received in a Week---Proposal May Be Withdrawn.

No great enthusiasm is being shown in the proposal to establish night classes in the city, judging from the applications for membership which have so far been received by Secretary Lennie. These number only seven, and as it is almost a week since the scheme was announced in the press, it would appear that the inhabitants of this famous educational centre are receiving it with diffidence.

The minimum number of students for which classes will be started is twenty, as there must be at least this number before the provincial government will consent to pay a portion of the salary of a teacher, and the board of school trustees does not consider it advisable to shoulder the entire expense. As such night classes would come under the heading of common schools, it would not be permissible to charge the students a fee; in which respect they differ from classes for technical or other advanced instruction.

The matter is therefore in abeyance until a sufficient number of applications is received and if these are not forthcoming within the next ten days, in all probability the idea will be abandoned.

Warship Aground.

San Diego, Cal., Dec. 5.—The United States cruiser California, which went aground while leaving the harbor this morning, was floated shortly before 11 o'clock. It was announced that the warship had sustained no damage.

LOCAL S.P.C.A. BRANCH BROUGHT BACK TO LIFE

Officers of Long Dormant Organization Elected at Meeting Last Night.

After one or two abortive efforts the New Westminster branch of the British Columbia Society for the Prevention of Cruelty to Animals has been galvanized into life, and is prepared to take the field as vigorously as before, if not more so. Some twenty-six prominent citizens have signified their willingness to be active members, and at a fairly well attended meeting last night, the society elected a new roll of officers and took the preliminary steps towards inaugurating a campaign against the ill-users of animals.

The following officers were elected: Honorary president, His Worship Mayor J. A. Lee; honorary vice-presidents, J. D. Taylor, Thomas Gifford and F. J. MacKenzie; president, Fire Chief Watson; first vice-president, Bishop A. U. de Pencier; second vice-president, C. G. Major; the officers to form an executive committee with Secretary-treasurer F. P. Maxwell.

Some desultory discussion followed, and a number of suggestions were made as to the best way of achieving the society's purpose. It was declared that more cruelty to animals arose from thoughtlessness and ignorance than any other cause, and that the remedy was education. It was therefore determined to post notices and instructions in livery stables and other suitable places, and to invoke the aid of the press.

Suggestions were also offered regarding sanding Columbia street during frosty weather, and the maintaining a watch on the weekly market. The fact that the market stables are apparently under no one's supervision was commented on. It was finally left to the executive to take what steps were deemed necessary to make these proposals effective, and the meeting adjourned.

Disqualified for Life.

Melbourne, Dec. 5.—An investigation has shown that Piggott, the winner of the recent Australian King's prize, did not shoot at the 1000 yards range. The registrar's signature to his scoring card for that range was forged. Piggott has been disqualified for life.

New Provincial Veterinary.

Victoria, Dec. 5.—The appointment is announced of William W. Alton, V. S., as veterinary inspector under the department of agriculture, vice Dr. S. Ransom, resigned. Dr. Alton will have jurisdiction and control over the lower mainland district, with headquarters at Eburne.

Railways in Brazil.

Rio de Janeiro, Dec. 5.—The federal railway system of the State of Bahia has been leased to a group of Paris bankers, and various extensions are to be made. About 1875 miles will come under French administration. The cost of extensions is estimated at $4,000,000.

PEACE AND QUIETNESS WHEN MAYOR IS AWAY

Aldermen Transact Business Without Wrangling---Rumor of Police Laxness.

With Mayor Lee and Alderman Johnston far across the mountains indulging in the Christmas cheer of Arctic Ottawa and Alderman A. W. Gray in the big chair, last night's council meeting passed into history in peace and quietness. Argument was unpopular and uncommon and the ordinary routine of business was jostled through in record time.

Petition Declared Invalid.

A jarring note came in when the city clerk read the report of the assessment commissioner on the petition against the Third street improvements. The report was to the effect that although the property affected was assessed at $58,252, the owners of only $20,685 worth of the property were represented on the petition this was insufficient according to the by-law.

D. D. Burnett, who was present at the meeting, stated he had circulated the petition and he was sure that he had a majority of 300 feet of all the property on the street. He thought the commissioner must have made a mistake, although he did not think that there had been any underhand work about it. He further asserted that he could have secured more signers to the petition if he had had a little more time.

Will Investigate.

Acting Mayor Gray assured him that all his remarks would be taken into consideration and the reading of the report did not mean that the city was going ahead with the improvemens without inquiring into the merits of the case.

Certificates for $3209.25 and $597.40 in favor of the Pacific Coast Contracting and Investment company and C. Gardiner Johnson respectively were passed for payment and a certificate for $1100 for work on the new fire hall was also passed.

MacDonalds Get Money.

On the recommendation of the water committee a certificate for $21,440.46 in favor of J. C. and A. J. MacDonald and one for $4892.76 in favor of the Municipal Construction company were passed for payment.

The city treasurer reported that all work on the water and light rolls was up to date. "Why," exclaimed Alderman Welsh, "the mayor told us at the last meeting that they were two months behind."

The streets and sidewalks by-law was reconsidered and finally passed.

Chairmanship Changes.

Alderman C. A. Welsh was made acting chairman of the finance committee and Alderman Jardine was added to the committee during the absence of Alderman Johnston.

Alderman Gilley said he had heard a rumor that there had been some laxness on the part of the police at the time the man McLean committed the robbery at St. Mary's hospital and got away with a sum of money belonging to P. Devoy. He stated that he had been told McLean was between here and Vancouver for thirty-six hours after the robbery and the police had been notified almost at once and yet he had not been caught. Alderman Smith, chairman of the police committee, stated that he knew nothing of it and it was referred to his committee for report.

Want Something Done.

Frank Jeal, of Seventh Avenue, wrote a letter in an attempt to impress upon the council that the residents of Seventh Avenue wanted something done, "Something Done" in large black letters.

"The residents of London, Dublin and Edinburgh streets can get anything they want", ran the letter. The letter was received and filed without comment.

A. M. Herring stated that on Nov. 2, 1908, the city had issued a tax sale deed of lot 9, block 11, and that the land registry office refused to register same. He wanted the city to explain matters satisfactorily to the registrar. The letter was referred to the finance committee for report.

Wm. Grace asked the council to fill in a ravine at the upper end of Holland street. The board of works will examine into the justice of his claim.

A largely signed petition asking that the sidewalk now being laid on Fourteenth street be continued to Sixth avenue was referred to the board of works for report.

J. M. Telford asked for a rebate of taxes on account of the fact that he had done some clearing on Nanaimo street under the impression that his lots were wider than was actually the case. Referred to the finance committee for report.

On the suggestion of Alderman Bryson the regulations governing the payment of water rates were amended so that after January 1 the rates may be paid on or before the twenty-eighth of the month instead of on the tenth as heretofore. If the rates are paid three months in advance a discount of five per cent. will be allowed.

RED MEN KILL OFF ALL GAME

Settlers in New Ontario All Complaining Most Bitter- of Needless Slaughter.

North Bay, Dec. 5.—The settlers living in the vicinity of Markstay, Nipissing district, have been complaining that Indians have been invading their clearings and slaughtering the game in a ruthless manner, digging into the houses of the beaver and capturing and killing hundreds of these busy animals.

Moose and deer were also being shot in large numbers by the Indians, besides partridge and other game.

Game Warden G. M. Parks, of North Bay, visited the locality and seized contraband skins in the possession of D. J. Finlan, hotel keeper, and Norman Roi, merchant, both being fined $80 and costs for having beaver, mink and muskrat skins in their possession.

Three Indians are also being prosecuted but the point is raised that it has never been definitely settled whether Indians have the right to hunt outside of their reserve. Their case comes up in a week.

POET WATSON'S LATEST.

He Attacks Great Britain's Premier in Carefully Measured Lines.

London, Dec. 5.—William Watson, who obtained great notoriety by his attack on Mrs. Asquith in "The Woman With the Serpent's Tongue," came out this past week with some verses directed against that lady's husband The Morning Post accorded the hospitality of its columns to the poem, which is entitled "The Chief."

Strange and yet true, in days not long
Fleeted we thought him coldly strong,
Prudent, deliberate, cautious, grave,
Moulded without a passion save
For hard chill light on level ways.
And for a lucid, well-turned phrase.
His lack of genius seemed to be
Itself a blest security.
Behold him now, caught up and swirled
Into a wild and alien world,
Where demagogues with doctrine crude
Debauch the phrase-led multitude.
And truth is pawned for power, and they
Who govern must themselves obey
Him of the falcon beak and eye,
That hawk-like o'er them poises nigh.
Laugh if ye will, Olympian Gods,
Who watch from your unvexed abodes;
But ask not men to share your mirth—
Much-wearied men on English earth.

FIGHT THE NATIONALISTS.

Liberals Will Wage Campaign All Over Province of Quebec.

St. John's, Que., Dec. 5.—Hon. Mr. Brodeur was the chief speaker at a political meeting here yesterday which is only the first of a province-wide campaign to oppose the Nationalist anti-naval propaganda. He said the government's naval bill was the best measure the Laurier government had ever introduced. Mr. Bourassa proposed to do nothing at all for naval defence; the Conservatives wanted to make a direct contribution to imperial defence, while the government had decided on a Canadian navy, the ships of which would be built in Canada There were about 1500 people at the meeting and there was a certain amount of heckling. Mr. Brodeur said the Nationalists were allies of Mr. Borden, the Opposition leader, and therefore stood for direct contribution. Senator Dandurand and Dr. Beland, M. P., also spoke.

BOYS PICK UP OPIUM AND THINK IT PTAIN

Find Cans of Costly Drug on Beach and Use Liquid on Their Barn.

Point Richmond, Dec. 4.—Painting a barn with $400 worth of crude opium was the pastime in which four boys of this city engaged the other day until Superintendent Gerlock, of the Los Angeles Pressed Brick company, of this city, father of three of the lads, happened to arrive on the scene, and, on inquiring what they were doing, discovered that the supposed paint was the costly drug.

Jack Kennon, Leonard, Joe and Alvin Gerlock were the boys who tried the novel experiment. The plant of the brick company is located on the bay shore near the Santa Fe mole, and the four boys were playing on the beach when they discovered half a dozen tin pails, full of some rather heavy substance, on the wet sand. Opening one of the buckets they saw a rich brownish fluid, similar to molasses, and as it had an unpleasant odor they decided it must be paint.

A large barn belonging to the brick company stands near the spot, and as it was unpainted the lads secured some brushes and started gratuitously to beautify it. They were almost through with the task and on the last bucket when Gerlock senior arrived and discovered their mistake.

It is believed by the local authorities that the cans which the boys found were being smuggled into port on some transpacific liner and that the smugglers, fearing detection from the customs officers, threw them overboard, with the result that they drifted upon the beach.

Married? Yes; No; Perhaps.

The Census Taker—"Your name, mum?"

"I don't know."

"Beg pardon, mum?"

"I've been divorced. At present my name is Mrs. Jones in this state In several states it is Miss Smith, my maiden name, and in three states it is Mrs. Brown, my first husband's name."

"This your residence, mum?"

"I eat and sleep here, but I have a trunk in a neighboring state, where I am getting a divorce from my present husband."

"Then you're married at present?"

"I'm married in Texas, New York and Massachusetts; divorced in South Dakota, Missouri, Alaska, Oklahoma and California; a bigamist in three other states, and a single woman in eight others."

TRAINMEN DEMAND 15 PER CENT. MORE

Fifty-Five Thousand Employees of Western Roads Asking For Millions.

Chicago, Dec. 4.—Representatives of approximately 55,000 conductors and trainmen, employed on the sixty railroads west of Chicago, who have demanded an increase in wages averaging about 15 per cent, are holding daily conferences here with the general managers in presenting their arguments for the advance in pay and improvements in working conditions. It is estimated that the new scales asked by the men will exceed in amount those asked by the engineers recently, which aggregated nearly $5,000,000.

The employees are represented by eighty-five grand chairmen of the organization on different roads, two from each road in the case of the larger systems, and by A. B. Garretson, president of the Order of Railway Conductors, and W. G. Lee, grand master of the Brotherhood of Railway Trainmen.

Returns from the strike vote being taken on the Western roads by the Brotherhood of Locomotive Engineers, since the breaking off of negotiations with tre managers, several weeks ago, are being sent from the various roads to the headquarters of the organization in Cleveland and will be assembled and counted in a meeting in Chicago on December 10.

It is reported that the engineers of several of the big Western railroads have already completed their votes, showing 99 per cent in favor of a strike unless their demands are granted. The railroads offered an advance of about 9 per cent.

THE NEW CIVIL SERVICE REGIME

The second annual report of the Civil Service commission has just been issued.

According to the report the appointments by the commission to the service is at the present time in the state were: Competitive appointments, second division, 38; third division, 115. Non-competitive appointments made under section 21 of the Civil Service Amendment Act, 26. Technical appointments by special examination, first division, 1; second division, 32; third division, 2. Lower grade appointments, 49.

As everyone knows, the civil service is at the present time in the state of highest efficiency in its history,—and this notwithstanding that the commission regime has been of but two years' duration, and that much of that two years was necessarily devoted to the feeling of its way in an absolutely new field.

The competive system, the system which rules supreme in the great outside world where the men of true worth are the men who rise to the top in every sphere of activity, the logical principle which says that the fittest men shall occupy the highest posts—this system, the principle, has been vindicated in relation to the Canadian inside civil service.

The Civil Service commission is a boon to the best interests of the Civil Service, and to the best interests of the country which is served.

Lastly, it is indeed a boon to cabinet ministers and M.P.'s. When their friends and constituents come to them with all manner of pleas for "government jobs," they say, with outward regret and inward glee, "Well, I'm very sorry, but we have nothing to do with appointments to the Civil Service now. It's not like the good old days. The Civil Service commission is running the whole thing now."

SEEKING INFORMATION.

Provincial Government Attempting to Solve Labor Problem.

In pursuance of the decision come to at a recent meeting to ask the provincial government to establish a labor bureau for securing and distributing labor in the interests of the fruit and allied agricultural industries of the province, the B. C. Fruit Growers' association has issued a circular asking for information from fruit growers all over the province as to the amount and description of labor which will probably be required for the coming year, the rate of wages which will be paid, and other information of a kindred nature.

The association empasizes the fact that this is intended to apply to white labor only, the directors having decided that the idea of bringing yellow labor in is out of the question.

Armed with the data extracted by means of this circulisation a strong committee will press upon the government the claims of the fruit industry in this regard. The committee in question consists of R. H. Agur, of Summerland, chairman, representing the dry belt; Thomas Abriel, of Nakusp, for the Kootenays; J. C. Metcalfe, of Hammond, for the Lower Mainland; and W. N. Shaw, of Gabriola Island, for Vancouver and the Gulf Islands.

WOMEN FORM SHOPPING CLUB.

Plan Is to Aid Store Clerks and Slogan Is "Do It Early."

Winona, Minn., Dec. 5.—Local club women have formed a league, the slogan of which is "Do your Christmas shopping early." In addition to enabing them to avoid the rush of the last few weeks themselves, they have in mind the young women employed in the stores, for whom the approaching weeks are an ordeal, no matter how easy shoppers may try to make it for them.

The women say that as the merchants have done their part in putting their holiday godds on display, they feel it is for them to show their appreciation by doing their shopping early.

The league will prepare a pamphlet urging every housewife to help all concerned by doing her shopping early.

Escaped Convicts Sentenced.

James Cunningham and James Wilson, the two men who made the escape from the jail here on Friday and who were captured at Mission on Sunday, appeared in the police court here yesterday morning and were given an additional term of eighteen months. Magistrate Edmonds expressed an opinion that freedom was being too highly valued by the inmates of the jail and penitentiary here.

MAX FIGMAN.

"Mary Jane's Pa," which comes to the Opera house tonight, is as totally unlike any other modern comedy at present being played on the American stage as it is possible to imagine.

Horseplay gives place to pure wit and amusing dialogue. True some of the situations are uproariously funny, but the whole play is tinged with just sufficient seriousness and healthy moral tone to make it enjoyable to playgoers, long grown gray in accustoming themselves to making merry over coarse Broadway slang, or blatant American bombastic humor.

Mary Jane's Pa, the man of genius, who gets tired of his wife as he would get tired of anything, and goes away and comes back, degraded but lovable, is a character of which modern fiction is barren and of which modern life has many instances

He reforms, not through the bald exposition of timeworn cant and melodramatic appeals to his finer feelings, but because the environment in which he finds himself placed after his long unsuccessful wanderings makes it ethically impossible for him to do otherwise.

But the play must be seen to be appreciated. Possibly with anyone else but Max Figman in the rôle the play would not be so convincing, and it is certain the humor would not be so spontaneous, but Max is there, and though the playwright must be given the credit for the bright dialogue, to him does not belong the inimitable mimicry which is a feature of the artist-actor, and which is a large part of the show.

Enough—It must be seen to be understood, and appreciation must inevitably follow on understanding.

HAT HALF WAY POINT.

Proposed Aerial Route Between San Francisco and New York.

Medicine Hat, Dec. 5.—There is a possibility of the natural gas of Medicine Hat being used for an entirely new and novel purpose (nothing less than aerial navigation) and of Medicine hat becoming the terminal of a branch of an aerial route from New York to San Francisco. Nothing very definite has been ascertained here of the plans for this route, but there is foundation for this much, in a communication which the mayor received this morning from the secretary of a company known as the International Aviation Co., of New York. The letter was addressed to the mayor and asked for information regarding the fuel properties of the natural gas product of this city—its caloric qualities, the extent of the bed, the natural state of the product and the extent of development. If the prospect is favorable the company proposes sending two experts to the city to make tests of the gas for use in aerial navigation. Just what part natural gas would play in aerial navigation was not made clear, but it is presumed by a city official that it might take the place of gasoline or be utilized in a compressed state for motive power.

Information was also asked regarding the possibility of compression and transportation of local gas to Milwaukee or Minneapolis.

The American Aviation Co. is a company of New York capitalists who are working hard toward the commercialization of aerial navigation. Offices have been established in San Francisco and New York, and a Canadian representative is to be appointed soon.

BURNED OVER LANDS WILL BE RESEEDED

Portland, Dec. 5.—Nine thousand acres of burned over timber lands in the Pacific northwest will be reseeded with Norway spruce and Scotch pine, according to an announcement made by J. F. Kimmel, of the Forest service. Seeding is already under way and will be completed before snows set in among the mountains.

Most of the work is being done in the Suiuslaw forests in western Oregon along the coast and in the Olympic forests in Washington. The Forest service plans in this way to reclaim thousands of acres of burned off lands every year. There are a million and a half year-old trees in the nurseries of the Forestry department in the northwest ready for transplanting where reseeding is impracticable.

TENDERS.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for construction of two 180 cubic yard wooden dump scows for dredge "Mud Lark" British Columbia," will be received at this office until 4 p.m., Friday, December 9, 1910, for the construction of the scows mentioned.

Plans and specification and form of tender may be procured at the office of Mr. H. A. Bayfield, superintendent of Dredges, New Westminster, B. C., where form of contract may also be seen.

Plans specifications and form of contract may also be seen and forms of tender obtained at the office of William Henderson, resident architect, Victoria, B. C., and at the De-

The Peoples' Shield

(By Malt Wason in the Calgary Herald.)

It was while they all were snoozing, some were tanked and others boozing, that a guy came to this city once with down upon his chin; and he said his name was Parker, famous as a football barker, and the stuff he said was awful, why it made the people grin. Yes, he said the famous Callies, not those famous on the alleys, but the boys who hoof the pigskin up and down the grassy field, must go east, pay all expenses, like a bunch who's lost their senses, or if they didn't heed his words they'd lose the People's shield. But the Scottish football team, heard his prating like a dream, for who was he, this Parker man to tell them what to do; so they said (this is no sell) we will zeeimfurstinell, and decided they were champions no matter what or who. So 'twas thought that just for fun, to give the eastern teams a run, another bunch would take the trip, thwart the schemers' plan; and 'tis quite enough to say, that the shield is seen today in Calgary upon a shelf, o'er in the Hillhurst clan. But the money from the gate, never came, it's rather late, where is Hillhurst's share of those gate receipts that Parker promised sure? But again the woggles goggled, some one said the tin was boogled, but 'tis thought the coin's invested where 'twill surely help the poor.

Billiard Tournament

The Royal billiard tournament started going in earnest yesterday when four games were pulled off in the afternoon and evening. The game between A. Anderberg and J. Mahoney in the evening was the best one of the series and will probably be as close as any of the games yet to come.

Anderberg, minus 20, won by six points from Mahoney, plus 30.

R. McCormack, plus 40, won from W. Bath, plus 30, by 200 to 175.

Bennedett, plus 60, won from Phillips, plus 60, by 200 to 139.

Grant, scratch, won from Johns, plus 30, by 200 to 169.

The games will be resumed today, but the schedule has not yet been made out.

FEW FEATHERWEIGHTS COME UNDER 122 POUNDS

There are only a few featherweights in the world today who can make the American weight limit—122 pounds. Among them are Champion Abe Attell, Frank Conley, Johnny Kilbane, Patsy Kline and Benny Kaufman. The rest box around 124 and thereabout. Some of them could get down to "22," but not without greatly damaging their strength

These boys mentioned above are the cream of the featherweight class. Jem Driscoll, the English phantom, is to be considered, but he can't do the recognized American limit.

Abe Attell is due for a beating some time in the near future and it is very probable that it will be either Kilbane, Conley, Kline or Kaufman that wil administer it to him. Conley came so close to doing it a week ago Sunday that Attell had to exert himself more than usual in order to get a draw.

Two of the contenders of the championship are to box in Akron Thanksgiving.

German Invasion Commenced.

London, Dec. 5.—A German-manned balloon, sailing from Munich Saturday bound for Switzerland, landed today in the Orkney Islands. While crossing the North sea the basket struck the water and a member of the crew named Metzger was thrown out and drowned.

BASKETBALL BOYS SEEK PRACTICE QUARTERS

The High school boys are the latest searchers after basketball accommodation. They have decided that the poultry building at the exhibition grounds would be a good place to play and have petitioned the council for the use of the building. When it came up at the council last night Alderman Jardine stated that once before the hall had been lent for the same purpose and several complaints about damage done were received. It was referred to the parks committee for report at the next meeting of the city council.

500 FLIERS IN THE WORLD.

Deaths to Date, 6 Per Cent—125,000 Miles Flown.

Paris, Dec. 5.—Professor Soreau, lecturing before the civil engineers, said the dangers of aviation should not be exaggerated. The Aero club of France has issued over 270 licenses and the total number of aviators in the world is about 500. The deaths have been about 6 per cent. The total distance flown may be estimated at 125,000 miles, or one death for 4166⅔ miles.

PROFIT IN FOOTBALL

Over Forty Thousand Dollars from Game at Berkeley, Cal.

Berkeley, Cal., Dec. 5.—Graduate Manager Farmer of the University of California has just announced the gate receipts of the annual intercollegate rugby football game played here on November 12, and all are astonished at the unprecedented amount, not only for the annual game, but also a record gate for the state. When expenses are deducted the student body of Stanford and California will each be about $20,000 ahead. The profits of these annual games go to support all athletics and student activities of the two universities.

Football Practice Tonight.

The Rovers and Rangers will practice at Moody square tonight, the former to get into shape for a game with the Shamrocks next Saturday and the latter to get in readiness to meet Aston Villa.

Dago Won Nationality Race.

C. Wood, masquerading as a Dago, won the nationality race at the Pythian rink last night. Eight men started, each attired in a crude imitation of the national costume of the race he was supposed to represent. R. Smith (who bane von Swede) came second. The other racers were W. Cambridge (him allee same China boy), J. McWaters (a cullud gen'man, sah), W. Pascoe (Hoch der Kaiser, Wacht am Rheim, etc.), J. Burr (Bah jove, old chappie), F. Wright (pardon, merci, mon cher), and T. Sinclair (from India's coral strands).

Obstacle Race Next Tuesday.

On Tuesday of next week the attraction at the Pythian roller rink will be an obstacle race, when ten competitors will be compelled to surmount a number of obstacles not usually met with in rolling.

SIX PERSONS GO MAD IN LESS THAN 10 DAYS

Alarming Epidemic of Most Unusual Character Appears In Edmonton.

Edmonton, Dec. 5.—Yesterday's case of insanity, the epidemic which is daily growing to larger proportions, possessed characteristics which were much more marked than in any of the cases so far.

K. M. Kudson, the unfortunate victim, who was committed pending his disposition by the attorney general, was suffering from hallucinations of a very marked character. He was obessed with too great a sense of his duty to his fellow workers. He called himself a "weather leader." His idea appeared to be that so long as he stayed in the house the weather would remain fine and other workmen would be able to continue working, but as soon as he went out a storm would arise and all work would have to stop.

During the past few weeks he had not been outside of the house where he rooms. Another of his hallucinations was parodoxical in the extreme. He claims that he has been in Canada only three years but is positive that he has lived in Edmonton for four years. When asked to explain he says that he left Norway only six months ago but that it was "in the paper" that he had been here for four years, therefore, it must be so. When asked if he is married he states that he has heard something about it. He saw it "in the paper."

This is the sixth case of insanity within the past ten or twelve days. Since the first case the characteristics have been getting more marked although none of the people have been dangerously insane.

Medical Opinion.

When asked yesterday as to the probability of the present outbreak of insanity being an epidemic Dr. Wilson expressed the opinion that it was very improbable that such was the case. "Insanity does not go in epidemics, using the word in its strictest sense. There may be prevelancy of insanity due to unusual conditions such as existed in 1898, immediately after the epidemic of influenza which swept the country. The cases which have developed in Edmonton during the past week or so may have been dormant for some time and the development of active symptoms may be due to some cause which we do not know."

CHINESE MAY BUY MINES IN COBALT

Cobalt, Dec. 5.—There will leave Ottawa for Cobalt tonight Wahn, the Chinese imperial consul for Canada, and his acting secretary, K. M. Toms, accompanied by a retinue of servants. Mr. Wahn comes here as special agent of the Chinese government to inspect a number of leading mines of the camp for the purpose of reporting to his department the advisability of acquiring one or more ore-shipping mines of Cobalt for the purpose of furnishing silver to the Chinese mint. China consumes annually an enormous quantity of silver, and having to purchase in the open market, the government are sometimes forced to pay the highest price for the raw material. Some months ago Abe Hallow, of Cobalt, conceived the idea of suggesting to the Chinese government the advisability of purchasing a producing mine in Cobalt large enough to supply their coinage wants, and a letter was forwarded to the emperor. It was weeks before a letter came pointing out this time the government could not officially enter into such a deal, but that the matter had been laid before some of the foremost capitalists of the country, and it had been decided to direct the Chinese consul for Canada, who has his headquarters at Ottawa, to come to Cobalt and report. Another letter said the imperial consul would leave Ottawa tonight and arrive in Cobalt Tuesday afternoon. The party will be met at the station by Mayor Lang, R. T. Shillington, M. L. A., William Powell and Mr. Hallow, and during their stay will inspect nearly all the leading mines of the camp, including the O'Brien, the Temiskaming, the Crown Reserve and other large producing properties.

ROLLER BOAT IN COURT.

Two Suits Arise Out of Old White Elephant.

Toronto, Dec. 5.—The Knapp Roller boat has come before the footlights again, even though it is lying in the bay near the docks of the Polson Iron Works.

Messrs. A. A. Laurie and F. A. Knepp, financier and inventor respectively of the boat, claim they sent the boat for repairs to the Polsons, who allowed it to escape, and it was run into by the Turbinia. They had to pay the Turbina people, they claim, over $600 damages, and now they ask $30,000 and costs of the action from the Polsons.

Polsons, in turn, ask $800 from Messrs. Laurie and Knapp for dockage and work on the boat, which, they say, was never in their custody.

The case came up yesterday in the non-jury court, and Chief Justice Sir William Meredith reserved decision.

No Temporary Abolition.

EVERY 1 IN 10 IN TORONTO A TOPER

Dominion Alliance Secretary and Another Minister Make This Charge.

Toronto, Dec. 5.—Rev. R. M. Hamilton, speaking at Wesley church in the interests of temperance Sunday night said that "One man in every ten in Toronto drinks until he gets drunk." A man in the audience challenged the statement.

Rev. B. H. Spence, general secretary of the Dominion Alliance, yesterday supported Mr. Hamilton's statement.

"Mr. Hamilton was well within the mark," said Mr. Spence, and he proceeded to demonstrate the accuracy of the statement.

"There are in Toronto," he said, "240,000 people. There are 170,000 under age, and half of the rest are women or children. That leaves, say, 85,000 adult males. There were last year $339 arrested for drunkenness. Some of these were repeaters but for every one that repeated I could show you half a dozen who were drunk and who were not arrested."

Mr. Spence decares that there are 20,000 Toronto men in bar rooms in an evening and that 2000 men in the city are drunk every night.

DISTRICT COUNCIL

SURREY.

Council met in the Town hall, Surrey Center, on Saturday. The reeve and all members being present. Minutes of previous meeting were read and confirmed. Communications were received as follows:

From C. T. Saunders, C. M. C., of Burnaby, saying that their council on the 19th indorsed the resolution of the Surrey council asking government aid for improving the Clover Valley road; received.

From Mayor Lee, of New Westminster, enclosing copy of resolutions endorsing government assistance in opening a road from Blaine to the Yale road, leaving the government to lay out the route; received.

From A. T. A. Blackwood enclosing a bill for $148.50 for gravel he claimed was taken from the southeast one-quarter of section 16, Tp. 7. Received, clerk replied that the man in charge of the road work in that vicinity said that they had taken no gravel whatever outside the road limits along that property.

From Wade, Whealler, McQuarrie & Martin, saying they had written J. H. O'Neill, superintendent of G. N. railway, requesting that the company attend to the various matters without delay; received.

From J. Leake, re the necessity of a crossing being put in over the G. N. railway in front of the lots 1 to 8 of subdivision northeast one-quarter section 33, Tp. 8. Received and referred to Counsellor Inglis.

From J. W. Whyte re the dangerous condition of the road from the G. N. railway station at Port Kells to the postoffice, and that he would hold the council responsible for any damage, and hoped it would receive immediate attention. Received and referred to councillor Inglis.

From John Haslam, John F. Roberts, et al., re bad condition of the Gladstone road, and asking to have same repaired. Received and referred to Councillor Murphy.

From E. Stone protesting against the water being diverted from its natural course on the Serpentine road and thus damaging his property; received.

From M. M. Wilson calling attention of the council to the dangerous condition of the Town Line Road along section 32 above Sundell road; received.

From A. J. Hill on behalf of the Canadian Northern Railway company, wishing to know if the council would abandon the Bon Accord road. Received, clerk to reply that the council have no desire to construct the road if the railway company provide suitable roads in lieu thereof.

The reeve reported signing plans of subdivisions as follows: N. E. ¼ Sec. 22, Twp. 1; W. ½ Sections 5 & 8, B. 5 N., R. 2 W.; Sec. 7, B. 5 N., R. 2 W.; S. E. 10 acres of Sec. 20, B. 5 N., R. 1 W.; E. ½ of N. W. ¼ Sec. 25, Twp. 2; Fraction Sec. 21, B. 5 N., R. 2 W.; N. E. ¼ Sec. 16, B. 5 N., R. 1 W.; E. ½ Sec. 35, Twp. 2; Part S. ½ Sec. 29, B. 5 N., R. 2 W.; and Sec. 26, B. 5 N., R. 1 W.

Moved by Councillor Keery, seconded by Councillor Johnson, that the nomination for the Municipal election be held in the Town hall, and that E. M. Carncross be appointed returning officer; that polls be opened (if necessary) at Tynehead public hall, ward 1, Clarington hotel; ward 2, Mud Bay school house and Scott road school house; Ward 3, Town hall, Surrey center; Ward 4, and Halls Prairie school house; ward 5, and the following deputy returning officers shall preside at the respective polling stations: L. W. Davis at Tynehead public hall, ward 1; Joseph Drinkwater, ward 2; John Loney at Mud Bay school house and Joshua Williams at Scott Road school house; ward 3, and Albert Bamford at Halls Prairie school house; ward 5, all at the usual remuneration, and that notice of the election be advertised by one insertion in the Columbian, and by posting at the door of the Town hall; carried.

The Surrey highway bylaw was reconsidered and finally passed and the seal of the corporation ordered affixed.

On motion the clerk was instructed to write the B. C. E. R. to enlarge the culvert under their track on the Coast Meridian road, as the present one is not sufficient to carry away the water; also to gravel the station ground at Cloverdale, as it is in very bad condition.

Accounts to the amount of $1279.84 were passed and ordered paid.

On motion council adjourned to meet again on Wednesday, December 21, at 10 a.m., and a public meeting at 1:30 p.m. to discuss school and municipal matters.

PLANS FOR NEW PLAZA.

Another Beauty Spot Preparing for Ottawa.

Ottawa, Dec. 5.—Plans for the proposed new plaza between the Sappers and Dufferin bridges, facing the city postoffice, have been completed by the Public Works Department, and tenders will be called for early next year. The estimated cost is between $90,000 and $100,000. The new plaza, overlooking as it will the parliament buildings, the new Chateau Laurier, and the new central station, will be one of the capital's most striking show places.

A noble monument to Confederation, with which may be incorporated a statue of King Edward VII., the peacemaker, will probably be erected later on the plaza.

At the eleventh hour the Sapperton Lacrosse club finds itself unable to secure the Eagles' hall for their boxing and wrestling exhibition, and the rendezvous is now St. George's hall, on Friday night.

George Small, whose name has been mentioned as a probable candidate in the coming municipal elections, announced yesterday to the News that he would not run for office this year.

Miss Cassie Peebles, who underwent an operation for appendicitis at the Royal Columbian hospital a few days ago, is progressing favorably and is expected to be able to leave the hospital in a few days.

The city engineering department started work yesterday on four new sewerage jobs. Ground was broken on Eighth street, Simcoe street, McKenzie street and at the corner of Carnarvon and McNeely streets.

Tonight the students o f the Normal school, Vancouver, are giving a dance in the Lester hall, and those wishing to attend from the city may take the special car which has been chartered for the occasion, leaving at 7:30 via Eburne.

The marriage took place at Knox manse, Sapperton, yesterday morning of Miss Doris Boardman to Angus McInnes, both residents of Langley Prairie. Rev. E. G. Thompson performed the ceremony.

The poundkeeper yesterday reported that an unredeemed cow had been sold into bondage. The sum realized was $10, of which $6.60 was retained for pound fees and the remaining $3.40 turned in to the city treasury. During the month four dogs were killed. Up to date 540 dog tags have been issued.

During the past few weeks, the number of men on the B. C. E. R. Fraser valley line has been gradually reduced, until there are now only 150 men in five camps who are engaged ballasting the road between Vedder mountain and Chilliwack. The wet weather, which renders it impossible to obtain gravel quickly, is the cause.

Henry Lewis, the unfortunate negro who was taken in by the police on Saturday afternoon was examined yesterday by Drs. Drew and Rothwell. They pronounced him insane and he was taken to the provincial asylum.

The Guild of St. Andrew's Presbyterian church met last night to decide the to-be-or-not-to-be of woman's suffrage, but the result was not so definite as might be desired. The judge, Marshall Sinclair, declared for the affirmative, on the merits of the debate, but the members by popular plebiscite reversed his decision on the merits of the question. Miss Vera Gilley and Miss Dorothy Wilson conducted the case for the prosecution, and the defendants' counsel were Ross Lane and Hugh Wilson. The evening was further enlivened by a piano duet, the executants of which were Miss Gifford and Miss Lane and Messrs. Cadyzien and Courtney contributed an amusing dialogue on the morals of George Washington. A. McMillan, president of the Guild, was in the chair.

John Doe, alias Clement Davis, the Confederate money man, appeared before Judge Howay yesterday, elected for speedy trial and then admitted his guilt on three charges preferred against him. One was for uttering bogus money at Abbotsford, one for doing a similar thing at Silverdale and the third for having bogus money in his possession at Haney. The judge reserved sentence.

Today is the opening of Galloway & Lewis' new furniture store in the Guichon block, where the firm intends to carry on an up-to-date business in house furnishings of a good medium class. The store is one of the best lighted in the city, and when the available area is increased by the erection of a balcony, and the complete stock installed, it is expected that it will also be in the first flight in other respects. The new firm will make a specialty of window shades, and their motto is "the best is none too good."
