KINGDOM GRAVELY CONCERNED AT ILLNESS OF KING EDWARD

Monarch is Suffering From Severe Attack of Bronchitis---Eminent Physicians Stationed in Buckingham Palace--Condition Kept Secret Two Days

London, May 5.—The kingdom was thrown into consternation tonight by the sudden and totally unexpected announcement that King Edward was suffering from bronchitis, in a severe form, causing his physicians some anxiety, two of whom are sleeping in Buckingham palace in order to be on hand in case of need.

It has been the king's invariable rule to be present on the queen's arrival from any out of town journey, and his absence this evening was made the subject of general comment immediately it was noted. The queen hurried to the palace and soon afterwards the public learned by an official announcement that the king had been ill for two days.

Concealment Increases Alarm.

The fact that his illness had been thus concealed from public knowledge increased the alarm.

King Edward suffered from a similar attack at Biarritz owing to the inclement weather and cold winds, but it was supposed that he had completely recovered, especially as he attended the opera at Convent garden within three hours after his arrival in London from Biarritz last Wednesday.

On Thursday he had a busy day. He gave an audience to Field Marshal Lord Kitchener and Premier Asquith and visited the Royal academy. On Friday he also gave several audiences and entertained Mr. and Mrs. Herbert J. Gladstone at a farewell luncheon on their departure for South Africa and visited the theatre in the evening.

Wearying Social Activity.

This social activity tended to reassure the public mind, but it was noticed that while King Edward was viewing the pictures at the Royal Academy he looked pale and fatigued and lacked his customary zest and sprightliness, and the members of his entourage feared that this might be a token of a return of the throat and chest trouble.

The king spent the week-end at Sandringham with the object of combatting the threatened attack and returned apparently better, but the sudden changes in the weather this week were trying to his majesty and finally compelled him to keep indoors. He still attended to state business, however, and granted audiences, including among other on Tuesday one to Lord Roberts.

On Wednesday he entertained Grand Duke Michael at luncheon. In fact, it was only today that his physicians were able to induce King Edward to keep to his bedroom and take a complete rest.

Specialist Called In.

The bulletin issued at 7:30 o'clock this evening showed that the eminent specialist, Sir Richard Douglas Powell, had been called in. He, with the king's physicians, Sir Francis Laking and Sir James Reid, suggested it, which read:

The king is suffering from an attack of bronchitis and has been confined to his rooms for two days. His majesty's condition causes some anxiety. The king is in good spirits dspite his illness and in addition to long visits from members of the royal family he received in audience this morning Lord Islington, the newly appointed commander in chief of New Zealand, and other colonial officials.

Both Sir Frances Laking and Sir James Reid will remain in Buckingham palace throughout the night. It is stated, however, that this is merely a precautionary measure, as the king's illness is not grave. A consultation was held late tonight but no bulletin was issued, it being merely reparted that the king was resting comfortably.

Unable to Meet Queen.

A court circular which was sent out about eight o'clock states that his majesty was unable to meet the queen, as he was suffering from a severe cold.

The king's condition at midnight was more reassuring.

Anxiety will continue, nevertheless, as it is known that his majesty is subject to serious fainting spells.

AWFUL DISASTER IN ALABAMA MINE

One Hundred and Seventy-Five Miners Entombed---All Believed Dead.

Birmingham, Ala., May 5.—Forty white and 135 negro miners are entimber tonight in No. 3 coal mine in Palos, forty miles west of Birmingham as the result of a terrible explosion.

It is believed that all are dead.

The mines are owned by the Palos Coal and Coke company, of Birmingham.

Two bodies were found early tonight but it is thought that few can be recovered before morning.

Shock Felt for Miles.

The flames from the explosion shot 200 feet in the air and the shock was felt for miles.

Timbers were hurled several hundred feet from the mouth of the mine.

Rocks from the roof caved in and made access difficult.

The fan machinery was damaged, but air is being pumped into the mine tonight in hopes that some of the men are still alive.

A special train with State Mine Inspector Hillhouse and other experts, physicians, surgeons and undertakers arrived at Palos late today.

A hospital has sent relief from Birmingham.

Rescuers Overcome.

The first rescuers who went into the mine after the explosion were

(Continued on Page Four).

FISHERMEN FACED DEATH THREE DAYS

Cod Fishers Drift at Mercy of Elements Without Food or Water—Rescued.

Halifax, N. S., May 5.—Two French fishermen were miraculously rescued by the Lunenburg schooner Nicola from death by starvation and exposure on the Grand Banks today. Gustave Germanus and Leopold Le Reverend, of Granville, France, were three days and three nights in an open boat without food or water and without oars to control their boat.

The two men belonged to the square rigged fishing vessel Sans Gene, of Granville. The Sans Gene, a bark of 200 tons, left Granville on March 15 and had been fishing on Banquereau when the two men, who were dorymates, became parted from their ship in the fog. After being adrift for a day and a night a heavy sea struck their dory and flung Leopold into the water, washing away their oars and food. Leopold was rescued by his companion. They bailed the water from their half-filled dory and did the best they could in their helpless condition.

Two days and two nights they struggled against hunger and cold which benumbed their sense, until the fishing schooner on the third day saved them.

The men were landed at Canso and were directed to the French consul at Sydney.

FIVE HUNDRED PERSONS KILLED IN COSTA RICAN EARTHQUAKE

Town of Cartago Destroyed by Seismic Shock---Scores of Buildings Toppled Over---Inhabitants Thrown Into Panic---Terrible Sufferings.

San Juan Del Sur, Nicaragua, May 5.—A large part of Cartago, Costa Rica, was destroyed last night by a powerful seismic movement.

Details are very meagre, as the telegraph wires have been levelled between San Jos and Cartago.

The operators at the latter place were killed.

Five Hundred Killed.

It is known that at least 500 people are dead and many hundreds injured.

Scores of buildings were thrown down, among them the palace of justice, erected by Andrew Carnegie.

Shocks Still Continue.

Panic reigns as the earthquake continues. San Jose has also been shaken, some buildings being damaged, but no deaths are reported in that city. A number of persons were slightly injured.

Earth shocks also were felt at several points in Nicaragua near the Costa Rican frontier.

Suffering and Destitution.

Reports reaching here states that there is much suffering and destitution at Cartago consequent upon the disaster.

MAY LECTURE HERE.

Famous English War Correspondent Plans Lecture in City.

There is a possibility that Frederic Villiers, the war correspondent, will give a lecture here some time next week. His advance man was in town yesterday calling on some of the representatives of the Boy's Brigade and trying to make arrangements to give the lecture under the auspices of some such organization.

There are few soldiers who have been through as many battles or seen as much active campaigning as has Mr. Villiers. The list of engagements he has been in since he first started in that line of work in 1876 fills almost a column, and his lecture should be worth listening to. He is at present in Vancouver, on the home stretch of an east to west tour of the Dominion.

THREE THOUSAND PEOPLE REACHED WINNIPEG YESTERDAY

Winnipeg, May 5.—Over three thousand people arrived from the east over the Canadian Pacific railway today, there being no less than eight passenger trains due during the day. The majority of the newcomers are immigrants, although two special trains were homeseekers from the east. All three of the regular trains are in two sections, while the Imperial Limited goes in three sections.

BACK FROM HARRISON.

Flow of Water Sought by City Is Indeterminate.

Mayor Lee, Aldermen Bryson and Gilley, and City Engineer Blackman yesterday returned from their water-hunting expedition near Harrison, but no results of their explorations are to be given to the public as yet. At the present time there is no doubt that there is plenty of water at the point discovered, but whether it will last or not is the question that will have to be investigated by the city before it takes any definite steps towards claiming it.

At the present time all the mountain streams are swollen by melting snow and the city will have to have observations taken on the flow of water at different times of the year before it is decided to stake out the claim.

MANY DIVORCE BILLS.

Ottawa, May 5.—The session of parliament which closed yesterday lasted for six months, less four days. There were 102 sitting days of the commons and sixty-eight of the senate.

In all, 235 bills were introduced, by private members with one excetion.

The session was notable for the passage of twenty divorce bills, constituting a record for that sort of legislation.

Merry Little Maidens Will Dance Round May Pole Today

This is the one day in the year in which the city of New Westminster is given over to the children. There are but few cities in North America that celebrate May Day, but fortunately New Westminster is one and today all the children in the city and many from the country and from Vancouver will gather at Queen's park to take part in the picturesque ceremony of crowning the May Queen.

The procession will form at the corner of Clarkson, Carnarvon and Lorne streets at one o'clock. From there it will proceed along Carnarvon street to Sixth street, up Sixth to Royal avenue and along the avenue to the park.

Sid Croll, in full Highland regalia, will marshal the procession and Chief Watson will be somewhere around in case of accident.

Up to late last night the order of the parade had not been definitely arranged, but it is probable that an advance guard of boys on ponies will be the first contingent. The carriage with the May Queen the ex-May Queen, the maids or honor and the ladies in waiting will be drawn by four white horses.

In the procession there will be 120 boys from Vancouver, Baden-Powell Boy Scouts and two different boys' brigades. Twenty of the scouts will be mounted on bicycles.

A new feature of the parade this year will be the presence of pipers, who ought to aid considerably. The Hayseed band, the Citizen's band and the Bugle band will also help to provide the music. Automobiles, carriages and throngs of children will make up the rest of the procession.

At the park all is in readiness for the proper reception of Her Majesty Miss Mary Keary, Fortieth Queen of the May. The platform surmounted by the Maypole has been decorated, making the throne of the little queen a seat to be envied by the mightiest monarch.

In addition to the central pole four smaller poles have been erected around the large ones and more children will take part in the May Day dance this year than have ever done so before.

While particular attention has of course been paid to the welfare of the May Queen and her companions, the great mass of youthful subjects has not been overlooked and arrangements have been made for their entertainment on a scale hitherto not attempted. Games, candies, sports, races, automobile rides and almost every means of having a good time will be ready for the use of the children.

MARY KEARY.
Winsome little maiden who ascends the May Day throne this afternoon, succeeding Helen Hale as graceful ruler of Young Westminster.

BOARD OF EXAMINERS FOR ARCHITECTS IN MANITOBA

Five Well Known Men Appointed to Office by Order-in-Council—Rules to Be Strict.

Winnipeg, May 5.—An order-in-council passed this morning appointed the board of examiners for architects for Manitoba. They are William Fingland, J. H. G. Russell, H. Mathews and W. Percy Over, and Professor E. Brydone-Jack, who will represent the univsity.

The appointment of the board of examiners is in accordance with an act which was passed at the last session of the legislature incorporating the architects of Manitoba.

The act in no way interferes with a man drawing his own plans for a building, but hereafter no one can practise the profession without passing the examinations by the board.

CIVIL SERVANTS TO HAVE SHORTER DAYS THIS SUMMER

Ottawa, May 5.—The civil servants will have the advantage of an extra hour during the coming summer. An order-in-council has been passed giving authority to the deputy ministers to allow their staffs to leave work at four instead of five during the months of June, July and August.

NOT SATISFIED.

Contractor Hassam Complains Stones Supplied Are Too Big.

The size of the crushed rock supplied by Gilley Bros. to the Hassam Paving company for use in the Columbia street improvements is causing Contractor Hassam some worry, as a certain percentage of the stones are too big to give satisfaction in the work. The size required, as per contract, is from one and a half to two and a half inches, but this has been greatly exceeded in several instances. The grievance has been called to the attention of Messrs. Gilley.

About 150 cubic yards of crushed rock are used by the Hassam Paving company on Columbia street every day. It is expected the street will be completed in six weeks.

White Slaver Deported.

Fort Frances, Ont., May 5.—James Vincent, of International Falls, who was arrested at Fort William on the charge of carrying on a traffic in girls, was today ordered deported to the United States. He will be taken to Appleton, Wis., to answer a charge of abducting Lillian Newman and Sylvia Graham for immoral purposes. The girls will be sent to their homes in Appleton and Ohio respectfully.

LAST OF NOTORIOUS FAMILY OF KANSAS FIENDS DEAD

Kate Bender, Associated With Her Brothers in Wholesale Killings, Is Found Dead in Resort.

Rio Vista, Cal., May 5.—Kate Bender, of the notorious family of Kansas murderers, is dead here, according to a statement made today by John Collins, a resident of this place.

The woman, who was known as Mrs. Gavin, and later as Mrs. Peters, was found dead in a resort she conducted. Collins, who was her closest friend, says she revealed her identity several years ago, exacting a promise that he should not tell anybody until after her death.

The woman apparently died from natural causes and had been dead several days when her body was found.

Collins declares the woman gave him a detailed account of many murders which she and her brother committed in the Bender home, at Cherryvale, Kans., in the seventies.

MANY NEW BUILDINGS ARE GOING UP IN MONTREAL

Montreal, May 5.—There is expected to be a regular building boom in Montreal this year. Officials of the builders exchange states that all records will be broken. There are now about $12,000,000 worth of new buildings under way, including operations projected by the C. P. R.

During the first four months of the year permits to the extent of $3,500,000 were issued, or $1,500,000 in excess of the corresponding period of last year.

Thousands of new flats are to be erected throughout the city.

EMINENT JURIST SPEAKS ON CANADA'S PRIVILEGES

London, May 5.—Donald Armour, Canadian jurist and the distinguished surgeon's son, presided at the Canada club annual dinner last night. In the course of his speech he said the Canadians formed a nation within the Empire, realizing the inseparability of nationhood's privileges and burdens. They had received power to arrange their own tariffs, yet they had determined to give preference to the motherland. If, he continued, they claimed control of their own naval and military forces, they were equally determined that there were ever available for Empire defence. Canadians, he went on, more than ever believe that the Dominion's prosperity depends upon her permanent connection with the motherland.

VOTE MORE MONEY FOR SUGAR FRAUDS PROBE

Appropriation of $50,000 Made to Continue Investigation and Prosecution of Guilty Parties.

Washington, May 5.—The sundry civil appropriations bill will contain an item of $50,000 to enable the department of justice to continue the investigation and prosecution of sugar customs frauds.

Attorney General Wickersham testified before the committee today that his department desired to make the inquiry continuous. He said the department had collected as a result of prosecutions to date about $3,500,000, most of which the government had been defrauded in importations by various sugar companies. He expressed the belief that the frauds had been much larger than this.

The attorney general said the government had recovered from the American Sugar Refining company, $2,130,000, from the Arbuckles, $695,000, and from the National Sugar Refining company, $604,000.

Man Killed At Moose Jaw.

Moose Jaw, May 5.—A shocking accident occurred early this morning on the tracks opposite the depot in which James Eaddy, a car cleaner, lost his life. An engine and two baggage cars passed over the victim's body, severing both legs.

Circles Cathedral Spire.

Berlin, May 5.—Weinoziers a German aviator, twice circled the spire of Strassburg cathedral today at a height of 600 feet.

German Immigrants Coming.

Montreal, May 5.—The steamer Prinz Adalbert, of the Canada line sailed from Hamburg, Bremen and and Rotterdam for Montreal on Tuesday with 750 third class passengers.

Taft's Golden Opportunity.

London, May 5.—The Times says President Taft possibly sees in the movement toward reciprocity with Canada a golden opportunity for reconstructing the republican fiscal program, and re-establishing the party's prestige in the west.

Pensioners Dying Fast.

Washington, D.C., May 5.—In less than fifteen minutes time the senate today considered and passed the pension appropriation bill carrying about $155,000,000. Senator Scott, who was in charge of the bill, stated that henceforth there would be a rapid falling off in the amount required for the payment of pensions. He said that 31,000 pensioners had died last year.

DELTA BOARD OF TRADE ANXIOUS FOR DREDGING

Part of Fraser River in Need of Attention—Resolution Drafted by Delta Body.

In the preamble of a resolution adopted by the Delta board of trade there are some interesting comments on the condition of the Fraser river channel. The resolution shows that good work has been done by the King Edward dredge during the past year and urges the dredging of certain parts of the river which are now filling up or in danger of filling up.

The resolution will probably be presented to Resident Dominion Government Engineer Keefer for his consideration.

The following is the resolution in full:

"Having examined the channels of the lower Fraser adjacent to Ladner and Westham island and taken various soundings, we beg to report that although the work done by the King Edward dredge last season has remained permanent for the most part, still there are three places in particular that need immediate attention.

"First, The mouth of the slough at upper end of the public wharf, Ladner, should be dredged out as the silt from the B. C. Electric enclosure has filtered out and has filled the channel so that freight boats are unable to turn around except when the water is high, the tide being in.

"Second. A sandbar is forming opposite the Delta sawmill which is a menace to tugboats and freighters and should be removed.

Third, That the bar now forming fast at the western side of Woodwards slough in the main channel opposite Albertsons wharf, be rounded off or cut through as it is dangerous to vessels going up the river and will be especially so if not removed before the spring freshet, when much more earth will gather thereabouts.

"In view of these facts the Delta Board of Trade urges that a dredge be sent down as soon as possible to remove the obstacles as set forth above and would especially request that this matter be given attention before the freshet comes down.

"W. JOHN LANNING.
"S. W. FISHER."

Manitoba Phone Rates to Drop.

Winnipeg, May 5.—F. C. Paterson, chairman of the Manitoba Telephone commission announced this morning that on July 1 the rural rates for telephones around Winnipeg would be changed from $50, the present rate, to $40 a year, the same as in other portions of the province.

Real Estate vs. Mortgages

Some of our shrewd clients are beginning to feel that outside property is now nearly as high as it is worth. They say that the old stock exchange axiom is good which says "Sell when everyone wants them; buy when no one wants them." They have figured out that they have done pretty well by real estate and are now buying mortgages. They say that seven to eight per cent. is good for such high class, gilt edged security—in fact there is no security better than a mortgage on improved real estate which has withstood all the scrutiny given morgages which passes through our hands. They feel that with such mortgages they can sleep pretty comfortably—no anxiety as to a possible drop in value.

If real estate has done well for you, or if you are for any reason looking for the greatest security in investment, it will pay you to see us and talk over the matter. Our knowledge is at your disposal without charge. Years of experience and study of financial matters of all kinds fit us to speak with some degree of authority.

NOTICE TO CONTRACTORS.

Tenders for Power House Equipment.

SEALED TENDERS addressed to the undersigned, and marked on the envelope "Tender for Power House Equipment," will be received at the office of the Commissioners of the Transcontinental Railway, at Ottawa, Ont., until 12 o'clock noon of the 25th day of May, 1910, for the equipment necessary for power house in connection with the shops east of Winnipeg, including water tube boilers, mechanical stokers, feed water heaters, engines, generators, air compressors, pumps.

Plans and specifications may be seen in the office of the Chief Engineer of the Commissioners, Mr. Gordon Grant, at Ottawa, and in the office of the District Engineer of the Commissioners at St. Boniface, Manitoba.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied by the Commissioners, which may be had on application to the Chief Engineer at Ottawa, or to the District Engineer at St. Boniface, Man.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered Bank of the Dominion of Canada, payable to the order of the Commissioners of the Transcontinental Railway, for a sum equal to ten per cent (10 p.c.) of the amount of the tender.

Any person whose tender is accepted shall within ten days after the acceptance thereof sign the contract, specifications, and other documents required to be signed, and in any case of refusal or failure on the part of the party whose tender is accepted to complete and execute the contract with the Commissioners, the said cheque shall be forfeited to the Commissioners as liquidated damages for such refusal or failure, and all contract rights acquired by the acceptance of the tender shall be forfeited.

The cheques deposited by parties whose tenders are accepted will be deposited to the credit of the Receiver General of Canada, as security for the due and faithful performance of the contract according to its terms.

The cheque deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

The right is reserved to reject any or all tenders.

By order,
P. E. RYAN,
Secretary.
The Commissioners of the Transcontinental Railway.

Dated at Ottawa, April 27, 1910.
Newspapers inserting this advertisement without authority from the Commissioners will not be paid for it.

The local agency of the Oliver Typewriter Co., is at 746, Columbia street, three doors from the B. C. E. R. car station. It cost you nothing to try this machine and only a small cash payment to get one, when satisfied with your test, save 17 cents a day, that pays the balance. **

ILLINOIS WOMEN WILL MAKE VIGOROUS FIGHT

Suffragists Plan to Tour State in Automobiles, Invading Every Hamlet Prior to September Primaries.

Chicago, May 5.—Bands of women suffragists touring the state in automobiles will descend upon every city, town, village and hamlet in Illinois before the legislative primaries next September in an effort to make the question of "votes for women" a leading issue in the campaign.

At a meeting of the executive committee of the Illinois Equal Suffrage association today details of the plan will be taken up and arrangements for organizing bands of workers and obtaining automobiles will be made.

Every woman who has ever indicated sympathy with the movement and who is fortunate enough to possess an automobile will be called upon to give her machine to the work.

Speaking of the plans of the association, Mrs. Catherine Waught McCulloch, lawyer and justice of the peace in Evanston and a leader in the equal suffrage movement, said:

"We plan now to have five women in each party; first, a matron as chaperon, then a college girl, a working girl, a singer to draw the crowd, and a woman lawyer. We will go into a town, get a permit to speak from the mayor, and hold meetings in two or three different places and present our cause to the voters."

AMERICAN COOKING LIKED BY CHINESE ARMY CHIEF

New York, May 4.—His imperial highness, Prince Tsai Tao, head of the general staff of the Chinese army, and himself just 24 years old, who is visiting America in quest of information for the upbuilding of China's army, has learned to like American cooking.

"Ah, your food! It is better than ours," he said to one of his New York hostesses. "The lettuce salad I find particularly pleasing, honored lady."

The prince regards his visit to West Point yesterday as the most important event of his American trip, according to a member of his staff. The fact that the prince took many notes at the military academy, was commented on by members of his party, who said it was the first time on his tour that he had done such a thing. The suggestion was made that the prince may have in mind the establishment in China of a military academy similar to that at West Point.

The prince's program today, which included luncheon with Charles M. Schwab and Andrew Carnegie, gave rise to a report that he planned to discuss matters of official business with the two millionaires. It was said that the prince is authorized to purchase several million dollars' worth of military equipment and that a share of this money is to come to America. No one could be found in the prince's retinue who would either affirm or deny the report.

LOS ANGELES CHILDREN SUFFER FROM PIE HABIT

Los Angeles, May 5.—That the pie-eating habit is ruining the stomachs of the school children of Los Angeles is the report made by the school lunch committee of the civic association. The committee admits it has failed to induce pupils to give up pie as the sole noonday lunch.

An effort will be made to diminish the trade of pie venders by establishing more penny kitchens in the poorer school districts.

PRINCETON STUDENTS EARN MUCH TUTORING

Princeton, N. J., May 5.—That a number of men have worked their way through Princeton by tutoring and that the total sum earned by them for one year was $14,000 was made known yesterday in a report issued by the Princeton Tutors' association.

This is an organization of undergraduates. Tutors get them from $1 to $2 an hour and some of them have made $16 a day and cleared $1,000 a year.

GIVE MILLIONS TO CARE FOR TEETH OF PUBLIC

London, May 5.—An anonymous British philanthropist with a long bank balance is worried over defective molars of the middle classes of his native land. So he has sent in $6,000,000 to the British Dental association to establish first-class dental hospitals up and down the country.

This ardent sympathizer with the nerve-racked sufferers from toothache remains in obscurity but gets his views explained by the secretary of the association. At present, he says, only the rich and very poor have their teeth properly looked after. The rich pay big fees to expert jaw repairers; the poor go to hospitals and are fixed up efficiently for nothing.

"But those who belong to social grades between these two extremes are worst off in all our nation. They are the prey of the quack and the tooth destroyer. They can't afford the expert fees and they can't go to the free dental hospital. Hardly anybody is free from tooth trouble in this country. I calculate there are 30,000,000 patients who could be included in the class I want to reach.

"So I am having about 500 dental hospitals established up and down the country which not only will treat the teeth of patients at moderate fees but will educate the people by personal visits, lectures and literature in the proper care of the mouth. Unless something is done sickness, especially indigestion, will increase enormously and in time we shall become a toothless people."

UNION LABEL

FRIDAY, MAY 6, 1910.

EARL GREY'S FAREWELL.

The official farewell which Earl Grey took of the members of the Dominion Parliament, upon the prorogation on Wednesday, will remind the people of Canada that they are about to lose from among them one who has proved himself to be a very able representative of His Majesty the King. Not only has Earl Grey been a wise and most capable Governor General, being active and painstaking in all that has concerned the welfare of the Dominion, but he has given a peculiar distinction to the role which he has been required to fill. Whilst he has worthily followed in the footsteps of his distinguished predecessors and has well maintained the dignity of his great position, he has not been content to be a mere ornament of the State, and has done something more than simply fulfil the traditions of his high office.

An instance of his real concern in the affairs of the people was furnished by the steps taken by His Excellency, when in this city last year, to endeavor to secure some improvement in the conditions under which prisoners are detained in the provincial gaol, more particularly with regard to the herding of prisoners on remand along with those convicted and sentenced to terms of imprisonment.

In the warm interest which the retiring Governor General has taken in the social and domestic concerns of the Canadian people he has been most assiduously seconded by Countess Grey, whose graceful presence and homely sympathy has endeared her to all. It was no mere string of formal words in which His Excellency expressed his feelings when he said: "Neither distance nor time will ever efface from our hearts the recollections of the many kindnesses we have received, the pleasures we have enjoyed, our deep affection for our Canadian home, for the interest we shall ever continue to feel in the future and fortune, not only of our many personal friends, but of the country and people whom we have learned to love so well,". but the voicing of a sentiment that had the truth of heart about it. The pain of the severance will certainly be no less keenly felt by the Canadian people.

HONORING PEARY.

It is pleasing to see that so warm and generous a reception has been accorded to Commander Robert Peary in the heart of the Empire for his discovery of the North Pole. That this welcome is no more than is due to the hardy, persevering explorer surely no one but Dr. Cook will question or deny. A peculiarly interesting feature connected with Commander Peary's reception by and his address to the Royal Geographical Society was the presence of such veteran Arctic explorers as Admiral Sir Louis Beaumont and Sir George Nares, two among the men who have, as the guest of the evening generously expressed it, "for centuries made such splendid efforts to reach the Pole and paved the way for those coming afterwards."

Another circumstance of note connected with this interesting occasion was that whilst a body of such eminence and authority as the Royal Geographical Society has admitted Peary's claim without reservation, and welcomed him as the only man who has led a party to the Pole, the official heads of the government of his native country have refused to acknowledge his right to such an honor. Here is a stronge modern instance of the truth of the ancient proverb, "A prophet is not without honor save in his own country."

DIED.

POINGDESTRE—ON MAY 5, 1910. IN this city, Mary Selina Poingdestre, aged five years eight months.

Funeral takes place at two p. m. Saturday from the family residence, 39 Albert crescent, to Church of England cemetery.

PROTEST AGAINST JEFF-JOHNSON MILL

Big Procession to Tramp Through Camp of Fight Enthusiasts Singing.

New York, May 5.—Under the leadership of Rev. John Wesley Hill, of the Metropolitan temple, an evangelical campaign has been planned as a protest against the Jeffries-Johnson fight on July 4.

An effort is to be made to enlist the co-operation of a number of religious organizations in a demonstration on the same lines as the procession led through the Chicago tenderloin by Gypsy Smith.

The present plans are for a procession of 10,000, which will pass through the camp of the fight enthusiasts singing hymns and gathering recruits for gospel services and revivial meetings during Sunday July 3, and the day of the fight.

Awful Disaster in Alabama Mine

(Continued from Page 1.)

overcome by fire damp and had to be carried out.

J. J. Rutledge, a government expert, was among the first to enter. After working his way 1,400 feet down the slope he found the second right entry caved in.

James Gousby, a mail carrier, was caught by the explosion thirty feet from the mouth of the slope and his body was hurled into the Warrior river.

All Believed Dead.

It is judged from the force of the explosion that none of the men in the interior are alive.

Hundreds of women and children were around the mine wringing their hands and crying piteously tonight.

The Palos mines have been working for a number of years and the entries were extensive. The only hope that some of the men have escaped is the possibility that they were in parts of the mine far enough way from the explosion to have missed its main force.

Officers of the company had difficulty in keeping some of the women from throwing themselves into the shaft. Some of the women insisted upon joining the first rescue party. They were refused. Finally a rope was 'strenched around the shaft to keep the frantic women back.

QUEEN O' MAY.

Today we crown the May Day queen.
We place the scepter in her hand;
The fairest sovereign ever seen
Today assumes her brief command,
And all the children homage pay
To Mary Keary, Queen O' May.

Today the coronation throng
Will pack the audience chamber green,
And raise the joyous May Day Song
When she is crowned the May Day queen,
And to the blue approving skies
The cheers of youthful subjects rise.

Today the knights, the soldiers bold
Will guard the ladies of the court,
Who dance the May Pole dance of old,
And find the merry day too short;
And over all the power shall sway
Of Mary Keary, Queen O' May.

Discrimination Charged.

Halifax, May 5.—The industrial commission is investigating the charge that the Dominion Atlantic railway is discriminating against the Canadian Brotherhood of Railway Employees.

Telephone Girls Protest.

London, May 5.—The telephone girls in London are protesting at the high pressure under which they work. In one day forty girls out of a staff of 100 at the Central exchange were ill.

SPORTING NEWS

CULLEN AND YORKE PICKED AS REFEREES

Victoria and Vancouver Men Will Officiate in Minto Cup Matches in July.

Montreal, May 5.—Charles Cullen, of Victoria, and Lionel Yorke, of Vancouver, will be referee and judge of play respectively, in the Minto cup series between Montreal and New Westminster at the coast on July 16 and 23. From a list of six names submitted by New Westminster, the Montrealers, at a meeting last night, accepted the foregoing as officials.

The local club is acting in a sportsmanlike spirit, which has been missing from many of the recent cup series, and there will be no squabbling with the cup holders or with the cup referees as to who the officials will be. The N. L. U. champions, it was generally expected would hold out for an eastern man as one of the officials, as Tecumsehs did last time, but they spring a surprise by the announcement made tonight. The club officials stated this evening that they were well satisfied that they would receive fair treatment from the men named.

The team will leave here on July 5, and exhibition games en route are being arranged.

EASTERN LACROSSE.

Squabble Between Tecumsehs and Torontos Is Mostly Talk.

Toronto, May 5.—It would be interesting to know if Managers Querrie and Murphy care as much about securing the two Bradford players, Robinson and Reeves, as they do about beating each other in the argument.

The lacrosse supporters do not care much who gets Robinson and Reeves. The teams will look all the same to them no matter which secures the services of these players. What the public wants is its money's worth when they pay to see a game.

No matter what happens, it will not mean the elimination of the Torontos. Their prospects are too bright this year to disband just because they may be minus two players who have yet to prove that they are fast enough for the N.L.U. It is just possible that both these players will view the games from the bench.

Manager Querrie will try out some of the young blood in Montreal on May 14, when the Tecumsehs will play the Nationals. If his players can go through that game without standing up there is not much danger of their missing a position on the team so far as courage is concerned.

Manager Querrie is in danger of the baseball bug. He is quite an enthusiast in the game, and says he is an applicant for a position on the Toronto team. In a recent game he made a single, a double and two singles, in four times at the bat.

CRICKETERS WILL TOUR.

Nearly everything has been settled by the executive for the Indian tour of 1911. It is gratifying to learn that nearly $50,000 have been collected and that further financial support is assured. What is more, there is the prospect of the best men accompanying the team. If Jam Ranjitsinji consents to go the task of the tourists will be considerably lightened, for no one knows cricket so thoroughly as the idolized Indian prince. I read that Mistri, of Patiala, is to go; and there are Dr. H. D. Kanga, who played in good class cricket in England last season, Prince Victor of Cooch Behar and the Maharajah of Patiala, who has been coached by Tarrant, of Middlesex, and who is said to be a fine player. Besides these such men as Baloo, Shivram, Warden, Sagdari, B. Jayaram, Ahsan-ul-Hak, Prince Narayan, Mulla, Jelang, Mehrenji, Mehta and K. B. Mistri are available. These players form the nucleus of a strong all-round side that should give many of the English teams a good game."—"Amicus," of Colombo.

Montreals Out to Practice.

Montreal, May 5.—Lacrosse practice is now taking place in earnest. All the players are evincing a great interest in the game, and it seems that the national sport is likely to flourish exceedingly well this year. Montreal and Shamrocks are preparing. Members of the former club turned out in force last night, and at the end of the practice expressed themselves satisfied with their physical condition.

VANDERBILT STABLE MAKES BIG KILLING IN PARIS

Paris, May 5.—The principal races run at Longchamps today were carried off by William K. Vanderbilt's stable. The Prix d' Honneur, worth $4,000, distance eleven furlongs, was won by Mr. Vanderbilt's Seasy. The Prix de Martinvaut, of $2,000, distance ten furlongs, was won by his Oversight, and his Barberossa ran third in the Prix de Marnes, of $1,000, the distance of which was ten furlongs.

QUERRIE DISTINGUISHES BETWEEN PRO AND AMATEUR

"I see that the N.L.U may soon turn amateur," said Charlie Querrie, leader of the Tecumsehs, recently.

"Do you know the difference between an amateur and professional in lacrosse? A pro player goes to the manager on Monday morning and gets his pay envelope. The amateur slips behind the grand stand on a Sunday afternoon and the manager slips something into his hand, which he immediately puts in his pocket and says nothing."

JUNIORS PLAY TO A TIE IN GOOD CLEAN LACROSSE

West Enders and Sappertons Score One Goal Each in First Scheduled Match of Season.

The first junior lacrosse match of the season took place last night between the West End and Sapperton and resulted in a tie, each team scoring one goal. A good crowd turned out to see the youngsters play and considering that it was the first game of the season some fine lacrosse was indulged in. The West Enders played one man short up to half time. The spectators encroached on the field, making the game more difficult to watch and confusing the players.

For Sapperton, G. Atkinson, R. Chambers, W. Patchell and L. Carroll played a strenuous game, while on the West Enders, L. Gregory, E. E. Cooper, E. Murray and L. Sangster were the stars.

Tim Mahoney handled the whistle and refereed the game to the satisfaction of both teams.

The following was the lineup:

Sapperton — Goal, Saint; point, Chambers; cover point, Patchell; first defence, Bowell; second defence, Atkinson; third defence, Follis; centre, Carroll; third home, Sclater; second home, House; first home, Harvey; outside home, Atkinson; inside home, Foullis.

The West End team in the same order was as follows: Feeney, Mortison, Gregory, Cooper, McPhee, Battson, J. Burr, O'Connor, Fenton, L. Sangster, Murray, P. Sangster.

A CHALLENGE.

Red Lead Swifts Ready to Play Any Football Team in City.

The workmen and painters on the bridge have got together a football team known as the Red Lead Swifts and are prepared to play any aggregation of kickers in the city. They want to play the game two weeks from Saturday and will donate the proceeds to the hospital.

The Red Lead Swifts is no slouchy organization, but have some of the best players in the city on their lineup. The following players and gentleman have consented to play with the Bridge team: Hartley, Gifford, Lyons, Buck Marshall, Reed, Grant, Hays, Gray, Bruce, McKenzie and Kenny. Any ambitious footballers who wish to take on the game may communicate with the secretary, Scotty Grant.

DISSOLUTION OF PARTNERSHIP.

Notice is hereby given that the partnership heretofore subsisting between us, the undersigned, as Real Estate and Financial Brokers, has this day been dissolved by mutual consent.

The business will in future be carried on by W. B. Evans, to whom all debts owing to the partnership are to be paid and to whom all claims against the partnership are to be presented for settlement.

EMPLOYERS' LIABILITY

Why You Should Insure Against Lawsuits

WORKMEN can sue you without cost to themselves, and they have EVERYTHING to gain and small chance to lose by so doing.

PERSONS other than employees accidentally injured about the premises invariably sue for damages.
REGARDLESS of their own responsibility for the accident, or the existence of negligence on the part of others.
ON the slightest pretext employees may sue you, even for accidents caused by the negligence of a fellow-workman, and
THE suit may be brought against you long after the occurrence of the accident by which he was injured.
EMPLOYERS and business men can ill afford to assume the risk of this ever-increasing and uncertain liability.
CREDIT of otherwise responsible manufacturers and business firms is sometimes seriously impaired by such damage suits.
TO go to law means lass of time, money, endless annoyance and worry.

YOUR profits may be seriously curtailed as a result of accident unless you are insured.
ONLY insurance against such risks will enable you to fix and reduce your expenses to a minimum.
UNDER the protection of a Liability Policy in the Railway Passengers' Assurance Company you will save money and time and be relieved from all such annoyances .

CHINESE DISTURBANCE PLANNED AS PROTEST

Uprising in Hunan Province Only Scheme to Warn Central Authorities Not to Meddle in Affairs.

Changsha, China, May 5.—The recent rioting in this province has placed the Chinese government in an embarrassing position regarding the proposed Hankow-Canton Railway loan. Evidence accumulates that the disturbances were deliberately planned by interested persons as a warning to the central authorities not to meddle in the affairs of Hunan province and to make plain the determined opposition of the Hunanites to foreign participation in the railway construction.

Millions of Chinese are imbued with the idea that the government is yielding weakly to foreign influence which is seeking political control in China. Peking realizes the situation, and while desiring to proceed with the railway agreement, understands that hasty action by the government might be followed by the most serious consequences. A protracted delay, therefore, seems inevitable.

Meanwhile, the central authorities are making efforts to placate the Hunanites and have ordered the new governor to deal leniently with the race rioters and revolutionists.

The would-be assassins of the regent have not been put to death, but have been sentenced to life imprisonment.

STENOGRAPHER SUES RYAN FOR $252,000

New York, May 5.—John D. Ryan, president of the Amalgamated Copper company, has been sued in the supreme court of this city for what he claims is the largest stenographer's fee on record. The amount is $252,000.

The claimant is William W. Johnstone, who was Ryan's stenographer and confidential secretary in 1904. He claims that he assisted Ryan in a confindential capacity in getting control of F. Augustus Heinze's copper interests in Butte, Mont., and through his efforts in February, 1906, Ryan and Thomas F. Cole, obtained control of Heinze's property. Ryan in his answer declares that Johnstone was employed simply as a stenographer and did nothing more important than stenographic work.

WEALTHY INDIANS DON'T WANT TRIBE ENROLLED

Washington, May 5.—A delegation of Osage Indians of Oklahoma, the richest tribal nation on earth, arrived in Washington Tuesday to protest against any effort to reopen the enrollment of their tribe.

The rolls of the tribe closed in 1907 and show there are 2,230 members. The wealth of each Indian, including lands, is estimated to be from $20,000 to $30,000. Each member of the nation owns 577 acres of land and is entitled to $3,800 of trust funds. They have been granted title to the surface of the land while the underlying minerals have been reserved to the tribe for a period of twenty-five years from June 28, 1906. The lands are rich in oil, the royalty on the production of which in November, 1909, yielded the tribe 50,248 barrels, or 22.23 barrels per capita.

MAINE TO BE RAISED NAFTER MANY YEARS

Washington, May 5.—The ill-fated battleship Maine is to be raised from her grave in the bottom of Havana harbor, and the bodies of the sailors, who went down to a watery grave when the pride of the United States navy was sunk just before the Spanish-American war, will be interred in the National Cemetery at Arlington.

The senate today passed the house bill providing for the raising of the Maine and the burial of the victims of the disaster. Numerous bills providing for the raising of the Maine have failed of passage in the house and senate. The question has been before the public since the close of the Spanish-American war, but congress has repeatedly refused to act. The sinking of the battleship Maine was the direct cause of the war.

ITALY IS DESPERATE.

Great Britain Has Refused to Interfere in Tariff Tangle.

London, May 5.—A dispatch from Milan says in reference to the Italo-Canadian negotiations that the silk and kid glove trades are suffering in consequence of the Franco-Canadian treaty.

It was announced in the chamber of deputies that Great Britain's intercession in the crisis had been invoked but without success and that unless Canada quickly comes to terms Italy is resolved to strike a crushing blow at the Canadian smoked fish trade.

THE GINGERBREAD MAN.

The bugbear "dull care," will find it a hard task to inflict his presence on those that witness "The Gingerbread Man," the brilliant, fanciful, fairyesque that comes to the Opera house on Thursday, May 11. Scintillating with wit, humor, and repartee, brilliant in its scenic appointments, dazzling in its electrical effects, it is one big kaleidescopic vision of light and color. Messrs. Rice and Varley, who are responsible for the production have been lavish in their expenditures and have given to the theatre-going public the most gorgeous musical show of the decade. It must be seen to be appreciated.

Seats on sale at Tidy's today.

LEGISLATES HIMSELF OUT OF LAW BUSINESS

Colfax, May 4.—Hugh C. Todd, former clerk of Whitman County and graduate of the Pullman State college, who is now studying law in Washington, D.C., expecting to take the Washington state law examination, finds that he has legislated himself out of legal practice for two years.

While acting as representative from Whitman county at the last legislature Todd was one who voted for a bill requiring law applicants to file a request for license two years before taking the examination. He himself forgot to file such a request.

Dated at the City of New Westminster, B. C., this 28th day of February, A. D. 1910.

WATER NOTICE.

Notice is hereby given that an application will be made under Part V. of the "Water Act, 1909," to obtain a license in the South Westminster Division of New Westminster District.

(a) The name, address and occupation of the applicant: J. E. Murphy, occupation, dairying and farming.

(b) The name of the lake, stream or source (if unnamed, the description is): Spring on Lot 11, Block 2, Subdivision of Lot 30.

(c) The point of diversion: At the spring.

(d) The quantity of water applied for (in cubic feet per second): One-eighth cubic foot.

(e) The character of the proposed works; Tank at spring, pipe from tank to dwellings.

(g) The purposes for which the water is to be used: Dwellings, dairying and stock.

(k) This notice was posted on the 30th day of April, 1910, and application will be made to the commissioner on the 31st day of May, 1910.

(l) Give the names and addresses of any riparian proprietors or licensees who or whose lands are likely to be affected by the proposed works, either above or below the outlet: None.

J. E. MURPHY,
New Westminster.

April 30, 1910.

LAND REGISTRY ACT.

TAKE NOTICE that an application has been made to register the Corporation of the Township or District of Surrey as the owner in fee simple, under a Tax Sale Deed from the Reeve and Clerk of the Corporation of the Township or District of Surrey to the Corporation of the Township or District of Surrey, bearing dates of the 21st day of October, A.D., 1905 and 31st day of December, A.D., 1901, of all and singular that certain parcel or tract of land and premises situate lying and being in the District of New Westminster, in the Province of British Columbia, more particularly known and described as: Lot 1 in subdivision 24 of block 1 of section 30, block 5 north, range 2 west; lots 8 to 17, inclusive, of subdivision 23 of section 16, block 5, north range 2 west; lots 15 to 21, inclusive, block 14 of southeast quarter section 4, township 9; lots 5,6, and 7, in subdivision 23 of section 16, block 5, north range 2, west; lots 22 and 23, in subdivision 23 of section 16, block 5, north range 2, west; lots 1, 2, 3, 4, 5, 6, 7, 8, 11, 12, block 4 of lot 387A, group 2; lots 2 to 6 ,inclusive, block 14 of southeast quarter section 4, township 9; lot 5, block 3 of lot 387A, group 2; lot 38, block 2 of lot 387A, group 2; lots 21, 22, block 3 of southeast quarter section 4, township 9; lots 18, 19, block 2 of southeast quarter section 4, township 9; lot 22, block 16 of southeast quarter section 4, township 9, map 519; lot 23, block 16 of southeast quarter section 4 township 9.

You and those claiming through or under you and all persons claiming any interest in the said land by virtue of any unregistered instrument, and all persons claiming any interest in the said land by descent, whose title is not registered under the provisions of the "Land Registry Act," are required to contest the claim of the tax purchaser within forty-five days from the day of the first publication of this notice upon you, and in default of a caveat or certificate of lis pendens being filed within such period, or in default of redemption before registration, you and each of you will be forever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register The Corporation of the Township or District of Surrey as owner thereof in fee. And I hereby order that publication of this notice for thirty days in a daily newspaper published in New Westminster will be good and sufficient service thereof.

Dated at the Land Registry Office, New Westminster, Province of British Columbia, this 29th day of March, A. D., 1910.

C. S. KEITH,
District Registrar.

To David Miller, William A. McCallam, Angus McInnes, T. G. Stark, William Davis, Henry Fraser, Henry Kells, Harold Ponsford, Allen Spiers, George Stone, Robert Lyness, Margaret G. Cooper, John Roberts, Richard Hosking, Hugh T. Crossley, John E. Hunter.

MANITOBA HOME FOR CONSUMPTIVE PATIENTS

Sanatorium for Tuberculosis patients at Ninette Now Almost Ready for Occupation.

Winnipeg, May 5.—The new sanatorium at Ninette, which will be formally opened in a few days for the admittance of patients suffering from consumption in the incipient stage, is situated at the head of Pelican lake, Manitoba. It is most beautifully situated, commanding an excellent view from the slope of the hill. In addition to the main building shown above, there are two smaller pavilions. The former building is designed to provide dining room, kitchen, laundry, etc., all equipped in the most modern manner. Upstairs there are sitting rooms for men and women and an office for the staff. There is sleeping accommodation for the staff and also for those patients who may be too ill to enjoy the sleeping-out privileges of the pavilion.

The building is lighted with acetylene gas, the generating house being about 300 feet from the main building.

The sewers empty into Pelican lake, being carried for some distance into the lake, after passing through septic tanks.

The water supply is obtained some distance back from the main building at the top of the hill, where a well has been sunk, and an abundance of good water is being secured. On account of the height of the well being so far above the main building, considerable water pressure is available, which it is proposed to use for domestic purposes as well as for fire protection.

The site of the sanatorium comprises about 145 acres in very healthful surroundings and beautifully treed.

A short distance from the sanatorium a site has been secured near the lake for a summer colony, where already several cottages have been erected, principally by people from Brandon.

Excellent fishing can be had on the lake, and there are also good boating facilities.

The total cost of the building fully equipped will be about $70,000, and the trustees are satisfied that the institution will be the finest one of its size in the Dominion.

There is now accommodation for about seventy-five patients. It is intended by the addition of cottages to supplement this from time to time.

The sanatorimu has ben provided by private contributions by grants from municipalities and one of $25,000 from the provincial government.

This important and beneficient work was carried out under the direction of Dr. Simpson, chairman of the provincial board of health: Dr. D. A. Stewart, superintendent of the sanatorium, and E. M. Wood, municipal commissioner, and secretary to the board of trustees.

A proposal is now afoot to supplement this institution for incipient cases with one for patients suffering from consumption in the advanced and even more dangerous stage.

HEROIC RESISTANCE TO EVIL ADVOCATED

New York, May 5.—"Starve or commit suicide rather than yield to bribery, after you leave college," declared Professor Charles B. Henderson, chaplain of the University of Chicago, yesterday in an address to Junior college students.

He told the men to forego such temptations as wine and automobiles if they had to choose between setting themselves up in business or politics.

Professor Henderson recalled the recent upheavals in politics.

"Be square with the world wherever you may be, or whatever conditions confront you," he said. "All great things are yours if you will not be bribed."

BRUTAL PUNISHMENT ESTOPPED BY COURT

Washington, May 5.—The supreme court of the United States yesterday struck down one of the old Spanish measures of punishment in the Philippines, that of "Cadena Temporal." The court declared imprisonment for fifteen years with a chain at the ankle and wrist, together with the many other penalties of "Cadena Temporal," for the falsification of public records to the extent of about $300, is a cruel and unusual punishment.

By so doing the court reversed the decision of the supreme court of the Philippines in the prosecution of Paul A. Weems, who was visited with this sentence. He was formerly disbursing officer of the bureau of coast guards and transportation of the Philippines. The court directed the prosecution dismissed.

PROBE REVEALS GRAFT IN ARMY OF FRANCE

Paris, May 5.—The story of another military scandal comes from Toulon. A captain of the colonial infantry whose duty was to superintend the construction of new barracks at Santa Arne, has been arrested there. He is accused of having had a villa built with material stolen from the state.

As the result of an inquiry made by a special commission a number of serious charges have been preferred against the captain. The accused officer, who is married and a property-owner at Toulon, was taken to the military prison a few days ago. It is stated that he has accomplices who also will be proceeded against.

Ten days ago a Toulon merchant's house was searched in connection with the naval frauds. In the correspondence seized the captain's name figured. The detectives found that it was a question of a "present" given by a Paris firm that furnished material for the new barracks.

The accused captain is a chevalier of the Legion of Honor. It is hinted that other important arrests in connection with the scandal will be made soon.

CITY NEWS

The death occurred in the hospital at Vancouver yesterday of William Johnston, a resident of Port Moody and one of the early settlers of the district. It is twenty-three years since the late Mr. Johnston first came here from Ontario. He leaves a brother, John, who lives on Agnes street here, and a wife and four children. Arrangements for the funeral have not yet been made.

Langley bargain—160 acres cut right in two by the B. C. Electric; the soil all beautiful chocolate loam. $125 per acrew. W. J. Kerr, 614 Columbia street. **

The Nelson-Wolgast fight pictures at the opera house last night were a frost. It may have been the fault of the lantern and the trouble may have been the film, but the result when the two connected was far from satisfactory. The curtain on which the pictures were thrown was too small and some of the most interesting milling took place on some mountain scenery which did not show it off well.

Jessie Maclachlan, acknowledged as the greatest living exponent of Scottish song, Opera house, May 25. **

Miss Molly Freeze, who wrote her musical examinations on Tuesday, was a pupil of Mrs. T. R. Pearson, and not one of Mrs. Dodd's, as was reported.

Have you a house for sale? I have the buyer. S. Fader. Phone 712. Dean block, opposite Bank of Montreal. **

Mrs. J. Henley yesterday afternoon and evening gave a successful tea in aid of the St. Stephen's manse fund.

The popularity of the midday lunch at the Royal Cafe grows every day. It is served from twelve to two, with quick service. **

S. H. Ford, held on a charge of wounding A. Le Lion, was yesterday released from custody, two men going bail of $5,000 each for him.

There is but one Jessie Maclachlan. Opera house, May 25. **

Sheriff Armstrong yesterday selected about fifty names from which the grand and petit jurors for the coming assizes will be drawn.

For ice ring up Phone number 151 and the man will call. **

The case against J. C. Allen, the contractor accused of leaving building material on the route of the May Day parade, was adjourned yesterday to allow him to remove the stuff in time for today's procession. He has another contract for building a retaining wall near the registry office and will apply to the council for another permit to lay building material on the street.

A payment of $25 procures a lot in South Westminster from Hale Bros. & Kennedy, Ltd. These lots are in great demand. **

At a regular meeting of the Beulah Rebekahs last night Sister E. S. Ferguson and M. A. Long were elected as delegates to the Grand Assembly of Rebakahs, which meets in Kamloops in June, at the same time as the Grand Lodge of Odd Fellows. Mrs. Coatham and Mrs. Insley were elected alternates.

Place your Fire Insurance with W. J. Kerr, Ltd. **

Manager Tidy, of the Opera house, leaves this afternoon for Seattle, where he will interview John Cort about the attractions to appear at the Opera house here during the coming season. Mr. Cort has recently returned from New York, where he made arrangements to have the Schubert productions billed for his western theatres.

For Geraniums, Dahlias and all kinds of Spring Bedding Plants phone Davis' Greenhouse, R 208. **

Joe Billie, an Indian who collected a jag in Vancouver and brought it over here, appeared the police court yesterday to explain himself and was fined $5 for the privilege.

Panama hats cleaned, and blocked. Phone R 278, Royal City Cleaners and Dyers. **

J. Murphy, a former Winnipeger, will appear in the police court this morning on a charge of assault. He called a man out of a saloon and then hit him on the jaw, an act which resulted in the assaultee being stretched on the sidewalk. He was taken in charge by Officer Bourke. Murphy has appeared in the police court twice before in the past month, the last time being given a short term in jail.

For spring plants or cut flowers, phone Davies' Greenhouse, R208. **

Advance tickets for Jessie Maclachlan concert, prices 75, 50 and 25 cents, at Barclay & Adams. **

Try "Solo Special' cigar. Havana filled. **

The death occurred yesterday at the Royal Columbian hospital of Mary Selina, the five-year-old daughter of Mr. and Mrs. J. H. Poingdestre. The funeral will be held on Saturday afternoon to the Church of England cemetery.

There's quality in "Solo Special" cigar. **

Anything in our line 10 to 20 per cent. saved for you. Fales. **

W. S. Hawkshaw, of Chilliwack, is spending a few days in the city, the guest of his son, J. E. Hawkshaw, manager of the Northern Crown bank.

Have you a house for sale? I have the buyer. S. Fader. Phone 712. Dean block, opposite Bank of Montreal. **

To Furnish an Office, see W. E. Fales. **

Miss Elsie McLean, Miss Bennington and S. Phipps, of Vancouver, are visiting in the city, the guests of Mr. and Mrs. J. E. Hawkshaw, Fifth avenue.

South Westminster property is handled by Hale Bros. and Kennedy, Ltd. Call in and see them, and they will put before you some good things.

See Fales for Bed Lounges. Guaranteed goods at prices cheaper than *the cheapest.* **

W. Brown, the oldest B. C. E. R. conductor in the service, is confined to his residence through illness.

NOTICE.

Take notice that I, Grace Cruickshank, of Matsqui, B. C., farmer's wife, intend to apply to the Commissioner of Lands and Works, Victoria, for a license to prospect for coal and petroleum on and under the following described lands:

Commencing at a post marked Grace Cruickshank's, on N. E. corner set of the Section line between Section 28 and 29, Tp. 16, New Westminster District, about 10 chains north of the S. E. corner of Section 29; thence south one mile; then west one mile; then north one mile; then east one mile to the point of commencement; 640 acres.

GRACE CRUICKSHANK,

Matsqui, April 18, 1910.
