BANDSMEN ASK TOO MUCH MONEY

MAY DAY COMMITTEE THINKS DEMANDS OF HAYSEEDS EXORBITANT AND MAKE COUNTER OFFER—GIRL GUIDES COMING.

The weather tomorrow for May Queen's Day will be gloriously fine. This statement was made yesterday by Alderman Johnston at the last meeting of the committee which has had charge of all the arrangements for the celebration of the old-time custom, and was divulged when the chairman of the respective committees made their reports. Their was a full attendance at the board of trade rooms when the meeting was called to order.

May Be Two Bands.

The music sub-committee reported that the fees asked by the Hayseed band were exorbitant and as the band of the Vancouver Boy Scouts had written asking permission to play the music tomorrow afternoon, it was decided on the casting vote of the chairman to accept the latter's offer and grant them $25. After a lengthy discussion the motion was rescinded and the sum of $60 offered to the Hayseed band for their services, as in past years. If this is accepted there will be two bands in the procession and as the Boys' band which comprises twenty-four pieces, is conceded to be one of the most proficient in the Dominion, the selections from both bands should be classy.

Arrangements were completed so that ample space would be cleared in front of the stand at Queen's park for a series of evolutions by the Scouts and the Boys' Brigade. A company of girl guides will also fall into line and show a part of their drill, this being a new feature in connection with the celebrations.

Special Rates on B. C. E. R.

A pleasing surprise was that the B. C. E. R. will grant the use of special cars at a reduced rate.

Late cars will leave after the dancing for Vancouver, the city and Sapperton. The newly-elected queen, so that she may be admired and complimented by her subjects, great and small, will drive at a slow gait among the crowds, thus affording everyone an equal opportunity of seeing her and the accompanying maids of honor.

More Money Needed.

The treasurer reported that the money on hand totaled $730 and to this had to be added the sum of $150 which had been collected by Alderman Johnston. As the expenditure this year will amount to probably $1200, the committee ask that the citizens attend in large numbers at the dance in the evening as this will be the means whereby the bills will be met.

The chairman selected the judges for the window dressing prizes, but these must remain as "dark horses" so that the chosen may not be "got at" by those who are taking part in the competition.

The procession will be formed on Eighth street and will leave the B. C. E. R. depot at 1:30 promptly.

Special precautions in case of fire in the dancing hall were decided upon and the fire chief on this point said that lengths of hose had been installed and arrangements perfected so that every door would be guarded and ready to fling open at the first sound of the word.

There can be no delay in the May Queen's Day. Wet or shine, the celebrations would be carried out. But there is not going to be any wet. At least so said Alderman Johnston, and if the master of ceremonies does not know, who does?

LOGGER KILLED WHEN BIG LOG JUMPS CHUTE

Inquest Today at Harrison Hot Springs on Body of Victim of Accident—Name Unknown.

A logger, whose name could not be learned last evening, was killed early yesterday at the head of Harrison Lake, where the man was employed in one of the Brooks-Scanlon camps. Details of the accident are meagre, but it is known that the workman was struck by a big log which jumped the chute guiding it to the water.

An inquest will be held at Harrison Hot Springs today, the body having been brought there last night. Dr. Elliott will act as coroner.

All Games Postponed.

All games in the Northwestern Baseball league were postponed yesterday on account of rain.

SIR WILFRID WILL GO TO CORONATION

ARRANGEMENT ARRIVED AT BETWEEN POLITICAL PARTIES WHEREBY RECIPROCITY BILL WILL BE LAID OVER.

Ottawa, May 3.—Sir Wilfrid Laurier will go to the Imperial Conference. Whatever is decided as to the disposition of busines in Parliament, he is going. A Liberal caucus which was to have been held this morning was called off and instead Sir Wilfrid Laurier went to the office of the opposition leader in the parliament buildings and offered terms upon which he would go to the Imperial Conference and the coronation.

It is understood that the Premier accepted one of the suggestions made by Mr. Borden in the house last week, namely, that parliament should be adjourned during the period required for the attendance of the premier at the conference and the coronation, and that supply would be granted by the opposition during that period.

No Compromise on Reciprocity.

Mr. Borden stipulated, however, that the attitude of the opposition towards reciprocity would not be compromised.

"Uncompromising opposition," he declared to be his platform. The force of public opinion against the threat made by the Premier that he would not go to England unless the agreement was passed by the House has been so strong that he has been compelled to take cognizance of it and today he made the offer to the leader of the opposition that he would go to the Imperial Conference and the coronation provided the house adjourned until July 15 and supply was granted to cover the period. But he also made the proposal, which is regarded in Conservative circles as impossible of acceptance, that the opposition leader

ILLNESS OF QUEEN MOTHER.

Gives Rise to Fear That Coronation Program May Be Affected.

London, May 3.—Uneasiness is manifested here over the report that Alexandra, the queen-mother, was ill during the Mediterranean trip that has just been completed. Conflicting reports as to her present condition are circulated, giving rise to the fear that the Coronation program may be affected.

A DANGEROUS AUTHORITY

There must still remain in the minds of many citizens the tirades of Mayor Lee against what he termed one-man government and star chamber methods, when he was candidate for the chief magistrate's chair in this city in 1909-10. Nor can it have been forgotten what solemn pledges his worship gave (as a candidate) of his intention to honor and respect the power and privileges of the council, the presidency of which he was then seeking, but his worship having thereby induced the ratepayers to put their trust in him and thus attained the end he sought has now cast all such pledges and promises to the winds, and goes his own gait altogether regardless of the council, the representatives of the ratepayers, and does as he pleases in a despotic way.

New Westminster is certainly experiencing all the evil, danger and misfortune which attend a one-man government. We referred yesterday to the stupid and mischievous action of Mayor Lee in regard to the new Burnaby-Lake and Vancouver line of the B. C. Electric railway company, whereby the greatest inconvenience and serious loss is being sustained by hundreds of people, and the interests of this city are being jeopardized. These same interests are being further imperilled by his worship's action in respect to the sale of the city bonds. This formed the subject of an animated debate at Monday night's council meeting. As a practical protest against the way in which the mayor has snubbed the finance committee of the council Alderman Bryson resigned therefrom. It is, we feel, a matter for regret that Alderman Johnston, the chairman of the committee, who also lodged a protest against his worship's action, should not have had the courage of his opinions and also resigned.

The facts of this matter have been made public in the reports of the council proceedings in the press. Briefly, Mayor Lee, acting solely upon his own authority and without in any way consulting the finance committee, sold the city debenture issue to Messrs. Stimson & Company, of Toronto, for 93.75. This was done when other brokers offered a higher price. Among these was Messrs. Wood, Gundy & Company, who offered 96. The mayor asserted that this offer was made after the agreement he had made with Stimson was known; but Alderman Bryson disputed this. Whether this be so or not, the fact remains that in a case of this kind tenders should be invited and received in the proper way and no favoritism shown to one particular firm, however alluring their offer may appear at the time.

The net result of Mayor Lee's action is that the city loses several thousands of dollars. His worship claimed, however, that it will gain some advantage in the future by the London quotation which Messrs. Stimson promised. This may or may not be. Other tenderers would in all probability have been able to give this same advantage, together with a better price. The mayor's defence of his action in saying he was not going to peddle the bonds is absurd. The city is entitled to the best price it can obtain in the open market. We regard it as a very serious reflection upon Mayor Lee's financial arrangements that the neighboring municipality of Burnaby should be able to secure a price of 96.73 for its debentures when the city of New Westminster only obtains 93.75. It is worthy of note also that the very people who gave this price to Burnaby is the firm which was turned down by Mayor Lee, namely Messrs. Wood, Gundy & Company, whilst another firm, the Ontario Securities Corporation, offered 96.70, which is again much higher than the price obtained by this city.

But the most serious aspect of this business is the utter disregard of the finance committee by the mayor. This is the most important committee of the council and should have and is supposed to have complete control of the city's financial affairs. It is most disconcerting to find that is not so. That an important bond issue like that in question should have been manipulated by Mayor Lee entirely alone, without in any way consulting the committee, revals a most serious state of affairs. It appears now that in some remarkable way a clause was inserted in the money bylaw giving the mayor sole authority to act in this peremptory way. Such a thing is altogether unheard of. Upon this aspect of the matter we endorse the view expressed by Alderman Bryson that "the man who made the bylaws giving the mayor absolute power to sell the debentures should be shut up." We believe that the great majority of the ratepayers will be very much of the same opinion.

Finally, we understand that no tenders were called for, in fact that no financial firms knew that bids were going, and that the city of New Westminster has lost thousands of dollars. We would like an explanation.

We offer our congratulations to Mayor Lee. So many civic officials in the past have assured us that municipal or political positions have entailed upon them great loss, but not so to our mayor. His position has so galvanized him into activity that at the present time he owns one of the finest automobiles on the Pacific coast, as well as a magnificent country residence.

BAD WEATHER SHORTENS TRIP OF STEAMER ROMAN

S. C. Packers Halibut Boat Comes in After Short Absence With 111,000 Pounds of Fish.

With a cargo of halibut weighing 111,000 pounds, the steamer Roman unexpectedly came into port yesterday evening at seven o'clock, after an absence from local waters of less than a week.

The outgoing trip to the fishing banks off Goose Islands was made in quick time and the intention was to lie in that locality and leave the nets out for the usual period. While no official information has been given out, members of the crew state that the nature of the weather which blew up coarse made the skipper haul in his nets and return to these waters.

TRAILS TOO EASY FOR SOURDOUGH

OLD-TIMER MUSHES OVER RIVER HUMMOCKS AS A MATTER OF PREFERENCE—FOUR DOGS HIS ONLY COMPANIONS.

Dawson, May 3.—There is one man in Yukon who refuses to travel the way of the Chechaco. He takes the course down the tortuous Yukon, following over the ice hummocks and the snow drifts for hundreds of miles.

This grim old sourdough is Herbert B. Berdoe, fuel agent for the White Pass. He has reached the city after a journey of 25 days from the Whitehorse. Berdoe is the only man this year to travel straight down the lake and river from Whitehorse to Dawson, and, in fact, the only man to take that course for years. All other mushers hit the overland highway which is a boulevard compared to the unbroken river.

Every night but five Berdoe found lodgings at roadhouses or woodcamps. Five nights he spent in the snow, Siwashing it with all the delectable experiences of the stampeder days when every man had to make his own sleeping place in the snow, rolled in his robe.

Berdoe had no travelling companions save his four dogs.

LOCAL PASTOR IS ELECTED MODERATOR

REV. J. S. HENDERSON HONORED AT SYNOD OF BRITISH COLUMBIA—CHURCH DIGNITARIES TO DISCUSS IMPORTANT MATTERS

Westminster ministry was honored yesterday afternoon when, at the annual synod of the Presbyterian churches of British Columbia, Rev. J. S. Henderson, of St. Andrew's church, Carnarvon street, was unanimously elected to fill the high office of moderator. This selection is the highest it is in the power to give to one of their number, and the newly elected to the office was the recipient of congratulations at the conclusion of the initial day's session, which was opened in Vancouver under the direction of the Rev. R. J. Wilson, of St. Andrews church, of that city, who preached a powerful and timely sermon.

There was a full attendance of church dignataries and these will be present at the deliberations, which will be continued today and Friday, beginning each morning at nine o'clock. Several important suestions, including Church Union, are to be discussed.

SCOTS IN CANADA.

Played Important Part in Country's Development, Says Duke.

Glasgow, May 3.—The Duke of Connaught receiving the freedom of the city today, referred to his appointment as Governor-General of Canada, and said that none of the dominions beyond the seas had more Scots than Canada, in whose advancement and prosperity they played, an important part. Emigration out of Britain must be expected to continue, and he hoped more would wend their way Canadawards.

SMALLPOX PATIENTS FORM BASEBALL TEAM

Ottawa, May 3.—The patients at the Porters Island smallpox hospital have organized a baseball team to while away the time, but so far have no challengers. Blue of the Hansard staff and formerly of the press gallery and some others play ball quite often at the island. One of the patients said today: "Say, you want to send us down a ball, some bats and a mit. The rubber ball we have is not a very good one."

Queen of English Comedy to be Guest at Luncheon Next Thursday

Mayor Lee has promised to preside at an informal luncheon to be given at the Hotel Russell next Thursday afternoon to Miss Vesta Victoria, the queen of English comedy, who appears the same evening at the Opera house.

In addition to the chief executive there will be present Alderman Johnston (who, with the mayor, will represent the city), A. Wells Gray and Fred J. Lynch (sport), Judge W. Norman Bole, K. C., Police Magistrate Edmonds (law), F. J. Hart (representing the Opera house), Rev. J. S. Henderson (the church), T. D. Sherriff and F. A. Rose (real estate), Hector McCaig (manager Opera house), E. A. Paige and J. W. Cunningham, P. W. Luce, Robert A. Wilson, C. A. Sutherland, R. A. Fraser (Westminster and Vancouver press). The toast list will comprise but three toasts, namely the King, Miss Victoria, and the City of Westminster.

While those who have been in the city in advance management of Miss Victoria, appreciated the honor which was to be done the queen of comedy no definite steps were taken until the receipt of a telegram from Calgary stating that the English comedienne would be delighted to accept the invitation and lunch with leading citizens of the Royal city.

MISS VESTA VICTORIA,
England's Queen of Comedy, who will Be Entertained at Luncheon by Prominent Citizens of Westminster Next Thursday.

Premier of Western Australia Sees Menace in the Oriental

Vancouver, May 4.—That Australia fears the Orient, was the opinion expressed here yesterday evening by the Hon. Frank Wilson, premier of Western Australia, who arrived here en route to London, where he goes to attend the Coronation. Mr. Wilson crossed the Pacive on the Zealandia.

In discussing the menace of the Oriental, Mr. Wilson said: "Unless we people Australia we will lose it. Population is our crying need, but the country is not getting its fair share of the British emigration. Canada seems to be the mecca of the migrating Briton.

The defense movement, including the construction of a navy, has not commenced any too soon in Australia. Public men believe this to be a very necessary movement, and are also strongly in favor of compulsory service.

Set Fire to Vessel.

San Juan, Porto Rico, May 3.—An explosion on a Standard Oil lighter in Magnez Harbor last night set fire to the schooner Mary Bradford Pierce, of Thomaston, Maine. The captain and his crew escaped, but the vessel and the cargo of 500,000 feet of lumber was burned.

Alderman Campbell Objects.

In last week's report of the city council proceedings, the Daily News credited Alderman Campbell with referring to Engineer Powell as "an American expert." Mr. Campbell has taken strong objection to this. The remark was made by another member of the council.

Libel Actions Dismissed.

Toronto, May 3.—The Master in chambers made an order yesterday by consent of the plaintiff for dismissal of an action brought by J. M. Wilkinson against the Vancouver World Printing & Publishing company for alleged libel in connection with a charge of receiving ore, preferred against the plaintiff. Actions launched against a number of other papers in Ontario were dismissed at the trial.

Vancouver Grows.

Vancouver, May 4.—The population of this city, according to a directory company's enumerators, is now 145,000. This is an increase of more than 20,000 in twelve months.

LOVE OF NOTORIETY LANDED HIM IN CELL

Prisoner Confessed to Train Wrecking He Did Not Commit—Pardon Is Recommended.

Denver, May 3.—An official recommendation has been made to the state pardon board to release from the state penitentiary E. W. Gerbick, who was sentenced last July to a term of from thirty to forty years for having caused the wreck of a Santa Fe railroad train at Apishapa, Colo., October 30, 1903.

Gerbeck was sentenced on his own confession, but Warden Tynan became convinced, before Gerbrick had been in the penitentiary many weeks, that the man had confessed to a crime he never committed and because of his love of notoriety.

Gerbrick, after imprisonment had freed him from the influence of drug habit, told the warden where he had been working at Leoni and Grass lake Mich., at the time of the railroad wreck, and investigation convinced officers of the law that his story was true.

Open Meetings.

Lethbridge, May 4.—At the afternoon session of the Conciliation board yesterday it was decided that future meetings would be open to the press and public. The board will be sitting in Fernie on Friday.

WESTMINSTER HEIGHTS PROPERTY SELLS WELL

Wright Investment Company Purchases Twenty Acres for $30,000—Land Will Be Subdivided.

Westminster Heights, which lie to the west of Cunberland street, between Eighth and Tenth avenues, will in the course of a comparitively few weeks be the scene of much activity, if the deal put through yesterday afternoon means anything. Eighteen months ago Mariott and Fellows, of Vancouver, bought sixteen acres in one lot, and two smaller parcels of two acres each, for $8000. Yesterday these were purchased by A. W. Wright, president of the Wright Investment company, of Vancouver and Nelson, and C. D. Hunter, late of Phoenix, for the sum of $30,000.

These, split up in small lots will not be put on the market for speculative purposes, but will be sold to the builders so that houses will be erected and thus make room for the daily influx into this district.

The deal was engineered by Sherriff, Rose and Co., of Columbia street, and is one of the biggest reported locally for some weeks.

Not Ambitious.

Baltimore, May 4.—President Taft, in a speech opening the national peace congress here yesterday, said the United States would keep her hands off and not seek to extend her domain or acquire any foreign territory.

HAIR INSURANCE

INSURANCE AGAINST PREMATURELY GRAY HAIR.

In these up-to-date days, it is possible to purchase insurance on anything. Insurance is, practically, taking a chance, with the chances figured largely in favor of those issuing the insurance—not those who buy it. Hair insurance is different, in that the one buying the insurance obtains full value at the outset, with correspondingly increased values for the greater amount bought; while the sellers of this insurance are likely to lose unless the purchasers obtain full value at once.

This applies to Wyeth's Sage and Sulphur Hair Remedy, for if it does not do exactly what is claimed for it, the sales would naturally drop off; whereas if it gives satisfaction the increased sales give it the only chance to be successful. However, Wyeth's Sage and Sulphur Hair Remedy does "make good," as evidenced by its daily increasing sales. Druggists say that this preparation gives the best satisfaction of any hair remedy ever sold. Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It removes dandruff, strengthens the hair, gives new life to dull or parched hair, and gradually restores gray hair to natural color.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by

Sir Wilfrid Will Go To Coronation

(Continued from Page One.)

should give the assurance that the reciprocity agreement would pass the house before the arrival of the Duke of Connaught in Canada in the autumn. A caucus of Conservative members will be held this evening to discuss this offer by the Permier.

An Alternative Proposal.

Meanwhile, probably knowing that the Premier's conditions could not be accepted by the opposition, Sir Wilfrid is understood to be ready with an alternative proposition. It is that he should go to the conference and the coronation and leave the house in session, that the reciprocity should be laid aside until his return and that the opposition should grant supply sufficient to carry on public affairs until he returns. The government party in his absence would then be able to deal with the mass of public business which has accumulated. Some of the measures, especially the revision of the Bank Act, are of exceeding importance.

While there is no announcement, it is probable that the opposition will be able to meet him somewhat on these terms. Conservatives this morning in discussing the premier's suggestion that they should bind themselves to allow the reciprocity agreement to pass the house before the arrival of the Duke of Connaught, declare that it is too absurd to be considered for a moment. They might as well pass it now. A considerable number of Liberal members would not object to a two months' adjournment. As a matter of fact they would prefer to go home for a couple of months than to remain in Ottawa marking time till the premier returns from England. The Conservatives also favor an adjournment. Which of the two proposals will be accepted is at the moment a matter of some doubt which will be settled probably within the next twenty-four hours.

Sail on May 12.

Sir Wilfrid is booked to sail on the Virginian on May 12.

The situation on Parliament Hill is becoming difficult. The Liberal members have acknowledged the sincerity of the Conservatives' statement that the reciprocity agreement will not go through parliament unless the wish of the people has been expressed in favor of it at a general election.

The question then is when will the general election take place? The cabinet members are divided in their opinion. The majority want to stall off the appeal to the people as long as possible. They took counsel with their followers in caucus Monday, but so unsatisfactory was the discussion that the matter was delayed until another caucus which will be held in a few days.

PASTOR ARRAIGNS HIS OWN CHURCH

REV. A. A. METCALFE TELLS WHAT HE THINKS OF MIDLAND METHODISTS; THEN RESIGNS—MAJORITY AGAINST HIM.

Tacoma, May 3.—Denouncing the modern church as a friend to the interests and as a foe to the working man, Rev. A. A. Metcalf, pastor of the Midland Mehodist church, after a scathing criticism of the methods used by the heads of the church, including District Superintendent Rev. Thomas E. Elliott and Dr. J. C. Zeller, president of the University of Puget Sound, yesterday resigned from the pulpit, declaring that his conscience would no longer allow him to maintain such hypocrisy.

Christ No Longer Guide.

The church, asserted Rev. Mr. Metcalf, no longer lives up to the teachings of Christ. Virtue and well-meaning been so utterly abandoned that it is apparent to the most casual observer, he averred.

"I do not know what is coming, nor do I care. I am going to take off this coat tonight, and it may be for the last time. I have opposed the man who poses as the greatest man in the Methodist church in the Northwest. The majority are against me, but I will stand up for the right.

Let Poor Man Starve.

"The church is losing ground, or at least barely holding its own. The church is no longer for the common man and he knows it and has turned it down. We erect magnificent church edifices and let the poor man starve. Is this showing the spirit of Christ?

The young minister has but recently been graduated from the University of Puget Sound, and the Midland church is his first pastorate.

CHAMP CLARK'S LATEST "SPEECH."

The indescretions of Champ Clark have been of very great service to the anti-reciprocity movement in Canada. His cross-examination of a Missouri farmer at a hearing of the Ways and Means committee some two years ago and his speech last February in the House of Representatives have furnished not a little ammunition to the anti-reciprocity forces. To these actual deliverances there has now been added a third—purely imaginary—which is being widely circulated throughout Ontario in a pamphlet issued by an anti-reciprocity organization. Mr. Clark's actual statements, while useful to the anti-reciprocity cause, did not cover the ground to the entire satisfaction of those who have been circulating them in Canada; and they have accordingly been supplemented by a speech open to no such objections. This speech Mr. Clark is represented as having made in Missouri during the interval between two congresses, and he is credited with the following ringing declaration:

"Fellow Missourians, our party sees in the Reciprocity bill a wedge which will be driven between Eastern and Western Canada. A country divided against itself must fall, and the wedge we shall drive by means of this bill will split Canada in two, and both halves will fall into the lap of the United States. In other words, gentlemen, the Democratic party mean to annex Canada by force or guile. Why? Because, gentlemen, Canada is under the tyrannous heel of a foreign country, a country that is a monarchy, and, therefore, absolutely opposed to all the tenets of democracy. The Democratic party has come to the conclusion that Great Britain by its monarchial system, which is extended over Canada, directly transgresses the fundamental idea of the Monroe doctrine, and we are therefore acting well within our rights; we are going to annex Canada."

This is certainly hot stuff. It is quite equal to the bogus speech of the mythical U. S. Senator Ramp which was written as a burlesque by some Eastern humorist, but was taken up in dead seriousness by the antis, and widely circulated until attention was drawn to its fictitious character. Mr. Clark's "speech" will now doubtless be called in, in view of the following disclaimer addressed by Mr. Clark to Rev. W. E. Milson of Kingsville, Ont., who sent the pamphlet to the Speaker of the United States House of Representatives. Mr. Clark writes:

"I never, at any time or place, delivered a single sentence of the document which you sent me, and which I re-enclose to you, purporting to be a speech I made recently in Missouri. In the first place, I haven't set foot in Missouri since the 10th of last November. The man who attributes this speech to me is a liar, and a malicious one at that. To show you that there is no doubt about what document I am talking about, I wrote my name on the one you sent me and which I am sending back. I have always been in favor of reciprocity, not only with Canada, but with all the nations of the earth. I am in favor of it now. It is part and parcel of my tariff reduction scheme, and always has been. My own judgment is that it will help both Canada and the United States."

An explanation of how this concocted speech got into print will be expected from the publicity agents or the anti-reciprocity agitation. Is the latter an impudent forgery and fabrication? Or have they been "sold again" by a practical joker?

OLD FAMILIAR FACES MISSING IN THE N. L. U.

The coming season in the N. L. U. will see a large number of faces that have been familiar for years missing from the big teams. Then inroads of the Vancouver aggregation will account for most of these, but in Montreal three of the most prominent athletes who have figured prominently for a decade are going into voluntary retirement. These men are Finlayson, Albert Dade and Charlie McKerrow. The first named started his career with the Nationals, and later went to the Shamrocks, and helped to win several championships for them. Two years ago he piloted Montreal aggregation to the championship of N. L. U., and in 1910 brought his men to the coast, only to meet defeat at the hands of the Westminsters.

When in Winnipeg last fall, Finlayson stated that he was in his last season of play. Dade was the brains of the Shamrock attack for several years before he went to Brantford, and later in Montreal, played against his old team mates for the Minto cup. Shamrocks won on that occasion, and when Dade returned to Montreal he went over to the M. A. A. A. He went to the Coast with the Montreal twelve last summer, although just recovering from a severe nasal trouble. He could not do himself justice ,and this, no doubt, had much to do with his retirement. McKerrow has the unique distinction of never receiving a cent for his services, while nominally a professional. He has never played for any league team but Montreal. He went to England with the Canadian Olympic team .

GRAY HAIR TALKS

HAIR INDEX OF AGE. DON'T LOOK OLD.

How often one hears the expression, "She is gray and is beginning to look old." It is true that gray hair usually denotes age and is always associated with age. You never hear one referred to as having gray hair and looking young.

The hair is generally the index of age. If your hair is gray, you can't blame your friends for referring to you as looking old. You can't retain a youthful appearance if you allow your hair to grow gray. Many persons of middle age jeopardize their future simply by allowing the gray hairs to become manifest. There is no necessity for this. If your hair has become faded or gray, try Wyeth's Sage and Sulphur Hair Remedy, the preparation which a chemist by the name of Wyeth devised a few years ago. It is simple, inexpensive and practical, and will banish the gray hairs in a few days. It is also guaranteed to remove dandruff and promote the growth of the hair.

It is a pleasant dressing for the hair, and after using it a few days itching and dryness of the scalp entirely disappear.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by

MATTERS MARTIAL

BY GARETH

I paid a visit to Vancouver last Saturday afternoon to witness the annual inspection of the 6th regiment (D. C. O. R.), by the new district officer commanding, Colonel R. L. Wadmore. The unnecessary and useless ceremonial movements which formed the first part, were well carried out and reflect great credit on the men and the drill instructors of the regiment. The attempts which followed at what I guessed to be The Company in Attack, Advance Guard and Outpost work were really splendid examples of the ignorance of anything connected with war, which is displayed by the average militia officer. It was obviously the first time that the companies had practised anything of the kind, and had it not been for the few old soldiers, whom one could easily pick out of the ranks, and who pushed the raw hands into their places, the results would have been far more ludicrous than they were. It is not the fault of the men; they try hard and do their best under very adverse circumstances. The blame lies with the captains who are supposed to be the instructors of their companies in field work and who should, therefore, make some effort to render themselves capable of acting as such. The officer commanding the regiment should not only be capable of training his unit, but should insist on his company officers being able to do the same thing. Of course, in order to do the latter, he must needs himself be the former He should assist them in every way by lectures, etc., and spare no effort in order to fit his command for sudden active service. There are far too many puppets in the militia today who take commissions simply to be able to hear themselves addressed as "Captain This" or "Major That," and who care nothing for soldering except to put on their full dress uniform and march to church with the band playing before a throng of admiring citizens. I am afraid this does not apply to the active militia alone, as the same thing undoubtedly prevails in the permanent forces of the Dominion. If only the authorities at Ottawa would appoint younger and more up-to-date soldiers to the various district commands and would give them instructions to insist on the officers commanding units carrying out their obligations to the public, a real boon would be conferred upon the militia.

It is said that five regiments are to be supplied with instructors from the permanent force. This is certainly a move in the right direction, and should bring good results provided that men are selected who have had a thorough training in the field and who have not spent their whole service in the barrack square or in charge of coal-carrying fatigues.

"B" company, 6th regiment (D. C. O. R.), has received its drill pay for last year. The fact that it is exactly a year overdue only serves to show to what degrees of slackness and carelessness the militia company commander is allowed to go. The fault, of course, lies primarily with the officer lately commanding the company. Failing him it was obviously the duty of the senior officer of the New Westminster detachment to make a report on the matter, and no action being forthcoming from him the officer commanding the 6th regiment should undoubtedly have asked for that report. He, being apparently too much preoccupied to bother about it, the district paymaster should have brought the matter to the notice of the district officer commanding. None of these officers apparently realized that any action was expected from them. Then the Paymaster General's department at Ottawa should have taken the matter up. Judging by results, this was not done. It must be a great comfort to the taxpayer to know that these willing and able workers are the administrators of our first line of defence.

I would like to emphasize once more to employers of militiamen the fact that it is their bounden duty to their country to make every possible effort to allow those in their service to attend the camp of instruction to be held at Kamloops next month. More can be learnt in twelve days under canvas than in three weeks' work in a drill hall, and those who are willing to devote their annual holiday to their country are deserving of all encouragement at the hands of those who are not. It is well to remember that the military burden of Canada is borne by practically unpaid volunteers. The government make a small rate of pay, of course, but that in nearly every case, is expended in defraying the many liabilities which are necessarily incurred in the successful administration of a unit and which are not covered by grants from the militia department. This voluntary service relieves the taxpayer from the heavy demands on his income which are made in every country where there is a large standing army maintained, and remembering this, it is well that all should feel grateful, and whilst not actually bearing arms themselves, should spare no effort in aiding those whose unselfishness and sense of duty prompts them to do so.

It is understood that all the men of "B" company who were taken to hospital suffering from the shock of the sudden advent of their drill pay are doing as well as can be expected.

ALBERTA CLUBS FAVORITES FOR WESTERN CANADA FLAG

Edmonton and Calgary look Like Best Bet to Land Baseball Bunting This Season.

(Winnipeg Free Press.)

Who will win the 1911 Western Canada Baseball league pennant?

On the threshold of the third annual season of the circuit, which opens this week, the above is naturally the "question of the hour" throughout the baseball cities of the Western provinces.

To attempt to pick pennant winners in minor leagues, where the personnel of the clubs varies so materially each season, is like "making a shot at the moon."

Hence the difficulty of making more than a guess at the outcome of the Western Canada league struggle, particularly when the make-up of the organization has undergone somewhat of a change.

At this writing Edmonton and Calgary again have the call to pull down the bunting, for the officers of these clubs have been working all winter on their teams and have a start on the rest of the clubs in the way of training, so that when the bell rings for the opening game next week, the Alberta clubs should get away to a good start. Calgary has five of last year's champions, and with such a sterling manager as Stanley to fill in the weak spots with raw material, the Bronchos will bear a lot of watching.

Deacon White has not been losing any sleep either and the Edmonton bunch looks from this distance a real winner, and in fact many of the fans here are wondering how the Deacon is going to carry the bunch of prize packets he has gathered together and keep under the salary limit. Many of last year's stars will again be found on the Eskimos' lineup while a bright array of new talent will be in line.

The fans of Western Canada do not want or expect too much from the clubs this year, as the class of ball served by several of the teams last year was away above the standard of this league, owing to the club's going so far above the salary limit. It is the intention of the clubs to live up to the rules of the league this year, so that the players will hardly be expected to do so good as last summer, but if the competition is closer the interest will be keener.

Winnipeg Chances Uncertain.

Winnipeg baseball fans are wondering what kind of team will represent the city this year, and as it is an unknown quantity at present, no person cares to give the maroons a chance to cop the flag. It will certainy be a wonder of wonders if the city produces a winning aggregation at this late date, though it is possible that many of the unknown players who have been signed may prove to be stars. Nothing is known here of Eddie Taylor, the new manager. His record as a player last year was only fair, but he may prove a splendid leader, while again he may prove a failure, which remains to be seen. Winnipeg was never before so backward in getting a team together, but even at that they may land a good bunch, though the chances are against any such happening. However, if the team does not show the required strength at the start there are many strings to be pulled where better players can be obtained.

Bill Hurley, the hustling manager of the Moose Jaw club, is pretty sure to have a pretty good team as he picked his men at the coast, and Bill has a strog pull with the Coast clubs. Nothing much is known of the outfit which Hurley has grabbed, but judging by their excellent showing in their practice games at Vancouver and Seattle, the Moose leader must have secured a few live ones.

Saskatoon's Chances.

Saskatoon is in the same boat as Winnipeg, and the outfit, which is being brought all the way from New York state, may prove world-beaters, but as the Saskatchewan city had but a few days to get ready, the fans of that place can hardly expect anything very brilliant from a team gathered together in such short notice. The Saskatoon club through a little carelessness lost enough good players from last year's team to make up a nine which would pretty nearly beat anything in the league this year. Owing to the laxity of Si Bennet, the manager, none of the players were reserved, with the result that most of the other clubs will benefit by the mistake of the former Saskatoon leader.

Bill Morrow and his Brandon squad are working out quietly at Grand Forks, and nothing is known of the bunch that he has corraled this season. Practically all the men are new to this league, and have yet to show class of the Winnipeg club, as the salary of the new manager is very large, let alone the other twelve players' salaries, so in order to keep under the salary limit Van's terms have been turned down. It will be hoped that he comes down in his price, as Winnipeg cannot hardly afford to let such a stering, clean-up hitter as this get away from them just at this stage of the game when they need the best they can get, but Van is certainly endeavoring to hold the club up to the figures named, as though he is capable of breaking a fence or two he is asking a little too much.

What's in a Name?

$50.00

The People's Trust Co., Limited, have purchased the splendid Gordon Estate, overlooking Burnaby Lake and close to three car lines, which they are going to sub-divide and place on the market in a few days, but as yet have not decided on a suitable name. Now, in order to stimulate interest they are offering a prize of $50.00 cash to the party submitting the most appropriate name, the answers to be in by Saturday, May 6, addressed to the Subdivision Manager, The People's Trust Co., Ltd., New Westminster, B. C.

Another attractive feature in connection with this subdivision is that anyone purchasing a lot is entitled to a chance in a drawing for the $12,000.00 residence on the property, for which there is a standing cash offer of $7,500.00.

HOW THIS POOR WOMAN SUFFERED

Saved By A Friend

RESTLESS AND NERVOUS AND SLEEPLESS MY NIGHTS.

There is a lesson in this letter of Miss Balcombe's that should be taken to heart by every woman who is weak and nervous—who is tortured with Headaches and Backaches—and especially if she knows she has Kidney or Bladder Troubles.

Hundreds and hundreds of women are well and strong today solely because they did just what Miss Balcombe did.

PORT DUFFERIN, N.S.

"I was troubled with Kidney Disease for several years. My back was weak. I had terrible headaches, and was so restless that I could not sleep at night. At last, a friend told me about Gin Pills. I, at once, got a box and after taking them, I felt better—after taking three boxes, I was cured. I would advise everyone suffering from Kidney Trouble, to take Gin Pills".

ETHEL BALCOMBE.

You don't even have to buy Gin Pills to try them. We have such faith in their wonderful curative properties that we will send you a trial sample, absolutely free. Simply write us that you have Kidney Trouble, Bladder Disease, Pain in the Back, Swollen Joints, Neuralgia or Headaches, Rheumatism or Lumbago—and we will mail you a free sample of Gin Pills. You can thus see for yourself just what they will do. Then buy the regular size boxes at your dealer's and continue the treatment until Gin Pills cure you. 50c. a box—6 for $2.50—and remember this—every box of Gin Pills is sold on a positive guarantee of money back if they fail to cure. Buy six boxes at your dealer's and take them according to the directions on enclosed wrapper. If after taking the six boxes, you feel that Gin Pills have not helped you in any way, take the empty boxes to your dealer, and your money will be returned without question. We rely on your sense of fair play and will take your word for it. National Drug and Chemical Co. Dept. B.C. Toronto. 80
