TRUSTEES ANNOYED AT CITY COUNCIL

SCHOOL BOARD MEMBERS WISH TWO BY-LAWS TO BE MERGED INTO ONE—SOLICITOR BACKS THE CITY FATHERS.

The trouble which has been brewing for the past week between the city council and the school board trustees broke last night when at the weekly meeting of the former body the following letter was read from the Rev. Robert Lennie, secretary of the board:

The Board's Protest.

"From press reports followed by enquiry at your office, the school board has learned that the council propose submitting to the electors two by-laws to raise money for school purposes on April 12. The school board wishes respectfully to point out to the mayor and council that the board has not requested that such by-laws be submitted nor has the board been consulted on the matter. The board is advised that the proposed by-laws are being submitted not in accordance with the law in their behalf and would be without legal value and consequently money would not be available for school purposes. Further, any request from the school board to the council would be for one by-law, not two. As the board wishes the matter to be dealt with in accordance with law, and according to the wishes of the board, the council is hereby respectfully, but firmly, requested to rescind the by-law as now passed and instead to pass and submit to the ratepayers one by-law resting upon the authority of a proper request from the school board."

Decision Arrived At.

The mayor quoted from a legal tone, which showed that the council was acting quite within its jurisdiction in submitting two by-laws to the ratepayers instead of one, and he had, further, the city solicitor's behind him. The city's legal advisers were of the opinion that the council could raise the money in any way they saw fit and outwit the school board.

Alderman Gray moved and Alderman Johnston seconded a motion that "the whole matter had been referred to the city solicitor, who had seen fit to give his learned opinion against the school board."

The motion was carried, every member of the council voting "aye."

SUFFRAGETTES FAIL IN EFFORT TO RUIN CENSUS

London Demonstration Turns Out a Fiasco—Could Not Gain Admittance to Skating Rink.

London, April 3.—Thirty-six thousand enumerators made their rounds at an early hour this morning in every part of the United Kingdom collecting the census papers which were distributed on Saturday. It is expected that the census will show an increase in population of three and a half millions.

The suffragettes in the larger centres made a determined attempt to ruin the census, but their efforts were fruitless. For several days last week well dressed women paraded the streets wearing sandwich boards placarded "No votes, no census."

Mrs. Pankhurst had planned an elaborate demonstration in the capital. It was planned to hold great mass meetings yesterday afternoon at Westminster and in Trafalgar square. From these points processions were to march to a large skating rink where the women were to spend the night barricaded against the inquisitive enumerators. The demonstration, however, proved a fiasco. Only a small number of suffragettes appeared, and these, when they reached the rink, were unable to gain admittance because of the crowds which had gathered to watch the proceedings. These effectually blocked the entrance and kept the women back until numbers of them fainted in the press.

In Edinburgh, Birmingham and other cities the suffragettes adopted similar tactics.

C. P. R. Wreck.

Fort William, Ont., April 3.—Word has been received of the wreck of a C. P. R. freight train at Hemlo, Ont., near White River, east of here. Several cars of westbound freight jumped the track and tore down telegraph wires. No one was injured. Owing to lack of information rumors were afloat last night of a bad smash, but this happily is unfounded.

Three Thousand Strike.

Roslyn, Wash., April 4.—Three thousand coal miners employed in the mines of the Northwestern improvement company, a subsidary concern of the N. P. railway, went on strike yesterday as a result of a disagreement over the open shop question.

VICTORIA WOMAN IS ROBBED OF HER JEWELS

Diamond Rings and Other Trinkets Worth About $4000 Taken from Room in Vernon Hotel.

Victoria, April 4.—Jewels valued at $4000, mostly diamond rings, were stolen from a room in the Vernon hotel some time yesterday, probably in the morning.

The jewels were the property of Mrs. Burdett Garrard, wife of a wealthy timberman.

The police are actively searching for the thief, but so far have little to work on. All outgoing boats are being watched.

This is the first jewel robbery in this city for some time.

BUILD MODEL TOWN IN NORTH ALBERTA

New Cement Company Plans Big Development at Plant West of Edmonton—Big Scheme.

Edmonton, April 3.—Estimates for a cement plant to cost $750,000 that will provide a mill with a 2000-barrel capacity, and a payroll of three to four thousand dollars a week, are being prepared today by Allan Haines, F. J. Klossosk and R. D. Hassan, experts employed by the million-dollar Edmonton syndicate that will develop the marl beds fifteen miles west of Edson on the Grand Trunk Pacific.

The plant is to be completed and in operation within twelve months. The syndicate is to be capitalized at an amount sufficient to provide for the construction of the plant and operation for one year.

This is the announcement made following the return of Mr. Haynes and the two engineering experts from an inspection of the property, which is located at Bickerdike, sixteen miles west of Wolf creek on the G. T. P.

The property is owned by W. S. Heffernan and Frank Day of Edmonton, who are promoting the company. It is not only on the main line of the G. T. P., but is also traversed by the main line of the C. N. R. There are 240 acres of marl, which, on a test, goes to a depth of from six to twenty-two feet, which is the limit of the testing machine.

The promoters of the company are to establish a model town at the property. They will lay out a townsite and provide streets and houses which will be sold or rented to employees of the plant.

The town will be provided with electric light and power developed at the plant. Fire protection will also be provided by the company.

MUCH OPIUM IS DESTROYED IN OTTAWA

Ottawa, April 3.—Fifty-five thousand dollars' worth of opium has just been destroyed in the furnace of the West block on Parliament Hill. The opium had been seized during the last few months at Canadian customs ports, principally in British Columbia.

It took two days to burn the whole consignment. For the most part it was done up in $25 cans of sheet copper, and the destruction was carried out under the direction of two customs detectives.

TO SEND VETO BILL TO UPPER HOUSE NEXT MONTH

Measure Excites Intense Interest in House of Commons—Debate Will Be Long and Keen.

London, April 3.—The real work on the veto bill designed to restrict the powers of the House of Lords was begun today with the opening of the committee stage of the bill in the House of Commons. The scene in the house indicated the intensity of the public interest. Every available ticket of admission had been disposed of days before.

The debate will be long and keen. Already more than 1000 addresses have been prepared. It is the avowed intention of the government to send the measure to the upper house by the middle of May, but veteran members of parliament doubt the possibility of this.

MOOSEJAW MAY BUILD A CIVIC HOSTELRY

Moosejaw, Sask., April 3.—The scandalous inadequacy of the hotel accommodation in this city culminated last night in a resolution of the city council to submit to the ratepayers a bylaw of adequate capacity to supply the existing hotel needs, if a satisfactory guarantee of immediate construction is not received from private parties before May 1. Should the city build there will be no bar permitted. The city fathers are pparently in earnest.

BURNABY NAMES A NEW AUDITOR

COUNCILLORS HIRE SCOTT TO LEAD THEM OUT OF THE WILDERNESS WHEREIN MOSES HAS SIDETRACKED THEM.

Braving the ire and wrath of one Moses, surnamed Cotsworth, a man marvellously skilled in the art of figures and figures of speech, and blessed with a tongue sharper than a woman's tongue, the Burnaby municipal council yesterday evening appointed Alfred Scott as auditor for the current year, at a salary of $500, his duties to commence immediately.

This appointment effectively disposes of Moses B. Cotsworth.

Clerk Saunders Resigns.

Municipal Clerk C. T. Saunders tendered his resignation at last night's meeting, giving ill health as his reason for retiring. As an appreciation of his faithful service the council voted the retiring official an honorarium of $200.

The roads improvement by-law ($500,000) and the water supply by-law ($350,000) received their second reading. These will be voted on by the ratepayers on Saturday, April 15.

The usual amount of routine business was attended to before the adjournment was taken.

WORKMEN NOT SATISFIED WITH EIGHT-HOUR DAY

Civic Employees Ask to Return to Nine Hour Day Shift, with Saturday Afternoon Off.

Last night's session of the city council was a long drawn out one, occupying over three hours.

V. Laursen, solicitor for the Vancouver, Fraser Valley and Southern railroad, applied for an order under section 237 of the railways act of 1906 sanctioning the crossing with its tracks the following streets in the city of Westminster: Tenth avenue, Craig street, Holmes street and Holt street. This railway concern has become submerged by the B. C. E. R., the latter owning the dominion franchise.

The question was asked by Alderman Dodd if the council could stop this company running over the streets of the city, the labor representative suggesting that the railways commission could overrule any corporation's decision.

The Mayor—I would not give the B. C. E. R. a single thing or concession unless that concern gives us some kind of a show.

It was decided that the mayor, with the city solicitor and the electrician, be a deputation to go into all the details of the application.

The Vancouver and Prince Rupert Meat company directed attention to their packing plant of a valuable nature at Brunette and asked that a direct communication with the fire department be made, as should fire occur there was no near station. A suggestion that special wires be affixed brought out the fact that such a method harkening to all such applications would be of too costly a nature and it was decided to leave the matter in the hands of the fire department.

Thirty-eight employees of the board of works wrote thanking the council for the method of dealing with them, but asked that they be permitted to return to the old style of work, namely, nine hours per day, with half Saturday off with pay, instead of as per the new arrangement, eight hours per day with no pay if they did not complete the requisite time. The correspondence brought forth a deal of argument. Aldermen Johnston and Gray were in favor of granting the request of the workmen, whilst Aldermen Bryson, Campbell and Dodd favored one grand scale for all classes of city employees.

It was pointed out by Alderman Dodd that the percentage of workers who had signed the paper was not in proportion to all the list and the matter was left to the board of works to take up with the men and endeavor to come to some arrangement.

CENSUS COMMISSIONERS.

Government Names Men Who Will Count Noses in B. C.

Ottawa, April 4.—The following census commissioners for British Columbia were named yesterday: Victoria, James J. Stanton, of Vegreville, Alta.; Yale-Cariboo, W. S. Knowles, Vernon, J. M. Yorston, Cariboo road; Kootenay, T. M. Roberts, Cranbrook, E. T. Dockstater, Nelson.

Land Prices Up.

Victoria, April 4.—An order in council issued yesterday doubled the price of all crown land in British Columbia, increasing the price from $2.50 to $5 per acre.

HIGH TIDE BRINGS OLD COINS TO LIGHT

COAST OF SUSSEX LITTERED WITH RARE PIECES OF MONEY AND RELICS OF SUBMERGED CITY OF DAWLE.

HIGH TIDE—22 ,u◆ .... ..

London, April 4—An extraordinarily high tide on the coast of Sussex yesterday washed ashore hundreds of silver, gold and bronze coins of very early date. A number of heavy bronze rings and other worked metals were also picked up by the crowds which gathered on the beach when the news of the discovery spread.

The relics are supposed to come from the submerged city of Dawle, which was engulfed by the sea many centuries ago.

CATTLE RUSTLING.

Man Arrested on Serious Charge Sent Up for Trial at Steveston.

The Allman brothers, South Vancouver butchers, who were arrested on Friday on a charge of rustling cattle on Lulu Island, were given a preliminary hearing at Steveston yesterday morning and sent up for trial before a higher court. The evidence adduced is strong against the Allmans.

SPECIAL SITTING OF CONGRESS STARTS TODAY

Democrats Plan to Pass Reciprocity Agreement, Revise the Tariff and Institute Policy of Economy.

Washington, April 3.—With both William J. Bryan and Judson Harmon on the ground to "watch the wheels go round," the Democrats completed today their plans to take over the government at the opening of congress tomorrow.

The Democratic program for the extra session has been changed. They plan to pass President Taft's reciprocity measure, to accomplish a reapportionment under the new census figures; to revise the tariff schedule by schedule and to institute a general policy of economy and retrenchment.

In addition to these policies decided upon, there are to be three important investigations. The department of justice is to be probed in connection with its failure to prosecute the steel trust; the post office department is to be combed over in connection with the second class mail rate controversy between Postmaster General Hitchcock and the magazine publishers, and the Ballinger-Pinchot fight in the interior department is again to be the subject of a full inquiry.

Washington, April 3.—Prominent Republicans who are close to President Taft declare that should the Democrats succeed in getting any tariff revision bills through both the house and the senate, the president will certainly veto them. In spite of his threat, the Democrats at their conferences today reiterated their determination to revise certain schedules of the tariff act during the special session which opens tomorrow.

Such measures, it is believed, will go through the house with a rush, and the Democrats believe that a sufficient number of insurgents in the senate will vote in favor of revision to pass the bills in that body. The matter will then be up to the president, and his veto, the Democratic leaders believe, would make mighty loud campaign thunder next year.

Anticipating hard slashing of high tariffs by the Democrats, a huge lobby of interested manipulators is gathering here today. Prominent among the throng are representatives of the beneficiaries of "schedule K.," the wool tariff, which Ways and Means Chairman Underwood announced today would be the first schedule considered.

EXPLORERS ARE MISSING.

Anxiety for Safety of Members of Stefansson-Anderson Expedition.

New York, April 3.—Somewhere up in the Arctic regions thousands of miles from civilization are two chief members of the Stefansson-Anderson expedition, which left New York about three years ago on a tour of exploration and scientific research in the frozen North. Nothing has been heard from Stefansson for nearly a year, and officials of the American Museum of Natural History, which sent out the expedition in co-operation with the geographical survey of the Canadian government, are beginning to feel some anxiety.

R. N. W. M. P. Not Coming

Regina, April 4.—Commissioner Perry emphatically declares that there is no truth in the report that the R. N. W. M. P. are to be sent to the area affected by the coal miners' strike.

PASTOR ANXIOUS TO "SKIN" CONGREGATION

Unusual Request Made From Pulpit in Montreal—Cuticle Needed for Patient in Hospital.

Montreal, April 3.—A request for one hundred inches of human skin made by Rev. Dr. Symonds before his sermon at Christ Church Cathedral, at first rather startled the members of Montreal's most fashionable congregation.

An extraordinary operation, on a scale absolutely without precedent in this city or in any part of Canada is to be performed by one of Montreal's most distinguished surgeons at the General hospital on Saturday morning next, and if successful it will be one of the greatest scientific triumphs that modern surgery has achieved.

The case has aroused an exceptional interest in the medical and surgical profession and at McGill university, and this is not surprising for the task to be essayed is nothing less than to provide a man with a new skin for the whole of the lower part of the body.

Rev. Dr. Symonds before ascending the pulpit to preach his student sermon on the subject of Elizabeth Fry and prison reform last evening asked for volunteers to give a portion of their own skin in order to save the life of a fellow human being.

Dr. Symonds said he quite recognized the unusual character of the request and admitted it was of a nature seldom made in a Christian church, but it was made in a truly Christian spirit. What was asked for was that thirty persons should offer themselves to the surgeons to give a piece of their skin measuring one inch by three to provide one hundred square inches of new skin for the patient—a man who was terribly burned by falling upon a stove and whose life could only be saved by this means.

Dr. Symonds intimated that already several volunteers had come forward and offered to undergo the ordeal required and make the sacrifice in the service of science and saving of human life.

The congregation was evidently deeply impressed by the touching and unique appeal and at the close of the service quite a number of young men announced their willingness to play the part of the operation that had been described. A few more volunteers are still necessary.

The matter is being taken up by an association which is specially interested in surgical work of this character and whose members hope by the assistance they may be able to render to do much in a new and most interesting form of life saving.

FEZ SURROUNDED.

Rebel Troops Have Completely Invested Moroccan City.

Paris, April 3.—A special despatch from Fez says that the rebel tribes have completely invested the city. The situation is considered critical.

Sinister reports from native sources are being circulated to the effect that the rebels encouraged by their successes a few days ago in defeating a government force, have proclaimed Mulai Hafid's brother, Mulai Ismael, sultan of Mequinez. There is no confirmation.

Premiers to Visit Galway.

London, April 3. — Sir Wilfrid Laurier, General Botha, Sir Joseph Ward and Premier Fisher of Australia have arranged to visit Galway on their way through Ireland in connection with the All-Red route.

DEATH CAME TO SWEDE WHILE SLEEPING ON TRACK

Edward Johnson, 35, Horribly Mangled by G. N. R. Owl Yesterday Morning—Inquest Today.

The death of a section foreman, Edward Johnson, a Swede thirty-five years of age in the early hours of yesday morning on the Great Northern track a mile below Townsend, brings home most forcibly the need for some manner of safeguarding the workmen employed by the railway companies. It has been learned, or rather surmised, by the officials of the G. N. R. that Johnson was sleeping on the rails and the Owl cut over and into the body. Johnson had been in charge of a gang of Japanese workmen and left off duty many hours before the fatality. He had come into the city, and, the officials aver, was on his way back to the section house, when, lightheadedly, he sought what was to be his last sleep. The deceased had been in the employ of the company for the past six months and had always given satisfaction. The body was removed yesterday to the parlors of W. E. Fales. The remains which were horribly mangled, will be viewed this morning at ten o'clock by the jury, which was empannelled by Coroner Pittendrigh. The deceased has no known relatives in this province, but the Provincial police who have the matter in hand hope to be able to get in touch with friends of the dead man in Vancouver, in which city he had previously worked.

PUBLICITY MAN GETS HARD RAPS

ALDERMEN WISH TO KNOW WHY OUTSIDERS SHOULD BE BROUGHT HERE—DODD SAYS THEY'RE NOT WANTED.

Yesterday evening's meeting of the city council was a remarkable one in many ways. A great part of the time was taken up with matters which affected the position of Publicity Commissioner Wade, which was discussed from every known point of vantage and, it might be said, every point of disadvantage.

On the motion of the publicity commissioner, Alderman Gray moved and Alderman Johnston seconded a motion that the matter of making the city better known be taken up by the mayor, the board of trade and three aldermen to be chosen by the mayor.

The Reasons Why.

Alderman Dodd—What is the object of the publicity commissioner in asking people to come to this province from the old country?

The Mayor—Do I take it, Alderman Dodd, that you wish this city to become a close corporation? If we are ever going to be anything on the map, if we are ever going to be a progressive community, we must have a man as a public commissioner. We have a great number of people coming here, some with small sums of money, say anything like $100, whilst there are many who bring as much as $25,000, and all those are looking for either ground for building or businesses.

Alderman Dodd—I fully realize that much of what you say is true, but I cannot see for the life of me what purpose can be achieved in bringing out people to this part of the world. If capital is not employed in the production of wealth it is not going to do the country a particle of good?

Alderman Johnston—We cannot, of course, take the previous speaker's views from him. It has been proved beyond a shadow that the publicity commissioner of this city has materially helped us in very many ways. If we did not encourage people to come to this city we would become stagnant. I am [illegible] of us, better than [illegible] we have had in this part of the world. As to land being ungetable unless at exorbitant prices, there are tracts of

(Continued on Page Five.)

MINERS AT BELLLEVUE ARE NOT TO BE EVICTED

Company's Manager States It Is Not Intention of Operators to Force Hardships on Strikers.

Fernie, B. C., April 3.—The report received last night by the Miners' union officials in Fernie that it was the intention of the West Canadian collieries operating mines at Bellevue, Alta., two miles east of Frank, to evict miners and their families from the company's houses was this morning denied by the manager of the company.

Bellevue mines have not been worked for two months and a half, since the great explosion occurred. Following the accident about fifty men, according to the mine management's statement, were given employment above ground. When all the miners in the district quit work last Friday night the above ground men at Bellevue also stopped.

Notices demanding rent in advance for the company's houses at Bellevue were posted and yesterday the miners there held a meeting of protest. The men state that there are at Bellevue, as a consequence of the recent explosion, a number of widows and orphans, they state that neither the men nor the widows have money to pay rent. Union officials declare that any attempt to evict the occupants of the company's houses will be resisted. They declare that evictions, especially in the cases of the widows would be grossly inhuman.

Questioned concerning the demands for rent, the company officials declare that the policy of demanding rent in advance was instituted six months ago. They state that the company has not the slightest intention of evicting any occupants of its houses.

Still They Come.

London, April 3. — Twenty-four thousand emigrants left the Clyde on Saturday for Canada and the United States, making a record. Thousands more are booked.

No Address for King.

Dublin, April 4.—The corporation of the city voted, by 42 to 9, to proceed with the next order of business when a resolution was introduced yesterday proposing the presentation of a loyal address on the occasion of King George's visit.

Wants

WANTED — ENGINEER TO RUN our speed launch "Vite." Apply Schaake Machine Works, Ltd.

WANTED — BY A GENTLEMAN, board and room; close in. Apply R., this office.

WANTED—A GIRL TO TAKE CARE of child in afternoons. Apply Mrs. V. H. Eickhoff, 234 Second street.

WANTED—A GIRL TO ASSIST IN in general housework. Apply 129 Third avenue.

WANTED — TWO APPRENTICE boys to learn the engineering and machinist trade. Apply at the Schaake Machine Works, Limited.

F. CRAKE

HAIR INSURANCE

INSURANCE AGAINST PREMATURELY GRAY HAIR.

In these up-to-date days, it is possible to purchase insurance on anything. Insurance is, practically, taking a chance, with the chances figured largely in favor of those issuing the insurance—not those who buy it. Hair insurance is different, in that the one buying the insurance obtains full value at the outset, with correspondingly increased values for the greater amount bought; while the sellers of this insurance are likely to lose unless the purchasers obtain full value at once.

This applies to Wyeth's Sage and Sulphur Hair Remedy, for if it does not do exactly what is claimed for it, the sales would naturally drop off; whereas if it gives satisfaction the increased sales give it the only chance to be successful. However, Wyeth's Sage and Sulphur Hair Remedy does "make good," as evidenced by its daily increasing sales. Druggists say that this preparation gives the best satisfaction of any hair remedy ever sold. Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It removes dandruff, strengthens the hair, gives new life to dull or parched hair, and gradually restores gray hair to natural color.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by

ALL DRUGGISTS

WATER NOTICE.

Notice is hereby given that an application will be made under Part V. of the "Water Act, 1909," to obtain a license in the Burnaby division of New Westminster district.

(a) The name, address and occupation of the applicant, Alfred W. McLeod, insurance agent, New Westminster, B. C. (b) The name of the lake, stream or source (if unnamed, the description is) unnamed stream flowing through district lot 85, in a northerly direction into Deer lake; (c) The point of diversion, about one chain from the boundary of district lot 92; (d) The quantity of water applied for (in cubic feet per second), one miner's inch; (e) The character of the proposed works, none; (f) The premises on which the water is to be use (described same), portion of district lot 85; (g) The purposes for which the water is to be used, domestic and irrigation purposes; (h) If for irrigation describe the land intended to be irrigated, giving acreage, two and one half acres, more or less, sandy hillside; (i) If the water is to be used for power or mining purposes describe the place where the water is to be returned to some natural channel, and the difference in altitude between point of diversion and point of return, no power; (j) Area of crown land intended to be occupied by the proposed works, none.

(k) This notice was posted on the 25th day of March, 1911, and application will be made to the commissioner on the 28th day of April, 1911, at 11 a.m.

(l) Give the names and addresses of any riparian proprietors or licensees who or whose lands are likely to be affected by the proposed works, either above or below the outlet, none.

New Westminster, B. C.

AUCTION SALE OF DOMINION LANDS.

Public notice is hereby given that there will be offered for sale by public auction in Pender Hall, 804 Pender street west, in the city of Vancouver, on Thursday, April 6, 1911, at 2:30 p. m., about two hundred summer residence lots, the property of the government of the Dominion of Canada. These lots are located at Woodhaven, a subdivision of Dominion government lands located on Bedwell Bay, on the North Arm of Burrard Inlet, British Columbia. Their accessibility to Vancouver, their location on salt water, and the grandeur of the scenery of the North Arm make these lots attractive for summer residence purposes.

Terms of Payment.

One quarter in cash at the time of sale, and balance in three equal annual instalments with interest on unpaid balance at the rate of 5 per cent per annum. The lots will be offered subject to a certain upset price in each case. Upon a parcel of land being knocked down the purchaser shall immediately deposit the sum of fifty dollars with the clerk of sale, otherwise the parcel will at once be put up again. For this purpose intending purchasers should provide themselves with marked cheques on chartered banks of Canada, made to their own order and payable at par at Vancouver; or with bank notes of as large a denomination as possible. The balance of the cash instalment must in every case be paid before the close of the sale, failing which the deposit of $50 will be forfeited and the land withdrawn from sale. Cheques will not be taken in payment unless marked accepted by the bank on which they are drawn.

A pamphlet describing this property, and a map showing the subdivision may be had on application to the secretary, Department of the Interior, Ottawa, W. M. Ingram, Inspector of School Lands, Winnipeg, or to the Agents of Dominion Lands at New Westminster, B. C., Kamloops, B. C., Calgary, Alta., Edmonton, Alta., or to George McCuaig, auctioneer, 150 Hastings street east, Vancouver, B. C.

P. G. KEYES,
Secretary.

Department of Interior, Ottawa, March 4, 1911.

NEW PREMIER OF FRENCH REPUBLIC

ANTOINE MONIS HAS GREAT OPPORTUNITY TO MAKE NAME FOR HIMSELF, SAYS CORRESPONDENT OF DAILY MAIL.

To all statesmen called to assume some prominent position the general public looks for a distinctive characteristic by which it may know them; either a definite line of policy or, maybe, some striking outward mark. It is difficult to know what to say about M. Antoine Monis, the Gironde senator whom President Fallieres of France has entrusted with the premiership of the fifteenth government to come into office since the establishment of the third republic, says the Paris correspondent of the London Daily Mail.

The books of reference show M Monis to have had a career similar to that of many other French politicians. He was a country lawyer, starting first at Cognac, where the brandy comes from, as a barrister-at-law and then as he got on, moving to Bordeaux. His transfer to the great city of the Gironde was a fateful step in his career, for henceforth his destiny was to be intimately bound up with that of the great southern department of France.

For many years he was interested in the cognac industry, and his ad- in the cognac industry, and his business connection gave him an chamber. However, he was only in the lower house for two years, and not being re-elected, did not even stand again. His career led him to the senate, and in 1891 he entered the Luxembourge palace as one of the five senators for the Gironde.

The reference books say he acted as vice-president of the upper house for a time and was on the committee of the naval commission and once introduced a bill for protecting the forests of Gascony against fires. As a senator he frequently took part in the debates, however, and his interest in politics, coupled with his moderate views and his strong local position in the Gironde, combined to win him eventually the ministerial portfolio to which all French politicians aspire. In 1899 he became minister of justice and ex-officio vice-president of the council in the Walideck-Rousseau cabinet, and held office for three years.

The senator enjoys a high reputation for integrity and moderation, but his life has run in tranquil places, and this fact, coupled with a certain natural reserve he possesses, results in his entry into office as a man who, to the general public, is comparatively unknown. In the great position into which capricious fortune has unexpectedly cast him he has a clean sheet on which to record his progress.

A glimpse at a statesman often teaches more than columns of data in reference books, and a sight of Senator Monis corrects any notions derived from his uneventful career as to his being a dry official or a tedious professional politician. I first caught sight of him as he was wending his way through the crowded lounge of the Cosmopolitan hotel, where he has his rooms in Paris, to offer a political friend a portfolio over the long-distance telephone. It was the night he had formed his ministry, and the pleasant hotel lounge was filled with after-dinner folk and reporters, sipping coffee and whisky and soda, everyone with his eyes on the lift, for it was known that the new cabinet was holding its first meeting in M. Monis' apartments. Suddenly a rather thickset, robust figure cleft through the crowd and walked briskly through the lounge to the reception lobby without paying any heed to the sensation his presence created. It was the new prime minister.

My first thought on seeing him was of that fatal date of birth at 1846 given by the reference books. The erect figure, the clear, piercing eye, and the energy radiating from his entire personality suggest a man in the fifties rather than a man who has passed his sixtieth year. He is simple and democratic in his manner, as he showed by his unconcern in walking through the gaping crowd in the lounge without stopping save now and again to grasp the hand of a friend he met on his way.

After seeing M. Monis and speaking with him I would hazard the guess, even on this fleeting impression, that he will not be the straw man which the opponents of the new cabinet suggest he is. M. Berteaux, the wealthy government broker, well dressed, urbane, and witty, certainly laid down the new ministry in its outline in agreement with the forceful M. Delcasse, and M. Monis acquiesced in the suggestions of his two friends.

But it is well to remember that his sole chance of getting together a ministry rested in his being able to find a combination which would draw together the various groups of the Republican party, and M. Monis acted very sagely in securing the co-operation of two of the strongest personalities in the chamber. The task before him is one of overwhelming difficulty.

M. Berteaux has identified himself with the railway men who were dismissed for their share in the great railway strike and all the accompanying destruction and disorder. M. Briand appealed to the companies on the men's behalf, but beyond an appeal he could not go—the companies are masters in their own houses. Are the labor malcontents awaiting wonders from the Monis government, the political combination which overthrew Briand, "the dictator?" And are the Freemasons expecting a fresh outburst of anti-clericalism from the party in power, which criticized so bitterly, through the mouth of its puppet, M. Malvey, the other day the Briandist policy of "appeasement?"

The keen little Bordeaux lawyer at the head of affairs will need all the dexterity of his predecessor, coupled with strength tempered by tact, to satisfy his own supporters in parliament, without counting at all the very strong opposition which is already manifested towards the new cabinet. Henceforth he should have no difficulty in vivifying the data beneath his name in the reference books.

SHERIFF'S SALE OF LAND.

In the Supreme Court of British Columbia.

IN THE MATTER OF THE JUDGMENTS ACT.

Between James R. Webster and Alexander Webster, Plaintiffs, and Preston Daniel Dixon and Charles Siverson, Defendants.

Take notice that on Monday, April 10, 1911, at the hour of two thirty in the afternoon, there will be sold by public auction at the office of the Sheriff of the County of Westminster, at the Court House, New Westminster, B. C., the interest of Preston Daniel Dixon and Charles Siverson, the judgment debtors, under a certain judgment in favor of James R. Webster and Alexander C. Webster, in the east half of the northwest quarter, and the west half of the northeast quarter of section twenty (20), township four (4), range twenty-nine (29), in the District of New Westminster.

The interest of the judgment debtors, Siverson and Dixon, is under and by virtue of a certain agreement for sale of the hereinbefore described lands, dated December 14th, 1907, and made by Davis Whitmore Elliott as vendor, and Preston Daniel Dixon and K. M. Severson (otherwise known as Charles Siverson), as purchasers.

The amount of the judgment under which this sale is held is for $4949.80, together with interest at 5 per cent. per annum from the 13th day of August, 1909.

The following charges appear on the register at the Land Registry office, New Westminster, against the hereinbefore described lands: (A) Registered judgment dated March 2, 1910, against Preston Daniel Dixon and Charles Siverson in favor of James R. Webster for $4949.80.

And further take notice this sale is held pursuant to the orders of the Honorable Mr. Justice Murphy and the Honorable Mr. Justice Morrison made herein on Wednesday, the 12th day of October, A.D. 1910.

Dated this 25th day of March, A.D. 1911.

A. B. POTTENGER,
District Registrar.

T. J. Armstrong, Sheriff, County of Westminster.

Terms of Sale, Cash.

Sealed Tenders addressed to the undersigned, and endorsed "Tender for Examining Warehouse, Vancouver, B. C.," will be received until 4:00 p.m., on Monday, April 24, 1911, for the construction of an examining warehouse, Vancouver, B. C.

Plans, specification and form of contract can be seen and forms of tender obtained at the offices of Mr. J. E. Cyr, superintendent of public buildings for Manitoba, Post Office building, Winnipeg, Man., Mr. William Henderson, resident architect, Victoria, B.C., at the Post Office, Vancouver, and at this Department.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honorable the Minister of Public Works, equal to ten per cent. (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,

R. C. DESROCHERS,
Secretary.

Department of Public Works,
Ottawa, March 22, 1911.

INCORPORATED 1855
ASSETS $48,000,000

NEW WESTMINSTER, B. C. BRANCH
615 Columbia Street.

THE CORPORATION OF THE CITY OF NEW WESTMINSTER.

By-law No.

A By-law to enable the Council of the Corporation of the City of New Westminster to raise by loan the sum of $95,000.00 for Public School purposes.

Whereas the Board of School Trustees of the City of New Westminster in pursuance of the powers granted to them by Section 42 of the "Public Schools Act 1905," as re-enacted by Section 32 of the "Public Schools Act 1905, Amendment Act 1906," have caused to be prepared and laid before the municipal council a detailed estimate of the sums required to meet such special or extraordinary expenses which may be legally incurred by the board.

And whereas the said estimate of such special or extraordinary expenses for public school purposes is the sum of ninety-five thousand dollars ($95,000.00) according to the statement following:

School site in north central part of the city $12,000.00
School building on above site 40,000.00
School building at Sapperton 40,000.00
School building at Queensboro 3,000.00

Total $95,000.00

And whereas it is necessary to raise the required sums to defray the above expenditure upon the credit of the municipality.

And whereas it will be necessary to raise annually by special rate the sum of $4275.00 for payment of interest and the sum of $842.25 for payment of principal, making together the sum of $5117.25 for the term of fifty (50) years for the payment of the interest and repayment of the principal of the said loan as hereinafter mentioned.

And whereas the whole rateable property of the said city according to the last revised assessment roll thereof is $7,249,010.

And whereas to provide for the payment of the interest and the creation of a sinking fund for the payment of the principal of said loan it will be necessary to levy a special annual rate sufficient to raise the said sum of $5117.25, the amount to be assessed annually on the whole of the rateable land comprised within the said city.

Now therefore the municipal council of the corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said city to raise by way of loan from any person or persons, body or bodies corporate who may be willing to advance the same upon the credit of the debentures hereinafter mentioned a sum not exceeding $95,000.00 and to cause the same to be paid into the treasury of the said city for the purposes mentioned herein.

2. It shall be lawful for the Mayor to cause any number of debentures of the said corporation of the City of New Westminster to be made not exceeding in the whole the sum of $95,000.00 in sums as may be required, but not less than $100.00 each, or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland, at a value of 4.866 to the pound sterling; and all such debentures shall be sealed with the seal of the corporation, signed by the Mayor and countersigned by the Treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

3. The said debentures shall be payable on the First day of July, 1961, at such place or places as the council of the said corporation may from time to time appoint with the approval of the holders thereof and shall bear interest at the rate of four and one-half per centum per annum, payable half yearly on the First day of January and the First day of July in each and every year, and the said debentures shall have attached to them coupons for the payment of interest which said coupons shall be signed by the said Mayor.

4. A special rate on the dollar shall be levied and raised in each year in addition to all other rates on all the rateable property of the city sufficient to pay the interest upon the debentures and to create a sinking fund for the payment of the principal thereof when due subject to any act or enactment respecting the same.

5. Subject as aforesaid, there shall be raised annually by special rate as aforesaid during the currency of the said debentures the sum of $4275.00 for the payment of interest thereon and the sum of $842.25 for the payment of the principal.

6. The proceeds of the sale of the said debentures shall be applied as follows and not otherwise: towards paying the cost of the passing of this by-law and the issue and sale of the debentures therein referred to and all expenses connected with the issuance of the said loan, and the balance shall be paid over from time to time as required upon the order of the trustees by the city treasurer to the several persons to whom moneys are payable.

7. This By-law shall take effect on the day of , 1911, and may be cited as the "Public School Debenture By-law, 1911."

8. This By-law before the final passing thereof shall receive the assent of the electors of the said city in manner required by law.

Received the assent of the electors on the day of , 1911.

Reconsidered and finally passed in open council the day of , 1911.

City Clerk. Mayor.

CORPORATION OF THE DISTRICT OF BURNABY.

By-law No.

A By-law to enable the Corporation of the District of Burnaby to raise by way of Loan the sum of $8500.00 for School Purposes.

Whereas the Board of School Trustees of Burnaby in pursuance of the powers granted to them by Section 42 of the "Public Schools Act, 1905," as re-enacted by Section 32 of the "Public Schools Act, 1905, Amendment Act. 1906," have caused to be prepared and laid before the Municipal Council a detailed estimate of the sums required to meet such special or extraordinary expenses which may be legally incurred by the board.

And whereas the said estimate of such special or extraordinary expenses amounts to the sum of $8000.00 according to the statement following, which sum together with the sum of $500.00, estimated costs incidental to this by-law and the raising of the proposed loan, amounts to the sum of $8500.00.

Barnet School—
Sidewalk and outbuildings.$ 150.00
Burnaby East—
Grading and fencing 1500.00
Burnaby West—
Grading and fencing' 800.00

Hamilton Road—
Well and pump $100.00, grading and draining $500.. 600.00
Lake View—
Grading 500.00
Armstrong Avenue—
Clearing and grading 1000.00
Haley Avenue—
Clearing and grading 650.00
Securing site in vicinity of Capital Hill 2700.00
Costs incidental to this by-law and raising the loan 500.00

Total $8500.00

And whereas it is necessary to raise the moneys required to defray the above expenditure upon the credit of the municipality.

And whereas under the powers vested in the Council of Public Instruction under Section 6 (b) of the said "Public Schools Act, 1905," as re-enacted by Section 3 of the "Public Schools Act, 1905, Amendment Act, 1906," the boundaries of the Municipal School District of Burnaby have been extended so as to include district lot one hundred and seventy-two (172), group one (1), New Westminster District.

And whereas by Section 14 of the said "Public Schools Act, 1905," as re-enacted by Section 12 of the "Public Schools Act,1905, Amendment Act, 1906," where any territory has been included within a Municipal School District in accordance with Section 6 (b), the provisions of that Act respecting Public Schools in cities and rural municipalities shall apply thereto, and such territory for all school purposes, shall be deemed to be united to such Municipal School District, and all property situate in such territory, shall be liable to assessment for school purposes in the same manner and to the same extent as if the same were included in the limits of the incorporated city, town or rural municipality, and in this by-law the word "municipality" shall be construed and apply accordingly.

And whereas it will be necessary to raise annually by special rate the sum of eighty-five ($85.00) dollars principal and the sum of three hundred and sixty ($360.00) dollars interest, making together a total amount annually of four hundred and forty-five ($445.00) dollars for the term of forty (40) years for the repayment of the said loan and interest thereon as hereinafter mentioned.

And whereas the net value of the whole rateable land in the said municipality (including district lot one hundred and seventy-two (172) as before recited), according to the last revised assessment roll, amounts to $10,486,895.00

And whereas to provide for the payment of the interest and the creation of a sinking fund for the payment of the said principal sum of eight thousand five hundred ($8500.00) dollars it will be necessary to levy a special annual rate sufficient to raise the sum of four hundred and forty-five ($445 00) dollars, the amount to be calculated annually on the whole of the rateable land comprised within the municipality.

Be it therefore enacted by the Reeve and Council of the said Corporation of Burnaby in open Council assembled as follows, namely:

1. It shall be lawful for the Reeve and Clerk of the Council, for the purpose aforesaid, to borrow or raise by way of loan from any person or body, or bodies corporate, who may be willing to advance the same upon the credit of the debentures hereinafter mentioned a sum not exceeding eight thousand five hundred ($8500.00) dollars, and to cause the same to be placed in the Royal Bank of Canada in the City of New Westminster to the credit of the said Corporation for the purpose and with the objects above set forth and to issue any number of debentures of the said Corporation to the sum of eight thousand five hundred ($8500.00) dollars in the whole in accordance with the "Municipal Clauses Act," in sums as may be required, but not less than five hundred ($500.00) dollars each, or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland at a value of $4.86⅔ to the pound sterling, as may be required, the said debentures to be sealed with the corporate seal and to by signed by the Reeve and Clerk.

2. The debentures shall bear interest at a rate not exceeding 4½ per centum per annum, payable half-yearly on the day of and the day of respectively, in each and every year during the currency of the said debentures or any of them.

3. The said debentures as to principal and interest shall be payable at any branch of the Royal Bank of Canada in Canada or their agents in the City of London, England, and as to principal the debentures shall be made payable at the end of forty (40) years at the farthest from the day hereinafter mentioned for this by-law to take effect, and shall have coupons attached to them for the payment of interest.

4. There shall be raised and levied annually by a special rate sufficient therefor on all the rateable land within the limits of the said municipality the sum of eighty-five ($85.00) dollars for the purpose of forming a sinking fund for the payment of the said debentures, and the sum of three hundred and sixty ($360.00) dollars for the payment of the interest at the rate aforesaid to become due on such debentures during the currency thereof, the said special rate to be in addition to all other rates to be levied and collected in the said municipality during the currency of the said debentures or any of them.

5. This by-law shall take effect on and after the day of , 1911.

6. This by-law may be cited for all purposes as the "Burnaby Municipality (School Board) Loan No. 2 By-law, 1911."

Passed the first and second reading by the Council on the 27th day of March, 1911.

Received the assent of the electors at an election for the purpose on the day of , 1911.

Reconsidered and finally adopted by the Council, signed by the Reeve and Clerk and sealed with the Corporate seal all on the day of , 1911.

Take notice that the above is a true copy of the proposed by-law upon which the vote of the municipality will be taken on Saturday, the 8th day of April, 1911, between 9 o'clock a.m. until 7 o'clock p.m., at the following polling places:

The Municipal Hall, Edmonds.
Agricultural Hall, Central Park.
Lake View School House.
Hamilton Road School House.
Mr. Herd's Office.
Duthie School House.

Public notice is hereby given that the vote of the electors of the district of Burnaby will be taken on the above mentioned by-law at the time and place above mentioned, and that A. G. Moore has been appointed returning officer to take the vote of such electors, with the usual powers in that behalf.

By order of the Council.
J. W. WEART, Reeve.
A. G. MOORE, Acting Clerk.

CORPORATION OF THE DISTRICT OF BURNABY.

By-law No.

A By-law to enable the Corporation of the District of Burnaby to Raise by way of Loan the sum of $76,000.00 for School Purposes.

Whereas the Board of School Trustees of Burnaby in pursuance of the powers granted to them by Section 42 of the "Public Schools Act, 1905," as re-enacted by Section 32 of the "Public Schools Act, 1905, Amendment Act 1906," have caused to be prepared and laid before the Municipal Council a detailed estimate of the sums required to meet such special or extraordinary expenses which may be legally incurred by the board.

And whereas the said estimate of such special or extraordinary expenses amounts to the sum of $75,000.00 according to the statement following, which sum together with the sum of $1000.00 estimated costs incidental to this by-law and the raising of the proposed loan amounts to the sum of $76,000.00.

Purchase and clearing of site for office for board, construction of office and equipment of same .....$ 5,000.00
Purchase of seven school sites at an average cost of $10,000.00 each 70,000.00
Costs incidental to this by-law and raising the loan.. 1,000.00

Total $76,000.00

And whereas it is necessary to raise the moneys required to defray the above expenditure upon the credit of the municipality.

And whereas under the powers vested in the Council of Public Instruction under Section 6 (b) of the said "Public Schools Act, 1905," as re-enacted by Section 3 of the "Public Schools Act, 1905, Amendment Act, 1906," the boundaries of the Municipal School District of Burnaby have been extended so as to include district lot one hundred and seventy-two (172), group one (1), New Westminster district.

And whereas by Section 14 of the said "Public Schools Act, 1905," as re-enacted by Section 12 of the "Public Schools Act, 1905, Amendment Act, 1906," where any territory has been included within a municipal school district in accordance with Section 6 (b) the provisions of that act respecting public schools in cities and rural municipalities shall apply thereto, and such territory, for all school purposes, shall be deemed to be united to such municipal school district, and all property situated in such territory, shall be liable to assessments for school purposes in the same manner and to the same extent as if the same were included in the limits of the incorporated city, town or rural municipality, and in this by-law the word "municipality" shall be construed and apply accordingly.

And whereas it will be necessary to raise annually by special rate the sum of eight hundred dollars ($800.00) principal and the sum of three thousand four hundred and twenty dollars ($3420.00) interest, making together a total amount annually of four thousand two hundred and twenty dollars ($4220.00) for the term of forty (40) years for the repayment of the said loan and interest thereon as hereinafter mentioned.

And whereas the net value of the whole rateable land in the said municipality (including district lot one hundred and seventy-two (172) as before recited) according to the last revised assessment roll, amounts to ten million four hundred and eighty-six thousand eight hundred and ninety-five dollars ($10,486,895.00).

And whereas to provide for the payment of the interest and the creation of a sinking fund for the payment of the principal sum of seventy-six thousand dollars ($76,000.00) it will be necessary to levy a special annual rate sufficient to raise the sum of four thousand two hundred and twenty dollars ($4220.00), the amount to be calculated annually on the whole of the rateable land comprised within the municipality. Be it therefor enacted by the Reeve and Council of the said Corporation of Burnaby in open council assembled as follows, namely:

1. It shall be lawful for the Reeve and Clerk of the Council, for the purpose aforesaid, to borrow or raise by way of loan from any person or body, or bodies corporate, who may be willing to advance the same upon the credit of the debentures hereinafter mentioned a sum not exceeding seventy-six thousand ($76,000.00) dollars and to cause the same to be placed in the Royal Bank of Canada in the City of New Westminster to the credit of the said Corporation for the purpose and with the objects above set forth and to issue any number of debentures of the said Corporation to the sum of seventy-six thousand ($76,000.00) dollars in the whole in accordance with the "Municipal Clauses Act" in sums as may be required, but not less than five hundred dollars ($500.00) each, or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland at a value of $4.86 2-3 to the pound sterling as may be required, the said debentures to be sealed with the corporate seal and to be signed by the Reeve and Clerk.

2. The debentures shall bear interest at a rate not exceeding 4½ per centum per annum payable half-yearly on the day of and the day of respectively in each and every year during the currency of the said debentures or any of them.

3. The said debentures as to principal and interest shall be payable at any branch of the Royal Bank of Canada in Canada or their agents in the City of London, England, and as to principal the debentures shall be made payable at the end of forty (40) years at the farthest from the day hereinafter mentioned for this by-law to take effect, and shall have coupons attached to them for the payment of interest.

4. There shall be raised and levied annually by a special rate sufficient therefor on all the rateable land within the limits of the said municipality the sum of eight hundred ($800.00) dollars for the purpose of forming a sinking fund for the payment of the said debentures, and the sum of three thousand four hundred and twenty ($3420.00) dollars for the payment of the interest at the rate aforesaid to become due on such debentures during the currency thereof, the said special rate to be in addition to all other rates to be levied and collected in the said municipality during the currency of the said debentures or any of them. In the event of there being any unexpended balance of the $70,000.00 after purchasing the seven school sites as herein recited such unexpended balance shall be used for similar purposes.

5. This by-law shall take effect on and after the day of , 1911.

6. This by-law may be cited for all purposes as the "Burnaby Municipality (School Board) Loan No. 1 By-law, 1911."

Passed the first and second reading by the Council on the 27th day of March, 1911.

Received the assent of the electors at an election for the purpose on the day of , 1911.

Reconsidered and finally adopted by the Council, signed by the Reeve and Clerk and sealed with the Corporate Seal all on the day of 1911.

Take notice that the above is a true copy of the proposed by-law upon which the vote of the municipality will be taken on Saturday, the 8th day of April, 1911, between 9 o'clock a.m. until 7 o'clock p.m., at the following places:

The Municipal Hall, Edmonds.
Agricultural Hall, Central Park.
Lake View School House.
Hamilton Road School House.
Mr. Herd's Office.
Duthie School House.

Public notice is hereby given that the vote of the electors of the district of Burnaby will be taken on the above mentioned by-law at the time and place above mentioned, and that A. G. Moore has been appointed returning officer to take the vote of such electors, with the usual powers in that behalf.

By order of the Council.
J. W. WEART, Reeve.
A. G. MOORE, Acting Clerk.

THE CORPORATION OF THE CITY OF NEW WESTMINSTER.

By-law No.

A By-law to enable the Council of the Corporation of the City of New Westminster to raise by loan the sum of $75,000.00 for the purpose of erecting a High School in the City of New Westminster.

Whereas the Board of School Trustees of the City of New Westminster in pursuance of the powers granted to them by Section 42 of the "Public Schools Act 1905," as re-enacted by Section 32 of the "Public Schools Act 1905, Amendment Act 1906," have caused to be prepared and laid before the municipal council a detailed estimate of the sums required to meet such special or extraordinary expenses which may be legally incurred by the board.

And whereas the said estimate of such special or extraordinary expenses for public school purposes is the sum of seventy-five thousand dollars ($75,000.00) for the building of a High School.

And whereas it is necessary to raise the required sum to defray the above expenditure upon the credit of the municipality.

And whereas it will be necessary to raise annually by special rate the sum of $3375.00 for payment of interest and the sum of $664.91 for payment of principal, making together the sum of $4039.91 for the term of fifty (50) years for the payment of the interest and repayment of the principal of the said loan as hereinafter mentioned.

And whereas the whole rateable property of the said City according to the last revised assessment roll thereof is $7,249,010.00.

And whereas to provide for the payment of the interest and the creation of a sinking fund for the payment of the principal of said loan it will be necessary to levy a special annual rate sufficient to raise the said sum of $4039.91, the amount to be assessed annually on the whole of the rateable land comprised within the said city.

Now therefore the municipal council of the Corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate who may be willing to advance the same upon the credit of the debentures hereinafter mentioned a sum not exceeding $75,000.00, and to cause the same to be paid into the tresaury of the said City for the purposes mentioned herein.

2. It shall be lawful for the Mayor to cause any number of debentures of the said, the Corporation of the City of New Westminster to be made not exceeding in the whole the sum of $75,000.00 in sums as may be required, but not less than $100.00 each or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland, at a value of 4.866 to the pound sterling; and all such debentures shall be sealed with the seal of the Corporation, signed by the Mayor and countersigned by the Treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

3. The said debentures shall be payable on the First day of July, 1961, at such place or places as the Council of the said Corporation may from time to time appoint with the approval of the holders thereof and shall bear interest at the rate of four and one-half per centum per annum, payable half yearly on the First day of January and the First day of July, in each and every year, and the said debentures shall have attached to them coupons for the payment of interest which said coupons shall be signed by the said Mayor.

4. A special rate on the dollar shall be levied and raised in each year in addition to all other rates on all the rateable property of the City sufficient to pay the interest upon the debentures and to create a sinking fund for the payment of the principal thereof when due, subject to any act or enactment respecting the same.

5. Subject as aforesaid, there shall be raised annually by special rate as aforesaid during the currency of the said debentures the sum of $3375.00 for the payment of interest thereon and the sum of $664.91 for the payment of the principal.

6. The proceeds of the sale of the said debentures shall be applied as follows and not otherwise: towards paying the cost of the passing of this by-law and the issue and sale of the debentures therein referred to and all expenses connected with the issuance of the said loan, and the balance shall be paid over from time to time as required upon the order of the trustees by the City Treasury to the several persons to whom moneys are payable.

7. This by-law shall take effect on the day of , 1911, and may be cited as the "High School Debenture By-law 1911."

8. This by-law before the final passing thereof shall receive the assent of the electors of the said City in manner required by law.

Received the assent of the electors on the day of , 1911.

Reconsidered and finally passed in open council the day of 1911.

City Clerk. Mayor.

Take notice that the above is a true copy of the proposed by-law upon which the vote of the municipality will be taken at the following places, viz.:

The Council Chamber, City Hall; No. 4 Fire Hall, Sapperton; and No. 5 Fire Hall, Thirteenth Street; on the 12th day of April, from 9 a.m. to 7 p.m.

W. A. DUNCAN.
City Clerk.

TUESDAY, APRIL 4, 1911.

THE AUDITOR'S POSITION.

The interview with Mr. G. B. Walker, J. P., which was printed in yesterday's News should form a valuable contribution towards the question which confronts the citizens of New Westminster in connection with the position of Moses B. Cotsworth as auditor. There has seemed to be some doubt in the minds of both the council and of ratepayers as to the precise character of the relationship existing between the city and the auditor, but this should be set at rest by the decided and authoritative views expressed by Mr. Walker.

It appears that by sections 95 to 100 of the Municipal Clauses Act, under the power given by the first of which the auditor was appointed, the appointment remains in force for one year and no more, without renewal; whilst under sub-section (b) of section 45 it is provided there shall be no holding of office except at the pleasure of the council. This Mr. Walker aptly terms the "spirit" of the statute.

The appointment of Moses B. Cotsworth as auditor made by the lieutenant-governor at the request of the council in May last will therefore naturally come to an end next month. But again we ask: how is it that Mr. Cotsworth is still in possession at the city hall when the pleasure of the council was so clearly expressed by resolution in August last, that his services be dispensed with? It is important that this resolution should be borne in mind in connection with the claim put forward by or on behalf of the auditor for the payment of nine hundred dollars for remuneration and expenses. Moreover it must be remembered that this official has failed to perform a very important part of the duties assigned to him by statute. He is required to prepare and present a statement of receipts and expenditures and a balance sheet for the year ending December 31 by the second Monday in the following January. And it is further required that this statement and balance sheet shall be affixed at the door of the council chamber for public inspection. No such statement has, however, been presented by the auditor as so required, and he is therefore delinquent in this respect.

Mr. Walker also deals with the rights and duties of the auditor in regard to putting forward recommendations, publishing reports and making charges against and reflections upon councillors and ratepayers. The act does not contemplate or provide for any of these things, which are therefore, as we have always maintained, entirely outside the auditor's duties and altogether irrelevant to the audit. The remedy for any irregularities which the auditor may discover are provided for in quite another and more proper way.

The auditor should "weigh actions, not men," as Mr. Walker tersely puts it. And above all things he should not be partizan. Now the Cotsworth report is almost entirely taken up with matters of a personal character, whilst in this, as well as in the explanatory preface and the sundry notes and addenda included with the printed report, and also upon the platform at the recent civic election, a decided partizan spirit was displayed. Mr. Walker's comment upon the action of Moses B. Cotsworth in this particular, is very pertinent, and expresses the feeling of a very large number of the ratepayers of this city. He says:

"As to the personal attacks upon some of our most respected citizens in Burnaby and New Westminster all that can be said is that it is a strange proceeding, most unjudicial in character, and an entirely new phase of the work of a government auditor. It is most regrettable that rising and ambitious municipalities should receive so far-reaching and so questionable an advertisement in these days of press dispatches to both the old world and the new."

Elected to the Duma.

Moscow, Russia, April 3.—The constitutional Democratic candidate, Nikolai V. Teslinko, won the by-election for the seat in the duma made vacant by the retirement of Feodor A. Gelavio, a Democrat and a former president of this body.

ANNOUNCE PEACE CONGRESS TOPICS

INTERNATIONAL BUREAU OFFICIALS PLAN CONFERENCE AT ROME—TO BE HELD ON OCTOBER 17-24.

Boston, April 3.—Announcement that the permanent international peace bureau, located in Berne, Switzerland, has issued a provisional program for the nineteenth Universal Peace congress, which will be held in Rome October 17 to 24 next, has been made in the American office of the World's Peace Foundation here.

The provisional order of the day will be decided upon by the executive committee of the permanent bureau at its regular session next May. The program includes the following items:

1. Report of the bureau on the events of the year relative to war and peace. Questions of actuality. Reporter, Albert Goabatt, secretary general of the international peace bureau, Berne.
2. The Hague conference. (a) Code of international public law. (b) Study of the real cause of war since 1815.
3. Limitation of armaments.
4. International organization of peace work. (Proposition of the R. Denne group of the association in favor of peace by means of law).
5. International organization of communications to the peace. (Proposition of the R. Denne group of the association in favor of peace by means of law).

DREAM CITY.

A theatrical event of considerable importance is the appearance of Max Dill, the famous comedian, of Kolb and Dill, who will be seen at the Opera house on Thursday. There is no question but that Dill ranks foremost among the country's makers of Teutonic foolery. His unique personality, individual comedy methods, and simple fashion of scoring his points have inspired the admiration of the critics of the country. His German accent is not grossly exaggerated, his quick choppy gestures are eloquent in the extreme, and his eyes have been declared the most eloquent on the comedy stage.

Dill comes direct from a 100 nights in San Francisco, and his offering is "Dream City," most delightful of modern musical comedies. In this odd conceit, the corpulent comedian portrays the character of a Long Island truck farmer, who is possessed of a disinclination for work, an inclination for huckleberry wine, and has in addition considerable of a dreamy nature. "Dream City" is the creation of a dream, as its title suggests. It is a wonderful fantastic community filled with towers and minarets and gilded domes, and where all is pleasure and labor is taboo.

Naturally the craft of the men behind the scenes has been called into ample play by the demands of such a plot, and the second act which discloses "Dream City" is spectacular in the extreme. Without exaggeration it may be termed the most beautiful and elaborate stage picture upon the musical comedy stage.

The same care that characterized the highly successful San Francisco engagement of Dill is evidenced in his road presentation. There are fifty people in the company, embracing some of the best known comedy players in the country. The costumes arestriking in design and lavish to an extreme, and there are all manner of novel effects in the piece. Dill's chorus has been enthusiastically acclaimed by critics the best-drilled on the coast. And the girls can sing quite as well as they dance, besides having more than a goodly share of beauty. The "Hussar March" of the girls in "Dream City" is one of the most delightful features of the performance.

PROTESTS AGAINST RECIPROCITY ARE ALL WORDED ALIKE

Ottawa, April 3.—The corporate interests engaged in fighting reciprocity are dying hard. In further supplementary returns brought down in parliament by Sir Wilfird Laurier, forty-nine petitions are against reciprocity and thirty in favor. The opposition practically consists of petitions from employees of factories in Toronto, Hamilton, Montreal, Halifax and other eastern cities and are in the same words, showing that they are apart of the organization financed against reciprocity by the corporation interests. The chances of injury to the livelihood of factory employees is negotiated by the fact that the agreement does not affect manufacturers to an appreciable extent.

Among the communications received by the government in support of the proposals are messages from the Canadian Club of Canadians in New York, of congratulation and good wishes, and a manifesto from a great group of old country Liberals, forwarded by Lord Strathcoma, setting forth the conviction that reciprocity will result in "immense direct benefit to Great Britain and the Empire generally."

The Conservative opposition in the house of commons is hopelessly demoralized. R. S. Lake (Qu'Appelle), when asked by the minister of agriculture to define his position on reciprocity, evaded the question.

PAID $14,400 FOR ONE SOUP PLATE

Paris, April 3.—What is believed to be the highest price for antique china, was paid yesterday at the Hotel Drouot for a soup plate of old Faience de Deruta, which brought $14,400. The plate is only 41 centimeters in diameter, and is decorated in copper yellow and ruby red of metallic lustre. It has a center picture of a woman with a short inscription underneath.

An old cup of Urbino Faience, with the picture of a woman being burned alive, and decorated on the back with small cirles of metallic lustre made at Gubbio, brought $3000.

STRANGE MALADY HAS CHILDREN IN ITS GRIP

Fort William, April 3.—Children attending Franklin street school in this city have been complaining of sickness for some time, being taken with spells of vomiting and last week a teacher also was taken down. A fan was installed to draw off the foul air if such there was in the building.

The school was opened this week and the children have since been ill, though Supervising Principal Wood says there is nothing wrong. Today members of the school board visited the school and found nothing wrong, but the fact remains that the children are being attacked with fits of vomiting.

Many children have been under the care of doctors and one mother is so much worked up that she has taken her little boy to a doctor and obtained a signed statement from him advising her to take him from school as he is fast going down hill.

The inactivity of the school board may lead to an indignation meeting.

SPORTING NEWS

SENIOR AMATEURS HAVE ORGANIZED

CLUB AIMS AT FOSTERING OF AMATEUR SPORT AND ANNEXING KILMARNOCK AND MANN CUPS—OFFICERS ELECTED.

An organization meeting of the Westminster Senior Amateur Lacrosse association was held yesterday evening in the market office, when a promising degree of enthusiasm was manifested. After the usual preliminaries the following officers were elected:

Honorary president, Mayor John A. Lee; president, J. W. Mahoney; vice-president, F. J. MacKenzie, M.L.A.; manager, George Grimston; secretary-treasurer, J. I. Keary; executive committee, Bert Galbraith, C. Smith and D. E. Munn.

J. J. Mahoney will be the official referee. The delegates to Victoria are George Grimston and J. I. Keary.

Practice nights were fixed for Tuesdays and Fridays, at Moody square, where a new dressing room will be fixed up.

It was also decided to ask the Westminster Lacrosse club for a donation of $150, which is to form the nucleus of the necessary sinews of sport.

Aims of Organization.

The aims of the Westminster Senior Amateur association include the fostering of amateur sport and the building up of a team of the calibre necessary to wrest the Kilmarnock Cup from the V. A. C. team, who won it last year from Westminster. When the Kilmarnock Cup once more fills a space in the cup cabinet in the Carnegie library, the boys will turn their eyes eastward and focus them on a handsome trophy known to sportdom as the Mann Cup, which has not yet been seen in the west, in spite of the good intentions and efforts of the V. A. C. team last year. If the local amateurs win the coast championship this season, a trip east in quest of the Mann Cup is almost assured.

The senior amateurs will put no bar on the players of that organization playing with the intermediates, leaving any action to be taken by the city intermediate league. The opponents of the new organization did not show up at the meeting yesterday evening, preferring to remain away. The sentiment against the straight amateur team seems to be dying down, it being recognized that the objects of the association are well worthy of support, even if the intermediate teams are somewhat weakened because of the new club.

An application for the city amateur franchise, which is at present held by the city league, will be made at the annual meeting of that body, which takes place on Thursday evening.

BILLIARDS.

Through the sportsmanlike attitude taken by the Ironworkers team, the billiard game in the commercial league championship between one of their representatives, A. Brisbane and R. A. McLellan (not McLellen or MacLennan or McLannen, but Mc Lellan), of the newspaper quintette, which was given to the former by default and then rescinded, it having been found that the inkslinger had been sidetracked by the electric juice being cut off last Thursday night, was played yesterday in the Sixth street parlors, and in the result McLellan won by nine points after the game looked a cinch for the Ironworker. From the twenty mark, the newsgatherer fell further and further in arrears and it was becoming a conjecture as to just how much Brisbane would win by. The latter either seemed to go off his game or it may have been that R. A. improved upon his previous showing, but from 135-119, Brisbane leading, the scribe forged, by useful compilations, nearer and nearer to his opponent, whom he passed at 139. Brisbane broke down at a difficult winning hazard, and Bobby, by careful play, reached his points, 150-141.

The asylum billiard team won in the commercial league game against the car shops team yesterday, getting four of the five games. Beaton's brilliant break of 20 was the feature of the day. The scores, in tabloid form:

Asylum.	Car Shops.
Spooner 117	Oliver 150
Holt 150	Judd 116
Sparrow 150	Roe 74
McAllister 150	Blacklock 111
Beaton 150	Geesin 88

Tonight, Newspapermen vs. Bank of Montreal.

KING SOLOMAN LODGE NO. 17, A. F. & A. M.

By request of the Worshipful Master the brethren will assemble at the lodge room, K. of P. block, at 1:30 p.m., Tuesday, April 4, for the purpose of attending the funeral of our late Bro. Warren DeBeck, who was a member of Crankbrook Lodge No. 34. Members of Union Lodge, Lewis Lodge and visiting brethren invited to attend. The funeral will proceed to St. Andrew's church and from there to the cemetery.

F. BROAD, Secretary.

Vetoed Sunday Baseball.

Lincoln, Neb., April 3.—Governor Aldrich vetoed today Senator Bartling's bill legalizing Sunday baseball.

NATIONALS ABANDON EXHIBITION GAMES

TRIP EAST FOR WESTMINSTER LACROSSE TEAM LOOKS LIKE DEAD PROPOSITION NOW—NO OFFICIAL NOTICE RECEIVED.

The vision of a trip east for the Salmon Bellies is fading fast. The management of the Westminster club has not yet received any intimation from the Nationals that the deal has been called off, but some word is expected to come through almost at any moment, especially in view of the following press despatch:

Montreal, April 3.—Nationals did not close any negotiations with the Westminster team for two exhibition games on May 24 and 27, as has been reported, according to a statement made by Chairman of Committee Caron, of the Nationals, this morning.

What the association did was to communicate with Westminster asking them on what terms they would come east for a couple of exhibition games. The Westminster reply was that they would come for five thousand dollars.

Then the Nationals communicated with President Jimmie Murphy asking him for dates. President Murphy's reply was that he could not sanction exhibition games on the dates mentioned.

"There," said Mr. Caron, this morning, "the matter dropped. We would not think of going over the head of the N. L. U. president, and although we discussed the advisability of sending a delegate to Toronto to interview President Murphy, we decided to let the matter drop."

"Since then President Murphy has notified us that we are scheduled to play in the N. L. U. series in Montreal on May 24. Consequently the Nationals have nothing further to say on the matter."

The following expressions of opinion on this subject were secured yesterday by the News:

Nels Nelson, President B. C. L. A.—In many ways I am sorry that the trip has been called off. Speaking as a member of the Westminster club, I naturally would have liked the team to take the journey east, not only because I feel that they would have made good, but because I think this jaunt was coming to them after the hard and trying season they experienced last year. If this news is official, I am glad that the matter is finally fixed as the officials of the B. C. L. A. can now draw up the schedule with a greater degree of certainty and earlier than they would and could have done with the Westminster club in the east. A meeting of our body will take place in this city in all liklihood on the eleventh of this month when the list of fixtures will be made. As to whether the abandonment of the exhibition games in the east will make any difference to the determination of the Westminster club to play any more than eight league matches against Vancouver, I would not like to state at this juncture.

Manager C. A. Welsh—I cannot understand the message at all. I have in my possession a letter from one of the best known lacrosse officials in the eastern city and it has an absolutely different construction to that of the message you have just shown to me. The delegates of the N. L. U. Clubs are, I am told on the best authority, in favor of the Salmon Bellies making the trip and as that association does not meet for the annual conference until Saturday first, I would prefer to wait until stating that this was the definite decision come to by the president of the N. L. U.

Secretary Herb Ryall—I am not surprised at the trip falling through. Whilst I felt all along that the Nationals were sincere in their proposals to us and the acceptance of the stipulated sum of $5000 which we asked as a guarantee, I felt that the president of the N. L. U. would pour cold water on the proposal. It is a thousand pities that our boys will not have the trip; they deserve it, if any world's champions did. This latest move will make Con Jones do some deep thinking now, and his proposed games with some unknown team during our absence in the eastern provinces will be but a dream. I have felt all along though, that a trip such as was offered us would be to the detriment of the players who will have a hard season in front of them without going a long journey. Still, as I was the only one who thought so in this manner, I did not force the point as the players and other officials could not see eye to eye with me. Now that the whole affair has been called off, it but remains for the champions to get into fit condition for the matches against Vancouver. We will have no excuses to put forward this season IF we are defeated by the Vancouver aggregation, same as we might have done had the eastern trip taken too much out of our boys.

Packey Scores Empty Win.

Canton, Ohio, April 3.—Packey McFarland, who is one of the claimants for the lightweight crown—if he can saw a limb off—failed to stop Paul Kohler, of Cleveland, in ten rounds as per contract, but the Stockyards youth did sufficient to show his superiority over the practically unknown kid.

PITCHER'S MOUND NOW THOUGHT OUT OF DATE

Joe McGinnity Says Box Must Be Lowered and Pitching Distance Should Be Decreased.

"Iron Man" Joe McGinnity and "Eagle Eye" Jake Beckley, both of whom ought to know considerable about the workings of the never-ending conflict between the pitcher and the batter, have widely different ideas as to what should be done to increase batting.

McGinnity is of the opinion that the pitcher's mound is doomed, and that hereafter the twirling must be on the level with the batter. He also thinks that pitching distance should be decreased to fifty feet from the box to the home plate.

Beckley claims that to reduce the pitching distance would make hitting more difficult than it is today. "With the short distance," says "Eagle Eye" "the pitcher with speed will wing them over so that the batter will never see the ball."

McGinnity has radical views on the subject. He thinks that the game is a case of "too much pitcher." Being a manager the Iron Man appreciates the troubles of the batsmen. He says on the subject:

"Baseball just now is a one-man's game. A manager gets good pitchers and builds the team up around the flinger. The idea is to get a twirler in the box who can keep the opposing team from scoring many runs and try to make more off the man performing in the box for the other fellows.

"By putting the box on a level with the rest of the diamond the twirlers—that is, most of them—would find it harder to fool the batters. Underhand twirlers would like to see the box down as low as possible, as it would help them in their work.

"The rules committee has gone the wrong way about it in trying to increase hitting. In moving the box further away from the plate the baseball rulers only handicapped the sluggers. It would have been better if the pitcher had been moved up nearer the batter. It is easily figured out that a man standing at the plate can hit it out when the pitcher is near the plate.

"Take for instance, a few years ago, when the twirlers stood only forty-five feet from the man at the bat. Look at the hitting that was done in those days. The pitchers probably didn't have as many curves, but they had speed, and there were not near as many strikeouts.

"Nowadays the batter gets his eye on the ball too quickly. When the sphere comes up to him he is unable to do himself justice. I talked this matter over with the rules committee a few years ago and suggested at the time that the pitching distance be made fifty feet from the home plate. I believed then, and am of the same opinion now that such a change would increase batting all around."

BIG BOXING SCHEME.

New York Promoters Would Decide World's Amateur Championship.

New York, April 3.—Boxing promoters have begun negotiations for the holding of an international amateur boxing tournament here which will practically demonstrate the world's championship.

The principal class in these competitions will be the heavyweight with entries from England and France bidding for the title against such well known exponents of the game as Warren Barbour, Tony Biddle and the pick of the division of the west. Applications will be made to the Amateur Athletic Union for a sanction for the event as well as permission to increase the valuation of medals as awards to the respective winners. The scheme calls for a ten days' series at all weights.

It is known that Joe Choynski has a pupil in Chicago whom he thinks superior to Barbour or Biddle. He was one of the contestants in the elimination trials to decide upon the American title defender.

GOALKEEPER TURNS PREACHER.

Well Known Toronto Hockey Player Preaches His First Sermon.

Chuck Tyner, who used to be one of the best known goalkeepers in Ontario, has decided to take up the more serious business of preaching, and as an evangelist delivered his first sermon last Sunday in Oklahoma.

Chuck Tyner commenced his athletic career as an association football player. In 1900 he commenced to play rugby with the Wellesley Juniors, and graduated into senior ranks three years later. About that time he did a little amateur boxing, and commenced to play hockey. He was a failure as a forward, so Freddie Summerhaves stuck him in goal in the Markham tournament. He made good, and the next year Marlboros seniors grabbed him off. He became a wonder, and after three years with them joined the Toronto professionals. From Toronto he went to Brantford, where he managed the Brantford pros. and played goal. He was also a good ball player, and was no slouch at tennis and lacrosse. Tyner's two brothers are in the ministry.

CHANCE THINKS GIANTS WILL BE DANGEROUS

Manager Frank Chance of the champion Chicago Cubs appears to share the popular belief that the Giants are going to be a tough club to beat in 1911. Talking with Harry Tuthill recently in New Orleans, the Chicago boss said that the club which succeeds in beating McGraw will win the pennant in Lynch's show.

"McGraw will have some good pitching this season or I miss my guess," said Chance. "Mathewson ought to be just as good as he ever was for ten years longer. Ames and Wiltse ought to do well, while Crandall can beat the second division teams as often as they stick him in against them.

"As for the Cubs, I can't tell yet what to expect. It looks as though we had picked up a couple of good youngsters, and I hope we will be stronger than in 1910. Cincinnati may make some trouble, but I look for the Giants to make the real fight and figure that if we can head this bunch it will be another bit of bunting for the West Side flagpole."

Publicity Man Gets Hard Raps

(Continued from Page One.)

land at anything from $5 to $150 per acre, which, for agricultural purposes is all that could be desired. Surely those prices will not stop a man coming in with his wife and children and making not only a living for the lot, but a mighty good living. For my part I have a great faith in the office of publicity commissioner.

Alderman Dodd—I do to a large extent believe in the publicity of any city, but I say again with emphasis that I do not believe in bringing people here for the purpose of unloading them on the speculators. Old timers are too shrewd to be caught by these agents and speculators.

Alderman Bryson agreed almost in entirety with the labor alderman. He, in the course of a lengthy talk, quoted figures which he said would prove to the hilt his contentions that the only class to which immigration was doing any good was the dealers in land. Land bought cheap by Norwegians and Swedes many years ago had been sold by them at enhanced values and the money, instead of remaining here, had gone back over the seas with these foreigners. If the publicity commissioner could tell him (Bryson) what the people who were coming out here were going to do and prove it he would sit down and be quiet.

Knows a Good Thing.

Alderman Gray—If someone came along and offered you $5000 more for your business than it was worth, of course you would take it, wouldn't you?

Bryson—No sir, nor $50,000. I want to have my home here and I would not take anything for it.

Gray—You know when you have a good thing. I am not against the commissioner, but I strongly object to him acting as an agent for an agent and as an employment agency.

The mayor selected Aldermen Campbell, Gray and Johnson as his committee to assist and confer with the board of trade on the matter of making the city better known.

Two and a Half Hours on Operating Table

Specialist Could Not Remove Stone In The Bladder

GIN PILLS PASSED IT

JOLIETTE, P.Q.

"During August last, I went to Montreal to consult a specialist as I had been suffering terribly with Stone in the Bladder.

He decided to operate but said the stone was too large to remove and too hard to crush. I returned home and was recommended by a friend to try GIN PILLS.

They relieved the pain. I took two boxes and went back to the specialist. He said the stone was smaller but he could not remove it although he tried for two hours and a half. I returned home and continued to take GIN PILLS, and to my great surprise and joy, I passed the stone.

GIN PILLS are the best medicine in the world and because they did me so much good, I will recommend them all the rest of my life". 46

J. ALBERT LESSARD.

50c a box—6 for $2.50—at all dealers, and money back if they fail to give relief. Sample box free. National Drug and Chemical Co., Dept. B.C., Toronto.

THE CORPORATION OF THE CITY OF NEW WESTMINSTER.

By-law No.

A By-law to enable the Council of the Corporation of the City of New Westminster to raise by loan the sum of $20,000.00 for the purpose of purchasing site and erecting Stable required for Stabling of City Horses.

Whereas it is necessary to purchase a site and erect a stable for the stabling and care of horses belonging to the Corporation and for the purposes aforesaid it will be necessary to expend the sum of twenty thousand dollars ($20,000.00).

And whereas it appears that if the said sum of $20,000.00 be appropriated from the general revenue of the City for the current year, the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the Corporation, and that debentures should be issued for that amount.

And whereas for the payment of interest on the debentures proposed to be issued under this by-law, and for creating a sinking fund for the payment of the said debentures when due, it will be necessary to raise by special rate in addition to all other rates, each year during the currency of the said debentures, the sum of ten hundred and seventy-seven dollars and thirty-one cents ($1077.31).

And whereas in order to raise the said yearly sum of $1077.31 an equal special rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster.

And whereas the whole rateable property of the said City, according to the last revised assessment roll thereof, is seven million two hundred and forty-nine thousand and ten dollars ($7,249,010.00).

And whereas the total amount of the existing debt of the said City is one million six hundred and seventeen thousand one hundred dollars ($1,617,100.00) irrespective of the sum of four hundred and seventy-two thousand dollars ($472,000.00) proposed to be raised under this by-law and the "Street Improvement By-law 1911," "Water Extension By-law 1911," "Parks Improvement By-law 1911," "Light Extension By-law 1911," "Storehouse By-law 1911," "Fire Debenture By-law 1911" and "Lulu Island Bridge By-law 1911," of which none of the principal or interest is in arrears.

Now therefore the municipal council of the Corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate who may be willing to advance the same on the credit of the debentures hereinafter mentioned, any sum or sums of money not exceeding in the whole the sum of $20,000.00 and to cause the same to be paid into the Treasury of the said City for the purposes mentioned herein.

2. It shall be lawful for the Mayor to cause any number of debentures to be made not exceeding in the whole the sum of $20,000.00 for such sums of money as may be required, not less than $100.00 each, or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland, at a value of 4.866 to the pound sterling; and all such debentures shall be sealed with the seal of the Corporation, signed by the Mayor and countersigned by the Treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

3. The said debentures shall be payable on the First day of July, 1961, at such place or places as the council of the said Corporation may from time to time appoint with the approval of the holders thereof, and shall bear interest at the rate of four and one-half per centum per annum, payable half-yearly on the First day of January and the First day of July in each and every year, and the debentures shall have attached to them coupons for the payment of interest, which said coupons shall be signed by the said Mayor.

4. A special rate on the dollar shall be levied and raised in each year, in addition to all other rates, on all the rateable property of the City, sufficient to pay the interest upon the debentures and to create a sinking fund for the payment of the principal thereof when due, subject to any act or enactment respecting the same.

5. Subject as aforesaid, there shall be raised annually by special rate as aforesaid, during the currency of the said debentures, the sum of $900.00 for the payment of interest thereon, and the sum of $177.31 to provide for the repayment of the principal.

6. The proceeds of the sale of the said debentures shall be applied as follows and not otherwise: towards paying the cost of the passing of this by-law and the issue and sale of the debentures therein referred to and all expenses connected with the issuance of the said loan, and the balance shall be paid over from time to time as required upon the order of the trustees by the City Treasurer to the several persons to whom moneys are payable.

7. This by-law shall take effect on the day of , 1911, and may be cited as the "Board of Works Stable Debenture By-law 1911."

8. This by-law before the final passing thereof shall receive the assent of the electors of the said City in the manner required by law.

Received the assent of the electors on the day of , 1911.

Reconsidered and finally passed in open council the day of , 1911.

City Clerk. Mayor.

Take notice that the above is a true copy of the proposed by-law upon which the vote of the municipality will be taken at the following places, viz.:

The Council Chamber, City Hall; No. 4 Fire Hall, Sapperton; and No. 5 Fire Hall, Thirteenth Street; on the 12th day of April, from 9 a.m. to 7 p.m.

W. A. DUNCAN,
City Clerk.

THE CORPORATION OF THE CITY OF NEW WESTMINSTER.

By-law No.

A By-law to enable the Council of the Corporation of the City of New Westminster to raise by loan the sum of $15,000.00 for the purpose of erecting a Storehouse for the storage of Goods, Wares, Merchandise, Tools and other property belonging to the Corporation.

Whereas it is necessary to erect a storehouse for the storage of goods, wares, merchandise, tools and other property belonging from time to time to the Corporation; and for the purpose aforesaid it will be necessary to expend the sum of fifteen thousand dollars ($15,000.00).

And whereas it appears that if the said sum of $15,000.00 be appropriated from the general revenue of the City for the current year, the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the Corporation, and that debentures should be issued for that amount.

And whereas for the payment of interest on the debentures proposed to be issued under this by-law, and for creating a sinking fund for the payment of the said debentures when due, it will be necessary to raise by special rate in addition to all other rates, each year during the currency of the said debentures the sum of eight hundred and seven and 97-100 dollars ($807.97).

And whereas in order to raise the said yearly sum of $807.97 an equal special rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster.

And whereas the whole rateable property of the said City, according to the last revised assessment roll thereof, is seven million two hundred and forty-nine thousand and ten dollars ($,249,010.00).

And whereas the total amount of the existing debenture debt of the said City is one million six hundred and seventeen thousand one hundred dollars ($1,617,100.00) irrespective of the sum of four hundred and seventy-two thousand dollars ($472,000.00) proposed to be raised under this by-law and the "Street Improvement By-law 1911," "Water Extension By-law 1911," "Light Extension By-law 1911," "Parks Improvement By-law 1911," "Board of Works Stables By-law 1911," "Fire Debenture By-law 1911," and "Lulu Island Bridge By-law 1911," of which none of the principal or interest is in arrears.

Now therefore the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate who may be willing to advance the same on the credit of the debentures hereinafter mentioned, any sum or sums of money not exceeding in the whole the sum of $15,000.00, and to cause the same to be paid into the Treasury of the said City for the purposes mentioned herein.

2. It shall be lawful for the Mayor to cause any number of debentures to be made not exceeding in the whole the sum of $15,000.00 for such sums of money as may be required, not less than $100.00 each or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland, at a value of 4.866 to the pound sterling; and all such debentures shall be sealed with the seal of the Corporation, signed by the Mayor and countersigned by the Treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

3. The said debentures shall be payable on the First day of July, 1961, at such place or places as the Council of the said Corporation may from time to time appoint with the approval of the holders thereof, and shall bear interest at the rate of four and one-half per centum per annum, payable half-yearly on the First day of January and the First day of July in each and every year, and the debentures shall have attached to them coupons for the payment of interest, which said coupons shall be signed by the said Mayor.

4. A special rate on the dollar shall be levied and raised in each year, in addition to all other rates, on all the rateable property of the City, sufficient to pay the interest upon the debentures and to create a sinking fund for the payment of the principal thereof when due, subject to any act or enactment respecting the same.

5. Subject as aforesaid, there shall be raised annually by special rate as aforesaid, during the currency of the said debentures, the sum of $675.00 for the payment of interest thereon, and the sum of $132.98 to provide for the repayment of the principal.

6. The proceeds of the sale of the said debentures shall be applied as follows, and not otherwise: towards paying the cost of the passing of this by-law and the issue and sale of the debentures therein referred to and all expenses connected with the issuance of the said loan, and the balance shall be paid over from time to time as required upon the order of the trustees by the City Treasurer to the several persons to whom moneys are payable.

7. This by-law shall take effect on the day of , 1911, and may be cited as the "Storehouse Debenture By-law 1911."

8. This by-law before the final passing thereof shall receive the assent of the electors of the said City in the manner required by law.

Received the assent of the electors on the day of , 1911.

Reconsidered and finally passed in open council the day of , 1911.

City Clerk. Mayor.

Take notice that the above is a true copy of the proposed by-law upon which the vote of the municipality will be taken at the following places, viz.:

The Council Chamber, City Hall; No. 4 Fire Hall, Sapperton; and No. 5 Fire Hall, Thirteenth Street; on the 12th day of April, from 9 a.m. to 7 p.m.

W. A. DUNCAN,
City Clerk.

THE CORPORATION OF THE CITY OF NEW WESTMINSTER.

By-law No.

A By-law to enable the Council of the Corporation of the City of New Westminster to expend for other purposes the money raised under By-law No. 41, passed the 30th day of August, 1909, for the purpose of building an incinerator.

Whereas on the 25th day of August, 1909, a by-law was submitted to the electors for the purpose of raising by loan the sum of twenty thousand dollars ($20,000.00) for the building of a public incinerator for the distribution of the refuse, and the said by-law received the assent of the electors of the City of New Westminster and was reconsidered and finally passed on the 30th day of August, 1909.

And whereas for divers reasons it has been found impracticable or undesirable to expend the said sum of $20,000.00 in building the said public incinerator and the said sum so borrowed and raised under the provisions of the said by-law is now on hand and unexpended.

And whereas it is expedient to expend the sum of five thousand dollars ($5000.00) in the purchase and procurement of a garbage collecting plant for the said City and to expend the sum of fifteen thousand dollars ($15,000.00) in procuring of plans, reports of expert engineers and other incidental expenses of a comprehensive harbor scheme for the City of New Westminster and the waters of the Fraser river adjoining the said City.

Now therefore the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. The Council for the Corporation of the City of New Westminster shall purchase a garbage collecting plant for the collection of garbage and refuse in the City of New Westminster and for the payment of the same shall expend the sum of $5000.00 out of the money borrowed and raised under the provisions of By-law No. 41, "Incinerator Debenture By-law 1909."

2. The Council of the Corporation of the City of New Westminster shall procure report or reports of expert engineer or engineers and plans, profiles and other necessary or useful reports or information for the procurment and establishment of a comprehensive scheme for a fresh water harbor at the City of New Westminster and in the waters of the Fraser river adjoining the same, and for payment of the cost of and incidental to the said harbor scheme shall divert and use the sum of $15,000.00 borrowed and raised under the provisions of By-law No. 41, "Incinerator Debenture By-law 1909."

3. This by-law shall take effect on the day of , 1911, and may be cited as the "Garbage Plant Harbor Scheme By-law 1911."

4. This by-law before the final passing thereof shall receive the assent of the electors of the said City in the manner required by law.

Received the assent of the electors the day of , 1911.

Reconsidered and finally passed in open council the day of , 1911.

City Clerk. Mayor.

Take notice that the above is a true copy of the proposed by-law upon which the vote of the municipality will be taken at the following places, viz.:

The Council Chamber, City Hall, No 4. Fire Hall, Sapperton; and No. 5 Fire Hall, Thirteenth Street; on the 12th day of April, from 9 a.m. to 7 p.m.

W. A. DUNCAN.
City Clerk.
