ODD FELLOWS HOLD BIG CHURCH PARADE

OVER ONE HUNDRED AND FIFTY STRONG, MEMBERS OF I. O. O. F. MARCH TO ST. ANDREWS CHURCH AND HEAR SERMON.

The ninety-second annivsary of the formation of the Independent Order of Odd Fellows was celebrated the world over yesterday, church parades, followed by special sermons and music appropriate to the occasion, being the rule in almost every case. In Westminster the visit of the members of the order to one of the churches was carried out under the auspices of Amity lodge, No. 27, which was also celebrating the seventeenth anniversary of its organization, this lodge having been formally instituted on April 30, 1894.

The Odd Fellows attended St. Andrews Presbyterian church for the evening service, where Rev. J. S. Henderson preached a stirring sermon on "The Gospel of the Helping Hand." The Odd Fellows, about 150 strong, marched to the church from their hall, escorted by Canton No. 4, in full uniform. James Ferguson, P. G., marshalled the parade, and had been assisted in the advance work by Alex Adams, P. G., and W. C. Coatham, P. G.

Mr. Henderson delivered a well-thought-out sermon on the subject indictated by the title he had given it, dwelling particularly on the helping hand extended to members of their order and others by the Odd Fellows, whose strength now totalled 1,951,421. Extending upon the topic he had selected, the speaker touched upon the immigration problem, pointing out the need of making adequate provision for the spiritual needs of the hundreds of thousands who were coming out to these shores every year. Many of these, morally if not mentally dwarfed by centuries of thraldom and serfdom in the darker portions of eastern and southern Europe, are almost unreachable by the church at the present time. These newcomers are not seeking the Light, the Light must be brought to them, and to that end it will be necessary to bring the church up to a much higher standard, for they will judge individual Christians by what they see. The church must stand strongly for the [illegible] east. A fraternal society, such as the Odd Fellows, could do much toward help the cause of Christ among these people, but the work could not be done along stereotyped lines. The missionary must enter into the temperature of the people he would help and uplift.

Mr. Henderson took occasion to refer to the civic spirit of Westminster, lamenting the fact that this city had been kept back because of petty bickerings in the past, and making a plea for a broader outlook in the present and future. He regretted that the growth of this city had been retared because some of the public men lacked the essential qualification necessary to promote the advance of a town or city—public spirit.

In his concluding remarks the speaker again referred in complimentary terms to the members of the order he was addressing, urging his hearers to follow out the great maxims of Odd Fellowship in their several walks in life.

WOMEN, LOST, BURN CLOTHES FOR LIGHT

Party Wanders at Night in Woods Near Seaside Until Nearly Exhausted.

Seaside, Or., April 30.—Lost in the dense woods adjacent to this place, four prominent young Portland women, and one Spokane woman, with her two small sons, were compelled to use some of their garments for torches to light their way out of the thickets. Last night at midnight they met a party organized to rescue them, and were brought into town exhausted. Today they are not much worse for their experience.

The members of the party were Miss Edna Pohle, Miss Nettie Johnson, Miss Margaret Witt and Miss Humphreys, of Portland, and Mrs. C. C. Bryant and her two small sons, Cullen and Paul, of Spokane.

They left Seaside at nine o'clock yesterday forenoon for an outing on Tillamook head. When they failed to return at night, a searching party was organized by Marshal A. W. Utzinger, and encountered the lost group at the outskirts of Seaside.

The part yhad a narrow escape from entering "Death trap," on the beach, near Tillamook head, the terror of sightseers in this locality.

Will Not Go to Coronation.

Winnipeg, April 29.—Owing to an outbreak of measles in Calgary Barracks the Mounted Police detachment in that city will be unable to go to the coronation.

SPLENDID PROGRAM FOR BIG SCOTTISH CONCERT

Miss Jessie Maclachlan Has Grand Old Scotch Songs in Her Repertoire for Tuesday—Encores Allowed.

Jessie, Maclachlan, for her Scottish concert at the Opera house tomorrow evening, has decided upon a program which will show her and those of her combination at their best. The program will be divided into two parts, the first comprising five numbers, this being thus divided so that encores may be given. Robert Buchanan will, by request, give his famous Scotch rhapsody, a pianoforte solo which many years ago in his native land gained for him a high place in the musical world. Christopher Worth's "Turn Ye to Me" will be rendered by Miss Maclachlan, and as this love song has not previously been heard in these parts it is safe to predict that it will be as greatly admired a those older songs which Scotia's sweetest singer carries in her repertoire. "Sound the Pibroch" will give the accompanist a chance to show off his skill in the finer passages of McLeod's number, which Jessie will warble. That she is filling the bill to a very large extent is apparent from the fact that in this part of the program, she will also contribute two numbers in the Gaelic tongue "Mo Mailli Bheog Og" and "Caismaechd Chleown Chamroim," which she will sing, owe much of their popularity to the bonnie lassie frae the land of the bannocks.

"O, Can Ye Sew Cushions," a pretty little cradle song, and the world famous "Wi' a Hundred Pipers an' a' an a'" are the chief items on the second portion of the heavy program, but those who have attended a Jessie Maclachlan recital know full well that the encores form no little added attraction. Just how many of these there will be tomorrow night is a matter which depends altogether on the audience. No one can ever say with truth that Jessie refuses to appear in answer to the listener's demands.

CHIEF OF POLICE IS INDICTED IN PORTLAND

Portland, Or., April 30.—A. N. Cox, chief of police, was indicted by a grand jury for failure to perform his duties in closing the immoral resorts of the city. After a conference with Mayor Simon, Chief Cox stated he would tender his resignation to the Board of Police Commissioners on Monday. J. W. Bailey, dairy and food commissioner, was indicted for malfeasance in office, and C. A. Rowlan, Charles Cleveland, J. H. McCarthy and Charles O'Conner were indicted in connection with alleged frauds in the matter of circulating petitions in connection with a movement for the establishment of a municipal paving plant to be voted upon at the forthcoming municipal elections.

The indictment of the chief of police is the result of his alleged failure to suppress disorderly houses as provided by law. For several months the Municipal association has been seeking the enforcement of the law, but with no apparent success until ten days ago when a number of resorts were ordered closed by the chief of police. His action, however, came too late to forestall an investigation by the grand jury. Indictment followed.

Cox, in a statement issued late today, declared that he was not guilty of the charge and made the assertion that he is being made a scapegoat.

HOARD HONEY IN ATTIC.

Sixty Swarms Had Accumulated $200 Worth in Old Tavern.

Albany, April 30.—When workmen engaged to tear down the old Strickland house in East Lee, Mass., began on the attic they discovered honey worth $200, nd immediately trouble ensued over it sownership between William Parlett, who recently bought the property, and Byron Devarannes, who sold it to him.

The tavern was 150 years old, and for a century it was in the Sturgis family. No one liing can recall when a person last entered the attic where the bees had their storehouse, and it is thought the honey has been accumulating for over half a century.

There were sixty swarms of bees under the rafters.

HAS FAITH IN SUSPECTS.

Everett Trades Council Offers Support to Alleged Dynamiters.

Everett, April 30.—Deploring the blowing up of the Los Angeles Times building and the deaths attending the destruction of that property, but voicing its belief that enemies are attempting to crucify trade unionism, the Trades Council of Everett has passed resolutions extending a promise of moral and financial support to the men who stand accused of the crime.

EXTRA POLICE GUARD LOS ANGELES JAIL

CROWDS SURROUND COUNTRY PRISON — DYNAMITE CASES HAVE STIRRED PEOPLE AND RIOTING IS NOT IMPOSSIBLE.

Los Angeles, April 30.—Twenty-five extra police were sworn for duty yesterday by Chief Sebastian. When asked for the reason for this addition to the force, which early last week was increased to the maximum regular officers allowed by law, the chief replied.

Officers Allowed.

"Oh, these are emergency officers, and we are allowed to do this any time we believe there is urgent need for more police. That time has come. The dynamite cases have stirred up a lot of people in this town, so that there is danger of trouble on the streets at any time. We do not propose to permit any rioting or excitement on the streets, and these extra men will be used to check any such disturbance that the regular force may not be able to handle."

Beyond this, the chief would not discuss the now order. He merely shook his head when asked i. he thought there was immediate danger of rioting in Los Angeles.

Surround Jail.

At the county jail more light was thrown on the subject. The local police force has been heavily drawn on to guard the prisoners inside the jail and to maintain the cordon of officers around the jail building, which is kept on duty day and night. At night it is impossible to get within fifty feet of the jail building on any side.

No one would admit that there was any plot or hint of a plot, and considerable speculation was indulged in at police headquarters as to the real meaning of the increase in the force.

CANTON SITUATION IS AGAIN SERIOUS

NEW C. P. R. OFFICE.

G. J. Bury to Be Given Title of Vice President, Says Report.

Montreal, April 30.—It is understood that next week, on Sir Thomas Shaughnessy's return to Montreal from the old country, he will appoint another C. P. R. vice president in the west, and that G. J. Bury, present general manager, will be given the title.

Mr. Bury has proven himself big enough to grapple with the great western problems the company has had to contend with and his talents as a transportation manager have made him greatly admired by the C. P. R. president.

William Whyte will remain as chief executive in the west, but some of the duties now performed by him will be taken over by Bury, who will, it is supposed, make his headquarters at Vancouver.

EARL GREY TO HASTEN BACK EAST

Winnipeg, April 30.—The tenseness of the political situation at Ottawa has resulted in the sudden recall of Earl Grey to the capital from Winnipeg. The governor-general has cancelled all his engagements for next week and leaves tonight with his suite for Ottawa. The determination of the opposition to fight the proposed reciprocity bill with the United States all summer if necessary, as outlined by leader Borden yesterday, thus preventing Sir Wilfrid Laurier from attending the Imperial conference and coronation, has caused a crisis in political circles.

Trade of Canada.

Ottawa, April 29.—The total trade of Canada for the last fiscal year was $759,094,389, an increase of $82,000,000 over previous year. Imports totalled $461,898,024, an increase of 86 millions. Exports of domestic products totalled $274,316,552, a decrease of nearly five millions owing to the deficiency in the western wheat crop and the greatly increased demand of home markets. Exports of agriculture totalled $82,601,284, a decrease of nearly eight millions; exports of manufacturers totalled $34,283,118, an increase of nearly four millions.

Big Cruiser Battleship Launched.

Barrow-on-Furness, Eng., April 29.—The Princess Royal, the largest cruiser battleship ever built for the British navy, was launched today and christened by Princess Louise after whom the vessel was named. The cruiser has a displacement of 16,160 tons and turbine engines affording 70,000 horsepower. Her contract calls for a speed of 28 knots an hour. She will carry eight 13.5 guns, besides smaller weapons.

Diamonds Stolen.

Winnipeg, April 30.—Diamonds to the value of ten thousand dollars were stolen on board the C. P. R. train from Macleod, which arrived in Calgary today. J. Fleischman, a travelling jeweller, awoke and found that during the night while he was asleep in his berth some one had rifled his pockets and escaped with a case containing diamonds.

BUSH FIRES START EARLY THIS SPRING

Blazes in and Around City Attract attention—Big Fire Near the Pest House.

Bush fires are starting early this year, quite a number having already been reported from the district, while just across the river three were visible last night, two of these having been burning since Friday. On the B. C. E. R. route between this city and Vancouver, there are three or four fair-sized blazes, one of these, near Collingwood, assuming threatening proportions on Saturday evening.

The firemen were called out on Saturday evening to attend to a bush fire at the corner of Sixth avenue and Ninth street, supposed to have been started by children playing with matches. One stream of water was sufficent to extinguish the blaze.

Yesterday afternoon a bush fire started in the vicinity of the isolation hospital on Eighth avenue, a stretch a quarter of a mile long and from thirty to two hundred yards wide being abalze. A slight wind was blowing in the direction of the isolation hospital, but as this was separated from the fire by a wide open field there was at no time any danger of the place being surrounded, and no uneasiness was felt.

The fire will be allowed to burn itself out.

Both the Dominion and the Provincial fire wardens will be on duty this month, but their strenuous labors are not expected to commence until June or July, at which time the danger from forest fires is the greatest, as the whole country is usually dry as tinder. The usual notice warning campers from leaving open fires will be posted in a few days.

SASKATCHEWAN HAS A BEAVER PROBLEM

Department of Agriculture is Considering How to Preserve Poplar Trees.

[illegible] sentiment in the province. How to cut them down is a serious problem, for while settlers in the district where they are want to kill them off, the department will not let down the bars and is still considering what is to be done about it.

Just the other day, Deputy Minister of Agriculture A. F. Mantle, took a trip down to Oxbow district, in which they are most plentiful to see what could be done about it. He found wailing and lamentation among the settlers in that district, for the beaver, as industrious as in the story books, are clearing acre after acre of fine standing white poplar, as well as willow and scrub. The white poplar which is found in large quantities southwest of Oxbow, is going very fast. The beaver are cutting down tree after tree, clearing them of branches, gnawing them into lengths and rolling logs down to the river for their dams. The loss of willow trees and scrub no one bothers about, but the loss of the big poplar tree is becoming a serious matter.

More than that, the beaver are mischievous. They cut down big elm trees, some of which have been growing for a hundred years and have attained a thickness of a foot and a half, out of pure mischief, and leave them lying on the ground. Other fine big trees are girdled by the little animals and left to die. The apparent cause of it is a desire to sharpen their teeth. Action of some kind will probably be taken by the department shortly.

MEN ARE BEST STUDENTS.

Thirteen of Them Are Chosen to Honorary Society at Madison.

Madison, Wis., April 30.—The men students at the University of Wisconsin are more proficient in their college work than the women, according to the annual elections to Phi Beta Kappa fraternity, announced today by the faculty, when thirteen men and seven women were given membership in that honorary scholastic society.

Seamen May Strike Today.

London, April 30.—The international strike of seamen, which is scheduled to begin next Monday, is directed against the Shipping Federation, Ltd., with headquarters in London. The federation is composed of the shipowners of Great Britain, France, Denmark, Norway, Sweden and Finland. They employ 200,000 seamen. The strike will affect about 23,000 seamen in the United States and Canada. The seamen object to the "welfare plan."

[illegible] 1,000,000 men. In addition to the regular army strength of 622,000 men, more than 350,000 reservists will be called to the colors. Adding to these the men serving with the fleet, an armed force of considerably more than 1,000,000 will be engaged in the gigantic war game.

NORTHERN VALLEYS WILL BE EXPLORED

YOUNG MAN WELL KNOWN HERE GIVEN IMPORTANT AGRICULTURAL COMMISSION BY PROVINCIAL GOVERNMENT.

E. W. White, formerly of this city, son of the late Rev. Dr. White, one of the pioneer missionaries of British Columbia, and nephew of A. E. White, of White, Shiles & Co., has been appointed by the provincial government to represent the department of agriculture in an investigation of agricultural and horticultural possibilities of northern British Columbia, more particularly the Naas and Skeena valleys.

Mr. White was selected for the work by Dr. Creelman, principal of the Guelph Agricultural institute, who had been asked by the provincial govern to recommend a young man capable of undertaking the survey. Dr. Creelman immediately offered the position to Mr. White, who had been a student at the institute for the past two years.

Mr. White was given the privilege of selecting his expert assistant. He named A. E. Weir, a clever agriculturist and horticulturist, and together the two young men will leave Vancouver tonight for the north. They will thoroughly explore the entire coast and adjacent northern territory, travelling on horseback and by canoe, and making daily memoranda of the areas explored, the character of the soil, the maximum, average and lowest temperature, frost conditions, precipitation, extent and character of timber, approximate cost of clearing, etc., mailing these memoranda back to the department at Victoria at every opportunity, in the same manner that similar reports will be made in future by all provincial surveys engaged in the field.

Both Mr. White and Mr. Weir are spoken of as exceptionally capable men, with thorough, practical knowledge of agriculture and all its related industries. They intend going in by way of Hazelton, to spend the entire season in the north country, and to complete an agricultural survey of the whole of northern British Columbia as far as possible, the data which they will collect this season, a full and comprehensive [illegible] methods to be adopted for the best possible [illegible] of the land.

This specialized survey constitutes a new feature and important one of the activities of the department of Agriculture. Inquiries have, during recent [illegible] been received, and hundreds of colonists are now going into the territory, who will, similarly, be [illegible] to know for what crops their lands are best suited and the best methods to be adopted for their successful development. Up to date the department has not been in possession of sufficient information and knowledge of the ground to intelligently advise settlers in these particulars. This deficiency of knowledge it is intended to immediately correct.

Messrs. White and Weir are also taking with them a quality of sugar beet seed and extensive experiment will be conducted with a view of testing the suitability of the northern district for this particular crop and the related industry of sugar making.

RUSSIAN IMMIGRANT HAS 14 CHILDREN AND $26,500

Ellis Island Officials Amazed When Alien Hurls Rolls of Bills on Inspector's Desk.

New York, April 30.— Frederick Schneider, who arrived recently from Russia with a wife and fourteen of his fifteen living children, could not answer in English when asked if he had money enough to provide for his army of Schneiders, but he replied in "American" with an eloquence that staggered the immigration officials.

From various pockets he brought forth rolls of bills and tossed them upon the desk at Ellis Island. In all he produced $26,500 cash.

Through an interpreter Schneider explained that his forutune came from the sale of a big farm near Odessa, and that he was on his way to Glen Ullin, N. D., whither his eldest son, Christian had preceedd him.

"Bleak House" to Be Sold.

London, April 30.—"Bleak House," made famous by Charles Dickens, and once his favorite home, is to be sold at auction next month. Dickens wrote almost the whole of "David Copperfield" in this house.

BUILDERS' EXCHANGE OUT FOR OPEN SHOP

Vote Unanimous for Resolution Adopted by Association of Contractors of Seattle.

Seattle, April 30.—Following a lengthy debate last night, the Builders' Exchange of Seattle declared by unanimous vote in favor of a resolution pledging the members of the organization to the "open shop" rule. The exchange is composed of the leading building contractors and material men of this city and heretofore has leaned towards the "closed shop," or union control of all contracts.

Three years ago the members of the exchange, after a contest with unions affiliated with the Building Trades assembly, went on record for the open shop rule. This action was taken during a strike of union plasterers and carpenters.

The strike failed and the contractors decided at that time that all work thereafter undertaken should be on the open shop basis.

Neutral on Labor.

Since then, however, a number of prominent contractors have signed with the union organizations. The Builders' Exchange as an organization was neutral on the labor question until last night, when the action indicated in the foregoing was taken.

P. A. Baillargeon, who built the Baillargeon and the new Grote-Rankin buildings; George James, president of the Variety Iron Works; Secretary J. J. Franklin, of the exchange; J. H. Hudgson, of the Erickson-Wyman company, and William D. Opdcke, of the Ernst Hardware & Plumbing company, were the speakers.

Meeting Is Unanimous.

All the foregoing argued in favor of the open shop resolution. A question as to the advisability of taking any stand on the issue was raised in behalf of the material men who are members of the exchange, but when the vote was taken the meeting went on record unanimously for the resolution.

After the passage of the open shop resolution, a committee consisting of George James, J. J. Franklin and A. L. D. Vandever was named to select new quarters. The exchange rooms now located on Fifth avenue, between Union and University, will be closed the latter part of next month.

Business Increasing Rapidly.

The "SALADA TEA" Co., so far this year, have made the greatest progress in their history; their INCREASE ALONE in Canada and the United Sates, amounting to more than the total business they did during the first five years of the company's existence.

AN IMPORTANT Announcement

$4500 Given Away to Advertise Columbia Piano House $4500

4500 -- You may get a prize if you try -- 4500

4500 -- You may get the benefit -- 4500

Having made arrangements with the eastern manufacturers to help us advertise the pianos we are handling, and the overwhelming success of our past experience in the businessproves conclusively that the piano buying public are quick to recognize merit in business methods and being imbued with a growing ambition toexcell in our business, we have decided with the manufacturers' assistance to invest $45,000 and give to the people of New Westminster district the benefit as follows:

To each of the first twenty persons who correctly solve the above Rebus, credit of $100 will be given tobe applied on the regular purchase price of any new full scale piano selected from our immense stock. For each of the next twenty successful solutions a credit of $75 will be given and for the following twenty solutions $50 credit will be awarded, making a total of $45,000, which will be charged to our advertising account, and presented to our customers instead oof the advertising agencies.

Most Complete Stock

We carry in our warerooms here a great many different makes and styles of Pianos and Player Pianos, including such renowned names as Chickering Bros., Weber, Wormwith, and others.

The Province of British Columbia and the Coast Country in particular is at the moment experiencing a phenomenal growth, hundreds of families are coming each year to make their homes in this section.

We want every one of them to become familiar with our methods of doing business.

Our methods offer money-saving facilities to customers, and it is a uniform one-price plan—we have adopted the policy of marking every instrument in plain figures at prices much lower than those asked by other Piano houses for instruments of equal grade. Therefore to all prize winners there is a bona fide reduction to the amount of their certificate on any piano they may select.

We guarantee every Piano we sell to be exactly as we represent or your money will be cheerfully refunded. A manufacturer's guarantee is as good as a government bond.

Study Out the Rebus

Write the words plainly; sign your full name and address and mail or bring your solutions to our store without delay and we will file the answers in the order in which they are received, and award the prizes as enumerated and explained above.

Liberal Credit Privileges

Our credit privileges are so modern and advantageous and terms so easy that a good Piano is within easy reach of everyone, even though in modern circumstances.

Don't delay your answers; be one of the first twenty; it may be the means of bringing to your home the Piano for which you have wished so long. Remember this "add" will not appear again.

ATHLETES DO NOT DIE IN THEIR YOUTH

Statistics Show They Live Longer Than Classmates—Oarsmen at Top of the List.

New Haven, Conn., April 30.—A refutation of the frequent charges that ahtletes die young has been published with statistics in the Yale Daily News. The records of 761 athletes who won their "Y" in one or more of the major sports between the years 1855 and 1904, have been compiled. The statisics read in part as follows:

"Of these 761 athletes 51 have died since graduation. The causes were: Consumption, 12; pneumonia, 4; drowning, 6; heart disease, 2; war and accident, 2; died from unknown cuses or disappeared, 10; from various diseases such as fevers, cancer, paresis, dissipation, etc., 12.

What the Ages Reveal.

"Out of these 51 men 18 rowed on the crew, 16 played football, 11 were track athletes, and six played baseball. The ages of those who have died show these extremes and averages:

Sport—	Extremes of age.	Averages at Death
Crew	20 to 68 years	41.7 years
Football	22 to 37 years	30.3 years
Baseball	20 to 39 years	28.3 years
Track	21 to 33 years	25.4 years

"If the four men who were drowned while young are eliminated from the crew table, the average age is raised to 47.1 years.

"Turning to the 710 living athletes those who have passed forty may be grouped thus:

"One hundred and thirteen men are between 40 and 49 years; eighty-six men are between 50 and 59 years: twenty-two men are between 60 and 69 years.

"It is a widespread opinion that athletes are liable to heart trouble, but only two Yale men of these athletes considered have died from this cause. It would seem more significant that of the fifty-one deaths sixteen were due to lung affection, the sports engaged in being football, six; rowing, four; baseball, two, and track athletics four."

A life insurance expert is quoted with the opinion that college athletes, barring track men, show a better aver age expectation of long life than their non-athletic classmates.

Expert Denies Old Story.

The Yale News quotes a well-known athletic authority as follows:

"Dr. Meylan has studied the individual history of every oarsman graduated from Harvard in the period of forty-one years between 1852 and 1893. The results shows that, compared with other men as to longevity, these athletes have had an expectation of life, barring accidental deaths in the list, or more than five years longer than the average standards of life insurance mortality tables. Of the total number of 152 men whose records were traced, 123 were living in 1904. Not one death was in any way caused by over-exertion in athletics during college years, only two men have died of heart disease, and rowing was not blamed in these cases. Of the thirty-two oarsmen dead in more than a half century, six were killed in war, two by accidents and only one died of consumption."

To the Editor:

Sir—"Women wanted for Canada,' that's the cry in all our English papers, so, I'm wondering what chance I should stand.

I'm a widow, still in my thirties, and have six bonny children, the eldest a strapping trustworthy lad of 15 years of age, who wants to be a farmer, the youngest a chubby chap of three, born eleven weeks after his father was killed. In 1909 I gave up private life in the country and am now successfully running a good class private hotel in this city.

I can do anything with my needle, am thoroughly domesticated and love the free life of the country. My children's future must be my first consideration; they will have to fight the battle of life, and Canada seems to offer so much to those willing to work, and the England we love, less and less each year.

I've only my children to live for, so if a suitable position presented itself, while still young, I would just start afresh in the "New World," where perhaps they will get their chance.

BANISH THOSE GRAY HAIRS!

Kill the Dandruff Germs—Stop Hair Falling

Thousands of mothers are looking younger.—Their gray hairs are gone. The natural color has come back, and with it a new growth of soft, glossy, luxuriant hair. Why should you look old before your time, when you can look years younger by using

WYETH'S SAGE AND SULPHUR HAIR REMEDY

Dandruff Cured

Three applications removed all the dandruff and left my scalp clean, white and smooth.

Restores Gray Hair to Natural Color

If other "so-called" Restorers have failed, don't give up hope, but give WYETH'S SAGE AND SULPHUR HAIR REMEDY a trial. You run no risk. If it is not exactly as represented, your money will be refunded.

PROFIT BY OTHERS' EXPERIENCE

Gray Hair Restored

My hair was getting quite gray and falling out rapidly and I was troubled with a terrible itching of the scalp. My head was full of dandruff, which fell upon my clothes and kept me continually brushing it off. While on a visit to Rochester I heard of your Sage and Sulphur for the hair. I got a bottle and used it. A few applications relieved the itching, my hair stopped falling out and gradually came back to its natural color. It is now a nice dark brown color, soft, glossy and pliable. Several of my friends want to use it, and I want to know what you will charge me for six bottles of it.
MISS E. A. ROSS,
Sharon, Mercer Co., Pa.

Grew Hair on a Bald Head

For two or three years my hair had been falling out and getting quite thin until the top of my head was entirely bald. About four months ago I commenced using Sage and Sulphur. The first bottle seemed to do some good and I kept using it regularly until now I have used four bottles. The whole top of my head is fairly covered and keeps coming in thicker. I shall keep on using it a while longer, as I notice a constant improvement.

MEXICAN AFFAIRS.

There is a fair promise that peace may be proclaimed in Mexico, thus putting an end to the present disturbed state of that country. True, the promise is not altogether definite, and it may be that the understanding which has been reached between President Diaz and General Madero, the insurgent leader, for a temporary cessation of hostilities will not result in a permanent return to quiet. Yet there is reason to hope this may be so, in order that the country may recover its former prosperous condition and its development proceed unchecked. Such a result would be welcomed, not alone by the Mexicans themselves, but by the United States and other nations which have important interests invested in the southern republic.

The most important of the reforms which the insurgents ask for is the resignation of the aged president and the election of a new head of the state by the people. It is complained that the country has been ruled too much by despotism in the past and that the people have not been allowed to have any kind of voice in the administration of their own affairs. This is no doubt practically true, and some form of popular government would perhaps bring contentment to the country. President Diaz is now some eighty years of age, and he cannot expect that in the natural order of things he can remain many more years to control the affairs of the republic, and it would be a graceful and diplomatic act on his part if he were [illegible]ld to what appears to be a pret[illegible]ral wish and make way for a [illegible]president popularly elected. [illegible] be that a more ample con[illegible] the vox populi would not [illegible]er wise at this juncture. I[illegible] whether the Mexican peo[illegible] yet fitted to properly en[illegible]ntages of a full measure [illegible]e government. Their [illegible]d the circumstances [illegible]evelopment would [illegible]s to suggest that a [illegible]n is the safest and [illegible]government for them. [illegible] President Diaz may [illegible] to have been innocent [illegible]er to line his own nest [illegible] and if he has ruled as a [illegible] has apparently been a just [illegible]

[illegible] in the course of time an end [illegible]t come to this effete form of government, even in Mexico. With this in view it might perhaps be well to institute some very moderate form of representative government now, which could be extended as the country progressed and the people became more fitted to control their own affairs. Beyond this view, however, is the belief held by some that in the course of time, perhaps not very far ahead, Mexico will be embraced within the boundaries of the United States, which, both by reason of her geographical position and her domestic circumstances, would be practically a natural development.

PRINCE'S EDUCATION PUZZLES ALL NORWAY

London, April 30.—Whether Prince Olaf, heir to the Norwegian throne, shall be educated in England or in Norway is stated to be troubling his parents and the Norwegian ministers. Both the king and queen are believed to support the idea of placing Prince Olaf in an English college, but the scheme is reported to be opposed by several of the ministers.

CONSTIPATION
MUNYON'S PAW-PAW PILLS

Munyon's Paw-Paw Pills are unlike all other laxatives or cathartics. They coax the liver into activity by gentle methods. They do not scour; they do not gripe; they do not weaken; but they do start all the secretions of the liver and stomach in a way that soon puts these organs in a healthy condition and corrects constipation. In my opinion constipation is responsible for most ailments. There are thirty-two feet of human bowels, which is really a sewer pipe. When this pipe becomes clogged, the whole system becomes poisoned, causing biliousness, indigestion and impure blood, which often produces rheumatism and kidney ailments. No woman who suffers with constipation or any liver complaint can expect to have a clear complexion, or enjoy good health.

Munyon's Paw-Paw Pills are a tonic to the stomach, liver and nerves. They invigorate instead of weakening; they enrich the blood instead of impoverishing it; they enable the stomach to get all the nourishment from food that is put into it.

These pills contain no calomel, no dope, they are soothing, healing and stimulating. They school the bowels to act without physic. Price 25 cents.

AN OLD-TIME PRESCRIPTION

in a modern product. From time immemorial sage and sulphur have been used for the hair and scalp. Almost every one knows of the value of such a combination for darkening the hair and making it grow.

In olden times the only way to get a hair tonic of this sort was to brew it in the home fireplace, a method which was troublesome and not always satisfactory. Nowadays almost every up-to-date druggist can supply his patrons with a ready to use product, skillfully compounded in perfectly equipped laboratories. The Wyeth Chemical Company of New York put up an ideal remedy of this kind called Wyeth's Sage and Sulphur Hair Remedy and authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by

SPORTING NEWS

CAUGHNAWAGA INDIANS TO BE PROFESSIONALS

Red Men to Form Little League of Their Own, Win Championship, Then Challenge For the Cup.

Montreal, April 30.—The Caughnawaga Indians have not thrown up the sponge, with regards to their endeavor to enter into organized lacrosse this summer.

Their application for entrance into the charmed circle of the National Lacrosse association having been refused at Toronto, they are now endeavoring to form a league of their own. F. McD. Jacobs, who looked after the interests of the Indians at the Toronto meeting, has opened negotiation with clubs in Brantford, St. Catharines and the Quebec Nationals, and a second club to be formed in Ottawa, with a view to organizing a second league. Favorable replies have been received from two of the clubs and the only drawbacks to the proposed league, is claimed, would be the long jump from Quebec to the Ontario towns.

Arrangements are to be effected with the King Edward Park authorities for the use of their grounds by the Indians, and the new venture appears to be fairly under way.

A few exhibition games had been arranged by the officials of the Caughnawaga, with teams in the National lacrosse association, and dates had been promised them by the Tecumseh, Toronto and Capital managements, but in the event of the new league being formed, these will have to be dropped.

The Indians are nothing daunted by the disappointment experienced in Toronto, and are decided to force recognition by the other clubs and if they should win the championship in the new league will challenge for the Minto cup. They claim that they would be the drawing card of the circuit on the road, being the originators of lacrosse in Canada. and some of the best exponents of the game having been recruited from their ranks.

Mr. Jacobs has decided to take the plunge into professional lacrosse, and will enroll his Indians on a salary basis, which will enable them to quit all other labor and devote the whole of their time to practice and training and is quite confident he has the best scoring aggregation in Canada.

Lacrosse in Toronto.

Toronto, April 30.—The Toronto Lacrosse league will have the biggest year in its history this year. No less than 50 clubs will handle the gutted sticks under the supervision of this body.

BASEBALL.

Saturday afternoon the first match of the season between the teams representing Maple Leaf and Millside teams was played on the ground of the last named. Both nines were at full strength and the result was that a good spirited game was witnessed. The Maples early showed that they had the goods with them and their score 14 to 5 is evidence that they are to be reckoned with this year on the diamond.

The full score with players is as follows:

Maples—Jamieson (s.s.), Glass (3b.), Chockley (1b.), Guyber (c.), Sayce (p.), McMurphy (c. f.), McLaughin (r. f.), Sargent (l. f.), Pemberthby (2b.). Silver subbed for the last named from the sixth inning.

Fraser Mills—Gay (2b.), Windeblat (s. s.), Lafrance (3 b.), Hhunkey (c.), Gravelle 1b.), Gagnon (l. f.), Griffiths (c. f.), Barber (r. f), Horne (p.)

Summary—Two-base hits—Chockley (2), Glass Gravelle, Griffiths and Horne.

Base on balls—Off Sayce 4; off Horne 2. Double plays—Gay to Gravelle.

Struck out—By Sayce 9, by Horne 7; wild throws, Glass.

Time of game 1:45. Umpire—Campbell.

SASKATOON MAGNATES HAVE NOVEL SCHEME

Saskatoon, April 30.—No time is being lost by the local baseball promoters in getting in line for the opening of the league, and Saskatoon magnates have entered upon a project, which if carried through successfully, will constitute a record of its kind in ball circles. The Saskatoon men propose to bring an entire ball team from the state of New York, and started negotiations last night. It is intended to have a full team together and in the west in time for the opening of the league on May 3. The manager of the team is Frank Miley, a ball player who has seen service in some of the big leagues in the east and with him will be a bunch of stars from the Empire state, who are expected to land the pennant flag for 1911.

Lynch Suspended for Season.

Vancouver, April 30.—President Lindsay, of the Northwestern league, announced last night prior to his departure for home that he had suspended Mike Lynch, playing manager of the Tacoma Tigers, for the remainder of the season for his assault upon Umpire Jack Ward in last Thursday's game. No fine will be imposed.

Something New in Floor Wax

The easiest way to finish a floor is to saturate a soft cloth with Columbus Liquid Wax and apply lightly to the floor, let it dry for about fifteen minutes, and bring to a polish by light rubbing with a soft cloth.
No brush to push—no work—no backache. Resists heel-marks, scratching, and water will not turn it white. Goes farther and lasts longer than any paste wax. Try it! Be sure to ask for the genuine

GRAY HAIR TALKS

HAIR INDEX OF AGE. DON'T LOOK OLD.

How often one hears the expression, "She is gray and is beginning to look old." It is true that gray hair usually denotes age and is always associated with age. You never hear one referred to as having gray hair and looking young.

The hair is generally the index of age. If your hair is gray, you can't blame your friends for referring to you as looking old. You can't retain a youthful appearance if you allow your hair to grow gray. Many persons of middle age jeopardize their future simply by allowing the gray hairs to become manifest. There is no necessity for this. If your hair has become faded or gray, try Wyeth's Sage and Sulphur Hair Remedy, the preparation which a chemist by the name of Wyeth devised a few years ago. It is simple, inexpensive and practical, and will banish the gray hairs in a few days. It is also guaranteed to remove dandruff and promote the growth of the hair.

It is a pleasant dressing for the hair, and after using it a few days itching and dryness of the scalp entirely disappear.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by

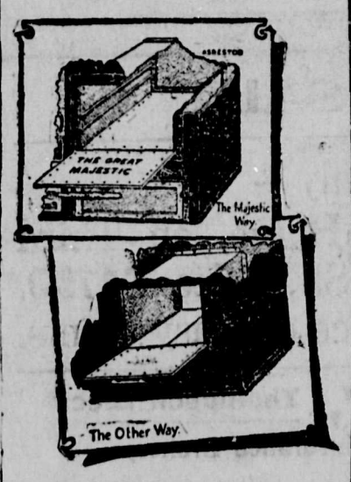
The Oven Of a Range



THAT a perfectly constructed, air-tight oven will bake better with half the fuel than a loosely constructed oven, is a fact beyond question. The Majestic oven is made of heavier material than any other, and is riveted (not bolted) to a malleable L or angle iron frame, making it absolutely air-tight. The oven in an ordinary stove or range is bolted or riveted to the range body, without bracing and without frames, allowing a knife blade to pass through corners and sides. It is natural that with an oven constructed in this manner, it requires twice the fuel, and not near as good results as can be obtained in any oven of a Majestic Range. The Majestic oven stays that way, too.

ST.CHARLES EVAPORATED CREAM

The Golden Cow is the trade mark of the St. Charles Condensing Company. This sign on a can of Evaporated Cream stands for purity and quality.

There is no other cream just like St. Charles Cream. It combines at a low price the highest quality and the greatest purity, the finest flavor and the greatest power of nutrition. For infants and growing children, for nursing mothers and invalids it is a necessity. For the strong and well it is a luxury. It is equal to the best of ordinary cream for all purposes. For many purposes it is infinitely superior. In using St. Charles Cream, whether for infants, for invalids, or in ordinary cookery, *you take no chances.*

Handsome booklet of valuable information to mothers and nurses sent *free* upon application.

GOLD DUST will

sterilize your kitchen things and make them wholesome and sanitary

Soap only cleans; GOLD DUST cleans and sterilizes.

Soap washes over the surface, leaving a greasy film behind it; GOLD DUST digs deep after germs and impurities, and insures purity and safety.

Soap needs muscle help (as an exerciser, it's fine); GOLD DUST does all the hard part of the work without your assistance, leaving you to take your exercise in a more enjoyable manner.

GOLD DUST is a good, honest, vegetable oil soap, to which is added other purifying materials in just the right proportions to cleanse easily, vigorously, and without harm to fabric, utensil or hands.

JESSIE MACLACHLAN.

The task of the critic is an easy one in handling such a performance as that provided by Jessie Maclachlan and her company in the Walker theatre last evening. There is no trick of metaphor in the billboard announcement that she stars "Queen of Scottish and Gaelic Song." In that respect she is peerless, but her histrionic gifts were of no mean order. Had she felt disposed to devote the same time and cultured effort to the service of dramatic art that she has given to the ballad minstrelsy of her motherland, her success been assured no less brilliant.

The theatre was crammed to its last capacity. A large number of chairs had to be improvised on the stage, and many belated applicants for seats were glad to have permission to stand in the galleries.

The programme was well selected, and included most of Miss Maclachlan's favorite themes, which she rendered in her own inimitable fashion to a breathless stillness, and anon the excited plaudits of the immense concourse of people, whose eyes were rivetted upon her. Not a gesture was out of place and every quip and turn employed in her wonderful interpretations was in perfect accord with the fitness of things, and were used with the artfulness and untutored freedom of nature. Said a little maid from the far east: "Why do people never tire of listening to that woman's singing?" "Because her heart is singing, and she lives with nature," said the Glengarry grandsire of the little lass. It is not possible to deal out nice distinctions between the grave and the gay, the pathetic and the mirth-provoking numbers of her repertoire. They were all perfect and rendered with a faultless conception of all they had to say of the human heart. Her little recital of the circumstances which occasioned the writing of the "Banks o' Loch Lomond" was given daintily, and was as acceptable as it was unique in any program of the kind heard here in which the immortal ballad has been sung and there never was such stillness in the Walker theatre as during the singing of her first number, "A Golden Cradle Holds Thee," an ancient fairy lullaby. Altogether it was a record night, even for a Jessie Maclachlan concert and the Queen of Scottish song may go on her way with the conscientiousness full on her soul, that the Winnipeg folk love her great womanly heart, and admire her undiminished powers of song, no less than they ever did. —Winnipeg Free Press, February 8, 1910.

The speed launch "Vite" will take you to any point on the river at the rate of 16 miles per hour. Phone L117. **

Police matters were quiet in the extreme on Saturday and yesterday, the total netted by the boys in blue numbering but four. These were all on the D. and D. charge.

Tennis players, two mediums, would like to hear from clubs in New Westminster or vicinity having vacancies for members. Address Box G. News Office.

If you want one of those $500 lots on Fader street, Sapperton, see Kellington & Hendry. Phone 680. **

In a practice baseball game at Queen's park on Saturday afternoon, the Alerts defeated the Balmorals by thirteen runs to five. Several pitchers and catchers were given tryouts, and the outfield was changed several times, the intention being more to get a line on the players than to attempt to give an exhibition of Class A ball. Art Sinclair, daring to the verge of rashness, umpired the game.

Concrete blocks for sale suitable for basements, houses and retaining walls. Call at corner Columbia street and Eighth avenue, Sapperton, or write A. Hamilton, Sapperton. **

The members of the R. N. W. M. Police force have joined in a contribution to the fund of the British and Foreign Sailors society in honor of the Sailor King's coronation The gift of $100 which has been forwarded to the Rev. At tonight's meeting of the city council, arrangements will be made as to what steps are to be taken with regard to the clauses held over for consideration in the Cotsworth report, which had its final reading last week. Tonight the appointment of Harbor Engineer Powell, of Seattle, will also come up for confirmation. This should have been done at the previous session, but the civic fathers for some unknown reason seemed unwilling to conform to the wish of ratepayers, who, by their recent vote on the matter, left the council no choice.

Water consumers will kindly take notice that the time for obtaining rebates for the second quarter of 1911, expires Saturday, the 29th, inst., at 1. p.m. **

An interesting concert was given at Blue Mountain schoolhouse by the pupils of Miss Evelyn Chastey on Friday evening, when George McKee acted as chairman.
