## MUCH WATER LOST WHEN MAIN BREAKS

**RESIDENTS SHOULD BE SPARING IN USE OF FLUID FOR NEXT FEW HOURS—ACCIDENT HAPPENED NEAR FRASER MILLS.**

Shortly after one o'clock this morning a serious break in the fourteen-inch water main near Fraser Mills caused the loss of a large quantity of water.

Men were immediately rushed to the scene of the trouble and every effort is being made to stop the alarming waste. At the time of going to press the extent of the loss cannot be ascertained.

As the broken pipe is the source of supply for the city reservoirs, which are even now not filled to capacity, the accident may be fraught with serious results.

In the public interest water should only be used sparingly until the main is repaired.

### MAY EAT MEAT ON CORONATION DAY

London, June 1.—The pope has issued a dispensation for Roman Catholics of the British empire that they will not be compelled to abstain from eating meat on Friday, June 23, when King George, after his coronation on the day before, will make his royal progress through London town.

## PREMIERS DISCUSS FAMOUS DECLARATION

**FOREIGN MINISTER PROMISES OVERSEAS DOMINIONS SHALL BE CONSULTED BEFORE PACT IS RATIFIED.**

London, June 2.—The Imperial conference yesterday had under discussion a motion introduced by Andrew Fisher, premier of Australia, regretting that the overseas dominions were not consulted with reference to the declaration of London, dealing with contraband in war time.

For the government Sir Edward Grey, the foreign secretary, promised the premiers that the overseas governments should be consulted before the next Hague conference. He pointed out that a refusal to agree to the ratification would be a great blow to the cause of arbitration.

Sir Wilfrid Laurier said he thought the claim of the dominions to be consulted in treaties negotiated by the Imperial government was not justified. He believed the arbitration pact with the United States might not be carried through if the declaration was not ratified. The Canadian prime minister added his opinion that if the colonies were to be consulted regarding questions of peace and war, it must place them in the position of being forced to aid Imperial wars in future.

### Challenged to a Duel.

Milwaukee, Wis., June 1.—Because Alexander Mueller, head of the Wisconsin school of art, criticised his paintings, Sadakitchi Hartmann, the New York German-Japanese artist, has challenged him to a duel. The Milwaukee man was a duelist in his student days aboard, but he is inclined to regard American laws against the practice as effective, and probably will decline to fight.

### Strike Collapses.

Toronto, June 2—The bridge structural iron workers who went out on strike on May Day for an advance of five cents an hour, have thrown up the sponge, and returned to work at the old rate of 35 cents an hour.

### Unionist Unseated.

London, June 2.—Sir Henry King, for the past thirty-five years Unionist member for Hull, was unseated yesterday for treating during the last election. The judges were hooted when the decision was announced, and in a demonstration which took place outside the court one of the magistrates was struck by a lump of coal.

## JEWISH BIBLE SEIZURE CAUSED RIOT IN WARD

**Insurrectos Threatened to Sack Butcher Shop, But Police Took Hand in Game.**

Toronto, June 1.—Truly there be dark doings in that part of the city, which is known of men as "The Ward," and last night that section was alive with battle, murder and sudden death—almost.

Louis Bernstein is a butcher, and in addition to butchering he also owns several houses. Yesterday, in connection with this side of his business, he put the bailiffs in upon one of his tenants and one of these misguided persons bailiffed the Jewish bible.

When this became known of men there was a perdition to pay, and straightway a call to arms went forth and a great gathering of the friends of the distressed tenant descended upon the butcher shop of his landlord announcing his shortcomings all and sundry to all who should come to purchase his meats, which they vowed were not Kosher, and further announced that he was the mover in the fearful crime of seizing the holy book for back rent.

So great was the din and so imminent the demolition of the meat shop that Inspector Horatius Cuddy headed a detachment of one, to wit: Policeman Spurius May to the rescue, and May stood upon the right hand of Horatius Cuddy until Policeman Herminius Older came and stood on his left and the riot was apparently quelled. Then Horatius left and no sooner was May left standing alone in the breech than a detachment of insurrectos under Louis Sugarman, 88 Agnes street, made a descent from the wild fastnesses of that locality and the doom of the meatery seemed sealed. But it was not so for Policeman Spurius May led himself in a wild charge upon the multitude at the end of which he came covered with glory and grasping Sugarman by the tail of his coat and carried him off triumphant to the Agnes street station, where he was charged with disturbing the king's peace. So an act so near to the coronation enraged the authorities and bail was refused.

### BARBERS WANT TIPS FROM CUSTOMERS

Montreal, June 1.—The barbers of Montreal are today organizing to make a formal protest against the action of the International Union of Journeymen Barbers of America, representing Canada, the United States and Porto Rico. This body has placed a ban on the tipping habit and the bosses have agreed to stand by the men.

In Montreal the bosses and the men are at one as the right of the barber to expect a tip. Until a year ago the price of a shave was ten cents and with the tip to the barber it was fifteen cents. Now it means twenty cents and the result is that many men have gone back to an old habit and are shaving themselves.

Several barbers in the shops of the city said today that they will not agree to work in any shop where they are not allowed to receive tips. The bosses say that they may bring the price of a shave back to ten cents and then they will discharge the man that accepts a tip.

The men say: "Let the union do as it likes. If a customer gives me five cents there is nothing in the laws of the land to prevent me accepting. The boss can do as he likes."

## MAY DAY COMMITTEE HAS MONEY IN HAND

**CELEBRATION THIS YEAR NETS PROFIT OF OVER $450—IMPORTANT CHANGES PLANNED FOR NEXT YEAR'S CELEBRATION.**

Last night in the board of trade room, the curtain fell on the deliberations of the committee which had worked so hard and so well for the annual celebration of the May Day festival.

Alderman J. J. Johnston, retiring master of ceremonies, presided, and with but two exceptions all the members were in their places.

Prior to the preliminary report by Treasurer Gowan Macgowan as to the financial standing, the chairman, in a neat little speech, thanked his committee for the help they had given him at the many meetings. The Press was also thanked.

**Plenty Money in Hand.**

While there are still a few accounts to come in before the final settlement can be effected, it was brought out that this year had been a record-breaking one. The income from all sources had been $1392.10. Bills to be paid will amount, roughly, to something in the neighborhood of $950, leaving a balance in hand for a nucleus for 1912 of over $450. When it is remembered that there was a balance from last year of but $50, it redounds to the credit of the collectors on the various committees for the vast amount of work they accomplished.

The ball at Queen's park was one of the biggest successes ever recorded in the annals of the celebration, no less than $428 having been taken for entrance to that affair.

**Westminster Band Criticized.**

The accounts were handed to the finance committee with power to act. Walter Gilley raised the question of better music for future celebrations, averring that the Westminster band which had been engaged this and past years had not given of their best. The combination, he said, was called the Westminster band, and as such it should be appreciated, but he stated that with but three exceptions all the players had been strangers. A motion that the music be put out to tenders next year was carried.

The matter of a better quality of candies came up for discussion and on this point there was much talk. In the result, it was decided to give each child less but better class of sweetmeats in the future.

**Bigger Committees in Future.**

One-man committees will be discounted from now on, the idea being to generalize more and thus make all members conversant with the personnel of each committee.

Owing to the alleged unthankfulness of a certain bank in the city, it was decided to transfer all May Day moneys to another banking house for safekeeping during the off season.

**Cambridge Next M. C.**

J. J. Cambridge was unanimously elected to fill the position of master of ceremonies in 1912. In responding to the election, Mr. Cambridge thanked the members for the high honor they had bestowed upon him and hoped that in the committee room the same good fellowship would hold sway under his jurisdiction next year as it had done in the past.

Alderman Johnston also spoke along the same lines in reply to a vote of thanks for the manner in which he had discharged the duties of chairman. He hoped the day was far distant when Westminster men begrudge the time spent by them in the endeavor to give to the youngsters of the Royal City one glad day in all the year.

The committee rose at ten o'clock and will not meet again as a body until the first Wednesday of April, 1912.

## BAD BUSH FIRE IS ONE MILE IN WIDTH

**FIFTY MEN FIGHT FLAMES NEAR ARROWHEAD, B. C., BUT PUNY EFFORTS ARE AS NOTHING—NO LIVES LOST.**

Nelson, B.C., June 1.—Word has just been received from Arrowhead, B.C., 150 miles north of this city, of a bad bush fire one mile in width, that started early today and is at present raging throughout that section.

Fifty fire fighters from Arrowhead have been fighting the flames the greater portion of the day, but are unable to cope with the situation, and assistance has been asked for from Revelstoke and surrounding towns.

Unless the wind changes the city is in safety.

No lives have been lost, as far as can be ascertained.

The district in which the fire is raging is heavily timbered and the blaze threatens to spread rapidly unless assistance can be had at once.

## ENUMERATORS WILL FILL UP SCHEDULES

**SYSTEM IN VOGUE FOR DOMINION CENSUS COUNT—TRAVELLERS LISTED IN HOME TOWN AND NOT TEMPORARY RESIDENCE.**

Many people are still waiting for their schedule in connection with the Dominion census, not being clear on the system which prevails in this enumeration. There are no forms to be left for the householders' signature because the enumerators will personally call at the houses in their visitation, and then fill in the necessary details as supplied by the householder. Thus in cases where more than one family occupy a common dwelling the information will be taken separately, and the privacy of the occupants thus respected.

The system under which the Canadian census is taken does not require the transient traveller to be enumerated at the place where he may have spent the night of May 31, but only permanent residents are to be included in the schedule. The authorities provide for the visitor to fill in an absentee form which ensures him being caught at his home town, thus campers from Westminster, say at White Rock, will fill in a form registering them in the Westminster total. Another form provides for checking empty houses.

When Census Commissioner Douglas receives the returns from his 46 enumerators he will be kept busy checking the figures for the federal riding, before they are sent on to the central office at Ottawa. It probably represents a month before the work is completed, as some of the districts like Pembertonville are isolated from the urban centres. Three weeks are allowed, but, of course, if the work cannot be done well in the time accuracy rather than celerity will be considered.

### MILITARY ORDERS.

**Promotions, Discharges and Appointments in 104th Regiment.**

Regimental order No. 9, by Lieut.-Colonel W. A. Johnson, commanding the 104th regiment Canadian infantry. Headquarters, New Westminster, June 1, 1911.

Posting—The following extract from general order No. 217, May 6, 1911, is hereby promulgated:

Army medical corps, Provisional Lieutenant G. H. Manchester is detailed for duty to the 104th regiment from April 10, 1911.

Promotions—The officer commanding has been pleased to approve of the following promotions: "D" company, Chilliwack, to be sergeant, Corporal G. Hornby; to be corporals, Ptes. T. G. Hepburn, C. C. Lewis and E. Hubble.

Discharge—Corporal C. Hutchinson, "D" company, is hereby granted his discharge and struck off the strength of the regiment.

Appointments—Captain P. H. Smith is hereby appointed acting adjutant in addition to his duties with "B" company. Lieutenant H. C. Airth is hereby appointed acting quartermaster in addition to his duties in "A" company.

Advance party—The following are hereby detailed as an advance party to Kamloops camp, June 3, 1911: "A" company, Corporal Wiggins, Pte. McRae, Pte. H. Smith. "B" company, Ptes. Thompson, W. Collier, Hornsby.

Parade—The advance party will parade at the drill hall on Friday, June 2, at 7 p.m., in marching order, great coats rolled, and a complete personal kit. Arrangements will be made to have complete baggage stored in C. P. R. baggage room Friday over night, in order that there should be no delay Saturday morning.

Kit—In addition to the articles mentioned in regimental order No. 8 each man will provide himself with the following: One knife, fork, spoon, plate and cup.

## TAFT AWAITS PASSAGE WITH ANXIOUS BROW

**DAILY CONFERENCES SEEK TO SOOTHE THE DIFFERENCES ON RECIPROCITY — FRIENDLY SENATORS MUST KEEP IN LINE**

Washington, June 2.—The crisis in the senate fight on reciprocity with Canada is expected to be reached when the Democratic farmers' free list bill is offered as an amendment to the enabling bill embodying the reciprocity agreement.

It seems certain that such an amendment will be offered for the purpose of embarrassing Democratic supporters of reciprocity.

In view of this critical contingency President Taft is now devoting his attention, and is holding daily conferences at the White House in an effort to keep Republican and Democratic senators in line favorable to the proposed pact.

### Canadian Warships.

Montreal, June 2.—Commander Howe, of the Canadian navy, sailed yesterday for England, where he will discuss the tenders for the men-of-war to be built for the Canadian navy during the next three years. Six tenders have been received, several of the contracting firms having expressed their willingness to construct the warships in the Dominion.

## CURIOUS HAREM SKIRT OF MANY YEARS AGO

**Not New on Prairies—English Lady Wore Leather Bifurcated Garment Thirty Years Ago.**

Edmonton, June 1.—It takes an old-timer to correct current impressions. Here the papers have been making a fuss over a harem skirt seen in the streets a few days ago.

Being gallant, and with a happy faculty for recalling only the fair and beautiful he says that he scarce ever saw a fairer wearer of any garment than was the lady who came to Edmonton at leeast 30 summers ago, riding a cow pony, and dressed in a leather harem skirt.

The lady was Lady Percy. Her son a few months ago astonished the effete part of Ottawa civilization by walking the ties from Montreal to the capital. He is one of the aides to the governor-general.

Lady Percy stayed quite a while visiting here when she came here ahead of the railroad. The old-timers believe she was the guest of Mr. and Mrs. Hardisty, Mr. Hardisty being the H. B. C. chief factor. In fact, one of the Hardisty family was about that time named "Percy" in honor of the visitor.

When even a harem skirt on Jasper street is not new the old-timer may think himself as wise as the sage, and repeat there's nothing new under the sun. He says, though, that the modern harem skirt could not make its wearer look as fair and beautiful as did the leather shooting coat and divided skirt of Lady Percy when she came to Edmonton before there was a Lord Percy who could tramp the ties on a Canadian mid-winter's march of 100 miles or more.

### NEW SCHEDULE GIVES SIX TRAINS EACH WAY

The new schedule on the C. P. R. which comes into force on Sunday involves a number of changes, owing to a alteration in the running times of the transcontinental trains out of Vancouver. There will be an extra train each way, making six northbound and a similar number southbound between Westminster Junction and the local depot.

Greater facilities are given to catch the Agassiz local. The departures will now be timed as follows: 5:40 for Mission, stopping at stations east of the Junction, Sumas and Seattle; 9:10 for No. 4 to Toronto; 14:35 for the Soo train; 18:10 for the Agassiz local; 19:40 for No. 2, and 21:05 for No. 3, transcontinental.

Trains are timed to arrive as follows: 7:43 from No. 1 transcontinental; 10:18 Agassiz local; 15:44 for the Soo train, No. 14; 19:20 from Agassiz local; 20:49 from No. 2 transcontinental, and 22:14 from No. 3, Toronto.

### BRICKLAYERS QUIT WORK.

**Trouble at Calgary Is Not Expected to Be Serious.**

Calgary, June 1.—Brick work in the city is tied up today owing to the fact that agreements have not been signed between the union and the employers generally. It is not anticipated that the strike will be of any serious duration. Already seventeen builders who are not associated with the builders' exchange have signed and granted the men the 70 cents an hour they ask for. This afternoon the union and the builders' exchange will hold a meeting when it is hoped that a settlement will be reached. There are about 250 men affected.

## STRIKE SITUATION IS STILL PERILOUS

**VOTING CONTINUES AMONG B. C. E. R. EMPLOYEES WHETHER THEY SHALL JOIN MOVEMENT. THOUSANDS TO QUIT MONDAY.**

Vancouver, June 2.—At a meeting of the Trades and Labor council last night the gathering decided to support the plan of a general strike, commencing on Monday. Delegates reported to the meeting that several thousand workmen would throw down their tools if no settlement is reached in the meantime.

**Public Apprehensive.**

The public is apprehensive of the step threatened, and interest centres round the action of the street car employees. Following the decision on Wednesday evening to take a referendum on the strike question, a vote is now being taken to join or withhold support in the strike. In this union are included the powermen at Lake Buntzen, and those connected with the sources of electrical energy.

If these classes of labor go out it will mean tying up the tram service, and all industries using electrical energy. The electrical workers have already promised adhesion to the policy of the Trades and Labor council.

Among the doubtful trades a decision is expected in the next twenty-four hours.

## SILVER SECRET KEPT TILL DEATH

**REPORTS OF BIG FINDS COME FROM ROCKINGHAM VICINITY —SENSATIONAL DISCOVERY IS DAILY EXPECTED.**

Eganville, June 1.—Hidden silver deposits and reported discoveries of the precious metal is a theme of general discussion at present in the upper townships.

Who will deny that a district displaying on its surface numerous samples of the baser metals does not also contain, hidden beneath the surface, the more valuable minerals.

From the days of the first survey of Bruddenell and its neighboring townships the story has come down of a deposit of white metal of great value in that district.

Recently, events have transpired which confirms the belief held by many and which has aroused the interest of all the residents. A year or so ago a young man of Rockingham, it is affirmed, discovered and brought to the gaze of others a sample of silver ore the equal of any produced at Cobalt. No one knew the location but himself and death coming to him suddenly the secret was not revealed. Efforts have been made since by prospecting parties to find the deposit but without success.

Another silver find is reported from Wesley McCoon Lake which is contiguous to the upper townships. It is said this is old ground as the hammer of one of the first prospectors was found in a cave at the lake.

A sensational find may be announced any day.

### Not So Generous.

New York, June 2—A denial of the rumor that Mrs. E. H. Harriman intends to found a university as a memorial to her late husband was authorized yesterday afternoon.

### German Prince Injured.

Berlin, June 2. — Prince Joachim, one of the Kaiser's younger sons, was injured at the army manoeuvres yesterday. He is in a serious state, his injuries being of a dangerous character, and his death would not be unexpected.

## *Children's Pennies to Help Boy Escape Danger of Being Crippled*

Saddened at the thought that their little playmate, Willie Greenwood, will be a cripple for life unless eastern specialists are able to attend to his injured arm in the immediate future, the school children of West Burnaby have decided to contribute their mites to the fund now being raised to send the little fellow to Rochester, N. Y. The money raised by the bairns will be collected by the teachers and handed over to the proper quarters.

East Burnaby school has also decided on a similar action, the suggestion that the youngsters of the other half of the municipality were swelling the fund being sufficient inducement to them to follow the scriptural injunction to "Go thou and do likewise."

The possibility of some of the city schools contributing to the Greenwood fund has been considered, but no definite action has yet been taken. If anything is to be done along this line, it must be done at once, for another two or three weeks delay will leave the boy a cripple. The sum of $500 is required. Over half this sum has already been subscribed, the councils of Westminster and Burnaby contributing $100 each. Donations from private sources have swelled this fund somewhat, but a considerable amount is still needed.

Yesterday evening the Daughters of England, at their regular meeting, raised the sum of $25. This money will be turned in to the Greenwood fund at the city hall today, where any one desiring to contribute may leave the few dollars that mean all the difference to the future of little Willie Greenwood.

## *Rising Waters of Upper Fraser Threaten Flood in Lower Valley*

Lillooet, June 1.—(Special.)—The advent of warm weather at this time of year always brings in its train the fear of flood from the swollen waters of the Fraser river. Owing to the very late spring, and the impossibility of the snow getting away as yet, the stream is much lower than usual at this time of year.

The river is about two feet below the ordinary high water mark at this period, but is rising fast, the result of which will mean flood effects in the low lying valley of the lower Fraser.

Cayoosh creek has jumped up to a record in the last three days, and all local creeks will surpass their records if the warm weather holds out.

### Irish Entertain Premiers.

London, June 2.—The members of the Irish party entertained the visiting colonial premiers at dinner yesterday evening. As is customary, no toasts were honored and no speeches delivered.

### AL LARWELL IS DEAD.

**Vancouver, June 2.—Al Larwell, the grand old man of amateur sport, died shortly after one o'clock this morning, at the age of sixty-three. His life had been slowly ebbing away for several days.**

# Wants

WANTED—GENTLEMAN DESIRES furnished room in private house between Queens avenue and Canarvon street. W., News office.

WAITRESS WANTED AT ONCE. Apply Premier hotel.

WANTED—LADY BOARDERS. 406 Agnes street.

# LADY'S EXPERIENCE IN MERIDA WRECK

MRS. FISKE, OF MEXICO CITY, DESCRIBES RESCUE OF PASSENGERS AFTER COLLISION; BOAT DRIFTS IN FOG.

Toronto, June 1.—There are more thrilling experiences by far than those of residents in the capital of a country in the throes of a revolution, even though that capital is Mexico City. This is the testimony of a former Toronto lady and her daughters who are among the 310 passengers on the steamer Merida, which sank on May 11 off the coast of Virginia.

The lady is Mrs. Fiske, a guest with her daughters Beatrice and Madeline, at the Elliott House.

**Enveloped in Fog.**

"We left Vera Cruz for New York on May 4," said Mrs. Fiske, and all went well until the night of the eleventh. It was a beautiful moonlight night when we retired, but a fog arose and at midnight everyone was startled by the noise of a terrible crash. The lights were suddenly turned on, and word was given to gather on deck as quickly as possible to take to the life boats.

The order and quiet demeanor were something remarkable, although many children were on board. Everyone followed the instructions of the officers. One lady fainted, but there were no hysterics.

"The lights only lasted for eight or nine minutes, and the wireless operator had but time to flash S. O. S.—"Save Our Ship"—when the water rushing into the vessel stopped the dynamo.

**Several People Hurt.**

"A lady who was bound for Paris, was struck on the side by part of her cabin being burst open by the collision. When the life boats were being lowered, three men fell out of one of them, but they were picked up.

"The worst experience was being packed in an overloaded boat in the dense night fog, with the fog horn of the vessel which had run our steamer down as the only guide. It was the Admiral Farragat, a fruit steamer, which was also disabled and was floating around. The crew of the Farragat had to throw the cargo overboard to lighten the ship, and the passengers of the Merida had to stay at the stern to keep the bow of the vessel high in the water, as it was in danger of filling through the hole in the bow.

There was no time to save anything, and all the passengers' valuables, other than what they were wearing, were lost.

**Lost All Valuables.**

The wireless operator from the Merida and the Farragat operator repaired the apparatus on the Farragat, and their signal was caught by the Hamilton, a passenger steamer, and the Man-of-War Java.

"The next morning was still very foggy, but the Hamilton found us, and at 10 o'clock we were transferred to that vessel and taken to Norfolk."

**Lives in Mexico City.**

Mrs. Fiske was formerly a resident of Prince Arthur, but went to Mexico City five years ago, her husband having accepted a position as electrical engineer with the street railway company there. Her visit north was purely a pleasure trip, and was not caused by the revolution, which was scarcely known anything about by the 20,000 American and English residents of the City of Mexico, as the press was muzzled regarding revolution news.

### UNITED BROTHERHOOD OF CARPENTERS

GIN PILLS SAVED HIM

513 JAMES ST., HAMILTON, ONT.

"Five years ago, I was taken down with what the doctors called Inflammation of The Bladder—intense pains in back and loins, and difficulty in urinating, and the attacks, which became more frequent, amounted to unbearable agony. I became so weak that I could not walk across the floor.

My wife read in the papers about GIN PILLS and sent for a box. From the very first, I felt that GIN PILLS were doing me good. The pain was relieved at once and the attacks were less frequent.

In six weeks, the Stone in the Bladder came away. When I recall how I suffered and how now I am healthy and able to work, I cannot express myself strongly enough when I speak of what GIN PILLS have done for me." JOHN HERMAN. 48

GIN PILLS are sold at 50c a box—6 for $2.50. Sent on receipt of price if your dealer does not handle them. Sample box free if you write us, mentioning this paper. Money back, if GIN PILLS do not give full satisfaction. National Drug and Chemical Co., Dept. B.C., Toronto.

## GERMAN PAPERS WILL WELCOME ARBITRATION

Kaiser's Government Has Sympathy for View Taken by President Taft.

Berlin, May 31. — The Node Deutsche Algemiende Zeitung leads off its issue of today with an announcement of the steps Germany has taken toward arbitration.

"After the United States indicated to Germany her readiness to negotiate a broader arbitration treaty with other powers as well as England," the newspaper says, "Germany expressed a wish to see the draft of the arbitration proposal and also indicated her readiness to take up the study of the proposition. The draft of the treaty will arrive here within a short time."

To the above statement can be added the semi-official expression of opinion that Germany, like Great Britain and France, is most sympathetic towards President Taft's arbitration proposal.

### IS PAID FOR MULES AFTER 60 YEARS

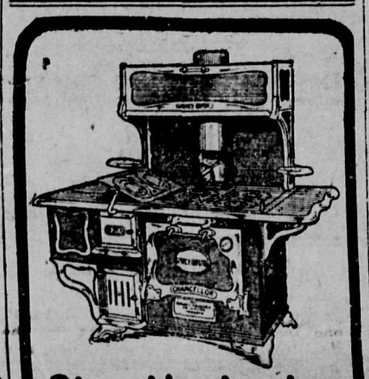
After waiting sixty years, A. G. Lafferty, a California pioneer, 82 years old, will be recompensed by the state of California for mules and supplies advanced California soldiers who fought under Captain Liscom in the Indian outbreak in Trinity county in 1851.

Under the terms of the bill introduced by Assemblyman Gustavus A. Jaspers of Fortuna, and signed by Governor Johnson, Lafferty, who now lives in Ferndale Humboldt county, will receive $1000.

For twenty years he saw his claim turned down by one legislature after another. Once it passed both houses but was vetoed by the governor.

In additon to his loss of fortune he became crippled, suffering an injury which cost him an arm, and not long ago his house burned down.

The $1000 which the state will now give him includes no interest. He did not ask that.



**Stop the Leaks in Your Coal Bill**

Use a Gurney-Oxford range and save 20 per cent. of your coal bill.

The "Chancellor" shown here is the finest steel range made by the well known Gurney-Oxford Company. There's no better to be had in the country. Made in more styles and sizes than any steel range on the market, with every late device for economy and convenience.

Material is the best to be had, inside and out. With or without reservoir on either end. Guard on ash door. Braced oven bottom. Drop door on warming closet. Divided oven flue, to insure even baking. Broiler top. Thermometer on oven door if desired. Made for coal or wood. Besides these special features—

**The OXFORD ECONOMIZER**

will keep your fire going at lowest possible cost for fuel. Will save at least 20 per cent. of the coal you now use and will take all cooking odors up the chimney.

You'll save money every day you use a Gurney-Oxford. And always get more satisfactory results from your cooking.

Let us demonstrate to you the "Economizer," and the other Gurney-Oxford points of superiority. See how perfect a good range can be. We will also show you other Gurney-Oxford stoves and ranges for every purpose and for any kind of fuel. On display on our floors all the time.

Get acquainted with the best known, best liked stoves and ranges in all Canada. And do it now—for the good of your pocketbook.

## CONTEMPT FOR RATEPAYERS.

In an evidently inspired paragraph the evening paper publishes the following: "The special meeting of the city council, called for tomorrow night, will be important in that the future policy of the city will be discussed by the aldermen. The discussion will be strictly private." And our contemporary is content that the "future policy of the city" should be discussed in camera.

The methods of municipal government in this city are going from bad to worse under the presidency of Mayor Lee. We have suffered the ignominy and disgrace attached to the mischievous report of Auditor Cotsworth; the danger pertaining to the almost bankrupt state of the city at the end of last year; the imperilment of New Westminster's progress and prosperity by the ridiculous quarrel with the B. C. Electric railway, and the snubbing of the finance committee of the council and disregard for the ratepayers by the action of Mayor John A. Lee in the disposal of the city bonds. Now the interests of the ratepayers are to be again contemptuously treated by the council meeting in camera tonight to consider the estimates and "future policy of the city."

It has always been constitutionally recognized among English speaking peoples that the taxpayer has an unqualified right to know exactly what is being done in regard to financial expenditure, and even parliament itself would not dare to set aside this ancient and well-founded privilege of the people by discussing estimates behind closed doors. That the council elected by the ratepayers of New Westminster to conduct the affairs of this city should arrogate to itself the right to do such a thing is so scandalous a contravention of the people's right that it merits the strongest possible protest. This policy of privacy, initiated by Mayor Lee, is full of danger and cannot be allowed to pass unnoticed. It is the more reprehensible because his worship has so blatantly announced time and again that he would never be party to secret sessions or star chamber methods.

We repeat that the ratepayers are entitled to be present at tonight's meeting, as well as representatives of the press, so that the public may be informed of what transpires and what the council are doing or proposing to do in regard to the estimates.

We have excellent reasons for believing, moreover, that the discussion of the estimates is not the only business down for consideration by the council, and that there are other matters of grave importance to the city to be brought forward. This fact only serves to give strength to our contention that the meeting should be open both to the public and the press.

## BORDENS' TURN NOW.

Evidently the Conservative Press of Saskatchewan are as hard put to it for arguments against the Liberals, as our delightful friend J. D. Taylor, M. P. for New Westminster, and like him, they have to draw upon their imagination, or receive comfort from the utterances of irresponsible people, to give vent to their spleen against not only the best government Canada has ever known, but also against the greatest statesman of the age—Sir Wilfrid Laurier.

The Regina Leader has the following to say, anent the boomerang used by the Conservatives during Sir Wilfrid's tour:

The Conservative Press is circulating the statement that the Grain Growers are concocting a plot to spoil Mr. Borden's meetings in the West. If because the Grain Growers make known their views on public issues, and present to Mr. Borden the same demands they made to Sir Wilfrid Laurier last summer, they are to be considered guilty of having "spoiled" Mr. Borden's meetings then and then only is the Tory assertion a correct one. The Conservative newspapers of Canada enjoyed themselves immensely last summer when delegations of the Grain Growers were daily waiting on Sir Wilfrid Laurier, but with a repetition of the same thing in sight for Mr. Borden these same papers begin to howl that the officers of the Grain Growers' association are about to play a dirty Grit trick and spoil Mr. Borden's tour. It is another case of it all depending on whose ox is gored.

Dealing with Mr. Borden's forthcoming tour, J. W. Scallion, honorary president of the Manitoba Grain Growers' Association, has written to the Grain Growers' Guide in the following strain:

"As R. L. Borden, leader of the Opposition in the Canadian Parliament, has arranged to make a tour of the three Western Provinces next month, with the object, no doubt, of becoming acquainted at first hand with the designs and demands of the Western people with regard to important measures now before the Parliament, and other measures of vital importance pressed for by the Western farmers for years back; I think it most important that the farmers take advantage of his presence in the West to place before him their views and desires regarding these measures of reform, and urge him to use his influence and the weight of his following in Parliament to have these measures enacted into law. The leaders of Oppositions are always the prospective leaders of governments and it is important that such leaders become thoroughly acquainted with the legislative requirements of the country and be prepared to place before the people a policy embodying these requirements, which they would carry out if returned to power.

"Mr. Borden should be met by organized farmers as Sir Wilfrid Laurier was met last summer when he toured the West. The views of the farmers on the tariff and other questions were somewhat of a revelation to Sir Wilfrid, and may be to Mr. Borden. But the farmers must impress upon our statesmen the fact that agriculture must exercise the largest influence in the government of our country, as it is the basic industry which supports all others. All unnecessary burdens and restrictions must be removed from our basic industry, and will be if the farmers are true to themselves."

Dealing with the same subject, F. W. Green, secretary of the Saskatchewan Grain Growers' Association, has written to the same journal intimating that the big contract on the farmers' hands at the present time is:

"To convince and convert R. L. Borden that agriculture is the first interest, all others being incidental.

"Last summer the Grain Growers convinced Sir Wilfrid Laurier that Western farmers were a lively, active quality that had to be reckoned with in the government of Canada.

"Shall not a lively delegation meet Mr. Borden also at every point where he touches Western soil, as we did Sir Wilfrid, and let him know just what we grain growers want done? Why not? This man is paid to oppose the government; let grain growers inform him where to oppose and where not to oppose. Should we not take just as much pains to inform the leader of the opposition as we did the leader of the government?"

## WEST END SCORES WIN AGAINST EAST BURNABY

While the East Burnaby intermediates are not yet a match for veterans like the West Enders, including as the latter team does three of the senior amateur twelve, still they gave the green shirts a busy evening at Queens park yesterday. The outcome of the meeting, five goals to two in favor of the West Enders, was representative of the play, but while the older organization had all the best of the earlier exchanges, Burnaby woke up in the last quarter and scored a couple of goals in about five minutes. The Burnaby boys played a much better defence than attack, their home being weak except Feedham, and with practice will make a sturdy combination. The West Enders played about up to standard, but nothing brilliant, and their five goals were scattered throughout the game at regular intervals, Louis Sangster being their star man.

The most singular goal was that netted by Oscar Swanson in the third, when from a bunch in goal he dropped the ball from behind the net, and it rolled in under Lewis' stick.

Occasionally a bit of slashing reminded the crowd, which assumed respectable dimensions, of the old intermediate struggles on the historic turf, the two principal injuries being sustained by Burr and Feedham. Burr had a double cut from a stick striking him full on the head and face, however, penalties fell lightly, Bill Turnbull making a leisurely and indulgent referee. The game turned out in no way sensational, but rather a foretaste of what is to follow in intermediate matches this season. Goals were scored as follows:

First quarter—West End, W. Sangster and Swanson.

Second quarter—West End, Burr.

Third quarter—West End, Swanson.

Fourth quarter—West End, Swanson; East Burnaby, G. Kelly and Feedham.

The line-up for the game appeared as under:

West End—G. Sangster, goal; Morrison, point; Gregory, cover point; Cooper, first defence; L. Adams, second defence; Battson, third defence; L. Sangster, centre; W. Sangster, third home; Burr, second home; R Sangster, first home; R. Henderson, outside home; O. Swanson, inside home.

East Burnaby—E. Lewis, goal; C. Helly, point; T. Breen, cover point; G. Atkinson, first defence; W. Lewis, second defence; W. Davis, third defence; S. Kelly, centre; B. Cherry, third home; F. Salt, second home; D. Archibald, first home; B. Feedham, outside home; W. Martin, inside home.

### BASEBALL.

#### NORTHWESTERN LEAGUE.

Thursday, June 1.

At Spokane—Vancouver 9, Spokane 1.

At Tacoma—Tacoma 5, Portland 4.

At Seattle—Seattle 8, Victoria 1.

A conference between members of the city council and the owners of property between Albert Crescent and Leopold place was called for yesterday afternoon with a view to come to some arrangement for moving back the boundary fences owing to the gardens projecting on the street line. It is anticipated that the council will be recommended to insist on the correct alignment being followed, but will meet the owners by paying part of the cost, as the fault does not lie with the owners exclusively.

A syndicate of Vancouver and Westminster capitalists have received a favorable report as to the feasibility of reclaiming 13,000 acres of rich agricultural land near the mouths of the Serpentine and Nickomekl rivers at Boundary Bay. The lands are partially flooded at high tide. This can be overcome at an expenditure estimated at between $150,000 and $200,000.

#### Women Aid Canal Work.

Mrs. John Morrow Adams, who, with her cousin, Miss Helen Boswell, of New York, was detailed by the government to organize the Canal Zone Federation of Women's Clubs, on the Isthmus of Panama, asserts that had it not been for the women the big canal would not be so near completion. "The conditions out there," she says, "were terrible. The men who were working were dissatisfied, and it was impossible for the government to keep them there until the women stepped into the breach, and sharing their lives with the fathers, husbands and brothers in the place where they must work, rendered the life bearable and raised the moral standard of conditions. The women have helped to get more sanitary conditions and procure the proper kind of food and dwellings. Mending bureaus, literary circles, hospital work and the improvement of the school system are among the results of the organization of clubs. The natives of this section have also profited by the clubs, and the influence upon them will be a lasting one. It is to the credit of one club to have equipped a playground for the native children of Colon, and philanthropic work of every kind has progressed."

### TRAP SHOOTING.

J. D. Galloway was the star amateur shot at the weekly pigeon shoot at Moody square yesterday evening, in one instance potting twenty-four out of twenty-five birds, and a little later breaking fourteen out of fifteen. Mr. Forbes, a professional who represents a cartridge company, also showed up well in every event.

Following is the result:

| | Shot at. | Broke. |
|---|---|---|
| Forbes | 25 | 22 |
| Kirtland | 25 | 16 |
| A. Turnbull | 25 | 19 |
| Alf. Turner | 25 | 11 |
| H. Gilley | 25 | 19 |
| Galloway | 25 | 24 |
| T. Trapp | 25 | 17 |
| Second round— | | |
| Forbes | 25 | 24 |
| A. Turnbull | 25 | 14 |
| Turner | 25 | 19 |
| Gilley | 25 | 14 |
| Galloway | 25 | 17 |
| Trapp | 25 | 17 |
| Third round— | | |
| Gilley | 15 | 9 |
| Forbes | 15 | 14 |
| Turnbull | 15 | 12 |
| Galloway | 15 | 14 |
| Eagles | 15 | 9 |
| Kirtland | 15 | 11 |
| Doubles— | | |
| Gilley | 6 | 3 |
| Forbes | 10 | 9 |
| Turnbull | 10 | 7 |
| Galloway | 10 | 4 |
| Eagles | 10 | 7 |
| Kirtland | 10 | 6 |

### JARRED AMERICANS.

New York, June 2.—The American grip on the international polo championship was rudely jarred by the English cavalry officers in the first contest yesterday afternoon, when the visitors outplayed and outshone the Meadowbrook four, champions, for three-quarters of the match, only to be defeated in the last few minutes The Americans finished victors by 4½ goals to 3. The second match will be played on Monday.

### SUMMER IN CANADIAN ALPS.

#### Peaks and Divides to Be Scaled by Club This Year.

The Alpine Club of Canada has an elaborate program for the summer. The club house at Banff will be open from June 20 to September 15. The camp on the club grounds will be ready for occupation between the same dates, and will be in operation while the club house is open. It will be available to all members.

Accommodation will be provided for thirty. The secretary-treasurer will receive applications therefore. Provided there is a vacancy, active and associate members will be accorded the privilege of putting up one of two friends for a period not exceeding one week. A letter from such member to the secretary-treasurer will be sufficient introduction.

The camp will be known as "The Great Divide Camp." The work done from it will lie along the extreme summit of the main range, both north and south of the railway. It will open Wednesday, July 26, and close Friday, August 4.

The camp will be pitched at the head of the Alpine meadow forming the hanging valley directly above Sherbrooke lake, from the upper end of which it is distant one mile. The meadow lies immediately below a timbered spur of Mt. Niles, which rises at its head, dominating the Sherbrooke valley. On the east rise the slopes of the rugged ridge between Mts. Bosworth and Daly, which divides the waters of the Atlantic from those of the Pacific. On the west the Mt. Ogden ridge shuts off the famous Yoho valley. The meadow is open grass land, intersected in every direction by a network of streams fed by the glacial torrents from the snow and ice masses on either side of Mount Niles.

Rock precipices at the head of the meadow show cave-like recesses often used by wild goat and several times by pioneer explorers who have made first ascents of neighboring peaks. Scattered through the meadow are fine examples of the roche mountonnee of Alpine regions that have dropped from the ice filling the valley at an earlier period.

To the east, northward, a narrow defile through which rushes a glacial torrent leads to the snow pass between Mts. Niles and Daly—the Daly Pass—one hour distant. The ascents of both mountains may be made by this route. To the west, northward, a tramp up an Alpine valley leads to Niles Pass, one and a half hours distant, and dotted with waving spruce trees and brilliant with flowers that only grow at these altitudes. West of the pass are the "nunataks" and rock bosses overlooking the Daly icefields and the Yoho glacier.

From the summit of Day you gaze eastward into the depth of Bath Creek valley and across the Waputek range to the snow-clad heights beyond the Bow river. Supreme amongst these rise the castellated towers and turrets of Mt. Hector (11,125 feet).

An auxiliary camp will be placed at Ross lake, which is about a mile southwest of the railway summit at Stephen. It is an exquisite little gem of a mountain tarn, but slightly known, scored out in a rock-bound amphitheatre from which an ascent can be made to Pope's Peak, also of the Great Divide.

# IMMIGRANTS SHUN WORK ON FARMS

MEN WHO HAVE STUDIED SUGGEST SOME REASONS WHY NEWCOMERS PREFER TO OBTAIN WORK IN THE CITIES.

New York, June 1.—Every year nearly 800,000 immigrants come to this country, and the trend is toward the city, where there is an increasing clamor for work. The question often unpatiently asked is why will these foreigners flock into the cities when they might live in peace and plenty in the country, where their labor is so much needed.

"The solution of this problem by the sending of men into the country has become a tenet of our national belief," says a writer. "It has so simple and elemental an air that it naturally invites confidence. But the proof of a remedy being, after all, in the application of it, we look for some test upon which to rest our belief.

"Theoretically, the problem of connecting this demand with its supply is simple. There is work to do and men to do it. It remains only to let the two find each other. Actually, the situation, inter-related as it is with human and economic problems, is much more difficult of solution. As a basic factor in this situation we may lay down the truth that labor travels along beaten paths. New paths of labor are as hard to establish as new tracks of commerce. Men go where hearsay tells them they would be most benefited. There may be a greater demand for their work elsewhere than in the place towards which the beaten path leads, but if the immigrant does not know it, it is for him non-existent. Supply and demand left to themselves do not regulate each other as automatically as economists would have us believe.

**Private Employment Agents.**

"The dishonesty of the private employment agency is another factor which has done much to prevent the immigrant from going where his labor is needed. The last report (1909-10) of the League for the Protection of Immigrants contains an account of the employment agency situation in Chicago, which is most revolting. It shows the immigrant as utterly helpless in the labor market, a prey to contractors and private agents, a victim of the labor camp and the construction company.

"If we had employed agencies upon which the immigrant could depend it would do much to start him trustfully toward the country, but it would not solve the whole problem. There are many objections to farm life in itself, which it would still be difficult for the immigrant to overlook. Chief among these is the absolute change in the mode of life. Granting that the great mass of our immigration comes from the rural districts of Europe and should, therefore, adapt itself readily to the open country, there are still a great many differences between foreign and American farm life. European farmers live in villages, each village having its schools, its church and its well established social life, so that the isolated American farm is inexperssibly lonely to the foreign farmhand. Then, too, our food is different, and unsatisfying for that reason. The wages are unquestionably better and the life more healthful, but after all many people care more for each other than they do for themselves, and these would rather get along sociably on $5 a week than lonesomely on $10.

"Farmers all over the country are asking too ineffectively for workmen," says Jan Mashek, in the World Today. "The clamor is loud but powerless, because it is not directed toward the people who could answer it. One hears a great deal about the need for farm hands, but nothing of any broader attempt by the farmers themselves to supply it. At state fairs and farms' associations there is much discussion regarding the scarcity of hired men, but no co-operative effort to make him more numerous.

# PUBLICIST CAUGHT IN STRANGE COMPANY

Heroic Photographer Snapped Friends Struggling in Water—Rescues Not in His Contract with G.T.P.

Montreal, June 1.—Cy Warman returned to Montreal today after some wild adventures in Algonquin Park, in which Fred Cook, of Ottawa, and Capt. Chambers, the Gentleman Usher of the Black Rod, were his companions.

Under the tuition of Black Rod, who is a past master in the art of graceful pose and movement, the Montreal and Ottawa figures in the landscape arranged themselves into a lifelike representation of a real fishing scene, the stage effects being a real rock, a real lake, and a background of real trees and sky.

This touching representation of the joys of fishing in territory reached exclusively by the Grand Trunk, was photographed exclusively for the Grand Trunk by the Grand Trunk's official photographer, Mr. Swan, Mr. Warman thinks when this picture gets going the advertising rounds it will make the hearts of countless thousands yearn with an almost unbearable yearning for places reached exclusively by the Grand Trunk.

Immediately after the picture had been taken, the party made for their canoe, which capsized the moment Cy Warman, Fred Cook and Black Rod got into it. Mr. Swan, who was packing up his camera, came rushing to the rescue, but before he could dive in Cy Warman's head bobbed up from the lake, and he shouted out. "Never mind the drowning people; take another picture of us."

Remembering that his duty to the Grand Trunk was to take pictures and not to save lives, Mr. Swan obeyed, with the result that another grand advertising negative was secured, showing that nobody, not even a Gentleman Usher of the Black Rod, can get drowned in Grand Trunk scenery.

As a matter of fact, not a single life was lost. How all escaped is a mystery, because each gentleman of the party claims he saved the other two. Accounts of eye witnesses vary. One says the lives of the party were saved because the corks in the baggage were not disarranged by the accident; another declares that the water was not so deep but that all three could stand on their feet and get enough of their heads above water to look heroic.

### CHURCH AND STATE.

**Separation in Portugal Becomes Reality by Bishops' Protest.**

Lisbon, May 31.—The long looked for rupture between the church and the government is now an accomplished fact, as a result of the protest issued by the bishops against the separation law. The violence of this protest has caused a sensation. It vigorously attacks the provisional government, and declares that the law is not one of separation, but of annexation of the church. After being despoiled of all property and authority, the bishops declare, the church has been placed in an abject position under the heel of the government. The protest is signed by the Patriarch of Lisbon, three archbishops and seven bishops.

The civil governors throughout Portugal have received orders from the Central government to inaugurate an inventory of all churches and chapels.

According to the newspapers here the Patriarch of Lisbon has informed Bernardo, Machado, minister of foreign affairs, that the report that the prelates had decided to close the churches in Portugal is untrue.

### TWO MEN MISTAKE LORDLY $100 BILL FOR $1

Ottawa, May 31.—John Burns, of Buckingham, Ont., relates a peculiar railway incident which occurred on the C. P. R. train between Ottawa and Perth.

Arriving at the station too late to purchase a ticket, Mr. Burns boarded the train, and, as he thought, he presented the conductor with a dollar bill. The latter returned the required ticket and the change from a one dollar bill. Burns missed a hundred dollar bill on his return to this city, but he did not in any way connect it with the bill he had given the railway official. Meanwhile, in making up his day's returns, Conductor Howe, much to his astonishment, discovered that he was a hundred dollars to the good. After doing some mental gymnastics he came to the conclusion that Burns was the rightful owner, and after two or three telegrams had been despatched the very valuable piece of parchment was returned to Mr. Burns.

### GAS LAMP BURSTS; PREACHER IS HURT

Grenfell, Sask., June 1.—Rev. R. H. Dobson, pastor of the Methodist church here, met with a very serious accident last night. He was trying some new views in his lantern, which he procured lately, when the acetylene gas which evidently was leaking, caught fire from the light of a lamp. A violent explosion took place, and Mr. Dobson was seriously burned about the hands and face. The house furnishings were set on fire but were quickly extinguished. It is probable Mr. Dobson will require to have new skin grafted on his hands. He was assistant pastor at Grace church, Winnipeg, before coming here.

Take notice that an application has been made to register Edwin John Bond as the owner in Fee Simple, under a Tax Sale Deed from Edward Ashley Wilmot, Assessor of Dykes, to Edwin John Bond, bearing date the 21st day of August, A. D. 1907, of all and singular that certain parcel or tract of land and premises situate, lying and being in the District of New Westminster, in the Province of British Columbia, more particularly known and described as Lot 59, subdivision of Lot 281, Group 1.

You and those claiming through or under you and all persons claiming any interest in the said land by virtue of any unregistered instrument, and all persons claiming any interest in the said land by descent, whose title is not registered under the provisions of the "Land Registry Act," are required to contest the claim of the tax purchaser within forty-five days from the date of the service of this notice upon you, and in default of a caveat or certificate of lis pendens being filed within such period, or in default of redemption before registration, you and each of you will be forever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register Edwin John Bond as owner thereof in fee. And I hereby order that publication of this notice for thirty days in a daily newspaper published in New Westminster will be good and sufficient service thereof.

Dated at the Land Registry Office, New Westminster, Province of British Columbia, this 8th day of May, A. D. 1911.

C. S. KEITH,
District Registrar.
To JOSHUA DAVIES,
Joshua Davies Estate.

## LAND REGISTRY ACT.

Re lots 1 to 11 inclusive, 13 to 16 inclusive, 18 to 27 inclusive, and 30 to 60 inclusive, being subdivisions of the south half of section 18, township 2, New Westminster district.

A certificate of indefeasible title to the above property will be issued to Benjamin Stevenson on the 30th day of June, 1911, unless in the meantime a valid objection thereto be made to me in writing by a person or persons claiming an estate or interest therein, or in any part thereof.

C. S. KEITH,
District Registrar of Titles.
Land Registry Office, New Westminster, B. C., May 16, 1911.

The person or persons having in their custody or possession the following title deeds relating to the said property are requested to deliver the same to the undersigned.

(a) 13th March, 1895. Grant from the crown to Farquhar McRae.

(b) Conveyance in fee from Farquhar McRae to Benjamin Stevenson

(c) 15th August, 1901. Benjamin Stevenson to J. D. Buchanan. Conveyance in fee under power of sale contained in mortgage.

(d) 21st March, 1902. Conveyance in fee from J. D. Buchanan to Benjamin Stevenson.

WHITESIDE, EDMONDS & JOHNSTON,
Solicitors for Applicant.

# BIG SALMON CATCH EXPECTED THIS YEAR

### OLD FISHERMEN LOOK FORWARD TO REAPING LARGE HARVEST IN RIVERS OF PROVINCES; PROSPECTS IN SKEENA

There does not appear, says the Victorian Times, to be the slightest doubt in the minds of the old fishermen who invade the rivers of this province in quest of the salmon but that this season will be the greatest since the fishing industry of British Columbia began. They see many instances why there should be a larger number of the finny tribe in the rivers than ever before, and believe that they will reap big harvests.

Reports that have been received here from the Skeena state that the salmon catch so far this year is far in excess of that for the same period last year. This improvement is said to be directly attributed to the protection inaugurated some years ago by the Dominion government and the providing of spawning grounds. The canneries there are already working longer hours than they ever did at this season of the year in the past, and the export of canned salmon from the Skeena this year will be very large.

Favorable weather conditions have also intervened to aid operations. During former years rain has fallen abundantly about this season and delayed the fishermen from getting out to troll for the salmon. For the past six weeks Jupiter Pluvius has not let a single drop of water ooze out of his waterbucket, and the weather man in the north prophesies a continuance of the same.

In addition the market has risen in value and the profits this year, with the large catch anticipated, cannot be anything but be far in advance of any past returns. The fishermen are at work on the Fraser, although they have not yet reported an extra heavy run of salmon.

No piscatoralists have yet reported a run of salmon in the Straits of Juan de Fuca. Although it is rather early for them they should soon be catches made off Brotchie ledge.

## HOLD ALOOF FROM THE CELEBRATION

From the jubilee of the proclamation of Rome as the capital of Italy, which is being celebrated this year, the vatican will not only hold entirely aloof, but it will maintain a state of mourning.

Recently most of the Catholic newspapers of Italy published a note on this subject, which is regarded as having been communicated officially by the vatican. Its text was as follows:

"During this year, 1911, which is being devoted to a jubilee celebration so insulting to the papacy and to the Catholics of the entire world, the Holy See will know but one attitude; that of profund reserve equivalent to a state of mourning. For the Holy See it is a question of duty. This extraordinary jubilee, the celebration of which is being prepared, actually commemorates the statute of the Turin parliament, effecting officially and in the face of every right the ruling of the temporal power by making the city of the popes the capital of Italy.

"No one can be surprised if during the year 1911 the vatican takes no part in any manifestation having the nature of a festival, and if all state receptions are suppressed, not only the solemn audiences granted to pilgrimages, but also, and with much more reason, the reception of sovereigns and heads of states who may come to Rome during the celebrations. This does not refer to Catholic sovereigns. The rule of the Holy See in this connection is well known and will simply continue. But non Catholic heads of states cannot be received by the pope during 1911, even if they comply with the usual conditions governing these audiences. By coming to Rome in such circumstances they will be promoting by their presence a celebration having for its direct object the commemoration of the spoliation of the pope."

# UNITED STATES HAS BIGGEST GOLD PILE

### Republic Boasts One Billion in Coin and Quarter More Than That in Bullion.

Rich as Uncle Sam long has been, he has more gold in his posession at present than ever before in his 135 years of life. Treasurer Lee McClung looked over his balance sheet and found the government had more than $1,000,000,000 in gold coin, to say nothing of $126,000,000 in bullion. Never before in the history of the government has it had so much gold piled up in its coffers.

Not only is this a record-breaking amount for the government to have but there is more gold in the treasury now than in the vaults of Great Britain and Germany combined; or of Great Britain and Russia combined, in other words, this government has more gold, in coin and bullion, than any other two nations.

**Not All in One Place.**

This vast golden hoard represents the accumulation of a long series of years. It is not ascribed to any particular financial development of recent occurrence. By no means all this gold coin and bullion is stored in Washington. Any burglarious gentleman who thinks he can tunnel under the treasury and find all this gold in that institution some dark night is in error. The gold party in the vaults of the treasury in Washington, some of it is in vaults of the sub-treasury, and some of it in the mints of Philadelphia and Denver. As a matter of fact, the greatest part of it is at the two mints named.

About $935,000,000 of the total coin is held in trust to redeem outstanding gold certificates. It is expected congress will put through legislation this session to enable the treasury to issue gold certificates against gold bullion in the proportion of three to two. That is, for $200 in bullion it would be possible to issue $300 in gold certificates against the bullion.

**Raid the Dressmakers.**

New York, June 1.—Lucille, Limited, successor to the dressmaking establishment recently conducted by Lady Duff-Gordon, was raided late yesterday by United States deputy marshals. Thomas J. Duggan, the manager, was arrested and held in $5000 bail for examination on June 6.

Duggan and Abraham Merritt, who is down in the corporation directory as secretary of the concern, are charged with conspiracy to defraud the government of duties upon gowns and fabrics for women's wearing apparel by means of false invoices.

Lady Duff-Gordon, who is named as president of Lucille, Limited, by the corporation directory, declined to be interviewed.

At the raided establishment it was said that the concern which she was was president was taken over by Lucille, Limited, several months ago, and that she was no longer the head of the corporation.

## DEPARTMENT OF MILITIA AND DEFENCE.

Nelson, B. C., Rifle Range.
Notice to Contractors.

SEALED TENDERS, marked on envelope "Tender for construction of Nelson, B. C. Rifle Range" and addressed to the Director of Contracts, Department of Militia & Defence, Ottawa, will be received until noon, the 15th June, for the construction of a Rifle Range at Nelson, B. C.

Plans and specifications may be seen and full information obtained at the office of the District Officer Commanding Military District No. 11, Victoria, B. C., the Director of Engineer Services, Headquarters, Ottawa and the Officer Commanding 102nd Regt. Nelson, B. C.

Tenders must be made on the form supplied by the Department and accompanied by an accepted cheque on a Canadian chartered bank, for 10 per cent of the amount of the tender, payable to the order of the Honourable the Minister of Militia and Defence, which amount will be forfeited if the party tendering decline to enter into a contract or fail to complete it in accordance with the tender.

The Department does not bind itself to accept the lowest or any tender.

EUGENE FISET,
Colonel.
Deputy Minister of Militia and Defense.
Ottawa, May 8, 1911.
(Newspapers will not be paid if they insert this advertisement without authority from the Department).

SEALED TENDERS addressed to the undersigned and endorsed "Tender for Public Building, Cranbrook, B. C.," will be received until 4 p. m., on Monday, June 12, 1911, for the construction of a Public Building, Cranbrook, B. C.

Plans, specification and form of contract can be seen and forms of tender obtained at the offices of Mr. Wm. Henderson, Resident Architect, Victoria, B. C., at the post office, Cranbrook, and at this Department.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, equal to ten per cent (10 p c.) of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,
R. C. DESROCHERS,
Secretary.
Department of Public Works, Ottawa, May 13, 1911.
(Newspapers will not be paid for this advertisement if they insert it without authority from the Department).

# CITY NEWS

Will pay cash for typewriter in good order. Visible writer preferred. Box W. L., this office. **

The city council will sit as a committee in camera this evening to discuss the estimates, and deal with arrears of business.

George M. Anderson, a theological student from Rock Island, Ill., has arrived in the city to take charge of the First Swedish Lutheran church.

Hairdressing, manicuring, massaging; room 5 Market block, over Hunter's. Phone 870. **

Sixth avenue Methodists will worship in the old hall on the lot adjoining the church until other arrangements can be made, the services here commencing on Sunday. Dr. Bartlett, general superintendent of Sunday schools and Epworth leagues for Western Canada, will preach at the morning service.

Among the homeseekers who have been looking over the lands of the Fraser valley with a view to settlement are Mr. and Mrs. George Henderson, of Red Deer, Alberta, and Mr. and Mrs. J. R. Blackstock, of Saskatoon. They registered at the Russell hotel, and proceed today to Victoria.

For spring plants and cut flowers phone Davies and Son, florists. Phone 897. **

On Monday evening at eight o'clock in the board of trade room a meeting of those interested in the citizens' annual excursion will be held. This will be the sixth yearly outing of the residents of this city. In the past Victoria (twice), Nanaimo, Bellingham and Blackie Spit have been visited.

Doctors Holmes, Hacking and MacSween, dental surgeons, have moved their offices from the Collister block to the Cliff block, corner of Sixth street and Clarkson. **

A banquet was last night tendered by the Pythian Sisters of Westminster to their Chilliwack Sisters in the K. of P. hall. Covers were laid for sixty and a pleasant evening was spent. The visitors returned to their homes by special train in the wee short hours ayont the twal', after having their indebtedness for the welcome extended.

Wednesday morning Lawrence S. Hamilton read in the Daily News that the members of his family were enquiring for him from Portland, Ore., and without any loss of time he got in communication with Chief of Police Bradshaw and recited his doings from the time he left the American city some months ago. Last night, after telegraphing to his daughter, who had written the police of this city, Hamilton left for home on the southbound train.

Following are the monthly statistics of the provincial hospital for the mentally afflicted, compiled on May 31: In the hospital at the beginning of the month, 444 males, 172 females; admitted during the month, 24 males, 10 females; returned from probation, 1 male, 1 female; discharged without probation, 4 males; discharged on probation, 6 males, 3 females; discharged at the expiry of probation, 1 male; died, 5 males, 1 female, escaped, 2 males; in the hospital at the close of the month, 452 males, 180 females; on probation at the close of the month, 41 males, 21 females; total under treatment at the close of the month, 493 males, 201 females.

The census enumerators are using the offices of the Westminster Realty company as a base of operations.
