Our Ten Days Special: One Hundred Dollars In Gold

SOCKEYES SCARCE IN FRASER RIVER

OFFICIAL REPORT SHOWS TRAPS GET BULK OF SALMON—PURSE SEINERS HAVE CAUGHT FEW FISH.

The first official daily report of the salmon run on the Fraser river is to hand, and shows in detail that the coming of the sockeye has indeed been long delayed.

At the Steveston canneries which are operating, and which have made a report, it is noticed that the Scottish Canadian got 30 fish on an average, while the Imperial boats averaged 20, with a total of 1500. The Phoenix boats averaged less than those of the Imperial. Across the mouth at Canoe Pass, the Brunswick obtained about 300 fish, with a small average per boat.

Representative Lulu island canneries like Ewen's and the Terra Nova had low results, Ewen's getting only 220 sockeyes on Thursday.

The Gulf of Georgia and St. Mungo canneries have so far been without the desired sockeyes, depending on the springs. The Vancouver cannery boats obtained 1600 on Thursday, the largest of any cannery north of the boundary line. The boat average was only 17, however.

On the American side the Anacortes obtained 5000 from six traps, but the purse seiners are doing very little. The same applies to the Bellingham seiners, however, they have got 900 from the salmon banks, 21 from Lummi, and 46 from the gulf. Better returns are expected today and next week.

EARLY TWILIGHT CLOSES DOWN GAME

Owing to the short light evenings, it would be well if the local baseball magnates started the remaining scheduled league matches at six o'clock. The match of yesterday evening had to be called off after the first of the fifth innings, as the light was not sufficiently strong to permit of the fielders following the course of the ball.

The Balmorals in the first innings quickly jumped to the front, and sent up three runs. Corbet who was pitching for the Alerts, could not find his true arm, and he was deposed in the second. Despite the change the Bals continued to make a great series of plays, and although they did not score again until the fourth, when they added a couple, they experiences hard lines when they had the bags occupied, but could not manage to bring off that hit which would have only been right, and in keeping with their general good play.

The Alerts, who showed that even in the hour of defeat, they were good sportsmen, were only successful in scoring two singles, and thus lost out by three runs.

The score by innings was:

Balmorals—3 0 0 2 — 5.
Alerts—0 0 1 1 0 — 2.

Teams:

Balmorals—E. Sinclair, Stein, Morgan, Price, J. Smith, H. Ryall, Munn, R. Smith, and Lewis.

Alerts—Robinson, Brown, Ball, Gay, Welsh, Horne, A. Sinclair, Selery, and Corbet.

ROMAN RETURNS FROM HALIBUT GROUNDS

The halibut boat, the Roman, returned from her ten days' trip yesterday morning, with a catch of 170,000 pounds.

The fish were of prime quality, but as usual at this time of year, were not so large as in the winter. The Roman put in to China Hat for bait, and had to lay over for a night to secure it. With the exception of the capture of a ten foot man eating shark, a rarity in these cold waters, nothing of special incident occurred.

She leaves tomorrow morning for Ladysmith to coal.

Pigeons on Long Trip.

San Antonio, July 28.—What will be the longest flight of homing pigeons on record began at San Antonio yesterday when eighteen birds of the Essex district of the National Federation of American Homing Pigeon Fanciers of Newark, N. J., were liberated by E. S. Peterson. The pigeons are expected to fly back to Newark. This flight will be 500 miles longer than the recent flight from Denver to Pittsburg, which took more than eight days.

COAL SHORTAGE.

Winnipeg, July 29.—The coal situation is so serious throughout Alberta and Saskatchewan that even if all the mines which have been closed, were opened today there would be a fuel shortage next winter on the prairies.

PREPARING FOR CONCERTS IN CITY NEXT MONTH

Six Engagements Arranged—First Concert on Thursday Evening at Queens Park.

Now that the city has arranged for the usual grant on behalf of the city band, in order that there may again be open air concerts in the parks, the conductor, J. W. Rushton, has been engaged on completing his arrangements for the concerts.

The intention is to make a beginning as soon as possible and concerts will be given on Columbia street, in Queens park, Sapperton and Moody Square. The situation at Albert Crescent, where the concerts used to be held, is not of the best, and owing to the better seating accommodation at Queens park the performances for the centre of the city will be held there and on Columbia street, at the corner of MacKenzie street.

It will be necessary to get in two concerts a week if the number of engagements promised is to be completed.

There will be twenty instruments in the band, and popular music will be selected. A vocalist is to be engaged to assist the bandsmen.

The Columbia street concerts have been fixed for August 5 and 19, and and the four other concerts are two at Queens park, Sapperton and Moody square. These will be on successive Thursdays. If the weather holds it is hoped that other performances may be arangred later.

Preparing for Duke.

Quebec, July 27.—The government is redecorating and recarpeting the Legislative council chamber for the first official reception in Canada to the Duke of Connaught. The last time it was specially decorated was for the official reception of the present king and queen, when they landed here to commence their tour of the Dominion, and were welcomed by Mayor Parent.

Laurier Asked to Speak.

Montreal, July 28.—A deputation from the Canadian Society of New York en route for Ottawa to present to Sir Wilfrid Laurier an invitation to be present at the annual dinner of that institution on December 8, passed through this city today. It is expected that President Taft and Ambassador Bryce will be present on that occasion. The Canadian Society this spring had the honor to entertain the president at one of their banquets.

Mayor Fines Himself.

Revelstoke, July 27.—Twenty prominent citizens appeared last night in the police court at Revelstoke to answer a charge of riding bicycles on the sidewalk. Among them were the mayor and three aldermen. The mayor, who acted as magistrate, fined himself five dollars and costs. Each of the aldermen paid two fifty and costs, while private citizens got off at one dollar and costs.

Montreal's Rat Plague.

Montreal, July 28.—This city is suffering from a plague of rats and the trouble has become so serious that the municipal authorities have been asked to take it in hand. The trouble is felt especially by the owners of warehouses along the harbor front, who claim that a constant stream of rodents is coming from sewers and from vessels in port, causing them heavy loss.

A Dread Alternative.

Santa Barbara, Cal., July 27.—Caught on the long Southern Pacific bridge, near Gaviota, Miss Irma Frazee, of Gaviota, and Miss Esther Smith, of this city, jumped eighty feet to the bottom of an arroyo today, to avoid being crushed by a train. Miss Frazee's skull was crushed and she died at a hospital here shortly after noon. Miss Smith was seriously injured.

Steeplejacks Fight.

Lawrence, Mass., July 28.—Women wept and men shouted in excitement yesterday afternoon, while thousands watched two steeplejacks, one crazed by the heat, battle for life on top of a 150-foot stack at Kunkardt's mill. After a struggle of fifteen minutes on the top of a fragile scaffold in mid-air, Patrick Jennings, 35 years old, succeeded in subduing John Cavanagh, five years his senior, who had suffered sunstroke. Then, without losing his nerve, Jennings lowered himself and Cavanagh to the ground, where he fainted, Cavanagh was removed to a hospital, where he is dying from sunstroke.

U. S. Foreign Trade.

Washington, D. C., July 28.—A review of the foreign trade of the United States during the last twelve months shows a steady increase in commerce with Canada and the Orient. Exports from the United States to Canada jumped from $216,000,000 to $270,000,000 and the imports form Canada increased from $95,000,000 to $101,000,000.

WILL REORGANISE BRITISH CABINET

SEVERAL CHANGES EXPECTED WHEN POLITICAL CRISIS ENDS—CHURCHILL SLATED FOR IRISH OFFICE.

London, July 29.—Several cabinet changes are anticipated as soon as the veto bill is passed. Lords Morley and Crewe will retire and Viscount Haldane, war secretary, and Mr. Birrell, Irish secretary, are also expected to relinquish their offices.

The attorney general, Sir Rufus Isaacs, may go to the Upper House as a law lord, and Right Hon. Winston S. Churchill, home secretary, is slated for the Irish secretaryship.

Lieut.-Colonel Seely, under secretary for war, will receive that portfolio when the cabinet seats are rearranged.

On Eve of Dissolution.

Ottawa, July 29.—Conservative obstructions to the government's reciprocity resolutions were continued yesterday, but by a greatly reduced membership of the house. Many of the members have already left for their respective constituencies to prepare for the elections. All indications point to the middle of next week for the issuance of the official notifications, while the end of September is mentioned as the time of the actual elections.

Police Superintendent's Position.

Victoria, July 28.—It is announced at the attorney general's office that no appointment will be made to the vacant office of superintendent of provincial police, in succession to the late F. S. Hussey, until Mr. Bowser returns to the capital, the work at headquarters being temporarily carried on now by Inspector Colin S. Campbell and Constable Cox. Several names are already mentioned as of those from whom a selection will later be made, among them being Inspector Campbell, John Kirkup, of Rossland, and Deputy Chief T. W. Palmer, of the Victoria city force.

VETO BILL ASSURED OF PASSAGE THROUGH LORDS

Insurgent Movement Losing Ground—Official Unionists May Help Government Whips.

London, July 29.—Mr. Asquith had a final interview with the King before his departure from town for the week end in connection with the Veto bill. The policy of "No surrender" is steadily losing ground. The insurgents refuse to publish the names of their adherents, while a list of 300 peers who have pledged themselves to follow Lord Lansdowne is announced.

The procedure in dealing with the bill next week is expected to be as follows: The Lords will receive the bill after their amendments have been rejected by the Commons on Wednesday, and Lord St. Aldwyn will lead the official Unionists into the lobby for the government if the passage of the measure is jeopardized by the insurgents, which, however, is uncertain, owing to the falling off in their number.

B. C. Men in Finals.

Ottawa, July 29.—Schwengers and Macrae, tennis players of Victoria, B. C., yesterday went into the finals of the doubles championship of the Canadian National tennis tournament. Tomorrow they will meet the present holders of the title in the final. Schwengers also plays in the singles of the championship tomorrow.

Successful Oarsmen.

Saratoga, N.Y., July 29.—Canadians carried off the honors in three of the six events at yesterday's regatta, under the auspices of the National Association of Amateur Oarsmen. The senior championship singles went to Butler, of the Argonaut club, Toronto, who also won the association single scull race. The four oared event also went to the Argonauts of Toronto.

France Unites Colonies.

Paris, July 28.—The French government has decided to unite the colonies of Guadalupe and Martinique with one head, and has created a governor generalship of the Antilles. Paschal Cecildi, the Radical Socialist, will be appointed temporarily.

Money for Hospital.

Ottawa, July 28.—Mayor Hopewell sprang another mystical assertion on the board of control yesterday when he informed that body, concealing everything but the bare facts, that he had found $2500 with which to make up the balance to buy the land adjoining the present Lady Grey hospital, on which it is proposed to erect another hospital.

EIGHT KILLED IN WRECK NEAR BANGOR

HEAD-ON COLLISION BETWEEN TWO EXCURSION TRAINS—ENGINEERS IN EACH CAB AMONG THE KILLED.

Bangor, Maine, July 29.—Eight passengers were instantly killed, and fourteen reported seriously injured by a head-on collision between an excursion train and the midnight train from Vanvuren to this city last night.

The engineers of each train are numbered with the dead, and also the fireman of the excursion train.

Wreckage was piled high on the track and all other trains are held up at a distance.

Certificate Examinations.

The results of the midsummer examinations for teachers' certificates throughout British Columbia are made public, the arduous duties of the staff of examiners having been brought to a close yesterday evening The annual examination of candidates for certificates of qualification to teach in the public schools of the province began on July 3, 1911, and was held simultaneously in a number of centres throughout the province. The success of Miss Margaret Strong, B.A., University of Toronto, new principal of the Girls' Central school, is announced.

King George May Come.

London, July 28.—The Birmingham Daily Post today announces that there is a possibility of King George visiting Canada during the regime of the Duke of Connaught as governor general. It will be remembered that the Canadian Associated Press was authorized to deny rumors of a visit of the King to Canada, after the Durbar ceremonies in India. It is certain, however, that the Prince of Wales and Prince Albert, second son, will come to Canada and will probably make it the first step in a tour of the empire.

STEAMER LOST IN DENSE FOG ON GRAY'S HARBOR BAR

Lumber Tramp Sinks Without Warning—Passing Vessel Picks Up Crew.

Hoquiam, Wash., July 29.—The steamer San Jacinto out from this port to San Francisco with lumber was sunk yesterday afternoon, and filled so quickly that the captain was only enabled to signal one blast before the catastrophe was enacted. Owing to a dense fog which completely hid from view the nearest objects, those in charge failed to notice the close proximity of the south jetty when passing over Grays harbor bar.

Fortunately a passing steamer, St. Amonica, heard the blast of despair and after a brief manoeuvre located the spot where the San Jacinto had sunk, and was thus enabled to pick up the crew of the ill-fated ship.

Harvesters Wanted.

Winnipeg, Julqy 28.—An army of 75,000 men will be required to harvest the wheat crop of Western Canada, according to conservative estimates, and the farmers today are wondering where they can be obtained. In Saskatchewan alone about 35,000 harvest hands will be necessary. Manitoba will need almost as many and Alberta at least 3000 or 4000. Last year's harvest, which was a small one compared with that of this year, was handled with about 25,000 men.

Bankers Under Probe.

Washington, July 28.—The next big investigation to be undertaken by the house of representatives will be to determine whether there is a great banking combination with power to control credit, exchanges and deposits and cause business depression and panics.

Prefers British Citizenship.

New York, July 28.—Stuart Hamilton, the millionaire yachtsman of Bermuda and New York, has renounced his American citizenship and become a British subject, according to advices from Hamilton, Bermuda. Hamilton's father, who is dead, was an enthusiastic Yankee, and prided himself upon owning and flying the largest American flag on the island.

Mikado to Visit China.

Vienna, July 28.—A Vienna paper says that the Emperor of Japan will pay an official visit to the Chinese court this year, or early in 1912, with a view to inducing China to accelerate the reformation of the country.

RAPID BUILDING MAKES BIG DEMAND FOR CEMENT

Local Firm's Large Importation—Substantial Structures Increase Call for Material.

The Trader came in from Victoria yesterday with 1200 barrels of cement for Gilley Brothers, shipped direct from the old country. This cement is of the celebrated "K. B. and S." brand, and was transferred from the vessel which brought it out to Victoria, to this freight steamer.

The demand for cement shows the wonderful growth of building operations in the district, the firm selling 1200 barrels within a couple of days, and still found the contractors asking for more only this present week. The advent of a cement company at Sapperton, owing to the Fraser Valley Tile and Cement company having almost completed their building, will help the local supply.

As the tariff ranges from 8c to 12½c per hundred pounds, there is a great field for the preparation of cement in British Columbia, particularly since the character of the building is becoming permanent, with brick and cement in all business blocks and public buildings in place of frame structures.

ALL STAR BOYS FOR THE BLAINE TRIP TOMORROW

Tomorrow afternoon the baseball match between the B.C. All-Stars and Blaine White Sox club for the championship of the northwest will be contested in the American city at Lincoln park, and as reduced fares of $1.05 will be in vogue, there is certain to be a large attendance to root for the Canadians.

Yesterday evening the executive of the B. C. teams selected the following to carry the Maple Leaf in the engagement.

J. Smith, Balmorals (catcher); Morgan, Balmorals, (r.f.); Roach, Maple Leafs, (3rd. b.); Chockley, Maple Leafs, (1st. b.); Trapmain, Mainlands, (s.s.); Goddard, Mainland, (2nd. b.); Hurley, Cloverdale, (p.); Dignan, Maple Leafs, (c.f.); Glass, Maple Leafs, (l.f.).

Sayce, Maple Leafs, and Earlwin, Mainlands, are the spares.

SENIOR AMATEURS READY FOR THIS AFTERNOON

The Westminster boys go over by the 11:30 car this morning, and will make their headquarters at the Irving hotel, for the game this afternoon with the V. A. C. at Recreation park. The game is called for 1:15, and George Tuck will referee. There will be no change in the line-up as announced in the Daily News yesterday.

ALGERINE ON CRUISE TO BERING SEA FISHERIES

Victoria, July 27.—H. M. S. Algerine, Commander Jones, left Esquimalt yesterday morning for Bering Sea on her annual sealing patrol cruise. The Algerine will coal at Comox and will proceed to Dutch harbor, and thence into Bering sea. Whether the four Canadian schooners, which are now in northern waters, the Jessie, Thomas F. Bayard, Lady Mine and Pescawha will be ordered home, or will be permitted to complete this season's cruise is not known. The sealing treaty recently arranged between Britain, the United States, Russia and Japan, is now law, providing for a closed season for fifteen years, and the four schooners may be ordered home. The Bering sea sealing season begins a week from today, and the local fleet, which has been engaged in hunting sea otter since the close of the coast season is expected to enter Bering sea then.

The Sacramento Murder.

Sacramento, Cal., July 27.—Believing that Dr. Wong Him, the Chinese physician with whom Miss Anna M. Dudley treated in San Francisco, and Mrs. Mary Hastell, a nurse employed by him, can throw some light on the murder of the stenographer yesterday by a presumably insane man, whose name appears to be Sydney Cole, Coroner Gormley today asked District Attorney Wachhorst to secure their attendance at the inquest tomorrow night. Investigation today failed to develop any reasonable motive for the murder. Friends of the dead woman, who was employed in the office of State Engineer Ellery, declare they never saw Cole before.

To Run Against F. D. Monk.

Montreal, July 28.—In all probability the Liberal candidate to contest the seat in Jacques Cartier division against F. D. Monk will be Joseph McLaughlin, superintendent of construction in the Dominion Bridge company. Mr. McLaughlin has been approached by several members of the party and has been offered the nomination. Although he has not as yet taken any definite decision in the matter he will in all probability accept.

SALMON BELLIES CERTAIN OF VICTORY

CHAMPIONS WILL TAKE MEASURE OF CON JONES' AGGREGATION TODAY—BOTH TEAMS MAKE CHANGES IN LINE-UP.

All roads lead to Recreation park, Vancouver, this afternoon, when the world's champions are due to stack up against the Vancouver all-star twelve in the seventh match of the B. C. L. A. series.

A novel feature of the engagement will be that a new centre player will be introduced by both teams. Pat Feeney, who was shifted to this position for the last match at Queens park, is under the weather, and Bill Turnbull has been alloted to fill the breach. In the opposing aggregation, Billy West, who has been holding down this same position on his team, has wrenched his ankle, and will be out of action this afternoon, George Matheson taking up the duties as number seven.

The complete teams and the players' positions will be as follows:

Westminster.	Vancouver.
Goal.	
Sandy Gray	Bun Clarke
Point.	
Tommy Gifford	Harry Griffiths
Cover Point.	
Jimmy Gifford	Toots Clarkson
First Defence.	
Johnny Howard	Harry Pickering
Second Defence.	
George Rennie	Mickey Ion
Third Defence.	
Tom Rennie	Harry Godfrey
Centre.	
Will Turnbull	George Matheson
Third Home.	
Punk Wintemute	Bill Fitzgerald
Second Home.	
Ernie Murray	Dot Phelan
First Home.	
Cliff Spring	Bones Allen
Outside Home.	
Len Turnbull	Nick Carter
Inside Home.	
Gordon Spring	Newsy Lalonde

As a curtain raiser to the big match Westminster senior amateurs and the V. A. C. will engage in their important fixture for the Kilmarnock trophy. Both teams will be at full strength, and a close and exciting game is anticipated.

BASEBALL.

Northwestern League.

Friday, July 28.

At Portland—Portland 8, Vancouver 7. (11 innings.)

At Tacoma—Tacoma 6, Spokane 5. (16 innings.)

At Victoria—Victoria 8, Seattle 4.

Montreal's New City Hall.

Montreal, July 29.—Arrangements were completed yesterday for the erection by the corporation of a massive city hall in this city, which is intended to be the finest in America. The building will, it is estimated, cost in the neighborhood of ten million dollars, and will take from ten to twenty years to finish.

Only One Survivor.

Halifax, July 29.—William McLeod, an able seaman, floated ashore on the hatch of the steamer John Irwin, which was sunk off Guysboro. McLeod was the only survivor of the wreck, and told an awful story of his sufferings ere reaching terra firma.

FIRST ROUND OPENS IN BOWLING TOURNAMENT

There is joy in the heart of the bowling fraternity. Yesterday the glorious sound of the bowls was again heard in the alleys, and the only rendezvous in the city, the Front street alleys, was the scene of great play when the first round of the Twentieth Century knock-out tournament was commenced.

Some close ties were witnessed last night by a large gathering of devotees of the exhilarating pastime, and as the leading exponents in the city are competing, those who follow the sport had better spend their evenings at the alleys. Last night's results were:

Saunderson	49	61	58	75	68	311
H. Wilson	56	64	50	56	58	284
C. Winquest	61	59	63	53	96	332
H. Watson	55	54	61	56	61	287
T. Lyne	69	65	67	61	54	316
J. Guthro	55	57	69	56	60	297
S. Douglas	58	64	63	65	56	306
J. C. Chamberlin	54	56	51	65	59	285

PREMIER RETURNS.

Quebec, July 29.—Premier McBride, of British Columbia, who arrived here yesterday from England on board the Virginian, said that the keenest interest was being evinced in the motherland on the coming elections. In his opinion, this city would be the storm centre in the election.

Wants

WANTED—BUSINESS MAN WITH best references wants to rent modern five or six roomed house for one year or more, between Eighth street and Queen's park. Write "Tenant," care of Reid, Curtis & Dorgan.

CORPORATION OF THE DISTRICT OF BURNABY.

By Law No.—

A By-law to enable the Western Canada Power Company Limited to place towers and poles on roads and highways and supply and distribute electric light and power in the Municipality of Burnaby.

WHEREAS the Western Canada Power Company Limited has applied to the Municipality of Burnaby for permission to construct certain works and operate its undertaking in the said Municipality.

AND WHEREAS it is desirable that such permission be granted on the terms and conditions hereinafter mentioned, the Municipal Council of the Corporation of the District of Burnaby enacts as follows:

1. The Council shall with all reasonable dispatch take the necessary proceedings to expropriate a strip of land 33 feet in width on the North side of the Johnston Road for its entire length for the purpose of widening the said road to a width of 99 feet in accordance with the blue print deposited at the Municipal Hall with such variations as may be found necessary, and also to expropriate a strip of land 99 feet wide as a continuation of said Johnston Road from a point where it turns south to join the Hastings Road in District Lot 125 in a straight Westerly line through said District Lot 125 to a junction with said Hastings Road at or near the Easterly boundary of said District Lot 124, and also to expropriate a strip of land 33 feet wide along such portion of the said Hastings Road as will be required for use of the towers of the said Western Canada Power Company Limited, the said Western Canada Power Company Limited to reimburse the Municipality for the purchase of the said strip of land 33 feet wide along the said Johnston Road including the cost of any necessary by-law or by-laws, the amount of compensation to be paid to the owners of the said land and all costs and other expenses, including the charges of the Municipality's solicitors, and also such costs, charges, and expenses as may be incurred in straightening said Johnston Road, and one-third of the entire cost of the said 99-foot extension.

2. The said Western Canada Power Company Limited shall at and when this by-law is passed immediately proceed to clear and grade the said 33-foot strip mentioned in the preceding paragraph hereof at its own expense in accordance with specifications to be prepared by the Municipal Engineer and to the complete satisfaction of the Council.

3. The said Western Canada Power Company Limited shall pay to the Municipality the sum of twelve hundred dollars ($1200) annually for the term of five years commencing in the year 1911 for the up-keep and repair of the said Johnston Road as so widened, such payment to be made on the 31st day of July in each of the said years and shall also pay to the Municipality commencing in the year 1915 the sum of One Thousand Dollars ($1000) annually during the lifetime of this by-law as a consideration for the privileges granted under this by-law, such payment to be made on the 31st day of July in each and every year.

4. The Municipality shall retain possession and control of the said Johnston Road subject to the rights hereinafter conferred upon the said Western Canada Power Company Limited.

5. The said Western Canada Power Company Limited may construct, erect and maintain, and there is hereby granted to the said Company under and subject to the terms and conditions hereinafter set forth permission to construct, erect and maintain its steel towers and operate its transmission wires upon the said 33-foot strip to be acquired by the Municipality as aforesaid, the said towers to be so placed that the centre of the towers shall be the centre of the said 33-foot strip.

6. In the event of the Municipality not being able to obtain possession of the said 33-foot strip before the Company shall require to use the same the Municipality shall permit the Company to use the Northerly portion of the said Johnston Road as at present located for the erection of its steel towers and for the maintenance of its transmission lines provided that location of the said towers and transmission lines shall be first approved by the Council and provided also that the Company shall at any time upon receiving twelve months notice in writing from the Council remove its said towers and transmission lines on to the said 33-foot strip after the same has been acquired by the Municipality.

7. The Company may construct, erect and maintain, and there is hereby granted to the Company, under and subject to the terms and conditions hereinafter set forth, permission to construct, erect and maintain wooden poles and string and operate a line or lines of wires along the south side of the said Johnston Road for its entire length, and also the right to use one side of any such roads, highways or lanes in the Municipality as may hereafter be agreed upon by the Council from time to time for the purpose of supplying and distributing electric light and power to the inhabitants and industries of the Municipality of Burnaby. Provided, however, that the design, height and location of the said poles and wires shall first be approved by the Municipal Council of the said Municipality and before any such poles are erected on any road or highway complete plans and specifications of the location of such poles and wires shall be submitted for the approval of the Council. In all cases when lanes parallel roads or highways the said wires where practicable shall be placed in the said lanes.

8. The Municipality will forthwith in pursuance of the Roads By-law begin the construction and repair, including the construction of the bridges, of the Johnston Road from the North Road Westerly to where it turns South to Join the Hastings Road in District Lot 125.

9. In all cases where the Company shall be permitted to erect steel towers on any road or highway in the Municipality a strip of land shall be expropriated sufficient to give such road or highway a width of 99 feet and the Company shall reimburse the Municipality for the acquisition of such additional strip in like manner and to the same extent as provided in paragraph 1 hereof for the widening of the Johnston Road.

10. The Company may also construct, erect and maintain, and there is hereby granted to the Company, under and subject to the terms and conditions hereinafter set forth, permission to construct, erect and maintain its steel towers, poles and transmission lines on the Hastings Road as a continuation of the Johnston Road to the Junction of Fifth Avenue with Hastings Road in the Subdivision of District Lot 124, thence along Fifth Avenue Westerly to Beta Avenue in the said Subdivision, thence South to the receiving station of the Company. Provided that the location, design and height of the said towers, poles and transmission lines shall be first approved by the Council, and that before any such work is undertaken the Company will submit plans and specifications of the location, design and height of the said poles, wires and transmission lines for the approval of the Council. Provided notwithstanding anything contained in Section nine of this by-law that it shall not be necessary at the present time to widen the roads mentioned in this paragraph to a width of 99 feet. Provided that when in the opinion of the Council it shall be found that any danger exists from wires on these roads the said wires shall be cradled by the Company at its own expense and provided also that when the Council shall desire to widen the said roads to 99 feet the Company shall pay one-half of the cost of the acquisition and clearing and grading of such additional roadway. The Company shall upon receiving six months notice in writing from the Council remove its towers on to such additional strip to be acquired as aforesaid.

11. The provision as to the cradling of wires as mentioned in the last preceding paragraph hereof shall also apply to all wires now or hereafter strung by the Company on any road or highway in the Municipality.

12. All high potential wires carrying a voltage of 40000 volts or over now or hereafter strung by the Company in the Municipality of Burnaby in pursuance to this by-law shall at the lowest point be not less than 40 feet above the ground and at all road intersections shall not be less than 45 feet above the ground. And all such wires carrying a voltage of 12,000 volts or more shall be at the lowest point be not less than 30 feet above the ground and at all road intersections shall be not less than 35 feet above the ground.

13. If any steel towers or poles be found owing to the construction of any new road to be an obstruction, the Company shall alter the position thereof, in such manner and within such time as the Council may direct.

14.—The Company shall take due care and proper precaution for the safety of foot and other passengers, and of horses, carriages and vehicles, lawfully passing along the highways of the Municipality occupied by the Company, and shall not unnecessarily interfere with or impede the public use of the said highways, and the Company shall leave the roads and highways of the Municipality upon which any work is done by the Company, after such work is completed, in as good repair as they were before said work was begun, to the satisfaction of the Council.

15. The Company shall at its own expense construct the said 99-foot extension of the Johnston Road and a road 66 feet wide known as Beta Avenue from the Hastings Road to the Subdivision of District Lot 124 South to the Northerly boundary of the Vancouver, Westminster and Yukon Railway, and the company shall also at its own expense construct a road 66 feet wide required for its towers, poles and transmission lines along Fifth Avenue from its junction with the Hastings Road Westerly to Beta Avenue.

16. The Company shall and will from time to time, and at all times, indemnify and save harmless the Municipality from all damages, loss, costs and expenses caused by the said towers, poles or wires being on the said roads or highways, or by any work, alteration, repairs or improvements in connection with the work herein contemplated, or in any way incidental to the carrying of its wires along the said roads or highways, or the operation of its said undertakings.

17. The Company shall if required to do so by the Municipality at any time after eighteen (18) years from the date hereof remove any and all of its said towers, poles or transmission wires from off the said roads and highways of the Municipality upon receiving twenty-four months notice in writing from the Municipality to that effect provided that subject to the approval of the Municipality the Company may place its transmission wires under ground under the said roads and highways.

18. The Company shall not make any greater charge for the supply of electric light, heat or power to the Municipality or the inhabitants thereof than the lowest charge paid for the same by any Municipality, other than a city, to the said Company for similar service and shall not in any way discriminate against the Municipality or any of the inhabitants thereof in the carrying on of its undertakings. Provided that the maximum rate for the supply of electric light shall be as follows: Up to 50 kilowatt hours 12 cents per kilowatt hour; over 50 kilowatt hours one dollar per connected kilowatt per month plus an energy charge of eight cents per kilowatt hour subject to a discount of ten per centum or such greater discount as may be in force, and with such reductions of rates as may be in force to residents of any Municipality other than a City; and the Company will, free of charge, to the customer, make the necessary connections between the installation of such customer and the Company's lines where the distance of such installation from the Company's lines is not greater than 660 feet. Provided that when twelve or more resident consumers petition for light in portions of the Municipality, not served by the Company's distribution lines, the Company shall supply such lighting service upon the consumer entering into a contract with the Company to pay the cost of supplying standard poles and erecting the same within a radius of two miles from the Company's transmission lines, but only on condition that public roads or lanes are available for such transmission lines. This provision shall not preclude the Company from making any agreement with any customer for the supply of light to such customer where the installation may be located more than two miles from any main distributing lines of the Company.

19. The Municipality may upon giving not less than one month's notice of its desire to do so have the right without payment to use any wooden poles, standards, cross-arms, brackets and attachments erected on the roads and highways of the Municipality for the support of any electric wires or lamps belonging to the Municipality or to give permission to any contractor with the Municipality to use the same for the lighting of street lamps within the limits of the Municipality. Provided that the said notice shall be accompanied by plans to the reasonable satisfaction of the Company showing the position in which such wires or lamps are to be supported and that in placing, maintaining or altering such wires or lamps no damage shall be caused to such poles, standards, cross-arms, brackets or attachments, and no obstruction shall be caused to the working by the Company of its undertaking, and also provided that the Company notwithstanding any provision herein contained shall not be liable for any damage which the Municipality or its servants or contractors or any other Company or person may sustain in connection with the use by the Municipality of wooden poles lines or supports belonging to the Company.

20. The Company shall upon being required to do so by the Council wherever practicable transfer its distribution and service lines from roads and highways to lanes of the Municipality upon receiving twelve months notice in writing to that effect from the Council.

21. The Company shall upon the request of the Council enter into a contract to light the streets of Burnaby under terms and conditions to be agreed upon hereafter, provided that the price to be charged for said light shall be no higher than that now charged by the British Columbia Electric Railway Company to the Municipality of South Vancouver and provided that if the Municipality of South Vancouver shall at any time within the period of this By-law enter into a contract for the lighting of the streets of South Vancouver with the British Columbia Electric Railway Company at a lower price than they are now paying, the Western Canada Power Company shall thereupon reduce the price charged to the Municipality of Burnaby to accord thereto.

22. The Company shall immediately after the final passage of this By-law enter into an agreement with the Municipality to abide by and carry out the terms, conditions, provisos and restrictions contained in this By-law otherwise this By-law shall be null and void.

23. Nothing in this By-law contained shall be deemed or construed to confer upon the Company any exclusive right or privilege.

24. If the said Western Canada Power Company Limited shall amalgamate or enter into a combination with or become under the control of the British Columbia Electric Railway Company Limited or the Vancouver Power Company Limited or any assignee or successor of such Companies or either of them the privileges granted to this Company by this agreement shall thereupon ipso facto absolutely cease and determine but nothing herein contained shall prevent the Company from supplying power to the said British Columbia Electric Railway Company Limited or the said Vancouver Power Company Limited.

25. This By-law shall before the final passage thereof be submitted to the electors of the Municipality who are entitled to vote upon a by-law to contract a debt, and shall receive the assent of not less than three-fifths in number of the electors who shall vote upon the same.

26. This By-law may be cited as the "Western Canada Power Company Limited Light and Power By-law (Burnaby) 1911."

DONE AND PASSED in Open Council the 26th day of June, A. D. 1911.

RECEIVED the assent of the electors the——day of ——, A. D. 1911.

RECONSIDERED and finally passed the —— day of ——, A. D. 1911.

C. M. C.
Reeve.

Take notice that the above is a true copy of the proposed By-law upon which the vote of the Municipality will be taken on Saturday, the 12th day of August, 1911, between 9 o'clock a. m., until 7 o'clock p.m., at the polling places:

The Municipal Hall, Edmonds.
Agricultural Hall, Central Park.
Lake View School, Burnaby Lake.
Mrs. Cobban's House, Burquitlam.
Dundonald School, Pole Line Road.
G. H. Leaf's Store, East Burnaby
Mr. Jas. Herd's Office, Hastings Street East.

Public notice is hereby given that the vote of the Electors of the District of Burnaby will be taken on the above mentioned By-law at the time and place above mentioned, and that A. G. Moore has been appointed returning officer to take the vote of such electors, with the usual powers in that behalf.

By order of the Council.

J. W. WEART, Reeve.
W. GRIFFITHS, Clerk.

SOCIETY

Mrs. W. Monroe, of Magee, spent Wednesday with Mrs. J. J. Jones.

* * *

Mr. Alexander Charleson left on Monday for a business trip up the coast.

* * *

Mr. Frank Hannington, of Prince Rupert, spent the week-end with his sister Mrs. Lawford Richardson.

* * *

Miss Fraser and Miss Jessie Allen are the house guests of Mrs. T. Briggs at Boundary Bay.

* * *

Mrs. Leamy, who is spending the summer at Blackie Spit, spent a few days in town during the week.

* * *

Mrs. J. H. Jones and family returned early in the week from a trip to Summerland.

Mrs. M. N. H. Woods, of Vancouver spent Wednesday with friends in town.

* * *

Dr. and Mrs. Walker and Miss Walker left on Friday for a short stay in Victoria.

* *

Mrs. J. Allen gave a very jolly supper Saturday evening for a number of tennis players.

* * *

Mr. and Mrs. Charles Richardson left yesterday for the east, and will be away two months.

* * *

Mrs. Arthur Malins came up from Boundary Bay on Thursday for a few days.

* * *

Mr. Robert Beatty, of Vernon, has returned to his home after spending his holidays with his mother Mrs. George Beatty, Seventh street.

* * *

Mr. and Mrs. J. S. C. Fraser, of Rossland, are receiving congratulations on the birth of a little daughter last Saturday.

* * *

Mrs. Howay and daughter returned early in the week from a three months' trip in the old country.

* * *

Canon and Mrs. d'Easum are spending a few days with Mrs. William Johnston at her summer home on the north arm of the Inlet.

* *

Miss Vida Corbould, who has been the guest of Mr. and Mrs. G. E. Corbould, returned to Winnipeg on Thursday.

* * *

Mr. and Mrs. Procter, of Armstrong, who have been the guests of Mrs. G. D. Brymner, left Tuesday for Victoria.

* * *

Mr. Frank Major gave a stag dinner on Thursday evening in honor of Mr. Jack Cornwall, who is leaving next week for the upper country. A few other invited guests came in later and a jolly musical evening was enjoyed.

* * *

Mr. and Mrs. Phipps, of Nelson, are expected here on Monday, Mr. Phipps having been made accountant in the Bank of Montreal.

* * *

Mrs. Cornwall, who is leaving for Victoria on Monday, will be the guest of Mrs. Charleson until her departure.

* * *

Mrs. Hannington has been the guest of her son Mr. Frank Hannington at the Vancouver hotel for the past week.

* * *

Mr. and Mrs. C. B. McAllister, Miss Barnet and Mr. Barnet, of Renfrew, are enjoying a motor trip in Vancouver Island.

* * *

Mrs. Gauvreau was a hostess at the tea hour last Saturday, entertaining for her house guest Miss Brustermen, of Winnipeg.

* * *

Mrs. H. R. Davidson was a hostess at the tea hour on Thursday afternoon, complimentary to Mrs. Low, of Winnipeg.

* * *

Miss Wheeler, who has been visiting her sister, Mrs. W. J. Mathers, for the past week, left on Wednesday to join the Alpine club in camp near Banff.

* * *

Mr. Humphreys Edmunds, of Kamloops, arrived on Wednesday to spend a short time with his family, who are the guests of Mrs. J. J. Jones.

* * *

Mr. G. E. Martin and daughter Miss Marian, returned from their eastern trip last Saturday.

* * *

Mrs. McGuire, who has been the guest of her sister, Mrs. J. W. Creighton, returned to her home in California on Monday.

* *

Mr. and Mrs. A. Turner, of Vancouver, and Mr. H. R. Townsend, of Rossland, were visitors in the city over Sunday. Mr. Townsend was a former resident here, being the son of the late Mr. W. B. Townsend, who was mayor of the city nineteen years ago.

* * *

The accessibility of Blackie Spit makes it a favorite spot for many who wish to enjoy the cool sea breezes on a warm Sunday. An unusually large number were present last week-end, and among those motoring from here were Mr. and Mrs. J. H. Diamond, Mr. and Mrs. A. C Eddy, Mr. and Mrs. Sinclair, Mr. and Mrs. E. N. Sutherland, Mrs. Sutherland (Ottawa), Mr. Rand, Miss Corbould, Miss Freese, Miss Neeve and Mr. Bernard Corbould.

* * *

A very pleasing ending to an unusually gay summer week was the tennis tea given by Mrs. L. A. Lewis in her beautiful garden last Saturday afternoon. A few of the Vancouver players were present and enjoyed a good practice with the members who played in the Vancouver tournament from here. The guests included Mr. and Mrs. Charleson, Mr. and Mrs. C. B. McAllister, Miss Barnet, Mrs. Yuengling, Mr. and Mrs. J. Allen, Mr. and Mrs. G. B. Corbould, Mr. and Mr. and Mrs. Gordon Bruce Corbould, Mr. and Mrs. A. C. Eddy, Mr. and Mrs. W. G. McQuarrie, Mr. and Mrs. R. V. Ardagh, Miss MacGowan, Miss Peele, Mr. Motherwell, Mr. Sterns (Vancouver), Mr. Gray and Mr. Rhodes (Vancouver).

* * *

Mrs. J. J. Jones gave a most delightful croquet party on Wednesday afternoon, a number also coming into tea and to watch the interesting games. The guests were Mrs. English, Mrs. Dickinson, Mrs. Cornwall, Mrs. Walker and Miss Walker (Toronto), Mrs. R. Eden Walker, Mrs. G. E. Corbould, Mrs. Charleson, Mrs. George Beatty, Mrs. J. Gracey, Mrs. Low (Winnipeg), Mrs. Yuengling, Mrs. James Brymner, Mrs. Greame, Mrs. G. B. Corbould, Mrs. R. H. Gordon, Mrs. Payne, Mrs. H. R. Davidson, Mrs. Lawford Richardson, Mrs. Hannington, Mrs. Ellison, Miss McColl, Miss Armstrong, Miss Vida Corbould (Winnipeg), Miss Horner and Miss Ethel Horner.

* * *

The tennis tournament on the Denman street club courts, Vancouver, which commenced on Monday, has proved one of the most successful in the history of the club. It was unfortunate that the two ladies entering from the Westminster club should draw the two best Vancouver entries. Miss Rimington, who was Miss Corbould's opponent, was formally the champion of the North of England, and Miss Peele had her first match with Miss Becket, who won the championship at Vancouver last summer. In the ladies' doubles Miss Corbould and Miss Peele were also drawn to play their first match with these two expert players. A number attended every day from here and it is expected all lovers of the game will be present today when the finals are to be played. Among the number going over during the week were Mr. and Mrs. L. A. Lewis, Mr. and Mrs. G. E. Corbould, Mrs. Yuengling, Mr. and Mrs. C. B. McAllister, Miss Barnet, Mr. and Mrs. J. Allen, Mr. Rand, Miss Helen Rand, Mr. and Mrs. A. C. Eddy, Miss Martin, Mr. and Mrs. Sutherland, Mr. and Mrs. Russell, Mr. Ward, Mr. Motherwell and

NEW WESTMINSTER LAND DISTRICT.—District of New Westminster.—Take notice that I, James Charles Wood, of North Vancouver, occupation merchant, intend to apply for permission to purchase the following described lands: Commencing at a post planted about three miles north of T. L. 916 on the west shore of Haslam lake, thence west 80 chains, thence south 80 chains, thence east 80 chains, thence north 80 chains to point of commencement, and containing 640 acres more or less.

THE PEACE RIVER RAILWAY.

It is unfortunate that when a matter which concerns the community in this city is fixed for discussion only a limited number of those members of the public who are concerned are generally present to take part in the proceedings. Not only once nor twice has this kind of thing happened, but many times. On Thursday evening a matter which very closely concerns every trade and commercial man in New Westminster formed the object of a meeting summoned at the city hall, yet many of those whom one would expect to see at such a gathering were noticeable absentees. The fact that this happens to be holiday time may perhaps account in some way for the apparent lack of interest taken in the Peace river project; but even allowing for this the commercial interests of this city might surely have been better represented.

There can be very little doubt that the proposed construction of a railway linking up this coast with Fort George and the Peace river country would be as great an advantage to New Westminster as to any other city. The desire and hope of those who have the best interests of the Royal City at heart is to see this rapidly transformed into a busy manufacturing centre, a depot of commercial exchange, and a large thriving port. All the circumstances are favorable to the accomplishment of this great purpose, and if the people of New Westminster will only direct their best energies thereto, it will come about in the very near future.

Within view of the city, at Coquitlam and Port Mann, two great railway yards and shipping depots are about to be created, the one by the Canadian Pacific railway and the other by the Canadian Northern railway. *It is exceedingly likely also that the Great Northern railway will considerably extend its operations here* in the not very distant future, hile the Grand Trunk Pacific line may be obliged to locate an important shipping terminal on the Fraser river. On the banks of the same noble stream many large grain elevators are likely to arise.

What, too, is certain to have a potent effect upon the commercial development of New Westminster is the opening of the Panama canal. The Fraser river furnishes ideal accommodation for shipping, and here steamships in number are likely to load and discharge cargoes from and to all parts of the world. The opening of the canal will mean the shortening of the sea journey between England and British Columbia by at least half the time, and which will mean a considerable reduction in freight rates.

If New Westminster is to become a busy port and thrive as a shipping centre then she must have ample means of communication with the surrounding country; possess feeders which will bring the minerals and timber and produce of the province and beyond to our docks, and return the imported goods and manufactures thereto. In these circumstances a line running through over five hundred miles of fertile lands, rich mineral tracts and great forests of timber, and communication with a vast area of northern country would be most valuable. For this reason every man who depends for his livelihood upon the commercial prosperity of New Westminster should come forward and work actively to get the Peace river railway project carried into effct.

The Black Rust.

Regina, July 27.—A. F. Mantle, deputy minister of agriculture, is of the opinion that dreaded black rust is not yet a feature of the crop situation. There are indications of it in many parts of the province, but a few days warm weather will avert damage. The past three days have been warm all over Saskatchewan.

Loses in Sedro-Woolley Fire.

Seattle, July 27.—That the Sedro-Woolley losses occasioned by the disastrous fire of Monday will amount to $250,000, or $50,000 more thn first estimated, was the assertion of DeWitt C. Owen, proprietor of The Skagit County Courier, who was in the city yesterday. Insurance approximated at $128,000 will cover about half of this amount, leaving a net loss running close to $122,000.

The lack of sufficient water pressure at a critical time was, he said, the cause of such a large part of the business district being destroyed.

IN THE SUPREME COURT OF BRITISH COLUMBIA.

IN THE MATTER of the estate of JAMES CAMPBELL MURPHY, deceased.

Sealed tenders will be received by the undersigned up to one o'clock in the afternoon on the 1st day of August, 1911, for the purchase of the south half of the southeast quarter of section five (5), township eight (8), in the district of New Westminster and province of British Columbia, containing eighty (80) acres more or less.

This land is well situated near Cloverdale, in the Municipality of Surrey. About ten (10) acres are cleared and stumped and about ten (10) acres more partly cleared. There is a small house on the property.

All tenders must be accompanied by a marked cheque for five (5) per centum of the purchase price. If tender is not accepted cheque will be returned.

Tenderers will name the amount of cash which they are prepared to pay and also the terms which they will expect for payment of the balance.

The highest or any tender will not necessarily be accepted and all tenders shall be subject to the approval of the Judge.

For further particulars apply to Messrs. Wade, Whealler, McQuarrie & Martin, rooms 7 and 8 Guichon block, New Westminster, B. C., or rooms 20 and 21 Williams building, Vancouver, B. C.

Dated this fifteenth day of July, 1911.

CRUCIAL TEST THIS AFTERNOON IN LEAGUE CHAMPIONSHIP

Both Teams Rearrange Line-Up for Seventh Struggle—Pat Feeney Indisposed—Westminster Athlete Still Waiting for His Trophies—Nolan Shows Novice Form Against Muldoon.

BY ROBERT A. WILSON.

WHAT gives promise of being one of the hardest games of the league championship this season so far is due for decision this afternoon when the champions and near-champions meet at Recreation park to battle for supremacy in the seventh of the ten scheduled games; and, naturally the question arises, "Who will win?" Unfortunately Manager C. A. Welsh has been forced to shift his team around owing to the illness of Pat Feeney. Personally I hate chopping and changing and contend that it is not for the betterment of any aggregation, but when sickness falls into the camp, such steps have to be taken and from the personnel of the reconstructed twelve it looks that Mr. Welsh has acted wisely and well with the material at hand. Will Turnbull will take Patrick's place at number seven, thus letting in Punk Wintemute. At the last moment Welsh may change Johnny Howard from four to two. Howard would thus check Newsy Lalonde, and the arrangement would I am inclined to think work out better than that formation which the management of the champions had at first decided upon.

IT is an open secret that Vancouver look upon the tussle of this afternoon in a bright light and the delegates who were over here on Thursday night did not hide their views on how the game would finish up, in fact went so far as to state that the Minto cup measurements were being taken so that accommodation would be made for it in the Terminal City. It is for the good of the game that views such as these prevail. If the players may lack the finish and combination of the champions it has to be acknowledged that those behind the fortune of the Terminal City aggregation are far from being down-hearted. We in Westminster fully appreciate that the battle is not yet over and that there are a few steep hills still to climb, but after the wonderful performance and the return to their winning stride, I can see nothing but the Dominion championship remaining right here in the city on the Fraser river.

THE B. C. E. R. will run special cars this afternoon between 1 and 1:30 o'clock to cope with the crowds from here, and I would advise fans to be on time. Every play in the match is going to be one full of interest, and, again I would say place the silverware on the Royals.

BICKERING and hard talk have been sent to the backwoods by the officials of the B. C. L. A. and it did one good to be at the meeting of Thursday evening. Harmony held the long suit and chuckles were audible when Fred Lynch and Con Jones agreed to forget their little differences and travel over to the capital yesterday in the quest for a second referee for today's match. When the next annual meeting falls due, there will be a thorough cleansing of the constitution which as one of the delegates put it Thursday, is not worth the paper it is printed on. The strongest precident could not hope to rule a meeting with a constitption such as the B. C. L. A. has in vogue at this time and the magnates would be well advised to get together and draft one worthy of the ruling body of the national game in this province. In a court of law did occasion arise to submit the rules and laws (?) to a judge, I fancy I can see tears of merriment trickling down the furrowed cheeks of the dispenser of justice when he attempted to wade through that awful constitution. But leaving this especial subject for a moment, didn't Referee Cusack get his? It is a safe bet that this Victoria man will never be seen in his white sweater again, acting as (apparently) goal judge and getting fifty per for holding down the job.

THIS column would not seem complete without a knock at someone and this week, the knock is directed to those mutts who are hovering around and throwing in the insinuations that the league matches are all cut and dry affairs and that Welsh and Jones are the bold bad men of the play who are out for the pelf and snatching at the money of the public wherewith to enrich themselves. Had some of those kill-sports been present at the meetings of the association this year it would have been very clear that there is no love lost between the two clubs and that frame-up matches have never entered the minds of those responsible to their respective clubs for the welfare of the teams which they manage. Men who frame-up, and cook games do not act as the delegates of the Westminster and Vancouver clubs have this season, and it is very clear that both clubs are out to win by the straight route or not at all. This season has been the crucial one in the history of the game, and although at one time it was thought there would be a deadlock and a split in the camp, better sense has returned to those in charge of affairs and the difficulty is passed, for, I hope, all time. With a two-league association there is certain to be a presence of friction at times and those who have the best interests of the great sport at heart do hope with me that by the time the season of 1912 comes around that a third club will have been admitted. As for the frame-up matches, please forget it, and if anyone should broach the subject, make him prove his words.

OFFICIALS of the Westminster senior amateurs wish to return thanks to the thousands who attended at the match versus Victoria last Saturday at Queens park and desire me to state that the receipts having been checked are deposited in the bank. No special police were necessary to act as a cordon round the officials who had the greenbacks, and unfortunately the counting process was all too easy. Whatever has gone wrong with the enthusiastic Westminster fan of late, anynow? Victoria made their first appearance here for the season and the match meant much to the resting place of the championship, yet it is found that the total receipts amounted to something under eighty dollars. This is not playing the game by those who will be called upon in a few years to take the places of the professional team. It is not for the betterment of the play itself when the stickhandlers find that their efforts are not being appreciated. It is not to the liking of the hard-working officers of the Westminster club who cannot be expected to dive down in their jeans for working expenses. While I know that there is not a man on the club executive who would not gladly fork out, and has done so, the money necessary to carry financial matters along, it is not the right thing to always expect it. It is the truest spirit of amateurism to stump up for all these matters, at least that was the ruling when I was in the unpaid ranks over the herring pond, but in Canada, the rules are more lax and permit of certain grants being made and travelling expenses allowed. This being so, is is up to the people to give that support which last Saturday was lacking. If we are to have amateur lacrosse in this hotbed of the game let us give our patronage and show the players that their efforts are being appreciated and then we will have contentment. There have been mutterings this week about the attitude adopted by those who are shouting all the while about the wonderful asset the game is to this city, and those very people are conspicious by their absence at a game which was splendid and which was the first one this season in the city to necessitate extra time being played ere the winners could be unearthed. Get together, citizens, and root all the time and every time for the intermediates, senior amateurs and the professionals. There's some class to this bunch.

THOSE responsible for the Made-in-Canada sports meeting which was held in Vancouver some weeks ago, should get a hustle on in the immediate future, otherwise there may be trouble in the atmosphere. It will be recalled that a Westminster athlete, Jack Hoult, of Columbian college, won two races at the meeting which was held under the auspices of the amateur ruling body of athletics in the Dominion. I am informed from an official source that up to date Hoult has not received any memento of his victories on that occasion. Surely this is not as it should be and the sooner some one in authority looks into the matter the better it will be for future sports gatherings. Hoult is a simon pure amateur and would I am certain take part in foot races for the absolute enjoyment of it, but it is hardly fair to announce that prizes would be awarded and hold them back after this lengthy period. Hoult would be well advised to place the matter in the hands of the association officials. That should bring the promoters to time.

AS you can never tell a girl's riches by the purse of her lips, so it is with the appearance of an athlete in boxing attire. At Chilliwack on Tuesday night, when Peter Muldoon met and defeated "Tommy Nolan of Chicago," we were presented to a couple of splendidly built athletes, who at the middle-weight limit gave evidence of being in the pink of condition, and who looked that they could mix it with the best. But, oh, what a difference when the Chicago (?) lad put up his guard. Then it was plain to the veriest tyro that he had not begun to know the first thing about the fistic art. He floundered around, and poked at Muldoon who carried out his pre-arranged program, which was to size up his antagonist for a bit and then weave in. The initial round was fairly satisfactory as far as it went, the end of the round coming with honors fairly even. In the second clash, Muldoon set about his man in workman-like shape and soon had the other backing to the ropes. A series of right-hand hooks to the jaw, and a volley of lefts to the stomach had "Nolan" in Queer street, and it was not long ere one foresaw the finish to hostilities. Muldoon who is a splendid fighter, and a pretty boxer, took the measure of the opposing glove merchant, and a slashing hook to the point sent the middle west man to a count. At eight the gong saved him from the knockout and after a rest which did him a world of good, the third round was under way with Muldoon going further to the lead. Peter showed that when he met Jack Lester at Tacoma he was up against a big handicap, both by reason of sickness and weight. He had Nolan thinking all through the round, and although it looked to me that he should have sent in the winning punch in this round he held it back until the opening minute of the following session when he made no mistake about his intentions. At close quarters he ripped a left to the point, a following right to the mark and after a feint went in with a smash to the head and the culminating message under the heart. Nolan sank to the floor, and Percy Cove, who had been asked to assist the Chicagoan, was perfectly justified in throwing in the towel in token of defeat. It was quite ten minutes before Nolan recovered sufficiently to be taken to his dressing room.

THE winner gave a good account of himself, and it was plain that he is one of the best at his weight on the Pacific slope. He was altogether a different man to the one whom I saw face that white joke Jack Lester some seven months ago, and by his performance on Tuesday it was made plainer that Lester as a future aspirant for Jack Johnson's crown is a huge scream. If a middle-weight like Muldoon can when suffering from illness put up a rattling good bout against heavyweight Lester, what chance has the last named to duck under the hemp with world-beaters? Answers are superfluous.

WITH Percy Cove I had seen a Tommy Nolan of Chicago in action in the States, but the man who assumed that name on Tuesday was not the same, and this leads one to again wish for the materializing of an association which would not only protect the boxers themselves, but also the public. The advance dope on Tuesdays affairs informed us that Nolan had met the best in the boxing game, but I am inclined to think that the meeeting must have taken place either on the sidewalk or in the dressing rooms of some of the best, and where Nolan had special permission to convey a message.

THE English correspondents of some of the American newspapers must be stepping off the wrong foot these days, and the latest sporting piffle from London through the agencies makes one really wonder if there is no press censor to stop the ramblings of the Yankee scribes, who are responsible to their respective Yankee journals, for the truth, the whole truth and nothing but the truth. We are told that a fool is born every minute, and that the public can always be gulled, but the stuff switched over the wires about the match between Jack Johnson and Bombadier Billy Wells could not be gulped down even by a fool. We are informed in the American sporting sheets that the contest between the English and world's champion is all ready tied up in a small parcel and labelled "frame-up," and that Johnson is willing to lie down to the Britisher because he (J. J.) is sore at the manner in which he has been treated by his fellow countrymen; that Johnson gets ALL the purse, while those behind the scheme are James White, of Manchester, a well-known promotor, and the backers of the frame-up are Ernest Terah Hooley and Horatio Bottomley. Zowie! Did one ever hear the like of it? In the first place and in order to show

517 COLUMBIA STREET **A. S. Mills & Co.** House of "Fashion-Craft"

Mum Is the Word With Candidates

All Are Wondering How Strong Their Opponents Are--But It Is Only a Matter of Guessing--In the Meantime There Is a Merry Scramble for Votes.

The $1750 Auto is on Display at T. A. Muir & Co's. Drug Store. The $500 Piano Can be Seen at the Columbia Piano House. The Furniture Sets Can be Seen at Galloway & Lewis. The Watches Can Be Seen At T. Gifford's Jewelry Store. The Scholarships Were Purchased From The Westminster Modern Business School.

The number of votes held in reserve is getting to be very mystifying. Who knows whether the immense gains being made are from new business—new subscription reports—or from drafts upon the candidate's reserve? The contest editor might know if it wasn't for his very poor memory. He is the "densest" man in town when it comes to giving out information other than that contained in the contest stories. If you don't believe it, just try to find out the progress being made by one of your competitors.

However, candidates should not draw heavily on their reserves, but keep their scores on the move with subscriptions gathered from day to day.

Keep your reserve intact; keep the extent of your "sleeve vote" to yourself; keep adding to it. Here's three "keeps" to keep in mind.

Seven More Days.

That is the time alloted to you in which to help your favorite win a prize in the Daily News' $3000 contest. The one sure way to aid that favorite, beyond any question of your forgetting, is to hand her your subscription at once. The candidates are working hard, and every name that they get checked off allows them more time to work in new territory and thus swell their vote.

Little Difference.

The contestants are beginning to realize that the difference of a few thousand votes is not a very large margin, and are not losing heart by any means. A race is never ended until the goal is reached, and there is always time for the last competitor to win out.

Make Another Trip.

If you have exhausted your territory, go over it again and sign renewals and extensions now.

The people who have promised extensions ought to be willing to help you now that the contest is on the home stretch.

..Uninterested Judges.

That each candidate in the contest may feel assured of a square deal, a committee of well-known business men will be selected to act as judges to count the votes and award the prizes at the close of the contest.

Securing Subscriptions.

Candidates in any certain district are in no way restricted from securing subscribers in any locality that they may wish. For instance, a candidate in District 1 may secure subscriptions in District No. 1 and District No. 2 may secure subscriptions in District No. 1; in fact, candidates may secure subscribers wherever they can get them.

Don't Hold Back Subscriptions.

There is a tendency noticed by the manager of the contest for contestants to hold back subscriptions after receiving them from their friends. These friends want their paper after they subscribe for two reason: One, they wishto clip the coupon for their favorite, and the other that they wish to read the news contained in the columns of the Daily News. The manager of the contest suggests that the contestants turn in their subscriptions each day and receive a ballot for thehm. If they wish to hold back this ballot it is possible to do so.

This registers the name of your friend on the Daily News subscription list and they get their paper at each issue.

Subscriptions Easily Obtained.

The Daily News is so well knewn and is so far ahead of any other newspaper in its field that it is an easy matter to induce your friends and acquaintances to become regular subscribers. The votes obtained on a two dollar subscription will place you in a strong position, and with a little extra effort you can reach the top.

It is a pleasure to suggest to a friend the advisability of subscribing to the Daily News.

Don't Stop at One Subscription.

As soon as you have secured one subscription go after another in your spare time. This contest business need not interfere with your regular work. However, if you were to spend your time for the next few weeks doing nothing but securing subscriptions to the Daily News the reward for your efforts would quite suffice to pay you many times over. Think what a wonderful profit will be yours should you win the $1,750 McLaughlin car; it would be equivalent to a salary of $500 per week for the next few weeks.

Unpaid Subscriptions Count.

All subscribers to the Daily News who are in arrears on their subscription account, and who settle same, are entitled to votes according to the schedule. When you pay your subscription be sure you receive the votes to which you are entitled.

Reinstatement of Candidates.

Candidates whose standing is under 5000 have been dropped from the list, but will be reinstated as soon as they send in enough votes to make the required 5000.

Rules of the Contest.

In addition to the nomination rules published below, the following regulations will govern the conduct of the Westminster News three thousand dollar voting contest:

1. The contest closes at 9 p.m. Saturday, August 5. There will positively be no extension of the time.
2. Votes may not be secured except on subscriptions to the Daily or Weekly News or by clipping the ballots daily during the life of the contest.
3. No votes may be transferred from one candidate to another.
4. Candidates must enter from the district in which they live. If a candidate removes from one district to another during the life of the contest she will be a contestant from the district she first entered.
5. If a candidate withdraws from the contest her votes are lost.
6. Votes will be issued on all subscriptions, old and new, according to schedule.
7. A subscriber who pays up his arrears to the News will be allowed votes according to the schedule.
8. No statement made by any solicitor, canvasser or agent varying from the rules set forth will be recognized by the News.
9. Candidates by accepting their nomination and filling votes certify their agreement and these and any other published conditions of the contest.
10. The contest management of the News reserves the right to settle any controversies which arise during the contest.

CONTEST DEPARTMENT
Open Every Evening.

The contest department will be open every evening until 8 o'clock from now on for the benefit of those who cannot call during the day. Also all day Saturdays.

Standing of Candidates.

Nominations for the big automobile contest are published below, and show the growing interest in the competition. Look them through, and see if you cannot add that of a friend.

District No. 1—All territory west of east side of Sixth street, within New Westminster city limits.

	Votes.
Miss Laura Lavery	176,840
Miss Mary Eastman	348,890
Mrs. W. E. Fales	1,327,660

The Prizes.

Eleven in all. Two grand prizes and nine district prizes will be divided into the three districts as follows:

The Candidate receiving the greatest number of votes in the three districts combined will be awarded the $1750 McLaughlin Buick touring car, to be seen at T. A. Muir's drug store, Columbia St.

The candidate receiving the most votes in the remaining three districts will be awarded the $500 piano. This piano was purchased from the Columbia piano house and is on display at their store, the Walker block, 425 Columbia street.

The candidates getting the greatest number of votes after the winners of the grand prizes will be given their choice of the district prizes.

The Nine District Prizes.

Three scholarships purchased from the Westminster Modern Business college. They are good for eight months tuition and worth $96 each.

Three handsome furniture sets worth $75 each purchased from Galloway & Lewis and can be seen at their store, corner Fourth and Columbia streets.

Three beautiful solid 14k. gold watches worth $40 each, purchased from and on display at T. Gifford's jewelry store on Columbia street.

The District.

In order to give every candidate an equal chance to become the possessor of one of these valuable prizes the territory has been divided into three districts as follows:

District No. 1—All territory west of east side of Sixth street, within New Westminster city limits.

District No. 2—All territory east of west side of Sixth street, including Sapperton.

District No 3—All territory covered by the Daily and Weekly News outside the city limits of New Westminster.

DEPARTMENT OF RAILWAYS AND CANALS, CANADA.

HUDSON BAY RAILWAY.

Notice to Contractors.

Sealed tenders addressed to the undersigned and endorsed "Tender for construction of Hudson Bay Railway," will be received at this office, until 16 o'clock on Tuesday, the 1st of August, for a section of about 185 miles from Pas Mission to Thicket Portage.

Plans, specifications and form of contract to be entered into can be seen on and after Wednesday, May 31, at the office of the Chief Engineer of the Department of Railways and Canals, Ottawa, and at the office of the Chief Engineer of the Hudson Bay Railway, Winnipeg, at which places forms of tender may be obtained.

Parties tendering will be required to accept the fair wages schedule prepared or to be prepared by the Department of Labor, which schedule will form part of the contract.

Contractors are requested to bear in mind, that tenders will not be considered unless made strictly in accordance with the printed forms, and in the case of firms, unless there are attached the actual signature, the nature of the occupation, and place of residence of each member of the firm.

An accepted bank cheque for the sum of $200,000.00 made payable to the order of the Minister of Railways and Canals must accompany each tender, which sum will be forfeited if the party tendering declines entering into contract for the work, at the rates stated in the offer submitted.

The cheques thus sent in will be returned to the respective contractors whose tenders are not accepted.

The cheque of the successful tenderer will be held as security, or part security, for the due fulfilment of the contract to be entered into.

The lowest or any tender not necessarily accepted.

By order,
L. K. JONES,
Secretary.

MARKET REPORT

In all sections of the market yesterday at the weekly sales, offerings were much below the mark, and the result was that would be buyers had to leave without connecting with the small shipments which sold immediately bidding started.

New potatoes experienced a drop in the majority of instances, as much as 50 cents less being accepted for the tubers which were not of the same even quality as last week.

Fruit, with the exception of raspberries, was conspicuous by its absence. The berries sold at $2.75 and were rapidly bought up at that high figure. Flowers of all varieties added a brilliant touch of color to the otherwise sombre building, and good average prices were received. In the poultry section, the offerings were much below the usual grade, the demand as a result being weaker.

Vegetables; Wholesale.

Potatoes, new, per sack	$2 to $2.25

Vegetables, Retail.

Onions	5 lbs. 25c
Cabbage, per lb.	5c
Rhubarb, per lb.	5c

Opium Seized on Steamship.

Seattle, July 27.—Word has been received here that a seizure of opium was made on the liner Kumeric at Portland. The customs men found six cans of opium, worth $300, secreted in the forecastle of the steamship. A few nights ago customs officers arrested a Chinaman leaving the Kumeric and took from him eight cans of the drug, while three other Celestials managed to return to the ship. It it believed that they also carried cans of opium.

CORPORATION OF THE DISTRICT OF BURNABY.

By-law No.—

A By-law to alter the mode of assessment under By-laws number 85 and 90.

WHEREAS the Municipal Council of the Corporation of the District of Burnaby did on the Third day of September 1910 pass a certain by-law to enable the Municipality to raise under the provisions of Section 259 of the "Municipal Clauses Act" the sum of Twenty-two Thousand Six Hundred and Fifty Dollars ($22.650.00) for the purpose of constructing waterworks within a prescribed area in the Municipality of Burnaby being more particularly described as that Part of the Municipality of Burnaby situate lying and being in Group One (1) in the District of New Westminster and Province of British Columbia described as follows: District Lot Thirty (30) Blocks Eight (8) to Thirty-eight (38) both inclusive of District Lot Ninety-five (95) and Block "G" of District Lot Ninety-six (96), the said By-law being known as the "Burnaby Waterworks Construction By-law 1910" and being numbered 85.

AND WHEREAS under the said By-law it was enacted that during the term of twenty-five years the currency of the debentures to be issued under the authority of the said By-law there shall be assessed, levied and collected annually in the same manner as Municipal taxes are assessed, levied and collected from and upon the real property and from and upon fifty per centum of the assessed value of the improvements within the said described area the sum of Eleven Hundred and Thirty-two 50-100 Dollars ($1132.50) for the payment of interest on the said debentures and a further sum of Six Hundred and Twenty-one 22-100 Dollars for the purpose of forming a sinking fund for the re-payment of the principal of the said debentures within the time specified therein making in all the sum of Seventeen Hundred and Fifty-three and 72-100 Dollars ($1753.72) to be raised annually as aforesaid.

AND WHEREAS the Municipal Council aforesaid did on the 24th day of November 1910 pass a certain by-law to enable the Municipality to raise under the provisions of said Section 259 of the "Municipal Clauses Act" the sum of Forty-six Thousand Dollars ($46,000.00) for the purpose of constructing a waterworks within the prescribed area in the Municipality being more particularly described as that part of the Municipality of Burnaby situate lying and being in Group One (1) in the District of New Westminster and Province of British Columbia described as follows: District Lot One Hundred and Eighty-six (186) excepting ten (10) acre portion more or less belonging to the City of Vancouver and in use by it as a reservoir site the said by-law being known as the "Burnaby Water Works Construction By-law No. 2, 1910" and being numbered 90.

AND WHEREAS under the said By-law it was enacted that during the term of forty years the currency of the debentures to be issued under the authority of the said By-law there shall be assessed, levied and collected annually in the same manner as municipal taxes are assessed levied and collected from and upon the real property and from and upon fifty per centum of the assessed value of the improvements within the said described area the sum of Twenty-three Hundred Dollars ($2300.00) for the payment of interest on the said debentures and the further sum of Four Hundred and Eighty-five Dollars ($485.00) for the purpose of forming a sinking fund for the re-payment of the principal of the said debentures within the time specified therein making in all the sum of Twenty-seven Hundred and Eighty-five Dollars ($2785.00) to be raised annually as aforesaid.

AND WHEREAS the debentures authorized by said by-laws numbered 85 and 90 have been issued and disposed of and after payment of the works constructed under said by-laws there remains a certain unexpended sum standing to the credit of the said by-laws.

AND WHEREAS on the 15th day of April 1911 after having received the assent of the electors of the Municipality a by-law was duly passed to enable the said Municipality to raise under the provisions of the "Municipal Clauses Act" the sum of Three Hundred and Fifty Thousand Dollars $350,000.00) for the purpose of constructing a general system of waterworks throughout the Municipality which by-law is known as the "Burnaby Water Works Construction By-law 1911" and is numbered 100.

AND WHEREAS the special rate provided for by the said last mentioned by-law is to be levied on all rateable land in the Municipality including the land situate in the areas described in the said by-laws 85 and 90.

AND WHEREAS it is expedient to utilize the water works constructed in pursuance to the said by-laws numbered 85 and 90 as part of the general system of water works to be constructed under the authority of said by-law numbered 100.

AND WHEREAS it would be inequitable to levy the amounts required under said by-laws 85 and 90 upon the lands in the described areas in said by-laws numbered 85 and 90 and at the same time to levy upon the said lands under the provisions of said by-law numbered 100. AND it is therefore deemed advisable to hereby provide that the said moneys *required under said by-laws numbered 85 and 90 shall be levied on all rateable land in the Municipality of Burnaby.*

NOW THEREFORE the Municipal Council of the Corporation of the District of Burnaby enacts as follows:

1. The amounts authorized by said by-laws numbered 85 and 90 being the "Burnaby Water Works Construction By-law 1910" and the Burnaby Water Works construction By-law No. 2. 1910 respectively to be levied anually both for the payment of interest on the debentures issued under the authority of said by-laws and for the purpose of forming a sinking fund for the repayment of the principal of the said debentures within the time specified therein shall be assessed levied and collected annually during the currency of the said debentures by special rate sufficient therefore on all rateable land in the Municipality, the said special rate to be in addition to all other rates to be assessed levied and collected in the said Municipality during the currency of the said debentures or any of them.

2. The said amounts to be assessed, levied and collected under Section 1 hereof shall be applied to the interest and sinking fund provided for in said by-laws numbered 85 and 90.

3. Any and all moneys standing to the credit of the said by-laws numbered 85 and 90 or either of them may be used by the Municipality in connection with the said general water works system hereinbefore referred to.

4. This by-law shall before the final passing thereof receive the assent of the electors entitled to vote on money by-laws.

5. This by-law shall take effect on and after the 22nd day of August, A. D. 1911.

6. This by-law may be cited as the "Burnaby Water Works Assessment Merger By-law 1911."

DONE AND PASSED in open council the 28th day of June, A. D. 1911.

RECEIVED the assent of the electors at an election for the purpose on the — day of ——, 1911.

RECONSIDERED and finally passed the — day of ——, A. D. 1911.

C.M.C.
Reeve.

Take notice that the above is a true copy of the proposed By-law upon which the vote of the Municipality will be taken on Saturday, the 12th day of August, 1911, between 9 o'clock a. m., until 7 o'clock p. m., at the polling places:

The Municipal Hall, Edmonds.
Agricultural Hall, Central Park.
Lake View School, Burnaby Lake.
Mrs. Cobban's House, Burquitlam.
Dundonald School, Pole Line Road.
G. H. Leaf's Store, East Burnaby.
Mr. Jas. Herd's Office, Hastings Street East.

Public notice is hereby given that the vote of the Electors of the District of Burnaby will be taken on the above mentioned By-Law at the time and place above mentioned, and that A. G. Moore has been appointed returning officer to take the vote of such electors, with the usual powers in that behalf.

By order of the Council.

J. W. WEART, Reeve.
W. GRIFFITHS, Clerk.

CITY NEWS

At a meeting of the executive of the New Westminster Liberal association last evening it has been arranged to hold a meeting on Friday week to elect ten delegates to the provincial convention at Vancouver at the end of next month.

Rumors of which definite confirmation could not be obtained were current in the city last evening that a wealthy citizen has offered a lot at Point Grey for the erection of a bishop's palace and cathedral to take the place of the present structures in this city.

Recent purchasers and other owners of property in the city who have not received their tax notices should apply at once to the tax collector, the city hall, for a memo of taxes on same, as the time for securing the full rebate of one-sixth expires on the first day of August. **

Mrs. G. H. Hall, and Miss Lucile Hall, of Victoria, are guests of Mrs. C. S. Keith, at 711 Royal avenue.

After conducting tomorrow's services Rev. A. F. Baker, pastor of Olivet Baptist church, will take a month rest. He will visit Mr. David Stewart, at his ranch in the Lillooet. Mr. Stewart is well known here as formerly an official of the B. C. E. R.

Hairdressing parlor, etc. Room 5, Market Block, over Hunter's. **

The magnificent McLaughlin-Buick automobile, to be given away by the Daily News, is to be seen in the window at T. A. Muir's drug store, Columbia street. Full particulars on page six. **

Miss Mayo Martin is spending the week end with Mrs. A. J. Hill, Fourth street.

Good progress is being made with the new Sixth avenue church, although delay has been caused in certain respects owing to failure to deliver material on time. No date can yet be set when the congregation will enter into occupation.

Thomas E. Hall, who was charged before his honor Judge Howay at the county court yesterday with the misappropriation of moneys belonging to the Chilliwack Steam Laundry company, with who he was lately employed as manager, was found not guilty and discharged from custody.

The Fawkner Case.

Victoria, July 27.—Golden Lloyd Fawkner, convicted at the spring assizes of a statutory offence and sentenced by Mr. Justice Murphy to seven years penal servitude, has been refused a new trial by the provincial court of appeal, but owing to the dissenting judgment of Mr. Justice Galliher on grounds other than technical Fawkner has the opportunity of carrying his appeal to the court at Ottawa and it is probable that his attorney, A. H. McLean, K.C., will take this course.

Crucial Test This Afternoon In League Championship

(Continued from Page Five.)

that Britishers are on the level in all matters pertaining to sport, the public would not stand for anyone but Eugene Corri refereeing the bout and anyone who knows this prince of sportsmen also knows that if the popular Gene ever takes a hand in any matter, it has to be on the square and above board. Long years of intimate workings with Corri have proved to me that there is no whiter man on the face of the earth and that he would rather undergo any trial than be a party to a crooked transaction. Corri being one of the leading members of the stock exchang of London, would not lend himself to shady transaction, and a stronger point, is that he acts the third man in the ring without fee of any kind. With reference to someone called James White, of Manchester, I am in the dark. It is possible that this son if he does exist—I have my doubts—may have come to the front since I left the motherland, but presuming he had, Manchester has never been noted for the production of boxing promoters, and besides a bout of the importance would only be decided in the metropolis of the world, and under the management of those whom the public knew were capable of conducting such a meeting. Ernest Terah Hooley, I know only from his connection with certain questionable financial schemes. Bottomley is a man different in every way from Ernest, and although it has to be confessed that he has been mixed up in almost countless lawsuits affecting different phases of life, he has managed to come through the majority of these with flying colors and has even been complimented by the counsel for the prosecution, while judges who rarely condescend to throw boquets, have praised the astute Horatio. I have worked as a member of his election campaign—he is a grit of the gritters—and I know something of the man, but at this I do not think he is such a man as would be connected with the promotion of a boxing contest. No, no, Mister American correspondent, Britishers are not all suckers who fall for this class of dope. I would be surprised if Johnson and Wells ever met. The last named man has very much to learn ere he can hope to face Lil' Arthur in the roped square, and a contest at this time against the world's champion would put Wells out of the business for all time.

The steamer Transfer will make the trip to Steveston and return on Sunday afternoons during the fishing season, leaving the B. C. Electric wharf at 3 o'clock. Round trip every Saturday, leaving B.-K. wharf at 2 o'clock. **

Attention is drawn to a notice of opening the office of the city collector, which will be kept open till nine o'clock on Monday and Tuesday evening. This will enable ratepayers to take advantage of the one-sixth rebate.

10-ACRE BLOCKS
We have just placed on the market a few choice blocks of partly improved and fully improved land.
Very Suitable for Market Gardening and Fruit Growing
The land has been well farmed for years and is in first class shape for producing profitable crops. Some blocks have buildings and bearing orchards, also small fruits.
Special Terms--One quarter cash balance spread over two and a half years.
