OUTCOME OF PLOT

Assassination of Emanuel Was Long Planned.

NO ACT OF CRAZED REGICIDE

Strong Suspicion in Italy that Attempt on King's Life Was Deliberate—Indignant Populace.

Rome, March 15.—Positive evidence is lacking, but a strong suspicion exists that the attempt made yesterday by Antonio Dalba to assassinate King Victor Emmanuel was the outcome of a plot long arranged.

The Italian minister at Berne recently notified the government that he had been informed of a plot against the King, Premier Giolitti and Foreign Minister Marquis di San Giuliano, and gave the names of anarchists concerned in the affair. The Italian consul at Geneva reported January 29 that an anarchist plot against King Victor Emmanuel and Premier Giolitti had been arranged there by local anarchists who were aided by members of the "Committee of Union and Progress" at Constantinople.

At the end of January, another report gave the names of two Turks alleged to be implicated—Tascu Piocera, a Macedonian agitator, and Nicholas Tacito. Later there was a considerable movement of anarchists along the Italian frontier. In addition, the Italian embassy at Berlin notified the government the German engineer had informed the embassy that while in a beer hall he had overheard a conversation partly in Italian and partly in French, between three men who said they would leave for Italy in March and attempt to kill the king. According to the engineer, the men said they would receive $20,000 if they were successful.

Several leading anarchists here, however, when interviewed, said to a correspondent that Dalba was unknown to them. They condemned the outrage.

VICTORIA CARRIES OFF LUCKY GAME

Vancouver and New Westminster Meet in Final with Odds in Favor of Locals.

Victoria, March 15.—In one of the most exciting games played on the Victoria Arena this season, the Vancouver septette this evening went down to defeat at the hands of Victoria, to the tune of 8-6

By defeating Vancouver last evening, the Victoria hockey team helped the Royal City team towards winning the championship of the Pacific coast, which carries with it the Paterson cup. Westminster is now two games in the lead. The two remaining contests will be pulled off next week between Vancouver and New Westminster. The Royals, on present form, should annex both games. In the event of their breaking even, the tie which would then result would be broken after the second game, both teams taking the ice for three extra full periods if necessary. The hockey situation on the coast will be watched with interest by sporting enthusiasts during the coming week, especially by wellwishers of the Royal City aggregation.

"MUTT AND JEFF."

A disquisition on musical comedy the relations of "Mutt and Jeff" to the other pieces embraced in the term musical comedy, might seem to imply some reproach upon the genial Harry Tidy and his management of the opera house. That would not be fair No reproach rests upon the management. "Mutt and Jeff" is answering to the public taste all over the continent. The size of the audience last night shows that, even in New Westminster, the playgoer of today likes to view a comic supplement in three acts.

There is not much to the play—there never is much to musical comedy—except the principals, Mutt and Jeff. They are some. For the rest, the costumes were smart and the scenery was good. The songs are tuneful trifles light as air, and the company does its best.

Mr. Tidy may congratulate himself on succeeding in meeting the public demand.

MR. REID SEVERS ACTIVE CONNECTION WITH FIRM

Joseph Reid, of the firm of Reid Curtis & Dorgan, has sold his interest in the active operations of the firm and will confine himself in future exclusively to his hotel and business brokerage connections in Vancouver, Victoria and Nanaimo, with which he has been identified for years. Mr. Reid will remain interested in the firm in a silent way with respect to the various properties held by the firm and his numerous personal holdings in the city will be handled by his old partners.

FRASER DAIRYMEN FORM ASSOCIATION

First Meeting Held Yesterday—W. H. Vanderhoof, President, and W. D. Buckingham Secretary.

An attempt to organize the dairymen of the Fraser valley crystallized yesterday afternoon in the holding of the first association meeting, at which officers and directors were elected. The objects of the organization are, roughly, three: the improvement of the quality and purity of milk, closer co-operation between the producer of milk and the wholesaler, retailer and consumer, and the provision of better transportation for shippers. Special committees have been appointed to deal with any and every question that comes up with regard to milk, its price, quality, importation, sale and production. Data will be collected and made use of generally.

The first president of the association is W. H. Vanderhoof, of Huntingdon. Mr. Thomas Foster, of Glen Valley, is vice-president, and W. E. Buchingham, of Eburne secretary-treasurer. The directors are Messrs. H. F. Page and W. E. Alexander, of Matsqui; Hardwick, of Hall's Prairie W. E. Buckingham, of Eburne; S Smith, of Dewdney; B. A. Harrison, of Langley Prairie; R. J. Wark, of Langley; Harris, of Pitt Meadows; L. W Embrey and Benson, of Delta; D McDonald, of Eburne; J. Laity, of Port Hammond; J. M. Steves, of Steveston Alex. Murphy, of Clover Valley; J W. Park, of Pitt Meadows; J. W Bury, of Langley Prairie; R. A Thompson, of Nicomen; E. A. Curtis, of South Vancouver, and S. Shannon of Cloverdale.

CUP TIE FINAL THIS AFTERNOON

Rovers in Pink of Condition for Contest with Thisties—Great Game Anticipated.

The approaching contest between the Rovers and the Thistles in the final for the National cup, which will be pulled off at Recreation park, Vancouver, this afternoon, is attracting no little attention among soccer enthusiasts on the lower mainland. The Vancouver officials are making preparations to handle one of the largest crowds of the season, this being the final senior soccer game in that city.

Sport writers in the Terminal City are claiming that the Thistles will have another walk-away in this game, but according to Manager Grant, of the local aggregation, the crushing defeat in the Imperial cup contest will be wiped out and then some. It must be remembered that the Thistles had been practically idle for two weeks previous to that game, while the Rovers had several men on the injured list, especially Sampher, who arose from a sick bed to guard the rigging. It is probable that one change will be made in the local line-up, Manager Grant having secured the services of a speedy forward, who assisted the Rovers early in the present season. This individual, whose name has not yet been divulged, is said to be somewhat strong on the weight question, which, considering the fact that the locals are the lightest team in the league, will greatly assist in today's game. The weather for the past two days has not been in the interest of the Rovers, who play their best game on a dry field, but rain or no rain, they feel pretty confident of taking the Scotchmen into camp. The team has been keeping strict training rules during the past week. Walker has recovered from his recent injury, and all report themselves in the pink of condition. A good sized crowd of rooters have signified their intention of making the trip this afternoon, leaving on the 1:30 o'clock car. The line-up of the Thistles is: Swales, Christian, Teed, Park, Irvine, Butchart, Bell, Somman, Mathews, Spence and Doull.

The Westminster players will be selected from the following: Sampher, Lyons, McMillan, Meiklejohn, Bruce, Lewis, Hayes, Cairnduff, Davis, Seggie, Shawcross, Borland and Donald. Players to report at the B. C. E. R. station at 1.30 o'clock.

Chinese Republic.

Victoria, March 15.—Victoria is being visited by two gentlemen from British Borneo of which this part of the world knows very little. When the R. M. S. Empress of Japan arrived from the Orient she had aboard R. W. Clarke, general manager of the British North Borneo Exploration company, and Dr. R. Pilz, the consulting geologist of the firm. They are now en route to England on a holiday after having spent many years in Borneo, delving for the great mineral wealth which the island is reported to possess. Mr. Clarke has spent a short time in China and when questioned on conditions there at present stated that the people are greatly elated over having formed a republic. "The republic of China is an established fact," he said.

MUST INCREASE AGRICULTURAL OUTPUT OF FRASER VALLEY

Enormous Imports of Produce Arouse Board of Trade to Action---President's Speech Outlines Wide Field for Activities During Year---Important Lumber Resolution.

How to settle the agricultural district with producing farmers was the chief question that agitated the board of trade last night. A special committee was appointed to collect data, and inquire into this subject generally, and to publish figures relating to it, and the following resolution was also passed to arrange for a convention of agriculturists to meet in Westminster: "That this board of trade desires to draw the attention of the boards of trade of the Fraser valley to the need of enlarging the agricultural operations of the district with a view to producing food supplies for the local markets and with a view to considering the subject from every point, calls upon your board to appoint two experienced farmers or agriculturists to represent them at a convention to be called early in May at New Westminster."

The report of Mr. E. Traves, chairman of the agricultural committee, which gave some very striking figures of the enormous quantities of produce shipped into this district from the American side originated this discussion. Since January 1, he stated, seven carloads of dressed poultry, three carloads of chickens, 1700 cases of eggs and 17 carloads of hay had been shipped in from south of the line by just one or two firms only, and dozens of other firms were also shipping similar produce into the country. Mr. Curtis arose to seek a remedy to this condition of affairs. "We can't," he said, "build up a solid community by buying and selling real estate, and we can't afford to go on importing these necessary commodities from the American side." Mr. W. J. Kerr offered as one explanation of the small amount of produce farmed in the district the bad condition of the roads. The provincial government could not be expected, he thought, to do more than build the trunk roads and the municipalities ought to borrow money to build the district roads to open up the country. At present they were building their roads of much dirt, little gravel and no rock, the money being frittered away uselessly. Mr. Traves did not altogether agree with this view. "The best market in the world for hogs is here," he said, and where a man could walk he could drive a hog or a beef. Chickens were worth 25 cents a pound dressed, and turkeys 35 cents. There was not pork enough, not beef enough, not chickens enough, "The farmers should feed more and grow less hay."

Mr. George Small suggested two remedies, the establishment of government and municipal experimental farms, and a general inquiry into the price of land, labor, feed, etc., in the province. Although there was some difference of opinion concerning the causes of the smallness of the farming community, there was only one about the desirability of enlarging it. It was Mr. Curtis who first suggested that the reeves of the municipalities should be brought together to discuss the matter following on which Secretary Stuart Wade introduced the motion reported above. Mr. Sands' motion to appoint a special committee was also adopted.

The fishery and lumber committees also brought in interesting reports. Mr. Monk, chairman of the fishery committee, explained the regulations with regard to the export of fresh salmon and fresh sockeye and went on to advocate strongly the appointment of a fishery board which could deal with emergencies that arose without having to refer to Ottawa. He instanced the enormous catches of humpbacks last year which the canneries could not handle owing to lack of help and which had to be thrown away by the fishermen. A fishery board could have stopped the fishing temporarily and at once and so prevented this congestion. The speaker then turned to the seals which he asserted were making terrible inroads on the salmon. He suggested the payment of a bonus of $5 for every dead seal. "As it is," he said, "It costs the province $5 a day to keep each seal in salmon." The sturgeon and herring fisheries were also suffering severely from lack of intelligent regulations. Four years ago the Japanese were selling herring at $1.25. a ton. Last year there was a shortage in Vancouver and they cost immeasurably more. Only a few years ago several tons of sturgeon could be caught in a day. Now a man could fish all the year and never catch a ton. So striking were these figures that Alderman Curtis' motion that Mr. Monk be asked to put these facts and figures into writing and that they be forwarded to Ottawa was carried with applause.

Speaking for the lumber committee, Mr. Robson reported in favor of protecting the lumber interests as much as possible in all public acts, as those interests were the most important in the province. He said that in the present railway policy the purchase of material in British Columbia was not assured in any way. No provision was made that the lumber should be bought from the local mills. At Ottawa he recognized that the present member was doing good work along this line and he moved that a letter be sent to him thanking him for what he had done in the past and encouraging him to continue in the future his efforts for the protection of the lumber industry and suggesting that the government afford more protection on all public or publicly assisted works.

Mr. A. W. McLeod, for the postal committee, made the very satisfactory announcement that the postal business of Westminster amounted this year for the first time to over $40,000 in the year. This enabled the office to be given the standing of a city office instead of a semi-city one with fuller powers for the postmaster. Accordingly he thought that the board should do its utmost to secure this change. With regard to the sub post offices it was proposed to put the west end office at the corner of Sixth avenue and Twelfth street, but this could not be done until one of the stores built there was rented. The establishment of the Queensborough office was not so easy, and there were special difficulties in the way of making Sapperton a sub office.

At a late hour Captain Worsnop, late of the Canadian-Mexican line, replied to the charges of discrimination against the port of Westminster made against him in a resolution forwarded to Ottawa by the board. He refuted the charge, claiming that he had gone out of his way to help this port.

Mr. Lusby, who had been the member who had most strongly recommended the passing of the resolution in question, answered Capt. Worsnop in such a manner that as the captain had announced his retirement from the shipping line it was thought unnecessary to continue the discussion or rescind the motion.

Mr. J. R. Duncan, the chairman, in his annual address, said:

Gentlemen—When you elected me as president of this board at our annual meeting in February, I briefly thanked you for the honor, and apparent confidence placed in me. The role is an important one, or should be, in the commercial and civic life of our community, and naturally carries with it the responsibilities coincident to any position of trust—I use the latter word advisedly—as well as the honor. I reiterate my thanks, gentlemen, and promise to give the affairs of this board as much of my

(Continued on Page Four.)

MR. J. R. DUNCAN
President of the Board of Trade.

LIBERAL CAMPAIGN OPENS AT SAPPERTON

Candidate Kennedy Holds Liberal Banner Aloft and Assails the McBride Policy.

The vigor with which the Liberals are entering upon the present campaign pervaded the speech of Mr. Kennedy and the proceedings in the Johnston hall last night. The chairman of the meeting was Mr. Watson, father of Fire Chief Watson, of this city, and Mr. Kennedy had the support of Mr. C. B. Sword and Mrs. J. S. Bryson.

Mr. Kennedy opened his campaign with a trenchant speech, in which he scored the present government for calling the election at a time when no necessity for doing so existed, and when there were many important considerations vital to the province and its progress and welfare, which made a general election undesirable

Mr. Kennedy also showed the somewhat unique position which the Liberal party occupy in this contest, commented upon the shortness of the time allowed for discussion of the various issues, and pointed out the handicap which this was to the opposition. He emphasized forcefully and at some length the necessity of a strong opposition in the interests of the country.

The speaker was good-humoredly sarcastic in his scoriation of government criticisms of the multiplicity of planks in the Liberal platform. Each plank, he declared, was the legitimate expression of a definitely expressed aim of the democracy.

The land and railway policies of the government came in for scathing and telling criticism. Mr. Kennedy touched upon the various planks of the Liberal program and declared his position with regard to each.

Aggressively, the speaker showed how it was possible, on the nomination returns, for an anti-government majority to be in power at Victoria, and made much capital out of his contention that the number of independent Conservatives in the field showed dissatisfaction with the administration within the bounds of the party itself

Mr. Gifford spoke briefly, stating that it was his intention to hold a meeting in Sapperton shortly, in prosecution of his own candidature.

Mr. Sword and Mr. Bryson both spoke on behalf of Mr. Kennedy's candidature, and the meeting closed with a vote of thanks to the chairman, which was carried on the motion of Mr. Kennedy.

MAYOR LEE WANTS BOUNDARY LINE HERE

Ottawa, March 15.—Mayor Lee entered a protest with Hon. Frank Cochrane, minister of railways, which resulted in the withholding of the minister's consent to the route maps of the Westminster and Boundary Railway and Navigation company's line west from Mission Junction until they be made to show plans for entrance into Westminster and Port Moody. Mr. J. D. Taylor, M.P., lodged the protest on behalf of Port Moody, and Mr. H. H. Stevens, M.P., supported both objections.

This railway is to operate between Vancouver and Mission, and the minister approved of the plans from Mission as far as the Junction. As soon as the necessary alterations are made the rest of the plans will also receive his approval.

THREE CASES DISPOSED OF IN POLICE COURT

Conners and Wylie, the two men implicated in the knifing affray on Thursday evening, came up in the police court yesterday morning. The former was convicted of wounding with intent to do grievous bodily harm, and was sentenced to six months' imprisonment. Wylie got off with one month on the charge of fighting with his opponent. A third case that was decided was that of the young man who had the scrap in the police station the same night. He pleaded guilty to the charge of disorderly conduct and was sentenced to pay $10 and costs.

INVITE LOCAL BUSINESS MEN TO VISIT PORT MANN

Westminster people are to be given a chance to pay a visit to Port Mann on Saturday without any expense. Messrs. Sutherland and Ardagh have arranged a trip in connection with Messrs. Meek, Merritt & Worsnop, of Vancouver, and the party will leave here by invitation at 2:40 p.m. from the G. N. R. depot, for the coming city of the C. N. R. Refreshments will be served on the townsite and the Westminster party will return by boat the same afternoon The invitation expressly states that no "shop" will be talked.

Y. M. C. A. Juniors.

The junior members of the local Y. M. C. A. rendered a fine program of events last evening, a fair crowd being present. The following is the list of events: Maze run, wand drill, operation (tableau), picture gallery (tableau), and running races. The races and winners were: Shoe race, Jones first, Cox second. Sack race—feather race, Powers first, McCallum second. Potato race, Reid first.

STRIKE IS STILL ON

Government Efforts So Far, Are Unavailing.

AFTER THREE DAYS LABOR

Premier Makes Statement to Effect that Legislation Will Be Necessary—Capital and Labor.

London, March 15.—Government efforts to settle the coal strike by effecting an agreement between mine owners and their employees has failed.

After three days of joint conferences, the negotiations ceased tonight. Legislative action now will be brought to obtain a minimum wage for all underground coal workers. In making this announcement to the conference today, Premier Asquith said:

"The government has done all in its power to secure a settlement of the controversy by agreement and has concluded with great regret that this is impossible and that other measures must be taken."

An official account of today's conference, issued tonight, says that Mr. Asquith pointed out that the stoppage of work now had lasted more than a fortnight and was producing incalculable inconveniences and losses, and in places, actual suffering. After reviewing the attempts to obtain an agreement between the parties the official report continues:

"The prime minister stated that the government would ask from parliament a legislative declaration that a reasonable minimum wage, accompanied by adequate safeguards for the protection of the employer, should be made a statutory term of the contract of employment of persons engaged in underground coal mining. As regards the important question how such a minimum wage may be ascertained for any particular area, the prime minister, without pledging the government to any precise form of machinery, indicated that district minimum wages should be fixed locally by a joint board of each district consisting of representatives of employers and employees with a neutral independent chairman who might be selected by the parties themselves, or if necessary, by the government."

STRIKE THREATENS WESTERN RAILROAD

Great Northern Railway and Carmen at St. Paul Now Have a Peck of Trouble.

St. Paul, Minn., March 15.—A strike that will affect the mechanical department of every railroad in the northwest is imminent, according to J. H. Walters, grand lodge deputy for the carmen's union, who today opened headquarters here. Mr. Walters came here ostensibly to be on hand to assist in the legal war being fought between the Great Northern railway and the carmen as the result of the discharge of men, because, it is charged, they belonged to the union. Regarding the legal strife which started Wednesday at Crookston, Minn., with the arrest of Superintendent Knebel and Master Mechanic J. W. Smith for discharging the men, Mr. Walters said the matter would go to the United States supreme court, regardless of the decision of the state courts. He said, further, that other charges would be made against the Great Northern for violating the federal laws as soon as the present cases were threshed out.

VICTORIA LIBERALS REPORTED ENTHUSIASTIC

Victoria, March 15.—The Liberals of the city and of Esquimalt have got down to work and have formed strong and energetic committees for all the polling subdivisions. Great enthusiasm is manifested and a large number have volunteered for committee work, showing greater interest on behalf of the progressive candidates than at any time in the history of provincial elections since party politics became the rule. The committees have received many assurances of support from labor men and from independent Conservatives who have decided to enter into the fight with sincerity and disinterestedness, and with the resolution that three candidates will be seated in opposition to the ministers when the house reassembles.

Lost Control of Market.

San Francisco, March 15.—Luther Burbank, of Santa Rosa, plant wizard of international fame, has brought suit against the Wells-Fargo Express company for $11,947 claimed as damages by the loss of control abroad of the thornless cactus, one of his greatest creations. In his complaint filed today Burbank alleges that the express company turned over a shipment of 5000 spineless cactus at Sydney, Australia, without authorization. The market value of the cacti is given as $544.71. It is alleged in the complaint that through the action of the company Burbank has lost control of the world market for his creation.

Wants

WANTED—A GENERAL SERVANT for housework. Apply Mrs. A. L. McQuarrie, 407 Third avenue.

WANTED — A BRIGHT INTELLIgent office boy. Apply Saturday afternoon, Vulcan Iron Works, Front street.

WANTED — A WAITRESS. APPLY Bohemian cafe, opposite C. P. R. depot.

WANTED—A GENERAL SERVANT. Apply Mrs. P. Birrell, 105 Royal avenue.

J. J. MACKAY,
City Treasurer.

New Westminster, B.C., March 9, 1912.

MARKET REPORT

Damp, nasty weather attended the weekly market yesterday morning, but despite these adverse conditions there was a good attendance of farmers and buyers. Prices ruled steady throughout and the market was very fair although there was not a very plentiful supply of meats.

Vegetables came forward freely. Beets, parsnip, turnips and other varieties were there in abundance and but little difficulty was experienced in disposing of them. Potatoes stiffened in price somewhat and practically none could be bought for less than $30 a ton. The supply was good and a large quantity was sold. The demand for seed potatoes was also excellent but very few of this quality were available. Those who have seed potatoes are holding them for their own requirements or else they can sell all they wish to their immediate neighbors without bringing them to market.

What meat there was, was snapped up as soon as it appeared. There were two or three carcasses of beef and some nice pork. Veal was not plentiful and mutton was not be seen. In view of this small supply prices held at the old levels in a brisk market. The usual activity prevailed among the fowls but no changes in price were noticed. The birds were of good average quality. Eggs were a little firmer than they have been for the past few weeks and some were sold as high as 30 cents a dozen. Twenty-seven cents has been the ruling price for some time, but at this level the demand widens and eggs are easily marketed. At 40 cents or so it begins to narrow again, and unless eggs are very scarce this level cannot long be maintained.

Following are the quotations:

Vegetables, Wholesale.	
Beets, per sack	$1.00
Carrots, per sack	75c
Parsnips, per sack	$1.00
Turnips, per sack	60c to 75c
Potatoes, per ton	$27 to $30
Onions, per crate	$1.75 to $2
Vegetables, Retail.	
Beets, per bunch	5c
Onions, per lb.	8c
Potatoes, per sack	$1.35 to $1.40
Carrots, per bunch	5c
Cabbage, per lb.	3c
Turnips, each	5c
Eggs and Butter.	
Eggs, retail, per dozen	35c
Eggs, wholesale, per dozen	27c to 30c
Butter, retail, per lb	35c to 40c
Honey, per comb	25c
Fish.	
Pink Spring Salmon, per lb.	20c
White Spring Salmon, per lb. (2 lbs. for 25c).	15c
Flounders, per lb.	10c
Sturgeon, per lb.	20c
Blue cod, per lb.	10c
Halibut, per lb.	10c
Steelhead, per lb.	15c
Smelts	2 lbs. for 25c
Herring	4 lbs. 25c
Retail Meats.	
Beef, best rib roasts	15c to 18c
Beef, loin	15c to 20c

Ducks, dozen	$12 to $18

RICH CO-ED DIES BY HER OWN HAND

Chicago, March 15.—Miss Ruth Peeney, 19 years old, a Northwestern University co-ed, popular society debutante and heiress, was found dead from the effects of chloroform which she inhaled at the home of her uncle, Louis Blanchard, in Evanston.

The suicide of the young woman might have resulted in the death of her sister, Jessie, in whose sleeping room she took her life, had the girl not taken precaution in her dying moments to get out of the bed in which her sister lay asleep, place a wet towel over her face and inhale the chloroform through a saturated sponge.

That the girl committed suicide was taken for granted by the police from the fact that a sealed letter, freshly written and addressed to her father, Edward Penny, of Evanstown, was found lying on the floor, near the body. The letter was delivered to Mr. Penny but its contents he refused to make known to the police, saying that he would produce it at the inquest at the Blanchard home today.

LEADER AT BALAKLAVA TELLS WHO BLUNDERED

London, March 15.—A statement left by Lord Cardigan, who led the famous charge of the Light Brigade at Balaklava in the Crimean War, Oct. 25, 1854, now published for the first time, throws the responsibility for the heroic blunder on Lord Lucan, who commanded the cavalry division. Hitherto it has been believed that Lucan's aid-de-camp, Capt. Nolan, gave the erroneous order.

Cardigan describes how Lucan ordered him to "Attack the Russians in the battery," Cardigan replied:

"Certainly, my Lord, but allow me to point out that there is a battery in front, a battery on each flank, and the ground is covered with Russian riflemen."

Lucan answered: "I cannot help that. It is Lord Raglan's positive order that the Light Brigade is to attack the enemy."

Cardigan continues:

"After advancing about eighty yards a shell fell within reach of my horse's feet and Captain Nolan, who was riding across the front returned, with sword up, through the intervals of the brigade, shrieking like a woman."

Evidently Nolan, seeing that a terrible blunder had been made, rode across the front of the brigade endeavoring with his sword to direct it to make the flank movement Raglan intended, instead of the insane frontal attack which Lucan ordered. Nolan was killed instantly, but his stiffened muscles kept him astride his horse and he rode a dead man through the ranks with his sword uplifted.

This is the first time it was even mentioned that he was "screaming like a woman." This memorandum rekindles the ashes of the keenest military controversies in British annals.

SUFFRAGETTES ARE REMANDED FOR WEEK

London, March 15.—Mr. and Mrs. P. Lawrence, joint editors of Votes for Wowen, Mrs. Emmeline Pankhurst and Mrs. Mabel Tuke were brought up again yesterday at the Bow street police station on a charge of conspiracy in connection with the recent window smashing campaign in the streets of London. Archibald Henry Bookin, counsel for the treasury, declared that no less than $20,000 had been paid by the defendants for the hire of halls for meetings, the sole object of which was to instigate so-called militant protests. He estimated the funds of the Women's Political and Social Union at $572,000.

The accused were remanded until March 21.

EMPRESS OF JAPAN MAKES RAPID RUN

Victoria, March 15.—After one of the fastest passages made from Yokohama during the past year, the Empress of Japan, Captain Robinson, reached the outer docks at 6 p. m. last evening. The white liner has been little over eleven days on the voyage and the fact that she encountered fine weather throughout enabled her to make the speedy run. One hour later she left for Vancouver. A million dollars' worth of silk is included in the cargo.

Passengers Injured.

Waterloo, Iowa, March 15.—Andrew Bennett, of Bryant, S. D., was injured fatally, and 33 other passengers were hurt, when the southbound Chicago and Great Western passenger train was derailed yesterday three miles north of Dunkerton, Iowa.

Escaping Convicts Kill Guards.

Lincoln, Neb., March 15.—Three prisoners at the state prison in Lancaster, Nebraska, this afternoon, assassinated Warden Delehanty, Deputy Warden Charles Wagner, Usher A.C. Heilman, and wounded Cell House Keeper Doody. The three convicts then made their escape from the front entrance of the penitentiary and were swallowed up in a blizzard.

BOURASSA IS A VERY DANIEL OF DENUNCIATION

Montreal, March 15.—Le Devoir yesterday anounced, under the signature of Henri Bourassa, of the establishment of a new "national nonentity," which shall be outside both old political parties, said: "Iniquity has been consummated by the impure alliance between the chiefs and the masses of two great parties. We see Laurier giving his hand to Monk; Pelletier falling into the arms of Rudolph Lemieux; Nantel embracing Oliver, and Blondin fraternizing with Guthrie."

All this Bourassa characterizes as revolting promiscuously and association of crime. He calls on friends to form a new party and overthrow the perpetrator of the bill passed on Tuesday (Keewatin bill).

SOCIETY

Mr. and Mrs. W. J. Mathers are receiving congratulations on the arrival of a little daughter on Tuesday last.

* * *

On Thursday Mr. and Mrs. McQuarrie returned from San Diego, Cali., where they have been spending the winter months.

* * *

Mr. and Mrs. W. M. Russell left yesterday for Seattle and will return again on Monday.

* * *

Mrs. Dominy and Miss Jessie have returned from a three months' trip through California.

* * *

Mr. and Mrs. J. Jardine, Mrs. Alex Ewen and Miss Ewen have returned from California, where they have been enjoying a holiday.

* * *

Mrs. A. C. Eddy and Miss Corbould returned from Seattle on Thursday evening. They were guests at the Hotel Perry for several days.

* * *

The Duo Deceum club was entertained on Monday afternoon by Miss Landers.

* * *

On Tuesday afternoon the Browning club met at the home of Mrs. G. E. Martin, First street. The members present were: Mrs. Rand, Miss E. Homer, Miss M. Martin, Miss Rickman, Miss J. Martin, Miss Elearnor Martin and Miss DeWolf Smith.

* * *

Mrs. Corrigan entertained at two tables of bridge on Wednesday afternoon in honor of Mrs. McDonald, of Vancouver. Several non-players were invited in for tea.

* * *

Mrs. F. A. Macrae, of North Vancouver, spent Friday with her mother, Mrs. G. D. Brymner.

* * *

The Misses Chastey entertained a few friends at their home, 341 Blair avenue, Sapperton, on Thursday evening, in honor of their guest Miss Clemina Cox, of Mission City.

* * *

Mrs. George Adams will receive at her residence, corner of Eighth avenue and Twelfth street, on Monday, the 18th, for the last time previous to her departure for Scotland.

* * *

Mr. Holroyd Paull (pupil of Professor Sevelk, Prague, Bohemia, teacher of Kubelik and Marie Hall) will make his second appearance in New Westminster at St. Patrick's hall on April 10. A Nanaimo contemporary, writing on January 30 about the Symphony orchestra concert, says: "Mr. Holroyd Paull is easily the best violinist that has appeared in Nanaimo. His playing reminds one of Ysaye (the great Belgian violinist), or the Spanish Virtuoso Sarasate." On this occasion Mr. Paull will have the assistance of Miss Hettie Franklin, vocalist, Vancouver, and P. W. Openshaw will be accompanist.

ENGINEER INJURED AT LAKE BUNTZEN

Vancouver, March 15.—Fred Elwell, engineer in charge of the Lake Buntzen electric light plant, was brought into the city at 2 o'clock yesterday afternoon suffering from a compound fracture of the lower left arm. The ambulance met the boat at the Gore Avenue slip and conveyed the man to the General Hospital, where Dr. Worthington attended him.

Elwell was launching a rowboat into the inlet at the time of his accident. In some way he collided with a stanchion and a plank or a boom attached to the hoisting machinery on the wharf fell, striking him on the arm and breaking it.

WESTMINSTER COLLIES SHINE AT VICTORIA

Victoria, March 15.—Two fanciers gaining distinction at the Victoria kennel show, are Mr. J. J. Jackson and Mr. McLachlin of New Westminster. Mr. Jackson's collie, Seedley Solace, won the Robert Large Cup, and Seedley Sheriff took first in the puppy dog and novice classts, while Pendleton Prince, another of Mr. Jackson's entries, was placed second in the limit class. Southport Shoreman, Mr. McLachlin's collie, was first in the limit and open classes.

Baden-Powell in Victoria.

Victoria, March 15.—General Baden-Powell was greeted by a large gathering of citizens on his arrival here yesterday afternoon, and was heartily cheered as he landed at five o'clock. He inspected the Boy Scouts, the ceremony taking place in the lobby of the legislature owing to the rain. The chief scout commended the boys highly upon their efficiency and appearance. Captain H. H. Wood'son and Lieut. H. R. Selfe, were in charge of the parade.

MUTINEERS KILL WARDEN AND GUARDS

Lincoln, Neb. March 15.—In a mutiny at the Nebraska state penitentiary this afternoon Warden Delcahunty and three guards were killed. Details as yet are unavailable.

The outbreak has been brewing for months. A week ago Albert Prince, a negro lifer, stabbed Deputy Warden Davis to death in the prison chapel during Sunday service.

English of Ade.

Lawrence, Kan., March 15.—Action to discourage in every possible way the use of slang has been started by the department of English at the University of Kansas. The popular slang phrases, the professors believe, are getting such a hold, not only on the students, but also on the people throughout the country, that they cannot express themselves without using "distasteful expressions."

"Slang is detestable," said Prof. O'Leary, formerly of England. "It is weakening to the intellect to make one set of phrases for the expression of every emotion."

UNION LABEL 4

SATURDAY, MARCH 16, 1912.

THE BOARD OF TRADE.

The aphorism is the popular form into which the expression of truth falls in an age in which everybody is able to present some sort of claim to literary culture. The rounded periods of Ruskin, the sonorous eloquence of Burke or Bright, the limitless command of words which was, in a distinctive degree, Gladstone's, have no place in an assembly of New Westminster business men. Wisdom is taken in tabloid form. This busy age is the age of the aphorism.

"Do little things," said the chairman of the Board of Trade, addressing his colleagues last night, "as though they were great things, and you will live to do great things for New Westminster as though they were little things."

That statement is in the spirit of the wisdom of the ages. The peroration of a speech in a business chamber, it crystallizes the ripeness, the shrewdness, the far-sightedness, the abiding saneness of the ruling race, of the "nation of shopkeepers," as Napoleon, the great military genius who was to meet his Waterloo before the valor of an army led by one of the breed, thus contemptuously designated it.

It is no part of the purpose, just as it is no legitimate part of the mission of a paper to "steal the thunder" of speakers upon whose utterances it is called to make comment. A full account of the meeting of the Board of Trade and of the speech made by the chairman, appears in our news columns. We merely direct attention thereto, and ask our fellow citizens of British Columbia to note with pride and pleasure the evidence it affords of the fact that the Board of Trade of the Royal City, while it has length and breadth of vision, has also the capacity for mastery of detail betokened by the fact reflected in the speech of the chairman, that the most complete and perfect capacity for dealing with great things is exercise in the conscientious and efficient discharge of things of lesser magnitude.

Must Increase Agricultural Output of Fraser Valley

(Continued from page one)

time and interest as possible, and following the usual practice, I submit for your consideration some of the ideas which I shall endeavor to promote during my tenure of office.

To my mind the Board of Trade should welcome any responsible citizen as a member, and whilst, as the name would indicate, matters of trade and commerce should be pre-eminent, I firmly believe, and unhestitatingly state that all political allegiance should be thrust aside while at our meetings, and that every subject that effects us as a community should be freely discussed.

I have watched with interest the reports of other live Boards of Trade and without exception these (the live ones) the boards which are doing and getting things, pursue a policy such as I have indicated.

If we stick to what has been considered the "accepted" way of doing things, we shall remain stationary; we shall stifle and discourage in the incipient stage many good ideas. Let us be as broad as titles of our committees, with their extremely diversified interests, would indicate—if they are to be developed in the fullest sense, and the maximum of usefulness derived from their existence. There is a lot to do in New Westminster at this important juncture and now that you gentlemen are members of this board I ask you to take a keen interest in our affairs. Let everyone co-operate; for harmony of aim is one of the strongest factors to produce material results.

So numerous are the subjects which demand our immediate attention, that I will only atempt to speak of some of the more important.

Agriculture.

New Westminster is the centre of a rich agricultural district, and tonight, by having a report from the newly appointed chairman of this committee, we have made a start to provide a basis from which this board can work in the future.

The facts obviously suggest much work for this important committee, and I am satisfied that these gentlemen are more than able to revitalize what has been a sadly neglected work, and from time to time suggest such ideas as will make this committee what it should be—one of paramount importance.

When we think of agricultural development we naturally think of roads, and trust that the Provincial Government will aggressively continue their good work in this connection. The farmer needs a good road to come to town. It means a great deal to him and to the cities with which he trades.

King George Highway.

I view with enthusiam the efforts which are being made to have a paved road and the River Road improved between Vancouver and this city, and appeal to every member to boost the good cause.

I predict that the completion of these roads will bring more transient—yes and permanent—trade to New Westminster than any other enterprise involving the same amount of capital.

Government by Commission and County Councils.

I would suggest that we invite some authorities on these subjects to address us in the near future.

One only has to be in close touch with tht mayor and members of the City Council but a short time to realize how important it is that the business of a city should be handled by business men, who can devote their whole time to the work and be remunerated according to their responsibility. We are fortunate in having at this time good business heads in our City Council, but to safeguard ourselves for the future I seek your consideration of these matters.

Improvement of North Arm.

We are pleased to note that all the Boards of Trade and Councils interested in the North Arm have unanimously supported a resolution to the Dominion Government to have this important waterway deepened to fifteen feet, and requesting that a new dredge be built for exclusive use on that part of the river.

Let us keep on doing our share to make this a realized fact.

To the members of this board and especially to the commerce and industries committee let me say this: "If you hear directly or indirectly of any industry large or small that you think might be induced to rocate in our midst, tell us about it. Let us investigate the propsition. Do not let the promoter get away from Westminster without their hearing all that can be said in its favor. Put them next to the men who can talk 'commercial results.'

Our population is ever on the increase; therefore, we need substantial, thriving industries.

Double Tracking Westminster Bridge.

Transportation matters have been very much in evidence lately, and in view of the early completion of the Canadian Northern Railway, and the increased tramway traffic across the Westminster bridge, I think the time is ripe for us to aggressively get after the powers that be to double the traffic capacity of this bridge.

With the development of Port Mann and the lower mainland—which are calling even now for tramway extensions—it behooves us as enterprising business men to apply the same foresight in this, as we would in our own business. We will need another line, won't we? Do you think we can bring the business that way? Yes. Well, why wait till we have created a nuisance and get blamed for being slow?

Let's get after it right now, and the new Great Northern depot when we are at it.

I have discussed the bridge problem with some of the leading railway engineers on the coast, and without exception they have emphasized the need of immediate and concerted action. If we don't get busy somebody else will.

Electrifying of C. P. R. to Westminster Junction.

I would also ask the transportation committee to keep in close touch with the C. P. R. with regard to the early electrifying of their line from Westminster Junction to this city. Mr. Bury is reported to have stated that this would be accomplished by July of this year. We hardly hope for that, but let's sit right on the job till we get it.

Membership Committee.

We want you to increase our paid up membership sufficiently to put us in a position at the end of the year—assuming that every member subscribed for a hundred dollars' worth of stock—to erect our own building.

Postal Committee.

Keep us "up to the minute."

Municipal.

We are about to vote on a large number of important by-laws, which have been well considered by our mayor and council. Appreciate their hard work and honest endeavor. Bang them all through.

Harbor Scheme.

We are glad that New Westminster is not behind other coast cities in looking to better harbor facilities, and feel sure that, as a board, when fully conversant with the scheme, we will judge it on broad, progressive lines, characteristic of a live community.

In conclusion, I would ask you, chairmen of committees and gentlemen, to do little things as though they were great things, and you will live to do great things for Westminster as though they were little things.

JOHN R. DUNCAN,
President.

Roads Committee.

The report of the roads committee, submitted by the chairman, Mr. W. J. Kerr, was as follows:

The work of the road committee of this board will entail considerable time and labor during the present year. Much has to be done in this city and in the surrounding districts, but we trust that our efforts will be fruitful and that at our next annual meeting we will be able to report that more has been accomplished in the twelve months than has been the case for many years past.

Westminster is to be congratulated on the efforts being made by the surrounding municipalities to secure good roads. The improvement of roads in the district is naturally of benefit to this town, because it brings more trade to our city and we reap the benefit of this.

As you all know the Canadian Highway association is active in an effort to secure the paving of the road between Vancouver and Westminster. I am glad to say that there is every prospect of this being commenced this spring.

The minister of public works has been approached by several influential delegations and yesterday we had the pleasure of taking the deputy minister, Mr. W. W. Foster, over this road and showed him the needs of the highway. The improvements which we hope to see made on the road will cost from $27,500 to $300 per mile. We expect to see this road paved with a hard surface pavement for a width of fourteen to twenty feet, and we also expect to see the road enlarged by the co-operation of the property owners who will be asked to donate seven feet of their road frontage.

In Vancouver, South Vancouver and Burnaby good roads are commanding more atention. We would like to see this work extended to South Westminster and in the municipality of Surrey, particularly along the route of the Pacific highway. This is such an important avenue of travel that the Fraser valley cannot afford to have it left in bad condition, as it is a poor advertisement for this province when the tourists from the south return home and complain that the Canadian stretch of the Pacific highway is the worst in the whole 2000 miles.

The increased development on the south side of the river makes it necessary for the Bon Accord road to be opened from the new Yale road to the eastern side of Port Mann.

We think an effort should be made to have all the important streets in this city above Eighth avenue at least rough graded, and the more important ones such as Sixteenth, Eighteenth and Twentieth streets, put in good shape for travel. Dublin street should be extended through to connect with Ottawa street, and when this is done one of these names should be dropped and the street known either as Dublin or Ottawa street.

The opening of streets in the upper end of the city will result in a great number of newcomers building their homes there instead of in Burnaby. At the present time it is impossible to locate either lots or roads in some of the sections in the upper part of the city, and until this is remedied we cannot expected to see rapid settlement.

The proposal to widen Agnes street and improve this by the laying of a hard surface pavement and the installation of electric light standards is meeting with much favor from the ratepayers living on that thoroughfare. This street is bound to become one of our business streets in the very near future and we must make preparation for this. The liberal spirit with which the representation of the Agnes street ratepayers has been received shows that the proposals are meeting with public sympathy and that road improvements everywhere have taken a hold on public favor.

We wish to call the attention of this board to a matter which has often been discussed at these meetings. This is the practice of tearing up the street for the purpose of laying sewers and then a few weeks later opening it again to lay down gas pipes, and perhaps a short time after tear it up once more for the street car track changes. Some arrangements should be made for this work to be carried on at the same time wherever possible, so that the city would not be under the inconvenience of having a street torn up three times when once would be sufficient.

ROYAL COLUMBIAN HOSPITAL. TENDERS.

Tenders will be received by the undersigned, marked "Tenders for Supplies," up to 12 o'clock noon, Wednesday, March 20, 1912 for supplying this hospital from April 1, 1912 to March 31, 1913, with the following articles:

SPORTS

ANNUAL MEETING OF LACROSSE CLUB

Alderman Wells Gray and Secretary Ryall Orate Sensibly—Need of Sport Grounds.

Well satisfied with the way things were being carried on in the Westminster Lacrosse club, the old guard, who have done such sterling duty in the past, were re-elected at last night's meeting held in the council chamber of the city hall. Acting Mayor Wells Gray, retiring president, was in the chair, and from first to last, things went with a swing, indicating the fact that the national game is by no means dead in the Royal City.

Mr. Gray, in his presidential address, said: Gentlemen, you all know the wind-up of last season, how we lost the Minto cup; so it is unnecessary for me to dwell upon past events. What we must look to is the future, and I can see no reason why, this coming season, we should not have a better team than has ever represented the city. As for the financial standpoint, the players all seem satisfied with the dividends they received last season. I am sorry that our late manager, Mr. Charlie Welsh, cannot see his way to take on the managerial end of the team again. It is good news to state, however, that Mr. Welsh has promised to lend every assistance to the team this coming season. I believe that when a manager is appointed, he should be given full authority, and that a playing manager should also be appointed.

We sincerely hope that our efforts have met with your approval, and, in closing, I beg to thank you for the great honor you have shown me in electing me those past three years to the presidency of the finest lacrosse club on this continent. (Applause.)

Secretarial-Financial Report.

Herb Ryall evidently believes in the theory that a secretary's report should be short and sweet. His report last evening, brief as it was, showed a healthy state of things in the local club. The receipts last year were nearly $24,000, which was paid out in equipment, care of players and dividends to the players.

Of the $250 balance in the bank, $71 was needed to wipe out outstanding debts against the club. In closing, Mr. Ryall dwelt upon the importance of securing a proper ground to be used for lacrosse games and other lines of sport.

Alderman Gray was chosen president, J. R. Agar first vice-president, and George Rennie second vice-president.

The annual resignation of Mr. Ryall was awaited, when the question of appointing a secretary-treasurer came up. President Gray saved the situation by suggesting the policy of splitting up the position. This was accordingly done and the genial Herb was chosen treasurer, thus giving him more time for the dispensing of sundry drugs. David Gilchrist was selected to attend to the secretarial duties.

The call for the executive brought out eight names, as follows: Dr. F. Smith, Gowan Macgowan, C. A. Welsh, Nels Nelson, F. J. Lynch, A. E. Kellington, C. A. Sutherland and P. W. Luce. The first six were elected.

Delegates to the annual meeting of the B. C. L. A. to be held in Vancouver this afternoon were elected as follows: Messrs. Gray, Agar, Kellington, Smith and Nelson, and as alternatives Messrs. Macgowan and Welsh.

Following the election of officials the question of purchasing a site to be used as an athletic ground was again brought up by Mr. Ryall, who was of the opinion that with the rapidly increasing values of land in this vicinity, the time has come when some action should be taken. Mr. Ryall brought down the house when he made an offer of $1000 as a starter Several others present were of the same view and promised their support to the movement.

The meeting closed with a vote of thanks to the city council for the use of the council chamber, and one to Herb Ryall for the way he conducts things in local lacrosse matters.

The "one and only" responded in his usual modest way. The officials later went into committee, when they doubtless took up the many questions which will be discussed at the Vancouver meeting this afternoon.

The Columbia college track team will journey to Vancouver this afternoon, where they will participate in an inter-collegiate track meet with the team from McGill college. The event will take place at the Horse Show building at 2:30 o'clock. The local boys report themselves in fine shape to give a good account of this annual meeting, and are confident of taking their opponents into camp.

The students of the Royal City High school will hold their annual track meet this morning at Queens park, commencing at 9:30 o'clock. Meetings of this kind always reveal keen rivalry between the contestants and this one is likely to be no exception A valuable collection of prizes has been secured, including gold and silver medals, while a handsome silver cup will be presented for the all round championship. The list of events includes 100 yard dash, 220 yard dash, 440 yards, 1 mile run, hammer throw, shot put, long jump and the high jump.

The San Francisco pitching staff at the present time presents a peculiar assortment of names. There is a Baker, a Miller, a Strand, a Taylor, a Moore, a Toner, a Noyes (no false alarm) a Fanning and a Walk. They should add a Strikeout and a Base on Balls.

BOWLING.

In the house league last night the Wanderers sprung a surprise by winning three straight from the Angels, which puts them well up in the running for the handsome watch fobs to be presented to the winning team. Captain Dill's men have been holding down the cellar position in the league, but on last night's showing they will have to be reckoned as a hard bunch to go up against. McGill and Ingram got away with all the honors of the match, the former collecting 202 pins for high single, and the latter rolling a very consistent series for high average. Scores:

Wanderers.

	1	2	3	Ttl.
McGill	202	146	138	496
J. Smith	120	138	138	396
Ingram	167	169	176	512
F. Dill	149	178	173	500
	642	631	625	1898

Angels.

	1	2	3	Ttl.
J. C. Chamberlin	167	140	180	487
J. Dewar	118	128	134	380
Harrison	180	143	149	472
A. B. Chamberlin	132	149	149	430
	597	560	612	1769

Next house league match on Monday evening of next week, Dinkelspellers vs. Nabobs.

WINNIPEG TEAM FINDS REGINA EASY

Winnipeg, March 15.—The Regina hockey team, challengers for the Allan Cup, were beaten by the Victorias by a 9 to 3 score. The Victorias had an easy time disposing of them. The visitors were not in the same class with the local boys.

VANISH IN GALE.

Survivors of Lost Schooner Deny There Was Mutiny.

Boston, Mass., March 15.—Samuel J. Mack and Andrew Alend, two survivors of the schooner Erne, which was lost on a voyage from Boston to Buenos Ayres, reached Boston yesterday from Liverpool, where they and seven others were landed after being rescued from the Erne. Both deny that there was a mutiny on board the Erne, and declare that Captain T. A. Fickert, his wife, Franklin Cushing, the second mate, and a passenger, Robert E. Hay, disappeared from the ship after she had been dismasted and was half full of water, but do not know what became of them.

The gale broke at the close of the last watch on Feb. 4. "At noon the next day, while Captain Fickett and the second mate were on deck, a sea swept away the top layer of the deck load of lumber, and carried away the force braces, main braces, main rigging and the bulwarks from the forecastle to the poop deck," said Alend tonight. "In less than half an hour her decks had been swept clear of every stick of the deck load, and shortly after one o'clock the main mast snapped off at the height of a man's head above the deck. The forecastle doors were smashed in by the seas and the men were standing waist deep in the water.

"Mack, Fishwick, Ray, the cook: Lind, Tolin and Selin took refuge in the fore-rigging. Elliott, first mate; Olsen, Otteson, Franklin, Dickey, Magner and I took refuge on the forecastle head, but were forced later to climb to the jibboom, where we clung. Ray died, frozen to the rigging, and remained there dead for hours until his body was jarred loose by the violent roll of the ship. On the forecastle head Magner was the first to be washed away.

"Alend, Franklin and Dickey watched their chance and made a rush to the forerigging. Elliott and his two companions were too weak from exposure to make the attempt. All three lasted throughout the night, Olsen going at 11 o'clock the following morning; Eliott was washed away at 2 in the afternoon and Otteson two hours later.

"The lee rigging, on which no strain had yet been brought, held the wreckage of the main mast fast to the ship, and the great steel spar pounded against the hull until it punched a hole through the side of the bottom. Up to this time Mrs. Fickett had remained in the cabin. She was now brought on deck by Cushing and placed in the chart room with her husband and the second mate and Hay, the passenger. Walker the cabin boy, who remained aft, told us that when the mainmast went over the side Captain Fickett ordered him to get together the charts, telescope and small boat's compass. He saw the captain for the last time an hour later, but does not know when he and his party left the ship, if they did."

Professor William Gowland, the new president of the British Institute of Metals, pointed out in his inaugural address that "the camp fire was the first metallurgical furnace, and from it, by successive modification, the larger furnaces of the present day have been gradually evolved."

TRAMPED 60 MILES TO SAVE HIS CHUM

Prospector at Larder Lake Got Back with GIN PILLS Just in Time.

LARDER LAKE, ONT., MARCH 26th, 1911.

"I am writing to tell you the good GIN PILLS did me. I had been suffering for some time with my Kidneys and Urine. I was constantly passing water which was very scanty, sometimes as many as thirty times a day. Each time, the pain was something awful and no rest at night. I began to feel worn out. I heard of your GIN PILLS and decided to give them a trial at once. I sent my chum out to get them (about 60 miles) —and I am pleased to inform you that in less than six hours, I felt relief. In two days, the pain had left me altogether. I took about half a box and to-day I feel as well as ever and my kidneys are acting quite natural again. Thanking you for the pills which I always intend to keep by me. Yours respectfully,

SID CASTLEMAN.

WELCOME RELIEF.

We have never received a letter that pleased us more than this one. When we realize what Gin Pills meant to this sick man, lying on a bed of pain miles away from a doctor in the frozen north, and how they helped him, we feel that our efforts to prepare a standard preparation for Kidney and Bladder Troubles have been crowned with success.

GIN PILLS is a wonderful solvent for uric acid. It instantly neutralizes the hot, scalding urine, allays the burning pain, soothes the irritated bladder and heals the kidneys. Take GIN PILLS on our positive guarantee of a cure or your money back. 50c. a box, 6 for $2.50. Free sample, if you write mentioning this paper, The National Drug & Chemical Co. of Canada, Limited, Dept. B C Toronto.

NATIONAL LAZY LIVER PILLS are a positive cure for Constipation, Biliousness, Sick Headache and Sour Stomach. Excellent for Indigestion. 25c. a box. 112

Do Not Waste Money

Save a little systematically, for it is the stuff that the foundations of wealth and happiness are built of.

Money may be used in two ways; to spend for what is needed now and to invest for what shall be needed in the future. Money cannot be invested until it is first saved.

At the close of the service a meeting of the local branch will be held for reorganization. All interested in the work of the Alliance are urgently requested to attend.

RAILWAYS COMPETE FOR CANYON ROUTE

Calgary, March 15.—Railway commissioners in session here today, considered the application of the Kettle Valley Railway Company for approval of location of the line in a canyon near Hope, B. C. In this connection a counter application was presented by the V. V. and E. R. and Navigation Company, asking that their line in the same canyon be provided for. It appears that in the canyon of a small stream which empties into the Fraser river at Hope, there are lines surveyed by both companies, and on account of the danger from snowslides both these lines are on the same side of the river. Both railway companies claim priority of location, and, therefore, first rights in the matter.

In view of the complicated nature of the situation the commission decided the engineer of the board should be sent to make an investigation, and that, if possible, a decision would be reached whereby both lines could use the canyon.

TRANSPLANTED HAIR.

Baldness Appals No More Than Blight on Cabbage.

London, March 15.—A Budapest dispatch says the "living wig" discovery of a Budapest physician, Dr. Franz Szekely, has created a mild sensation in Hungarian medical circles. How he succeeded in implanting hairs on bald pates was demonstrated by the discovery before a meeting of the Royal Medical society and three subjects, who had undergone the process, were brought forward as further testimoney of its practicability. Dr. Szekely's method is simple enough. An almost invisible gold wire is bent into tiny loop, in which is placed a sterilized hair from a woman's head, and the two are fastened to an injection needle.

The "living wig" can be brushed, combed and washed without the least discomfort or annoyance.

Prof. Havas, who was present at the demonstration, declared that the Szekely wig was lasting, and said he had examined one made five and a half years ago and found the hair remained quite smooth and soft. He believed the discovery to be of the highest importance.

Be Prepared!

The New Westminster troop of Boy Scouts will parade at the drill hall on Saturday, March 16, at 7 p.m. Dress, drill order. Mr. Stanley Thomson has been appointed assistant scout master from March 1, 1912. The commanding officer has been pleased to approve of the following promotions. To be patrol leader of cyclist patrol, Corporal Howard McDonald. To be corporal, Scout Fraser Allen. To be assistant quartermaster, Patrol Leader Basil Irving.

The Beggar—Pity a poor blind man wiv a large family, lidy.

The Sympathetic Soul—And how many children have you, my poor man?

The Beggar (nonplussed)—Lor, ma'am, how should I know, when I can't see 'em—Sketch.

New to Him.

"When you saw me motoring the other day I was on the qui vive."

"I haven't heard of that make."—Columbus Citizen.
