SUGGEST REFORM IN MILK TRADE

All Used in Westminster Should First be Carefully Inspected Here.

Conditions in Westminster—Bad Water—Manure Taint—Fish in Bottles—Paper Boxes.

The conditions of the city's milk supply, ways of handling milk on the farms and in the dairies and the receipt of suggestions as to the best means of improving both comprised the sum and total of the session of the provincial milk investigating commission which was held in the City Hall yesterday afternoon.

The commission was comprised of Dr. A. P. Proctor, chairman, F. J. Coulthard and Dr. Anson Kinglet, chief veterinary inspector of British Columbia.

Alderman Dodd, chairman of the health committee, Dr. A. L. McQuarrie, medical health officer, and Mr. S. J. Pearce, city health inspector, represented the city and told of the conditions of the city's milk supply and its source.

Suggestions Offered.

A few of the most notable suggestions offered were to the effect that a center be established in Westminster through which all the city's milk supply must pass for inspection before being distributed; that a provincial milk inspector be appointed in this district; that the farmers and dairymen be educated as to the best way of treating and handling milk by means of government demonstrations; that the milk be distributed to the consumers in metallic sealed paper boxes instead of in bottles or tins as it is at the present; that all cans being transported by railway be properly sheltered from the sun and dust while awaiting shipment and properly sealed and locked.

In opening the session Mr. A. P. Proctor outlined the object of the commisison and stated that the government recognized that the milk supply question was a very important one. It was one that vitally affected the health of the residents of the province. He enlarged upon the diseases with which cows were generally afflicted and said that it had been proven that bovine tuberculosis was transmissible to the human being. This was responsible, he believed, for the numerous reports of children suffering from tuberculosis of the bowels.

City Milk "Fair."

Describing the city milk supply Dr. A. L. McQuarrie stated that it was fair. The cows kept by dairymen in the city were healthy enough to his knowledge. He suggested the appointment of a provincial inspector for the city whose duties would be to inspect all dairies, test the milk and examine the cows. It was impossible, he stated for the city to send an inspector up as far as Chilliwack, from which some milk came.

Touching on the recent trip of inspection by himself, Alderman Dodd and Mr. Pearce, he stated that they had found conditions in some places not very satisfactory. The water supply of one—the name of which they did not care to disclose—was of extremely questionable quality and a danger to the health of the city. He thought a system of classification of all the dairies from which milk was received and a periodical publication of the standard of the milk of each would probably have the effect of making the farmers more careful.

Dr. McQuarrie further suggested that dairymen be made to report all cases of infectious diseases which occurred in their families or among their workmen.

Not to Prosecute.

Questioned by the chairman the doctor stated that he had heard of few complaints regarding the milk supply of the city. He had been advised to prosecute no person if it was found that they supplied milk in the city not up to standard.

Alderman Dodd stated he did not think it was the duty of the city to trace the milk to the source of its supply. As one way of improving the quality of the milk he suggested that the dairymen be educated how to handle it by government demonstrations. He also suggested that a central milk depot be established in the city through which the city's milk supply could pass for government inspection before being distributed.

Mr. S. J. Pearce suggested that each city be supplied with a dirt as well as a butter tester. This was a very necessary thing as he knew of milk supplied to a Westminster hospital in the city which contained traces of manure. He had even found a fish in one can though how it got there could only be surmised. He thought the milk would be better delivered in metallic sealed paper boxes than in bottles and tins. All cans being transported by tram, he suggested, should be properly locked and sealed as frequent complaints had been made to him that the cream had been removed from the top of some cans. Unless they were properly sealed dirt was also liable to enter the cans and so infect the milk.

Ends Its Sessions.

This concluded the session and in a short speech Mr. Proctor thanked the health authorities for being pres

THREE CANDIDATES FOR EACH CONTEST

Labor Men Plan Lively Campaign—Dodd, Wilson, Hogg Named for Council.

Westminster Labor men took a decided stand upon the approaching civic elections when at a well attended meeting held in the Labor Temple last evening, three candidates were placed in the field both for the aldermanic contest and for the school board.

Alderman Dodd was the first choice, his record on the city council during the past two years meeting with commendation from all present.

His associates in the race will be ex-Alderman Ralph Wilson and Mr. Archie Hogg. The latter nomination is intended to be in the nature of a right for Sapperton, as his residence is in the east end of the city.

For the school board election, Messrs. R. A. Stoney, F. H. P. McIntosh and Henry C. Chamberlin were placed in the field. Mr. Stoney is the only one of the trio who has seen past service on the school board.

From speeches made by Messrs. Dodd, Chamberlain, Hogg, D. S. Cameron, McIntosh and Wilson there are good prospects of a stirring fight being waged before election day.

A campaign committee composed of Messrs. D. S. Cameron, T. A. Barnhard, A. B. Christie, R. A. Stoney, W. E. Maiden, A. McLaren, T. Ball, H. Gibb, Robert Drysdale and P. Connor will meet during the next few days and formulate plans to approach every union in the city for financial and moral assistance in the campaign.

The next general meeting will be held in Eagles' Hall on the evening of December 9. The nominations made last evening were left open until the next meeting and may be changed but this is improbable. Mr. J. J. Randolph was in the chair.

HOOLEY ACQUITTED OF THEFT TODAY

Criminal Cases Close at Present Assize—Proceedings Have Lasted One Month.

Al Hooley, a poolroom lesese in the city, was acquitted yesterday from a charge of stealing a $20 gold piece from one Frank Mitchell, a Calgary ranch owner, but who also makes it his business to follow fairs throughout the country. The jury was only absent 20 minutes.

Yesterday accused took the witness stand, and in answer to Mr. Hampton Bole, his counsel, gave evidence that Mitchell laid his coat upon a bench where the gold piece was openly displayed, despite his warning.

Cross-examined by Mr. Grant he admitted having been convicted of vagrancy in Vancouver and ordered out of town, besides forfeiting his bail on two other occasions. That was persecution on the part of the police. He had gone under the names of "Aubrey" and "Henry Jordan."

Several other witnesses corroborated accused assertions.

In his summing up Mr. Justice Murphy warned the jury against assuming that because a man might have a shady character he must necessarily be guilty of a specific crime. The evidence as to this man's precedents was only allowed in order to let the jury judge his credibility.

The jury found Hooley not guilty.

This was the last case on the criminal calendar for the present assizes which has lasted exactly a month.

HON. DR. YOUNG TO PERFORM CEREMONY

Of Laying Cornerstone of Royal Columbian Hospital Next Wednesday Week.

The Hon. Henry Esson Young, M.D., minister of education and provincial secretary, has consented to lay the foundation stone of the new Royal Columbian Hospital buildings at Sapperton. The ceremony will take place on Wednesday afternoon, December 11 at 2:30 o'clock.

A meeting of the corner stone committee of the hospital building committee was held yesterday afternoon and the preliminary arrangements for the ceremony were made. The consent of the provincial secretary was received and the above date set for the laying of the stone.

In the interim the contractors, Messrs. Adkinson & Dill, will get the structure into shape and a base for the stone prepared. The committee on the arrangements is composed of the directors board, Mr. J. J. Johnston, vice-president, George RSmall, Miss Scott, the superintendent, and Secretary E. S. Withers.

CANADA MUST FIND EFFECTUAL MEANS

Of Counteracting American Policy Respecting Panama—Railways Need Not Fear Competition.

London Nov. 29.—W. K. George of Toronto, speaking last night regarding the effect of the Panama canal on the commerce of the world, said:

"Canadians rather unduly feared the result on transcontinental lines, but I think that neither the railways nor the stockholders need fear. The present trouble of the Canadian railways is in keeping pace with local trade and therefore they need not fear the competition of the canal."

C. N. Armstrong of Montreal, drew attention to the importance of the finding of an island British possession in mid-Pacific, containing a natural harbor which would hold the British navy.

The Pall Mall Gazette today says: 'The Canadian grievance regarding coastwise traffic carried across the frontier to secure tax exemption for the vessels using American ports is substantial and manifest. The American policy is bound to hamper Canadian development if Canada cannot secure her rights through Whitehall she must find an effectual means of her own.

CANNOT OPERATE WITHOUT PERMIT

But Directly Government Sanction Is Received Highland Park Cut-off Will Be Used.

Difficulties have arisen with regard to the opening of the Highland Park cut-off, which was expected to take place this morning and it will be several days yet before the Central Park cars are running over the new tracks. These facts were announced by interurban Manager Allan Purvis yesterday afternoon.

In explaining the delay, Mr. Purvis stated that a special car carrying Mr. F. C. Gamble, engineer of the provincial railway department, and officials of the B.C.E.R., was run over the new cut-off yesterday, when Mr. Gamble made an inspection of the tracks and switches.

Mr. Gamble will make his report to the minister of railways and the line cannot be operated until the government's sanction is obtained. This is expected to be given early next week and as soon as word is received from Victoria, the new line will at once be operated.

Mr. Purvis assured The News representative that as little delay as possible would be permitted by the company, as it was desirous of arranging a faster and better schedule before the Christmas holidays set in.

An average of thre cars per week is being turned out by the shops and just as soon as enough are on hand, the multiple-unit trains of two cars will be placed on the run.

BROWNLEE SENT UP TO AWAIT TRIAL

Must Wait for Next Assize Court—Gabriel Reported Recovering Gradually.

Charged with attempted murder, William Brownlee was yesterday committed for trial by Magistrate Edmonds in police court. The accused is alleged to have made a murderous assault upon Andrew Gabriel, part proprietor of the Melbourne hotel, on Tuesday evening. Gabriel is still lying in the Royal Columbian Hospital recovering from his wounds.

The seriousness of the charge will not allow the defendant to elect for speedy trial, and with the criminal cases disposed of at the Assize court, Brownlee will have to wait until the spring assizes with little prospect of securing bail.

Very little important evidence was brought out at the adjourned hearing yesterday morning except the testimony of two boys, George Daniels and Roy Mack, who told of the finding of Gabriel lying at the corner of Columbia and Twelfth streets on the evening of the assault.

TEACHERS APPOINTED DURING LONG SESSION

The school trustees sat from 8 o'clock last night until a quarter to one this morning, and anpointed the following teachers: Mr. G. Dickenson, second assistant Lord Kelvin school; Miss Charlotte Smith, assistant Lord Kelvin school; Mr. O. Crandell, principal Queensboro school; Miss Reburn, assistant Queensboro school; Miss B. Evans, assistant Herbert Spencer school; Miss Bligh, assistant John Robson school.

GOVERNMENT GETS SEVERE CRITICISM

Liberal Organizer Lays About Him—Mr. George Kennedy Re-elected Local President.

The general administration of the McBride government especially in relation to its land policy, civil service and contract with the Canadian Northern railway was scored in round terms last night by Mr. M. A. Macdonald, of Vancouver, chairman of the Liberal organization committee of British Columbia and by Mr. George Kennedy the occasion being the annual meeting of the Westminster Liberal association.

Mr. M. A. Macdonald first referred to the necessity of a strong reorganization of the Liberal party. "We are faced by foes both within and without," he said. "Within we have the lack of organization and without we have the McBride machine."

The Conservatives had gained strength not by love but by appropriations, he said, instancing the case of Cranbrook, which he alleged had received $5000 to $10,000 a year while it was represented by a Liberal, and $200,000 when it selected a Conservative as its representative at Victoria A similar condition of affairs existed throughout the province.

Was it not debasing, the speaker asked, that the government should collect revenue from the whole province and use it to further its own ends?

"There is need for all kinds of legislation by the government," went on Mr. Macdonald, "but we hear of very little. The people are getting tired of the attorney-general spending all his time in oiling the cogs of the Conservative organization intsead of attending to the duties of his office.

"The record of the government with regard to Crown lands is open to such condemnation that it seems superfluous to speak of it at all," continued the speaker.

It could not be said that the government had done nothing to open the country. On the contrary they had given away large areas to speculators. The speculators were not to blame, it was all the fault of the government for allowing them a free hand.

Referring to the civil service Mr. Macdonald declared that conditions were chaotic in the extreme. The work in all offices was away behind and the excuse given by the government that the exceptional growth of the business was responsible for the congested conditions in the land registry office was absolutely useless in his opinion.

Mr. George Kennedy, the president expressed the hope that they would come once more to the front and "charge for the guns,—the impregnably entrenched Conservative big guns of unlimited government patronage and wholesale constituency corruption," as he remarked. Referring to the contract recently made by the government with the C. N. R., Mr. Kennedy said:

"We have lately had brought home to us in this city in a most signal way the ruthless and damaging encroachment on our rights and most vital interests as citizens and ratepayers of which an unscrupulous and reckless government is capable when foolishly entrusted by the people with an unchecked monopoly of power. I refer to one of the sweeping and high-handed concessions made by the McBride government to their pet beneficiary, the Canadian Northern Railway Company, in presuming to grant to that company exemption from taxation until 1924, not only on provincial lands with which they have been endowed, but on all lands as well within any municipality, of which they may become possessed."

Secretary Ed. Goulet, in his annual report showed the finances of the association to be in a very satisfactory condition. The officers, for the ensuing year were elected as follows: Hon. president, Rt. Hon. Sir Wilfrid Laurier (re-elected); president, Mr. George Kennedy (re-elected); first vice-president, Mr. J. B. Jardine; second vice-president, Mr. Herbert Gilley; third vice-president, Mr. George McKay; secretary-treasurer, Mr. Ed. Goulet (re-elected); executive, Messrs. J. J. Brvson, D. Douglas, W. McAdam, D. McPherson, H. Bucklin, J. Reid, W. L. Johnson.

CANNOT MOVE DEPOT.

Railway Commission Refuses Application of C. P. R.

Vancouver, Nov. 29.—Following a petition from many residents of Coquitlam to the railway commission, that body this afternoon refused to sanction the removal of the present C. P. R. station at Westminster Junction to a point 1200 yards east of its present location.

Superintendent F. W. Peters of the C. P. R. in supporting the change stated that the new location would be more central in view of the great developments being made there by the company and outside capital.

Commissioner Drayton, however, informed the company that the commission was not disposed to take into account what would be done one or two years hence and that if condition change they would consider the proposed change.

A largely signed memorial from the Vancouver Board of Trade, calling attention to the difference in eastern and western freight rates, was presented to the commission. Chairman Drayton stated that it would be highly improper to make any comment upon it at this time.

FALLS FROM LAUNCH AND IS SWEPT AWAY

Spaniard, Crossing From City to South Shore, Is Drowned Before Help Arrives.

Old Father Fraser claimed his second victim of the year when a Spaniard named Elagogie Lavierie, last evening fell from a moving launch and was drowned. The fatality took place opposite the Eighth street slip about 50 yards from shore.

Lavierie, together with another of his countrymen, set out for the opposite side of the river about 6.30 o'clock and in some manner fell over board. He immediately yelled for help, but the rapid and treacherous current swept him away before assistance could be brought.

The local police were notified and a sharp watch will be kept, but little hope of finding the body is held out until the river and nature do the work.

AWARDS SENTENCES IN ASSIZE COURT

Bogh Singh Appeal Allowed—Coghlieri Goes on Suspended Sentence—Four Traverses.

Bogh Singh—Perjury, two years' penal servitude. Appealed and bail allowed of personal surety of $5000 and two collateral securities of $2500.

Frank Van—Theft, one year's imprisonment from time of arrest.

Antonio Coghlieri—Suspended sentence on personal surety of $500.

Fideli Grossi—Assault, six months imprisonment.

George McPhease—Theft, three years in penitentiary.

These sentences were yesterday passed upon the men convicted at the present assizes and the criminal session concluded. The civil sessions will begin on Monday.

The first prisoner sentenced was Bogh Singh, for whom Mr. J. A. Russell appeared. He was formally granted the right to appeal. Mr. Russell pointed out that entirely new evidence had been brought out in other cases.

Bogh Singh, in answer to Mr. Justice Murphy, said: "I have nothing to say except that I am not guilty. Mr. Burns has put in time in his books at which time I was not at work. That does not extend to one day alone but for eight days. I have always spoken the truth and this is a conspiracy. If a proper investigation had been conducted I would not be where I am at present. I am a poor man with a family and this case has already entailed a loss of $1000 upon me."

Mr. Justice Murphy—The jury have found you guilty and it is not in my power to do anything except to grant your lawyer the right to go to the Court of Appeal, which I have done. The jury have recommended you to mercy and I have taken that into consideration. Perjury is a very serious offence and were it not for the jury's recommendation I would sentence you to five years. As it is the sentence of the court is two years in the penitentiary.

Pending the appeal bail was granted in personal surety of $5000 and two other securities of $2500 each.

Antonio Cogiheri, an Italian, convicted of the theft of $70 from Lena Desjardines, was allowed to go on suspended sentence.

Mr. Justice Murphy, in addressing he prisoner, said he was a young man, had been drinking at the time and had given back the money. There was nothing against him and he did not want to make a criminal of him. He would let him out on his personal bond of $500 to come up for sentence when called upon. If he behaved himself there would be nothing done to him. If he were again brought up before him, however, he would inflict a very heavy sentence upon him.

In imposing one year's imprisonment with hard labor, to date from his arrest, Sept. 20, upon Frank Van, for theyt from his partner, His Lordship commented upon the fact that Van had been 17 years in the country. He did not want to send him to prison but unfortunately his conduct was such that having regard to the effect on the community he could not ignore it altogether. Probably he yielded to a sudden temptation and the best thing he could do for him was one year's imprisonment with hard labor.

Fideli Grossi, a revolver affair assault; His Lordship said he must consider not only the prisoner, but the general public in this matter. The carrying of a loaded revolver had to be stopped in this country. There was no necessity for it. At the same time nothing very serious had happened. His sentence would be six months imprisonment from the date of his arrest, July 31.

George McPhease, the boy convicted of theft at Burnaby, in whose room was found a large quantity of stolen goods, regarding which no charges were proceeded with, although true bills were returned against him, Mr. Justice Murphy said in this case he was really at a loss what to do. "There is no place I can send you," said His Lordship, "except the peni-

ARMISTICE MAY SOON BE SIGNED

Peaceable Solution of Trouble Believed to be Approaching.

Austria Holds Her Hand—Bulgarians Capture Two Turkish Divisions—Powers Quiescent.

London, Nov. 29.—Constantinople reports tonight the probability of a fortnight armistice being signed by Sunday by the peace plenipotentaries who are negotiating for a cessation of hostilities between the Turks and the allies.

From the Bulgarian side, there has been no news today concerning the peace negotiations, except the vague statement that they are making satisfactory progress.

Nothing has transpired as to whether the proposed armistice will affect the whole field of war operations or only the Tchatalja lines.

Turks Surrender.

The news received today of the surrender of two divisions of Turkish reserves to the Bulgarians in the neighborhood of Demotica, after severe fighting, shows that there are still large isolated bodies of Turkish troops unaccounted for which must be considered in arranging an armistice. The allies are said to have large numbers of men who are proceeding in Greek transports from the Gulf of Saloniki, either for Gallipoli peninsula, which separates the Dardanelles from the Aegean Sea, or to join the allies army at Tchatalja.

No news has been received concerning these transports and the disposal of the men they carry, in case an armistice is arranged would present some difficulty.

Points to Peace.

Although it is not safe to assume that an armistice is in sight, the fact that the negotiations continue and apparently no time-limit has been fixed as to the duration of the existing suspension of hostilities tends towards the belief that a peaceable solution of the trouble is approaching.

There were no fresh developments today concerning the proposed conference between the powers on the Balkan situation, or concerning the dispute between Austria and Servia over the occupation of a port on the Adriatic.

FALLING OFF DUE TO BAD WEATHER

Building Permits Need $2,000 Yet to Measure up to Standard of Last November.

The snowman paid a brief visit to the city yesterday but departed almost as suddenly as he came. To most people the arrival was a surprise but that it is nothing out of the usual to have snow about this time of the year, is evident by the fact that it snowed fifteen inches before the 30th of the month last year. Yesterday only about 5-8 of an inch fell.

Taking it all round the month has been one of the worst this year for rain. Precipitation fell 22 days out of the 29 up to yesterday. The fall totalled about 8.68 inches. This compares with 18 days of rain last year and a total fall of 10.04. Measured as rain the snow amounted to 1.25 inches.

The rainfall for the week ending yesterday was comparatively light, not more than .45 being recorded, .21 of which was for yesterday morning, including the snow.

MUNICIPAL PLOTS GRADUALLY THICKEN

More Candidates Step Out on Burnaby's Municipal Election Platform—Good Fight Coming.

Edmonds, Nov. 29.—More candidates are looming up for council honors in the coming Burnaby municipal election. School Trustees T. P. Morrison is said to have decided to make the race in Ward two, against Mr. Alec. Macpherson.

In Ward One, Mr. William Bevan will have an opponent in the person of ex-Councillor E. B. Stride. Pressure has been brought upon Mr. Stride by many of the residents of that ward and when seen last evening he stated that he would probably be in the race.

Mr. Stride is a resident of Edmonds and served on the Burnaby council nine terms, being defeated by Councillor Britton last January by a small majority.

The next month will probably see some surprises being brought to light and forecasts of a quiet election will probably be shattered before many days of December have past.

The Market

Egge came down with a big slump on the market yesterday morning. At the opening vendors asked the ruling figures of last week for their stock, but the buyers were indifferent and quotations declined in a short time from 60 and 65 cents, wholesale, to 45 and 50 cents, and retail from 70 and 74 cents to 55 to 60 cents. The egg stocks were much heavier than for some weeks past.

Outside of eggs fruit was the chief feature. The arrivals were heavier than the average and with the demand only fair the prices took a considerable slump. Pears lost as much as 23 cents, while apples dropped from 10 to 25 cents. Only the first-class stock was purchased.

Potatoes and other seasonable vegetables continue to arrive in large quantities. Spuds are a drug on the market and there seems to be a fear among the buyers to purchase in large quantities on account of the danger of frost.

The meat stalls were well supplied, but nevertheless mutton strengthened slightly and pork advanced a half cent.

A good variety of cut and pot flowers found a very ready sale, while the fish dealers had little to complain of regarding the day's business.

A most successful sale of work was held by the Women's Auxiliary of St. Mary's Church, Sapperton, in their Parish Hall Thursday afternoon and night. Plain and fancy work, candies, dressed dolls and toys were sold in four prettily decorated stalls. The fish pond proved a source of attraction, and refreshment were served during the afternoon and evening. There was a rush of business all afternoon and nearly everything was sold before night. The evening closed with a social time by the young people. The proceeds of the sale amounted to $110.00 and much credit is due to the ladies and their kind friends whose generous gifts and enthusiastic support all tended to amke the affair a success.

Miss Scott will receive formally for the first time on Monday, Dec. 9, from 4 to 6, in the Nurses' residence of the Royal Columbian Hospital, and afterwards on the first Mondays.

An interesting reception which claimed many guests took place on Friday, Nov. 22, when Mrs. Ernest Saunders received for the first time since her marriage, with her mother, Mrs. H. M. Marshall, 313 Fourth street. Mrs. Saunders wore her wedding dress, a lovely gown of silk tan toy, trimmed with fringe and yoke of real lace, while Mrs. Marshall was in black silk, relieved with cream lace. The spacious reception hall and living-room were beautifully decorated with quantities of yellow and white chrysanthemums, while the dining-room, with its dark-panelled walls and crimson shaded lights made a pleasing picture, the pretty table being centred with crimson and white carnations and smilax. Mrs. J. A. Lee, who wore a blue velvet dress and hat trimmed with ospreys, and Mrs. F. J. Mackenzie in pink silk draped with ninon and large white beaver hat with pink plumes, poured the tea and coffee, while Mrs. F. R. Pearson, in white embroidered marquisette and black picture hat, cut the ices. They were assisted by a bevy of prettily-gowned girls, The Misses Jinny Marshall, Gertrude Wells, Violet Latham, Alice Lorce and Mabel Derbyshire, the door being opened by a dainty little maiden, Ailsa Oxenbury. Mrs. Saunders will not receive again until the fourth Friday in January and each fourth Friday thereafter throughout the season.

St. Peter's Cathedral was the scene of a very pretty wedding on Wednesday morning at 10 o'clock, when Rev. Father Lardon united in marriage Winnifred Hilda, second daughter of Mr. and Mrs. W. H. Keary, and Mr. Roy Edward English, youngest son of the late Mr. M. M. English and Mrs. English, Royal avenue. The church was prettily decorated by friends of the bride, a beautiful arch of ivy and white crysanthemums, in the centre of which hung a large bell of the same flower was placed for the bridal party to stand beneath. Special music was provided, solos being sung by Mrs. Guerney and Mr. Filgiano, and the organ was played by Miss Freese. The bridal procession was led by the ushers, Mr. W. Keary, brother of the bride, and Mr. Robert Dickenson, nephew of the groom. Then came little Bevesley Jones, niece of the bride, as flower girl, a dainty picture in her quaint Kate Greenaway costume of pink satin with lace jacket and mop cap, being an exact miniature of those following. Miss Katherine Fraser and Miss Francis Doyle (niece of the groom, and Miss Mary Keary (sister of the bride) followed as maids of honor, their dresses being of a darker shade of pink, and Miss McBride as bridesmaid in old rose satin. They all carried old fashioned bouquets of pink roses and violets. Lastly, with her father, came the bride, looking lovely in a gown of white satin made in empire style and trimmed with point lace. Her bridal veil was gathered into a Juliet cap with a wreath of orange blossoms, and she carried a beautiful shower bouquet of bridal roses. Mr. Angus McColl acted as best man. After the ceremony a reception was held at the home of the bride's parents, 72 First street. Mrs Keary, the bride's mather, wearing a very handsome gown of Alice blue velvet, trimmed with Italian lace, with mink furs and French plumed hat, received her guests in the drawing-room which was decorated with white chrysanthemums, smilax and knots of white tulle. The library was done in mauve, chrysanthemums and knots of mauve tulle and the dining-room in the colors of the bridal party with pink roses, violets and pink tulle. The bride's table was centred with the wedding cake and dainty white satin shoes tied with tulle and filled with rice were placed at the corners of the table. The tea and coffee were presided over by Mrs. F. R. Glover (Vancouver), and Mrs. W. Norman Bole. Mrs. English, the groom's mother wore a gown of gray silk and sable furs with a black bonnet trimmed in violet and carried a bunch of violets. Mr. and Mrs. English left later by motor for Vancouver, where they took the boat for Seattle. From there they will go to California and later to Mexico before returning to Vancouver to take up their residence. The bride's traveling costume was of lavender cloth with black pan velvet tam-o-shanter hat trimmed with osprey. The groom's gift to the bride was a pair of pearl earrings; to the birdesmaid and maids

SCOTLAND FOR EVER.

Today is the feast of St. Andrew, and just as Scots—home-born and native-born alike—celebrated its eve last night in Westminster, so all over the world, wherever the sons of this hardy race have made their homes, today will be remembered and observed.

St. Andrew's story should be familiar to all. In him we have no saint whose origin is wrapped about with that mystery which surrounds St. Patrick and St. George. It has been advanced by some that the Scottish Highlands furnished a final home for the descendants of the ten lost tribes, and this should ever be proved correct old Scotia can claim that she is the only one of the three kingdoms that had the good sense to choose one of her own blood for so exalted a position as that of patron saint.

But speculation aside, it is good and fitting thing that national observance be kept alive. We are warned against pride, but pride in one's country engenders that pride in oneself that is too lofty to stoop to mean and unworthy deeds. As long as the earth rolls through space so long will the story of Scotland and the deeds of her great ones bring a thrill to all British and many alien hearts.

We in Canada cannot be unmindful of what part the northern folk have played and are playing today in the making of the Dominion, and, if any scoff, a perusal of the make-up of the mother of parliaments and of those of the various self-governing states of the empire will be sufficient answer.

The Gaelic, the Erse, the tongue of the Cymri is still alive, but English is the speech today of the vast majority of the nations who willingly or unwillingly have cast in their lot with old England. Noting this we may look forward to the day when Dutch and French, Swede and German by descent may each in British territory observe the feast dear to his forefathers, and from the memory of their deeds, draw fresh inspiration for the service of the greater nation to which he now belongs.

DANGER ARISING FROM INCREASING CRIME.

Editor, Westminster Daily News:

Sir—The report tabled by the Minister of Justice in the Dominion Parliament yesterday, gives cause for serious concern throughout British Columbia, where the worst crimes are more than three times more prevalent than in the other provinces of Canada collectively, as the minister's figures in the third column below conclusively prove.

The mere numbers of prisoners in penitentiaries uncompared on the basis of population, are so misleadingly circulated that it is a public duty to present them on the fair basis of comparision per 100,000.

The startling results can be seen at a glance in their order of criminality:

PROVINCES—	1911 Population	Criminals in Pen.	Criminality per 100,000 Pop
British Columbia ..	392,480	331	84
Alberta	374,663	167	45
Manitoba	455,614	183	40
Ontario	2,523,274	714	28
Quebec	2,002,712	442	22
Saskatchewan	492,432	67	14
Five Prov. Total ...	5,848,695	1573	27
CITIES—			
Vancouver	100,401	174	174
Victoria	31,660	42	133
Total	132,061	216	164
CITIES—			
Winnipeg	136,035	114	84
Halifax	46,619	33	71
Calgary	43,704	31	71
Quebec	78,190	51	65
Montreal	470,480	293	62
Hamilton	81,969	35	43
Toronto	376,538	96	25
Ottawa	87,062	19	22
Total for the eight large cities named in other prov.	1,320,597	672	51

These figures truly prove that per 100,000 population the five large provinces only average 27 penitentiary criminals, three times which yields 81, whereas B. C. has 84 per 100,000. Comparing the 10 largest cities the minister named, we find that Vancouver and Victoria together average 164, whilst the corresponding sized cities of other provinces only average 51. Not one-third.

Both methods prove indisputably that British Columbia is proportionately harbouring more than thrice the crime experienced in the other provinces. Therefore, it is very unfair for a Vancouver paper to describe Montreal as "First in the criminal world of Canadian cities," when in reality Montreal has only 62 per 100,000 compared with Vancouver's 174, which is three times worse, though we would much rather have recorded Vancouver's rate as the one-third of montreal's as Ottawa's 22 is.

Who Is to Blame?

The Minister of Justice records the fact that these criminals cost 84 cents per head per day. If B. C. averaged 27 per 100,000 as the five large provinces do, there would be only 106 prisoners, so the 331 we have discloses an excess of 225 costing $68,985 per year more than our proportionate burden.

Three year's study of this grave problem that is yearly becoming more serious, convinces me that the high-handed Attorney-General Bowser is primarily to blame for this sad state of affairs which has arisen largely through his neglect of the duties he is paid to perform, and abuse of the party system of appointing provincial constables by patronage instead of leaving the chief of police and his assistants to select the most efficient men. The result is that more should be prisoners evade the law than in other parts of Canada, hence crime in B. C. is really worse than the treble burden shown.

Three years ago three experienced men were commissioned under the Public Service Act of B. C. to, amongst other duties, examine every provincial police officer, study his record and report on the police system. They were J. A. Mara, Esq., of Victoria (former M. P. for the Dominion) W. Curtis Sampson, the Victoria accountant, with myself as chairman. We carefully examined every officer and constable excepting about two, in the interior and made recommendations which if carried out would have restrained and reduced this swelling crime, but the Attorney-General apparently determined to ignore that report, which he, therefore, withheld from publication in order to continue the control of the police for party purposes.

A very urgent recommendation in that report was the danger of fire arising in the provincial jail at Victoria where the wood partitions were proved to be a grave source of danger. The Attorney-General ignored that humane safe-guard, with the result when fire broke out there last winter, that but for the indomitable bravery of one of the jailors 107 lives might have been lost.

Yet the ruthless Attorney-General heeds not, and by ignoring those imperative duties compels me to disclose this grave injustice he is now inflicting upon British Columbians, whose jail space has thus been reduced and great additional expense has been incurred by his neglect at the time when that extra accommodation for prisoners is most needed.

The remedy now needed is for the electors of B. C. to require the Attorney-General to do his full duty to the province, and not be misled at election time.

Prompt steps should be taken to prevent the influx of criminals from the South.

If the government would arrange for a small detachment of the North West Mounted Police in uniform to control the district bordering on U. S. A., their presence would keep out the criminals at less cost than the $69,000 excess we are paying.

Yours Sincerely,
MOSES B. COTSWORTH.

New Westminster, Nov. 29, 1912.

EDUCATION BYLAW.

Editor, Westminster Daily News:

Sir—Noting the report in Thursday morning's issue of your paper of the City Council proceedings of the 27th inst., in reference to the Traders' License By-law, and being surprised that I am placed in the light of advocating the principle of purchasing outside the city, preferably sweat shop goods. I would be obliged if you would kindly allow me a little space in your valuable paper in which to correct this erroneous impression.

The discussion to which you refer arose over Clause 7, Schedule A of the by-law, and provides that any person who on his own behalf or as agent for another or others, sells, solicits, or takes orders for the sale by retail of goods, wares, or merchandise, to be supplied or furnished by any person or firm doing business outside of the municipality shall pay a license fee of $50.00 for every six months.

My contention was if this clause passed:

1. That the people had a right to purchase from whom they pleased, and the council must not interfere with that right, and if it passed it would have a tendency of creating a monopoly to the detriment of the purchasing public.

2. It would be very liable to cause the surrounding municipalities to enact similar legislation with the result that territories that are now supplied by our local merchants would be denied to them, and as New Westminster is the central distributing point for a very large district which is rapidly filling up with settlers it is very important that the city retain friendly commercial relations with them.

I fully agreed with his Worship the Mayor, that merchants in outside municipalities soliciting orders in the city should pay the same license fee that local merchants pay, but no more.

Local merchants are required to pay $5.00 every six months while outside merchants under the clause referred to, are required to pay $50.00 every six months, or ten times as much which is practically prohibitive.

I do not believe that the loyal civic spirit of patronizing home industries can be developed in the people by municipal by law, but that it is a matter for education and example by the merchants, the public and semi-public bodies in the city.

Personally I have consistently patronized local merchants, both in my private and public position. In reference to purchasing goods manufactured in sweat shops: I always demand the union label on all goods that I know are manufactured by union labor. The union label on an article is the only safe method of assuring the purchaser that the article purchased is not manufactured in a sweat shop.

Trusting you will oblige me by inserting this in your very valuable paper.

I am Yours Truly,
W. DODD.

HOGS BARRED FROM MARKET BUILDING

Owing to the reports of hog cholera throughout the lower mainland and Vancouver Island at the present time and the desire on the part of the health of animals department of Ottawa, to prevent the possibility of this disease becoming prevalent, the Dominion Animal Inspe ctors have decided it would be wise not to allow small hogs to be handled in the city market building until further notice.

The department is doing excellent work in their endeavor to provide healthy food for the public. They are traveling from one locality to another examining all places where hog yards are situated and at the same time watching for traces of the disease so that with care exercised and their instructions carried out there should be little danger of anything serious. While there has been no indications of it whatever in the city as yet, a precaution the inspectors feel it would be better not to have the porkers in the building for a while.

Dr. PRICE'S CREAM BAKING POWDER

Pure—Wholesome—Reliable—Indispensable

Its fame is world-wide. Its superiority unquestioned. Its use is a protection against alum food. In buying baking powder examine the label carefully and be sure the powder is made from cream of tartar. Other kinds do not make the food healthful.

CHAMPIONSHIP IS AT STAKE TODAY

Rovers Meet Thistles at Recreation Park—No Lack of Soccer Matches in City.

All but two of the soccer teams in New Westminster will be seen in action this afternoon both here and in Vancouver. Probably the tit-bit event of the day will be the Thistles-Rovers match at Recreation Park, Vancouver. Both teams are leading in the league race and the championship of the Senior Soccer League hinges on the contest this afternoon.

Manager Scotty Grant is in the best of spirits regarding the result and feels confident that the aggregation he has massed together will be equal to the occasion. A special interurban car will leave the Columbia street depot at 1 o'clock, returning at 5:30 o'clock sharp.

The Royal City High School will play the Sons of England of Vancouver at Moody Park, commencing at 1:45 o'clock. The juniors are going strong in the Aliance race and are keeping step with St. Andew's, the league leaders.

AMONG THE SCHOOLS.

The real battle of the season in the City School Soccer League will be staged at Moody Square this morning when St. Louis College and the High school teams come together. So far the two elevens have been hitting the trail at a fast clip and a win for the high school would put them in first place. This game will start at 10:15

Lord Kelvin and John Robson will play also on the Moody Park grounds commencing at 9:15. At Sapperton Park the Herbert Spencer and Richard McBride teams come together. The Sapperton school team has improved wonderfully during the past two weeks and should give a good account of itself.

SOCCER AND RUGBY ON SPORTING CARD

City Will Strive to Defeat Sapperton—Native Sons Versus Westminster.

The City Soccer League championship hinges on the game between the City and Sapperton teams at Moody Park. Sapperton has been playing a great game during the season and has given the Bankers a clean-cut race, but according to the City club officials they will meet their Waterloo at 2:45 this afternoon.

The Moose and Burnaby will play at Sapperton at 2:30 o'clock. This should be an even contest as the teams show little difference on the league table.

At Queen's Park.

Rugger will be the sport at Queen's Park this afternoon when the Royals meet the Native Sons of Vancouver, for the second time this season. The previous battle resulted in a victory for the Sons, but they managed to pull it off in the last minutes of play, thus showing the strength of both teams.

New Westminster will field its strongest fifteen of the season this afternoon. The team will be changed around considerably, especially the back division, where the weak points have appeared and with confidence among themselves, the Royals should notch their first victory of the season.

The game will start at 2:45 o'clock sharp.

STRIKES AND SPARES.

Although three of the team averaged better than their opponents, the Royal five went down to defeat before the Reliance alley team of Vancouver last evening on the local alleys, losing out by 87 pins.

Steele came through with high single and high average, while "Buck" Marshall and Harry Walsh also shattered the pins in great style but Dill and Sloan were off form and practically lost the game. The following are the scores:

SANGSTER FAMILY WINS.

Y. M. C. A. Quintette Go Down in Exciting Basketball Game.

Fighting valiantly to maintain the athletic supremacy of their family the five Sangster brothers won a brilliant basketball victory from the Y. M. C. A. quintette on the association floor last night by the score of 24 to 16, and took such a firm hold on the first place in the City league that it is doubtful if the honors can be wrested from them.

The score in the first half was 15-10 in favor of the Hustlers and a close defence game put the contest on ice in the second period.

Although the Y. M. C. A. passed better, from the sidelines it was evident that basket shooting had been very much neglected. If the maroon and gold players had been able to make half of the easy open shots that were attempted the game would have resulted in a victory for the Y. M. C. A. Over-confidence also had much to do with the downfall of the association men.

In a preliminary contest the Business Men of Vancouver rubbed it into the local team by the score of 30 to 8. Mr. A. W. Decker worked harder than any of the players in refereeing the game. Tim Mahoney officiated at the chief event.

JURORS WOULD GET HIGHER SALARIES

Petition Presented to Mr. Justice Murphy and Will Go to Attorney-General.

At the end of the criminal sittings yesterday, Mr. Frank Ennis introduced by Mr. J. P. Hampton Bole, barrister, presented the following petition to Mr. Justice Murphy:

"The petition of the undersigned petit jurors at New Westminster Fall Assizes, 1912, respectfuly showeth that your petitioners as petit jurors have been taken for a considerable period from their ordinary avocations and business to serve as jurors at the present assizes, and received for every day spent only the sum of two dollars ($2.00) per day as pay, whereas ordinary mechanics now earn from $4.00 to $5.00 per day as wages, and some of us, who are mechanics, are compelled to pay for men for taking our places double the sum we receive for pay as jurors.

"At the time that the remuneration was fixed for jurors at $2.00 a day, the sum was reasonable, but since then, as your Lordship is aware, prices of all the necessaries of life and the cost of living generally, as also wages, have enormously increased.

"Therefore, on the ground that $4.00 a day as pay, with traveling expenses, is the least that ought to be allowed respectfully ask that that rate of payment should be established in the future, and further ask your Lordship to forward this, our petition, to the government of British Columbia endorsed with your favorable recommendation, and we feel satisfied that such a course will meet with success at the hands of the government."

Mr. Justice Murphy stated that he would have it sent to the Attorney-General. It is more a political matter, however, he said, and one for your representatives to look after.

ent and making valuable suggestions. He had found the farmers and dairymen quite willing to help them out in their researches and as far as he knew, they were quite willing to do all in their power to improve the standard of the milk.

Yesterday's was the last meeting the commission will hold. The commissioners were appointed on July 17 and ever since then they have been touring the country inspecting dairies and farms and receiving the suggestions of civic authorities and others interested in the milk question as to the best way of dealing with the matter.

MRS. RENT PAYER!

How can you help your husband to save more money than he is now able to do?

Sit down at your desk and figure it out. How long have you been paying rent? How long do you expect to pay rent?

Suppose you have been paying rent for 5 year---$25 monthly---$300 a year or $1500 in 5 years. ***Do you know that we will build you a home for that amount*** and let you pay for it with what you are now paying out as rent. ***What have you to show for last year's rent?*** Can you say that you are $300 nearer owning your own home? If not, make a start towards that end today. Come to the office and talk it over; tell us the size of a house you need. Let us show you the 4, 5 and 6 roomed houses we have already built for people in just your circumstances; people who cannot make big cash payments on a house, and have been paying rent.

Tell us just how you would like to have your house built and we will start to build it, ***and all you have to pay is $25.*** Come to the office ***at once*** and let us help you to get ahead of the game.

Every lot is high and dry 40 x 157 feet to lane. Streets graded and sidewalks laid, electric light, city water and telephone service. Right on the 12th Street car line and only two blocks above the orphanage. All lots are cleared and graded. Twelve houses are already built and eight more are started. If you do not select your lot at once the better lots will be all gone. Remember you can secure a house and lot with just what you are now paying as rent. Come to the office today and talk it over. We are open till 9 o'clock.

SPECIAL NOTICE

For those who are unable to see these houses on week days we might say that agents will be on the subdivision, corner of 12th Street and 12th Avenue (2 blocks above Orphanage) on Sunday afternoon, 2-5 p.m.

ABOUT
WILLS

Reflect a minute. Try to recall cases which have come under your observation where persons who owned property died without leaving a will? What happened? How often was the estate depleted by legal entanglements? How often were relatives embittered and estranged?

To make a will is a precaution no wise man will neglect. It is a precaution, too, that need cost him nothing. Where this company is appointed executor we pay all legal expenses connected with the drawing of the will.

Our charges for carrying out the provisions of the will are very moderate. They amount to only a small commission on the revenue derived from the estate.

If you have not already made a will, or if you have appointed some private individual as executor, we think you will be interested in our booklet.

tentiary and besides it is the only hope to prevent you from becoming a confirmed criminal. I understand there is propision there to keep you segregated from hardened criminals and, in fact, I have the assurance of the authorities that that will be done there. I shall send you to the penitentiary for three years.

This finished the criminal business of the assizes.

At the close Mr. Adam S. Johnston, Coghleri's counsel, fixed up his personal bond to the satisfaction of Registrar Cambridge and he went free.

Traverses until next assizes were granted in the following cases: Tom Brian, attempted murder; Oscar Mirmy, wounding with intent, released on his own recognisances; Frederick Cunliffe, statutory; Alex. Howard sending threatening letters, bench warrant issued for his arrest.
