TO HAVE A NEW POLICE DISTRICT

HAZELTON TO BE HEADQUARTERS OF THE DISTRICT

Other News by Telegraph

Vancouver, Aug. 20:- A new police district with headquarters at Hazelton has been created. Mr. James Maitland Dougal has been appointed chief constable with three men under his command. It is expected that the appointment of this force will relieve the anxiety of the white settlers in Bulkley Valley and the upper Skeena, disquieted as they have been by the discontent of the Indians at the opening up of the country.

Vancouver, Aug. 20:-Sir Charles Rivers Wilson, Hays, Chamberlain and Ryley, of the G.T.P., left here Wednesday night for Prince Rupert. Hays in an interview said: "We will bend all our energies to construct a line through to the coast, and until the main line is completed, there will be little or nothing done on the branch lines. Our contract with the government calls for a line to Prince Rupert and it is hardly likely we will be building, say south to Vancouver, before we fulfill our contract. The date for our through trains arriving at Prince Rupert has not been fixed, but it will be as soon as possible. While we will come to Vancouver eventually and perhaps not for in the future, the route is not yet settled."

Madrid, Aug. 19:- King Alfonso's troubles are on the increase. Word was received today that the Canary Islanders are about to revolt and War Minister Martilegui was sent to suppress the movement. The government today started to reinforce all garrisons throughout Spain. The re-establishment of a consorship on all war news is interpreted as meaning that government troops are meeting with heavy reverses in Morrocco. Nothing has been given out regarding the Marina expedition against the Riff tribesmen.

Winnipeg, Aug. 20:- Soldiers who have been on duty at Fort William have returned to their barracks, leaving thirty special C. P. R. constables armed with rifles to maintain order. Five hundred men are now working on the docks. Arrangements will be made for a board of conciliation on the dispute between the C. P. R. and freight handlers.

Banff, Aug. 20:- A terrific forest fire is raging on Castle mountain 16 miles west of here, near Laggan. Government fire fighters are trying to combat the flames. The whole district, ten miles up the valley is smouldered in smoke.

Sterling, Ills., Aug. 20:- Two section hands were killed and three others badly injured near Albany when a Chicago, Milwaukee snd St. Paul train was wrecked. The section hands were working on a siding and a car toppled over on them.

West Point, N.Y., Aug. 20:- It is understood that President Taft has ordered the dismissal of seven cadets for participating in the hazing of Rodando Sutton at the military academy here.

Victoria, Aug. 20:- The Timber and Forest Commission opened its sittings Monday and will inquire fully into the resources of the province. It will also take up the question of the preservation of forests and the prevention of fires.

Victoria, Aug. 20:- The contract for the 140 mile section of the G.T.P. between Copper River and Aldermere will be let upon the return of President Hays and General Manager Chamberlain from Prince Rupert. A provision calling for the completion of the section within one year will be inserted.

Fernie, Aug. 20:-Twenty-three buildings were burned in a fire here, including clubhouse, Trites book store, surgery, jail, four large boarding houses and private residences. Losses amount to $150,000 or 200,000. Most of the owners have no insurance on their effects.

London, Aug. 19:- Nedar Lal Dhingra, the Indian student, paid the penalty for tne murder of Sir Curzon Wyllie, Tuesday.

Canea, Island of Crete, Aug. 19:- Flying downward the flag of Greece fell to earth from the mast above the fortress at Canea, after a shot by one of the parties of bluejuckets landed by the four powers, had splintered the pole which held the emblem. As the Hellenic colors struck the ground, with it crashed the hopes of the Cretans who had voted allegiance to King George and attempted to renounce the power of Turkey. After the flag was shot down the bluejackets returned to the warships of the powers, England, France, Russia and Italy, lying in the harbour. War was averted between Greece and Turkey by a single shot.

Kitselas, B.C., Aug. 21:-James G. Blaine, Jr., son of James G. Blaine Secretary of State under Garfield and later candidate for president, is a passenger on str. Hazelton. He is going to Hazelton and Telkwa to spend several weeks.

Dutch Kline is in town from Nine Mile and reports the discovery of another ledge on his claims, which shows some fine galena ore.

Mrs. W. H. Sharpe and Miss Sharpe of Yorkshire, England, wife and daughter of W. H. Sharpe, arrived by the last boat and will remain in Hazelton.

J. H. Brownlee left Vancouver Aug. 19, and will come to Hazelton on his way to Babine mountains where he is to survey mineral claims for James Cronin and C. F. Law.

James Brewer came in town Monday bringing samples from his mineral locations at the head of Boulder creek, about twenty miles south of Hazelton. Assays show good silver values.

A constantly increasing amount of business at the local government office has called for more help and there are six in the various departments, including Mr. Allison.

Work on the properties of the Telkwa Mining and Milling Co. has been completed for the year and the manager, Harry Howson is expected in Hazelton shortly on his way to the coast.

Rev. F. L. Stephenson of Aldermere was made happy by the arrival of his family from Victoria, by the last boat. Mr. and Mrs. Stephenson and the children leave for the valley early nevt week.

Frank Brown was down from Nine Mile Tuesday. He states the number of men employed on the Lead King will be increased shortly. Cabins are to be built at once and preparations for made winter work.

Harry Thoen returned a few days ago from the Babine mountains with fine samples of ore from claims located on the trip. The ore appears to be similar to that of Nine Mile and other districts near Hazelton.

James Davey and sister, Mrs. E. E. Orchard of Bulkley valley came up the river on the last boat and took the stage for the valley Tuesday morning. They had been on an extended visit to relatives in Seattle.

J. D. Campbell, a mining engineer from the States, accompanied by Chas. O'Neill, left Hazelton on Thursday for a trid to Bear lake, 150 miles up the Skeena fron Hazelton. It is rumored they will investigate the vast reefs of milling gold ore in that vicinity.

Joe Sheedy, owner of the Riverside ranch on the west side of Bulkley river south of Moricetown, was in town for supplies Tuesday. He expects to do considerable work before winter on the mineral claims located this summer, on Hudson Bay mountain, by himself and brother, T. J. Sheedy, of Granite, Ore. Surface croppings showed some very good galena ore.

Morris Marks, superintendent for the Ingenica Mining Co., arrived by the last boat and left for the Ingenica river on Thursday where upon arrival he will recommence work on the company's properties. He took two men from Hazelton and will recruit the remainder of his force from men now there. The shaft near the mouth of McConnell creek is to be carried down to bedrock and a drift run across the channel.

Any exhibits of mineral, grain, grasses, or other farm produce will be shipped free of charge to Prince Rupert for the coming fair to be held there, if brought to my office. Ladies bring samples of your bottled fruits.

E. H. Hicks Beach.

A delegation of six members of the newly formed Kispiox Valley Settlers Association, Hugh Taylor, E. V. Green, Walter Green, Dan Norris, A.W. Corner and P.J. Hewitt, arrived in town Monday to interview the local government officials regarding public improvements for the valley and to secure. if possible, a further grant for road work to give the farmers of the valley a sleigh road for the coming winter from Hazelton to a point a short distance above the first cabin on the telegraph line.

The delegation went home Wednesday well pleased with the result of their conference with Mr. Allison.

No Strike on Burns Lake.

Angus Beaton and A. F. Kobes arrived Wednesday from Burns lake and were immediately beseiged by friends wanting to know about the rich gold strike supposed to have been made by Beaton in the Burns lake country. Reports concerning the strike proved to have no foundation in fact and no strike was make either of placer or of free milling quartz. However, they did make locations of very good looking mineral, one group of two claims being extensions on C. S. Anderson's galena property between Burns and Babine lakes. Before leaving, Anderson had received returns from ore sent to the coast for assay and his eighteen inches of galena yielded values of $224.00 per ton in lead and silver. The other locations made by Beaton and Kobes were copper in quartz, and samples shown were very likely looking.

Mining Man Purcases Ranch

Frank Dockrill, one of the well known mining men of the Northern Interior, has become a farmer in the Bulkley valley, having purchased the ranch formerly owned by Robert Campbell.

Mr. Dockrill is now in Hazelton on his way to the Coast and stated to the Herald that he is going to engage in farming in earnest, having let a contract for clearing thirty acres additional to what is already unde cultivation. There are 320 acres in the farm and he proposes th have one third plowed up inside of a year. Farm machinery and seed grain will be sent up from the Coast immediately. Mr. Dockrill agrees with the farmers of the district that there is no business so profitable as farming in the Northern Interior of British Columbia and that an era of exceptionally high prices for all farm produce must prevail until the G. T. P. is comqleted through from Edmonton to Prince Rupert. The special advantages which Bulkley valley possesses as a mixed farming and dairying country, with extensve markets opening up both to the east and west, will always give the farmer of this district such a margin that he will be able to compete with eastern produce and realize handsome profits.

Mr. Dockrill has spent a large part of his time for the past four years in Bulkley valley so he is thoroughly conversant with the conditions prevailing. From outside sources it is learned the price paid was $3,350.

Francis Lake Comntry Progressing

Settlers from the Francis and Ootsa lake district are beginning to come in for their supplies, and report considerable pregress in that country. Notwithstanding the unfavorable nature of the season, crops are doing well, the ranchers began making hay about two weeks ago, and half the crop is already in stack, the district having been favored with drier weather in the past fortnight. The grass is rather short, but as most of the settlers have plenty of wild hay land, it is expected that there will be plenty of hay for all the stock in the country, and for the outside harses which, as usual, will winter at Francis lake. A number of new settlers have taken up residence in the district this summer, including three famalies, who brought in all kinds of stock, and as the settlers are procuring farming implements and putting up substantial buildings, the country is beginning to look like a settled community. A good deal of new land has been brought under cultivation this season and cultivated grasses, oats, barley, Russian wheat and various roots and vegetables all appeared to be doing well when our informant left the district.

Satisfactory progress is being made on roads and trails, the government having appropriated several thousand dollars for the work. On the north side of Francis lake a sleigh road to connect with the trail and telegraph line at Burns lake, which will be a G. T. P. station, is being constructed. On the south side of the lake, the pack trail has been improved from the Nadina river to Tatalrase lake, and from that point to Spenchar lake a first class sleigh road has been built, under the supervision of A.R. MacDonold, who also had charge of the work on Ootsa lake, where the settlers did some good work in widening and improving the trail from the head of Francis. A good deal of work must still be done to render the trail passable, especially between Pleasant valley and the head of Francis lake and on the Bella Coola trail, but it is confidently expected that money for the most necessary work will be available immediately after haying.

The settlers of the district are all combined in the Lake Settlers Association, an organization which has proved of great benefit to the country, as through its officers the needs of the district are brought directly to the notice of those in authority.

We understand that although most of the land in the district has been alienated, there are still quarter-sections open for pre-emption, and settlers are glad to help new comers who mean to stay with the country to find suitable locations.

BRIDGES TO BE BUILT THIS YEAR.

Word was received Monday that the bridges across the Kispiox and Skeena rivers, to afford a means of access to Kispiox valley, had been authorized by the government. The iron work is reported shipped and work will start within a short time. It is expected both bridges will be complete by January 1.

The site selected for the Skeena bridge is about one and a half miles above Hazelton where a small canyon affords a short span. From this bridge the road will continue on the west side of the Skeena to the mouth of the Kispiox river, near which the Kispiox bridge will be built and the road will then continue up the Kispiox valley, practically following the present trail which was built by the Dominion government in connection with the Yukon telegraph line.

The construction of these bridges means much to the Kispiox valley and the district on the west side of the Skeena. The only market the settlers have available is Hazelton, and that they have been unable to reach, and the same has been true of the farmers along the west bank of the Skeena above and below Hazelton, who will be equally benefited by the Skeena bridge. Some four miles below Hazelton there is quite a colony of settlers and largely through their efforts, aided this summer by the government, a wagon road has been built to a point opposite Hazelton connecting with the wagon road constructed by T. Olson to his ranch near where the new bridge is to be built.

WETTEST SEASON FOR MANY YEARS.

The present summer has been the wettest ever known since white men first came to the country. R. S. Sargent, for over 18 years a resident of Hazelton, states that never in his time has anything like it been experienced. Others who have been here a number of years say the same thing. The wet weather has caused no damage so far but has caused some delay in putting up the hay. Reports from Bulkley valley are to the effect that, by taking advantage of every spell of dry weather, a large part of the crop is gathered in and that it will all be saved. At the Diamond D ranch, owned by C. Barrett & Co., the larger part is now under cover and a full average crop. Other parts of the district report a crop slightly under the average but better than reports of a month ago indicated.

Other crops are in fine condition throughout the district and will be fully up to the average. All grain crops are two weeks late in ripening but are coming on in good shape. Potatoes have never been known to fail and vary little from year to year.
