THE LEADING WEEKLY NEWSPAPER IN NORTHERN BRITISH COLUMBIA

The Omineca Miner

VOL. III, NO. 6 HAZELTON, B. C., SATURDAY, OCTOBER 11, 1913 PRICE $2.00 A YEAR

HOME RULE TO BE VOTED ON

British Government Will Pass Measure, But Will Call Election Before Enforcement

ASQUITH DEFIES CARSON

Warlike Preparations in Ulster Continue---Winston Churchill Declares Government Will Not Be Turned Aside From Course by Threats or Violence

London, Oct. 9:—Premier Asquith has decided against a conference with the Unionist leaders regarding the home rule bill, and will defy Sir Edward Carson and the opponents of the measure. Mr. Asquith has been summoned to see the King at Balmoral. Preparations for guerrilla warfare are being made on the Ulster estate of the Duke of Abercorn.

London, Oct. 10:—Speaking at Dundee, Hon. Winston Churchill said the home rule bill would be passed, but that a general election would be called before the measure would be enforced. If the Unionists are successful in the election they can repeal the bill. No threats and no violence, he declared, could turn the government from its course.

Copper River Coal

Highly satisfactory reports come from the Coal creek property of the National Finance Co. Superintendent F. B. Chettleburgh and L. V. Rice, an engineer of note who has been making an examination of the mine, have returned from the claims, with the news that the Main crosscut, mentioned in our last report from this property, had tapped the roof of the seam at 124 feet, giving a depth of 102 feet. The Main seam here carries 8 feet 7 inches of coal, being two inches more than in the other workings. The most gratifying feature is the improvement in quality, the coal being much cleaner. The top seven feet is especially clean.

Mr. Rice states that there is a perfectly feasible route for a railway to the main line. It is expected that the engineer's report to the company will result in the inauguration of a policy of active development on the property.

Championship Baseball

New York, Oct. 9: — In the world's championship series of seven games, between the New York Giants and Philadelphia Athletics, the latter team has won two out of three. The first game on Tuesday was won by the Athletics, six to four. On Wednesday the Giants scored three to nothing. Today's game went to the Philadelphia team by a score of eight to four. The result of the series is an open question.

School Children Strike

Chicago, Oct. 9:—The miners of Calumet, in the Michigan copper district, are still on strike. The school children of the district have gone on strike, in sympathy with the miners.

Nome is Wrecked By Big Storm

Nome, Oct. 7:—This city has been practically destroyed by storms. All the south side of Front street is gone with the sand spit. Two miles of territory next the sea is utterly devastated. The storms raged all night on the Behring sea and were the worst ever known here. Men and women worked all night in the icy waters to save their goods. The electric light and telephone plants are gone. The loss is estimated at a million and a half dollars.

There will be much suffering and outside help will be required. The steamers Victoria and Corwin made for the open sea and escaped damage. Over five hundred houses were demolished.

Nome, Oct. 9:—As the result of Tuesday's storm, five hundred people in Nome are homeless; many of them destitute. Two sleeping miners were swept to death. The property loss will aggregate a million and a half.

Finished Season's Work

Col. R. G. Steele and Harry Carpenter, with the crew which has been engaged in development work on the Hudson Bay Mountain Mining Company's property, came down the hill yesterday, having completed the season's work. Col. Steele stated that the property was in excellent condition, the results of development having been most favorable. Extensive development will be undertaken next season. — The Smithers Review.

BIG MINING DEAL IN KITSELAS DISTRICT

A Vancouver despatch says: After spending several months in the Hazelton district, Captain H. M. St. Cyr has returned to Vancouver, having secured a bond and lease on the Peerless group of seven claims, which are located on O. K. Mountain, eighteen miles east of Kitselas. He brought down a large quantity of ore specimens from the property.

The Peerless group was located by Alonzo Hamblett, Eli T. Hamblett, and James D. Wells, who have done a large amount of surface work, exposing lead for 755 feet. In that distance it is said to average thirty feet in width, and assays have been taken across seventeen feet, which show 12½ per cent. copper, 1¼ ounces in gold and 14 ounces in silver. The ore is principally bornite and grey copper.

Under the terms of the bond, which is for $30,000, continuous work must be done, and Captain St. Cyr expects to have a crew of probably twenty-five men operating all winter. The property is at present reached by trail, but a wagon road has been promised by the government. The lead lies above a very steep bluff, and a depth of 900 feet can be obtained by running a short crosscut tunnel, which will be the first development work undertaken.

Local and District News Notes

A. Chisholm is spending the week in Smithers.

Hazelton's new public school is nearing completion.

W. J. Jephson, the barrister, is in town for a few days.

L. R. Walker left on Sunday for the Okanagan lake district.

Frank Smith returned from Prince Rupert during the week.

Arrangements are under way for a concert in aid of the Hospital X-ray fund.

Mrs. Gammon and little daughter returned on Wednesday from a visit to the coast.

R. H. Cusack and Chas. Fredrickson, of Chicken Lake, were arrivals on Thursday.

T. T. Dunlop, who has been in Vancouver for some months, returned on Wednesday's train.

Among the Hudson Bay mountain men in Hazelton this week are Matt. Little and R. O. Fullbrook.

Fred Glendinning and Charles Monroe were among the Manson creek men who returned to town this week.

Rev. F. L. Stephenson returned from Victoria on Saturday, accompanied by G. H. Brown, his brother-in-law.

R. D. Ross, Pete Enoch, and Percy Burnell returned on Sunday from Groundhog, where they spent the summer.

Chas. W. Teetzel, well-known to many oldtimers, is here from Prince Rupert, as agent for the Singer sewing machine.

H. N. Wright, formerly of the Hazelton government staff, has been appointed a travelling auditor for the provincial service.

Rev. D. R. McLean, who has just returned from the upper Bulkley, will preach tomorrow evening in the Presbyterian church.

Alex. Thomson, who was in from Francois lake during the week, reports that record crops were harvested in that district this season.

R. E. Allen and H. C. Kinghorn returned on Wednesday from Terrace, where they have been directing operations for the forest branch.

John Huderle and Harry Walker have been working their placer claims on Manson creek. They returned to Hazelton on Tuesday, apparently well satisfied with their clean-up.

The reduction of grades on the road to the South Hazelton station will be a great improvement. The work is proceeding rapidly, under direct supervision of Superintendent Carr.

Pete Jensen, who has been prospecting in the Upper Findlay country, has returned to Hazelton for the winter. He has great confidence in the future of the Findlay as a placer district.

James Cronin, the Spokane mining operator, has been here for a couple of days. He has made no announcement regarding the resumption of work on his big silver-lead property in the Babine range.

J. M. MacCormick and the Rock brothers are enjoying a hunting trip up the Bear river.

J. G. McNab, district agent for the C. P. R., is looking after the company's interests throughout the district this week.

Boyd C. Affleck, who returned a few days ago from Vancouver, is receiving congratulations on the arrival of a son, born in Vancouver on Sept. 19.

George Hauck and Walter Aiken returned on Tuesday from Manson creek, having spent the prospecting season in that district. They brought out samples of coarse gold and state that they have secured good ground, which they intend to work next season.

M. Sullivan and P. W. Clark, two Spokane mining men who have been looking over the mines of the district, were west-bound passengers Thursday. Mr. Sullivan stated that they were much pleased with what they had seen, and intended to return next summer, to give the district a thorough investigation.

Will J. Rolfe, representing the Canadian Mining & Exploration Co., has been looking over some of the Hazelton mines. Owing to the lateness of the season, his investigation of the district has not been as comprehensive as intended; but he is so pleased with the showings that he promises to return next season, for a more extended stay.

Scots Entertain

St. Andrew's Society of Omineca District, recently organized by Hazelton Scots, has now a large membership. Handsome quarters in Field street have been fitted up, and the members of the society last night entertained their friends at their first social meeting. The second and fourth Friday evenings of each month have been set apart as social evenings.

Hospital Fund Grows

Pressure on our space prevents the publication this week of the list of subscriptions to the Hazelton Hospital X-ray fund. It will appear next week. Dr. Wrinch, who is making a personal canvass, is meeting with gratifying success, and there is little doubt that the $5,000 required for the X-ray and electric plant will be obtained. Although little work has yet been done outside the old town, a handsome total has already been subscribed.

Money Market Easier

Vancouver, Oct. 10:—Two million dollars worth of Vancouver bonds have been sold in London at 95. This is the second sale in two months. The money market is growing easier daily.

Rioters Plead Guilty

Nanaimo, Oct. 10:—In the trials arising out of the labor disturbances, which are now being held here, twenty prisoners pleaded guilty. Judge Howay reserved sentence. Eighteen other prisoners are standing trial.

Liberal- Socialist Coalition Proposed

Vancouver, October 10: —In a speech at a Liberal meeting here Ralph Smith, former Dominion M. P., advocated a coalition of Liberals and Socialists, under the name of the Liberal Democratic party, to fight the McBride administration.

Parliament in January

Ottawa, Oct. 9:—It still appears that parliament will not reassemble until January.

Blowing Up Last Panama Barrier

New York, Oct. 9:—The last barrier of the Panama Canal, the Gamboa dike, will be blown out on Friday. One thousand holes have been bored, each to contain from eighty to one hundred pounds of dynamite, making a tremendous blast. In case of urgency, the engineers say, a boat could pass through the canal before the end of this month.

Equine Typhoid Epidemic

Dr. D. R. McLean, the veterinary, reports that the epidemic of equine typhoid, which has caused the loss of so many horses, shows signs of abatement. Fifty animals have died of the fever, which is often accompanied by pleuro - pneumonia. Losses have been most severe in the construction camps, where many of the horses contracting the disease were practically worked out and had not sufficient vitality to stand the fever. With the coming of cool and dry weather, it is believed the epidemic will lose it severity.

LOUISE HARRIS MEETS DEATH BY DROWNING

The body of Louise Harris, a half-breed woman, was found in the Skeena, near Glen Vowell crossing, on Saturday evening. The woman's husband, Fritz Harris, also a half-breed, notified the police on Saturday that his wife had left their home some time during the night, and had not returned. Search having resulted in the discovery of the body, Government Agent Hoskins, acting as coroner, held an inquest at Hazelton, the jury returning an open verdict of death by drowning. It is supposedly a case of suicide.

Great Harbor Works

Ottawa, Oct. 9:—Immense harbor improvement undertakings are under way at Victoria, Vancouver, Hamilton, Toronto, Montreal and St. John. The total cost will be $30,000,000.

C. N. R. Progress

Kamloops, Oct. 9:—Steel has been laid on the Canadian Northern for eighty miles north of Kamloops. All grading operations are well advanced.

Widow is Missing

Hamilton, Ont., Oct. 9:—Mrs. Samuel Miller, a widow, has been missing for six weeks from her home at Ancaster. It is believed she has been murdered for her money.

DUBLIN FACES STARVATION

One-third of City's Inhabitants on the Verge of Famine as Result of Big Strike

DEADLOCK IS COMPLETE

Government's Efforts to End Difficulty Unavailing---Commissioners Condemn Attitude of Employers and Also Deprecate Sympathetic Strikes.

Dublin, Oct. 9:—The fifth week of the transport strike sees Dublin's poor begging bread. One third of the city's population is on the verge of starvation. The arrival of relief ships with food has alone stayed the hand of death.

Dublin, Oct. 7:—The deadlock between the employers and the striking transport workers is complete. There seems no immediate prospect of any settlement of the dispute. Sir Edwin Askwith, the official strike breaker, and his commissioners of the Board of Trade, submitted to both sides this morning a set of proposals to form a basis of direct negotiations between the disputants. These proposals were accepted by the men, but the employers were unable to agree.

The report of the commissioners condemns the demands made by the employers that the men shall not join the transport workers' union, and at the same time condemns the sympathetic strikes by other workmen.

In the meantime large numbers of the striking farm laborers are returning to work.

After Liquor Peddlers

Returning on Thursday from official trip to the eastern part of his district, Chief Constable Gammon brought in Peter Conrad and Un Suie, a Chinaman, charged with "blind pigging" at Burns Lake. In court this morning Conrad pleaded guilty to having liquor in his possession and was sentenced to six months imprisonment. The Chinaman, who was represented by W. J. Jephson, made a successful defence, and was discharged.

A Chapter of Fatalities

Ashcroft, Oct. 9:—In the last week five fatalities have been recorded here. Three lumbermen were drowned by the capsizing of canoes; Graham Jones, a Canadian Northern surveyor, was drowned when his canoe struck a rock in the Fraser, and Albert Smith, of Barkerville, while returning from a hunt accidentally shot himself in the leg and bled to death.

Killed By Aeroplane

Rochester, N. Y., Oct. 9:—Lincoln Peachy, an aviator, lost control of his æroplane today. The machine swept five spectators off a roof from which they were watching the maneuvers. Ruth Hildreth was killed, her sister and two naval officers being seriously injured.

The Omineca Miner

VOL. III. SATURDAY, OCTOBER 11, 1913. No. 6.

The Omineca Miner has the largest bona fide circulation of any newspaper in the Northern Interior of British Columbia.

The United States is looking with envious eyes upon the success of Canada's immigration policy, which is attracting to this country the best class of new citizens. No less than 402,432 persons entered the Dominion during the last fiscal year. In point of nationality Canada's new citizens, it is said, are in marked contrast with those now coming to the United States. The sources for the last year were: British, 150,542; United States, 139,009; other countries, 112,881. In round figures Canada's total arrivals since the opening of the present century have numbered 2,700,000, of whom 1,000,000 were British, 750,000 from the United States, 165,000 from Austria-Hungary, 88,000 from Italy, 67,000 from Russia, 61,000 Jewish, and 31,000 from Germany. Canada not only gets a liberal supply of immigrants, but they come from the best part of the Old World, while the number emigrating from the United States is certainly significant. Many reasons are given for the attraction Canada presents to immigrants from the United States, but more discussion is now being centered on the problem of how the United States can attract the better class of European immigrant. In all probability when the Panama Canal is open British Columbia will be attracting a large proportion of the Southern European races which at present go to New York direct.

A mining writer in the Province says he has the best direct authority for stating that arrangements are under way in London to organize a company to take up a large portion of the Groundhog Mountain coal field and build a railway to afford transportation so that the coal can be mined and shipped out to Coast cities, in which the anthracite coal would no doubt be in demand for heating purposes; though it is probable the price will be high on account of transportation costs and the cost of living to miners working there until the field becomes well developed.

Hon. W. R. Ross, minister of lands, has had a new map of the mining divisions published. This is the best map yet issued by the Provincial government in connection with mining information. The boundaries of the divisions, location of recording offices, roads and trails are clearly shown. The map is on a scale of thirty miles to the inch and will prove valuable to prospectors and explorers.

The Underwood Tariff

Ottawa, Oct. 6:—In regard to the new Underwood tariff, now being adopted in the United States, a comparison has been made here which may be depended upon as absolutely accurate. The comparison does not take any account of the long list of reductions in the Underwood tariff on articles not specified in the reciprocity agreement. It is made only in regard to articles specified in the reciprocity agreement and based on importations into the United States from Canada during the fiscal year of 1910, according to returns submitted to Parliament by Hon. Mr. Fielding in 1911.

On that basis, the reduction by the United States in favor of Canada under the reciprocity agreement amounted to $4,849,933. Taking the same quantities and values, the reduction under the new Underwood tariff would be $4,955,610, In other words, there is an increased reduction under the new Underwood tariff amouuting to $105,677, without any concession from Canada.

Vancouver as Naval Base

Vancouver, Oct. 2:—It is announced unofficially in London that the Imperial defence committee has decided on Burrard Inlet as the best Empire naval base on the North Pacific. By the establishment of a base here a new link will be forged in the great Imperial chain. It is expected that the Dominion government will expend $25,000,000 on Vancouver harbor, in preference to Esquimalt.

Trespassers Warned

Official notice is given in this issue of The Review that trespassing upon government lots in Smithers and other towns will not be permitted, and that persons in illegal occupation of Crown property will be required to remove.

This action of the minister of lands is not unexpected, and will be accepted as just by all fair-minded citizens. Lots in this town are being sold at extremely reasonable prices, and on terms sufficiently liberal to allow any persons to acquire legitimately sufficient ground for his building requirements. If anyone is so ill-advised as to occupy and build upon a lot without the formality of purchase, he will have no just cause for complaint when the order of the department is enforced and he is compelled to remove.

Some appear to have the idea that the government allows squatters to occupy lots, giving them first chance to purchase. That such an idea is erroneous is made apparent by the notice now issued. Whatever the attitude of the government might be in cases where other lots could not be procured, it is perfectly plain that where lots are on the market at reasonable prices, squatters will not be allowed to take possession of the property of the province.—Smithers Review.

SALE OF MINERAL CLAIMS FOR UNPAID TAXES IN THE OMINECA ASSESSMENT DISTRICT, PROVINCE OF BRITISH COLUMBIA.

I HEREBY GIVE NOTICE that, on Monday the 3rd day of November, A. D. 1913, at the hour of 2 o'clock in the afternoon, at the Courthouse, in the Town of Hazelton. I shall offer for sale by public auction the mineral claims in the list hereinafter set out, for the taxes remaining unpaid by said persons on the 30th June 1913, and for the costs and expenses of said sale, if the total amount due is not sooner paid.

WATER NOTICE

For a License to Take and Use Water

Notice is hereby given that Rocher De Boule Copper Co., of Hazelton, B. C., will apply for a license to take and use 20 cubic feet per second of water out of Juniper creek, which flows in a Westerly direction through Crown Lands, and empties into Kitsequekla near Skeena River. The water will be diverted at the Company's mill site and will be used for Mining and power purposes on the land described as Millsite.

This notice was posted on the ground on the 21st day of Sept., 1913. The application will be filed in the office of the Water Recorder at Hazelton, B. C.

Objections may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C.

Rocher De Boule Copper Co., (Applicant)
4-7 By John W. Brown, (Agent.

Notice

ALL PERSONS are hereby warned against trespassing upon any property of the Crown in the subdivision of the North-west quarter of Section 30, Township 4, part of Lot 5289, part of Lot 1053, part of the South-west quarter of Section 31, Township 4, and part of the South half of Lot 865, all in Range 5, Coast District, and known as the Townsite of Smithers; also in the Townsite of New Hazelton, or adjoining subdivisions, viz.: Lots 863, 882 and 885, Cassiar District.

Any person disregarding this notice will be prosecuted in accordance with the provisions of Section 134 and following sections of chapter 129 of the Revised Statutes of British Columbia, 1911.

Any person or persons in illegal occupation of Crown property in the said subdivisions will not be permitted to remain in such occupation, and no protection will be given to the claimant of any improvements that may exist upon such property at the time of sale.

WM. R. ROSS,
Minister of Lands.
Department of Lands,
Victoria, B. C. Sept. 22, 1913.

SEALED TENDERS, addressed to the undersigned and endorsed "Tender for Wharf at Roy's Beach, B. C." will be received at this office until 4.00 p. m., on Thursday, October 9, 1913, for the construction of a Wharf at Roy's Beach, Comox District, B. C.

Plans, specification and form of contract can be seen and forms of tender obtained at this Department and at the offices of J. S. MacLachlan, Esq., District Engineer, Victoria, B. C.; C. C. Worsfold, Esq., District Engineer, New Westminster, B. C.; and on application to the Postmaster at Roy's Beach, B. C.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and place of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, equal to ten per cent (10 p. c.) of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order
R. C. DESROCHERS
3—4 Secretary
Department of Public Works
Ottawa, September 5, 1913.

Newspapers will not be paid for this advertisement if they insert it without authority from the department.—47187.

LAND NOTICES

Omineca Land District. District of Cassiar

Take notice that James Curtis Watson, of Victoria, B. C., occupation student, intends to apply for permission to purchase the following described lands:

Commencing at a post planted at the south-east corner of Lot 1237, District of Cassiar, thence west 60 chains, thence south 20 chains, thence east 60 chains, thence north 20 chains to point of commencement, being ungazetted Lot 1238, District of Cassiar. 5
July 15th, 1913. James Curtis Watson.

Omineca Land District. District of Cassiar

Take notice that I, Lambert O. Paterson, of Victoria, B. C., occupation retired, intend to apply for permission to purchase the following described lands:

Commencing at a post planted twenty chains south from the north-east corner of Lot 2115, District of Cassiar, thence south 60 chains, thence east 62 chains, thence north 37 chains, thence west 62 chains, thence north 20 chains, thence west 3 chains to point of commencement, being ungazetted Lot 1585.

Lambert Osborne Paterson.
July 14th, 1913. 5

OPPORTUNITY

Opportunity for all is to be found in the famous Bulkley Valley, with its vast areas of Splendid Agricultural Land; its remarkable Mineral Resources, great Coal Measures, Timber, Waterpowers and other potential sources of wealth awaiting development.

If you are interested in the best new district in British Columbia, subscribe for The Smithers Review, and keep posted on the development of

Smithers and the Bulkley Valley

Our subscription rate is Two Dollars a year, in advance---U.S. and foreign, Three Dollars.

The Smithers Review

Smithers, Bulkley Valley, B. C.

RAPID PROGRESS IN DEVELOPMENT OF COMING CITY

Railway Company Will Co-operate With Citizens In Making Smithers A Big Town

HUNDREDS OF MEN ALREADY EMPLOYED

Smithers is the first passenger and freight divisional point east of Prince Rupert on the Grand Trunk Pacific. It is located 226 miles from the Pacific terminus, and is beautifully situated in the fertile Bulkley Valley.

Smithers is surrounded by splendid areas of agricultural land. The mining country tributary to the town will produce great wealth in silver, lead, copper, and coal, making the establishment of a smelter necessary.

Smithers will have a railroad payroll of importance. Hundreds of men will be employed in the shops and yards. All train crews will change here, and the divisional officers, with their staffs, will reside in the town.

Although but a few weeks old, Smithers is already the busiest town along the line of the Grand Trunk Pacific in British Columbia, with over three hundred men engaged in erecting permanent business buildings, ditching and grading streets, laying sidewalks, constructing sidetracks and other improvements. Twenty - five blocks in the business center of the town have been cleared, as well as a number of the principal streets. A site for a government bridge over the Bulkley river, connecting the rich agricultural area on the east side of the Bulkley with the town, has been selected by provincial engineers, and a road crew is engaged in constructing a series of highways which will give residents in every part of the district direct access to the town.

Smithers will be the distributing point for one of the largest and richest areas in the interior of British Columbia. It is the logical governmental and business headquarters for Omineca district.

The railway company, which has cleared and stumped a large reservation for railroad purposes, will construct eight miles of sidetrack here, to accommodate the immense traffic of Canada's greatest continental road. In providing divisional facilities, constructing shops, roundhouses, station, etc., the company will expend approximately $250,000, giving employment to a large number of men, who, with the crews engaged in the development of the townsite, the building of stores and residences, and the operation of the railroad, will give the town a payroll population of importance from the very beginning.

Progressive business men throughout the district are turning their attention to Smithers, and many of them have already located in the town; others have stores in the course of erection, while many contracts for the construction of business buildings have been let.

A waterworks system and electric light plant will be installed without delay, and everything will be done to make Smithers, which possesses the most admirable natural location in the entire district, a pleasant and healthful place of residence.

Smithers is the town of opportunity. Come and see it.

Pre-emption Laws

For the information of readers who are unfamiliar with the new law respecting pre-emptions, we print below a resume of the regulations for the acquisition of land by the pre-emptors.

Crown lands, where such a system is practicable, are laid off and surveyed into quadrilateral townships, containing thirty-six sections of one square mile in each. Any person, being the head of a family, a widow, or single man over the age of eighteen, and being a British subject, or any alien, upon his declaration of his intention to become a British subject, may, for agricultural purposes, record any tract of unoccupied and unreserved Crown lands (not being an Indian settlement) not exceeding one hundred and sixty acres in extent.

No person can hold more than one pre-emption claim at a time. Prior record of pre-emption of one claim and all rights under it are forfeited by subsequent record of pre-emption of another claim.

Pre-emptions cannot be staked by an agent.

Land recorded or pre-empted cannot be transferred or conveyed until after a crown grant has been issued.

Such land, until the Crown grant is issued, is held by occupation. Such occupation must be a bona fide personal residence of the settler or his family.

The settler must enter occupation of the land within thirty days after recording, and must continue to occupy it for three years, inclusive of any leave of absence which may be granted him.

Continuous absence for a period longer than two months consecutively of the settler or family is deemed cessation of occupation; but leave of absence may be granted not exceeding six months in any one year, inclusive of two months' absence.

Land may be considered abandoned if unoccupied for more than two months consecutively.

The fee for recording is two dollars.

The settler shall have the land surveyed at his own instance (subject to the ratification of the boundaries) within five years from the date of record.

After survey has been made, upon proof in declaration in writing of himself and two other persons of occupation for two years from the date of pre-emption, and of having made permanent improvements on the land to the value of five dollars per acre, including the clearing and cultivation of at least five acres, the settler, on producing the pre-emption certificate, obtains a certificate of improvement upon payment of a fee of $2.00.

At the end of three years, and having fulfilled the terms of improvement and cultivation as above, the pre-emptor will be entitled to a Crown grant on payment of $10.

The price of Crown lands pre-empted is $1 per acre, which must be paid in four equal instalments, as follows: First instalment two years from date of record of pre-emption and yearly thereafter, but the last instalment is not payable till after the survey, if the land is unsurveyed.

Two, three or four settlers may enter into partnership with pre-emptions of 160 acres each, and reside on the homestead. Improvements amounting to $2.50 per acre on some portion therof will secure Crown grant for the whole, conditions of payment being same as above.

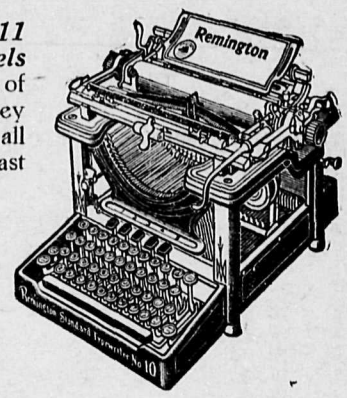
No crown grant can be issued to an alien who may have recorded or pre-empted by virtue of his declaring his intention to become a British subject, unless he has become naturalized.

The heirs or devisees of the settler are entitled to the Crown grant on his decease.

THE

Remington

Typewriter is the Perpetual Pioneer



The *No. 10 and No. 11 Visible Remington Models* are the latest expressions of Remington leadership. They represent the sum-total of all typewriter achievement—past and present.

They contain every merit that the Remington has always had and every merit that any writing machine has ever had.

They contain, in addition, new and fundamental improvements that no typewriter has ever had; among them the *First Column Selector*, the *First Built-in Tabulator* and the *First Key-Set Tabulator*. The Model 11 with Wahl Mechanism is also the *First Adding and Subtracting Typewriter*. These improvements are the latest contributions to typewriter progress, and they are Remington contributions—every one.

The Remington, the original pioneer in the typewriter field, is the present day pioneer in all new developments of the writing machine.

Remington Typewriter Company
(Incorporated)

PEABODYS OVERALLS

PUT THEM TO THE TEST SHOWN HERE

THEY WILL STAND IT-BECAUSE THEY ARE MADE TO WEAR

NOBODY BUYS OVERALLS TO PLAY TRICKS WITH THEM SUCH AS IS SHOWN IN THE PICTURE ABOVE. IN WHICH FOUR MEN EXERTED ALL THEIR STRENGTH IN THE EFFORT TO RIP A PAIR OF PEABODYS' OVERALLS.

BUT IF THEY WILL STAND THIS-THEY WONT RIP UNDER THE HARDEST KIND OF LEGITIMATE WEAR.

WE ARE THE AGENTS OF PEABODYS' GUARANTEED OVERALLS.

SHERWIN WILLIAMS PAINTS & VARNISHES

An appeal to the pride of the owner of a home

Everyone who owns a home is anxious that that home shall make the best appearance possible. Two things are necessary to produce satisfactory results in painting and varnishing a home:

First—A satisfactory color scheme.

Second—Paints, varnishes, stains and enamels of such good quality that they not only give the exact color effect required, but are sufficiently durable to keep up the attractive appearance of the house in spite of the wear and tear of living in it.

These are offered by the *Sherwin-Williams Paints and Varnishes*. The Sherwin-Williams Co. not only make every kind of paint and varnish used for a house and the best quality of that kind, but they make suggestions for the selection of colors, varnishes, stains and enamels, so that any given idea can be carried out, and carried out with the best materials.

You should see to it that when you buy paints and varnishes for your house, or any part of it, or when you give an order to your painter for any painting and varnishing you want done, that Sherwin-Williams Paints and Varnishes are purchased.

In large work it is always best to have a practical painter; but there are many little things about the house that you can readily finish yourself by using Sherwin-Williams ready-to-apply paints.

Come in and have a little paint talk with us. Now is the time to "brighten up" your home for the long winter months. We can tell you the best product to use for any purpose you may have in mind and secure complete finishing specifications for you from The Sherwin-Williams Co., if you desire them, for special work. Our line of Sherwin-Williams Products is complete and we are in a position to take the best care of your paint and varnish requirements.

The World's Doings in Brief

News Notes from Many Sources

Turkey has resumed peace negotiations with Greece.

Floods in France and Spain last week caused many deaths.

The Union station at St. Paul was destroyed by fire on Saturday.

All Chinamen in Canada are to be photographed and re-registered.

Foreigners in the Tsao Yang district of China are reported to be in danger from brigands.

Earthquake shocks in Italy on Saturday evening caused many villagers to camp in the fields.

Panama canal officials state that the recent earthquake shocks did not damage any part of the canal.

Having passed the tariff legislation, the United States congress will next take up currency reform.

San Francisco has closed the Barbary Coast dance halls, throwing five hundred girls out of employment.

The new British battle cruiser Queen Mary made the record speed of thirty-five knots on her trial trips.

Efforts are being made to secure the 1915 convention of the American Mining Congress for Vancouver.

Actual work on the immense Dominion government dock on Burrard Inlet will be started within thirty days.

Volcanic ash from the eruptive peaks of the Aleutian range whiten the gronnd of the Alaskan peninsula.

Grahame White, the English aviator, carried ten people to a height of six hundred feet in a 19-minute biplane flight.

Canada's revenue for the last six months was five and a half millions in excess ot that for the same period last year.

The bodies of two unknown men, victims of murder, were found on the Fairbanks road, 110 miles north of Valdez.

The steamer Spokane went ashore near Cape Lazo on Saturday. She was refloated and managed to return to Seattle.

The report of the Carnegie peace foundation on the causes and conduct of the Balkan war will be published next month.

After being entombed in a mine at Centralia, Pa., for eight days, Thomas Toshesky, a Polish miner, was rescued on Saturday.

A British Antarctic expedition, under J. K. Stackhouse, will sail for King Edward Land next year, to explore unknown areas.

It is stated the British government is willing to concede the demand of the Unionists that a general election be held before the home rule bill becomes law.

Yuan Shi Kai has been re-elected president of China, with the result, it is said, that the recognition of the Chinese republic by the Powers will not be long delayed.

Commissioner Price has reported on the Vancouver Island coal strike. He found that recognition of the union was the chief point is question. He suggests a number of changes in the investigation act.

The White Pass and Yukon railway will seek government aid for the extension of the road to the White River district, where the recent gold discoveries were made.

Work on the four-mile Jura tunnel, between France and Switerland, which has been in progress for three years, was delayed by the tapping of a number of springs. The line will be opened early next year.

Theodore Roosevelt left New York on Monday for a journey to unexplored regions in South America. At a farewell dinner given in his honor he denied that he intended to return to the Republican party.

Henry Spencer, a Chicago man who was arrested on Monday for the murder of a woman, confessed to killing twenty people during the last five years. Police investigation leads to the belief that many of his self-confessed murders never happened.

A new giant airship to excel all others is planned for construction in England. It will embody the advantages without the disadvantages of the Zeppelin, and will have a speed of sixty miles an hour. It will be able to carry more guns and ammunition than any dirigible of equal size.

Millions For Farmers

Vancouver, Oct. 2:—From estimates of the value of the prairie grain crops figured out here, the farmers will receive a total of $228,000,000 for the season's yield.

Earthquakes at Panama

New York, Oct. 2:—The entire Panama canal zone was disturbed by earthquake shocks last night. The tremors were the heaviest in the memory of the inhabitants of Colon and Panama. The people were much alarmed, but no serious damage was done.

Fresh fruits at Sargent's.

Trunks, suit cases and handbags at Sargent's.

TAX SALE

Omineca Assessment District

BULKLEY VALLEY FARM LANDS FOR SALE

THESE LANDS are located close to the main line of the Grand Trunk Pacific Railway, which is being constructed through the heart of the Bulkley Valley, one of the best farming districts in British Columbia. Steel is now laid through Telkwa, and trains will soon be running from Prince Rupert to this point. There are good roads to all parts of the Bulkley Valley from Telkwa.

The Bulkley Valley is an ideal dairying and mixed farming district, with a market for all kinds of farm produce.

We own all the land we offer for sale, and can give a guaranteed title. Our lands were all very carefully selected several years ago by experts in the land business. We sell in tracts of 160 acres or more.

Our prices are reasonsonale and terms are easy. Write for full information to

Premier's Return

London, Oct. 9:—Sir Richard McBride will sail for Canada on Saturday. He will attend the convention of provincial premiers which will be held in Ottawa, beginning Oct. 27. While the premier was in London arrangements were made for the erection of British Columbia's building, which will be a fine structure located near the London offices of the C. P. R. This arrangement will militate against the success of Earl Grey's All-Canadian building project, which is likely to be dropped, the provinces making their dispositions independently.

Board of Tade Meeting

The Hazelton Board of Trade will hold its quarterly meeting next Tuesday, Oct. 14, in hall over the Up-to-Date Drug store.

W. A.

The Woman's Auxiliary will meet at Mrs. Hicks Beach's house on Thursday, October 16, at 3:15 p.m. It is hoped that all the ladies of the town will make an effort to be present.

Ladies and men's umbrellas at Sargent's

Shot guns, rifles and ammunition at Sargent's.

FOR SALE—Thoroughbred Rhode Island Red cockerels, pedigreed, at $1.50 each. Apply to E. H. Hicks Beach, Hazelton.

LOST—One bay horse. "10" brand on left hip and brand on left flank. Weight about 1,300 lbs. Reward for return of this horse to Roy Ridsdale. 5 4t

Sept. 15, 1913. John Kansky
4-12 J. W. Kansky, Agent.

Smithers Notes

(From Thursday's Reveiw)

With two passenger trains and three freight trains to and from Prince Rupert every week, Smithers is at last in full touch with the world. The inauguration of a regular train service, as anticipated, has had the effect of stimulating the already busy town and activity in building and other improvements has been redoubled.

Passenger trains now arrive here from Prince Rupert at 8:33 p. m. on Saturdays and Wednesdays, leaving for the Pacific terminus at 7:30 a. m. on Sundays and Thursdays. Accommodation trains run to Bulkley Summit, leaving on Sundays and Thursdays at 8:30 a. m., and returning on Saturdays and Wednesdays.

Joseph Fisher has gone to Hazelton on mining business.

Wiggs O'Neill went to Prince Rupert today, for a brief visit.

H. H. Boggs, who has been appointed agent at Smithers.

W. J. Larkworthy, the Hazelton merchant, was in town yesday.

Alex. Thomson, of Francois Lake, was in town during the week.

Joseph Sexton is spending a few days in Hazelton, on mining business.

A. D. MacKay was a passenger for Hazelton on this morning's train.

H. W. Kraus was among the passengers for the coast on today's train.

D. E. Carroll, of Toboggan lake, has gone to Hazelton on a business trip.

C. E. Bailey, provincial inspector of pre-emptions, was among last night's arrivals.

Alex. McMillan, one of the road foremen, returned to Hazelton last Saturday.

A consignment of wellbred poultry for the Rosenthal-De-Voin ranch arrived yesterday.

Duncan Ross, who has been spending some weeks on the coast, returned on yesterday's train.

J. W. Paterson, the Freeport merchant, left on Sunday for a business trip to Kitselas and Prince Rupert.

John Beeton, formerly of New Hazelton, has completed a large livery stable at the corner of Third and Columbia.

G. Burrington, who has charge of Broughton & McNeil's freighting operations, has moved his headquarters to Rose Lake.

J. T. Cameron, of Vancouver, arrived on Wednesday, on business connected with Valley lands in which his associates are interested.

Charles Barrett, of the Diamond D ranch, has let a contract for a building to be erected on Alfred street, for use as a meat market.

A plumbing and tinsmith business will soon be established in Smithers by K. K. McLauchlin, who arrived from Hazelton on last night's train.

Arrangements have been made for the extension of Sixth avenue to the Chicken creek settlement. The work is to be completed before the winter sets in.

Twelve large business buildings are now under construction in Smithers, in addition to those already completed and a number for which contracts have been let.

Mrs. R. E. Williams left this morning for a visit to Vancouver and Victoria, expecting to return in about a month, when Mr. Williams promises to have their new home completed.

The Williams-Carr Company has received instructions to proceed at once with the grading of Main street, preparatory to the laying of gravel, which will be done early in the spring.

In addition to the 4,800 feet of sidewalks which are being laid on Main street, and which will be completed within two weeks, sidewalks are being laid on Alfred street, on which a number of business places are situated.

Moran & Polley, of New Hazelton, will at once build a large pool and billiard hall, adjoining Lynch Bros.' store. Over the latter building they will have a number of rooms for rent.
