## CITY HALL SITE AGAIN

### DELEGATION ATTENDS MEETING OF CITY COUNCIL.

**Ald. Lynch's Committee Reports On Advantages of Fulton Street for Temporary Site, Conceding Those of Market for Permanency**

The city council met again last evening, all the aldermen being present, and Messrs Weston and Westenhaver attended as a delegation from those signing the petition in favor of Market Place instead of Fulton street as the site of the temporary city hall. Mayor Stork announced that if the gentlemen desired to be heard before the council the aldermen would be pleased to consider any argument they might present.

Ald. Pattullo suggested that the report of the committee on Streets, Works and Property, be first read. Ald. Lynch produced the report, which was read by the city clerk as follows:

"In accordance with a resolution of the council at yesterday's meeting, your committee on Streets, Works and Property begs to report on the petition of yesterday's date from Messrs. Westenhaver Brothers and other citizens concerning the site for a city hall, as follows

The petitioners recommend for consideration a site on Block 15 section on the Market square, and we are informed that the Board of Trade had been in communication with the Provincial Government in order to ascertain if, and on what terms, the site could be acquired, but that no reply had yet been received. The government agent has kindly undertaken to find out whether the government has taken any action in the matter.

We believe that the site in question possesses architectural possibilities which are much superior to those of the Fulton street site, but that these advantages cannot offset the many solid reasons for adhering to the latter site at the present time.

It is particularly important in the initial stages of municipal government that the offices should be centrally located with regard to the business area, at present occupied, and that they should be available for use as soon as practicable.

We believe that the Fulton street site fulfills these conditions and that negotiations regarding it, being now in progress with the provincial government, the Grand Trunk Pacific and the architects practising in Prince Rupert, it would seriously hinder the organization of the City departments to withdraw from these negotiations at their present stage and to commence fresh ones.

We believe also, the Market square site to be on rock, requiring a more expensive building for the accomodation which will be provided on Fulton street.

We recommend, however, that the action of the Board of Trade commenced by inquiring into the Market square site should be continued by the council, but that such action should not exclude the consideration of other possible sites with a view to permanent city hall combining convenience with artitectural beauty. Such action would not involve the eventual abandonment of the Fulton street site, which will probably be useful for a fire station or other purposes, and which is, in any case, only a portion of one of the reserves which we believe destined to become the property of the city."

The mayor thought that for the permanent city hall the site proposed by the petitioners was well worthy of consideration, but should not exclude the consideration of other sites.. The Fulton street site was the most convenient at the present and the building proposed to be erected, when they got a permanent city hall later on, could be used as a fire hall or other municipal purposes.

Mr. Westenhaver, upon being asked if he desired to speak on the subject, said, after the report expressing the views of the committee, he did not believe he had any remarks to make. He thought the reasons offered for selecting Fultyn street site were good ones, but he was very much in favour of the other location. However, he did not wish to go further into the matter, seeing the committee had taken the stand they had.

Ald. Pattullo moved that the report be received, and Ald. Lynch observed that the site proposed by the delegation was a grand one, and far better than the Fulton street site; but it did not present the advantages of Fulton street site at the present time. For a permanent city hall he did not believe the site proposed by the gentlemen could be beaten.

Ald. Mobley seconded the motion that the report be received, and it was carried.

### Real Estate Active.

A real estate man stated to the Optimist yesterday, in reply to the question, "How's business?" "We have done as much business since last Friday as we have any week since we opened up. There has been something doing every day." No further comment is required.

### A. CUTHBERT APPOINTED.

**Clerk of Supreme and County Courts for Skeena District.**

A. Cuthbert has been appointed Registrar of the Supreme and County Courts for the Skeena District. His head quarters will be in the Government Agent's office here and he will begin his duties at once.

Government Agent J. H. McMullen received a wire from Victoria last night making the appointment. The many friends of Mr. Cuthbert will be pleased to learn of his success and they will be glad to know that he will remain in the city.

### DANGEROUS BONFIRES.

**Citizen Urges That Council Take Immediate Steps to Stop Them.**

A prominent citizen drew the attention of the Optimist to the dangerous and apparently reckless practice of lighting bon fires and allowing them to burn unwatched in the most thickly populated portions of the city. This citizen referred particularly to a big fire that was started and left blazing just alongside of his new block. The practice is general all through the central part of the city, and it is apparent that the council must take steps at once to stop it. There is no law now governing this and the people will go to no trouble or expense without the law. It is hard enough now, in fact it is impossible to get insurance without adding the hazards of bonfires in every nook and corner. The question is a most serious one and requires prompt attention.

### Heavy Fall of Stocks.

New York, May 2nd.—(Special)—Attorney General Wickersham's injunction forbidding the railroads to increase their freight rates caused a heavy fall of stocks on the market this morning. But by some this is regarded as a dodge on the partof Wall street to bluff the government.

## FOUR POLICE APPOINTED

### POLICE COMMISSION WAS ORGANIZED YESTERDAY

**Will Take Over City Police Work at Once and Will Use Provincial Jail Until City Provides One For Itself.**

A meeting of the Police Commission was held yesterday afternoon at two o'clock when the commission was organized. Mayor Stork was elected chairman, J. Charles Halsey, secretary and Ald. F. W. Mobley is the other member.

The board decided to take over the city police at once and they opined and considered a large number of applications . There were none suitable for the chief's office and it was decided to advertise for an officer to head the department. Four police constables were appointed as follows:- S. M. Calkins, Thomas Regan, R. McLean and E. C. Latrace. These were sworn in this morning.

For the time being the commissioners headquarters will be in the city hall and until a city police station, with cells, is erected, the prisoners will be kept and boarded in the provincial government jail.

## NEW BOAT FOR SKEENA

### BIG CROWD TO WELCOME THE STEAMER INLANDER.

**Left At Four O'clock This Morning on Her First Tript to Hazelton, With a Big Load of Freight. That was Waiting for Her.**

In all the bravery of spotless paint the new river steamer Inlander put into her home port, Prince Rupert, at a quarter past five yesterday afternoon. In a few moments there was a large crowd on the dock demonstrating their interest in this bran new steamer, built and owned by local merchants. Until quite a late hour there was a continuous procession through the vessel, and nothing but admiration was expressed at the good taste displayed in her fittings and furnishings, and the neat, cosy air about everything.

About forty can be comfortably seated in the two dining saloons, and most of the comfortably furnished state-rooms enter directly into the dining saloon. There is an observation parlor forward, upholstered in crimson plush, and a smoking room. The whole of the appurtenances are of the most modern character, and the new boat is bound to be the favorite passenger carrier on the river route. It is claimed that she will also prove to be the fastest of any of the steamers regularly plying those waters, which is a consideration for the wholesale merchants shipping freight, as well as for those making trips on her to river points.

The Inlander is one hundred and forty-five feet long and twenty-eight beam. She is licensed to carry one hundred and seventy-five passengers and has berth accomodations for thirty six. Her tonnage is 339.60. She is mostly owned by Prince Rupert and Skeena River people and operated by them under the corporation name of the Prince Rupert-Skeena Transportation Company, Limited, hence the general interest taken in her by the whole population of the city.

Captain J. P. Bucey, formerly master of the Hudson Bay steamer Hazelton, is in command and he says that for a new boat with new machinery, coming straight off the ways, he was quite surprised at the smooth and easy way in which she found herself and handled. They started from Victoria on May 26th and encountered some rather nasty weather coming up in which the new vessel carried herself splendidly. Arriving at Port Essington Tuesday afternoon she was taken to Balmoral Cannery, where her boilers were cleaned and she went under a through overhauling to make her fit to meet every emergency of the busy season expected.

Captain Bucey, who is the favorite river steamer commander ot the north, stated that he had no shadow of a doubt that the Inlander will prove the speediest boat on the river and the easiest to handle. He is assisted by the following staff of officers, most of whom are well and favorably known in the city:

First Officer, James Cunningham.
Chief Engineer, Robert Ryder.
Second Engineer, E. Clark.
Purser, W. J. O'Neil.
Steward, J. Doyne.
Freight clerk, F. Waller.

With a few joyous toots of her siren the Inlander pulled out on her first trip shortly after four o'clock this morn ing. She took on the full cargo of freight that had been awaiting her arrival and the following passengers:

Mr. and Mrs. E. E. Charleson and family, R. S. Sargeant, George Cunningham, George Frizzell, F. E. Mitchell, Mr. and Mrs. Marsh English.

### CITY CLERK APPOINTED.

**E. A. Woods Gets The Plum—He Was Stenographer For Mr. Hays of the G. T. P.**

The six applications for the position of city clerk were acted upon by the city council last night. A ballot was taken and resulted in favor of the application of E. A. Woods, and that gentleman was appointed.

Mr. Woods is an Englishman and a native of Grantham. For two years he was stenographer and clerk to J. H. Bacon, G. T. P. Harbor Engineer. He left that position in April of last year and joined Mr. Hays as stenographer and clerk, when the G. T. P. Town and Development Co's office was started here. He remained in that position until last October when he left and returned to England to be married. He and his bride arrived in Prince Rupert on April 26th last and are residing in a cottage on Fraser street near Sixth.

Mr. Hays, in speaking of the appointment stated that he felt confident that Mr. Woods would make a good and efficient clerk and he was glad he received the appointment.

### STILL ROASTING TEDDY.

**Criticism Will Probably Be Hotter After He Leaves Country.**

(Special to the Optimist.)

London, May 2.—The newspapers continue to roast Colonel Roosevelt for his references to British rule in Egypt made in the Mansion House speech, but the worst criticism is probably being reserved until he ceases to be a guest of the country. His strictures upon the British government will certainly make a great difference in the character of the farewells tendered to him.

Lord Strathcona entertained Roosevelt at dinner last night and a brilliant reception followed which was attended by many leading Canadians, including Hon. Frank Oliver, minister of the interior.

## STAMPEDE FOR IDITAROD

### GREATEST RUSH FROM SEATTLE SINCE KLONDYKE DISCOVERY.

**All The Steamships Densely Crowded Rich Claims Guarded Night and Day—Many Leaving Prince Rupert For New Diggings.**

(Special to the Optimist.)

Seattle, June 2.—This city is experiencing the greate t rush north that has occurred since the news came of the discovery of gold in the Yukon territory, and similar stories are told of the fabulous richness of the Iditarod placers as was told of the Klondyke in its early days. Pans running from five to fifty dollars are said on the best of authority to be common in the new camp, and the dumps are declared to be so rich in dust that they are guarded night and day. bThousands are eager to go from here but cannot secure transportation, and all the vailable boats from other point are being pressed into the Alaska trade. Outfitters are as busy and are reaping as rich a harvest as they were in 1897 and 1898. Numbers of schemes are being put on the marke having the Iditarod country as the objective point.

It is learned here from Cordova that there has been a great exodus from that point to the new gold camp. Three hundred men have left here within the week, which has reduced the floating population to the great satisfaction of the residents,as the constant advertising for men to work on the railroad had led to a greater influx than there was employment for. Some of the leading tradesmen, and several of th mechanics employed on the railway have also joined in the rush.

Prince Rupert has quite a few who are bitten by the Iditarod bug, principally among the pioneers of the north who have taken up their permanent residence here. Some are packing up, others are anxiously waiting for mail from friends in the interior upon whose word they can rely. The letters that have reached here recently bear out the published statements of the richness of the country. Some are apt to still regard it as a stampede gotten up by the transportation comanies, just as they did at the time of the Klondyke rush, but there seems to be no doubt that the Iditarod diggings are proving to be very rich and that it will be a great camp th summer.

### NEW ALBERTA CABINET.

**Sifton Announces Names of the New Government.**

(Special to the Optimist.)

Edmonton, May 2.—The members of the Sifton cabinet were announced by the premier this morning. Mr. Sifton himself is to be president of council, provincial treasurer and minister of public works, Mitchell attorney-general and minister of education, McLean provincial secretary and Marshall minister of agriculture.

### Immense Capital for Canada.

London, May 28.—It is understood that a prominent banker of Montreal has been for some time working in an endeavor to interest French bankers and capitalists in Canada, with the result that a group of French bankers and capitalists is ready to invest one million pounds sterling in any group of sound Canadian schemes that might be placed before them.

## TREATY-MAKING POWERS.

### Sir Edward Grey's and Lord Ripon's Respective Views.

London, May 26.—A parliamentary white paper has been issued dealing with colonial treaty-making power, containing correspondence between the home government and those of the overseas states.

Lord Ripon in 1895, in connection with speeches made at the conference of trade relations within the empire, held at Ottawa, sent a circular despatch to the governments of the self-governing colonies laying down the principle that a foreign government can only be approached through the British representative at the court of that power; that to give the colonies the power of negotiating treaties for themselves without reference to his majesty's government would be to give them international status as separate sovereign states, which would be equivalent to breaking up the empire; but it would be desirable generally that the British ambassador who was conducting such negotiations should have the assistance of a delegate from the colonial government to act as second plenipotentiary or in subordinate capacity.

On July 4, 1907, Sir Edward Grey, when informing the British ambassador in Paris of the desire of the Canadian government to open negotiations with the French government for a new commercial convention, recalled the above despatch to Lord Ripon, and added: "I do not, however, think it necessary to adhere in the present case to the strict letter of this regulation, the object whereof was to secure the negotiations should not be entered into or carried through by a colony unknown to or independently of his majesty's government. The selection of a negotiator is principally a matter of convenience and in the present circumstances it would obviously be more practical that these negotiations should be left to Sir Wilfrid Laurier and the Canadian Minister of Finance, who will doubtless keep you informed of their progress. If the negotiations are brought to a conclusion in Paris you should sign the agreement jointly with the Canadian negotiator, who will be given full powers for that purpose."

In a subsequent despatch to the ambassador, Sir Edward Grey added that in the event of the Canadian delegates desiring to make or accept any verbal alterations either in the English or French text "you are authorized to agree thereto without reference to me."

## NEW INDIAN AGENTS.

### Appointments for Northern Coast and the Interior.

(Special to the Optimist)

Ottawa, June 1.—T. F. Neelands, Vancouver; W. E. Ditchburn, Victoria; and Dr. K. C. McDonald, Vernon, have been appointed inspectors of Indian agencies following the reorganization of Indian affairs by the administration. McDonald goes to the interior, Neelands to the northern coast and Ditchburn to Vancouver Island.

### To Represent Canada.

Ottawa, May 28.—A prominent local officer of the Dominion trades and labor congress says that in the event of the British labor men accepting the offer of the Dominion congress to provide for labor candidates in Britain, a Canadian laborite will be selected to contest a seat in the imperial parliament.

It is believed that it would be in the interest of Canadian labor to have representatives in the British parliament to discuss immigration and other matters affecting labor in Canada.

A slice of bacon cooked with spinach or other greens gives a delightful seasoning.

## LEMBERG IS THE WINNER

### NEAL GOW DID NOT EVEN GET A PLACE.

### Favorite Won Easily with Greenback Second; O'Malley Third.—Attendance at Great Race Small Owing to Court Mourning.

(Special to the Optimist)

London, June 1—Lemberg went to the wire a first favorite with Neil Gow close up in the betting. The favorite won easily, with Greenback second and O'Malley a good third. Neal Gow was not even placed and an immense amount of money changed hands for this reason. The attendance fell far below the average of previous Derby days, which is attributed to the effect of the general court mourning.

### Deferment and Interment.

"Tomorrow," said the languid man, "I'll have my life insured, I guess; I know it is the safest plan, to save my children from distress." And when the morrow came around, they placed him gently in a box; at break of morning he was found as dead as Julius Caesar's ox. His widow now is scrubbing floors, and washing shirts, and splitting wood, and doing fifty other chores, that she may rear her wailing brood. "Tomorrow." said the careless jay, "I'll take an hour, and make my will; and then, if I should pass away, the wife and kids will know no ill." The morrow came, serene and nice, the weather mild, with signs of rain; the careless jay was placed on ice,- embalming fluid in his brain. Alas, alas, poor careless jay! The lawyers got his pile of cash; his wife is toiling night and day, to keep the kids in clothes and hash. To-morrow is the abused walk avoided by the circumspect. Tomorrow is the fatal rock on which a million ships are wrecked.

# BLIND PIGS ARE DOOMED

## KNELL SOUNDED BY POLICE COMMISSIONERS TO-DAY.

**Operators given just 24 Hours to Close their Bars and Cease the Illegal Selling of Liquor.—Police will then get Busy.**

The Board of Police Commissioners sounded the knell of the blind pigs in *Prince Rupert*. All such establishments must be closed within 24 hours of the date of this issue. In other words they can sell only to-night and to-morrow for to-morrow night the four newly appointed police constables of the City will be on the trail of the whiskey dives and will prosecute every one to the limit. This is the last call from the police commissioners. No excuses will be accepted.

The police constables have received their instructions and the chief item in those is that the blind pigs must go at once. If they do not get out of business the police are to help them out.

Mayor Stork, chairman of the commission, has a formal notice published in this issue to the blind pigs and others selling liquor illegally.

### Hot Argument About Lacrosse.

There promises to be a hot argument at the coast this year for the honor of holding the Minto cup, and the games between the old lacrosse rivals, Vancouver and Westminster, should be even more interesting than the battle for the world championship between Montreal and the Salmon Bellies at the coast city in July. The Vancouver all star team, which has been collected from all over Canada by Con Jones, in an effort to beat the present holders of the coveted cup, showed what can be expected of it this summer, when they trimmed the champions five goals to two in Vancouver in an exibition game.—*Toronto News.*

### Visit the Dam.

Chairman F. W. Mobley, Ald. Pattullo and Mayor Stork paid a visit this afternoon to the Woodworth lake and the proposed intake of the city's water works system. They will present a report at t o-night's meeting.

### Blew Up Whole Gang.

Salt Lake, June 2.—(Special)— Four hundred kegs of powder for blasting purposes got accidently ignited this morning and the explosion killed the whole gang of twenty-seven laborers and a section boss. Fragments of the dead were scattered for over half a mile.

### Big Grafters Found Guilty.

Pittsburg, June 2.—(Special)— Two more of the leading bankers of this city, trial for complicity in municipal bribery and corruption, were found guilty and sent to jail to-day.

---

L. Morrow & Company are now winding up their affairs !rior to handling over to P. Burns & Company their business which they have sold to this company. therefore it is desired as far as possible that all business for the next week or more be for cash.

### WHILE GOING ALONG.

It's all right to save up for a rainy day
And salt all the shekels we can;
This advice has been spread before each little head
Since ever existence began.
It is well to look out for number one.
And keep on the right side of wrong;
Bur we mustn't neglect, as some do, I suspect,
To enjoy left in going along.
We mustn't deny all the comforts we'd like,
For the sake of the far by and by;
If we don't have some fun while still on the run,
We certainly can't when we die,
So let's not be wasteful, or spend too much time
In riotous living and song,
But let's not be small and deny ourselves all,
But have some fun going along.

# MARINE

There was quite an exodus from the Red Light district yesterday, the wary birds taking their flight northward after the ruddy gleam of Iditarod gold, on board the Humboldt.

Among those leaving here on the Humboldt this afternoon for the Iditarod were:

D. McPherson, C. White, and Frank O'Brien. Th boat had a big crowd of Iditarod stampeder from Seattle

Steamer Humboldt got in yesterday afternoon and landed the following passengers:

S. Henderson, Louis Olsen, B. Parsons, C. T. Hendrickson, W. J. Scriggs, J. Robertson, G. M. Brown, D. McKellar, L. Graven, F. Follow, H. Alice, C. B. Sun.

The Rupert City came in about nine o'clock last night and left at one to-day with the following Prince Rupert passengers for Vancouver:

R. W. Sothern, J. K. Ashman, J. Rockwell, J. O'Connor, H. C. McGregor, A. Steele, J. G. Walker, Ed. Moore, J. Elwood, Mrs. A. W. Lewis, Geo. Storey, W. Woodworth, Mrs. Dixon, E. Gibson, Chas. Taylor, Nick Antonich, Mrs. Knight, J. Verner, George Milner, J. F. Christie, A. F. Christie, R. O. Jennings, A. D. Macfarlane, and about twenty five steerage passenge s.

## THREW BEAN POT AT KING.

**Belgium's Ruler Has Narrow Escape At Grand Review.**

(Special to the Optimist.)

Berlin, May 2.—While the great review for the distinguished visitors was progressing yesterday, a Polish Jew threw a bean pot at the group surrounding the German emperor. The missile flew between the heads of the crown prince and the King of Belgium, the latter's nose having a narrow escape. It truck a policeman square in the face, knocking him down. Imitation bombs scared a number of the foreign attaches and riotous proceedings threatened for a time. The Jew was arrested and has been declared insane.

R. A. Ramsay, Ottawa.

### How Sutherland Is Tired.

Douglas Sutherland, the announcement of whose leaving the employ of the C. P. R., to go into business for himself appeared in yesterdzy's Optimist, had a kick coming this morning. In his genial way he blurted out as soon as he met the Optimist man:

"I suppose you thought it sarcastic to say I was tired of working for a big salary? No? Well, some of my friends thought so and they have been joshing me about it. I am not tired of working ofr a big salary, nor tired of working for the big company which has treated me so well for so many years; But I am tired of working for the other fellow and when I saw a chance of working or myself I? took it."

### Stewart Mine Rich.

Word has now been received that the third ledge in the Stewart Mining & Development Company's property at Portland Canal, recently found, has been uncovered to a width of 24 feet, and recent arrivals from Portland Canal camp say native silver shows clear in it, as well as free milling gold.

*Victoria Colonist.*

# BUILDING IS POSTPONED

## MR. HYDE FINDS EXCAVATION VERY COSTLY.

**Ald. Lynch's Frontage Tax System And Clearing Off The Bluff At Third and Seventh Again Discussed By the Council.**

The question of cutting down the bluff on Third avenue and Seventh street so that Mr. Hyde can proceed with the erection of a concrete block at the corner was again brought up at the council meeting held last night, Ald. Hilditch asking why the work could not be done at once so that Mr. Hyde could proceed. He would like to know what the engineer thought on the subject.

City engineer Clements said he would have to take a look over the place indicated before he was able to answer.

Ald. Pattullo said that it was most important that before any such work was undertaken the council should first definitely decide what work should be done under general assessment and what under city improvement, otherwise they would find themselves in a constant muddle.

Ald. Mobley was of the same opinion and did not see how they could proceed until they had the report of Mr. Clements dealing with the whole city.

Ald. Lynch did not see why, as this work was pressing, it should not be done out of the general fund so far as the street was concerned, and the remainder met by a frontage tax.

Ald. McIntyre said what was usually understood by a frontage tax merely applied to making roads and laying down sidewalks, and when it came to removing a bluff from a property it was another thing. Ald. Lynch had said fully fifty per cent of the property owners were willing to pay this tax, and with ten year debentures it would not press too heavily. But it must be remembersd that a number of property owners were non-resident, and they might not be so willing but prefer to wait until others did and paid for the work.. As Ald. Mobley had observed, they should go into this matter scientifically and know exactly what they were doing. As far as Mr. Hyde was concerned he might defer the building for another year, as the excavation would cost more than he at first thought it would. He himself was really hoping the grade would be changed at this point, as it would make it easier on the city and on the property holders. He did not think the city grades were anything like what they should be and hoped some of them would be changed.

It was remarked that Mr. Hyde thought of deferring building for another year, as it was believed that there was six thousand feet of rock to be excavated and that this, at the rate of $2 per foot, would entail an expenditure of $6,000.

Ald. Pattullo again insisted they must first have a general comprehensive plan to work upon before undertaking any of such work, otherwise there would be a general scramble for improvements, first come first served, and there would be nothing left for the other fellow.

Ald Lynch said they could not discuss the matter intelligently before they had the report of the engineer, but when they had that, and the people knew what the exact cost to them would be, they would not be so badly scared after all.

### Eagles Give Smoker.

Prince Rupert Aerie, Fraternal Order of Eagles, gave its first smoker last night in McIntyre's hall. The attendance was large and the programme good. Mr. McCutcheon filled the chair with credit and everyone enjoyed themselves.

---

The building being erected by Bennett and Turner on Third avenue was started yesterday afternoon, when the pile driver got busy.

## REPAIR OF CENTRE STREET.

### Proposition to Plank the Whole Over Present Planking.

Alderman Hilditch reported to the city council last night that the city had a man taking up the rotted planks on Centre street and replacing them with new ones, but the committee found the condition of the street to be very bad and as so much of this kind of work was required it would be well to know in advance of further work what the Grand Trunk would do in the matter.

Ald. Barrow said the understanding seemed to be that the Grand Trunk would supply the planks and the ity was to put them in. Beatty had been hauling planks for this purpose under the direction of the Grand Trunk, and it was expected that when the teamster hauled them the council would put them in.

The Mayor said he had told Mr. Mehan that the teamsters should put them in, but in the event of the teamsters neglecting to do so the city would. As the planks were all piled up on the street the committee could go ahead and put them in.

Ald. Lynch thought it would be much better to replank the whole roadway over the present one, as this course would not cost more than twenty-five per cent more and would pay in point of durance, the present old planking forming a good foundation for the new and causing the latter to wear longer.

The Mayor thought it inadvisable to go to that extra expense immediately as there might be changes in the street itself. Mr. Mehan said he took up the matter with Mr. Chamberlain when that gentleman was here recently, the latter saying that the company's plans were not yet completed but he would advise Mr. Mehan on the subject in a couple of weeks. As these plans might contain changes in the course of the street, his worship thought the present work of simply patching up the street had better continue. It was so ordered.

### Council to Take Trip.

The question of the present supply of city water came up last night and that of the rates to be charged for it. Ald. Pattullo said the city engineer was engaged in the preparation of an elaborate report on the subject, one that would give every information regarding the present supply and also the rates paid for a similar water service in other cities. He thought it would be well to wait until this report was laid before the council before taking up the subject.

The mayor suggested that in the meantime it would be well for the members of the council to take a trip to the intake and look over the whole situation on the ground. He proposed going this afternoon, starting at two o'clock, and would be glad to have any aldermen who could make it convenient to go along.

## OFFICERS ELECTED.

### Prince Rupert-Skeena Navigation Co. Is Organized.

Th Prince Rupert-Skeena Navigation company met in Carss & Bennett's office last night and the entire stock was represented in person, or by proxy. The meeting was for organization purposes and the following directors were chosen:- George J. Frizzell, Alfred Carss, Capt. Bucey, Chief engineer Ryder, Purser W. J. O'Neill, G. W. Morrow, R. S Sargeant, H. Biglow, J. E. Merryfield, J. W. Pqtterson, J. Larkworthy J. K. Sealey, George Cunningham, Harry B. Rochester, Gordon Y. Lang, Frank Mitchell.

### Directors' Meeting.

After the company met, the newly elected Directors got together and appointed t e following officers:-

President—R. S. Sargeant, Haezlton.

Vice-President, George R. Cunningham Port Essington.

Managing Director—Captain J. C. Bucey.

Company's representative in Prince Rupert, Harry B. Rochester.

Sec.-Treas.—John A. McIntosh, Port Essington.

The steamer Inlander is the largest, fastest and best equipped boat on the river service and she is also the best boat ever sent north to navigate the inland streams. That the company will do a big business, everyone feels satisfied. She will be a great acquisition o river transporation and will help out the local merchants wonderfully.

## COPPER CITY MINING.

### Stampede to New Discovery Made by Williams.

A force of men are now busy cleaning up the Copper City townsite.

Thos. L. Elliott is down from the Copper Bell mineral claim, and reports having passed several prospectors who were bound for the Copper river.

Upon the arrival of F. Williams yesterday with some very rich gold bearing quartz, about a dozen prospectors started up the Copper river to locate extensions on the discovery. It is located about 14 miles up the south side of the Copper river, and the gold is very coarse.

Messrs. Stanwood and Large are starting out this week for their claims up Copper river. They will spend the season up Copper river doing extensive development work, sinking on and cross cutting their 100 foot wide vein of copper.

Messrs. Holt and Adams who are running the cross-cut tunnel on Mancel Clarke's free milling vein about three miles up the Copper river, are now in with the tunnel over 30 feet. Samples from this vein last fall assayed $443 in gold to the ton.

### Rammed by Warship.

Falmouth, June 1.—(Special)—Last night the British warship "Wasp" rammed into the steamer Washington and sunk her. Four men of the steamer were drowned and the remainder rescued

### Labor Saving.

Gearing—"What inventions is Dabster interested in?"

Levere—"The kind that will save him work. At the present time he is trying to devise an apparatus that will push his electric button."

## ANOTHER JEWELLERY STORE.

### J. S. Gray & Son Will Open Up In Koffman's Music Store To-day.

Prince Rupert is attracting capital and business men from all over the country, and although a great many stores are being erected it is very difficult for a newcomer to get a store when he arrives. J. S. Gray & Son have arrived from Montreal a couple of weeks ago and after considerable trouble finally arranged with Koffman's music store to get sufficient floor space to open up a jewellery store and optician's parlor. They have got their stock in and will open for business to-day. Mr. Gray, sr., will have charge of the jewellery end. He is a man of wide experience and was, until he came here, manager of Richard Hemsley's watch department in Montreal. He is thoroughly qualified to do all kinds of watch and jewellery repairing. The new firm will carry a full line of jewellery and of Hemsley's enamel goods. A. G. Gray is a graduate of the Canadian Optical Institute and before coming to Prince Rupert was associated with Dr. Fox, Montreal's leading optician. He is well qualified to do all kinds of optical work, and there is no doubt but that the new firm will get a large share of the business here and of the new business constantly coming in.

### Moonlight Episode.

McNeill sat on the moonlight deck,
His head was in a whirl,
His eyes and mouth were full of hair,
His arms were full of girl.

# CHARITY or BUSINESS
## — Which? —

THE germ of both Life and Fire Insurance had its rise in the custom of taking up a collection for the stricken family. We all chipped in in the hope and expectation that if we were snuffed out by either sickness or accident, the neighbors would do as much for us. Life insurance avoids the uncertainty of leaving things to neighbors. It is a business plan, founded on laws of mathematics and sound economy, to provide for those dependent on us in case of death.

Life insurance is no longer a charity, or quasialtruism, any more than fire insurance is. Life insurance is a duty and a privilege. To eliminate the distressing results of death, through insurance, payable to business partners, wife, or children, seems but common prudence.

Lord Nelson in his will left his wife and daughter "to the tender care of the British Nation, to which I have given my life." And the wife and daughter—gravitated to the Poor House; for what is everybody's business is nobody's business.

Don't leave your loved ones to the care of the public or the neighbors. The neighbors may have troubles of their own.

Cut out the risk and worry by insuring in the

# Notice

Notice is herby given to all persons who have been or are now engaged in selling liquor illegally in bars or premises commonly known as "blind pigs" that the police officers of the City of Prince Rupert have been given instructions by the Police Commissioners to have this practice discontinued. Due notice is hereby given that after 24 hours from the date of this notice, all persons owning or operating such premises must be prepared to accept the consequences.

Signed
FRED STORK
Mayor.

## VERDICT OF ACQUITTAL IN COAL CREEK CASE.

### Prisoners at Once Released on Application of Their Counsel.

Fernie, May 30.—The celebrated Coal Creek holdup case was concluded Saturday afternoon when the jury brought in a verdict of not guilty at 4 o'clock. W. A. Macdonald, K.C., the crown prosecutor, addressed the jury at 10 o'clock and had finished when the court was adjourned shortly before 1 o'clock.

The judge's charge to the jury commenced at 2 o'clock and lasted half an hour, when the jury retired. They were out about an hour when they brought in the above verdict. There was a clapping of hands when the verdict was announced, which was quickly suppressed by the court officials.

The prisoners were at once released on the application of their counsel, W. R. Ross, K. C., and received the congratulations of their friends. The two Belangers who turned King's evidence will probably come up for sentence today.

### Refuses to Take Oath.

Ottawa, May 28. — Considerable comment has been caused in the civil service by the refusal of an officer of one of the departments to take the oath of allegiance to King George V. It seems that when the other employees presented themselves this one abstained from going to the room where the clerk of the privy council was administering the oath. The remedy will be in his salary being stopped by the auditor-general. The reason assigned is that the clerk took the stand that the oath is similar to the coronation oath in its reference to Roman Catholics, which is not at all the case.

Copper may be cleaned by scouring with a cut lemon dipped in salt.

## MORE WHARFAGE WANTED.

### The City Will Endeavour to Secure 400 instead of 200 Feet.

Engineer Clements presented a blue print of the proposed site for the city's electric light plant and wharf on the water front. He pointed out the difficulties that may be experienced in securing an approach suitable for heavy traffic on account of a couple of overhead bridges to be constructed by the G. T. P. The aldermen went into that phase of the matter and an effort will be made to overcome the obstacles. The engineer also drew attention to the fact that the city had only 200 feet frontage and they might just as well get 400 feet as it will be needed and wil be more easily secured now than later. The aldermen will also take this matter up and will probably visit the proposed site with the enginher. Engineer Clements is to prepare a sketch for 400 feet at once.

### Geo. B. Howard Co.

"Father and the Boys" will be the opening comedy of the Howard Company Monday night. Briefly the story tells of the Morewoods whi have a brokerage office in New York which by the way of the tastes of the sons is half a tea parlor and half a gymnasium. Morewood pater wants his sons to settle down and marry the girls of his choice. They want him to "settle up", occassionly for them and to enter a little more actively into the social arena. On the advice of the family lawyer, and with the assistance of a breezy Western girl, he does so, to the astonishment and consternation of nearly every one of them. All ends happily.

Gifted with a face from whose expression springs the very spirit of drollery, and a manner of saying witty and humorous things that makes them take on a double amount of fun for his hearers, it is little wonder that Mr. Howard has achieved the satisfactory reputation which he now enjoys.

Secure your reserved seats on Saturday at box office.

### Cases Held Over.

Attorney-General Bowser has decided not to attempt to bring on at the present term of assize in Fernie, the case against L. A. Streeter, a rancher, who is alleged to have killed Louis Reilly, a lumberman, in the course of a drunken spree on the 24th Streeter is now in the Fernie jail. Nor is it the intention to bring up for trial until autumn the woman Vera Holmes, who is accused of having fatally stabbing a friend named Armstrong at Machelle, on Empire Day.

## LIKE SPECTRE FROM GRAVE.

### Implicates Others in Gigantic Sugar Frauds Trial.

New York, May 23.—Oliver Spitzer, a man whose conscience hurt him, came back to New York today like a spectre from the grave and with a pardon from the president in his pocket gave testimony at the trial of Chas. R. Heike, secretary - treasurer of the American Sugar Refining company, who, with five subordinates, is charged with conspiracy to defraud the government in underweight of sugar imports. Spitzer, as superintendent of the company's Williamsburg (Brooklyn) docks, got two years for his participation in the frauds, but he was quietly pardoned by the president last Thursday after sevving only three months and having made full confession. From now on he will aid the government in its attempt to convict his former associates.

Sptizer's story on the stand today did not directly connect Heike with frauds, but his confession resulted in one new arrest tonight. James O. Brezezinski, formerly an employee of the treasury department and now a private detective, was locked in the Tombs charged with perjury. Spitzer confessed that he attempted to bribe Brezezinski to conceal the frauds and the latter is alleged to have denied this before a federal grand jury.

Spitzer told an amazing story on the stand today under direct examination and hurried from the court to the federal grand jury room. This led to the rumor that his full confession would result in another batch of indictments. He was not cross-examined because of the peculiar situation created by his sudden appearance as a government witness. Two of the defence's lawyers had previously appeared for Spitzer when he was defendant and for ethical reasons could not now examine him. The court ruled that they must agree on some one to examine him on Wednesday.

### No Promise of Pardon.

No promise of pardon brought about Spitzer's confession, say the federal authorities. His conscience merely hurt him, but realizing the importance of his testimony and the legal obstacles likely to bar it were he a convict action was taken to restore him to citizenship. When convicted last February Spitzer declared the sugar trust had made him the scapegoat. "It hounded and ruined me after I had served faithfully for twenty-nine years," he said then. Today he told how, for years, he had assisted in the alleged frauds.
