VOL. NO. 44 PRINCE RUPERT, B.C., THURSDAY, FEBRUARY 23, 1911. PRICE, FIVE CENTS

WHOLE HOUSE OF COMMONS DECLARE THEIR LOYALTY

Resolution Was Sprung on a Surprised House by the French Nationalist Group---A Timely Counter-blast to Silly Talk of Annexation

(Special to the Optimist)

Ottawa, Feb. 23.—An unexpected resolution declaring their political loyalty to Great Britain was made today in the House of Commons. It was sprung on a surprised House, by the members of the French Nationalist group, and received the endorsement of the whole House.

The reason for bringing the resolution, which surprised the government and opposition alike, was stated by Messrs. Monk and Bourassa to be due entirely to the declarations made by leading members of the opposition that reciprocity with the United States would result finally in annexation.

The French Nationalist group had been freely charged with disloyalty to Imperial sentiment of late, owing to their stand on the navy question, and their well known support to nationalism. Their sudden stand on the point raised by the opponents of reciprocity, quite took the House by surprise.

Every member of the chamber voted in favor of the declaration of loyalty to Great Britain.

SHIPPING REPORTS

From the Dominion Government Wireless Stations

(At Noon)

Triangle—Foggy, south west, 15 miles. Bar. 29.74, ther. 35. Dense.

Point Grey—Clear, calm. Bar. 30.48, ther. 43. In two masted freighter with Black funnel.

Cape Lazo—Cloudy, calm. Bar. 30.46, ther. 45. Sea smooth.

BIG DRY DOCK FOR ESQUIMALT

$3,000,000 Scheme Is Officially Announced Today

B. C. Marine Railway Co., and Well Known Clyde Shipbuilding Firm to Instal Plant to Build Cruisers and Destroyers for Pacific Squadron.

(Special to the Optimist)

Victoria, Feb. 23.—That the vessels of the Pacific squadron are to be built on the Pacific coast was made clear today by the official announcement that plans are under way for the building of a $3,000,000 dry dock at Langs Cove, Esquimalt. The work is to be undertaken for a joint company composed of the B. C. Marine Railway Co., and a well known firm of Clyde shipbuilders.

The plans provide for a dock 900 feet long, and 100 feet wide. It is the company's intention to instal later on a modern shipbuilding plant for the construction of cruisers and torpedo boat destroyers for the Pacific squadron of the Canadian navy.

TRAGEDY AT EVERETT

Mill Hand Named Payne Committs Murder and Suicide

(Special to the Optimist)

Everett, Feb. 32.—A double tragedy has shocked the town of Everett today. A mill hand named Payne for some unknown reason went to a restaurant where a young woman, Minnie Soroggins, was employed. As soon as he saw her he pulled out a revolver and shot her dead. Turning the weapon on himself he committed suicide, before leaving the restaurant.

The dead girl was only 23 years old and was very popular. No reason for the brutal crime is known.

TWO BROTHERS KILLED AT VANCOUVER FERRY WHARF

Edward and Thomas Pollock, Two Well-Known Residents, Cut to Pieces While Trying to Crawl Under a Train at the Ferry Crossing

(Special to the Optimist)

Vancouver, Feb. 32.—A sad tragedy occurred late last night near the Ferry wharf, whereby two brothers, Edward and Thomas Pollock, both well known and highly respected residents of North Vancouver were horribly mangled by a C. P. R. train, which instantly killed them.

The two unfortunate men, were hurrying to catch the ferry. A C. P. R train stood at a standstill on the crossing, blocking up the way to the ferry. Without fear of danger, the men, stooped under the buffers and were crawling between the cars, when without warning the train started up, sweeping them off their feet, and hurling them under the wheels.

Both bodies were terribly mangled, the legs being cut off by the wheels of the cars which passed over their bodies. To add to the sorrow of the event, both men leave wives and families There will be a full inquiry into the affair, as many complaints are made of the dangerous approach to the ferry over the railway tracks, and the delays caused by trains standing at the crossing.

THINGS BOOMING ON THE INLET

MAY HAVE PULP AND SECOND SAW MILL SOON

If Only Government Would Give Settlers a Chance on the Land They Would Grow Us Lots of Garden Produce.

(From our own Correspondent)

Massett, Feb. 23.—Ground is being cleared on the location of the Natural Resources Company, for the erection of school buildings and also for a restaurant. The Anchor Investmenet Company is making an addition to their mill property on Massett Inlet. The construction of a pulp mill and a second sawmill on the Inlet is mooted while several locators are intending to clear and build on Delkatla Bay..

Should the government decide to throw open the coal locations, for pre emption, hundreds of settlers will locate on the agricultural lands along the shores of Massett Inlet, which, being tributary to Prince Rupert, means a market for thegarden produce of the settlers and increased trade for the merchants of the terminal city.

WILLIAM WHITE NOT TO RESIGN

C. P. R. Denies That Vice-President Is to Leave Them

(Special to the Optimist)

Winnipeg, Feb. 23.—The rumors current of late in the Eastern papers that William Whyte, vice-president of the western lines of the C. P. R. is shortly to retire from active service was made the subject of an official denial today.

The company states there is no truth in the rumor, and that the present is far too critical a time in the company's history for them to think of losing Mr. Whyte's service.

LORDS' VETO IS DOOMED

Commons Passes the First Reading of Veto Bill

(Special to the Optimist)

London, Feb. 23.—The first definite step to curtail the power of the House of Lords was registered today when the House of Commons after a strenuous debate submitted the bill to veto the power of the Upper Chamber, to a vote on the first reading. The bill passed the Commons by a majority of 351 to 227.

RAIL COLLISION NEAR McLEOD

PASSENGER TRAIN FROM CALGARY IN MIX-UP

Collided With a Freight Train at Junction—Both Engines Destroyed but Passengers Escaped with but Slight Injuries.

(Special to the Optimist)

McLeod, Alta., Feb. 23.—A southbound passenger train from Calgary collided with a freight train at the Junction at two o'clock this afternoon. Some of the passengers are slightly hurt but none very seriously. Both engines were completely smashed and a dozen of the freight cars wrecked. The crews of both engines escaped with slight injuries.

MAYOR TAYLOR IS IN A HUFF

RESIGNS FROM THE VANCOUVER LICENSE BOARD

Says That the Action of His Colleagues in Accusing Him of Opposing a Test Case Is a Reflection on His Personal Veracity.

(Special to the Optimist)

Vancouver, Feb. 23.—A sensation was caused here today in civic and liquor citcles by the announcement that Mayor Taylor has sent in his resignation as chairman of the Board of License Commissioners.

This action is the result of his fellow commissioners accusing him yesterday of using his influence to oppose a test case which the commission thought of bringing to settle up some points in alleged infringements of the Liquor By-law.

As a justification for his action in resigning, Mayor Taylor says that the accusation of the commissioners is an impeachment of his personal veracity, for which he would not stand.

Longshoremen Make Denial

The members of the Longshoremen's Association are indignant at an alleged statement implying that they had left any of their deceased members to be buried at public expense. They refer anyone making such statements to Rev. Mr. Kerr or Haynor Brothers who have officiated by request of the union at burials of longshoremen.

Message of Thanks from Graham Is'd

(Special to The Optimist)

By the Dominion Government's new wireless station at Dead Tree Point, Graham Is'd

Skidegate, B.C., Feb. 23.—The residents of Graham Island beg to acknowledge the good work done by the Dominion Government in establishing wireless communication with the outside world and beg to offer our congratulations through the new station at Dead Tree Point, which is now in operation.

QUEEN CHARLOTTE NEWS

WAR AVERTED IN FAR EAST

CHINA AND RUSSIA SETTLE ALL DIFFERENCES

Russia Accepts China's Reply to Her Note on Six Points and Will Settle Outstanding Differences in a Friendly Manner.

(Special to the Optimist)

St. Petersburg, Feb. 23.—All danger of a clash between Russia and China is now averted, and orders have gone out to withdraw the military demonstration which has been arranged along the Chinese frontier near Harbin.

The Chinese reply to the Russian note relating to the treaty of 1881 is accepted as satisfactory, and the remaining two can be easily adjusted.

APPLIED BRAKES IN GREAT HURRY

VANCOUVER FOLKS JOLTED OFF THEIR SEATS

Motorman of Street Car Averted Collision but Three of His Passengers Went to the Hospital Just the Same.

(Special to the Optimist)

Vancouver, Feb. 25.—As a result of applying the emergency brakes too suddenly, in order to avert a collision on the Eburne line of the B. C. Electric Railway at 2.40 o'clock yesterday afternoon at the corner of Seventh avenue and Arbutus street inside the city limits, three passengers were taken to the hospital suffering from slight injuries. They will probably be around again tomorrow. The cars were undamaged barely coming into contact A misunderstanding of orders was the cause of the near-collision of the cars.

OLE STADHEIM WANTED

Set Out for Prince Rupert in July

About the middle of July last year Ole Stadheim left Oropino, Idaho, to visit Prince Rupert intending to invest in real estate here. He has not since been heard of, and his sister, Mrs. L. Soderberg, writes from Oropino asking for information regarding him. If anyone who reads this can give her any information about the missing man the favor will be appreciated.

RESCUED A GIRL FROM COMOX AVE.

CHIEF McCARVELL DOES A GOOD DEED FOR UNHAPPY GIRL

Discovers Parlor House Keeper on Boat Escorting a New Victim Hither—Girl Will Go Back to Her Friends.

By the Prince George yesterday there arrived a girl about twenty years of age in the company of a Comox avenue landlady. On the boat it became known that the girl was going for the first time to live in a house of ill-fame, and Chief McCarvell who was travelling on the Prince George, took steps as soon as he landed to prevent her from so doing. He was assisted by others interested in the work of moral reform in the city.

Before she had been an hour in the Comox avenue house the Chief had her removed to one of the city hotels. The girl seemed indifferent to a great extent at first, but later told her story. An unhappy marriage is at the heart of the trouble. After leaving her husband, the girl worked for some time as cashier at a Vancouver cafe. She has a brother and married sister residing in Vancouver now, and is going to her sister's home.

Chief McCarvell has been in communication with her relatives to make the arrangement. The girl's home is in San Francisco, but she is a domiciled Canadian.

TO START NEW BUSINESS

Newcomers from Calgary Intend Opening With Leather Goods

With a view to taking up the leather goods business, which is a new one for Prince Rupert, Messrs. Patterson & Geddes of Calgary, Alberta, arrived here yesterday by the Prince George. They are now looking over the ground before establishing themselves in the business.

A TRAGEDY OF THE SEA

(Special to the Optimist)

Victoria, Feb. 23.—The body of the Chinese cook of the St. Denis, the little steamer which foundered while on her way south, after leaving here last December, was washed ashore at Aristable Island, Hecate Straits, yesterday. His body was identified by the life buoy, bearing the name of the unfortunate steamer.

SPRING and House Cleaning Will Soon Be Here

and this suggests some of the following articles :

Old Dutch Cleanser.....10c
Sanatine Cleanser.....10c
Lye, per tin.....10c
Chloride of Lime, tin...10c
Lux, just the soap for those fine flannels....10c

Speaking of house cleaning reminds us that during those trying days the culinary arrangements are somewhat disorganized and a quick and tasty lunch is often desirable, for this we recommend :

C. & B. Potted Meats..20c
Bruce's Potted Meats..15c
Van Camp's Macaroni and Cheese 15c

An excellent soup may be made from a jar of Armour's French Potage 20c

A tin of condensed clams or Campbell's soups at 15c will serve same purpose.

In cheese we have choice Canadian, Swiss, Holland, Vaset, also the celebrated Edelweiss from the German Alps.

Do not forged that in conjunction with our complete stock of staple and fancy groceries we have lately received a shipment of choice Yakima potatoes which are selling ac 2 3-4c per lb.

Optimist Information Bureau

P.O. BOX 1545 PRINCE RUPERT, B.C.

= THE COSY CORNER =

DEVOTED PRINCIPALLY TO THE INTERESTS OF WOMEN

This is a little section of the paper, which from day to day will be devoted to subjects of special interest to women. Any and all of the ladies of Prince Rupert are invited to contribute to its columns, and to take part in its discussions. Suggestions and criticisms are invited by the editor. The hope is expressed that "The Cosy Corner" will fill a social need.

A Woman Editor in 1702

A woman published the first daily newspaper in the world. It was called the Courant, and made its first appearance in London on March 11, 1702. Before that time the news had been dispensed weekly, or in a few cases of very progressive seditor, semi-weekly.

It is said that it was issued by "E. Mallet, against the Ditch at Fleet Bridge." Behind that noncomittal "E" was "Elizabeth." It was the imagination of a woman that first conceived the idea that man would want to have the news every morning with his breakfast, and put the idea into operation.

The Courant contained only two columns, but they were devoted entirely to news. For centuries a single copy of a bulletin had been posted on the walls of the Royal Palace in China, says Advertising and Selling, but that cannot be called a newspaper; and there was once a sort of daily market report in Germany, but it lasted only a few days.

The Courant's two columns were printed only on one side of the sheet, and contained such items as the following:

"Here is talk as if 900,000 pistols were transmitted hither from France for bribing some persons to favor the designs of that crown."

There were no pictures or advertisements. The Courant lived several years, nd since its appearance the world has never been without a daily newspaper. A copy—the very first issue, in fact—is preserved in the British Museum. Elizabeth Mallet had a style and a mind of her own, as is apparent from the following paragraph from that first issue:

"The Courant, as the title shows, will be published daily, being designed to give all the material news as soon as every post arrives, and is confined to half the compass to save the public at least half the impertinences of ordinary newspapers."

She also promises that the editor will not "take upon himself to give any documents or conjectures of his own, but will relate only matter of facts, supposing the other people to have sense enough to make reflections for themselves."

The Partition Playroom

In these days of half-houses, apartments and small quarters generally, the most indulgent mother cannot always spare her little ones a room in which to keep their toys and set up their dolly-households. To all such the following scheme—invented and operated by a young German mother of three—is cordially recommended for imitation.

She allows her two small girls and baby boy to keep their belongings in one corner of the big general sitting-room, secluding this nook from the vulgar gaze by means of a large, strong double screen. One leaf of the screen is provided with a small, practical door, swinging on hinges and supplied with knocker, knob and bell; the other leaf has set in it a small window which, though innocent of glass, boasts of curtains and an easily manipulated shade. The outside edges of each screen leaf are furnished with two stout iron hooks which, when the screen stands in position, fit into corresponding screw-eyes neatly, and carefully run into the wainscoting. These hooks and eyes keep the screen firmly upright so it may safely withstand the goings in and out of that delightful door, to say nothing of the animated gazing through the fascinating window, and much knocking and bell-pulling.

Inside this particular partitioned corner the doll's bedsteads, perambulators, cook stove, bureau and tea-table find ample accommodation; here on cold and stormy days and on the long winter evenings the little girls play contentedly alone or with small visiting cronies. Any amount of passing in and out of this improvised cottage is allowed and encouraged; the toys, however—always excepting the dolls and their equipages while being taken on walks abroad—are strictly confined to the interior; also, the little girls are expected to keep their small dwelling in apple-pie order. When not in actual use the screen can be stored in hall or closet where it folds flat and takes up hardly any room.

OUR DAILY RECIPE

Nut Loaf

Four cups of sifted flour, four level teaspoonfuls of baking powder, one teaspoonful salt, one-half cup of sugar, one cup nut meats chopped fine, two cups sweet milk, and two eggs. Stir the dry ingredients together, then add beaten eggs and milk. Bake in moderate oven about forty-five minutes. This makes two loaves. I find that this bread is fine for the lunch box just buttered, or lettuce with salad dressing may be placed between two thin slices for a change.

HOUSEHOLD HINTS

When buttons are taken from an old dress they should be loosely strung on a thread before being put into a button box. This is a time saver and keeps the buttons from getting lost or several of the set from being used.

A delicious salad for cold fish is made of ordinary white sauce to which a couple of tablespoonfuls of cream have been used with the milk and a herring, boned and meshed fine added with a little lemon sauce. This is especiall tasty with a rather coarse, white-meated fish.

Mr. J. Beatty wishes to correct the report current in town yesterday, that Mrs. Beatty had returned to Prince Rupert. It was Miss Mabel A. Beatty of Toronto who arrived in town on a visit to her brother. Mrs. Beatty is still in Calgary.

Amateur Theatricals at Porcher

On February 17 a social and dance was held at the home of Mr. H. S. Gilbert, thirty-six being present. A Farcical Comedy entitled "The Wrong Flat" was presented and created much amusement. The characters being extremely well enacted by the following ladies and gentlemen: Mr. G. V. Johnson, Miss J. Tallander, Mr. D. Fraser-Murray, Mrs. W. Warner, Mr. W. Farthing, Miss Tallander, Mr. F. Peterson.

Valentines had been prepared for each one of the party and these when handed round and read caused considerable fun. Dancing and games were kept going till dawn, when the happy settlers departed, carrying with them pleasant memories of a happy time. Thanks are due for the hospitality of Mr. and Mrs. Gilbert.

We have been appointed agents for the Canada-West Fire Insurance Co., a strong progressive broad company, and are therefore able to handle a reasonable line in the congested district. —Law-Butler Co. 32-tf

GRAHAM ISLAND AFTER TOURISTS

MAY BUILD BIG HOTEL FOR MOTORISTS AT CAPE FIFE

Thirty Mile Stretch of Beach Between Cape Fife and Massett Is the Equal of Any Beach in Florida for Motoring.

(From our own Correspondent)

Massett, Feb. 22.—A proposition is on foot to build a half-way house, on the shores of Cape Fife, for the accommodation of travelers between the north and south ends of Graham Island The project includes the installation of automobiles, which will run along the thirty miles of sandy beach between Cape Fife and Massett. This driveway will compare with any of the stretches of beach drives on the coast of Florida, being level and solid for the whole route, and will be an ideal spot for tourists to spend the summer vacation, on the sea shore. The neighboring rivers and streams teem with fish and the climate is all that can be desired.

5,000 Facts About Canada

The 1911 edition of this indispensable collection of concrete, crisp Canadian Facts, edited by Frank Yeigh, of Toronto, the well known lecturer and writer, and author of the new book, "Through the Heart of Canada," has been issued and is filled with fresh data of a most interesting and illuminating character. It is a marvel of condensation, presenting in small space striking figures relating to every phase and department of Canada's resource, trade and national life.

Its popularity and wide sale can easily be understood, in fact, it is, as has been said, "worth its weight in Cobalt silver or Yukon gold." The booklet may be had from the leading newsdealers, or for 25 cents from the Canadian Facts Publishing Co., 667 Spadina Avenue, Toronto.

OIL BURNERS FOR G. N. RAILWAY

WILL BRING FUEL METHODS UP-TO-DATE

By June All Engines Between Vancouver and Seattle Will Be Fitted With Burners—Will "Oil Up" from Tanks.

Vancouver, Feb. 22.—The Great Northern Railway will be the next large transportation company running into Vancouver to supplant the old-time fueling methods with oil. Following the decision recently reached by the officials of the company, plans are being prepared to construct tanks on the Cascade Division, and it is intended that by June 1 all engines running between this city and Seattle will be operated with oil-burners.

It is said that three large tanks will be erected here on the south side of False Creek, and that their construction will be commenced about the first of next month.

Read the Daily Optimist

TO BOOM THE ALASKA ROUTE

STEAMSHIP MEN GET READY FOR BUSINESS

Will Enter on Big Advertising Campaign Have Reduced the Rates and Anticipate a Big Rush of Tourist Trade.

Seattle, Feb. 22.—Joint rail and steamship rates from the Southwest to Alaska by way of Seattle, the Southern Pacific and the Alaska Steamship company, will be inaugurated March 1, as the result of the efforts of C. J. Jones, traffic manager, and a heavy increase of travel to Alaska ports, following the reduced rates, is expected. This is the first time in the North Pacific coast history that joint rail and steamship rates, with routing to Alaska, have ever been attempted.

These rates will precede a general campaign of education regarding Alaska, and the Alaska Steamship Company expects to expend a large amount of money during the coming year in encouraging travel in that direction.

The Alaska Steamship Company yesterday announced a new rate from Seattle to Fairbanks. The former price of $194.70 for a through ticket from this port has been cut to $175.50.

BRITISH RULE WILL VANISH

HON. JAS. DUFF OF ONTARIO SEES DIRE RESULTS

Is Quite Sure That If Reciprocity Carries the "Last Vestige of British Rule in North America Will Be Swept Away."

As an example of the kind of appeal that has been offered in certain quarters by opponents of reciprocity, we print the following report from the Toronto Globe of a speech delivered to the Burlington Agricultural Society by Hon. Jas. Duff, Minister of Agriculture for the Province.

Referring to reciprocity, Hon. Mr. Duff said: "When Canada's representatives went to Washington they should have told the representatives of the United States that their tariff against Canada was, on an average, 43 per cent, compared with Canada's tariff against the United States of 27 per cent, and that when they reduced their tariff to that, the matter of reciprocity could be discussed. The United States abrogated the former reciprocity treaty as soon as another Government from that which made it, came into power.

"Would they give a guarantee that this agreement would not be abrogated? They would not. When the Democrats came into power they would stampede and break through the barrier to their prosperity, and build up the trade they enjoyed under a protective tariff. Canada had always been treated indecently by the United States. They had harbored Fenians and some of Canada's blood had been shed to quell the border disturbances.

"Now, for a paltry cent or so on cream, cheese and other products, Canada would let the United States creep in, until finally the barriers would be broken down, and the last vestige of British rule in America would be swept away. Canada could not lower the bars of nationalism without letting the continental spirit creep in, and this should not be allowed."

Watch the Population Grow

Massett, Feb. 23.—(Special)—It is understood that arrangements are being made for the introduction on Graham Island of two hundred French-Canadian families from the Province of Quebec.

DAILY EDITION. THURSDAY, FEB. 23

The Appeal to Patriotism

The report of a speech in condemnation of reciprocity by Hon. Jas. Duff, Minister of Agriculture for Ontario—a brief report of which we print on our news columns today—is an example of the kind of argument which some of the cupboard-love patriots are vainly urged in their efforts to arouse a hostile sentiment against reciprocity. It has not even the excuse of being "just politics." It is nonsense through and through.

A man must be sadly lacking in humor who in the name of patriotismwarns his hearers that "if reciprocity carries, the last vestige of British rule on the North American continent will be swept away." In the Hon. Mr. Duff's estimation the patriotic feeling of the people of Canada will fall before a bombardment of cheap food products. The very suggestion that Canada's loyalty to the Empire is in any way related with financial considerations is an offensive and unpatriotic one.

The attempt to make party capital out of the socalled "appeal to patriotism" is an unworthy one, for a reciprocity treaty has been sought by both Conservative and Liberal parties continuously since ever the States withdrew from the reciprocity treaty of 1854. Sir John A. Macdonald had a standing offer of reciprocity to the United States, and fought hard to secure reciprocity at Washington in 1871. In a resolution moved in Parliament in 1878 he expressed the belief that the National Policy would eventually bring about reciprocity. Parliament was dissolved by Sir John in 1891 in order that his Government might secure from the people a mandate to negotiate a reciprocity treaty with the United States.

In supporting the efforts for reciprocity Conservative electors are following out the desires of the great leaders of that party in Canada. Their belief in the patriotism of Canada was evidentally of a different kind to that of Hon. Mr. Duff.

As It Looks Over the Border

The comments of the newspapers of the United States on the reciprocity agreement are instructive. There is very little effort to compare the advantages obtained by each country, and no effort whatever to prove that the United States have won a great diplomatic triumph. In fact, one paper, the Detroit Journal, says frankly:

"The opponents of the Administration already declare that Canada gets the better of the bragain, but what of it? There never was a tariff Act or an international treaty that pleased everybody. Some interests and some individuals must always suffer for the general good. If we are more liberal in striking off duties it has been with a view to benefiting the large number of people in this country rather than the few, or our neighbors across the border. It would have been to our interest to act as we have done if Canada had made no concession at all."

The Journal also dwells upon the importance of friendly relations with Canada, and this line is taken by the Providence Journal. In other papers, the New York Evening Sun, the Springfield Republican, the Detroit Free Press, the Cleveland Plain Dealer, the Rochester Union and Advertiser, the subject is dealt with in a broad and statesmanlike way. If there is a desire to overreach Canada, it is singularly well concealed by the newspapers as well as the negotiators.

A Pair of 'Em.

Without in anyway calling into question Alderman Smith's statement that he and Engineer Allison are not related, we would like to draw attention to the simliarity of their epistolary styles.

On Monday Alderman Smith wrote a public letter saying that his action in securing Allison's appointment would not result in the dismissal of any of the permanent staff at the electric light plant. But before he wrote the lines Foreman McKenzie had already been dismissed.

On Tuesday, Engineer Allison following his patron's example penned a letter in which he denied that he had admitted "leaving the valve open all night" at the city pump. We made no such charge. We said "without closing the release valve." In this case it is a distinction with a difference.

Under the auspices of the

Liberal Association

WANTED FOR MURDER CHARGE

POLICE CHIEFS McCARVELL AND ELLIS IDENTIFY MAN

Known Here as Tom Cahill but Really Tim O'Beirn With Warrant Against Him for Murder of Negro in the States

For about a fortnight the police have had under detention in the cells a man answering to the description of one wanted for murder since June. Today all doubts as to his identity have been set at rest. He came to Rupert from the Queen Charlottes, and while at large here went by the name of Tom Cahill. His real name is Tim O'Brien, and he is wanted for the murder of a colored man named Henry Williams on the 25th June, in Kennawick, Wash.

A warrant for his arrest and handing over to an officer of the United States has been out for some time, and his description has been circulated widely. Last week be made a voluntary surrender to the police here, and was detained on a nominal charge by order of Chief McCarvell until his identity could be made certain. Today Chief of Police Ellis from Kennawick acting as Deputy Sheriff, recognised him, and he will be taken back to Kennawick speedily. Chief McCarvell met Chief Ellis in Vancouver, and accompanied him to Rupert in connection with this case.

Missappropriation Charge

F. H. Nelson appeared before the Magistrate this morning charged with having misappropriated the sum of $5.55 belonging to Messrs. Lynch Bros. He pleaded not guilty, and elected to be tried by the Magistratel. After some preliminary formalities the case was adjourned till ten a.m. tomorrow.

INCREASE FOR RAILWAY MEN

C. P. R. WILL DISBURSE MORE THAN $1,000,000 A YEAR

Result of Wage Arbitration at Winnipeg Made Known—Workmen in Car Shops, Conductors and Brakemen Will Benefit.

(Special to the Optimist)

Winnipeg, Feb. 23.—As a result of the negotiations which have been in active progress for the past six weeks between representatives of the C. P. R. and the respresentatives of the machinists, car builders, freight conductors and brakemen, it was announced today that the company will grant increases to the men involved.

The total increase will mean upward of $1,000,000 a year and will benefit the workers in the company's shops as well as the conductors and brakemen on the freight and passenger trains.

ROBLIN OPPOSED TO RECIPROCITY

STOUTLY OPPOSED MEASURE IN MANITOBA LEGISLATURE

Members of Winnipeg and Several Ontario Boards of Trade Do Not Want Freer Trade Relations for People of Two Countries.

Winnipeg, Feb. 23.—A most unusual scene was witnessed in the Legislature today at the close of the speech by Premier Roblin who unalterably opposed reciprocity. When he finished some of the people in the gallery broke into cheers. The Premier opposed the agreement on national, imperial and economic grounds.

Winnipeg—The Board of Trade tonight passed a strong resolution condemning the reciprocity agreement between Canada and the United States. The mover was W. H. Cross and the seconder W. D. C. Cameron, defeated Liberal candidate at the last general election in Winnipeg.

Toronto—By a vote of 9 to 18 the Associated Boards of Trade of Ontario passed a resolution against the reciprocity agreement with the United States.

PRINCE RUPERT OPPORTUNITIES

FRIENDLY MESSAGES NO. 2

Now that we are acquainted here is my message Number 2. I am telling millions of people throughout Canada and the States about Prince Rupert Opportunities and am paying good, real money for it too. I do it through the advertising columns of some forty or so largest newspapers of the continent. That's publicity for you.

It's up to you to help me. If you know of an opportunity here, of which I don't, come and tell me about it. We both may make some money and help some poor devil who has too much of it.

If you have land, or lots, or lease and would like to have cash for it, and a good price at that, come and talk it over with me. I want to know you better. And besides I know a good deal about Prince Rupert that I can tell you.

ASK UNCLE JERRY

JERMIAH H. KUGLER

When Real Estate Speculators and Investors want money-making opportunities they ASK UNCLE JERRY. Every day, almost every hour, we buy or sell for ourselves or our clients.

We have many clients for Lots in Section 8 who will buy; 10 per cent. cash and 10 p.c. monthly. Lots in sec. 7 who will buy; 10 p.c. cash and 10 p.c. monthly. Lots in sec. 6, who will buy; 10 p.c. cash and 10 p.c. monthly.

Ask Uncle Jerry

Jeremiah H. Kugler

AMENDS THE NEW INSURANCE BILL

WILL NOT TAKE EFFECT UNTIL FIRST OF NEXT YEAR

Increased Tax on Fire Insurance Would Upset the Fiscal Affairs of These Municipalities Which Derive Revenue from Licenses.

(Special to the Optimist)

Victoria, Feb. 23.—Hon. Mr. Bowser this afternoon moved an amendment to his Fire Insurance Bill, providing that it would not come into force until the first of January 1912. He gave as his reason for the amendment that there were a number of municipalities which derive revenue from licensing for Fire Insurance companies. These had made their estimates for the present year, and if the new Act resulted in some of the companies leaving the province it would interfere with the fiscal arrangements of these municipalities. He did not wish to dislocate their finances.

INSTALLED THEIR OFFICERS

Kaien Island Chapter of Royal Arch Masons at Banquet

A well attended banquet was held last night in the Masonic Temple to celebrate the installation of officers of Kaien Island Chapter of Royal Arch Masons. His Honor Judge Young acted as installing officer.

The following are the officers installed: D. H. Morrison, Z.; J. Christiansen, H; D. M. Moore, J; Geo. W. Kerr, Treas; W. E. Burritt, S. E.; A. Carss, S. N.; Douglas Sutherland, P. S.; M. M. Stephens, S. S.; Thos. McClymont, J. S.; J. C. McLennan, M. of 4th V.; J. H. McLeod, M. of 3rd V.; J. W. Greer, M. of 2nd V.; Angus Stewart, M. of 1st V.; Alex. Robertson, Janitor.

Inspected Wireless Station

Mr. L. W. Stevenson, Dominion Government Radio Telegraphs' engineer, inspected Digby Island Wireless station yesterday and reported it to be in satisfactory condition.

After being confined to his home for several weeks with lumbago "Bill" Casey of Pillsbury & Casey, surprised his friends by taking a little walk down town this morning.

SPURIOUS STOCK OF COBALT MINE

200,000 BOGUS SHARES OF "LITTLE NIP" ARE ISSUED

Mr. Reg. W. Eyre, Well Known Toronto Barrister and Former Secretary of the Company Is Missing—A Sensation in Cobalt Market.

Toronto, Feb. 22.—A large block of spurious stock in the Little Nipissing Silver Cobalt Co., Ltd., has been placed on the market and the former Secretary-Treasurer Reginald W. Eyre, is missing. This is the situation which is confronting the new directors of the company The auditors are still working on the books, but 200,000 shares of bad stock are known to be in circulation.

The transfer books at the office of the company have been closed to facilitate the tracing of the spurious shares.

Shareholders of the company are already commencing to write to the directorate to know the true facts of the case. A number of these anxious queries are from women, and one of the men who communicated with the board today holds over 200,000 shares of the stock. It is said that one Toronto bank holds a big lump of the stock as security on loans.

The real situation became apparent to the directors only this week, after Mr. Eyre could not be located, and their surprise was not less keen than that of the shareholders at large.

It is hoped by the directors that the auditors will be able to trace up a lot of the spurious stock and have it cancelled. The authorized issue of the company is only a million and a half.

The high-water mark of Little Nipissing—68 cents—was reached in 1908. In the following year it fluctuated as low as 17 1-2 cents, but struggled up to 27 cents last fall. Since then its decline has been steady down to 7 cents.

CHIPS FROM THE HUMORISTS

A very old and infirm man called at a house one day, and begged for food, and the lady of the house, taking compassion on him, gave him some warm vermicelli soup. After gazing at it in silence, he looked up sorrowfully and said, "I am an old man, and very hungry, ma'am, and very grateful for anything you like to give me, ma'am, but really, ma'am,, I can't eat maggots.'

Confidential Friend (to elderly but not unattractive spinster)—So, dear, you have given up advocating women's rights?

Elderly Spinster—Yes, I am going in for one of women's lefts

Confidential Friend—Women's lefts. What's that?

Elderly Spinster—Widower, my dear.

Little Willie—Say, pa, what is vulgar ostentation?

Pa—Vulgar ostentation, my son is the display made by people who have more money to make it with than we have.

It was an English skipper of the olden time, who, having knowledge beyond the seeming needs, as he could read and use a chart, was despatched to Rotterdam. After getting over the bar and well away to the east he produced his charts and made a learned inspection; but the charts had been a long time in the locker, and circumstances combined to alarm him extremely.

He went up on deck and called to his mate:

"Put her about, Mike, the rats have eaten Holland"

Two ladies, previously unacquainted, were conversing at a reception. After a few conventional remarks the younger exclaimed: "I cannot think what has upset that tall blond man over there. He was so attentive a little while ago, but he won't look at me now."

"Perhaps," said the other, "he saw me come in. He's my husband."

MINING MEN OFF UP RIVER

Group of Claims on Nine-Mile Mountain Changes Owners

After a short business trip to Vancouver arranging with the purchaser two well-known mining men, Messrs. Martin and Thompson, are now on their way to Hazelton in connection with the marketing of a group of claims in that promising neighborhood. The property is situated on the Nine-mile Mountain. Mr. Martin, a miner of wide experience, has spent over 14 years in the mining districts to the north, and four years in the Hazelton district which looks particularly good to him.

Musical Treat Promised

On Thursday night at the dance in the K. of P. hall, Mr. Paulsen, a pupil of Professor Kauffmann will give what is described as "the first real violin solo in Prince Rupert."

The committee have now kept the dances up for three months, and they have grown in favor and interest all the time. They had the first X'mas tree dance, the first prize waltz, and the first "hardtimes dance." More new features are to be added. The committee deserves their success.

RECIPROCITY WOULD END ALL THOUGHT OF WAR

Baltimore American In Striking Article Says Canada Could Dispense With Navy If Reciprocity Goes Into Effect---A Novel View of Trade Question

Baltimore, Feb. 20.—The American makes some striking remarks on the reciprocity agreement with Canada. It says:

"While the English Unionists harp upon the string of American cupidity and domination, and while some English newspapers warn Canada that it is yielding what it has in its entire history fought against—the overshadowing of its destiny by its big neighbor—the clear-headed Briton and the clear-headed Canadian both see that the general social and political advantages gained would be immense. There could virtually be no war between the United States and England with such an agreement in force and with the resulting catholicity of capital in enterprise on either side of the line. Canada might even dispense with the building of its proposed warships against possible assault from the East, as the United States would have an intimacy of interest in the destiny of Canada that would act as powerfully as does the Monroe Doctrine elsewhere upon the Continent.

"England has all to gain by drawing tighter the cords between its principal dependancy and the United States. The tie of sympathy with the mother country of both peoples would be greatly strengthened, and the United States would be regarded by Europe as having pledges with Great Britain firmer than those of treaties. It is not drawing the bow too strong to add that in the event of England becoming involved in war it might be of vast service to her to have free trade across the border of Canada for the foodstuffs she would need for the provisioning of her armies and of her people at home.

It is inconceivable that any rational Englishman or Canadian should smell territorial ambition in the reciprocity proposal. It is also inconceivable that any rational American should not perceive that community of commercial interest that would be established and would act as a fresh expansion of the United States—an expansion that would not violate the rights or offend the sensibilities of its neighbor, but, upon the other hand, would bring to Canada trade advantages and general material promotion. The subject will not be downed; the purpose of Mr. Taft will not admit of defeat.

Skeena Land District—Queen Charlotte Islands Division

Take notice that 30 days after date I, William J. Leary, trader, of Skidegate, B C., intend to apply to the Chief Commissioner of Lands, for a license to prospect for coal oil and petroleum on and under the following described lands:

Commencing at a post planted at the southeast corner of Lot 501, Graham Island, thence south 80 chains, thence west 80 chains, thence north 80 *chains, thence east 80 chains to point of commence*ment, and contaning 640 acres.

BLASTED ROCK WRECKS STORE

NARROW ESCAPE OF A. W. EDGE AND ASSISTANT

Wide Area Endangered by Bad Blanketting—Fragments of Rock were Hurled Over Three Avenues. Alderman Clayton Is after Those Responsible.

Trouble is brewing for someone over the spectacular blast that went off on First avenue at six p.m. Tuesday. Those who saw it at the moment were appalled at the reckless rocketting of earth, planks, and huge masses of stone. Right over First, Second and Third avenue soared some of the stones. One fragment as big as a boy's head hit the ground half way up the bluff between Third and Fourth avenues.

Worse still, a mighty chunk of rock hurled by the explosion about five hundred feet in the air, came down squarely on the Edge Building's roof. Rending and crashing its way earthwards, it shattered shingles, rafters, ceilings, flooring and everything in its way. Only the last timber between the building and the ground stopped it.

On the upper floor of the building within a foot or two of the missile's track, Mr. Edge himself was seated at supper when the stone fell. By a sheer chance he escaped instant death. Below in the front store his assistant stood by the stove not three feet from the spot where the rock crashed onto a pile of mouldings which it completely pulverised. Both men take the matter remarkably coolly, though merely to look at the track of the rock is enough to make a man feel queer at the thought of being anywhere near it when it fell. On the upper floor of the building a pile a foot thick of stout millboard which a rifle bullet could scarcely penetrate effectively, was pierced like tissue paper.

It is all a man can do merely to lift the rock which did the damage. No one is bothering about the lesser fragments which broke windows, and split shingles without coming through. But one twenty pound stone pierced the roof of an adjoining shack, and a second 250 pound mass just missed the Edge store by six inches, and buried itself harmlessly in the earth.

Today Alderman Clayton enquired into the matter, and looked at the damage done. It is said the shot was fired on L. Vuckwitch's section of First avenue grading.

CHANGE OF SCHEDULE

Weekly Service to Queen Charlottes in March

(Special to the Optimist)

Massett, Feb. 23.—The summer schedule of the Grand Trunk Pacific steamer, running between Queen Charlotte Islands and Prince Rupert, will commence in March. A weekly steamer will call at Massett, Virago Sound, and other ports before proceeding to the south end of the Island. The fortnightly service has been the source of considerable inconvenience to the hundreds of settlers on the islands and the change of schedule will be much appreciated.

Special discount sale at Wark's Jewelry store Saturday, Feb. 25th. Read the adv.

K. of P. Hall Dance Club

Every Thursday Evening from 9 to 12
IN THE K. OF P. HALL (Helgerson Building)

BIG DANCE, SONGS, RECITATIONS, ETC.

A good time for everybody assured. Instruction in dancing free of charge from 8 to 9.

THURSDAY, Feb. 23rd, the feature of the evening will be first real violin solo from Mr. Paulson. (See Reader)

Admission $1.00 Ladies Free
