ORKERS TO MAKE DEMAND FOR THE FORTY-FIVE CENTS

ince Rupert Workingmen Elect Committee of Five to Lay Their Demands Before the City Council Tonight---Held Interesting Discussion

"That this meeting elect a representative (cosmopolitan) committee of e to go before the city council with demand for 45 cents per hour."

This was the resolution that was ssed with acclamation last night at rowded meeting of the Prince Rupert rkers in the hall of the Industrial sociation.

Five men were thereafter elected from e body of the hall to act upon the legation. They will meet with one other and discuss plans and will obably wait upon the council tonight th their demand.

The resolution was not a topic of cussion fired at the heads of the dience at the start of the meeting. was the natural outcome of a long d illuminating discussion upon the rage situation in Prince Rupert."

There was no official speaker to dis-ct them from the issues at stake.

Those Poor Contractors

The meeting opened with a stirring rendering of the "Red Flag," and after that everyone felt at home and voiced his opinion with the freedom and lucidity of conviction.

Said one comrade who was in hearty sympathy with the movement but did not see the way clear: "The street work has already been contracted for, the contractors have framed their tenders upon the lower rate of wages, and it would be impossible as well as unfair to try and railroad these contracts now."

An Explanation

This generous idea was exploded immediately by another comrade who spoke as follows: "Labor is the last item mentioned in the tenders of the contractors, it comes after the tools and materials. The price for material,

POLICE RAID ON OUR CHINATOWN

CHIEF SUSPECTED EVIDENCE OF OPIUM DEN

Evidences Discovered and Seized. Pipe, Lamp and Quantities of the Dreamy Drug. Two Chinamen Charged but Released on Bail.

Saturday night was a police raid on Chinatown. The large restaurant, store and chop suey house owned by the King Tai company, was suspected by Chief McCarvell of being used as an opium smokers' resort, and on Saturday between nine and ten p.m. the Chief along with Constables McArthur and Mansell made a raid on the premises to verify the suspicion if possible.

As a result of the raid the police court this morning was thronged with Orientals, and two of them were charged, Chin Yen with selling opium, and Mah Jim with keeping an opium joint. Pleas of not guilty were entered and the cases stand adjourned till Wednesday by mutual agreement between prosecution and defence.

An interesting haul of opium smoking appliances was found in the house by the police, and seized. There is an opium pipe, glass lamp, several tiny brass retorts for cooking the dope, a playing card on which the stuff has been spread for use, sevral brass cases of high grade opium, and any amount of the residue left after smoking. No one was found actually smoking among the inmates of the house.

Chief McCarvell and his officers had a difficult job to undertake as the wily Oriental is swift to conceal the traces of his doings but by taking separate sections of the house the three officers secured the evidences that there has been opium smoking on the premises It remains now to be proved whether the Chinese at present released on $100 bail can be incriminated.

WIRELESS MESSAGES SAVED FISHING STEAMER 'CHICAGO'

San Juan Co's Boat Went Ashore at Millbank Sound on Saturday Night---Distress Signals Caught at Digby Island and by the Bertha

The steamer Chicago of the San Juan Fishing company carrying on operations in the southern Alaska waters went ashore on Saturday night off the north arm of Millbank Sound. After putting in a trying time she managed to get off last night with the rise in the tide and proceeded on her way to Seattle under her own steam. She was sighted by the steamer Bertha and assisted by her in clearing the shore. The Bertha is standing by her on the way south in case of emergency.

For a time it was thought that the ship and all on board had perished. When the Chicago went ashore in the darkness her wireless operator got his instruments in motion and began to flash distress signals. One of these was picked up by the wireless station at Digby Island and they immediately sent word to Prince Rupert.

Knowing that the Camosun would be leaving this port on Sunday morning the operator at the station wired to Captain Dixon apprising him of the wreck and asking him to keep a sharp look out for the Chicago on his way down to Vancouver.

Another of the distress signals had apparently been picked up by the Bertha, and after she had located the whereabouts of the Chicago she hove to and made ready to relieve the crew in the event of the vessel threatening to break up. This did not prove to be necessary.

The Chicago had run aground and was in a high and dry condition but had suffered very little damage from the shock. The Bertha stood by till the tide rose up and then towed her off.

The Chicago is a familiar boat in the Alaskan waters though she is little known in Prince Rupert. She is about the size of the Vancouver Kingsway. At the time of the accident she was coming north.

ILL CONNAUGHT VISIT CANADA?

ISH JOURNAL CASTS A DOUBT UPON HIS COMING

ys King and Queen Will Visit Australia and Canada While on India Tour and that Connaught Will be Regent.

(Special to the Optimist)

Dublin, Jan. 23.—The Express of this ty casts a doubt upon the possibility the Duke of Connaught being the ext Governor General of Canada succession to Earl Grey. It figures out this way. It is probable that the King and Queen will extend their roposed Indian tour so as to take in ustralia and Canada, and that if uch a course is pursued it is likely that he royal Duke will act as regent in heir absence.

MIKADO'S LIFE IS IN DANGER

POLICE ARE LOOKING ANXIOUSLY FOR ANARCHISTS

Say that the Life of Mikado Is not Safe Unless the Reds Are Under Srtict Surveillance.

(Special to the Optimist)

Tokio, Jan. 23.—The imperial police of the Mikado are prosecuting a vigorous search for the brother and sister of the condemned anarchist Kotoku. They are known to be in hiding in the city and heir presence at large is regarded as a menace to the safety of the Mikado. His life is in jeopardy the officials say so long as the reds are not under strict surveillance.

Painters Were Kept Busy

On Friday, Saturday and Sunday Messrs Hoffa & Co.'s men were engaged in painting the floors of the new public school. Building Inspector McNeil has had the oversight of this work which is now completed.

HOTEL ON FIRE GUESTS ASLEEP

ONE MAN DIES AND FIVE ARE SERIOUSLY INJURED

House Goes up in Flames During Night When Three Hundred Guests Are in the House—Thrilling Scenes and Rescues.

(Special to the Optimist)

Omaha, Jan. 23.—One man dead and five seriously injured is the result of what might have been one of the greatest fire disasters of recent times. The Millard Hotel, a popular house in the city, was visited by fire during the night when there were three hundred guests sleeping within it.

When the alarm was rung throughout the house there ensued one of the most thrilling and dramatic scenes ever witnessed. Men and women rushed from their couches in deshabille and made for the exits in mad excitement. The air was filled with the crackling of the furious flames, the sopranic shrieks of the women and the cursing baas of men. Great clouds of smoke perforated the entire building and made it impossible for the fleeing guests to other than feel their way to safety.

Every now and again the gathering crowd outside would be roused from their horror by the appearance of a staggering form emerging from the hotel carrying an unconscious fellow to security.

Many of the women fainted in their beds and would have perished there but for the heroic action of some of the men who kept their heads and fought a calculated fight with the ravaging flames. The dead man and the five injured were all the victims of smoke rather than fire.

Another Scotch Concert

A Scotch concert is announced for Thursday night under the auspices of the First Baptist church.

Jap Chap Chippy

A Jap named Kuto appeared in police court this morning mentally unhinged. He is being detained.

LONDON PAPER ON RECIPROCITY

SAYS FRANKLY THAT IT WOULD BE ADVANTAGE TO CANADA

While Admitting This It Says That the Fact Is not Encouraging to Those Who Would Weave Empire Together.

(Special to the Optimist)

London, Jan. 23.—The Morning Leader announces in its editorial column today that there is no question but that reciprocity with the United States would be a great advantage to the Canadians. While admitting this much the article says that the fact is not very encouraging to those whose desire is to weave the component parts of the Empire closer together.

SNOW PLOUGH DERAILED

Port Arthur, Jan. 32.—(Special)—The derailment of a snow plough here caused serious injury to two who were working on the line at the time. Their names are Dinsmore and Anderson. They were at once removed to the hospital.

MEXICAN TROOPS HEAVY LOSS

A BAD AMBUSH RESULTS IN LOSS OF HUNDRED MEN

Hot Engagement Took Place at Ojimaga—Government Troops Handicapped Through Poor Selection of Ground—Like Rats in a Trap.

(Special to the Optimist)

Presido, Jan. 23.—It is reported here that fully a hundred of the government troops were killed in a battle with the insurgents on Saturday. Ojimaga was the scene of the engagement and it would appear that the government soldiers had a very bad time through being caught in a bad ambush. They were the men of the regular army and their loss is regarded as a serious blow.

QUEBEC WITHOUT LIGHT

City Visited by the Worst Thunder Storm in 100 Years

Quebec, Jan. 23.—(Special)—Not for a hundred years has this city experienced such a terrific thunder storm as held sway on Saturday. The city was enveloped in darkness all day. It was impossible to turn on the electric light as all the wires were out of business. Everything was practically at a stand still.

GUERILLA WAR UPON THE TURKS

COUNTRIES IN EASTERN EUROPE COMBINE TO HARRASS TURKS

Hoping to Keep Turkey so Busy in This Way That It Will Not Have Time to Invade Their Territory.

(Special to the Optimist)

Vienna, Jan. 23.—A combination of forces in Eastern Europe is reported to be directed against the Turks. The information had leaked out here that Servia, Montenegro, Bulgaria, Roumania, and Greece, have linked up forces to curb the power of Turkey. It is believed that the plan to be adopted by the joint armies of these nations is that a guerilla warfare on the Turkish frontire. They are hoping tio keep the Turk so busy in preserving his own territory that he will not have any time to exploit the territory of others.

PLAGUE RAGING THROUGH CHINA

CITY NEAR HARBIN HAS TO BE COMPLETELY ISOLATED

Fifteen Hundred Deaths Take Place in One Week—Bodies Are Piled Upon the Streets of the City.

(Special to the Optimist)

Harbin, Jan. 23.—The city of Fudziadian, which is situated near here, is to be isolated on account of the plague. The victims of this dread disease were so many that their bodies had to be piled up on the streets to facilitate removal and burial. According to the official statistics of the Chinese and British doctors the number of deaths that took place last week from the plague alone totalled fifteen hundred.

= THE COSY CORNER =

DEVOTED PRINCIPALLY TO THE INTERESTS OF WOMEN

This is a little section of the paper, which from day to day will be devoted to subjects of special interest to women. Any and all of the ladies of Prince Rupert are invited to contribute to its columns, and to take part in its discussions. Suggestions and criticisms are invited by the editor. The hope is expressed that "The Cosy Corner" will fill a social need.

When Girls Are Spoiled

The girl who has left school "for good" has not, so far, felt that the change in her life has made any difference in her. Holidays happen every year, and she has spent them much as usual. But, now that the younger children are returning to lessons, and the family is settling down to its winter work, she will very likely wonder what on earth she is going to do with her important seventeen or eighteen-year-old self.

Girls who are going into business, studying for definite professions, or taking an important part in the social life of their mothers, will have no difficulty on this point. But the case of the girl whose people can afford to let her live at home, but cannot provide enough gayeties to fill her day, is very different.

This is the time at which girls drift into "slack" habits. It doesn't matter whether a little bit of sewing is done in the morning or the afternoon, there is plenty of time for it. It doesn't matter if she is late for breakfast, nothing is going to happen. It doesn't matter if she lies awake half the night to read a novel in bed, she can rest tomorrow, for there is nothing else to do. So she drifts into dawdling habits, loses her complexion and health, and becomes a nervous wreck, or she takes so violently to games, and what is best described as "gadding," that she becomes quite unfit for any position of responsibility.

Now is the time for mother to make a big sacrifice. She can give up part of her beloved housekeeping in order that the girl may take it on and may learn how to cook and sew and mind a house so that she will make a good wife some day.

Mother must widen her own interests as well. She has probably settled down to a quiet life; the daily routine of the house, with a few calls on frineds is quite enough for her. But this is not quite enough for an eager young thing, who wants to be up and doing. It may be hard for mother to take an interest in all the newest studies and fads, but she will find that, if she tries to do it, the interest will very soon come and that these breaks in her life are of value to her as well as to the as yet undisciplined life of her daughter.

Lapland Babies

Little Laplanders spend the first few months of their existence in baskets of wickerwork provided at the top with a conical framework too close for the baby to fall through and yet giving the infant plenty of light and air.

Before commencing her work for the day the Lapp mother places her child in the basket and hangs it on the limb of some nearby tree, occupation being found for the little one by stringing toys under a cord passed across the top of the basket.

Thus provided the child spends the entire day in the open and yet at the same time is guarded from the troubles and dangers of outdoor child life in other countries.

The basket idea curiously parallels the Indian idea of strapping the papoose into a carrying case, but the Lapp baby has the advantage over its Indian fellow in that its limbs are unconfined and a certain amount of liberty of movement is afforded.

The child is carried from place to place in the same basket, the cord by which it is attached to a tree being slung over the shoulder.

OUR DAILY RECIPE

Rice Water Jelly

Wash two and a half tablespoonfuls of rice in several waters and cook in a quart of water for one hour, or until the rice is entirely dissolved. Add a pinch of salt. Sweeten to taste. Stir in the juice of one or two lemons. Strain into a mould and when cold serve with sugar and cream. This is an excellent dish for children and invalids.

DISPATCHERS ASK FOR WAGES

NORTHWESTERN ROADS ARE TO HAVE LABOR TROUBLES

If $25 Increase not Granted by June Dispatchers Threten to Form a Labor Union and Present Their Demands.

Portland, Ore., Jan. 21.—Train dispatchers employed on all northwestern railroads today presented demands for a salary increase of $25 per month. Trainmasters also made a demand for a susbtantial addition to the remuneration they now recevive.

The dispatchers based their demand on the grounds that their work has practically doubled recently owing to the rapid growth of traffic, while their salaries have practically remained stationary.

As further reason they declare that trainmen employed in lesser capacities receive higher pay. The average salary of dispatchers in the west is $140.

If the demands are not acted upon before June, the dispatchers say that they will organize a labor union and present their demands as a union.

In Defence of Alderman Morrissey

The futility and injustice of accusing our municipal rulers of self seeking was well shown in the debate on the City Hall site last Wednesday evening. One can only marvel at the tremendous story of graft which a certain gentleman might have made out of the incident had he been writing about it, instead of being engaged as one of the participants in the debate. It is a Nemesis on those folk who could see nothing in the grading of section One last year but a scheme whereby two aldermen at different ends of Second Ave. could get their properties improved.

The action of Ald. Newton and Ald. Morrissey last Wednesday in disputing the report of the committee on the City Hall site was all the more noticeable because it was the first rift in the lute between themselves and their colleagues. On every other question there is nought but "peace, perfect peace."

The Optimist, in pointing out that Ald. Morrissey wants the Hall placed alongside of property owned by himself, does not attribute mercenary motives to the gentleman. It was just a coincidence that one of Mayor Manson's supporters to buck the committee's report has property interests in the neighborhood where he desires the City Hall to be placed.

How easy and how unfair it would be to attribute improper motives to him. The truth is both gentlemen are probably quite sincere in their protests. Like the fond mother who in her heart always has a secret confidence that her own baby is the cutest in the neighborhood, so any man owning property down town is apt to think that the spot he is most interested in is the logical centre of the town. It is just a curious and frequently remarked coincidence..

It is a curious coincidence too that Ald. Morrissey has declared that he will be against any settlement of the G. T. P. assessment question which does not provide for the opening up of Eleventh Ave. to the waterfront. The coincidence lies in the fact that Ald. Morrissey is interested in property in the vicinity of Eleventh Ave. Yet it would be unfair to make any accusation. It is just a coincidence. The Alderman might have selected First Ave., Second Ave., Third Ave., Fourth Ave., Fifth Ave., Sixth Ave., Seventh Ave., Eighth Ave., Ninth Ave., Tenth Ave. or Eleventh Ave. It just happened that he selected Eleventh Ave. as the thoroughfare he wished the city to insist on having opened up to the waterfront. It is just a coincidence that if this is done the road will have to be cut through Ald. Morrissey's property.

It is just a coincidence, that's all. But it ought to have made all gentlemen who contemplated moving into glass houses very careful of how they educated their neighbors in the art of throwing stones.

To Water Consumers

The cold weather has practically stopped the supply of water on the mountain. Since the 10th inst. water has been supplied to consumers by pumping, this supply is at present sufficient for all necessary purposes, but on account of numerous taps being left wide open, the pump cannot keep up the necessary pressure to supply the higher points in the city.

The chairman of the Water Works Committee hopes the consumers will assist the Water Works Department by curtailing the waste of water and avoid the necessity for cutting off the supply at night.

F. H. MOBLEY,
Chairman Water Works Committee.

CHIPS FROM THE HUMORISTS

Hostess—It's beginning to rain. You will get wet. I think you'd better stay to dinner.

Departing Guest—Oh, dear, no! It's not raining so badly as all that.

Waiter—We are quite up to date here, sir—all the latest appliances. That steak was cooked by electricity.

Guest (who has been wrestling with the steak for some time)—Indeed; then would you just give it another shock?

"I'm afraid," said the country editor, "that young Blackstone won't like the writeup we gave him today." "Why?" asked his assistant. "I wrote of his as a 'thriving young lawyer,' but the intelligent typo made it 'thieving.'

"How did you come to say 'yes' when the Baron Fucash proposed for your daughter's hand?"

"I don't understand these foreigners very well," answered Mr. Cumrox. "I didn't know he was proposing marriage. I thought he was asking me out to lunch."

One Thing She Could Do

One Saturday afternoon recently, a frail little man started to cross Broadway, at Forty-second street, just when all sorts of fast moving vehicles were whirling their matinee patrons up Broadway. At the same instant a very flashy lady started from the curb directly opposite with the same purpose in mind.

By remarkable luck, both succeeded in escaping the passing wheels, but, as fate would have it, the little man, whose eyes were busy ogling the traffic on either side of him, darted plump into the on-coming woman at the middle of the street. The result was a sickening collision, with the little man down and out.

"You should have looked where you were going," said the flashy woman, bending over the victim on the curb, to which he had been carried by a traffic policeman. "But is there anything I can do for you?"

"Yes," he replied faintly, opening his eyes a moment; "get the number of the automobile that struck me."

J. H. Selkirk Mentions Facts of Interest to Rupert Investors

J. H. Selkirk, owner of the only subdivision in the townsite of Port Mann is in Prince Rupert where he has real estate interests as well. Mr. Selkirk was visiting S. Harrison this morning and mentioned to the Optimist for the benefit of Prince Rupert investors in Port Mann property that the Canadian Northern are now extending their existing 1000-foot wharf there to 3000 feet in anticipation of the arrival of two steamer loads of railway material now coming out.

It is stated that the Canadian Northern will run trains this summer over the fifty miles between Port Mann and Chilliwack. Many enquiries and even offers of cash deposits are pouring in to the company but the townsite will not be put on the market till March. Seven hundred acres are now being cleared for staking lots, and a special designer of townsites will plan the city in February.

The railway company, he says, intend leasing all their waterfront for manufactories and already all of the sites are said to be arranged for by industrial firms.

COAL SHORTAGE IN MIDDLE WEST

QU'APPELLE HAS TO CLOSE ITS LIGHTING PLANT

Dealers in Western Towns Have Sold Out Their Coal and Wood Stocks—Will Ask Permission to Cut Crown Timber.

Regina, Jan. 21.—Unless there is shortly some let up in the present severe spell of weather, something like a fuel famine will be experienced in many parts of the province. Already shortages exist at Qu'Appelle, Arcola, Prince Albert and several other points and stocks of coal and wood are beginning to get extremely low at many other places.

Here in Regina, some of the coal dealers have already exhausted their supply, while others will soon be out unless coal trains get through from the west within the next day ir two.

At Qu'Appelle the scarcity of fuel has led to shutting down of the light plant. Dispatches from Arcola state that four of the local coal yards have exhausted their supplies.

Farmers in Moose Mountain district are suffering considerably and if the present train blockade continues it is likely the government will be asked to allow farmers to cut wood from Moose Mountain forest reserve without getting permits ordinarily required.

RAILWAY SMASH IN WALES

PASSENGER TRAIN COLLIDES WITH COAL TRAIN

Coaches Were Telescoped into One Another and Engine Rose in Air—Heavy Death Roll. Eight Bodies Removed.

(Special to the Optimist)

Cardiff, Jan. 23.—A disastrous railway accident occurred here yesterday involving the lives of many people in cluding several leaders who were on their way to the general conference of miners in London.

The ill fated train collided with a coal train at Hopkinstown near Pontypridd. The concussion was such as to telescope three coaches of the passenger train. The engine shot up into the air and the compartment carriages were shattered to splinters. Up till now it is not known how many died but eight bodies have already been taken from the wreckage. A detachment of soldiers who chanced to be in the city at the time were rushed to the scene and performed splendidly in the work of rescue.

WORKERS MAKE DEMAND FOR 45c

whether it be one thing or another, might very easily alter while a contract is being executed yet the contractor would have to carry out his contract in spite of the change. The market price of material might change at any minute, through the operation of a strike or the accomplishment of a monopoly. In the same way the market price of labor, which was just an item in the tender might change also, and yet the contractors would have to execute their charges whether the increase amounted to $5 a day or not.

City of Celibates

The cost of living was spoken of by several comrades and all of them agreed that the present wage was not sufficient. One good fellow epitomized the situation rather humorously. He referred to the oft spoken desires of the masters and business men to have workers come here and live, bring up their families and become permanent residents, and pointed out that these people were the very people who by declining to sanction the wage increase made it impossible for men to enter the bonds of matrimony. Did they want Prince Rupert to be peopled with bachelors? They were going the right way about it if they did.

A comrade who had spent much of his life in Alaska stated that the price of commodities was just the same here as up there.

SERIOUS WATER WASTAGE

Householders Warned Again to Keep Taps Shut Off

It has been found impossible to maintain adequate water pressure by means of the pump during the present wintry spell, and City Engineer Davis again warns householders that they must be more careful to prevent waste of water.

Today the City Engineer has a man making the rounds to investigate the matter of wastage and if possible reduce it. At 11 a.m. today he had reported that on one avenue alone he had found a number of taps left wide open and running full blast. One of these was on laundry premises and the waste of water was very great. Stringent steps will be taken unless this sort of selfishness stops now.

DYNAMITE ON STREETS

Report of Committee to City Council Tonight

Nothing further has come to light in regard to dynamite left about city contracts, but a report on the matter will be presented by the streets committee to the city council tonight.
