TSIMPSEAN COMPANY MAKES PROPOSAL TO CITY

BRITISH WARSHIP RUSHED FULL SPEED TO RESCUE

Mail Steamer Lusitania Wrecked in Bright Moonlight on Bellows Rock---Eight Passengers Lost in Boiling Surf---Bluejackets Did Noble Work

(Special to the Optimist)

Capetown, April 20.—Dramatic scenes took place at the wreck last night, on the Bellows Rock, of the Portuguese mail steamer Lusitania. Eight passengers lost their lives in the heavy surf that capsized the boats. The British battleship Forte arrived just in the nick of time to save the rest of the crew and passengers.

Bright Moonlight Night

It was a beautiful moonlight night when the vessel struck. A fresh breeze was blowing and the vessel was swinging to the seas which broke in white surf ashore. The Lusitania was only two miles from Cape Town when she ran on the rock which has claimed more than one steamer and many sailing ships. Steaming at full speed she piled herself up completely driving far up on the reef and sticking firm.

Signals for Aid Seen

Rockets were sent up and guns fired for aid. Heavy surf dashing on the rocks swept right over the wreck. Women and children who had rushed up, scantily clad, from below when the vessel struck, suffered greatly from cold and exposure. Efforts were made to lower the boats and take the passengers off, but the first boats launched swamped and capsized in the heavy surf and eight passengers were lost in spite of heroic efforts to save them. Only the grip the wreck had of the rock prevented her from foundering. Then the sound of an answering gun was heard and the British battleship Forte came steaming up at full speed.

Bluejackets to the Rescue

Standing by the rock as near as possible with safety the Forte lowered lifeboats, and the bluejackets at tremendous risk got the crew and passengers of the Lusitania transferred without loss of life. They were conveyed to Cape Town where they were landed. No effects could be saved, and as the wreck occurred at night the passengers have lost all their valuables. Efforts will be made to save the mails, but it is feared that the Lusitania will be a total wreck.

MAYOR FAWCETTS RECALL

His Opponent Seymour Can Count on 800 Majority

(Special to the Optimist)

Tacoma, April 19.—Indications point to the probability that at the election due to the recall of Mayor Fawcett, his opponent Seymour, the Welfare League Candidate may have a majority of over 800.

YANKEE DOLLARS FLOW IN

Well Over Half a Million Over the Border Already

(Special to the Optimist)

Winnipeg, April 19.—The Immigration Department announces that since the season opened this year $600,000 in United States effects and outside money has entered Canada by North Portal and Manitoba ports.

Tonight

A general meeting of the members of the Kaien Island Club will be held in the club rooms tonight.

BASEBALL SCORES

(Special to the Optimist)

The following are the results of principal baseball matches yesterday:

Vancouver 5, Seattle 1.
Tacoma 8, Victoria 1.
Spokane 2, Portland 1—11 innings.

Get Information

Mayor Manson has instructed City Clerk Woods to write to the city clerks of all the principal Canadian cities to get information about lighting, power and street car matters so that the council will be in a position to answer Mr. R. Brutinell of the Tsimpsean Light and Power Company when he comes before the council again.

Still Proceeding

The case against the 16 strikers is still proceeding before Magistrate Carss.

AFTER THE AUTO

City Council Wants the Speed By-law Enforced

Prince Rupert's black automobile is cnarged with gross improprietry. It is alleged that it did one night last week tear in a very undignified gait way along the streets and, go so near a lady as to brush her skirts, then hustle away.

Mr. Alex Douglas saw this piece of discourtesy and wrote to the city council about it. He complained about the reckless driving of the "black automobile." He wanted the law governing the speed of these modern Juggernaunts enforced.

Alderman Newton avowed he has heard that "black automobile" career past his house at all hours of the night. "It is high time something was done. Someone will be injured one of these days," he said.

The City Clerk will write to Chief of Police Vickers to ask him to enforce the speed by-law.

PRINCE RUPERT STRIKERS TO BE TRIED AT VICTORIA

Change of Venue Decided Upon by Attorney-General Bowser Owing to Improbability of Being Able to Secure Impartial Jury in This City

(Special to the Optimist)

Victoria, April 20.—Strikers under arrest, and now in Prince Rupert jail awaiting trial, will be tried at Victoria.

High Tension of Opinion

Attorney-General Bowser has decided on this course owing to the probable difficulty of obtaining an absolutely impartial and disinterested jury in Prince Rupert. The high tension of public opinion after the disturbance which would naturally affect, and possibly prejudice all having inteserts in the city is given as a reason.

Appear at Assizes

Accordingly the venue of the trial of those strikers committed, has been altered. Their cases will come up at the Assizes in Victoria. All those strikers who have to stand trial will be taken down below, and held there until their turn to apprae arrives. Mean while the process of investigating the various cases before the prisoners are actually committeed proceeds, but will be completed in a few days.

S. S. VADSO ARRIVES

Will Transfer Passengers and Cargo and Leave for Repairs

Towed in by the tug William Joliffe, the S. S. Vadso of the Boscowitch line, came into port this morning with her propeller gone, her rudder missing and her shoe torn off, the result of hitting a reef in Rivers Inlet last week just as she was leaving Beaver cannery.

Captain LeBlanc says that his vessel is not badly damaged.

She will transfer her cargo and passengers for Naas River ports on the arrival of the S. S. Venture today and will then proceed form here to Esquimalt for repairs.

Are you interested in Prince Rupert and its future prosperity?

Then come and hear Duncan Ross, Esq., speak on the Reciprocity Agreement at the Empress Theatre tomorrow evening. Admission free and seats reserved for ladies.

ASK PERMISSION TO START A GAS AND POWER PLANT

Will Sell Gas for $1.75 and $1.25 per Thousand, and Power for $30 Per Horse Power---Also Want Permission to Start a Street Railway When the City Has 15,000 People---Submit Proposal in Writing

A proposition to supply Prince Rupert with gas, electric power and street cars, was outlined to the city council last night by Mr. Raymond Brutinell, of the Tsimpsean Light and Power Company, also an application was made to the council to enter into an agreement with the company for the supply of the three things. The company is prepared to spend about $3,000,000 on the signing of agreements, to supply gas within six months after agreement with city is signed, to supply power up to about 5,000 horse power at about $30 a year per horse power nine months after agreement is signed and to supply street cars when Prince Rupert has a population of 15,000. Further, the city to have the right to purchase all the interests of the company at the expiration of 40 years, according to the law governing the purchasing of company's interests and paying fair compensation. The matter was laid over for consideration and Mr. Brutinell will submit his proposition in writing.

Mr. Brutinell reminded the council that the company has a franchise granted by the Provincial Government to operate in this city, but the company would rather come in and do business on an agreement with the council than otherwise. He said there may be some dispute arise over the franchise which the Privy Council of England would have to decide, but the company had no intention of coming in here against the wishes of the people.

About the Project

The company is prepared to iastall a gas plant on being given permission to lay pipes on the streets, where streets are graded. Work on the plant would start the day after the agreement was signed and the price of gas per thousand would be $1.25 for cooking and $1.75 for lighting.

As regards the street cars the proposal is to build first one line from one end of the city to the other as soon as there are 15,000 people here.

The company will pave the road between the tracks, and for some distance each side and will pay the city from 3 to 10 per cent of the gross earnings of the cars.

Electric power would be brought from a point up the Skeena River 42 miles distant and work from there up to the city limits will be gone on with shortly.

Mr. Brutinell emphasized the advantages his company was offering. In answer to Alderman Morrissey Mr. Brutinell said the agreements could be dealt with by the council separately.

Alderman Newton wanted to see street cars when the city nas 8,000 people.

The propositions will be submitted in writing today to each member of tne council.

SIX ENGINES ARE COMING

G. T. P. Going to Increase Equipment at This End

Prince Rupert to Have a Dozen Engines and Big Mechanical Equipment This Summer—Three Engines will Arrive Next Week.

The mechanical equipment of the G. T. P. here is to be increased by six engines, a number of cars and several other things. Three of the engines are already on their way and will arrive next week.

General Superintendent W. C. Mehan sent for the additional equipment some time ago to the head office of the company in Winnipeg and has received notice of a shipment.

The three engines now on the way came over the C. P. R. tracks across the continent under their own power with their own engineer and firemen aboard. These men will run the engines here. With the arrival of the six engines Prince Rupert will have a round dozen locomotives.

The S. S. State of California arrived from Seattle last night with a few passengers and a big consignment of freight.

S. S. Camosun of the U. S. S. Co., will arrive here tomorrow night with mail and passengers from Vancouver. She will leave shortly after for Stewart and be back to go south on Sunday morning.

PIPE DREAM SHATTERED

Police Raid Ran Opium Smokers to Earth

WOMAN TO BE CHARGED

Suspected Regular Traffic in Oriental Drug by Chinamen. Rigorous Measures Being Taken to Stamp It Out.

For some time the police have had strong suspicions that a regular traffic in opium has been going on in the restricted district. Chinamen are believed to have been supplying the stuff which was consumed in one or other of the resorts on Comox avenue.

In the small hours this morning the district was raided by Sergeant Phillipson, Constable McArthur, and Special Constables Miller and Jackson. In one of the houses they found a trio immersed in an Oriental pipe dream with the opium smoking apparatus in full blast beside them. The pipe and druk were seized, and tomorrow Gipsy Hamilton will appear in the police court charged with running a hop joint. Others are summoned in connection with the affair.

A number of other resorts were visited, and several persons war ted. It is the intention of the police under Chief Vickers to rid the city of those found frequenting, and the opium traffic will be rigorously stamped out.

FIRE ESCAPES TO BE EQUIPPED AT HOSPITAL

Executive Committee Will Take Matter Up at Once---Convalescent Men May be Provided With a Smoking Room---Sick Men Smoke as Soon as They Leave Bed

At present there are no fire escapes at the General Hospital. When the Hospital Board met yesterday afternoon Mr. D. G. Stewart called the attention of his colleagues to this matter. "In the event of a fire at the hospital the results might be very serious," he said. "I propose the Executive Committee be appointed to look into the matter with power to act," and the Board carried the motion. Mr. J. G. Scott was chosen as chairman of the committee. The services of Fire Chief McInnes will be invited to help in the matter.

It is proposed to put the iron fire escape ladders leading from the public wards and other rooms in the building, and attention will be given to the water pressure in the fire hydrants.

Sick Men Like Smoking

About the first thing a man wants to do after he is strong enough to get out of bed following an illness is to have a good long smoke. Dr. J. O. Reddie, medical health officer, has noticed this noticed at the hospital convalescent men slip into a convenient corner and court "My Lady Nicotine."

For the convenience of these weed lovers a little smoking room may be rigged up. The House Committee will look into the matter.

Several improvements are badly needed and will receive attention in due time.

Other Items

E. J. Hicks, contractor, wrote asking for $20.96 balance of his contract price on the hospital building, extra work, etc. The letter was sent on to the Finance Committee.

There are 19 patients in the hospital.

There were present: President D. G. Stewart, P. I. Palmer, John Kirkpatrick, J. H. Thompson, O. H. Nelson and Secretary W. M. Wright.

INCIDENTS OF LAST NIGHT'S COUNCIL

S. P. McMordie, S. H. Watson and J. R. Morgan, contractors for city grading work wrote to the council last night asking for an extension of time on their contracts. Mr. McMordie stated he had heard the council intended to enforce the penalty of $25 a day on all contractors who do not finish their work within the epecified time.

The matter was not discussed at any length for Alderman Morrissey moved the following motion, seconded by Alderman Newton, and carried unanimously:

"That the City Clerk be instructed to acknowledge receipt of the communications and to state that the reasons given by the contractors for the extension of time is only now receiving the consideration of the council. As soon as a conclusion has been reached the contractors will be advised.

"In the meantime the contractors be urged to prosecute the work with all possible speed."

Alderman Pattullo's Resignation

"We very much regret the resignation of Alderman Pattullo," said the Mayor when the matter came up. "There is not very much we can do under the circumstances. It might be left over until the next meeting of the council when it will be decided to fix a day for the by-election."

Alderman Morrissey paid a tribute to Mr. Pattullo, "even though he disagreed with some of us sometimes," added Mr. Morrissey.

It may be arranged to vote on one of the by-laws on the day of the by-election.

Magistrate Wants Raise

If the council refuse to recommend the Government ro taise the salary of Magistrate Carss from $1,200 to $2,000 a year or if the Government fails to come through with the extra $800 Mr. Carss will resign. He feels the position is worth more than $1.200 because it takes up so much of his time and interferes with his private practice seriously. The finance committee will report back.

CONTINUED FROM PAGE 1

Settlement Soon

Mayor Manson received word this morning by wire from Mr. D'Arcy Tate the G.T.P. solicitor in Winnipeg stating that the assessment question is now before the directors of the company in Winnipeg, and it is expected a settlement will be agreed upon inside of ten days.

PROPOSAL TO APPOINT A CIVIC RAT CATCHER

City Council Decides to Urge the G. T. P. to Expel All Squatters from the Reserve---First Move in Campaign Against the Sturdy Rat

Some one mentioned rats last night at the council meeting and the aldermen began to "sic 'em" right away.

Alderman Clayton wanted to start on the plan of extermination there and then. "Clear the G. T. P. Reserve," he said. "Clear everybody off it."

Alderman Kirkpatrick smelt a rat and queried, "Can we?" He said the clearing of the reserve was a matter between the company and the tenants.

Several aldermen chipped in: "But if the health of the city is in danger or being interfered with."

That was the point Alderman Clayton had brought up when he said: cut off the food supply of the rats on the reserve first and then exit Mr. Rat."

Then City Clerk Woods reminded the council that Medical Health Officer Dr. Reddie and his assistants were making a plan of the reserve and a report of the condition of every place on it.

"Clear all the reserves," interjected Alderman Kerr.

Then Mr. Woods read a report from Dr. Reddie which first stated that before the garbge and sewer system was instituted rats did good by eating up the refuse. The doctor advised against boys as rat catchers.

Appoint an official rat catcher, give him a salary and pro rata and use Danyz's Virus was the remedy advocated in the report.

The matter was juggled for a long time then a motion by Alderman Clayton got through asking the G. T. P. to remove squatters at once from the reserve. This is the first move to move the Prince Rupert rat from life unto death.

Dr. Reddie also put in a copy of the Vancouver City By-law governing ships entering the port and rats. The discussion closed by the City Clerk ejaculating: "Oh, Rats!"

The nealtn committee will further consider the subject.

The Prince Rupert Optimist

DAILY AND WEEKLY

THE OPTIMIST is the leading newspaper of Northern British Columbia. It has grown up with the city.

READING NOTICES and LEGAL ADVERTISING are 10c per line.

ADVERTISING RATES are one price to all—25c per inch each issue for display matter. This rate applies to all advertising without distinction of quantity or time of contract. Transient advertising will be charged at 10c. per line.

DAILY EDITION. UNION LABEL THURSDAY, APRIL 20

THE WAIL OF THE WOULD-BE SETTLER

No good purpose is served by attempting to conceal the fact that the conditions of land settlement all over Northern British Columbia and on Graham Island in particular are in an outrageous condition. This in spite of the fact that the press of the northern province seems to have entered into a conspiracy to suppress any information about it. The time has come when in our own interests, irrespective of all party preferences, the people of Northern British Columbia should bring pressure to bear and end the present insufferable conditions.

Already, large numbers of would-be settlers who have been decoyed here—some even from the shores of Europe—have written to their friends urging them not to follow until the laws are changed. Some have frankly stated to the Optimist their conviction that they were brought to the Province by false pretences.

It is not that the land is not here. It is not that the land is not of the rich fertility it is represented to be. It is not that there is not a good market for all the produce that the lands may grow. The lands are here, they are rich, and a market is waiting. On many tea-tables in Prince Rupert this week are to be found radishes and garden produce imported from Seattle. Anomaly of anomalies.

The trouble is that would-be settlers are not allowed to settle on the lands. The one necessary class—the only class who can effectively conquer the land—are driven hither and thither to please the coal grabbers and land sharks.

Though the whole of the east side of Graham Island from Skidegate Inlet to Masset Inlet was declared a reserve on July 30, 1908—and is still advertised as such—the would-be settlers on it are unable to obtain possession of lands. Some have been driven from their pre-emptions two and three times. Some after being granted records by the Provinical Government have had them recalled, on the plea that it had since been discovered that coal companies had prior claims. To their inquiries no satisfaction is given.

On September 3rd last, Hon. Mr. Taylor and the local member paid a visit to Masset. "They were received quietly, and in a manner befitting public sentiment up and down the Inlet," said the local paper. Both gentlemen promised to have the grievances of the settlers adjusted.

A session of the Legislature has since been held, but the grievances have not been remedied. Instead, an amendment to the Coal Act was brought in limiting the coal licensees' rights to the amount of the surface of the land required for mining operations. **But the law was not made retroactive.** And the reserve is already blanketed.

Writing at the time from Victoria to an elector about the matter Mr. Manson said: "I think that the best course to pursue is not to give the matter of the amendment to the Act undue publicity."

As it happens the best interests of Prince Rupert, of Graham Island, of the would-be settlers—even of Mr. Manson himself—demand that the matter be given due publicity. If the Islands are not settled, what is to become of our trade. Our storekeepers will lack customers. We will have to continue importing vegetables, and the would-be settlers will return to their homes in the prairie provinces and in Europe disgruntled with the country. This is a question all electors anxious for the progress of the district should unite upon.

Leave politics for the politicians, and let us do something to develop Northern British Columbia.

MUSINGS
—BY MACK—

"Ginger," observed a worthy and ever watchful alderman of Prince Rupert to me last night. "Ginger is what makes the world go round. Season your musings with ginger, and the whole city council of Prince Rupert will devour them with avidity. Aldermen thrive on ginger. Warmed up by its exhilarating influence they arise at the council board and perform prodigies of municipal activity. An ounce of ginger is worth a ton of soothing syrup."

Soothing syrup, I have noticed is supplied at the city hall. Some of it has come my own way in the course of my quest for news. It's fine stuff, finely manufactured, and very dextrously administered, but it isn't altogether satisfying. It comes in a bottle labelled "M. M.'s Fail Me Never—It Keeps inquisitive people quiet. None Genuine Without the Initials on the Label." The first dose is pleasant. The second a little stale. The third makes you tired.

Syrup, and ginger, and dough make ginger-bread (of a kind), and when the city hall syrup falls in beautiful globular chunks on the head of a half-baked alderman, the result is (generally) a ginger-bread alderman, if the baking process is carried to completion. It was the intention, I believe, to have gilded a couple and sent them to the coronation, which would have been a noble scheme. How well they'd have looked until the gilt came off the gingerbread.

While in the doughy stage aldermen are easily impressed and can be moulded into various useful and highly ornamental styles and shapes. The addition of the syrup is apt to make them slippery, though it also makes them stick together when jammed into a tight corner. This is not such a disadvantage as might appear. But they can generally be remoulded as good as new, and the ones that seem to have come out in good shape can be picked out for gilding. Unlike doughnuts they don't look so well with a twist in them.

MACK.

GET RID OF INK

Best Method of Removing Ink Stains on Wash Goods

To remove ink spots from wash goods, melt a piece of tallow and plunge the ink spot in the hot fat, then wash the piece at once and the ink will disappear unless it is a colored garment which will not wash, then drop melted wax on the spot, let it become hard and remove with a sharp knife. The ink will be soaked by by the wax, and if any stain remains from it, place a clean piece of blotting paper over it, and press with a hot iron to draw it out.

Hoo!! Hoo!!

There will be a grand concert and dance given by the Order of Owls in the K. of P. Hall on Thursday, April 20th, when a public installation of officers will be made. Tickets are now on sale. A splendid evening's fun assured. Come and help the Owls build their nest.

The only exclusive tea room in town is run by Reilly in the Empress basement.

KING GEORGE STAMPS

Details of the New Issue for the Coronation

Every effort is now being made to issue the new King George V. postage stamps in time for the coronation, says the London Daily Express.

To accomplish this a heavy task lies before the printers, who, to assure the success of the new issue and cope with the demand, are making arrangements to print one million stamps per hour. This will require about 200 hands, 2000 reams of paper, and one ton of gum arabic.

As it is the intention of the post-office to distribute the stamps simultaneously all over the British Isles, so that they may be on sale every where on a determined day, 1,000,000,000 stamps will be necessary to supply the 25,000 post-offices of the United Kingdom.

The new design was approved quite recently by the King, the postmaster-general and the board of inland revenue, and the royal mint is already busily engaged on the work of engraving the plates for the printing of the new stamps.

A keen philatelist, the King has shown a personal interest in the new issue, and has kept in constant touch with every phase of the work of printing the stamps. He personally examined and criticised the designs and sample engravings that were submitted to him.

Material alterations will be made in the design of the new stamps. As in the case of the King Edward stamps, the bust will remain unchanged, but the laurel and oak leaves have been replaced by some other appropriate symbol. The border and lettering have also been altered.

NOT HAREM SKIRTS

Swiss Women Wear Real Trousers

There is at least one place in Europe where trousers for women are the fashion, and they are real trousers, too, made of good wearing material, not the modern jupe-culotte, with its veilings of choice cloths.

The women of Camphery, the health resort in Switzerland, have from time immemorial worn honest masculine trousers. They wear them not to attract attention to themselves, but simply for the sake of convenience, for they have to perform tasks which require freedom of the nether limbs.

They not only perform all a woman's usual tasks, including the bringing up of very large families, but to a great extent the care of the cattle is left to them. In summer they labor in the fields and in winter they toil about the steep hillsides through deep snow, often on skis, feeding and looking after the stabled cows and goats.

UNITFD STATES

The late Tom L. Johnson, ex-Mayor of Cleveland, who died last week, was buried in New York near the grave of his old friend Henry George, the great single tax advocate.

Five hundred miles of carpet was shipped from New York to San Francisco last week by a special train of sixty cars. The shipment weighs 1,500,000 pounds and is worth $1,000,000, and is the largest and most valuable single shipment ever made. Its manufacture required the work of 8,000 workers for eight days, equivalent to one day's work for 64,000 operatives. It would cover a single width strip from New York to Buffalo, thence to Niagara Falls and lap well over into Canada.

Mrs. B. Curtain and children also Mr. J. L. Curtain of Saskatoon, have arrived in Prince Rupert and will buy, build and settle here.

They are at present residing with Mrs. Curtain's daughter, Mrs. J. Lorne MacLaren.

For fradulently using the mails, J. H. Miller of Aberdeen, Miss., was sentenced to seven years in prison and fined $11,000.

Since the Mexican revolution commenced, about 2,000 men have been killed in the battles, says Dr. David Watkins, a returned

LAND PURCHASE NOTICE

Skeena Land District—District of Cassiar
Take notice that I Joseph Belway of Vancouver B.C., occupation prospector, intends to apply for permission to purchase the following described lands:
Commencing at a post planted two and one-half miles in an easterly direction from the point on Naas River where the Lava Lake trail begins, thence west 80 chains, thence south 80 chains, thence east 80 chains, thence north 80 chains to point of commencement, containing 640 acres more or less.

= THE COSY CORNER =

DEVOTED PRINCIPALLY TO THE INTERESTS OF WOMEN

This is a little section of the paper, which from day to day will be devoted to subjects of special interest to women. Any and all of the ladies of Prince Rupert are invited to contribute to its columns, and to take part in its discussions. Suggestions and criticisms are invited by the editor. The hope is expressed that "The Cosy Corner" will fill a social need.

THE VOICELESS

We count the broken lyres that rest
Where the sweet waiting singers slumber—
But o'er their silent sister's breast
The wild flowers who will stoop to number?
A few can touch the magic string,
And noisy Fame is proud to win them—
Alas for those who never sing,
But die with all their music in them!

Nay, grieve not for the dead alone
Whose song has told their heart's sad story—
Weep for the voiceless, who have known
The cross without the crown of glory!
Not where Leucadian breezes sweep
O'er Sappho's memory-haunted billow,
But where the glistening night-dews weep
On nameless sorrow's churchyard pillow.

O hearts that break and give no sign
Save whitening lips and fading tresses,
Till death pours out his cordial wine
Slow-dropped from Misery's cruu
Slow dropped from Misery's crushing presses—
If singing breath or echoing chord
To every hidden pang were given
What endless melodies were poured
As sad as death, as sweet as heaven!

—Oliver Wendell Holmes

AMONG THE NEW SILKS

Beautiful Shades of Color Are Blooming in This Season

Some of the new silks are wonderful, and the border designs are exceedingly rich and beautiful. The colors are weirdly unlike the ordinary, familiar reds, blues, browns, and greens, but as ribbons and trimmings are designed to match them by the kind forethought of the manufacturers, nobody will be put to any trouble. The pinks have a luscious, fruity suggestion, inclining to purple. The purples, on the contrary, incline to blue, the blues to gray. The brown shades are most wonderful of all, and range from palest biscuit and ecru to a rich nut brown. Green is a particularly chic color, but it is too strong for a full costume, and its use will be confined chiefly to trimmings and hats.

TINY TROUBLE SAVERS

They Were Discovered to Help Housewives Here

Whiting, mixed to a cream with tepid water, is excellent for dirty painted work.

In preparing mayonnaise for a fruit salad some cooks substitute sugar f r he mustard

Olive oil w ll retain its rich flavor much longer if kept tightly corked and in a cool, dark place.

Butt r that is watery and not well worked should never be us d for cake, as t will make it heavy.

Batter puddings of any kind, especially when made with fruit, are more tasty steamed than baked

Before pouring hot fruit into a glass jar put it n a wet cloth. This will keep the glass from cracking.

Copper may be cleaned by rubbing with lemon peel and salt. Wipe off quickly and polish with dry chamois

To prevent milk from curdling add a g od pinch of carbonate of soda to each quart before putting t on o b l.

In corin apples w ch are also o be pee ed core them first d there is much less dar ger of their breaking

Cranberries if all are sound will keep well in a pail of water The water should be changed once a week.

In preparing chestnuts for a vegetab e boil in the shells and

Fingermarks and stains on porcelain, wood and window panes can be easily removed with coal oil and a soft rag.

ENGLISH BEEF PUDDING

Much Appreciated by Boys Who Have Good Appetites

Thre pounds of beef—cheap cut of round—one-half pound of beef suet, one quart of flour, two teaspoonfuls of baking powder, one-half teaspoonful of salt, one and three-fourths cups of milk and water. Cut the meat in ieces about one inch square. Put the meat through the food chopper and mix it with the flour, with which the baking powder and salt has been sifted; add the liquids, roll the dough to about one inch in thickness, having it round in shape. Lay it on the pudding cloth, which has been wrung from boiling water and dredged with flour to prevent the pudding from sticking. Spread over the meat and a little salt (the meat has little fat in it); dust with salt and a little pepper. Roll the dough as for a roly poly, plunge into boiling water and boil three hours, keeping the pudding floating during the entire time of cooking. If necessary to add extra water, be sure that it is boiling. On removing from the water open the bag immediately and turn the pudding on a hot platter. Cut a slit in the pudding, and if it does not seem to have sufficient mositure, pour into it a little stock or drawn butter. Half of the material called for in the above recipe makes a pudding large enough to serve six hungry persons. It forms an excellent substitute for a roast and is much less expensive.

THE BEST WAY

Forget each kindness that you may do
As soon as you have done it;
Forget the praise that falls to you
The moment you have won it;
Forget the slander that you hear
Before you can repeat it;
Forget each slight, each spite, each sneer,
Whenever you may meet it.

Remember every kindness done
To you, whate'er its measure;
Remember praise by others won,
And pass it on with pleasure;
Remember every promise made
And keep it to the letter;
Remember those who lend you aid,
And be a grateful debtor.

WINDOW SHADES WILL DO

They Make Good Wearing Chair Covers

After linen window shades become too soiled for use they may, after being washed, bleached and ironed, be utilized as a covering for an invalid's armchair, the linen being always cool and refreshing. The cover should be cut in two pieces—one for the seat and one for the back of the chair, and the edges feather stitched in white or a dainty color. Such a cover will wear and launder well for years.

A CLEANING METHOD

Gets Right Results with White Fur Cloth

To clean white fur cloth, first brush the garment to get all the dust out; then dip a perfectly clean sponge in alcohol and wash the nap thoroughly. While it is still wet sift into it all the powdered starch it will hold. Mix fine borax with the starch in the propertion of one part borax to three of starch. Put the garment away in a box, free from dust and leave three days; then take it out and beat and brush out all the starch.

N. W. L. C. Going East

At a meeting last week of the Westminster Lacrosse Club it was decided to make the trip east in view of the Nationals having secured May 20 and 24 as playing dates. There was not a dissenting voice and the players will get out to practice right away.

After the games in Montreal the team will visit New York, and before returning home will play the Tecumsehs in Toronto on June 3. Games with Ottawa, Peterboro and Winnipeg will also be arranged if possible.

The game with the Maple Leafs of North Vancouver May 13, will be played on the day the team leave Westminster.

William Queal of Alexandria Bay, N. Y., defeated Alfred Srubb of England, holder of the world's running record for ten miles, in a fast indoor race at the West Regiment Armory, New York, last Saturday. No record were broken. The time was 51.53. The record is 50.50.

Jack Laviolette, the star lacrosse and hockey player, and Gauthier, "the little dare devil" lacrosse player, are on the point of joinging Newsy Lalonde and Don Phelan on their way to the Pacific Coast to join the Vancouver Lacrosse Club. They have received telegrams from Con Jones, president of the Vancouver Club, which said: "I depend upon you to come West as you agreed last fall and expect you to keep your word."

Both Laviolette and Gauthier have told their friends that they intended to go, but would return in time to play hockey with the Canadians next winter. The departure of Laviolette will make things easier for President Murphy of the National Lacrosse Union, as several clubs had a claim in for the player's services and had appealed to the head of the Union.

Eddie McGoorty, the Oshkosh middleweight, now in England, has not been able so far, to induce Jim Sullivan, the English champion, to meet him.

J. Neilson, a 122-pound Pennsylvania boxer, is out with a challenge to any 122-pound boy in Canada, Tommy Sturch preferred.

Jack Dillon has signed to box Tony Caponi in Winnpieg the latter part of the month.

John Willie and Young Peter Jackson have signed to box in Saskatoon, Sask., April 20.

SHORT RUNS

Rev. P. R. Miller, agent of the New York Civic League, is no "piker." He told the Tory Methodist Conference yesterday that the professional baseball interests had raised $250,000 to railroad through the New York Legislature a bill to permit Sunday baseball.

And now it is reported that Arthur Irwin has been offered $25,000 to coach baseball teams in Japan. Want any more dope like that? No? Giddap!

The Pacific Coast League, whose season opened March 28, does not close until October 12. This is the longest season in baseball.

There are now 150 members of the National Baseball Writers' Association, representing more than sixty papers in the eleven major league cities.

HOME DRESSMAKERS

Try a Potato to Help in Pattern Cutting

In cutting out dress patterns, it is often difficult to find a piece of paper large enough, and one may not happen to have any paste at hand with which to join the pieces. In such an emergency, if you have a piece of cold boiled potato it will answer the purpose fully as well as paste. Rub the potato over the edges to be joined and press them firmly together.

About the only way to fix an oven that won't bake is to trade

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Examining Warehouse, Vancouver, B.C.," will be received until 4.00 p.m. on Monday, April 24th, 1911, for the construction of an Examining Warehouse, Vancouver, B. C.
Plans, specification and form of contract can be seen and forms of tender obtained at the offices of Mr J. E. Cyr, Superintendent of Public Buildings for Manitoba, Post Office Building, Winnipeg, Man., Mr. Wm. Henderson, Resident Architect, Victoria, B.C., at the Post Office, Vancouver and at this Department.
Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation and place of residence of each member of the firm must be given.
Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, equal to ten per cent. (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.
The Department does not bind itself to accept the lowest or any tender.
By order,
R. C. DESROCHERS,
Secretary
Department of Public Works.

TO A NEW OFFICE

Rogers & Black Will Go Into New Quarters, Second Ave.

It's a sign of progress when a firm moves into larger quarters. J. H. Rogers and Peter Black trading under the name of Rogers & Black, steamship agents and coal merchants will leave their little office near the G. T. P. wharf on Centre street today and take up quarters in a brand spanking new building on Second avenue. Incidentally "Uncle Jerry" will occupy the office next door.

Rogers & Black started in business here in February 1909, and since then they have sold tickets to people who have come and gone to the thousand and one corners across the globe and they have sold coal from the old stand that has warmed all sorts and conditions of hearts and toes. And they're going to do the same business at the new stand.

Before coming here Mr. Rogers spent several years in the Yukon. He was passenger and traffic manager on the White Pass & Yukon Railroad.

Peter Black was a miner.

The G. T. P. is driving everybody off the reserve as fast as possible.

BRITISH NEWS

Mr. W. W. Astor has purchased the "Sunday Observer," a leading British Unionist journal published in London.

Search is being made in Great Britain to ascertain the fate of the missing brother of the Earl of Leitrim.

Ernest E. Wilson, a pioneer of radiography at the London hospital, has died at his residence at Bishop's Stortford, Essex. A martyr for the benefit of humanity, Mr. Wilson endured terrible suffering with heroic courage. Two years ago he retired from the staff of the hospital, being incapacitated owing to the loss of several fingers as a result of the action of the X-rays during its experimental stages.

Inspector Dew, who beat Dr. Crippen and Ethel Leneve in a race across the Atlantic last summer, and arrested them at Father Point, is suing the London Daily Chronicle for libel in connection with statements made in the paper concerning the officer's professional conduct at Quebec. The paper admits publication, the only question remaining being the amount of damages.

A vessel of 5000 tons gross, with internal combustion engines, is being constructed on the Clyde. The vessel is nothing more than a large motor boat, the engines being worked with the cheapest kind of oil. It is estimated that 100 tons of oil will take the vessel as far as 300 tons of coal.

Sentence of eighteen months' imprisonment has been passed in Glasgow on Alexander McIntosh, who pleaded guilty to a series of immigration frauds. He formed a scheme for defrauding the public on the pretence that he was the general secretary of a fictitious association called the "Scottish Gardeners' Association." More than 100 men were engaged, and the prisoner defrauded some of the men out of small sums.

CANADIAN NEWS

The rate of pay for laborers on government works in the Columbia district has this year been increased to $3 per day.

The business office and headquarters of the Mountain Lumbermen's association has been removed from Nelson to Calgary.

A $200,000 plant for the manufacture of nuts, bolts, fishplates and other railroad materials, will shortly be erected at Port Mann by an English and Scotch syndicate. At the outset the plant will employ one hundred men.

HOUSE IN SESSION

Vote on Reciprocity Agreement the Main Question

GOVT. LEADERS HOPE

They Declare Measure will Pass Within a Fortnight. Caucus Being Held Today on Season's Programme.

(Special to the Optimist)

Ottawa, April 20.—Government leaders today predict that the Reciprocity Agreement will be ratified by Parliament at Ottawa within a fortnight. The Easter Recess has concluded, and the main question in the discussion of plans now is the question of securing the vote for the Reciprocity Agreement. Senate and Commons both met today, and arranged to hold a caucus to discuss the programme for the rest of the season.

A public meeting is called by the Young Liberal Association of the city to be held in the Empress Theatre tomorrow night at 8 o'clock.

Duncan Ross, Esq., ex-M. P. for Yale-Cariboo will give an address on the reciprocity question and what it means to Prince Rupert.

Mr. Ross is a splendid speaker and his address is being looked forward to very eagerly.

There will be other prominent speakers and musical items.

Seats will be reserved for ladies.

Classified - - Advertisements

One of the best services the modern newspaper gives the public is in the classified advertisement columns. There buyer and seller, employer and worker, landlord and tenant, and a host of others meet on common ground. To put this modern convenience in reach of everyone the Optimist will reduce its rate to a nominal price of a cent a word per insertion. Minimum charge of 25 cents. Here is our Classified Advertising Column for today. Watch it grow.

COUNCIL INCIDENTS

CONTINUED FROM PAGE 1

Want a Roadway

A petition from a number of residents in the district asked that a 16-foot roadway be constructed on Seventh avenue between Fulton and Dunsmuir street. It was sent on to the streets committee.

J. H. Rogers and the Continental Trust Company were given permission to construct a sidewalk on Second avenue at their own expense.

Engineer Thompson Engaged

Alderman Clayton moved that Mr. R. H. Thompson, city engineer of Seattle, be engaged at a sum of $2,500 to come here and consult City Engineer Davis on the plans for the waterworks and act as consulting engineer during the carrying on of the work.

Grade Won't be Altered

A large petition of ratepayers in the district of First and Second avenues, asked that the grade between the two avenues be raised City Engineer Davis advised that the application be refused for the reason that the railway grade at the waterfront was correct and the street was graded according to the railroad. The council supported Colonel Davis' recommendation.

Empire Got It

The tender for printing the specifications for the pipe line from Woodworth Lake was awarded to the Empire Printing Co. for $13.

Want Assizes Here

It is time Prince Rupert had an assize court submitted Alderman Newton, who mentioned the number of men here awaiting trial, the expense of sending them and witnesses to Vancouver, the advantage it would mean to tributary country, etc. He introduced a motion asking the Government to arrange for the required court, and the motion was carried.

Mayor Manson said he had approached the Attorney-General on the subject and argued that it would be a good thing for the council to get after Mr. Bowser.

Weather and Shipping

Weather conditions generally are improved according to reports from all the wireless stations this morning. Light breezes and moderate seas. Fair but cloudy. Some fog to the south.

Shipping movements reported from Tatoosh: Out steamer Atlas at 5.45 a.m. In tug Lorne 5.3 a.m. Out schooner Bee at 6.20 a.m. In schooner N. S. Plant 7.50 a.m. S. S. Empress of Japan passed out at noon.

CHOIR LEADERS DO TUNE

Vancouver Boys Sang Hymns but Rushed Cattle

(Special to the Optimist)

Vancouver, April 20.—For rustling cattle from a Lulu Island ranch two brother named Allman, church members and leaders of the choir in their place of worship, one of the well-known city churches, were today sentenced to two years in the prnitentiary. They pleaded guilty at their trial. Both were recently engaged in the butcher business in the suburbs.

Last night Mrs. J. C. McLennan held a Bridge party in honor of Mrs. T. D. Pattullo who is leaving the city on Friday for Victoria. A number of friends present were pleasantly entertained. The bridge prize was won by Mrs. D. McLeod, and Mrs. V. W. Smith carried off the booby prize. Regret is expressed among Mrs. Pattullo's many hriends here at her departure.

FIRE MOTOR NOW AWAITS

Arrived in the City Last Night

NO PLACE FOR IT

Council Insist on Comparing It with the Original Specifications before Accepting It—Driver to be Chosen.

Though the new motor fire engine is here the city council will not accept it until the arrival of the specifications and form of contract properly signed arrive from the offices of W. Seagrave & Co., Walkerville, Ont., the makers. Therefore the engine will not be used for at least two weeks as it will take that time for the papers to get here.

This was decided last night by the city council. It was mentioned that the new machine had arrived and Fire Chief McInnes wrote saying there was no place to store it. The fire and water committee were given power to get a suitable place.

Then Alderman Morrissey wanted to know if this $7,850 rig F.O.B. Prince Rupert was according to specifications of last year's council and if not then the council should not accept it.

City Clerk Woods said the specifications had been sent and a form of contract had been sent to Seagrave & Co., to be signed and had not been returned. These specifications and contract called for certain sized engines which the makers refused to instal. Alterations were then made and a contract drawn up.

Alderman Morrissey moved that the council refuse to accept the machine until the required papers were here and his motion was supported.

Mr. William Lee, the agent and company's expert, said he had wired for the papers but was prepared to leave a deposit that the engine was O. K., but he could not let it out of his hands until it had been officially accepted. The Mayor said it could not be accepted without the signed contract. etc.

The fire and water committee will appoint a driver, who will be thoroughly instructed by Mr. Lee.

NEARLY A DERELICT

Four-masted Schooner Helene Crippled Makes Harbor

(Special to the Optimist)

Hoquiam, Wash., April 20.—The four-masted schooner Helene from Honolulu to Gray's Harbor reached here today with only the foremast standing. When two days out from Honolulu and 1400 miles northwest from Grag's Harbor she encountered a terrific gale which crippled her almost completely. Making what speed she could with the single mast standing the vessel reached this port much delayed, but without further mishap.

The S. S. Prince George will arrive from Vancouver with passengers and mail on Saturday morning and will leave for the south again on Monday morning. She does not start on the run to Stewart until June.

FOR A PURE COMMUNITY

Prince Rupert Social and Moral Reform Council

ONE YEAR'S WORK

Efforts to Preserve Temperance. Educated Addresses Against the Social Evil. Sabbath Observance. New Officers and Executive Committee Appointed.

Intemperance, gambling, the social vice, and the white slave traffic, there are the main evils which the Prince Rupert Social and Moral Reform Council announces itself out to combat.

Last night in the St. Andrew's Hall, the members met to hear the annual report of the work, and appoint office-bearers for the coming year. The following are the office-bearers:

President, Bishop Du Vernet, (re-elected by acclamation); Vice-President, D. McLeod; Secretary-Treasurer, Dr. Cade. Nine members were appointed to form the Executive Committee. These were Dr. McNeill, J. Davidson, L. W. Patmore, W. Kennaugh, Dr. Kergin, A. J. Galland, A. Douglas, Arthur Ellison and T. C. Birnie.

Bishop Du Vernet read a report on the year's work. Regret was expressed that the council had not succeeded in carrying the local option issue, and that the extra hour at night had been granted the bars in spite of the efforts put up against this.

Retiring secretary-treasurer R. C. Bean stated that the council owed $18.10 and had in hand $9. Members' subscriptions, $1 per yrae, were now due.

In an address supplementary to the report, Bishop Du Vernet commented upon the fact that the Oolitical aspect of the city's life had not helped the work of the council.

Revs. Charles Sing, W. H. McLeod and F. DesBarres contributed addressed and Rev. F. W. Kerr moved a vote of appreciation of the efforts of Alderman Newton who made a solitary stand in council against the late hour closing of the bars. Mr. D. McLeod referring to that affair in the council remarked that he had never seen so poor an exhibition as the council made. They merely showed hands when they knew it would not do any good to hinder the carrying of the late-closing clause.

TROUBLE WITH BOILERS

S. S. Prince Rupert will Leave for South on Time

Owing to a slight trouble with her boilers the S. S. Prince Rupert, of the G. T. P. fleet, was unable to leave for Stewart this morning. The boilers have now been repaired and the Prince Rupert will leave for Vancouver at eight o'clock in the morning. The S. S. Prince Albert will take passengers for Stewart at eight o'clock tomorrow morning and will be back in time to leave for Queen Charlotte Island at noon Saturday.

THE WEATHER
