## HIGH PRICES REALIZED

### Auction Sale of G.T.P. Lots in Section 2 Show That the City Stands Well in the Eyes of Outside Investors---Abundance of Money is Ready to be Put Into This Place---Lots Sold Higher Than Was Anticipated.

That Prince Rupert's realty stands high on the outside was clearly attested to by the prices realized at the sale of G. T. P. lots in Section 2 yesterday. As at the former great auction of Prince Rupert lots in Vancouver, there was no stampede, but a methodical bidding on the lots after careful consideration as to values. When it is considered that the 162 lots sold brought over $132,000, or averaged $815 a lot, the property owner in the city can feel well satisfied with the outlook. It proves that prices elsewhere in the city have been very conservative.

While quite a sprinkling of outside buyers were present, the majority of those at the sale were local men, though many bought for outside investors. In many instances Old Country money was represented in the buying. The prices exceeded the general expectations of local men.

Since the announcement of the sale there has been much speculation as to what prices the lots would bring. It was therefore with keen interest that the opening prices were watched. David H. Hays, who had charge of the sale, was assisted by Mr. Ellis, in the capacity of auctioneer. Messrs. Linnell, Brown, Birch and Rogers acted as clerks. The sale proceeded with remarkable smoothness.

As soon as the doors of the Empress Theatre were thrown open the crowd of buyers rushed in and but a few minutes elapsed before the hall was packed, many ladies being present. After Mr. Ellis had announced the conditions of the sale the buy began with great avidity. The first lot was purchased by Dr. Clayton; the highest priced lots of the sale were purchased by Westenhaver Bros. for $3,175 for a pair.

After the sale, it was the concensus of opinion among the well informed that the prices brought at the first day's selling were exceptionally good, although not exorbitant. Although the prices were too high to allow the freedom of buying which was exercised at the first sale, there is nevertheless no small amount of elation felt that prices are so good. The prices brought at yesterday's sale show that property values in Prince Rupert are not inflated. Furthermore, the alacrity which was displayed both by local and out-of-town purchasers shows what confidence the people have in the future of Prince Rupert. As a result of this confidence there is no doubt but that the real estate market in the other sections will be exceptionally brisk.

The buying in the morning was much slower than in the afternoon, as some sort of standard had to be fixed. Only 42 lots were sold during the morning hours, whereas 120 lots were sold in the afternoon. The sales for the morning amounted to $39,725, and for the afternoon $92,390. In all there were 162 lots sold for $132,115, an average of $815 a lot.

The selling will be resumed this morning at 10 o'clock at the Empress Theatre and it is expected that the selling will be very rapid. The sale will probably last until Saturday noon.

Victoria, Dec. 1.—There is still no word from the steamer Tees. A thick fog prevails off the entrance to Kuyoquot Sound. The rescuing vessels are still awaiting a chance to get in.

### NAVY MAY STAGGER GERMANY

**London, Dec. 1.—The Express, alluding to the rumors that Hon. Winston Churchill contemplates a huge naval loan, so, undoubtedly Canada means contributing cash or kind and the result may mean a co-operation such as will stagger Germany in her advanced programme for naval extension.**

## EXPECT NAVAL LOAN

### Pall Mall Gazette Announces That $150,000,000 May be Floated to Supplement the Usual Estimates for Extension of the British Marine Forces---Indicates That Policy of Motherland is to Maintain 2 to 1 Standard.

London, Nov. 30.—The probability of a big naval loan in the near future is again revived by the Pall Mall Gazette, which anticipates that $150,000,000 or more will be raised as a supplement to the usual naval estimates.

In view of the campaign of Germany for an increased navy, this is taken to mean that Great Britain intends to maintain the two to one standard which has been her traditional policy in naval matters for a long time.

### TOOK HIS LIFE

**Stranger in the City Committed Suicide in Queen's Hotel Yesterday Forenoon**

(From Thursday's Daily)

John Kelimit, a Dane, was discovered in a room in the Queen's Hotel yesterday forenoon about 11 o'clock with his throat cut open by a razor. There was no doubt but that his death was at his own hands. The self-inflicted wound was a deep one which would cause death instantaneously.

A very short time before he was about the hotel, no one noticing anything peculiar about his actions. No reason is known for the act.

The man had no friends here. At the inquest last night one witness, J. Wray, testified to seeing him here a year ago. He went to Nome later, and was a member of the Western Federation of Miners, Nome Camp, a membership ticket being found on him. He had about $244 on deposit in the Royal Bank in Vancouver. The funeral will be in charge of E. L. Fisher.

### ITALIAN FLEET IN ACTION

New York, Nov. 30.—Despaches from Perim say the Italian fleet is bombarding Sheik. It is said there is grave danger that the entire town may be destroyed. The inhabitants are fleeing.

### James B. McNamara Confesses Connection With Blowing up Los Angeles Times.

**His Brother Acknowledges His Part in Destroying Llewyllen Iron Works**

Los Angeles, Dec. 1.—James B. McNamara pleaded guilty this afternoon to murder in the first degree in connection with the death of Charles Haggerty, a victim of the Times explosion and fire.

His brother John, jointly indicted with him, pleaded guilty to destroying the Llewylin Iron Works.

They will be sentenced on Tuesday, December 5. James, it is said, will probably get life imprisonment. John will probably get fifteen years.

Within fifteen minutes after the court opened the trial ended abruptly, the prisoners making their confession and being taken back to jail.

### MURDERED IN VANCOUVER

### TOOK POISON

Vancouver, Nov. 30.—Harry Greene, 22 years of age, took poison in his rooms here and committed suicide. No cause has been found for his action.

### SCHOOL CHANGES

**Male Assistant Will Be Engaged to Take Up Duties After New Years**

The Board of School Trustees has decided to emply a male teacher as first assistant to Principal Hunter, and accordingly have advertised for applications. This followed the resignation of Miss Mebius. The decision was reached by the board at a recent meeting as being in the interest of the school and in line with the general practice followed in the leading city schools in the province.

With the extension of the school system here following the increase in population additional principals will be required and by placing male teachers in the schools principals may be in training to meet the new conditions.

A reorganization of the existing staff will be necessary following the appointment being madè.

Miss Mebius has resigned on account of ill health. The trustees, in recognition of the valuable services rendered by her, passed a resolution expressing regret at her resignation and tendering her a testimonial.

### MYSTERY OF TEES

Victoria, Nov. 30.—Nothing further has been heard from the steamer Tees. The steamers which went to the rescue have arrived at the entrance of Kyuquot Sound but are unable to go farther owing to the dense fog and heavy seas. It is believed the passengers from the vessel are safe on shore. Apparently the Northwestern did not pick her up as at first reported.

### THE WEATHER

According to the records taken at the local meterological station by F. W. Dowling the weather conditions for the past month showed the following:

| | |
|---|---|
| Mean temperature for Nov. | 37.0 |
| Precipitation, rain | 7.81 |
| Precipitation, snow | .59 |
| Total precipitation | 8.40 |

M. Federici, of Vancouver, who represents the Italian Herald of New York, one of the largest read Italian papers in America, is in the city for a few days.

# VISITED BY FIRE

## Registry Office of Provincial Government Group Completely Wiped Out Yesterday Afternoon.

### By Hard Work Flames Kept From Destroying Other Property but Main Building Suffered

(From Tuesday's Daily)

The land registry office of the provincial government group of buildings was totally destroyed by fire yesterday afternoon By dint of hard work the firemen and a willing staff of citizen volunteers the adjoining building, the Government Office, was saved, although badly scorched and rendered useless for some little time to come until repairs can be made to it.

Happily the checking of the fire from getting hold of the government office prevented the chance for very serious results, as the flames would probably then have spread along Second Avenue in the direction of McBride Street with fearful consequences. So alarmed did some of the owners in blocks between Second and Third Streets become that they began removing stocks from the stores.

After a terrific fight, however, the fire was kept from getting any decided hold upon the government office.

**The Outbreak**

The exact cause of the fire is unknown. It originated in the basement, probably near the engine used for the steam heating plant. The first intimation that anything was wrong was when smoke was detected in the offices about 2 o'clock. Investigation revealed the fact that there was a fire in the basement and clouds of dense smoke issuing into the offices on the ground floor and from the rear of the building into view by those outside showed that the fire had made considerable headway.

In addition to the land registry office there was in the building the office of the provincial assessor, A. Cuthbert, and the provincial police force.

The staff on duty, assisted by others who were about, began the work of clearing papers and books out and carrying them to the city police office.

**Loss of Cash and Papers**

The vault was closed and everything done to save what was valuable. Until the whole situation has been gone over carefully it will be impossible to say definitely what has been lost and what has been preserved.

In Mr. Cuthbert's office at least $5,000 in cash and in bank checks, money orders and other papers have been lost. This represented payments received at the land sale and taxes received during the last day or two. It was in the office drawers, and when an attempt was made by him to get it, the heat was so intense that he could not do it.

**Beyond Control**

When the fire department reached the scene, the flames were shooting out from the basement at the rear of the building. A plentiful supply of water was not available and, it being impossible to get into the basement on account of the smoke and the heat, the floor of the building soon was aflame from the heat below.

It soon became evident that there was no chance to save the building and attention was devoted towards taking means for saving the government building, which lay next to the registry office. The books and furniture were removed from the government offices early, as it seemed highly probable that nothing would prevent the flames jumping across the short space separating them.

From time to time the flames leaped over to the government building as the wind shifted. Fortunately it was an intermittent wind and veering in such a way as to carry the flames in the other direction, thus giving the firemen a chance to extinguish the flames that incessantly took hold of the roof and the cornice of the building. For some minutes before the walls of the registry office fell in the attention of the department was directed altogether to saving the larger office, which was accomplished only with three streams playing upon it.

**Danger Passed**

The falling in of the walls of the registry office removed further danger and within half an hour of the outbreak all that remained of the office was the vault, the chimney and a charred heap of lumber.

The furniture of the provincial land office suffered severely in the manner in which it was removed. Tables, chairs, etc., were thrown from the upstairs, only to be broken as they reached the ground.

Then an attack was made upon the residence of J. H.McMullin, the government agent, in the same group. With the best of intentions, the material was removed from it but it suffered very severely in the movement, and fixtures in the building were torn down, ruining them. Windows were removed in the haste to get furniture out. In the work the prisoners in the lockup showed their respect for Mr. McMullin by an earnest endeavor to get all out of his house possible.

**Personal Losses**

While Mr. McMullin loses heavily through the breakage of material, and others suffered heavily, Judge Young's splendid law library, which was in his room in the government building, suffered damage. The books were thrown out of the window into the mud and many will be practically ruined.

Mr. McLeod of the land registry office lost about $450 worth of law books, many of them being old reports that cannot now be replaced.

**Vital Mistake**

While the firemen worked with a will, and worked hard, there were some mistakes made. One was the fastening onto the old hydrant at the corner of Fifth Street and Third Avenue, which has been a blind hydrant for months and from which no water could be obtained.

The government carries no insurance. The registry office cost about $7,000 when built, the abstract price being about $6,100, which with extras brought it up to the figure stated.

**Temporary Quarters**

The government agent is in communication with Victorra in the matter of temporary quarters. For the court that is to be held here this week at which Mr. Justice Clement will preside the McIntyre Hall has been secured.

The government building is badly wrecked and it will take a lot of money to put it in shape again. Temporary quarters will have to be obtained at once.

**Embers Carried Far**

Embers from the burning building were carried across to the G.T.P. reserve and several fires started among the rubbish there. In one instance the roof of the freight shed of the G. T. P. took fire.

The flag pole on the government grounds became a favorite place for the flames to run up and it is charred far up its length

**$85.00 Profit**

IN SIX MONTHS ON AN INVESTMENT OF $15.00 IS GOOD ENOUGH FOR ANYONE

33,000 SHARES HAVE BEEN ALREADY SUBSCRIBED FOR

## The Diamond Drill on the Ground Today
## Limited Amount of Stock at 15 Cents---5 Cents Cash

Read this offer over carefully. Be sure that it is right, then don't wait. The owners take a chance with you. They put up the coal lands and you put up the money to prove the coal, one-half of the stock for you, and one-half for them. This is one of the fairest and best offers ever made to the public under ironclad conditions. A business proposition from start to finish, there is nothing on the market like it. Leases and Crown grants to over 3,500 acres of the best coal lands on Queen Charlotte Islands are being conveyed free from all encumbrances to the Northern Anthracite Collieries, Ltd., capital stock 1,500,000 shares, par value of $1.00 each; one-half of this stock for the treasury and one-half for the owners of the land. The first 100,000 of these shares of par value of $1.00 each, non-assessable and fully paid up, are to be sold at 15c, 5c with application, 5c in 30 days and 5c in 60 days. The proceeds from this block of stock will be used proving these coal lands with a Diamond Drill under special contract, and in charge of competent management. It is expected that the proceeds from this first block of stock will be sufficient to put down at least three or more boreholes of 1,000 feet each. This will undoubtedly cut one or two seams of splendid coal—then see your stock jump. Satisfactory tenders have been accepted and a contract let to the Diamond Drill Contracting Company of Spokane, Wash., for the boring and drilling operations. As an emergency, and to be absolutely on the safe side, a further block of 100,000 shares of treasury stock will be offered at 25c per share, 5c on application and 5c per month until paid, as soon as the first block has all been subscribed.

Now, use your own judgment, but consider carefully what your chances are of making $85.00 on an investment of $15.00 in six months, or $1,000 on an investment of $150.00, for as sure as the sun rises and sets this stock will go to $1.00 at least as soon as the drill cuts through the seams of splendid coal that are surely there, according to all experts' reports of the highest obtainable authority, who have reported on the Queen Charlotte Islands coal measures as follows: T. R. Marshall, F.C.S., 1902; Dr. George M. Dawson, D. S., A.R.A.R.S.M., F.G.S., 1878; H. E. Parrish, John J. Langdale, 1867; James Deans, 1872; James Parkinson, 1888; R. W. Ellis, 1906; T. B. Cory, of the State of Washington, U. S. A., and our own expert, C. F. J. Galloway, B.Sc., who is among the best authorities in B. C.

These reports cover first the Wilson-Robinson coal fields, three miles north of this coal land; second, the Old Cowgate coal fields, almost adjoining on the west; third, the Alfred Bay coal fields on the south; and fourth, the company's own coal, all of which are positive evidence that this is one of the best coal fields on the Queen Charlotte Islands. Situate on Graham Island, Bearskin Bay, one of the best harbors in the north, at the gateway of transportation to all points of the world, and at the very doors of Queen Charlotte City; in fact, a portion of this coal underlies the townsite. No railroads to build—just load the coal from the mines to the boats. These are facts that defy contradiction, and within five days the Diamond Drill will be on the ground and in operation. This is the only way anyone can tell how many millions of tons of coal there is in the property.

All applications will be filed in order received, and only 100,000 will be sold at 15c.

How many times in your life have you had a chance like this? A square deal for once at least in a stock proposition, with almost a certainty of the stock being worth $1.00 before you have made your third payment at 15c. Do not hesitate. Send in your application today.

For further information call or write to the head office of the company, 506 Pacific Building, where the report of C. F. J. Galloway, B.S.C., on this coal land can be seen. His report is all that could be asked, practically saying that the coal is there beyond a doubt, with sufficient **evidence in sight to warrant drilling** and development work at once.

**Paragraph From Mr. Galloways Report**

"The easiest seam to prove will be the Cowgitz, as its horizon is known. I should, therefore, recommend you to put down a borehole near the eastern end of your easternmost section. At the point marked C on the map the position of this seam should be passed through at a depth of about 500 feet, the Camp Anthracite seam being probably passed through in the same hole, if it occurs at all in this locality."

All promoters' stock is to be pooled until $200,000 has been raised for the purpose of developing the mine.

In conclusion, you will have the satisfaction of knowing that your money is all goinng into proving the coal is there, not into the promoters' pockets nor to pay for a dead horse of any kind, as the coal leases and titles are all paid for and clear of all encumbrances and will always be a valuable asset. Fill out the application form for any number of shares you want and address your application to H. F. McRae & Co., Second Avenue, Prince Rupert, who are the authorized agents to receive applications and receipt for same. All cheques or money orders should be made out to them. You are requested to make any enquiries not answered in this advertisement, which will receive a prompt answer. The solicitors for all concerned are Burns & Walkem, 415 Winch Building, Vancouver, B. C.

## FELL TO HIS DEATH

**John Crawford Who Had Bean Here Only Short Time Found Dead on Sunday.**

**Victim. Had Accidentally Fallen Over Ten Foot Rock Embankment**

(From Tuesday's Daily)

On Sunday morning some children playing near the corner of Second Avenue and Eighth Street found the body of a man lying the base of the stone embankment. They summoned Thomas Trotier, who, after satisfying himself that the man was dead, called the police. The victim of the accident proved to be James Crawford, who had been here since early in October and who had apparently fallen over the embankment, a distance of ten feet, striking his head on the rocks below, causing death. The man is little known here. He had come originally from Sussex, N. B., but had later lived in North Dakota, and had then come to Vancouver, leaving that city October 2 for here. He had worked up the river for a short time and then came back to Prince Rupert, a few days ago.

Crawford was addicted to drink and was possibly somewhat intoxicated when he fell over the embankment on Saturday night. He had been staying at the Grand Hotel but had left it and was going, it is thought, to the St. James Hotel.

Death was caused by concussion of the brain, his head striking the rocks at the base of the wall.

An inquiry was opened last evening. The coroner, J. H. McMullin, was to have been present but the fire in the government buildings prevented his attendance. Chief Vickers conducted the inquiry in his absence.

John McKinnon was first called. He had met the deceased at Kitselas, where he was foreman. After working some time they both came to Prince Rupert. Both went to work for the G. T. P. in the yards and worked eleven days. Crawford quit on Friday. He was drinking heavily. Saturday he left the Grand Hotel.

Thomas Trotier testified that he was aroused Sunday morning by some small boys and told that there was a man lying face down on the rocks at the corner of Eighth Street and Second Avenue. He went to see if it was true and then notified the police.

Alberd Christerman, who had known the deceased while he was working in the G. T. P. yards, said that he (... Crawford) was drinking very heavily.

Police Officer Bailey said that they had a call at 10:15 a. m. Sunday and Officer Hamblin and himself hurried to the scene. Bailey searched the clothes of the deceased and found a knife, two combs and a small envelope containing a bill from Wellan Maryhus & Co. requesting a settlement of an account. It was dated from Mayville, N. D., September 14, 1911. A G.T.P. steamer ticket dated Vancouver, October 2, 1911, and some newspaper clippings were also found on him.

### INCREASED SALARY

**Fred Peters, K.C., Will Receive Advance as City Solicitor—Increases Made by Council**

The city solictor, Fred Peters, K.C., will have his salary increased to $250 a month. This decision was reached at the meeting of the council last evening. The motion was introduced by Alderman Clayton.

An amendment was introduced by Alderman Newton that there be no increase in salaries by the present council.

Alderman Clayton felt that Mr. Peters would compare very favorably with any counsel in the city. In placing his salary at $250 they were still saving $100 from what was paid the solicitors of the year before. Mr. Peters, in connection with the hydro-electric proposition and again in the G. T. P. settlement, had given services that would repay the extra remuneration alone.

Alderman Morrissey, while believing in retrenchment, felt that this increase was warranted.

Alderman Kirkpatrick, in seconding the motion of Alderman Newton, said that he did not do so because Mr. Peters might not deserve it, but at this late time in the term of office he did not feel like advising an increase.

Alderman Newton said that no request had been made for this, which was peculiar.

Alderman Hilditch said that the very fact that there was no request for an increase was the greater reason to his mind for raising it.

Alderman Douglas favored retrenchment all along the line.

The amendment of Alderman Newton was lost and the motion of Alderman Clayton in turn carried.

At the Prince Rupert General Hospital this afternoon there passed away Arthur E. Cox of Kitselas. The deceased was a prospector, a native of the United States. He was 50 years of age. The remains are in charge of E. L. Fisher at his chapel, where they will remain awaiting instructions from a sister who lives in Michigan.
