LEAVES FOR VICTORIA

Mr. Manson Has Gone to Attend to His Duties in Legislature at Victoria.

Ald. Pattullo Wishes Him Well—Ald. Smith Elected Acting Mayor.

Last evening Mayor Manson left the city for a few weeks to attend the sitting of the legislature in Victoria as member for the Skeena district. He will not be absent many weeks and while his duties as member require his presence there he will be able at the same time to do considerable work which should be of an advantage to the city. There are questions affecting Prince Rupert very closely and Mr. Manson will be in a position to deal with the government in these matters. The city will suffer no disadvantage in these matters, it is safe to say, and in a new place like Prince Rupert, this is not to be overlooked.

Mr. Manson was accompanied by Mrs. Manson and two of their children.

If anything arises that may require his attention here, Mr. Manson will return before the session closes. If not, he may remain until the close o fthe house.

Ald. Smith has been elected acting mayor during the absence of Mr. Manson. He was appointed by the council on the motion of Ald. Kirkpatrick.

Ald. Smith xpressed his appreciation of the honor done him by his selection as acting mayor.

Ald. Pattullo regretted that His Worship was to be absent at this formative period of the city council's work. He hoped that His Worship would, however, be able to do work while he was attending to his duties in the legislature that would be of service to the city.

Mayor Manson thanked Ald. Pattullo for his expressions. He said he did not expect to be away long and would complete his duties as quickly as possible and return. He hoped to be able to transact some business that would be to the advantage of the city, while absent.

ON IMPORTANT COMMITTEES

VICTORIA, Jan. 20.—The standing committees of the session of the legislature have been appointed.

Members of the public accounts committee include William Manson, of Skeena. Dr. Callihan, of Cariboo, is on the printing committee. Archie McDonald, of Lillooett, is on the railway committee. William Manson, of Skeena, Archie McDonald and Dr. Callihan are on the mining committee. Mr. Manson is also on the municipal committee and Mr. Frazer, of Cariboo, on the committee on agriculture.

STARTING ON ROAD

John Jardine Does Not Criticise the Government's Railway Policy.

Liberal Member Shows He Is in Hearty Accord with the Plan of the Ministry

(Special to The Journal)

VICTORIA, Jan. 20.—John Jardine, the Liberal candidate for Esquimalt, through which riding the Canadian Northern railway will run, does not share the views of the opponents of the McBride government as to the undertaking.

Speaking in the debate on the address of His Honor the Lieutenant Governor on Thursday, he said: "I have an assurance that Vancouver Island portion of the Canadian Northern Pacific railway will be under construction within thirty days and hope that members of the government and the house will be invited by the company to go out and see the premier turn the first sod.

ALTERING GRADE

Council Passes upon the Change on Second Avenue Street Levels

At the Wednesday evening meeting of the city council it was decided on the report of the streets committee that the change of grade on Second avenue should be allowed. In explanation of this it was pointed out that it would not interfere with the existing contracts, as provision was made for such changes by the engineer in all contracts let. As a matter of fact there would be less rock excavated under the change on Third avenue, so that the contract would be reduced in its total amount.

The change would give a grade of 6.57 per cent on the steepest part of Third avenue. On Second avenue the grade would be 5 per cent.

The cost of the change would amount to $4,500 in the street work and about $7,600 on the buildings required to be raised or lowered. The whole added cost would represent $6.44 a foot.

LUMBER CONTRACT

Westholme Company Will Supply the City With the Two Million Feet Required

The Westholme Lumber company is to be awarded the contract for the two million feet of lumber for which tenders were called some time ago. This action has been precipitated by a letter read at the last meeting of the council from that company, explaining that if the contract were not at once entered into so that an order could be placed, a higher figure would have to be demanded.

The tender of the Westholme company was the lowest when received some weeks ago, but a delay followed letting it.

Ald. Hilditch explained the situation. He said when the tenders were called in December for the lumber it was felt by the committee that the lowest tender was rather too high. It was felt that it would be as well to leave over the matter of a contract until the spring and secure only what was necessary for the time being. In view of the fact that they required lumber at once and the Westholme company was not prepared to supply smaller amounts, he moved that the contract be entered into with the Westholme Lumber company.

The motion carried.

A PRETTY WEDDING

Popular Residents of the City Joined in Matrimony Last Evening.

Dr. McNeill and Miss Ray Were Married at the Home of Mr. W. E. Williams

The home of Mr. and Mrs. W. E. Williams, Borden street, was the scene of a very pretty wedding yesterday afternoon when Miss Eva Ernstine Ray was wedded to Dr. Neil M. McNeill.

The bride, who was given away by Dr. W. E. Williams, was attired in a gown of white embroidered satin and wore the conventional veil with a coronet of white flowers and carried a beautiful shower bouquet. Her only attendant was little Miss Doris Pattullo, who acted as flower girl.

The groom was attended by Cyril H. Orme. Mrs. W. E. Williams, Mus. Bac., played the bridal march from "Lohengrin" during the entrance of the bride.

The groom's gift to the bride was a valuable lot and a piano; to the flower girl a pearl brooch, and to the best man a pin and cuff links. The presents to the happy couple were numerous and valuable, varying from a splendid sewing machine to a silver tea service.

About twenty-five guests sat down to dinner and merry was the feast and long. The Rev. F. W. Kerr officiated and acted as toast master. After dinner and much speech making, the happy couple left amid torrents of rice and confetti on the S.S. Prince George en route to Southern California, the bride travelling in a charming suit of pale blue serge with gloves and hat to match. Many friends gathered at the wharf to see them off.

Dr. and Mrs. McNeill, both of whom are exceedingly popular in the city, will be absent about three weeks, when they will return and make their home here. On the return trip they will visit friends in Vancouver and Victoria.

TREMENDOUS RUSH INTO THE INTERIOR

Reports Tell of Great Numbers That Await the Opening of Spring to Invade the Mining Districts Reached From This City.

The coming summer will, it is safe to say, see a tremendous rush into the interior of the province by way of Prince Rupert. C. Van Arsdol, the engineer in charge of the western portion of the G. T. P., recently returned from the south. He says that there can be no mistaking the move that is to follow with the opening. The different mining camps in the west are all looking to the northern interior of British Columbia and with the first move in the spring these will invade the district. He prophesies that there will be an influx into the Hazelton district this coming season quite as pronounced as was the rush to Portland canal last season.

The opinion of Mr. Van Arsdol is borne out by the many enquiries that are from time to time made from these mining centres in the western states with respect to the mans of communication with the interior.

The G. T. P. is preparing for a heavy trade up the river this year. For the early spring rush a suitable service will be provided for the first 100 miles after which the river steamers will have to be resorted to. There will, however, be a steamer from the end of the rails to Hazelton or Ellison every day at least, so that no lack of accommodation should be found.

Relative to the G. T. P. line out of Prince Rupert it is a splendid advertisement, for the character of the track laid that the engines employed are capable of hauling heavier loads along the first 100 miles of track east of Prince Rupert than the same class of locomotive would haul on the prairie sections.

The road out of Prince Rupert is practically level, a condition that is seldom found on the prairies in spite of the general even extent of the plains.

In addition to the mining movement, there are constant enquiries about the agricultural possibilities of the interior showing that the land is to be developed in conjunction with the opening up of the mines.

CRUSHED BY ROCK

Austrian Driller Meets Death on First Avenue Near Beach Place.

Huge Mass Rolls Upon Him, Killing Him Almost Instantly

Yesterday another fatal accident occurred in connection with the rock work in the city. This time death came to an employee under one of the city contracts.

While holding the drilling steel, preparatory to putting in a blast by which a large mass of rock was to be loosened on First avenue near Beach place, Rada Mastilovich, an Austrian, was crushed to death. The rock which had been loosened by a previous blast, began to move and before the unfortunate victim of the accident could get clear he was carried down with it, the rock crushing the lower part of his body to a pulp.

It was only after the greatest difficulty that the rock was removed so that the body could be removed.

Death was almost instantaneous.

A post mortem examination was held by Dr. Eggert and an inquest ordered by Coroner McMullin. After the jury viewed the remains last evening, the inquest was adjourned until next Friday.

The body has been prepared for burial by Hayner Bros., undertakers. The funeral which took place today at noon, was very largely attended by comrades of the deceased.

WAR ON UNDESIRABLES

Frequenters Are Made to Pay Fines—Sentence of Six Months for Blood

J. H. McMullin, in the absence of the police magistrate, is dispensing justice in the police court. This morning evidence was not wanting that the police force has waged a war on undesirables. Two, charged with being frequenters of a house of ill-fame w,ere fined $25 each.

L. W. Blood, who was convicted of living off the proceeds of prostitution, was sentenced to six months in jail.

G. A. McNicholl, G. T. P. superintendent here, has returned to the city after a visit to California, where his family is spending the winter months.

NAVAL PROGRAMME

Canadian Government Plans to Provide for Two More Cruisers on Pacific.

They Will Be of the Bristol Class—Destroyers of River Class to Be Added

(Spjecial to The Journal)

OTTAWA, Jan. 20.—It has been announced in the senate that the plans on which the Canadian cruisers and destroyers will be built have been received from England.

The announcement is that the naval programme called for the construction of four second-class cruisers of the Bristol class and six destroyers of the improved river class.

In addition to these there were the Niobe and the Rainbow.

The Pacific coast will be assigned two of the Bristol class in addition to the Rainbow.

CHILDREN LOST LIVES

Four Meet Death in Fire Which Destroyed Their Home

HALIFAX, Jan. 20.—Four children of Gabriel Leni, of Little Tancock Island, lost their lives in a fire which destroyed the home.

NAMING WARSHIP

WINNIPEG, Jan. 20.—The council of this city will petition the Dominion government to christen the next warship for the Dominoin, Winnipeg.

SALE OF FURNITURE

Flexman and Brown's Stock Is to Be Offered at Sacrifice Prices

F. W. Hart has purchased the entire stock of furniture carried by Flexman and Brown and is putting it on sale at once at greatly reduced rates.

The stock is being removed to the building on Second street near Second avenue, formerly occupied by the Mining exchange. Here, Mr. Hart is prepared to meet any customers, the sale opening tomorrow.

The stock is a large one and must be sold in a hurry. All seeking bargains are warned to make their selections early. Later Mr. Hart will announce some of the details of the sale.

The stock is a very select one, including every class of goods that is required in the line of house-furnishing. The opportunity afforded to replenish the house is an excellent one and should be embraced by all residents of the city.

WATER PROPOSITION

Ald. Pattullo Is Solicitous About the Financial Side of the Question

At the last council meeting, Ald. Pattullo wanted to know if the finance committee had taken any steps towards financing the scheme for supplying water.

His Worship said that the idea was to get the fullest information as to the requirements, from the engineer and then they would be in a position to know just what would be required.

Ald. Pattullo thought there might be trouble with the bank in getting the money.

His Worship said that if the arrangements were made for the issuing of the debentures any bank would advance the money.

Ald. Pattullo felt that if this were true it was all right. He felt, however, it would be better to go into it with the bank so that there would be no danger of being held up by the bank and a delay of three months perhaps while the debentures were being placed on the market.

NEW FIRE HALL

Steps Taken to Secure Permanent Location at Top of Hill on Fulton Street

On the recommendation of the fire and water committee of the council it was decided to take steps to secure a new fire hall site on Fulton street near the corner of Fifth avenue. This would permit of an easy run in different directions and a permanent building could be put up. Ald. Smith, the chairman of the committee, in support of the move pointed out that the site was a desirable one and before the heavy equipment arrived they would need a more substantial building.

Ald. Newton wanted to know if it was the policy to have the auto fire equipment come on.

Ald. Smith said that a combined auto chemical and hose wagon had been ordered. It was a special order and he did not think that it would be wise to cancel that order now.

A recommendation to provide for a team of horses and an engine to be hauled by horses was put forward and will be dealt with when the site is secured.

A CITY HALL SITE

Council Fails to Settle Upon Market Place as Most Suitable Location.

Mayor Manson Will Endeavor to Have That Portion of Ground Reserved

The city council on Wednesday evening got down to rather full discussion of the question of a city hall site. Last year's council decided in favor of the Market place as the most suitable place for a city hall and accordingly requested Premier McBride when he was in the city to grant it, setting forth that the council was liable to have to vacate the premises now occupied at any time. No definite action was taken and Mayor Manson at the first meeting of the council advised the council to look into the matter and if it were still the wish of the council to have the Market place as the site, he would take it up with the premier as soon as he went to Victoria, and see if something definite could not be done enabling the city to make a start on a permanent building if deemed wise.

Last evening the question came up on a report from the streets committee, when Ald. Hilditch, the chairman, and Ald. Pattullo strongly urged the Market place site.

Ald. Morrissey, also of that committee, was not in favor of that site, preferring Fulton and Fifth streets if it could be located there.

The site on Market place, recommended, is Block 15, which is surrounded by streets and alleys, making it perfectly isolated as far as other business blocks are concerned.

As soon as the report was presented at the council meeting, Ald. Morrissey said he had not agreed with

(Continued on Page Eight)

CHANGE LEGAL END

City Council Dispense With the Services of the City Solicitors.

Any Business Required Will Be Attended to by Any Lawyer Engaged

The city council has decided to dispense with the services of the legal department and an experiment will be tried of having the work done as required by any law firm the mayor and the chairman of the committees may see fit to employ. This decision was reached at the last meeting of the council.

Ald. Smith moved that whereas the labor connected with the legal department of the city was not commensurate with the cost that a reduction be made to $150 a month.

Ald. Pattullo did not agree with the preamble of the motion. In view of the work done by the solicitors last year, he did not think the amount was excessive. He thought the sum placed by Ald. Smith was too low.

SURPLUS OF $25,000

At the council meeting on Tuesday night, in reply to some questions as to the financial situation raised by Ald. Morrissey, the statement was made by Ald. Pattullo that when the various amounts advanced out of general revenue to works that would be chargeable under local improvement or under various other heads, such as permanent water supply, etc., there would be a surplus of about $25,000 over from last year.

Ald. Newton did not agree with the motion. The cost for legal work was too high for a city like this. He favored dispensing with the city solicitors. He would therefore favor employing legal representatives as required, paying them for their services. The council would then be able to judge what the legal expenses should be.

Ald. Hilditch favored Ald. Newton's motion, although from a somewhat different standpoint. The present city solicitors had expressed their intention of refusing to take a lower salary. If it were found necessary later on to secure a permanent solicitor one could be secured for $200 a month, he felt even if they had to bring in an outside solicitor.

Ald. Pattu'lo did not agree witn the amendment. It had been found very advantageous for members of the council to consult with the solicitors during the year, even if it was onl yto confirm members in their own opinions.

Ald. Newton changed his motion to allow the mayor and the chairmen of the different committees to engage any solicitors as required from time to time.

Ald. Smith withdrew his motion in view of the amendment.

Ald. Pattullo objected to this motoi nof Ald. Newton as unfair.

The motion carried.

GOVERNMENT RESIGN

Report That Japan is Stirred Up Over Socialists' Death Sentence.

(Special to The Journal.)

TOKIO, Jan. 20—A paper here announces unofficially that the death sentence has been passed on twenty-four Socialists alleged to have been implicated in a plot against the mikado. All the cases, except Kotoku, the leader, and a woman, Suga Kanna, were so dealt with.

A report published after contains the announcement of the resignation of Premier Katsura and three of his ministers as a result of the agitation following the passing of the sentences.

Denies Resignation

A later report denies the resignation of Premier Katsura and his ministers.

THE ROYAL GOVERNOR

Duke of Connaught Who Comes to Canada is No Stranger to the Country.

Biographicmal Sketch of the New Representative of the King at Ottawa

H. R. H. the Duke of Connaught, brother of the late King Edward, who will be the next governor general of Canada, is no stranger in this country. His last visit to Canada was in the summer of 1890 when he spent several days in Ottawa, Montreal and Toronto.

H. R. H. Arthur William Patrick Albert, Duke of Connaught, was born in 1850 at Buckingham Palace. He received a military education at Woolwich, from 1866-1868, when he became a lieutenant in the Royal Engineers, passing into the Royal Artillery in 1860. In the same year he joined the Rifle Brigade (Prince Alberts' Own) of which he became colonel-in-chief in 1880. At his majority he received a grant of £15,000 a year from parliament, and in 1874 was created Duke of Connaught and Strathearn, and Earl of Sussex. In 1879 he married Margaret Louise, daughter of the late Prince Frederick Charles of Prussia, nephew of the emperor, and received a further grant of £10,000 a year. During 1875 and 1876 he was assistant adjutant-general at Gibraltar and in 1880 reached the rank of major-general. During the Egyptian expedition of 1882 he commanded the brigade of guards on service and took part in the actions of Hahula and Tel-el-Kebir. Having been created brigadier general at Aldershot in 1883 and major general of Bengal, he acted as commander of Meerut until the autumn of 1885, and in 1886 at Rawal Pindi. In 1900 he succeeded Lord Roberts as commander-in-chief in Ireland, and other promotions followed. Until recently he was on duty in the Mediterranean.

It was the expressed wish of King Edward the Seventh that his brother should be governor-general of Canada.

RUPERT CITY SOLD

The steamship Rupert City has been sold by the owners, Watts, Watts & Co., of London and Cardiff, to a Vancouver syndicate. In shipping circles it is stated that those who have acquired an interest in the vessel are Capt. Duncan Mackenzie, Dominick Burns, J. E. Webb and H. Schartschmidt. ?

The sale adds another chapter to the history of the vessel. Built in 1886 at Barrow for Watts, Watts & Co., the steamship was christened Powhattan. She is 310 feet long, 39 feet 2 inches beam and 1,640 tons. She was engaged in recent years in transporting Chinese between Hongkong and Mexico, and when the edict against the immigration of Chinese was issued by the Mexican government, the Powhattan was laid up at Hongkong.

Then Mackenzie Brothers, of Vancouver, obtained the vessel, with option of charter, and in 1908 she brought to that port, with Captain Turner, her original commander, in charge.

He proceeded to the United Kingdom to take command of another Watts vessel, and the Powhattan was remodelled into a passenger steamship. Captain Duncan Mackenzie took command, and the vessel operated to Prince Rupert for nearly two years. She sailed from Vancouver on her maiden trip to Prince Rupert on Tuesday, January 5, 1904. After a service to northern ports the Rupert City, as she had been rechristened, was laid up. She was then taken by the Grand Trunk Pacific, which assumed the agreement of Mackenzie Brothers. When this expired in December, 1910, the vessel anchored in the stream. The Grand Trunk Pacific made an offer for her last year, but the price did not coincide with the ideas of the British owners.

PETTICOAT DOOMED

Ladies to Wear Turkish Costume Minus the Veil

It is solemnly announced in Paris that the successor to the hobble skirt has arrived, and that it is an exact reproduction of the dress worn by Turkish ladies, minus the veil.

Loose-fitting pantaloons fashioned as elegantly as possible, will be fastened close at the ankles.

A well-known firm of Paris dressmakers will launch the models of this costume.

They say that the petticoat is finally doomed.

LAND PURCHASE NOTICES

Skeena Land District—District of Queen Charlotte Islands.

TAKE NOTICE that Nellie Biebig, of Vancouver, occupation married woman, intends to apply for permission to purchase the following described lands:— Commencing at a post planted about 2¼ miles southerly of mouth of Jas un River and 5 miles west; thence west 80 chains; thence south 80 chains; thence east 80 chains; thence north 80 chains to point of commencement, containing 640 acres, more or less.

EXEMPTION OF IMPROVEMENTS

The principle of exempting impovement from taxation is extending in favor in British Columbia. Nanaimo City, for a long time stood unique in this respect in the province. Of late years, however, there has been a decided move in the direction of exemption along this line. Even an ultra conservative city like Victoria expresses approval of the principle in a referendum vote taken at the election just held. By a vote of 2,392 for and 476 against, that city gave expression to its attitude on the question, "Shall improvements be exempt from taxation?" This is a rather astonishing vote in a city where large tracts have been allowed to be vacant *awaiting an advance in value.*

CITY HALL SITE

The city council should at an early date decide the location of its city hall. At the present time the various civic staffs are working under great disadvantages and at any time the council may find it necessary to secure other quarters.

The Market place is a model site the only obpjection that has been raised to it being that it is a little away from what is the business section at the present time.

Last year's council considered it the best available location and asked Premier McBride for a grant of the land required which would allow of the erection of an imposing structure which could never be shut in. Second avenue would terminate right in front of it and there is provision made for two open spaces that could be used as parks between the hall and McBride street.

An early decision should be arrived at so tha taction can be taken to secure the site if this is the choice. If the government at Victoria found that the city required a place to erect a city hall on at once, greater pressure could be brought to bear upon them to make a grant at once.

SPARE THAT TREE

Ex-Ald. Barrow Wishes Spruce Standing on Third Avenue Left Unmolested

Ex-Ald. Barrow wishes to see the spruce tree which stands on lower Third avenue not far from the electric light station left standing as an example of the timber that was found here. The tree has been condemned by those in charge of the light station, owing to the danger from its falling.

Mr. Barrow in a letter to the council Wednesday evening, said he spared the tree against orders originally, so that it might stand as a sammple of the timber growing here He thought something might be done to guy the tree rather than destroy it.

The communication was referred to the streets committee for report.

INSTALLATION OF OFFICERS

New Office Bearers of the I. O. O. F. Lodge in City, Assume Duties

At the meeting of the I. O. O. F. Lodge on Tuseday evening the following officers were installed:

C. V. Bennett, P. G. M.
G. S .Johnston, N. G.
Dr. Cade, V. G.
George W. Kerr, C.
Harry Brin, F. S.
Cyril Orme, T.
Trustees—C. V. Bennett, Dr. Cade and Dr. McNeill.
G. H. Daggett, R. S.
F. Keller, L. S.
B. G. Young, I. C.
M. Stewart, W .
J. Clark, R. S. vice G. M.
C. Moore, L. S., vice G. M.
J. Keller, I. G.
Mr. Thorn, O. C.

G. R. Naden was acting deputy grand master.

G. Robinson, of the Hudson's Bay company staff, at Victoria, was a visitor to Prince Rupert this week on business. He was here on general business and nothing out of the ordinary was suggested by his trip.

MARINE NEWS

JAPANESE SHIPPING

An idea of the extent to which the trade of Japanes eshippign companies has grown is given in the address made by R. Kondo, president of the Nippon Yusen Kaisha, at the banquet held on December 15 at Tokio, to commemmorate the 25th anniversary of the company. He said that the N. Y. K., which started its transpacific line in 1900 ,has reached the sixth place in order of the world's shipping companies. It has now a fleet which aggregates 280,000 tons and includes six vessels of 8,600 tons each. From the point of view of a commercial carrying agent it is noteworthy that whereas the foreign trade of Japan in 1895, the year before the company opened its first regular ocean-going lines, aggregated $129,000,000, and the share carried by Japanese steamers amounted to only 3 per cent, the foreign trade in 1909 totalled some $403,000,000, no less than 45 per cent of which was carried by Japanese steamers.

"I learn," said Mr. Kondo, "that the freight earned by Japanese steamers is not less than about $15,000,000 yearly. That earned by the Nippon Yusen Kaisha alone is about $1,500,000, and when expenses and disbursements are deducted, it is calculated that some $3,000,000 or $3,500,000 annually remain to the company and may be regarded as so much specie imported into the country."

REACHING FOR TRADE

Another large Japanese steamship company to compete for the carrying trade of the Pacific and to run to the Atlantic coast and Europe with the intention of using the Panama canal on its completion in 1915, is being organized in Japan. Twenty vessels of about 6,000 tons register are to be built, and government assistance will be sought to carry out the project. The head of the proposed enterprise is Mr. Nishkawa Shozo, formerly director of the Japanese Shipowners' union, who has just returned to Japan after completing investigations in America and Europe in regard to the project. The new concern ish to be capitalized at 7,500,000, an dit is proposed to obtain a guarantee of a dividend of 5 per cent per annum from the Japanese government.

In his announced plans Mr. Nishikawa Shozo says it is proposed to build steamers of a modern type to extend services to the western coast of Amecira and other countries also on the completion of the Panama canal, which he anticipates will nave a great bearing on the carrying trade in the Pacific. According to his plan ten steamers of 6,000 tons register each are to be constructed in the first term and another ten steamers in the second term. The project will be laid before the Japanese government when the diet resumes its sittings two weeks hence.

The Camosun will arrive tonight from Vancouver, en route to Stewart.

The Cottage Ctiy will arrive tomorrow noon from Skagway on her way to Seattle.

The Cetriana is expected in this afternoon with 200 tons of coal for Rogers & Black. After unloading coal she will load 100 tons of machinery for Masset, which is on the wharf at present. The machinery is owned by Alfred Garde, a mining engineer, who is the proprietor of a large placer mine which has recently started in Masset. The machinery is for placer ground sluicing work on the beach. The Cetriana will probably be in port for a day or so.

J. H. Rogers, local general steamship agent, has been appointed agent for the Norwegian steamship Skogstad, Captain Rynning, which left Sidney, C. B., on Dec. 10, 1910, loaded with 6,000 tons of rails for the G. T. P. It is expjected that the Skogstad will arrive here about March 1st.

JOHNSON AND JEFF

"I will attempt to re-match Jack Johnson and James J. Jeffries. I will make no other statement, but I will tell my plans as soon as I feel that I can do so," says Tex Rickard.

Rickard, several months ago went to Los Angeles, where he spent several days with Jeffries. Before he made his southern trip, he asserted that he would attempt to re-match the men. At that time Jeffries asserted that he woudl not re-enter the ring.

Johnson recently said he would be glad to meet Jeffries again, just to prove that the "dope" story circulated since the Reno battle was not true.

Rickard's offer, it is said, will be a purse of $60,000, and neither fighter will be paid a bonus. The fight, it is said, will be staked in Utah, or, failin gthat, in Nevada.

PUBLIC ACCOUNTS OF BRITISH COLUMBIA

Gratifying Showing Made by the Province's Receipts During the Fiscal Year---A Record Has Been Established With Respect to Finances.

Nothing can more eloquently attest the rapidity of British Columbia commercial growth than do the public accounts for the last fiscal year, presented to the legislature by Finance Minister Ellison, an exceptional illustration of growth being found in the statement of receipts brought to the provincial treasury during the just past twelvemonth—ending the 30th of June last—which shows a total revenue during the period under review of $8,874,741.94 as contrasted with $4,664,500.99 during the preceding fiscal period, albeit that period was of but ten months duration. And this showing despite material reductions in taxation under various heads. With such a showing "by the books of the treasury" it is no wonder that Finance Minister Ellison is able to announce a surplus, after the discharge of all pending liabilities of the province, of something in excess of $2,250,000, which is said to be the best financial showing yet made by any of the provinces of the Dominion. The statement of revenues as compared with last year's, shows a reduction only under the head of game licenses (from $7,290 to $7,280); while there are increases under all other sources of revenue, in some cases doubling and even trebling the preceding (and formerly best year's) revenue. The statement reads:

Rec cipts

Dominion subsidy	$ 522,076.66
Land sales	2,618,188.75
Land revenue	175,775.11
Survey fees	15,871.85

Nakusp & Slocan Railway payments (Act, 1894)	26,275.75

CHINESE PUPILS

VICTORIA— That Chinese-born children are being educated in the schools of Victoria at the expense of the city's ratepayers waos strongly hinted at by Chairman George Jay at a meeting of the school board. The question was brought up in the course of a discussio n on overcrowding in the Fisguard street school for Chinese children, when Superintendent Paul stated that Mrs. stated that Mrs. Wheeler, the principal, was being overtaxed with the number seeking admittance, and that the time had already arrived for the construction of an additional room. Chairman Jay declared that children who had just arrived from the Orient might be obtaining instruction in that school, which is situated in the heart of Chinatown. He insisted that all children who were allowed to attend the schools should at least have a rudimentary acquaintance with the English language.

NOTICE.

Tenders will be received by the undersigned until Thursday noon, March 2nd, 1911, for the purchase of the whole or any portion of Four Year City of Prince Rupert Local Improvement Debentures as follows:

NOTICE TO CONTRACTORS.

Port Simpson School.

SEALED TENDERS, superscribed "Tender for Port Simpson School," will be received by the Hon. the Minister of Public Works up to noon of Friday, the 20th day of January, 1911, for the erection and completion of a large one-room school building at Port Simpson in the Skeena Electoral District.

Plans, Specifications, Contract, and Forms of Tender may be seen on and after the 21st day of December, 1910, at the offices of Dr. W. T. Kergin, Secretary of the School Board, Port Simpson; the Government Agent, Prince Rupert, and the Department of Public Works, Victoria.

Each proposal must be accompanied by an accepted bank cheque or certificate of deposit on a chartered bank of Canada, made payable to the Hon. the Minister of Public Works for the sum of $200, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fail to complete the work contracted for. The cheque or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signatures of the tenderer and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

F. C. GAMBLE,
Public Works Engineer.

Public Works Department, Victoria, B. C., 14th Dec., 1910. D23

DISTRICT PROSPERS

C. Harrison of Massett Tells of Development on Queen Charlottes.

Naden Harbor Is a Busy Place in Connection with Whaling Station Work

The Queen Charlottes are continuing to prosper, according to the information given by C. Harrison, of Masset. The latest activity is in connection with the whaling station nection with the erection of the whaling station at Naden Harbor, for the Mackenzie & Mann syndicate. The company chartered the Rupert City to carry the supplies for the place. Pending the time required to erect bunk houses., etc., the company used the steamer as a boarding house fo rthe force of men employed, keeping the vessel in the harbor. Now, however, the quarters on land have been put in place and are being used.

Mr. Harrison is as enthusiastic as ever over the prospects of the islands and anticpates a very large influx of settlers.

MINING IN SIBERIA

John Hays Hammond Appears to Be Interested in Developing Mineral Wealth

The visit of Mr. John Hays Hammond to Russia and his recent conferences with the Czar regarding mining concessions in Siberia, is a matter of considerable interest both to mining men and American investors. Mr. Hammond before leaving, stated that the object of his trip was to investigate the mineral wealth of Siberia, and that he hoped to give American capital the opportunity of participating in the exploitation of mining properties in that country.

Siberia is probably the greatest undeveloped mining country in the world today. Its mineral resources are very rich and extensive, and include large districts where are found copper, lead, gold, silver and iron.

Siberia may be divided into three mineral divisions. The most westerly is known as the Vosskressenski, in which the country's principal copper deposits occur. The central portion, or the Altai, is rich in lead and silver and contains enormous deposits of iron ore, while in the eastern portion, which is known as the Nertchinsk, gold quartz lodes and placer deposits are to be found.

Already American and European capital is finding its way into Siberian enterprises, and at present several large copper properties are under development. While eventually the copper mines of this country will add materially to the world's supply of the red metal, they will probably not play any important part in this production for many years to come, as in general, they are not only insufficiently developed, but lie, in inaccessible regions which will require several years to put them on a producing basis.

BURNS IS BACK

Tommy Burns, shaken from his recently announced determination to quit the fighting game for keeps by the offer of a $12,500 purse to meet Bill Lang in London, today sent word to Hugh McIntosh accepting the offer and telling McIntosh to expect him within the next 60 days.

—THE—

Oliver Typewriter

—FOR—

Seventeen Cents a Day

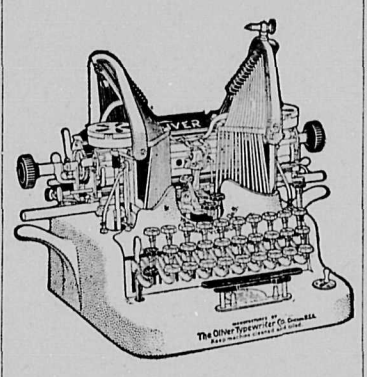
Please read the headline over again. Then its tremendous significance will dawn upon you.

An Oliver Typewriter—the standard visible writer—the most highly perfected typewriter on the market—yours for 17 cents a day!

The typewriter whose conquest of the commercial world is a matter of business history—yours for 17 cents a day!

The typewriter that is equipped with scores of such conveniences as "The Balance Shift"—"The Ruling Device"—"The Double Release"—"The Locomotive Base"—"The Automatic Spacer"—"The Automatic Tabulator"—"The Disappearing Indicator"—"The Adjustable Paper Fingers"—"The Scientific Condensed Keyboard"—all

Yours For 17 Cents a Day



We announced this new sales plan recently, just to feel the pulse of the people. Simply a small cash payment—then 17 cents a day. That is the plan in a nutshell.

The result has been such a deluge of applications for machines that we are simply astounded.

The demand comes from people of all classes, all ages, all occupations.

The majority of inquiries has come from people of known financial standing who were attracted by the novelty of the proposition. An impressive demonstration of the immense popularity of the Oliver Typewriter.

A startling confirmation of our belief that the Era of Universal Typewriting is at hand.

A Quarter of a Million People are Making Money With

The OLIVER Typewriter

The Standard Visible Writer

The Oliver Typewriter is a money-maker, right from the word "go!" So easy to run that beginners soon get in the "expert" class. Earn as you learn. Let the machine pay the 17 cents a day—and all above that is yours.

Wherever you are, there's work to be done and money to be made by using the Oliver. The business world is calling for Oliver operators. There are not enough to supply the demand. Their salaries are considerably above those of many classes of workers.

"An Oliver Typewriter in Every Home!"

That is our battle cry today. We have made the Oliver supreme in usefulness and absolutely indispensable in business. Now comes the conquest of the home.

The simplicity and strength of the Oliver fit it for family use. It is becoming an important factor in the home training of young people. An educator as well as a money maker.

Our new selling plan puts the Oliver on the threshold of every home in America. Will you close the door of your home or office on this remarkable Oliver opportunity?

Write for further details of our easy offer and a free copy of the new Oliver catalogue. Address:

R. C. BEAN
Prince Rupert Agent
General Offices: Oliver Typewriter Building, Chicago, Ill.

OBJECT TO LISTS

Question Arises as to How Property Owners Shall be Ascertained

Victoria City Has Interesting Point Raised, Relative to Municipal Clauses Act

The City of iVctoria has an interesting case arising out of the late municipal elections. It is based on a petition to the hight courts to decide whether the election just held was in accordance with law. The point at issue is with respect to the preparation of the voters' lists relative to property owners. B. J. Perry, a defeated aldermanic candidate and a strong opponent of Mayor Morley, takes the action.

It is claimed by Mr. Perry that so far as property owners are concerned the list should be made up from the registry office rolls and not from the assessment roll. The city assessor has fololwed the practice of every assessor in the province in making up the lists.

The petition of Mr. Perry is as follows:

"Victoria, B. C.,
"January 14, 1911.

"Mayor and Board of Aldermen of the City of iVctoria:

"Take notice that a petition will be presented to the supreme or county court in my behal t as a voter for the city of Victoria, praying that the election of the mayor and aldermen, held in this city on the 12th day of January, be voided on the following grounds: By reason of the voters' lists not having been compiled or revised or certified in accordance with law, or having been changed after final revision. And this petition shall be taken under the Municipal Clauses Act, 1896, 59 Victoria, Chapter 38.

"BERNARD J. PERRY."

More particularly the petition deals with the matter of holders of agreements of sale being registered as property owners in the city of Victoria, a question on which it is stated that City Solicitor McDiarmid gave an opinion at the court of revision prior to the election. The city solicitor's opinion is said to have been along the lines of Mr. Perry's present contention.

CASE IS DROPPED

Libel Action Against the Empire Is Allowed to Collapse

The Mobley-Empire libel suit has collapsed. When the case was called in the police court on Wednesday morning neither side to the action appeared and the magistrate accordingly dismissed it.

The dropping of the case was the result of an arrangement being reached outside of court to call all proceedings off, a statement being made by the editor of the Empire that he did not intend in the article objected to to infer that Mr. Mobley sold intoxicating liquor. Under these circumstances it was agreeable to allow the matter to drop.

TO OUR CUSTOMERS

Owing to the heavy demand made on us for NEW WELLINGTON COAL during th erecent cold snap, we exhausted our reserve supply and was obliged to buy some inferior coal to fill orders from which we have had some complaint. We now have 500 tons of the Best Household screened NEW WELLINGTON Lump Coal and can supply our Customers with reloiable Coal on short notice.

Respectfully,
ROGERS & BLACK.

J-20-24

CITY HALL SITE

(Continued From Page One.)

the report. He did not bring in a minority report. He simply wished to give his views.

Ald. Newton had for months been considering Fifth avenue and Fulton street. He personally would perhaps favor the Market place. Taking into consideration the whole city, he was inclined to the view that the corner of Fifth avenue and Fulton street if it could be secured would be a good one. He favoredm delaying until all available sites could be ascertained and then the people could decide by vote on it.

Ald. Hilditch said the committee arrived at the decision it did after going into the question fully. It dated back to last year. An attempt was made to get a temporary site on Fulton. It was found that the foundation would be 29 feet high. There would, even with the change in grade effected, then be a difference of 14 feet between Fifth street and Fulton street. A triangular plot would be available only. The old council thought the Market place the most imposing site for the city hall. The site was an isolated one. It would only be necessary to excavate about three feet and a half in this site and raise the basement about eight feet above the surface. He did not think there was another site in the city as suitable as Market place.

Ald. Pattullo thought it might be well to try and get that site for the city any way, even if the city hall were not put on it. He thought himself, the site was the best in the city.

Ald. Clayton wanted more light before deciding this point. He wanted to look more fully into this.

Ald. Pattullo thought it would be as well to recommend this as the site so that His Worship might try to secure the block. If, later they changed their minds no harm would be done.

His Worship suggested that the government might require to know definitely that the city hall was to be placed there. If it could not be so stated the government might refuse to grant it.

Ald. Newton thought the business section should be considered largely in the matter of a city hall site.

Ald. Morrissey suggested that the grades could be overcome easily with respect to Fifth and Fulton streets. He thought the wishes of the business people who had invested in the present business centre, should be consulted in this.

Ald. Hilditch wanted to know from Ald. Morrissey how Fraser street could be raised, as would be necessary. The council last year tried to raise that street two feet more. It could not do it. Now Ald. Morrissey suggested it could be raised fourteen feet.

Ald. Pattullo wished to know from the mayor if the government would reserve this site pending a decision.

His Worship said it was now not sold. He felt that if the council should decide upon this it would be an inducement for urging immediate action by the government.

Ald. Hilditch wanted to see action taken on the report one way or the other. The city was going to require a city hall almost at once. It would be a decided saving to erect a wing as early as possible.

After some further discussion among the members of the council when the question of the likelihood o fthe government granting the site if it were not to be required at once as a city hall site came up.

Mayor Manson said he would do the best he could in the matter.

Ald. Pattullo moved that the report be laid on the table pending a decision.

The motion carried.

Local News

A plan has been forwarded to the city by D'Arcy Tate, of the G. T. P., showing the route of the company's line along the waterfront of the city.

A. Carss left last evening for a two weeks' visit to Victoria. During his absence J. H. McMullin will dispose of any police court cases that may come up.

On motion of Ald. Kirkpatrick, chairman of the civic finance committee, the assessment roll of the city is to be completed by the end of March, 1911.

The question of the Dunedin block is again before the council. It has been referred to the streets committee with the object in viw of arriving at a decision as to having it torn down.

Dr. Clayton raised the point of the city's indigent sick at the last council meeting. It was explained that until the new hospital was opened it would be impossible to alter the system now in force.

A report from the police commissioners recommending that $100 should be placed to the credit of the chief for special services required in the enforcement of the law, was passed by the council at its last sitting.

A letter was received by the city council on Wednesday evening from Stewart & Mobley asking for the putting in of a plank way from the public way to their new warehouse. The firm explained that if the lumber were provided they would supply the labor. This was referred to the streets committee.

At a general meting of the Kaien Island club, held on January 5th, the following directors were appointed for the ensuing year: Fred Stork, H. P. Wilson, J. H. Rogers, C. H. Orme, A. George, W. S. Benson, Geo. Kerr, Dr. W. S. Hall and M. P. McCaffrey. A meeting of the directors was held last Wednesday evening at which the following officers for the year were elected:

J. H. Rogers, president.
H. P. Wilson, vice president.
A. George, secretary-treasurer.
