MAY BE NAVAL FIGHT IN THE BLACK SEA

MOUNTAINS OF SERBIA ALONE SAVE THEIR ARMY

GERMANS STILL EXECUTE FOR ALLEGED ESPIONAGE

Naval Battle May Be In Progress In The Black Sea

London, Oct. 30.—A private message received in Berlin from Bucharest says the Turkish warships Breslau, Goeben and Hamditih have attacked in the Black Sea a Russian squadron of three battleships and several cruisers and destroyers. The result of the battle is not known the despatch says.

OVER SIX CARS OF FISH FROM BOAT

THE CATCH OF THE PROGRESS IS ALL SHIPPED OR READY

The Chicken Portion Went South By Boat Last Night.

H. Roberts, the buyer at this port port for the San Juan Company of Seattle, has been very busy for the past two days getting the catch of the fishing schooner Progress all packed and shipped to its destination.

The Progress brought to port about 140,000 pounds of fish. This was all landed over the Government wharf, the first-class halibut going direct into refrigerator cars and the light and heavy ones being shipped south for the most part. This latter part went south last evening by steamer. The remainder is all ready for hauling out for the eastern markets by rail.

The landing of such a cargo on the Government wharf afforded the opportunity to visitors to the wharf to see the work that is involved in the getting of such a quantity of fish off to its destination. In such a boat load, as that which the Progress brought, there is about $8,000 paid without the cost of labor and transportation by express.

It is an object lesson to the citizens of this city showing the immense possibilities of the fishing industry here.

NEWS RECEIVED FROM LATER CONTINGENTS

George McColl Has Received Word From A. B. Robertson.

In a postcard received by George McColl, of this city, from A. B. Robertson, a little is learned of Prince Rupert's second contingent at the front. In the postcard he states he is in the 48th Regiment. He says:

"Just a postcard from somewhere to let you know that I am still to the front. I have just come out of the trenches and am back in the rest camp for a while. There is only A. Hunter, T. McLeod, S. Massey and myself here from the last lot. We are getting down to the real thing now. One of the bombs burst pretty close to where I was standing, and threw a shower of mud over us; otherwise I have had nothing to get excited about."

FACTS FROM LAST CENSUS OF CANADA RELATING TO ALIENS

Interesting Figures As To Population In Various Parts Of Country.

A special report on the foreign-born population of Canada, as shown by the census statistics of June, 1911, issued by the census department, gives some interesting statistics as to the distribution, voting strength, and origin of immigrants to Canada from non-British countries. Out of the total foreign-born population of 752,732, the percentage of males was 62.6, and of females 37.4.

Of the total foreign-born population, 62.5 per cent. resided in the western provinces. The United States has contributed 40.34 per cent., or 303,680 of its citizens to the Canadian immigration tide. Of European countries, Austria-Hungary comes first, with a total of 121,430 immigrants; Russia second, with 89,984; Norway and Sweden third, with 49,194; and Germany fourth, with 39,577.

Of the total foreign-born population, 344,557, or 45.77 per cent. had become naturalized Canadians prior to the taking of the census of 1911, leaving 408,175, or 54.23 per cent. still alien citizens. Of these latter, a considerable proportion have, of

ARCHIE SHERRITT HAS PASSED AWAY

Old Resident Of This City Died Yesterday—Funeral Arrangements Not Made.

There passed away yesterday at the Prince Rupert General Hospital, Archie Sherritt, and old time resident of Prince Rupert. The deceased had not been ill long, but his case was considered from the first a very doubtful one, in view of the advanced years. He had reached the age of 73 years.

The deceased was a blacksmith by trade, and followed that business here most of the time.

The arrangements for the funeral have not yet been made, pending the receiving of word from his friends. He has a wife who lives in Philadelphia, and has also a son and a daughter.

At one time he lived in Guelph, Ont., but he has been a resident of Prince Rupert from the days when

Serbian Army Saved From Annihilation By Mountains

London, Oct. 30.—Serbia remains the centre of interest as far as the war is concerned. Except for the French contingent stiffening the Serbian line in the region of Strimitza, the Allied reinforcements have not yet reached her hard pressed and retreating armies. Only the mountainous character of the country is saving these Serbian troops from being annihilated.

Pressing Hard.

The position of Serbia is becoming more desperate daily, and Nish is threatened by the Bulgarians.

The Germans are opening a way to the great Serbian arsenal at Kraguyevtz. The Serbians are retreating in a westerly direction along the Bulgarian front.

To consider matters as far as negotiations have proceeded, and to discuss what further action should be taken towards obtaining for Prince Rupert, a share in this work. TULADI FITTED OUT WITH NEW LONG LINE GEAR

W. Creelman Has Had Locally Made Outfit Put On The Vessel and Will Try It Out.

The Tuladi, which is in port having discharged a catch of halibut will leave for the fishing banks on Monday, but she will carry with her on this trip a new equipment in the shape of the latest long line gurdy, made by Ackerberg and Thompson. W. Creelman, the owner of the vessel, has every confidence that the new long line equipment that he has placed on the vessel will be of decided advantage. Today it is intended to try it out in the harbor before Capt. John Mulhern leaves for the banks with her.

This is the first of the vessels of the fishing fleet to be equipped with this new gear.

THE FISH TRADE.

As time goes on the importance of the fishing industry to Prince Rupert becomes more and more evident. So far this fall the fishing industry has suffered from very rough weather, but the advantages to Prince Rupert seem to have become proprotionately greater with these conditions prevailing. It has become quite evident that in rough weather, with correspondingly small catches of fish, this proximity to the banks is of immense advantage.

REACHING FOR TRADE.

In the last issue of Industrial Progress and Commercial Record, the organ of the British Columbia Manufacturers' Association, published in Vancouver, appears a special article from the pen of Sir Richard McBride, on the problem of increased manufacturing in this province. The article is a lengthly one, and contains many suggestions for improvement in existing conditions. Sir Richard mentions that during one of his visits to London he was much struck with the fact that greater initiative and enterprise on the part of the Canadian manufacturer was a desideratum, as, while there was, for instance, but one office representing the Canadian lumber industry, there were quite a number representing American exporters of the product.

FOREIGN BORN.

(Continued from Page One.)

course, been since naturalized.

For all of Canada, the naturalized foreign-born (qualified to vote), totalled only 6.62 per cent. of the total voting male population. In Ontario, it was 2.90 per cent.; in Quebec, 2.66; in New Brunswick, 1.35; in Nova Scotia, 1.13 per cent, of the male population 21 years of age and over. In the western provinces, the percentage was much higher, being 24.92 per cent. in Alberta, 23.01 per cent., in Saskatchewan, 17.20 per cent., in Manitoba, and 9.48 per cent. in British Columbia.

There were 1,987,512 males 21 years and over entitled to vote in 1911 in the Dominion. Of these, 1,442,618 were Canadian-born; 408,605 British-born, and 131,289 foreign-born.

The figures show that 94,324, or 71.85 per cent. of the foreign-born naturalized were in the western provinces; 21,022, or 16.01 per cent. in Ontario, 13,420, or 9.93 per cent. in Quebec, and 2,874, or 2.19 per cent. in the Maritime Provinces.

Of the 346,523 foreign-born males 21 and over, in the Dominion, 131,289 were naturalized, and 215,234 alien. Of these there were 23,846 Austrians naturalized and therefore entitled to vote, and 33,994 not naturalized. There were 12,001 Germans naturalized and qualified to vote, and 8,630 not naturalized.

Twenty-two thousand of the Austrian voters were in the four western provinces, and 2,611 of the German voters. There were 36,291 voters in all belonging to enemy countries.

Strangely enough, Germany holds second rank in the Dominion, with Denmark first, for the proportion of her male immigrants naturalized. Austria holds fifth rank.

Montreal has a total foreign-born population of 43,188, or 9.2 per cent.; Toronto, 33,131, or 8.8 per cent.; Winnipeg, 32,959, or 24.2 per cent.; Vancouver, 27,713, or 27.6 per cent.; Hamilton, 7,693, or 9.4 per cent.; Calgary, 9,030, or 8.7 per cent.; Fort William, 4,746, or 28.7 per cent.

The foreign-born males of voting age in Montreal totalled 18,483, of whom 7,726 were naturalized; Toronto, 13,739, of whom 3,766 were naturalized; Winnipeg, 13,428, of whom 5,349 were naturalized.

In Montreal, 46.72 per cent. of the foreign-born Germans of voting age are naturalized, as compared with 29.95 per cent. in Toronto; 72.71 per cent in Hamilton; and 76.85 per cent. in Berlin. The total number of Germans of 21 years or over in Toronto is 661; in Winnipeg, 771; in Montreal, 610; in Hamilton, 331; and in Berlin, 609.

Notice! The Latest!

By persistent experimenting I have now evolved a system of heating two rooms in a residence with your kitchen range, besides supplying hot water for domestic uses, regardless of the position of the range boiler. By the turning of one valve you turn your stove into a house heating system. I am now trying to improvise a thermostic automatic valve which will do away with the handling of any valves.

Now in use and on exhibition at my shop, 139 Second Avenue.
