AEROPLANES OF ALLIES WRECKING RAILWAY LINES

FRENCH HOLDING POSITIONS AND CONSOLIDATING

The British Lines Maintained Excepting Small Portion

British Airships Have Been Very Active Attacking Railways

London, Oct. 1.—Our aircraft has been very active during the past few days. Seventeen air combats are reported, and in only one was a British machine worsted.

A German machine was today brought down inside our lines.

Attacks have been made by our airmen on the railway lines, which are being used by the German army. These lines are known to have been damaged in fifteen different places. There have been five and probably six trains wrecked by our airships. In addition to this locomotives have been destroyed by the bombs dropped on them, while sheds have been set on fire.

The aviators are dropping bombs on the railroad and on the stations, in order to prevent the Germans from bringing up the needed re-inforcements and the necessary supplies for the army.

WHY BULGARIA RE-CONSIDERED HER DECISION TO FIGHT

"If Bulgarian mobilization should result in Bulgaria's assuming an aggressive attitude on the side of our enemies, we are prepared to give our friends in the Balkans all the support in our power, in a manner to be most welcome to them, in concert with our Allies, without reserve and without qualification," was the pregnant announcement made by Sir Edward Grey, the British Foreign Secretary, in the House of Commons.

BULGARIAN AND SERBIAN SOLDIERS HAVE CLASHED

Turin, Oct. 1.—There have been several clashes on the Serbian-Bulgarian frontier.

A Bulgarian patrol at Tritchouke attacked Serbian sentinels, and Bulgarian troops have been crossing into Serbia for several hours. The Bulgarian troops are digging trenches and erecting barbed-wire defences along the frontier.

RUSSIA SEEKING CANADIAN WORKERS

VANCOUVER FIRM CALLING FOR RAILWAY WORKERS TO BUILD LINES

Four Hundred Miles Of Lines To Be Constructed In Czar's Empire.

Messrs. Du Cane, Dutcher & Fergusson, consulting engineers of Vancouver are calling for men to engage in the construction of railways in Russia. These railways, it is stated, are 500 miles away from the fighting zone. In all 378 men are wanted from Vancouver, and about 1,600 from Canada. Transportation is to be paid both ways, with board, lodging and medical attendance furnished. Half pay is to be given to the men while en route to and from work and they will be returned to this province on the completion of the work. All the necessary clothing is to be furnished the men on board ship at cost. Only British subjects between the ages of 21 and 45 years are able to pass the medical examination and able to obtain passports are to be accepted.

Mr. Hugh Fergusson of the firm of Du Cane, Dutcher & Fergusson, is the agent for the Russian Government in Canada. The men must enter into a contract for a period of six months.

At the offices of Messrs. Du Cane, Dutcher & Fergusson in the Rogers Building, it was stated that details of the work could obviously not be given out. This particular contract calls for the construction of some 400 miles of railway in the northern part of Russia. Mr. Charles G. Du Cane has been in Russia for the past four months consulting with government officials there. The firm is acting in conjunction with the firm of Sir John Wolfe-Barry in England.

WHARF AT WHALING STATION COLLAPSED

Barrels Of Oil And Tons Of Guano Went Into Sea.

Three hundred tons of guano and 450 barrels of oil went into the water when the wharf at the Kyuquot whaling station on the west coast of Vancouver Island collapsed on Sunday afternoon, September 19. Part of the whale oil has been recovered, but owing to the depth of water there, much difficulty has been encountered in locating and lifting the heavy drums.

The collapse was caused through too much weight being placed on the wharf. The loss is estimated at between seven and eight thousand dollars, and is quite a blow to the season's operations, as no insurance was carried.

Will Take Body South.

The remains of Mrs. J. Babington will be taken south to Vancouver where interment will take place. Services will be held at Hayner's chapel at 2:30 this afternoon.

Red Cross Dance.

In the K. of P. Hall last evening a very enjoyable dance was held under the auspices of the Sons of England. The proceeds were for the Red Cross Fund.

FRENCH TROOPS IN BAYONET CHARGE.

In the recent French victory the official report reads:—"The moment for the charge was sounded, whole battalions, reinforced by reserves, bounded forward. The rush was so impetuous that the Germans still alvie and wounded in the battered works seemed dazed and unable to resist the bayonet charge."

French Army Has Held Ground That Was Taken By It

Paris, Oct. 1.—An official report says:—Some new progress has been realized in the southern part of the Givenchy wood.

To the east of Souchez we made prisoners of war, 61 members of the Prussian Guards. We set free also some French prisoners who had been in the hands of the Germans since September 29.

In Champagne a sudden attack between Auberiv and Lepire de Vederang enabled us to take from the enemy more machine guns and about 30 prisoners.

The Germans have directed against some of our new positions an intermittent bombardment, in which they used shells which irritated the eyes. Our batteries efficaciously responded to this bombardment of our trenches.

In Argonne, to the north of Lahulette, the attack has been stopped by our efficacious fire and from our bomb throwers opposite the German trenches. Some shells have been thrown from a long range on Verdun and Nomeny by the enemy's batteries, which were immediately counter attacked by our artillery.

We on our part cannonaded at long range the station of Vigneulles le Hattonchate and caused two violent explosions.

The French are sweeping the second line of German defences in the Champagne district with terrific artillery fire. The French now have established a firm foothold in advanced trenches.

The Germans, who have been reinforced by troops from Poland, are fighting furiously, shelling the French from both sides at Somme.

German counter attacks in Argonne, at Artois and Loos, were made to relieve the British pressure, but all were repulsed with heavy loss to the enemy.

French In Forefront.

London, Oct. 1.—The French are bearing the brunt of the fighting in the west, and are hammering the second line of the Germans in Champagne, in the direction of the Grande Pre Railroad.

Red Cross Sale.

At the Red Cross sale conducted by Mrs. Bazett-Jones and Mrs. R. E. Walker, the sum of $45 was realized. Mrs. H. S. Woods won the white kitten donated by Mrs. Jenns. Mr. W. F. Benson won the white center-piece donated by Mrs. D. H. McDonald, and F. W. Henning won the brown center-piece, also donated by Mrs. McDonald. The table, made and donated by Mrs. Joe Hickey, was won by Mrs. C. J. Graham. The ladies are indebted to all who assisted, and to Mr. C. A. G. Armstrong, for the large Red Cross sign furnished by him.

GOOD PROGRAMME AT WESTHOLME THEATRE

The Popular Play House Has Excellent Pictures This Evening.

The chief item in a very fine programme at the Westholme tonight is a two-act drama, entitled "The House of Cards." The scenes depicted are in San Juan Capestrano, called the gem of the western seas. The story is of a country lad who gets employment in a broker's office in the city, finds a colleague robbing the safe and informs the boss, and becomes eventually junior partner. In time, things go wrong, and he returns to his country home to find his former sweetheart has died of a broken heart. It is a drama full of human interest.

"The Wanderer's Pledge" is a splendid story of the woods, with a delightful love tale mixed up with adventure. "The Road O' Strife" is very exciting, while "Bixby's Dilemma" and "The Village Scandal" are two real good comedies.

STRICTED CABLE IS ANNOUNCED FOR TWO DAYS TIME

New York, Oct. 1.—Important European operations are heralded by the intimation that silence will be observed during the next 48 hours. No cable will be allowed to pass, except censored official despatches. These stringent precautions are being taken in order to prevent German spies from getting any information as to developments.

CAPTAIN BERNIER HAS RETURNED FROM THE ARCTIC

Captain Joseph Bernier, Canadian Arctic explorer, has reached Quebec on the vessel Guide, after a successful trip to new land discovered in the north, known as Baffin Island, which in 1916 will be recognized as a Canadian possession. This newly discovered land, which is located in the Arctic archipelago, about 2,500 miles from this port, comprises 500,000 acres territory, as extensive as France and Italy combined. The only casualty reported by Capt. Bernier, was the loss of one life, a German, who while taking photos of the islands, wandered too far away from the Eskimo settlement and was lost.

Altogether the trip was successful in every way and brings to a close Capt. Bernier's fiftieth year of life on the water.

COLLINGWOOD SCHREIBER ON TOUR OF INSPECTION

Although Eighty-six Years Of Age He Is Making Trip As Usual Over Lines.

Although now 86 years of age, Collingwood Schreiber, consulting engineer for the Government railways, has left Ottawa on his annual inspection of the National Transcontinental and the Grand Trunk Pacific in which the Government is also interested because of the financial assistance it has given the railway.

Mr. Schreiber is still quite active, though he will hardly make as much of his inspection of the lines on foot as he used to do. He is accompanied by Mr. L. K. Jones, Assistant Deputy Minister of Railways and Canals.

Mr. Schreiber is expected to reach here in a few days.

Princess May Back.

The C. P. R. steamer Princess May arrived yesterday afternoon, taking the place of the Princess Maquinna on the northern B. C. run. She will remain on this route for some time.

London, Oct. 1.—An official report says that on September 29 the enemy made several attacks on our positions northwest of Hulloch. Severe fighting continued all day, with the result that we maintained al' our positions, except the extreme left, where the enemy gained 150 yards of trench.

Our positions have now been firmly consolidated, and hostile counter attacks have now weakened.

Near Hooge the enemy fired a mine under our trenches south of the Menin road, gaining a footing on our front line. In counter attacks we recovered all but a small portion of the trench lost to us during the last seven days.

The British forces in France, which number a million, are to be increased by 50,000.

CANADA FILLING MILLION ORDER FROM ITALIANS

Canadian woolen mills are working on a huge order from the Italian Government. This order is for one hundred thousand blankets and no less than 600,000 woolen shirts. It was placed through the Italian Commission in London, and was obtained through the sending of personal representatives to England from the Canadian mills.

These representatives dealt directly with the Italian Commission, and were able to satisfy them as to the capacity of the Canadian industry for turning out the quantity and quality required.

An important factor in obtaining the contract was the undertaking of the Department of Trade and Commerce to assume the responsibility for the inspection of the goods. The contract is worth a million dollars. Already deliveries are commencing to be made.

The goods will be sent via New York to Genoa as the most direct route.

Malaspina In Port.

The Fishery Protection steamer Malaspina, Capt. Newcombe, arrived in port yesterday. She spent the night in the harbor.

PROTECTION AND WAR.

Industrial Canada argues that the wisdom and foresight of those who framed the National Policy have been strikingly justified from a military as from an economic standpoint, says the Toronto News. "In time of war our factories are protecting our people and property as in times of peace they promoted national prosperity. If Free Traders had been allowed to put their policy into effect, thereby making Canada an adjunct of the United States, their war orders would not now be placed in the factories of Montreal, Toronto, Hamilton, Winnipeg and many other Canadian cities, but would be filled by the factories of Chicago, Buffalo and Philadelphia, upon which we would have been industrially dependent in time of war as well as in time of peace. Protection has not only protected our industries and allowed them to exist and develop, but is now enabling us to forge weapons in our own country to protect ourselves from our enemies."

It is even prophesied that after, or even during the war, the policy of allowing the enemies of Great Britain to sell their goods in the British Isles in open competition with British manufacturers will be discontinued. "British workmen who have struggled in the trenches will need positions when they return and a sufficient number of positions cannot be obtained for them if German and Austrian goods are permitted to be sold in the United Kingdom, replacing British goods and furnishing employment for German and Austrian instead of British workmen. It is scarcely likely that British Dominions which have supported the Allies will be forced to compete in British markets with the former enemies of the Empire."

There is a possibility that before long the British tariff will extend a customs preference to products from outlying parts of the Empire, and perhaps to Ally countries, as against enemy countries, or at least against Germany. We shall have frantic protests from the Canadian Free Traders, who denied the German menace and lauded the Kaiser until the invasion of Belgium. But protests from such quarters do not count for a great deal in the light of a world cataclysm.

NOTICE TO CONTRACTORS.

Granby Bay School.

SEALED TENDERS, superscribed "Tender for Granby Bay School," will be received by the Honorable the Minister of Public Works up to 12 o'clock noon of Tuesday, the 5th day of October, 1915, for the erection and completion of a two-room schoolhouse at Granby Bay, Anyox, in the Skeena Electoral District.

Plans, specifications, contract, and forms of tender may be seen on and after the 13th day of September, 1915, at the office of J. H. McMullin, Government Agent, Prince Rupert; John Conway, Mine Recorder, Stewart; Miles MacInnes, Secretary of School Board, Anyox P. O.; J. Mahony, Government Agent, Vancouver; and the Department of Public Works, Victoria.

By application to the undersigned, contractors may obtain a copy of the plans and specifications for the sum of ten dollars ($10), or a marked cheque, which will be refunded on their return in good order.

Each proposal must be accompanied by an accepted bank cheque or certificate of deposit on a chartered bank of Canada, made payable to the Honorable the Minister of Public Works, for a sum equal to 20 per cent. of tender, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fail to complete the work contracted for. The cheques or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

GEORGE BRODERIUS

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

PERSONALS

William Manson, M. P. P. is expected home this morning.

* * *

Mrs. J. E. Merryfield and her son Basil returned from Vancouver yesterday.

* * *

Sam Lorimer, provincial police officer at Luceine near the Albertan boundary line, reached the city last evening by the G. T. P. train. He is on his way to his old home in Victoria.

* * *

J. Sunde, of Seattle, a large dealer in fish supplies, who is interested also in the industry more or less directly, is here. It is believed that he may decide to be represented in Prince Rupert.

* * *
