A Merry Christmas To All Our Readers

RUSSIANS CONTINUE SUCCESSES ON THE RIGA FRONT

IN NEAR EAST SITUATION CHANGED VERY LITTLE

FIGHTING HAS BEEN IN PROGRESS ON WEST FRONT

Nothing Of Exceptional Kind In Near East During Few Days

London, Dec. 24.—The situation has not been modified on our front in the near east during the last two days. The entrenching works around Saloniki are being pushed actively forward. The enemy has made no attempt to cross the Greek frontier.

Allied Troops At Front.

Paris, Dec. 24.—General Bonnal states that the Allied forces at Saloniki number 172,000 and that number is being increased daily.

The Allies occupy a semi-circle beyond the range of the heaviest guns, and defensive works have been built which are open to the sea routes, and which will enable the Allies to resist a force two or three times greater than their own number.

London, Dec. 24.—Telegraphing from Saloniki the Daily Mail correspondent says: "Everything points to the belief that despite Greece's protests the Austro-Germans, Turks and Bulgarians will cross the Greek frontier directly they are ready. It is reliably reported that the Turks have concentrated two divisions of cavalry and artillery close to the Greek frontier at Nevrokop and Kustendit."

In The Dardanelles.

London, Dec. 24.—On the Dardanelles last night and this morning all has been quiet.

During the afternoon of Dec. 23 our artillery shelled effectively the Turkish trenches. We also retaliated against the enemies artillery on the Eutopian shore.

Turkish Cruisers Destroyed.

Russian warships in the Black Sea have sunk the Turkish cruiser Midirili, formerly the German cruiser Breslau, and have disabled the Sultan Selim, formerly the Goeben.

It will be remembered that those two German cruisers passed through the Dardanelles shortly after the outbreak of war.

HENRY FORD HAS STARTED BACK TO AMERICA BAFFLED

Christiamia, Norway, Dec. 24.—Henry Ford left here today for New York on board the Norwegian liner Bergensfjord. Interviewed before sailing, Mr. Ford said that the peace movement would continue under the auspices of the Women's International Peace Association.

Prominent Socialists from all the belligerent countries, except Italy, will hold a meeting at the Hague to inaugurate a peace movement.

New designs in Dinnerware, 97 piece sets at Geo. D. Tite's. Special Holiday Discounts.

RECOMMENDS HAVING FINANCIAL OFFICE IN NEW YORK

Charles F. La, a well known financier, recently returned to this coast from a visit to the east, has written the Premier suggesting the establishment of a British Columbia office in New York in charge of a business man. He writes to a Vancouver paper:

"I firmly believe we would get fifty million dollars for investment in British Columbia within the next two years if an office was opened in New York to disseminate information of a reliable nature about the resources of British Columbia."

Germans Failing In Their Attacks In Riga Direction

Petrograd, Dec. 24.—An official report says on the western front in the Riga sector there has been a successful action by our artillery against the Germans. Our artillery drove off an enemy aeroplane which was making for Riga.

In the Dvinsk sector, by bombs, mortars and hand grenades, the fire has been increased. At several points our artillery made effective practice against the Germans, who were constructing fortifications.

There has been no change of situation in the Caucasus.

NO PAPER TOMORROW.

Today being Christmas there will be no Journal issued tomorrow morning.. The next Journal will appear Tuesday morning.

NEW LONDON OFFICES ARE FORMALLY OPENED

British Columbia Quarters Finest Of Canadian Centres.

With the opening, this week, of new offices for its Agent-General, in Regent Street, adjoining Waterloo Place, British Columbia possesses the finest London premises of any of the Canadian provinces. Since Hon. J. H. Turner was appointed in 1901 as Agent-General of British Columbia, the London office has been in Salisbury House.

The new offices possess a spacious exhibition hall and a reading room for visitors. The building is on a corner site on crown land.

GREEK VESSELS WERE SUPPLYING GERMANS OIL

Rome, Dec. 24.—Italian torpedo boats have captured several Greek vessels carrying oil to German submarines in the Mediterranean.

The Allies have been puzzled as to how these submarines have been getting supplies, and a very close watch has been kept on the movements of small craft, with the above result.

INVESTIGATION INTO SINKING OF JAP LINER YASAKA MARU

Washington, Dec. 24.—An inquiry into the sinking of the Japanese liner Yasaka Maru, without warning, which is a breach of the undertaking entered into by Germany with the United States, is being commenced. There was one American passenger aboard the torpedoed ship.

SUBMARINE GOT ONE OF ITS OWN CLASS OF SHIPS

Rome, Dec. 24.—Allied submarines have captured an Austrian submarine and are now toing it to Malta. This is the first time in history that a submarine has been captured by a submarine.

Let your Holiday Buying be comfort to the home. A Handsome Easy Chair, Rocker or Couch. Geo. D. Tite's Furniture Store.

SELF'S CAFE PREPARED FOR CHRISTMAS DINNER

A Special Menu For Today At This Well Appointed Cafe.

Self's Cafe, which has just recently been fitted up in the very best of style for quick order and regular service, is planning a special dinner for today. The preparation for the Christmas meal, as will be seen by another column, promises the very best for all patrons.

Mr. Self has made adequate arrangements to take care of all comers.

Ladies' Basketball.

The ladies are practising hard for the great basketball game on Tuesday night in Agricultural Hall, and a real good game should result. Admission 5 cents, the proceeds being in aid of the Red Cross Fund.

Violent Fighting At Some Parts Of Western Front Reported

Paris, Dec. 24.—An official report says artillery fighting which has been particularly violent in Belgium has been reported from the front. Some German infantry, which were assaulting the trenches and the connecting tunnels in the section of Lembaerry, were dispersed by our fire.

Between the Somme and the Oise our batteries demolished a German trench.

In the Vosges the enemy, after a violent bombardment, made an attack along the whole front of the positions recently captured by us. They were everywhere repulsed.

GERMANY MAY BE PLANNING VIOLENT OFFENSIVE ACTION

Rome, Dec. 24.—Germany is preparing for a new violent offensive in upper Alsace under Field-Marshall Von Mackenzen, the hero of the Polish and Serbian campaigns.

Three hundred thousand German troops have been concentrated during the past fifteen days. Twenty-two villages have been evacuated to assist in the operations. The fourteenth army corps is now at Belfort and it will be followed by a second army corps.

NEWS FROM LOCAL MEN AT THE FRONT

Two Brothers Wilfrid And Ray Macdonald Spending Christmas Together.

A cable received by Mrs. Macdonald, of this city, yesterday from England, gives the information that her two sons who are with the Canadian forces, are spending Christmas together in England.

Wilfrid Macdonald cabled that he had taken leave for a few days from the 30th Regiment and has crossed to England and was visiting his brother, Ray, who left with the Pioneers and is now in training.

In a letter, received from Wilfrid Macdonald yesterday, written in the trenches, he told of Jack Ensch's death, and said that he was going down to fix up the grave where he was laid at rest. William Matheson was alive he said.

REPORTED THAT KAISER IS SUFFERING FROM CANCER

Copenhagen, Dec. 24.—The Kaiser is suffering from cancer of the throat, the same malady which caused the death of his father, the Emperor Frederick.

For some years Kaiser Wilhelm has had throat trouble, and on several occasions has undergone operations, though, until now, the nature of the malady has been kept a secret.

PERSONALS

Mrs. L. W. Patmore entertained a number of children at a Christmas party yesterday afternoon, in honor of her little daughter, Eileen. A delightful time was spent.

THE PRINCE GEORGE BRINGS MANY PASSENGERS

The following arrived in the city by the Prince George yesterday morning:

Mrs. Roy Brown, Mr. Thompson, Mr. Fraser, wife and daughter, Mr. McMillan, Mr. Slater, T. H. Johnson, Mr. Chapman, Mr. Albert and son, Dr. J. Dawson, Mr. McMains, Mr. Aldous, F. R. Walters, Miss Eberhart, A. J. Ironside, Mrs. Galer and child, Mr. J. J. Burns, Mr. Pillsbury, Mrs. Miller and children, Mr. Tuttle, Mr. Holmberg, Mrs. Helman, Mr. M. B. Quin and son.

Friday's Sale Of Cooking.

This week there will be another sale for the Red Cross Society here, held in the vacant store next to Wrathall's Bookstore. The sale will be under Mrs. L. W. Reilley and Mrs. J. H. Kelly. The event will be a little different from what the ones in the past have been. There will, during the afternoon, be tea and cake served. In the evening there will be sandwiches and coffee served. Elaborate preparations are being made for the Christmas tree for the soldiers, which is to be dressed there and go to aid the soldiers.

OBITUARY NOTICE.

DIED—At San Diego, Cal., December 23, 1915. Thomas Dunn.

The closing chapter of a life woven into the warp and woof of the Canadian Pacific coast is written in the above line. Born in Edinburgh, Scotland in 1852, "Old Tom," as he is still affectionately remembered by all old-timers of Prince Rupert, came to Vancouver in 1883 as representative of the Samuel N. Benjamin & Company. He returned to Toronto imbued with the spirit of the West, resigned his position as traveller for the firm and made arrangements to enter the hardware business in the new C. P. R. Terminal city.

For years he prospered, entered whole heartedly into the public life of the new town, was elected to the first city council and, after the fire, rebuilt his business and staked his all on the future.

Fortune deserted him in the nineties. But with the indomitable spirit of the West he came, undaunted, to Prince Rupert. Here, with his knowledge of the conditions obtaining in a new terminal, he was successful in building again the foundation of a competency.

And so they pass, the pioneers who made our country. Perhaps there is not an old-time citizen of Prince Rupert that has not crossed Tom Dunn upon some subject of public welfare, and found him a worthy adversary, but today, from friend and foe, there is nothing but kindness and admiration expressed for the whole heartedness of the man and the spirit that never knew defeat.

Board Of Trade.

The Annual General Meeting of the Prince Rupert Board of Trade will be held at the Board of Trade Rooms, Second Avenue, on Tuesday next, December 28, at 8 p.m. The business of the meeting is to receive the report of the President for the year 1915, and for the election of officers for the year 1916. The President and members of the Executive Council desire to especially urge all members to make an effort to attend this meeting. The question of the continuation of the work of the Board is one of the matters that will be laid before the members, and it is desirable to have the unanimous voice of the members expressed in the matter of any decision that may

Quality
vs.
Imitation

The difference between a real thing and an imitation of it is illustrated by the difference between "Budweiser" Beer and beers that seek to resemble

Budweiser

The nearest to the original that imitators ever came was in the counterfeiting of our label. But they have never produced a beer that in any way equals "Budweiser," nor can they ever.

Budweiser is bottled only (*with corks or crown caps*) at the

Anheuser-Busch Brewery
St. Louis, Mo.

Presbyterian Church Christmas Services.

Special Christmas music will be rendered at the service in the Presbyterian Church on Sunday evening. In the morning a Children's Choir will render a number of carols and solos. Everybody is welcome.

Christmas Services.

There will be two services in the Church of England Christmas Day; at 8 a.m. and at 11 a.m. All are invited to be present.

On Sunday there will be special Christmas services, also at the usual time of services. The decorations of the church will be of an exceptionally beautiful character.

JOE HOWE HAS JOINED UP WITH CANADIAN FORCES

Chief Vickers Of City Police Has Interesting Letter From Him.

Chief Vickers, of the city police, has received a very interesting letter from Joe Howe, from Folkestone, Eng. Extracts from the letter are as follows:

"Have joined the Canadian Army Service Corps and am in Folkestone with the rest of the Canadian army. There are lots of Prince Rupert boys here, and I have seen several of them. I see Denny Allen every day. Both he and I are billetted out, but I do not know when I may have to go into Barracks.

"Bert Ward, Golden and Fred Hunt are all in the A. S.C., and I see them every day. Bert and Golden are off to France soon. Do you remember Eddridge, a young fellow who came to Prince Rupert with Fritz? He is Sergt.-Major of the O. S. C.

"I saw McMordie, Pettigrew and Dr. Clayton when I arrived. I saw a lot of Clayton when he was here, but he has now left for Canada.

"The climate here is worse than the Prince Rupert climate at its worst, and then some. I caught a cold the first day I got here and still have it, but otherwise have been well since I arrived in England. So old Bob Stalker has gone down for his commission. Well, I sure would like to see him over here. Prince Rupert must be losing most of her old-timers, but there will sure be an awful time when we all get back.

"They are getting after the men in this country, and a young fellow in private clothes has a bad time of it."

In the letter he tells of seeing his brother from South Africa, who is with the contingent from there. He expresses the hope that he will spend next Christmas in Prince Rupert.

CHRISTMAS GREETING.

When looked at superficially the Christmas time, with its associations all breathing peace on earth is anything other than in harmony this year. Two Christmas days in succession have found the nations of the earth divided into two great camps, fighting as never men fought before in the history of the world for mastery. It is surely an anomalous situation. After nineteen hundred years of teaching and preaching that peace should prevail, and that Right instead of Might should rule the world, the great nations of the earth are straining every resource possessed by them to gain the ascendancy over each other. But peace in the abstract is not the all in all to be sought by nations. Peace is to be attained to only that in so doing the nations may develop all that is best and noblest in them. The grim Dreadnaughts of the British navy and her millions of armed men undoubtedly exist as harbingers of peace, and as such are upholding the broad principles of peace on earth in a way that could not be done by allowing the unoffending peoples to become subservient to the arrogant and the oppressing. The naval and military forces of Britain have not, for many many years, existed to conquer or to despoil. They have existed in order that the forces of peace, whether under the British flag or under any other flag, might have scope to develop the best according to human ways of thinking. To enforce the obligations which made for peace among nations and to prevent the ruthless violation by Germany of its obligations the war has been brought on. When it ends, in the manner in which we all fondly hope it will, another sanguinary lesson will be taught a "bully" nation that the ways of peace and good will are the only ways that make a nation great, even as they are the highest attainment of the individual.

With no desire to see any compromising with Germany in the war, there will be a general hope that before Christmas Day again comes peace will have been reached.

The Morning Journal delivered to your home at 50 cents per month.

NOTICE OF SHERIFF'S SALE

IN THE SUPREME COURT OF BRITISH COLUMBIA
Between
MICHAEL SEEBURG, Plaintiff
and
W. J. KENNAUGH, Defendant.

PURSUANT to an Order of His Honor, Judge F. McB. Young, dated the 4th day of June, 1915, I will offer for sale by public auction at my office in the Court House, Prince Rupert, B.C., on MONDAY, THE 20TH DAY OF DECEMBER, 1915, at the hour of ELEVEN O'CLOCK in the forenoon, the following described lands:—

Lot Fourteen (14), Block Twenty-one (21), Section Six (6), in the City of Prince Rupert, Province of British Columbia, subject to a Judgement for the amount of $1,519.74; interest thereon at the rate of five (5) per cent. per annum from the 22nd day of December, 1914, and costs incidental to the sale.

Dated at Prince Rupert, B.C., the 7th day of June, 1915.

t-9-6. JOHN SHIRLEY
Sheriff of the County of Kim.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior

Skeena Land District—District of Queen Charlotte Islands.

TAKE NOTICE that R. N. Ferguson, agent, Victoria, B. C., and A. M. Hall, manager, Vancouver, B. C., intends to apply for permission to prospect the following described lands for coal and petroleum: Commencing at a post planted 100 chains east and 60 chains north of the mouth of Joseph Creek, to the southeast corner of C. L. No. 10,148, thence 80 chains north, thence 80 chains east, thence 80 chains south, thence 80 chains west to the point of commencement.

Journal Ads. Bring Results

PERSONALS

Geo. Clothier arrived last evening from Hazelton.

* * *

J. H. Rogers arrived yesterday morning from the south. He is on his way to Anyox, where he will take charge of the shipping there.

Cards From Front.

Chief Gammon, of the Provincial Police, has received two souvenirs of the Christmas tide that he values very highly. One is from Russel P. Power, formerly of the Provincial Police at Hazelton, but who is now an officer on H. M. S. Excellent. The card bears the following: "With the service, just that Right may triumph over Might and Happier Times be in store for Old England and Her Allies." Another card is from Gerard R. M. Gore, of the 48th Canadians. He was formerly a Provincial Police officer also.

Saw Local Soldiers.

Chief Gammon, of the Provincial Police, returned yesterday from the south, after delivering the Japanese prisoners concerned in the Port Essington murder in the penitentiary. While in the south he saw a number of the local members of the militia bodies there. He saw Capt. J. A. Kirkpatrick, of the 102nd, who is busy with his duties as paymaster. He said George Fitzmaurice was looking excellent.

Victrola Drawing.

The drawing for the Victrola at McRae's last night resulted in No. 816 winning the prize. The Victrola will be held for two weeks awaiting the winner to come forward. If the ticket-holder is not then forthcoming the prize will go to the holder of ticket No. 871, or if again in default, then to the holders in the following order of tickets: 1,937, 1,524, 1,633.

BRITISH LOSSES HAVE BEEN OVER HALF A MILLION

London, Dec. 24.—Replying to a question in the House of Commons last night, Premier Asquith said that the total British casualties up to December 9 were 528,227.

SHIPPING MEN ENDORSE SCHEME

SATISFACTION EXPRESSED WITH PREMIER BOWSER'S ATTITUDE AS TO INCREASING

Effort Will Be Made To Have Provincially Built Ships.

Shipping men express satisfaction over the new Premier's attitude towards the scarcity of tonnage at this port, and the announcement that decisive legislation would be brought down at the next session of the Legislature dealing with the problem, says the Vancouver World.

E. H. Beazley, Manager of the Union Steamship Company, remarked to The World that he was pleased to see that Premier Bowser had taken congnizance of the acute need of marine transportation for the development of the lumber industry and the Province generally. Other shipping men expressed themselves along similar lines.

Captain James Stewart, whose outline of a scheme for the procuring of a Vancouver fleet appeared in these columns recently, said he trusted that the most modern and up-to-date shipping facilities would be provided the port as the result of Premier Bowser's efforts. The 700,000,000 feet of lumber which is at present the tide-water capacity of the British Columbia mills, would, he said, provide a cargo for a fleet of 175 steamers annually out of the ports of this Province. A fleet of ten steamers could make frequent trips during the year.

"Only a comparatively few ships have left British Columbia ports during the past year. Now, if the capacity of our mills is 700,000,000, it follows that there is a desperate congestion in the lumber mills, because the amount shipped overland is not as much as offers for marine transportation by a long way. The need, therefore, for ships is absolutely urgent. I trust that the Government will provide a fleet of steel steamers or take the initiative in such provision and not revert to wooden ships or sailing ships which, after all, are practically a thing of the past."

A meeting of the Manufacturers' Association of British Columbia has been called for Tuesday evening at 8 o'clock, when the matter of providing tonnage for this port will be considered. Capt. Stewart has been invited to attend and give his views on the subject.

WESTHOLME THEATRE HAS GOOD HOLIDAY ATTRACTION

Management Has Provided An Excellent Programme For Tonight.

For the Christmas holiday the Westholme Theatre has provided an excellent programme. In "Uncle Bill," a three-act comedy, there is an abubndance of material to keep the house in roars of laughter. The scene is laid in New York, in the cafes of that great city.

There is also a two-act drama, entitled "When Youth Was Ambitious," which should appeal to young and old, while "Off for a Boat Ride" will provide no end of laughter.

HAD PLANNED TO COME BACK TO PRINCE RUPERT

Thomas Dunn Expected To Return To This City In Short Time.

The death of Thomas Dunn has come as a shock to many in this city. His son, Hugh Dunn, of the Customs staff, who is the only member of the family now in the city, had been led, from recent letters, to believe that his father was on a fair way to recovery from a sickness that laid him up for some months. It was his intention to come back to Prince Rupert as soon as he was strong enough to stand the trip. The change to this climate, it was felt, would have had a decided benefit upon his health.

E. H. SHOCKLEY HAS GONE TO FRANCE TO WORK IN HANGARS

Mrs. E. H. Shockley has received a letter from her husband in which he gave the information that he was sailing for France, to assist in the Hangars for the aeroplanes. Mr. Shockley, it will be remembered, left here some time ago to engage in the munition manufacture or other works connected with the war supplies. He is now in France.

Won Prize.

Miss Corelli drew No. 802 for the drawing at Demers. Will the winner of the money kindly call for it at Demers.

Board Of Trade.

The Annual General Meeting of the Prince Rupert Board of Trade will be held at the Board of Trade Rooms, Second Avenue, on Tuesday next, December 28, at 8 p.m. The business of the meeting is to receive the report of the President for the year 1915, and for the election of officers for the year 1916. The President and members of the Executive Council desire to especially urge all members to make an effort to attend this meeting. The question of the continuation of the work of the Board is one of the matters that will be laid before the members, and it is desirable to have the unanimous voice of the members expressed in the matter of any decision that may be arrived at.

Carol Singers.

Last night members of the Methodist Church choir followed the custon, time honored in the old land, and transplanted to this city, of singing Christmas carols on the streets. The homes of many of the members of the congregation were visited in their rounds. Rev. J. F. Dimmick, pastor of the church, accompanied the singers.

INDIAN CORPS LEFT FRANCE FOR ANOTHER FIELD

NO IMPORTANT EVENTS IN DARDANELLS SITUATION

Along Belgian Front There Has Been Active Fighting

No Change In The Situation Along The Eastern Front

British Indian Corps Has Left France For Another Field

London, Dec. 27.—A British-Indian Army Corps has left France for another field of operations. This has been officially announced.

A message from the King was delivered to the officers and men of the corps by the Prince of Wales, before their departure for the new field.

B.C. TIMBER HAS A HIGH PLACE

IN ENGLAND IT STOOD TEST OF RAILWAY COMPANY WELL

Douglas Fir Is Given First Rank For Railway Purposes.

Victoria, Dec. 27.—Two Douglas Fir and two Red Cedar railway ties were recently forwarded by the Forest Branch of the Department of Lands, to the Great Eastern Railway Company of England, who selected two sleepers from their stock, which they obtained from the Baltic, and tested them all under similar conditions.

The result of these tests show beyond a doubt the superiority of British Columbia Douglas Fir for railroad ties.

It was found that under compression Douglas Fir will stand 5,695

(Continued on Page Four.)

Christmas Season One Of Fighting On Western Front

Paris, Dec. 27.—An official report says, in Belgium fire was carried out against the enemy's positions between the Great Dune and the sea. This gave good results. Parapets were destroyed at several places and a blockhouse of the first German line was blown up.

In Artois last evening we exploded a mine to the northwest of Hill 140. The enemy was prevented by us occupying the crater; however.

Between the Somme and the Oise our artillery dispersed an enemy group.

To the northwest of Chilly, between the Somme and Rheims, our batteries damaged the German fortified works.

To the north of Moussy, in Champagne near Hill 191, after bombardment the enemy directed against our lines an attack which was easily repulsed.

In Vosges, to the north of Linge, our artillery succeeded in destroying the Casemate machine gun shelter. We successfully bombarded the enemy's trenches.

Fighting In Belgium.

A Belgian official report says a violent artillery action has occurred along the Belgian front. We actively shelled various German batteries on the outskirts of Schoor Woumen. The enemy's infantry, who had collected in the trenches, were dispersed by our fire.

British In Fight.

London, Dec. 27.—An official report says the enemy this morning sprung a mine opposite our line southeast of the Hohenzollern redoubt. We reconstructed the edge of the crater.

Our artillery bombarded the hostile trenches south of the Lille-Armentiers Railway with good effect. The enemy replied vigorously but caused little damage. Elsewhere the situation was normal; artillery activity only to report.

HON. WM. MANSON IS IN THE CITY

MATTERS AFFECTING PRINCE RUPERT ARE TO COME BEFORE GOVERNMENT AT VICTORIA

Shipbuilding, Grain Elevators And Mining Will Be Affected.

Hon. William Manson, who has just joined the Government of Hon. W. J. Bowser, as President of the Council, arrived home yesterday. He will remain here for a week or two before leaving again for Victoria.

Speaking of the organization of the Government and the work in hand, Mr. Manson says that the new Premier is throwing himself very heartily into the undertaking, and with the fullest co-operations of his colleagues, is working out the details connected with the plans he has in view. The only danger, according to Mr. Manson, is that Premier Bowser will tax his own strength to too great an extent.

On the subject of shipbuilding on this coast, and the best methods of aiding in that undertaking, Mr. Manson says, members of the Cabinet have been charged with the duty of getting all the details possible so that in some practical way the industry may be assisted. In this matter Mr. Manson is prepared to keep the claims of Prince Rupert to the front, and as the proposition develops he hopes to see this city with its well equipped plant playing an important part.

Another matter that the Government has under consideration, and which will have a direct bearing upon this city and its future, is the subject of terminal facilities for grain handling. Prince Rupert is very much interested in this, and while the matter in many ways is one affecting the Dominion Government, yet British Columbia is interested in it as a maritime province. Mr. Manson will have the claims of Prince Rupert adequately represented in any move that may be made.

In mining, with a new minister in Hon. Lorne Campbell, Mr. Manson is using every influence to get all that is coming to the north. As a start he is practically assured that a mine inspector will be appointed for the north. Such a man must be carefully selected and will have to be the holder of a mine manager's certificate. The appointment he expects will shortly be made.

SHORT SITTING OF THE CITY COUNCIL

THE ARRANGEMENTS MADE FOR THE NEXT CIVIC ELECTION

Nomination Will Be On January 10 And Voting On January 13.

The sitting of the city council last evening was a very short one, occupyiny only about 15 minutes. The by-law authorizing the new private bill dealing with the city finances was put through different stages, ready for its final adoption.

Provision was made for the coming civic election. Nomination was fixed for January 10, with election January 13. The Finance Committee had made a recommendation that E. A. Woods, city clerk, act as returning officer without extra salary, while deputies should be R. H. Shockley, A. Clapperton, W. Deny, H. Slocomb and T. J. Davidson.

Ald. Beveridge wanted to know if Mr. Smith, of the Bazaar, could not be appointed. Ald. Montgomery also suggested Geo. Sutherland.

A motion to have these names added and a vote taken on the five was lost and the report adopted, the deputies to receive $7.50 each.

FARMERS' MEETING HELD AT TERRACE

INSTITUTE IN INTERIOR ELECTED DIRECTORS FOR THE YEAR

A. H. Tomlinson Announced Experiments In Orchard Culture.

(Special Correspondence.)

Terrace, Dec. 27.—The farmers of this district held their annual meeting here last Friday, for the election of directors for the ensuing year. There was a good attendance, showing the deep interest taken by the farmers of the vicinity in this co-operative work.

The directors elected were D. D. Munro, George Little, Robt. Corbett, Dan McKinnon and Henry Frank. These directors will later select their president from among their number.

Delegate To Central.

D. W. Munro, last year's president, was elected as a delegate to the Central Farmers' Institute that will be held in Victoria.

A. H. Tomlinson, Horticulturist under the Department of Agriculture, with headquarters in Prince Rupert, attended the meeting and addressed the Institute in matters affecting the industry.

Orchard Experiments.

It was announced by Mr. Tomlinson that arrangements were being made to have experiments made in fruit growing at the Terrace Experimental Station, which is being conducted for the district. This will in-

(Continued on Page Four)

Situation Is Quiet With Army Of East For Last Two Days

London, Dec. 27.—With the army of the east the situation on our front has been unchanged, says the report received at headquarters.

At the Dardanelles, outside of the usual cannonading, there has been no event of importance during the last two days.

The result of a battle at Saloniki, which it is rumored will decide the German plans for the invasion of Egypt is anxiously awaited.

General Casteltau, in an interview with the Associated Press at Saloniki, says it will be impossible for the enemy to dislodge the Allies from their heavy batteries at Saloniki. The Allied position is admirable, both for offensive and defensive operations.

King Constantine has telegraphed to the Kaiser saying that it will be impossible to allow the Turks and Bulgarians to enter Greek soil.

Good Programme.

There is a splendid combination of drama and comedy at the Westholme. "Heart Beats," a two-act drama, and "Heart of Gold," one of the most pleasing little dramas seen for a long time are winning numbers.

There is a great two-reel Keystone comedy entitled "Tussle's Rival Jonah," while a screamingly funny "Gasoline Gus" comedy completes a bright programme.

Report Chicago Group At Rocher de Boule Has Been Bonded

It is reported that the Chicago Group of mines, at Rocher de Boule Mountain, has been bonded to Edmonton capitalists. The property was held by B. R. Jones, of Skeena Crossing, and Chas. Jardine, formerly manager of Kelly, Douglas & Co., here. The bond is said to have been for the amount of $15,000. The Edmonton interests, that have now acquired control, are to start cutting out a trail to the location.

The Chicago Group, which is a copper proposition carrying gold values, is situated within easy reach of the G. T. P. near Sealey Gulch. The intention is to proceed at once with the work.

This bonding is entirely separate from that of the Red Rose Group a little time ago. The Skeena Copper Company, of Edmonton, took over the Red Rose and is at work on it now.

Ladies' Basket Ball Tonight.

Go to the great Basket Ball Game tonight in Agricultural Hall. A real good game is promised. Admission 25 cents, the proceeds being in aid of the Red Cross Funds.

BIG ATTRACTION TONIGHT IN AID OF RED CROSS

Ladies Will Give Basket Ball Game At Agricultural Hall.

One of the greatest attractions of the season will be the Ladies' Basket Ball Game at the Agricultural Hall this evening. The game commences at 8 o'clock and the proceeds are to go in aid of the Red Cross Funds.

The players include matrons and spinsters all members of the Athletic Club. The public is asked to patronize the event and enjoy a fast game of basketball, and at the same time assist in a worthy cause. Admission 25 cents.

TIMBER SALE X 541.

Sealed tenders will be received by the Minister of Lands not later than noon on the 15th day of January, 1916, for the purchase of Licence X 541, to cut 1,250,000 feet of Hemlock and Spruce, on an area adjoining L. 1,625, East Arm, Juskatla Arm, Graham Island, Queen Charlotte Islands District.

Two (2) years will be allowed for removal of timber. Further particulars of the Chief Forester, Victoria, B. C. t-d-28.

B. C. Undertakers

beg to inform their friends and the public generally that they have engaged the services of a First Class Undertaker, who is a graduate of a Canadian and American College of Embalming, Sanitation, Disinfection and Bacteriology, and who holds both Canadian and American Diplomas.

Lady Asistant always in attendance to care for ladies and children.

THE MINING INDUSTRY.

Scarcely a day passes without most encouraging news from the mines of the district. This part of the Province is unquestionably to receive a great impetus in a mining way before the summer is far advanced. A few days ago the Journal gave an account of what James Cronin, a well known mining man was doing in the Hazelton district. Mr. Cronin, on reaching Victoria, gave an interview in which he made it clear that his faith in this part of the country was of the highest.

"I return from the North," said Mr. Cronin, in Victoria, "with more faith in the mineral wealth in British Columbia. The mountains around Hazelton and the contiguous country are full of valuable ore. The country has not yet been scratched. It is only a question of better transportation facilities for the miner and prospector and more capital. I feel safe in saying that when the former are provided the latter will be forthcoming in abundance. With the development of the mining industry, which, in my judgment, ought really to have preceded the introduction of settlers, there will be provided that local market, the absence of which just now imposes such a disability on the settler. As I have already indicated, the mines will be developed as soon as better transportation facilities are provided. What the prospectors and miners need immediately is more trails and roads. Many of the trails which were constructed some years ago have been overgrown and these should be cleared. New trails should also be constructed to those points where mining work is in progress. To indicate the disadvantages of operations in the Babine section, where our properties are located, I may tell you that this season I paid as high as 30 cents a pound to get freight in I look for a constant expansion in the mining industry of this Province from now on. Indeed, the improvement which has taken place in conditions during the last year is nothing short of marvelous. All the producing mines in the Kootenay and Boundary countries are operating, and there has been a big development in the capacity of the plants, particularly at Trail, where the extra plant will represent an expenditure of over $1,000,000. The expansion in the industry is, however, not confined to Southern British Columbia. In the North and along the Coast great progress has also been made. The Rocher de Boule mines, just west of Hazelton, have since May shipped 18,000 tons to the smelter at Anyox. These mines produce a high grade copper ore, carrying good values of gold and silver. But the record of the past will, I am sure, pale into insignificance with the achievements yet to come, if those interested in the future of the industry are alive to their opportunities. The tremendous demand for metals, as a result of the war, has served to disclose the almost illimitable possibilities ahead of the mining industry of British Columbia, and I am very confident that such measures will shortly be taken as will retain in the country a considerable share of the profits which now go outside its borders."

SHIPBUILDING INDUSTRY.

The agitation on the British Columbia coast for the direction of shipbuilding, with the announced co-operation of the Provincial Government, should mean material advantage to Prince Rupert. This port is in a position to take advantage of such a development. It has a modern plant for building ships and could take advantage of any such move. There seems to be a need for more bottoms. What the effect of the cessation of the war would have upon the supply of tonnage is something that those interested in the move for laying down shipping here have undoubtedly taken into consideration. It is something upon which the ordinary layman would not care to venturt an opinion. This port should certainly not be overlooked in any move in the direction of shipbuilding. The presence of Hon. William Manson in the city should be taken advantage of by public bodies to ascertain what the intention of the Provincial Govtrnment is, and if possible keep the claims of Prince Rupert to the front.

Skeena Land District—District of Queen Charlotte Islands, Graham Island.

TAKE NOTICE that I, Theed Pearse, of Vancouver, B. C., solicitor, intends to apply to the Chief Commissioner of Lands for a license to prospect for coal and petroleum on and under the following described lands: Commencing at a post planted one mile west of the mouth of Naden River, at Naden Harbor, thence north 80 chains, thence east 80 chains, thence south 80 chains, thence west 80 chains to point of commencement, containing 640 acres more or less. South West Corner.

NOTICE OF SHERIFF'S SALE

IN THE SUPREME COURT OF BRITISH COLUMBIA

Between

MICHAEL SEEBURG, Plaintiff

and

W. J. KENNAUGH, Defendant.

PURSUANT to an Order of His Honor, Judge F. McB. Young, dated the 4th day of June, 1915, I will offer for sale by public auction at my office in the Court House, Prince Rupert, B.C., on MONDAY, THE 20TH DAY OF DECEMBER, 1915, at the hour of ELEVEN O'CLOCK in the forenoon, the following described lands:—

Lot Fourteen (14), Block Twenty-one (21), Section Six (6), in the City of Prince Rupert, Province of British Columbia, subject to a Judgement for the amount of $1,519.74; interest thereon at the rate of five (5) per cent. per annum from the 22nd day of December, 1914, and costs incidental to the sale.

Dated at Prince Rupert, B.C., the 7th day of June, 1915.

j-9-6. JOHN SHIRLEY
Sheriff of the County of Atlin.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior

Skeena Land District—District of Queen Charlotte Islands.

TAKE NOTICE that R. N. Ferguson, agent, Victoria, B. C., and A. M. Hall, manager, Vancouver, B. C., intends to apply for permission to prospect the following described lands for coal and petroleum: Commencing at a post planted 100 chains east and 60 chains north of the mouth of Joseph Creek, to the southeast corner of C. L. No. 10,148, thence 80 chains north, thence 80 chains east, thence 80 chains south, thence 80 chains west to the point of commencement.

SOLDIERS' GAZETTE RECOMMENDED BY SIR THOMAS SHAUGHNESSY

He Sets Forth Claims Of This Publication On Behalf Of Those At Front.

Sir Thomas Shaughnessy has written the following open letter in the interests of the "Soldiers' Gazette":

"At a time when so many public spirited Canadian women are working for those at the front, it is almost invidious to specify any one particular activity, but the untiring industry of Mrs. D. Forbes Angus, President of Queen Mary's Needlework Guild, and of the ladies associated with her, deserves special consideration, particularly in connection with their publication 'The Soldiers' Gazette.' This is a weekly summary of Canadian news, compiled by these ladies from the leading newspapers of each Province in Canada. Fifteen thousand copies are printed each week and distributed in the proportion of one to each seven soldiers of the Canadian contingent overseas. The news from home contained in this 'Gazette' is highly appreciated by our gallant soldiers, many of whom have little opportunity of seeing a Canadian newspaper. The publication is printed at less than cost, through the generosity of a Montreal newspaper proprietor, but even so, further funds are required to carry on the publication, especially in view of the fact that the number of Canadians overseas is steadily increasing. Large subscriptions are not required, but any small amounts sent to Miss Shaughnessy, Honorary Treasurer, at the office of the Queen Mary's Needlework Guild, Windsor Station, Montreal, will be spent in this good cause."

FARMERS' MEETING.

(Continued from Page One.)

clude experiments in small fruits, such as raspberries, gooseberries and other low growers, as well as in apples. This was a very gratifying announcement for the farmers here, who expect to give more attention to fruit growing in the future than in the past.

B. C. TIMBER.

(Continued from Page One.)

pounds per square inch, as against Baltic timber of 3,950 pounds per square inch; while Red Cedar made a very creditable showing against the Baltic timber of 3,407 pounds per square inch.

Tests in tension were even more favorable for Douglas Fir. This is shown by the fact that it would take 11,450 pounds, or over 5 1-2 tons to pull apart a stick of Douglas Fir having a cross section of one square inch; whereas just half that weight would suffice to pull apart Baltic timber, and only 3,300 pounds were required to separate Cedar.

These tests were carried out by the Great Eastern Railway, and the results which they found will be of immense value to the reputation of Douglas Fir as a railway tie material amongst English engineers. The importance of this is increased by the fact that English engineers have the supervision of most of the railway lines in China, India and South Africa, all of which are valuable markets for Douglas Fir.

TIMBER SALE X 246.

Sealed tenders will be received by the Minister of Lands not later than noon on the 5th day of January, 1916, for the purchase of Licence X 546, to cut 300,000 feet of Hemlock and Spruce, on an area situated on the east shore of Quot-toon Inlet, Wark Channel, Range 5, Coast District.

One (1) year will be allowed for removal of timber. Further particulars of the Chief Forester, Victoria, B. C. t-d-28

Quality
vs.
Imitation

The difference between a real thing and an imitation of it is illustrated by the difference between "Budweiser" Beer and beers that seek to resemble

Budweiser

The nearest to the original that imitators ever came was in the counterfeiting of our label. But they have never produced a beer that in any way equals "Budweiser," nor can they ever.

Budweiser is bottled only (*with corks or crown caps*) at the
Anheuser-Busch Brewery
St. Louis, Mo.
